

The Weekly Monitor

ISSUED ON WEDNESDAY. At Bridgetown, Annapolis Co., N. S. M. K. PIPER, Proprietor and Publisher.

—The Monitor has pleasure in publishing a letter from a prominent resident who shows a commendable interest in the scheme now awaiting the sanction of the County Council for planting an immigration colony in this vicinity.

—We shall gladly give space in our columns to any criticisms or arguments held for or against the proposition. It must be borne in mind that these boys and girls will grow among our own children during their most impressionable years, during the school age, and it seems to us a wise and needed safeguard to insist that they should be provided with good homes of their own and not allowed to mingle promiscuously with children who from birth and breeding have had a better start in life, but whose ill-made characters must be largely affected by their associates.

—The Annapolis Board of Trade has recommended as candidates for the coming election E. L. Haschfeld as Mayor, J. H. Edwards, Griffin O'Dell and W. H. Buckler as Councillors, and pledged their support.

—It is semi-officially announced that the government has about decided that there will be two provinces west of what is now the Northwest Territories in the autonomy bill. The dividing line will run north and south.

—The officers of the 69th Regiment held their annual meeting here on Thursday afternoon last. The customary dinner and social celebration was dispensed with.

—Changes will be made this spring in Lockett's Block, in the offices now occupied by Dr. DeBello and Mr. Bird. It is reported that a new military and dressmaking establishment will be opened.

—Mitchell & Mack's mill, at Mill Village, was quite seriously damaged by a fire a few nights since. The flames had made considerable headway before being discovered, damaging the boiler and big belt.

—The ready-made clothing business of Mr. A. D. Brown has been sold to Mr. John Hicks, of Clementsport. The ill-health of Mr. Brown causes his retirement from business. He will probably seek a change of climate, which we trust will be a means of recovery.

—The Monitor notes interesting reports of the various Boards of Trade in our sister towns of Annapolis, Digby, Middleton and Kentville. All report useful things accomplished and outline work for the coming year.

—The ready-made clothing business of Mr. A. D. Brown has been sold to Mr. John Hicks, of Clementsport. The ill-health of Mr. Brown causes his retirement from business. He will probably seek a change of climate, which we trust will be a means of recovery.

Local and Special News.

—Service will be held in St. Alphonsus's Church, conducted by Rev. Father Hayes, at three o'clock next Sunday afternoon.

—The auditors' report for the Town of Bridgetown has just been placed in the hands of the printer and will be published immediately.

—The Londonery Iron Company and the Nova Scotia Steel and Coal Co. are both prospecting the iron district at Torbrook and Nictaux. Both have taken extensive options.

—The bridge across Clarke's Ferry is a dream expected to be soon realized, now that the energetic Board of Trade at Annapolis Royal have undertaken to secure an appropriation and see the work through.

—The members of the Whist Club held their annual drive and supper on Monday night, driving to Paradise, where a turkey supper was enjoyed.

—Tuesday of next week is nomination day for the civic election. Both sides interest in the event is apparent. The retiring councillors are Messrs. Ross, Foster and DeWitt. The two latter will probably be candidates for reelection, while Mr. Ross will not offer, owing to ill-health.

—Major and Mrs. J. Milledge Harris, of East Clements, referred to by our Halifax correspondent, have resided in the same house in which they now live for fifty-five consecutive years, and during all that time not a birth, a marriage or a death has taken place within its walls.

—The officers of the 69th Regiment, J. O. P., for the coming term were duly installed last Saturday by the D. C. R., C. A. Merry, of Kentville. After the installation ceremony the members repaired to the Grand Central Hotel, where an elaborate supper was prepared. The usual toasts were called for and responded to by various members of the Order.

—Some fifteen Oddfellows from Sunbeam Lodge, Middleton, paid a fraternal visit to Crescent Lodge, Bridgetown, last Thursday evening, and conferred the Second Degree in Oddfellowship on four candidates. The work of the Middleton team in the above degree is highly spoken of by the members of Crescent Lodge. During the evening refreshments were served, followed by speech-making.

