GREAT PROGRESS IN OUR SCHOOLS

The Annual Distribution of Prizes Took Place on Friday Afternoon

The annual distribution of prizes for Bridgetown School took place in the Primrose Theatre on Friday afternoon. The meeting was presided over by Dr. Armstrong, chairman of the School Board. On the platform were the local clergy, members of the School Board, Inspector Foster, Postmaster Brown, and the members of the teaching staff. The school children occupied the first floor while the gallery was well filled with parents and others interested in education. After a chorus rendered by the pupils under the direction of Miss Newcombe, who is in charge of the primary department, the chairman announced the prize winners for the various grades of the common school. These prizes, which consisted of suitable books, were presented by the Rev. Dr. Jost, who addressed pleasing words of congratulations to the following prize winners:

Grade 1. For highest marks in this Grade, Stanley Magee, "Wonderful Stories"

Grade 2. For highest marks in this Grade, Kathleen Barbes, "Alice in Wonderland"

Grade 3. For highest marks, Evelyn Gesner, "Stories for a Child," by Bailey.

Grade 4. For highest marks, awarded to Margaret Armstrong, "Stories of the Land of Evangeline" by Grace D. McLeod.

Grade 5. For highest marks, awarded to James Craig, Nature Studies, "Eyes and no Eyes," by Buckley.

Grade 6. For highest aggregate: Awarded to Harold Whitman, "Wild animals at Home," by Ernest Thompson Eton.

Grade 7. For highest marks in this Grade: Awarded to Miss Truth Fairn, Fox's "British Empire," in Peeps at many land series.

Grade 8. For highest marks in the last Grade of the Common School: Awarded to Miss Ha Freeman, "The Habitant and other Poems" by Drummond.

Principal Archibald then read a report of the High School work for the year. Out of twenty three who wrote grade IX Provincial examinations, twenty were successful in receiving their "D" certificates. In grade X fifteen out of twenty obtained their C certificate, while the entire "B" class was successful.

The chairman then announced the following prizes and the prize winners and these were presented by the Rev. Mr. Richardson, amid the cheers of the student body:

Grade II. Highest Aggregate in this Grade and also Mathematics Cash \$10. Presented by Hon. O. T. Daniels. Awarded to Miss Louise Morse.

For highest mark in Science, Grade II, prize Cash \$2.50, donor A. B. McKenzie. Awarded to Miss Sadie Hicks.

Grade 10 Highest aggregate in this Grade also highest in History. Cash \$10. Presented by Mr. H. E. Hicks. Awarded to Maurice W. Armstrong.

For second highest aggregate Grade 10, Cash \$5.00 Presented by Dr. Armstrong. Awarded to Miss Sophie Anderson.

For highest mark in English in Grade 10, Cash \$5.00 Donor W. A. Warren. Awarded to Miss Lillian Egan.

Highest mark in English Grade 10, Cash \$5.00. Presented by Mr. A. D. Brown. Awarded to Miss Augusta Messenger.

Grade 9. Highest aggregate in this Grade. Cash \$10. Presented by Dr. Dechman. Awarded to John Roberts.

Highest marks in Mathematics. Cash \$5.00 Presented by Rev. Mr. Bryant. Awarded to Edward Orlando.

Highest mark in French. Cash \$2.50 Presented by Mr. A. B. MacKenzie. Awarded to Ralph Warren.

Highest mark in Latin Grade 9. Cash \$5.00. Presented by Principal Archibald. Awarded to Jack Weare and George Foster, \$2.50 each, they having made the same marks.

A special prize, consisting of "The Everyman Encyclopedia," 12 volumes to be given to the pupil in any of the High School Grades making the highest marks in English. Presented by Rev. Dr. Pringle, of Sydney, through Principal Archibald. Awarded to Miss Louise Morse, of Grade II, who made on this subject mark of 82 points.

Students and teachers were congratulated on their excellent showing of the School for the year by the various gentlemen on the platform.

Rev. Mr. Underwood supplemented the above prize list by contributing \$5 to be equally divided between Harold Whitman of the C Class, for best progress during the year, and Howard Marshall who made a very excellent and successful showing on the work of Grade XI, although not attending school, on account of illness.

Principal Archibald closed this part of the programme by some interesting and practical suggestions to parents regarding children and their school work and the value of education and, closing, thanked those who had contributed prizes to the School Board, the MONITOR and all others who had assisted in any way in making the school year a successful one and announced that he was now ready to receive contributions for the new term and as the various classes would be much larger more funds could be used.

The MONITOR learns that in Kentville School upwards of \$400 was contributed last year for the work by interested citizens. Let us see what Bridgetown can do.

N. S. APPLES IN GREAT BRITAIN

Canadian Fruit Trade Commissioner Addresses a Bridgetown Audience

The apple growers of Bridgetown and the surrounding villages who were not in Warren's Hall last Friday evening missed an opportunity to learn at first hand what buyers and dealers in Great Britain thought of their apples, and how apples were handled and sold over there. J. Forsyth Smith, Canadian Fruit Trade Commissioner to the United Kingdom, whose headquarters are in Liverpool, addressed the meeting and discussed the apple situation in relation to Nova Scotia. His address was very able and practical and his suggestions were much appreciated by those who were present, the attendance, unfortunately, was not large owing to the inclement weather. Mr. Smith referred to the difficulties experienced in the apple business in the Old Country during the war and since. He stated that the apple crop in Great Britain this year was almost nil; Kent, which is the strongest British competitor of Canada, will have only 10 per cent of a crop. The conditions he stated were very promising for a heavy demand by British buyers, and prices would likely be high.

Mr. Smith did not advise the box packing of Nova Scotia apples. He thought that the varieties that do best in this province were not adapted to box packing. The west had made its box reputation with varieties not grown in Nova Scotia. It was pointed out that, if boxes were used, only the medium sized apples should be put in them. The Englishman did not want large apples in boxes. The best box count was 150 to 175.

The speaker explained how the brokers and buyers examined the fruit on the docks before the auction and that such examination was very minute. It was impossible for growers and shippers to get away with poor fruit at high prices. The buyers knew fruit and fruit packs thoroughly.

According to Mr. Smith, slacks caused more losses than any other one factor. Sometimes 40 per cent to 50 per cent of a shipment were found slack. The difference in price between slacks and tight apples was at least 2s to 2s and sometimes as much as 11s. The buyers considered slacks as "unsound" fruit. Slacks may be due to improper packing, rough handling, or to being frosted at some period of the shipment.

"Absolute maintenance of high quality must be given first consideration if we are to hold first place in the British apple market," concluded Mr. Smith. "Poor grading of fruit has been found anything but a paying business in the past, and will be increasingly profitless in the future. The packing of domestics and No 3's for export should be cut down to the lowest minimum, and do not ship small barrels."

Mr. V. B. Leonard, of Clarence, chairman of the meeting made some very appropriate remarks and after a unanimous vote of thanks had been extended to Mr. Smith, the meeting adjourned all being pleased to have listened to such an interesting and instructive address.

FATAL ACCIDENT AT ROUND HILL

Geo. W. Shipton Who Fell From a Load of Grain, Was Seriously Injured.

An accident which proved fatal, occurred at Round Hill Labor Day when Mr. Geo. W. Shipton fell from a load of grain, and was badly hurt. He was taken to his home where he was kindly cared for, but he failed to recover and passed peacefully away Thursday, aged 64 years. Mr. Shipton was born in England, moving to Round Hill about a quarter of a century ago. He was a good citizen and highly respected by a large circle of friends. He leaves a widow, one son and daughter at home and a son in the United States. The funeral took place Saturday with interment at Round Hill, the services being conducted by Rev. Mr. Reeks, rector of the Church of England, of which the deceased was a member.

ANOTHER NEW ADVERTISER

Miss Brinda Troop of this town, who has been carrying on a successful millinery business in Kentville has joined the MONITOR'S regular advertisers and will open up a new hat shop in the Lockett block. We wish her every success.

