A SUGGESTION

(From the St. John Telegraph.)
The hard times following the Franco-Prussian war made the French a nation of money-savers, and in the next forty years France became one of the wealthiest countries in the world. History is repeating itself, it is said, with respect to France, and there are signs that the British people are also practising thrift and economy in some such way. A New York actress has submitted a novel suggestion regarding the habit of saving. She points out that if one will save a cent on the first day of January, two cents on the first day of February, four cents on the first day of March, eight cents on the first day of April, sixteen on the first day of May, and continue to double the sum of the previous month on the first of the next, one will find that more than forty dollars has been saved during the year. Here are the amounts as she has them set down:

| | |
|--------------|----------------|
| January | .01 |
| February | .02 |
| March | .04 |
| April | .08 |
| May | .16 |
| June | .32 |
| July | .64 |
| August | \$ 1.28 |
| September | \$ 2.56 |
| October | \$ 5.12 |
| November | \$10.24 |
| December | \$20.48 |
| Total | \$40.95 |

As the table shows, the pinch comes in the last two months of the year, but if one were to acquire this habit of saving during the first ten months it would be easy to take care of the larger amounts in November and December. Altogether the plan seems to be a good one. Some people would find it possible to make the amount many times larger than the modest sum suggested by the New York actress.

SMILE, SMILE, SMILE.

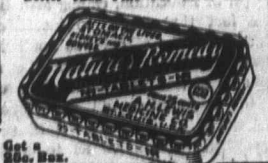

(From Fibre and Fabric.)
There is no field for the pessimist. The day of the optimist is here as the New Year approaches we must meet it with a smile. Never mind how we feel.

SCRAP PAPER.

In view of the fact that scrap paper has declined from \$42.00 to \$10.00 per ton during the past few weeks, some merchants have the impression that paper is coming down and that shortly the price of sales books will come down. This impression, however, is due to a misunderstanding as to the use made of scrap paper.

New paper cannot be made from scrap paper, it is used in the manufacture of chip board, box board, building paper, tar paper, etc., and the decline in the price of scrap paper is due to the fact that board mills, paper box mills, building paper mills, tar paper mills, etc., have closed down due to the lack of demand at this time for their products.

There will be no increasing demand for scrap paper until such time as there is an increasing demand for tar paper, building boards, etc., which will not be until conditions in these lines of business improve very materially.

A RURAL HIGH SCHOOL

"A rural high school must be of a distinctive type. The course of study must be rooted in the agricultural community, and all that belongs to it. Instead of compelling a pupil to 'plug' dead languages, and 'cram' history, classics and higher mathematics, instruct the boys in animal husbandry, field husbandry, economics, sociology, farm mechanics, and farm management; and instruct the girls in domestic science, home nursing and all other phases of every day rural life. In other words, let every municipal high school be a farmer's college on a small scale, modelled to educate the rural population in rural districts, right at home, so to speak, where they will be retained as creditable citizens, as assets to the community, instead of being alienated from the farm as they are by taking a course in the city high schools today."

Jazz music is said to be dying out. It sounds as if it were being horribly murdered.—Chicago Daily News.

EXTRACTS FROM THE DOMINION PRESIDENT'S ANNUAL LETTER

Dear Dominion Comrades: Truly "God hath done great things whereof we are glad." "His right hand, and His Holy arm have gotten us the victory." The four provinces on October 25th forcibly affirming their desire for the fullest measure of Prohibition obtainable. Nova Scotia grandly leading with its magnificent majority of over fifty thousand, while the three Western Provinces rung true to the best, in no uncertain measure.

Canada is speaking, and speaking in forcible fashion to the rest of the world, that she desires to cleanse her borders from the gruesome stain of the liquor traffic as quickly as possible.

If so, what about British Columbia's adverse vote does some one question? The vote in British Columbia had nothing to do with the Federal...

...other four provinces. It simply dealt with Provincial administration—the question at issue being the retention of the Province's present Prohibition Law or a Government controlled system. We have believed from the first and this belief is sustained by many, that a grave misapprehension on the part of numbers of the electorate in regard to the meaning of the vote, accounts in a large measure for the disappointing result. The present Prohibition law was so openly violated in British Columbia that we think many supposed the "Government controlled regime, must surely be a great improvement without realizing it was a nullification of the Prohibition principle."

"We confidently predict this is their last defeat. Knowing the 'calibre' of the British Columbia people as we do, we think it is not too much to expect, that at first opportunity they will escape from the debasing bondage of as some one pertinently put it—"The Liquor Control of the Government."—Mrs. Gordon Wright, in White Ribbon Bulletin.

A BIG FELLOW.

(From the New York Sun.)

