No Profit Sale

It sounds too good to be true! But nevertheless, our invoices and cost prices of all articles that are advertised in this space will be open to the inspection of any of our customers or any other persons who may doubt the truthfulness of the above statement. While our new policy, after stocktaking, is not to keep goods in stock over ninety days, but to sell them for what they will bring. Our main reason is far broader than a selfish interest alone. It is one link in a chain of thousands of "No-Profit Sales" by leading merchants in the Dominion. It is a movement to induce the buying public to purchase their requirements, which have been curtailed through a pessimistic cry of "hard times" and future lowering of prices. If the public would buy more goods there would be no "Hard Times" To create a demand for goods is to create a market for labor, and thus solve the unemployment question. Dollars are made to roll and the co-operation of all is necessary to roll them towards a nation wide prosperity.

To begin with, the North Shore is favored above practically other sections in this province. It is true our lumber industry is dormant, but many thousands of dollars have been realized from our fisheries. The development of this country is still in its infancy, and our prosperity is simply a matter of time.

By this non Profit Sale, we are meeting the present scale of wages, more than all the way. We are giving the consumer an opportunity to purchase his present requirement at prices away beyond all his expectations. By this Non Profit Sale we mean to do our little bit to help solve the problem of unemployment.

All goods that are offered in this Non Profit Sale are tagged with a ticket, printed in red: "No Profit Sale"

**Sale Begins Saturday
January 14 and ends
Monday, January 23.
8—Selling Days—8**

Here are Four Examples of what this Sale means to you:

Men's Larrigans

GEORGE DUTCHER KILLED IN MILL

Word was received here Wednesday morning that Geo. Dutcher, of Newcastle had been killed while working in a mill at Foreston, N. B. The report states that shortly after Mr. Dutcher went to work in the morning the boiler exploded and he was hit on the head with a flying fragment and died about twenty minutes later.

Deceased is survived by three sons, a daughter, two girls and a boy who are boarded at the Convent here, his wife having predeceased him about five years. The remains were brought to Newcastle for interment. The funeral was held on Saturday under the auspices of the G. W. V. A. Interment in St. Mary's cemetery.

BATHURST RETAINED THE McLELLAN CUP

Bathurst retained the McLellan Cup in Wednesday night's curling match with Halifax at Bathurst by a margin of eighteen shots. The game was played two rinks a side and the score by skips stood:—

Bathurst	Halifax
Thibideau—22	Adams—17
McKay—21	Donahue—8
Total.....—43	Total.....—25

INTERESTING SOCIETY EVENT AT CHATHAM

A wedding of more than usual interest took place Monday evening at the home of the bride's parents, Woodburn, Chatham, N. B. when Lillis Isabelle Fisher, daughter of Mr. and Mrs. George E. Fisher, was united in marriage to Edward F. Gallop, of Montreal. The ceremony was performed by the Rev. Mr. Littlejohns, in the beautifully decorated drawing room, banked with smilax and white carnations, and under an illuminated bell, also of smilax and white carnations. The whole effect of pink and white from the stairway to the drawing room and dining room was most artistic and elicited the especial admiration of the guests. The dining room particularly was very attractive. In one corner was a solid mass of lilies and ferns. Four of the boys and girls (the bride's close friends) formed an aisle from the stairway to the drawing room with white satin ribbon. The wedding march was played as the bride entered the drawing room on the arm of her father. She was becomingly gowned in white georgette with pearl trimming and satin train, with satin and tulle veil and a vernet of orange blossoms. She carried a shower bouquet of ophelia roses and lily of the valley. The bride was attended by her sister, Miss Kathleen, who wore jade crepe charmeuse with a bandon of silver foliage and carried a bouquet of Killarney roses. F. A. Reid, of Moncton, supported the groom. At the conclusion of the ceremony the wedding march was played, and a solo entitled "The Crown" by Kenneth Rea was beautifully rendered by Mrs. W. H. Snowball. Miss Lillian Snowball presided at the piano.

Mr. and Mrs. Gallop left on the Maritime Express for New York and after their wedding trip, they will reside in apartments in McKay street, Montreal.

The bride will be greatly missed

CHURCHES OBSERVED THE WEEK OF PRAYER

The churches of the town observed the week of prayer last week and services were held every evening excepting Saturday. Following the custom of recent years the meetings were held in the Methodist, Baptist and Presbyterian churches alternately. The meetings were all well attended and the pastors preached eloquent and inspiring sermons to the congregations. On Sunday evening a mass meeting was held in the Presbyterian Church and the congregation was a large one. Each of the ministers took part and the choirs were amalgamated.

EARLY MORNING FIRE AT CHATHAM

Fire broke out at Chatham at an early hour Wednesday morning in the house of Herbert LeBlanc, a returned soldier but the prompt and aggressive action of the fire department extinguished the flames before they got under way and saved the town what might have been a very serious fire. Very little damage was done.

BREAK IN FLOUR PRICES IN MIN- NEAPOLIS MILLS

Minneapolis, Jan. 4—Acute weakness in the wheat market yesterday resulted in a break of 25 to 30 cents a barrel in flour prices today at the largest milling companies here, making new low ranges in flour prices in about six years.

Family patents today were quoted at \$6.75 and \$6.80, a barrel when sold in 98 pound cotton sacks in car lots.

UNPLEASANT NEWS FOR MANY OLD I. O. FORESTERS

Montreal, Jan. 5—Unpleasant news for many old members of the Independent order of Foresters is contained in the statement of accounts now being forwarded to all members, for it imparts that a large number of men who joined prior to 1899 that the \$1,000 policy on which they have been paying premiums for twenty-three years or more, is now likely to bring them at death or expiry, any thing from fifty to \$300.

J. W. Stocks, secretary, has given a lengthy statement of the order's financial situation, in which he explains that the face value of a large number of the older policies has been pretty nearly eaten away by various liens laid against all policies during the past twenty years. The amount of these liens, which were levied so that the order might show solvent returns, plus the accumulated interest, has, he explained, resulted in the above facts.

on the Miramichi, for not only was she prominent in social circles, but has taken an active part in all public spirited affairs.

MILLET STEWART GETS FIFTEEN YEARS

The Supreme Court resumed here on Wednesday morning, Mr. Daniel Mullin, K. C. of St. John, on behalf of Millet Stewart, who was convicted of manslaughter, moved for a reserve case on the grounds that the Jury was improperly summoned, that the Judge did not charge the Jury on the point of accomplices, and that the protection of the prisoner, who did not testify on his own behalf, was not granted, as the prosecution had made reference to the fact that the prisoner had given evidence before the coroners jury.

After hearing arguments by both Mr. Mullin and Hon. W. P. Jones, K. C. Judge McKeown refused the application for an appeal case.

At the Wednesday afternoon session the trial of Wm Stewart, brother of Millet Stewart, on the charge of attempted rape was proceeded with behind closed doors. The jury returned a verdict of guilty with a recommendation for mercy. On Saturday morning Chief Justice McKeown passed sentence on Millet S. Stewart convicted of manslaughter in connection with the death of James Ross at Neguac, on August 2nd last, and his brother William Stewart, found guilty of attempted rape. The former was given a term of fifteen years with hard labor, in Dorchester penitentiary, and the latter, three years in the same institution. Millet Stewart, before being sentenced, strongly protested his innocence.

