

EXPERT REPORTS ON TRENT POWER

Montreal Engineer, Called by Government, Advises Not to Lower Lakes.

Ottawa, Oct. 20.—(By Canadian Press.)—Henry Holgate of Montreal, the hydraulic engineering expert, to whom was referred the question of the use and control of water for power purposes in the Trent district, has reported to the government that the water in question has been judiciously handled, and that it is reasonable security to be insured, discharge above the present flow, which is about 1,200 cubic feet per second, should not be permitted. He does not advise lowering Stony and Buckhorn lakes, as has been suggested, as the possibility of replenishment this fall by abnormal rains is too risky. He reports that conditions in the upper part of the Trent reservoir are bad, as there is insufficient water there to replenish the lower lakes. This he holds to be the key to the present situation, which can only be improved by heavy rains. "You have," he states, "already drawn on your storage in favor of power, and can afford to draw down no more; early rain will alter the whole situation."

Suggests Partial Relief. For the immediate partial relief of the district, Mr. Holgate suggests the lease for a short period by the Hydro Commission of the two plants of the Canadian Cement Company at Lakefield, which had been idle for seven years, and which would yield 1000 kilowatts. It is understood that steps are now under consideration towards this end.

FORM A COUNCIL OF CHILD WELFARE

Ottawa Conference Also Discusses Minister of Parent-hood for Canada.

Ottawa, Oct. 20.—The outcome of the Dominion Child Welfare conference held for the past two days in the Daly building, was the formation of the Canadian Council of Child Welfare. The objects of the new organizations are to co-operate with the child welfare division of the department of health, to prepare and disseminate information on child welfare work, and to recommend a program for the work throughout the Dominion. Any nationally organized bodies interested in child welfare work are to be represented on the council. The resolutions committee, of which Mrs. Wm. Todd, Toronto, was chairman, brought in several resolutions which were either adopted or referred to the Dominion Council of Health, which is to meet in the city next week. The first of these was recommending the appointment of a minister of parent-hood in the Dominion. The resolution pointed out that the post was by no means a sinecure and that it was a necessity. This was referred to the Dominion Council of Health. The following provisional executive committee was appointed to carry on the work until such time as the appointed officers are elected: President, Mrs. Wm. Todd, Ottawa; vice-president, Mrs. Arthur Rodgers, Winnipeg; secretary, Dr. Tillman, London, Ont.

DISASTROUS FIRE IN WADENA, SASK.

Regina, Sask., Oct. 20.—Twelve stores, half the business section of Wadena, Sask., are in ashes today and flames of a fire that caused \$200,000 damage to this town of 1,200 population last night are still smouldering. The list comprises the eastern side of the main street, but one building, including the Sterling Bank building was demolished by dynamite in order to block the path of the fire.

SEEK TO FIND CAUSE FOR SLUMP IN WHEAT

Chicago Board of Trade President Shows That Prices Were Higher Both Before and After Federal Control.

Chicago, Oct. 20.—The federal trade commission today began an investigation of the operations of the Chicago board of trade, in an endeavor to determine the cause of the recent depression in wheat prices. The hearings follow complaints of Governor Allen, of Kansas, that the slump was caused by speculators. He declared that speculators forced the price down six cents a bushel in one day and later attempted to begin a "farmers' boycott on selling." President F. L. Gates of the Chicago board of trade, presented a table of wheat prices during the past three years which, he said, indicated that prices on the local exchange were higher both before and after the period of federal control than during the existence of the government guarantee. He reiterated that only the fundamental law of supply and demand influenced prices on the board, and pointed out that the function of the organization is merely to formulate and administer the laws of trading and not to regulate commodity prices. In July, 1917, the price of No. 2 hard winter wheat, he said, ranged from \$2.30 to \$2.70 a bushel. This figure was reduced to \$2.17, the government guaranteed price, on August 17, 1917, when the United States grain corporation took over wheat marketing operations. In June 1918, the guarantee was increased to \$2.23, which figure was maintained until the resumption of open trading July 1, 1920. Between that date and October 1, prices ruled generally above the old guaranteed price, having gone below \$2.23 on only two trading days. Since October 1 the same grade has sold as low as \$1.99, due, according to Mr. Gates, to the liberal shipments of Canadian wheat to United States markets.

LESS TURMOIL IN KINGSTON JAIL

Most Convicts Still "Out of Work," But More Contrite in Demeanor.

Kingston, Ont., Oct. 20.—(By Canadian Press.)—Conditions at the penitentiary were today quieter and much improved, and while a majority of the strikers are still out of work, they were this morning much more contrite and reasonable, and it was expected that they would shortly be all at work again. How well planned was the "strike," and how great the ramifications, declares The Standard, is best understood by the fact that to break the strike it was necessary to put into solitary confinement between 12 and 15 strike ringleaders, who, together with the ringleaders of the attempted general jail delivery, are now on bread and water diet. This means that practically 20 convicts are now in solitary confinement.

Report by Biggar. Ottawa, Oct. 20.—Col. O. M. Biggar, general counsel for the government and chief electoral officer, has returned from Kingston, where he was investigating charges made by three penitentiary officials. Col. Biggar will prepare a report and submit it to the justice department. He stated that the report has nothing to do with the plot of convicts to make their escape from the penitentiary, and had nothing to say about it.

POLAND'S NOTE TO ALLIES ASKS FOR INVESTIGATION

Paris, Oct. 20.—The Polish reply to the identical British and French notes with regard to the Polish occupation of the L. L. woods in Poland, according to an announcement of the ministry of foreign affairs. It follows the lines already indicated in Warsaw unofficial despatches. Poland expresses her surprise that France and Great Britain should send such notes without awaiting a further investigation. The Polish government does not either agree or refuse to acquiesce in the request that Poland completely disavow General Zeligowski's action in entering Vilna, but it urges a further investigation and points out that Lithuania has hardly yet become a nation. The French government, it is said, is not disturbed by the note. It believes that more time should be given Poland because of her difficult situation.

COUNTRY IS APPEALED TO SUPPORT FRENCH LOAN

Straasbourg, Alsace Lorraine, Oct. 20.—The minister of finance, Frederick Francois-Marsal, in opening the subscriptions for France's great six per cent loan today, appealed to the country to support the loan first as a duty, second as a good business. He said that no one could refuse, in view of the economic revival and the social stability as shown by his review of reconstructions and his declaration on the financial policy of France.

A sane financial policy, he declared, required that the country stop short term loans, reduce and consolidate the outstanding debt, and reduce the Bank of France and reduce inflation. Loans should be restricted to amounts recoverable from the country for the development of production in the country and colonies. LETVIAN NOT APPROVED. Riga, Oct. 20.—The Estonian and Lithuanian governments have not approved the note sent to the United States by M. Melmitch, the Latvian foreign minister, in reply to Secretary Cully's Italian note.

REIGN OF TERROR IS BEING BROKEN

(Continued From Page 1.)

The endorsement of "San Toy" at the Grand Opera House was met with such approval that the visit has been extended one more week, and seats can now be reserved for the final week. Whyte has given his revival an elaborate scenic equipment and the cast is all that could be desired. The presentation of this gem of musical comedy, which has been a success at the local theatres and formerly with English pantomimes, is portraying the character of "San Toy" and the role has never before been so charmingly presented. The balance of the company principals are O'Connell, who has been identified with revivals of "San Toy" in London, and give a capital performance. During the engagement matinees will be given on Wednesday and Saturday.

The great Cathedral Singers, Europe's most famous quartet, will make their debut in Toronto at Shea's Theatre next week. This promises to be one of the musical treats of the season. Billy Brantley, who has given a correct sketch entitled "Mistakes Will Happen" while Bradley and Ardine offer a musical comedy, entitled "Follies of the Dance." Other attractions on the bill are: Swift & Kelley, Howard & Sandler, and the musical comedy, "The Great Escape." Shea's Hippodrome. The completed print of the motion picture, which is being taken all this week at Shea's Hippodrome, with a cast of 700 persons, under the direction of an experienced camera man, will be shown in its finished form as the feature attraction of the Grand Opera House. The picture is "Firebrand Trevelion," starring Buck Jones, will introduce a new feature, "The Mystery of the Vanishing Dagger," which will be shown in its finished form as the feature attraction of the Grand Opera House. The picture is "Firebrand Trevelion," starring Buck Jones, will introduce a new feature, "The Mystery of the Vanishing Dagger," which will be shown in its finished form as the feature attraction of the Grand Opera House.

