A provisional government was constituted, comprising Michael Collins, Wm. Congrove, Eamon J. Duggan, P. J. Hogan, Finian Lynch, Joseph McGrath, Prof. John MacNeill and Bryan O'Higgins.

As Hiram Sees It

"Well," said Mr. Hiram Hornbeam to the Times reporter, "I just bought four badges from them there skatin' gal for them there skatin' gal."

"Mrs. Hornbeam," said the reporter, "is a public spirited lady who commands my profound respect."

"Well," said Hiram, "if you're out there to see me on Thursday, you'd better be in a pun with lots of rollers to keep you from gettin' stuck."

"I'll be there," said Hiram, "and I'll be there with my rollers."

VANGUARD OF THE ICE SPEED MEN REACH THE CITY

Joe Moore, Donovan, Murphy, Hearn and Ray Murray

Boy Scouts on Hand, One Assigned to Each Visitor—Track Given Over to the Racers for Hour Sunday—Eighty-one on Entry List.

Joe Moore, international skating champion, of New York; Bobby Hearn of Brooklyn; William Murphy of New York; Richard Donovan of St. Paul and Raymond Murray, a junior skater, from New York, arrived in the city today.

Raymond Murray, who is the ten-year-old champion of New York state, was accompanied by his mother. They were met at the station by Ernest Stirling, physical director of the M. C. I. under whose auspices the sports will be conducted, and John Keefe, in addition to four Boy Scouts. They were driven to J. J. Cor's office, where they were assigned to their hotels. Other famous skaters, who are to participate in the sports, will arrive tomorrow and Monday.

Boys Scouts Assisted. A distinctive touch will be given to the meet by the presence of Boy Scouts, who will act as pages for the skaters from outside the province.

BIG SUM FOR CONTRACT BREACH

Award to Montreal Coal Concern Against Swiss Cooperative Society.

New York, Jan. 14.—(Canadian Press)—A sheriff's jury presided over by Sheriff P. E. Maple, yesterday awarded to Hamon and Ness, a Montreal coal concern, damages to the sum of \$318,650 against the Swiss Cooperative Coal Society of Basle, Switzerland, for breach of contract.

The Montreal concern was under contract to deliver 30,000 tons of coal to the Swiss government in December, 1910, at a price of \$10 a ton and when they notified the contracting parties that they were ready to ship the coal, the order was cancelled.

The society was made partly to the action as it was the intermediary through which the Swiss government contracted for the coal. The contract was for \$300,000, the purchase price and default was taken. The jury yesterday directed that damages be assessed amounting to the original sum sued for plus interest and costs.

REV. H. A. CODY IN  
MONCTON SPEECH

Addressed Canadian Club on  
Canadian Authors—Annual  
Meeting Held.

At a meeting of the Moncton Canadian club on Wednesday evening in the Brunswick hotel, a brilliant son of New Brunswick, Dr. Landry pointed to the fact that the speaker was born at Cody's, N. B., during his lifetime had contributed much towards Canadian literature.

One of the best addresses heard before the club for some time was given by the Rev. H. A. Cody, rector of St. James' (Anglican) church at St. John.

H. A. CODY,  
who when introduced by Dr. A. R. Landry who presided, was styled "a brilliant son of New Brunswick." Dr. Landry pointed to the fact that the speaker was born at Cody's, N. B., during his lifetime had contributed much towards Canadian literature.

The Rev. Mr. Cody stated one might submit a long list of Canadian writers. All he said should determine to read Kirby's "Golden Dawn," Sir Gilbert Parker wrote "The Seats of the Mighty," Richard D. Miller, the poet, had published thirty or forty books; then there followed Ralph Connor, an author well known to Mr. Landry; Robert Stead, Arthur Stringer, Hopkins Moorehouse and Douglas Durkin. The speaker mentioned some of the works of Stringer and Stead, the latter of whom passed through St. John on Wednesday and had luncheon with the Rev. Mr. Cody. In fiction writers Canada could also boast, said the speaker, of several women writers, chief among whom might be mentioned Marion Keith, Isabelle Ecclestone-McKay and Nellie McClung.

Speaking of the Canadian poets, the Rev. Mr. Cody mentioned Lora Frechette, Charles Sangster, Campbell, Scott and Carman. Carman, he said, was a native of New Brunswick, born at or near Fredericton (said to be in Hanwell Settlement). He was compelled to go to the United States for a long time. Some thirty years ago the speaker had met Carman and had not again met him until last year at the Canadian Authors' Association convention at the Place Vieux Hotel, Montreal. At that gathering Carman read an oration and was crowned with a wreath of maple leaves. Carman was assuredly the Laureate of Canada and coming into his own in his declining years.

Turning to the more sympathetic writers, the Rev. Mr. Cody mentioned a brother who was killed in the war, and she wrote "Over the Hills of Home." The reverend speaker read it. It was beautiful.

Col. John McCrae.  
Rev. Mr. Cody quoted "In Flanders Field," a poem which he declared would never die and although Col. John McCrae was dead he had created a name for himself.

Lillian Leveridge.

It should be a thundering big week of attendance if people who like pictures, the presentation of "Camille" is undoubtedly the best thing Nazimova has done.

SHOT IN FIGHT BY LIQUOR THIEVES  
Guard Gets Bullet Near the Heart—Were Surprised Tapping Drums.  
A battle between negro bootleggers who had been stealing alcohol from New York Central Pier 3 in Weehawken, and a railroad patrolman and United States customs guard took place on the pier last night, and the customs man was shot through the chest near the heart. One of the negroes was shot and the railroad patrolman's coat was riddled by bullets on one side.

Lay in Wait for Bootleggers.  
Yesterday afternoon about 5:30 William Kunz of Tappan, N. Y., a young railroad guard, and Michael Kennedy of 515 E. avenue, Edgewater, were keeping an eye open for bootleggers on Pier 3. They were hidden from sight near the alcohol drums in the building through a crack of which they peered. Kunz was particularly vigilant, for he had heard that some of the bootleggers had sworn to get him because of his watchfulness.

When Kennedy reached the end of the line of sacks and turned, the "Bear" going through Kennedy's chest an inch above the heart. He kept on going to get assistance, he said later. When the "Bear" pulled his pistol, Kunz, a crack shot, reached for his big army weapon. As he drew it the negro fired, two of the bullets going through his overcoat and inside coat, piercing a timetable he had in an inner pocket. They were so close that the powder burned Kunz's clothes, but he did not know how narrow his escape had been till later.

He fired from the hip, and the bullet hit the "Bear" over the right eye, laying the whole side of his head open. He dropped to the floor, apparently dead, and Kunz ran after the other negro, who had made good his escape by this time. "When I came back about ten minutes later," said Kunz, "the body had gone hit in the head before, and from the way he went down and the gas in his head I am sure it tore the side of his head open. But there was not a sign to show where he had gone, not a trail of blood, and although we searched every inch of the pier we could not find him or his gun. I think some of his gang came back and got him or dumped him overboard. Some of them come in boats and they might have taken him that way."

