TWENTY-SEVENTH
TRAIN GOES THRU BRIDGE ONE DEAD, MAY BE MORE
Driftwood in Cimarron River Causes Collapse of Structure—Two Cars in Water.
Kingfisher, Okla., Sept. 18.—While it is believed that several lives were lost today when two cars of the Rock Island train No. 12, north-bound, went into the Cimarron River at Dover, Okla., because of the collapse of a bridge, no bodies have been recovered and the only person on the train positively known to have perished is Hank Littlefield, an employee of the Forepaugh-Sells circus, who was drowned. The 3-year-old child of Mrs. Kato Sells, Payne, Okla., strangled from the effects of water and cannot live. Nine others are known to have been more or less injured.
MAY BE EIGHT DEAD.
Guthrie, Okla., Sept. 18.—Eight persons are dead, twenty more or less injured and as many more missing, as the result of the wrecking of a Rock Island passenger train three miles from Dover, Okla., at 8.30 o'clock this morning.
The engine, tender, baggage and mail cars, smoking car and day coach of passenger train No. 12, northbound, left the high bridge that spans the Cimarron River and plunged into the stream, which is flanked by treacherous quicksands. The locomotive disappeared almost immediately. The mail and baggage clerks escaped from their cars and swam to the shore.
The accident was due to driftwood, which piled against the bridge and swerved it out of line.
The train was an hour late, and was running at high speed. The engineer did not see the condition of the bridge until he was within a few yards of it. He shouted to his fireman and jumped. He landed on the verge of the river and escaped unhurt. The fireman sustained serious injuries.
Bridge Collapses.
When the engine struck the bridge the structure collapsed, precipitating the engine, smoking car and day coach into the water. Two Pullmans remained on the track. The current whirled the day coach down stream for several hundred yards. The occupants were helped out thru the doors and windows. The smoking car floated to several hundred yards and was seen to clamber thru the windows and pull themselves on to the edge of the car, calling loudly for help.
Those on shore were unable to reach them on account of the high water, and while they were begging for assistance a mass of driftwood swept down the river.
Three other men crawled thru the rear door of the smoking-car. They were rescued.
Fifty in Smoker.
The most authentic source places the number of passengers in the smoking-car at between 25 and 30. With few exceptions, they have not been accounted for.
One man was fished out of the river at Cashon, 20 miles from the disaster. He was almost dead. Others have reported floating down the river.
The injured were hurried to Kingfisher, where the residents have turned their homes into temporary hospitals.
It may be impossible to ascertain the number of dead for several days. Many of those reported missing may show up safe at some point down the Cimarron. Sheriff J. E. Foye of Kingfisher, who was in the smoking-car, asserts that there were at least 20 in that car. He said:
"Just as the car was turning on its side I fought my way to the rear and forced my body thru the door. When I came to the surface I was swept downstream by the heavy current. When in the last stages of exhaustion I touched bottom and drew myself up on the bank. There were at least 20 others in the smoking-car. I saw two bodies myself escape."

Excessive Freight Rates Retard Growth of Country

Manufacturers Advocate Steamship Route From Eastern Port for New Zealand Consignments—Neglect of Technical Education in Canada Subject of Discussion.
Winnipeg, Sept. 18.—(Special.)—The manufacturers' convention devoted the day to reports of committees. Only two reports were received in the afternoon, that of railways and transportation and intelligence committees.
A. Saunders of Goderich moved the adoption of the intelligence committee report, which was unanimously carried. He referred to the fact that the Canadian manufacturers had not availed themselves of the opportunity offered them for export trade, and advised them to devote more attention to this branch in the future.
The 3-year-old child of Mrs. Kato Sells, Payne, Okla., strangled from the effects of water and cannot live. Nine others are known to have been more or less injured.

FEAR SOME SORT OF A GAME IN RAILWAY'S APPLICATION

Toronto Junction Citizens Want Searchlight Cast on Latest Proposal.
Toronto Junction has a street railway situation which is novel and unique.
The Toronto Suburban Street Railway Company is operating under a contract with the municipality that was ratified by the legislature in 1900. It is a contract that requires the company to pay \$125 per car for every mile of track. As a matter of fact, the company has never paid a dollar. It is in arrears for thousands of dollars, and so far as can be learned there is no disposition on the part of the civic officers to ever attempt to collect it. The company, it is claimed, has also subjected its franchise to forfeiture, in other respects, it utterly fails to give any service over the Evelyn Crescent line, and its cars are not up to the standard on any line. In point of fact, the company is doing about what it likes, and yet it clamors for further grants and privileges from the public and long suffering municipality.
On the evening of Sept. 11 the town council and the representatives of the company held a long meeting, behind closed doors. Several citizens who wished to know what was going on were refused admittance. Those who enquired as to what had been done were told, on the following day, to attend to their own affairs.
Finally at the crowded show-up on Monday night, but there was no attempt to exclude them. For hours everything under the sun was talked about, except the secret meeting with the officials of the street railway company. Finally the crowd showed no signs of going home. A. J. Anderson, the town solicitor, called upon to exclude them. For hours an awful of plans and profiles upon the table.
Nothing a Mystery.
Then it was learned that the company proposed to double track its line in Toronto Junction and also to build a new line extending west on St. Clair-avenue, from Keele-street to Elizabeth-street.
The proposed new line is only about three-quarters of a mile in length, and its building, as yet, is a mystery. On one side are the stock yards and in the street itself are two tracks of the street railway. For hours the crowd all on one side of the street, and there is a school. The school children will be sent early-time with two steam railroad trucks, one on each side, and which they must traverse in going to school. It is a true enthusiast for the school children it is hard to see what object this line could be at present, as there is practically no settlement north of St. Clair-avenue.
Reuben Armstrong, druggists merchant, assumed the floor. He reported that the proposed line was to be part of a radial, extending from Yonge-street to Keele-street, and running along St. Clair-avenue to Dundas-street.
R. C. Agard, attorney, was present at the council meeting on Monday night and protested vigorously against placing the proposed line upon St. Clair-avenue, until the people living along that thoroughfare could be heard on the subject. He also protested against any further extension of the line to the company, until it runs cars according to agreement, and paid up its arrears for franchise fees.
Mayor Smith, in reply to his protest, stated that the council had refused to rush thru the franchise, and the town solicitor insisted upon their doing so. He said that the town was powerless, as the contract with the company contained the following provision:
"The corporation, in so far as it has power and jurisdiction so to do, doth by these presents grant unto the company its successors and assigns, for a period of 25 years from Sept. 1, 1895, THE EXCLUSIVE RIGHT TO CONSTRUCT, MAINTAIN AND OPERATE SUBURBAN STREET RAILWAYS, ON ALL OR ANY OF THE STREETS AND ROADS OF THE SAID CORPORATION, UNDER THE FOLLOWING CONDITIONS:
1. It is clear, however, from other sections of the agreement, that the company cannot double-track, without the permission of the municipality, and many citizens feel that the time is ripe for the town to assert itself. They favor proceedings to forfeit the company's charter on the following grounds:
1. Its care are not of approved design, as "are from time to time in general use in the City of Toronto," as the contract requires.
2. It has constantly and for years violated the requirement of hourly service on the Evelyn-crescent route.
3. It is in arrears for years for the mileage due.
4. The privileges being asked for are worth a million dollars to the town."
The citizens are so far as they can, said one citizen last night, who declined to give his name. If the company wanted the new tracks they should give the citizens a lower fare in the town limits. As proposed, it costs a cent to ride to Lambton.
Council meets on Monday night next to again consider the matter.

HONG KONG HIT BY TYPHOON SHORE STREWN WITH SHIPS LOSS OF LIFE IS ENORMOUS

C. P. R. Steamer Monteagle Driven on Shore But Empress of Japan is Saved by Dock Tugs—Storm Lasts Two Hours.
Hong Kong, Sept. 18.—A terrific storm broke suddenly here this afternoon, lasting two hours and destroying innumerable native craft and causing much loss of life. The harbor is literally strewn with wreckage, and the streets of the city are blocked with debris.
An unknown steamer collided with the British steamer Strathmore, seriously damaging the latter.
The British steamer Loong Sang collided with the British steamer Chip Sing, with slight damage.
The river boat Fatshang fouled the French mail boat Polyestean.
The C.P.R. steamer Monteagle, the German steamer Signal, the German steamer Emma Luken, the British steamer Chang Sha, the German steamer Sexta, the Kwowloon ferryboat and a waterboat were driven ashore.
The American steamer Sorsogon and the German steamer Johanne are awash.
A Japanese steamer is stranded on Kellert's Island. The British river gunboat Moorhen is leaking badly, one French torpedo boat destroyer is ashore, and two others dragged their anchors the entire length of the harbor.
The C.P.R. steamer Empress of Japan was saved by the dock company's tugs keeping her steady.
The American ship S. P. Hitchcock was driven high and dry on shore. The British river steamers Kwong Chow, Sanchum and Suncoo foundered.
The French steamer Chas. Hardouin was damaged. The little Chinese steamer Wing Chai was beached.
Numerous steam launches and lighters foundered, and most of the wooden piers on the waterfront were demolished. The temporary buildings, were demolished and the men are quartered in the casemates of the fort.
Nineteen deep sea junks were washed on Stone Cutter's Island.
A tramp vessel collided with the French torpedo boat destroyer Fronde, and it is reported twenty Frenchmen were killed. The French torpedo boat destroyer Francais is ashore, the steamer Apurda is badly stranded on Stone Cutter's Island, and the British steamer Radnorshire is damaged.