STEAL JEWELRY OF LADY BORDEN

Ottawa Police Trying to Trace Porch-Climbers Who Made \$6,000 Haul.

Ottawa, Oct. 20.—Forty-eight hours have elapsed since the \$6,000 jewel robbery at the home of Sir Robert Borden, 201, Wellington street, with out any further developments. The police are endeavoring to obtain finger prints from the jewel case, which was left behind in the killing of the two police officers, and expressed regret for it, "because it did mean a certain break in the splendid discipline of the military police." He had paraded the men, he said, and told them that no matter what provocation there might be they must not give away, but he could not in his mind believe that the men would do it. It might be wrong—condemn the same way as those policemen who lost their heads as he condemned the assistants who gave provocation for this outrage.

LEAGUE DISCUSSES ARMENIAN MANDATE

Obliged to Decline Duty and Has Not Yet Found Substitute.

Brussels, Oct. 20.—What to do with Armenia and how to arrange for the protection of the rights of minorities in the territories that have changed sovereignty, were the principal questions discussed by the council of the League of Nations, which met privately this morning at the residence of Paul Hymans, former Belgian foreign minister, and this afternoon, also privately, at the Palais des Academies. Leon Borgeoise for France, Signor Tittoni for Italy, Arthur J. Balfour for Great Britain, Senor Quezon de Leon for Spain, Dr. Gaston de Gunha for Brazil, M. Giacomanni for Greece, and Viscount Ishii for Japan, were present. M. Hymans presided. The league has been obliged to decline because of lack of force and of funds to carry out mandates.

PULP AND PAPER MEN PLAN HUGE COMBINE

Montreal, Oct. 20.—The locking definite confirmation, it is stated, that negotiations are approaching completion for the combination of maritime provinces lumber and pulp and paper interests that will bring together several existing pulp and paper mills with one of Canada's largest producers, and will, in addition, involve the purchase of the most extensive tract of forested lands under one control in existence. It is believed that approximately \$50,000,000 is involved in the financing of the project.

COMING EVENTS AT TORONTO THEATRES

Sparking Comedy for Royal Alexandra—San Toy at the Grand.

A. H. Woods, that highly successful producer, will present at the Royal Alexandra on Monday evening next, that eminently successful artist, Barney Bernard, in the comedy, "His Honor, Abe Folsah." The play was written especially for Mr. Bernard by Montague Glass and Jules Eckert Goodman, and is really the fourth of a series of the same character, which has become a popular production with comedy lovers in the play, written by the same writers, which was presented at the Bijou Theatre, New York, last season, and which secured a performance in every respect equal to that given in New York. Seats are now selling.

REWARD IS OFFERED FOR BUDENNY'S HEAD

Bolsheviki Want Former Cavalry Leader of Their Armies Dead or Alive.

Paris, Oct. 20.—General Budenny, former cavalry leader in the Russian soviet army, but now fighting against the Bolsheviki, has effected a junction with the Ukrainian insurgents, according to information reaching the Russian embassy in Paris today. His cavalry is reported to be harassing detachments of the soviet forces. The commander of the twelfth Russian army has offered a reward of one million roubles for General Budenny, dead or alive.

REWARD IS OFFERED FOR BUDENNY'S HEAD

(Continued From Page 1.)

Warsaw, Oct. 20.—Polish detachments, according to an official statement issued yesterday, are occupying the armistice lines. "The Poles in Volhynia and Podolia," the statement adds, "occupied Miropol, Lubar, Tarsopol, and Novorod-Konstantynov after repulsing the enemy." To Ratify Treaties. London, Oct. 20.—The members of the all-Russian central executive committee of soviets have been notified that an extraordinary session of the committee will be held in the Kremlin at Moscow on Saturday to take up the ratification of the peace treaty with Poland and Finland, says an official despatch received by wireless from Moscow. Another Moscow official statement denies all reports of anti-Bolshevik uprisings and deserts from the soviet army. It is especially directed against the report of a revolution at Nijni-Novgorod where, according to recent despatches from Warsaw, a new government was said to have been established under the leadership of Maria Spiridonova, the noted woman revolutionary leader, Victor Terentoff, a leader of the Russian peasant party, and others.

HAMILTON POLICE PLAN ASSOCIATION

To Affiliate With Toronto Organization—Decide to Ask Higher Pay.

Hamilton, Oct. 20.—Much enthusiasm was shown at a largely attended meeting of members of the local police department, held last afternoon, for the purpose of organizing a police association, which will become affiliated with the Toronto Association. The meeting was held in the hall of the Hamilton Police Association, which is known for its two qualities, namely, personality and talent. "Half an Hour" at the Regent. The successful presentation of Sir James Barrie's comedy, "Half an Hour," continues at the Regent Theatre this week accompanied by the Hamilton Concert Orchestra under the direction of John Arthur and Lloyd Collins. Lady Lillian, whose role is played by Dorothy Dalton at 7.30, intends to slope with a philanthropist; at 8 o'clock she is back in her husband's home, intending to remain faithful to him during the rest of her life. The manner in which the transformation is effected is for Miss Dalton's portrait. Next week the picture of Sir Gilbert Parker's "The Translation of a Savage" is to be presented in a new and original manner. A wonderful character study by Mabel Julienne Scott of the manner in which the spirit of an Indian nation grew from a state of savagery to its keeping with the refinements of civilization.

WOMEN'S VOTES DECIDED THE AUSTRIAN ELECTIONS

Vienna, Oct. 20.—Women's votes decided the Austrian parliamentary election held last Sunday. Figures for the whole country show that the victorious Christian Socialists received 60.3 of their total vote from women. The recent failure of Henry Cartwright to substantiate charges against the department, but it was decided that no action should be made to secure an apology.

HAMILTON

Hamilton, Oct. 20.—Judging from the interest displayed yesterday in the international plowing match, being staged at the Ontario Hospital Farm, under the auspices of the Ontario Plowing Association, this year's affair will be the best yet. It was estimated that over 1000 visitors crowded yesterday's preliminaries. Two boys riding a bicycle ran into the side of an automobile, driven by Dr. L. L. Lusk, 54 Cannon street west, at the corner of Cannon and MacNab streets, late yesterday afternoon. The boys were hurled and ran away, leaving behind the wheel, which was badly damaged. Overheated candy in an oven caused slight damage and gave the fire department a run to the home of Dr. L. L. Lusk, 54 Cannon street east, at 1.30 yesterday. The blaze was quickly extinguished. Thirty new recruits were sworn in at last night's weekly parade of the Ninety-first Highlanders. The regiment turned out 388 strong and paraded thru the streets. Miss Murray, 368 Aberdeen avenue, was slightly injured on the hand and arm when the car she was driving was struck by another automobile. Members of the Birch Bluff Club met evening at the home of Mrs. St. Albain, 1023 East Cannon street, following a short business session a pleasant social evening was spent, after which refreshments were served. Lloyd in "Get Out and Get Under" will be presented. The Teck Theatre. Wallace Reid in "What's Your Hurry" and "Rings in Society" are the attractions at the Teck Theatre today and William Farnum in "Wings of the Morning" and the tenth episode of "The Vanishing Dagger" on Friday and Saturday. Splendid Concert Tomorrow. The second of Mr. Suckling's musical events for this year takes place tomorrow evening at Massey Hall, when Miss Lenora Sparkes, soprano of the Metropolitan Opera, the Teck Theatre, and the London (England) String Quartet combine in giving a splendid concert. Massey Hall will no doubt contain a discriminating audience.

Hamilton, Oct. 20.—Judging from the interest displayed yesterday in the international plowing match, being staged at the Ontario Hospital Farm, under the auspices of the Ontario Plowing Association, this year's affair will be the best yet. It was estimated that over 1000 visitors crowded yesterday's preliminaries. Two boys riding a bicycle ran into the side of an automobile, driven by Dr. L. L. Lusk, 54 Cannon street west, at the corner of Cannon and MacNab streets, late yesterday afternoon. The boys were hurled and ran away, leaving behind the wheel, which was badly damaged. Overheated candy in an oven caused slight damage and gave the fire department a run to the home of Dr. L. L. Lusk, 54 Cannon street east, at 1.30 yesterday. The blaze was quickly extinguished. Thirty new recruits were sworn in at last night's weekly parade of the Ninety-first Highlanders. The regiment turned out 388 strong and paraded thru the streets. Miss Murray, 368 Aberdeen avenue, was slightly injured on the hand and arm when the car she was driving was struck by another automobile. Members of the Birch Bluff Club met evening at the home of Mrs. St. Albain, 1023 East Cannon street, following a short business session a pleasant social evening was spent, after which refreshments were served. Lloyd in "Get Out and Get Under" will be presented. The Teck Theatre. Wallace Reid in "What's Your Hurry" and "Rings in Society" are the attractions at the Teck Theatre today and William Farnum in "Wings of the Morning" and the tenth episode of "The Vanishing Dagger" on Friday and Saturday. Splendid Concert Tomorrow. The second of Mr. Suckling's musical events for this year takes place tomorrow evening at Massey Hall, when Miss Lenora Sparkes, soprano of the Metropolitan Opera, the Teck Theatre, and the London (England) String Quartet combine in giving a splendid concert. Massey Hall will no doubt contain a discriminating audience.

