in California. The company claims that two thousand men are now at work at the Angus shops. If this was true the strike would be as good as over, but Mr. Bell Hardy declares that the claim is absurd.

The striking picket arrested the other day was let off with a suspended sentence, but the recorder warned him that he must obey the police.

STRIKERS HEAR GOOD RESULTS

And Will Not Listen to the Latest Threat of Dismissal by the Company.

Manager Leonard of the C.P.R. has given the striking mechanics another opportunity of getting back their old jobs, having extended the time limit in which their applications will be received up till noon to-day.

After that time, according to the ultimatum issued by the company, the men will never, never work for the C. P. R. again. The notice reads: "Strikers who do not apply for their old positions by 12 o'clock noon, to-morrow, will never be allowed to work for the C.P.R. again."

To this the men answer, "until we get what we are fighting for we will never, never go back to work for the C.P.R. again." There is no uncertainty in their tone either, and it is very unlikely that a man will report for work to-day.

A member of the press committee said last night: "I think this is only another of the company's bluffs, and we consider it also a sign of great weakness on the part of the company. What does the management mean? 'Bring us back over? Wasn't once enough? Mr. McNicoll has said he considered the strike at an end after Tuesday noon, and now the manager is giving us Thursday noon to really make up our minds."

"Well, not a man will go back to work. We are not going to fight to and we are prepared to do it. The road is badly tied up, as train men have been over different parts of the system have reported to be that north of Muskoka, and points west, the company is not making a pretence of moving the freight, and right here in West Toronto yards, there are rows and rows of freight standing for lack of engines to pull it out."

"Over in the carmen's office in the yards there is a pile of telegrams nearly a foot high. These are notifications from agents all over the division reporting loaded freight cars dropped there for repairs. Yesterday a conductor was begged by a despatcher to pull in just such a car and he refused. We know in what condition the road is in, and if they filled the shops with men, alms or otherwise, it would take six months for them to become anything like efficient, and what would become of trade in the meantime?"

"Yesterday, this, look at what they are losing now. The engine show dead engines in plenty all over the system. Mr. Preston told one of our men in West Toronto shops, that a mistake had been made on a job, and that it meant a LOSS OF \$300 A DAY to the company as long as the engine was out of service. Now let them try and figure out how much they are losing now, in that way, in addition to the loss in trade."

"When a train was inspected on arrival at Hamilton yesterday, it was found that one of the wheels had 18 inches of the flange broken off. This might have caused a serious derailment at any time. And yet the company say the trains and cars are all being inspected carefully."

"As stated in the World yesterday, three Detroit men thru misrepresentation were brought to W. Toronto to work and refused to do so when they found a strike on. These men located American Consul Chilton at his home on Tuesday night, and told him the circumstances. He told them he could do nothing for them.

HIS WORSHIP HAS A DAY OFF

MAYOR OLIVER as a bowler at the Woodbine loanery.

The plain unvarnished narrative of what yesterday befell County Constable Lachlan McBean, Cannington, is evidence once again of the pitfalls of a great city.

GARTOR MADE CAPTIVE FATE OF COUNTY COP

Constable McBain of Cannington, With Handcuffed Prisoner, Falls Into Local Toils.

Constable McBain arrived in Toronto Tuesday with a fourteen-year-old boy, John Kelly, whom he had arrested in Guelph, and who is wanted in Cannington on a serious charge. The boy was secured by handcuffs attached by chain to the constable's wrist.

The twin missed the train for Cannington on Tuesday night. It appears that Constable McBain's ideas of time and locality were rather vague. Any way, he did not realize the union situation in time. However, he placed his charge at the Children's Shelter for the night.

Yesterday afternoon, P. C. Reburn, who is on duty at the station, beheld the constable with his prisoner still firmly attached by chain to his wrist among the waiting throngs. The policeman, after careful scrutiny, decided that Constable McBain was not staggering under a sense of responsibility on the one occupied by the Haineses. Mrs. Hains also charges that her husband ill-treated her in a manner most unnatural.

The boy will be sent to Cannington to-day. The mystery of the so-called "threatening letters" written by Captain Peter C. Hains to William E. Annis, his victim in the Bayville tragedy of Saturday was cleared up last night.

TERRIBLE NEW EXPLOSIVE

MUNICH, Aug. 19.—A new high explosive of a power beyond anything hitherto used in the German army was tested near here in the presence of the artillery proving commission from Berlin representatives of the Bavarian war ministry, the imperial navy and the fortresses and ordnance departments, with what are described as sensational results.

ARSON FOR INSURANCE

Woman Arrested For Setting Fire to Relative's Barn. BRANTFORD, Aug. 19.—(Special.)—Rose Ehrlich, a resident of Brantford Township was arrested this afternoon by County Constable Kerr on a charge of arson.

The recovery of insurance is said to be the motive of the alleged crime. MINNEAPOLIS, Minn., Aug. 19.—The Democrat state convention this afternoon stampeded for Gov. John A. Johnson and nominated him for reelection with a rush after a remarkable demonstration.

FOUL MOTIVE NOW ALLEGED

Capt. Hains' Wife Said to Have Accused Him of Bad Habits in Suit For Divorce.

NEW YORK, Aug. 19.—The World prints the following special despatch from Winthrop Highlands, Mass.: The motive for the murder of William E. Annis at the Bayville Yacht Club last Saturday by Capt. Peter C. Hains, Jr., U.S.A., aided by his brother, Thornton Jenkins Hains, is to be found in the filing of a suit brought by Mrs. Peter C. Hains against her husband. The papers were served upon Capt. Hains in New York a week ago Monday by a representative of the young woman's Boston lawyer.

In this suit Mrs. Hains alleges that her husband is a morally degraded person and charges are made of the most sensational character. At the same time the complainant demanded in her petition that the case itself be tried in open court.

The allegations are along the lines of the exposures at the round table in Berlin, where Count Eulenburg was charged with misconduct with other officers. The papers served upon Capt. Hains contain what is called a complete history of his misdoings. While no names are mentioned, there are instances related which date back to the time Capt. Hains and his wife were on their honeymoon and while the Captain was stationed at Fortress Monroe.

