Budget Boosts Brantford Firms

Terrible Fire and Fatality at Stratford

SUGAR AND CEMENT DUTIES ARE REDUCED

Ditching Machines, Type Setting and Type Casting Machinery and Hospital Glassware on Free List.

Table with columns: OLD TARIFF, NEW TARIFF, Int. Gen. Pref. 40% Int. Gen. Pref. 40%. Rows include Raw sugar, refined sugar, cement, linseed, raw lime, canvas, etc.

OTTAWA, May 13.—The budget statement presented to the House of Commons yesterday afternoon was one of tariff reduction. The changes, while not numerous, are important and will be popular throughout the country, as they come in response to general sentiment and representations made to the Government. This announcement of reductions in the tariff without ostentation or blare of trumpets, is all the answer needed for the Liberal cry that this is a government bound to the high protection interests.

The main reductions are on sugar, cement, type-setting and type-casting machinery, and upon ditching machinery. All are reductions of practical and immediate value. The reduction in the sugar duties is the most important of the changes made necessary by the West Indian agreement. It will save \$600,000 a year to Canadian consumers.

The Cement Changes. The change on cement follows up the action of the government last year in temporarily cutting the duty in (Continued on Page 11.)

The personnel of the picture is: (1) Hussey, (2) Thompson, (3) Sweeney and (4) Murtha.

THREE WERE KILLED AT CHURCH FIRE

Stratford Was Scene of Terrible Fatality Last Night—Chief of Fire Department, Chief of Police and Police Constable, all Killed While on Duty.

[Canadian Press Despatch]

STRATFORD, Ont., May 13.—At their post of duty during a fire which completely gutted the handsome Knox Presbyterian Church in this city at an early hour this morning, Police Chief J. A. McCarthy, Police Constable Matthew Hamilton and Fire Chief Hugh Durkin were instantly killed when the huge burning belfry crashed from a height of 160 feet, catching the unfortunate men before they could rush to safety.

The three men were bachelors, and all were well known in Stratford for years. Fireman Sidney Vanstone was also struck by a flying timber and badly cut about the face and head. He is resting comfortably to-day.

During the progress of a light electrical storm about midnight the one sharp flash struck the high steeple about halfway up, and it immediately took fire. The brigade was at the scene within a minute or so, but owing to no water tower the men were helpless, as the streams did not approach the burning spot. The fire ate its way through the steeple, and the burning embers set the roof ablaze.

Chief Durkin, who was standing by his ladder, placed against the building to enable the men to reach the roof proper, (Continued on Page 3)

SOMEWHAT LUKE WARM ABOUT LOCAL OPTION

Local Temperance Forces Not Satisfied that Time For Launching a Campaign in Brantford is Opportune

At the mass meeting of temperance workers held last night at the Y. M. C. A. there was an attendance of about fifty. Mr. A. L. Baird occupied the chair. Rev. Ben. Spence, Secretary of the Dominion Alliance addressed the meeting.

Mr. Baird gave a short account of the meetings held previously and stated that the board and session of Alexandria church were in favor of trying local option.

Reports. Secretary J. L. Axford read the minutes of the last meeting, at which the resolution was carried: "That in the opinion of this meeting a Local Option campaign be entered on this year in Brantford and this matter be referred to the various church boards and other sympathetic organizations for the approval and report at a meeting to be held at the Y.M.C.A. to be addressed by a representative of the Dominion Alliance."

Not Opportune Time. Secretary Axford read a communication from W. G. Ranton, Secretary of the Wellington Street Quarterly Official Board, which stated that the board was in hearty accord with the resolution as brought before the Quarterly Board on Friday last and in sympathy and accord with the curbing and suppression of the Liquor traffic, yet in view of the situation, it appeared to the board on Friday, it did not feel that it could recommend this as an opportune time to take up another local option campaign.

Support Promised. A communication was also read from the Riverdale Baptist Church, which stated that the proposed campaign was heartily supported.

Coburne Street Methodist Church was reported favorable. The Wesleyan Methodist Church reported something similar to Wellington Street, but would support the proposed campaign.

Support it If? Brant Avenue Methodist Church reported that the campaign would receive their support if it is thought to be an opportune time for the campaign.

Inopportune. Balfour St. Presbyterian Church reported that the campaign was in hearty accord with the resolution as brought before the Quarterly Board on Friday last and in sympathy and accord with the curbing and suppression of the Liquor traffic, yet in view of the situation, it appeared to the board on Friday, it did not feel that it could recommend this as an opportune time to take up another local option campaign.

COMPANY OF WHICH EX-MINISTER OF CUSTOMS PATERSON IS HEAD BENEFITS FROM BORDEN BUDGET

The few changes in the tariff will not have very much effect locally. By a somewhat curious anomaly, the one firm which would seem to benefit the most is that of the William Paterson, Son & Company, Limited, of which the Hon. Mr. Paterson, former Minister of Customs, is the head. On many items entering into their confectionery business the duties have been removed or reduced, while on other items there has been a small protective increase. Mr. Wm. Paterson, Jr., when seen this morning by The Courier man, said: "I have not yet had time to thoroughly analyze the changes as they affect our concern, but, speaking casually, they would seem to be favorable to us." Mr. Paterson also added that if the proposed tariff changes in the States went through they might be able to place goods across the border.

THE CEMENT DUTIES

It will be noticed that the duty on cement has been reduced from 8 and 12 1/2 cents per hundred-weight to 7 and 10 cents. When the Courier representative visited the local office of the Ontario Portland Cement Company he was given this statement: "The change will have no effect whatever on us as far as we can see. Cement has been much too cheap for a long time. The cost of materials and of labor has greatly increased, while the price to the consumer has continually dropped."

PAPERS AND JOB OFFICES WILL BENEFIT

The dropping of the duty on typesetting and typesetting machines and of parts thereof will benefit the local newspaper and job offices. The former duty was 20 per cent., and such things will now come in absolutely free. To the uninitiated it might be well to explain that at one time linotype machines—those machines which have taken the place of hand-setting—used to be manufactured in the Dominion by the Canadian Linotype Corporation, whose factory was in Montreal. Some years ago, however, the concern was absorbed by the Mergenthaler Linotype Company, with headquarters at New York, and Canadian newspaper and job offices have since had to pay a heavy duty on the same.

Sharp Passage In Commons

OTTAWA, May 13.—The Commons spent the forenoon sitting today in discussion of a motion of censure, presented by E. M. Macdonald, of Pictou, on Deputy Minister Blondin, for the latter's course in giving the floor to the Premier, when it was claimed by Mr. Carroll during the naval engagement on Saturday morning. Mr. Macdonald also accused the deputy with ignoring Mr. Fuglesley's motion that "he do now leave the chair."

Arthur Meighen replied to the move in a spirited defence of Mr. Blondin and there was a sharp passage when he termed as "scandalous" Mr. Fuglesley's statement that the deputy had made a false report.

Mr. Rovin of Sheford, followed and Major Currie will be heard from this afternoon.

Family Re-Union. A very enjoyable family re-union took place at the residence of Mr. and Mrs. James Piper, 121 Charlotte St., on Sunday and Monday when members of the family were present from far and near. Among those who were present were Mr. and Mrs. R. E. Piper and family, Vancouver, B.C. and Mr. and Mrs. Charles Piper and family, Hamilton, Albert Piper, Alveston, W. Piper, Toronto and Frank Piper and Misses Piper of this city.

WILL REMAIN NEUTRAL

At a meeting of the Select Vestry of Grace Church the subject of endorsing Local Option came up. After much discussion it was decided that as far as members of that parish were concerned the matter should be left to individual discretion, and that no action would be recommended on a concerted basis.

Sworn In

TORONTO, May 13.—Hon. Isaac Benson Lucas, member without portfolio in the Whitney Cabinet since June 1909, and who has been doing the work of provincial treasurer since the death of Hon. A. J. Matheson, was today sworn in to that office. The consequent bye-election will be held June 9, nomination June 2. Mr. Lucas who was born in 1867, is married, a lawyer, a Methodist. He has represented Centre Grey since the general election of 1908 and for some time past has been chairman of the legislative committee of the legislature.

Duchess is Improved Some

OTTAWA, May 1.—A private message from His Royal Highness, the Duke of Connaught to Lieut. Col. Lowther, governor-general's secretary at Rideau Hall reads: "During the last three days the Duchess of Connaught has shown steady improvement."

Royalty at Aldershot

NEW YORK, May 13.—A London cable says: "During the long gloomy weather day at Aldershot yesterday, King George accompanied by the Queen and Princess Victoria, saw shooting maxims guns, experiments in the new pattern rifles, field firing, a parade of the Black Watch, the Royal Munster Fusiliers and the Veterans. In London last night the Duke of Connaught, the Crown Prince and Princess of Sweden, Prince Arthur of Connaught and Princess Patricia of Connaught occupied the King's box at the opera, at a performance of Siegfried."

NEW CITY HALL SAYS MAYOR EMPHATICALLY

Going to Get it, Got to Have it—Ratepayers Want it, and the City Needs it—Proposal to City Council

As announced in The Courier several days ago, His Worship Mayor Hartman proposes to get behind the new city hall movement in real vigorous style, and see that a by-law for the erection of a new edifice in keeping with civic dignity and commodious enough to give more than elbow room for employes in all branches of the civic service, will go before the ratepayers this year. His Worship started things last night when he asked the council to get busy. His remarks were received with approval by the members of the board. It was considered that the ratepayers would endorse the by-law, especially in view of the fact that \$75,000 is available in the civic chest towards the cost of the building.

