Editor & Proprietor.

WE have received a copy of a well printed and excellently illustrated pamphlet of some eighty pages, published by the Provincial Government, and compiled by Mr. W. H. Crosskill, official Court Scribe and Legislative Librarian. The pamphlet is entitled, "Prince Edward Island; Garden Province of Canada; its history, interests, and resources with information for tourists etc."

The executive committee of the West Elgin liberal association has passed a resolution. It reads: We unanimously agree in the coming bye-election to publicly declare that we will not recognize any outsiders assuming to take part in the management or conduct of said election...

As will be seen by reference to our Ottawa letter, Sir Wilfrid Laurier has been officially invited to attend the laying of the corner stone of the Chicago Post Office and has accepted the invitation. Our Ottawa letter also gives a brief account of the awkward position in which the Premier found himself in consequence of his table talk with the architect of the United States Treasury, whom he entertained at his home in Ottawa.

A CORRESPONDENT in the Patriot of Saturday last, who signs himself "Reader," and dates his communication from "Red Point," manifests his chagrin over our announcement of a couple of weeks ago, that if the Government would not hurry up and appoint an Attorney-General the Opposition press would find it necessary to advertise for such an official.

AT OTTAWA.
WILL THERE BE AN ELECTION?—SIR WILFRID'S BROKEN PROMISES DRIVE ONE OF HIS FOLLOWERS TO AN ARCHY.—THE CASH VALUE OF A LIQUOR PERMIT—WHY THE PREMIER GOES TO CHICAGO—MORNING MONEY FOR MACKENZIE AND MANN.
(Special Correspondence to the Herald.)
OTTAWA, Sept. 16.—Not much is doing in administration circles this week. Heads of departments as a rule are "not at home" to delegations. Negotiations with the United States have collapsed altogether, which leaves the ministers free to devote their time and diplomatic gifts to the adjustment of affairs with their impatient and insurgent followers.

The Toronto World most scathingly takes Premier Hardy to task, for what it styles his "infamous conduct" in connection with the Preston machine. After stating in most vigorous language that, given the opportunity, Hardy is capable of going to any lengths to materially assist Sir Wilfrid Laurier's declaration that he would meet the views of the boat people by shutting out the Chinese.

SIR WILFRID FORGOT.
Having captured the labor vote, Sir Wilfrid had no farther use for the anti-Chinese, and became quite cosmopolitan. But the men of Vancouver do not forget, and they do not allow their representative to ignore the issue on which he was elected. Mr. McInnis has labored with the government in vain. He said his say in parliament to no purpose.

THE GREAT QUESTION.
Will there be an election this year? Every political visitor to the capital asks this question, but there is no definite answer forthcoming. There is no public reason why the house should be dissolved. No new question has arisen and two years remain of the parliamentary term. But in favor of an appeal is the fact that the government is in funds, that trade is brisk and industries are running at full blast.

HE WILL GO TO CHICAGO.
Lord Minto and Sir Wilfrid Laurier will be among the honored guests at the corner stone laying of the new Chicago post office. Sir Wilfrid had not intended to go, and was disposed to advise the government general against the visit. Some civil excuse would have been sent and that might have been the end of it. But in an evil moment the architect of the United States treasury department came to Ottawa, and called upon the premier, who discovered that the visitor was a near relation of his own former law partner.

32 CRUSHED TO DEATH.
Advised from Kalish, in Russian Poland, say that thirty-two persons have been crushed there during a panic in a synagogue, caused by the upsetting of a lamp. The victims were all women and children. Many others were injured.

A DOUBLE TRAGEDY.
A despatch of the 13th from Sedalia, Mo., says that Mrs. J. M. Williams of that place, saturated the clothing of herself and two months old babe with oil and then set fire to the garments. She and the child were burned to death. The woman was of unsound mind.

BANK BURGLARS AT WORK.
The head office of Montreal's bank, Montreal, has been notified that burglars entered the branch at Victoriaville, Quebec, on Sunday morning and overpowered the watchman, handcuffing him. They blew up the safe, but the noise of the explosion awakened the citizens of the town and in the excitement the burglars escaped.

STRIKE DELAYS MAILS.
The Canada line steamer Lacombe arrived at her dock at New York from Liverpool about 24 hours behind time, on Sunday. The primary cause of the Lacombe's delay was the strike at Liverpool which compelled the company to man the great steamer with boys and inexperienced men as firemen, who were unable to keep up the steam to the standard required.

BRICK BLOCK COLLAPSES.
A large portion of Queen's block on St. Catherine street, Montreal, collapsed with a roar like thunder, completely demolishing Scroggie's dry goods establishment.

IT LOOKS LIKE WAR.
The departure of troops from Southampton for Natal on Saturday was marked by such scenes as have not occurred in England for many years. Wives, daughters, sweethearts and friends crowded around the Northumberland Quay or as they are better known, "The Fighting Fifth" at the docks, crying, waving of hands and handkerchiefs, and cheering, mingling grief and patriotism as men and women only can do when those dear to them are going to war.

The Oceanic Arrives at New York.
A New York despatch of the 14th says:—Never since the arrival here of the Great Eastern has there been a vessel in this port comparable in size with the Star Line Oceanic, which arrived here yesterday from Liverpool on her maiden voyage. The Oceanic is 704 feet in length.

M. AND M. AGAIN.