CAPT. PETER HAINS. Who shot and killed man he called "home wrecker."

It is alleged that Mrs. Hains caught her husband in the quarters of an officer whose residence was very close to the one occupied by the Haineses. Mrs. Hains also charges that her husband ill-treated her in a manner most unnatural. Challenged to Duel. The American says: "The mystery of the so-called 'threatening letters' written by Captain Peter C. Hains to William E. Annis, his victim in the Bayville tragedy of Saturday was cleared up last night."

The letters were challenges to a duel. In them the army officer demanded that he be allowed a gentleman's satisfaction by meeting on the field of combat the wrecker of his home. "When Annis made no reply to the first and second, Captain Hains warned."

CHIEF HAD REPORTS OF DANGEROUS FLOORS

Only on Monday Last Stated That Inspection of Ill-Fated Building Would Soon Be Made.

LONDON, Ont., Aug. 19.—(Special.)—The victims of last night's fire will be buried with full honors, Chief Clark by the fire department and Sergeant Cockburn by the military. The Masonic order will participate. The collapse of the building, following as it does the Crystal Hall disaster of a year ago, has naturally created a lot of talk as to whether the course of building inspection then decided on has been carried out.

It is explained that Building Inspector Nutter, then appointed, has been steadily at work, but of course has not had time to go over all the buildings requiring inspection. David Cowan of Cowan & Co., hardware dealers, who are among the fire sufferers, said to-day that only on Monday last Chief Clark had told him that he with Inspector Nutter would soon inspect some of the stores along Dundas-street, including the very block where he was killed, having heard that some merchants were carrying too much stock on the upper floors.

DOUBLE SUICIDE ENDS QUARREL

Husband Leaving in Temper Hears Wife's Fatal Shot—Remorse-Stricken Kills Himself.

NEW YORK, Aug. 19.—Because his wife killed herself when he threatened to leave her, Edward H. Hacker, 41 years old, this afternoon stood over her body in their apartments in The Hague Court and fired three shots in her breast. When a doctor arrived Hacker was dead, lying on the floor with his arms around the body of his wife.

The tragedy was the culmination of a series of violent quarrels. Last night Hacker left his wife in a rage, declaring he would never come back. He sat all night in a window watching for him to return and at 10 o'clock this morning she was overjoyed to see him enter the house.

A few minutes after his return, however, Hacker renewed his quarrel with his wife and when a hall boy came to the door Hacker chased him to the street with a revolver. He continued to quarrel with Mrs. Hacker until afternoon, when he finally announced that he had packed up his belongings and was going away forever.

Hacker bade his wife good-by and started away, when he heard a shot in his flat and ran back. On beholding the lifeless body of his wife he was overcome with grief and remorse, and, locking the door of the apartment, he picked up the revolver with which she had killed herself and ended his own life.

Hacker was employed by the McCall Eastern Co. and is said to have been well-to-do. His wife was 31 years old and Hacker is said to have been jealous of her.

LONDON, Aug. 19.—According to a Pietermaritzburg message, the real reason of the proposal emanating from Pretoria to postpone the unification convention is to allow Premier Botha time to submit a draft constitution to Cape Colony and Orange for private agreement. Natal has not been consulted. Botha is to be the first federal premier. The leaders of the Advertiser interviewed Botha and Smuts at Pietermaritzburg. The registration question was referred to a select committee of the legislative assembly.

THE LATE CHIEF CLARK

Chief Clark had a most miraculous escape. He says the quartet had got nicely inside the door when they were met by stifling smoke, but pressed on with a crash the front part of the building came down, the freight laden floors crashing thru into the basement. They escaped out off from the front, they dashed to the back when the floor went down beneath them and when Cole came to be found himself on the back with the wreckage bridged above him and scarcely touching him. Then a fear clutched his heart, for the arch

DEAN OF EMPERORS CELEBRATES BIRTHDAY

King Edward Celebrates. MARIENBAD, Aug. 19.—For the celebration of Emperor Francis Joseph's jubilee, King Edward dropped his incognito for the day and gave an official dinner to forty guests. The king gave a speech, in which he expressed his congratulations over the emperor's jubilee, wishing him a long life and happiness.

Honored in St. Petersburg. ST. PETERSBURG, Aug. 19.—The emperor, who is in poor health, was unable to attend the dinner and reception given in honor of Emperor Francis Joseph's birthday by Emperor Nicholas at the Imperial Pavilion at Krasnoye Selo, where the guard manoeuvres are being held.

The anniversary of the birthday of the Austrian Emperor was celebrated impressively in St. Petersburg, where Francis Joseph is deservedly popular because of his age and the friendship he has shown to Russia. Mass at the Austrian embassy this morning was attended by M. Iswolsky (the foreign minister) and other ministers and diplomats. Emperor Nicholas sent a personal message of felicitation to the emperor at Vienna.

Austria-Hungary Rejoices That He Has Attained His 79th Year—Russia is Glad, Too. VIENNA, Aug. 19.—The celebration of the 79th anniversary of the birth of Emperor Francis Joseph is being made the occasion of patriotic festivities in the capital and throughout Austria and Hungary.

All the towns and villages of the dual monarchy are gaily decorated. Te Deums are being celebrated in all the churches, and military parades and popular festivities are being held everywhere. In accordance with the desire of his majesty, a large proportion of the funds collected to celebrate the event will be devoted to founding philanthropic institutes in various parts of the country.

The emperor received innumerable telegrams of congratulation, including messages from all the heads of European states and from President Roosevelt, while from all foreign capitals come reports of official and private celebrations to mark the occasion. The emperor instituted a new decoration, the "Jubilee Cross" for army and state officials; bestowed an unusually large list of titles and decorations and granted amnesty affecting 50,000 minor and serious offenders.