CRICKET

West Indians Defeat Selected Team From the Annapolis Valley

The West Indian cricket team, of Halifax, defeated a picked team of Annapolis Valley town clubs at Windsor Wednesday by ten runs. It was a closely contested game, with both sides batting hard, but the visitors got the jump on the home players and managed to stay in front till the end. In a previous game the West Indians defeated the Windsor players and for this game an all star aggregation was selected to go against the Halifax players, who are all good sports. A return game will be played in Halifax.

Milk Kernel Butter Crust!

That's the combination that makes every little mouth around your table say, "More, more, more!"

Dan-Dee Bread and Milk are all any youngster needs to thrive and grow alive with energy and the radiance of good health.

For Dan-Dee Bread is Milk-Maid Bread and has sugar and more shortening than other breads as well.

Made by Moirs Taken by Thousands!

Dan-Dee Bread is so good that when its process was discovered last September Moirs Limited had to bake ten thousand loaves daily within a month to meet the demand. Now it is selling so fast they eat it all through New Brunswick and in Prince Edward Island.

Ask your grocer for Dan-Dee. He has it or can get it.

(Made by the Makers of Moir's Chocolates)

GRAY-DORT

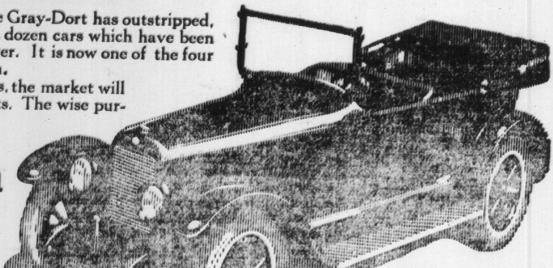

THE nation-wide friendship for the Gray-Dort cannot be based on price alone, for there are cars selling at lower prices.

Evidently motor car buyers have determined for themselves that the value and thrift of the Gray-Dort are very unusual.

In less than five years the Gray-Dort has outstripped, in demand and production, a dozen cars which have been on the Canadian market longer. It is now one of the four largest-selling cars in Canada.

At the present rate of sales, the market will shortly be bare of Gray-Dorts. The wise purchaser will act at once.

NORTH WILLIAMSTON

Dame rumor says the sound of wedding bells in the air.
Miss Marion Banks was successful in obtaining her B certificate.
Mrs. Fanny Moore returned to Black River, N. B. last Friday.
Mrs. Blah Hiltz and children left on Tuesday for their home in Metapan, Mass.
Mr. Walter DeLancey has gone to the V. G. Hospital for special treatment.
Mrs. Eunice Sanford, of Peroux, is the guest of her niece, Mrs. John Garber.
Mrs. A. E. Bezonson is visiting her daughter, Mrs. Kempton Hyson in Halifax.
Leander Longley has returned home from the V. G. Hospital much improved in health.
Mr. William Porter, of Auburn, Kings Co., was a recent visitor at the home of W. E. Hilsley.
Mr. and Mrs. Vletor Bent and baby, and Peter White are visiting at Mr. and Mrs. O. D. White's.
Mrs. A. Brown, of Woburn, Mass., spent a week quite recently at the home of her brother, D. M. Charlton.
Mrs. Blanche Martin and family, of Melvern Square, visited her sister, Miss Odessa Banks, during the week.

ROUND HILL

Mr. John Moore and friend Mr. Jost, of Halifax, spent the week end with his brother, R. L. Moore and family.
Freddie Garber, son of Mr. and Mrs. John Garber, underwent a very successful operation for adnoids a few days ago.
Mrs. Vernon Durling and baby, of Annapolis, have been recent guests of her sister, Mrs. Walter DeLancey. Mr. Harry DeLancey, of B. C. is also a guest at the same home.
Recent guests at the home of Mr. and Mrs. Oliver DeLancey were Mr. and Mrs. Zebulon Durling and daughter Margery, of Inglisville; Mr. and Mrs. Leland Crocker, Miss Grace Durling, and Messrs Morse and Primrose Durling, of N. H.

INGLISVILLE

Mrs. Vernon Bauls left Saturday for Springfield to visit her parents, Mr. and Mrs. E. Young.
Mr. and Mrs. Trask, of Digby, have visited her daughters last week, Mrs. Joseph Gates, of this place and Mrs. Turner, of New Germany.
Miss Clara Miles, of Bricketon, is visiting her parents this summer. Her friends, Miss Smith and Miss Selbloom, of Melvern Square, and Miss Odessa Banks, during the past are also visitors at the same place.

DIGBY

Mrs. T. D. Burnham left Friday for Annapolis to visit relatives.
Miss Eunice Millery was a passenger from Annapolis Saturday.
Mr. and Mrs. R. W. Cummings and children spent Sunday in Plympton, N. S.
Mr. Chas. Clinton, of Boston, arrived here Saturday to spend a few days in Digby.
Miss Leslie Killeen has returned from a two weeks holiday spent in New Brunswick.
Misses E. Collins and E. Agate were passengers to St. John Monday the former to attend the Fall Millinery openings.
Mr. Harry Kirkpatrick, of Kentville, spent the week end in Digby the guest of his parents, Mr. and Mrs. L. A. Kirkpatrick.
Several from Digby attended the ball game between Middleton and Yarmouth at Bridgetown on Friday and also the sports in the same town Labor Day.
Misses Lucy Taylor and Margerite Taylor and Mr. Herbert Taylor, of Pittsfield, Mass., spent a few days in Digby left Saturday for Corberrie, to visit relatives.
It is reported that the good run of sardine herring down the bay has slackened off considerably. While the run was good the fishermen were receiving five dollars per hoghead. At the present time there is a large run of hake, and the weirs are being filled with these fish.

FACTS THOUGH FISHY

The world's annual catch of herring is estimated at 3,000,000,000 or approximately half that number of pounds.
The prolificacy of the procreation of sea creatures may be surprising to many. A herring, for example, delivers an average of 30,000 eggs with a maximum of 55,000.
Considering weight, the cod fishery is the most productive in Canada, but salmon fishery is by far the most valuable from a monetary viewpoint.
The standard packing of pickled herring, mackerel, alewives, salmon, made necessary by recent legislation, should increase the price of these articles in foreign markets.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.
With your fingers! You can lift off any hard corn, soft corn, or corn between the toes and the hard ski calluses from bottom of feet.
A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting then shortly you lift that bothersome corn or callus right off, root and all without one bit of pain or soreness. Truly! No humbug!
Lift off Corns!
Doesn't hurt a bit and Freezone costs only a few cents.

KEEP YOUR TOWN ALIVE

A town is very much like an individual. To be flourishing, it must have energy and enterprise. The people in a town should remember that the individual prosperity depends to a large extent upon the character of the place in which their business is located. Every public measure should be liberally supported by all, especially the business men. At the present day there is an intense competition between towns as there is among persons and business enterprises. A man seeking a location will invariably select a town that is up to the times, and is eagerly in favor of every modern improvement. A town in these modern times can't afford to be peopled with old fogies or antediluvian fossils who are continually kicking at every enterprise. To make a flourishing town you must believe in its future and work for it, encouraging every improvement. Make a specific effort to exhibit some evidence of improvement in your own work and character. Help every worthy man, every enterprise, and encourage every good man to locate in your town.

MORSE'S TEAS

50 Years The Favorite
The Choice of Connoisseurs
1870 MORSE'S TEAS 1920
The schooner Phyllis A. arrived at Digby from Tiverton Wednesday, with 155,000 pounds of salt fish for the Maritime Fish Corporation.

WEDDING BELLS

CHARLES E. DUNBAR WEDS MISS MINNIE MARR ROY

Miss Minnie Marr Roy, daughter of Peter B. Roy, was married at Trinity Church on Wednesday evening, Sept. 1st, at Boston, Mass., to Charles Earle Dunbar. Both families are of Boston. The bride is a graduate of the High School of Practical Arts.
Rev. Dr. Alexander Mann, rector, officiated. The best man was Hubert Dunbar, a brother of the groom; the matron of honor was Mrs. John E. Williamson, of Utica, N. Y., a sister of the bride; the bridesmaids were Miss Elsie Rommelfanger, of Roslinchester, Three-year-old Ruth Dorothy, of Mattapan was flower girl.
A reception and wedding supper took place at Hotel Westminster.
Mr. and Mrs. Dunbar, arrived in Yarmouth, on Friday morning Sept. 3rd, and proceeded to North Range, Digby Co., to spend their honeymoon with Mr. Dunbar's mother.

