VOL. XXXII—No. 11,614

The Town Has Fallen Down.

Where is Mayor Geary and his board of control and the council now? They were all at the races Saturday, and they saw the worst block in traffic ever known in Toronto. A half-dozen milk wagons, with only one road open to the east, set the pace for the hundreds of street cars and thousands of vehicles that had to get to the Woodbine.

The Wilton-avenue bridge has been finished a year, and still practically idle because of the east approach being a mud-hole with an average of five men working on the job half a day at a time. An investment of \$500,000 lying idle for a year!

Eastern-avenue a hold-up! Mayor Geary owes it to the city to resign if he cannot get the controllers and the council to waken up.

The citizens owe it to themselves to start a revolution. Let us have a citizens' indignation meeting, and then a Big Committee to go to Sir James Whitney.

There is need for the federal parliament meeting at once, but ten times more so of the legislature! Sir James Whitney is the head of the municipal law, and the power is all in his hands.

GOOD RACING AT AN ANCIENT TRACK.
The Ontario Jockey Club has an obsolete racing machine. With its income it owes it to the public to get a pair of Big Eyes on the job.

WHAT OF OHIO? ISSUE IS VITAL
Taft's Manager Claims President Will Be Vindicated—Democratic Battle Almost Equally Bitter.

COLUMBUS, O., May 18.—(Can. Press).—Four presidential candidates finished speaking to-night and rested, while their managers made claims of certain victory at the Ohio primaries next Tuesday.

The state is conceded by most politicians to be the deciding point in the battle for the presidential nomination, and especially in the fight of the two native sons, President Taft and Governor Harmon.

Sept. 25, 1909.
For eight years, I am very interested in the world's progress.

HON. W. J. HANNA NAMED AS MABEE'S SUCCESSOR

Provincial Secretary for Ontario Has the Refusal of Chairmanship of Dominion Railway Board and Will Accept Unless His Work Here Compels Him to Refuse—Hon. I. B. Lucas Will Succeed Mr. Hanna.

Unless Sir James Whitney and his cabinet colleagues can persuade him to remain, and unless he decides himself that the work he now has in hand is of too great importance to leave, the Hon. W. J. Hanna, provincial secretary for Ontario, will accept the position of chairman of the Dominion Railway Commission, in succession to the late Judge J. P. Mabee, which has been offered to him by the Dominion Government.

DIAMOND GLASS FACTORY Badly Damaged By Fire
Cells in Hamilton Were Flooded With Molten Glass and Damage Amounts to Several Thousand Dollars, Covered By Insurance.

HAMILTON, May 19.—(Special).—The factory of the Diamond Flint Glass Co., situated at the corner of Hughson and James-streets, was completely gutted by fire which started Saturday night. The fire was well nigh out of control when the firemen were notified, and by the time the men had the water turned on the whole north end of the city was brightly illuminated by the blaze.

Call on Other Provinces To Follow Quebec's Lead
Liberal Press Insists That Gouin's Sweep Indicates Strong Reaction From Support of Borden—Hope New Brunswick and Saskatchewan Will Show Further Victories.

MONTREAL, May 19.—(Special).—The Reform Club's coming banquet to Sir Wilfrid Laurier promises to be a great success, as the recent sweep here has given new life to the party.

ROOSEVELT HAS EVEN CHANGE.
NEW YORK, May 19.—(Special).—Bets were being made on the stock exchange yesterday at even money that Roosevelt will be nominated for president at the Chicago convention.

AGED WOMAN BURNED.
MIRA EVERTON, aged 65 years, who lives alone in a room above a store at 98 Church-street, was burned on her hands and arms yesterday morning when her clothing caught fire while she was lighting a gas stove.

WOMEN INJURED IN COLLISION WITH CAR
Mrs. Pazez and Miss Lawless Were Thrown From a Cab While Driving on Yonge St., and Are in St. Michael's Hospital With Ribs Broken and Suffering From Shock.

AND STILL THE BAD WEATHER!
The hardest winter we ever had, on top of it the coldest, blindest spring, and the longest coming, little sunshine, less growing weather.

Day's Doings in YORK COUNTY West Toronto North Toronto East Toronto

WHAT'S GOING ON OUT IN RURAL DISTRICTS

North and West Toronto Happenings—Crops Coming on in Good Shape—Suburban.

NORTH TORONTO, May 18.—(Special.)—As an instance of the rapidly increasing value of upper Yonge-street properties the sale of Benjamin Hardie's store...

While the town council are apparently averse to anything save and except the passage in its entirety of the Metropolitan double tracking proposition...

Councillor Bell may at the next meeting introduce a resolution re the last annexation vote and asking that the city council take action thereon.

Speaking to The World to-night one of the largest property owners in the town and a man vitally interested in the moral and commercial life of North Toronto said: "I am at a loss to understand how the town council, assuming as they do to represent public opinion, can think of putting thru an agreement like that proposed with the Metropolitan. It is not good business, does not look right, and I do not believe it will ever carry."

Excellent progress is being made with the Citizens Band, and it is altogether likely that a closing concert will be given about the last of the month. This will, however, be definitely decided upon at to-morrow night's meeting.

Chief Collins, in charge of the St. John's Ambulance Corps, was in the line of march in the garrison parade in the city to-day.

Board of works meeting on Tuesday night.

To-morrow the York Township Council meets, and some light may be thrown on the Burial Trust Company's deal, by which it is sought to throw over all former work until the next session of the legislature.

Councillor Baker is expected to arrive home about Tuesday or Wednesday.

UNIONVILLE.

Likely That "Good Roads" Will Go Ahead Now.

UNIONVILLE, May 18.—(Special.)—The many friends of William Padgett Padgett & Hay, this village, will learn with regret of his removal a short time ago to the General Hospital, where he is undergoing a course of treatment.

On Saturday afternoon four more cars of stone arrived from the quarries in the north for use on the good roads system in this neighborhood.

In the interval workmen have been employed under Mr. Huber's direction in grading and underpinning the 6th

MARKHAM VILLAGE. Engineers Are Working on Reservoir Project Here.

MARKHAM VILLAGE, May 18.—(Special.)—The East York Ride Association will hold their first practice of the year on the ranges here on Friday, May 24, at 1:30 p.m.

The hydro-electric engineers are still busy in the taking of surveys in the Rouge valley here with the object of building two reservoirs and ultimately generating 300 horse-power. It is proposed to build two reservoirs between the 7th concession and Box Grove, one dam near Reservoir and the other at Sparta.