The emperor himself, who, according to his custom since the assassination of the empress, has been living in comparative seclusion, passed the day in the privacy of the family circle, with his two daughters and their husbands, at Iachl. He took a walk in the morning and also attended mass. Later he received the Burgomaster of Szalkam, who presented to him the city's gift, an album of views.

Witnesses Sent Suicide Theory at Blatherwick Inquest. CORONER R. J. Wilson opened an inquest at the morgue last night on the body of Wm. Blatherwick, 68 Montrose-avenue, who was killed on the G. T.R. crossing near the King-street subway on Tuesday night. Wm. Blatherwick, aged 19, son of the deceased, identified the body. His father has been despondent thru being out of a job, being a tailor by trade, but was "overjoyed" at the fact that his ticket to England had been purchased on Tuesday morning. He was of temperate habits, and had never given any indication of suicidal intent. He was 44 years of age, and his sight and hearing were good. Witness was certain that his father lost his life thru accident. Herbert Baxter and Wm. Hall, two men who also live at 68 Montrose-avenue, deposed that they went out for a walk at 8 p.m. Tuesday accompanied by the deceased. They had one glass of ale together at about 8.30. He left them, saying he wanted to see a man. This was about fifteen minutes before he was killed. The inquest adjourned to the city hall police court on Monday night, Aug. 24.

BEKERS ACCEPTS. MONTREAL, Aug. 19.—(Special.)—Ex-Mayor Ekers promptly accepted the Conservative nomination to-day in St. Lawrence division. The ex-Mayor ran eight years ago and was defeated by the present member, Mr. Robert Bickerdike, who will also be the candidate of his party at the coming contest.

COL. GIBSON CAN GET ANYTHING HE WANTS

Some of Hamilton Council Hated to Do It, But Still They Presented His Company With \$3000.

HAMILTON, Aug. 19.—(Special.)—Col. J. M. Gibson is boss. Any doubts as to his title were settled to-night at a special meeting of the city council. It was called in connection with the proposed new street railway deal. Although the deal makes the company a present of several hundred thousand dollars as an inducement to what the present agreement between it and the city council calls for, and which the city could force it to do by an appeal to the railway board, Colonel Gibson sent a note to the city clerk saying that the whole deal was off if the company was forced to pay \$3000 towards the cost of making Herkimer-street wider, something that was made necessary by the fact that the company wants to widen the strip between its tracks.

A hurry-up call was sent out for the aldermen, and on the casting vote of Ald. Dickson, who acted as chairman in the committee of the whole, the council decided to forego the \$3000, and Col. Gibson was acknowledged to be boss.

There were but 15 members of the council present, and this is how they lined up: For throwing off the \$3000—Aldermen Dickson, Farmer, Sweeney, Allan, Goss, Clark, Howard and Lewis—8. Against—Mayor Stewart and Aldermen Bailey, McLaren, Hennessey, Nicholson, A. J. Wright and Jutten—7. In bowing to the colonel some of the aldermen admitted that it was a humiliation, but still they voted for the company. Ald. Nicholson said he regretted that he felt called upon to speak his mind, but he could not help remarking that Ald. Sweeney talked more like the mouthpiece of the company than a representative of the people. The deal will be submitted for the approval of the ratepayers on Sept. 18.

DEPARTURE OF TROOPS AFFRIGHTS THE NEGROES

Terrorized With Fear of Outbreak of Riots, Exodus to Country is Renewed. SPRINGFIELD, Aug. 19.—Fear and terror prevailed in the homes of Springfield negroes to-night.

The departure of two regiments of infantry to-day and the announcement that two more organizations will be sent home to-morrow caused consternation among the colored residents. The exodus of negroes which had begun to abate was renewed. Trains and trolley cars were used, by those fortunate enough to possess a little money, but many of the unfortunate took the road, tramping across the country in a drizzling rain until exhaustion forced them to seek rest in corn fields or in wood lots.

The children and aged who were driven to the open suffered heavily and it is feared that many of them will succumb to the hardships. Adjutant General Scott tweets across the country in a drizzling rain until exhaustion forced them to seek rest in corn fields or in wood lots.

There are plenty of troops here to-night and the force that will be available to-morrow, about 1500 men, certainly police the city against any mob that may form. Then, too, the presence of the large body of soldiers was irritating some sections of the community and there was an element of trouble there that could not be overlooked.

HOTEL KEEPERS MUST KEEP THE BLINDS UP

View of the Bar Is Demanded by Commissioners—Mrs. Syer and Hired Man Are Sought.

HAMILTON, Aug. 19.—(Special.)—On motion of Ald. Clark, a resolution of sympathy with the widow and family of the late Chief, Clark of London, who was killed at a fire on Tuesday night, was unanimously carried at to-night's council meeting.

Bessy Miller was taken to the City Hospital to-night suffering from a broken leg. She was swinging with several children on the mountain top when the accident happened.

As a result of the prosecutions secured against hotelkeepers by the government inspectors, Inspector Birrell has been authorized by the local commissioners to serve notices on leaseholders that they must comply with all the regulations of the board and license act, and arrange things so that there will be an unobstructed view of the bar.

Wilcox and Winger, the two alleged horse thieves caught at Watford, and held on the charge of stealing a horse from Cookville, were claimed by the Peel authorities this morning. This development may do John Maule, who captured them, out of his reward of \$40.

The police are searching for Mrs. Syer, the woman who disappeared last Saturday. She took \$300 in money and several dresses. The police have been furnished with a picture of the hired man, an English immigrant, who worked for her husband, and they have been making enquiries around the identified hotels.

TEMPER KNOWS NO GEOGRAPHY. JACKSONVILLE, Fla., Aug. 19.—When asked for an opinion regarding the recent lynching at Springfield, Ill., Governor Napoleon B. Broward of Florida said:

"The temper of the Anglo-Saxon people, without regard to geographical lines, is always aroused at the commission of the particular crime referred to, and they are becoming more impressed with the fact that this particular crime is more frequently committed by the lawless element of the race, which is causing so frequently such widespread excitement and anger on the part of the white people."