Kunz wore a new suit, which he had put on for the first time, and the coat had three holes in it.  
Kennedy walked to the railroad police station in the yards after he got outside and then to the Weehawken station, where he was put in an ambulance and taken to the North Hudson Hospital. It was said there that he might recover, although the wound was a serious one.

NEARLY one million people live in Montreal and suburbs. More travellers and tourists pass through and stay there, in one month, than stay in any other Canadian city in six months. It is also the coming Convention City of Canada.  
Yet there are less fireproof hotel bedrooms in Montreal than in one hotel—the Biltmore—New York. Less than one thousand, in fact, whereas Cleveland has 5,000, Buffalo 2,000, although neither Buffalo nor Cleveland are ocean ports or railroad terminals.  
Then, remember, that the Hotel will be operated by the United Hotels Company of America. This company has made a financial success of every hotel it has managed. It turned the King Edward Hotel, Toronto, from a losing proposition into a profitable enterprise for investors.  
Consider these facts, therefore, in the light of making an investment in the 8% Convertible Debentures of The Mount Royal Hotel Company, Limited, at par and interest, carrying a 30% Common Stock Bonus.  
For our part we have thoroughly investigated every phase of this investment and unreservedly recommend it.  
Every man or woman who has idle money, or money earning 3% or 4%, should consider at once the advantages that will accrue from investing in these 8% Convertible Debentures.  
In short, you may invest in the 8% Convertible Debentures of The Mount Royal Hotel Company, Limited, with the assurance that your money is safe—your 8% interest certain and your prospect good for a substantial profit from your Common Stock Bonus.

Changes on Canadian National Railways time schedules effective Jan. 15, will mean the inauguration of a new through service between St. John-Fredricton and Quebec, via Valley Fieldway and Transcontinental.

This train service will be by No. 61 and 62 passenger trains which will run through without change of equipment and carry the through sleeper.

The new service will be tri-weekly between St. John and Quebec, but the trains will run every week day between St. John and Fredricton, giving a more convenient service between these cities.

No. 61 will leave St. John for Fredricton daily except Sunday at 4:20 p.m. (Atlantic Standard Time), arriving at Fredricton at 7:30 p.m. On Mondays, Wednesdays and Fridays, this train will run to Quebec via Montserrat.

No. 62 will leave Quebec at 3:45 p.m. for St. John on Sundays, Tuesdays and Thursdays, arriving in Fredricton at 9:20 a.m. the day following, and leaving for St. John at 9:28 a.m., arriving at 12:28 noon (Atlantic Time). This train will also run daily except Sunday, between Fredricton and St. John, and travelers from Fredricton can save time by leaving in the morning, and return the same evening.

There will also be service by mixed trains No. 241 and No. 242 tri-weekly between St. John and Fredricton, and a passenger and mixed train will follow regular service between Fredricton and Centreville.

On the main line the only change is in the time of arrival of No. 9 from Halifax, which under new schedule will be due here at 7:45 a.m., and as these trains will make the suburban stops between St. John and Sussex, suburbs Nos. 881 and 886 will be withdrawn.

DUFRESNE REFUSED AN AMATEUR CARD

Former Montrealer Turned Down by Ontario Branch of A. A. U. of C.

Toronto, Jan. 14.—Another amateur registration card has evaded Georges Dufresne, the former Montreal hockey player.

Col. D. M. Brody, Police Magistrate of Sudbury, pleaded for Dufresne's admission to the Ontario branch of the Amateur Hockey Association.

In that city last season one of the teams against which Dufresne's team was scheduled to play unless he were dropped from the line-up.

The explanation being that there was no work for him in Boston.

In July Dufresne turned up in Sudbury. The Wolves hoped to have his services but the Registration Committee, in view of all the facts, decided not to issue him a card.

Canadian National Railways May Take Over the Grand Trunk—Borden to Stay at Washington.

Ottawa, Jan. 13.—Fall sessions will probably be the rule after the spring session which will commence in February or March.

The basal fact that power and light can be supplied under a municipal development properly carried out, under engineering conditions equal to those of their competitors at prices beyond the scope of permanent commercial competition is not open to argument.

Private companies have to pay higher interest rates on their bonded debt, and in addition they have large issues of capital stock on which dividends have to be paid.

Whether rates be fixed by the companies voluntarily or under government regulation, regard must be paid to the conditions and the rates loaded according.

No criticism directed at isolated facts or figures will alter these broad writing conditions, from which the public will derive benefits otherwise unattainable.

The City of Toronto offered the Toronto Light Company a considerable sum over and above the par value of their stock.

The fact that Toronto and over one hundred and eighty other cities and towns can profitably and efficiently distribute hydro developed electricity under municipal ownership must thoroughly convince every citizen that St. John under practically the same conditions should obtain the same results.

### FLEEING HUSBANDS WILL BE PURSUED

Quebec Government Gave Assistance in Bringing Family Deserter from Ontario.

(Montreal Gazette.)  
A resolution expressing appreciation of Premier Taschereau's co-operation in effecting the arrest in Ontario of a man who had deserted his family and who was brought back to Montreal for trial, was adopted at yesterday's meeting of the board of trustees of the Society for the Protection of Women and Children, which was held at the offices, 207 St. Catherine street west. The accused man, who had already appeared in court, had, it is alleged, deserted his family over a year ago, leaving his wife and four children utterly destitute and, consequently, objects of public charity. The S. P. W. C. regarded this action of the provincial government as highly important, inasmuch as this was a test case. The ease with which men could skip their marital and family obligations owing to the fact that they could not be brought back from other provinces at the public expense, had proved a great handicap to the S. P. W. C. in its efforts to follow up such deserting husbands. About a year ago a delegation of various welfare societies which shared the responsibility of caring for families rendered a public charge owing to such circumstances, waited upon the premier of the province and sought his co-operation in the matter of pursuing deserting husbands. The premier's reply was that they had such cases and he would do his best. Now that a precedent has been established, it was stated at yesterday's meeting, it is the intention of the society

to follow up all such cases. The seriousness was shown by the statement that twenty per cent. of children in orphan-

ages are children who have been abandoned by their parents. At the same time, it was emphasized that while the S. P. W. C. would make every effort to trace deserting husbands and fathers, it would also try every means of reconciliation and rehabilitation of family life; and would only prosecute where the deserter absolutely refused to acknowledge responsibility.

### IT NOW TEACHES TOWN-PLANNING

New Course Gets Started at University of Toronto—Two Score Enrolled.