TORONTO'S CHANCE TO SECURE APPLES

Country Suggestion That the Mayor Should Organize Service for Distribution.

A suggestion has been sent to Mayor Church from Hagersville, by Rev. C. B. Pitcher, that something should be done to get the apples from the orchards to the large centres of population. Mr. Pitcher's idea is that Toronto's mayor should organize a distribution service and also send a buyer to the fruit districts to arrange for shipment in bulk.

Part of his letter to the mayor follows: "In years of plenty there is a shameful waste of apples in the country because of the poor facilities for shipping and marketing them, and you can't blame the farmer for feeding them to the hogs or letting them go to waste under existing conditions. There is an abundant crop of choice

MUST GET MARRIED BEFORE EXEMPTION

Applicant Asks Income Revision—Another Denies He Is Bachelor.

A young man appeared before the court of revision yesterday and asked for revision of his income assessment on the ground that he would be married before January 1st, 1931. He was told that he would first have to get married before he could get a married man's exemption.

Walter Wazner, C.P.R. telegraph operator and married man, appeared to explain that he was not a bachelor as alleged in the assessment roll and that he was entitled to a married man's exemption. The application was granted.

The court was asked to decide whether The Bank of Nova Scotia should be assessed on dividend cheques received by the bank and deposited to the credit of two customers. The bank argued that it had no control over the money and should not be assessed. The two customers travel about a great deal and are out of reach of the tax collectors. Judgment was reserved.

The Massey-Harris Company appealed against the assessment of \$20,000 an acre on eight acres of the old asylum property which they have acquired. The piece fronts 300 feet on Shaw street and also borders on King and Subury streets. The company argued that \$15,000 would be nearer the right assessment judging by assessments on the opposite side of Shaw street. The court reserved judgment.

The assessment on the building in the rear of The Bank of Toronto at the corner of King and Bay streets was reduced from \$15,000 to \$11,000, as it was bought by the bank a year ago for that price.

The Associated Clothing Manufacturers' Incorporated, asked for the cancellation of the business assessment of \$550 on the ground that they were not a business concern and made no profits. Commissioner Ardagh thought that the books and minutes of meetings ought to be produced to substantiate the statement that it was not a business concern.

INCREASE SHOWN IN ONTARIO PLACEMENTS

An increase in placements is shown in the returns from the Dominion and provincial offices of the Employment Service of Canada during the week ended October 2.

These offices report that they made 9,394 references to regular positions, and that 3,229 placements were effected. This is an increase of 159 over the previous week. In addition, 1,581 casual jobs were supplied.

WOULD GIVE TRIAL TO PROPORTIONAL REPRESENTATION

The proportional representation committee, appointed at the last session of the legislature, met yesterday and appointed the following sub-committees of members to consider the question of giving the system a tryout in the province—either in an urban, suburban or rural constituency: Messrs. Hill, Racine and Hendry.

Some of the members thought that the system should be tried out in Toronto as well as in some rural ridings to see the effect of it. On the other hand, it was suggested that the whole question of testing it should be left to the municipalities themselves. Others again objected to trying it out in cities—they thought that had already been done and the result ascertained.

Ronald Hooper, secretary of the Proportional Representation League of Canada, was present to explain that the system, and the upshot of the meeting was the decision to have a sub-committee consider how best to give it a trial.

TORONTO HOCKEY CLUB WINS ARENA APPEAL

The appellate division yesterday dismissed the appeal of Arena Gardens Limited, from the judgment of the late Chief Justice Falconbridge in favor of the Toronto Hockey Club for \$20,000.25, with interest from April 1918. A similar case met the Arena Gardens' appeal from the judgment against it for damages for employing seven T.H.C. players after the contract with the Toronto Hockey Club ran out. There will be a reference to the master to determine the amount of damages which the Arena Gardens must pay.

The first action was brought by the Toronto Hockey Club to recover its share of the gate receipts for the season of 1917-1918, under an agreement whereby seven players were hired over by the hockey club to Arena Gardens. The total receipts for the winter were \$53,427.25.

BELGIAN CABINET TO RESIGN MONDAY

Brussels, Oct. 20.—The resignation of the cabinet will be officially announced on Monday. It was learned here today. Premier Delacroix's retirement is said to be due to overwork and the attack upon him from all quarters on his conciliatory policy. Reconstruction of the ministry is expected to prove difficult, both the Liberal and Socialist parties stipulating a number of hard conditions for participation.

DO NOT SUFFER ANOTHER DAY WITH ITCHING, BURNING OR PAINFUL PILES

Dr. Chase's Ointment will relieve you at once and afford lasting benefit. No lot, all dealers, or Edmanston, Bates & Co. Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

RESERVE DECISION ON RAILWAY DUES

Judge Intimates That the City Would Have Priority Over the Bondholders.

Justice Orde yesterday afternoon reserved his decision on the application by the Toronto Railway Company for the interpretation of its agreement with the city, asking especially for a ruling as to whether the city's position with regard to the priority of its lien for percentage of gross receipts and for mileage would be prejudiced by deferring the payments till the final accounting, when the city takes over the road next year.

E. D. Armour, K.C., and W. Laidlaw, K.C., appeared for the company; G. R. Geary, K.C., represented the city. R. S. Cassels, K.C., and R. B. Henderson represented the trustees for the bondholders and an individual bondholder.

Mr. Armour said there had been conflicting opinions and asked for a ruling. Mr. Geary objected that the company had no right to ask the court for a declaratory judgment.

Justice Orde declared that it appeared so plain that the city would have priority over the bondholders for the amount of deferred payments that he would like to know on what ground the application was opposed. Mayor Church was present as a spectator, as also was R. J. Fleming.

GATHERING IDEAS FOR MUNICIPAL HOSPITAL

A party headed by Dr. Hastings, M.O.H., is on a tour of leading American cities to inspect hospitals and gather ideas to be embodied in a municipal hospital which it is proposed to erect in Toronto as soon as the financial situation eases up.

Other members of the party are Controller Cameron, Aid. Hiltz, and H. A. Rowland, office manager of medical health department. They will visit Detroit, Cincinnati, Washington, Baltimore, New York and other places.

AUSTRALIA WOULD HAVE ENVOY TO WASHINGTON

Melbourne, Australia, Oct. 20.—It is imperative that Australia appoint a representative to go to Washington to develop trade relations and place Australia's point of view before the United States government, when necessary, declared Sir Joseph Cook, minister of the treasury, while speaking in the house of representatives here yesterday.

WILL RECONSIDER LOANING POLICE

Mayor Thinks Action of Commissioners Is Reflection on the City Force.

Mayor Church is reconsidering the question of loaning several officers of the city police force to the provincial government to assist in enforcing the O. T. A. in the city. He issued the following statement yesterday: "The police commission will tomorrow give further consideration to their action of allowing some of the best members of the department on leave for the enforcement of the O. T. A." stated Mayor Church yesterday.

"The whole thing is a reflection on the police of the city, as they have been most vigilant and active in enforcing the act. In my opinion no special squad is necessary, as from the large number of prosecutions every day, the police have been most vigilant.

"It is time Acting Chief DeKoson was appointed chief, with full power to act. He is of the same opinion as I am that everything has been done by the police in the past to enforce the act, commensurate with the fact that the police force is short-handed, and only about fifty per cent strength in view of the eight-hour day."

FRAMING TARIFF BILL ADVERSE TO CANADA

Walla Walla, Wash., Oct. 20.—Congressman John W. Summers announced today that he is framing a bill for a tariff on imported fruit, with particular reference to Canada, which he expects to introduce in congress at the opening day of the next session in December. He did not specify the tariff decided upon, but said it would be a "good stiff duty."