KILLED IN THE ALPS. INNSBRUCK, Austria, Aug. 19.—An Leonine Roman, a Polish actress, and Fosselt, a violinist, were ascending the Grotto peak in the Alps, when they fell over a precipice. The actress was killed. Fosselt was severely injured.

Harpers for September. When the immigrant goes home, as the occasion looks to an observing cabin passenger, the topic opening Harper's Magazine for September, written by Lewis M. MacBryne, is entitled, "The Judgment of the Storage," and describes a shipload of home-bound Portuguese and Italians, illustrative sketches on shipboard being shown in tint. Boston, in England—the Lincolnshire Boston—provides a travel sketch by William Dean Howells under a thoroughly American heading, "The Mother of the American," and the adventures in Tibet of Sven Hedin, the traveler and discoverer, are continued with particular reference to the temples, some customs of their priests, and two Tibetan pilgrims. An uncommon paper describing the eyes of worms and animals, and progressing to the vision of the human eye, is by Edward A. Ayers, M.D., of the New York Postgraduate Hospital. Professor Lounsbury of Yale still opposing purists, argues for the superlative form of the adjective in such phrases as "the worst of the two," and Frederick Trevor Hill brings his story of Wall Street to the origin of the stock exchange. Sergeant Kendall's study portraits of children, reproduced in duotone brown, are supplemented by Charles H. Cuffin, Elizabeth Stuart Phelps, Norman Duncan, Percival Gibbon, whose story of the "The Greatness of Mr. Waterstone," and Lily A. C. Whittier, "The Children," have notable short stories.

FUNERAL OF REV. DR. WILD TAKES PLACE TO-MORROW

Body Will Lie in State in Bond Street Church From the Noon Hour.

The World's announcement of the death of Rev. Dr. Wild at the residence of his son, Dr. J. Zimmerman Wild in Brooklyn, N.Y., on Tuesday night caused general regret in Toronto. Many will recall the days of the great preacher's incumbency of the pulpit of Bond-street Congregational Church, when it was necessary for the throngs who wished to hear him to besiege the church doors an hour before the opening of the service in order to secure admission. Indeed so great was his popularity that Dr. Wild was the hero of a "most popular preacher" contest and was sent on a holiday to England by the votes of his thousands of admirers.

The funeral of the late Dr. Wild will take place at 2.30 on Friday afternoon from Bond-street Congregational church to Mount Pleasant Cemetery and will be conducted by Doric Masonic lodge, of which the dead preacher was a member since 1883.

The body will arrive in Toronto this morning at 10.55 and will be met by a committee of Doric Lodge, B. D. Humphrey will have the direction of the funeral and will remove the body to the church where it will lie in state from noon Friday until the hour of the service.

Rev. Byron H. Stauffer, pastor of Bond-street Church, will deliver the eulogy of the dead and a male quartet will sing a couple of favorite hymns of the late Dr. Wild, "Crossing the Bar" and "Abide With Me." Mr. Gillespie, head of the choir, has charge of the musical arrangements.

An emergent meeting of Doric Lodge will be held at 1.45 on Friday afternoon, and the members will proceed in a body to the church. At the graveside the masonic ritual for the dead will be read by W. Bro. W. F. Bilger, master, and the officers of Doric lodge.

The remains will be accompanied to Toronto by Dr. J. Zimmerman Wild and other relatives.

CHIEF HAD REPORTS Continued from Page 1.

which saved his life was on fire and already his body felt the scorch. By a kind turn of fate the nozzle of the hose which he held in his hand, and a healthy stream of water was alighting into the wreckage beneath him. It saved his life, for with the nozzle gripped in his hand he escaped the life-slaying flames on the flames around, and literally fought his way to safety.

Chief Cockburn's body was not recovered until 2 a.m. to-day. Slices of wood alcohol caused the fire to blaze fiercely where the body was found.

It is thought the fire started from an electric wire.

At Last, Said Chief's Wife. Chief Clark has a daughter, a son and a daughter. The son, Gordon, is believed to have left Toronto at 8 o'clock last night on the harvesters' excursion, and is expected to return to have him come back.

The breaking of the news to the dead chief's wife was one of the most pathetic incidents of the terrible calamity. When he did not reach home at the regular time she and her daughter came down town to see the fire. About eight o'clock Mrs. Clark said: "Well I guess the fire is about out now, so I think I'll go home. Lawrence will be hungry and wet, and I must get him a lunch and change of clothes." She went home and waited and waited for his home-coming. She telephoned several of her friends and asked to be told the worst. "I am—brave," she said. "Tell me all."

City Treasurer Coady submitted to the mayor a statement of the amount of taxes due and already paid. The total for the year is \$4,558,925, of which \$2,675,041 was paid by July 10, this being the largest first instalment ever received. The amount due on Sept. 10 is \$1,182,289 and on Nov. 30, \$1,237,301. Local improvement rates total \$127,007. By wards the taxation is: Ward 1, \$304,603; Ward 2, \$601,279; Ward 3, \$1,761,661; Ward 4, \$887,279; Ward 5, \$489,115; Ward 6, \$584,888.

At Half Mast. The flags on the Hamilton fire station are flying at half-mast to-day out of respect to the memory of Larry Clark. He was drilled in the fire fighting business here under the late Chief Aitchison, who met an untimely death himself responding to an alarm.

Chief Ten Eyck has wired the department his sympathy to the widow and to Mayor Stacey of London.