Another feature of Mayor Hartman's scheme is that the market stays where it is for all time to come and the city hall goes to Darling street. This proposition, it is believed, will meet with a favorable response from the ratepayers. Mayor Hartman, before the council got into the committee stage, introduced the new city hall question.

He advised the aldermen to submit a by-law for the erection of a new city hall, leaving the market question out of it. The city hall at present was too much overcrowded. There was one million dollars of business transacted in the hall every year. No business man or manufacturer would confine with such a building as the city hall. An enlargement was impossible. The only solution was a new building. The Mayor urged the buildings and grounds committee to take the matter up right away and give it their earnest consideration. Taxpayers had to wait outside to get waited upon, and this should not be in any public building. In reply, Ald. Ward, who asked for something definite, the Mayor said the Waterloo site would be the logical one for a new city hall, and he personally favored this location.

Ald. McEwen strongly favored the Mayor's proposal. There was a large number of civic officials who were at present working under difficulties. It was impossible to enlarge the present city hall, as the (Continued on Page 3)

CONSPIRATORS IN THE DOCK

But Mrs. Flora Drummond Was Quite Unable to Appear.

LONDON, May 13.—"General" Mrs. Flora Drummond, the militant suffragette leader, was unable to appear at the resumed hearing at Bow street police court to-day of the charge of conspiracy under the Malignant Damage to Property Act which had been brought against her. A doctor testified in court that owing to her illness she had been moved to a nursing home. It would, he said, take two weeks for her to get into a fit condition to undergo an operation that was necessary and another two months before she would be able to take her trial. She was now, he said, in a state of collapse. The other "conspirators" who comprised Miss Harriet Rebecca Kerr, Miss Agnes Lake, Miss Rachel Barton (Continued on Page 6)

WILL BREAK UP THE STRIKE

Fort William Having a Lively Time Over Street Railway.

FORT WILLIAM, May 13.—Strike-breakers are understood to be now on the way from Whitby to the twin cities to take the places of the strikers on the street railway, owned and operated by Fort William and Port Huron, who walked out Sunday. Since the riot on Sunday night when all the cars were taken not a wheel has turned. The City Council of Port Arthur at a meeting last night endorsed the stand of the joint board, and there seems to be little likelihood of any compromise being effected. The street railway management followed by a second half an hour later and announced that a full service would be given during the afternoon. The cars are being manned by (Continued on Page 6)

Three Killed At Church Fire
 (Continued from Page 1)

noticed the top of the ladder burning. He called for assistance to move the ladder, and Hamilton and McCarthy jumped in just as the heavy timbers and thousands of brick toppled and fell with a tremendous thud. McCarthy and Hamilton were instantly killed by two timbers. Durkin died on the way to the hospital after being taken from the debris, which half covered his body.

The blaze burned itself out, but at noon to-day the ruins are still smoldering. The loss will be very heavy, but cannot now be estimated, although the insurance on the church is \$34,000. A splendid organ, which cost \$10,000, and which was to be finished in order to hold a formal opening this month, was destroyed. If the standing walls are solid, work on the rebuilding of the edifice will be commenced as soon as possible.

It is likely that a public funeral will be held for the dead officials.

Somewhat Luke Warm

ported that they were favorable to the Canada Temperance but thought it inopportune for a local option campaign. Some doubts about it.

Zion Presbyterian Church reported that the session were of somewhat the same opinion as Wellington Street were favorable at an opportune time, but doubts about being opportune, would support local option.

W. C. T. U.—Mrs. Chrysler could not understand all the talk about being inopportune. She assured the meeting that the W. C. T. U. were strongly in favor of the proposed temperance (Appause).

St. Mary Baptist Church board board management heartily endorsed the campaign, but wanted politics kept out.

St. Paul Baptist church reported all favorable, not as a church, but as individuals.

St. Paul Baptist church decided unanimously to tender support.

Salvation Army reported, always working and will be in line.

Brantford Ecological Union, if campaign is started will be in line.

Royal Templars of Temperance strongly in favor.

St. George's League of Park Baptist heartily endorsed local option.

The opinions of other churches were asked but were not received. Some discussing the issue further. Mr. Spence was asked to address the meeting.

Rev. Ben. Spence

Rev. Ben. Spence in his opening address dealt with the reports received so far as the reports went, the house considered them favorable.

The speaker referred to the present conditions under which local option would be tried at this time as being tried in this city. Mr. Spence pointed out that local option was not a new thing, but had been tried in this city. He showed by charts the great success which had been made.

The speaker dealt with the amendments to the liquor license act which were made at the four sessions of the parliament since local option was tried in Brantford, every one of which has made the act more effective.

In dealing with the changing attitude toward the temperance movement, Mr. Spence pointed out that there were 16 more municipalities in Ontario under local option than there were under license.

In his closing remarks the speaker pointed out that it was the duty of Brantford to obtain local option in order to remove the added responsibilities a municipality has which allows licenses to exist when surrounded by a territory which

ACUTE PAINS IN THE BACK
CAUSED BY LUMBAGO, A FORM OF MUSCULAR RHEUMATISM
 Lumbago is sudden in its attacks and is so intensely painful that the sufferer is often unable to move, even to turn in bed or rise from a chair. The trouble chiefly occurs among working men, among whom it numbers thousands of victims. As the attacks come on quite frequently and are so torturing, this disease means much loss of time and money as well as the endurance of much suffering. No victim needs to be told that liniments, plasters and outward treatment will not cure the disease. This kind of treatment is merely a waste of time and money. The trouble is really a species of muscular rheumatism, and is due to poor blood, and it is for this reason that Dr. Williams' Pink Pills are so successful in curing this trouble, and those who are afflicted by it should lose no time in giving the Pills a trial. If the treatment is persisted in the disease will be driven from the system and the cure be made permanent. In substantiation Mrs. Alfred Derby, Ettyville, Ont., says: "A few years ago I was attacked by excruciating pains in the back which the doctor called lumbago. I was not able to do a bit of work about the house, and suffered dreadfully every time I moved about. I took the doctor's medicine all winter and used liniments, without getting any relief. In a thoroughly discouraged condition I began using Dr. Williams' Pink Pills. After using six boxes I was better and able to do all my own work, and have not been afflicted with the trouble since. I now always recommend Dr. Williams' Pink Pills to those ailing."

These pills are sold by all medicine dealers or may be had by mail at 50 cents a box or six boxes for \$2.60 from The Dr. Williams' Medicine Co., Brockville, Ont.

SUFFERED SO MUCH SHE WANTED TO DIE
"Fruit-a-lives" Cured Her And Brought Her The Joy Of Living.
 BRANTFORD, Ont., Oct. 1st.
 "For seven years, I suffered with what physicians called a 'Water Tumor'. Hypodermics of Morphine had to be given me to ease the pain.
 During one of these bad spells, a family friend brought a box of 'Fruit-a-lives' to the house. I was so bad that it was only with a had taken nearly two boxes that I began to experience relief.
 I kept up the treatment, however, and after taking five boxes, I was cured, and when I appeared on the streets, my friends said 'The dead has come to life' and this seemed literally true because I certainly was at death's door!"
 Mrs. JAMES FENWICK.

Free Tickets For Theatre
 The Courier has great faith in the "little ads." and more people are reading them every day. You will too as soon as you commence to make them your daily companions. In order to create more interest in these advertisements, which appear on classified page No. 2, The Courier presents a proposition that will, of course, meet with your hearty co-operation and approval. It will give away a series of theatre tickets to the readers of these "little ads." and the method will be as follows:

Hundreds of names of thoughtful residents of this city have been collected and placed in a box. Every day one of these names will be withdrawn and printed upon the classified pages interspersed between the "little ads." You will have to read the advertisements very carefully in order to find them. Perhaps your name will be among them. If it is, simply bring a copy of The Courier, with your name distinctly marked, to the office, and you will be presented with tickets to a local theatre, free of charge. These tickets will be good for any seat in the playhouse, any afternoon or evening, except Saturday evening.

You'd better start right now. Look through the "little ads," and get acquainted with them, for the first series of names will be presented in the edition. Look all through the various advertisements and see if your name is there. If it is mark a ring around it with a pencil and bring it to the business office of The Courier, and the tickets will be waiting for you.

The program included many very fine drills and recitations, among them those worthy of special note were the club drill by Edna Sutcliff, the play "Gladys Harris, Edna Hanna, Gertrude Ingleby, Martha Ingleby, Marjorie Johnson, Lorraine Grantham, Lena Johnson, Evelyn Holling. Also the drill entitled "Maid of the Nations," representatives of the countries were Miss Annie Heamen, Honolulu; Leone Sills, Japan; Clara Edmondson, Greece; Eva Vandenberg, Ireland; Grace Struthers, Italy; Gertrude Holland; Susie Durham, Germany; Kathleen Pickles, America; Verna Heaman, Spain; Olive Pickles, France; Bessie Johnson, "Riding the Girl" of England; Lily Adams, China King, "Canada," "The Church" and "The Ladies" were honored with due enthusiasm. Games were played before the repeat, and the toasts were interspersed with a short programme. Revs. Miller and Saunders replied for "The Church" and "The Ladies," respectively and both made very interesting speeches.