SUB-TENANTS MAKE HIGH RENT COMPLAINTS

Sub-tenants are beginning to forward complaints to the assessment commissioner against high rents. One writer states that he occupies a house which is rented by the lessee for \$200 and sub-let in flats and single rooms for about \$70. Increases up to one hundred per cent. in two years are reported to the commissioner's office.

MINERS RETURN ON PACIFIC

Ottawa, Oct. 20.—(By Canadian Press)—Word has been received by the minister of labor to the effect that all the mines in district 18 Alberta and British Columbia are now working.

For Dandruff

The very best remover of dandruff is Kotalko. When the dandruff is gone, it does not return. The scalp and hair are completely freed from those troublesome flecks. Kotalko also stops hair from falling out and induces new growth. At all busy druggists. Or send 10 cents (silver or stamps) for proof box of Kotalko to KOTALKO COMPANY, LIMITED, 366-K Adelaide St. W., Toronto.

Small Deposits Because you can make only small deposits at a time—do not feel that it isn't worth while opening a savings account. This Bank knows better. During 45 years we have seen many men and women attain financial independence from the persistent saving of Small Amounts. Open a savings account with our nearest branch. Deposits of one dollar and upwards will be received. Interest paid at current rates.

### MAYOR THREATENS RAILWAYS WITH LAW

#### Objection to Any More Delays Regarding New Union Station Viaduct.

The railways have been asking for months for a conference with the city authorities on the question of measures for the early opening of the new Union Station and for grade separation on the Esplanade, outside of the building of the viaduct, which they desire to have held up for ten years. The mayor has finally arranged a conference for next week, and in order to get the railway chiefs in a nice friendly mood for a heart-to-heart discussion, he threatens them with the law if they do not immediately get busy and build at least part of the viaduct.

Following is his worship's statement, handed to the press yesterday: "At a meeting of the harbor board held last Friday, the mayor notified the board to strenuously object to any more delays regarding the settling of the new Union Station and viaduct matters and negotiations have been pending for some time between the railways and the sub-committee representing civic interests, consisting of Hon. Lionel H. Clarke, the mayor, Sir James Wood, representing the board of trade, and R. Home Smith.

"The railways have submitted their program and plans to the civic authorities, providing for the temporary opening of the Union Station. It took the harbor engineers some weeks to prepare an alternative proposition. Both these plans and propositions are now ready, and all reports in relation to them, and the mayor has arranged to have a meeting of all the various interests next week and the matter will be finally disposed of and a settlement of this vexatious question arranged for all time. The city banks on the viaduct order and we want it carried out. The C.P.R. earnings have increased for the week of October 14, over last year, a total increase for one week of \$1,680,000. The G.T.R. is a National railway now and the viaduct agreement should be carried out, Alternating Harbor Plan.

"The alternative harbor plan provides for the building of the viaduct from Yonge to Bathurst streets and the buying in of the right-of-way for the viaduct, east of Yonge street, and an extension of time for the building of the eastern section. I told the harbor board, on behalf of the city, I would not stand for any more delays, and unless some settlement was made application would be made to the courts and the railway board for specific performance of the viaduct order.

"The harbor board spent two millions for the extension of new docks between Yonge and Bathurst streets, and this money will be wasted unless the viaduct is built. We also want one bridge built over the western channel to the island and link the island to the mainland. This will be most necessary within a year, on the city taking over the street railway. If this bridge was built, some of the houses on the island would be available all the year around and relieve the housing situation. The Dominion government has approved the harbor improvements including the bridges across the eastern and western entrances to Toronto harbor, and it is a necessary part of the harbor improvements that one of these bridges be built at once, as both entrances and the approaches thereto have now been made ready for the bridge by the government and the harbor commission."

### RETURNED SOLDIERS ARE MAKING GOOD FARMERS

In a district of Alberta, near the Saskatchewan border on the Canadian Northern Railway, the 128 soldier settlers on the land who were visited by the soldier settlement board inspector recently, and the gives his opinion that all, with the exception of one, will make good. The exception is a half-breed farmer whose wife deserted him, and by reason of that domestic affliction, he is not making the progress he should. Crops were exceedingly good throughout the whole of the district and some of the settlers are expecting to repay their entire indebtedness to the board out of this year's proceeds.

### CONTROVERSY OVER DOGS CULMINATES IN COURT

The old controversy between the city of Toronto, the Canadian Kennel Club, and Leonard and Jennie Parker, culminated in the afternoon police court yesterday, when the woman was fined \$20, and costs of 30 days for keeping dogs on Wansless avenue without a license. "All right," said her husband indignantly, "I will sue the city."

The trouble commenced when the defendants were expelled from the Kennel Club without stated reasons, and refused a permit to keep dogs. Without a permit they were unable to get a license.

### VISITORS TO ALGONQUIN PARK

Recent guests from Toronto registered at the Highland Inn are Mr. and Mrs. J. W. Lang, Mr. George Lennox, Mr. and Mrs. Allan Ramsay, Mr. and Mrs. S. B. Cornell, Mr. and Mrs. J. H. Wickson, Mr. B. Grosse, Mr. A. J. Hill, Mr. and Mrs. J. A. MacKenzie.

### THE EXCHANGE RATE

#### IV.—What Controls It?

IN No. II. of this series, we explained why the foreign dollar is a commodity and not money, and in No. III. the inconvenience of settling international debts in gold, which led to the system of Bills of Exchange described below.

Sales of exported goods are usually settled for by the vendor drawing a draft on the purchaser for the sum due, which draft the vendor deposits in his bank.

His banker forwards the draft (in such a transaction called a Bill of Exchange) to the nearest money market, probably, in the case of an American, to New York, Chicago or San Francisco, and in the case of a Canadian to Toronto or Montreal. To do this it is not necessary for him to insure his letter or even to register it, for if the bill were lost, he could get a duplicate.

For instance, if the vendor lives in the United States, he will offer the Bill of Exchange for sale, say, in New York, as Canadian funds, because the draft is payable in Canada.

There may be several persons in the market who want to buy Canadian money to pay for goods bought from us. If there are many such persons and only a few drafts on Canada are being offered, the bidding is keen and the price obtainable for the draft goes up.

If, however, there are few bidders and many drafts, the holders of the drafts may be willing to lower the price they ask in order to obtain their money at once.

This brings us to the influence of the balance of trade on the rate of exchange. We will deal with this aspect of the subject next week in No. V. of the series.

### THE CANADIAN BANK OF COMMERCE

Capital Paid Up \$15,000,000. Reserve Fund \$15,000,000.

This series, when completed, will be published in pamphlet form. If you desire a copy, write to our Head Office, Toronto. 339R

### JOINS OPPOSITION TO SCHOOL ADDITION

#### Finance Commissioner Supports Mayor Against East-End Project.

In a report to Mayor Church, Finance Commissioner Ross joins the forces arrayed against the proposed grants, totaling \$450,000, to the school board for an addition to the high school of commerce and a technical school in the east end. The commissioner says: "Your commissioner understands that the erection of the new technical school in the east end of the city, and an addition to the high school of commerce was under consideration at the time the estimates were struck last spring, and after due deliberation, both proposals were declined. The building program then presented, amounting to \$4,908,000, was reduced to \$1,208,000 (which included \$365,000, being balance of \$448,000 authorized in 1919) as it was deemed impossible for the city at that time to finance the full amount requested by the board. In May last a supplementary building program was presented, aggregating over \$2,000,000, which council, upon advice of this department, reduced to \$1,000,000, and the grant was passed on the understanding that it would complete the capital requirements of the board for this year. "As the city is already committed to the funding of very large expenditures—amounting to over ten millions, exclusive of the Toronto Railway Company—your commissioner recommends that no further undertakings on capital account be assumed at the present time."

The board of education's requisition will be before the board of control tomorrow.

### WANTS STRONG MAGISTRATE.

Mayor Church has again written to the attorney-general urging the appointment of a strong man as police magistrate to take the place of the late Magistrate Kingsford. His worship informs the minister that the job ought to go to a lawyer.

### VALUABLE TIMBER AREAS FOR SALE

#### Government Hopes to Materially Increase the Provincial Revenue.

Within the next month tenders will close for a number of valuable timber limits which have been put up for sale by the Ontario government. The value of the big deficit that is anticipated this year, the receipts from the sales will be more than welcome. The following are the berths offered:

North Jellicoe berth, north of Canadian Northern Railway and near Jellicoe, Thunder Bay district, 50 square miles.

Ware and Corwin townships, Thunder Bay district, two square miles.

Berths Z, F.P. 7, P.P.H. 11-12, O.A. O.I.A. Thunder Bay district, 64 square miles.