(Toronto Globe.)  
Six municipalities outside Toronto are represented in the membership of the new extension course in civics and town-planning, which opened yesterday morning at the University of Toronto. These are New Liskeard, Oshawa, Galt, Hamilton, Port Colborne and Brantford. The majority of those registered, however, are architects and civil engineers from the city. The number enrolled yesterday was forty-one, but it is expected that more will arrive within the next few days.  
While registration was in progress, General Mitchell, dean of the faculty of applied science; Prof. Adrian Barrington, dean of the department of architecture; Mr. W. J. Dunlop, director of extension, and others, met the members of the class informally.  
The course began with an address of welcome by Sir Robert Falconer, who said that it had been felt for some time that the university should do something in the way of fostering the study of town-planning.  
"In this young country," he pointed out, "there is still time to arrange our towns and cities so that they will be at once useful and beautiful."  
Speaking of the case of Toronto, where it seemed almost too late to do as much as should be done, he said that improvements are being made and will be made. He drew attention to the way Halifax

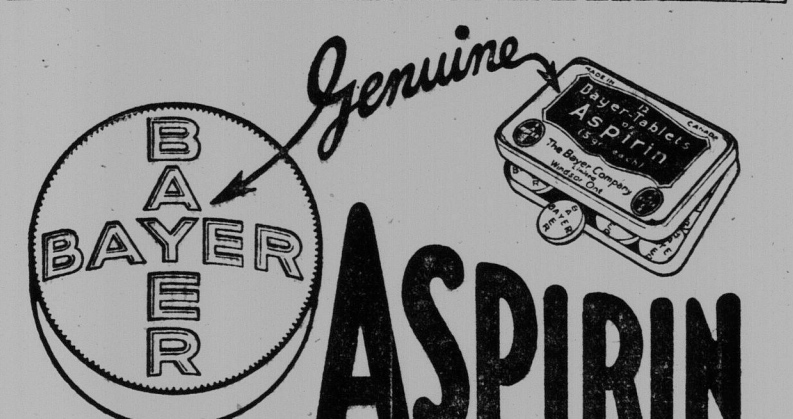

had been planned since the explosion disaster.  
In closing, he bade them a most hearty welcome to the university, and expressed the hope that they would have a very pleasant and profitable time for the next two weeks.

**Gives Credit to Falconer.**  
The chairman, Prof. Berrington, then called on Dean Mitchell, who said that while this course had been initiated by Professor Berrington, he thought the idea had really originated with Sir Robert Falconer some years ago, when he expressed to him his wish that the faculty of applied science might do something along this line. The dean then discussed the reasons underlying the growth of various Ontario cities and towns, comparing them with the cities of Europe.  
Prof. C. H. C. Wright of the department of architecture welcomed the class on behalf of his department, and expressed the hope that the course would be the beginning of a series of annual courses of this kind.

**BETTER TIMES AHEAD.**  
Sussex Record.—The business outlook in Sussex at the present time is good, and our merchants are justified in anticipating a fairly satisfactory trade during the winter months.  
There has been quite a boom among the small lumber operators of late and a number of mills are in operation in

this vicinity the products from which will be hauled here for shipment. It is estimated that between two and three million feet will be brought to Sussex. As many men and teams as are now engaged in the woods, and the hauling to follow, means increased business all around the board. A large quantity of cord wood is being brought in and readily sold at from six to seven dollars a cord. While this price seems low to ton, Norton, Fenelon and all inter-vening points, fourteen to twenty-four years of age, are entitled to register at the leaders' and girls' conference. At the outlook for the winter months in Sussex, from all viewpoints is certainly much brighter than in most places.

**Will Meet in Sussex.**  
A conference for leaders and girls is to be held simultaneously with the Tuxis boys' conference in Sussex next week, commencing on Friday, the 20th, and ending on Sunday, 22nd. The girls' conference will be held in the Presbyterian church and the boys' in the Baptist church. Girl residents of Sussex, Hampton, Norton, Fenelon and all intervening points, fourteen to twenty-four years of age, are entitled to register at the leaders' and girls' conference. At the outlook for the winter months in Sussex, from all viewpoints is certainly much brighter than in most places.

BOARD OF HEALTH ESTIMATES PASS THE COMMITTEE

Decision was made yesterday by the finance committee of the municipal council to assess for the needs of the local board of health for the year 1922.

The committee had previously issued a warrant for that purpose, but yesterday it reversed its decision in regard to the matter.

At the morning session Joseph Likely and E. L. Rising, on behalf of the Anti-tuberculosis Association, asked that a grant of \$1,200 be made towards the salaries of officials of the association.

It was decided to assess \$175 for the valuers' fund, to meet a balance due on a revaluation of the county, conducted at a cost of \$20,000.

It was also decided that the parish should charge themselves with a total of \$470 for revising voters' lists for the house of assembly.

The question of provision for persons of unsound mind came up and was pointed out that previous to 1921 the county was assessed \$4,400 for that item.

The law was changed in 1921 and the county is now required to pay for 100 cases at the rate of \$2.50 per week. It will be necessary to issue a warrant for \$19,875.00 to provide for the Provincial Hospital in 1922.

The assessment for 1921 was \$10,150 and of this there was collected \$8,227; out of this the county paid the government \$7,695, which included arrears for 1920.

The interest and sinking fund charges for the year 1921 were \$2,500. The warrant of \$19,875.00 does not allow for defaults in collection.

Fixed charges for the municipal home, children's aid, diet kitchen, etc., were passed as required by law.

The interest and sinking fund charges in the nurses' home total \$17,386 and the charges on the power house at the General Public Hospital are \$4,423.

Lancaster Bonds. At the afternoon meeting a motion of Councillor O'Brien that a bond issue of \$120,000 be made for the purpose of installing fire hydrants in the parish of Lancaster, fire district No. 2, was carried.

The interest rate was placed at 5 1/2 per cent, which shows that the improvement has taken place in the bond market.

It was decided to refer an item of expenditure of the Lancaster highway board, Milford section, to the council.

OFFICERS OF THE TABERNACLE CHURCH FOR 1922  
The annual meeting of the Tabernacle Baptist church, which was held in the school room of the church on Jan. 11, was largely attended. Rev. A. L. Tedford, pastor of the church, occupied the chair. The report of A. H. Patterson, clerk of the church, showed that there was a membership of 85; and that there had been thirteen received into the church during the year by baptism and ten by letter.  
H. A. Mallory, treasurer of the church, reported that the receipts for the year were \$5,831.41. The report also showed that everything was in a flourishing condition. The officers for the coming year were elected as follows: clerk, A. H. Patterson; assistant clerk, Miss M. A. Owens; treasurer, H. A. Mallory; financial secretary, A. W. Lewis; chairman of ushers, P. E. Owens; ushers, F. H. Crawford, P. E. Owens and T. H. Howes; organist, Miss M. A. Owens; assistant organist, Mrs. R. D. Coggins; superintendent of Sunday school, Peter S. Murray.

PASTOR'S SALARY SECRET.  
Box for Donations to Himself Installed in Church.  
Hamilton, Ont., Jan. 14—Rev. P. W. Hollinrake, who left the Methodist church to become pastor of an independent congregation known as Ebenezer, does not ask his congregation for any money. Three boxes have been installed in his church. One is labelled "for mission," another "church expenses," and the third, "pastor's salary."  
During the past year \$2,000 was put in the mission box, \$2,800 in the church expense box, and no one but the pastor knows what he found in his own box, but today he said he had no complaints to make.