FOURTH FIRE VICTIM DIES CHARRED BONES IN RUINS

Portion of Bodies of Miss Loveday and Miss O'Neill Discovered by Searchers.
Ottawa, Sept. 18.—(Special.)—One more man has been added to the death roll of the Gilmour Hotel fire. Harry T. Walker of Malakoff, N.B., died at 10 o'clock to-night as the result of his injuries. Mr. Walker was asleep in bed when the fire broke out and had to jump from the fourth storey to the one story roof of a building attached to the hotel. He had both legs broken, was burned severely about the arms and injured internally.
This brings the list of known fatalities up to four.
All day the work of searching for the remains of the victims has proceeded, but up till late to-night only two had been discovered. It is practically impossible to identify the few charred bones the searchers discovered, but they are believed to be those of Miss Loveday of the Barnardo Home, Peterboro, and Miss O'Neill, the head waitress.
To show how difficult identification is the supposition that one of the victims found is Miss Loveday is based upon the fact that her room was located on the top flat directly over where the body was recovered. Only the trunk of the body and one clenched hand were found. Both thigh bones, the head, the lower parts of the legs and one arm are missing.
It is curious that among the debris four \$1 bills, unburned, were found, along with some scantly damaged watches and Col. MacDonald's medals.
Miss Pentecost is still in a very low condition.
At the hospital she is reported as having "passed a good day."
A letter of enquiry from A. E. Maynard of Galt, concerning Miss Alice King, an English girl, gave rise to a rumour to-night that she had perished in the flames, but on enquiry The World was informed that Miss King, who had been employed at the Gilmour as a waitress, was now at the New Russell, Yonge-street, Toronto.
It is reported that Mr. Irwin of Winchester is missing. No news of him has been heard since the fire. It is said also that a new bell boy and a new waitress, whose names are unknown, are missing.

ODD FRACTION ROUTED MURPHY WINS A TRIUMPH

Bitter Clash in New York Primary Elections, Which Almost Results in Rioting.
New York, Sept. 18.—In a bitter clash of opposing factions in today's primary elections in New York County, Congressman Herbert Parsons, president of the New York county committee, won a sweeping victory for the control of the Republican organization, while Leader Chas. F. Murphy of Tammany Hall retained his position at the head of the organization by a narrow margin.
Parsons' victory was a complete rout for the faction led by State Chairman B. E. Odell Jr. and Lemuel L. Quigg.
Mr. Murphy has been regarded of late as friendly to the nomination of Wm. Randolph Hearst for governor. If he can control the Tammany convention he may obtain a unit rule and throw all the 105 Tammany votes to Hearst in the Buffalo convention next Tuesday.
The day was marked by scenes of disorder, which at times approached rioting. Claims of fraud and intimidation were made on all sides. There were scores of arrests.
CHURCHILL LOSER.
Concord, N.H., Sept. 18.—Chas. M. Floyd of Manchester was nominated for governor to-night at the close of the hardest contest ever waged in a Republican convention in New Hampshire.
Winston Churchill of Cornish, the novelist and leader of the recently organized Lincoln Republican Club of New Hampshire, was Floyd's closest competitor.
JOB FOR J. ISRAEL TARTE.
Will Probably Get Chairmanship of Montreal Harbor Board.
Ottawa, Sept. 18.—(Special.)—A meeting of the cabinet was held to-day, but no business was done.
The question of the personnel of the Montreal harbor board was the chief item of discussion. The no official intimation was made it is understood that the chairmanship of the board will be given to the Hon. J. Israel Tarte.

CHEAPER SCHOOL BOOKS DEMAND OF LABOR MEN

Congress Asks B.C. Government to Appoint Commission to Look Into Copyright.
Victoria, B.C., Sept. 18.—(Special.)—The Labor Congress at its session today decided to instruct its resolutions committee to combine the resolutions on independent political action and Asiatic immigration into concrete form.
The question of a Labor party hence was not discussed to-day.
A delegation from the Allied Printing Trades Council of Vancouver appeared before the congress and urged that the Government Printing Office at Victoria should publish all school-books. It was proposed that the government should be asked to appoint a commission to go into the question of copyright. It was represented that \$150,000 was sent annually to eastern monopolists from the province.
The resolution was carried unanimously.
The nomination of James L. Aiken as Labor candidate for St. Mary's was endorsed by the council.
Winnipeg is making a big fight for the next convention, and will probably get it.

Chamberlain Needn't Fear Canada is Still With Him

British Empire League Banquet Sir Howard Vincent and Express Warm Sympathy in Tariff Reform Fight Despite Winston Churchill's Letter.
The rising tide of imperialism rolled mountain high at the complimentary banquet tendered by the British Empire League in Canada to Sir Howard Vincent, K.C.M.G., M.P., at the National Club last night. Probably 100 of the leading citizens of Toronto were present, and seated at the speaker's table were Col. G. T. Denison, who presided; His Honor the Lieutenant-Governor and his aide, Major Macdonald; Hon. J. W. St. John, Hon. Geo. E. Foster, Frank H. Arnold, K.C.; Col. John I. Davidson, Principal Auden, Rev. Father Davenport, Canon McNabb, R. E. Kingsford and others.
Howard Vincent, who for twenty-two years has represented Sheffield in the imperial parliament, is a fluent speaker, and a true enthusiast for imperial preference. He speaks with a marked English accent, and dwelt at some length on a despatch in The World, which reported Hamar Greenwood, M.P., as declaring the imperial tie to depend not so much upon trade, as it did upon sentiment. He was quite severe upon the famous letter from Winston Churchill to Mr. Greenwood, and announced that Mr. Churchill would soon be amongst us, and that Mr. Greenwood might be regarded as his "advance agent."
Frank Arnold, K.C., created a mild sensation by proposing that as a reassurance against ill-effect as a result of the Churchill letter a resolution be passed, that the British Empire League, in the name of the British people, should express its warm sympathy in the fight for imperial preference, and also congratulate him upon his restoration to health.
T. H. Mason moved that the message be not sent. He believed in "avoiding politics."
A compromise was effected by limiting the message entirely to the subject of Sir Chamberlain's health.
Ignorance and apathy in the Dominion of Ontario, referred to by his Honor the Lieutenant-Governor in responding to the toast of the "Governor-General of Canada and the Lieutenant-Governor of Ontario," referred to his recent speech respecting the apathy toward Canada, which he had found among the English people. The speech had excited considerable comment in the English papers. One answer had been to the effect that it was ignorance of Canada, rather than apathy, which prevailed in the mother country. His honor suggested that the confession of ignorance was itself a confession of apathy.
"Canada," he continued, "has long suffered from indifference. The very name of the country signified 'there's nothing here.' The French king who ceded the country to England, referred to it as 'leagues of snow,' and Rudyard Kipling's unfortunate verses has confirmed this impression."
He believed that the delegates to the

TO-DAY'S I.O.O.F. PROGRAM

9 a.m.—Session of Sovereign Grand Lodge in the Ontario parliament buildings.
9.30 a.m.—Prize drills by cantons at "Camp Wright"—Exhibition Park.
2.30 p.m.—The grand parade, in which all of the cantons of Patriarchs, Knights, Encampments, Subordinate Lodges and Sovereign Grand Lodge will take part.
8 p.m.—The ceremony of conferring the grand decoration of chivalry will be conducted by General MacRaney and staff at "Camp Wright"—Exhibition Park.
8 p.m.—Subordinate Lodge degree competitions in the assembly hall, Temple Building.
8 p.m.—Encampment degree competitions in Victoria Hall.
8 p.m.—Rebekah degree competitions at Exhibition Park.
HULL MILLS SHUT DOWN.
Low Water in Ottawa is Cause of Suspension.
Ottawa, Sept. 18.—(Special.)—The exceedingly low water is still causing great trouble to the manufacturers at the Chaudiere. A large portion of J. R. Booth's mill had to be closed yesterday, throwing out of employment about 500 men for the time being.
The E. B. Eddy mill, match and fibreware factories are also closed down. Gilmour and Hughson's mill is still in operation. While unable to float its logs this company has a large number of logs along the shore, which a number of its men were engaged in getting off yesterday and Sunday.
BRILLIANT SCHOLAR DEAD.
Frederick, N.B., Sept. 18.—(Special.)—Thomas Harrison, for many years chancellor of the University of New Brunswick, passed away this morning at a private hospital in the presence of his wife and two sons, the latter having arrived from Edmonton yesterday.
While a student at Dublin, Ireland, he captured a scholarship for which there were 1200 candidates.
Prices reasonable; high-class work; Austen & Graham, 213 Yonge.
BIRTHS.
ARMSTRONG—Sept. 17, to Mr. and Mrs. J. C. Armstrong, Cadmore Cottage, a son.
MARRIAGES.
MCCLELLAND—WISMER—On Sept. 18th, by the Rev. J. Edward Starr, Sarah E. Wismer to William G. McClelland.
LACKEY—PETTINGILL—On Tuesday, Sept. 18, at the Baptist Church of the Redwood, New York City, by Rev. C. L. Groff, D.D., assisted by the Rev. John Latscher, Edith Louise, fourth daughter of James W. Pettingill, to William Herbert Lackey, formerly of Toronto.
DEATHS.
COFFEY—On Sept. 18, 1906, at St. Michael's Hospital, Catherine Coffey, widow of James Coffey, aged 119, Manning-avenue, Thursday, Sept. 20, at 8.30 a.m., to St. Francis Church, thence to Mount Hope Cemetery.
SCIBLE—At her late residence, Hagerman's Corner, on Monday night, Sept. 17, 1906, Jane E. Noble, dearly beloved wife of William A. Noble, in her 46th year. Funeral will take place from the above residence on Thursday, Sept. 20, 1906, at 2 p.m., to the Hagerman Cemetery.
SAUNDERS—On Tuesday, Sept. 18, 1906, at the residence of her son-in-law, R. W. Teskey, 479 1/2 Euclid-avenue, Amelia, widow of the late William Mabel Saunders, aged 73 years. Funeral to Mount Pleasant Cemetery on Thursday, at 2.30 p.m.

