LLOYD GEORGE ARGUES STRONGLY IN FAVOR OF OPENING UP TRADE WITH SOVIET DESPITE CRUELTY

Says It is New Doctrine That Customs Must Be Approved Before Trading—Appeals to House Not to Seek Quarrels—Cannot Crush Bolshevism—Cabinet Confers With Russian Envoy.

London, June 7.—Premier Lloyd George, Earl Curzon, the foreign minister, and Andrew Bonar Law, government leader in the house of commons, conferred today with Gregory Krassin, Russian soviet minister of trade and commerce, at the premier's official residence, 10 Downing street.

The conference was also attended by Winston Spencer Churchill, the war minister, Sir Eric Geddes, minister of transportation, Arthur J. Balfour, lord president of the council, Walter Hume Long, first lord of the admiralty, and Austen Chamberlain, chancellor of the exchequer.

Mr. Lloyd George provoked a hearty round of laughter by remarking: "This country has opened up most of the cannibal trade in the world."

After tracing the early history of the railway and stating that its length is 21 miles, the vice-chairman of the railway board went on to state that many years previous to its electrification, the city of London loaned the line \$1,232,354 and also subscribed \$200,000.

PROHIBITION AND ENFORCEMENT UPHELD BY U. S. SUPREME COURT; EIGHTEENTH AMENDMENT VALID

North America To Be Bone Dry

This decision of the supreme court of the United States is of a most far-reaching character. There was a constitutional amendment as to slavery; it established liberty for the slave. This last deliverance takes away the liberty of the individual, whether to manufacture, or to sell, or to import liquor; it restrains.

So far-reaching is the decision, and so rigid is the constitution as it now stands that it is almost impossible to see in what way prohibition can be repealed or modified.

Where the act is especially far-reaching is in the fact that it has stopped the manufacture of whiskey, and that any stock which remained in the possession of the distillers in the United States before the law was passed had to be exported early this year.

40TH YEAR—ISSUE NO. 14,454. TWO CENTS

Highest Tribunal Deals Death-blow to Hopes of the Wets

Decision Was Unanimous—Counsel for Interests Attacking Measures Granted Permission to File Motions for Re-hearings, But Decision is Regarded as Final.

Washington, June 7.—The prohibition amendment and the enforcement act were held constitutional by the United States supreme court today in a unanimous decision.

While attorneys for the interests attacking the two measures were granted permission to file motions for re-hearings, the decision was regarded generally as striking a death blow to the hopes of the wets.

The court's opinion, rendered by Justice VanDevanter, was sweeping. It held that the amendment, not only came within the amendment power conferred by the federal constitution, but was lawfully proposed, and now was the law of the land.

The court said the first section of amendment of its own force, "invalidates any legislative act which either by congress or a state legislature or by a territorial assembly, which authorizes or sanctions what the section prohibits."

CUT TIMBER IN NEW ONTARIO FROM MANY MINING CLAIMS

Former Crown Timber Agent Admits That Wood Was Taken From Unpatented Lands — Denies, at Probe, That Permits Were Granted for Political Purposes.

Port Arthur, Ont., June 7.—John A. Oliver, until recently crown timber agent at Port Arthur, was on the stand all the afternoon at the timber inquiry being conducted by Justices Latchford and Riddell.

Under examination of R. F. Harding, crown prosecutor, he was subjected to a grueling questioning concerning his attitude in connection with the taking of timber from mining claims, and the query was put to him several times and in several forms as to why he had not protected the public by taking steps before issuing clearances to see that the timber had not been cut from unpatented lands.

Denies Responsibility.

Mr. Oliver admitted that he had not made a practice of looking for such guarantees, and his defence was that this responsibility was removed from him when the permits were granted by the department of lands at Toronto. He also claimed that it was impossible for him to make inspections which would prove to his satisfaction where the timber was cut, for the double reason that the most of the government would give him for the patrol of a four hundred mile shore line was a sixteen-foot canoe, and that he was not allowed to go on to private lands.

Mr. Oliver stated that he had years ago drawn attention of the department to the fact that a great many mining locations were being taken up, which

in his opinion were for the cutting and shipping of timber, rather than for legitimate mining. This has lately been stopped.

Charges of "Political Purposes."

Mr. Harding, in his questioning, made several allegations to the effect that permits had been granted for political purposes and on promises to vote for Hon. J. C. Martin, Conservative candidate, in the Ontario election.