WEAK HEART NERVES BADLY SHATTERED  
Many a woman who should be strong and healthy, full of life and energy is bound by the shackles of ill-health. Some disease or constitutional disturbance has left its mark in the form of a weak heart, shattered nerves, impoverished blood and an exhausted condition of the whole system.  
MILBURN'S HEART AND NERVE PILLS they will find a remedy that will supply food for the exhausted nerves, one that will strengthen and regulate the weak heart, and invigorate the whole system.  
Mrs. W. W. Pearce, 14 Seaton St., Toronto, Ont., writes:—"I was left with a weak heart and in a ran down condition from the 'flu.' My nerves were badly shattered, and I had such pains around my heart I could not sleep much at night. I took several doctors' medicines without getting any better. My husband got me to try Milburn's Heart and Nerve Pills, and after I took one box I got relief, and after taking six boxes I have been well and not bothered since."  
Price, 50c a box at all dealers, or mail direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

WOULD TAX WOMEN.  
Dundas Alderman Proposes a Poll Tax on Female Voters.  
Hamilton, Jan. 14—Councillor McMurrich, arguing that because women had the vote they should pay a poll tax, tried to have a motion to that effect passed in the Dundas Council, but the motion was ruled out. He says he will ask the Council to petition the Government for the necessary legislation.

REVIVAL SCENES IN SCOTLAND

Impassioned Prayer by Fisherman—All Night Prayer Meeting Attended by Five Hundred.  
A Glasgow despatch says:—The religious revival shows every prospect of spreading, and if the events of the past twenty-four hours be accepted as a criterion the fruits of Pastor Clark's efforts are likely to be as plentiful as in the north.

The all-night prayer meeting lasted till six o'clock this morning, and there was a remarkable scene. This afternoon the evangelists addressed a meeting attended by about 500. In an impassioned appeal Pastor Clark said they believed the revival was there, but they could not get it unless they were prepared to pay the price. Every spirit was strained to snapping point, and he felt as if it were going to snap this week-end. He did not believe in extravagance or extremes, but he believed in red-hot desperation. They prayed for not only tens but hundreds of thousands of converts.

Another man in the hall prayed that the work of the city ministers, missionaries and evangelists might be crowned with success. Prayer was also offered for the Press.  
Pastor Clark left Glasgow for Wales tonight.  
Interviewed last evening regarding the religious revival in Scotland, Commissioner Pitching of the Salvation Army said he had just received a telegram from Wick, in which it was said: "Two hundred and fifty penitents have been registered at Wick; Findochty, another centre of fervor, has seen over 100 converts made in the Army Hall; while Gullien, which is near by, reports 80. At Peterhead, where the Salvationists have their building packed nightly, 110 persons have trodden the way to the mercy-seat. It was in this town that a notable drunkard was rendered sobriety by the burden of his sense of guilt, and he had to rise from his bed and pray at five in the morning.

ASKS \$50,000 FOR SCAR.  
Movie Actress Tries to Peril in Suit for Damages.  
(New York Times)  
The perils besetting a film actress playing in "thrillers" was described in a lawsuit filed in the Supreme Court yesterday in a suit by Marguerite Clayton against the Pathe Exchange and George B. Selts, Inc. She wants \$50,000 damages because of a permanent scar on her face resulting from an accident on Nov. 10, last, when she was playing in a serial.  
Miss Clayton said that she was appearing in a storm scene over a body of water and was sitting on a bell-buoy anchored in a tank, in which the water was agitated by mechanical contrivances. A quantity of water was poured over her and she was unable to see. She alleged that another actor, Charles Hutchinson, crawled out to her rescue on a two-inch iron pipe and the pipe struck her on the head, causing the injury.

Repairs to Nelson wharf, West Side, were commenced today by a crew of city workmen under the direction of W. Lee. The work is being done by day's work and by next week about fifteen men will be employed on the job.

**ENGAGEMENT.**  
Mr. and Mrs. M. T. Morris announce the engagement of their daughter, Pauline M., to James J. Burns, son of Mr. and Mrs. T. Burns of Cardiff, South Wales, the wedding to take place at an early date.

**LIQUOR IMPORTS HEAVY.**  
Chief Inspector J. B. Hawthorne arrived in the city from Fredericton yesterday, and reports that conditions throughout the province are very satisfactory. The importations of liquor, he says, are heavy, apparently in preparation for January 15, after which importation will not be allowed.

**TRAFFIC CASE.**  
On complaint of William Saunders, Arthur Ingraham was before the police magistrate this morning on a charge of being on the wrong side of City road yesterday at 1.45 o'clock, with car No. 10873, and while there running into and damaging a city team driven by Saunders. He pleaded guilty, and a fine of \$10 was struck.

**SIXTEEN DEATHS.**  
There were sixteen deaths in the city during the week, from the following causes: Pneumonia, three; influenza and diphtheria, two each; apoplexy, paralysis, premature birth, bright's disease, endocarditis, carcinoma of prostate gland, malignant disease of colon, fracture of neck of femur, acute obstruction of bowels, one each.

**BOY GETS BERTH.**  
C. B. Allan, secretary of the Navy League, this morning that a lad named K. Young, of this city, would leave soon for Halifax to serve as an apprentice on the new C. G. M. M. steamer Canadian Constructor, which is now at Sydney on her trial trip. The crew will be signed on when she arrives back at Halifax next week, and Mr. Allan has succeeded in getting a berth for the boy.

**DIED IN OTTAWA.**  
Thomas G. Northrup of Prospect street, received word this morning of the death of his brother, B. M. Northrup, who was a member of the postal department in Ottawa and superintendent of the staff branch. Mr. Northrup had been in failing health for some time. He was born in this city, but moved to Ottawa more than thirty years ago, and since that time had been in the postal department. He is survived by his wife and one daughter in addition to two brothers, Thomas G. of this city and Walter of Quispamsis; also two sisters, Mrs. King and Mrs. Muir of Belleisle, N. B.

**IN THE MARKET.**  
Business was reported good in the city market this morning, with a fair supply of all commodities on hand, with the exception of turkey, ducks and geese. The prices quoted were as follows: Beef, 18 to 20c; veal, 14 to 20c; lamb, 20 to 25c; mutton, 8 to 15c; pork, 40 to 50c; ducks, 45c; geese, 45c; fowl, 30 to 35c; potatoes, 45 to 50c; carrots, 40c; beets, 25c; turnips, 25c; parsnips, 40c; a peck; cabbage, 25c; lettuce, 6 to 10c; celery, 80 to 85c; parsley and mint, 5c; a head; onions, 6 to 10c; squash, 8 to 8c; a pound; apples, 20 to 35c; a peck; cranberries, 20c; a quart; butter, 40 to 50c; a pound; eggs, 60 to 70c; a dozen.

**COUNTY WARRANT A LITTLE LARGER**

Increase of About \$1,600 in Final Draft.

The Total is \$417,922.44—Some Matters of Salaries—An Offer Relative to Taxation of T. S. Simms & Co.