KING NICHOLAS, TO SAVE HIS COUNTRY, GAVE UP SCUTARI

A FEATHER FOR HIS CAP.
 "The Victor of Scutari (in America) OF COURSE YOU CAN MAKE ME PUT YOUR HAT FEATHER BACK AGAIN, BUT IT'LL NEVER FEEL QUITE THE SAME!" FROM BRANCH

A new Montenegrin Cabinet has been formed, the portfolios being distributed as follows:
 Premier—General Vukotich.
 Foreign Minister—Mr. J. S. Plamenatz.
 Minister of Interior—Mr. L. Golitch.
 Minister of Education—Mr. Lazar Mijuskovitch.
 Minister of Justice—Mr. Liube Bakitch.
 Minister of Finance—Mr. Riste Popovitch.

This Cabinet was formed to take the place of the government which resigned when King Nicholas decided to evacuate Scutari at the behest of the European Powers.

King Nicholas, in a speech to the members of the Montenegrin Parliament, declared that, in the interest of general peace and in order to save Montenegro and the entire Serb nation, he had been forced to give in to the European powers, Russia, Serbia and Greece, he declared, had counselled submission on the part of Montenegro. Russia, however, had undertaken to continue to protect the little kingdom.

are to be congratulated on the success of their efforts. The toasts "The King," "Canada," "The Church" and "The Ladies" were honored with due enthusiasm. Games were played before the repeat, and the toasts were interspersed with a short programme. Revs. Miller and Saunders replied for "The Church" and "The Ladies," respectively and both made very interesting speeches.

GARBAGE DISPOSAL

Most Canadian cities have been content to handle garbage and other disposals on the basis of getting rid of them on the dump, or some easily-evaded basis.

Montreal, among other places, has acted upon that basis, but now promoters are in that place negotiating for the purchase of such disposals, which, it is estimated, will be of value to the city of from \$40,000 to \$50,000 per annum.

The reason is, there is money to be found in the resulting nitrates—in other words, an element which is of great value in the matter of artificial fertilizers. It is said that this process has been adopted with regard to Washington at a great profit.

What is the matter with Brantford taking up this phase of the subject?

GRAIN ELEVATORS FOR THE WEST.

At a recent session of the Dominion House—Hansard report—there was an interesting and illuminating discussion with regard to Government grain elevators for the West.

Mr. Knowles, member for Moosejaw, undertook to quote statements of Premier Borden when on his Western tour, that if returned to power he would establish grain elevators in the region named. He went on to say that nothing had been done in twenty months.

Mr. Borden replied that the twenty months—or the twenty-two months, for Knowles' arithmetic was not any better than his logic—had seemed very long to that gentleman. He added that the quotations made from his (Borden's) statements had proved very much the better portion of the speech by Knowles. The Premier then pointed out that in the very first session of the existing Government a three and one-quarter-million-bushel state elevator had been started at Port Arthur, and would be ready to help receive this season's crop. That was a good beginning, and far more than the Liberals had done during fifteen years of office.

Hon. Mr. Oliver interjected by asking Borden how long he expected the Conservatives would remain in power.

To which the Premier laconically replied, "About twenty-five years."

THE BUDGET

The second budget deliverance of Hon. Mr. White, Finance Minister, tells the story of the most satisfactory year in the history of this great Dominion.

The total revenue was \$168,250,000, or an increase of \$32,000,000, a sum which about twenty years ago represented the entire receipts. The development of the country has called for larger outlays, but these have not exceeded \$113,250,000 on current account. The expenditure on capital account has amounted to thirty-three millions, and with an allowance of \$1,300,000 for sinking fund there was left the sum of \$23,300,000 toward the reduction of the debt. The net debt now stands at approximately \$316,619,460.

Mr. White showed that despite the recent money stringency in the London market, Canada had not suffered, and her credit stood with the highest in the world.

The tariff changes, although few, are of importance, and manifest a downward tendency.

Mr. White, very sensibly, does not believe in lengthy or ponderous speeches. What he has to say is direct and to the point. In other words, he believes in business methods in connection with the handling of the affairs of the nation, and this is just what the people want.

ATTEMPT TO GET A MINIMUM WAGE IN THE OLD LAND.

An illuminating incident took place recently in the British House.

We quote from a verbatim report of the incident: Can a family be maintained in decency and comfort on less than 30s. a week?

This was the question the House of Commons was asked last night by Mr. Will Crooks, the Labor member for Woolwich.

For over half an hour the House

listened with strange fascination to a speech packed with quaint humor and vivid human interest.

"I have worked for thirty 'bob' a week," said Mr. Crooks naively, "and I have worked for less than thirty 'bob' a week, but I have never worked for less than thirty 'bob' without getting into debt."

"Decency and comfort!" cried the Labor leader. "Is there any man in this House who can define decency and comfort? You could not get decency and comfort for three times 30s. a week."

Mr. Crooks told a story. A Scotsman came to London to get a salary of thirty bob a week. He saved one pound a week, and "if it had not been for my internal appetite," sobbed the Scot, "I could have saved the other ten bob." (Roars of laughter).

"Don't you feel ashamed of yourselves," bawled Mr. Crooks, bursting out suddenly after a graphic picture of existing poverty.

"I have known government employees on leaving home on Friday morning to go to work stopped by their wives with the cry: 'Don't be late home; you're taking the last bit of the money and we shall have none until you come home.'"

Mr. Crooks recalled an experience of his as a poor law guardian.

"I remember breaking the law by requesting that currants should be put into the poor old folk's bread. They surcharged me for it."

"That was one of the reckless pieces of extravagance that we were called upon to pay for."

He threw out his hands imploringly at the Government. "I want you to give every man and every child something to live for."

"We ask for a man's share of the produce of his industry—not a dog's share, not a horse's share, not a pig's share—but a man's share."

Mr. Crooks closed by moving that the House was of opinion that the Trade Board act should be so extended as to provide for the establishment of a minimum wage of at least 30s. per week for every adult worker in urban areas and a minimum wage that would secure an approximately equal standard of life for every adult worker in rural areas.

"If the motion were carried unemployment would be multiplied wholesale," said Mr. Robertson, secretary to the Board of Trade, throwing cold water on Mr. Crook's resolution, which was "talked out" by Mr Handel Booth.

Thirty shillings! At actual par value that works out at \$7.30 per week, and yet the Secretary of the British Board of Trade had to emphatically and gravely announce that to make such a rate the minimum wage would lead to the multiplication by wholesale of the unemployed, as many employers would refuse to meet such a schedule.

Small wonder that the people across the herring pond are coming to Canada by the thousands.

NOTES AND COMMENTS

The tariff changes certainly cannot be classed as Tariffic.

The Grit wind-jammers at Ottawa, led by Pugsley, are still doing the baby act.

Our private corporation-loving system ought to feel more calm now that the duty has been taken off typesetting and typesetting machines.

The militant suffragettes say that the worst is still to come. Good gracious! Is it possible that some more Pankhursts have been held in reserve?

Hon. Sydney Fisher on more than one occasion prior to the last general contest promised that Laurier, if retained in office, would adopt a closure measure to properly handle public business. Then why are the Grits making so much squeal over what Borden has most sensibly done?

It must be a source of amusement for the Old Country Liberals to read that Canadian Liberals are acting like a set of schoolboys over a closure method which the John Bull Grits introduced in the British House, and frequently use to the advantage of expediting the business of the country.

If the Senate throws out the Navy Bill Borden's navy will be "all at sea" much sooner than anyone anticipated.—Toronto Globe.

And the organ might have added that said Senators will be quite likely to find their life anchorage disturbed.

Since it's a trick no man can learn, And every fellow dreads, When women make our country's laws, Who'll make our country's beds;—Denver Republican.

And if perchance—to cap the rhyme, When spring comes as of yore, Who'll wear those awful looking caps And mop about the floor?

The Toronto Globe indignantly denies that Laurier is the whole stock-in-trade of the Grit party. It thinks that he is the greatest living statesman, and of course hopes that he will long continue to lead that side, but adds that the "Liberal party in Canada was a great and militant organization before Sir Wilfrid entered political life, and will so remain long

after the Old Chief has disappeared from the scene." In reality, though, whom have the Liberals of prominence just now? Reciprocity Fielding is out of it. Hon. Sydney Fisher is a nice man, but a lightweight. Everybody likes George Graham, but he is not made of leadership material. Hon. Mackenzie King is more or less of a political joke. Pugsley is an impossible, and Dr. Clark of Red Deer is a free trade fanatic. Some worthy successor to Laurier will no doubt bob up in time, but just now he is most emphatically not in sight.

The Seaforth Expositor is a Liberal paper—none more staunch in that regard. In a recent issue it boasts that its plant is now run by Hydro-Electric power, and says:

Everything was done in the most satisfactory manner and the power furnished is all that could be desired. It is considerably cheaper than gas-turbine at present prices and is more convenient.

The Brantford paper of the same name had better take notice.

What the Other Fellow Thinks.

Dr. Friedmann's Test.

Buffalo News: Dr. Friedmann says that he is quite indifferent to criticism of others, for the test of his remedy is the effect on his patients. He declares that they are progressing so well that they make the very best answer that anyone can ask.

