Telephone Main 2599.

To Contractors

Tenders will be received by the undersigned
until 12 o'clock noon, SATURDAY, MAY 27TH,
1906, for Cut Stone and Pressed Brick Work of
large Residence on Walmer Road, Toronto.
The lowest or any tender not necessarily
accepted.

GEO. W. GOUNLOCK, Architect,
Temple Building, Toronto.

AGENTS WANTED

Civil engineers know that the most popular built road, the
RUBBER ROAD, was laid in 1895, and that it has been suc-
cessfully used in DIFFICULT POSITIONS since, both THERE
and IN BRITAIN and GERMANY. THE PRINCIPLE upon
which this road was built has been thoroughly demonstrated
by THIRTY (30) YEARS PRACTICE.
THE AMERICAN MECHANICAL APPLICATION of this
principle in road building (The Nash Road) has been
very different. It has been COMPLETELY, not merely, FAR MORE
EFFECTIVE, in MANY MORE WAYS, and is VERY MUCH
CHEAPER.

Agents wanted throughout Canada for this road. A. J. Tress
The Nash Road, Borough of Brooklyn, N. Y. City, U.S.A.

Tenders for Cement Sidewalks

Sealed tenders will be received at the Town
Clerk's Office, Whitby, up to MONDAY, 28TH
MAY, 1906, for the construction of 10,000 feet of
more of Cement Walks in the Town of Whitby,

struction of Montreal has been granted.

Joseph Lafrance, master plumber, Mount Royal avenue, Montreal, has made an assignment for the benefit of his creditors.

The firm of Howard & Snow, painters, North Battleford, Sask., have been succeeded by Howard, Dean & Co.

The Canadian Pipe Company, of Vancouver, B.C., have completed a new factory required for their increase in trade in the wood pipe business.

Etienne Dussault, J. O. A. Laforest and Horace Dussault, contractors, Levis, Que., have registered their business under the firm name of Dussault, Etienne & Cie.

A number of Toronto and American capitalists are about to form a company for the purpose of exploiting the Latoff system of concrete construction which has been so successful in the United States. A parent company will be formed which will establish subsidiary companies at different points in the Dominion. The headquarters of the concern will be in Toronto, and a charter is now being applied for.

Studebaker Sprinkler

(PATENT IMPROVED.)

Does not clog or get out of order. Greatest width of spray Can be graded from driver's seat to any volume.

We also make an . . .

IMPROVED VERTICAL SPRAY

for Pavements.

Stackpole

Patent Improved Street Sweeping Machine

Is the Standard of Perfection

Because no sweeper so effectively does the work for which it is designed as "The Studebaker." It Sweeps Clean. No sweeper is constructed with the same degree of care and mechanical precision. It Wears Well. "The Studebaker" has the smallest number of working parts, and has less gearing than any other sweeper made. It is free from all unnecessary complications. With reasonable care it does not get out of order. Send for complete descriptive catalogue.

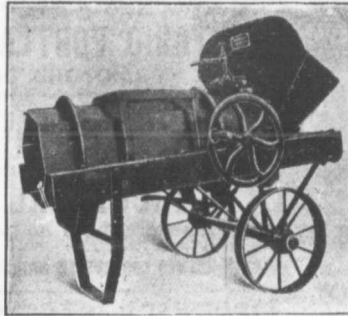

Geo. Heaman, Mnfr., London, Ont

John T. Hawkins, plumber, Montreal, has recently registered his business.

George Alsip, contractor and builder, Winnipeg, Man., is removing to Fort William, Ont., where he has purchased the plant of the Mount McKay Brick & Tile Company and expects to engage extensively in supplying Western trade.
