The total number of those confirmed is 2,299, of whom 2,173 received their first Communion at the time of their Confirmation. This is a very satisfactory result. Not only is the number larger than ever before in the same space of time, and within the same area, but it is moreover obvious to all interested that never at any previous time was the preparation for Confirmation and first Communion more thoroughly made, as was evinced by the earnestness and devout demeanour of the candidates.

DIOCESAN AND FOREIGN MISSION FUND.

I have to congratulate the Synod on the increased liberality extended to our Mission Fund, and to our Board of Foreign Missions, and in connection with the latter I recommend to the serious attention of the Synod the following letter received by me from the Lord Bishop of Algoma, which speaks for itself :—

TORONTO, May 15th, 1883.

"MY DEAR BISHOP,—

"In view of the approach of the annual meeting of your Synod, will you allow me to call your attention to a matter which affects the clergy of our Missionary Diocese very seriously ?

"*Algoma, alone of all the Dioceses, so far as I know, has no fund for the Widows and Orphans of deceased Clergy.* This fact, amongst others, places a very formidable obstacle in the way of an increase of our little staff of clerical workers. Men with families will not readily enter a Diocese where, added to other great privations, they are required to confront a future containing no provision *either for their own old age or, after they are called away, for their wives and children.* In this respect the Bishop of Algoma stands in even a worse position than the clergy, *having actually forfeited the claim* which he once had in the Diocese of Montreal by his acceptance of the duty to which the Church has called him. We all feel with one consent that the Church ought not to allow us to lie under any such disability, and we cannot but believe that many will be found, in the Synods of the several Dioceses, prepared to sympathize with us and willing to adopt any reasonable and feasible method of relief.

"The Diocese of Quebec, at its biennial Synod last January, most kindly responded to my appeal by adopting a resolution providing for *an offertory annually, for three years, in every congregation, in behalf of the Widows' and Orphans' Fund.*

"Is there any insuperable obstacle in the way of the adoption of a similar resolution in every one of the other Dioceses in the Ecclesiastical Province ? I cannot think so. Objection may possibly be urged on the ground of the multiplicity of special collections required throughout the year, but here we simply cast ourselves on the compassion of our brethren, and ask them whether this is not, in a peculiar degree, a case calling for the application of the Golden Rule and affording the Church in her collective capacity, a grand opportunity for the exercise of that "pure and undefiled religion" which, on its actively

benevolent side, consists in "visiting the fatherless and widows in their affliction"?

"If you, my dear Bishop, sympathize with us in our "present distress," as I am sure you do, will you do myself and the clergy of Algoma the favour of making special mention of this matter in your charge to your Synod, and of suggesting some immediate action at its coming session, which will, at least, help to meet the difficulty?

If nothing else can be devised, we will be most grateful for the adoption of a resolution similar to that adopted in Quebec.

Trusting that this may be another added to many expressions of interest and sympathy received from your Diocese during the past year,—I remain my dear Bishop, yours faithfully,

E. ALGOMA.

The Right Reverend the Lord Bishop of Ontario.

STATE OF THE CHURCH.

I am induced to address you on the state of the Church in this Diocese, as indicated by the census lately taken. That the Church has not grown relatively with other religious bodies is evident from the census, and this deficiency, which is not confined to this Diocese but is general throughout the whole Province, has been commented on in Bishops' charges, newspapers, and pamphlets. Various causes are assigned for this state of things, but it seems to me that the most obvious reasons have escaped the attention of our critics, while those adduced seem exceedingly far-fetched and quite inadequate to have produced such results. I should have thought any one seeking a solution to this problem would not only have read the census carefully but the JOURNAL OF SYNOD as well. He would then have ascertained that there are 175 townships of 100 square miles each in this Diocese, besides cities and towns. To provide for the ministrations of the Church of England in all these townships, cities, towns and incorporated villages, there are 96 clergymen only, and of these there are ten not available for the work of the ministry. If we deduct from the 86 available clergy 20 who live in cities and towns, and who do no missionary duty, we have a residue of 66 country priests and deacons for our 175 townships, or a territory of 265 square miles to each missionary, the consequence of which is that not one-half the area of the Diocese is supplied with the ministrations of the Church. There is food for reflection here, and a trumpet call for more missionaries and larger donations to our Mission Fund. But it is very strange that an attempt should be made to account for the fact that the Church has not increased relatively with other religious bodies, while the facts that I have stated are not taken into consideration, or rather, are wholly ignored.