CHEAPER SCHOOL BOOKS DEMAND OF LABOR MEN

Congress Asks B.C. Government to Appoint Commission to Look Into Copyright.
Victoria, B.C., Sept. 18.—(Special.)—The Labor Congress at its session today decided to instruct its resolutions committee to combine the resolutions on independent political action and Asiatic immigration into concrete form.
The question of a Labor party hence was not discussed to-day.
A delegation from the Allied Printing Trades Council of Vancouver appeared before the congress and urged that the Government Printing Office at Victoria should publish all school-books. It was proposed that the government should be asked to appoint a commission to go into the question of copyright. It was represented that \$150,000 was sent annually to eastern monopolists from the province.
The resolution was carried unanimously.
The nomination of James L. Aiken as Labor candidate for St. Mary's was endorsed by the council.
Winnipeg is making a big fight for the next convention, and will probably get it.

Chamberlain Needn't Fear Canada is Still With Him

British Empire League Banquet Sir Howard Vincent and Express Warm Sympathy in Tariff Reform Fight Despite Winston Churchill's Letter.
The rising tide of imperialism rolled mountain high at the complimentary banquet tendered by the British Empire League in Canada to Sir Howard Vincent, K.C.M.G., M.P., at the National Club last night. Probably 100 of the leading citizens of Toronto were present, and seated at the speaker's table were Col. G. T. Denison, who presided; His Honor the Lieutenant-Governor and his aide, Major Macdonald; Hon. J. W. St. John, Hon. Geo. E. Foster, Frank H. Arnold, K.C.; Col. John I. Davidson, Principal Auden, Rev. Father Davenport, Canon McNabb, R. E. Kingsford and others.
Howard Vincent, who for twenty-two years has represented Sheffield in the imperial parliament, is a fluent speaker, and a true enthusiast for imperial preference. He speaks with a marked English accent, and dwelt at some length on a despatch in The World, which reported Hamar Greenwood, M.P., as declaring the imperial tie to depend not so much upon trade, as it did upon sentiment. He was quite severe upon the famous letter from Winston Churchill to Mr. Greenwood, and announced that Mr. Churchill would soon be amongst us, and that Mr. Greenwood might be regarded as his "advance agent."
Frank Arnold, K.C., created a mild sensation by proposing that as a reassurance against ill-effect as a result of the Churchill letter a resolution be passed, that the British Empire League, in the name of the British people, should express its warm sympathy in the fight for imperial preference, and also congratulate him upon his restoration to health.
T. H. Mason moved that the message be not sent. He believed in "avoiding politics."
A compromise was effected by limiting the message entirely to the subject of Sir Chamberlain's health.
Ignorance and apathy in the Dominion of Ontario, referred to by his Honor the Lieutenant-Governor in responding to the toast of the "Governor-General of Canada and the Lieutenant-Governor of Ontario," referred to his recent speech respecting the apathy toward Canada, which he had found among the English people. The speech had excited considerable comment in the English papers. One answer had been to the effect that it was ignorance of Canada, rather than apathy, which prevailed in the mother country. His honor suggested that the confession of ignorance was itself a confession of apathy.
"Canada," he continued, "has long suffered from indifference. The very name of the country signified 'there's nothing here.' The French king who ceded the country to England, referred to it as 'leagues of snow,' and Rudyard Kipling's unfortunate verses has confirmed this impression."
He believed that the delegates to the

THEIR FINISH. Mitau, Sept. 18.—Lyndeberg and Kent, two of the most prominent revolutionary outlaws, have been executed by shooting at the scene of their last murder.

YOUR BRAIN HOLDS THE NERVE STRINGS AND IF DISEASE TAKES HOLD OF THE NERVES THE BRAIN LOSES CONTROL OF ALL THE FORCES THAT CONTRIBUTE TO HEALTH AND MENTAL AND PHYSICAL COLLAPSE ARE AS CERTAIN AS SUNSET

South American Nervine begins at the beginning to prevent and eradicate disease—it acts on the nerves that control the vital organs of the body, gives strength to the whole nervous system, fills the blood with that richness and purity that is so essential to health—because, remember this, that when these nerves become weakened and exhausted it means indigestion, torpid liver, stagnant kidneys, the heart flutters and becomes irregular and weak, the lungs fail to have the nourishment and weaken, and the climax, naturally enough, is debility—and the next stage may be consumption. All such dire consequences may be saved by the wonderful potency of South American Nervine.

COMMISSION ON DANCING TO REPORT IN FOUR YEARS Committee on Union Will Ask Other Bodies to Join in Negotiations.

Montreal, Sept. 18.—(Special)—The reception of the fraternal delegate from the M. E. Church of the United States to the general Methodist conference drew a fair audience this evening, though not so large as greeted Rev. S. F. Collier.

Dr. Kelley, who is a member of New York East conference, and editor of The Methodist Review, found himself very much at home on British soil. He supposed in that Church of St. James he was as near as he would ever get to being an ambassador to the court of St. James.

Dr. Sutherland declared the Presbyterian general assembly had made a very serious mistake in inviting other bodies to negotiate without consulting the original parties. The conference would perpetrate the same mistake, and he thought that was a mild word to describe the error.

Dr. Young said he had already tried to get the matter before the committee on missions, and he was very glad to have it go now to that body.

RAILWAY AGAIN SUFFERS REBELS DESTROYING LINE. Pino Guerra Gets Best of Attack by Colonel Avalos' Contingent.

Havana, Sept. 18.—Since the return here of the military trains, the rebels are again destroying property of the Cuban Western Railroad, a British enterprise.

Government forces, 2000 strong, under the command of Gen. Belmont, are concentrating at Matanzas, and it is reported that they expect orders to march toward Havana.

Alfredo Zayas, president of the Liberal party, says that Col. Avalos, with 2000 men, attacked a rebel force under Pino Guerra yesterday near Los Palacios, in Pinar Del Rio Province.

Under the Mueller law, passed by the legislature of the State of Illinois, the City of Chicago was authorized to issue certificates to the amount of \$75,000,000 to acquire and operate the street railways.

FAST AS THE FASTEST. Dominion-Leyland Line to Add Two New Steamers.

Montreal, Sept. 18.—(Special.)—It is announced that the Dominion-Leyland Steamship Line will add two large and speedy vessels to their fleet next summer.

ANNOUNCEMENTS FOR TO-DAY.

JOHN CATTO & SON
Store Closes at 6.30 p.m.

Dress Goods To the Front

This season's importations of Dress Fabrics are well worthy of our reputation. The demand for greys is so pronounced and our purchases so large that we have found it necessary to open a special department for Grey Dress Fabrics.

Our stock of light greys, mid greys, clerical greys, shepherd checks will be found most complete. The season's most popular dress fabrics, colored and black, are (in colors) plain, checked, figured, eolienne, broches, volles, poplins, de chenes, diagonal worsteds, herringbone and rough tweed effects, etc.

In Silks
Some of the most popular novelties are chameleon taffetas (plain and fancy), Dresdens, Louisines, chene and plain satin de chenes, Louisine grey checks and spots in all shades.

Our Millinery

is attracting well-deserved notice far and wide. We aim to produce the very best and most fashionable head-wear.

Mourning orders executed with greatest promptitude.
A prodigious stock of ladies' Mantles, Cloaks, Suits, Jackets, Ulsters, Walking Skirts, Opera Cloaks, etc.

All in the latest designs and fabrics. Mail orders receive special attention.

King-street—Opposite Postoffice, Toronto.

CAZAR TURNED ON TREPPOFF FOR CRITICISM OF CABINET

Radical Remark Attributed to Cowardice and Tyrant's Heart Was Broken.

Vienna, Sept. 18.—According to information received by The Neues Wiener Tageblatt from a distinguished Russian authority, General Trepoff, at the council at Peterhof, Aug. 15, remarked "We have made a fearful mistake in not having formed a cabinet representative of society."

Emperor Nicholas, indignant at the observation, avoided Gen. Trepoff henceforth. Later, Gen. Trepoff presented the emperor with a project he had elaborated respecting the sale of the crown lands, but the emperor coldly ordered him to hand it to Grand Duke Nicholas, his bitter enemy.

The grand duke, after reading the project, remarked: "It is extraordinary that you have now become a Liberal after the attempt to poison you. You are a Liberal from fear of a revolution, not from conviction."

Gen. Trepoff took this treatment to heart, coming from the hands of those to whom he had devoted his whole life, and passed his days in the closest retirement, suffering intensely from depression.

Early on the morning of Sept. 3, Gen. Trepoff found on his writing-table a document which he knew, as he indignantly felt, was a death sentence from the revolutionary committee. Greatly agitated, he was seized with a cramp of the heart, eventually causing his death.

JEWIS INTEREDDE.

St. Petersburg, Sept. 18.—As a result of intercession by a deputation of Jews, at the head of which was Baron Ginsburg, a prominent banker of St. Petersburg, Premier Stolypin has sent telegraphic orders to the Governor of Siedletz that the persons arrested there following the recent massacre shall not be submitted to trial before the newly established drumhead courts-martial.

Baron Ginsburg pleaded that the number of persons taken into custody was so large that many innocents were sure to suffer from the summary procedure.

SCH. MELROSE STRANDS.

Sault Ste. Marie, Ont., Sept. 18.—The Canadian schooner Melrose, bound down in tow of the steamer Fairmount, took a sheer and stranded at the entrance to the Canadian channel. The vessel is leaking. It is loaded with wheat and will have to be lashed.

Scottish Rites Masons.
Boston, Sept. 18.—The ninety-fourth annual convention of the supreme council of the Scottish Rites Masons, the governing body for the northern jurisdiction of the order of the United States, was opened here to-day.

Windsor Table SALT. Does not "bite"—is not bitter. It is pure salt and all salt. We'll not cake.

BACK FROM A NERVOUS TRIP TO HUDSON BAY SHORES

Western Exploring Party Find James Bay Territory Splendid for Development.

An exploring party to the far north consisting of Leonard H. Nord, Samuel Swanson and H. J. Boe of Minneapolis, Minn., and E. A. Osborne, editor of The Port Frances Times, returned from a three months' expedition to Hudson Bay and the northeast coast of James Bay yesterday.