Mr. Harding on one occasion remarked that "pernicks were floating around in large numbers just before the last election. I understand they were given away for votes. The names of Sir John Dunning, John Auger, Ben Hay, Geo. Burns and others were mentioned in this connection, and Mr. Harding put several questions to the late crown timber agent as to whether he had been subject to any influence in the granting of them. He denied absolutely procuring or recommending any permits whatever for political purposes or under political pressure.

"Did Hogarth ever ask you to issue such a permit?"

"He did not."

"Did you know, directly or indirectly, that permits were being issued for political support?"

"I did not."

Mr. Russell was the first witness called today. Mr. Harding submitted a statement showing 300,000 cords of pulpwood shipped by him to the United States between 1912-19 and alleging that much of it had been cut from lands taken as mining claims or from homesteads taken up, supposedly by returned soldiers, but really by employees of Russell's company.

ASSEMBLY MEETS IN WEST NEXT YEAR

Chooses Vancouver—Debates Means of Raising Ministers' Pensions.

Ottawa, June 7.—After a number of eloquent speeches, in which the respective merits of St. John, N.B., and Vancouver, B.C., were discussed, the Presbyterian General Assembly meeting in Chalmers Presbyterian Church this afternoon decided by a large majority to meet in the west, the Vancouver, next year. The vote was by a show of hands and was so decisive that the moderator did not even have to count the vote.

An animated discussion took place on the question of payments to aged and infirm ministers. Peter Campbell, a layman from Stratford, put things in a pointed way. He said that the assembly stated a minister could not live on less than \$1,500 a year, yet after a life term of service, ministers were pensioned off, after usefulness was gone, at far less sums than that. Mr. Ware, moderator, said the ministry because they saw the treatment that old and infirm ministers received. The possibility of increasing aged ministers' pensions to \$1,000 and widows' pensions to \$500 was debated when the assembly resumed its deliberations this afternoon, following the presentation of a report by a committee appointed by the last assembly. The present pensions are \$400 and \$200, respectively.

WILL CHECK CAMPAIGN OF ASSASSINATION

London, June 7.—The government intends to take steps to bring to justice all persons associated with crimes in Ireland. Premier Lloyd George declared in the house of commons today in answering a question. The premier added that with the object in view the government was reorganizing the Irish executive and was strengthening the police, naval and military forces associated with it. He would probably also be necessary, he said, to strengthen the law for dealing with crime.

HAMILTON

In Addressing Assembly, Deplores Lack of Spirit of Progress in Churches.

Ottawa, June 7.—A deeply impressive service at which Chalmers Presbyterian Church was crowded, was held tonight. The chief speaker was Rev. Dr. Charles W. Gordon of Winnipeg, whose authorship name, Ralph Connor, is probably better known to Canadians than his own.

The theme was the forward movement and the budget of the church. The forward movement was discussed in both its financial and spiritual interpretation. The other speakers on the theme were John A. Patterson, E.C., of Toronto; Rev. Dr. Ross, of Halifax, and Norman Slater, of Hamilton.

WELCOME AT BANQUET TO MANUFACTURERS

Vancouver, June 7.—About four hundred members of the Canadian Manufacturers' Association were guests at a luncheon tendered by the Vancouver Board of Trade today. Addresses of welcome were delivered by Premier John Oliver, who dwelt at length on the abundant resources of British Columbia. In particular, and Canada in general; Mayor R. H. Gale and J. P. D. Murkin, president of the board of trade.

SCORE'S SUITINGS AT TREMENDOUS PRICE REDUCTIONS

As values are today, these reductions from the regular prices are most extraordinary — and when you consider the name of the store, the name of the quality custom tailoring, the name of the worth while, Scotch wear, regular \$65.00 for \$44.75, Irish \$75.00 for \$52.50, and English Worsteds, regular \$80.00 for \$55.00. Score's, 77 King West.

SUGAR BROKER SUBJECT TO TWO-HOUR GRILLING

Montreal, June 7.—The board of commerce today continued the probe into sugar prices and profits, the chief witness being Mr. Robert Anderson, and for two hours he was put thru a merciless cross-examination by Chairman O'Connor, who plainly intimated that he considered Mr. Anderson as one of the speculators who had thrust themselves into the sugar business with a view to making profits and had thus brought about a general increase in the price.

CHIPPAWA FALLS REPORT.

The cabinet yesterday afternoon considered the report of the parliamentary committee appointed to inquire into the Hydro workers' trouble at Chippawa Falls. The premier had expected to make public the findings but in the absence of Sir Adam Beck decided to withhold them until after a conference with the Hydro chief, which will probably be held today.

POPE IS INDISPOSED.