Mining locations north of Arrow Lake, south of Canadian Northern line, four square miles.

Shelly township, southern portion, district of Sudbury, area 12 square miles.

Southeast corner of Carman township, Timiskaming district, two square miles.

Area south of township of Pringle, Thunder Bay district, one square mile.

Area in vicinity of Budd station on C.P.R., west of Fort William, two square miles.

North half of McFadden township, Temiskaming district, about 16 square miles.

Area west of Hele and Sterling townships, Thunder Bay district, 72 square miles.

Parts of Haycock township, Kenora district, two square miles.

Northeast quarter-section, Prince township, Algoma district, one square mile.

### GENERAL BOOTH'S PLANS FOR VISIT TO TORONTO

General Bramwell Booth, the head of the Salvation Army, is on board the Mauretania, which docks at New York next Saturday. He is going first to Ottawa and Montreal during his visit to Canada, and is coming to Toronto on Friday, October 29. On Saturday, the 30th, there will be a procession with seventeen Army bands to welcome him, and a civic reception at the city hall at 4 p.m. General Booth will speak at a meeting at Massey Hall on Sunday afternoon at which Chief Justice Sir William Mulock will preside, and he will deliver another address at Massey Hall on Sunday evening. On Monday night at Cooke's Church there will be a great missionary gathering. The remainder of the general's time in Toronto until his departure on Thursday morning for Chicago will be employed in conferences with the soldiers and officers of the Army in Toronto.

### PAY OFF MORTGAGES ON CITY CHURCHES

#### Congregations of Downtown Methodist Edifices Are Growing Again.

The Methodist Union of Toronto have just issued their annual report and it contains interesting reading concerning some of the downtown churches. Queen Street Church has been freed of its mortgage of \$16,000 and \$1,056 interest. In addition the union has made a grant of \$3,000 to carry on the work of the church. A mortgage of \$9,000 has been paid off Crawford Street Church, and a grant of \$2,000 made for current expenses. Arrangements have been made to pay off \$12,500 mortgage on Euclid Avenue Church. A grant of \$3,500 was also made to the church which is also an instance of the open day and night. It cost \$5,000 to reconstruct the building. It has been decided to erect a portable church on Dewar road, north of Danforth ave., the site having been given by the Harris estate. A large house on Jarvis street has been purchased for the travelers and for housing young women. An amount of \$10,000 has been made on twelve church properties and the union have bought the Langmuir property on Sparrow Lake for \$7,000 to enlarge the summer camp.

The house on Jarvis street is to cost \$10,000 to build and will be known as the Victor Home for Women. The money is to be raised by a public appeal next January.

The union have decided to reconstruct several of the downtown churches for institutional work, and are prepared to spend a great deal of money to meet the needs of today.

The union reports that congregations of downtown Methodist churches, which were falling off in numbers up until a year ago, have now commenced to enlarge. The change is due to non-church-going foreigners moving to other sections of the city and English-speaking people reoccupying the old sections. In King Street Methodist Church an increase is reported of thirty.

### PRINCE OF WALES' THANKS TO LEAGUE

#### His Royal Highness Wishes Success to Drive for Navy Funds.

"The Prince of Wales sends his best thanks to the Navy League of Canada for their message of congratulations on his return home. His Royal Highness is interested to hear of the Navy League drive, and wishes it all possible success."

The foregoing cable message from the Prince of Wales was read by Dr. H. J. Cody, chairman of the Toronto branch of the Navy League luncheon on Monday and the members played great enthusiasm. The league had sent a cable to the prince congratulating him on his safe return to England.

"This is the best of introductions," remarked Dr. Cody, following the reading of the royal message. "The Prince of Wales himself, how vital to the life and prosperity of the empire is the sea. The sea does not separate—it unites. The sea waves are the arteries which the very life blood of the empire flows. I do feel that the Navy League is the only organization in the Dominion of Canada that is seeking to do this very great work of national importance. The foremost object, Dr. Cody declared to be philanthropic.

Thomas Roden, vice-chairman, paid high tribute to Dr. Cody's work for the Navy League.

Announcement was made for a large deputation of workers to wait on the board of control at 10.45 a.m. tomorrow.

While no figures are available for the Toronto district as yet, encouraging reports are being received from all parts of the province. Frank Sloan, Toronto, has sent his cheque for \$500, the first to be received. The Evening Telegram, \$500, and the Mail and Empire, \$250. Numerous smaller subscriptions are reported. Hon. C. C. Ballantyne, minister of marine and fisheries, was Dr. Cody meeting but will arrive in Toronto later to review the "Boys Naval Brigade."

### FAVOR BUS LINE ON YONGE STREET

#### Kiwanis Club Members Also Advocate Completing Teraulay Street Extension.

The following were among the suggestions made by the public affairs committee at the Kiwanis Club luncheon held at the King Edward yesterday:

Take cars off Yonge street. Substitute with bus line to Davenport road, or railway viaduct. Complete Teraulay street extension to Davenport road. Extend either Church street or Victoria street northward to meet Davenport extension. Operate cars down street west of Yonge, and up street east. Have single tracks on King, Adelaide, Richmond and Queen streets. Operate cars east on King and Richmond, and west on Adelaide and Queen streets. Eliminate all Y-ling by using loops.

The report will be considered later, and the findings passed on to the transportation commission.

**MURINE Night and Morning.** Clean, Healthy Eyes. If they Itch, Smart or Burn, if Sore, Irritated, Inflamed or often, Severe, Safe for Infant or Adult. At all Druggists and Opticians. Write for Free Eye Book. Write to: Murine Co., Chicago.

### Sealed Tight—Kept Right for you

### ONE EVERY MINUTE.

By BILLY SCOTT

“AFTER ALL THE GUYS BLOWN THEIR JACK SHE'S STILL ON THE QUARTER AND NOT A MUD ENTRY”

### THE BITER "BIT"—TAKE YOUR TIME ON THIS ONE.

I WAS moochin' along this mornin' when a doll wagon zipped into the curb and a dame friend gave me a bid to hop in. "Selmer," she says, "the taxi did a tale spin and a couple of nose dives, 'why do the fellas yank up their pants when they set down, that's what I've been wonderin'!"

"Say!" I says, "Why don't landlairs like babies? I dunno!" Then we got talkin' about how it's the limit the way they're wantin' to put Ponzil in the movings.

"And ain't it the truth?" I says, "First it was the leather punchers. We had pictures of Willard what was so rotten they went right to the scrap heap. Then we had Dempsey and Leonard. And now there's a new one called 'The Wonder Man,' starrin' this Carpenter bird. You can't beat it! And we're even gettin' the horsehide slingers and diamond artists interestin' in makin' a home run for flicker fame. The public is shore showin' some patience when it stands for such a lot of trashy celluloid. And this recavin' messages from beyond is givin' us a mass of nothin' about the mystery of the unseen."

"It's shore fierce, but where you livin' now, Selmer?" says my friend. Can you beat that? Dead from the tonsils up.

"Same place, which is Mrs. O'Shaughnessy's," I says.

"O, dearie, you should see my place," she says, very mazumish, and pushin' in a hairpin.

"Ree-aw!" I says, jest like that, you know, swell and everything. "O, yes," she says, "I gotta grand duplex. My walls is paneled, my floors is all oil-painted and my ceiling is stucco."

She held her mouth like she'd bit into a lemon and when I come to she had arosen and fled, but I'll ask her yet what she meant. It's a queer world, eh, Ernie?

### CHIROPRACTORS ENJOY INAUGURAL BANQUET

#### Prominent Members of the Profession Assembled in Toronto.

At the inaugural banquet of the Dominion Chiropractors' Association, held in the Walker House, many prominent in the profession, from distant parts of Ontario enjoyed the program of music, recitation and addresses which followed the dinner. J. W. Brown of St. Mary's, Ont., gave a very amusing stump speech, imitating the efforts of the patent medicine vendor to strengthen the confidence of his audience in the efficacy of his wonderful 'cure-all' medicine. Mrs. Tallman gave an appropriate recitation, and Dr. Ida Secrestan rendered a solo, both being much enjoyed.