M'COIG TO SENATE TO PROVIDE SEAT FOR MURDOCK

Ottawa, Jan. 4—It is understood that the appointment of A. B. McCoig member elect for Kent, Ont., to the Senate vacancy caused by the death of Hon. Thomas Crothers, is likely to be made tomorrow. In this event it is believed that McCoig will be issued very shortly afterwards for the holdings of a bye-election to fill the Kent vacancy, and that the seat will be contested by Hon. James Murdock Minister of Labor. The date of such a bye-election is yet uncertain, but it is thought that probably it would be set for about February 20.

Come to the Whist Party in the A. O. H. Hall Mon- day evening. Proceeds for charitable purposes.

N. B. BONSPAIL IN FREDERICTON

Fredericton, Jan. 5—The Fredericton Curling Club have definitely decided to hold the proposed New Brunswick bonspail in Fredericton and January 17, 18 and 19 have been named as the dates.

The Blair trophy, indicative of the curling championship of New Brunswick will be competed for, and it is expected that about 120 curlers will be here for the bonspail, the following clubs having signified their intention of competing: Campbellton, Bathurst, Newcastle, Chatham, Sackville, Moncton, St. Stephen, Thickett, Carleton and St. Andrews' of St. John and Fredericton.

PURITY FLOUR
"More Bread and Better Bread" and Better Pastry too

Use it in All Your Baking

say **Aspirin**

Nothing Else is Aspirin—say "Bayer"

Warning! Unless you see name "Bayer" on tablets, you are not getting Aspirin at all. Why take chances? Accept only an unbroken "Bayer" package which contains directions worked out by physicians during 21 years and proved safe by millions of Colds, Headaches, Earache, Toothache Neuralgia, Rheumatism, Neuritis, Lumbago, and Pain. Made in Canada.

All druggists sell Bayer Tablets of Aspirin in handy tin boxes of 12 tablets, and in bottles of 24 and 100. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer Manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark; the "Bayer Cross."

Backache—Rheumatism

For over 50 years Minard's Liniment has been a household word in thousands of homes all over Canada. It quickly relieves rheumatism, backache, neuralgia, sciatica, sprains or bruise and pain of any kind. None give better satisfaction.

Canadian Apple Exhibition

CANADIAN PACIFIC

The speed at which Canadian products can be put on the market in England was strikingly demonstrated recently.

The Department of Colonization and Development of the Canadian Pacific Railway recently shipped by Dominion Express on the "Empress of Britain" a consignment of Canadian apples for exhibition at 62-65, Charing Cross, and the other offices of the company in Europe. The apples came from various Canadian provinces, and it is interesting to note that some of them actually left the producer and were on show in less than eight days. For instance, the Ontario consignment left Trenton, Ontario, at 2 a.m., November 1, by C.P.R., arrived Montreal at 8 a.m., left at 9 a.m., and arrived Quebec at 2 p.m. They were immediately placed on board the Canadian Pacific liner "Empress of Britain," which arrived Liverpool on Tuesday morning, Nov. 8. Before the last passenger was off the ship the apples were discharged, whisked in Dominion Express motors to the special train to Euston Station, London, which was reached soon after 2 p.m. the same day. Here Dominion Express vans collected them, and at 3 o'clock they were on exhibition in the windows of the Canadian Pacific at Charing Cross, with a card reading, "Canadian apples, from producer to consumer in less than eight days."

Though Canada is three thousand miles from England, our system of quick transportation is bringing us nearer to that country every day. Recently the "Empress of Britain" went to Liverpool and back to Quebec in 15 days, including the time taken in embarking and disembarking passengers.

26TH OFFICERS HOLD REUNION

The second annual reunion of the officers of the 26th Battalion, C. E. F., was held Tuesday evening, taking the form of a banquet in the Victoria Hotel, St. John. Lieut.-Colonel Alexander McMillan presided and there were forty-five officers in attendance. The dining hall was tastefully decorated. A programme of toasts and solos was carried out. Those present were: G. G. Anglin, E. C. Armstrong, W. Birrell, W. J. Brooks, J. B. Dever, C. P. Grannan, G. Holder, H. W. Heans, George Keefe, E. B. Kierstead, C. D. Knowlton, C. F. Leonard, A. McMillan, J. L. McAvity, P. D. McAvity, Jock MacKenzie, W. C. McQuade, W. L. Patterson, D. G. Peters, L. McC. Ritchie, O. A. Reid, H. C. Simmons, R. J. Smith, C. S. West, W. Pitt and L. S. MacGowan, St. John; A. J. Brooks, Sussex; M. C. Buchanan, St. Stephen; W. R. Clarke, Magaguadavic; J. W. Coles, Moncton, G. B. Hallett Hampton; W. C. Lawson, St. Stephen; H. G. Marr, Truro; G. G. Mowatt, Campbellton; D. D. MacArthur, Montreal; W. A. MacDougall, Debec, N. S.; G. McKnight, Douglastown; Rev. R. C. MacGillivray, Glace Bay, N. S.; C. A. O'Brien, St. Stephen; James Fringle, Fredericton; H. Palmer, Dorchester; R. J. Paton, Charlottetown; C. C. Thompson, Montague P. E. Island; R. R. MacLean, New Glasgow

SUNNY CORNER NOTES

Sunny Corner, Jan. 7.—Miss Ida Mullin is the guest of Mrs. O. Tozer in Lyttleton.

Mr. Earl McAllister has gone to Maine for the winter.

Miss Bernetta Johnston and Mr. William Burns, who have been on the sick list are able to be around again.

Miss B. Keating, Newcastle is the guest of the Misses Nolan's.

Miss Effie Dunnett spent the 26th with Miss Janie Tozer.

Mr. and Mrs. W. J. Murphy were the guests of Mr. and Mrs. Hogan on Monday evening.

If you have a used article to sell, advertise it in the classified—SOMEROY WANTS IT.

Success in Retailing

Be Loyal To Your Own Community

An essential factor in achieving success in a retail business is ADVERTISING—telling the buyers of your community what you have for them.

One doesn't need to be exceptionally clever or a genius to be a success, but one must have an aim, and pursue it resolutely and intelligently.

The businesses that are prospering and expanding are those that purposefully seek out new customers and place before both old and new customers the news of their service, in the form of Newspaper Advertising.

A WORD TO THE PUBLIC

Who serve you best—busy or half-busy men? busy or half-busy shops? Where is your custom most desired and appreciated? Is it not at those shops which stretch out the hand of welcome and invitation—in the form of advertisements in THE UNION ADVOCATE?

Shop Where You Are Invited to Shop

POULTRY WORLD HALL OF FAME

A short time ago the death of White Wyandotte hen No. B-162 occurred. Since this hen has had so much to do with the present high production in our strain of White Wyandottes now kept at this Station, her name deserves a place in the hall of fame of the poultry world, and her achievement told in story.