Mr. Jordan, champion checker player of the world, has been visiting with T. B. Reive, R. J. Fleming and two or three other villagers. As instancing the fact that Markham has never lost its interest in the game nor yet forgotten the expert tutoring of the late William Fleming, it may be said Mr. Reive, Mr. McLaughlin and James Laurie each succeeded in pulling out a draw or two from Mr. Jordan.

WEST TORONTO. Day's Happenings in Big Western Ward.

WEST TORONTO, May 18.—(Special.)—Rev. Canon Riddell, M.A., who has served for over 40 years in the Diocese of Niagara, was the special preacher at St. John's Church this morning.

Pastor Brown of the Annette-st. Baptist Church held a special service for railroad men in the church to-night. Music was provided by the Alexander Choir.

Ground has been broken on the south side of Dundas-st. at Clendenan-ave., for the West Toronto branch of the Standard Bank. Operations will be pushed forward rapidly and the new building will be a handsome addition to the Dundas-st. architecture.

A valuable horse belonging to Mr. William Dickin, manager of the Interurban Power House, was accidentally killed yesterday afternoon. The horse attempted to jump over the fence separating the company's property from the neighboring property on Scarlett-road, and caught its feet on the top strand of wire, falling heavily and breaking its neck.

A cement filler has been used for the floor of the new gymnasium of the Humboldt Collegiate, which was completed last week, and the parents of the several boys who have been already injured by falls from the apparatus, are wondering what advantage there can be in using such a medium for a gymnasium floor. Unless more supervision and care is exercised, some serious accidents will result.

TO OIL KINGSTON-ROAD.

At the last meeting of the Scarborough Township Council, the sum of \$100 was granted the Birchcliff Ratepayers' Association to assist in the oiling of King-street, and R. E. Redman and William East were appointed commissioners to expend this amount. The local association has also contributed a certain sum toward the good work. Now if the automobilists who get all the benefit were to contribute a decent sum, the cost would be more evenly divided.

One of the largest bridges in Scar-

TIRED FEET It's not the rush of society that tires women out. You just put a pair of Tuckett's on your feet and you'll be comfortable all day long.

The shoe man is blamed for corns, bunions and foot troubles. But it's the weight that's put on his feet that's the cause of them. Tuckett's shoes are made for comfort and ease. They're the only shoes that give you a perfect fit. They're the only shoes that give you a perfect fit.

1 1/2 kt. perfect cut, blue white diamond, a snap. \$350.00. ONTARIO DIAMOND CO. 99 Yonge Street, Toronto.

boro, a 90 foot span, will be built this summer across the Rouge River on lot 8, con. 4, and known as Sewell's bridge. The first sitting of the court of revision of Scarborough will be held in Kennedy's Hall, Toronto, on Tuesday, June 4, at 1 p.m.

BUTTONVILLE.

On Tuesday last Mrs. R. E. Sanderson, fourth concession of Markham, was taken ill with appendicitis, and on Wednesday morning was removed to the General Hospital, Toronto, where she was successfully operated upon, and at the present time is doing well. Mrs. Sanderson is a daughter of the late Wm. Lundy of Buttonville.

VICTORIA SQUARE.

The following officers of the Epworth League have been chosen for the ensuing year: President, R. Boynton; 1st vice-president, Christian Endeavor department, Miss Lundy; 2nd vice-president, Miss Lundy; 3rd vice-president, Miss L. Rowbotham; 4th vice-president, Miss L. Rowbotham; 5th vice-president, Miss L. Rowbotham; 6th vice-president, Miss L. Rowbotham; 7th vice-president, Miss L. Rowbotham; 8th vice-president, Miss L. Rowbotham; 9th vice-president, Miss L. Rowbotham; 10th vice-president, Miss L. Rowbotham; 11th vice-president, Miss L. Rowbotham; 12th vice-president, Miss L. Rowbotham; 13th vice-president, Miss L. Rowbotham; 14th vice-president, Miss L. Rowbotham; 15th vice-president, Miss L. Rowbotham; 16th vice-president, Miss L. Rowbotham; 17th vice-president, Miss L. Rowbotham; 18th vice-president, Miss L. Rowbotham; 19th vice-president, Miss L. Rowbotham; 20th vice-president, Miss L. Rowbotham; 21st vice-president, Miss L. Rowbotham; 22nd vice-president, Miss L. Rowbotham; 23rd vice-president, Miss L. Rowbotham; 24th vice-president, Miss L. Rowbotham; 25th vice-president, Miss L. Rowbotham; 26th vice-president, Miss L. Rowbotham; 27th vice-president, Miss L. Rowbotham; 28th vice-president, Miss L. Rowbotham; 29th vice-president, Miss L. King's Plate: Heresy, Amberite 2, Rustling 3; Time 2.11

Note and Comment

Except for the accommodation of the public on the occasion of the first running of the King's Plate was the best day in the history of the Ontario Jockey Club. It was likely the largest crowd on record and royally made their appearance for the first time at Woodbine Park.

The fields were large, the finishes generally close and the time splendid, too the track was not fast. The horses ran true to form, favorites winning five of the seven races. The mounts took small returns, except in the two cases, when second choices or better finished in front.

The enormous throng made it impossible for heat of them to see the races and the 11 machines were totally inadequate to accommodate those who desired to play the horses. The paying out to the winners also caused more confusion and disappointment, many of the lucky ones being obliged to carry their money over to cash to-day or send down by their friends.

Had the machines been arranged in the first place with some idea as to how to choose the crowd on a crowded day, they would have been able to collect considerable money on the 6 per cent basis. Whoever drew the plates of the Woodbine jockey club and laid the pipes was not only the best of his own profession, but the best of the horse world, looking from every angle it seems unfortunate that those who support the game are not given the attention due them.

Surely the O.J.C. directors can afford to make the necessary improvements to the machines, and it is not unreasonable to expect that they will do so. It is not unreasonable to expect that they will do so. It is not unreasonable to expect that they will do so.

The 14,000 people present paid admissions of \$1.50 or more each, increasing the amount on opening day by \$22,000. To sum up: O. J. C. percentage of total..... \$17,700 Admitted to track..... 21,600 Total..... \$39,300

Leaving balance for profit and other expenses..... \$23,000

If these figures are incorrect we stand ready to give a complete official statement from the secretary-treasurer of the O. J. C.

John Nixon is probably more to be congratulated on winning the King's Plate than the Messrs. Dymally, owners of Heresy. He has the habit of late, having trained by the late T. C. Patterson, and the field was in the chute at a quarter of nine and Queen-street in a quarter of ten.

There was a slight delay at the start, caused by Heresy's surging coming down the track. Starter Dymally, however, rolled and saw one of his assistants mistake the sign for the start. This mistake goes unmentioned there might have been a different story to tell, and a King's Plate that not truly run.