When Johann Van Alhart stepped from the gangplank on a recent arrival of the Mauretania, he had the distinction of being the tallest man who ever entered the United States. His 8 feet 5 inches of height required a special berth, made up of two cots placed end to end in a large companionway, be furnished for the trip from his home in Amsterdam, Holland. Since Johann has left the quiet home out among the near-by wind-mills of Amsterdam and intends to enter the show business over here, it will be interesting to dig up some giant history and see how he compares with previous competitors who used to be great attractions. Probably no giant in the United States ever exceeded the 8 feet attained by the late Captain Bates, who was a native of Kentucky. Captain Bates 8-foot height was slightly exceeded by that of Anna Swan, a native of Nova Scotia.

A MOTTO FOR '21.

(From the Pittsburgh Chronicle-Telegraph.)

An old calendar soon to be thrown into the waste basket bears these words: "Today is the Tomorrow You Worried About Yesterday." There is an aphorism that deserves perpetuation on the calendar of all years, and the more you think about it the more you approve it.

THE MODERN NEWSPAPER.

The modern newspaper, with its vast circulation and wide appeal, is a critic of the time—a mirror of the moment. It is the schoolmaster of the world. But it is more than that. It is an ever kindly friend, a staunch and certain help in trouble. It reaches to every corner of the land, stretching out the hand of comradeship to every townsman and every cottager. During the war its power was invaluable. It brought the last poor crumb of comfort to many in the knowledge—conveyed by some pictured trinket—that even in death they were not forgotten. The universal knowledge that publicity brings makes all mankind your friend. It is the lodestar of civilization.—London Daily Express.

ELECTRICALLY HEATED QUILTS

Electrically heated quilts have been used with good effect in British hospitals. These quilts are arranged with highly flexible resistance wire which is introduced in two insulated layers of fabric, the inner of which is surrounded by heat conducting material so as to facilitate conveyance of heat to the patient. Originally the quilts were used in order to supply warmth to consumptive patients sleeping out of doors and proved of great advantage over the time-honored hot water bottle. More recently they have been used in fever wards, etc., to promote perspiration. It is stated that a temperature of 90 degrees can be attained in less than half an hour and maintained continuously thereafter.

THE HAND-TO HOLD.

If I might hold that hand again, Clasped lovingly in mine, I'd little care what others sought— That hand I held lang syne.

That hand! So warm it was and soft! Soft? Ne'er was so soft a thing! Ah, me! I'll hold it ne'er again— Ace, ten, knave, queen and king.

There are now 40,000 Protestant Churches in the United States without pastors. In the South for example, there are said to be 3,000 Baptist churches with no pastor. In the same section there are 1,000 Methodist churches with no preacher and about 1,000 Episcopal and 1,000 Presbyterian churches in a like condition.

The Attorney-General of Alberta is right in insisting that drunken persons in charge of automobiles should be treated and penalized as criminals. They are a menace to public safety.

Fifty Dollars a Month

(Guaranteed to you by the Canada Life)

How Fifty Dollars a Month looks to the Average Man

Age 20—Happy on Fifty Dollars a month.

Age 21—Fifty Dollars a month is not enough.

Age 35—Thinks he can easily afford to "spend" Fifty Dollars a month

Age 50—Things are not going as well as they were.

Age 55—Strange how these assets have depreciated! Fifty Dollars a month is good interest on \$10,000, and not to be despised.

Age 60—He finds Fifty Dollars a month pension, added to what income is left, brings happiness.

You know of men well up in years who are still "drudging along". They cannot stop if they would, but must go on to the end of their days working for a living. You can avoid that.

Why Not Pension Yourself?

Why not "take stock" of your present financial position—to size up your personal affairs and decide on a plan for the future?

Our New Pension Plan

guarantees that upon reaching a certain age in life, you will receive a monthly cheque for \$50.00, \$100, \$200, \$250—as you may now decide—and this monthly payment cannot cease as long as you live.

An Income for Life

Think what it may mean to you to be certain of an income right up to the end of life, when you consider that 97% of people in their later years are partially or wholly dependent upon others for support.

When they were younger they did not have the chance now offered you. It was not then possible to secure such a convenient and certain provision as this Monthly Pension Plan.

And This is Not All

Suppose some day before you reach age sixty you meet with a mishap and become totally and permanently disabled through accident, illness or any cause. (Such a thing has happened soon after men have secured this new policy of the Canada Life.) Immediately, the payment of further premiums would be cancelled. The Canada Life would become responsible for sending you \$50.00, \$100, \$200, \$250, a month, as arranged, for the rest of your life.

There are many other benefits.

An average deposit of only a few dollars a month will return you \$50.00 a month later on.

CIVIC POLITICS

With the date of the town elections only a little over three weeks away, it is certainly high time that citizens should evince some interest in the result. So far we have heard nothing to indicate who are likely to be candidates. If the men who are now retiring from office are desired to continue they should be told so at once and if they decline, new men should be selected to take their places.

The town government is our most important institution and the coming year has many problems that must be faced and solved. It is the duty of citizens to take up the responsibilities of town government and no one should refuse when called upon to do his bit. The men who are now retiring from office have given much of time and thought in the public interest and the experience they have gained should make them still better qualified if they are willing to undertake another term.

