PLANS FOR A BRILLIANT CEREMONY OF PEACE TREATY AT THE SIGNING

Formalities to be Carried out on Elaborate Scale—Will Take Over an Hour to Affix Signatures.

PARIS, June 17.—Plans for the great formal ceremony on the signing of the peace treaty at the Chateau of Versailles have been withdrawn from the pig-embolism in which they were gathering when no definite date for the signing was in prospect, and are being brought up to date. It is probable they will soon be submitted to Premier Clemenceau or the Council of Five for the necessary approval before being put into effect.

French officials, entrusted with the arrangements were informed originally that everything must be ready for the signing on June 28. They worked out an elaborate project with diagrams, sketches, time tables and suggestions for sample tickets for the plenipotentiaries, representatives of the press and spectators. They also laid out the routes for the automobiles which will replace the state carriages of the former Peace Congresses. The project was forwarded about a month ago through the proper channels for approval.

Unexpected delay arose and the project for the ceremony disappeared from sight. It has been resurrected now for possible use about the end of the month.

Staged in Hall of Mirrors

The actual signing, as originally announced will be staged in the historic Hall of Mirrors, so often described. The delegates, who will arrive by automobile, after traversing the Bois de Boulogne and the historic Park of St. Cloud, where the favorite residence of Napoleon once stood, will enter Versailles by the Avenue de Paris—a boulevard almost 100 yards wide leading directly to the main entrance of the chateau. Beyond the enclosure reserved for the general public they will pass between the tribunes reserved for the plenipotentiaries, which will depend from the carriages in the doorway of the chateau through which the Paris mob on the momentary day of French revolution broke into the chateau, massacred the Swiss guards and compelled King Louis and Queen Marie Antoinette to return to Paris.

Once Occupied by Monarch

To reach the Hall of Mirrors the delegates will traverse the State apartment at one time, occupied by the monarch and his queen. A space at either end of the Hall of Mirrors will be railed off. At one end will be the privileged spectators, while at the other will be the correspondents representing the newspapers of the world.

Probably only the French flag will float from the chateau at the opening of the ceremony, but when the pen of President Wilson, as the first delegate, is placed to the document the standards of the twenty-three nations associated in the war will be broken out upon the chateau in a gay display of triumphal bunting.

It is expected that the ceremony will be timed to begin about five o'clock in the afternoon. There will be speeches by Premier Clemenceau as chairman of the Conference, and by the head of the German delegation. The actual work of affixing the signatures of the plenipotentiaries of all the belligerent nations will occupy well over an hour.

The plenipotentiaries after the ceremony will leave the chateau by a portal opening on the terrace, from which many of the fountains are visible. The German delegates, no longer regarded as enemies, will walk along with the other plenipotentiaries.

FELL FROM SHAFT TO HIS DEATH

Fatal Accident Yesterday Afternoon on Welland Ship Canal—Mr. Benjamin Price Dies From Injuries.

An accident which proved fatal occurred on Monday afternoon, when Mr. Benjamin Price, who has made his home with Mr. and Mrs. W. Price at Orchard Park fell from the shafts which operate the stone crusher on the section of the new Welland Ship Canal on the outskirts of Merriton.

Deceased, who was a returned soldier, 37 years of age, had repeatedly been doing the same duties as he was doing when the accident happened, but owing to some reasons yet unknown he fell a distance of 45 feet, and never regained consciousness. He was at once taken by ambulance to the Canal Hospital at Homer where he passed away last night at 7 o'clock. The late Mr. Price has been alone in this city, all his relatives residing in England. An inquest will be opened at Grobb Bros. order after the usual delay.

NOT CIVIL CONTROL ON LEFT OF RHINE

It's Eliminated From the Final Draft of the Terms.

VERSAILLES, June 17.—The delivery of the allied reply to the German counter-proposals, which was set for four o'clock yesterday afternoon, was postponed at that hour until six o'clock last evening. The revised treaty will be delivered with the reply.

The provisions for civil control of the territory on the left bank of the Rhine, which had been tentatively agreed upon, was eliminated from the final draft of the terms.

The German plenipotentiaries will sign a receipt for the treaty writing upon it the exact time from which the five days' limit within which they must sign or reject the document will date.

WAITING FOR PEACE BEFORE STARTING ON RACE TRACKS

NEW YORK, June 17.—John H. Madigan, who is much concerned over the Canadian racing situation is spending a few days at the Jamaica track "Regarding the sport in Canada," said he, "everyone is prepared to begin racing as soon as peace is signed. Just where the first meeting will be held I don't know, but I think it will be at Windsor. Nothing has been done prematurely as regards dates. They will be adjusted as soon as peace is declared."

In a letter from Toronto it is stated racing will begin there at the half mile tracks as early as possible.

LATONIA, Ky., June 17.—George M. Hendrie, president of the Windsor Jockey Club, is taking in a few days' racing at Latonia.

The funeral of the late Mrs. Emily Sageret took place from the funeral parlors of McIntyre and son on Monday afternoon to Fonthill Cemetery. Rev. G. H. Smith officiating. The following members of the family acted as bearers: E. Ramey, E. Ridley, James Sageret, Charles Sageret, F. Lampman, O. Lampman.

A strike order to 40,000 railway shophmen through Canada was issued by the Executive of Division No. 4 at Montreal, to take effect to-morrow morning unless concessions are made by the Canadian Railway War Board.

CARRIED OFF A SAFE

TORONTO, June 17.—Thieves with the aid of a stolen automobile carted away a safe from a gasoline service station on St. Clair avenue Sunday morning. They made their way to a spot in the country near Vaughan road and Eglinton avenue, where they were seen trying to smash open the safe. Police Sergeant Walker and Constable Young motored to the spot but the thieves ran away when they saw the officers and left the safe intact. The motor they had was stolen from 511 Parliament street.

THE WEATHER

TORONTO, June 17.—The weather has been very warm in Ontario and comparatively cool in Eastern Quebec and the Maritime Provinces. A few light scattered showers have occurred in all the provinces except Manitoba.

GLAD BRITISHERS DID TRICK FIRST

LONDON, June 17.—David Lloyd George, the British Prime Minister, has sent from Paris the following telegram to Capt. Alcock.

"Heartiest congratulations to you and Lieut. Brown on your audacious and successful flight. It is a splendid achievement."

"I am especially delighted that two British officers, who fought in the war should have been the first to link Europe and America in a single non-stop flight."

MORE MATURE CONSIDERATION TO BE GIVEN TO PROPOSALS FOR HYDRO RADIAL LINE

CITY COUNCIL HESITATES TO PASS RESOLUTION ASSUMING MORE LIABILITY IN CONNECTION WITH THE CONSTRUCTION OF RAILWAY FROM PORT CREDIT

Quite a bit of business was put through without much waste of time at the City Council last night. Some debate, short and crisp took place on the resolution required by the Hydro Electric Commission and by consent it was allowed to remain on the table till the next meeting so that further consideration may be given.

The merits of various kinds of pavement was also argued but the tenders allotted a couple of weeks ago for concrete remain as let.

Reports of committees were adopted without change.

City Clerk Pay read communications from City Clerk Lett of Ottawa asking for information as to what per centage of the voters of this city had failed to exercise their franchise as it was proposed to get legislation to take away the franchise from those who did not exercise it.

An application from Alec Christopher and others for the transfer of a license from James Copeland 45 Geneva Street to 145 St. Paul Street.

From L. Bessey clerk of Grantham asking for a sewer on Grantham Ave.

The reports of those Committees which had them to submit were as follows:

Park and Cemetery Committee

The Park and Cemetery Committee reported: Application having been received from both the Great War Veterans Association and the 19th Regimental Band for refreshment privileges in the Park on hand concert evenings Your Committee was able to effect arrangements satisfactory to both applicants.

Your committee has allowed Mr. John Dixon a refreshment privilege for the Lacrosse Grounds for four months from June 1st at ten dollars per month.

Your Committee called for tenders for painting roofs of band stand and pavilion at the Park and recommend acceptance of the tender of Miss Albon, King Street, at ten dollars for painting roof of band stand and seventy dollars for roof of pavilion, the same being the lowest tender received.

Your Committee with the City Engineer has estimated the approximate cost of repairs to the grand stand at the Lacrosse Grounds at one hundred dollars for lumber, fifty dollars for labor and recommend the work be done under the supervision of the building inspector and that Mr. E. C. Nicholson be engaged to do the necessary work. The amount involved is considerably below the yearly estimates.

Your Committee recommend the purchase of a new uniform for the Park Superintendent at an estimated cost of forty eight dollars.

Your Committee recommend that permission be given to the Great War Veterans Association to hold dances in the Park Pavilion on Monday evenings during the summer season.

Conservation Committee

The Conservation Committee reported that the sale of Government fish a title of McCalland Brothers, King Street, amounted to during the week June 2nd to June 7th one ton, during the week June 9th to June 14th, 500 pounds.

The fish consisted of white fish, pickerel and trout and are reported to be in good condition, kept on ice at the store and retailed as fresh as possible. The sale of the fish is disappointing to your committee as well as to McCalland Brothers. The general public have not seemingly realized that owing to the amount purchased by the Government, fresh fish are offered for sale at bargain prices. Reports from other cities where the sale of Government fish has extended over some months are more encouraging.