Dr. D'Arcy McLean acted as toastmaster, and called upon the following speakers: Drs. E. Duval, E. H. Secrestan, E. Robt. Duval, Dora H. Fleming of Toronto, Dr. O. H. Tallman of Owen Sound, Dr. C. R. Mudge of Galt, Dr. A. M. Nielson of Georgetown, Dr. Eimer J. Charabois of Alexandria, Ont., and Dr. P. S. Lumley of Sarria. Dr. E. J. Chattoe of Toronto outlined the growth of the D. C. A., and brought out the object of its existence, viz., provincial organization and protection for straight chiropractors, so that the people of Ontario would know the true from the false and prevent the science from becoming confused with other branches of the healing arts. The D. C. A. executive intend to bring Dr. B. J. Bell, executive founder of chiropractic, to lecture in Toronto in the near future.

### Too Fat?

Do not try to become slender the drastic doses, no starving, no cathartic exercises. Become graciously slender and bright and well-balanced; also high double chin, neck, face, reliable Korean system. How shapely you are, this picture gives you an idea how shapely and fit. By taking Korean medicine and following easy directions of Korean system the relief from dumpy figures to graceful tall and in better health. Why not you? Reliable anti-fat self-treatment. LABOR NEWS

MACHINISTS MAY LEAVE FEDERATION

Association Is Third Strongest Labor Body on the Continent.

The possibility of the secession from the American Federation of Labor of the International Association of Machinists was learned locally yesterday.

The decisions which are principally involved concern the claims to jurisdiction over all pipe-fitters by the United Association of Plumbers and Steamfitters, and over certain classes of machinists by the United Brotherhood of Carpenters and Joiners.

The Machinists' Association is the third strongest labor body on the continent, declared one of its officials in discussing the situation.

The Builders' Laborers' Union will hold an open meeting on Friday evening, October 29, in the Labor Temple.

Denial of a report of their intention to seek a 25 per cent. increase for the year 1921 was made yesterday by John Doggett, secretary of the affiliated unions of the Building Trades Council.

The transaction of routine business and the reception of three new members occurred at the Iron Moulders' Union at its regular meeting in the Labor Temple.

General Organizer William Varley, of the American Federation of Labor, has returned to work in eastern Canada, and will remain in the city for some time in the interests of the international body.

Considerable progress in the organization of the soft drink and allied workers of Kitchener and Waterloo, is reported by William Varley, its executive council.

AVIATORS RETURN FROM ALASKA TRIP

Covered 9,000 Miles and Recommend That Route Be Made Permanent.

Minneapolis, N. Y., Oct. 20.—Escorted from New York to Minneapolis by an aerial fleet, four United States army airplanes today completed a 9,000-mile round trip to Alaska, which they started July 15.

So enthusiastic was Captain St. Clair Street, squadron commander, over the success of the aerial survey made by his "ships" that he announced tonight his intention of recommending to the war department that the route blazed by the army fliers from Minneapolis to Nome be made permanent.

With his seven companions on the long flight, Capt. Street will leave Friday for Washington, where an official reception has been arranged in the near future. He said that Alaskan settlements desired such service, and that a movement was now on foot to gain the co-operation of the Canadian government.

Indians Take Flight. The aviators told many interesting stories of their trip. At some landing places along the way game was plentiful and fresh meat was always available. The fliers sighted herds of reindeer and caribou, and often saw bears, mountain sheep and other game.

A school of white whale and seals were sighted in the Behring Sea. From the air also they saw Indians take flight on approach of the planes. Captain Street said that the expedition failed to get as many pictures as desired because of poor visibility.

It was necessary to fly high in bad weather, he said, to avoid hitting mountain peaks. A good portion of the journey was made at 8,000 feet. Hundreds of miles of territory covered had not been mapped and the only information available was from trappers. Pictures which were obtained were turned over to the geographic survey in Washington.

MINING PROSPECTS IN NORTH. In northern Manitoba and Saskatchewan is a belt of highly mineralized rock which promises to produce prosperous mining camps.

THE SUM OF EVIL. He that calls a man ungrateful sums up all the evil of which one can be guilty.—Swift.

House club yesterday afternoon, a charming musical program was given by Dr. Broome and quartet of singers: Mrs. Roy Thomas, Mrs. Roberta Knight, Mrs. J. Hubbard and Mrs. Austin Douglas.

THE BISHOP STRACHAN School Association will hold its annual dance in aid of the social service work of the association will be held in the Masonic Temple on Tuesday, November 2nd.

THANKSGIVING WEEK Sale of Soldier's Work, now on at 71 King Street West. Many useful and beautiful articles at reasonable prices. Open Saturday afternoon.

part of food being permitted aboard. After the feline army was gone, the rats attacked the ship's furnishings, and infested her eleven decks and intricately sub-divided interior.

Quarantine officers say, however, that the end is in sight. In their battle for life, they declared, the rodents would destroy one another.

MILLION DOLLAR CO. TO MARKET ASPROLAX THROUGHOUT CANADA

Canadian Druggists Receive Positive Instructions to Refund Money in Every Instance If It Fails to Give Prompt Relief.

EXHAUSTIVE TESTS PROVE EFFICIENCY

Remarkable New Remedy Is Combination Treatment, and Acts As An Antipyretic, Expecto- rant, Laxative and Antiseptic.

People who have taken Asprolox, the new treatment for colds, which has been accomplishing such remarkable results, find it difficult to describe the wonderful feeling of relief they experience.

A million dollar corporation composed of highly successful, level-headed business men, stands squarely back of every bottle sold. If you are suffering from a cold, go to your nearest druggist and get a bottle of Asprolox.

When you eat let it be the best

APPLYING SYSTEM OF KILKENNY CATS Rats on Steamship Leviathan Are Finally Left to Eat One Another.

New York, Oct. 20.—Swarms of rats made savage by starvation, a means instituted by quarantine officials to eradicate them, have attacked and put to flight a large cat family, it was learned today, and otherwise played havoc aboard the steamship Leviathan, formerly the German liner Vaterland.

Since the Leviathan has been tied up at a Hoboken pier, her rodent population has multiplied into legions, and infests her eleven decks and intricately sub-divided interior.

Quarantine officers say, however, that the end is in sight. In their battle for life, they declared, the rodents would destroy one another.

LARSEN ACQUITTED OF MURDER CHARGE Freed of Accusation of Having Killed Brother-in-Law—Applause in Court. Brampton, Ont., Oct. 20.—After nearly two hours' deliberation the jury acquitted Frank Larsen of the charge of murdering his brother-in-law, James Davidson, in Cooksville on March 3. Applause in the court followed the announcement. Frank Larsen immediately went over to his father and shook hands with his brother, Joe, kissed Frank on the cheek. The sister, James Davidson's widow, also accompanied him.

ANCIENT FOREST OF MANITOBA The greater part of Northern Manitoba was once covered with a much heavier forest than that now existing there. The old forest was destroyed by fire many years ago. The present forest consists principally of second-growth.

The Toronto World

FOUNDED 1855. A morning newspaper published every day in the year by the World Newspaper Company, of Toronto, Limited...

THURSDAY MORNING, OCTOBER 21.

The Sugar Situation.

The sugar situation took a sudden turn at Ottawa yesterday. The refiners abandoned any claim that the recent order of the board of commerce prohibiting the importation of sugar should stand...

But there must be a follow-up of some kind. Either sugar is about to go up in price in the States and therefore in Canada; or some other consideration may be given hereafter to any request made by the refiners to the government and parliament for relief because of their obedience to the previous order of the board of commerce...

But for the time being the refiners have forestalled any inquiry into their business, their capitalization, their profits, including what they make out of the byproducts, and into any combination to which they or the jobbers or the grocers may be parties.

At best the issue has been adjourned. No one knows what the price of sugar is to be to the consumer—only the embargo on importation has ceased to exist. But the government leaves to the public an open market to buy in, and it is not likely that a strict interpretation of the dumping clauses or of the pure food law will interfere with importation other than the payment of the duty of two cents a pound.

How much importation from the States will now begin no one knows; nor what the prevailing price in the States is to be within the next fortnight.

Consideration for the women voters of Canada seems to be the impelling cause behind the government's action so far. Perhaps their next demand may be that the board of commerce reduce the selling price of sugar.

But something ought to happen within the next three days; freer importations of cheaper sugar from the States or an advance of the price of sugar in both countries until the nearest conditions adjust themselves. In some way the banks of the States are helping the sugar growers of Cuba to get over their financial troubles, and this may end in the price of sugar going up in the States.

Capitalization of Companies. That there is something sinister in the recent incorporated company promotion by which capitalization is recognized by the number of shares issued instead of by a stipulated capital in which each share has a stated par value, is the opinion of those who have been following the innovation imported from the United States. The new form has at least been most acceptable to those companies which have found business so lucrative that stock bought in addition to responsible dividends have been freely given. This has been especially the case with the Canadian paper companies, and some cases can be cited in which the common shares have been increased five times without the addition of a new dollar of investment from the shareholders.

heavy taxation is called for and a fair distribution of the levy is being sought. How could a bank do business if most of its shares were of no par value? And this seems to be where our joint stock companies are landing. A rather serious outlook.