Rome, June 7.—Pope Benedict is suffering from attack of rheumatism. Although fatigued by yesterday's ceremonies in connection with the beatification of eighty-two negroes who died for the faith in Uganda under King Mwanga, he had a peaceful night and his physician this morning found him rested. The pontiff's general health is satisfactory.

ANNOUNCE BONUS TO CIVIL SERVANTS

Retroactive to April One, Last Year—Total of Four Million Dollars.

BILL HAS THIRD READING

Ottawa, June 7.—Full details of the bonus to civil servants were given in a return tabled in the house of commons today. Civil service employees of eighteen years or over, and supporting dependents, receiving less than \$1,200 a year, get a bonus of \$85 per month through the present fiscal year. In the same class the bonus decreases \$2 a month for every extra \$20 of salary. Bonus of \$20 a month applies to all salaries between \$2,040 and \$6,000 per annum.

Civil servants 21 years or over and not supporting dependents receive a bonus of \$21 per month if their salaries are less than \$1,200 a year. This will be \$20 per month in salary the bonus drops \$2.50. Servants in the same class between 18 and 21 years old, and getting less than \$960 yearly, receive a bonus of \$12.50 per month.

Closing of the session will make required to cover the increased pay. Hon. N. W. Rowell, that \$4,000,000 would be required to cover the increased pay. Hon. N. W. Rowell, that \$4,000,000 would be required to cover the increased pay.

SAY MOUNTED POLICE UNNECESSARY FORCE IN EASTERN CANADA

Strong Criticism Voiced in Commons—Economy is Chief Argument.

Ottawa, June 7.—(By Canadian Press)—Strong criticism of the government was voiced in the house of commons this evening when the estimates to cover expenditures for the Royal Canadian Mounted Police came up for consideration. Member after member declared that the force was unnecessary in eastern Canada and that it should be returned to its original field in the west. Economy was urged by opposition members as the chief argument against an extension of the scope or activities of the mounted police, and Hon. Rodolphe Lemieux, member of Opposition, declared that the estimate of \$4,674,066.00 should be cut in half.

FINDS POUNDS OF GOLD IN THE PAS DISTRICT

The Pas, Man., June 7.—Smashing the quartz in a mortar and using quicksilver to gather it, a prospector secured four pounds of gold bullion at Elbow lake, where he found a gold shoot. This discovery rivals that made at Copper Lake, which is ten miles distant, and a large force of prospectors are en route to the new field.

NEW AERIAL SERVICE BETWEEN LONDON AND PARIS

A well-known shipping concern of London has instituted a passenger service between London and Paris by airplane. They have recently purchased a monster Vimy Vickers airplane to carry the service. The plane can start eleven passengers, and is partially fitted up. It also has cargo space capable of carrying half a ton of goods. The salon of the plane is said to be the most comfortably fitted ever seen in an airplane. The upper photo shows the exterior of the plane, and the lower gives a glimpse of the interior, fitted up somewhat like a Pullman car.

EATON'S DAILY STORE NEWS

A Grey Suit Looks Cool and Feels Cool

Grey is a man's logical choice in warm weather! Its atmosphere is cool—always impresses one as being light and airy, and to wear it is to experience a surprising comfort in warm weather, because grey, unlike darker shades, affords little or no attraction to the sun's hot rays—a scientific fact. Keeping cool in summer is important if a man wants to retain not only bodily comfort, but normal vigor and efficiency. And of no less importance in attaining this end is the satisfaction that correct style and finish in clothing always produce. A combination of these qualities is a notable feature of these offerings.

At \$28.50 is a Grey Two-Piece Suit

It's of a wool tweed, of soft chevot effect, in medium grey, with a black or a faint blue chalkline stripe. The suit is a three-button, semi-fitted model, with regular flap pockets. Sleeves, front and shoulders are lined with lustre. The trousers are made with belt loops, two hip, one watch and two side pockets and cuff bottoms. Sizes 36 to 44. Price, \$28.50.

Another Grey Two-Piece Suit at \$31.00

Is of wool homespun effect tweed, in two popular shades of grey, known as Cambridge and Oxford. It is semi-fitted saque style, with regular pockets and notched lapels; the coats are lined in front and through the yoke with lustre. Trousers have five pockets, belt loops and cuff bottoms. Sizes 36 to 44. Price, \$31.00.

A Man's Summer Hat is of Straw—

Panamas at \$6.00 and Boaters \$2.25

Every man realizes that the proper summer headgear for him is of straw. Some men prefer the Panama, while others prefer the more conventional sailor shape. Whichever you desire you will find in this department an excellent assortment. Now is the time to buy one and get all the advantage of the lightness and coolness of these summer weather hats.