REVENGE IS SWEET

"Yes," promptly announced the ex-captain, who is manager of a new seaside hotel, "all our employees are former service men, every one of them. The reception clerk is an old infantryman. The waiters have all been non-coms, the chef was a mess sergeant, the house doctor was a base hospital surgeon, the house detective was an intelligence man; even the paces were cadets."
"And have you any former military police?"
"Yes," he replied jovially. "When there's a good stiff wind blowing we set them to clean the outside of the windows on the eight floor."

HOW YOU CAN TELL GENUINE ASPIRIN

Only Tablets with "Bayer Cross" are Aspirin—No others!
There is only one Aspirin, that marked with the "Bayer Cross"—all other tablets are only acid imitations.
Genuine "Bayer Tablets of Aspirin" have been prescribed by physicians for nineteen years and proved safe by millions for Pain, Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis, Migraine, and other ailments. Made in Canada.
Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monocetideester of Salicylicacid.
Means Bayer manufacture, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

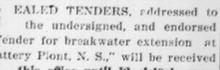

SEALED TENDERS

SEALED TENDERS, addressed to the undersigned, and endorsed "Tender for breakwater extension at Battery Point, N. S.," will be received at this office until 12 o'clock noon, Tuesday, September 21, 1920, for the construction of an extension to the breakwater at Battery Point, Annapolis County, N. S.
Plans and forms of contract can be seen and specification and forms of tender obtained at this Department at the office of the District Engineer at Halifax, N. S.; and at the Post Office, Port Wade, N. S.
Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained therein.
Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, equal to 10 per cent of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or War Bonds and cheques if required to make up an odd amount.
NOTE—Blue prints can be obtained at this Department by depositing an accepted bank cheque for the sum of \$10, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.
By order,
R. C. DESROCHERS,
22 2 1 Secretary
Department of Public Works,
Ottawa, August 25, 1920.

WOMEN OF MIDDLE AGE

May Pass the Critical Period Safely and Comfortably by Taking Lydia E. Pinkham's Vegetable Compound.

Regina, Sask.—"I was going through Change of Life and suffered for two years with nervousness, sleepless nights and general weakness. Some days I felt tired and unfit to do my work. I gave Lydia E. Pinkham's Vegetable Compound a trial and found good results, and I also find it a very helpful Spring tonic and useful for constipation from which I suffer much. I have recommended Vegetable Compound to several friends, and am willing you should publish this."—Mrs. MARGA W. LINDSAY, 819 Robinson St., Regina, Sask.
If you have warning symptoms such as a sense of suffocation, hot flashes, headaches, backache, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness, impatience, and dizziness, get a bottle of Lydia E. Pinkham's Vegetable Compound and begin taking the medicine at once. We know it will help you as it did Mrs. Lindsay.

THE WONDERFUL
FRUIT MEDICINE

Every Home in Canada Needs
"FRUIT-A-TIVES"

To those suffering with Indigestion,
Torpid Liver, Constipation, Sick or
Nervous Headaches, Neuritis, Kid-
ney Trouble, Rheumatism, Pain in
the Back, Eczema and other skin
affections, "Fruit-a-tives" gives
prompt relief and assures a speedy
recovery when the treatment is
faithfully followed.

A REAL LIVE TESTIMONIAL

Given to Professor Hamilton, of
Hampden, N. S.

East Middle LaHave, May 24, 1914
Professor Hamilton:
DEAR SIR—Our boy, at the age of
eight months was stricken with a com-
plaint, going around amongst the
children of Lunenburg County, that
the doctors called spinal meningitis,
which left him in a crippled condi-
tion for nine years. Hearing from a
friend of your marvellous cures of
the different diseases throughout
Nova Scotia, Cape Breton and Prince
Edward Island, we concluded to join
with others and give you a call to this
place, which we will never regret, but
feel very thankful to you that our boys
has complete use of his limbs once
again. Feeling grateful to you, and
pleased to recommend your treatment
to other parents who have children
afflicted as our boy was.

MR. and MRS. FREEMAN HIRTLE

Mail Contract

SEALED TENDERS, addressed to the
Postmaster General, will be received at
Ottawa until noon, on Friday the 17th
September for the conveyance of His
Majesty's Mails, six times per week over
the

Bridgetown No. 3 Rural Mail Route

under a proposed contract, for four years
to commence from the 1st of January
next. Printed notices containing further
information as to conditions of proposed
Contract may be seen and blank forms
of Tender may be obtained at the Post
Office of Bridgetown and at the office of
the Post Office Inspector.

The First Week
In September

Is the beginning of our busy
season.
No need of waiting till then.
Students may enter at any time,
and the inflowing tide has already
set in.

Auto Service

I am prepared to take out
passengers for

Short or Long Drives

Good service guaranteed

Heart and Stomach Trouble. Why
Have Them?

Do you know that Vital Tablets
purify the stomach, removes the gas
and therefore helps the heart. They
are a wonderful tonic. If you are not
feeling well, don't know just what is
wrong, go and get a box of Vital Ta-
blets. At all drug stores or by mail,
The Scobell Drug Co., Montreal. Price
50c a box or 6 for \$2.50.

THE VALUE OF ADVERTISING OF
AND FOR LIVE STOCK

(Experimental Farms Note)

To the well known, established,
breeders of live stock any advice on
the value of advertising is superfluous
for in the large majority of cases it
has been by proper advertising of high
class goods that they have built up
their business. The purpose of this
article is to call the attention of the
smaller breeders, the beginners in the
business, to the possibilities in
advertising any live stock which they
may have for sale. For example every
year at the Central Experimental
Farm, Ottawa, there is a deluge of en-
quiries as to the possibility of
purchasing young animals of the
various classes of live stock. Need-
less to say the Farm is unable to
fill all wants for obvious reasons
such as being sold out of the particu-
lar class of stock wanted; not
having animals of the age or sex
wanted; and not keeping representa-
tives of the breed wanted. In an
endeavour to assist our correspond-
ents to locate the animals they wished
to purchase it has often been found
and sometimes too late that breeders
right in their own vicinity had
animals of the class of stock wanted
for sale, but as they had not been
advertised for sale nor had the intend-
ing purchaser advertised his wants,
parties missed a chance to do
business which would have benefited
both.

From the above it would seem that
a more extended scheme of advertis-
ing on the part of breeders who are
either in need of or wish to dispose
of stock would be profitable for all
parties concerned. This advertising
need not be very expensive. A small
notice in the proper column of the
local paper or in one of the farm
papers which is popular in the district
would serve the desired purpose quite
adequately. If the number and quality
of the animals warrant it, a larger
advertisement with an illustration
would be in order.

Advertising is of course of particu-
lar value in disposing of breeding
stock or animals not in fit condition
for sale on the regular market. The
writer has in mind one particu-
lar class of stock namely, aged pure bred
dairy bulls of good quality and known
to be breeding good stock. Many
of these find their way to the butchers
every year when it would be much
to the advantage of the breed as well
as to the farmers disposing of them
and lucky enough to get them, if
they were kept for further years of
service. A little timely advertising
would in many cases accomplish this
end.

Lastly advertising must be more
or less seasonal. The greatest demand
for dairy cattle and swine breeding
stock is usually in the late winter
and early spring, while sheep are
more in demand in late summer and
fall. The seasonal requirements and
it can then be done most economically.

CHILDREN OF ALL AGES

Children of all ages—whether it be
the new born babe or the growing
child—have to be constantly guarded
as to their health. Upon the good
health of the little one largely de-
pends his strength and usefulness in
after years. Baby's Own Tablets are
the ideal home medicine for children
of all ages. They are a gentle but
thorough laxative which are absolutely
guaranteed to be free from opiates or
other harmful drugs and which may
be given to the youngest child with
perfect safety and beneficial results.
Through their action on the bowels
and stomach they banish constipation
and indigestion; break up colds and
simple fevers and make teething easy.
Mothers, you can make your little
ones well and keep them well by just
keeping a box of the Tablets at hand
and by giving an occasional dose to
the baby to keep his little bowels
regular and his stomach sweet. The
Tablets are sold by medicine dealers
or by mail at 25 cents a box from The
Dr. Williams Medicine Co., Brockville,
Ont.