Fields for Labor Open.

Canada is not troubled to any extent with the question of unemployment so prominent in England, to a greater degree on the continent, and in a small measure now making its appearance in the States. Having been highly favored in this regard thus far, it is an assurance that the commercial depression felt in other countries will not be experienced here, tho in a minor way. Following the outbreak of war there was a depression here, but mostly in the populous centres, and public steps had to be taken to provide employment for those who had been displaced from positions.

If the present labor unsettlement is to become general, public bodies will be again called upon to start such works as will provide relief measures, and in no direction could advantage be taken of a surplus supply of labor better than in commencing the radial program outlined by Sir Adam Beck's Hydro Commission. The mining districts of New Ontario also offer a field for remunerative labor, and the greater development of the two important gold camps of Porcupine and Kirkland Lake means a big addition to the wealth of the province. Ontario's lumber industry will also take care of a large number of men whose physical ability will enable them to follow that occupation.

Remarked in Passing.

It is now up to the board of commerce to prosecute the government for rescinding their sugar order. The board of commerce can now sing in chorus that old-time song, "Where are the friends that we had long ago?" Toronto importers say sugar may sell at 16c within a week. Even the most unromantic individual should appreciate the charms of this kind of "sweet sixteen."

Ottawa reports that porch-climbers got away with Lady Borden's jewels, thereby dispelling the belief that the only climbers in the capital are of the social variety. With odds on Harding of seven to one it looks as the Cox, who has been notably successful in Ohio state politics, is just one more illustration of the man who tried to stretch a three-bagger into a home run.

If prices of produce go on dropping the frugal farmer when he comes to town may, instead of visiting the motion picture palace, content himself with getting weighed on a slot machine.

GRENFELL PRESENTS CASE FOR LABRADOR

Is Asset to Humanity—Produces Sturdy Type of Men and Women.

Ottawa, Oct. 20.—At a luncheon held today in connection with an appeal for assistance for the Grenfell Labrador Medical Mission, Dr. Wilfred T. Grenfell said he was often asked why people lived in Labrador.

There was no answer except that they did. They would rather live one day in Labrador than six months in Whitechapel, London, where he had spent part of his early life, and where conditions were terrible.

Aid is Needed. "Labrador is a valuable asset to humanity in that it breeds the kind of men we want," said Dr. Grenfell, "men who can uphold the best traditions of the sea, who can handle our transportation. It is a tough country to live in, and therefore breeds a sturdy type of man and woman. If you can help make life more possible in Labrador, either thru the eyes of a surgeon, or a timber merchant, who would start an industry in our forest belts, we need this help."

Sir Robert Borden presided, and in introducing Dr. Grenfell, voiced his deep and earnest appreciation of the work which the head of the mission had accomplished on this side of the Atlantic ocean during the past 28 years.

WOMEN OF NORFOLK AID HOSPITAL PLAN. Simcoe, Ont., Oct. 20.—Delegates from practically all the women's institutes in Norfolk county met at Simcoe this afternoon for the discussion of plans to finance the building of a hospital for the county. The meeting, which was presided over by Mayne Carter, was unanimous in opinion that the institution should be situated at Simcoe, the county town, and that the work should be undertaken at once.

INDIA'S TRIBUTE OF DEATH TO JUNGLE

Over Twenty-Two Thousand Are Dead of Snakebite Alone.

London, Oct. 7.—India still pays its annual tribute of human life to the jungle. In fact, the number of deaths from snakebite or the attacks of wild beasts has steadily increased during the last few years, says a Central Public Health message, a fact which has been attributed to the great floods. The rising waters have driven the serpents out of the lowlands into the villages, and have diminished thru drowning, the natural food supply of the larger wild beasts.

According to the figures just issued, 55 persons were killed by elephants, 25 by hyenas, 109 by tigers, 853 by leopards, 819 by wolves, 853 by tigers, and 888 by other animals, including wild pigs. No less than 22,478 died from the bite of poisonous snakes. The grand total of mortality is 24,878. A delegation from Wisconsin, in a statement, asked the commissioners to "view the attitude and character of the opposition presented in this city," declaring it was "straining to the utmost the friendly feeling held by shippers of the west toward New York."

They were pleased that the "prominence of the New York gentlemen" who spoke in favor of this project, shows New York is not "united" in opposing it. "The feeling of the west and north-west is that New York is playing a purely selfish game," said the statement. "Under the Esch-Cummings act, the shippers have the right themselves to designate the route over which their shipments are to be made, and we do not hesitate to state openly that if New York, who speaks in favor of this project, will suffer, because the west acts and acts quickly in defence of the principles of justice and square dealing in business."

The statement was signed by officials of the Milwaukee Association of Commerce, the Manufacturers' Association and individuals of various cities. J. R. Holland, an Iowa farmer and president of the American Farm Bureau Federation, said the farmers are behind any project for better transportation. Mr. Hoover said that the proposed waterway would mean a saving of at least ten cents per bushel on export wheat and that this saving would go into the pocket of the United States farmer and result in greater production. The former food administration official, speaking in opposition to the waterway as similar opposition to labor-saving machinery.

In addition to Mr. Hoover, arguments in favor of the waterway were made by Wm. W. Beattie, former secretary of commerce, and Julius H. Barnes, president of the United States Grain Corporation. Henry W. Hill of Buffalo, a leader of the opposition, closely cross-examined the witnesses who were heard today, attempting to show that the waterway would destroy New York commerce. Mr. Hoover in his argument declared that the way must be opened for the wheat grower to increase productivity and this can be gained best by greater saving in transportation. The export price of wheat, Mr. Hoover said, is made at Liverpool, where the United States product competes with grain from Argentina, Australia and India.

New York Would Not Suffer. "I cannot understand the argument that New York would suffer thru the construction of this waterway," said Mr. Hoover. "The port of New York is great because of its commercial and general business prosperity of the country, and the port of New York will remain great only as long as the business of the interior continues prosperous. New York as a great distributing point would fall in production in the interior diminishes."

Mr. Hoover also touched upon the power aspect of the waterway, pointing out that the coal supply in the United States is limited and that the country must look to other sources for power in the future. Power gained by Canada as a result of the waterway would be an indirect benefit to the United States, he argued, as it would save the present drain of fuel from this country.

FOR CHURCH REUNION. London, Oct. 20.—The Archbishop of Canterbury, opening the church congress at Southend, indicated that the church authorities would issue a formal invitation for a conference on Sunday. He stated that this would be no mere following of an impulse of goodwill, but a definite and corporate act, authoritatively arranged and conducted. The archbishop added a warning against impatience in such matters.

THE KNOCKOUT

PROMINENT MEN FAVOR PROJECT

(Continued From Page 1). create in order to conserve the coal supply of the United States also was declared of outstanding importance. Continued congestion of transportation lines between the east and west and the closing of New York ports month after month, with export and import freight, forces delays which the new outlet to Europe would eliminate, the speakers said.

Admiral Benson, who could not be present, but sent a prepared statement, thought it "very doubtful that sufficient railway facilities can ever be provided to care for the transportation demands of the middle west for carrying its products to the seaboard for export. The situation can be improved only by increasing our water transportation facilities."

Opposition of the New York men who declared the project would cripple this harbor and be inimical to the barge and canal, was characterized as "pioulish" and "selfish" by many of the speakers. A delegation from Wisconsin, in a statement, asked the commissioners to "view the attitude and character of the opposition presented in this city," declaring it was "straining to the utmost the friendly feeling held by shippers of the west toward New York."

They were pleased that the "prominence of the New York gentlemen" who spoke in favor of this project, shows New York is not "united" in opposing it. "The feeling of the west and north-west is that New York is playing a purely selfish game," said the statement. "Under the Esch-Cummings act, the shippers have the right themselves to designate the route over which their shipments are to be made, and we do not hesitate to state openly that if New York, who speaks in favor of this project, will suffer, because the west acts and acts quickly in defence of the principles of justice and square dealing in business."

The statement was signed by officials of the Milwaukee Association of Commerce, the Manufacturers' Association and individuals of various cities. J. R. Holland, an Iowa farmer and president of the American Farm Bureau Federation, said the farmers are behind any project for better transportation. Mr. Hoover said that the proposed waterway would mean a saving of at least ten cents per bushel on export wheat and that this saving would go into the pocket of the United States farmer and result in greater production. The former food administration official, speaking in opposition to the waterway as similar opposition to labor-saving machinery.