At \$6.00 there are Panama Hats in the neglige shape or fedora style. They are made of a very evenly woven unbleached straw.

The fedora style has a creased crown with flaring brims, while the neglige pattern has rolling brims. They have leather sweatbands inside and black bands around the crown. In sizes 6 3/4 to 7 3/4. Each, \$6.00.

Men's Sennit Straw Hats, in a very neat and popular shape. They have a 3 1/2-inch crown and a 2 1/4-inch brim, with a leather sweatband and black band around the crown. Well shaped and easy fitting. Sizes 6 3/4 to 7 3/4. Each, \$2.25.

STEERS BY HUNDRED FOOD FOR SHARKS

Eight Hundred on Board Steamer Stampede and Plunge Overboard.

Havana, June 7.—Hundreds of fine steers stamped on board the steamer St. Charles outside of Havana harbor on Saturday afternoon, and after creating a panic on board the ship, plunged into the sea, where they became the prey of the sharks which swept the waters off Morro Castle. Except for a comparative few that swam ashore and are now wandering about in the suburbs of this city, all the 800 steers on the St. Charles are believed to have perished.

Sanitary officers who inspected the vessel on her arrival on Saturday were amazed when they found 130 dead steers in the hold of the ship. To avoid possible danger to the people of the city, they ordered the captain of the St. Charles to put out to sea, and there they threw overboard the carcasses of the cattle that had died. While the crew was engaged in this onerous task, the steers on board became stampeded, broke down their corral and ran amuck. Frightened animals ran up and down the decks and then plunged overboard, where the tigers of the deep were awaiting them. Four were seen to strike the water almost simultaneously, and in an instant they were dragged beneath the surface, only a trail of blood telling of their fate.

Tugs were sent out to the St. Charles, and found the crew virtually paralyzed with terror. For a time there was danger the vessel would drift on the rocks near the harbor entrance, but it was at last brought to port. It is reported only 50 carcasses have been removed from the ship, and harbor authorities are finding much difficulty in securing men to enter the hold of the steamer to complete the task of clearing the St. Charles of its menacing cargo.

LIBERALS MAY ALTER PLAN FOR KING'S WESTERN TOUR

Ottawa, June 7.—(By Canadian Press).—The national Liberal organization committee is to meet at Liberal headquarters here tomorrow for discussion of organization matters. It is expected that one of the subjects before the committee will be Hon. Mackenzie King's tour of the western provinces, which was planned to start immediately after the session ended. In view of the possibility of the session lasting until July 1, or a little longer, there may be a change of plans with the trip being deferred until after the prairie farmers have finished harvesting.

HIGH COSTS HIT BRITISH PAPERS

Many of the Smaller May Suspend and Unemployment Will Inevitably Follow.

London, May 22.—(By Mail)—In view of the suggested further advance in wages and the very serious situation which must arise in that event, the Weekly Newspaper and Periodical Proprietors' Association has issued a memorandum regarding the high cost of production, in which it is pointed out that since 1914 proprietors have been to meet a continued succession of increases in the cost of production and distribution, increases which, since the armistice, have been intensified. Before the war newspaper cost 1d per lb., whereas it is now 1-4d per lb. and over; and there have already been eleven separate advances in printing charges, which have thereby been increased by 120 per cent. to 200 per cent. For a 24-page weekly paper, with a circulation of 150,000, this means an increase in the cost of printing alone of between £5,000 and £6,000 per annum.

Who does not know women and young girls who are continually in tears—who always see the dark side—who have frequent fits of melancholia without apparent cause?

Dr. Pierce's Favorite Prescription exerts a wonderful power over woman's delicate system. It is an invigorating temperance tonic and is prescribed for the peculiar weaknesses of women. It is prepared in Dr. Pierce's branch Laboratory in Bridgeburg, Ont., and it can be procured in liquid or tablets at any drug store in Canada.

Dacre, Ont.—"I am more than pleased with Dr. Pierce's Favorite Prescription. I was run-down and so nervous that I could not even stay in the house alone in the day time and tried every kind of medicine I heard of but got no result. One of my friends advised me to take 'Favorite Prescription,' said that it would cure me and it did. After taking four bottles I felt like a new woman and it is also the very best medicine for a woman rearing a family.

"I will recommend 'Favorite Prescription' to any one suffering like I did."—MRS. JOSEPH BEAUDRY, R. R. 2.

COMBINATION GERMAN PARTIES

Union of New Government Not Determined, But Union Will Be Difficult.