There is another consideration bearing on this question, which, though not lying on the surface like the facts I have just stated, supplies an important factor in its solution. In the generation now passing away a very large number of the old settlers, while never attending the Church's services for the best of all reasons—that there were none to attend—and though attending other religious services, yet always called themselves and their families members of

the Church of England and the rising one, generations of religion, have a denomination that has a number of merely nominal members between the Church and the world. We have used to be. We have now a days, and this must mate the strength of the intensity of the conviction. That intensity is, that position with other religions, truth, tells us, yet on my consecration more rather for hope. At every day occurrence. of all those confirmed and very many of them became Churchmen. I must see that our people must not be without vitality. I was 69. It is now been rebuilt on a larger scale. I have been 126, with many more in the Diocese in 1860. I am unprovided with a parsonage. I am sadly inadequate, has been my brethren. I have been pained to hear our people. They cannot speak for themselves. I bear them. I am conscientious and hard work. I am myself to be. Too high. I am raised, who then is to be. I am the poorest Diocese in the world. I am sympathetic as I confine my remarks to one. I can know its inward look of the Christian Church. I am then the powers of agnosticism. I am become us to claim as a Church for the last forty years. I am done while there remain.

For myself I desire to say

the Church of England. That generation has either passed or is passing away, and the rising one, through our neglect to provide them with the ministrations of religion, have no hesitation in calling themselves by the name of the denomination that has come to their relief. We have therefore lost a large number of merely traditional Church members. The lines of demarcation between the Church of England and other bodies are more definite than they used to be. We have fewer heterogeneous and fewer nondescript Churchmen now a days, and this is by no means a total loss. For my part I do not estimate the strength of a Church by its numerical superiority, but rather by the intensity of the conviction with which her members hold to her doctrines. That intensity is, thank God, growing apace, and if we have lost our relative position with other religious bodies, as the census, in its approximation to the truth, tells us, yet on reviewing the state of the Church in the Diocese since my consecration more than 21 years ago, I see no cause for despairing, but rather for hope. At that time, defections from the Church were a matter of every day occurrence. The tide has now set the other way. Five per cent. of all those confirmed by me in the last 21 years were converts to the Church, and very many of them persons of rank and intelligence who knew why they became Churchmen. And when it is considered that the whole number confirmed in that time was 20,710, of whom 16,149 became communicants, we must see that our proselytes have been numerous, and that the Diocese has not been without vitality. The number of churches in the Diocese 21 years ago was 69. It is now 171, and taking into account 24 churches that have been rebuilt on a larger and better scale, the increase in new churches has been 126, with many now in process of erection. There were only 19 parsonages in the Diocese in 1862, now there are 64, very few country missions being unprovided with a parsonage house. Lastly the number of our Clergy, though sadly inadequate, has been more than doubled. These words are not boastful, my brethren. I should not have uttered them were it not that I have been pained to hear our asserted failure charged to the account of the clergy. They cannot speak for themselves as a corporate body except through the Bishop, and I bear them witness that it would be difficult to find a more conscientious and hard working Clergy than they have, on the whole, proved themselves to be. Too heavy a charge is apt to recoil, and when the question is raised, who then is to blame, we must be content with the reflection that in this the poorest Diocese in the Province of Ontario our Laity are quite as liberal and sympathetic as those of other and more wealthy Dioceses. I confine my remarks to the outward and visible state of the Church. God alone can know its inward and spiritual state, but there is much in the present outlook of the Christian Church to alarm us into more earnest work for Christ. When the powers of agnosticism and destructive criticism are abroad, it does not become us to claim as an offset against them, the wonderful revival in the Church for the last forty years, but to take as our watchword, "Nothing has been done while there remains anything to do."

DIVISION OF THE DIOCESE.

For myself I desire to say that I have more to do than I can do to my own

satisfaction; the Episcopal work has been steadily growing. The extraordinary development of the railway system which might be thought to facilitate my work has also created an increased demand for it, so much so that I am constrained to draw your attention again to the urgent necessity for a division of the Diocese somewhat on the basis agreed upon by the House of Bishops and by this Synod in the year 1877. The work has not advanced since then further than the appointment of a Committee, and I did not press the matter on your attention in consequence of the resignation of Bishop Oxenden, who entered warmly into the project, and because I was ignorant as to the views of the present Bishop of Montreal on the subject. But when we are publicly taunted with being as a Church in a relative numerical inferiority, it is worth while to consider how far that inferiority is connected with the unwieldy, unworkable size of our Dioceses.