In any case, the selection of good men to represent us at the Council board should not be neglected and the time is getting short.

PRICE OF MILK IS REDUCED IN ST. JOHN.

ST. JOHN, N. B., January 3—Housekeepers this morning were greeted here with the cheerful news that the new year begins with a reduced milk price. The dairymen's association last evening agreed on a cut of two cents from seventeen to fifteen cents a quart, and look to the producers to meet this by lowering their price to them.

EFFICIENCY.

According to latest reports, three hundred clerks were discharged from the post office department at Ottawa because there was nothing for them to do, that was necessary. They were copying and recopying work, just like the butcher's clerk I spoke of last week. Now I have done some criticism of a destructive nature in the past, and I now propose to make some suggestion of a constructive nature this time.

There should be in the town office one book, in which is placed opposite each ratepayer's name the amounts for which he is assessed, and directly under these amounts should be placed his tax on the same, which when paid, should be crossed out with a red line and then the book is done for the year. If it appeared better to bind several years business in one binding, that would be only detail. Then there should be one receipt book with carbon copy for all moneys received; not duplicate writings involving errors.

Next, and most important of all, should be the cash book, in which is entered all moneys received, with particulars as to who paid it and for what, with the date and the number of the receipt given. Also, in it should be entered all moneys paid out with particulars and for which department. Then there should be the electrical meter book, in which should be entered each man's name and the reading of the meter on Jan. 1st. There should be about four columns for payments on account during the year, and the column for the final reading and the one for the amount due at the end of the year, which could be treated to the red line when paid. There should be also kept a small blotter for unavoidable petty miscellaneous accounts; but these should be cleaned up and kept at a minimum for the town is not supposed to run a department store.

Then there is the minute book in which should be recorded all the doings of the various meetings of the town bodies; and last, but not least, should be a book in which is entered the various items of the bonded debt of the town with particulars of each bond, and to whom sold.

Now I have outlined a system of book-keeping for the town office which can be done in three hours a day by one reasonably smart person, who should have time to do other work as well; for instance, the work of the chief assessor and the reading of the meters. This of course, does not provide for the reading out of thousands of bills to ratepayers, which is wholly unnecessary and generally of no avail.
C. M. G.

POPULAR ACADIA PROFESSOR MARRIED.

Wolfville people will be particularly interested in a social event which took place at Hillsboro, N. B., on Friday evening Dec. 27th, when Miss Jennie M., daughter of Guilford W. Steeves, of Weldon, Albert County, and Earl Douglas McPhee, M. A., B. E. D., of Tyrone, P. E. I., Professor of Psychology at Acadia University, were united in marriage. The bride, a very popular young lady, has been engaged in the teaching profession, and the groom has done undergraduate work at Edinburgh University, Scotland, and taught for some time in the high schools of New Brunswick. Prof. and Mrs. McPhee have arrived in Wolfville and were fittingly serenaded on Tuesday evening. THE ACADIAN will be joined by citizens generally in wishing the young couple happiness and prosperity.

It will take just \$345,571,399.77 to run the city of Greater New York during the coming fiscal year.

FRANK W. BARTEAUX

Items of Local Interest

The new rink at Port Williams, installed with electricity, opened this week with splendid ice.

The regular annual exchange of pulpits in Wolfville takes place next Sunday morning. Rev. Mr. Watts will preach at the Baptist Church, Rev. Mr. Miller at the Methodist Church, and Rev. Dr. MacDonald at the Presbyterian Church.

There is a note of optimism in American newspaper comment on the business situation, especially since the beginning of the year, which is cheering. It is not now thought to be a case of "the worst is yet to come," but of steady if slow improvement.

At the Baptist Church last Sunday evening the pastor, Rev. Dr. MacDonald, gave a most inspiring and entertaining review of the leading events of 1920, which he characterized as perhaps the most momentous in the world's history. Those present were highly interested as well as instructed. The music was under the direction of the Men's Class and a most pleasing feature was a delightfully rendered vocal solo by Miss Ruth B. MacDonald.

The members of St. George's Lodge, A. F. & A. M., attended service at St. Andrew's Church last Sunday evening in celebration of St. John's Day, which falls on Dec. 27th. Notwithstanding the very disagreeable state of the weather and the dangerous condition of the streets, there was a good turn-out. The sermon was preached by Rev. G. W. Miller, pastor of the church, and Past Master of the Lodge, who took his text from Amos 7:8: "Behold I will set a plumb-line in the midst of my people." The address was an excellent and appropriate one and much enjoyed by all present. In addition to the congregational singing an exceedingly well rendered solo entitled "By the Waters of Babylon" by Chas. Howell, was sung by Miss Evelyn Duncan and a violin solo (Rode's Air) was well played by Principal Ford.

INTER-COLLEGIATE HOCKEY MEETING FIXES SCHEDULE.