June 7.—Not sufficient reason compiled up to three afternoon to permit progress to the completion of the agreement but already defection of a remarkable number of the present coalition parties, corresponding accession of the Rightists and Leftists, independent of the Independent Socialists, do not contemplate for a union with the bourgeois parties. The formation of a government, however, is probably not so strong if they desired to do so. A stable administration, however, may be the outcome, but it is doubted that it will be faced with a difficult situation.

A Puzzle in Alienage. The anomalous position of Canadian partnership in the American Federation of Labor is remarkably demonstrated by the proposition to found a political party for the United States at this week's convention in Montreal.

The delegations to Montreal are overwhelmingly from the United States—Americans in the narrower sense. Never before in history have hundreds of citizens of one country gone into another country to discuss the founding of a great political party that is expected to govern the country in which it was not born.

Discussions on the A. F. of L. starting a party will throw into strong relief the negligible quality of the Canadian participation in the international unions. It will be made clear to the Canadian people, as never before, that the federation to which their workmen regularly pay dues is so pre-eminently an alien institution that membership in it necessarily involves the practical elimination of the Canadian national spirit from the most important deliberations in which Canadian Labor delegates share.

To Provide for Our Own Household.

Parliament will be asked to pass legislation which will compel manufacturers of newspaper paper to reserve 15 per cent. of their output for the Canadian publishers. There is no question of price control. The object is to prevent the paper mills from exporting their entire output to the United States.

McGill Nominates Officers For the Graduate Society. Montreal, June 7.—Nominations for the officers in the graduate society of McGill University, which include nominations for the members of the executive committee and the council of the society as alumni members of the board of governors and representatives of the graduates on the corporation of the university, have been made, and were announced today, and include the following:

World's Daily Brain Test. By Sam Loyd. No. 208. We will submit to our puzzleists for an up-to-date answer, the old problem which asks: Who is the heavier in weight between six dozen dozen pounds of gold and half a dozen dozen pounds of feathers?

Beautiful Residential Property. WEST SIDE OF BATHURST ST. NORTH OF ST. CLAIR AVE. CEDAR VALE. Two miles from the corner of Bloor and Yonge Streets, and thirty minutes by street car to King and Yonge Streets.

Trunk, half owner of the terminal company constructing the station, has been as poor as Job's turkey for several years. It is unlikely that the Canadian National system, which is absorbing the Grand Trunk, will want to spend millions of public money on a viaduct.

The station should be used with the least possible delay; for it is essentially a public building. One section of it should be operated within a week of two, to the great increase in public efficiency and a remarkable decrease in public expense.

When common sense governs the partnership between the railways and the postoffice, all the mail originating in the city will go straight to the station postoffice, and all the stuff for redistribution will be taken from the trains into the station, sorted, and carried to its next train.

DECIDE TO DROP WAR WEALTH LEVY

Chancellor of Exchequer Makes Announcement in British Commons.

London, June 7.—The chancellor of the exchequer announced in the house of commons today that the proposed levy of a tax on war wealth would be dropped.

The premier, Mr. Lloyd George, stated that a special meeting of the council of the league of nations would be held in London on June 14th on the application of the Persian government concerning the occupation of Enzeli.

The house started the second reading of the debate on the important agriculture bill, which was interrupted by a motion for adjournment to discuss the Russian trade mission.

W. C. Bridgeman, parliamentary secretary of the board of trade, replying to a question in the house of commons today, said it was not proposed to prohibit the export of coal from the British Isles to South America.

The quantity expected to be available for export to South America was approximately 80,000 tons monthly, and directions had been given that this amount might be released from the South Wales district.

To various questions as to whether the Argentine government had prohibited the export of grain, Mr. Bridgeman could not say what the government intended to do. His information was that prohibition had not been imposed, but that a bill had merely been introduced, which had not yet been passed.

COUNTY AND SUBURBS

NINETY TODAY DANFORTH

POULTRY CHIEFS GATHER TOGETHER

Danforth and South York Poultry Association held a business and experience meeting last night in Playter's Hall, Danforth avenue. Nelson N. Brimston, president, occupied the chair.

The forthcoming Ontario poultry conference, to be held in Guelph, was discussed, and it was decided to make application for the government grant of \$50 for the association. Thru the delegates appointed to represent the organization, it was pointed out that frequent unsuccessful applications had been made in the past, and that the membership numbered 107. Means to overcome the association's financial deficit were discussed, and donations were solicited. Resolutions were handed to the secretary from the members present.

President Brimston stated that the next annual show would be run upon the new lines. Special prizes would be put out and only the best birds shown. It may be found desirable to increase the number of exhibitors. The president pointed out that owing to increased prices of all commodities, it was the intention of the show committee to hold the forthcoming annual show the biggest and best ever held in Toronto.