No. B-162 was hatched May 1st, 1917, and laid her first egg October 30th, 1917, being 182 days old. Her total record was: 1st year 257 eggs, 2nd year 153 eggs, 3rd year 107 eggs, 4th year 4 eggs, making a total of 521 eggs. Of these 86 were laid in the winter of the second, 32 during the winter of the first year, 34 during

SPIDER WEBS.

One of the Greatest Wonders of Nature.

No one who has spent much time in the country can have failed to observe and admire the beautiful webs of the little garden spider. These webs, circular in outline, with radiating threads running from centre to circumference and supporting a system of concentric lines, are regarded by naturalists as the highest architectural achievements of spiders.

The maker of the web sits at its centre, where the slightest vibration caused by the struggles of an entangled victim is instantly felt. The threads are so fine as to be almost invisible in some lights, and at the same time so strong that no insect not too powerful for the spider to overcome is able to break them.

The great ingenuity and perfection of these geometrical webs naturally give rise to the question, how did the spider learn the art of making them? The naturalist is not satisfied with the reply that it is a matter of instinct. He finds that there are wide differences among the webs of different spiders, and his observations lead him to think that he can discern distinct progress in the art of web-making among spiders.

The common house spider spins a web quite different from that of the garden spider. The house spider's web consists of a silken tube hidden in a dark corner, with an irregular sheet of closely woven meshes spread before it. The tube is the spider's lurking hole and place of refuge; the outspread web is its snare.

The wolf spider makes a tubular hole with a hinged door for a refuge, and spreads no snare. Still another species of spider constructs a far simpler tube of silk without any lid or door.

Now, according to the view of more than one authority, these different kinds of webs or nests represent so many stages of development. It is thought that at the beginning the only kind of web that any spider knew how to spin was a simple cocoon intended to protect its eggs.

Then a web for the protection of the spider itself from its enemies was woven around the cocoon. This web had an opening for ingress and egress, and such webs, intended for use only during the time that the eggs are hatching, are still spun by some species of spiders.

The next step was the development of a snare. It has been suggested that this may have resulted from the accidental spinning of threads over and around the opening of a tubular retreat surrounding a cocoon. This was further developed in the outspread net of the house spider, and it reached its highest form when the garden spider learned to construct its beautiful radiated web.

One may trace in all this some resemblance to the progress of architecture among men. The earliest representatives of the human race were content to dwell in caves and rudely constructed huts. And to-day there are savage tribes which have not advanced much further in this respect.

Then more elaborate dwelling places, and buildings intended for other purposes, were constructed until, by successive steps, we have arrived at the temples, palaces and houses of civilized life.

Country Without Police.

The only country in the world that has not a single representative of the law is Greenland. Here dwell twenty-two thousand Eskimos and two hundred and forty Danes in settlements scattered along the coast.

Eskimos manage their own affairs. Any grievance they may have is settled by the head man of the tribe. There has been no serious crime in the country for the past hundred years.

The Danish Government allows no one to land there without permission, which is only granted to bona fide explorers and scientists. The sole object of this exclusion is to prevent liquor and disease reaching the Eskimos.

All Eskimos are Christians, and in the larger settlements there are even churches, with steeples, organs, and oil-paintings. Here you will find Eskimo ministers and physicians, as well as native newspapers, and an illustrated journal produced entirely by Eskimo labor.

During the short summer vegetables and various kinds of fruits are grown, and even strawberries, under glass. The coastal areas are a blaze of color from the wild flowers that abound. Then comes winter, when the whole of Greenland is cut off from the world and buried in snow and ice.

Iron From Rust.

It is oxide of iron that gives to your blood its brilliant red color. If blood contained no iron, all men and women would look like walking corpses.

Nowhere in nature is iron found in a "native" or pure state. It occurs only in the form of oxides—that is to say, as iron rust. Man's greatest triumph was achieved when he discovered how to "undo" iron rust and get the iron out of it. But for that, our civilization to-day would be no further advanced than that of ancient Egypt or Assyria.

Edwin E. Slosson, in his remarkable new book, "Creative Chemistry," says that every year the blast furnaces of the world release 72,000,000 tons of iron from its oxides; and every year one-fourth of that quantity reverts to rust. Should man cease his efforts in this direction for a generation, there would be little left to show that he had ever learned to extract iron from its ores.

A Royal Standard.

An apron is the Persian Royal Standard. A Persian who was a blacksmith by trade raised a successful revolt, and his leather apron, covered with jewels, is still borne in the van of Persian armies.

ALLIANCE BETWEEN FRANCE AND GREAT BRITAIN

Cannes, Jan. 4.—With the air full of talk of an alliance between France and Great Britain as the only means of keeping the Entente intact, Premier Briand and Prime Minister Lloyd George today resumed their conversations which were begun some days ago in London.

"The conversations are continuing," was the only comment the French Premier would make after a two hours' talk with Mr. Lloyd George this afternoon.

General reference is being observed by the principals of the British delegation on the eve of the opening of the Allies Supreme Council meeting regarding such an alliance.

Premier Briand said before going to the British Prime Minister's villa this afternoon that it might be putting it rather strongly to talk of a formal alliance. Yet, he said, the policy of France all along has been to strengthen her ties with her war allies, since this seemed essential to a settlement of European problems.

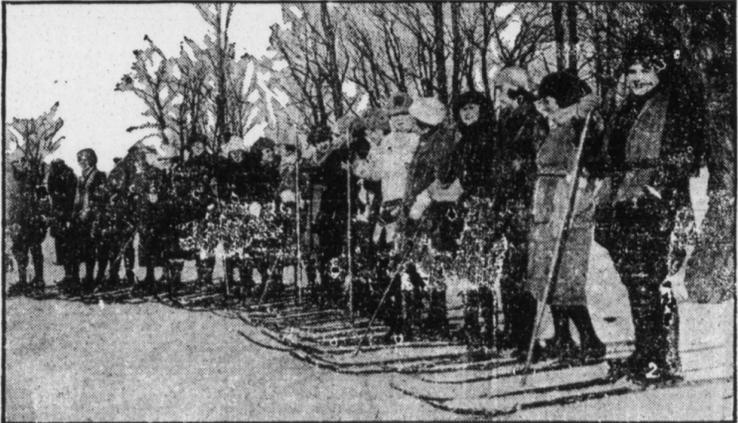

Members of both the French and British delegations are agreed that the situation is grave and that the Entente powers must come closer together or they will drift more widely apart. The difference of opinion appears to centre around the question of who ought to make the concessions necessary to bring about closer accord. The atmosphere throughout the day was generally pessimistic.

Premier Bonomi, of Italy arrived on the scene late this afternoon and he expected to see Premier Briand and Lloyd George during the coming day.