The total amount of the warrant to be issued this year for county purposes for the General Hospital was reduced from \$187,165 last year to \$122,981 for 1922, increases were made in amount for lunacy patients or from \$10,000 to \$10,285; county school fund from \$16,092 to \$22,000 and a new item of \$10,000 was added for housing board charges. The finance committee completed its labors this morning and all estimates are now ready to be passed by the municipal council, which is scheduled to meet on next Tuesday. Mayor Schofield was in the chair this morning and others present were Warden Bullock, Councillors Jones, Frink Thornton, O'Brien and Donovan and the county secretary, J. King Kelly.

W. H. Allingham, stipendiary magistrate for Lancaster, was given a hearing in relation to his making returns. He said that he had made all returns. It was said that he had made returns up to 1918, but none since then. He was instructed to pay all monies he had collected into the county treasurer and to present the bills of sums due him and if these were passed by the council they would be paid. He was instructed not to pay himself out of the funds collected. Mr. Allingham said the county owed him money instead of him owing the county money.

The matter of salaries was discussed and it was decided to pay the turnkeys of the jail the same rate as watchmen, that is \$3.20 a day. This is a reduction of the salary of the clerk of the peace was reduced from \$400 to \$350.

The contingent fund was passed at \$46,168.50, compared with \$39,596 for last year. The increase was caused principally by large over expenditure for criminal trials here last year.

Representatives of T. S. Simms and Company said that the company would agree to pay double the amount paid in taxes from 1912 to 1922 for another period of ten years. This matter was referred to the council.

**Dr. D. B. Macdonald Returns from Oxford.**

English Oarsmen Likely to Come to Canada—Brigadier General McNaughton Here—Also the Padre of Toc. H.

Among the passengers who arrived here on the Empress of Britain yesterday and were landed at Sand Point, West St. John, this morning was Dr. D. Bruce Macdonald, director of St. Andrew's College, Toronto. He had been in London attending a headmasters' conference at Oxford. As he is the only Canadian representative, and in his address spoke of the honor he felt and the compliment paid to Canada in appointing him a member. He felt that it was a step towards bringing the tie of the educational system in Canada more closely with that of the mother country.

While there Dr. Macdonald took up with Oxford aquatic authorities the possibility of their sending representative crews to compete in a big regatta to be held in connection with the big fair next August, at which the University of Toronto, the Regatta and other crews will be represented. He said that he was practically assured that a consular crew of Oxford and Cambridge will come to Canada to compete in the eight-oared, four-oared and doubles. Dr. Macdonald was accompanied here by his wife who had been in England for some time.

Another distinguished passenger on board was Brig-Gen. A. G. L. McNaughton, C. M. G., D. S. O., who had been in England for a year in connection with military affairs and departmental business. General McNaughton is this now famous institution, which is the great St. John fire, his father moved to Western Canada, where he resided until the time of his death, Mrs. H. J. Murray, 20 Orange street, is an aunt. General McNaughton was one of the youngest members in the Canadian Expeditionary force. In 1914 he crossed overseas with the first division as commander of the Montreal field battery. Later he was put in command of the 11th Brigade field artillery and promoted to General. The headquarters staff. Following that he was given command of a corps of heavy artillery and was raised to the rank of a brigadier-general. He was accompanied by his wife and four children.

Another prominent passenger was Padre P. B. Clayton, M. C., of Talbot House. Rev. Mr. Clayton was founder of this now famous institution, which is primarily for the social uplift and betterment of returned men and also for youths of the cities who have started out on their own. He and other members of the staff are now in the city, and are doing their best to help and inspire.

The name Talbot House, or as it is better known "The H. J.," is from the old Talbot House of Ypres Salient. Rev. Mr. Clayton came to Canada with a view of looking into conditions of the returned men and organizing branches. F. E. Meredith, K. C., is returning to Montreal after attending to some legal matters in the interests of the Canadian Pacific Company, of which he is a director.

There were two St. John passengers on the large liner, H. A. Northrup and Miss V. Churchward.

The Empress had 285 passengers, in addition to a large general cargo and royal mails. There were forty-eight first cabin, 101 second and 136 third-class passengers. The Empress left St. John at 11.45 in a special train en route to Montreal. The Empress will be sent forward on the regular train this afternoon.

During the voyage from Liverpool weather conditions were somewhat bad, but were not considered unusual for this time of year. On the whole the Empress made very good speed, as follows: On January 7 she made 171 miles, Sunday, 423; Monday, 285; Tuesday, 423; Wednesday, 423; Thursday, 423; Friday, 427 miles.

The officers on the Empress are as follows: E. Griffiths, R. N. R., commander; G. H. Simpson, chief officer; A. E. Philip, chief engineer; W. H. Mathison, purser; Dr. Geo. Callihers, surgeon; I. Geddes, chief steward.

The Empress was two months in Liverpool, when she was completely renovated and painted, and is now ready to leave this port en route for New York, where she will sail on January 21 on her first cruise to the West Indies. The appearance of the large liner has undergone a change. The stacks are painted yellow instead of black, and the bottom green with a white ribbon border.

**TRAIN ARRANGEMENTS.**  
In connection with the cancellation of the Halifax train arriving here at 7.45 o'clock in the morning and leaving at 10.30 o'clock in the evening between St. John and Hampton, it was announced today that these trains would be taken off on Monday but the following arrangements would be made to provide for substitutes:—The Halifax train which now arrives at 6.05 a. m. will arrive at 7.45 making all the stops between Hampton and the city; and Halifax train, No. 10, now leaving at 11 p. m. will leave at 10.45 and will make all stops between here and Hampton. Both these trains will carry extra equipment to provide for the suburban travel.

Starting Monday, the Valley Railway passenger train will arrive daily at 12.35 o'clock, noon, instead of 3.05 as previously; and will leave at 4.20 instead of 1.55. The accommodation, mixed freight and passenger, will arrive at 12 o'clock, noon, instead of 1.55 o'clock on Monday, Wednesday and Friday and will leave at 6.55 p. m. instead of 7.55 on Tuesday, Thursday and Saturday.

**SUCCESSFUL PANTRY SALE.**  
The ladies of the social committee of the Catholic Women's League seemed to be having a busy time this morning at the pantry sale which they held in the lobby of the Imperial Theatre, starting at ten o'clock. Besides the usual supply of good things to eat, there were orange carnations and some "black-eyed Susans" made of liquorice suckers dressed to represent flowers, which attracted the eyes of some of the kiddies present. Those in charge were as follows: Mrs. F. H. Potter, convener; Mrs. M. Atkinson, Miss A. Carlin, Mrs. W. P. McDonald, Mrs. F. I. McCafferty, Mrs. William Donovan, Mrs. John McDonald, Jr., Mrs. F. C. Fox, Mrs. John Stack and other ladies of the league.

PRINCE DID NOT SEE RIOTING

Great Disorder for a Time in Madras.

Decorations Torn Down and Trampled in Dirt—Prince was Indoors Exchanging Greetings With Native Chiefs.