Walked the Floor
Fighting for Air

Roy Stevens Suffered After Every
Meal. Like Old Self Since
Taking Tanlac

"I can swing a hammer as good as
ever, for I feel like I have been made
over into a new man since I com-
menced taking Tanlac," was the state-
ment made the other day by Roy
Stevens, a well known blacksmith
living at Dover, West County, New
Brunswick.

"For four years I suffered from
stomach trouble," he explained, "and
during the past year I was so bad off
I could hardly hold up under the
strain. I could not eat a meal with-
out feeling nauseated afterwards, and
I bloated up with gas and felt so
stuffy and tight across my chest I
thought I would suffocate. Often I
had to get up in the middle of the
night and walk the floor fighting for
air. My sleep was restless, and as
my work required a lot of stooping
I got so weak and run down I could
hardly get about the shop. I spent
lots of money on many different
medicines, but none of them did me
any good.

"One day I went to the drug store at
Hillsborough and asked the druggist
if he could recommend anything for
stomach trouble, and he said try
Tanlac. So I took his advice, got a
bottle and commenced to feel better
in just a day or so after starting on
it, and now all signs of indigestion
have left me and I am in better health
than I have been in years. My ap-
petite is fine and everything I eat
agrees with me without a bit of
trouble. I sleep sound at night, am
feeling like my old self again and can
recommend Tanlac in the very highest
terms.

Tanlac is sold in Bridgetown by S.
N. Wear in Middleton by Clifford A.
Mumford and in Bear River by L. V.
Harris.

NOSEY PEOPLE

Of all the contemptible creatures
that inflict themselves upon society,
the long nosed sniffer of moral
obligity is the most unbearable.
There are some people who can scent
scandal where no one else can discern
the ghost of suspicion. Beware of
the man who is ever suspicious of
other people, and who is constantly
imputing motives to people. Far
rather be deceived than live in an
atmosphere of distrust and suspicion
of everybody. The suspicious man
does himself more injury than those
whose character or motives he judges
or impugns. The indulgence in the
disposition contracts and narrows a
man into a moral lath. Don't be
suspicious. Rather be beaten or sold
than go about with a sneer, and be
classed with those who have not a
good word for anybody. As a rule
the cynic is no better, if he be no
worse, than those against whom his
cynicism is directed.

WHY DO THEY?

The question is often asked: "Why
do the boys leave the farm?" Well
here is why some of them leave.
Bill learns that it is easier and more
profitable to draw notes than to draw
gravel, and he becomes a banker;
Bob finds it is more profitable to split
hairs than to split rails or wood, and
he becomes a lawyer; Jack finds it is
easier and more profitable to mend
broken bones than to mend broken
fences, and he becomes a doctor; Jerry
finds it is easier and more profitable
to pull teeth than to pull stumps and
he becomes a dentist; Ed finds it is
easier and more profitable to pre-
pare sermons than to prepare land
for crops, and he becomes a preacher;
Frank finds it much nicer to have
running water in his room than have
to pump and carry in and heat, and
takes a city situation; Tom would
rather sow wild oats than other variet-
ies, and he, too, joins in the stampe-
to the city.

TIP BURN OF POTATOES

(Experimental Farms Note)

A trouble which is widely distribut-
ed and very prevalent in some seasons
and to which the name "Tip Burn"
has been given, is to be found among
our potato crops. This trouble takes
the form of a gradual turning and
drying up of the leaves of the plants,
often commencing at a comparative
early stage in their growth and, in
many cases, if allowed to go on un-
checked, slowly but surely involving
the whole of the plants so that they
die down a considerable time before
the tubers are fully developed.

The appearance of this trouble in
the fields is often mistaken by growers
for Late Blight. There is however a
marked distinction between the two.
For Late Blight may commence by
attacking any part of the plants,
leaves and stems alike, has a dark
water soaked appearance, and in its
early stages is damp to the touch,
while Tip Burn invariably commences
at the margin or tips of the leaves and
has a decidedly dry appearance and
touch with the exception of after
rain. It also appears much earlier
in the season than Late Blight has
ever been recorded and does not
cause the death of the plants so
rapidly. Nor has it ever proven so
destructive as Late Blight, although
evidence has been obtained that in
seasons when it is severe and where
no effort is made to check it, a
considerable reduction in the yield of
marketable tubers, due to the pre-
mature death of the plants from this
cause, may result.

Investigators of this trouble are not
yet in agreement as to this cause the
observations of some have led to the
belief that a period of hot, dry weather
the growing season causes the leaves
to throw off moisture more rapidly
than it can be furnished by the plant,
the result being the appearance of
Tip Burn. This belief seems however
to be disputed by the fact that the
trouble is not found in the hot regions
of the Western States where the
temperatures often becomes excessive
and the air is especially dry.

More recent investigations lead to
the belief that this burning of the
leaves probably follows the depredations
of the insect known as the Potato
Leaf Hopper. These investigations
are not yet complete, but enough evi-
dence has been produced to serve as a
warning to potato growers to keep
these insect pests thoroughly under
control in an endeavour to avoid Tip
Burn.

We have found in our experimental
work with potatoes that Bordeaux
mixture will to a large extent control
this trouble. In 1918, when it was
extremely prevalent, we had several
plots to which, for the purposes of
experiment, Bordeaux mixture was
not applied. These plots suffered
from a severe attack of Tip Burn and
the plants were all killed down by
the second week in August, while
other plots on the same land, and to
which for the control of Late Blight,
Bordeaux mixture was regularly and
thoroughly applied, suffered today
very slight extent only the plants re-
maining green until frost came.
Bordeaux mixture acts as a repellent
to the Leaf Hopper, as well as a pro-
tection to the plants; many other
cases in addition to that referred to
have come to our attention bearing
evidence that regular and thorough
spraying with this mixture will re-
duce to a minimum the ravages of
Tip Burn.

GEO. PARTRIDGE,
Asst. Plant Pathologist.

gifts show the high esteem in which she is held. Mrs. Thomas Gibbons, of Rozeville, spent Labor Day in Bridgetown, the guest of her daughter, Mrs. Johnson Bruce. Mrs. Louis Mitchie, who attended the funeral of her late sister, Mrs. D. J. Daly, returned from St. John Monday. W. L. Daniels of "Town Topics" New York is visiting relatives in Middleton. Port George and Mount Hamley. The Misses Iva and Alice Piggott, and Miss Francis Fowler left last week to attend Mt. Allison University at Sackville. Mr. R. S. Theakston, representing the Halifax Herald, who was in town Friday, made the MONITOR a friendly call. Mr. Ernest Balcom, of Paradise returned Thursday from a pleasant trip to St. John where he attended the exhibition. The Misses Pauline Jackson and Johnnie Johnson, of Clarence were recent guests of Mrs. T. A. Croaker, Middleton. Mr. J. Frank Crowe returned Thursday after a pleasant trip to Truro, having spent several days at Short Lake. Mr. and Mrs. Everett Pike, of Halifax, are the guests of the latter's parents, Mr. and Mrs. Stanley Marshall, Clarence. Mr. and Mrs. John Whelan from Halifax are visiting Mrs. Whelan's parents, Mr. and Mrs. I. Kinghorn, Victoria Beach. The many friends of Judge Chesley, of Lunenburg, are glad to learn that he is out again after his severe accident. Miss Myrtle Hayward left for New York City Monday where she resumes her study at Columbia University for another year. Middleton Outlook: Mrs. Wallace Young and Mrs. Clarence Young, of Bridgetown were week end guests of Mrs. E. V. Thoman. Mr. H. R. Durling, of Somerville, Mass., one of our regular subscribers, is visiting his brothers, William and Elias at Dalhousie. Miss Ida Nowlin returned to Truro on Tuesday last, week after spending a few days in the Valley going as far west as Digby. Mrs. Amy Hutchinson, of Cambridge, Mass., is a guest at the home of her brother, Mr. Wallace Rumsey, Bellevue Farm, Paradise. Mr. John H. Gesner, of Wentzell, Ld., Halifax was in Bridgetown, Thursday night, the guest of his brother, Capt. W. E. Gesner. Mrs. Robert Kempion, of Paradise and her daughter, Mrs. A. A. Jodrie, of Roxbury, Mass., have been the guests of Della Cropley, Kingston. Mr. and Mrs. Arnold Turner and Miss Helen Turner, of West Northfield, Lunenburg Co., were recent guests of Mr. and Mrs. E. A. Craig. Mrs. A. S. Bull and daughter Emily who spent the summer in Bridgetown, guests of Miss Mary Saunders, returned to Alliston, Mass., Wednesday. Past Grand Master John A. Craig was among the guests at the dinner given by the Grand Lodge, I. O. O. F. at the City Club, Boston, on Thursday. Mrs. Harry Harris and son Lawson, of Bear River, who have been visiting her brother, H. P. Crouse, St. John, returned home on Wednesday. Mr. and Mrs. J. Carey Phinney, of Paradise, who are visiting places of interest in New Brunswick and Maine, expect to return home this week. Mrs. Geo. Dixon (nee Miss Ethel Porter) and two children have returned to Truro after spending the summer at their cottage at Port Lorne. Mr. and Mrs. Herbert Ramey and family who spent a very pleasant summer in Saultierville and Meteghan have returned to their home in Bridgetown. Among the guests at the Carleton House, Halifax, last week were: H. W. B. Warner, M. P. P. Plympton, Digby County and G. F. Bent, Bridgetown. Mr. and Mrs. Robt. Tibert and child have moved from Freeport to Sydney, C. B., passing through Bridgetown by auto, going via Bridgewater. Hans Journal: Col and Mrs. Mumford, and Mr. Earle Mumford, of Middleton, motored to Hantsport recently and were guests of Mr. and Mrs. H. L. Smith. Miss Brenda Troop left last Wednesday for a two weeks' trip to the leading millinery centres. Upon her return she will open a Hat Shop in the Lockett Block. Mr. and Mrs. Harry Ruggles and son Jack returned Friday via Digby from a pleasant motor trip in New Brunswick including a few days' stop at St. Andrews. Mrs. Wagstaff and daughter, Kathleen, who have been spending