At the Maritime Inter-Collegiate hockey meeting held at Truro on Dec. 28, a schedule of games was drawn up and agreed to and certain rules were laid down. The following delegates were present: V. L. MacDonald, representing Acadia; Francis Xavier; K. L. Clark, representing Mt. Allison; K. C. Fraser, representing Acadia; R. D. Lindsay, representing the University of New Brunswick, and R. Parnell, representing Kings.

The schedule has been so arranged that the Sumner trophy, which is for competition among Acadia, Mount Allison, Kings, and University of New Brunswick, may be played for at the same time as the inter-collegiate trophy, which is offered by the Halifax Herald, and competition for which is open to all universities in the Maritime Provinces.

The schedule as arranged follows:

Western Section—

Mt. Allison vs. Acadia at Wolfville, last week in January.

University of New Brunswick vs. Mt. Allison at Sackville, first week in February.

Acadia vs. University of New Brunswick, at Fredericton, second week in February.

The winner of the above series is to play off with King's College for the Sumner trophy.

Eastern Section—

Dalhousie vs. St. Francis Xavier, at Antigonish on January 22.

Dalhousie vs. Kings, at Halifax on January 26.

St. Francis Xavier vs. Kings, at Windsor on February 11.

The winners in the two sections are to play off for the Halifax Herald trophy emblematic of the Maritime inter-collegiate championship, the match to be played at some date between February 21 and February 28 on neutral ice.

It was decided that no graduates would be allowed to play and that all games will be played under the M. P. B. and A. A. U. hockey rules.

The teams will play only single games instead of home and home games because of the expense of travelling. Each team will carry not more than three substitutes.

The official list of referees follows: John Hunter, Halifax; Ritchie McCoy, Halifax; Halsey MacDonald, Antigonish; Judy Smith Windsor; George Stuart, Amherst, and George Thomas, Truro.

DO YOU KNOW THAT—?

1—The lumber cut in Nova Scotia during 1920 totalled 350 million feet.

2—The production is 50 million feet over the average output.

3—The total lumber production in Nova Scotia for 1920 was \$12,250,000.

Coming Events

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

The annual business meeting of the congregation of St. Andrew's Church will be held on Wednesday evening of next week.

A meeting of the Sir Robert Borden Chapter I. O. D. E., is called in the Town Hall, Tuesday, Jan. 11th, at 3:30 p.m. Nomination of officers for the ensuing year, and other important business will come before the meeting.

A public meeting of the citizens of Wolfville will be held on Thursday evening Jan. 20th, to vote on the proposition of the School Board to erect a new building to cost \$20,000. Further particulars of the meeting will be given in next week's ACADIAN.

KINGSMEN OFF FOR THE STATES

WINDSOR, N. S., Jan. 4—Speeded by the good wishes of many Windsors, the King's College hockey team left here at nine o'clock this morning for a tour of the New England States. Word was received here yesterday that there was no ice in Maine, with the result that the college team changed their schedule.

They will proceed to Yarmouth, take the steamer Prince George to Boston, and play their games there. The game at Andover will also be played, and according to the present plans, the team will return to Windsor via Yarmouth.

The party that left Windsor this morning numbered twelve. Coach Frank Condon, of Halifax, who is engaged for the trip, was on hand and left with the team. The players were given a rousing send off as the train left the station.

Mail Contract

SEPARATE SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa, until noon on Friday, the 28th January, for the conveyance of His Majesty's Mails, over the following mail routes:

(1) BULL TOWN AND SHEFFIELD ROUTE.

CANARD NOTES.

\$157 have been collected by Canard for the Bible Society, and has been forwarded to Halifax.

The friends of Miss Jean Borden, Lower Canard, held a delightful shower in her honor, at the home of Mr. and Mrs. Charles Eaton, Canard.

The Lower Canard division has been reorganized, and is looking forward to a successful winter's work.

Miss Belle Belcher was the hostess at a delightful meeting of the Canard dancing class.

Mr. Nixon, of Upper Canard, who sustained injuries to his arm by falling, has recovered.

NOTICE

The annual meeting of Willow Bank Cemetery will be held at the Council Chamber of the Town Hall, Monday, Jan. 17, at 7:30 p.m.

R. E. HARRIS, Secretary.

TENDERS

are asked for up to February 1, 1921, for the purchase of one or several blocks of choice building property. Situated on Main street and Kent avenue as shown on surveyor's plans. No tender necessarily accepted.

To Our Customers and Friends

It is to us at this season a pleasure to thank you all for the courtesies extended to us throughout the past year, and to assure you of our appreciation of your co-operation and esteem that we feel we have earned, for it has been our constant attention to quality and service that has made possible our growth from a small business in 1896 to the largest manufacturer in the business to-day.

We trust that 1921 will bring the pleasure of increased prosperity to each and all of you, and that the bond of business friendship which has rendered so pleasant our past relations shall grow and strengthen as the New Year rolls on.

Respectfully yours, SILAS L. GATES, Port Williams, N. S.