London, Jan. 14.—Despatches to the morning newspapers from their correspondents in India agree that the Prince of Wales was in no wise menaced personally at the time of the disturbance in connection with his arrival at Madras.

Doubt is even expressed that he saw anything of the disturbance, although the trouble occurred in the Triplicane quarter, adjoining the government house to which the prince rode along a three-mile route, watched by crowds described as friendly and even enthusiastic.

It was after the prince's arrival at the government house, however, that what seems to have been the worst part of the outbreak happened. A mob from the Triplicane, which is mainly in the Mohammedan quarter, rushed the house of Lord Ripon, a former viceroy, and an ornamental pagoda decorated with British flags, portraits of the prince and palms. All the decorations were seized, scattered and trampled in the dirt. The greatest disorder prevailed.

Although the authorities made elaborate preparations beforehand in the bazaar area, which was patrolled by troops and armored cars, it seems there was only a single policeman at the Ripon statue. He called for help in vain, although the soldiers were armed with stones. The prince apparently was within the government house exchanging greetings with native chiefs when the rioting occurred.

All the reports are brief and incomplete and the full extent of the casualties is not stated.

**CULLUM L. O. B. A. OFFICERS INSTALLED.**  
At a meeting of the Cullum L. O. B. A. No. 88 in Temple Hall, Main street, on Wednesday evening the following officers were installed by Mrs. J. Brown of Dominion No. 18, assisted by Mrs. H. J. Brown of Dominion No. 18, and Mrs. Stacy of No. 18.

Worthy Mistress, Mrs. J. Silliphant; Deputy Mistress, Mrs. O. Ward; Chaplain, Mrs. H. Kilpatrick; Recording Secretary, Mrs. F. Rowley; Financial Secretary, Mrs. H. Dryden; Treasurer, Mrs. D. Jewett; Director of Ceremonies, Mrs. J. Stoen; Lecturer, Mrs. McKenize; Inner Guard, Mrs. Anderson; Outer Guard, Mrs. Baird; Forelady of Comm., Mrs. T. Wood; Committee Women, Mrs. Nason, Mrs. Huske, Mrs. Anderson and Mrs. Baird; Guardian, Mr. Clarke.

After the installation there was a short programme. Songs were sung by Mrs. E. Hamilton, Mr. Kearns, Mrs. Silliphant, and Mrs. J. Brown. A duet by Mr. Kearns and Mrs. Brentnall and an address was given by Mrs. E. Kilpatrick.

At the close of the programme the Past Mistress, Mrs. H. Kilpatrick and Mrs. Kott, Baird presented to Mrs. Silliphant, who has been Mistress of this lodge for three successive years, a bouquet of flowers and a suitable gift on behalf of Cullum Lodge.

HAS PRAISE FOR U. F. O. SECRETARY

Miss McPhail Reverses and Honors "That Common Old Soul With the Bald Head."

Winnipeg, Jan. 11.—Two of Canada's new members of parliament were heard tonight for the first time by the United Farmers of Manitoba, in their annual convention. Miss Agnes McPhail, Progressive member for Southeast Grey, Ont., and the first woman to be elected to the House of Commons, and William Irvine, Labor member for East Calgary, addressed the convention at some length on the significance of the Farmers' movement in general, and of the recent federal election in particular.

Miss McPhail said it was J. J. Morrison who had seen the possibilities of organization in Ontario, and that great man, standing head and shoulders above the rest of us, was she said, the father of the U. F. O. "I revere and honor," she continued, "that common old soul with the bald head." She called the House of Commons "that house of temptation," and said that if she found her husband slipping she hoped she would be sent home.

"Boys and girls are being driven off the farms," declared the member for Southeast Grey, "by the shape of their fathers' and mothers' backs, by the hardness of their hands and the slowness of their pocketbooks." The thing farmers needed, she said, was class consciousness and class pride, since they were the foundation of civilization.

Mr. Irvine said the farmers' movement was merely an indication of an effort on the part of society to adjust itself to new conditions. The old order was dying. "We have hungry people in every city," he said, "and yet you farmers raise so much food that you can't get a price for it which pays for production. That's a symptom of a divine order." Whether or not there was to be an economic or a political revolution, that thing might be seen a little more clearly. The farmers had been to build up a new economic and political system. Organized labor for a century had been trying to do the same thing, and he opened for co-operation between the two classes.

"Prosperity will not come back until the purchasing power of the farmer returns," said President John Becken of the Manitoba Agricultural College.

**Farmers' Buying Power.**  
"The purchasing power of the farmer," he went on, "will not return until the purchasing power of what he has to sell has a closer relation to the cost of what he has to buy. Prices of farm products have dropped to pre-war levels while the goods the farmer has to buy cost him about fifty per cent. more than at that time."

Mr. Bracken remarked that he supposed Hon. W. R. Motherwell, minister No. 10, was held up over four hours.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

MUSIC ADDS TO "THE SHEPHERD OF THE HILLS"

Harold Bell Wright Clings to the Tunes of Yesterday in Arranging the Musical Accompaniment.

To all lovers of the book this is not surprising. The story is filled with dramatic situations and scenically the magnitude of God's own handiwork is ever before us. The woods and the hills always appeal to a real man or woman, and in this play the real great things of life are brought to our understanding as clear as the water from the mountain springs which are ever before our eyes. The visualization has and has many of the Ozark Mountains and their humble dwellers. The story of the man who took the trail that leads to the lower ground and the woman who found her way to the silt plain. A story of rough times before the coming of the railroads; the period of "huskies" and "house raids." Rough and ready settlement of disputes with the law, a virile play and yet one that carries with it a deep message. It is full of the spirit of the times and has many of the characters of this photo-play which has been a year in the making. It is shown in ten reels and forms an evening's entertainment. And will be the attraction at the Opera House for four days, starting Wednesday, January 18.

TRAVELLING CLINICS FOR PROVINCE

Matters of Importance Deal With at Meeting of Red Cross Society.

A meeting of the New Brunswick branch of the Red Cross Society was held yesterday afternoon. C. B. Allan read the treasurer's report and told of three nurses going to Montreal to finish their training. A letter was read from the Canadian representative at the International League of Red Cross societies in Geneva. Miss Malone wrote to tell of the outbreak of typhoid at Richibucto. The meeting was held in the hall of the hospital committee and told of the morning meeting at which she had been elected convalescent of the Red Cross societies. Mrs. Harold Lawrence told of work done by the port committee. Mrs. James F. Robertson said that she next copy of the bulletin would be ready in ten days or a fortnight. Mr. Allan presented plans for the recreation but proposed by the Ladies' Auxiliary. He recommended that a committee be appointed to lay down a policy for the Red Cross and told of the opposition met last time they had brought the matter before the provincial government. On motion of Mrs. Lawrence, the following committee was elected:—Mrs. James F. Robertson, Miss Ethel Jarvis, Mrs. Lawrence, Miss Meiklejohn, Miss Jessie Lawson and Miss K. Stewart. Mr. Allan said that the Red Cross societies were giving \$20,000 for free clinics in the schools.