The party entered the Northwest territory at Missanabie, Ont., about the middle of May and with Indian guides canoeed up the Mission River to Moose Factory. One hundred and fifty miles north of the point of entry to the wilderness, they crossed the survey of the Grand Trunk Pacific Railway. From Moose Factory post they sailed round the southerly end of James Bay, touching at Rupert House and then followed the northeastern coast to East Main, where they embarked on a perilous canoe voyage with their Indian guides thru the cataracts and rapids of the East Main River. In all 14 portages were made, varying in distance, and 62 rapid shoals were indulged in, some of which were exciting to the danger point. One experience while shooting was particularly swift, rapid and for a time harrowing: The Indian in the rear of the big 30-foot canoe accidentally caught the blade of his paddle in the current, however, proved adequate to resist the current and worked it to the shore.

As far north as St. George the party noted big fields of rich timothy and clover hay and prosperous vegetable gardens. The greater territory of land traversed between Missanabie and Moose Factory they found to be of rich soil, thoroughly compatible with agricultural requirements.

Far up the northeast coast of James Bay, 200 miles from Gascoot Shoals, where the Hudson Bay steamer Lady Head was wrecked in 1894, loading the \$240,000 cargo of furs, the party found the "figure head" of that ship. It was a beautiful carved, gold-trimmed wooden image of a lady, emblematic of the ship's name. Mr. Osborne brought the figure-head home with him.

A. Richmond, who led the party, met with Stephen P. M. Tasker and Mrs. Tasker, who, it is believed, are in the north in the interest of an eastern periodical. Mr. Tasker party met with them as Guide Joseph Iserhoff, who was one of Mrs. Hubbard's guides during her search for her husband, who met a tragic death in the north while on the famous Hubbard-Wallace Arctic expedition. The Iserhoffs intended to go over the Divide, where they would strike the Leaf River, explore that and follow it to Fort Chimo, where they expected to find a Hudson Bay steamer for some Atlantic port. The captain of the steamer Discovery, the party's opinion was, would not succeed in catching a steamer and would have to winter in the frozen north.

George Elson, one of the Wallace-Hubbard guides, served with the American-Canadian party just returned.

Excellent fur seasons. The party says the Hudson Bay officials informed them that this year's supply of furs, which reached the northern factors in June, exceeded in quantity and quality any catch for a number of years. Fishing with line and net is reported excellent, while white whale popovers, seal and bears and other northern game, were seen. The caribou are said to be leaving the East Main country and trekking to Peavick Bay, where the Eskimos are following them to their new rendezvous.

Two Esquimaux dogs, three months old, were brought back, and also a kaykay (model bark canoe). The party were fully convinced that with the advent of railroad facilities to the south and the Esquimaux all purposes in the northern country will be rapidly developed, which will prove productive beyond the most sanguine hopes of the advent of the Hudson Bay.

The climate to James Bay is seasonable to cultivated agricultural products, and the soil and rainfall are highly productive and can be cleared at a minimum cost.

On the north coast, however, the long winter had begun to show its effects, and by increasing chilly nights and days, while the gloomy icebergs gave forebodings of growth. The party, while on one of their tours, became imprisoned between two giant icebergs, but fortunately succeeded in escaping before the tide began to flow.

SORAUREN AVE. LAND SALE.

The National Trust Co. sold a block of 4 1/2 acres in Sorauren-avenue, below Dundas, which was the property of the York Loan, for \$17,100 cash. The purchasers are Kingsmill, Hellmuth & Co., acting for a United States syndicate.

Change Name.

Milwaukee, Sept. 18.—The Brotherhood of Locomotive Firemen last night decided to change the name of the order to the Brotherhood of Locomotive Firemen and Engine-men, because 25 per cent of the members are engineers.

Slightly Damaged.

Detroit, Sept. 18.—The damage done to the steamer Rosemont, which ran ashore last week, amounted to only two rivets pulled out and a slight denting of the bottom. The steamer has proceeded to Port Arthur.

Bank Shares Drop 100 P.C.

Rotterdam, Sept. 18.—Suspected of the embezzlement of \$284,000, Bland Vandenburg, a notary and director of the Holland Bank, has been taken into custody. The shares of the bank dropped 100 per cent. on the bourse to-day.

Montreal, Aug. 24, 1906. A25, 819

BRITAIN'S NEGLECT.
London Evening Globe's Comment on Ballantyne's Speech.
(Canadian Associated Press Cable.)
London, Sept. 18.—The Evening Globe, referring to President Ballantyne's speech to the convention of Canadian manufacturers at Winnipeg, says: "Mr. Ballantyne shows a right and business-like determination to promote the growth of Canadian industry," and asks: "What have we in this country to set against these proved results of preference in Canadian trade and this generous, patriotic, forward policy of the Canadian manufacturers? We are neglecting the plain testimony of our friends' experience, and turning the cold shoulder to their promise of a vigorous imperial comradeship."

Remember, September 20th
Our new steamer, the S.S. "Sokoto," will sail from Montreal Sept. 20th, on her initial trip to the Bahamas, Cuba and Mexico. This vessel is specially adapted for the Mexican trade, owing to the large size, roomy broad promenade deck, etc. of 7000 tons register, 14 knot speed; fitted throughout with Electricity, and in fact every known modern device to ensure the comfort and safety of passengers, she is sure to be a great favorite with the traveling public.
Write for our illustrated booklet, entitled, "A Tour to the Bahamas, Cuba and Mexico," giving full particulars of the several different countries visited on our special excursion tour. Think of it, a thirty-day trip, for less than \$3.00 per day, which includes berth, meals, etc., and an excursion visiting some of the most beautiful of the tropical islands. As this will be the last sailing on which our special Summer Excursion rates will apply, don't miss the opportunity, but book early to secure choice of location.
For further particulars apply to B. J. SHARP, 80 Yonge-st., Toronto, Ont.

TRIPS ON SHIPS
EUROPE ORIENT WEST INDIES NEWFOUNDLAND

ORONHYATEKHA DESCRIBES POSITION OF THE I. O. F. Methods Upon Which the Order Are Conducted Are Explained to Royal Commission.

The examination of Dr. Oronhyatekha, the chief of the Independent Order of Foresters, was resumed yesterday before the insurance commission.

Mr. Shepley, Dominion examiner, led the witness thru the various acts of incorporation and the establishment of the order in foreign countries. The powers of the witness and the patriotism of the membership, as described, will be continued to-day at 10.30.

The supreme chief ringer faced the commission bright and early with a supplementary statement regarding to certain answers he had given on Saturday on the important subject of rates.

"I was almost too tired," said the S. C. R., "to take in the importance of the subject."

The witness then read a statement representing the work of the old line companies and the fraternal societies in the United States, clearly defining the fact that a similar company can be conducted on a much lower premium rate and still have enough to pay claims.

Reasons why the fraternal orders could not be required to pay the government standard rates exacted of old line companies Dr. Oronhyatekha declared to be:

- (1) Because in the latest British table the rates are materially lower than those of the government standard, as shown by the following: giving the net annual government table necessary to be paid on a whole life policy of \$1000.

Age	The Government Standard (Net Annual Premium of \$5.00)	Old Line Companies (Net Annual Premium of \$5.00)	Difference in Favor of Old Line Companies
20	\$12.45	\$11.77	68c
30	15.31	14.02	1.29
40	20.52	17.11	3.41
50	28.14	22.33	5.81
60	38.25	29.17	9.08

Reasons why the fraternal orders could not be required to pay the government standard rates exacted of old line companies Dr. Oronhyatekha declared to be:

- (2) Because the old line companies pay 5 to 7 per cent. each year during the life of their policies as "renewal charges" and pay dividends to their shareholders, while the Foresters never spend one penny on either of these accounts. The difference in the two systems, viz., the old line companies and the fraternal orders is very enormously in favor of the fraternal orders.

"In the minutes of the National Fraternal Congress Session of 1902, there will be found on page 115, the following comparative figures relating to four of the largest American insurance companies and the 51 fraternal orders associated at that time, with the following results:

Year	Policies written during 1901	Amount written	Policies in force at end of year	Amount in force at end of year	Expenses for the year	Management expenses per \$1000
1901	331,647	\$ 628,000	736,913,771	3,290,091	4,922,425,024	1.21
1902	331,647	\$ 628,000	736,913,771	3,290,091	4,922,425,024	1.21

"Notwithstanding the fact that the work done by the fraternal orders, as shown by the foregoing table, was very much greater than that done by the old line companies, the former having secured 297,443 more members, who carried \$651,000,000 more insurance than the latter, yet the management expenses of the four old line companies were over 7 1/4 times more than the expenses of the fifty-one fraternal orders.

"Let me further illustrate my point by comparing the work of one of the oldest and best Canadian old line insurance companies with the I. O. F. Comparative Table.

Name	No. of New Policies Issued	Amount of Insurance Secured	Total Insurance at Year's End	Total Insurance at End of Year	Total Insurance at End of Year
I. O. F.	23,061	\$23,261,700	\$248,800,000	\$2,191,418	\$2,224,679
Leading company	29,921	\$28,104,149	\$106,322,900	\$1,791,784	\$1,898,784

"It is needless to point out that where there is such a difference in the management expenses in the two systems the business of the one can be successfully carried on for a great deal less money, and, therefore, would require a much less premium rate.

"In this connection, the Insurance Observer, a leading old line insurance journal, published in London, England, in an article on 'Fraternal Insurance,' said of the I. O. F.:

"Rightly or wrongly, the order gives no bonuses, and pays no surrenders to agents, and no dividends to shareholders, and when due account is taken of these facts, we cannot see that the net premiums available for the accumulation are substantially different from the amount available for this purpose, in old line companies.

"Because the gains due to medical selection are used by the old line companies to pay dividends and other expenses, while the fraternal orders use these gains to help pay the claims of the widows and orphans, thus directly reducing the amount of premium required to meet their obligations. As already pointed out to the commission, we can approximately estimate such gains by the table of rates formulated by Mr. Hunter, the registrar of Friendly Societies of Ontario, and Mr. Blackadar, the actuary of the

Insurance Department of Canada. Mr. Hunter eliminated from his table the effects of medical selection during the first five years, while Mr. Blackadar took into consideration the effects of medical selection from the first day of the contract.