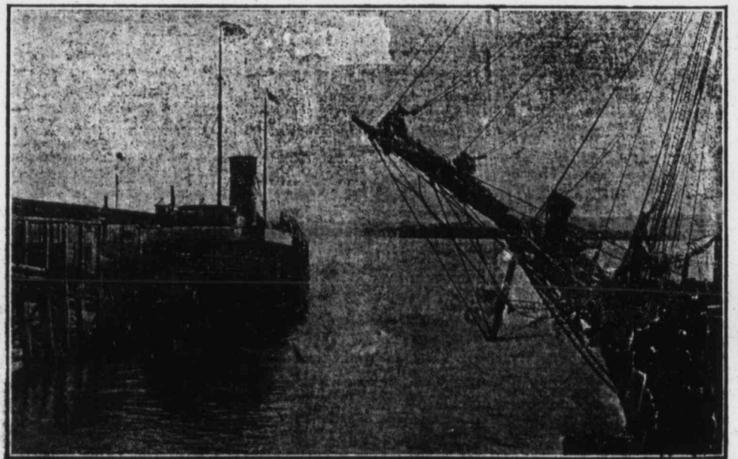

Dominion Lands Will be Reserved For Homesteads

Moosejaw, Sask. Jan 4.—All Dominion lands south of the main line of the Canadian Pacific Railway in Saskatchewan and Alberta have been reserved for homestead or soldier grant entry sale or grazing lease, pending the settlement of the land settlement policy of the Government. Notification to this effect has been received at the local branch of the Dominion Land Office from the Dominion Land Office from the Department of the Interior at Ottawa.

ENJOYING SPORTS AT QUEBEC

HON. W. S. FIELDING IS ACTING PREMIER
Ottawa, Jan. 4.—It is unlikely that Premier King will return to Ottawa for another week. No definite information as to the date of his return is obtainable at the present time, but it is stated that he will probably be out of town for that length of time. The date of his return will no doubt be determined by the condition of his brother.
Hon. W. S. Fielding is carrying on as acting premier in the absence of Mr. King.

Nervous Breakdown

The extreme depression and discouragement which comes over one at times is the most alarming symptom of nervous exhaustion. This letter is a message of hope to all who find themselves in this unfortunate condition.

Mrs. Geo. T. Tingley, Albert, N.B., writes:—

"For years I was in a very nervous, run-down condition, was much depressed in spirits and suffered a great deal at times. The least noise would irritate me and at times I felt as though I certainly would go crazy. I consulted different doctors to no effect.

"A friend advised the use of Dr. Chase's Nerve Food and I can truly testify today to the great benefits received. There was a marked change before I had finished the second box and when I had used a dozen boxes my nerves were thoroughly restored and I was entirely relieved of those terrible feelings I used to have. I shall ever be ready to testify to the benefits of this wonderful medicine, feeling sure that it will give to others the quick and permanent relief it has given me."

Dr. Chase's Nerve Food, 50c. a box, all dealers, or Edmanston, Bates & Co., Ltd., Toronto.

BUSINESS OUTLOOK

While the business leaders of Canada speak with hope of the year now beginning, their utterances concerning the future are marked with caution and reserve and a disposition to warn the public that courage, patience and hard work will be necessary on the part of all classes before Canada is definitely out of the woods.

A great factor in the situation is the decline in the value of the country's field crops, which fell from \$1,437,000,000 in 1919 to \$1,017,000,000 in 1921. The wheat crop was greater but the prices much lower, and the actual money value there is a loss of a half a billion dollars as compared with two years ago.

The new Ministry has been formed and their names given to the people of Canada. No doubt after the necessary bye-elections the King Government will meet in Parliament at the earliest opportunity.

As to the question of Leadership, we have no reason whatever to change opinions already expressed in the Advocate. Indeed does not seem King going out, and Meighen coming in.

WHY BEAUTY FADES

A Condition Due Entirely to Poor Watery Blood

The girl who returns home from school or from work thoroughly tired out will be fortunate if she escapes a physical breakdown, because this getting tired so easily is probably the first warning symptom of a thinning blood that must not be disregarded if her health is to be preserved.

When the blood becomes thin and impure the patient becomes pale, haggard and angular. She not only tires out easily but suffers from headaches, palpitation of the heart, dizzy spells and loss of appetite. This condition will go from bad to worse, if prompt steps are not taken to increase and enrich the blood supply.

Dr. Williams' Pink Pills can be obtained from any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ontario.

Dr. Williams' Pink Pills can be obtained from any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ontario.

THE POLITICAL SITUATION

The new Ministry has been formed and their names given to the people of Canada. No doubt after the necessary bye-elections the King Government will meet in Parliament at the earliest opportunity.

If that were so the present Government would not be in existence. Just as surely as its day of triumph came, its day of defeat will come, and in the present case may be nearer than is expected.

Of course we are aware there is a whole lot of cooing and wooing, towards that portion of the opposition side, variously known as Creerites, Progressives and so forth.

Among other things in the political situation, we notice that some Liberal journals, are still bitter in their attacks upon Mr. Meighen.

As to the question of Leadership, we have no reason whatever to change opinions already expressed in the Advocate.

The country is bound to have a King Government, or its principle in its place hold the same view.

THE Big January Clearance
at Creaghans' is the banner saving event of the season. All articles of winter merchandise are reduced from 15 to 50 p. c.
J.D. Creaghan & Co. LIMITED

King would have the same clear legal power to act as Meighen has done, up to the time his resignation was handed in to the Governor General of the Dominion.

into life the new, in accordance with the expressed wish of the peoples' majority. It is the old cry in another form, when the monarch dies:—"The King is dead, long live the King" always a King.

AT OPERA HOUSE
A two reel comedy film, and "Tru-by", a five reel drama will be presented at the Opera House, Wednesday night. This is a good program and well worth seeing.

A NEW ATLANTIC LINER

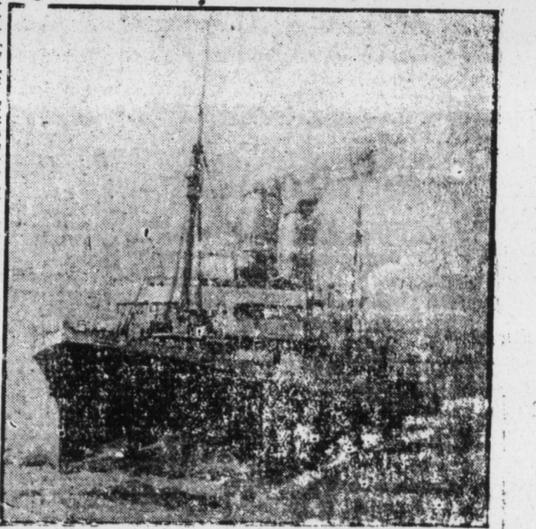

The twin-screw steamer "Montclare," built for the Canadian Pacific to run in their Cabin Service between Liverpool and Canada, was successfully launched recently from the yard of the builders, Messrs. John Brown & Co., Ltd., at Clydebank.

The "Montclare" is the latest of three vessels which have been built for the Atlantic Service, and is a sister ship to the "Montcalm." The other ship of the three the "Montrose," built at the Fairfield Shipbuilding and Engineering Co's yard, Govan, is expected to leave for Liverpool.

The "Montclare," like her sister ships, is built to Lloyd's highest class, and meets all the requirements of the Board of Trade as a passenger ship. Her principal particulars are as follows:-

Length on Waterline563 ft. 0 in.
Breadth moulded70 ft. 6 in.
Depth to "C" (Shelter) Deck43 ft. 8 in.
Depth to Boat Deck68 ft. 0 in.
Gross Tonnage about 16,200 tons.