They're Off. Dade sent them off after a couple of minutes. Heresy was the first to show. Jane Shore stuck to her post on the rail, and was bumped out of the running by Heresy and the rest went on. Passing the stand, Amberite had taken command, and the Duke of York was in the lead. The rest of the race being over when they were at the post, the Duke of York had to do his best to get inside the money, Calumny and Tronopolium being both within striking distance when they caught the judges' eye.

Everybody Cheers. Then the public had to waver altogether \$25,000 on the race to win of which \$10,000 was on Heresy, and thus there was more than sentiment in the outburst. They also won on the Duke of York and Amberite, second choice, and on the Duke of York and Amberite, second choice, and on the Duke of York and Amberite, second choice.

At Chicago-Chicago bunched his Saturday and won the first game of the series from Brooklyn by a score of 4 to 3. R.H.E. Chicago..... 03100010-3-1-1 Brooklyn..... 00000000-3-1-1

At Philadelphia hit Steele hard and often Saturday, while Moore was effective after the first inning, and St. Louis lost by 5 to 1. Score, R.H.E. Philadelphia..... 01101000-3-1-3 St. Louis..... 00000000-1-1-1

At Montreal-Montreal won Saturday's game from Newark, batting McCoolly out of the box and continuing to slug the ball when first Dent and then Lee took over the pitching. Gandil and Hanford batted out homers. Jimmy Burns and Hanford had a grand stand rally in the fourth and fifth. Donnell pitched the bases in the next innings with passes and Comolly went in third. Three double plays were made by McCoolly while Kane and Courtney did grand work. Hits by Minnie Conner and Nellie in the ninth resulted in the winning run.

At Toronto-Toronto won Saturday's game from Montreal, making a total of five from the Royal City. The favorite is represented by the grand stand rally, and with their trainer, are already in town. The British United and West End Clubs have forwarded their signed entries and the other local clubs are expected to send theirs along to-day.

BASEBALL TO-DAY
AT ISLAND STADIUM, 3:15
TORONTO vs. PROVIDENCE
Plan at 117 Bay St. and 23 King St. W. Combinations 50c. Reserve 25c. extra.

Riverside (Near Avenue Road)
FRIDAY, MAY 24, 7:30 P.M.
Kick-off at 3 A.M. Reserve your seats at Spalding's 150 Yonge Street. Tickets, 75c. 50c. 25c.

Favorites Win Five Races

Opening Day at Woodbine

Light o' My Life, Second Choice, and West Point, Long Shot, Furnished the Two Surprises—J. W. Schorr is the Winning Owner.

The Woodbine race turned a splendid contest, and made an ideal day for the public. The King's Plate was an easier second, and Joe Seagram's Rustling just beat Calumny for the show. The second of the Dymally string, Tronopolium, was only a half behind Gorman's best. The time, 2:11, was good, considering the track and was second only to that of the same race in 1909, and St. James' 2:05 4/5 last year.

J. W. Schorr proved the winning owner, and the second only to that of the same race in 1909, and St. James' 2:05 4/5 last year. J. W. Schorr proved the winning owner, and the second only to that of the same race in 1909, and St. James' 2:05 4/5 last year.

Two jockeys were set down two days ago on Saturday—Mussgrave by the stewards for crowding horses, and at the start of the King's Plate, and Lounsbury for the starter for disobedience at the post in the fifth.

WOODBINE TICKETS.
By special arrangement with the Ontario Jockey Club, grand stand tickets for the spring meeting will be on sale at the King Edward Hotel News Stand, 1150 case. ed

International Saturday.
At Rochester-Hochester and Jersey City split even in a double-header on Saturday. R.H.E. Rochester..... 00101100-3-1-1 Jersey City..... 00000000-3-1-1

At Buffalo-Two entire staffs of Buffalo pitchers proved very good. The rest of the game was a double-header on Saturday. R.H.E. Buffalo..... 00000000-3-1-1 Buffalo..... 00000000-3-1-1

At Montreal-Montreal won Saturday's game from Newark, batting McCoolly out of the box and continuing to slug the ball when first Dent and then Lee took over the pitching. LOSE THE FIRST 5 TO 0 AND THE SECOND 5 TO 5—Enormous Crowd at the Island.

Toronto's upward progress received a decided check on Saturday afternoon. When Providence shut them out in the first part of the double-header, 5 to 0, and led of one run, when the game was called count, as the score stood 5 to 0. The first announcement, holding their lead in the second, 5 to 5, was a surprise. The first announcement, holding their lead in the second, 5 to 5, was a surprise.

On the mound for the victory was a new recruit, pitching his first game for them, one of the best. He was certainly the best pitcher on the team, and his performance on Saturday, it must have been a bargain counter. He was certainly the best pitcher on the team, and his performance on Saturday, it must have been a bargain counter.

At Toronto-Toronto won Saturday's game from Montreal, making a total of five from the Royal City. The favorite is represented by the grand stand rally, and with their trainer, are already in town. The British United and West End Clubs have forwarded their signed entries and the other local clubs are expected to send theirs along to-day.

2.11

This is Simply Great!

Morning, noon and night, anywhere, and in any mood—the one best smoke is the "New Ten" Cigar.

Each one always tastes like more—smoke one or ten, it's all the same—no "come back"—no unwelcome "after-taste." Its

Delicacy of Aroma

bespeaks the use of carefully selected Havana tobacco, extreme care in rolling and wrapping, and the benefit of fifty-three years of knowing how—for your sake. Why not enjoy it?

The 'New Ten' Cigar

Louisville Results

LOUISVILLE, Ky., May 18.—The races here to-day resulted as follows:

 Hold a Meeting...
 -morrow.

FLA, May 18.—There was a local American League game to-night at a contest between the Philadelphia and St. Louis teams. This contest was the first since the death of Ban Johnson, President of the American League, and the death of Mack of the Athletics. It is apparent that the Philadelphia team would not be in time to adjust matters with the men who have refused to be reinstated.

erson to-night issued a statement to the effect that he would not be reinstated. The American League is expected to meet on Tuesday, and it is believed that the league will be organized. The American League is expected to meet on Tuesday, and it is believed that the league will be organized.

MONDAY MORNING, MAY 20, 1913

Canada and Currency

From Financial America, New York, May 17.
Our Toronto contemporary, The World, is sounding the tocsin of currency reform in Canada. It makes plain that the Dominion has not enough money for its ordinary business demands, and it blames the banks for this situation. It contends that the banks are negligent in obtaining more capital (their notes being based on capital), and failing to attract heavier lines of deposits. It accuses them of paying low interest rates to depositors, while it charges much higher rates to borrowers. If they would change their policy in this respect, our contemporary believes that deposits would reach them from England and other countries.