The minutes of the biennial meetings of the supreme court in Toronto in 1888, Erie in 1892, and Atlantic City in 1905, were perused by Mr. Shepley. He gave a most interesting and comprehensive account of the various orders, which witness explained were the 'ladies' branch, and juvenile lodges, which is a social and educational organization for the children of Foresters. Foresters ideas are inculcated, and when the juvenile reaches a proper age, he slips into the regular subordinate lodge.

Mr. Shepley said that clause four was an extraordinary clause, and puts wide power into the hands of the supreme chief. Witness explained that he could do nothing without it going on record.

Powers of S. C. R.

Mr. Shepley went into the character of the office and powers held by the witness. He is ex-officio president and general manager of the order. This being used for the sake of people living in a remote part of the order. He has unlimited power in appointing assistants.

"For some years I was practically the supreme court," he said, "but this had changed."

He has three assistants and has charge and control of the head office of the order in any order. He also appoints the five or six inspectors-general, who examine the work of the organizers, and the assistants of the lodge. Mr. Huron and London, England, and local managers, Melbourne and Belfast, as well as other important officers.

Mr. Shepley said he had power to settle all questions.

"That refers only to matters of legal nature. I could not decide a question of finance," he said.

He also appoints all the committees of the executive council, unless those are provided for by the supreme court, and has power to summon high court officers, including George F. Porter, Huron and London, England, and local managers, Melbourne and Belfast, as well as other important officers.

Mr. Shepley read the following statement of the work in Great Britain and Ireland:

"Up to 1905 the mortality fund receipts were \$964,619, sick and benefit receipts, \$6109; general expenses \$28,000; and the balance of the fund \$964,619; general expenses, \$371,267."

Trip to Australia.

Mr. Shepley asked the witness if these figures would confirm his theory of the benefit of medical selection. He answered that the figures alone did not, but if he had the figures for the ten months, the ninth million in ten months, and in the twenty-fifth year of his history, we added to the surplus the tenth million of dollars in ten months, thus demonstrating that the present premium rates of the I. O. F. are absolutely ample for the purposes of the order, and when we consider the added strength which is given by the 'safety' section of the constitution, and which makes the I. O. F. absolutely impregnable with its present rates of premium.

An order to bring to the notice of the commissioners the inaccuracies of the I. O. F. with a view to the betterment of our British actuary, which was intended to represent the career of the I. O. F. Mr. King begins his illustration by taking up the surplus in question and adds to it the actual amount on hand by the I. O. F. during each year given by Mr. King. To make the comparison fair I have deducted the whole of the surplus we had on hand on Dec. 31, 1905, being \$1,569,373. Permit me just to call the attention of the commissioners to the fact that Mr. King prophesied that in 1906 the I. O. F. would have no surplus whatever, whereas as a matter of fact, we have for the purposes of the table \$3,741,786.

Table showing the progress of a fund formed by the contributions of 86,187 members, aged 55, each paying \$3.25 annually for \$1000 insurance, invested at 4 1/2 per cent., as illustrated by George King, F.I.A., F.F.A., consulting actuary, London, England.

Year	Total Insurance at Year's End	Total Insurance at End of Year	Total Insurance at End of Year
1890	\$ 842,510	\$ 842,510	\$ 842,510
1891	1,005,510	1,005,510	1,005,510
1892	1,168,510	1,168,510	1,168,510
1893	1,331,510	1,331,510	1,331,510
1894	1,494,510	1,494,510	1,494,510
1895	1,657,510	1,657,510	1,657,510
1896	1,820,510	1,820,510	1,820,510
1897	1,983,510	1,983,510	1,983,510
1898	2,146,510	2,146,510	2,146,510
1899	2,309,510	2,309,510	2,309,510
1900	2,472,510	2,472,510	2,472,510
1901	2,635,510	2,635,510	2,635,510
1902	2,798,510	2,798,510	2,798,510
1903	2,961,510	2,961,510	2,961,510
1904	3,124,510	3,124,510	3,124,510
1905	3,287,510	3,287,510	3,287,510
1906	3,450,510	3,450,510	3,450,510

and it would demonstrate his judgment in very few years.

Mr. Shepley then asked the witness why it had been decided to quit operations in Scandinavia. He said that the order had yet reached, and it would demonstrate his judgment in very few years.

"Because we wanted to keep within our income," said Dr. Oronhyatekha.

Year	Funds at End of Year	Funds at End of Year	Funds at End of Year
1890	\$ 842,510	\$ 842,510	\$ 842,510
1891	1,005,510	1,005,510	1,005,510
1892	1,168,510	1,168,510	1,168,510

1906	3,450,510	3,450,510	3,450,510

ASSESSMENT FIXED.

Galt, Sept. 18. (Special).—The assessment of the MacGregor Gourlay Co., a large iron foundry, fixed by the council at \$8,000 for ten years.

Business and Pleasure Combined by Delegates

Nolan of Nashville Elected Deputy Grand Sir—Ceremonies and Thefts at Camp Wright—Route of To-day's Parade.

Yonge-street last night presented an animated appearance of gaiety and glint that was reminiscent of the best of ye old carnival times. The electric illuminations provided an avenue of light and the fluttering of flags and banners, the sidewalks crowded with visitors, many of them in the military uniform of the cantons, and the road was a playground for several festive parties of delegates, who, attired in cauldron costumes, had lots of fun to themselves and provided considerable merriment for others, combined toward a brilliant spectacle.

One very lively bunch invaded the World editorial rooms. They represented the Patriarchs Cantons, No. 33, of Rubes, Tramps, Indians and What, of Zanesville, Ohio, and Toronto Canton No. 7, successively appeared, the last named being preceded by a beaver with which all members and their wives are invited. The exercises will include a concert and dancing.

The cantons from Michigan will give an informal reception to Gen. Raney at their building on the fair grounds, Wednesday night, after the grand parade, and decoration of chivalry, to which all members and their wives are invited. The exercises will include a concert and dancing.

The Corporation of the Township of York

Notice is hereby given that the Municipal Council of the Corporation of the TOWNSHIP OF YORK will at a meeting to be held on

15th Day of October, 1906,

at the Council Chamber, in the City of Toronto, at the hour of 2.30 p.m., consider a Bylaw for the purposes following, namely: For altering and diverting St. Clair Avenue, in the said township, for stopping up and selling portions as hereinafter first described or St. Clair Avenue and Scarlett Road, in the said township, and for establishing as highways or parts of highways the parcels of land hereinafter secondly described, all as hereinafter particularly set out, namely: FIRSTLY:

For stopping up those portions of St. Clair Avenue and Scarlett Road severally described as follows: In the Township of York, County of York, and Province of Ontario, being composed of (first), all that portion of the road allowance between Concession Numbers 2 and 3 from the bay, known as St. Clair Avenue, and adjoining Lots Numbers 5 and 6 of the Humbler Range, described as follows: Commencing at the northern limit of the said St. Clair Avenue, at its intersection with the northern limit of the lands of the Ontario and Quebec Railway, being the point marked 'A' on attached sketch; thence south 3 degrees 30 minutes, east 67 feet 7 inches to the southern limit of St. Clair Avenue; thence north 74 degrees east along the said southern limit of St. Clair Avenue to the intersection of the said St. Clair Avenue with the northern limit of the lands of the Ontario and Quebec Railway; thence south 68 degrees 50 minutes west parallel to said intersection line 30 feet to the place of beginning.

SECONDLY: All that part of said St. Clair Avenue described as follows: Commencing at a point on the said northern limit of St. Clair Avenue, bounded as follows: On the east by the easterly limit of said Scarlett Road, on the north by the easterly limit of said road, on the south by the easterly limit of said road, on the west by the westerly limit of said road, on the north by the northern limit of Dundas Street and on the south by a line parallel to said intersection line of the said Ontario and Quebec Railway and distant therefrom 33 feet westerly at right angles; thence north 3 degrees 30 minutes east along the said intersection line 100 feet to the place of beginning.

THIRD: All that part of the road known as Humbler Range, bounded as follows: On the east by the easterly limit of said Scarlett Road, on the north by the easterly limit of said road, on the south by the easterly limit of said road, on the west by the westerly limit of said road, on the north by the northern limit of Dundas Street and on the south by a line parallel to said intersection line of the said Ontario and Quebec Railway and distant therefrom 33 feet westerly at right angles; thence north 3 degrees 30 minutes east along the said intersection line 100 feet to the place of beginning.

For establishing as highways, or parts of highways, the parcels of land hereinafter described, all as hereinafter particularly set out, namely: FIRST: In the Township of York, County of York and Province of Ontario, being composed of: All that part of Lot Number 6 fronting the Humbler in the Township of York, County of York and Province of Ontario, being composed of (first), the parcel bounded as follows: On the east by the easterly limit of said Scarlett Road, on the north by the easterly limit of said road, on the south by the easterly limit of said road, on the west by the westerly limit of said road, on the north by the northern limit of Dundas Street and on the south by a line parallel to said intersection line of the said Ontario and Quebec Railway and distant therefrom 33 feet westerly at right angles; thence north 3 degrees 30 minutes east along the said intersection line 100 feet to the place of beginning.

SECONDLY: All that part of Lot Number 6 fronting the Humbler in the Township of York, County of York and Province of Ontario, being composed of (first), the parcel bounded as follows: On the east by the easterly limit of said Scarlett Road, on the north by the easterly limit of said road, on the south by the easterly limit of said road, on the west by the westerly limit of said road, on the north by the northern limit of Dundas Street and on the south by a line parallel to said intersection line of the said Ontario and Quebec Railway and distant therefrom 33 feet westerly at right angles; thence north 3 degrees 30 minutes east along the said intersection line 100 feet to the place of beginning.

THIRDLY: For conveying to the Canadian Pacific Railway Company the portions of St. Clair Avenue and Scarlett Road to be closed as aforesaid.

All persons interested, or whose lands may or might be prejudicially affected by such proposed Bylaw, are required to attend at the said meeting, when they will be heard in person or by counsel with reference thereto, upon petitioning to be so heard.