In addition to Mr. Hoover, arguments in favor of the waterway were made by Wm. W. Beattie, former secretary of commerce, and Julius H. Barnes, president of the United States Grain Corporation. Henry W. Hill of Buffalo, a leader of the opposition, closely cross-examined the witnesses who were heard today, attempting to show that the waterway would destroy New York commerce. Mr. Hoover in his argument declared that the way must be opened for the wheat grower to increase productivity and this can be gained best by greater saving in transportation. The export price of wheat, Mr. Hoover said, is made at Liverpool, where the United States product competes with grain from Argentina, Australia and India.

COLONIZATION PLAN HAS DUKE'S FAVOR

Governor-General Becomes Patron of Western Canada Enterprise. Ottawa, Oct. 20.—Canada's governor-general today recognized the national and imperial importance of the western Canada colonization by becoming its patron, thereby lending his name and prestige of his high position to the organization is committed. A delegation consisting of Mayor M. A. Brown, of Medicine Hat, chairman of the association; Brig.-Gen. H. F. McDonald, C.M.G., D.S.O., its secretary-treasurer, and P. L. Smith, of Toronto, was received by the Duke of Devonshire.

The Duke of Devonshire, who has become a patron of a new movement to help build up Western Canada. Devonshire this morning at Rideau Hall. In the discussion which ensued his excellency, who has just returned from the west, manifested an intimate knowledge of conditions in the prairie provinces, and expressed his warm approval of the undertaking as one well calculated to build up Canada and strengthen the empire. Shortly after the conference, his excellency's private secretary, addressed the following letter to the delegation:

Dear sir: I am advised by the governor-general to acknowledge receipt of your letter of the 18th inst., and to inform you in reply that his excellency has been very glad indeed to become patron of the Western Canada Colonization Association, and that proper stimulation and guidance of the immigration into western Canada is of the utmost importance to your association, every success and well-being of which will be a benefit to the empire.

Yours faithfully, Arthur P. Sladen, Private Secretary. CLEARING UP THEFT OF BROCKVILLE MAIL. Second Bag En Route to Morristown, N.Y., Reaches Destination—Tampering Mystery.

Brockville, Ont., Oct. 20.—The mail-bag robbery of Thursday night last has been cleared up to some extent by one of the officers of the Dominion police, who has been working on the case the past few days. The bag, containing bonds to the value of \$2000, was found on Saturday in the C.P.R. yards with the contents intact, and the remaining bag, containing miscellaneous matter, reached its destination in Morristown, N. Y., safely, although the ferryman up to the time of the investigation stated had no recollection of handling it. The detective is still trying to ferret out who tampered with the registered mail, but so far no clue has been obtained.

THE HOUSE 'ROUND THE CORNER

By GORDON HOLMES

CHAPTER XI.—(Continued)

"At what, hammer and tongs?" gasped his father distractedly. "Angin' about old Garth, she sayin' he was alive and well, and makin' out I was lyin' when I said he was dead." "Excuse me, gentlemen, I must be off," said Banks, and the man who was still eere from the grip of Armatawaite's hands and the thrust of Armatawaite's boot knew that the first direct assault on the stronghold of Meg Gerth's pride had begun.

"Look here, young fellow," said Walker, senior, recovering his wits with an effort, "you've set in motion more mischief than you reckon on. I wish to goodness you hadn't blurted out everything before Banks. You know what he is, don't you? He's a moultain out of a molehill."

"I've found no molehill at Elmdale—don't you believe it," came the angry retort. "Why, you ought to have seen my father when I was a boy, and he told me about his father. I just laughed at it. 'Tell that to the marines,' I said. By jing, it's no make-believe, tho'. Between you and me, I'm as clear as a whistle that Stephen Gerth committed a murder, and humbugged the whole countryside into thinkin' he had killed himself. You've got your mind back a bit, and you'll see how the pieces of the puzzle fit. Mother and daughter got out of the way; servants are discharged; the man is brought to the house over the moor from Leyburn, just as old Garth escaped and Meg returned, for I'll swear she never came thru Nuttonby station. Dr. Scuffs was the only man who guessed at the truth, but fussy Hill squelched him, all because of the letter. Then, neither Holloway or Dobb, nor ourselves were given a free hand to deal with the house. Mrs. Gerth didn't mean to part with it—twice? Of course, Gerth aren't show his nose there, but when he pegs out in reality, the other two can come back. It's all plain as a white gate when you see thru it, and when we get hold of Armatawaite's connection with it, we'll know every move in the game. He's in it, somehow, and by the neck, too. You want to blame me for speakin' before Banks, but you've forgotten that Tom Bland told me this afternoon he had seen Miss Meg, and that lots of people knew I was there later. If she goes round talkin' folk here, she'll be dead it would soon come out that she and I quarreled about it. Where would I be then? When you're not quite so rattled, you'll admit that I was bound to speak and that I've chosen the right way to do it. If the police want me now as a witness they'll have to come to me, and that's a jolly sight better than what I should go to them. Do, for goodness' sake, give me credit for a little common sense!"

And, having an eye on the clock, Walker junior, bounced, but apparently in high dudgeon; but really well pleased with his own Machiavellian skill. Indeed, judged solely from a standard of evading the truth, he had been most successful. He knew that Banks would go straight to the STEAL CIGARETS. Kingston, Oct. 20.—(Special)—Burglars broke into R. J. Canada's wholesale grocery and made off with \$400 worth of cigars, two candles of \$100 and \$200 in Victory bonds and cheques.

ELECTION NOTICE

To the Voters of Northeast Toronto. Attention is called to Section 39 of the Election Laws Amendment Act reading as follows:

- 39. (1) Where a person by whom or on whose behalf notice of complaint has not been given applies to the revising officer to have his name entered upon the list, and no objection to the want of notice is taken, the having personal knowledge of the facts, that he is qualified to be so entered, shall enter the name of such person upon the list. (2) The name of any person shall not be removed from the list by the revising officer unless the revising officer is satisfied on oath that due notice of complaint has been given to such person or that such person is dead or has removed from the municipality. (3) The revising officer shall not remove any name from or add any name under oath of some person who has personal knowledge of the facts.

Under this Section any voter whose name is not on the voters' list for Northeast Toronto, and who is entitled to have his or her name entered nevertheless appeal to have his name entered on the list by applying in person to the proper Revising Officer at the sittings indicated below, of complaint, the Revising Officer will consider the applicant's appearance of the applicant will be necessary in all cases where no written appeal under oath has been filed.

TAKE NOTICE that the Election Board of the County of York has appointed His Honor Judge Coatsworth, His Honor Judge Denton and hearing the appeals of persons who have not filed written notices of appeal Hall on Friday, Saturday and Monday, the 22nd, 23rd and 24th days of October, from 9 a.m. to 12.30 noon, and from 2 p.m. to 5 p.m. for the purpose of hearing all applications made in person without written notices of appeal having been filed.

AND TAKE NOTICE that His Honor Judge F. M. Morson has been appointed Revising Officer to consider and dispose of all appeals filed in writing and that the said Revising Officer will sit in Court Room No. 2 in the City Hall on the following days to consider the appeals from the District. Appeals from that part of the City of Toronto bounded on the north by Mount Pleasant Cemetery, on the east by the G. T. R., Belt Line and the Don River, on the west by Yonge Street, and on the south by Carlton Street (from Yonge to Sherbourne) and Gerrard Street (from Sherbourne to the Don.) On Saturday, 23rd October. Appeals from that part of the City of Toronto bounded on the north by the present City limits, on the south by Gerrard Street, on the east by Logan Avenue, and on the west by the River Don. On Monday, 25th October. Appeals from that part of the City of Toronto bounded on the north by the present City limits and the south boundary of the former town of North Toronto, on the south by College Street, on the east by Yonge Street, and on the west by Spadina Avenue and Spadina Road. Each of the sittings held by His Honor Judge Morson will commence at 10 a.m. and will continue until 5 p.m. (with an intermission from 12.30 to 2 p.m.) or until such time as the appeals filed for the day have been disposed of. The voters' list for the Electoral District of Northeast Toronto is posted for inspection in the office of the Election Board in Room 107 in 688, the office of the Board. F. H. M. IRWIN, Clerk of the Board. E. COATSWORTH, Chairman of the Board.