Dr. Friedmann's position is the correct one, for after all, the proof of anything, like the proof of the pudding, is in the testing of it in the trial and if the new remedy is not speedily successful, it may be passed up among the efforts made by the medical profession to remove humanity from one of its heaviest burdens.

The Liberals' Responsibility.

Guelph Herald: It is reported that there is considerable chagrin in Great Britain at the party squabble which has arisen in Canada over the proposal to assist in the defence of fence of the Empire by strengthening British navy with ice-dreadnoughts.

That such should be the case is not surprising. Britishers the world over are accustomed to drop politics when the army or the navy is concerned and unite on what is best for ensuring the safety of the Empire. It is, therefore, but natural that the Liberal attitude in Canada should be vigorously construed and result in something more than amazement in the Old Land.

And the worst of it all is that the effect is so prejudicial to the value of Canada's gift. Instead of being united Sir Wilfrid Laurier has taken care to show that there is a division in so, the effect of our gift is vastly impaired. For all this the Liberals must assume responsibility, and upon their heads must the punishment fall. Canadians are not going to sit idly by while a political party demonstrates that it would rather squabble and quibble over methods when the Empire is waiting for action.

The Reciprocity Yarn.

London Free Press: The May report of the United States department of agriculture estimates for 1913 143,000,000 bushels of wheat in excess of the crop of 1912. Yet reciprocity told us that the United States is our natural wheat market.

Dangerous Pastime.

Hamilton Herald: Several Hamilton children have recently been severely injured by falling on the sidewalks while roller-skating. Cement sidewalks are unfit for roller-skating. There are no springs to them, and a fall on them is likely to have ugly results.

HOOD'S PILLS

Cure Biliousness, Indigestion, etc. Best for all liver ills. Try them.

Strength comes from well digested and thoroughly assimilated food. Hood's Sarsaparilla tones the digestive organs, and thus builds up the strength. If you are getting "run down," begin taking Hood's at once. It gives nerve, mental and digestive strength.

Lumber Stolen

Over \$300 worth of lumber was recently stolen from a barn on High St. The lumber was the property of Messrs J. H. Spence, W. A. Hollarake, J. M. Dyckman, joint owners of a number of houses along the street. "Nothing left but the barn, and we are lucky to have that," said a member of the syndicate last night when reported thefts of civic lumber were under discussion. "You can't leave a thing around unless it is nailed down tight."

The League intends having a Moonlight Excursion on June.

In London Too.
A London despatch says:—Considerable interest is being taken here in a story told the authorities by a Grand Trunk conductor, who states that he prevented a case of procuring. There have been many stories told here recently indicating that white slavers have been busy in London, but no charges have been laid. It was a well-known London woman, the conductor states, who tried to induce two young sisters to go to Detroit with her a few days ago. He observed her tactics, successfully warned the girls and exposed the woman. It is understood that a special watch has been kept on London station for some time in consequence of the frequent rumors.

Dragon Band.
Bandmaster Pearce of the 25th Brant Dragoons, expects two new first class cornet players to arrive in the city this week, who will add greatly to the strength of the band.

At the Colonial.
The Colonial theatre used the "standing room only" sign last night. De Sano in his accordion musical numbers, was the best number on the bill and his efforts were well received.

Theatre Party.
Ernie Moule an old Brantford boy is giving a theatre party to the members of the London and Brantford baseball teams one evening the fore part of next week.

At Convention.
Mr. G. L. Goodwin, local Y. M. C. A. secretary is attending the International convention of the Y. M. C. A. which is being held in Cincinnati. Mr. Goodwin is the only representative from the city.

K. of P.
Calanthe Lodge, K. of P. have had their lodge room in the Bank of Hamilton, painted and decorated recently and now presents a very bright appearance. The rank of knight will be conferred at the regular meeting to-morrow night.

Has Resigned.
Mr. Arthur Chrysler, owing to ill health, has resigned his position as organist of Alexandra Presbyterian church. The services of Mr. Chrysler are highly appreciated by the congregation. A successor has not as yet been appointed.

Recovering Nicely.
Alexander Downes, the man who was almost suffocated with sewer gas while at work on West Mill street yesterday, and at present in the hospital, is resting easy and doing as well as can be expected. The patient is out of danger and it will be only a matter of time until he is completely recovered.

Likes Brantford.
R. E. Piper of Vancouver, B.C., an old Brantford boy, who is spending a few days in the city and has been out west since 1898, spoke in glowing terms of the progress that Brantford has made since the time he left here. "I hardly knew the place when I came back," said Mr. Piper.

Remove Sheds.
There is a probability that the sheds in the centre of the jail yard will be taken down. The Grand Jurors of the past four or five years have recommended the removal of the sheds, but nothing has been done. The Inspector of prisons and public charities has asked the city council to order their removal. It is likely the County Council will take up the matter at the June meeting.

Lack of Tools.
Hydro Commission Ireland when asked by a Courier representative when construction work would start replied that "he was ready to start erecting poles but was seriously handicapped by the want of tools." Mr. Ireland said that just as soon as the necessary tools arrived in the city, which he hoped would be in the immediate future, a number of men would be put to work erecting poles. Mr. Ireland was much annoyed this morning by being thus handicapped, but hoped to have the men at work in this department in a few days.

Empire Day.
Mr. Standing is in receipt of a number of emblems from the department to be distributed to each of the rural schools. It is to be used to designate the make up of the Union Jack. It consists of three metal squares fastened together on which are having the cross of St. Andrew, one the cross of St. George and the last the cross of St. Patrick. These three fold together, disclosing on the back the complete British flag. It will be a great help for the teachers in demonstrating the manner in which the three units were brought together. He has also a number of booklets which are to be issued stating the significance of Empire Day. These were issued by the department to be distributed to all the schools. They are entitled "Empire Day in Ontario."

At Balfour Street.
The services last Sabbath at Balfour St. Presbyterian Church were of a very interesting character. In the morning the pastor, Rev. J. M. Whitlaw, spoke on "Mother and Mother's Day." In the evening the touching story of "Little Meg's Children" was told to a large and appreciative audience. "Little Meg's Children" is the pathetic story of a child's struggle in a great city and her beautiful faith and trust in God. The lantern views in connection with this story were shown, as were also the hymns used. The Sabbath school orchestra added largely to the service by their selections. This was one of the first occasions on which the lantern, purchased by the Young Peoples' Society, has been used, and they look forward to many more occasions of a like pleasing nature.

Stereopticon Evening.
A most enjoyable "Stereopticon evening" was held in Sydenham St. church last evening under the auspices of the Epworth League. This society has purchased a fine new

Loving Tribute

Paid to the Memory of Life Russell Adams This Afternoon.

The funeral of the late Norman Russell Adams took place this afternoon from the family residence, 46 Northumberland St. to Paris cemetery. Deepest sympathy is extended on all sides, to the sorrowing parents in the loss of their only son.

Russell was a true friend of all with whom he came in touch; throughout his collegiate career he won many friends. He was a faithful and diligent pupil at all times; completing his course at the collegiate last year, he entered Toronto University, where he had completed very successfully his first year in the School of Science. That he was a popular and well liked, is evidenced by the fact that after a month's time at school in Toronto, he was taken into the Delta-Epsilon Fraternity, one of the strongest university fraternal organizations on the American continent.

In the death of Russell Adams, Brantford loses not only a young man with a promising future, but one who will be deeply mourned and missed by all who knew him. The pall-bearers were old school friends and fraternity brothers.

The attendance at the funeral was very large; an impressive service being conducted at the house by Rev. Mr. Gilroy of Hamilton, a former pastor, who was assisted by Rev. Mr. Hamilton of Wellington Street.

A wealth of beautiful floral tributes, many from out of the city, testified to the esteem in which the young man was held and to the sympathy extended the sorrowing parents.

No Report

At City Council on Proposed Removal of City Yards.

There was no report presented at the council meeting last night from the special committee that was appointed to investigate the matter of establishing a more central corporation yard. This was a disappointment to a number of the aldermen who will ask for the report at the next meeting of the council. The committee are unanimously in favor of a certain site centrally located in the city. Some of the city fathers are of the opinion that action should be taken in the matter at once and not to allow the matter to "dilly-dally" along. A more centrally located yard is necessary, and it is up to the committee to get busy and bring in their report, so say some of the aldermen.

Conspirators

(Continued from Page 1) rett, Mrs. Beatrice Sanders, Miss Annie Kenney, Miss Laura Lennox, and the analytical chemist, Clayton, all surrendered to their bail. In the course of to-day's hearing the printers of the militants' newspaper, the Suffragette, told the story of the negotiations which led to their undertaking the work. Mrs. Emmeline Pankhurst, they said, had conducted the negotiations, and in reply to the fears expressed by the printers that the job was a dangerous one, gave her personal undertaking that no offensive or illegal matter should appear. She laid stress on the point that her daughter, Christabel Pankhurst, had received a legal training and was a specialist in constitutional law. The interesting revelation was made on the witness stand that the militant organization, the Women's Social and Political Union, had paid for the printing of the election address of George Lansbury, the former Socialist member of Parliament, which failed to secure his election. Catharine Strange, the proprietress of a tea pavilion that was burned in Kew Gardens by the militant suffragettes, described a visit she made to Miss Rebecca Kerr after the destruction. Miss Kerr told her that she took much too personal a view of the matter. No doubt, said Miss Kerr, the women employed in the tea pavilion, although thrown out of their jobs, would ultimately be very glad that they lent a helping hand to their fellow-women. Anyway, she continued, the only means of rousing the Government was to attack private property, and this the militant suffragettes intended to continue to do until they had obtained the vote.