For instance Sarnia, situated so that it should secure cheap and fresh fish has been handling large quantities of Government fish and retailing same to the citizens at fifteen cents per pound, while for Lake Huron white fish twenty one cents per pound is asked and merchant reports the quality of the fish to be of the best.

Your Committee therefore hope that the public generally will quickly realize that the Government, City Council and McCalland Brothers are trying to offer them wholesome food at bargain prices and so are helping to combat the high cost of living.

Works Report

The Board of Works recommended that the reports and estimates for the following Local Improvements as prepared by the City Engineer be and are hereby received and adopted:

40,000 RAILWAY SHOPMEN OF CANADA ORDERED TO DROP TOOLS TOMORROW

MONTREAL, QUE., June 17.—Orders for a strike of 40,000 employees of division No. 4 Railway Shopmen of America, effective on Wednesday were issued late yesterday by the Executive committee. The order follows: "An unsuccessful attempt of a delegation of the shopmen to negotiating an increased wage scale and shorter working hours."

Eleventh hour concessions on the part of the Canadian railway board are the only means to prevent a walk-out, union leaders say.

A. W. WRIGHT'S FUNERAL

Rev. A. F. McGregor and Rev. J. A. Turnbull Conduct the Service.

TORONTO, June 17.—The funeral of Alexander Whyte Wright, Vice-Chairman of the Workmen's Compensation Board, took place yesterday afternoon from his residence, 105 Macdonnell avenue, to Prospect Cemetery. Rev. A. F. McGregor of Niagara-on-the-Lake conducted the services, assisted by Rev. J. A. Turnbull. The pallbearers were Messrs. Sam Price, George Kingston, Sir John Willison, A. H. Wright, Charles Walker, H. A. McDonald Napier Robinson and William Fitzgerald.

EMPLOYERS NOW RECOGNIZE MEN'S RIGHT TO BARGAIN

Both Sides Give Ground in Winnipeg Trouble Since Saturday.

UNION AT LAST IS RECOGNIZED

WINNIPEG, MAN., June 17.—The strike situation has improved but very little as yet as the result of the ironmasters' defining collective bargaining in a way endorsed by the railway brotherhoods, Minister of Labor and great railways. What the Strike Committee will say is fairly well known. Even though the definition of a collective bargaining were acceptable they would not call the strike off unless assurances were received that all Governmental and other employees would be reinstated.

Both Give Way

It will be noticed that all four letters agreeing as to the form of collective bargaining were dated yesterday, though they appeared in a morning paper. As intimated, the basis for this agreement was reached late on Saturday.

GOSLINGS IN COAL BIN PRINCIPALS IN COURT

One Citizen Charges Another With Theft, While Defendant Says Poultry Came on a Visit.

An interesting case was heard by Magistrate Campbell this morning when Mrs. Capper, Westchester Avenue, laid a charge against Mrs. Rideau for stealing eight goslings. When Serg. McCarthy visited the Rideau home on Monday afternoon he found the poultry, six living and two dead, in a coal bin at the back of the house. He was informed by the woman of the house that the goslings had come to her place and at they were destroying her garden and had locked them up until such time as the owner would call for them. Through Mrs. Rideau's counsel, A. Courtney Kingston, the case was dismissed.

MILITARY LEADERS AT BIG FIVE MEETING

PARIS, June 17.—Marshal Foch and other military leaders attended the meeting of the Council of Five. The meeting developed the nature of a general wind up of the German situation, various phases of last hour moves and possibilities were discussed. Some members of the Reparations Commission also met the Council.

SHORT EXTENSION OF TIME GIVEN BEFORE GERMANY MUST REPLY

TO DOUBLE STRENGTH OF PERMANENT FORCE

OTTAWA, June 17.—Major-General Mewburn, Minister of Militia, in the House yesterday introduced the bill to amend the Militia Act as to provide for a permanent force in Canada of not exceeding 10,000 instead of 5,000 as at present. The bill was read a first time.

METHODISTS WILL NOT RENOUNCE ALL PROFITS

Committee of 54 at Toronto Conference Turns Down the Radical Element.

TORONTO, June 17.—Profits are not to be entirely denounced by the Methodists. This is the indication at the Toronto conference today, where a committee of 54 ministers and laymen is in session in an endeavor to interpret the meaning of the resolution of the General Conference, which advocated substitution of co-operation for the present system of competition and profits.

Radicals in the church, it is said, would have this interpreted to mean the wiping out of all profits. But the main body of the church, clerical and lay, will hardly stand for this, advanced economic theory. Rev. Dr. Brown, General Superintendent, told conference last week that by whatever name it was called there must be a reasonable difference between the buying and the selling price. Just now it is called the profit.

Today the new Book Statement, Rev. S. W. Falls, upheld the idea of a fair profit in reporting on the Methodist Book Room. He argued that the people who invested \$800,000 in the Book Room must be protected, but he would not stand for wages to be kept down in order to produce profits for church funds.

Members of the committee of 54 remarked that the speech of Mr. Falls made their problem a little harder to solve, but they went into session at noon in an effort to arrive at some conclusion. The matter will come before conference to-morrow.

ALLIES TO DEMAND HUN WAR CRIMINALS

PARIS, June 17.—The allies have promised Germany to deliver within one month a list of persons whom they intend to try for the responsibility for the war and violation of the laws of war.

GASOLINE GOES DOWN ONE CENT

LUBRICATING OILS ALSO REDUCED BY REMOVAL OF THE 7 1/2 P.C. WAR TAX

Coincident with the removal of the 1 1/2 per cent. war tax on crude oil the Imperial Oil Company has made a reduction of one cent per gallon in gasoline and from one to two cents per gallon in lubricating oils, according to the grade. Taking the price of the crude oil at the wells, the removal of the war tax to a manufacturing concern like the Imperial Oil Company a gasoline and lubricating oils announced as effective on June 2nd.

Here the party was grouped along one side of the room. In front of M. Dutasta was a large marble topped table, upon which the documents were placed in two piles. There was considerable wait before Legation Secretary Simon and Baron von Loersner arrived, escorted by two French officers. The Germans took their place at the other side of the table.

At 6.45 o'clock Herr Simon informally reached across the table and took the documents and handed them to Baron von Loersner, this actually constituting the formal receipt of the treaty and the ultimatum. A receipt from the Germans for the document was required by M. Dutasta.

After the brief conversation between M. Dutasta and Herr Simon, the Germans returned to their apartment in the hotel, Von Loersner carrying the documents under his arm in a green portfolio. Later Count von Brockwitz Rantau boarded a train for Weimar, taking the papers with him.

VELLAND SHIPBUILDERS RETURN TO THEIR WORK

British American Co. and Employees Mutually Satisfied.

WELLAND, June 17.—Striking employees of the British-American shipbuilding Company returned to work at that plant yesterday morning, having accepted a compromise offered them by the company, in which the company grants some of the requests formerly made by the men, and in which the men dropped some of the points which they formerly demanded.

A mass meeting of the strikers was held last Saturday morning in Labor Hall, Cross street, and by a unanimous vote it was decided to return to work.

The Marine Trades Federation, met officials of the company at the company's offices and the company then presented its proposal, which provides for an eight-hour day, a forty-four hour week and a general increase in wages. The wage increase practically grants all the demands made by the men in their last revised schedule.

NEW YORK STATE RATIFIES WOMAN'S SUFFRAGE

ALBANY, June 17.—The New York state legislature, without a dissenting vote, has ratified the woman suffrage amendment to the federal constitution.

ERNEST N. MACDONALD OF SOUTH DRUMMER, PRESIDENT OF THE U. P. O.

Ernest N. Macdonald of South Drummer, President of the U. P. O. was nominated as farmers' candidate for riding in the Legislature.

PEACE DOCUMENT FORMALLY TURNED OVER TO ENVOYS WHO ARE ALLOWED 48 HOURS ADDITIONAL BREATHING SPACE—ALLIED ARMIES ARE READY

PARIS, Jan. 17.—The Germans have been granted an additional 48 hours in which to make their reply regarding the signing of the peace treaty.

VERSAILLES, June 17.—The reply of the Allied and associated governments to Germany's counter proposals to the peace treaty, tonight are in the hands of Count von Brockwitz Rantau who is on his way to Weimar there to present to the German national assembly the final word of the victors in the war.

Few Changes Made

Few changes have been made in the revised peace treaty. The original intentions of the Allied and associated powers have virtually been kept intact. Five days are given the Germans to answer yes or no to the demands of the Allies. If Germany's reply is acquiescence the treaty will be immediately signed; if Germany declines to accept, to the demands the armistice will be automatically terminated and the Allies' armed forces will take whatever steps they deem requisite, to the occasion.

With the revised treaty containing interlineations in red ink where changes had been made in it was a covering note, written by Premier Clemenceau, president of the peace conference. It had been impossible to reprint the treaty in time for its presentation today.

Castigates Germany

The covering note severely castigates Germany for protesting against the treaty on the grounds that the treaty conflicts with the terms of the armistice. M. Clemenceau says Germany fails to understand the position she occupies today in the estimation of the world for being responsible for a war which was "the greatest crime against humanity and the freedom of the people that any nation, calling itself civilized, has ever consciously committed."