BRIMSTON AS DELEGATE

Nelson N. Brimston, president of the Danforth and South York Poultry Association, will represent that body at the forthcoming Ontario Poultry Conference to be held in Guelph.

DISCUSS DRURY BILL

The Drury bill, to reduce taxation on improvements, buildings, business and income, will be discussed at the forthcoming meeting of the Danforth Park and Eastdale Ratepayers' Association in Secord School, Barrington avenue.

HOLY NAME FAIR CLOSES

The eight-day Fancy Fair in connection with the new Holy Name Parish, St. Charles avenue, was brought to a successful close last evening. Large crowds were present thruout the past week, and the financial results were declared satisfactory.

DANFORTH BEST FOR POULTRY

According to the statement of a member of the Danforth and South York Poultry Association, the Danforth district is the best section in the city for poultry raising. Every second household is estimated to be a poultry keeper. Regarding pet stock, 30 entries, he stated, have already been received for the next meeting.

TODMORDEN DELEGATES APPOINTED.

The four delegates appointed to represent the Silverthorn Ratepayers' Association at the amalgamated association of York township central council meeting are Messrs. Halton, Clarke, Crawford and Donnelly. Delegates have also been appointed from the newly organized Fairbank Central Ratepayers' Association.

DIXIE UNVEIL MEMORIAL TO FALLEN SOLDIER

Rev. W. L. Baynes-Reed, D.S.O., pastor of the St. John's Church, St. Clair street, unveiled a memorial tablet to the memory of the late 7th Battalion, C. E. F., killed in action at Cambrai, in St. John's Church, Dixie.

Rev. H. V. Thompson, rector, assisted in the ceremony. The tablet is placed on the wall of the church and is of polished brass.

SALE OF LUMBER BY TENDER

Sealed tenders will be received by the undersigned up to Wednesday, the 23rd day of June, 1920, at the hour of 12 o'clock noon, for the purchase of a quantity of dry lumber consisting of approximately 400,000 feet of White Pine, 250,000 feet of Norway Pine, common and dressing grades, Spruce, Red American Oak and Birch.

The above lumber is of various grades and sizes, and may be seen and inspected on the premises of the Department of the Soldiers' Civil Re-establishment, Speedwell Hospital, Guelph, Ontario.

The above lumber was purchased by the undersigned, subject to government inspection and grading, and will be sold by the undersigned subject to the same conditions, and the said government inspection and grading will be final as between the purchaser and the undersigned, but purchasers will be at liberty to have their own inspector to go over the lumber with the government inspector, at time of loading.

Tenders will be received for any grade or for all grades and for any quantity not less than one car-load. Prices must be for board measure, f.o.b. cars, Guelph, Ontario, and subject to slight draft against bill of lading.

Each tender must be accompanied by a certified cheque for 10 per cent. of the amount of the tender, made payable to Torno Lovitz Lumber Company. These cheques will be awarded. The cheques of the successful tenderers will be retained until the completion of the contract, as a guarantee of the proper execution thereof, and will be subject to forfeiture in the event of the purchaser's default.

The highest or any tender not necessarily accepted. Purchasers must give shipping instructions to the undersigned within five days after the acceptance of tenders.

A complete list of the said lumber may be had upon application to the undersigned at Room 200, Crown Office Building, Toronto, on personal application or upon request by mail.

Dated at Toronto this 1st day of June, 1920.

ETOBICOKE COUNCIL DISCUSSES WATER

Pros and Cons of Separate System Thoroughly Gone Into—Deputations Against.

The meeting of Etobicoke council held yesterday afternoon at Thisletown was taken up largely with the question of a new waterworks area for the southern end of the township to supply Belington and Lambton Mills included in an area of 1,800 acres. The cost was estimated at \$45,000, covering an assessment of \$1,000,000. The water which would come from the Humber river, was described as sufficient in quantity until such time as building was extended to Lake Ontario, without additional taxes. The water was also described as pure, easily to protect from contamination, and not acquiring chemicals to preserve its safety. A local improvement tax of 8 cents per foot for 30 years on streets served was estimated, and a 3 mill rate for 30 years on the assessment.

Deputation of 14 men with a petition of 41 names from Inlington and second with 68 names from Lambton Mills, set up vigorous opposition to any move to establish a water system. J. A. S. McPherson leading the opposition. It was claimed that the two new public schools are supplied, also that water can be trucked almost anywhere at 10 feet depth.