The vessel is of the Shelter Deck type, with the Bridge Deck extending almost the full length, and long erections above. She has a cruiser stern, two masts, and two funnels, giving her, when complete, a most imposing appearance.

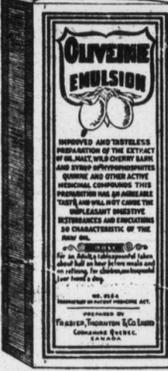

The C. P. S. L. Liner "Montclare."

tanks are always under the supervision of the engineers. The propelling machinery is fitted in one engine-room, and consists of two sets of steam turbines of the latest Brown-Curtis marine type, arranged to work with super-heated steam and driving twin screws through double-reduction helical gearing.

The heating and cooling is on the thermostat system, which will ensure a temperature of at least 68 degrees Fahr. under the coldest weather conditions.

The steam-generating installation consists of two single-ended cylindrical boilers arranged for burning oil fuel and suitable for a working pressure of 215 lb. per sq. inch, and fitted with smoke-tube superheaters.

OLIVEINE EMULSION

A Grand Medicine for Coughs and Heavy Colds

If you have a heavy cold on your chest, with a stubborn cough that has hung on for several months, start in NOW to take OLIVEINE EMULSION, and you will quickly appreciate what a grand medicine it is.

A bottle or two will put you on your feet again—and not only take away every trace of cough—but also make good, red blood, tone up the digestion, and strengthen and invigorate the whole system.

Get a bottle NOW and start to get well. Be sure to insist on having OLIVEINE EMULSION.

First Return Of Liquor Profits In New Brunswick

(Frederick Gleaner)

A profit of approximately \$51,000 is said to have been shown by the financial reports of the New Brunswick Board of Liquor Vendors for the period from their inception to Oct. 31st last, the close of the province's fiscal year.

While the Liquor Commission, as the Board is generally called, came into being in May 1st, their actual activities as wholesale distributors covered only about three months prior

J. E. LINDON,
Sec'y School Trustees

to the close of the fiscal year. But even at that, it is understood, the Government has not been disposed to accept the report as indicative of the revenue which might be obtainable even under the present system.

In fact, the official view appears to be that not until after the vote of the people in the referendum in favor of preventing further importations of liquor by individuals goes into effect on Jan. 18th will be possible to secure an accurate gauge on the volume of business which might be done under the present system. In fact, with retail vendors now making large importations from P. E. Island it is likely to be some time before some of their stocks are depleted to even a normal stage.

Reports from British Columbia, which have been made available, show that in that province net profits from the sale of liquor under the plan in vogue in that province for the period from June 15th to September 30th were \$541,666, and possibly by a plan of deduction on a per capita basis it might be figured out what New Brunswick might expect to do under a similar system here. All these things are regarded in official circles as of importance at this time, with the Provincial Government admitted by considering the resumption of a policy of liquor sales for revenue as an alternative to direct taxation.

OBITUARY

C. COLSON HUBBARD

The death of C. Colson Hubbard, one of the best known residents of the North Shore, occurred at his home here Wednesday morning after an illness of several months of kidney trouble. Deceased for many years conducted a general store at Caraquet but of late years has resided in New castle. For the past five years he had been inspector of pickled fish for Northern New Brunswick. He is survived by a widow, formerly Agnes Adams, of Newcastle; one daughter, Margaret, Mrs. Walter Amy, Newcastle, and two sons Edward and Bruce, at home; one brother, William of the Yukon, and two sisters, Mrs. Ida Perry and Miss Mary, both of Boston.

The funeral took place on Friday afternoon at 3 o'clock; interment in Miramichi cemetery.

Rev. L. H. MacLean, pastor of St. James' Presbyterian Church, of which deceased was a member, officiated at the services held at the home and grave.

The pall-bearers were Messrs. W. F. Copp, R. H. Gremley, C. M. Dickson, C. E. Fish, W. F. Smallwood and H. Williston.

EDWARD MILLEA

A telegram was received by Mrs. George F. McWilliam Wednesday announcing the death of her brother, Ed M. Millea, in Denver, Colorado on January Second. Death was due to pneumonia after a short illness.

Deceased was the eldest son of the late Mr. and Mrs. Edward Millea, of Newcastle, and is survived by his wife (nee Miss Christina Harding of this town) one son and five daughters, also two sisters, Mrs. Arthur J. Lawlor, of Superior, Wis. and Mrs. G. F. McWilliam. Deceased went to the American west several years ago and followed the lumber business.

MRS. ELIZABETH BASTIAN

The death of Mrs. Elizabeth Bastian occurred on Dec. 31, 1921 at the residence of her son, John at Rogersville. She was ninety-four years of age and is survived by four sons and one daughter. The sons are Thomas, John and Frank, of Rogersville and George of Howland (Me). The daughter is Mrs. Sarah J. Ruston, of Acadiaville (N. B.).

PERSONALS

Mr. J. Moores of Campbellton was in town on Sunday.

Mr. Charlie Dickson visited friends in Halifax last week.

Mrs. J. L. Lawlor and little son are visiting relatives in Campbellton. Roy McWilliam was the guest of Rev. F. C. Ryan, Redbank last week.

Mrs. L. W. Buckley was a guest at the Brunswick Hotel, Moncton this week.

Miss Jean Fraser of New Glasgow is the guest of her sister, Mrs. David Ritchie.

Mrs. C. C. Hayward of Moncton was the guest of Mrs. Harold Rising, St. John last week.

Miss Green of Fredericton is the guest of Mr. and Mrs. P. Giberson Chatham Head.

Miss Ella O'Donnell spent last week in Campbellton the guest of Mr. and Mrs. Bert O'Donnell.

Mrs. Jane Boltenhouse of Three Rivers Quebec is the guest of her sister Mrs. A. Swezey.

Miss Helen Stevens returned to her home in Campbellton after a pleasant visit with relatives in town.

Mr. and Mrs. J. J. Morris of Summerside, P.E.I., spent New Year's with the former's parents Mr. and Mrs. Hugh Morris.

Mr. and Mrs. Herbert P. Legere of Legere's P. O. Portage River were visitors to town on Wednesday and Thursday last week.

Mr. and Mrs. James Bujie and daughter, Miss Aubrey, who have been visiting Mrs. Douglas Atkinson, Maple Street, Moncton, have returned to their home at Douglstown.

Miss Bertha Ferguson returned to Moncton on Sunday, to resume her duties as music teacher in the public schools, after spending the holidays with her parents, Mr. and Mrs. John Ferguson.

Mrs. James Robins and Mrs. Holmes A. Frank of Millerton are guests at the Windsor Hotel, Montreal enroute to New York and Miami, Florida, where they will spend the winter months.