the summer months in Granville Ferry, returned to Northampton, Mass., on Monday last. Mr. and Mrs. Edward Clough, of Lyan, have returned home after spending a pleasant vacation with Mrs. Clough's parents, Mr. and Mrs. Alonzo Foster, Hampton. Mr. Ernest P. Jackson and Miss Estella Cummings, of Halifax, who have been visiting at the home of Mr. and Mrs. James Jackson, returned to Halifax Monday. Mr. K. B. Ewan, of Yarmouth, has accepted a position as book keeper with M. W. Graves & Co., Bridgetown. We are always pleased to welcome a new resident to our town. Mr. Dowling, a native of Digby county, but who has spent nearly his entire life time in the United States, was among the callers at the MONITOR office last week. Capt. and Mrs. E. H. Lewis were passengers to Freeport Monday to attend the funeral of Capt Lewis' mother a notice of whose death appears in another column. Miss Annie Chute, one of Bridgetown's popular milliners and Mrs. A. R. Bishop, of the Primrose Theatre who were passengers to Halifax Thursday returned home Monday. Miss Sarah Murray, and niece, Mrs. Fred Uncles and child, of Newcastle, N. B., who were here on account of the illness of the late Mrs. I. B. Freeman, are guests of Mr. James Murray. Mrs. J. Heap, of Halifax, spent a week in Bridgetown with her husband who is employed in this town. Mr. Heap accompanied her back to the city, returning last week. Mrs. Fannie J. Saneton, widow of the late J. E. Saneton, returned to Yarmouth on Monday. While in Bridgetown, she was the guest of the Rev. E. and Mrs. Underwood at the Rectory. Mrs. R. E. Brown and little grandson Everett Berry, Brockton, Mass., have returned home after spending three weeks, visiting friends and relatives at Port Lorne, Hampton and St. Croix Cove. G. E. Banks, of "The Caledonia Gold Hunter" with W. A. Banks and Master Kender Banks, attended the ball game at Bridgetown after which they visited various towns, returning home Saturday. Mr. and Mrs. J. W. Tibert and son Percy motored from Bridgewater to Freeport last week, returning to Bridgetown where they were the guests of Mrs. Tibert's sister, Mrs. B. M. Williams. Mr. Harry MacKenzie, accompanied by Mr. Vinton Lloyd, returned from Digby Wednesday with a new up to date McLaughlin automobile purchased by Mr. MacKenzie from Mr. Harry Gavel. Annapolis Spectator: Mrs. T. M. Buckler returned Saturday from a visit to her old home in Matiland, Hants Co., where she had gone to meet her sister whom she had not seen in twelve years. Outlook: D. Muir, clerk at the American Hotel, Kentville, was in town a couple of days last week. Dan has not lost his interest in baseball and attended the big game at Bridgetown on Friday. Messrs H. T. MacKenzie, President, and V. A. Lloyd, Secretary, of the Bridgetown Branch will be the delegates at the Provincial convention of the G. W. V. A which opens in Digby, next Tuesday the 21st. Mrs. Elton Burns and little son Maurice are the guests of Mr. and Mrs. Percy Burns Rink Street. Mr. Burns, who is in the employ of the Maritime Telegraph and Telephone Co., returned to Halifax Monday. Rev. A. N. and Mrs. McNinch, of Clementsport, spent Sunday at Digby Neck. Mr. McNinch left early in the week for St. John and will spend his vacation visiting old friends and scenes in the sister provinces. Mr. A. D. Sull, of Smith's Cove, is travelling the valley in the interest of Messrs Paddington, Wetmore and Morrison, wholesale grocers, St. John. Mr. Sull's store at Smith's Cove is in charge of his father, Mr. S. J. Sull. Leslie T. Acker, of Nictaux Falls is taking his vacation from work with the Telephone Co. He with his wife and children left last Wednesday for Antigonish to visit at Mrs. Acker's home. She with the children will remain for a month. Caledonia Gold Hunter: Mrs. Rachael Fraill motored through from Clementsport on Sunday on a short visit to her sons in Westfield. Being well beyond her 94th birthday, this is quite a feat. Mrs. Fraill is great great grand mother, another distinction. Kentville Chronicle: Miss Elsie

of the Middleton Outlook who has been enjoying a brief vacation at Annapolis. She was accompanied by Mrs. (Rev.) John Hardy who has just returned from a trip to Quebec accompanied by her daughter. Among the guests of Mr. and Mrs. S. C. Turner last week were Mr. and Mrs. W. H. Weldon, of Annapolis Royal, and Mr. and Mrs. Porter and daughter of the firm of Porter Brothers, Wolfville. They were accompanied by the Misses Hattie and Aggie Pierce, also of Wolfville. Mr. Harry Carter, foreman of the MONITOR'S mechanical department, was a passenger to St. John Thursday accompanied by his sister, Mrs. Howard Carey, to attend the exhibition, returning Monday. While in St. John they were the guests of their aunt and uncle, Mr. and Mrs. Freeman Carter. Among those who attended the St. John exhibition our representative noticed the following: John Myers, H. S. Magee, F. W. Stevens, Mr. and Mrs. Howard Anderson, The Misses Annie and Ruth Anderson, Mr. and Mrs. Chas. Kyle, Kenneth Jefferson, and Parker Munro, Bridgetown; R. P. Pater, Granville; Howard Bent, Tupperville, Mr. Bent had fifteen fruit exhibits winning twelve first and three second prizes. "REDS" IN THIS COUNTY Attempt made to Blow up Dam at Lawrencetown An attempt was made at 4 o'clock Tuesday morning Sept 7, to blow up the Electric Light Dam across the Annapolis River at Lawrencetown. At this hour the citizens were aroused by an explosion which shook the houses and rattled the windows. No one knew what had occurred. Some thought an earthquake had taken place. Citizens got up and examined their premises. The charge, supposed to be dynamite, was exploded on the south wing of the dam. Planks were broken and considerable damage done. This is one of the worst crimes ever attempted in this county and we trust that the guilty one will be discovered and thoroughly punished. A substantial reward should be offered for evidence that will lead to a conviction, and the enterprising citizens of our sister town will no doubt give the authorities every possible assistance. LATER Detective Kennedy, of Halifax, is in Lawrencetown and vicinity and one or two arrests are likely to be made within the next day or two. This is one of the worst crimes that has ever occurred in Annapolis county and public sentiment is strongly in favor of punishing the guilty party to the full extent of the law. Crescents Will Play At Bridgetown Against The Crack Middleton Team--Great Crowd Expected By The Bridgetown Fans. HALIFAX, September 14--The Crescents, champions of the Central baseball league, and claimants to the amateur championship of Nova Scotia will play the Middleton team at Bridgetown next Wednesday. Arrangements were made for the game last night, but it is not as yet known who will line up with the local team, as several of the players are at loggerheads with the management of the Crescents. Bridgetown has a fine diamond, and the fans turn out large and when Middleton goes against the Crescents, the officials of the B. A. A. expect to have a monster crowd. It is also expected that the Bridgetown and Kentville juniors will play at Bridgetown the same day. A GOOD ADVERTISING MEDIUM An Ad in the MONITOR Brings More Than was Lost In Wednesday's MONITOR we noted that a top off an Overland gasoline tank had been lost. As soon as the paper was out Mrs. E. B. Chute handed us one that had been picked up. It was not the one advertised. The following day Mr. Bradford Poole, of Granville brought in another similar top and the next day Mr. Clark Brooks at Centreline informed us that he had picked up one. The third was the one advertised. Who are the owners? We would be pleased to make delivery.