Without display Paul Dutasta, general secretary of the peace conference at 6.45 o'clock this evening placed the revised draft of the treaty and the note in the hands of German Legation Secretary Simon and Baron von Loersner, with whom M. Dutasta held a conversation lasting for several minutes, explaining the nature of the instrument and the length of time allotted for the Germans to reply. Herr Simon protested against the short time allotted Germany to make known her intentions.

M. Dutasta arrived in Versailles by automobile from Paris at 6.20 o'clock carrying the momentous documents in two parcels. He was received by Colonel Henry, master of ceremonies at Versailles and officers of the Allied missions and conducted to the reading room of the Hotel des Reservoirs.

CASTIGATES GERMANY

WITHOUT DISPLAY PAUL DUTASTA, GENERAL SECRETARY OF THE PEACE CONFERENCE AT 6.45 O'CLOCK THIS EVENING PLACED THE REVISED DRAFT OF THE TREATY AND THE NOTE IN THE HANDS OF GERMAN LEGATION SECRETARY SIMON AND BARON VON LOERSNER, WITH WHOM M. DUTASTA HELD A CONVERSATION LASTING FOR SEVERAL MINUTES, EXPLAINING THE NATURE OF THE INSTRUMENT AND THE LENGTH OF TIME ALLOTTED FOR THE GERMANS TO REPLY.

HERE THE PARTY WAS GROUPED ALONG ONE SIDE OF THE ROOM. IN FRONT OF M. DUTASTA WAS A LARGE MARBLE TOPPED TABLE, UPON WHICH THE DOCUMENTS WERE PLACED IN TWO PILES. THERE WAS CONSIDERABLE WAIT BEFORE LEGATION SECRETARY SIMON AND BARON VON LOERSNER ARRIVED, ESCORTED BY TWO FRENCH OFFICERS. THE GERMANS TOOK THEIR PLACE AT THE OTHER SIDE OF THE TABLE.

AT 6.45 O'CLOCK HERR SIMON INFORMALLY REACHED ACROSS THE TABLE AND TOOK THE DOCUMENTS AND HANDED THEM TO BARON VON LOERSNER, THIS ACTUALLY CONSTITUTING THE FORMAL RECEIPT OF THE TREATY AND THE ULTIMATUM. A RECEIPT FROM THE GERMANS FOR THE DOCUMENT WAS REQUIRED BY M. DUTASTA.

AFTER THE BRIEF CONVERSATION BETWEEN M. DUTASTA AND HERR SIMON, THE GERMANS RETURNED TO THEIR APARTMENT IN THE HOTEL, VON LOERSNER CARRYING THE DOCUMENTS UNDER HIS ARM IN A GREEN PORTFOLIO. LATER COUNT VON BROCKWITZ RANTAU BOARDED A TRAIN FOR WEIMAR, TAKING THE PAPERS WITH HIM.

ERNEST N. MACDONALD OF SOUTH DRUMMER, PRESIDENT OF THE U. P. O. WAS NOMINATED AS FARMERS' CANDIDATE FOR RIDING IN THE LEGISLATURE.

THE MARINE TRADES FEDERATION MET OFFICIALS OF THE COMPANY AT THE COMPANY'S OFFICES AND THE COMPANY THEN PRESENTED ITS PROPOSAL, WHICH PROVIDES FOR AN EIGHT-HOUR DAY, A FORTY-FOUR HOUR WEEK AND A GENERAL INCREASE IN WAGES. THE WAGE INCREASE PRACTICALLY GRANTS ALL THE DEMANDS MADE BY THE MEN IN THEIR LAST REVISED SCHEDULE.

YOUR COMMITTEE FURTHER REPORT THAT BY REASON OF THE FAILURE OF HOWARD HODGKINS AND HIS GUARANTORS TO COMPLETE THE CONTRACT FOR GARBAGE SERVICE AND FAILURE TO FURNISH THE REQUIRED BOND AND ALSO ON ACCOUNT OF THE WILLFUL AND CONTINUOUS BREACH OF THE TERMS OF THE AGREEMENT AND UNSATISFACTORY NATURE OF THE SERVICE RENDERED.

EIGHT-HOUR DAY FOR NURSES

The six hundred nurses enrolled at the General Registry of Nurses have taken steps to secure better hours when engaged in regular hospital service. In the hospitals they have been serving in two twelve-hour shifts, from 7 to 7, and they have made application for an eight-hour day in hospital service, the new arrangement to come into effect on the first of January next.

Twelve hours is a long day. It means that fourteen hours of the twenty-four are spent on duty and in getting to and from it, and much of the service is of a very exacting kind.

The hospitals find it very difficult to meet expenses if it is, and shorter hours and increased pay to the nurses will make the financial problem of hospital management more difficult than before. The pay patients will be at a greater expense for attendance. But whatever the difficulties of hospital finance are or may become, the community cannot very well shoulder it off on the nurses by requiring them to put in twelve hours a day for more efficient nursing and improved hospitals the public should pay.

WHAT EXCHANGES SAY

THE GREAT AMERICAN PUZZLE
 (New York Evening Sun)

The provincial labor bureaus of Ontario report that they cannot begin to cope with the demands for adult labor that are coming from nearly all rural sections in addition to the requests for the boys and girls for the lighter work. Canada is probably better off than we are as to farm labor, especially in Quebec and in parts of the Northwest, but the lure of the cities has produced much the same results, notably in more thickly settled Ontario as it has here.

On the Pacific coast there is renewed agitation by British Columbia farmers for free admission of Chinese. That solution is no more practical to the Canadians than to us, but many consider it inevitable. The agricultural labor supply remains the great unsolved American puzzle.

BOTH EXTREMES WRONG
 (Toronto Star)

There are two sorts of men who act from extreme views just now and the average man should we think, regard both as wrong. The advocate of One Big Union, who would work his will by using force and compulsion on the whole body of the people regardless of right or wrong, is regarded as a foolish and dangerous leader. The man of the other class, of that other group, who, whatever liberal words and phrases he may employ, really aims to squeeze and suppress everybody and everything back into the conditions as they existed before the war—his, too, should by the average man be regarded as a foolish leader and an enemy of the rational solution of present industrial problems.

The huge amphitheatre where the Willard Dempsey championship bout is to take place is rapidly nearing completion, and it is expected that it will hold a larger crowd on July fourth this year than did the famous New Haven structure on the occasion of the last Yale-Harvard football game, when something like a crowd of seventy thousand attended.

Toronto lost twice to Baltimore in the International League yesterday. Pitcher Jones met his first defeat of the season in the second game.

MORE INFORMATION WANTED

While most anxious to see a radial line come into the city from the west so as to link up closely Grimsby, Brantville, etc., with this city, still we are not satisfied yet that enough information has been given to the public to justify the City Council in going ahead with an extra liability in addition to the \$625,000 it assumed when it carried the by-law in 1916. Then conditions were different from those prevailing now. Labor was lower and no doubt many of the costs of materials were higher. What we want to be thoroughly convinced of is whether the road as then mapped out can be built within the estimates. There is a prevalent feeling that it cannot and yet it is proposed to go ahead with the scheme. It does not follow that because members of the Council are hesitating in order to get information that they will not eventually pass the resolution. Of that we do not know but just now there needs to be more light shed on costs.

CONFERENCE UPON MUNICIPAL RIGHTS

OTTAWA, June 17.—Sir Robert Borden moved a resolution providing for a free conference between the Senate and House of Commons on the bill to consolidate and amend the Railway Act. The Senate has amended by a consequential amendment an amendment of the Commons to the bill and has refused to accept other amendments. This amendment relates to the control of streets by municipalities.

Mr. W. C. McQuarrie asked if members of the House would be allowed to attend this conference and express their views. He had been anxious to speak on the third reading of the bill and had been unable to do so.

The Premier said that if Mr. McQuarrie would communicate his views on the bill to him, he would try to have them placed before the conference.

Miss May Barnhart of Cornwall, a school teacher, and Gus Bradley are believed to have been drowned in the St. Lawrence four miles below Prescott.

Sir Lomer Gouin's Government was returned by acclamation in the nominations in Quebec, obtaining more than forty seats unopposed out of the eighty one in the Legislature.

MORE MATURE CONSIDERATION
 (continued from Page 1)

ed by the Contractor it is deemed advisable in the interests of the Corporation to terminate the Contract and therefore recommend that on week's notice of cancellation be given forthwith.

Your Committee further recommend the construction as a Local Improvement Act under Section 9 of the Local Improvement Act of the following:

A concrete sidewalk of suitable width with iron pipe railing on the south side of Great Western St. from St. Paul Street west to G. T. Railway Co. property.

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and decirculating through the system eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a table-spoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of this impurity.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

No other remedy will so surely and quickly correct stomach ailments, regulate the liver and improve the general health as a dose of

out walk at corner of Claxbridge Ave. to the easterly line of Lot 203.

Your Committee further recommend the construction as a Local Improvement Act under Section 9 of the Local Improvement Act of sewers of suitable size on:

Garnet Street from Brighton Ave. to Charles Ave. from Garnet St. to Faer St.