NO PROFIT SALES

The unemployment question today is the biggest question to be solved in the Dominion of Canada. It is as much the problem of the individual as it is that of the Government. We all, more or less, are responsible for the progress or marking of time of the country. Industry is the basis of commerce. How to keep our industries at work is the main solution of this problem. The chief objects of all industries is to provide comfort and the necessities of life for humanity. To accomplish this the public must create a demand for these necessities, which is the past two years has been retarded by the people withholding from making purchases, due no doubt, to the aftermath of the war. To relieve this condition which in turn will solve the unemployment question, some of the leading merchants of the Dominion are putting on No-Profit Sales, which will give the public an opportunity of securing their wants at prices that has never been the privilege of the people before or hereafter.

These sales will create a larger demand for goods of all descriptions and will thus enable the manufacturer to give more employment. This is one of the sanest and most feasible methods of relieving the present situation and it is hoped the general public will take advantage of these No-Profit Sales and assist in their individual capacity to solve this great problem of Unemployment. Once the unemployment situation is remedied, our great Dominion will get back to normal times, which one and all of us wish to happen as soon as possible.

Messrs. A. D. Farrah & Co. are conducting a No-Profit Sale, an announcement of which will be found on the front page of this week's issue of the "Union-Advocate."

- Miss Margaret Clarke, Rob. Young, McKensie, Viola Dutcher, Helene Harris, Ruth Bishop.

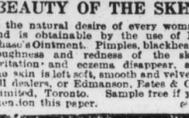

WEDDINGS

STEVENS—CORBETT

On Wednesday evening Harold Stevens, Grand Bay, and Miss Emily Corbett, of St. John daughter of William Corbett, of McKinleyville Northumberland County were married by Rev. E. E. Styles. The happy couple will reside in St. John.

No Decision as to Unknown Soldier

Ottawa Jan. 4.—It was learned in the highest official circles here tonight that the Liberal government had not yet discussed the proposal to bury an unknown Canadian soldier in the main entrance to the parliament buildings. Whether the present government will carry on with the proposal has not been decided.

COULD HARDLY MOVE IN HER BED

Eight Boxes of "FRUIT-A-TIVES" Completely Relieved Her.

MADAM RICHER

Labelle, P. Q., April 18th, 1921

"It is my duty to tell you and publish to all what your remedy 'Fruit-a-tives' has done for me.

I suffered with Rheumatism for ten months; could hardly move in bed, and was miserable all the time. I tried several physicians and took many remedies, but they left me at the same place, in bed and suffering, the Rheumatism was so bad.

Finally started in taking 'Fruit-a-tives' and continued the treatment regularly as I found myself getting better. After using eight boxes of 'Fruit-a-tives' (which cost only \$4.) I am completely well without a trace of Rheumatism."

Madam J. RICHER,
50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

pasture for several years, then ploughed, planted to oats and seeded down to hay again. Casual observation, as well as the foregoing statistics, confirm the widespread extent of this practice.

Now, what is the best method of handling such land? It is useless to say "apply manure" because the farmer has already applied elsewhere all the manure that has been produced. As the land is usually far from the buildings and often poorly drained, it would be unwise to plant corn or roots and to include it in the rotation used on the land near the buildings. The present practice is more preferable than that, but is the present practice the best possible one.

There is much reason to think from the results of definite experiments, that an improvement can be made in the present practice which will result in increased profits. One improvement which is widely known but poorly followed, is surface drainage. The removal of surface water, by care in plowing and attention to outlets, materially improves the tilth of the soil and, in some years, greatly increases the crop yield. Another improvement which may be adopted in many districts is the growing of alfalfa. If a few pounds of alfalfa are included in the ordinary hay mixture one can learn at small expense whether alfalfa will grow profitably. If it will grow, it will be found to materially increase the yield of hay. Finally, as there is not enough farm manure, commercial fertilizers may be used.

At the Central Experimental Farm, Ottawa, commercial fertilizers have been used in comparison with farm manure and unmanured land for over ten years. The results have shown a large profit accompanying the use of the commercial fertilizers. In a four year rotation of mangels, oats, clover

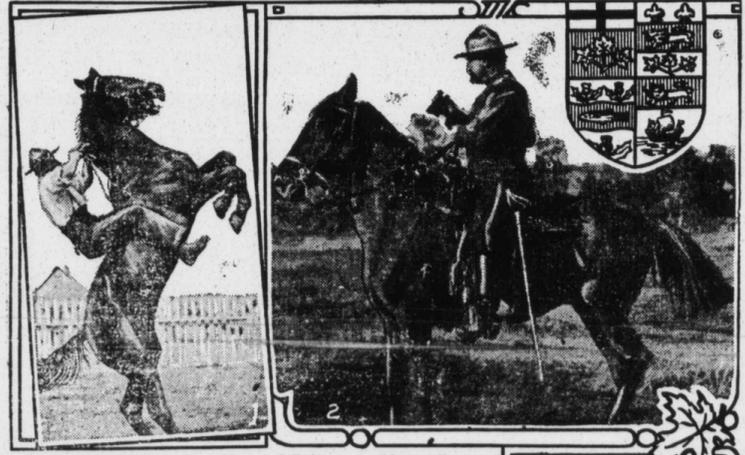

If you suffer from this painful malady, apply Zam-Buk. It is purely herbal, quickly cures the dull, gnawing pain, stops bleeding, ends the irritation, and in a short time completely and permanently cures. Zam-Buk should be in every home.

lay and timothy hay, application of fertilizers were as follows: on the mangels, 200 pounds superphosphate, 75 pounds muriate of potash and 100 pounds nitrate of soda; on each of the oats, clover, and timothy crops 100 pounds of nitrate of soda per acre were applied. For the five year period, from 1916 to 1920, the total cost of these fertilizers on four acres of land, was \$142.32; the value of the increased crop over unmanured land was \$318.03; the net profit was \$175.71. Figured on the basis of one acre, the net profit was \$3.78 per year.

When one considers the extensive areas of land which never receive manure, it might be well worth while to plan to use some commercial fertilizers. If a small area were tried first, it would enable a farmer to decide whether such applications were profitable. The most profitable use of commercial fertilizers requires prudent buying and intelligent practice in making applications to the land. Persons desiring information on this subject are invited to correspond with the Field Husbandry Division, of the Central Experimental Farm, Ottawa.

The Riders of the Plains

(1) A Royal Canadian Mounted Policeman rides well.
(2) A fully equipped Mounted Policeman.
(3) A Mounted Policeman in winter uniform.

The noble traditions and fascinating uniform of the Royal North-West Mounted Police are exclusively our own in Canada and it is fitting, in its re-organization, that it should be named the "Royal Canadian Mounted Police." The existence of tribes of wild Indians, the quarrels of the interior and the vast body of settlers coming in, led the late Sir John A. Macdonald to take possession of the great land by establishing the police in 1873. The aim was to have detachments of well armed and disciplined men, judiciously posted throughout central posts.

The first force consisted of 16 officers, 201 men and 244 horses. The troops travelled by way of Chicago to Fargo and marched across the plains. In 1874, three hundred police set out from Fort Garry for the Junction of the Bow and Belly river and a portion was detached to Edmonton. An old trading centre, Fort Whoop, near the present city of Lethbridge, was first reached. The second centre was an Old Man's river and Fort McLeod was established. The police found plenty of work with the whiskey traders and soon gained the respect of the settlers and even the Indians, for their fair treatment.