Down to the Semi-Finals

Bobby Kerr Wins Longboat Loses

Newark Wins Double-Header While Buffalo Breaks Even

NOTE AND COMMENT

There was quite a flavor of Sheppard's Bush on the green award at Hanlan's Point yesterday when the police games were on. Many of the Olympic athletes and most of the committee who made the trip saw the polemen strive. Anyone talking with President Shirk, Secretary Crowe, Manager Crocker or F. Mulcaugh could only have one impression about the games. They were up to the standard of the best ideals and fairness possible. The reports given by Jim Sullivan of discrimination against the Yankees were grossly libelous and could not emanate from some one who desired his side to win by foul means if the feat could not be fairly accomplished. While Longboat was beaten by Sellen in the five mile race in record time, the Indian did not show his old-time speed and stamina at any stage and was plainly distressed when his opponent started to cut out a lead that was an eighth of a mile at the finish. After the race Tom Flanagan seemed plainly disheartened and expressed the opinion that Longboat would probably never return to his old-time form. Mr. Flanagan has given his best time and talents to condition the Indian and recent results must be more disappointing to the Irish-Canadian manager than any one else.

On the other hand, Manager Crocker is of the opinion that a prolonged rest may bring Longboat back to his old-time form, back to shape again. It is likely this will be the course pursued. Thus the Indian would not start in next month's Ward Marathon, which cup he has only to win once more to capture it for keeps, and the controller was already preparing the design for a new 1909 trophy.

Bobby Kerr loomed up as a genuine champion in Canada when he and his team, Joe White, the good-natured Parkdale C. I. rugby player, was his opponent. The Olympic winner just let himself out for a walk in the handicap and then won in a walk.

Ex-Deputy Chief Stuart renewed acquaintance with the Canadian and except that the veteran police officer, under the circumstances, was obliged to miss the lacrosse game at Weston.

They were the 26th annual games of the P.A.A. and it was the 26th time that the Canadian and American teams met. The Canadian team, under the leadership of the late Chief Stuart, was defeated by the American team, led by the late Chief Stuart.

It is P. J. Mulcaugh's opinion that Tom Goza was the best sculler in the Olympic Regatta, and by this he does not desire to detract from the record of the Canadian sculler, who was the winner, whose victory was most popular. Blackstaff beat Tom Goza because the footboard in the German's boat became misplaced and he was obliged to paddle home.

Billy Beson, manager of the Toronto Amateur Athletic Association in favor of their president, Dr. H. M. Boyce, means nothing except that his own club does not require his resignation. He is a member of the club and will consider the matter. It is said that he will submit a report of the Longboat incident.

The Toronto Baseball Club came home yesterday from a game on the road being a victory at Montreal and here's hoping that President McCaffrey's men can keep up the good work in the two weeks before they return to the city with Jersey City at Hanlan's Point.

A report from Saint Ste. Marie, Mich., would indicate that Detroit and Boston have played a game there and that a catcher and outfielder had indulged in a scrap. But instead it was the regulars, Harry Cobb of Detroit got in the sixth round of Carrigan of Boston in the eighth round. Cobb put his man to the floor four times and his second throw was the sponge to save him from a knockout. Cobb had the better of the fight all the way through.

The following special despatch received last night from New York would indicate how the American Athletic Union of the American appendage would like to dominate athletics hereabouts and also how some athletes are refusing to accept certain sporting goods.

"Bobby Kerr, the Canadian sprinter, who won the 220 yard race in the championship at the recent Olympic, is liable to get himself in hot water with the American Athletic Union unless he is careful. All the facts in the case have not yet found their way into New York, but from the looks of things, he may have to do quite a little explaining. An athletic meet was held in Hamilton, Ont., Saturday, in honor of his return to Canada under the auspices of the Y.M.C.A., an organization which across the border is not on the best of terms with the American ruling body. Tom Longboat, the Indian professional, was a starter in the three mile race, an event which he won in 15 minutes, 24 seconds. Kerr, of course, did not run against Longboat, but as Longboat is considered an amateur only by an association which has been declared outlaw by the A.A.U. and as Kerr ran for that same association, he may find some trouble in having his entry accepted, if he tries to run in a set of games under the jurisdiction of the A.A.U. of the United States. In fact, Kerr ran in both the 220 yards and 100 yards and won both events.

Walker Trophy Semi-Final Will Be Played This Morning—Final This Afternoon—The Scores.

The third day of the Dominion Association was another eventful one. The day was again a grandly beautiful weather. The storm of the morning delayed the play an hour and a half, but improved the condition of the lawn. After rain it a short time play was resumed with increased vigor. The day's play was mainly devoted to singles and Scotch doubles. The only rink games played were the final rounds of the Walker trophy and a round in each of the Ontario and Toronto Cup competitions. Play in all rinks commenced at 10 o'clock sharp. The semi-final for the trophy will be played at 10 and the final at 11 o'clock. The final for the Ontario Cup and the Toronto Cup will take place to-morrow. The play of the Scotch doubles was shown all afternoon and evening by the way the players kept playing their games. It being impossible to find a free unoccupied for five minutes any time until the feature of the day, the final all day and full of enthusiasm. Play for the trophy, in which five of the eight rinks were represented, was in progress at 10 and the final at 11 o'clock. The final Toronto has still two representatives, the Ontario has one, and the Toronto has one. The rinks skipped by C. Swabey (Victoria) and E. Forbes (Kew Beach), for the city and J. A. Fitzgerald (Peterboro) and J. A. E. Fitzgerald (Peterboro). They compose the semi-final. Two of them won their respective rinks in the morning, the other two in the afternoon. The rinks skipped by C. Jack Atkin A Winner
Tilting Was Second
Wins Mount Vernon Handicap by a Neck—A Great Day For Favorites.