Little Boy

Was Painfully Burned While Playing With Fire-Crackers.

Walter Dick, the young son of Mr. and Mrs. Dick, Wellington St., was badly burned about the stomach and arms on Saturday afternoon. The little chap was in company with other children playing on the street and were setting off fire crackers, and while setting off a "Squib," as the youngsters call it, the blaze from the crackers set the little boy's clothes on fire. He might have been burned to death had it not been for the prompt action taken in extinguishing the flames. As it was he was badly burned and medical aid was immediately summoned.

An Indian Claim

Major Gordon J. Smith, Superintendent of Indian affairs here, has prepared a mass of evidence in connection with the pecuniary claim of the Cayuga Indians which is to be presented at the Tribunal Council which is being held in Washington, D.C. The Indians claim \$200,000 for land which was taken from them by the United States Government after the War of Independence. The tribunal consists of, besides President Fromageot, the two national arbitrators, Sir Charles Fitzpatrick, Chief Justice of Canada, and Chancellor P. Anderson, formerly Commissioner of the Department of State. The two Governments are represented by C. J. B. Hurst, Agent for Great Britain, and Robert Lansing, Agent for the United States. The claims will be argued on behalf of the United States by J. Reuben Clark jun., former Solicitor of the State Department; Arthur P. McKinstry, H. H. D. Pierce and Charles F. Wilson, and on behalf of Great Britain by E. L. Newcombe, Canadian Deputy Minister of Justice and other British counsel. The joint secretaries of the tribunal are Robt. A. Young, for the United States and A. C. Kerr of the British Embassy.

Will Break Strike

(Continued from Page 1) men engaged locally and some imported, about twenty on having been brought to this city as strike breakers. There was no sign of interference to first cars. In addition to the crews each car carried a policeman. The possibility of a general sympathy strike on behalf of the street car men was the outstanding feature of the strike situation here to-day.

It is said that London society is very brightly colored as to costume this season, and every week some new touch of brilliancy appears. A small square silk handkerchief containing at least three vivid colors that clash in a pattern suggesting a night-mare, is the latest arrival. This gives a splash of color to a sober tailor-made. It shrieks at the beholder from a small breast-pocket, or, falling a pocket, it is tucked into the front of the coat.

May and February were held by the ancient Romans to be the months in the year which were certain to bring ill-luck, while even the church before the time of the Reformation, placed a ban upon all marriages contracted between the first Sunday of Advent and Hilary day, between Septuagesima Sunday and Low Sunday, and between Rogation and Trinity Sunday. This only 22 weeks of the year were left by the church for marrying. "Marry in Lent and you will live to repent. Marry in May and you will rue the day."

Queen Mary has consented to perform the opening ceremony of a new hospital at Weston, Ontario, early in June. Her Majesty will visit Canada for the purpose, but at Buckingham Palace will press a button, to close the circuit of an electric current which will set in motion machinery by which the doors of the new institution will be opened. The Duke of Connaught sought her Majesty's consent to perform the ceremony. The hospital, which is to bear Her Majesty's name, has been erected by the National Sanatorium association, for the accommodation of children suffering from tuberculosis. King Edward, during the last year of his reign, opened a new university at Montreal from the residence of the late Mr. W. James, in Sussex, by means similar to those being employed in June, and the Duke of Connaught, a few years ago, electrically unveiled the statue placed in St. James' Park to the memory of the engineers who fell in South Africa, whilst himself attending a service in St. Paul's cathedral.

An Inquiry

Is Held in Reference to Killing of a Horse Yesterday.

An investigation was held yesterday afternoon in reference to the cause of the death of the horse at the Brantford Ice Company, which was killed while crossing the street railway tracks on Arthur street yesterday morning. The Railway Co. was represented by Dr. A. B. Cutcliffe, while Dr. R. W. Devereaux and Dr. Porter looked after the interests of James Nightingale of the Brantford Ice Company. The veterinary surgeon when interviewed in regard to the investigation would not give out any information regarding the matter, saying that they did not wish to commit themselves in case legal proceedings should follow. Mr. Ireland, the Hydro Electric Commissioner, is preparing a statement in reference to the accident, which he will present to the proper authorities in the course of a few days.

Life on the Farm

By WALT MASON

The golden dawn is breaking, the mules and cows are waking, and eke the attlered steers: "I'd give a million dollars," the drowsy hired man hollers, "to sleep for fifty years!" He rubs his eyes and grumbles as down the stairs he stumbles to do his morning chores; he's pretty nearly weeping, his thoughts are all of sleeping, and of ecstatic snores. You do not hear him singing, his laughter isn't ringing, as he toils around the barn; not off the hired man whistles; his feet are full of thistles, and all he says is "Darn!" The long, long day's before him, a brazen sky is o'er him, and he is seeing red; and all the time he's thinking how sweet 'twould be a-sinking into a feather bed! He milks the old cow "Bossy," and makes the mules look glossy, and makes the horses shine; and then, with weary talons, he packs five bushels and gallons of hogwash to the swine. He gives the calves their toddy while they climb up his body and kick him on the shins; and thus, with chores mending, and sighs and groans ascending, the rural days begin. And ever as he totters around the barn and potters with horses, mules and steers, the hired man sadly hollers, "I'd give a million dollars to sleep for fifty years!"

SPORTING COMMENT

By FREE LANCE

Harry Donovan apparently is the Red Sox hard luck pitcher. He held his opponents to two runs yesterday for ten innings, and was unable to get by because his team mates were not hitting behind him. Donovan has the stuff and it won't be long before he is returned a winner. The Red Sox prior to their trip to Peterboro had been going strong at the bat, and the reason for yesterday's defeat is summed up in the box score in the tenth hits they secured.

Peterboro had a crowd of 2,500 for opening day. Not so bad for a club which had lost four straight games. With fair weather Brantford will get another big opening at Ottawa.

There is one, Peter Cancelli, who hopes to goodness Brantford sells Brundage soon, as there is a dangerous likelihood of his going broke paying out dollars for home runs.

Brundage only got one hit yesterday which accounts for the sparseness of Red Sox hits in the game.

Chapelaine got a hit in the eleventh helping Peterboro to win the game. We opine, however, that the Frenchman was unable to pull his bat away from the direction in which the ball was travelling.

Several games were played in front of the Courier Bulletin board last night. They always are interesting.

BROOKLYN BROKE UP JOHNSON'S GOOD RECORD

BROOKLYN, N.Y. — Brooklyn made it two straight, from Cincinnati yesterday, winning 4 to 1. Brooklyn took a lead of three runs off Johnson by hard hitting in the second and the fourth. Rucker had a bad inning, the fifth, and before he could settle down the Reds had the score tied. Brooklyn came right back with the winning run in its half of the fifth. Score:—

The Everlasting Matty NEW YORK.—New York yesterday knocked Lew Ritchie out of the box in five innings and won from the Cubs with ease. The score was 5 to 1. In the five innings Ritchie pitched New York made ten hits for a total of seventeen bases. Mathewson pitched his usual strong game for New York, holding the Cubs to three hits. Score:—

R.H.E. Chicago000000100—1 3 0 New York00032000X—5 10 1 Ritchie, Leffel and Archer; Mathewson and Meyers.

PHILADELPHIA, Pa.—Philadelphia defeated Pittsburgh in an eleven inning contest yesterday, 6 to 5. Lobert scoring the deciding run by reaching third when Wilson fumbled his single and Magee sending a sacrifice fly to Hyatt. Mayer, who succeeded Moore in the ninth, held Pittsburgh safe, while O'Toole took Adams' place in the sixth. The score:—

PETERBORO WON OUT IN ELEVENTH

Donovan Pitched Fine Ball and Red Sox Played Scrappy Game in the Field--Brundage Scored the First Run.

(Special to the Courier.) PETERBORO, Ont., May 12.—The local Canadian League season was opened most auspiciously to-day with over 2,500 people in the stands and Peterboro breaking into the league at the expense of Brantford, beating the Red Sox 3 to 2 after a most exciting eleven-innings battle.

A HARD FIGHT It was a hard fight all the way, with big Bob Sterling, the pitcher the Petes secured from Decatur, opposed to Donovan. The two had a merry argument, with Sterling having a shade the best of it. Five hits were all the hard-hitting Sox could get off his delivery, and had it not been for infield boots the game would have been terminated in the orthodox number of innings.

RED SOX FIELDLED WELL Brantford outfielded the Petes, who turned in with six misplays, but the Caps bunched hits on Donovan in several innings for enough runs to win out.

PETES STARTED TROUBLE The Petes opened the scoring in the first innings. Brant was passed, and after Donovan had fanned Byrne, Manager Rowan scored Brant with a long triple to right field. Donovan tightened up and retired the side with no further damage.

A CHANCE SLIPPED The Sox had a chance in the second, when Diem and Coose were safe on two errors by Sargent, but Lamond's best was a high foul fly to Byrne.

WAGNER SLIPPED Peterboro added another in the third. Sterling led off with a double to centre and was sacrificed to third by Brant scoring on Rowan's scratch hit. Wagner slipping as he fielded the ball.