FALL AND WINTER JACKETS Our Ladies', Misses' and Children's Jackets are now in Stock. We Invite Your Inspection JOHN LOCKETT & SON

BASEBALL NOTES

PARADISE 6-KINGSTON 3 On Friday, Sept 10, the Paradise base ball team defeated the Kingston team in a fast game. No score was made until the fourth inning when Kingston succeeded in scoring three runs by means of well placed hits and aided by two errors on the part of the Paradise team. No more scoring was done till the seventh inning when the Paradise boys found the Kingston pitcher for six hits which resulted in the score standing 4-3 for Paradise. In the next inning Kingston changed pitchers and no more runs were scored till the ninth inning when Paradise with runners on second and third bases made a two base hit scoring both men. In the ninth inning Spurr, the Kingston catcher, met with a painful accident. The third finger of his right hand was hit by a pitched ball and broken badly. The game was close and well contested all through. Both teams played excellent ball and many files that looked like sure hits were gathered in by the outfielders. A return game is expected to be played in Bridgetown on Wednesday, Sept 15th.

Executors Sale

Province of Nova Scotia County of Annapolis, N. S. In the estate of Mary Eliza DeWitt, late of the Town of Bridgetown, deceased. To be sold at Public Auction on the premises herein after described at the town of Bridgetown, County of Annapolis, on SATURDAY, October 2nd, 1920, at one o'clock in the afternoon, pursuant to license to sell granted by the Court of Probate for the County of Annapolis, dated Aug 23rd, 1920, the following Real Property belonging to the late Mary Eliza DeWitt: FIRST LOT--One cottage and wood shed with lot 50x75 feet situated in Jeffrey Street, Town of Bridgetown, and described as follows: Beginning and described as follows: Beginning at the southwest corner of land formerly owned by the late Wmford Dodge, thence running easterly along southern line of said Dodge land 75 feet, thence southerly 50 feet, thence running westerly 75 feet to the said Jeffrey St., thence north along said street to place of beginning. SECOND LOT--A double house adjoining the above with barn and lot 75 feet by 75 feet bounded and described as follows: Commencing at southwest corner of land owned by late Mary Eliza DeWitt, being 50 feet from lands formerly owned by late Wmford Dodge, thence running easterly along said line 75 feet to a stake, thence turning and running in a southerly direction 75 feet to a stake, or in a westerly direction 75 feet or until it comes to said Jeffrey St. and following the said street in a northerly direction 75 feet to place of beginning. TERMS--Cash. M. E. ARMSTRONG, Executor Bridgetown, Aug 24th, 1920

This cook seems satisfied with her kitchen equipment! BUT probably you are more critical--when it comes to pots and pans, kettles and tableware--and other ware used to make food taste good. We carry everything in the kitchen equipment line--and probably have a few extra things you need right now. Look the line over some time. Sportsmen's Headquarters Going to take the little fellow hunting (this season)? Then he will want a Remington UMC .22 Rifle--like all the little and many of the big sportsmen shoot! Let the boy see our line. Magee & Charlton Bridgetown, N. S.

AN ALL CANADIAN COMPANY AT CHAUTAUQUA

The second day of the Chautauqua opening here tomorrow, Sept 16th, will be of especial interest because the Swarthmore management has arranged for an All Canadian Company of artists. The La Dell Trio consists of Miss Marietta La Dell, of Toronto, Miss Muriel Lomax, of Toronto, and Miss Florence Devey, of London. Miss La Dell, the leader and manager of this trio, is a reader and interpreter of literature, being especially good in child impersonations. Miss Lomax is a soprano of unusual ability, who has had great success in Chautauqua and Lyceum work. Miss Devey came to this trio after a very successful tour on a Canadian five day Chautauqua. She is a violinist of great personal charm and technical ability. The concerts of this trio on the second day of Chautauqua promise the lovers of music and entertainment in this vicinity an unusual treat. ANNUAL PICNIC PARTY A number of residents of Port Wade and Victoria Beach have, for the past few years, enjoyed an annual auto drive and picnic party in this part of the county. Thursday they motored to Nictaux Falls and had a delightful outing. An odd coincidence noticed at luncheon--every man present an Oddfellow, all members of St. George Lodge, Digby. The party consisted of Mr. and Mrs. Amos Everett, Mr. and Mrs. Charles Haynes, Mr. and

AN AWFUL MARRIAGE

One of the country papers published an item lately which was a weird mix up of an account of a wedding and an auction notice. The most interesting part of the item follows: "William Smith, the only son of Mr. and Mrs. Josiah Smith, and Miss Lucy Anderson, were disposed of at public auction at my farm, one mile east in the presence of 75 guests, including two mules and twelve head of cattle. The Rev. Mr. Jackson tied the nuptial knot for the parties, averaging 1250 pounds on the hoof. The beautiful home of the bride was decorated

with one sulky rake, one feed grinder and two sets of work harness, nearly new, and just before the ceremony was pronounced Mendelssohn's wedding march was rendered by one milch cow, five years old, one Jersey cow, and one sheep, who carrying a bunch of bride's roses in her hand, was very beautiful. She wore one light spring wagon, 2 crates of apples, three trucks of hay, and grindstone of mouseline de soie and trimmed with about one hundred bushels of spuds. The bridal couple left yesterday on an extended trip.

Minard's Liniment Relieves Distemper

Their Glory Shall Not Fade

In the special order issued to the Canadian troops on March 27, 1918, General Sir Arthur Currie wrote: "To those who will fall I say, 'You will not die but step into immortality—your names will be revered forever and ever by your grateful country, and God will take you unto Himself.'"

The pledge thus given is being faithfully fulfilled in relation to employees of the Canadian Pacific Railway Company by the placing of bronze memorial tablets at over a score of its principal offices and stations. Furthermore two opposing bronze statuary groups have been designed for the great C.P.R. Stations at Montreal and Winnipeg, to stand forever as tribute to the heroic and self-sacrifice of C.P.R. men who died in the cause of freedom. Far-flung and scattered are their graves, but single was their spirit and their ideal, the service of their country.

Out of 11,002 employees who were reported as joining the Forces, 1,096, or nearly ten per cent paid the supreme sacrifice. These came from every department and they served by air, land and sea—faithful unto death.

The bronze tablet, replicas of which will be placed at the principal railway centres in each province of Canada, and also in London, Liverpool and the Orient, has been designed by Mr. Archibald France, the Chief Engineer's Department of the company, and is being engraved at Worcester, England, by the Bromsgrove Guild and Applied Arts. The tablet depicts an advancing army of infantry, cavalry, artillery, supplies, munitions, tanks and railway transport flanked on either side by warship and a C.P.O.S. liner with aeroplanes flying overhead. Britannia calls with outstretched hands to the Overseas Dominions and points out the road to death and glory, while underneath is a scroll with the list of the chief battles in which the C.P.R. men fell. The inscription commemorates: "Those in the Service of the Canadian Pacific Railway Company who at the call of King and Country, left all that was dear to them, endured hardship, faced danger, and finally passed out of sight of men by the path of duty and self-sacrifice, leaving up their own lives that others might live in freedom. Let those who come after see to it that their names be not forgotten."