"BETTER-ENGLISH WEEK"

(From the New York Independent.) It is said that several hundred thousand American School children signed pledges in "Better-English Week," just over, to the following effect.

"I love the United States of America, I love my Country's flag, I love my country's language. I promise

"1-That I will not dishonor my country's speech by leaving off the last syllables of words;

"2-That I will say a good American 'yes' or 'no' instead of an Indian grunt 'umhum' and 'nup um' or a foreign 'ya' or 'yeh' and 'nope';

"3-That I will improve American speech by enunciating distinctly and by speaking pleasantly and sincerely;

"4-That I will try to make my country's language beautiful for the many boys and girls of foreign nations who come here to live;

"5-That I will learn to articulate correctly one word a day for one year." This sort of thing will improve our everyday speech if it keeps on.

WHEN PLATINUM WAS CHEAP.

(From the New York Evening Post.) Platinum is a vulgar upstart in metallic aristocracy. At the gold mines of Colombia South America, platinum first attracted notice as an all-round nuisance in the middle of the eighteenth century. The "worthless metal was thrown away so eagerly that Colombian mine dumps now are said to contain great quantities of platinum. After a while platinum became tolerated for certain purposes and was quoted at the nominal price of \$1 a pound. Whether platinum would be employed or simply pewter was long a "toss-up" judgement among some manufacturers of pitchers, cups and statuettes. But several pewter pitchers would now be traded for the platinum product; and if you have any platinum cups knocking about the kitchen you can sell the metal alone at \$165 an ounce or even more.

THE STAMP MANIA.

(From the Los Angeles Times.) This business of making over Europe is raising havoc with the stamp collectors. Every time one of these little nations gets a new Premier or a fresh face in the City Hall, the first government business in order is the issuing of a complete new set of postage stamps. They are getting so that they send them in sheets to the philatelists and firms dealing in stamps and by this means obtain money enough perhaps to run the country until the next Saturday night. Some enthusiastic and wealthy collector is likely to start a revolution in some threadbare country merely for the purpose of getting an exclusive issue of stamps and thereby putting something over on his rivals. There are passions in philately the same as there are in art, politics, literature and love.

DEEP WAS RIGHT.

(From Science and Invention.) Two mining engineers were discussing deep mine shafts, and one had told in glowing terms about mines in which he had worked.

"Jump into my car and I'll show you a regular mine," said the other.

Arriving at the mine they saw the hoisting engine revolving at a terrifying rate. The engineman was asleep. Rushing to the sleeping man they cried:

"Wake up man! You'll pull the cage through the roof!"

"What day is this," the engineman asked sleepily.

"It's Tuesday but stop the engine quick.

"Ah, gwan," he replied, disgustedly, settling himself back in his chair. "She wont be up till Friday."

A TEUTONIC JAG.

(From the Philadelphia Inquirer.) Statement is made that over 20,000,000 bottles of champagne have been consumed in Germany during the last twelve months, as compared with 6,000,000 in 1914. The cost of that champagne is about \$32,000,000, which makes us wonder how it compares with the amount that has been sold in the United States.

APPENDICITIS

Warm Water Properly Applied Prevents Operations, and Has Cured Many Advanced Cases.

Hundreds of operations for Appendicitis have been avoided by the "J. B. L. Cascade," and thousands of others who have had Stomach Trouble and Constipation for years have regained their health completely. Most troubles arise from poison accumulated in the Colon, which is absorbed into the system. Internal Bathing keeps the system clean, cures Constipation and the hundreds of ills which are directly traceable to it.

These letters from among thousands in our possession should convince you that Internal Bathing brings positive results. Mr. James McLaughlin, 91 Evanston Street, Winnipeg, writes:

"I bought a "J. B. L. Cascade for the cure of a bad case of Appendicitis. My doctors told me I must have an operation at once. I had spent more than fifty dollars in Doctor bills, but the Cascade completely removed in a few days every trace of soreness and pain. I eat and sleep well now, have regained my former weight, and am now in perfect health."

A Mother from R. R. No. 1, Leamington Ont., writes: "About two weeks ago our eldest son took sick with Cramps in the Bowels so bad he could not move. Our doctor gave him hypodermic injections and ordered him to the Hospital to be operated on at once. Before doing so, however, I induced him to use the J. B. L. Cascade, and in less than a week he was up and around, and has been well ever since. It also cured me of severe headaches and Constipation. I cannot praise the Cascade enough. It certainly is a wonderful invention."

If you have Constipation, Headaches, Appendicitis, or feel languid and not just right, don't drug yourself, bath internally. The "J. B. L. Cascade" is being shown and explained at A. V. RAND, Druggist, Wolfville. Ask for booklet, or write Tyrrell's Hygienic Institute, 163 College Street, Toronto.