In view of the agitation in this country for banking and currency reform, which we trust will shortly lead to the establishment of an adequate and sensible banking and monetary system in the United States; and in view, particularly, of the frequent discussion of Canada's system by advocates of currency reform in this country, the points made by The World are not only pertinent but extremely valuable. Our contemporary's disclosures of the weakness and inefficiency of Canada's banking and currency facilities are not generally known to the public at large in this country. As a rule, we have been favored with only eulogistic dissertations thereon. The reverse of the medal should prove interesting.

The inspiring cause of our neighbor's activity herein is the "merger movement" in banking circles at present in Canada. In the case of a bank with \$5,000,000 capital and \$5,000,000 reserve; \$5,000,000 of its own note-issue, and \$5,000,000 of public deposits—in all \$20,000,000 of banking funds—it points out that \$15,000,000 came from or were made out of the public, or else part came from the shareholders and was parts from the public. The reserve, it continues, is said to be a guarantee for depositors; the shareholders regard it as a melon for themselves; and they refuse a portion of the melon to anyone except by way of premium. And, at that, many do not want to see new capital.

That the banks can issue their own notes to the extent of their capital without any return to the government, and only pay small amounts for the emergency currency occasionally needed for crop-moving purposes, our contemporary views unfavorably. The need the banks are now experiencing for more money is the root-cause of the mergers The World opposes. It sees in these the germ of a "big bank trust" for the big banks and big business, and not for "the little man who put in the deposits." The two big questions, accordingly, are: "How to get more share capital in England and in Europe, and still better, more deposits from abroad."

Provided the banks are unable to attract more share capital and deposits from abroad, which, apparently, they have not succeeded in doing, The World recommends that the government, which now issues national notes for the smaller currency, increase the amount of its issue by \$200,000,000 or \$300,000,000, and that any bank of approved standing be free to borrow of this money at a 3 per cent, and to lend it out, to the public at a reasonable but profitable rate. These notes would circulate everywhere, and in the United States they would be set-off to the \$20,000,000 of American national notes carried in Canada at all times, and which is virtually a free gift to us—whereas we discount Canadian bank notes (there are so many kinds), and our "hotels and railways turn up their noses at them."

Under this plan the government would earn 3 per cent on the rates and point the way to an elastic currency. We had been given to understand that the Canadian currency system was almost ideal in its automatic expansions and contractions. Among others, Mr. Andrew Carnegie so regards it. Since an increase in capital is largely governed by the ability of existing shareholders to take up any new stock—these resisting any public offers of such issues—help in that direction is remote. Since the banks insist on paying relatively low interest rates to depositors, due entirely to the domination and intimidation, according to The World, of the Bankers' Association, "which is in substance a big trust," an increased line of deposits seems out of the question, particularly from abroad.

Hence, in our contemporary's opinion, an issue of government notes as already described, is the only practical solution of Canada's money scarcity. As against the \$20,000,000 in notes now issued by the banks, it asserts that the country could use, in a short time, \$20,000,000 of national notes. Backed by a government reserve of 25 per cent in gold, and by the responsibility of the banks borrowing these notes, they would serve every monetary demand of the Dominion and end the prevailing tendency toward "mergers." At present, it should be borne in mind, the government issues \$20,000,000 in legal tender notes against a reserve of 25 per cent in gold; and notes in excess of \$20,000,000 against 100 per cent in specie.

Of a total issue of \$11,000,000 of government notes, says our contemporary, \$6,735,322 are held by the banks in their reserves. Not more, therefore, than \$20,000,000 of government notes are in general circulation. The circulation of the banks in March was, approximately, \$86,000,000, on which they make profits without return to the government. On its circulation up to \$20,000,000 the government makes some profit. Beyond that it earns nothing, for its notes then are gold certificates—mere warehouse receipts for gold. To withdraw the circulation of the banks and replace it with a national or government circulation, as stated, is The World's recommendation. "If a banking monopoly is to be created, the state that creates it should be a partner in that monopoly and share in some of the profits," says our contemporary.

Its proposal is contrary to the world's best banking experience, in its preference for a "government" instead of a "banking" currency; and its reserve of 25 per cent is scarcely adequate. That Canada's banking system needs reforming, we believe, is established by the criticisms of our neighbor, but that it is in danger of being swallowed up by a "banking monopoly" or a "money trust," we do not credit. Under its system it may be that consolidation of "mergers" of banks would make for strength and for a higher credit for their notes outside the Dominion. To those who have opposed branch-banking, these disclosures should prove highly interesting.

RUSSIA WANTS AGRICULTURAL MACHINERY
As it is now certain that the Russian Government will not modify the regulations restricting the entry of United States citizens of the Jewish faith into Russia and their movements within that country the question of the future commercial relations between these two nations is of considerable importance to Canada. Agriculture is developing rapidly in Russia and its facilities for the manufacture of agricultural machinery are meantime limited. Its importation is therefore necessary and the supply has hitherto come largely from the United States. The approaching determination of the Russo-American Treaty of Commerce, denounced by the United States, has prompted the Russian Board of Agriculture to initiate measures for the removal or at least the gradual weakening of the dependence of certain branches of Russian industry on importations from the United States, more especially of cotton and agricultural machinery.

A recent issue of the weekly report, circulated by the Canadian Department of Trade and Commerce, in calling attention to the situation it outlined, intimated that the Russian board is turning to the manufacturers of other countries for the purpose of replacing those from the United States. With that view it proposes to authorize its agent in the United States to personally investigate the conditions of production in the big works of Canada, to ascertain prices and conditions of export to Russia of agricultural machinery and parts of same and to purchase types of the Canadian product for trial in Russia. The trial will be

the city has been divided. The mayor is president of the council, with a vote, and has power to appoint a purchasing agent, while the city attorney and the city clerk are to be elected by the council.
The departments are those of finance, safety, public works, education, parks, playgrounds and public buildings and public utilities. Provision is made in the new charter for non-partisan election civil service and for the initiative and referendum in franchises and bond issues. The new charter was received with great satisfaction by the citizens, and from the reports in the St. Paul daily press, it appears that every possible means was used to prevent the success of the cause of good government by the political machine. Of additional significance was the even more emphatic vote taken at Duluth in favor of direct legislation.