First Deputy Reeve W. J. Gardhouse gave an account of the first request made of Engineer E. A. James to give the cost of a waterworks system. He himself was neutral on the questions, but thought a vote should be taken. To call a meeting was only to create unsettled discussion. He himself had not been at the meeting of the railway board which had suggested the move, and he assured that the council were willing to give sanction to a by-law only when it had been properly sanctioned. E. A. Mercer said that the council were not trying to increase the rate of the waterworks, and T. A. Tier also gave assurance from the council that, although this session happened to be in the north end, there was no thought to evade publicity.

During the discussion, it was claimed that the real estate was held too high. Opposed to this, builders held that progress could not be made without cheap water, and individual installations cost \$300.

The feeling of the council was that there should be a vote included on this question when the regular elections takes place.

There were many deputations on local affairs.

EARLS COURT FOOTBALLERS DAMAGE EARLS COURT GARDENS

Residents on St. Clair avenue, Earls Court, are complaining that the football players are overrunning their gardens and destroying their plants and vegetables. The football matches are played each Saturday on Earls Court public school playground, and the ball is frequently thrown into the gardens. Several chickens from the damage done to the gardens, have been killed.

The residents in said apartment have been notified several times, but nothing has been done in the matter. The residents threaten to have a petition signed and presented to the board of control unless the board of education consents to do something.

To The World, a resident on St. Clair Gardens said: "We do not object to the young men playing football, but we do object to their gardens being over-run and damaged. We kept two of the balls recently, which were handed over to the police, and these have been taken to Ossington police station. Up to the present, the owners have not claimed them, for the police, it is said, have a summons ready for the applicant or applicants."

MANY MARRIAGES AT ST. JOHN'S, NORWAY

The large number of marriages in St. John's Church, Norway, has been steadily maintained each week for some time past. During the present week, six couples will be united in the bonds of matrimony, according to the statement of the rector.

NO MONEY COMING TO BUILD CHURCH

The work in connection with the new Riverdale Presbyterian Church building is at present at a temporary standstill, owing to the negotiations for the mortgage having not yet been completed.

"Altho we can readily secure 75 members to go bond for \$1000, we are unable to secure the necessary \$75,000 for the building, the loan companies are still in a state of hesitation," said Rev. L. Hunter, minister.

LARGEST ATTENDANCE IN HISTORY OF CHURCH

During Sunday's services at Riverdale Presbyterian Church, 77 members were received. Communion services were held both morning and evening. Rev. L. Hunter officiated at both services. The number of members is now 890, and the number in attendance was the largest in the church's history.

RECEIPTS OF CORN GROWING HEAVIER

Prices Weaken at Chicago in Consequence, But Oats Are Strong. Chicago, June 7.—Reports that much corn was being diverted to Chicago from Omaha, Kansas City and St. Louis have a bearish influence today on the corn market here. Prices closed nervous, 1/4c to 3/4c net lower. With July 17 1/2c, August and Sept. 15 1/2c to 15 3/4c. Argentine wheat market quiet. No change in Chicago today were a little larger than has been the rule of late, the corn crop being about 100,000 bushels above the average. The market is not so sure, however, so led to a material upturn with good current, meanwhile the corn supply has not been augmented. On the other hand during the last half of the day, attention focused primarily on Argentine wheat shipments from Missouri River terminals had been arranged. It was also reported that Argentine wheat had been purchased at a big scale at the United States seaboard. Packers' selling of lard weakened all provisions.

GOLD THE PANACEA FOR PRESENT EVILS Production of Yellow Metal Will Steady World's Financial Conditions. Canada and the United States, and it may be the greater part of Europe, have not met since the war the obligations of the money market. The immediate circulation of the money has given a temporary stimulus to business of various kinds, but the shortage in production is made good and the immediate market overstocked, there will be a great slump in the prices of all commodities. Gold alone can steady the market. SUGAR PRICES. The wholesale quotations to the retail trade on Canadian refined sugar, Toronto delivery, are now as follows (100-pound bags):

Granulated..... 18 21 No. 1 yellow..... 18 21 No. 2 yellow..... 18 21 No. 3 yellow..... 18 21

Montreal Produce Market. Montreal, June 7.—The domestic produce market today in cash oats today was quiet, but the tone of the market was strong with prices marked up. There was no change in the flour market. The weaker feeling has developed in the haled hay market. Prices were steady in the egg market. The condition of the potato market was unchanged. A much stiffer feeling was shown in the butter market with advancing prices. The feeling was steady in the cheese market.

RAISE BONUS HIGHER Kingston, June 7.—(Special).—An official announcement was made at the Canadian Locomotive Works today, to the effect that the men would be given a 15 per cent. increase in wages on June 15. It was recently reported that the increase would be 10 per cent.