Your Committee further recommend that the City Engineer be and is hereby authorized to call for tenders for the sewers of the Faer Street System Western Hill System and Herriek Ave. System pending the preparing of the reports and estimates on same.

Your Committee further recommend that the permits to the Wells Garage Company to install a curb gasoline pump in front of their garage on Ontario Street previously granted by and is hereby renewed provided construction is completed within three months from date.

Your committee further recommend that two watering carts, being one with iron tubs and one with wooden barrel be and are hereby authorized to be sold to the Department of Public Highways for the price of \$175.00 and \$225.00 respectively. This leaves two flushers, two galvanized steel sprinklers and one oiling wagon which your Committee consider as ample for all requirements.

Your Committee previously had secured information and quotations on a portable reheating plant for making repairs to asphalt pavements and now that it is known that no contractor's asphalt paving plant will be available this year for making such repairs your Committee therefore recommend that the City Engineer be and is hereby authorized to purchase such a plant at an estimated cost of \$1850. Carried Council add Committee report.

Aroused Discussion
 A by-law, introduced by Ald. Smith re the construction of pavements and curbs as local improvements as set forth in report of the committee on local improvements; as published elsewhere in this issue, gave opportunity for discussion. It fixes the time of the debentures to cover the work as seven years.

Ald. Eagle asked why the life of the debentures was shortened from ten to seven years. With the price of paving etc., higher than in former years he did not know why it was wise to make the annual payments of people higher.

Ald. Smith said Ald. Eagle and others had been asking for short term debentures and the committee had decided to give them. Furthermore, the life of concrete pavements could not yet be properly estimated at more than seven ten years and costs very little more, enough to prove what period they were good for under hard usage.

Confident They'll Last
 Ald. Riffer and Dakers felt certain that concrete would give good service and they were cheaper than bituthic. They pointed to the pavement laid by Merritt as a good example of work.

"We are surely past the experimental stage in road building," said Ald. Westwood. "If the bituthic lives for ten years, and costs very little more for it not have been better to lay it?"

Ald. Hill said he did not think that all pavements should be concrete but his committee had so decided. After the concrete wore out it could be surfaced of course, with something else.

Ald. Hill wanted to know why the lowest tender had not been accepted when the first tenders were called for. It was lower than the contract awarded when the second tenders were called.

Didn't Comply With Terms
 The mayor stated that he had heard considerable criticism had been given in certain sections because the lowest tender had not been accepted some time ago when tenders were first called. He stated that the region was that the low tender was not accompanied by a check to cover the per centage fixed in the advertisement.

"Well we all know the firm was perfectly good for it," said the alderman.

"We did not question that," said the Mayor, "it is fair or business like to give a contract for several thousand dollars to a firm no matter how good it is which does not comply with the same conditions as its competitors? Other bidders had to put up marked checks for I think five per cent of the work and one check accompanying a tender was for several thousand dollars. Why then should another man who bid fail to send in a marked check for the amount required and expect to get the job? We want to do business on fair and honorable lines and I for one would agree to nothing else. Treat tenderers all alike for if you don't the ones who do not get the contract have a legitimate right to be

suspicious. When terms are set forth in tenders people who tender should comply with those terms and if they don't they have no right to feel aggrieved toward the Council."

The discussion ended here for the chair explained that the contracts had been awarded two weeks ago for concrete and the by-law was only to cover this work and therefore it would be idle to question its passage.

Ald. Eagle explained that he was only asking information.

Hydro Resolution
 The question of increased accommodation for burial grounds and for sports was discussed at some length.

The resolution introduced by Ald. Rose, as asked for the other night by Chief Engineer Gaby of the Hydro Commission, which authorizes the municipality to assume extra liability for the construction of a radial railway from Port Credit to this city, was subjected to considerable debate and was finally withdrawn as a motion and left before the house, a notice of motion to come up the next meeting.

The resolution sanctions the assumption on the part of this municipality of part of the liability of Saltfleet and West Flamboro townships which failed to pass the bylaw to go in on the hydro radial scheme. The percentage of liability may be five or it may run to ten per cent.

Ald. Rose said: "We have been clamoring for years for another road in from the west. Now that we have a chance to get it I think we should go ahead with the proposition."

Questions the Figures
 Ald. Riffer questioned the statement made at a special meeting of the Council last week by Mr. Gaby as Chief Engineer when he said he thought the road could be built within the estimates made in 1916.

"Mr. Gaby," remarked the alderman, "said that some of the materials that would enter into the cost are cheaper today than they were then, though he said labor had gone up. I am connected with the metal trade and the only thing in their line that is cheaper than I know of is base wire." Ald. Riffer then quoted figures on oak ties, coils, metals etc., all of which were much higher than in 1916. He didn't think the statement of Mr. Gaby would stand examination.

Build it Now
 Ald. Westwood argued that of course things had gone up in cost and that there was no likelihood of them ever going down to where they were before. He wanted to see another line coming in from the west and the sooner it came the better. He hoped also that this city would be on the main line, not side tracked, might be the case if it refused to go in on this proposal now.

Ald. Dakers said that he did not want to be charged with being against hydro but he was not convinced yet of the wisdom of passing this resolution.

A vote on the railway scheme should be taken at Niagara Falls to find out if it would go in on the plan if the road was to be built from St. Catharines to the frontier. He felt that the matter should be given more mature thought.

"Leave it all till the next regular meeting," said Ald. Eagle.

Doubts the Estimates
 The mayor said that he had been active in the city and county in helping to carry the radial bylaw in 1916 but he could not think that the road could be built today for the estimates as voted upon then. He would like the commission to check over those estimates very carefully and for them to go on record as saying that the work will not cost more. If it is to cost more than the public should know and the Council had a right to put the responsibility in this respect on the Commission. He too wanted to have more information.

With this the resolution was withdrawn and it was put in as a notice of motion.

Considerable discussion occurred over an application of Alge. Christopher for a transfer of pool room license. Ald. Dakers as chairman of the committee said he would not bring in a report for Christopher had been refused one. Ald. Nash said it was not leave the license where it is on Geneva Street.

"They should not be allowed to traffic in licenses," said Ald. Westwood.

"I don't want my boy around a pool room," said Ald. Hill "and therefore I am going to vote against it."

"The world is becoming broader in its sympathies," said the Mayor "and in your Y. M. C. A., Catholic lycums and even in some of the churches pool and billiards are being installed for the young people. You must give boys amusement of some kind or they will get into worse evils than playing pool."

The Mayor said he was not at all interested in these games nor in those licenses but as a matter of policy he was opposed to restricting the number. If only created a monopoly for those who now had the trade. Wipe them all out or give all a fair chance said the chair.

The resolution was allowed to stand over. After other brief matters the Council adjourned and enjoyed refreshments at the Garden Tea Room through the generosity of the proprietor Mr. Alex. Ness.

Cobalt Miners are Evidently in no Great Rush to go Out

COBALT, June 17.—There will be no immediate strike in the Cobalt camp. At a meeting of the Miners' Union held yesterday it was decided to abide by the action of the executive in promising the Minister of Labor to take no extreme step until all possibilities of settling the difference by negotiation have been exhausted.

Guarantees to this effect were given Senator Robertson and Mr. Quirk, the representative of the department who was in camp last week, and it is understood pressure will be brought to bear upon the operators to meet the union. The result vote of a week ago was announced and showed 1,170 members in favor of a strike and 161 members against. Four ballots were spoiled and one is missing.

The following noted sportsmen are participating in the inter-allied games at Paris: J. Army Howard, Winnipeg; W. Forsythe, Moose Jaw; R. Halliburton, Edmonton; L. Blades, Edmonton, and J. Massey, Toronto. The tug-of-war team is composed entirely of men from New Brunswick.

Taxes Year 1919

Under the authority of By-Law No. 3200 passed on the 26th day of March, 1919, notice is hereby given that all taxes for the year 1919 are now due and payable but may be paid in three instalments as follows, subject to the following exceptions and conditions:

Taxes which are not payable by Instalments
 Taxes in Income Assessment, Arrears of Taxes and charges collectable as taxes for any work done or services rendered by the Corporation are due and payable in bulk on or before the 26th day of June, 1919 (and not by instalments.)

Payments by Instalments
 1st. Instalment—due and payable on or before the 25th June 1919. One-half of the taxes will be the amount of the 1st. Instalment.

2nd. Instalment—due and payable on or before the 25th September 1919. One-quarter of the taxes will be the amount of the 2nd. Instalment.

3rd. Instalment—due and payable on or before the 25th November, 1919. One-quarter of the taxes will be the amount of the 3rd. Instalment.

Taxes not paid when due.
 If default is made in the payment of any instalment on the above dates, the privilege of payment by instalment becomes cancelled and the whole of the taxes or the balance unpaid, as the case may be, at once becomes due and payable together with percentages in addition, as follows:

Upon default in payment of taxes on the dates appointed,
 Penalty On amounts paid within ten days of time of such default, a percentage charge of one per cent. will be collected.

Penalty On amounts paid within twenty days of time of such default, a percentage charge of two per cent. will be collected.