The area of this Diocese is 20,000 square miles—a territory as large as Scotland and in addition to the vastness of area, the multiplication of Churches and increasing demand for annual confirmations remind me even more forcibly than they did six years ago when I addressed you on this subject, that the duties of my office are outgrowing my ability to perform them adequately. It rests therefore with the Synod to decide what steps, if any, should be taken, either by reviving, if possible, the joint Committee of the two Synods of Montreal and Ontario respectively, or in any other way that may be thought expedient.

SEE HOUSE.

There is another point to which I ask the attention of the Synod. I am constrained to do so by the necessity of the case. I venture to remind you that the Bishop is one of the few Missionaries of the Diocese who is without a parsonage house. Being again compelled to change my residence the inconvenience and loss incurred by such constant removals are brought home to me in a very serious manner. I trust therefore that I may not be thought unreasonable in appealing to the Synod for a See House, or if that be not feasible by reason of the difficulty of locating it, for provision for the rent of one till such time as a Bishop's house may be built. I think, brethren of the Synod, that you will not deem me to be premature or precipitate in making this request now that I have more than attained my Episcopal majority of 21 years' service. Indeed I should not make the request even now but that my official expenses are constantly increasing, my travelling expenses for the past year having reached nearly \$600. This, together with the fact that the Episcopal income has diminished absolutely by a decrease in the rate of interest obtainable, and relatively by the increased cost of living, leaves me no option but to ask your favorable consideration of this matter.

I.—REPORT OF COMMITTEE ON PETITIONS AS TO SALES OF LAND.

[Adopted p. 2142.]

The Committee to whom were referred the Memorials from the Incumbent and Churchwardens of the Parish of Kitley, from the Incumbent and certain petitioners of the Mission of Pittsburg, and from the Incumbent and Vestry of Trinity Church, Merrickville, beg to report :—

That as to the Memorial from Kitley, they recommend that the appropriation of the insurance money as set out in the Memorial be allowed, and that the sale of the old parsonage lot be confirmed, and that the Bishop do execute on behalf of the Synod the necessary conveyance for the transfer of the said lot.

As to the respective Memorials from the Mission of Pittsburg, and from the Incumbent and Vestry of Trinity Church, Merrickville, your Committee consider that as they have not before them the papers and deeds sufficient for them to form an opinion, that the matters be referred to the Executive Committee with power to act fully, the Bishop being empowered under the resolution of the Executive to execute the proper deeds.

Kingston, 14th June, 1883.

JAS. A. HENDERSON, Chairman.

PETITION OF THE INCUMBENT AND CHURCHWARDENS OF KITLEY.

To the Synod of the Diocese of Ontario :—

The Memorial of the Rector or Incumbent of the Parish of Kitley, and of the Churchwardens of the said Parish, respectfully sheweth :—

1. That by deed, bearing date the 7th of August, 1871, William Looby and his wife conveyed to the Incorporated Synod of the Diocese of Ontario a piece of land on which, during the incumbency of the Rev. Mr Forsythe, there was a Parsonage, which was destroyed by fire; the Churchwardens having been paid the sum of \$500 for insurance money, they invested it and obtained \$150 for interest, but during the incumbency of the Rev. Mr. Beaven they paid \$60 rent for the Parsonage occupied by him, which left in their hands \$590.

2. The Parsonage lot being vacant since the fire, was not very valuable; the site was not eligible, and the Parish was not able to erect such a building as they desired, but your memorialists having learned that a most desirable lot, with a large and excellent two storey house, covered with tin, well finished and having good outbuildings, could be purchased at a great bargain, arranged with Mr. James Hunt, the owner thereof, to give him the old parsonage lot (now vacant) and \$1,550 in money for his property, and accordingly entered into an agreement with Mr. Hunt therefor.

To make the cash payment, it became necessary for the Churchwardens to make use of the insurance money in their hands, and also to supplement that amount by subscriptions which they were enabled to do through the liberality of the people.

Finding that Mr Hunt was about to leave for the North-West Territories your memorialists deemed it most advisable to obtain from him a deed to the Synod of his property. The lot has a frontage of 143 feet and a depth of 304 feet, and is most advantageously situated on the west side of the macadamized road. This deed has been obtained and duly registered, and Mr. Hunt has been paid his money payment of \$1,550, so that nothing now remains for the entire completion of the bargain except the execution and delivery by the Synod of the deed of the old Parsonage lot to him.

The policy of insurance for \$1,400 on the house has been transferred to the Synod.

Your memorialists therefore respectfully request that the action of the Churchwardens in appropriating the insurance money for the purposes above mentioned, be sanctioned and confirmed.

And that the deed of the old Parsonage lot, which has been duly prepared and is ready for execution, be now executed and delivered.

And as in duty bound, etc.,

2.—REPORT OF COMMITTEE ON THE STATE OF THE CHURCH.