Pastor Russell's Sermon
BOSTON, Mass., May 19.—Pastor Russell spoke here to-day in the Boston Theatre. In one of his two discourses he used the following text: "When He ascended up on high, He led a multitude of captives."—Ephesians iv, 8.
This grand expression respecting the glorious outcome of the Saviour's work is quoted by the Apostle Paul from the Psalms (Psalm lxxviii, 15). The figure thus thrust before our mental eye is that of a great conqueror, whose victory is being heralded. With the Romans we know that it was a custom that generals returning from various wars were greeted with a shout termed "Triumph"—that is to say, triumphal processions.

Thus, for instance, Titus, returning from the war upon Jews in A. D. 70, brought with him certain notable persons, and the Golden Calf which from the Temple, and these were displayed in triumph, and the conqueror, following the conqueror. They were subsequently sculptured on the Arch of Titus, still standing in Rome. And evidently the Apostle Paul is older than the days of the Romans, since it was prophesied yet forth by the Prophet David.
Let us turn our mental eye to feast upon the scene presented in our text. Jesus, in fulfillment of the Divine program, had led the heavenly condition and descended to earth, clothed in a bondman's form or nature in order "that He, by the grace of God, might taste death for our offences and died, the just for the unjust," that He might bring mankind back into harmony with God. His humiliation ended in death, but His triumph began when, as is recorded, God raised Him from the dead by His own power, and set Him at the right hand of His own Majesty—far above angels, principalities and powers and every name that is named."

With most of the conquerors, in olden times, the captives were made slaves. Not so, however, will be the result of Jesus' victory, according to the Divine program He leads forth to liberty and eternal life those who have been slaves of sin and death. His train of captives, led by the conqueror, occupied 18 centuries, and is yet to be the great work of the thousand years of that Messianic reign.
First of all in the procession are the saints—"the church of the first-born, whose names are written in heaven." In the forefront of them we meet the apostles. St. Paul taking the place of Judas. The apostles are to be kings who are to reign with Christ in prominent positions; but following them are some others of the saintly company of kings—in all a "little flock."
Then will come a company, more numerous, but less heroic, "a great multitude," uncrowned, but with "palm branches," not antitypical priests, but antitypical Levites, associates and ser-

\$150,000 Fire At Owen Sound
Plant of Carney Lumber Company a Total Loss—Heavy Blow to the Town.
OWEN SOUND, May 18.—(Special)—For the second time in six months a disastrous fire visited Owen Sound, when at an early hour this morning the big saw mill plant of the Carney Lumber Company was wiped out, meaning a total loss of about \$150,000. The whole mill plant was a seething mass of flames when the firemen reached it, and it was impossible to save any part of it. The plant was probably the most modern and thoroughly equipped on the Georgian Bay, and special attention had been paid to fire protection.
In the absence of the owners, both of whom are in the United States, and are not expected until to-morrow, it is impossible to say whether or not the plant will be rebuilt. The blow to the town industrially speaking will be felt. The company employed over one hundred men, and their wages would run up to about \$75,000 annually.
The origin of the fire remains a complete mystery.
Where Are You Going Victoria Day?
A great many people are anxiously looking forward to Victoria Day for their first holiday. Fortunately, this year, the holiday falls on Friday, which offers pleasure seekers a three day vacation, with practically no loss of time. The Canadian Pacific Railway will issue return tickets at single fare between stations in Canada, west of Fort Arthur, also to Niagara Falls and Buffalo, N. Y., and Detroit, Michigan. Tickets good going May 23 and 24. Return limit May 27. See that you have notice of trial within a week. Toronto City Office, 15 East King-st., Toronto.

SEASONED SECURITIES
This Corporation was established in 1856, and for more than fifty-six years has been steadily growing in strength and in the confidence of the depositing and investing public. It is that long period there have been "hard times" as well as seasons of prosperity; but the money entrusted to our keeping has always been ready when called for.
The Corporation's Bonds are, therefore, a most secure investment. They are issued in accordance with the restrictive provisions of the Corporation's Charter, and also those with which the Legislature circumscribes the investment of Trust Funds. Nine and Three-Quarter Million Dollars of Shareholders' money are a further pledge of their security.
These Bonds may be had in sums of One Hundred Dollars and upwards.
Canada Permanent Mortgage Corporation
Toronto Street, Toronto
Established 1856.

At Osgoode Hall

1. Woolman v. Cumber.
2. Re Dungan and Kingston.
3. O'Hearn v. Richardson.

Master's Chambers.
Before Cartwright, K.C. Master.
Re B. B. Smith and Canadian Home Circles.—N. Sommerville for the society. Motion by the society for an order giving them leave to pay into court share of an infant. Order made for payment in less costs fixed at \$5. Notice to be given to official guardian.
Duggan v. Anderson.—Proudfoot (Proudfoot & Co.) for defendants. Motion by defendants on consent for an order discharging certificate of his pending. Order made.
Acton v. Rook.—W. J. Elliott for plaintiff. Motion by plaintiff on consent for an order dismissing action without costs. Order made.
Stuart v. Bank of Montreal.—W. J. Elliott for plaintiff. Motion by plaintiff for an order amending writ and statement of claim by the addition of two defendants without costs and vacating service of amended writ on parties already served. Copy of order to be served with writ on new defendants.

Joseph v. Miln.—McNaught (Ritchie & Co.) for plaintiffs. Motion by plaintiffs on consent for an order dismissing certificate of his pending. Order made.
Mayers v. Toronto Ry. Co.—E. F. Raney for plaintiff. F. McCarthy for defendant. Motion by plaintiff for an order for a better affidavit on production for better affidavit. Costs to plaintiff in any event.
Crook v. Allen.—H. E. Rose, K.C., for defendants. C. A. Moss for plaintiff. Motion by plaintiff for an order striking out paragraphs 4, 5 and 6 as embarrassing before pleading. Reserved.
Dickman v. Gordon.—Walsh (Singer & S.) for defendant. McDonald (Day & Co.) for plaintiff. Motion by defendant for particulars of statement of claim before pleading. Reserved.
Mayers v. Strongman.—H. C. Macdonald for defendant. No one contra. Motion by defendant for an order allowing him to pay \$215.70 into court and to have certificate of his pending. Order made, not to issue until Monday.
Jarvis v. House of Providence.—Dyke (Beatty & Co.) for plaintiff. Motion by plaintiff for an order for the issue of a concurrent writ of summons for service out of the jurisdiction, and for service of same and statement of claim on defendant in Chicago. Order made.