—Conviction for violation of the Canada Temperance Act was secured against one of the young men of the town, before Justice Cook, on Monday last. The sale was proven to have been made on one of the principal streets of the town. This "street peddling" of liquor has been a sore spot for our streets for some time past, but this is the first complaint and first conviction against such offenders.

—Miss Bessie Buglies has returned to Edgely, Windsor.

—Capt. Will Longmire is visiting his brothers in Boston.

—Mr. H. J. Crowe is making a trip to South America in the interests of his company.

—Mr. Samuel FitzRandolph returned on Monday from Halifax, having spent five weeks very pleasantly in the city and in Dartmouth.

—Miss Madge Morse leaves in a few days for Philadelphia, where she will spend the remainder of the winter with her uncle, Mr. Fred Campbell.

—Latest reports of the condition of Mrs. Robt. Inglis, of Montreal, are more favorable, and her physicians believe the crisis of her illness to have passed.

—Miss Blanche Burns, who has held a responsible and lucrative position with St. Margaret's Hospital, Boston, having developed a throat trouble, which necessitates a change of climate, left last week for California, where she will spend two years.

—Nova Scotia Agricultural College. We are in receipt of the prospectus of the short course to be taken up at the new Agricultural College at Truro during the month of February, and we hope that the county papers will publish the same for the benefit of their farmer readers.

—Practical instruction will be given in the following subjects by the best teachers in Canada: "Beef Cattle," breeding, feeding, judging, etc. "Poultry," "Agriculture," "Horses and Veterinary Practice," "Dairy Farming," and care of dairy animals. "Agronomy" (field crops and cultivation). "Horticulture." "Horses and Veterinary Practice." "Poultry."

—These courses will be as practical as it is possible to make them. The animals will be brought before the classes and there judged, their age, sex, and points shown, the location of the most common diseases shown, with treatment and remedies, etc., for them. The expense will be merely nominal, as the tuition is free, the railroads grant a one fare rate, and board can be obtained at \$3.00 to \$3.50 per week. The whole expense of the 20 days' course would only be between \$10 and \$15. We feel sure of our ground in saying that the money could not be spent to better advantage by our farmers' sons than by taking these short courses at Truro. We hope that Annapolis County will send a good number for agriculture here surely needs the impulse of all well-considered thought and judgment that can be brought to bear upon it. Any information may be obtained from the principal, M. Cummings, Truro.

Local and Special News.

FOR SALE.—A second-hand Cook Stove. Apply to E. C. Young. 21

—It is reported that moose are being shot "out of season" in this county. The officers are being looked after.

Men

NEWS FROM ALL OVER THE COUNTY.

BELLEISLE

On Friday last week a party consisting of Mr. and Mrs. Walker, Mr. and Mrs. Frawley, Mr. and Mrs. Harris, Mr. and Mrs. Longley, crossed the river at Clark's Ferry and drove to East Clements to take tea and spend a few social hours with the wife and aunt, Major J. Millette and Mrs. Harris. The day was all that could be desired. It is needless here to say that a cordial welcome awaited them, which has always been a prominent characteristic of the good old Major, who ever enters his hospitable home. After a sumptuous tea was served, their venerable host and hostess most interestingly entertained them with reminiscences and anecdotes of days "long since." The hours of evening drawing to a close, and after good-byes, the party started for home in the glorious moonlight and a party of friends who were twelve miles, bringing with them lasting and affectionate memories of the spot and beloved relatives they had left behind—that day being the 51st anniversary of Mr. Harris's birth. On the first of April next, Mrs. Harris, if naught intervenes, will celebrate her 50th anniversary. Her husband, who is beside the altar of their faith, they repeated to each other the solemn words which bound them together while life should last. Down through the long decades of herore years, hand in hand together, they have travelled life's rugged pathway, bearing each other's burdens, sharing each other's joys and sorrows, cheering each other in life's painful hours, with a placid and smiling determination to look for the "silver-lining" behind the cloud—until death shall drive them one where "two hearts have beat as one." Ever many years ago, the shades of life's last twilight gathered about them, and they were united in gloom; they will step aside from life's road, lay down their burden to rest, and again to stop and pursue their journey here. Life's sun will have gone behind the shades of the shore eternal—"God's home eternal." Your correspondent, with a host of friends, hopes many more years may be granted to the genial Major and his estimable "little help."