WANTS LOWER RATE FOR RAW MATERIAL

(Toronto Globe)  
Since a great part of the traffic on Canadian railways is comprised of raw materials or materials in a semi-developed and somewhat bulky state, it is contended by some manufacturers that the railways should make an early concession in rates for this sort of material in order to assist in resuming industrial activity.

"The rates on pulp and other materials in connection with the pulp and paper industry are now so high," said a pulp and paper man yesterday, "that we are having trouble in competing in the American market with products from Scandinavia and Germany. I know it is contended that railway wages are out of line with other wages, and must be further reduced, and this is true, but the whole question of rates and wages makes a vicious circle which helps to tie up industry."

"I believe that, if railway rates were reduced, we would get business more readily, and that would bring wages, and the wages would buy more other commodities required by the workers. Canada is in a peculiar position, for there would be a market for wood products which cannot now be readily sold, and that would bring wages, and the wages would buy more other commodities required by the workers. Canada is in a peculiar position, for there would be a market for wood products which cannot now be readily sold, and that would bring wages, and the wages would buy more other commodities required by the workers."

**HE PREACHED IN "THRUMS"**  
(Halifax Chronicle)  
It may interest some of those who have seen the charming film version of "Thrus" that the church referred to is there and the music shown in the scene in "Thrus" is there, and the gypsy wood, where Babby impersonated one of the band, is there. All of these were seen by some members of the Canadian Expeditionary Force, during their leave of absence during the war time. Then there was a "little minister" at the Kirk, who had formerly held charges in Canada. He presided over the community work. A meeting of the hospital committee was held yesterday morning and officers were elected as follows:—Convalescent, Mrs. R. Taylor; secretary, Miss J. V. Anglin; treasurer, Mrs. Scott; buying committee, Mrs. W. F. Bonnell; Mrs. Doody; flowers, Mrs. C. B. Allan; supplies, Mrs. Sturdee; follow-up committee, Mrs. L. P. D. Tilley and Mrs. Foster.

HOW TO SAVE COAL

Timely Advice on the Handling of the Furnace.

Don't burn coal in an open grate, for in such practice 75 per cent. or more of the heat goes up the chimney. It isn't necessary to have every room heated. Most people would be healthier if they slept in cold bedrooms. Close off spare rooms.  
Examine furnace and see that there are no cracks at floor line to permit air leakage into the ash pit. Make sure that all firing, ash pit and cleanout doors are airtight when closed.  
Endeavor to keep the entire fuel space of your range or furnace filled, heaping the coal slightly in the centre. Steam or hot water boilers should be filled so that the coal is level with the bottom of the feed door opening. Don't let the fuel bed burn down too low. Thin fires mean waste. Break lumps to about egg size.

WILL RULE OF THE ROAD BE CHANGED?

All Maritime Province Legislatures to Consider Matter This Winter—British Columbia Fell in Line Jan. 1.

(Sussex Record.)  
The matter of changing the rule of the road in New Brunswick is at the present time being quite freely discussed in the press by the public in general.  
The press is practically unanimous in favor of the change and the public is very much of the same opinion.  
In the three Maritime Province local legislatures the matter of "changing the rule to the road" is to be taken up this winter, and discussed, with the object of bringing about the change, the same to come into effect in all the provinces at a date to be agreed upon.

Practically all the other provinces of the Dominion have already fallen in line. On the first of January at 6 o'clock in the morning, British Columbia adopted the drive-to-the-right rule of the road leaving the Maritime Provinces the only section of Canada following the old world plan of driving to the left. The change here is not the rule in the United States, but will be in the interest of public safety. Each succeeding season brings a number of accidents, the direct result of lack of education or failure to remember that the rule of the road here is not the rule in the United States, in Quebec, in Ontario. That we follow a different rule made no difference until the ever-widening use of the automobile brought so many strangers on our roads that the danger menace has become very real and very serious. To reduce to a minimum the danger which might result from local failure to observe the new rule, the British Columbia government has adopted a number of practical suggestions put forward by the Vancouver Automobile Club. The government will provide auto windshield stickers in the form of an arrow, with the words "Keep to the right." Signs with the same legend for the back motor cars were also provided and given every traffic officer, with authority to place these on motor vehicles which were put into place on all provincial highways.

Large banners bearing the same legend will be placed at the principal streets of the cities and towns, and street cars will carry both front and rear signs to the same effect. As a further precaution, the Automobile Club will notify all its members of the change. The Maritime Provinces should follow the British Columbia example and inaugurate the keep-to-the-right plan for traffic as a measure of public safety, made practical by the imperative because of the increasing number of foreign cars which come here, and because the general run of cars are equipped for that plan of driving. The separation of the two drivers by the full width of their cars or carriages constitute a measure of danger. "Everybody should advocate a change in "the rule of the road."

DECLARE "OLD MASTERS" BUT IMITATIONS

New York, Jan. 14.—(Canadian Press) It was disclosed yesterday that preliminary steps have been taken in a suit involving the sale of some pictures supposed to have been "old masters" displayed in Carleton Place, Ont., for \$300,000 and now claimed to be worth less than \$500. The purchaser was David I. Rowen, 14 Morningstar Drive, a wealthy retired pearl importer. He says he bought them from a man who is now dead and is in Bermuda.

**RECTOR SCORES LOCAL "KNOCKERS"**

The first of a series of monthly lectures for Boy Scouts was held last evening in the Board of Trade rooms when Rev. Canon Armstrong addressed a group of youths on "Service." Rowland Frith was in the chair as chairman of the lecture committee. Mr. Frith had offered a prize of \$10 to go to the troop having the highest percentage of attendance at the first five lectures. Mission Troop led last evening with twelve, closely followed by Edith Avenue Troop, with ten.

Before the arrival of Mr. Armstrong, the scouts were ably entertained by Jack Rossley, who sang some popular songs, in the choruses of which the boys joined. Several scout songs also were sung.

Rev. Canon Armstrong said that if the boys were going to serve the home, the church, the school, the community or church, they must first of all be clean and straight themselves. He advised them to make clean money and explained what he meant by this. Clean money was that which did good to all concerned. He illustrated his points with examples. He quoted the Bible to show what was meant by clean men. The boy who was not clean, straight, honorable and upright could not consort with either God or man.

The speaker pointed out the truth that it was vastly better to do a great deal of good than to make a great deal

**PROTEST FROM G. P. H. ALUMNAE**

At a meeting of the alumnae of the General Public Hospital held in the Nurses' Home last night there was a discussion regarding the recent graduation exercises which had some unusual features. A committee was appointed to draw up a resolution in this regard and it presented the following resolution which was moved and unanimously carried by a standing vote:

"Whereas, In every institution conducting a training school for nurses and graduating the same by public exercises, it is both customary as well as courteous to recognize the nursing body when issuing formal invitations, and

"Whereas, In the recent public exercises held in connection with the graduation from the General Public Hospital, the nurses, both graduates and pupils of the hospital were completely ignored, therefore be it

"Resolved, That the alumnae protest against this treatment and respectfully request the commissioners to arrange that graduating exercises held in future be conducted along lines followed by other schools and to which on all previous occasions this institution has adhered, and be it,

"Further resolved, That a copy of this resolution be forwarded to the commissioners of the General Public Hospital."