In 1874, a fort was established at Calgary. Colonel Jarvis with 40 men, had charge of Fort Edmonton, where a Hudson Bay fort had been established since 1795. In 1876, Fort Saskatchewan was built, twenty-six miles from Edmonton. There were 13 forts established by 1881. In 1882, a fort was built at "Pile of Bones," now Regina. The government buildings were soon erected and in 1883, it was made the head quarter of the force for Canada with Commissioner Perry in charge.

From 1874 until 1879, there was not a man molested or killed until Constable Greybourne was murdered by one of the Blood Indians. With the disappearance of the buffalo, there was almost famine among the Indians and the police had a great work in feeding many thousands. The Indians killed the settlers' cattle and so great did the evil become that many of the settlers moved across the boundary.

Early last year, the police force had fallen to about 500 men as the result of drafts for the various theatres of war. Enlistments since have brought it up and included is Dominion Police Force. Operations were extended to include British Columbia and various Eastern provinces. The latest post to be established is Barnard Harbor on Coronation Gulf. This copper mine district is important because of large developments. Herschel Island, guarding the Arctic coast, is the most northerly patrol.

The air ship and airplane may be used in the long patrol of Canada's Northern Hinterland. The furthest patrol could be covered in 15 hours and it took the Klondyke gold seekers eighteen months.

His Royal Highness, the Prince of Wales is now honorary commandant of the force which will be brought up to a strength of 2,500 men. The men of the force are usually men of superior education. They have always been of great physique, Parthian riders, unexcelled scouts, accustomed to hardships and rough fare and schooled in all the arts of diplomacy. It has been truly said that "there is one thing on this planet longer than the equator and that is the arm of British justice, and the mounted police are the men who enforce it."—C. G.

TO HANDLE FIELDS WHICH NEVER RECEIVE MANURE

In Eastern Canada, including Ontario and the provinces eastward, there are approximately 20,761,000 acres under cultivation, of which, 9,585,000 acres are in hay. The live stock in these provinces can produce during the winter months only about 50 million tons of manure, an amount insufficient to cover the entire area under cultivation when applied in any ordinary length of rotation. For this reason, extensive areas, estimated between one-quarter and one-half the entire area, never receive any application of manure whatever. Such land is usually far removed from the farm buildings; it is left in hay and

The Workmen's Compensation Board

In the Royal Gazette, published last week, the annual notice of assessment rates upon industries coming within the provisions of the Act are published by the Workmen's Compensation Board of New Brunswick.

Seven classes are included in the extended notices which fill several columns of the official governmental publication, the Act under which the Board operates requiring that the rates for the ensuing year be published before January 1st.

Chairman John A. Sinclair, explaining the publication of the rates, said that the schedule was provisional only and was liable to extensive alterations, as they were dependent upon the requirements of the Board. He said that the only increase in rates that he recalled was that for logging and woods operations, which was advanced from 3 to 4 per cent., but pointed out that the rate for pulp and saw mills was reduced from about 2 1/2 to 2 per cent.

ENTERTAINMENT BY LOWER DERBY UNION S. S.

Lower Derby, Dec. 30—The Lower Derby Union Sunday School held a Christmas Entertainment on Monday Dec. 26th, E. C. O'Donnell, chairman Mr. Wm. FIRST CANADIAN NICKLE STRUCK

Ottawa, Jan 3—Ladies Mary and Elizabeth Byng, in the Canadian branch of the Royal mint this afternoon operated the press which made the first two Canadian nickels. His Excellency the Governor-General and Lady Byng were each presented with these two nickels, each in a plush case, as souvenirs of the occasion. These new coins are made of pure Canadian nickel, though of the same size as the familiar United States nickel, the latter has only twenty-five per cent. nickel the balance being copper. The Canadian coin is 835 inches in diameter and seventy grains in weight. On one side is the crowned effigy of His Majesty's head and bust wearing the royal robes and looking to left with the inscription "Georgius V. Dei Gra Rex Et Ind Imp" and on the reverse side in the centre is the figure "5" with the word "five" on the left and "cents" on the right, above the word "Canada," and below two maple leaves over the date of issue. The vice regal party was received by A. H. W. Cleave, deputy master of the mint. After being shown through the plant, Lord Byng reviewed the veterans in the plant drawn up to receive him.

BLISSFIELD NOTES

Christmas has passed very quietly and the young people are taking the advantage of the good sleighing. Many of the young men who spent Christmas at their homes have returned to the woods. Mr. Miles Urquhart spent Sunday the guest of Margaret Maroney. Mr. Miles Maroney has started a dancing class in New Salem Hall. Mr. William Moran has returned to work with Mr. Matthew Bergin. We are sorry to hear that Mr. Pat Cashen is on the sick list. Mr. Donald Cowie made a flying trip to Blackville on Friday. Mrs. Lee Allen spent Tuesday the guest of Mrs. John Simmons. Mr. Edward McCrae and Miss Ina Maroney were badly shaken up when their horse ran away while they were driving to Doaktown recently. Mr. Herman and Duncan Campbell spent Sunday evening at John T. Sutherland's. Mr. Milton Connors is teamster for John Weaver. Mr. William Holmes has accepted the position as bookkeeper for Coun. James C. Weaver. Miss Grace Weaver, who has been teaching at Berry's Mills is home for the winter. Miss Kathleen Maroney and Howard Doak spent Sunday evening at John T. Sutherlands. Miss Laura Connors and Douglas Arbo made a flying trip to Doaktown Saturday evening. Mrs. Edward Hogan was calling on Mrs. Harry Weaver recently. Mr. John Moran is spending his vacation at home. We are glad that Miss Mitchell is taking our school again. While walking across the river the other day Mr. Henry Hogan broke through the ice and was rescued by E. Hogan.

GAINS REPORTED BY BUSINESS MEN

Resident of Salt Lake City Adds Ten Pounds While Wife Gains 28 Pounds In Weight.

John J. Perry, 370 Quince St., well known Salt Lake City, Utah, business man, in reporting remarkable gains in weight both by himself and his wife says: "My wife gained twenty-eight pounds and I gained ten pounds in a few weeks by taking Tanlac. The change in Mrs. Perry is all the more remarkable, as she had been going down hill steadily for four or five years. She got no nourishment from her food and I don't believe she averaged three hours sleep out of twenty-four. "While my condition was not as serious as hers, I had been under the weather for some time, had no appetite and was bothered a good deal by indigestion. Tanlac has certainly proved all and more than is claimed for it with us." Tanlac is sold by all leading druggists.