SPRINGFIELD

Lots of snow. A "Pound Party" was held at the home of Rev. and Mrs. L. J. Slaughter on Monday evening, Jan. 23rd. Owing to the stormy night, the gathering was not as large as expected, but those present thoroughly enjoyed the evening. We are sorry to report Miss Mae Young on the sick list. Mr. Abel Lohmeier, of Malone Bay, was the guest of his son, Mr. S. T. Lohmeier, recently. Mr. Will Bent, station agent at New Germany, spent Sunday at the home of his parents, Mr. and Mrs. J. F. L. W. Koop spent the 23rd at Middleton. The community was saddened on Saturday last by the death of Mrs. Chas. L. Davis (nee Sadie O. Prince). The deceased had been in failing health for some time, yet her death came as a surprise to all. She was a beloved neighbor and loving mother and wife. Doubtless many and hearty condolences were extended to her family, who were comforted by her beautiful memorial poems. She leaves a sorrowing husband, three little boys, and one little girl, besides a brother, Mr. George Prince, and an aged father, Mr. John Prince. The funeral service is to be held today (23rd) at the home of the bereaved relatives, who are here for the funeral at 10 o'clock, and Mrs. Davis, of Oxford, and Mrs. Davis, of New Germany.

TUPPEVILLE

Mr. Frank H. Willett, who has been in Halifax for a day on business, returned home last week. Mr. T. B. Chipman, together with his younger brother, Scott, are on a tour through Cape Breton, combining business with pleasure. His return is expected some time this week. Since the ice became solid in the river, there has been quite a lot of sewing and coming amongst mutual friends, and the people on the banks are able to visit with ease and frequency their relatives on the Granville side, and vice versa. Mr. Edgar Bruce has returned home after a short visit down west, and we are pleased to note that the change has improved his health. Mr. Lloyd Bruce, who accompanied him, Mr. Edgar, on his tour in the west of the province, has also returned home. Our Division (Energetic) spent a most enjoyable evening on Wednesday last as guests of Belleisle Division, and were warmly entertained by the reading of the weekly "Herald" from accounts to hand, the working of the first named Division, as compared with that of the latter, leaves much to be desired, and during the evening many valuable hints were given, and should the weather prove favorable, all expect to see some good horses here next Saturday. Dr. Archibald was in town a few days last week. C. Ryan, of Kings Co., has been the guest of C. P. Foot. A good harvest of ice is now being gathered. It is about eighteen inches in thickness.

SMITH'S COVE

Mr. Wm. Sneddon returned home on Saturday from a business trip through New Brunswick. Miss Louisa Koop returned to her home on Monday. Home Division held a pie social on Tuesday evening, Jan. 24th. Miss Jessie Marshall spent Sunday with friends in Digby. Miss Alma Mullen visited friends in Marshfield on Sunday. Mr. and Mrs. Young are guests of Brighton, visited Mr. and Mrs. Jones Rice on Friday last. A number of the residents of the Cove have purchased the "Home comfort stove." No doubt they are having a change in their heating qualities this cold weather. We are glad to see Rev. B. D. Porter out again. Norman Sallis and Fred Smith left for the lumber woods on Saturday. Victoria Bridge has been damaged by the ice coming down the river.

LOWER GRANVILLE

The annual Methodist donation was held at the residence of Capt. John W. Snow on Wednesday evening, and a large attendance was in evidence. A very enjoyable evening was spent and the sum of \$150.00 contributed. Rev. Mr. Perry was unfortunately too ill to attend. A gang of men are engaged in pile driving at Thorne's Cove for the railway bridge. If the weather is at all favorable, they will complete the job in about ten days. The grippe is claiming many victims in this neighborhood, and some are quite ill. Owen Riordan, postmaster at Thorne's Cove, is seriously ill.