The Hantsport Board of Trade, though yet an infant of nine months, is certainly a live wire. Its members have the interests of the town at heart and are seeking to improve and render attractive this prettily situated district. Concrete sidewalks have been projected and the Board of Trade is seeking to extend them. They are also booming its facilities and looking forward to further improvements.

A report by A. O. Hays on the Malagash salt deposit, Nova Scotia, has been published by the Geological Survey. It contains a description of the geology of the area, notes on the character of the deposit, and a consideration of its possible extent, and is accompanied by two geological maps. Copies may be had by applying to the Director, Geological Survey, Ottawa.

A cargo of 5,000 cases of champagne has started from France to America, "for medicinal purposes. Whether this cargo of medicine will reach New York by New Year's Eve or not, says The Kansas City Star, is a matter of considerable concern, when you figure the great number of "patients" who will be in a critical state that evening.

There is to be a change in the D. A. R. time-table Thursday, Jan. 13th, when the night train from Halifax to Yarmouth will leave Halifax on Mondays, Thursdays and Saturdays at 9 o'clock instead of Sundays, Tuesdays and Fridays, as at present, and will leave Yarmouth Sundays, Tuesdays and Fridays at the same hour.

"And why is he here?" we inquired, stopping in front of Padded Cell N. 44.

"He was a politician, and when he finally got in office he really tried to carry out campaign pledges," replied the attendant.

TIME'S CHANGES.

"You and your sister are twins are you not?"

"We were in childhood. Now, however, she is five years younger than I."

The city of St. Thomas (Ont.) recently erected three large bird houses for the housing of Purple Martins. Each house will accommodate 80 pairs of birds. The cost of each structure was about \$250. They are erected in different parts of the city and are all of the same design. On account of their size it was necessary to erect them on steel towers constructed of 1 1/2 inch angle steel. The towers are 24 feet high, each support being set into concrete abutments of 4 feet deep. The base of the tower is 2 1/2 feet by 2 1/2 feet, and 2 feet by 2 feet at the top.

A gentleman was walking along a country lane one day, when he was startled to see a man's head appear above the dirty water in the ditch.

"Why, Pat?" he exclaimed, "what are you doing there?"

The Irishman smiled sheepishly.

"Well sir, being tired of this life, I am trying to drown myself."

"But why, then, do you keep putting your head out of the water?"

"Sure, now," replied Pat, "I have to keep coming up to get my breath."

W. C. Nichol, proprietor of the Vancouver Province newspaper, has been appointed Lieut.-Governor of British Columbia to succeed the late Lieut.-Governor E. G. Pryor, who died a few weeks ago.

Fire destroyed the five story brick building of the Shuttleworth Chemical Co., Toronto. Two publishing firms, Hodder and Sloughton and the Musson Book Co. had their stocks ruined. Total loss is about \$250,000.

Town of Wolfville

Office of Town Clerk and Treasurer.

Notice is hereby given that the assessment roll of the town of Wolfville upon which the rates will be levied in and for the said town for the year 1921 has been filed in the office of the undersigned, the town clerk, and that the said roll is open to the inspection of the ratepayers of the town.

And further, take notice that any person, firm, company, association or corporation assessed in such roll, who claims that he or it is over assessed on such roll, may, on or before the tenth day of February next, give notice to the undersigned, the town clerk, that he or it appeals from such assessment, in whole or in part, and shall in such notice state particularly the grounds of objections to such assessment.

And further take notice that if any person assessed in such roll claims that any person, firm, company, association or corporation has been omitted or wrongly inserted in such roll, he may, on or before the tenth day of February, give notice in writing to the undersigned, the town clerk, that he appeals in respect to the assessment or non-assessment of the said person, firm, company, association or corporation and shall in such notice state particularly the grounds of his objection.

Dated Wolfville, this 29th day of December, 1920.

H. Y. BISHOP, Town Clerk

Toronto University has now over 5,000 students in its various departments, and is said to be the largest university in the British Empire.

The Germans have now brought their army down to 100,000 men as agreed by Treaty.

Dr. Theobald Von Bethmann-Holweg, former German Imperial Chancellor, died last night after a brief illness on his estate at Hohenfinow, near Berlin.

A Series of Talks on Music

By Prof. C. C. Laugher, Mus. Bac., Sarina.

NO. X.—THE LUTE.

Lutes or Lutists were attached to the household of Kings and Queens; and this form was not abolished until the 19th century.

The Lute was the most popular instrument during the 15th, 16th, and 17th centuries. It is an instrument traced from Egypt, where it appears depicted in sculptures; the lute held a prominent place in European home life and was only supplanted by the key-board instruments of the piano type.

Lutes were generally built very artistically, the pear shaped body being composed of narrow strips of wood glued together with great care; the lute originally had eight thin gut strings arranged in pairs, each pair tuned in unison, this same instrument was considered exceedingly difficult to tune.

The lute was popular because during its long existence and the mandolin may be considered as its most modern form. The lute was the first instrument "except the organ" to make prominently the harmonic style as contrasted with contrapuntal, it was the favorite instrument of high society and was instrumental in familiarizing the musical world with that form of music, of melody supported by chords.