BRUNDAGE STARTED IT Manager Kane's aggregation broke into the run column in the fourth. Brundage led off with a single over second. Diem walked, and Coose moved the pair up with a nice sacrifice. Lamond hoisted one to Brant, Byrne booted Donovan's easy grounder, and Brundage scored. Tesch filed out to Totten.

DONOVAN DOUBLED Both pitchers went along nicely until the ninth, when the fighting Sox tied up the score. Coose fanned; but Lamond was passed, and Donovan made a big effort to win his own game by driving out a double to left, scoring Lamond. He was out at third trying to stretch his hit into a triple, and Tesch ended the innings by striking out.

THE FINISH There was nothing doing in the tenth, and although Coose hit safely with one gone in Brantford's half of the eleventh, the next two were easy. In the Pete's half Chapelaine, the catcher secured from Brantford, led off with a smoking single between short and third, and when Sargent drove a long one over Diem's head the backstop breezed home from first with the winning run.

The season was opened with the usual ceremonies, including an automobile parade, while Mayor Bradburn pitched the first ball. The Sox played very snappy ball in the field.

Breezy Comment on Football Situation

By winning their game on Saturday the Dufferin Rifles are right up in the running for only a fraction of a single top notchers, but will require a lot of experience and seasoning. But once they get the stage fright worn off and get a little more confidence in one another, they will make some of the older teams step the limit to beat them.

Sam Seago has his 25th. Brant right up in the running for the championship, the team is going to remain there. The rifle team were in the pink of condition on Saturday and deserved their well-earned and hard-fought victory. The Y. M. C. A. eleven are not in the least down cast over the result of Saturday's game as they state they cannot be expected to win every game, but are confident that they will be up around the top all season and first when it closes.

The Holmedale Tigers are a team that are not to be overlooked. The Jungle boys from the reverse side are that when they get going right will shake them all step. A little more combination and shooting practice will put the Tigers in pretty good shape.

Up in the North Ward the St Andrews Athletic Club have a strong team of likely looking colts, some of whom are just breaking into the game. The youngsters have lots of speed and combination but lack experience and are inclined to become nervous at critical moments. These lads have every indication of becoming top notchers, but will require a lot of experience and seasoning. But once they get the stage fright worn off and get a little more confidence in one another, they will make some of the older teams step the limit to beat them.

DUFFERINS ON PARADE

The regular weekly parade of the Dufferin Rifles numbered 384 last evening, being slightly below the average attendance. On account of the different attractions in the city the officers have been unable to accomplish their aim—500 on parade every parade night. A number of officers took advantage of the spring weather and drilled their company out on the gore and on the paved street. After the companies had practiced drill for an hour, they marched into the armories where they were inspected in company drill by the commanding officer after which the march past was practiced. The officer commanding was very much pleased with the manner in which the different companies executed the commands.

While the soldiers were drilling the brass and bugle and held practices in their respective band rooms. The parade standing was as follows—A company 51; B company 42; C company 30; D company 27; E company 43; F company 2; G company 18; H company 33; stretcher bearers 8, signallers 27; staff sergeants 5; Field Officers 7; brass and Bugle bands 65. Total 384.

Northfield. Miss. Etta Almas of Kelvin and Mr. George McNelles of Zion were united in marriage on Wednesday last. Congratulations. Mr. Clifford Andrews who has been quite ill is slowly improving. Mr. E. Gilles has been in this section lately repairing and putting down drive wells.

Mrs. Wilcox was visiting her brother one day last week. Mr. and Mrs. Thomas Bowen were recent guests of Mr. and Mrs. Jacob Raswell.

Lady Marjorie's Love

"Well, I declare I didn't know I thought the Dowager would go because she hates every place but that abominable Ireland, but I didn't feel safe from Penella. She loves Castle Marling and she hates going away; it would have been just like her to turn affectionate at the last moment and come back again. But she didn't—what a blessing!" She heaved a sigh of long drawn relief. "How was she when you said goodbye? Amiable?"

"Most amiable. Charming! So she requested me to give you her best love and to say that she cherished the hope of paying us a long visit here next year."

"Oh, did she though?" She made up a horrified little face of reproaches. "Oh, Gerard, I won't have her—no I won't! Then she laughed mischievously with sudden dancing eyes. 'I don't know though. Which would make her the wildest? To say we wouldn't have her or to have her and patronise her nearly to death—which do you think?'"

"You vicious little wretch. Must you do one or the other?" "Certainly I must. So would you toss her being treading on your feet ever since you were sixteen. And she weighs twelve stone too. Well, she has gone and oh dear I don't. I hope poor Mrs Aberdeen may enjoy herself. No, don't come in; there is half an hour yet before the dressing bell rings. Take me for a stroll and make Norah come too."

"Norah? Oh is Norah there?" He advanced to the window. "I beg your pardon dear, I didn't see you. Will you take a stroll with us?"

"Norah declined; she did not want her said, smiling, so they walked away together. Turning her head to look after them with pleased and affectionate interest, she did not hear an approaching step, and started when her husband's hand touched her shoulder."

"Dreaming Norah?" "No dear, I was watching Gerard and Marjorie. What a dear child she is! I don't wonder that she is so infatuated with her—to quote Lady Marlingford, she is really irresistible. We have had a long talk. Her light tone grew grave; she put her hand up to his as it rested upon her shoulder. "And you?" she said. "You have had a long talk with Mr Chadburn too?"

"Yes." He stopped. "He is very generous, Norah."

"I know," she said. "I have told you so always."

"I know and I have never doubted it, but still I never expected to be treated by him as he has treated me to-day. That he forgave you who were almost blameless was perhaps not much, but I can't say I expected that he would forgive me for the coward's part I played to you my poor girl."

There was bitterness in his voice, keen self-contempt in his face, and both were sweeter and more welcome to her than anything else could have been. She met the kiss he bent down to give her.

"Part of the blame was mine, although you will not have it so. Loftus," she said quietly, "and even though it were not he would still pardon you for my sake. You are rigid—he is generous."

"Ay, and of more than his forgiveness! He not only promises me

the best chance that he can give me in his business, if I will take that, but that the fortune he always destined for you shall be yours. It is his own wish, he says as well as his own. He is doing this all for your sake, Norah, as it should be, it is a thousand times more than I deserve nevertheless."

"Flash, hush—it is past!" She turned her cheek tenderly to his hand, looking up at him questioningly. "And you will take the chance Loftus?"

"I have told him that I will take it gratefully. And that at least is true. Why?"

"Only—" She faltered; "there were doubt and anxiety in her eyes. 'I am thinking that it will be a great change—very different from anything you have been accustomed to,'" she said slowly.

"Accustomed to!" His short laugh was both bitter and melancholy. "My dear girl, what in all my frayed away life have I ever been accustomed to that has been serviceable or useful either to myself or to other people? Nothing, more shame to me, and you know it. Well it is never too late, I suppose, to make the future better than the past, and I deserve you and you love my darling even less than I think I do if I don't do it for your sake. I'll try, at least—I promise you that."

His wife did not answer; her grey eyes were all kindled and wet as she looked up into his handsome face. And as he was now, aroused, alert, resolute, earnest, he was a thousand times dearer to her and a thousand times handsomer to her than she had ever known him to be when she had loved him first—loved him with no suspicion of how weak and how careless he had it in him to be. She knew now, and woman-like, only loved him better, knowing that, let his faults be what they might, he was at least genuine and true in his love for her. The smile she gave him made her beautiful face as bright as Marjorie's own as she rose and turned toward the window. The lovers had talked a little away off, Mr Chadburn had just joined them, and all three were standing still and looking in her direction. Meeting her eyes, Marjorie made a little impulsive beckoning gesture. Norah replied with a nod and a smile.

"They are waiting for us," she said to her husband. "Let us go out too."

One Road to Success

By RUTH CAMERON

AN ambitious lad who was anxious to make a success in the world, not merely for himself, but also for the sake of his widow mother, secured his first position with a big jewelry firm.

He was to get unusually good wages for a beginner, and he carried the news home to his mother in high feather.

But the next night, after his first day at work, he came home disconsolate.

His mother was greatly troubled at this change of mood. "What was the matter? Was the work too hard? Didn't he understand it?" she asked. "Too hard!" he retorted. "I should say not. It's too easy. Why, mother, what do you think I've been doing all day long? Stringing beads! I'm going to get out if there's much more of that. I'll never get ahead stringing beads!"

"Son," said his mother, gravely, "I don't like to hear you speak like that. You will get ahead stringing beads if you string them just as well as it can possibly be done. It isn't a very big thing, I know, but I'm sure it can be done carelessly or well. You put your heart into stringing those beads just as well as you possibly can, son, and the future will look out for itself."

No, the boy doesn't own that jewelry business to-day. That was only eight years ago, and, contrary to what some of our rich men would have us believe, it usually takes some other factors than hard work and economy for such fabulous rises. But he did rise as rapidly as an honest, ambitious, brainy young man without special privilege or opportunity can rise; and he does hold a responsible position to-day; and he does draw an ample salary which makes it possible for him to give his mother all the ease and comfort she so richly deserves. And if he holds his present policy of doing everything that is given him to do as well as it can be done, there is every prospect that he will go much farther.

There is nothing that makes for success in one's work any more than that policy.

There is also nothing that makes for happiness in work any more than that.