NEW YORK, Aug. 12.—Jack Atkin, carrying 132 pounds, won the Mount Vernon Handicap, one mile, at the Empire City track, after a terrific stretch drive. Jack Atkin was under a strong pull to the stretch, where he hid his head, but he had to be hidden out to win. The time was very fast as the mile was run in 1:40.5. Jack Atkin went to the front on the first turn, but was outrun by Woodlands, who took the lead at the turn into the back stretch. He continued to show the way to the stretch, where Jack Atkin took the lead, but was immediately challenged by Tilting. These two fought it out all thru the final furlong, but Jack Atkin lasted long enough to win by a neck. Tilting was three lengths before Zlenap. Summary:

FIRST RACE—Two-year-olds, 6 furlongs. 1. Wise Mason, 105 (Shilling), 7 to 2, even to 5 and 3 to 5. 2. Granin, 99 (McCarty), 3 to 1, 2 to 1 and 1 to 2. 3. Cricket at Stanley Barracks.
Two interesting and enjoyable cricket matches were played, the last two evening matches between the Canadian Bank of Commerce team and the soldiers. The former were victorious by four wickets on Tuesday, the latter winning out by six wickets on Wednesday. The fact that the shades of night were falling fast undoubtedly assisted the winners of both games materially. The fielding of both teams in each game was self-evident. Tools for the bankers and Lieut. Warner, particularly, distinguished themselves by brilliant catches. Scores:

—First Game—
Carpenter, c. Irving, b. DeVaux, 11. Dillon, bowled. Batters: 1. Chamberlain, b. DeVaux, 11. 2. Renner, b. DeVaux, 11. 3. Wilson, b. DeVaux, 11. 4. Extrax, 11. Total, 49.
—Second Game—
Carpenter, c. Irving, b. DeVaux, 11. Dillon, bowled. Batters: 1. Chamberlain, b. DeVaux, 11. 2. Renner, b. DeVaux, 11. 3. Wilson, b. DeVaux, 11. 4. Extrax, 11. Total, 49.

THE NATIONAL EXHIBITION.

In the earlier days of the Toronto Annual Exhibition it is not probable that it occurred to those who then concerned themselves with its fortunes what it was going to become.

Progress is the law of life and each succeeding year has seen the Toronto National Exhibition steadily moving forward and onward along all its many and varied lines of activity.

These are large benefits of national quite as much as provincial or civic advantage. But in its social aspect the national exhibition is also of conspicuous service.

RAILROAD EMPLOYEES TO UNDERGO EXAMINATION

Protective Measure Adopted by Conference of Officials Making Test Compulsory on N. Y. C.

PAULSMITH, N. Y., Aug. 19.—Of far-reaching importance is a protective measure adopted here to-night by a conference of railroad officials, which makes it compulsory for all railroad employees engaged in the operation of trains on the New York Central line to undergo a physical examination and to have their eyes tested.

The examinations will be prepared by a committee composed of the assistant general managers, chief surgeons and the representatives of the legal departments of the New York Central, Erie, and Westchester and Albany, the Michigan Central, the Chicago, Indiana and Southern, the Lake Erie and Western, the Dunkirk, Allegheny Valley and Pittsburgh and the Lake Shore and Indian Harbor Belt Lines.

The conference concluded with an announcement that freight rates and wages will not be discussed until after election.

POLITICAL INTELLIGENCE

"Taking one consideration with another," a good guess is that the federal general elections will be held during the last ten days of October, or less than ten weeks off.

The St. John Globe (Liberal) says it is reasonable to assume that there will not be an election before the middle of October, while The Weekly Sun (Independent) says the program mapped out for Sir Wilfrid Laurier entails a September-October campaign and polling day late in October or early in November.

Discussing the Saskatchewan result The Hamilton Herald (Independent) says the electors are called upon to decide between principle and interest, and interest won the day.

The Ottawa Citizen (Conservative) remarks that "in view of the manner in which the provincial have been going so well know it."

CEMENT VAULTS... THE CANADIAN VAULT CO. PHONES 2978. THAT "RE-ORGANIZATION" Good Story in an Evening Contemporary That Isn't Quite Correct. Persistent rumors, says an evening paper, declare that Attorney-General Foy will re-organize his department, and appoint J. Seymour Cory provincial prosecutor, Eric Armour city crown attorney and Police Inspector William R. Davis as chief of provincial police. That re-organization is intended has been a persistent rumor for two years at least, as everybody knows, but the hot weather alone is responsible for the horrible details. Re-organization will come, but not yet. Mr. Cory declares there is no basis for such a story, so far as he is aware, and even if he were offered the assumed position he would decline it. Mr. Armour has been out of town and will know nothing of the matter till he returns. Officials at the parliament buildings treat the matter as a joke. MOULDERS' UNION PROTEST. The Iron Moulders' Union held an enthusiastic and well attended meeting at the Labor Temple, President Mahon in the chair. The meeting authorized the executive to make a protest against the executive of the I.A.M. and draw up a suitable resolution, supported by all the information available, protesting against the G.P.R. importing alien strike breakers. Resolutions to be sent to the newspapers and to the Dominion Government. A motion in support of the candidature of J. G. O'Donoghue, the nominee of the Independent Labor party in South Toronto, was received with applause and carried unanimously. The meeting also decided to organize a ladies' auxiliary. This will make the seventh Toronto trades union local to employ the support of the ladies in an organized form. It is believed that this will be a potent factor in the advancement of the labor propaganda. Motorist Liability Policies. Liability insurance for motorists. 70 LIVES SNUFFED OUT IN A MINE EXPLOSION... Calamity in English Colliery—Rescuers Driven Back by Fire and Some Halt Suffocated... WIGAN, Eng., Aug. 19.—It is not believed a single man of 70 miners who were entombed by an explosion, which occurred yesterday in the Maypole Coal Mine here, survived the disaster. The ventilating fan, which was put out of order by the explosion, was repaired this morning, and the mine having been cleared of gases a rescue party descended. The sight which met their eyes was horrifying. Not far from the bottom of the shaft 13 bodies were found, all frightfully mutilated, legs and arms being blown off and heads battered all beyond recognition. The management of the mine declares that between 60 and 70 men were under ground at the time of the explosion and that there is no hope that anyone will be brought out alive. Women and children, however, who had remained at the pit head all night refused to leave until the bodies of their dead are brought to the surface. The search parties this afternoon were driven back by the fire. A number of the rescuers were overcome by the fumes from the burning coal, but were safely brought to the surface. It will be impossible to make a thorough examination of the workings until the fire has been subdued and the air purified.