The lute was popular because its playing required less mechanical ingenuity to bring it to perfection, it is also a portable instrument and well adapted to domestic performances.

The kind of music written for the lute contrasted mainly in dance tunes in sets, with some fanciful movements; but the ornamental parts in music seemed childish and tame, yet this kind of music formed the basis of a long and continuous improvement including fantasias and preludes, simple passages of runs and arpeggios.

The pianoforte is now the most familiar object in domestic life and occupies the position at one time held by the lute, the pianoforte has a great advantage over previous instruments from a purely practical point of view.

The lute music was generally slow, soft and delicate; it would neither rage or rattle, the music was certainly peculiar and was written on a six line staff.

The period of the invention of the lute is still a matter of speculation, some having said that it is of Asiatic origin.

Of the principal players and writers for the lute we mention Kapsberger, a Spanish lute player and composer, who for this kind of music in Italy composing Lambert, and the voice. great lutist, but in 1610, was another music to Louis XIV and composed music for the lute and was himself a great

virtuoso. Gaultier, of the same period, was another lute player of fame and was renowned for his execution. He, with his cousin Jacques, established a school for lute playing in Paris, which proved a great success.

Galilei, who is said to have formed the basis for the modern vocal solo, composed many airs for single voice with accompaniment on the lute; was also a great musical theorist.

The lute was considered the most difficult instrument to tune, much patience and perfect ear being required. Matheson, (1720) calculated despondently that "if a lute player had lived eighty years, he has probably spent about sixty tuning his instrument." It is even recorded that Mary, Queen of Scots, required persons from London to tune her lute.

Much literature has been published concerning the lute, song and story are full of allusions to the "trembling lute" the "whispering lute" and the "warbling lute."

The lute disputes with the organ the honor of first having compositions written for it.

POWERFUL THO' HUMBLE

I am cold and senseless. I came from the depths of the earth. When new I am bright and pleasing. When I grow old I am beaten, cast aside and reborn to use again. For centuries I have preserved the works of art, knowledge, and history; I have heralded broadcast the works of man, created wars, overturned kingdoms, and elected crowns. Mightier than the sword am I. Had I never been born the world would still be clothed in darkness and ignorance, seas remain unknown, wealths unused and learning undreamed. Wonderful institutions of learning have been created through my efforts, lives broadened and homes made happy. My greatest ambition is realized when I can teach the young, comfort the old and spread learning through out the world. I assist you to learn of the happenings of your neighbors, the doings of the city and the wars of yesterday. My use extends from the smallest hamlet to the farthest corners of the earth. Yet, I am little known, seldom seen, and quite small and insignificant. But, you will seek my lasting impression on the morrow—for I am the printer's humble type.—Inland Printer.

"I say, Shilleto that blackguard Ponsonby has threatened to kick me the first time he meets me. If I should come across him in society what would you recommend me to do?" "Sit down."

AN OLD-TIME CIVIC OATH.

The following is a translation of the oath taken by citizens of old Athens, when the city was building up its reputation as the most famous in all the then known world, and seems to show why Athens became famous.

"We will never bring disgrace to this our city, by any act of dishonesty or cowardice, nor ever desert our suffering comrades in the ranks; we will fight for the ideals and sacred things of the city, both alone and with many; we will reverence and obey the city's laws and do our best to incite a like respect in those above us who are prone to amul or set them at naught; we will strive unceasingly to quicken the public's sense of civic duty; thus in all these ways we will transmit this city not only not less, but greater, and more beautiful than it was transmitted to us."

NORTH GRAND PRE NOTES.

The Misses Kate and Harriet Palmeter spent New Year's with their parents here. Mr. Harold Palmeter spent the week-end at his home.

Mr. Ernest Eagles was home for the New Year's week-end. Mr. and Mrs. Kenneth Palmeter, of Yarmouth, spent New Year's with the former's parents. Mrs. Palmeter will remain for a short visit.

An appeal comes from starving China as follows: "China helpless; appalling famine; entreat Canadian people's help."

Personal Paragraphs

George Anderson, Jr., spent the Christmas holidays in Halifax.

Mrs. (Dr.) Allan is spending a few days with relations and friends in Halifax.

Miss Violet Olive, of Truro, was the guest of Mr. and Mrs. A. W. Bleakney last week.

Mr. Donald Grant was home from the Dalhousie Law School, to spend the Christmas holidays.

Mr. and Mrs. Hugh Crowley are leaving to-day to spend the winter months in Hamilton, Bermuda.

Miss Doris Chambers was home from Halifax to spend New Years with her parents, Mr. and Mrs. J. D. Chambers.

Mr. and Mrs. C. A. Patriquin spent New Year's at Canning, at the home of the former's sister, Mrs. Lorán Blenkhorn.

Miss Ferné Woodman was home from Kentville to spend the holidays with her parents, Mr. and Mrs. F. W. Woodman.