Witness my hand and the seal of the Corporation of the Township of York at Toronto this 31st day of August, 1906.

Jones & Co., Limited, 236 Adelaide W., Toronto.

Perfect Manhood

Health of body, strength of mind, steadiness of nerves are the best and most precious gifts man can lay upon the altar of his conjugal love. Restorine operates on the nerves which control motor, sexual system, and infuse into it, power and vigor. No such thing as failure in life, is possible in perfect manhood; it is the lack of vital force, and the depletion of sexual energies that makes failures of men. Restorine awakens a man to a new sense of restored vitality and power. Why be weak when you can so easily become strong? Proofs are the test. Sworn testimonials sent you on receipt of name and "Five Days' Trial" enclosed one absolutely free. Write To-Day. (11)

WOULD BORROW \$125,000 FROM VARSITY ENDOWMENT

Deputation From Board of Governors Asks Government for Permission.

Rev. Dr. Teefy, Rev. J. A. Macdonald, Acting Principal Hutton, W. T. White and Sir William Ralph Meredith, the board of governors of the university waited on Premier Whitney, Hon. Dr. Reams, Hon. W. J. Hanna and Hon. Col. Matheson yesterday afternoon, and asked for authority to borrow \$125,000 out of the endowment fund for the proposed new physics building. Mr. White presented a memorandum setting forth the financial position of the board. He said plans had been prepared by the old board of trustees calling for a building to cost \$400,000. The present board had gone over these plans and had succeeded in reducing the estimate of cost to \$330,000. The annuities available he pointed out, would produce \$45,000, but the board did not want to touch them and asked leave to borrow what would be necessary out of the university endowment. For further particulars and conditions of sale apply to Curry, Eyre & Wallace, Solicitors for the Executors of the Dexter Estate, or to C. J. Townsend & Co., Auctioneers, Rooms 30-32, 60 Victoria-street, Toronto, 60398.

WANT EMBARGO LIFTED.

Farmers in Tilbury Desire to Ship Their Hogs.

Chatham, Sept. 15.—The energy of H. S. Clements, M.P., has been directed during the last few days towards an earnest effort to relieve the farmers of Tilbury East, West and North, from certain government restrictions under which they are working with a handicap, and are losing money every day, which farmers of other districts are receiving. Mr. Clements, in a previous effort, was able to secure an increased duty on hogs, and as a result, the farmers of this province have received better prices for their hogs. Some time ago the government placed a quarantine on hogs, on account of the prevalence of that disease in the States. These three townships of Tilbury East, West and North, were the first to be quarantined and the hogs in these townships were killed off. In order to meet the needs of the farmers in many cases had to sell their cattle for what they could get for them. Ever since that time the quarantine restrictions have never been lifted, and at the present time no shipper can send out of the province any hogs from any part of the city of the hogs it is difficult for a shipper to secure a full cartload of hogs, and as a result the hogs could not be sent out. This could very easily and safely be done, as, according to Mr. Clements, there has not been a case of hog cholera in Tilbury for two years.

FUNERAL OF DR. MILLEN.

Essex, Sept. 18.—Dr. W. H. Milten, who was killed near Sudbury last Wednesday, was buried at Essex. Over 600 members of various fraternal orders marched in the long funeral procession. The floral offerings were numerous, several large set pieces being received from Whentley, Essex, Leamington, Ruthven, Comber and Wexford.

Most of Them Conservatives.

Port Perry, Sept. 18.—Mr. John Scott states that of the 174 signatures to the petition to have him reinstated as a Justice of the Peace, which were published in the World a few days ago, 116 were those of Conservatives and the remainder were Liberals. He adds also that he could not have obtained 500 signatures if required, but did not think this was necessary.

Free to Men and Cured

With good, vigorous health everything is possible—wealth, happiness, success. Without it there is only failure. Electricity furnishes all that goes to build up a strong, hale, confident, successful man—iron for the blood, vim and fire for the nerves and brain strength for the muscles, good digestion. It does all that medicines do, as well as what they fail to do. In my forty years' success I have proven this by the thousands of wrecks I have restored after other treatments failed. To convince every sufferer from debility, varicose, loss of power, rheumatism, lame back, etc., I give my famous Electric Belt absolutely

Free Until Cured

not asking a penny in advance or on deposit. You only pay for what you get when cured, and in many cases as low as \$5. or for cash, full wholesale discount. Forty years' continuous success has brought forth many imitators. Beware of them. You can try the original, the standard of the world, free until cured, then pay for it. Call or send for one to-day, also my Illustrated book, giving full information free, sealed, by mail.

Dr. A. B. Sanden, 140 Yonge Street, Toronto, Ontario.

OFFICE HOURS, 9 TO 6; SATURDAYS UNTIL 9 P. M.

Oldest and Largest Electric Belt Establishment in the world.

DIXIE BLDG. ENTRANCE B. TEMPERANCE STREET

312-40 to Chicago.

Going via Grand Trunk Railway, Sept. 20, 21 and 22 only. Valid returning until Oct. 8. Best of service in both directions. Secure tickets at city office, northwest corner King and Yonge streets.

DOWNED STATES FARMERS

SHAKE THE CANADIAN WEST

Men From the Dakotas Quicker to Appreciate Conditions Than Eastern Canadians.

To just what extent Eastern Canadian farmers are slower, if any, than United States farmers, to grasp the opportunities for fortune-making offered by the great agricultural territories of the prairie provinces, a World reporter, who recently returned from a trip to the great wheat belt of Western Canada, made close enquiry. The situation in the Dakotas, it is believed, is the prairie farmer's side is attacked to an extreme. If you go west, investigate the country, or stay at home and investigate by correspondence, you will find in too many instances are unable to understand how new land can be broken, seeded, and a profitable crop harvested from it the first year. Therefore, they conclude "something must be wrong," much to their own loss. It has been used to claim that a number of tracts a few acres this year, a few next, and by slow degrees, acquire a farm. In this faulty respect, they are slower than the United States farmers, who have been pouring into the provinces from the Dakotas, Iowa, Nebraska, Nebraska, and from all American agricultural districts, who were formerly prairie country. These farmers appreciate the condition they find in the "west," and are keen to take advantage of the situation. They have had experience with prairie land and know its nature and its worth. It is the Eastern farmer who is slower to their rapid influx to our country? Many of them were originally Canadians, who went to the States many years ago to build homes and farms for themselves, and now that their land is deteriorating in fertility to some extent, they are turning back to the gradual decrease in the earning capacity of their land, they are returning to their native land, where they have money and good citizenship, and they are welcome.

A MINISTER OF HEALTH

POSSIBILITY OF FUTURE

In Meantime Premier is Without the Necessary Authority to Make Appointment.

The appointment of a minister of health has not been discussed," said Premier Whitney yesterday in reply to a query on the subject.

He said, however, the cabinet was still considering the re-organization of the health department. It is a paper before the Ontario Medical Association a year ago Dr. C. A. Hodgetts, secretary of the provincial board, suggested the appointment of a minister of health, and one of the committee succeeded in delaying the matter by insisting that it was "only a scheme to find a job for Dr. Nesbitt."

HAMILTON ANNEXATION

Provincial Board Will Wait for a Court Decision.

The Ontario Railway and Municipal Board yesterday decided that nothing should be done in the Hamilton City-Burlington Beach annexation application until after the hearing of the suit of the Township of Stratford as to the ownership of the piece of land which it is sought to be included in the city, and which was petitioned for by 189 voters, and 34 permanent residents of the Beach.

FIVE LUCKY TEACHERS.

Winners of Scholarships for Courses at Macdonald Institute.

The department of education has awarded the five special scholarships of \$50 in cash and three months' tuition at the Macdonald Institute, offered by the minister of education for development of plants. Money now given for classes of this nature could be well spent in prizes for the most original forms decorated. Give the exhibitor space to put up a decorative arrangement of plants. Money now given for classes of this nature could be well spent in prizes for the most original forms decorated. Give the exhibitor space to put up a decorative arrangement of plants. Money now given for classes of this nature could be well spent in prizes for the most original forms decorated. Give the exhibitor space to put up a decorative arrangement of plants.

HOW TO TELL THE PRICE.

Values Picked by the Only Man Who Really Knows the Worth.

One can always tell the price of a Semi-ready suit of clothes without asking the salesman or trying to haggle with the competition for a cup. As a rule, public plans make up these groups. Why should plans belonging to the citizens be exhibited by those who happen to have charge of them and who put the prize money into their pockets? If this were changed it would lead to a larger number of exhibitors, who now feel the uselessness of exhibiting against city owned plans, taking part.

DEDICATED TO JOHN NOTT.

Up at Port Perry, Mr. John Nott, for many years a Justice of the peace, was left off the list of the new appointments. Since then 300 or 400 of John's friends, regardless of politics, have petitioned the government to have him reinstated, with what success remains to be seen. We may add: John Nott is not a magistrate. Why not be knownest not? Oh, John, thy topknot bother not. John Nott is not forgot. J. C. H.

Delightful Short Trip for I.O.O.F. Visitors.

The handsome "Muskegon Lakes" with its "Thousand Islands" is within four hours' ride of Toronto, and no visitor should fail to take advantage of the opportunity to see the most charming district in America. This is the best month, and the pure air, impregnated with odors from balsam and pines, is nature's tonic. "Hay fever" is unknown, and anyone suffering from this malady will find instant relief. The handsome Muskegon express leaves Toronto 11:30 a.m. by the Grand Trunk Railway System. Full information at city office, northwest corner King and Yonge-streets.

DR. ELGAR COMING.

Montreal, Sept. 18.—Sir Edward Elgar, composer of the "Dream of Gerontios," has accepted the invitation of Dr. Harris to visit Canada during the coming spring and conduct his latest work, "The Kings of the Montreal Philharmonic spring concert.

Ottafellow Delegates.

LEAVES A \$10,000 BOND FOR CANADIAN INVENTORS

Sudbury Mining Man Bequeaths Prizes for Inventions of Practical Use.