Phillips v. Tucker.—McLean (Muleck & Co.) for defendants. Motion by defendants on consent for an order vacating certificate of lien and lien pending. Order made.
Drury v. McIntyre.—Cowan (M. P. Van der Voort) for plaintiff. Motion by plaintiff on consent for an order dismissing action without costs. Order made.
Christalov v. Fotts.—H. E. Rose, K.C., for defendant. H. S. White, for plaintiff. McDonald (Day & Co.) for defendant. Defendant. Motion by defendant on consent for an order postponing trial with liberty to plaintiff to have trial at non-jury sittings on June 17, at Sudbury, if he gives notice of trial within a week. Costs in the cause. Any extra costs.

occasional to plaintiff by this order to be dealt with by trial judge.
Judges' Chambers.
Before Middleton, J.
Re Blanche Emily Hart—R. D. Moorehead, for father, T. A. Gibson, for Elizabeth Hyde Powell, maternal aunt. Motion by father on return of a writ of habeas corpus for delivery of the infant to him.
Judgment: On return of this motion, it became quite evident that it was impossible to determine the matter upon affidavit evidence and the parties consented that I should hear oral evidence and summarily dispose of the case. As the result of all my enquiries I am firmly convinced that the welfare of the child renders it imperative that I should leave her with her aunt. This course is also recommended by Mr. Keelo. Motion dismissed with costs.

BAN STILL ON DANCING AND CARDS
MINNEAPOLIS, May 18.—(Can. Press.)—With the decision of the amusement question and the taking of the sixth ballot for bishops, delegates of the Methodist Episcopal general conference made rapid strides in the completion in the business of the session.
By a vote of 46 to 39, the conference voted to leave unchanged the church discipline, paragraph 26, which prohibits dancing, card playing and kindred amusements.
On the fifth ballot for bishop, the re-

sult of which was announced this afternoon, W. O. Shepherd of Chicago was high man, with 500 votes, leading 50 of a total of 1,000.
At the close of the sixth ballot the afternoon the votes were sealed to be counted on Monday.

DIED FROM EXPOSURE.
DUBLIN, Ont., May 13.—Michael Meeny was found this morning in an unconscious state in a bankyard. He died a few minutes after a doctor arrived. Death was caused by exposure to the weather.

Turnbull Township in Limeight in Porcupine--Market Firm

SENTIMENT IN WHEAT PIT IS IN A NERVOUS STATE

Prices Moved in Narrow Range and Closed Only Slightly Higher Than Previous Day--Corn and Oats Quiet and Slightly Easier.

CHICAGO, May 18.—Actions of the wheat market today indicated that recent liquidation by holders had been there and that prices had developed a tendency to recover. The close was steady at a net advance of 1-32 to 1-32. The latest transactions left corn the same as last week to 1-16 below, oats 1-4 down, and provisions 5c to 3 1-2 down.

Wheat trade was mainly a scalping affair. The tone appeared nervous and dealers as a rule were disposed to keep their commitments light pending the opening of another week. At first, the market surged as a result of railroad reports that seemed to point to a bumper crop in Nebraska. Later there was considerable buying under the leadership of some of the larger firms. The result was an upturn which held fairly well until the last hour when the market recovered a bit because of estimates foreshadowing government figures in June suggesting a winter wheat crop of 20,000,000 bushels in excess of what had been expected in 1912.

The more favorable feeling for the buying side of wheat received impetus in part from cable despatches that Canadian and Argentine offerings were of miserable quality, and that world shipments proceeded to be small.

Corn Steady, Oats Weaker.

Corn prices swung easily within a narrow range. The weather formed the chief influence and was variously regarded as fine for the progress of spring work and as too cold for early planted corn.

Uniformly good crop advices weakened the oats market. There was, however, a better cash demand than has been reported recently. Antwerp provisions slid down grade on account of receipts of hogs showing a decided gain as compared with last week. September delivery of pork dropped the most, 32-1/2c. Otherwise the declines averaged about 10c all around.

It is Just as Important Where You Buy as What You Buy.

We take as much pride in our methods of doing business as we do in the goods themselves. Our prices are right and they are the same to everyone.

We are the pioneers in the movement to make the price of a man's suit represent its true value, measured by the highest standard attainable at the price.

Our stock comprises the choicest of the season's weaves and colorings, and were personally selected and imported by ourselves direct from England. We invite an inspection.

CHARGED WITH BURGLARLY. Herbert Gross of 187 Simcoe-street, Brantford, was arrested Saturday by Detective Tipton charged with a burglary. It is believed that Gross lifted a plate glass from the front window of a house at 45 Butler-street, and while the occupants were asleep, stole a large clock and a small sewing machine. He was arrested at the corner of Simcoe and Queen-streets after Detective Tipton had got his information in a "York-street" pawnshop.

High Death Rate In the Spring. At the very time of year when all nature is awakening to new life, human beings are overcome by lassitude and distaste for physical activity, and the death rate mounts higher than at any other time during the year.

What can be the cause? It seems to be due to the mode of life during the cold winter months. By living cooped up in overheated, ill-ventilated rooms, the lungs are deprived of the life-giving oxygen, the blood becomes loaded with impurities which are eliminated from the system as they should be by the liver and kidneys. These filtering organs are torpid, sluggish and inactive, and need Dr. Chase's Kidney-Liver Pills to restore them to health and activity. By living in the open air, the blood can be purified except by the eliminating process carried on by the liver and kidneys. Hence the effectiveness of Dr. Chase's Kidney-Liver Pills as a means of purifying the blood.

MINING MARKET SHOWS ABILITY TO REBOUND

Crown Chartered Scores Sharp Recovery, and General List Also Reflects Improvement—Sentiment Adopts More Cheerful Mood.

World Office. Saturday Evening, May 18. The mining market clearly demonstrated its ability to rebound after a sharp decline to-day, when Crown Chartered, which was the leader in the trading, scored a sharp recovery from the recent slump. Elsewhere, however, the Porcupine list did not develop any new features, and prices ended the day pretty much on a par with the previous close.

The underdone price was the most responsible factor in the decline in some days, and this was in its turn reflected in sentiment, which adopted a more optimistic tone than usual. In consequence the list evidenced a better trend than has been shown in many a day, and the several small advances which were recorded served to give an appearance of cheerfulness to the exchange which had hitherto been characterized by the earlier part of the week.

The drastic shake-out in Porcupine since a month ago has for the time being put an effective check on public sentiment regarding the mining list, but already a disposition to take advantage of the remarkably low levels which have been reached is being manifested on the part of the outside element. The recent decline was brought about entirely by professional speculators, and the situation will be cleared up, purchases are being made in the idea of holding on until the nature of the recovery carries prices materially higher and thereby puts profits within reach.