CITIZENS MAY COMPLAIN Their Taxes Were Not Deposited by George Adamson. It is reported that an information will be laid to-day against George Adamson, formerly of the civic water-works department, who has been with Mrs. Hains, chief tax collector, has supplied Crown Attorney Cory with the names of several citizens whose tax payments are alleged to have been withheld by Mr. Adamson. Mr. Woods thinks there is no necessity for his laying an information personally, as he claims that he is not responsible for Mr. Adamson's collections, as the latter was not appointed by him. Mr. Woods says further that the shortages date back a number of years, and would have been discovered sooner but for the fact that the one-man system of tax collection inaugurated by Mr. Patterson in 1895, and abandoned two years later, because impracticable, caused the accounts to get badly complicated. JAPS MAKING POWDER. VALPARAISO, Aug. 19.—Japan is negotiating with Chilean nitrate companies for a very large quantity of nitrate to be carried on her own transports. The Japanese representatives, it is understood, state that the nitrate was intended to be used in the manufacture of Shimose powder. FRENCHMEN PLEASED. LONDON, Aug. 19.—A cable from Brest says the French warships from Quebec have arrived. Admiral Jaurès, Quebec, officers and men, speak of the wonders of the fetes of the tercentenary. The officers were "enchanted" by the attention showered on them by the Canadians and English, and the sailors state they were quite spoiled. They possess many souvenirs.

FOUL MOTIVE... Hotelman Breaks the Law and Gets Fined—A Case Which Excites Great Interest... MIMICO, Aug. 19.—(Special.)—A liquor case which has aroused a great deal of interest, and following the outcome of which an appeal will in all probability be laid was that heard before Magistrate Davidson and Goddard against F. F. Young, proprietor of the Windsor Hotel, charged with selling liquor in unlawful quantities. The facts as briefly set out are these. A few days ago a number of men were engaged here in digging a well when County Constable Waites lured in sight. "Pretty dry work," suggested the officer indignantly, to which the others agreed, the upshot being that one of the men was deputed to bring a gallon of beer from Young's hotel, the officer offering to pay for it and producing a \$2 bill for the purpose. Mr. Young is licensed to sell liquor, but the amount purchased, one gallon, exceeds the limitations, and Waites laid an information with the result that the magistrates to-night imposed a fine of \$30 and costs. It was shown that Mr. Young was absent from home at the time the liquor was purchased and that the bartender, who had previously had little experience, supplied the quantity. The case is unique and in this locality it is said constitutes a precedent. Assistant Crown Attorney Monahan prosecuted, while James H. Young, K.C., appeared on behalf of Mr. Young. Inspector Mackenzie was present on behalf of the department.

A SENSATIONAL HITCH... Yankee Sailors May Not Be Able to Parade in Sydney. LONDON, Aug. 20.—A special from spatch to The Daily Chronicle from Sydney, says:—"A sensational hitch of international importance has arisen in connection with the ceremonial procession of the American sailors through the streets of Sydney, on Friday." The chronicle correspondent adds that the nature of the hitch is "strictly confidential for the present." A GREAT WELCOME. SYDNEY, N.S.W., Aug. 20.—Early this morning a thin veil of smog on the horizon signaled to the watchers on the coast the approach of the United States warships and at 5.30 official notification was sent out that the fleet had been sighted twenty miles outside Sydney harbor. The day broke bright and clear, and so intense was the interest of the American ships of war that half the populace remained awake the entire night, and thousands on thousands of men long before the sight of the ships were on their way to the hill tops outside of the city limits. A hundred thousand people, the greatest single assemblage of all, gathered on the South Head, where a magnificent view of the whole scene was to be had. BAD FIRES IN B. C. Vancouver's Water Supply is Threatened by Flames. VANCOUVER, B.C., Aug. 19.—(Special.)—The worst bush fires of the summer in the vicinity of Vancouver are now raging. Probably the most damaging fires are burning in Squamish Valley and on Bowen Island, and there is a blaze at Point Grey, which threatens to cause considerable loss. A blaze which, if it spreads, may clean up a lot of the standing timber in the watershed of Capilano, the source of Vancouver's water supply at the present time, is now eating its way thru the timber in the valley. It is said to threaten the civic water-works property. There are forty men now employed by the government in trying to stem the progress of the fires. In Squamish Valley the fire has got into the big timber of some exceedingly valuable limits and unless rains come soon, will cause millions of dollars of loss. STENOGRAPHER INJURED. Miss Amy McNaughton of 205 St. George-street, employed as a stenographer at 32 Colborne-street, had the top of her first finger of her left hand taken off while attempting to close a safe door. The injured member was dressed at St. Michael's Hospital. There Are Others. A disorderly house at Nelson-street kept by May Dwyne was raided by the police last night, and four of the inmates, two men and two women, taken into custody. Lacrosse Gossip. The plan for the Capital-Toronto lacrosse match at Rosedale Saturday this morning at 10.30 a.m. The Ottawa Free Press picks the following as an all-star N. L. U. team: Goal, Hutton (Capitals); point, Gacklerow (Montreal); cover, Graydon (Tremont); defence field, Kavanagh (Shamrocks); Fringe (Capitals), Finlayson (Montreal); centre, Belser (Tremont's home field, Frank Cummins (Cornwall), Murton (Tremont's), Allen (Capitals); outside, H. Scott (Montreal); inside, Kalls (Toronto). Caps have to defeat Toronto at Rosedale Saturday to be in the running for the championship, and Dr. Chalbot, president of the Caps, wants his pets to win so badly that he has offered every player a new suit of clothes if they win. Guess that All Saints' team looks pretty good. Weston play the return game Saturday at Sunlight Park. Did you ever see those motor cycles cover the ground? Well, go to the Capital-Toronto game Saturday at Rosedale and see Veneth of the Royal Canadian Mounted Police establish a new five-mile record. It will be at the half-time intermission. Wonder if Dr. Chalbot's suits are waterproof? Those Bradford kids are certainly chips off the rude forefathers, by the way they finished at Newmarket yesterday. Caps refuse to suggest any officials for their game here Saturday, and it is likely that the National, vice-president of the N. L. U., will have to make the appointment. Bradford and Bracebridge juniors should furnish a merry battle in the junior C. L. A. semi-finals.