A bequest of \$10,000 to the University of Toronto, the interest therefrom to be utilized from time to time in assisting progressive young Canadians, is contained in the will of Annes McCharles of Sudbury, who died in Montreal last August. Mr. McCharles was one of the first to become interested in the Sudbury nickel mines.

The clause in the will says: "I give, devise, and bequeath to the Provincial University of Toronto the sum of ten thousand dollars, to be held in trust for the purpose of assisting progressive young Canadians, in accordance with the following terms and conditions, namely: That the interest therefrom shall be given from time to time, but not necessarily every year, like the Nobel prizes in a similar way: (1) To any Canadian from one side of the country to the other, and whether student or not, who invents or discovers any new and improved process for the treatment of Canadian ores or minerals of any kind, after such process has been proved to be of special merit on a practical scale; (2) or any other important discovery, invention, or device by any Canadian that will lessen the dangers and loss of life in connection with the use of electricity in supplying power and light; (3) for any marked public distinction achieved by any Canadian in scientific research or in any other field of knowledge; (4) for any invention or discovery which is modeled, as those founded by the late Swedish millionaire, Alfred Nobel, as a reward for those who have rendered some signal service to mankind in the realm of science, medicine, art or in the promotion of peace throughout the world.

INTERESTING FACTS

For Nearly Every Man, Woman or Child.

A short time ago we published an article recommending to our readers the new discovery for the cure of Dyspepsia, called Stuart's Dyspepsia Tablets. The claim then made regarding the wonderful curative properties of the remedy have been abundantly sustained by the facts. People who were finally induced to give Stuart's Dyspepsia Tablets a trial were surprised and delighted at the results. In many cases a single package cost about 50 cents as any drug store will supply. We are now publishing a few of the most beneficial results were reported. From a hundred or more received we have space to publish only a few at the latest, but assure our readers we receive so many commendatory letters that we shall publish each week a fresh list of genuine, unsolicited testimonials and never publish the same one twice.

From James Yemmelser, La Crosse, Wis.: Stuart's Dyspepsia Tablets are doing me more good than anything I ever tried, and I was so pleased at results that I gave away several boxes to my friends who have also had the same benefits.

From Jacob Anthony, Portmurray, New Jersey: I have taken a course of Stuart's Dyspepsia Tablets with the best results. I had Dyspepsia for six years and had taken a great deal of medicine, but the Tablets seem to take right hold and I feel good. I am a farmer and lime burner and I heartily recommend to everyone who has any trouble with his stomach to use these Tablets.

From Mrs. M. K. West, Preston, Minn.: I have received surprisingly good effects from using Stuart's Dyspepsia Tablets. I gave one-half of my last box to a friend who also suffered from indigestion and she had the same good results.

Stuart's Dyspepsia Tablets are a certain cure for all forms of indigestion. They are not a cure-all, but are prepared for stomach troubles only, and physicians and druggists everywhere recommend them to persons suffering from nervous dyspepsia, sour or acid stomach, heartburn, bloating or wind on stomach and similar disorders.

STUART'S DYSPEPSIA TABLETS

Prepared by Dr. J. C. Stuart, St. Paul, Minn.

Solely for the purpose of assisting progressive young Canadians.

For further particulars and conditions of sale apply to Curry, Eyre & Wallace, Solicitors for the Executors of the Dexter Estate, or to C. J. Townsend & Co., Auctioneers, Rooms 30-32, 60 Victoria-street, Toronto, 60398.

FLOWER EXHIBITS AT FAIR.

Objection Taken to Present Regulation Governing the Display.

The horticultural section of the Canadian National Exhibition will meet Friday morning to consider the architect's plans for the new horticultural and agricultural building.

Meanwhile, the Canadian Florist says: "The cut flower exhibit at the Canadian National Exhibition this year was a failure. The entries were the smallest and the exhibits the most inferior of any in past years. In the plant section some very good specimens were shown. A complete change is required in the floral department. Such is necessary to keep pace with the rapid advance made in other departments of the exhibition. The whole prize-list for flowers and plants needs revising, and some societies should be introduced to make the floral hall more attractive."

"Societies that appoint representatives to the Canadian National Exhibition should be careful to select only those men who are in every way competent to fill that important position. How many members in the floral section this year can be accused of having originally? Only one or two. Some new men are wanted. The erection of a new building for horticultural purposes will eliminate many of the evils that now exist. New features can be introduced that heretofore have not been practicable. Some classes in the prize-list remain open to consideration. The prizes should be given to those who have introduced 20 years ago. Geraniums, fuchsias, summer flowering begonias, and similar classes should be omitted. Many others should be revised.

"It would be well, also, to make a change in the foliage groups. In their present form they are uninteresting. Always know that such are at the exhibition; for it is the only place where the average citizen can see such an arrangement of plants. Money now given for classes of this nature could be well spent in prizes for the most original forms decorated. Give the exhibitor space to put up a decorative arrangement of plants. Money now given for classes of this nature could be well spent in prizes for the most original forms decorated. Give the exhibitor space to put up a decorative arrangement of plants.

"If not desirable to do away with foliage groups altogether, then have the competition for a cup. As a rule, public plans make up these groups. Why should plans belonging to the citizens be exhibited by those who happen to have charge of them and who put the prize money into their pockets? If this were changed it would lead to a larger number of exhibitors, who now feel the uselessness of exhibiting against city owned plans, taking part."

Should a customer ever get a suit of clothes without this label the garment is not and cannot possibly be a "Semi-ready."

There are only two Semi-ready wardrobes in Toronto—at St. Yonge-street and 472 Queen-street west.

The Best Store For Fine Furs

The reputation of Dineen Furs has been the growth of nearly half a century of progressive manufacture and honorable dealing.

Strangers will find upon investigation that our word is as good as a bond, and that we safeguard the interests of customers in every possible way.

We claim the finest stock of really good Furs ever shown in Canada, with every bit of extravagance taken out of prices.

Come and see for yourself what we call value.

DINEENS
HATTERS AND FURRIERS,
Yonge and Temperance Sts., TORONTO.

CHAMBERLAIN NEEDN'T
Continued From Page 1

British Medical Congress, who arrived here in August, with fur coats, would correct this impression, upon their return.

Britain's Mistake.
In calling upon the guest of the evening, Col. Denison referred to his own long struggle for imperial preference. The empire in his opinion could only be held together by a Zollverein. This had been the opinion of Lord Salisbury, he went on to say, and he understood why England, with 13 million people on the verge of war, insisted upon patronizing the workshops of foreign countries.

"No wonder," he declared, "that we Canadians are unwilling to furnish money to build ships, when Britain is sending millions of dollars to other nations with which to build ships that may be against us."
"Golden rule right in his day," continued the colonel, "and he would be all right now, if we could buy other nations into accepting free trade."
"Reputable as a speaker," Sir Howard Vincent, replying to Lieut. Gov. Clark, reminded him that if English people were ignorant of Canada, so were Canadians ignorant of the mother country. Many of them seemed to think that the last general election was a defeat for tariff reform.

Canadian or Briton?
Hon. George E. Foster was in splendid form and proposed "Canada and the Empire." He prefaced the phrase "Canada within the Empire." He had been asked how could Canada remain in the empire and be a nation?
"I care not," he replied, "whether Canada is a nation or not, I am less anxious to be a Canadian than I am to be a British subject."
He was not concerned about details. He believed that the British empire would always prosper, and that it would always be subject to and a self-governing portion of it. He thought the imperial tie extended both upon trade and upon sentiment. He also stated that not only should Canada prepare homes for the surplus population and the British Isles, but also should the Canadian be a farmer, but the Dominion should be ready, if need be, to fight for the empire and to put an efficient army in the field.

The Boundless West.
Hon. Speaker St. John declared himself a thorough imperialist. He pledged the future and found that if only one acre in four were cultivated in Saskatchewan and Alberta, there would be growth in those two provinces 800,000,000 bushels of wheat per annum. Two hundred millions he assigned to Great Britain; 200,000,000 more would be required for their then population of 30 millions; the remaining 400,000,000 bushels could be sold to the foreigner.

Lakeside Cove Boat Club.
The Lakeside Cove Boat Club completed their season's racing schedule by sailing off two postponed races in the 14-foot dinghy class. Both races were keenly contested. The first race was won by George Young, the second by the "Spartan," the third by the "Spartan," and the fourth by George Young. The club will play Saturday, Aug. 9.

YORK COUNTY AND SUBURBS
COXED BOY TO COUNTRY
CHARGED WITH ABDUCTION

Toronto Junction Man Gets Himself into Trouble and the Police Court.

Toronto Junction, Sept. 18.—Robert Shields of 17 Salem-avenue was charged this morning before Magistrate Ellis with the abduction of a 14-year-old son of Wm. Kitchen. It is alleged that on Sept. 3 Shields asked the boy to go with him to Weston for the purpose of driving three cattle to the farm at the Junction. The cattle were not at Weston, and Shields asked the boy to go as far as Weston. The boy went, but left Mr. Shields. It is alleged, that Shields with six months in jail if he did not stay with him. The boy's father followed him to Weston, and there was a fight, in which Shields says he was knocked down. He denied having any motive in having the boy go with him, and hearing all the evidence, the magistrate reserved judgment. Arthur Higham was charged with doing damage to a C. P. R. passenger coach on Sept. 13, by scraping the varnish off with a stick. He was fined \$5. Alfred Atkins of Ossington-avenue, York Township, was charged with peddling without a license. He was allowed to go on suspended sentence.

A reception to Rev. Beverley Smith, rector of St. John's Church, was given by the trustees of the church to-night. B. W. Murray occupied the chair.

A special train leaves from the Davenport Station at 11 to-morrow, bearing the Junior Shamrocks and about 300 supporters to Newmarket, where the Shamrocks will meet Bracer bridge for the championship of the Junior C. L. A.

All the latest novelties in millinery at Alexandra, 113 West Dundas-street. Openings Wednesday, Sept. 19, and following days.