[Adopted, p. 2139.]

The Committee appointed to take into consideration that portion of his Lordship's charge relative to the State of the Church beg to report as follows:—

The Committee recommend that there be a Standing Committee appointed, this Committee to be called the Committee on Church Statistics, in connection with this Diocese.

That the Committee shall in every way possible seek to make itself acquainted with facts relating to the condition and progress of the Church's operations in general throughout the Diocese.

That the returns annually made by the Clergy in regard to the state of, and work done in, their Parishes be referred to this Committee for regulation, tabulation, &c.

That a report be made annually to the Synod by this Committee.

THOS. BEDFORD JONES, Chairman.

3.—REPORT OF COMMITTEE ON THE DIVISION OF THE DIOCESE.

[Adopted, p. 2140.]

The Committee appointed to take into consideration that portion of his Lordship's charge referring to a division of the Diocese beg to report as follows:—

Your Committee heartily agree with his Lordship's remarks to the effect that the attention of the Synod should be drawn "to the urgent necessity for division of the Diocese."

Your Committee recommend that a division of the existing Diocese of Ontario, upon the basis of the boundaries of the Archdeaconries of Ottawa and Kingston, is expedient,—the former containing the Counties of Carleton, Dundas, Glengarry, Lanark, Prescott, Renfrew, Russell and Stormont, and having a Church population of 42,983,—the latter containing the Counties of Addington, Lennox, Hastings, Frontenac, Prince Edward, and Leeds and Grenville, with a Church population of 42,338; the Archdeaconry of Kingston having about 52 Clergy, and that of Ottawa about 42.

Your Committee further recommend that application should be made by the Synod to the House of Bishops of the Provincial Synod for the purpose of obtaining their consent to such division; and further, that a Committee on the subject, to meet and report from time to time, should be appointed at this Synod.

All of which is respectfully submitted.

J. S. LAUDER, Chairman.

4.—REPORT OF COMMITTEE ON SEE HOUSE.

[Adopted, p. 2141.]

The Committee to whom was referred the question of providing a See House for this Diocese beg leave to report that they are satisfied of the expediency of building or purchasing such a house, to be located in the City of Kingston, and to cost not more than \$10,000, fully believing that the means can easily be procured in the Diocese.

If the idea of providing a house is approved by the Synod, the Committee recommend that subscriptions be taken up throughout the Diocese for the purpose of paying for it; and that canvassers be appointed to procure subscriptions.

The subscriptions, at the option of the subscribers, should extend over a period of five years, and should bear interest at the rate of 6 per cent. per annum.

JAMES LYSTER, Chairman.

13th June, 1883.

SUPPLEMENTARY REPORT.

The Committee on the question of providing a See House for the Diocese beg to add the following recommendation to their previous report:—

That a Committee be now appointed by the Bishop to apportion the sum of \$500 per annum on the several Parishes and Missions in the Diocese to meet the rent of the Bishop's residence until the said See House is provided.

Proposed Canons, Reports of Provisional Committees, &c.**1.—REPORT OF COMMITTEE ON LETTER OF THE LORD BISHOP OF ALGOMA.***(Stands as Unfinished Business.—See p. 2139.)*

The Committee to which was entrusted the consideration of the letter of the Lord Bishop of Algoma in reference to the formation in his Diocese of a fund for the Widows' and Orphans' of the Clergy, beg leave to report that having considered the letter they recommend :

(1.) That any clergyman of this Diocese entering the Diocese of Algoma, and continuing to pay to the Widows' and Orphans' Fund of the Diocese of Ontario his annual subscription, shall have the usual benefits of that Fund given to his family. They further recommend that this benefit be conferred upon any clergyman who has already left this Diocese for the Diocese of Algoma, who having been a subscriber to the said Fund of this Diocese, will now recommence the payment of his subscription.

(2.) They also beg leave to recommend that the Foreign Mission Board be requested to allot twenty-five per cent. of the collections for the Diocese of Algoma, after payment of the amount assessed to this Diocese for the Episcopal Stipend, to the Widows' and Orphans' Fund of Algoma for the next three years, and that the said Foreign Mission Board be requested to bring the matter before the Church in this Diocese, in order that the collections for Algoma may be increased proportionately. In view of the fact that the collections on Good Friday, Ascension Day, and Thanksgiving Day, are in general given to Algoma, they do not deem it advisable to recommend an additional collection, while they have every confidence that the object aimed at may be thoroughly attained, if the sympathies of the Church are appealed to for increased contributions on the days now mentioned.

All of which is respectfully submitted.

FRANCIS W. KIRKPATRICK.