Imperial Highway, and on the stations of that Highway their glory shall forever be recorded.

FREQUENT HEADACHES

A Sure Sign that the Blood is Watery and Impure

People with thin blood are much more subject to headaches than full-blooded persons and the form of anaemia that afflicts growing girls is almost always accompanied by headaches, together with disturbance of the digestive organs.

Whenever you have constant or recurring headaches and pallor of the face, they show that the blood is thin and your efforts should be directed toward building up your blood. A fair treatment with Dr. Williams' Pink Pills will do this effectively, and the rich red blood made by these pills will remove the headache.

More disturbances to the health are caused by their blood than most people have any idea of. When your blood is impoverished, the nerves suffer from lack of nourishment, and you may be troubled with insomnia, neuritis, neuralgia or sciatica. Muscles subject to strain are undermined and you may have muscular rheumatism or lumbago. If your blood is thin and you begin to show symptoms of any of these disorders, try building up the blood with Dr. Williams' Pink Pills, and as the blood is restored to its normal condition every symptom of the trouble will disappear. There are more people who owe their present state of good health to Dr. Williams' Pink Pills than to any other medicine, and most of them do not hesitate to say so.

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

RECORD POTATO FIELD

A St. John merchant, T. H. Estabrooks, is said to have this year one of the finest fields of potatoes ever grown in New Brunswick. Mr. Estabrooks carries on extensive farming operations at Belmont, near Oromocto, in Sunbury Co., and the field in notice has been planted with disease-free stock and is yielding more than 100 barrels to the acre. Big prices have been offered for the entire crop, to be used for seed purposes.

Minard's Liniment Relieves Colds, Etc

MY AUTO 'TIS THREE

My auto, 'tis of thee, Short road to poverty, Of thee I chant. I knew a pile of dough On thee three years ago. Now you refuse to go, Or won't or can't. Through town and country side You were my joy and pride. A happy day, I loved the gaudy hue, The nice white tires new. But you're down and out for true, In every way. To thee, old rattle-box, Came many bumps and knocks, For thee I grieve. Badly the top is torn, Frayed are the seats and worn. The whooping cough affects the horn, I do believe. Thy perfume swells, the breeze, While good folks choke and wheeze As we pass by. I paid for thee a price 'Twould buy a mansion twice, Now everybody's yelling "ice"—I wonder why. Thy motor has the grippe, Thy spark plug has the pip And woe is thine. I, too, have suffered chills, Fatigue and kindred ills, Endeavoring to pay my bills Since the worst mine. Gome is my bank roll now As since before. No more 'twould choke the cow As since before. Yet, if I had the mon, So help me John—Amen, I'd buy a car again and speed some more.

Minard's Liniment Relieves Diphtheria Beulah and Orbin Minard, of Acadville, Digby Co., spent a few days with friends at Caledonia recently.

USE "DIAMOND DYES"

Dye right! Don't risk your material. Each package of "Diamond Dyes" contains directions as simple as that any woman can dye a new, rich color into old garments, draperies, coverings, everything, whether wool, silk, linen, cotton or mixed goods. Buy "Diamond Dyes"—no other kind—then perfect results are guaranteed even if you have never dyed before. Druggist has "Diamond Dyes Color Card"—16 rich colors.

FORD MOTION PICTURES

The Moving Picture Operators of the Ford Motor Company of Canada, Ltd., have just returned from an extensive tour of the Dominion. Thousands of feet of interesting subjects, industrial, scenic, historical and scientific have been secured which will keep the laboratory men busy for months developing and assembling. The itinerary of the operators took them from coast to coast, and into parts of the country seldom trodden by the foot of man. The educational value of the work done by the Company through the medium of these films has received very favorable comment in the press of late, and it was recently decided, owing to the gratifying reception given to these productions, to double the yearly output. The Company will, therefore, release 26 complete subjects a year.

Lachute, Que 25th, Sept 1908 Minard's Liniment Co. Limited Gentlemen—Ever since coming home from the Boer war I have been bothered with running fever sores on my legs. I tried many salves and liniments, also doctored continuously, for the blood, but got no permanent relief, till last winter when my mother got me to try MINARD'S LINIMENT. The effect of which was almost magical. After two bottles the sores completely disappeared and I have worked every working day since.

Yours gratefully, JOHN WALSH

Teacher asked the class to write an essay on the subject of 'anatomy. Here is Willie Bink's effort. "Anatomy is the human body. It is divided into three parts—the head, the chest and the stomach. The head holds the skull and the brains if there is any; the chest holds the liver, and the food and the vowels, which are a e i o u, and sometime y."

WARNING TO BOYS

Six boys, from 10 to 13 years old were found guilty of robbing fruit trees at West Orange, N. J. The judge called their parents in. "Send these boys to bed every night at 6.30 o'clock for 30 days," he said "and give each of them a big dose of castor oil."

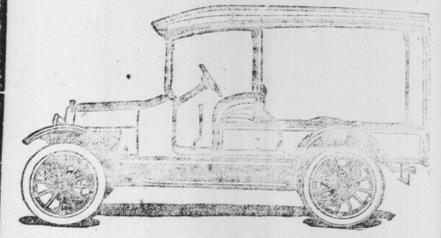

Fifteen cent sugar in the near future is the expectation.

Made in Canada

WE know the sale of the Chevrolet Light Delivery Wagon depends on the satisfaction it gives in actual service. We also know that its valve-in head motor eliminates fuel waste and delivers fullest power, that its ample bearings cut friction to a minimum, that its perfect balance—strength without weight—insures stability and makes a maximum of power available for actual hauling.

These are only a few of the obvious reasons for Chevrolet ability, durability and economy.

A Promise
that has made good

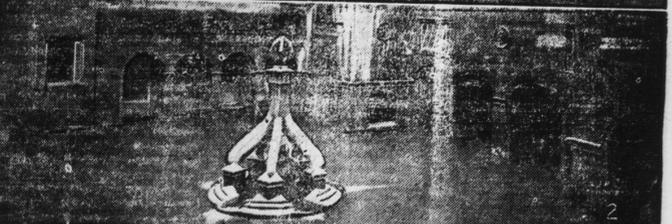

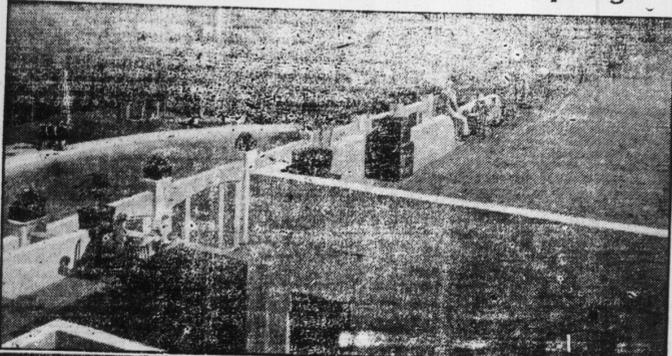

When KING COLE TEA was in its infancy we associated with it the slogan—"You'll like the flavor." It was a modest statement, yet when you come to think of it, it covers all that you are looking for in the tea of your choice. How well KING COLE has lived up to its promise is proved by the many thousands of users today.

Perfectly packed in bright lead foil and price marked on every package.

"YOU'LL LIKE THE FLAVOR"

Canadian and English Hot Springs

Recently the Canadian Pacific Railway film of the tour of the Prince of Wales in Canada, was shown three times a day for three days at Bath, England. The mayor of the town and thousands of the residents of the town and district were exceedingly interested in those pictures, which not only showed the doings of his Royal Highness in the Dominion but also gave vivid details of many of the beautiful scenes of our country. Those who have visited the hot sulphur springs at Banff in the Canadian Pacific Rockies or the Halcyn Springs on the Arrow Lakes and derived beautiful benefit from them will be glad to learn something about the springs at Bath which are the only hot springs in the United Kingdom.