STEEL CORPORATION HAS LARGE RAIL ORDER Sydney, June 7.—An order has been received by the Dominion Steel Corporation for 7,500 tons of steel rails for the use of the Canadian National Railways and the rolling of this order has been begun at the rail mills of the company. This work will keep the rail mills operating for a period of six weeks on single shift. No further progress seems to have been made toward the settlement of machinists, 116 of whom have been out for about two months. Further conferences have been held in which the company offered a compromise in the matter of wages, but held firm to its refusal to grant a 9-hour day.

EGG MARKETS. Ottawa, June 7.—(Dominion Live Stock Branch).—Ontario track shippers report prices 40c to 45c to stores and making 40c to 45c to 50c (L.S.). Eggs are being bid 1c to 2c less; others look for no decline. Receipts some sections but no general report. The quality of receipts is fairly good. One egg crate last week and one today.

TORONTO SYNDICATE IN KENTUCKY OIL FIELD The Oil World of May 29th has the following: Gretnsburg, Ky., May 28th.—Considerable development is under way in the Green County, Ky., oil field. This spring and summer prospectors see this very promising field further developed, and numerous tests are to be made in different parts of the county, and from present indications, the most of the drilling will be done to the northwest of Summerville. The Toronto-Kentucky Oil Syndicate have oil and gas leases right in the centre of the Green County oil field, going on. George H. Carson will leave for Kentucky Wednesday of this week to let contract for 3 or 4 wells and superintend the drilling of same. William Tingle, secretary-treasurer of the syndicate, will act as secretary-treasurer of the syndicate.

Ontario All For First Million

Ontario Mines and Smelters All Show Increase in Output

For First Three Months of Year It Amounted to Million Dollars—Canada Only Country in World Which Shows Increased Output of Gold.

Metalliferous mines and smelters of Ontario show, in the aggregate, an increase in the value of output for the first quarter of the year of nearly one million dollars over the corresponding quarter in 1919.

Table with columns: Commodity, Quantity, Value. Rows include Gold, Silver, Platinum, Copper, Nickel, Iron, Cobalt, etc.

Lead—Output of pig iron was 152,022 tons, worth \$8,977,211. Figures in the table represent proportional product from Ontario ore.

Owing to Ontario's contribution, Canada was the only country able to report an increased output of gold for 1919. Production for the quarter shows an increase of nearly 40 per cent over the first three months of 1919.

The quantity of silver marketed during the period shows a falling off, despite the high price of the metal, which averaged \$1.30 per fine ounce.

CHICAGO GOSSIP. Thompson & McKinnon to H. L. Hudson & Co. Chicago, June 7.—Corn—Poor feeding demand for corn is rather prominently displayed in the Southwestern markets.

NEPONSET PAROID enjoys a national reputation, and is acknowledged to be the best ready roofing on the market.

NEPONSET PAROID is adapted to every kind of roofing job, whether large or small, and gives the same excellent service if used on a small shed, or for roofing the largest industrial plant.

Easy to lay—With every roll of Neponset Paroid is supplied sufficient nails and cement with full directions.

MARKETS.—Dominion Live Stock track shippers report a decline in the price of steel rails.

VALUES INCREASE IN LOWER DEPTHS

Wasapika Vein at 200 Feet Gives \$15 Assay to the Ton.

The great Ribble vein on the Wasapika Consolidated dips to the west. The present shaft was started about 50 feet west of the outcrop.

A great improvement can be noted at the lower level. The vein is much stronger and better mineralized than at 100 feet.

Business is returning to more natural basis. R. G. Dun & Co. in their weekly review, say: Existing differences of opinion regarding the probable future trend of prices do not obscure the fact that current tendencies continue mainly downward.

Diabase and Gold Close Relations. Opinions are getting clearer as to the Shining Tree Geology.

There is no escape from the conclusion that the diabase dikes of West Shining Tree contributed to the richness of the gold bearing veins.

CATTLE MARKET HOLDS AT LAST WEEK'S HIGH

Heavy Class Were a Shade Lower—Good Demand for Milch Cows and Springers.

With around 2800 cattle on the Union Yards yesterday we had an active market for all classes, excepting extreme heavyweight steers.

With a fair run of calves, around 600, the market was stronger for the choice veal, which sold at from 18 1/2c to 19c.

Business is returning to more natural basis. R. G. Dun & Co. in their weekly review, say: Existing differences of opinion regarding the probable future trend of prices do not obscure the fact that current tendencies continue mainly downward.