2.—PROPOSED CANON ON DISCIPLINE.

[The Canon will be found at the end of the JOURNAL, or else be issued separately, as occasion may permit.]

3.—REPORT OF COMMITTEE ON SUNDAY SCHOOLS.*[Adopted.—See p. 2142.]*

The Committee appointed at the last Synod on the subject of Sunday Schools beg to report :—

That considering the importance of the work of training the young, not only in the principles of the Church, but in the practice of helping in its work, they are of opinion that the Sunday Schools should be recognized in

some way as an integral part of the Diocesan organization, seeing that one of the avowed subjects for the consideration and action of the Synod is the "diffusion of sound religious education." They, therefore, suggest that a Standing Committee of Synod, consisting of members, should be appointed annually by the Bishop, having the following and similar objects under their charge:—

I.—Collections for Missionary Work.

Already many Sunday Schools contribute to the Foreign Mission work of the Church, especially in Algoma, and although the amounts contributed appear in the Reports of Synod and of the Foreign Mission Committee, yet it would stimulate the efforts of these Schools, and induce others to join in the work, if such Reports were grouped together under a Special Committee, and thus be more easily and particularly brought before the Sunday Schools of the Diocese.

II.—Statistics.

It is very important that proper statistics should be compiled for the information of the Church, as to the extent and progress of Sunday School work in the different Parishes, in order, if possible, to stimulate to greater efforts.

III.—Instruction of Teachers.

The instruction of teachers can hardly come under the cognizance of the Synod, but it may very well be a part of the work of a Committee on Sunday Schools, to act as a medium for organizing the machinery for the examination of teachers, and of scholars, if necessary, after the example of the Church of England Sunday School Institute in England.

IV.—Sunday School Lesson Books.

As the diffusion of a "sound religious education" depends greatly upon the character of the manuals used, one of the objects aimed at should be to recommend or prepare such books as they may deem necessary, and to provide facilities for procuring them.

H. POLLARD, Chairman.

4.—REPORT OF COMMITTEE ON CANONS XIV AND XXX.

[*Stands as Unfinished Business.—See p. 2142.*]

Your Committee appointed (Journal of Synod, p. 1991) to report upon the possibility of so amending the Canons regulating the Commutation Fund of this Diocese as to allow Clergymen removing into the Missionary Diocese of Algoma, or other Diocese, to remain annuitants of that Fund, respectfully submit:

1. That Clause 5 of Canon XXX be amended by substituting for the words "the Diocese" in the second line, the words "this Diocese or the Missionary Diocese of Algoma, to which he may remove with the consent of the Bishop of Ontario."

5.—REPORT OF COMMITTEE ON PERPETUAL DIACONATE.
[Adopted, p. 2142.]

The Committee appointed to frame the Canon on the Perpetual Diaconate beg to report:—

That in view of the meeting of the Provincial Synod this year, at which difficulties connected with the working of the Canon passed at its last regular session are likely to be discussed and perhaps removed; and inasmuch as it is desirable that there should be uniformity of practice in the Ecclesiastical Province; your Committee deem it advisable not to proceed further with the proposed Canon that has been printed as directed, but ask leave to report at the next session.

T. BEDFORD JONES, Chairman.

6.—REPORT OF COMMITTEE ON CLERGY SUPERANNUATION FUND.
[Adopted, p. 2142.]

The Committee on the Superannuation Fund of the Diocese beg to report follows:—

There seems to be a general agreement that the formation of a Superannuation Fund has become an urgent necessity for the Diocese, and your Committee feel that the sooner such a Fund is started the better. The circumstances of the Church require that provision should be made for aged and infirm Clergymen, no longer equal to the strain of duties which our Parish for the greater part demand of their Incumbents. The existing provision for the superannuation of non-commuted Clergy has been utterly unoperative, and the Committee believe for this reason, viz.: that it precluded from its action and benefit all the leading Clergy of the Diocese who, or soon would be, beneficiaries of the Commutation Fund. The Committee consider that there is no just reason why commuted Clergymen should be included in a scheme for general superannuation. The sum of \$400 is inadequate retiring allowance for a Clergyman, who may have been for years in the receipt of three or four times that amount, together with the enjoyment of a Parsonage house. The Committee recommend that for commuted Clergymen their income from the Clergy Trust Fund should be augmented by a superannuation allowance commensurate with their length of service.

and status in the Diocese, while for aged and infirm priests, who may not be beneficiaries on the commuted Clergy list, more liberal grants be made, according to a scale to be hereafter fixed.