I used to dislike the cutting of grapefruit more than any household task, and I used to do it very poorly. Finally I made up my mind that I would do it as it should be done. I bought a knife especially adapted to the purpose and made a kind of game out of seeing how skillfully I could prepare our morning grapefruit. To-day I can cut a grapefruit perfectly, and I love to do it.

"To do the common duty of each day uncommonly well," says Scates, "that is success." It is also happiness.

SEVEN YEARS OF MISERY

How Mrs. Bethune was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Sikeston, Mo. "For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I had cramps, backaches and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband's told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do all my own house work, work in the garden and entertain company and enjoy them, and can walk as far as any ordinary woman, any day in the week. I wish I could talk to every suffering woman and girl, and tell them what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. DEMA BETHUNE, Sikeston, Mo.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it? Sufferers. Return connection is made with trains leaving Muskoka Wharf at 10:45 a.m. daily, except Sunday, arriving Toronto 3:10 p.m. Tourist tickets at reduced rates are now on sale to Muskoka resorts, good for stop-over at any point and good to return until November 30th, 1913. Full particulars and tickets from Grand Trunk Agents, Thos. J. Nelson, City Passenger and Ticket Agent, Phone 86; R. Wright, Station Ticket Agent, Phone 240.

ANY WEAKNESS IN YOUR BACK? Sometimes you experience pain and weakness without much suffering. Later on the pain will surely come. The trouble can be stopped now by rubbing on Nerviline—rub it in deeply over the spine, and then put on a Nerviline Porous Plaster. In these remedies you will find wonderful and quick relief. They will spare you from an attack of Lumbago, which is the outcome of neglected pain in the back or side. For all muscular pains, strains, and weakness, Polson's Nerviline and Nerviline Plasters have no equal. Refuse substitutes.

Deafness

By HOWARD L. RANN

DEAFNESS is a melancholy affliction which is sometimes a blessing in disguise, as it enables people to miss a lot of conversation which they wouldn't make any use of. A person who is hard of hearing can go to a dinner party and attend strictly to the menu, without having to sidetrack the salad course in order to finish long-winded anecdote.

Deafness is caused by a failure of the ear drum to respond to the long and may be due either to a puncture or lack of a belt tightener on sound waves. The process of hearing, as is well known, is caused by waves of sound striking back in the form of thought. When the ear drum leaks, the sound waves pass on through to the other ear and escape with a loud "Hey?"

Deafness causes its devotees to break into the conversation at unexpected intervals with post-mortem remarks upon subjects that have been

thoroughly thrashed out. When a deaf man attends a lodge, he is liable to break out in the middle of the obligation with some wholly irrelevant remark concerning the likely qualities of a novel suit which can be heard by the outer guard with the door closed. "Cheese" services are frequently interrupted by deaf brethren who express their opinion of the cloth with great freedom and the full use of their vocal chords.

A great many people retain complete command of both ears until seized by old age, when all of a sudden one ear will quit working entirely and force them to edge around nervously to the windward side when addressed by anyone outside of the family. However, this is a great advantage when seated next to a dinner partner who can't think of anything to say except obnoxious imunities, which the deaf ear disposes of with the utmost ease.

People who are deaf also have another advantage in not being able to hear a request from the pulpit to raise their missionary contribution. A great many people become totally deaf on these occasions and also have their eye-sight affected to such an extent that they can't recognize the collection plate.

Short Sharp Game at the Council Forum

The aldermen held some kind of a caucus at the close of proceedings.

An adjournment was made shortly after 9 o'clock. Some game that!

The Dufferin and Dragoons get the summer park concerts.

"Look at the city material," said Ald. Spence as he walked out of the city hall door. "It has been there for weeks and getting beatifully less all the time."

"Very kind of the City Clerk to supply us with information, but it isn't what we want," remarked Ald. Ward in regard to the civic boundary extension. He had a resolution asking for the chairman of the city boundary extension committee to appear before the council at the next meeting with or without a report. Ald. Ward's resolution was carried.

When the festivities opened the following program was present: Mayor Hartman, Ald. Suddaby, McFarland, Woolams, Sutch, Pitcher, Charlton, Minshall, Gillingswater. Late arrivals were Ald. Quinlan, Broadbent, Ryerson, McEwen, Hollinrake, Ward and Spence.

City Treasurer Bunell reported receipt of a cheque for \$1,000 from License Inspector Eacrett, being the city's share of liquor license fees.

Judge Hardy expressed appreciation of the unanimous grant of \$200 by the City Council, such to be an honorarium for his services as police board chairman.

Civic Charity disbursements during April were 66.

The Wilson Coal Company want to erect a frame building on Nelson street for the storage of coal.

Janitor George Smith asked the council for an increase of salary in view of his long hours and higher cost of living.

E. Sage, Elgin street, wanted the city to plant trees and beautify the street.

The City Solicitors advised paying Geo. Cole, 280 Chatham street, \$20 in lieu of his claim for damages as a result of cellar flooding. Referred to Board of Works.

Ald. Spence wanted to know when the Brock street sewer matter with a lady resident, Mrs. Hazelton, was to be settled. Ald. Suddaby said no further action would be taken. The city could not pay for a private sewer on a lane off Brock street. It would be setting a precedent for numerous other cases in the city. Ald. Spence said that the Court of Revision was not a just one. He maintained that Mrs. Hazelton was only entitled to pay for the frontage of her property on Brock street and not to pay for the sewer she put in herself. Ald. Spence didn't care what the city solicitors said. He was sure if the decision was carried to a higher court Mrs. Hazelton would not have to pay.

Ald. Minshall said the city sewers carried the outlet from the private sewer and was entitled to reimbursement.

Ald. Quinlan suggested that it be referred to the city solicitor again, but Ald. Spence objected stating that private enquiries or objections generally got filed and it was hard to secure satisfaction in this way. People were entitled to better treatment, especially when it was a matter of business.

Ald. Suddaby said he would at once take the matter up. He didn't want a cent from Mrs. Hazelton unless the city were entitled to it.

Ald. Everson said the city should pay for the private sewer, otherwise not collect frontage.

Ald. Spence also wanted to know when the city was to get the pavement holes fixed up. He understood that last year the paving companies came along when the snow started to fall and did some patch work. He advised that the matter be placed with the city solicitor to force the bonds.

Ald. Ward continues to have a good batting average in the aldermanic league. He is getting to be a joker as well.

For once in his life Ald. McEwen agreed with Mayor Hartman. That was in reference to a new city hall.

Your Furs are Safe in our Vaults!

Why send them out of town when they can be stored just as well in Brantford? Furs are so highly prized by everyone, it follows that great care must be taken to protect them from the ravages of moths. It is a fact that more furs are ruined by these pests than by actual wear.

The cold, dry air system of storage is a positive safeguard against moths. Much work and worry can be avoided by simply telephoning us at 819, and we will call for your furs and other winter apparel. You place your own valuation on each article, and we are responsible to you for that amount in case of loss by fire or moths. Our charge for storage and insurance is 3 per cent of the value—a moderate charge when it is remembered that we carefully dust each article, and hang them in a vault that is intensely cold.

Nothing is packed or folded. Everything is kept on hangers, so that the most delicate article will not become creased or mussed, and will carry no odor of moth preventatives.

City Council Hears Committee Reports

Nothing Sensational at the Forum Last Night, But All Was Business - Three Committees Report.

Three committees submitted reports at the regular meeting of the aldermanic majesties last night, said reports being learned without amendment. The session was devoted to reports absolutely. In fact, the council adjourned shortly after 9 o'clock and that's going some. The reports of the committees which deal with various matters of interest are given below.

Board of Works.

The Board of Works reported as follows: 1. The Board of Works have decided on the purchase of a 5-8 yard law shovel from the A. R. Williams Machinery Company, Limited, of Toronto, the price being \$5,000. An engineer is sent to install and same for 15 days or such length of time as may be required.

2. That the poultry building at the Agricultural Park be removed to the city yards, without charge to the city other than cost of removing as per attached letter to the Board of Works from the Secretary of the Parks Board of May 12th.

3. That the Water Commissioners be requested to have the goose ponds at the corner of James and William Streets and Dufferin Avenue and Chestnut Avenue moved to the point indicated by the City Overseer.

4. That the letter of Mrs. P. Williams of April 12th, be filed and that of the Adams Wagon Co., Limited, of April 11th re street watering be referred to the City Solicitors.

5. That the Board be empowered to sell Lots Nos. 1, 2, and North half of Lot 3 on the East side of York-shire shire Street and Lots 1, 2 on the West side, each Lot having a frontage of 60 feet for \$5.00 per foot frontage, the land being required by the Lake Erie and Northern Railway for right-of-way.

In regard to the sale of lots to the new railway, Ald. Suddaby said he believed \$3 per foot was a fair price, the total being \$1,350. The City paid \$500 for the property a couple of years ago.

Ald. Suddaby said he wouldn't say what the cost of moving the poultry house building from Agricultural Park would be. There was a lot of lumber.

Ald. Stuch said it would be worth while to hold the material even if it were placed on the city yards.

Ald. Minshall said the parks board was generous to hand the building over.

Fire and Light. The report of the Fire and Light Committee was submitted by Ald. McFarland as follows: That the city clerk be asked to notify the different tailors to send samples of blue serge for firemen's trousers and quote prices for 21 pairs.