Advertisement for PEPS, featuring the word 'PEPS' in large letters and text: 'the real breathable tablets, make the throat, chest, and lungs cold, resisting. When a nasty cold or a coughing bout foretells the revival of your old bronchial trouble, the best thing to do is to take Peps at once to strengthen and

PROTECT

the chest. When a Peps tablet is taken from its preserving silver wrapper and allowed to dissolve in the mouth, it gives off powerful medicinal and germicidal fumes that immediately circulate with the breath through all the air-passages, and destroy any germs that have got into

YOUR

nostrils and throat. At the same time the sore, inflamed membrane is soothed, healed, and protected, phlegm is released from the bronchials, breathing is made easy, and that distressing cough and throat soreness disappear. By this direct treatment Peps keep trouble off the

CHEST

and lungs, and the worst weather can be faced without fear of evil consequences. It is the safest plan to always have a few Peps handy to arrest a cold, and prevent it reaching the lungs or starting bronchitis and chest weakness.

Cowboy Life on a Western Ranch

- (1) Guy Weadick, of the T. S. Ranch, Longview, Alberta, Canada. (2) Miss Flores LaDue, world's champion lady fancy roper, Mr. Weadick's partner. (3) Broncho Buster on T. S. Ranch.

The romance of life among the cowboys on a Western ranch has been depicted so often in the movies that a number of people who go each year to the Canadian Rockies have said: "Why not spend our own vacation this way? Why not take a change from the big tourist hotels and do the thing in the real wild western style?" "Easiest thing in the world," said Guy Weadick, Stage-Manager for many of the great Stampede and Frontier Day Celebrations at Calgary and elsewhere, and to make it easier still he secured the "T. S." Ranch in the foothills of the Rockies, near the ranch recently purchased by the Prince of Wales and in partnership with Miss Flores LaDue, the World's Champion Lady Fancy Roper, he has undertaken to entertain a few selected parties of those who desire to spend their holidays on a real Western Canadian Ranch, where fishing and hunting are plentiful and where the mountain scenery is magnificent beyond words.

The "T. S." Ranch is situated in the Eden Valley, right at the base of Mt. Head, on the trail that leads to Banff, 60 miles to the northwest, through the Stony Indian reservation. Pack outfits are run from the ranch to the beautiful Kananaskis Lakes. Numerous other worth while pack trips can be made from the ranch through the Canadian Rockies. From the ranch house through the hills it is 11 miles to the E. P. Ranch, the property of H.R.H. the Prince of Wales. Adjoining the T. S. on the eastern boundary is the famous Bar-U Ranch, the property of George Lane, one of the cattle kings of the Northwest, who also enjoys the distinction of being the largest owner of pure bred Percheron horses in the world. Although the town of High River is 35 miles away, and the nearest railroad point on the Canadian Pacific Railroad, there is a good auto trail through the valley from the T. S. Ranch direct to Calgary, the metropolis of Alberta, 60 miles away; the trip can be made by auto in three hours.

The mail for the ranch is received at Longview P.O., Alberta, and although it is twenty miles from the ranch, the cowboys are always on hand to see that the "mail" is delivered promptly. Once a week during the summer months the boys on the ranch put on exhibitions of their sports for the pleasure of the visitors. Riding of bucking horses, roping, cowpoy races and the various other daredevil stunts dear to the cowboy's heart are indulged in.

Geologists will also find many opportunities for scientific research as the whole formation is an over-thrust from the Old Man River south of the Crow's

Nest Pass to Swift Current in the Glacier. Coal oil seepages are plentiful, new ones being discovered every once in a while. Side trips along these routes can be made with husky pack dogs, to Virgin Valleys, which have never been explored by tourists. This is a form of sport, that as yet, has never before been introduced by guides and outfitters. Dog trails can be had for winter trips, but these trips are only suitable for people prepared to put in a certain amount of hardship and "real roughing it," as the tourist would have to do a good deal of snowshoeing. One of the features of a visit to the T. S. Ranch is the fact that within a few-hours after leaving the railroad, one finds oneself in the wilderness amongst the haunts of the big horn sheep and grizzly bear, where the rainbow and Dolly Varden trout disport themselves in the clear pools of snow-fed mountain streams.

CHILDREN LIKE TO TAKE

Advertisement for NADRUCO Syrup of Tar with Cod Liver Oil Compound, featuring an illustration of children and text: 'Its healing properties—so valuable in quickly relieving Coughs and Colds, Whooping Cough and Bronchitis—are masked and disguised by sweet, pleasant-tasting syrup. A dose at bed-time will save the children from coughing spells during the night, as this remedy soothes the throat and loosens the phlegm. Sold by all druggists. 28 Prepared by NATIONAL DRUG AND CHEMICAL COMPANY OF CANADA LIMITED'

Local and General News.

RECENT GUESTS OF LORD BEAVERBROOK
A London despatch of Dec. 14 says "Among the purely personal items in this week's Canada was the list of guests invited to attend the week-end at Lord Beaverbrook's home at Cherkley. The list included the Lord Chancellor and Lady Birkenhead, Sir James Dunn and Miss Peggy Lewis. Lloyd George motored down to spend the day on Monday."

JUST "PLAIN TOM"
London, Ont. Jan. 4.—Declaring that most ministers look upon the title "Reverend" as worn out and obsolete, Rev. T. S. Roy, pastor of Talbot Street Baptist Church, who has resigned and is going to a church in Brockton, Mass., says that if the members of his new congregation have no objection he will dispense with the appellation when he takes over his duties. He desires to be known only as plain T. S. Roy. Rev. Mr. Roy is a Newcastle boy, his parents being resident here.

SUGAR DROPPED
50 CENTS AT OPENING OF THE YEAR

Toronto, Jan 4.—The New Year started auspiciously with a drop in the price of sugar. The reduction amounts to 50 cents per hundred-weight. The wholesale price on best granulated delivered Toronto, is now quoted at \$7.24 per cwt. In the first week of January last year, the whole sale price was \$10.71 per hundred.

FOSTER GOVERNMENT NOT TO HOLD BYE-ELECTIONS

The Government last week spent considerable time discussing taxation and assessment matters with Dr. W. C. Kierstead, professor of political economy at the U. N. B., who has acted as taxation expert for the Government in the past.

It is understood that some new schemes of taxation are under consideration, some action being likely in the immediate future because of the decline in provincial revenues, due especially to the depression in the lumber industry.

New Brunswick will probably make an issue at an early date of \$1,800,000 of bonds. The funds, Premier Foster said, were for expenditures for the development of electric power and had been authorized by the Provincial Legislature in the act dealing with hydro-electric development in the Province. Whether the bonds will bear 5 1/2 or 6 per cent interest, and whether they will be short or more extended term bonds has not been decided.

Thursday, Feb. 23rd was named as the probable date for the opening of the coming session of the New Brunswick Legislature.

The Premier said that the Legislature would not open earlier than the date named, but intimated there might be a delay until Thursday, March 2.

Hon. W. Foster, Premier of New Brunswick, announced at the conclusion of the Provincial Government meeting that no bye-elections will be called at the present time to fill the vacancies in the Legislature. There are three vacancies.

Winter Weather Hard On Little Ones

Our Canadian winters are exceedingly hard on the health of little ones. The weather is often so severe that the mother cannot take the little one out for an airing. The consequence is that baby is confined to overheated, badly ventilated rooms; takes cold and becomes cross and peevish. Baby's Own Tablets should be given to keep the little one healthy. They are a mild laxative which regulate the stomach and bowels and thus prevent colds. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville Ont.