Penalty On amounts paid within thirty days of time of such default, a percentage charge of three per cent. will be collected.

Penalty On amounts remaining unpaid after thirty days of time of such default, a percentage charge of five per cent. will be collected.

Failure to pay the above instalments of taxes as they become due not only forfeits the right of settlement by instalments but brings the parties under the penalty of the Assessment Law, which enacts, that in case any party shall REFUSE OR NEGLECT to pay the taxes imposed upon him for the space of fourteen days after demand, the Collector shall levy the same, with costs, by distress and sale of the goods and chattels of the party who ought to pay the same.

1. Ratepayers who do not receive their tax bills by the 1st. day of June should notify Tax Collector's Department of the fact.

2. Cheques tendered in payment of taxes must be "marked" by bank and made payable at par to the City of St. Catharines.

3. Taxpayers sending amounts by mail for payment of taxes should also enclose the tax bill and a self-addressed and stamped envelope for the return of receipted Tax-bill.

4. Taxes are payable at the office of City Tax Collector.

American Travellers Want Private Ownership

The Traffic Club of New York, with a membership of eleven hundred, of which the majority consists of users of the transportation systems of the country, has adopted the following resolution: That government ownership, management or operation of railroads is not conducive to economic efficiency, and that private initiative, enterprise and responsibility in the creation, extension, improvement and operation of the American railroads should as a matter of national policy be fostered and preserved.

That the extension of the present system of Federal control for a period of five years, or any extension beyond the limitation now prescribed by law of one year and nine months after the proclamation of peace, is earnestly opposed as prejudicial to the public interest.

That the recognized impracticability of continuing the Government operation of the railroads for twenty-one months after the respective owners, and that in view of the termination of hostilities, it should be the policy of the Railroad Administration to restore the integrity of individual properties and prepare for their return to the respective owners.

That the principle of reasonable, responsible and adequate Governmental regulation of transportation facilities is recognized and accepted, but that such regulation should provide for the encouragement, protection and development of the railroads.

That the Congress should promptly enact such revised legislation as will provide a uniform system of regulation in essential matters, safeguard the public interest, ensure adequate revenue to provide for equitable treatment of all questions affecting wages and working conditions of employees and attract sufficient capital to maintain and develop transportation facilities which shall meet the necessities of the commercial, manufacturing and agricultural interests of the country.

That energetic efforts should be exerted to accomplish the early return of the transportation systems of the country to the control and management of their owners, and the enactment of suitable legislation for the protection of the shipping and traveling public, the carriers and their employees.

ATTACK ON D. S. C. R. IS RAPIDLY SPREADING

Army and Navy Vets Join in Protest Against Administration.

The Khaki Call, the official organ of the Army and Navy Veterans in Canada, will print the following editorial in the July issue, under the heading "The Demand for a Re-organization of the Department of Soldiers' Civil Re-establishment."

"During the past few weeks there have been many changes in the administration of the Federal Department of the Soldiers' Civil Re-establishment and in every veterans' association from coast to coast there seems to be a unanimous opinion that from now on all administrative posts, in this branch of the civil service should be filled by returned men."

"The Khaki Call believes that this attitude of the various veterans associations is a sound one, and has no hesitancy in commending it for the consideration of the Government. While there may have been some excuse for civilians filling positions in the department prior to the signing of the armistice, that reason has become more and more unnecessary with the arrival of each troopship from overseas. The returned men today look upon the Department of Soldiers' Civil Re-establishment as his own vital link connecting him in a very vital way with the Government of the country. He cannot help but feel that any civilian exercising authority over him is very much out of place. The result is that he is not satisfied with receiving instructions from the civilian, and the civilian administrator is not satisfied with the work performed. This makes for lack of efficiency and both the country and the returned men are the sufferers."

Some One Will Be Scorched "The demand for a reorganization of the D. S. C. R. is sweeping across Canada like a prairie fire, and the Government would do well if it would anticipate the appeal which veterans all over the country will shortly make to them by appointing to office a strong new personnel at Ottawa, who will command the good will and respect of all veterans and the general public. Many of the officers and men who have made names for themselves during the great war, have already returned to Canada, and others will be coming home during the present month. Now, if ever, is the time for a grateful country to find further use for the gallant men who have upheld Canada's honor in foreign fields by affording them a further opportunity for helping their comrades to make good during the days and years of reconstruction. This is the ideal which many leading veterans throughout the Dominion are striving for, and if it is accomplished—as The Khaki Call believes it will be—then the Department of Soldiers' Civil Re-establishment will indeed become the most powerful influence for a happier repatriation than might otherwise be the psychology of the returned man is, not difficult for the man who has himself heard the whistle of the bullet and the booming of the guns."

W. H. Welch, managing editor of The Khaki Call, stated that the feeling among all classes of veterans was that the various branches of the department should be headed by returned men. "The problems of the returned men can be handled only by firm and careful treatment by those who have themselves been through the ordeal of battle," said Mr. Welch.

Complexion Lotion! Use Fresh Lemons and Strain Juice Any grocer will sell you two fresh lemons and your drug store will supply you with three ounces of orchard white. Put these in a bottle and shake well. Here you have a whole quarter pint of the most wonderful lemon lotion at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoothen and beautifier. Used by day, this sweetly fragrant lotion protects the skin from the evil effects of the weather and prevents roughness, redness, chafing and smarting. At night it works in the pores while you sleep and is intended to bring a freshness and peach like beauty that wins envy and admiration. Just try it! Make up a quart or pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally helps to whiten, soften, freshen and bring out the roses and beauty of any skin. It works marvelously on rough, red hands. Try and see for yourself.

FARM LOANS for SOLDIERS

Cheap Implements, Livestock and Harness

THE Soldier Settlement Board has arranged with manufacturers of implements and harness to give soldier settlers a wide choice of first class implements at prices substantially below those quoted to civilians; and in the Prairie Provinces the United Grain Growers, Limited, will give soldier settlers special prices on implements, wagons, and other commodities. By collective buying in large numbers for cash, it can also offer soldiers the lowest possible prices on horses and other live stock. It can supply a good harness set for approximately \$31.50 at point of manufacture. All these concessions are in addition to the Board's offer to secure for the soldiers good

land, conveniently located, and to give financial assistance in the way of loans to reestablish them on the land.

Land and Loans

With certain exceptions, a soldier who has served with good conduct in the Canadian, Imperial or Allied forces in an actual theatre of war or outside the country in which he enlisted (or widow of any such man) may secure loans to purchase land, live stock and equipment and erect buildings—

- (1) Up to \$4,500 to cover the cost of the land and discharge encumbrances. (2) Up to \$1,000 to erect buildings. Both these loans to be paid on the instalment plan. Payments extending over 25 years.

(3) Up to \$2,000 to buy implements, live stock, and equipment. The soldier will begin to pay off this loan in the third year, and will have four years to pay. Only five per cent. will be charged on these loans! A cash payment of one-tenth the price of the land will be required, except in special cases. Qualified settlers on Dominion Lands may secure loans up to a maximum of \$3,000 on a plan similar to the above for farm equipment, live stock, and erection of buildings, provided security offered justifies the loan. If you figure you have more than a fifty-fifty chance to make good as a farmer, write to your Provincial Superintendent at 32 Adelaide Street East, Toronto.

STATES MAKES WAR ON ABANDONED CATS ATLANTIC CITY, N.J., June 17.—State game warden have been called upon to join in a warfare upon cats which have been abandoned by the tenthousand workers in the Belco-

ville munition plant near May's Landing. The cats have turned wild and are killing game in their desperate effort to forage for a living. Young rabbits, it is claimed, are the chief sufferers, while the cats have begun systematic hunting for birds and small game. The guards

around the lants say that the felines flew as if mad when they approached them, and also that the new generation of tabbies are as shy as quail and disappear in the shrubbery, into holes and climb trees when a human being nears them.

EMPRESS'S WAR RECORD

(1) Captain Geo. S. Webster, R.N.R., of the Empress of Britain. (2) Arthur E. Philip, Chief Engineer of the Empress of Britain. (3) Six-inch gun crew standing by the gun on the Empress of Britain, at right Chief Officer F. H. Moore, who gave the gunners the orders.

THE "Empress of Britain," which sailed from New York on Sunday afternoon with 150 officers of the British War Mission, V.A.M.C. and Knights of Columbus workers, has already covered 173,130 miles since the outbreak of hostilities when she was taken over by the British Government, and has transported 110,000 troops overseas. She took thousands of Australians and Britishers to Gallipoli, and was one of the transports assigned to take them away. The Suez Canal being closed, she made a 16 months trip around the Cape of Good Hope with troops for German East Africa and also for Mesopotamia. She made eight trips with Canadian troops and for the first seven months of the war patrolled the South Atlantic as an admiralty cruiser. It was during one of the trips across the Atlantic with 6,000 troops

board, that a German submarine launched two torpedoes, one of which due to a lucky 2-2-2, missed the ship by three feet, and the other passed a dozen feet astern. At least a dozen attacks were made upon the "Empress of Britain" during the war by U-boats. Captain George S. Webster, R.N.R., who is the present commander of the "Empress of Britain," has made 37 trips across the Atlantic since the outbreak of the war. When the "Empress of Britain" reached New York last Tuesday, she had aboard 2,450 U. S. troops, including 400 sick and wounded heroes, and she is returning to Liverpool for more. When this work of transporting U. S. troops is finished, she will return to her home port, St. John, New Brunswick.