That your committee having treated a sample of the street lighting bracket which it is proposed to use in residential streets, and no criticism having been heard of same, have called for tenders on necessary quantities of same.

That in calling for tenders on sub-station transformers, your committee have been compelled to deviate from estimates of Hydro-Electric commission inasmuch as estimates of the commission covered sufficient transformer capacity to handle lighting load only

and owing to the necessity of making Hydro as well as other numerous power customers, it has been deemed wise to purchase necessary transformer capacity immediately in order to be able to supply power for civic and other purposes immediately on commencing operations.

Ald. Ward thought the terms of the report were so technical that he personally couldn't follow it. Jocularly he asked the chairman for the whole truth.

Ald. McFarland in reply said the Hydro estimates only called for the taking care of lighting and not for handling power. In asking for tenders the "sub-station" it would be unwise not to make provision for the large transforming capacity.

The transformers had to be ordered six months ahead of time in order to secure delivery. It would not be good business to equip the sub-station with nothing but present requirements, because a lot of expensive changes would thus be necessary in a short time. The tenders for larger transformers were simply a provision for the future.

Buildings and Grounds. The report of the Buildings and Grounds committee as submitted by Ald. McEwen was as follows: That Dalhousie street on both sides from Brant avenue to Clarence street be granted a business street in accordance with by-law.

That the request of Mrs. Elizabeth Patterson for a permit to extend a casement window two feet over the sidewalk, be granted.

That the application of Wilson Coal Co. for permit to erect a frame coal house be granted.

That band concerts during the season of 1913 be divided between the Dufferin Rifles and the Dragons.

That tenders be called for the construction of an underground lavatory on Market Square, plans and specifications available at City Engineer's office.

Ald. Ward said he thought it was customary in reference to band concerts that the number of concerts, also the parks be stipulated in the report of the committee. Ald. Ward wanted to know how many concerts were to be played and what parks were to be favored.

Ald. McEwen said he would have a schedule at the next meeting, remarking that he was not favorable to paying \$32 for concerts to be played on little plots in the extreme parts of the city.

A Maniac Loose. NEW YORK, May 12.—In a fight Sunday with a maniacal foreigner, who had threatened the lives of women and children visitors in the Botanical Gardens at Bronx Park, Policeman Frank Anderson shot and killed the man after several times escaping injury by dodging a well-aimed stone and the thrusts of a long knife.

The man who was about 35 years old, unkempt and wild-eyed, first attracted the attention of children in the gardens by his strange actions, and he was hatless and ran about talking to an imaginary auditor until finally he worked himself into a frenzy and threatened a crowd of children with his knife.

THEY STOPPED IN BRANTFORD

An Eloping Couple Stayed in Telephone City for a Day.

(Hamilton Herald) At Windsor on Saturday night Gordon McAndrews, 26 years old, of 82 Ashley street, this city, was arrested on the charge of having enticed Agnes Murray, 13 years old, of 63 Oxford street, away from her parents. The arrest was made at the instance of the local police, and Detective Bleakley, who left to escort the prisoner back, is expected to arrive in this city at 9 o'clock tonight.

The Murray girl only recently came out from Scotland. Her parents declined to discuss the affair this morning.

McAndrews who has a wife and three children, and who was employed by the Hamilton Street Railway Company as a conductor, left the city last Wednesday. It is alleged in company with the girl. They are said to have gone to Brantford where they remained for one day. They returned to this city for a few hours and left for Detroit. They were arrested as they were in the act of boarding the ferry to cross the river to the American side.

Mrs. McAndrews when seen at her home this morning, said she had every confidence in her husband.

Andrews said her husband kissed her good-bye and told her what he would like for his supper. That was the last she saw of him.

"I know there is some mistake. He would never do anything like that. He is too good a husband," said Mrs. McAndrews as the tears welled up in her eyes.

MUSIC and DRAMA

The grand opening of the Franklin Stock Co. last evening was a successful and highly pleasing affair, and the patrons showed their appreciation of the company by greeting them with a bumper house for which they were amply repaid, as the play was very good indeed and the players are even better than last season and appeared especially adapted to their several lines of parts. It may be predicted at once that this clever company will establish a record-breaking business here. They will repeat the said play again to-night and on Thursday night they will open for the balance of the week in the screaming comedy "Just Out of College."

At the Apollo

There are some exceedingly good pictures at the Apollo, the first part of this week—a thrilling Kalem "two reels" funny Bunny (Vitagraph) and our old friend "Broncho Bill" of the essay. The act is musical, a clever English couple who seem to be able to play any instrument under the sun.

Fifty Years

Mr. Barraclough, 51 Ontario Street, Has Read The Courier.

Mr. Barraclough, an old resident of this city, who resides at 51 Ontario Street, when seen by a Courier representative this morning, stated he had been a subscriber to this paper for fifty-two years.

Mr. Barraclough, who by the way is eighty-three years of age, stated he started taking the paper just fifty-two years ago, while a resident of Newport and had been taking it steadily since that time. "I am glad to notice the decided improvement in the paper and shall continue to read it so long as I am capable," said Mr. Barraclough.

half to meet a pressing need. Investigation at that time led to the belief that the duty would stand some permanent reduction, and this is now carried out.

The placing on the free list of type-setting and type-casting machinery will be a boon to the printing industries and the newspapers of Canada. The fourth tariff change mentioned, that which makes free traction ditching machinery, will be particularly appreciated in Western Ontario, where the movement for drainage is making such advances. The movement in favor of making ditching machinery free has had behind it every farmer organization in the country, and the minister's announcement brought hearty applause in the House yesterday afternoon.

The changes in the sugar tariff are of an exceedingly complicated nature, owing to the variety of grades. Briefly put, they are as follows:

Sugar. On raw sugar the old rates were 85 1-2 cents per cwt. under the preference and 83 1-2 cents under the general schedule. The new rates are 40 3-4 cents under the preference and 57 1-2 cents on the general schedule.

On refined sugar, 99 per cent, standard, the old duties were Preference, 83 cents per cwt.; general rate, \$1.24 1-2. The new rates are: Preference, 43 cents, unchanged; general rate reduced to \$1.07 2-3. Under the old tariff there were intermediate rates between the preference rate and the general rate, but under the readjustment the intermediate rate becomes the same as the general rate.

The readjustment of the sugar duties is made necessary by the West Indies trade agreement. The West Indies regards it as essential that the Canadian tariff should surmount their right to import raw sugar to the amount of 20 per cent. of their beet sugar product at the preferential rate. In return for the loss of this privilege the government decided to reduce the duties to the manufacturer on raw sugar, and from this followed the necessity of reducing the duty on refined sugar. The result is that the revenue of the country will lose about \$600,000 annually, but the finance minister figures that the consumer is the one who will benefit through a reduction in the price of sugar.

A Surprise.

The minister sprang a surprise in an announcing the cut on cement. The reduction, his summer was purely a temporary arrangement to meet special conditions in the West, and it was not expected that there would be any permanent cut. The present rates are: Preferential 8 cents per cwt.; intermediate 11 cents and general 12 1-2. The new rates are: preferential 7 cents and intermediate and general 10 cents per cwt. On cement from the United States the reduction will be from 43 3-4 cents per barrel to 35 cents per barrel.

Type-setting, and type-casting machines, now subject to 20 per cent. general, will in future be free.

Traction, ditching machines, costing not more than \$3,000, are placed on the free list instead of paying 27 1-2 per cent. The cost of these machines runs about \$2,700.

chines runs about \$2,700. In response to representations that have been made on behalf of the hospitals of the country, glassware, and scientific apparatus, are placed on the free list. Appliances used in the rescue of miners are also to be free.

The duty on thread is reduced. Present rates are 10, 12 1-2 and 15 per cent. These are reduced to 7 1-2 and 10 per cent. This reduction is made to meet a situation which has developed under which yarn No. 40 and finer has become dutiable, as thread and yarns in a heavier twist have been free. After an appeal by manufacturers it was held last year that yarn No. 40 and finer must be regarded as thread. In view of this interpretation the reduction on yarn was decided upon.

West Indies Products.

For some time there has been no duty on cocoa beans, limes and lime juice, but in order that the West Indies may get the full benefit of the recent agreement, these articles when imported from other countries will in future pay duty. Limes are made subject to 10 per cent duty under the intermediate and general tariff, but are free under the preferential tariff. Raw lime juice is dutiable at five cents a gallon under the intermediate and general tariff, but is free under the preferential tariff. The duty on cocoa beans will be 75 cents per hundred pounds under the intermediate and general tariffs, but under the preference they will enter free.

A few changes are made in the duties on related articles to compensate the manufacturers for the new duties on their raw materials. Some are increases and other decreases, but they are all of minor importance.

The lead bounties are extended five years with some slight modifications.

---too old to work

Maybe there's an old fellow working beside you—the house keeps him on—he's sort of pensioner. His productive years are gone. While he was a producer he never saved. If you could analyze that old fellow's thoughts, you'd find him sadly rueing the years when he spent all he made. Instead of being able to retire to a comfortable, independent old age, he is working for a mere pittance, keeping body and soul together.

Man! Don't let yourself come to that. Provide for your declining years by means of an Imperial Endowment Policy.

A small amount invested annually in this way will put you on "easy street" in a few years. Yet, if you should die within a month, we'll pay your wife or heirs the full sum of your Endowment. Write for particulars.