The Committee having carefully considered in what way a Fund may be best created and maintained, recommend in the first place that the Canon relative to the Divinity Students' Fund, be repealed in so far as it orders an annual collection to be made throughout the Diocese, and that henceforth the offerings made on the Sundays specified in that Canon be devoted to aid in establishing and maintaining the Superannuation Fund. In making this recommendation the Committee feel satisfied that the sympathies of Churchmen throughout the Diocese will be more heartily given to such a Fund than to that which in the present condition of things, when educational advantages can be obtained at so little expense, ought to be unnecessary. The Committee feel that the Superannuation Fund is a necessity for the best interests of the Church, which cannot be said of the Divinity Students' Fund—certainly not in the same degree.

The Committee would also suggest that an appeal be made to the liberality of our Laymen for benefactions and bequests to this Fund, and would submit as worthy of consideration whether Clergymen desirous of taking advantage of this Fund should not annually contribute a small percentage of their incomes, to be sent in with the collections made in the Parish.

The Committee would recommend further that the period of life at which any Clergyman should become a beneficiary of this Fund should be determined by the Bishop of the Diocese, after consultation with either the Cathedral Chapter or the Executive Committee.

The Committee advise the drafting of a Canon to embody the above recommendations.

All of which is respectfully submitted.

THOS. BEDFORD JONES, Chairman

3.—REPORT OF COMMITTEE FOREIGN MISSIONS.

The Committee whose duty it is to forward the Mission work of the Diocese in districts lying beyond its own territorial limits have much pleasure in calling attention to the increasing interest taken in their work, as evidenced in the growth of the funds committed to their care. During no previous year of their existence as a Committee have the receipts been so large as during that covered by this report. A larger number of the Parishes than in former years have sent in contributions, thus testifying that the steps taken to call attention to their work have not been in vain. The sums of money raised have in all cases been forwarded as specified by the donors, the great bulk of contributions having been in aid of the Diocese of Algoma.

The assessed contribution of this Diocese to the stipend of the Bishop of Algoma has for the first time been paid for the last nine months from the fund in charge of this Committee. In addition to this amount, the Diocese has received for its Mission work the sum of \$1,226.30, making a total amount for Algoma of \$1,526.30.

The Indian Home in Algoma has likewise received substantial aid, while various other objects have been assisted in a smaller way. It is a matter of satisfaction to your Committee to find that the Diocesan Mission Fund has not decreased in the period during which the increase in their funds has taken place, showing that there is room for harmonious action between the Committees, and that a liberal spirit is taking hold of at least some of the Church people of the Diocese.

The Committee beg to return their thanks to the various Parishes which have responded to their frequent appeals for assistance, and they venture to entertain the hope that the work in their hands will continue to receive substantial and increasing support in the future.

The Committee gladly hear that an effort is being made in Kingston to raise contributions for a purely Foreign Mission work,—that to the women of India,—and they trust this is but the beginning of an interest which will manifest itself widely throughout the Diocese.

Appended is a statement of receipts and payments.
All of which is respectfully submitted.

T. BEDFORD JONES, Chairman.

N.B.—For the statement referred to above see Appendix E.—3.

4.—REPORT OF THE MISSION BOARD.

The Mission Board begs to present the following report for the year ended 30th, 1883:—

The meetings of the Board have been duly held and invariably attended by all the members—Lay and Clerical.

The Synod will be pleased to learn that the result of the year's operations warrants an expression of thankfulness to God for the success vouchsafed to

our Church's Home Mission work. This applies both to our financial condition, and the extension of our fields of labour. The Board is happy to be able to state that the financial year closed with a balance due to the Bank of only \$62.79! When it is remembered that two years ago at the same date the debt was no less than \$2,596.77 it will be seen that there is good cause for gratitude and congratulation. It is the agreeable duty of the Board to acknowledge most thankfully the increased liberality of the various Congregations during the past year to this Fund. From the usual four sources of revenue—the two Sunday offertories, the Meetings, and the Parochial Collections—the contributions of 1881-2 amounted to \$7,858.29, while those of '82-3 reached \$8,629.43, showing a gratifying increase of \$771.14.

The contributors to this Fund will, we trust, be also pleased to know that this increased liberality has enabled the Board to expend in grants to Missions a sum of \$8,920.25, *i.e.*, more than \$2,000 over those of the previous year, when the grants were \$6,883.05. It seems manifest to the Board that the Church members generally approve of its principle recommended two years ago and sanctioned by the Synod, *viz.*, to withdraw gradually the grants made to the oldest Missions, and develop and extend the Mission work of our Church in poor and more remote parts of the Diocese. Acting on this principle the Board has promoted to the rank of self-sustaining Parishes three Missions which last year received each \$100, while a fourth, which deserves special recognition, has voluntarily resigned a grant of \$200. The example of *Camden East* might be followed by many other Missions whose circumstances are far more prosperous. The Board directs attention to the Classification List for the further reductions.