Other prize winners were: Mr. Rogers' Miss Enshell and Mr. Hugh S. Wilson's Jap, all Toronto horses. Prof. J. Reed (Guelph), A. H. Pearson and Dr. C. J. Alloway (Mont-eal) and S. E. Fuller (Woodstock) are acting as judges. The sixth Kilmarnock, James Hogg, won the musical program. The horse show will continue to-day (Thursday) and Friday, when a large number of interesting classes will be judged. All Saints v. Weston 3. WESTON, Aug. 19.—(Special.)—Fred Rowntree's Pets of Weston went down to defeat yesterday afternoon, the All Saints Junior C.L.A. team, in the first of the semi-final games, to the tune of 5 goals to 3. The teams were very evenly matched by scores two goals. Both teams played good lacrosse all the time, but Ernie Irwin, in goal for the Saints, was the man who made the medals, while on the Weston team B. Rowntree, as usual, was the man to watch. Fred Waghorne refereed and had the penalty bench pretty well occupied. On Saturday Weston come to Sunlight Park to play the return game. The teams lined up as follows: All Saints (5): Goal, E. Irwin; point, J. Hogg; cover, F. Rowntree; defence, Lynch, Meen, Davis; centre, Park; home field, W. Irwin; outside home field, Brooke; inside home field, field captain, W. Irwin; defence, Waghorne; cover, F. Rowntree; defence, Waghorne; centre, Waghorne; outside home field, Waghorne; inside home field, Waghorne; field captain, Waghorne. Weston (3): Goal, F. NARROW PRICE RANGES ON TORONTO EXCHANGE

Dealings Were Fair But Tendency Was to Mark Time—New York Weaker.

World Office, Wednesday Evening, Aug. 19. Altho dealings on the local exchange were of fair volume to-day they were well distributed. There were no indications of any definite movement and South Americans, which have of late been centres of bullish activity, were left to themselves, and with support withdrawn, showed a slightly sagging tendency. Rio bonds were in good demand at from 85-1/8 to 85-1/2, transactions amounting to more than \$18,000.

Wall Street Pointers. The New York Cotton Exchange will be closed Sept. 5 and Sept. 7.

Slack business and doubts of success of reorganization causing weakness in Westinghouse.

Ore mine tonnage of Wisconsin Central shows much improvement.

Republican Steel annual report made very excellent showing.

U. S. Steel earnings running about 5 per cent. on the common stock.

Sub-treasury has lost \$6,468,000 to banks since Friday.

Chicago and Great Western earnings first week of August were \$157,175, a decrease of \$685,000.

Baltimore and Ohio gross earnings made a very unfavorable showing as compared with a year ago. There was a falling off in nearly all lines to \$1,423,000. This is a loss of about 21 per cent. as compared to July, 1907. At the same time the management reduced operating expenses to the extent of nearly \$1,250,000, so that net earnings declined nearly \$280,000, a falling off of 12 per cent. in net, as compared with July last year.

The best policy for daily operators appears to us to be to buy on declines for turns, with stop order protection. Those inclined toward short sales should sell only on rallies, with the stop safeguard. The position of neutrality, except as regards certain issues, should produce the best results.—Financial Bureau.

The manner in which Colorado Southern business is keeping up makes a remarkable contrast with the state generally told in other railroad statements. During the second week of August gross earnings of this system increased \$77,000, or 39 per cent., and brought up the comparative gain in gross earnings since the beginning of the fiscal year July 1 to \$388,000, which represents a gain of 2 per cent.

Joseph says: Some bullish demonstration against Metropolitan and its allied securities may logically be expected. Operating at 80 per cent. is not a promising outlook, and running in debt at the rate of \$140,000 a year is going some, is it not? There are a few gilt edged propositions which are well worthy of the attention of the most conservative investor. P. S. P. and St. Paul stand conspicuously out. There are certain to sell higher; buy judiciously, holding for big profits. Steady accumulation of the Steel stocks goes on. Buy these at any recession. Speculators: Further rise in Copper is scheduled. Buy Atchison for a turn.

The market is quite professional and the important inside interests are concerned only in holding things steady when the bears become too aggressive. The Boston campaign has aroused very little outside interest and while the advertising is going on so feverishly it is not likely that the market will do very much in the market. Accordingly, leading stocks will be more or less at mercy of the bears, and consequently we advise their sale on bulges from this level. We would be content with moderate turns, however, as we look for feverish and erratic market.—Town Topics.

HOW CANADA'S CREDIT STANDS IN BRITAIN

Manager of the London Office of the Bank of Montreal Talks of Financial Conditions. MONTREAL, Aug. 19.—(Special.)—Amongst the guests at the Windsor in Fred W. Taylor, manager of the London, England, office of the Bank of Montreal. Few men on this or the other side of the Atlantic have had a longer and more varied experience in financial matters than Mr. Taylor. As assistant inspector of the bank in Canada, manager in Chicago, and for the last four years head of that great institution in the money market of the world, Mr. Taylor's views on financial matters, either there or in England, will be well received.

"We, in London, frequently read interviews given to Canadian papers, and whereof I speak, and I do not hesitate to say that such a statement is absolutely unfounded. On the contrary, it is most difficult to borrow money in England, or dispose of Canadian securities outside of the Dominion and provincial government, good municipal and railway bonds and even with regard to the latter there is at times great difficulty. I may say, however, that I believe that the British investing public will, in time, become educated to a better appreciation of the intrinsic merits of water power companies, and general industrial, but at the present time, they are not easily attracted, and that is the reason the Bank of Montreal, when acting as a medium for the sale of such securities, evinces the utmost care."

"There are many high class Canadian industrial which, if publicly offered, would not be looked at by the British public, consequently the accumulation of the latter is in the hands of the underwriters, for which there would be no real market, would be in the end prejudicial to the interests of Canada as a whole."