During the war, the C. P. O. S. ships have transported over a million troops and passengers on war business. Only eight soldiers were lost by enemy action. The "Empress of Russia," now in Liverpool, will take troops to Australia, and then return to her regular route across the Pacific from Vancouver to ports in the far east. The "Empress of Asia" will go back to Vancouver through the Panama Canal with Canadian troops enlisted in British Columbia. Arthur Edward Philip, O.B.E., Chief Engineer of the "Empress of Britain" and Senior Chief Engineer of the Canadian Pacific Ocean Services, Ltd., has been on the "Empress" throughout the war and has never missed a trip. He was personally decorated by King George for his services and is an Officer of the Order of the British Empire. His services on transports during four wars, the Benin and Ashanti expeditions, the South Africa war, and the present war. His fellow officers call him "Pa."

GOVIN IS AGAIN PUT IN POWER

Practically Returned at Nominations—First Time in History of Provincial or Federal Elections.

MONTREAL, June 17.—Sir Louis Govin's Government was practically returned to power today at nomination day. This is the first time in the history of Provincial or Federal elections in Canada that a Government has been able to secure a majority of the members elected by acclamation. In some divisions where there are contests, both or more candidates claim to be Liberals, either favoring the Government or running as Independent Liberals because of the fact that another Liberal has been officially endorsed as the candidate, but in these cases such so-called Independent Liberal candidates will

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for repairs to breakwaters at Port Colborne, Ont." will be received at this office until 12 o'clock noon, Friday, June 20, 1919, for the construction of repairs at two points on the eastern and two on the western breakwaters at Port Colborne, Welland County, Ont.

Plans and forms of contract can be seen and specification and forms of tender obtained at this Department, at the offices of the District Engineers, Equity Building, Toronto, Ont.; Shaughnessy Building, Montreal, Que.; and at the Post Office, Port Colborne, Ont.

Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained herein. Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 per cent of the amount of the tender. Loan Bonds of the Dominion will also be accepted as security, or War Bonds and cheques if required to make up an odd amount.

Notes—Blue prints can be obtained at this Department by depositing an accepted bank cheque for the sum of \$20, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By order,
R. C. DESROCHERS,
Secretary.
Department of Public Works,
Ottawa, May 27, 1919.

BRITISH PEERS ARE NO SO 'ICH

When one glances casually at the roll of British Peers and sees such high sounding names as De Montmorency and Cholmondeley, Grosvenor and Howard de Walden one is impressed by a sense of the grandeur and proud descent of our nobility. But a closer examination dispels this illusion; for, rubbing shoulders with such splendid patronyms, suggesting long centuries of blue blood ancestry, you will find scores of surnames such as Smith and Robinson, Hogg and Gardner.

TRANSPORT WORKERS START

PARIS, June 17.—The transportation workers of Paris who have been on strike for more than a week returned to their places today and services on the subways, tramways and buses was normal.

WELLAND SHIP CANAL NOTICE TO CONTRACTORS

SEALED TENDERS, addressed to the undersigned and marked "Tender for the Supply and Delivery of Sand, Season 1919" will be received at this office until 12 o'clock noon on Thursday, June 26, 1919.

Specifications and tender form can be obtained on and after this date from the Chief Engineer of the Department of Railways and Canals, Ottawa, and the Engineer in Charge, Welland Ship Canal, St. Catharines, Ont.

An accepted bank cheque on a chartered bank of Canada for the sum of \$5,000, made payable to the order of the Minister of Railways and Canals, must accompany each tender, which sum will be forfeited if the party tendering declines entering into contract for the work at the rate stated in the offer submitted.

The cheque thus sent in will be returned to the respective contractors whose tenders are not accepted.

The cheque of the successful tenderer will be held as security for the fulfilment of the contract to be entered into.

BRITISH PEERS ARE NO SO 'ICH

Many Names are Found Such as Smith, Burnes, Robinson, Hogg, Brown, etc.

Two of our marquesses have for surnames Browne and Hay, in common with many a farm laborer, while Lord Henfort is a Taylor, like his remote forefather, who probably earned his bread by his scissors. Among the wearers of Earls' coronets, Lord Enniskillen is a Cole and his Lordship of Leicester signs himself Coke. The Earl of Dartmouth is a Legg; Lord Desart, a Cuffe and Lord Dudley bears the name of his ancestor, the goldsmith's apprentice, "Ward" with "Humble" before it. We have an Earl who is Hardy; one is a Boyle; two others are "Hay." There are also a Browne and a Scott, a Harris and a Hare.

In the group of Viscounts figure a Ward and a Flower, a Gage and an O'Grady, a Smith and a Gully, first made famous by an old time prize-fighter. Among the Barons are Luke White, Baron Belper. Lord Cloncurry Strutt, Baron Belper. Lord Cloncurry is "Lawless" by name, though not by nature; Baron Glenaweg, calls himself Jenkins, and Lord Dwyer is a Rice. Howard de Walden is a title of which its bearer is probably prouder than of his patronymic, Ellis, and Lord Inverclyde is really plain James Burns.

We have a Baron who was cradled a Graves; another whose father like himself, was dubbed Hogg; and a third, who, if he were not a Peer would be simply James Hozier, a name probably derived from an ancestor who sold stockings.—Answers, London.

ARGUMENT OPENS IN RICHES' ALIMONY TRIAL

The Plaintiff's Lawyer Alleges Temper, Violence and Injury
TORONTO, June 17.—Sir William Mulock yesterday heard argument by counsel in the alimony action brought by Mrs. Riches against Major C. H. Riches. For the plaintiff, J. M. Godfrey cited the cases on which he relied. Then he argued that the evidence showed (1) physical violence; (2) bad temper, constant domination, and unreasonable interference with the plaintiff's conduct; and (3) unreasonable jealousy.

Mr. Godfrey submitted, upon all the facts, during the whole of the married life, that the husband's constant and continuous course of conduct toward his wife was such as to entitle Mrs. Riches to alimony.

Violence Alleged.
Physical violence was alleged against Riches in the Whitehall Hotel on the honeymoon, in the Adriatic stateroom, and in the office in Toronto.

Regarding the office episode, Mrs. Riches accused her husband of having dragged her by the heels across the floor. Then, too, there was the so-called children's party occurrence. "I am going to ask you, my Lord to believe Mrs. Riches' evidence, and to reject the defendant's," urged Mr. Godfrey. It is inconceivable that this woman should have made up all this out of whole cloth. Why, on the witness stand, Riches says that his wife is a truthful woman. She is a frank woman, telling things whether they are for or against herself. But that's not the character of the defendant. He plots and plans ahead. Why, he keeps copies of his correspondence and memoranda.

Mr. Godfrey quoted from Major Riches' examination for discovery. In this, the defendant stated that his married life had been quiet and peaceful until the "butting-in" of Mr. Lawson, Mr. Godfrey's partner, and Mrs. Riches' brother-in-law. This was in 1914, and, in answer, Mr. Godfrey put in a letter, written by Major Riches at an earlier date, June 1912.

Mr. Godfrey regarded Major Riches as an abnormal man, his love alternating with his hate. He was capable of great affection, but suffered from unreliability of temper. As an example of temper, Mr. Godfrey emphasized Major Riches' act in whipping his daughter of fifteen.

MA'S PHILOSOPHY

By John D. Wells.
A family matter, I suppose,
An' yet I've 'a'ntia held, who knows
A new receipt of cure—well,
They're sort o' duty bound to tell;
An' thah, I s'pose, is the reason why,
A man like me presumes to chatter
About a thing that I—well, I
Would designate a family matter.

An' if the text was left to me,
I'd call it "Ma's Philosophy"
Because, by some unusual chance,
It rhymes ma's luck at raising
plants—
The scrubs that others jist despise
The Baptist preacher used to tell her,
"It's Life your creed exemplifies."
An' he's a mighty learned feller.

Now, like enough, she'd favor jist
The oneriest an' scrubbiest
Unpopular, lowdown, bad-burned
weed
Thah, an' into ever seed,
An' coax it into bloom next day—
In bloom so sweet we all would like
'em.
"Well, how'd you do it, ma? we'd
say."
"I put 'em where the sun kin strike
'em."

Her kin an' folks who knocked her
best,
An' knowed how plain she was, I'll
jest
Declare her like them flowers there
She coaxed an' raised with tender
Care:
As plain at jimson the first to strike,
An' yet, her charms you find to like
'em—
Because she allus kept her heart
An' nature where the sun would
strike 'em.

Now this old world I s'pose you know
Can't never be no flower show,
With such old weeds as you an' me
Around here, like we'll allus be!
Yet we could blossom, every one,
An' mebbe bloom so folks would
like us.
If we'd jist do what mother done,
An' linger where the sun would
strike us.

WHERE TORONTO HAS EDGE ON HAMILTON

Local Methodists Show Ambitious City Something in Reasonable Prices

TORONTO, June 17.—Toronto has Hamilton beaten when it comes to feeding Methodist Conference delegates at reasonable rates.