Miss Gertrude West is home from New York, spending the vacation at the home of her parents, Mr. and Mrs. S. C. West.

Miss Louisa Armstrong, of Winnipeg, a student at Mt. Allison, was an over Sunday visitor at the home of Mr. and Mrs. W. A. Fitch.

Mr. Douglas Borden was called back to Providence, R. I., this week on business in connection with the firm with which he is engaged in that city.

Mrs. Anderson of Annapolis Royal, spent the holidays in town at the home of her son, Mr. George Anderson, Westwood Avenue. She returned home on Wednesday.

Mrs. Ranson and daughter arrived in town New Year's Day and are visiting at the home of the former's parents, Mr. and Mrs. J. R. Christie. Miss Ranson will take a course at the Acadia Seminary.

Mrs. Owen Porter left last week for a short visit to her parents, Captain and Mrs. Rose, at Richmond, Virginia, where Capt. Rose holds an important position. Altho still connected with shipping, Capt. Rose, who is well known in Wolfville, has received a permanent land appointment.

THE ACADIAN has received a neat calendar issued by the Valley Planning Mill of Middleton, for which we return thanks.

CANNING NEWS.

Great interest is being shown by the followers of hockey in the big game to be played between Windsor and Canning, on Monday evening, January 10th, in Canning Rink. Although the Windsor boys come well recommended, the home boys under the care of Ves Laing, the old Crescent and Social star, hope to be able to pull over a win. The team will be composed of Lyons, Baxter and Jodrie on defence, Eaton, Haughton, Lyons, Kinsman, McBride and Norris, working for the forward line.

The annual business meeting of the United Baptist Church, was held on Wednesday evening, Dec. 29th, the pastor, Rev. Harry Barber presiding. The treasurer's report was read by Ira Cox, the reports of the denominational and forward movement funds, being read by H. R. Ellis, the church accepting the amount allotted to it. L. M. Ward read the clerk's report, an encouraging one, there being 210 members. The report of the debt destroying league was read by Mrs. Rufus Eaton, the amount required for the furnace fund, the responsibility of which had been assumed by the league, being on hand. The women's missionary

We wish to take this opportunity of thanking our customers for their patronage during the past year and wish them all a Happy and Prosperous 1921

Waterbury Co., Ltd.

Men's and Boys' Wear and Family Shoe Store.

aid report was read by Mrs. Barber, who reports three members added during the year. Two new trustees were appointed, E. P. Grant and Reid Pelton, also the following officers: Treasurer, Ira Cox; treasurer denominational fund, H. R. Ellis; church clerk, L. M. Ward; ushers, Allan Melvin, H. R. Ellis, G. Jodrey, William Davison; choir committee, Mrs. Herbert Ellis, E. P. Grant and L. M. Ward. A resolution of appreciation to the debt destroying league was recorded, and it was decided to put forth a special effort in 1921, toward the removal of the debt on the parsonage. After the completion of business, a social hour was enjoyed, and refreshments served, the official board being the hosts of the evening. The evening completed one of the most encouraging years in the history of the church.

Mrs. T. J. Davis, of Halifax, is spending two weeks with her parents, Mr. and Mrs. Clarence Norris.

The Women's Institute of Canning, met at the home of the president, Mrs. Alfred Ellis, on Thursday afternoon, Dec. 30th, a large number being present, and the meeting being one of the best. The speaker of the afternoon was Mrs. Clarence Norris, formerly of Halifax, who gave an interesting address on "Activities of Women During the War." A solo by Mrs. Norris was delightfully sung. A letter was read from Miss MacDougall, organizer of Institutes in Nova Scotia, conveying her good wishes for the coming year, and an encouraging report of the work for the Institutes during 1920. After the discussion of business, a social hour was enjoyed and tea served.

Mrs. Charles Cox was the hostess at a special meeting of the Canning Literary Society on Friday evening, a large number being present. The house was prettily decorated with miniature Christmas trees and holly and the programme, one of the

best. The following was the programme: Violin duet, Miss Minnie Miller, Miss Kathleen Rand; Vocal Solo, Miss Gladys Kennedy; reading Miss Ada Reynolds; chorus, "The Club." After the discussion of business a social hour was enjoyed and supper served, a number of the young people enjoying an informal dance.

Mrs. Clarence Norris, Hillston, received for the first time since coming to Canning on Monday afternoon, January 3, her pretty home being thronged with guests. Mrs. Norris, who wore a handsome gown of black silk, was assisted in receiving by her daughter, Mrs. T. J. Davis, of Halifax. Tea was poured by Mrs. James Ross, Mrs. Spurr Woodworth pouring coffee, a bevy of pretty girls assisting, amongst whom were Miss Florence Ross, Miss Alice Huston, Miss Kathleen Harris and Miss Ada Reynolds.

Mr. Leslie Baxter has purchased the home of the late Dr. Stephen Eaton, and will move this week.