About the middle of 1755 the old Priory or medieval Abbey, which stood at the south-western corner of the existing Abbey at Bath, was pulled down to give place to a suite of baths for the Duke of Kingston. In removing the foundations, a number of stone coffins were found, and, on sinking further, the hot mineral water gushed forth and interrupted the work. The site being drained, Roman masonry was disclosed, and subsequently a number of baths and sudatories. That there lay buried still further remains of what must have been an extensive Roman bathing system, indications were unmistakable. The rectangular bath, now commonly known as the Lucas bath, was uncovered, and at either end of it a semi-circular deep bath, entered by seven steps. The sudatories lay on the eastern side, together with a number of square baths and other apartments which apparently bathers used preparatory to entering the hot chambers. Some of these rooms were paved with flag stones, others were beautifully tiled with various colored tesserae.

Excavations were not then pursued; other buildings were quickly erected over the site, and during the next hundred years no attention was given to the place. It was the year 1878 that marked the most important epoch in the discovery of the baths. Engineering works were at that time undertaken to remedy a leakage from the principal spring, and it was discovered that from this leakage the Kingston Baths, then in private hands, derived the whole of their supply. Interruptions ensued, but the Corporation ordered their rights in respect to the water issuing from the King's spring, and the draining of the site

- (1) Banff Springs Hotel.—Guests watching the bathers in the sulphur bath outside the hotel.
- (2) The King's Spring, at Bath, England; the only Hot Spring in Britain.
- (3) The Roman Baths, at Bath, known as Aquae Sulis.

and other necessary works proceeded. It was then perceived that the foundations of a number of the modern houses rested upon what was little better than a morass, and Major Davis, to whose unwearied zeal and skilful excavation the city is so much indebted, found, after further exploration and careful tunnelling, that he had at last alighted upon the hidden treasures. Difficult and costly as was the subsequent work of uncovering these remains, the late Major Davis set himself with indomitable perseverance to push it forward. The facts that the baths were some 20 feet below the street level and that continuance of the excavations necessarily involved the demolition of much valuable property were serious considerations which all had their effect in retarding progress. Later on public interest increased and the houses were removed, the immense deposits of other ages carted away and the large area of Roman structures revealed. About 1878 when the great rectangular bath was opened up portions of the culvert of the outfall drain were discovered. In 1883 the hypocaust on the western side of the circular bath was discovered, in 1885 the circular bath itself; in 1886 the latrines and circular hypocaust; in 1887 the bath beneath the basement of the modern baths, and in 1896 another rectangular bath was excavated. That the builders of these baths were attracted into the valley by the hot springs about the middle of the first century, certainly not very long after the Romans first occupied Britain, we have fairly conclusive evidence in such a position as to suggest to some authorities the theory that it might have been specially placed to commemorate the foundation of the baths. At any rate from the stones and altars dug up from time to time (one stone bears reference to a definite date A.D. 77-8), and the characteristics of a few of the sculptures remains, some vigorous occupation of Bath can be ascribed, with tolerable accuracy, to the last 50 or 60 years of the first century.

THE CASH VALUE OF A PEDIGREE

(Experimental Farms Note)

All animals have a pedigree of some sort whether pure bred or scrub. Only the pure bred animals have their pedigree registered and have pedigree certificates issued. A pedigree is valuable only when it proves some fact that is worth while about an animal, either favourably or otherwise. We frequently hear comments of some such nature as "I do not care about the papers it is the cow I want". Speaking broadly that may be good business for a butcher but the real stock breeder is paying more attention to pedigree than ever before and we often hear him say "that is a beautiful individual but I do not like her breeding."

The man who attaches the most value to a pedigree is the one who knows the most about its true value. The pedigree student may learn of a cow that has had a brilliant showing career. She may be particularly pleasing to the eye in type, form and conformation. He studies her pedigree and finds that she has sprung from ancestors that were of little value and immediately decides to let her alone, regarding her as a freak. On the other hand he may find a cow that is not a particularly fine individual in type but he studies her pedigree and finds that she has for ancestors some of the very best animals of the breed. He decides to buy the cow doing so on what he knows about her ancestors. He has made use of the pedigree to select a cow but he has not, as so many are inclined to state, paid a big figure for papers.

Pedigree does not make value, it decides value by establishing the history of ancestry. The cow backed by several generations of good producers is much more liable to be the dam of producers than the cow whose dam only, of all ancestors is a producer. This does not of course always hold true. Just as we frequently find a good individual with a poor line of ancestors so do we find poor individuals with strong ancestors. Like, as a general rule, produces like, but the law of variation is also felt. The pedigree student studies these laws and draws his conclusion.

When a cow is purchased for a breeding herd two things are kept in mind first the value of the cow for what milk she will produce and secondly, the effect she will have upon the future of the herd. A good judge of dairy cattle can estimate closely her value as a milk producer but her worth as a herd improver must be determined chiefly by pedigree.

Individual merit is very important and should not be overlooked yet it must not be the main deciding point. History shows some excellent individuals who have apparently sprung from inferior stock and later have become wonderful foundation cows. Such animals are valuable if properly developed, but the owner must have skill and patience to handle a problem of this kind as often, after a few generations, there may be a reversion back to the old ancestral type.

Some herds have been built almost to perfection with the exception that possibly a single defect may be noticed through the entire herd. The owner is a true stock breeder and wishes to have as perfect a herd as possible. He decides to secure a new sire and correct this fault. He selects an animal not only strong itself where the defect is shown in the herd, but the breeder finds that the animal is from families perfect in this respect. This sire is more certain to correct the fault than an animal who is strong individually but part, or all, of his ancestors are weak.

This is where the real value of a pedigree is recognized. It is not so important to know simply that an animal is pure bred as it is to know that the strain in the herd is of the very best.

W. M. HICKS,
Superintendent, Agassiz, B. C.

ANOTHER AUTO RECORD

During the recently completed Michigan Pike Tour, a Ford car taken out of the assembly line covered the 1600 miles without the slightest mechanical adjustment or tire change. The car carried the famous Ford Quartette, none of whom could drive nearly as well as they can sing, but who nevertheless maintained their place in the line throughout the entire trip, and came through with flying colors.

A powerful Cadillac 8 acted as puccemaker, and set up a smart clip over every type of road from loose sand and gravel, plain dirt, muck and swamp to rocks and corduroy. Throughout the whole of the gruelling run where in places the going was over 43 miles an hour, the Quartette in their indomitable Ford hung on, and established a wonderful record under the most exacting conditions.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

VOL. XLVIII—No 25

FIVE MURDERED AT HEMFORD

Three Men and One Woman Shot to Death by Havelock Veinot Who Kills Himself

Drowning peacefully in the beauty of the early sunny Sunday morning, the hamlet of Hemford, Lunenburg Co., a few miles from New Germany, was shocked into realization that a tragedy of most ghastly and horrible proportions was being enacted in its very midst. Nova Scotia has witnessed shocking events of homicide and self destruction before, but never in all her history, since law and order have held sway, has the like of which was enacted here Sunday blackened her life. Three men and one woman have been deliberately and coldly murdered and the slayer has taken his own life.

From seven o'clock that morning until noon, scenes indescribable have both vitriol-bitten into the memory plates of those who beheld them. This murderer did not run amuck. He shot his own father in the most deliberate and calculating manner. Then he set forth and shot a man and his wife, which deed he followed up by killing another man, a near neighbor. Returning home, he finished his father with a bullet. Then he blew his own brains out.

The murdered are: William Veinot, the father of the murderer and suicide; Albert Ritcey, Adella Ritcey, his wife, and Archibald Synder. The man who murdered them and took his own life was Havelock Veinot, 45 years old, a bachelor, who lived with his parents. One victim is survived by a widow and thirteen children.

This terrible affair, it appears, was brought about in connection with property rights. The people of Hemford declare that Veinot was not crazy but was a man of hasty temper. He did this terrible thing, one said, "in a way no demented man would have done it. He went about it like a man who had weighed it all up and had fully decided on the whole tragedy including his own suicide."