Up at the Elm Street Church, where the Toronto Conference is now in session, the Ladies' Aid is giving meals to the delegates at 35 cents. A big placard outside the church doors proclaims the bill of fare to be:

- Cold Meats.
- Potatoes.
- Vegetable.
- White and Brown Bread.
- Pie.
- Tea.

"And we paid 65 cents at the Hamilton Conference Church for a meal that differed from that only in the respect that the meat was hot," said one Methodist minister.

TO CANADIAN EXPORTERS

Canadian exporters will note that while goods on a through bill of lading via United States ports will be admitted into Great Britain under special license, it is understood that goods even of Canadian origin now stored in the United States may not go through in that classification under the general license issued by the British authorities, but it would appear to be necessary for these goods if they are to find a British market to re-enter Canada for shipment at one of our ports.

PREPARING FOR TRANS-ATLANTIC FLYING

(1) Lieut. Harris (on right) explaining Crown kite to St John officers. (2) Starting large Crown kite—box kite resting on the left.

In future days, when one takes a casual flight across the Atlantic, in a Detroit flying flyer, the success of the trip can be credited to the British Air Ministry in general, the meteorological in particular, and Lieut. Guy Harris, F.R.M.S., R.A.F., specifically.

Lieut. Harris arrived in St. John recently, the only passenger on board the Canadian Pacific "Steamship Montcalm." He is the commander of the Atlantic upper air investigation expedition which under the control of the Royal Air Ministry will chart every route across the Atlantic as sure and safe as the water pathway. Weather news bureaus will also be inaugurated to furnish up-to-the-second information regarding all aerial conditions.

A representative of the press visited the vessel and examined the special apparatus with which she was fitted for the experiments. At first sight it seems to be simple enough, for it consists only of winches, fire box kites, and a meteorograph, but the meteorograph is itself a complicated and intricate instrument, and kite flying for scientific purposes is not quite the schoolboy fun that many people imagine it to be. The kites used are of three types, and the largest of these, which measures roughly 6 ft. by 6 ft., exerts a pull in a strong wind sufficient to strain the hoisting power of four men.

Besides the box kite there is a crown kite, 16 feet long and 12 feet high, with a main plane and two keels; the keel kite is smaller and is used mostly as a pilot kite to assist the others up.

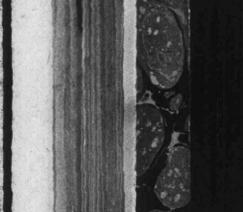

There are two winches, one placed on the trestle deck for use when the wind is aft, and the other for use when the wind is ahead or abeam, is to be sent off on the gun platforms to the stern of the ship. By these means the mooring cables which are of fine steel wire very similar to marine sounding cable will be kept clear of rigging and derricks whatever may be the angle from the ship at which the kite is flying.

When the soundings are taken two kites are attached to the cable, and a pilot of light make and 400 feet behind it one of the bigger box kites carrying meteorograph. The air cur-

HERE AND THERE IN SPORT

A home run with the bases full broke up an exciting game of ball at Alexandra school grounds last evening between Marathon Tire and McKinnons, the former winning by the score of nine to six. At the opening of the ninth session the score stood five-two, with the Marathon aggression on the long end, but Carmichael's clouters got busy and piled up four runs in the first half, giving them a lead of one run. In the tire boys' half of the game they soon had the sacks choked, and then a home run drive to deep right centre by Guyer, scoring four runs, put an end to a most exciting game.

Another Industrial League fixture was that between the Independent Rubber Company and Welland Vale, the latter winning by the score of thirteen runs to three.

The former star pitcher of the Toronto "International" Urban shocker, who is now with the St. Louis Americans, was the means of taking that place away from the New York Americans Sunday by holding them scoreless in nine innings. And Shecker was with the Highlanders before going to St. Louis.

Sir Barton's future stake engagements include the Empire City Derby at Empire City, the Kenner, Travers, Saratoga Cup and Realization at Saratoga, and unless something happens to check him in his all-conquering career, it seems certain that he will go into winter quarters with a hundred thousand dollars in stake winnings in one season to his credit, a feat which no horse has accomplished since the days of Colin, remarks the Star sporting writer.

It is understood that the Donaldson boys of New York will enter the Canadian Junior Championship Tennis Tournament, which will be held on July first at Rusholme Club, Toronto. The contest is open to any player under nineteen years of age. Tennis experts question whether there is any young Canadian player who can stop the Donaldsons from trotting off with the Canadian championship, but evidently there are some who will make a try.

Turt critics of New York claim that Billy Kelly is a "disappointment" as a three-year-old because he hasn't won the big turf events which have already been run off. They are inclined to believe, or hope, that Sam Hildreth's purchase will slip one over Sir Barton's first time these three-year-olds hook up.

SICK-WEAK-MISERABLE THOUSANDS OF VICTIMS

Man feels bad all over...feels weak...feels nervous, irritable, gloomy...gets angry at little things that ordinarily would not be noticed. You feel tired mornings. Your sleep does not rest you. You feel nervous. All run down. You can't understand why.

Men! Are You In Doubt

DR. WARD, SPECIALIST

As to your trouble? Have you some skin eruption that is stubborn, has resisted treatment? Is there a nervous condition which does not improve in spite of rest, diet and medicine? Are you going down hill steadily?

SYMPTOMS OF VARIOUS AILMENTS

Weak and relaxed state of body, nervousness, despondency, poor memory, lack of will power, timid, irritable disposition, diminished power of application, energy and concentration, fear of impending danger or misfortune, drowsiness and tendency to sleep, unattractive sleep, dark ring under eyes, dizziness, pimples on face, palpitation of heart, easily tired, weakness or pain in back, lumbago, dyspepsia, constipation, headache, loss of weight, incontinence. Dr. Ward gives you the benefit of 28 years' continuous practice in the treatment of all chronic, nervous, blood and skin diseases. The above symptoms, and many others not mentioned, show plainly that something is wrong with your physical condition and that you need expert attention.

NERVE EXHAUSTION

The Great American Disease. There are numberless people who do not call themselves sick, and yet they feel nervous, weak, languid and tired most of the time. They have no ambition or endurance to work—everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable; they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion, belching of gas, pains in the stomach present. Sleepless, wakeful and restless nights follow. They become drowsy after meals and the brain tires easily.

OF INTEREST TO THE AILING MAN

28 years' experience and learning, 28 years doing one thing and doing it well. Experimenting days long past. I know! My success is due to system and direct methods. I go after the cause. No delays...no waiting...no wondering. No weary months and years dragging along waiting for expected results. I make a fee for treating the patient as long as treatment is necessary. If I make you a fee of \$100 or \$250 it means that I will treat your case until you are dismissed. Consultation and examination free.

MAYOR TO MAKE EFFORT TO AVERT CAR MEN'S STRIKE

Will Meet Representatives of Men
and Company During Day.
CITY WON'T STAND
INCREASE OF FARES

TORONTO, June 17.—R. J. Flem-
ing, General Manager of the Toron-
to Railway Company, had a confer-
ence with Mayor Church this morn-
ing, when the whole question of the
demands of the men for increased
wages was gone into.

"Mr. Fleming stated that the com-
pany was willing to meet the men
and try to reach an agreement that
would be satisfactory," said his
Worship.

"Did he authorize you to lay any
proposition before them?" asked the
press.

"No. But if possible a meeting will
be arranged between the parties and
the other organizations, including
the Board of Trade, that took part
in the settlement three years ago. I
will meet the men at two o'clock this
afternoon.

"What is the Labor Department at
Ottawa doing in this matter?" asked
the Mayor. "What is the Railway
Board of the Ontario Government do-
ing? Nothing. The Railway Board
is either lost, strayed or stolen, as
far as it is of any use in Toronto. It
is not the function of this office to
settle strikes and try to avert them,
yet I have three such affairs on my
hands at the present time. All that
we are concerned in is to see that
there is no inconvenience to the citi-
zens, but it is the function of the
Labor Department to settle these
differences, not ours."

LECTURED PREACHERS FOR THEIR DISORDER

President Adams' Rebucor—'Honest
Profits,' Counsels Bishop
Nicholson.
President E. J. Adams lectured
preachers and laymen in Toronto
Methodist Conference yesterday for
their failure to keep order. At one
stage of the session a dozen different
groups or committees were carrying
on conversations at the back of the
church.

"Listen, brethren," he said, "if any
of you preachers found your congre-
gations behaving like this confer-
ence is behaving you would rebuke
them severely, and you would not go
on with your sermon if they did not
keep order."

"The basis of honest goods, and
honest prices and honest profits—
that is the only basis on which com-
merce can be carried on in this new
day," was the emphatic assertion of
Bishop Nicholson, of Chicago. He
preached the doctrine of love and
service—the new internationalism—
the "give and serve" policy—as
against the old "grab and grab"
deal of men and nations.