Largely composed, as it is, of the Lay element, the Mission Board feels that it may speak without offence to the brethren in the Diocese, and again remind them that the grants are *not to be regarded as vested interests*. These are intended to aid the poor members of the Church only so long as they cannot reasonably be expected to support for themselves the ministrations of religion. The Board would appeal to the self-respect, as well as the Christian charity of their brethren, now for so many years receiving assistance, not to be behind members of other religious communions, nor suffer the finger of scorn to be pointed at the children of the Catholic and Apostolic Church of England as less liberal or loving than their neighbours. The Board feels that it must always justify its claim to the title of a *Mission Board*, when it asks for the contributions of the wealthier members of the Church, and be able to say with truth that its funds are devoted only to places and people too poor to support their own clergymen. Four such places have this year been added to the list of Missions. Of these the names of three are new to the Synod—*Brudenell*, *Lombardy* and *Maberly*, while the fourth is a Mission comprising several stations of small scattered congregations in the Township of *Gloucester*, attached to Archville, a suburb of Ottawa, which is a little Church heavily incumbered, with the congregation composed chiefly of mechanics lately become resident.

Appended is a summary of the Receipts and Disbursements for the past

Before closing this Report, the Board may remind the Synod that it has now concluded its *twentieth year* of operations. During that period there have been years of plenty and years of leanness, and in the composition of the Board there have been many changes. Only one Clergyman who sat at the Board in 1863 is now a member, and eight have died, while of the twelve Lay members only two still have their seats, and four have been removed by death. But the Board has carried on its important work steadily and with a remarkable unanimity on the part of its members as well as of the Diocese at large. By no part of our ecclesiastical machinery have some memorable words of our Bishop in his first address to his first Synod been more faithfully fulfilled than by the operations of the Mission Board:—

"The vast Missionary work before us cannot be done unless the whole Church works as a unit. It is too solemn in its greatness to be thrown by us on the precarious charity of isolated Parishes. The Church expects every Parish to do its duty."

From such a sentiment the Mission work of our Diocese started. In no small degree that work has been the means of uniting in love and sympathy the Churchmen—rich and poor—of this great Diocese. It has taught them the blessing of united action and counteracted the evils of selfishness and isolation. Since 1862 this Board has expended no less than \$179,838.72, while from the Diocese the amount raised has been \$148,790.87, and still more if the donations to the Sustentation Fund and the bequest of the late John Watkins be included. With what permanent result? From 49 Parishes or Missions with Incumbents in 1862 there has been a growth to 91. From a clergy list of 57 (including Curates, Chaplains and Retired men) the list to-day numbers 100, the Incumbents having increased from 47 to 87. The assistance annually given by the richer to the poorer members of the Church has enabled the latter to build three-score of Parsonages, and erect one hundred and fifty odd Churches. The books of the Synod show that there is a general increase in the liberality of our people, and this, while we are aware that in the providence of God many of the old most wealthy and generous sons of the Church have been removed, and there has been no perceptible growth in the membership. At the close of 1863 and 1883 respectively the contributions of our people for Diocesan and Missionary purposes were as follows:

Years ended April 30th	1863	1883
Assessment Fund.....	\$ 416 00	\$ 612 60
Diocesan Missions	3,697 99	8,666 57
Foreign Missions.....		1,857 25
Widows and Orphans' Fund.....	224 15	925 86
Divinity Students Fund	106 08	447 29
Special Collections	244 78	598 43
Total	\$4,689 00	\$13,108 00

It is due to the Missionary Clergy of this Diocese—to a large extent maintained by the operations of the Mission Board—to state that this substantial

growth is the result of their labours and self-denial quite as much as of the Endowed Clergy in the cities. The Board must reiterate its belief that the Missionary Clergy, as a body, are most inadequately remunerated, and that while they contribute often out of their penury to all the Church's needs, they have been content to think more of the lasting welfare of their congregations than of their own aggrandisement. Starting now with a third decade the Board of Missions looks forward hopefully and with good courage, thankful for the mercies vouchsafed in the past, and still relying on the happily growing liberality of their Lay Brethren, and the undiminished zeal of the Clergy.

All which is respectfully submitted.

THOS. BEDFORD JONES,
CHAIRMAN.