THE HALIFAX HERALD REPORTS

The bank codfishery of Nova Scotia in the year 1904 is characterized by two features. First, the catch is below the average; and secondly, the prices mark the highest figures ever reached. The bank catch amounted to 45,000 quintals, which is 6,000 below the average. The average price paid to fishermen, exclusive of the past year, was 85.40.

GRANVILLE CENTRE

Mrs. R. L. Hunt and little son, of Brookfield, Queens Co., are visiting her parents, Mr. and Mrs. David Wade. Miss Alta Robblee is visiting relatives in Bear River. Mrs. Fitzgibbon and children, of Boston, are spending the winter at her father's, Mr. Joseph Troop. Miss Mary E. Tanch is visiting in Pictou. Mrs. Henry Rooney is visiting her daughter in Lower Granville. Miss Estelle Eaton has returned to Acadia Seminary, where she is taking a music course. Mrs. William B. Mills, after an extended visit with her brothers in Boston and Lynn, has returned. Mr. J. W. Withers, of Mass., is visiting his father, Mr. Wm. Withers. The friends of Mrs. R. F. Shaffner will be glad to learn she is somewhat improved. Mrs. Howard Longley, of Paradise, spent Sunday at her father's, Mr. Henry Calnek. Mr. Percy Balcom, of Paradise, spent Sunday with his brother, Mr. Louis Balcom, at Mr. Gilbert Calnek's. Mr. and Mrs. C. W. Boucher, of Round Hill, spent Saturday with friends here. A number of the members of Energetic Division, Tuppeville, took advantage of the ice-bridge and paid Seymour Division a fraternal visit Saturday evening. The whooping cough has been visiting this community since early autumn. Now measles are prevailing.

Interesting Kings County News.

Our Fruit in England.—Nova Scotia Sanitarium—General News.

(Correspondence to St. John Sun.)

The death of Elizabeth Chute, wife of S. Chipman Parker, of Berwick, took place at her husband's residence this morning (Jan. 23rd). Mrs. Parker had been for some weeks ill at her mother's residence in Kentville, but had recovered sufficiently to return to her home, and on last Friday was driving about Berwick apparently in the best of health. On Monday she appeared quite ill, and Dr. Stewart of Halifax, and Dr. Webster of Kentville were summoned. They pronounced her case rheumatic fever, and thought there was every prospect of recovery, but Mrs. Parker passed away quietly on Wednesday morning. She was twenty-four years of age. Much sympathy was expressed for the bereaved husband, and for the mother, only child have passed away so young. Mrs. Parker was a student of the Alliance, and had many friends in the maritime provinces.

Whether because the Kings county has announced their intention to look into the apple export business, or whether the English fruit is becoming exhausted, but the English brokers are certainly sending more encouraging reports of the market, and the shippers are correspondingly going to the limit. On Monday the hospital Halifax last night (Jan. 18th) by the steamer Florence, and there are many thousands of barrels of apples in the warehouses and cellars ready for the market. The average price this year has not exceeded \$1 per barrel, but many who had fruit on the ill-fated steamer Loyale were heard to remark that the insurance companies were the best markets to be had this year.

The appointment of Chief Justice Weatherhead has caused most satisfactory news in Kings County, and the gentleman is well and favorably known. His residence, St. Lunenburg, is situated near historic Grand Pré, a beautiful spot. Here the justice with his family resides the greater part of the year, and Judge Weatherhead works in which he is engaged in horticultural work, in which he is very successful. He has had set out about nine thousand fruit trees, which in a few years will be bearing. The justice is not only a most successful farmer, but also a most successful lawyer, and his appointment is a most fitting tribute to his services to the province. The Provincial Sanitarium at Kentville is proving a most popular resort for those affected with the dread white plague, and a large number of patients have gone away, if not completely cured, at least greatly benefited by the treatment. The rooms are all taken at present, and when one views the sick ones wrapped in furs, seated on the piazzas, and the every breath of the zero air, with which we have been lately favored, and the patients, one feels as if every germ of disease might be frozen, and wonders how the invalids themselves keep warm. They seem to manage it, though, and a few weeks ago, when most often changes the emaciated one into a healthy looking individual. The government has taken steps to lower the price of board, and the sanitarium is proving a success in every way.