It may not be generally known and therefore it will be a matter of interest, to be told that the elevation of the town above the city is considerable. The north side is about on level with the top of the spire of St. James, while the distance is not six miles.

In connection with an official of the new James Bay Railway, your reporter made the observation that it would not be long until that road would run a spur line from some point north of the city into the Junction. The idea was not disputed.

North Toronto.
Dr. Unna's celebrated German dandruff cure at Fenwick's shaving parlor.

Ex-Councillor Elijah Armstrong, who was thrown out of his buggy and his buggy smashed in a collision with a street car on College-street, Saturday, is able to be around again.

One of the largest funeral processions took place yesterday afternoon when the remains of Richard J. Bulmer were conveyed to Mount Pleasant Cemetery for interment. Every street car brought large numbers of people to pay their last respects. The Metropolitan Railway Company put a special car on to convey the friends to and from the cemetery. The service was conducted at the house by Rev. Newton Hill and Rev. J. C. Tibb, and the grave by Rev. Newton Hill. Nephews of the deceased acted as pall bearers. The officials of the York Radial Railway Company sent a floral tribute in the shape of a large wreath, the employees of the York Radial, "Gates Ajar"; there was square and compass from York Lodge, A. F. and A. M.; spray from Court C.O.F.; large wreath on stand and a large pillar from members of the family, and many other floral tributes and sprays from relatives and neighbors. All the floral designs were put up by Councillor W. J. Lawrence.

A special vesting meeting was held last night at St. Clement's school room. The committee on church property reported that the \$500 for the purchase of a new vesting vestment by subscription of which \$375 is paid in cash. The vestry is endeavoring to purchase an additional lot of 100 feet frontage, but is handicapped by the fact that the owner will not sell less than 200 feet. Mr. Worth offers to purchase the 100 feet on the north side of Hawthorne-avenue immediately west of the present church property, which offer was accepted.

Newmarket.
North York race opened yesterday at Newmarket. The entries surpass any former year, and the exhibitors are while the entire town is undergoing the touches of the decorators. Every available inch of the grounds has already been taken up. Today's race is expected to be the biggest, and thousands are expected on the grounds. Thursday's race is expected to be the biggest, and thousands are expected on the grounds. Thursday's race is expected to be the biggest, and thousands are expected on the grounds.

Woodbridge.
McEwen & Co. open sell by public auction at Stewart's Hotel, Woodbridge, on Saturday, Sept. 22, for Mr. William Conroy, 100 heifers and steers, one to two years old. These cattle are just the kind farmers require for winter feeding. Sale at 1 o'clock sharp.

Hagerman's Corners.
Hagerman's Corners, Sept. 17.—The death of Mrs. William A. Noble last night came as a great shock to the community. While in ill-health for the past year her condition had improved recently. The late Mrs. Noble, whose maiden name was Jane S. Hagerman, was born at Hagerman's Corners, and had resided here all her life. She was a member of the Universal Methodist Church. She is survived by a husband and two children, Mrs. Emper-

Choosing a Man's HAT

Suppose for instance you were choosing a Derby hat; would you know what height of crown, what turn of brim, what size or what "block" looks best on you?

Any man who isn't sure ought to go where skill in "suiting" is made a test-point in salesmanship. That's why we ask particular men to buy their hats here.

We can "suit"

Christy, Knox, Stetson, make for us Latest styles in all varieties of Derby and Silk Hats. \$2.00 up to \$8.00.

and purposes occupying it in the near future.

The Temperance Alliance meets at Brougham Tuesday afternoon for the purpose of dealing with the fight in the courts this week on the local option appeal.

Markham.
Markham, Sept. 18.—The first decision of the York County Council and the Markham Town Council to proceed at once with the construction of the bridge over the Quiver, Rouge, south of the village, on a basis mutually agreeable to each, has given more general satisfaction than any measure has passed either body in years. The price to be paid, \$6000, is not considered excessive in view of the high price prevailing for such bridges in the district. The time stipulated for the completion of the contract is six months.

The directors of the East Riding of York and Markham Agricultural Society are improving their condition of the grounds. The price list has been issued.

Erindale.
Mr. Richard Dunn, an old and much-respected citizen of Toronto Township, died yesterday here on Monday, at his home, 1451 Bay St., at the age of 81. He was carried in by his two sons, and a doctor summoned. It was found that he had a heart attack shortly after his fall. Mr. Dunn was 68 years of age, and was in fairly good health up to the time of his fall. He was returned from visiting friends at his home, in Yorkshire, England, only a week ago. He also visited friends in Lakeshore and Cheshire.

Weston.
The annual fall fowl stealing has commenced. Mr. James Wilson was the first victim, losing twenty of his largest turkeys Friday or Saturday night last.

Dovercourt.
Inspector James L. Hughes of Toronto will address the parents and school teachers of the village, with their friends, in the Davenport-road Presbyterian Church Sunday, Sept. 30, at 8 p.m. A large attendance is assured.

King Township.
The will of John Wellar disposes of an estate of \$1400 in his sister-in-law, Mrs. A. M. Wellar, and the residue of the estate passes to the four nieces and a nephew.

Mimico.
Two boys, Roy Rogers of Hamilton and Peter Baker of Ganoquo, escaped from the Industrial School yesterday. The three got away but were recaptured.

EXCESSIVE FREIGHT RATES

Continued From Page 1
Justment of freight classifications had a change in transcontinental rates had also been secured. Complaints of rate discrimination in favor of the United States had also been made, and in this regard the report says:

"In dealing with these cases of discrimination in favor of the United States against Canadian shippers your committee has been impressed with the necessity of recommending to the government the placing of the railways respecting difference in population, climate, cost of operating, and the conditions of freight rates, if it were not for the Canadian customs tariff the railways could not maintain their present discriminatory freight charges. Your committee, after consideration, has decided to recommend to the government a resolution urging the government to amend the Railway Act, so as to forbid the railway companies to discriminate in favor of the United States."

A petition to the railway commission to require the immediate revision of the rates for contract carriage and other traffic forms in use on Canadian railways for the purpose of eliminating the undue advantage of the United States, and to require the railways to accept traffic for transportation on the same conditions as those accepted by the United States.

On the Action of the Bowels.

Almost the first question the doctor puts to his patient is in reference to the action of the bowels. Not only are very many ailments attributed to constipation of the bowels, but their cure is impossible until the bowels are regular.

Dr. Chase's Kidney-Liver Pills ensure prompt movement of the bowels and also do far more than this, for their action on the liver causes a good flow of bile, which is Nature's own cathartic, and the only real cure for constipation.

By keeping the bowels regular you avoid the serious and dangerous ailments of the kidneys, because of the cold and contagious diseases arising from a poisoned system, there is cure for you in Dr. Chase's Kidney-Liver Pills, because of their direct combined action on the liver, kidneys and bowels.

Dr. Chase's Kidney-Liver Pills, one pill a dose 25 cents a box, all dealers, or Edmondson, Bates & Co., Toronto.

Such Clothes as These Are an Advantage to Any Man

MAN is still judged by his outward appearance in spite of what philosophers of all ages have said about the habit. Good clothes never make the man, but as a rule good clothes help him, no matter what calling he pursues. In tomorrow's items we offer you all the advantages that clothes can give—that's the kind of clothes we sell. And we tell you candidly that the prices at which we've marked them are hard to maintain, in the face of the rising cost of all wool fabrics.

Improving risks or rearranging business. There are 271 interested in the department. Correspondence with the underwriters has resulted in the opinion that there was no part of the committee to frustrate the purposes of the committee, and left no option but to accept the proposed modification of the act of the tariff companies, made necessary the adoption of one of two courses—either that the placing of the stamps with them should be suspended, or that the department should make arrangements to indirectly accomplish what they were seeking to obtain. If the opportunity to do business with the tariff companies legitimately and necessarily the adoption of one of two courses—either that the placing of the stamps with them should be suspended, or that the department should make arrangements to indirectly accomplish what they were seeking to obtain.

received from 438 foreign firms requesting information regarding 798 articles, and 166 enquiries have been forwarded to interested members of the association.

The conditions respecting the use of stamped envelopes as contrasted between the United States and Canada had been called to the attention of the P.M.G., and 166 enquiries have been forwarded to interested members of the association.

The use of stamped envelopes was desirable for many reasons. They are convenient and permit of a considerable saving in time, and in addition a stamped envelope, having also a return address, cannot well be used by any person other than the person for whom it was printed, and thus an effective check is put on dishonest office help.

Reception and Membership.
This committee reported the membership of the association to be: Ontario, 1257; Quebec, 654; Nova Scotia, 93; British Columbia, 66; Manitoba, 77; New Brunswick, 37; Saskatchewan and Alberta, 14; Prince Edward Island, 3; total, 2104; as against 1839 in 1905. The aggregate liability assumed by the insurance companies in Canada is \$1,000,000,000, reaching a sum of \$255,000,000 in the event of large conflagrations the amount of such aggregate liability may be within the resources of the companies to discharge.

Commercial Intelligence.
The commercial intelligence committee noted with pleasure an increase in foreign export trade. Canada's imports increased in round figures \$23,500,000, while its exports increased \$64,000,000, reaching a sum of \$255,000,000. The exports of manufactured goods, which classification in the government blue books does not include such articles as saw lumber, canned and cured meats and fish, cheese, flour and cereals, have increased from \$21,200,000 to \$24,500,000, or in the neighborhood of 16 per cent. The committee also noted with satisfaction certain improvements in steamship service on both the east and the west coasts. During the year enquiries for Canadian goods were

The committee on "Industrial Canada" reported that the magazine is flourishing, and remarks: "A subject that has come up for frequent consideration by your committee is the advisability of accepting British advertisements in Industrial Canada. From a financial standpoint the advantage of such a proposal is obvious. At the same time it must not be forgotten that Industrial Canadian occupies a unique position in Canadian journalism by virtue of its refusal to accept British and foreign advertising, and its departure from this principle might be regarded as one of its chief attractions from the Canadian advertiser's point of view. The committee would be glad to have an expression of opinion."