The Divinity Students Fund Committee beg leave to report :

That there are four students now upon their List of Beneficiaries, viz. :—
Messrs. J. A. Shaw, of Ottawa ; J. G. Hooper, of Kingston ; Charles P. Anderson, Oxford Mills ; and Wm. A. H. Lewin, Prescott. To each of these grants have been made of \$150 for the current year.

Mr. William Moore, of Perth, who for two years and better has received \$100 per annum from the Fund, has written to the Committee thanking them for their assistance in the past, and not only relinquishing the grant, but expressing his determination to return the amount paid to him before taking Holy Orders—conduct which, of course, the Synod will not fail to appreciate. The Committee have pleasure in noting that the number of defaulting Parishes in past years has diminished until now there are but eight of that class, viz., Almonte, Bell's Corners, Carleton Place, Eganville, Franktown, Stirling, Tamworth, and Trenton.

An amendment of the Canon on the Divinity Students' Fund being necessary, in order to meet the case of Students in Deacons' Orders, the Chairman will propose such amendment during the present Synod.

A statement of receipts and disbursements, and list of securities, will be found on the table in the report of the Synod Auditors.

The invested capital at present is \$4,811.34, showing an increase of over 700.00 on the previous year.

All of which is respectfully submitted.

E. H. M. BAKER, Chairman.

Synod Hall, 12th June, 1883.

1.—Auditors' Report.

We, the Auditors appointed at the last session of Synod, have the honour to present the following Report respecting the Synod Accounts for the year ending 30th April, 1883.

The examination of the details of the accounts has, in accordance with a resolution passed at the session of Synod held in 1871, been committed to skilled accountants, whose certificate is submitted herewith. It appears by this certificate that the entries on the books have been properly made, that they agree with the vouchers produced, and that the accounts generally are correct.

A Balance Sheet, a Statement of Receipts and Expenditure, and a Statement of the Securities belonging to each fund, are submitted with our report.

The payments made during the past year are all duly vouched by cheques.

SUSTENTATION FUND.

The \$7,000 County of Simcoe debentures, referred to in our last report, are still held by the Bank of Montreal as security for the periodical overdraft of the Mission Fund account. For these debentures the certificate of the Local Manager was produced to us.

MISSION FUND.

The Mission Fund debt to the Bank of Montreal has been again reduced during the past year, and now stands at \$62.79, as against \$335.33 at the end of last financial year. The average debt will, however, nearly equal the amount mentioned in our last report (about \$2,000).

EPISCOPAL FUND.

The debit balance of the interest account of this fund, referred to in the statements as the "overdrawn interest account," stands at the same amount as last year (\$4,301.00).

RECTORY LANDS FUND.

We again call attention to the recommendation contained in last year's report that in cases of sales a report should be made to the Clerical Secretary of the sale, so that the particulars can be entered by him in his ledger.

ASSESSMENT FUND.

The balance at the debit of the Assessment Fund continues to decrease, and now stands at \$140.75.

The Bank balances agree with those in the Secretary's books, except so far as the differences are caused by outstanding cheques.

We understand that the matter of the indebtedness of the Rev. T. A. Parnell to the several funds has lately occupied the attention of the Executive Committee, who have appointed a Sub-Committee to dispose of the matter.

We, with the assistance of the Accountants, have examined the securities belonging to the several funds. Those transferable by delivery we found to be in the joint custody of the Treasurer and Clerical Secretary, in the Bank of Montreal (with the exception of the \$7,000.00 debentures pledged with the Bank as above mentioned). The other securities were found to be in the custody of the Clerical Secretary, with the exception of those in the Solicitor's hands, for which vouchers were produced, and some which had been paid since the 30th April last, the payment whereof was recorded in the books.

Our own observation, and the report made to us by the Accountants who examined the books, enable us to state that the accounts are well kept, and that some improvements have been made by the present Secretary. The books were also ready for audit at an earlier period than in any previous year. All of which is respectfully submitted.

RICHARD T. WALKEM, }
JAMES REYNOLDS, } Auditors.

to the Executive Committee of the Synod of Ontario:

GENTLEMEN,—We have the honour to report that we have carefully traced from the original entries in the daily blotter the various items of receipts and expenditure through the books belonging to the several funds of the Synod, for the financial year ending 30th April, 1883, and find that

each has been carefully and regularly carried through in the most systematic manner.

Every payment has been made by cheque, regularly signed, as required by the Constitution, and vouchers have been produced wherever practicable.

The accompanying statements we submit as correct abstracts from the Synod books.

We are pleased to notice that the Clerical Secretary has inaugurated several improvements in the manner of keeping the books, having a tendency to make them as clear and comprehensible as possible.

All of which is respectfully submitted.