SUNKEN EYES BRIGHTEN QUICKLY. HEALTH RETURNS

In a Message to Ailing Women—
Doctor Hamilton Tells How It
is Done

In speaking of the ills from which
women suffer, Dr. Hamilton points
out that nine out of every ten are
caused by nature inclined to habi-
tual constipation. Harsh purgatives
are resorted to which only intensify
the trouble. Although not generally
known, it is a constipated condition
of the bowels that causes half the
sickness and tired weariness with
which all woman-kind is so familiar.
It is after long years of study that
Dr. Hamilton perfected the pills
which have been of such marvellous
benefit to women the world over. In
his pills of Mandrake and Butternut
very sufferer will find an absolute
specific for constipation, sick head-
ache and biliousness. It is safe to
say that Dr. Hamilton's Pills bring
better health and keep the system in
a more vigorous condition than any
other medicine ever discovered. At all
dealers, in 25c boxes.

"QUADRUPLEX" HOUSES ARE NEWEST DESIGN

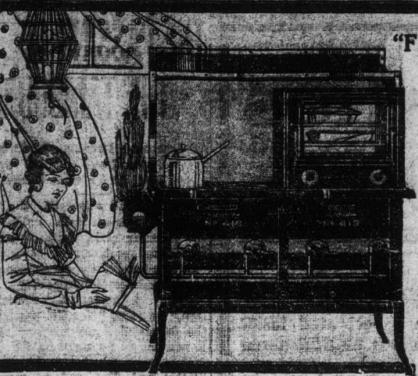

Semi-Detached Houses Built Back to
Back Require Change in
By-Laws

Have you heard the very latest in
house designs? They are known as
"quadruplex" houses and, as the
name implies, they are really four
houses in one. Everyone is familiar
with the ordinary semi-detached
house. Take two semi-detached dwell-
ings and place them back to back,
and you have the proposed "quadri-
plex" houses. There are some of the
houses erected in 1916, but if those
behind the scheme in Toronto are
successful, there will be before long.
In fact, it is proposed to put up one
in the Queen City as quickly
as possible.

These are unique features of the
quadruplex houses. They will, of
course, have no rear yards, all the
lawns being at the front and side. In
order to give the kiddies plenty of
room in which to play, it is proposed
to erect two rows, leaving street be-
tween them open for pedestrian traf-
fic only, thus making it safe for the
little one to play to their hearts'
content. Deliveries will be made from
the two streets facing the outside
rows of houses, there being plenty
of room left between pairs.

It is claimed that by building this
way a considerable saving will be
made in cost of construction, so that
one of the houses may be purchased
for \$2,500. Each will have a lot
of twenty-five foot frontage, and con-
tain four rooms, a bathroom and a
large reception hall.

The only difficulty the promoters
are "up against" is the fact that the
Toronto city by-laws require so many
feet of land at the rear of each dwell-
ing. It is understood that an at-
tempt is to be made to induce the
authorities to make an exception in
the case of quadruplex houses, as
there will be all the required space,
only not in the exact place the by-
law says it must be situated.

Please, Mother! It's Nasty! Give Me a Candy Cascaret!

TO MOTHERS! Instead of the dreaded dose
of castor oil, drops, calomel or pills, give your
children Cascarets and save money, worry and
trouble. Children love Cascarets because they taste
like candy. Nothing else acts so gently but surely
on the child's little stomach, liver and bowels.

When one of the kiddies has a white tongue, tainted breath, sour stomach
or a cold; when cross, bilious, fee-
ble, constipated, remember, a Cascaret
so quickly "work" away the nasty bile, sour fermentations and poisons
should always be the first treatment given. Cascarets never gripe the
tender bowels, never injure, and never disappoint the worried mother.
Each 10-cent box of Cascarets contain directions for children's dose from
one year old and upwards. Also for adults.

Glen Ridge

The Ideal Residence Area of St. Catharines

Glen Ridge is by far the most desirable residential sub-
section in St. Catharines now on the market, and
possesses the following enormous advantages:

1. It is close to the heart of the city, all lots being within one
mile radius of the Post Office and City Buildings.
2. There are building restrictions ensuring the erection of only
the most desirable dwellings.
3. Beautiful surroundings and park areas.
4. Prices moderate and reasonable terms.

We expect a big movement in this property in the
next two months. So act quickly and own a home in

THE PASSING OF THE TAMBOURINE

Is Lamented Because the Tambourine was Used to Beat the Devil at his Own Game.

An editorial writer on the New York Globe has turned aside from the pressing civic, national, and international problems of the day, to pay a tribute to the tambourine, and to lament its approaching end. "Heave a romantic, sentimental sigh," he says, "for the passing of the Salvation Army tambourine, for it will jangle no more on the windy street corners, bang no more before brothel and dive, and no more accompany the big brass drum while the kneeling circle lifts its voice in a hymn set to a rollicking air of the street. It is going, going, almost gone, soon to be embalmed in memory and no more heard or seen of men. For the Salvation Army needs too much money nowadays to send its lassies out with the tambourine like a mendicant with a cup. It will make special drives to replenish its income instead of using the tambourine to collect nickels and dimes. "But what yeoman duty it performed while at the height of its usefulness and fame! It went right into the devil's haunts and beat him at his own game of noise. It hypnotized the dull, bearded mind of many a drunkard so he followed its steady, monotonous whang, whang, whangety-whang through the streets to the army citadel and there found help to fight the good fight. Without it Mrs. Fiske would have been hampered "Salvation Nell." It was the acme of advertising, the instrument of the element that appealed to the poor wreck in the gutter and led him to get up and follow as a savage would tread with trancelike eye after a beaten tom-tom in the jungle wilds. It was awful, it was ludicrous, it was a travesty on religion, it was all and more, perhaps, than any aesthetic chose to call it. But it brought in the strays, the black sheep harkened to it, follow it gladly, as lost sheep would the bell on the wether of the flock.

"And now it is passing away, passing like the glooms and the Tenders and the Barbary Coasts of America which it so valiantly combated. Life is the loser by another touch of the picturesque, another epoch of color wiped from the monotonous canvas. "Many have heard the whanging of the tambourine on the dreary streets of the poorer sections of our cities, but perhaps few know that it claims relationship with the drum. Says Webster's dictionary of the tambourine: "A musical instrument of the drum species, formed of a hoop, like one end of a drum, over which parchment is stretched. Small jingles are inserted in the hoop, to which also small bells are sometimes attached. It is sounded by sliding the fingers along the parchment or by striking it with the back of the hand."

Ridley College cricketers defeated Flaverford College, here yesterday by 94 runs.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick head ache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse and purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a scorching twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast act on the stomach, liver, kidneys, and bowels.

TROUBLE IN COSTA RICA

American Gunboat in Harbor Ready to Land Troops

WASHINGTON, D. C., June 17.—A revolution against the Tinoco government in Costa Rica has entered a new phase, according to dispatches to the state department. Outbreaks have occurred in San Jose, the capital, and the general situation was described as serious. American forces on the gunboat Castine, now at Port Limon, are held in readiness and can be landed at a moment's notice, it was said. The Commander of the ship, however, has been instructed not to act without specific instructions from Washington.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts if your Back hurts or Bladder troubles you

No man or woman who eats meat regularly can make a mistake by bushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

AQUITANIA WILL COME ABOUT 19TH.

The Troopship has 5,744 Canadian Soldiers Aboard

OTTAWA, June 17.—The Militia Department has been advised that the liner Aquitania, with 5,744 Canadian troops on board, will arrive at Halifax on or about June 19.

She carries 255 officers, 24 cadets, and 5,465 other ranks. The Department has not yet been advised as to the units on board.

For Toronto there are 32 officers and 541 men; for London, six officers and 153 men; for Port Arthur, one officer and 88 men; for Hamilton, seven officers and 92 men; and for Kingston, five officers and 55 men.

Save your hair! Make it thick, wavy, glossy and beautiful at once.

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you will see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp. A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health. ALLIES QUIETLY EXPIRING OF

Enemy Becomes Angry Over Imposed but has Little to but to Sign the Peace Treaty.

LONDON, June 18.—A meeting has settled over the conference in Paris while plans at Weimar are making minds whether to accept or slightly amended treaty decided them at Versailles

While the Germans are of the situation President Wilson make his long promised visit to Britain and David Lloyd George British prime minister will the Verdun battlefield. Both men Wilson and David Lloyd are expected to return to Friday and meanwhile it is expected that little work will be done by the various missions which have been imposed the whipping into shape the question settled between the Allies and Hungary and other enemies.

Accounts of the reception of the amended peace treaty covering note written by Clemenceau are to the effect there was deep pessimism among the Allies over the alleged crucial terms.

Expected More Concessions A telephonic message received from Versailles shows the treaty and the note were in the hands of the Germans and they were extraordinarily pleased over hearing and declared the terms had been granted more concessions than they had through the reading of unofficial reports of the treaty.

At last accounts Berlin was in favor of the terms of the treaty although M. Clemenceau's note received it was likely to be delayed in informing the stand of the Allies to the strike in the newspaper.

Unofficial reports vary as to the Germans will or will not sign the treaty. A London dispatching a message from Berlin, members of the German cabinet in favor of signing but that seven are opposed to such a move. Paris newspaper asserts that the German peace delegate before he left Versailles for that Germany would sign was realized dire consequences follow refusal.