Captain George W. Murray, whose death occurred on Monday, January 16th, at Victoria, B. C., was well known in Kings County, and was an employe of the firm Sheffield and Wickwire of Canaan, N. S. In 1864, in connection with his firm, he had ownership in the barque Sheffield and commanded her on her last voyage to the Pacific trade between British Columbia and Honolulu. He had lived in Victoria about eighteen months and was 67 years of age.

George Kerr, of the militia department, Ottawa, is visiting his parents, Mr. and Mrs. Samuel Kerr, in the town of St. John's. The death of Miss May, daughter of James Bradley, Esq., of Canaan, occurred at her father's residence Jan. 17th. Mr. and Mrs. L. R. Fair, of Avonport, have been visiting Willville and Halifax this week. Col. Shippy Spurr, of Melvern Square, has been visiting Willville and Halifax this week. Mr. S. A. Marshall, Jr., of Halifax, is the guest of S. C. Hall. W. E. Palfrey, Esq., is in Boston on a business trip. Miss Sarah McLeod has returned here, after spending a few weeks in Bridgewater. A number of young folk attended a party at the home of Mrs. Sanford, at Paradise West, on Monday evening. Don't forget the concert on the evening of February 14th. Proceeds for church purpose. Miss Dennis has returned to her home in Halifax. Miss England is on a visit at Berwick. We had some good sport on the ice in the river last Saturday afternoon. All the good ones were there, and should the weather prove favorable, all expect to see some good horses here next Saturday. Dr. Archibald was in town a few days last week. C. Ryan, of Kings Co., has been the guest of C. P. Foot. A good harvest of ice is now being gathered. It is about eighteen inches in thickness.

NEWS IN GENERAL

The reception given to Earl and Lady Gray by the Montreal Board of Trade, Jan. 24th, was one of the most brilliant functions ever held in that city. The thermometer being at 42 below zero in some parts of New England last week, suggests that "Our Lady of the Snows" have her title copyrighted. The people of Canada during 1904 wrote 259,190,000 letters, which was 10,000,000 more than in 1903. The value of the mail in Canada during 1904 amounted to \$9,000,000. In Cape Breton, \$1,180,000 in Postage, \$1,500,000 in Cumberland County. The ice-breaker steamer "Montclair" is proving to be a great success in the St. Lawrence, making her way easily through ice nine inches thick, and loading back ice 18 feet high. Sir Alfred Harmsworth heads the Anglo-Newfoundland Development Co., incorporated in St. John's, N.B., on the 9th, with a capital stock of \$5,000,000, to manufacture pulp and paper in that island. By the falling of a heavy beam at the Steel Co.'s mill, at Sydney, 13th inst., six carpenters were badly injured. Four of them had to be removed to the hospital, one with a broken leg and the others with severe bruises and cuts. The capital of the Dominion Textile Company, the name of the cotton aggregation, will be \$7,000,000. There will be \$2,500,000 preferred stock, 7 per cent, and \$4,500,000 common. Hon. L. Forster will be president of the new organization. Thomas W. Lawson, who has been causing a sensation by his articles on "Prudent Finance," being an account of his fight with the Standard Oil Company, and his rapid rise from poverty to a position of wealth and power, is the son of a native of Halifax, N. S., who is a carpenter and in humble life. The war in the East is costing Russia \$1,000,000 a day, not counting at all the actual loss in magnificent war vessels and other shipping destroyed. The cost to the Japs is not nearly so much, as they are so near their base of supplies, and the Jap soldiers and sailors are not so expensive luxuries as are the Russian fighters.

THE SECRETS OF HIS VIRTUES

All medical authorities agree on the wonderful virtues of cod liver oil and iron in the treatment of coughs and lung diseases, and also in cases where a tonic is needed. But the best results can only be obtained when the elements of cod liver oil which have a disagreeable effect on the stomach are removed. In Amor's Essence of Cod Liver Oil this is achieved, and the combination of the active principle of the oil with iron forms the foundation of Amor's Essence, and makes it the best preparation of the kind on the market.