Such stocks as Crown Chartered, Dominion, Hollinger, Swastica, and Vipond all showed work-out undertones to-day, and advances running all the way from small fractions to four points. The latter in Crown Chartered, was the result of greater import than this immediate showing, however, was the evident fact that the decline had taken a more favorable turn, since that red, which had been altogether to the good of the market in the near future.

The recovery has carried stocks down to levels, which in many instances constitute new low records, has cleaned up a large number of weakly held accounts, and the inference made is that the situation has been cleared up thereby. It may take some little time before this is realized in its entirety, but it is to be said that the recovery, when it comes, will be a substantial one.

WILL RESUME WORK ON THIS PROPERTY. PORCUPINE, May 17.—(From Our Man Up North.)—Word is received to-day that the Hughes and the southern Whittney, which closed in southern Porcupine, will be re-opened on June 15. Members of the directors are to visit the property, and the directors' arrangements are being perfected for starting sinking shortly after that date.

The shaft is located on claims directly to the west of the Hughes and the southern Whittney. Work was started on Oct. 1. A shaft is down 75 feet on the surface, and a shaft appears in the shaft at the 50-foot depth. Manager Le Blano is optimistic over the results of the shaft, and states that in the quartz the values are promising. Chas. Fox.

SHAFT AT HUGHES IS DOWN 100 FEET. BLIND PIGS WERE RAIDED IN PORCUPINE. PORCUPINE, May 17.—(From Our Man Up North.)—The Hughes Mine directors and visitors are expected to visit the camp the coming week. It is said that the party will number 24, and that in addition to inspecting the work not done at the Hughes, a thorough look over other properties will be made.

Only six coupons and a small expense bonus set it for you. Its title is Webster's Illustrated Dictionary with latest news. Toronto calls it The World's Book. The claim is made that while the typewriter and the telephone are now the two most important mechanical devices in use, the typewriter is not the equal of the telephone in efficiency merely because of the deficiencies of its operators.

GOLD DIGGINGS IN TURNBULL

Township West of Porcupine Looms Up as Gold Mining Prospect of First Water.

PORCUPINE, May 17.—(From Our Man Up North.)—Dozens of prospectors are trailing into Turnbull to complete assessment work and to develop claims that look likely as coming gold-producers. Development work of the last two weeks has brought to light several wide quartz leads that show up indeed in a promising manner.

In northeast Turnbull the Shields-Ferguson claims elixir anything yet located in that township. Several wide quartz leads showing constant values for hundreds of feet, as far as stripping has been done, are located and buyers are eager to get hold of the properties. One offer of \$100,000 is reported.

Next to these claims are several other properties under development, and the showings are reported as far above the average. To the southwest in the centre of the township the belt apparently dips to the surface again and more veins carrying consistent gold values are located.

W. F. Clearburn, after looking over the township carefully, will return to begin the erection of lodging houses as accommodation for the travelling party who will before the summer is half over be rushing into the new gold fields to the west of Porcupine.

Turnbull is the spot undoubtedly where the summer's rush is headed, and already hardy prospectors are setting the pace by tramping into the section along back-made trails. Several who have returned from the Hurviana River district will go into the Turnbull section. Chas. Fox.

PLANS INSPECTION OF THREE NATIONS. PORCUPINE, May 17.—(From Our Man Up North.)—D. Roy, president of the Three Nations Mining Company, sends word that he will come to the Porcupine camp next week to see the new finds in the north cross-out and to inspect the property in general.

The cross-out is now driven to the north 90 feet and several rich seams in the strata and conglomerate were encountered, indicating that a strong lead lies below from which the rich off-shoots came.

The south cross-out is driven 85 feet and a four-foot vein of clear quartz, but the assays are extremely encouraging. NOVA SCOTIA SALE. The assets of the Nova Scotia Silver Mining Co., Limited, will be offered for sale at public auction at 11 a.m. to-day. The property consists of mining lands, 35 acres, concentrated in the township of Porcupine, and already hardy prospectors are flocking to the sale.

World's Splendid Offer Will Be Discontinued Within a Few Days. Wanted—Someone who has failed to find the error eliminator being distributed to stenographers and office workers by The World's Book that ever entered his office. Address Dictionary Department. Address of tapping the keys? Hope to be secretary to the "old man" someday? Why not? Others have you can. Get busy. Join the procession of well-informed stenographers and office employees who are moving steadily forward with the Dictionary Department of The World's Book as the starting point of their march to progress.

Steel and Sao Paulo at New Records—New York Market Strong

LIST MARKET'S ROYALTY TONE

Steel Stocks in Lead at Week-End — Sao Paulo Up to New Record at 220 1/4.

World Office, Saturday Evening, May 18. The Toronto stock market maintained the same appearance of buoyancy at the week-end as characterized by its movements during the previous sessions, and further improvement was realized in the specialties which have up to this time proved the leaders in the movement. The steel stocks were again the most prominent features, with Sao Paulo also in the limelight by reason of the establishment of a new high record. Such issues as the Russell, Burts and Pulp securities, however, failed to record any further improvement, the enthusiasm for the time being having drifted into dulness.

The past week has been on the whole probably the most active period that the market has enjoyed in years, and the improvement manifested in prices has run into material figures in certain sections. That the list should run into comparative quietness, after so pronounced a movement is, of course, only natural. That the list will prove a temporary one only is generally believed; consequently brokers look for a resumption of the upturn in the very near future.

The situation in the Canadian markets is, from whatever standpoint viewed, a favorable one. Money conditions, while not unusually easy, are by no means adverse; speculation has been established on a materially broader plane; the crop outlook is bright; business and industry are active; and the whole situation must be accepted as a round. Viewed in this light, it would seem that there is still considerable room for the market to advance further, particularly since the public is evidencing signs of growing weary of real estate speculation and is showing disposition to turn to the stock market. Meanwhile, the list affords a good opportunity both for speculation and investment, and may be accepted, will be made more attractive in the near future.

SHARP ADVANCE IN STEEL-EQ

Wall St. Sentiment Cheerful and Market Improves Under Short Covering—Good Progress Made.

NEW YORK, May 18.—Renewed strength in the hard coal stocks, a natural outcome of the probable early termination of the anthracite coal strike, and further bidding up of specialties in the miscellaneous division were the principal features of today's stock market. The Valley advanced 2 1/2 points with a fractional gain for Reading, while improvements were recorded by such other standard shares as Steel, Union Pacific, American Smelting and United States Steel. Trading was moderate, however, and the dealings of the two hours consisted largely of an evening-up or settlement of contracts for the week.

The irregularity of the opening was attributed to foreign influences, London's final quotations for its securities showing more losses than gains, with especial weakness in Canadian Pacific, which was later reflected here to a greater extent. Arbitrage brokers are of the opinion that some of the recent selling of the stock which went to its high record on Tuesday, is for account of foreign interests.

Active in Final Hour. The market closed active and fairly strong with more substantial gains in Steel, Union Pacific, American Smelting and Amalgamated Copper. Canadian Pacific, after some recovery from its early heaviness, again declined. The activity in the oil shares at higher quotations followed announcement of an advance in the price of the crude product.

Money and discount rates hardened in London, where the market movement was altogether perfunctory, with a sagging tendency. The weekly statement of the Imperial Bank of Germany was interesting, chiefly because of the mixed situation at the German capital.

RAILWAY RECEIPTS SHOW INCREASE OF 7.4 PER CENT.

Gross earnings of all United States railroads reporting to Dun's Agency for the first week of May make a very satisfactory comparison with a year ago. The total receipts for the week of May 13, 1913, were \$7,257,000, a gain of 7.4 per cent., as compared with the earnings of the same roads for the corresponding period last year, and which better exhibit than that for the first week of any period month so far this year. In the following table are given the gross earnings of all United States railroads reporting to date for the first week of May:

Road	1913	1912
At. & N. W.	1,200,000	1,150,000
B. & O.	1,100,000	1,050,000
C. & N. W.	1,000,000	950,000
P. & N. E.	900,000	850,000
R. I. & M. E.	800,000	750,000
S. P.	700,000	650,000
U. P.	600,000	550,000
W. V.	500,000	450,000
Y. & N. E.	400,000	350,000
Total	7,257,000	6,750,000

L. SIMPSON

THE SIMPSON STORE

Spring's cool days and cooler nights, and the heat of Summer days, soon to be here, have both influenced the store's huge stock.

Many tumbling prices show the result, where Spring stocks are hanging over-laid and the Summer goods are crowding in to displace them. Don't let the "tween seasons" pass without making the unusual advantages yours.

Handkerchief Shower for the June Bride

A Shower of Handkerchiefs. Have you ever met a bride-to-be who has ever had too many Handkerchiefs? Simpson's Handkerchief Department is bubbling over with almost every kind of kerchief that one could imagine.

Irish Linen Handkerchiefs, finest of sheer linen, beautifully embroidered in each corner — "perfect drama." Some have handstitched borders; others are edged with real "baby" Irish lace or small scalloped borders. Prices from \$2.50 to \$6.00 each.

Glove Handkerchiefs, made of the sheer Irish linen, daintiest patterns, small buttonhole edges; others are trimmed with Armenian lace. Prices from \$2.50 to \$1.50 each.

Hemstitch Embroidered Handkerchiefs — Each handkerchief is hand-embroidered with a small floral design in corner. Made of the sheer linen; quarter inch hem. It's impossible to describe the fineness and workmanship of these pretty kerchiefs. Prices 25c to \$2.50.

Three Blouse Specials Tuesday \$1.25

Fine Sheer Lawn Blouses, low square neck, whole front elaborately trimmed with embroidery and Cluny lace insertion, short set-in sleeves, with lace cuffs. Special 1.25

A Pinafore Blouse of all-over embroidered cotton voile, surplice style, low neck and short sleeves. Special 1.25

A Dainty Lingerie Blouse, front of fine Swiss embroidery, pretty round neck is finished with Val. lace and insertion, short set-in sleeve lace trimmed. Sizes 34 to 44 bust measurements. Special 1.25

Wash Goods

WHITE CREPES FOR WOMEN'S WEAR.

We are showing a special make of fine White Crepes, specially made for women's and infants' wear, in summer dresses. They do not require ironing when washed. There are eight different styles from perfectly all-over to the old-fashioned seersucker stripes, alternating with plain, 28 inches wide. Special .25

Dainty Japanese Crepes, in a big variety of Oriental designs and plain colors. Regularly .25. New and full range of pretty White Mercerized Brocade Vesting, spots and figures, the make that looks as well after repeated washings as before. 25c, 20c, 15c.

A clearance of a small lot of 60 pieces 40-in. Printed Organdy, with pretty floral borders, white grounds with pattern of roses, wraiths, sprays, etc. These goods are slightly imperfect or they would be sold at 40c. Special to clear9

100 pieces pretty white ground Print, best English quality, stripes and figures. Regularly 15c. 7 1/2 (No phone or mail orders for last 2 items.)

Excellent Values in Gloves and Hosiery

Women's Lisle and Cotton Hose, sheer, fine quality, fashioned, best dyes in black, tan, and a range of plain colors, odds and ends of better lines, grouped together. Tuesday clearing, per pair19

Women's Finest Quality English Cashmere Hose, spring weight, fashioned, rich soft spun yarn. These are regular stock, consisting of colors with lace ankles and hand silk embroidered designs. Sizes 8 1/2 to 10; regularly 50c pair. Tuesday clearing, pair29

Women's Elbow Length Lisle Thread Gloves, opening at wrist, with dome fasteners, fine clean thread, black and white. Sizes 5 1/2 to 8, extra value. Tuesday, pair25

Fancy Ribbons at Reduced Prices

This is a big ribbon opportunity. Ribbons that are now selling at 29c and 35c per yard, to be cleared out to-morrow. Ribbons in style and colors, suitable for your holiday hat. About 12 different patterns in stripes, ombres, plaids, Dresdens, and shot effects: colors include red, cerise, green, navy, Copenhagen, black, white, tan and old rose, in smart combinations. Widths 5 to 7 inches. No phone or mail orders filled. Tuesday, per yard19

Toilet Goods

Bourjois Java Rice Powder. Regular price 40c. Special 29

Wilber's Peroxide Dentifrice. Regularly 15c. Special10

Yale's Face Powder, in white and flesh. Regularly 50c. Special35

Royal Crown Witch Hazel Toilet Soap. Regular price 10c. Special, 4 for25

Armour's Super-Tar Shampoo Soap. Regularly 30c. Special, 2 for25

Gilmore's Hand Cleaner. Regularly 10c. Special, 4 for25 (Phone direct to Toilet Dept.)

"La Deesse" Corsets at \$2.50 a Pair

Corset luxury at the cost of the ordinary grades. We have just one hundred and fifty pairs of "La Deesse" Corsets to distribute at exactly half price. It's a matter of getting you acquainted with this high-class corset. Phone orders filled if early.

Model for medium or stout figures, of French coutil, medium bust, extra long skirt, finest rustproof waterproof boning, 4 wide side steels, 4 wide criss-cross elastic garters, deep lace and ribbon, graduated clasp and skirt hook. Sizes 30 to 36 inches. Regularly \$1.00 a pair. Tuesday, a pair2.50