It was announced at the meeting that the clock and the demonstration skeleton lecture hall in the Nurses' Home, had been removed to the Nurses' Home in memory of Nursing Sister Anna Staines.

of money. The good stayed with them, while the money soon was lost.

He asked the boys to boost their own town. He had lived here for fourteen years and was surprised at the number of people who knocked St. John. He quoted a recent speech of Dr. Farris, of the St. John County Hospital, in which the doctor told what a wonderful climate St. John had and in which he had said that fog was a God-send to the city.

We expected to get a living in St. John, the speaker continued, and we should boost it. Any one who knocked the town was knocking himself as it was asked them all to be boosters for St. John. If they all started to boost for the result. He said that there was not a town on the face of the earth so harmed and kept back by the knockers as St. John. Going back to the subject of services, he speaker said that there was no success without service. The merchant who got ahead was the one who served the public the best. We were placed on this earth for service and service meant success. If all worked together for the city it would soon amount to something.

In conclusion, Rev. Mr. Armstrong asked them to bear in mind the thought of God. The scouts had been criticized as not being religious. He asked them to remember God and lead such a life that people would know that they were religious.

He told of the life of Francis Xavier, which was one of service and concluded with the quotations: "What shall it profit a man if he gain the whole world and lose his own soul?"

**Keeping the Roof On**

Would you consider that a man exercised good judgment if he used the roof of his house for fuel to keep it warm? "Nobody would do a thing like that," you say. Perhaps not, but men do things equally absurd. For example, widows are left without an income sufficient to purchase the necessities of life. In order to live, these unfortunates must spend each year all the interest and part of the principal of the estate left them by their husbands. Each year sees a reduction in Revenue through this sacrifice of principal. In other words, they burn the roof to keep warm only to face the terrible day when they will have neither fuel nor shelter. You do not want this to happen to YOUR loved ones if you are called away! It need not happen. It is in your power to prevent any such misfortune from occurring. How would it be to figure out exactly what their necessities would be if they were left alone? We have prepared a table which will enable you to ascertain your monthly expenses and probable income. The figures are confidential, as you retain the chart. A copy is yours for the asking. Write to-day.

young son of Mrs. Rufus Theal, of this place, was found dead in the woods here today. While out hunting he had apparently stumbled on his gun, causing it to explode against his chest. The accused defended the case, R. B. Frederickson, Jan. 13.—The case against Robert Kiley, of this city, an aged man charged with attacking two girls, aged seven and nine years, was heard in private in the police court this afternoon. The accused defended the case, R. B. Hanson, K. C., appearing as counsel. Judgment will be given next Monday at noon.

According to a despatch from Ottawa demands have been made for a full general inquiry into the loss of the Karikak and eleven men in connection with Canada's expedition in the Arctic. The party was divided into two parts—a northern under Villjalmur Stefansson, and a southern under Dr. R. M. Anderson. Appearance of Mr. Stefansson's book, "The Friendly Arctic," seems to have brought the matter to a head. Several claims that there are unjust accusations of attempted mutiny and insubordination contained in it.

Edgar H. Fairweather, of St. John, was present at a meeting of the United States Train Signal Company at Portland, Me., called as a result of a communication stating that the company's electric signal had been approved by the interstate commerce commission as standard railway equipment.

#### SENT UP FOR TRIAL

The preliminary hearing of the case against William Parry, charged with attempting to murder Nathan L. Jacobson, was concluded yesterday and the prisoner was sent up for trial. He said that he would say anything he had to say before the other court. Dr. John A. McCarthy, superintendent of the Lancaster Hospital said that the accused had been employed there until December 23. Though he talked rather sily at times, he said, he didn't think he was the type of man who would commit murder, to his head. His condition was reported by the hospital authorities this morning.

Katherine MacDonald

In the play with the snappy surprise

"STRANGER THAN FICTION"

Story by Charles Richman and Albert Shelby LeVino. Directed by J. A. Barry

PRICES: Afternoon, 2.30-15c. to all. Night, 7 and 8.45-25c.

Katherine MacDonald's offer is to all aviators except those who appear in "Stranger Than Fiction." A fight on the wing of a speeding plane 5,000 feet in the air. A take-off from the roof of a sky-scraper. A parachute jump from a burning plane. AND-- BIGGER THAN ALL -- a man caught in mid-air in a leap from one plane and hauled to safety on another. THE GREATEST AIR CIRCUS EVER FILMED and it's just one in a whirl of thrills and surprises of a big story of a girl against a gang of crooks.

On the G. W. V. A. alleys last night the Corona Company girls bowling team took three points from the Macaulay Bros. girls team.

Table with columns: Team, Total, Avg. Includes Corona Co. Ltd., Misses, and Macaulay Bros.

The play was even throughout and it was only after a desperate struggle that St. Mary's finally emerged the winner by a score of 14 to 13.

After several fruitless attempts to make a mark on the paper, he turned to the clerk, and said, "This is the second or third time you've played me this trick! Next time I shall bring my own pen."

The Chatham sextette defeated Moncton at Chatham last night by a score of ten to nothing. The game was one-sided. Chatham scoring five goals in the first period. The combination work of the Chatham team was good.

The outdoor hockey rink, which is being built on the East End grounds.

will be ready by Monday evening. The final section of the rink will be enclosed with the board side wall on Monday. The newly constructed rink will be open to all teams wishing to use it for practice without charge. All boys under seventeen will be admitted to the games played here--free of charge. The Shediac team or the Marysville team will be brought here in the near future.

**CHARLES GORMAN WHO HOLDS THE WORLD'S AMATEUR RECORD FOR 440 YARDS**

The work of Charles Gorman in the Great Canadian Classic, which is to be held on Lily Lake on January 18 and 19, under the auspices of the Y. M. C. I., will be watched with interest not only by the citizens of St. John, but by every skating enthusiast in America. Although greatly handicapped last year by lack of training and care he made a remarkable showing at the Canadian championships in which he tied Mike Goodwin of Winnipeg for third place; won signal honors at Saranac Lake and later established a new amateur record for 440 yards at Lake Placid. His phenomenal bursts of speed attracted the attention of skating authorities in upper Canada and the States and many expressed the opinion that the St. John boy was the making of a world's champion. This year Charlie has trained long and faithfully under the watchful eye of Frank White and friends claim that he is skating faster and stronger than last year. He is not only showing class in the shorter distances, but is covering three miles with a speed and ease that is astounding. That he has a good chance to win the coveted title of Canadian champion is conceded by all despite the fact that he is competing against the classiest aggregation of skaters that were ever brought together in a championship meet in Canada. Charlie can go into the meet knowing that he has the support of every citizen in St. John who are just biding their time when they hope to proclaim him "The premier skater in the Dominion." "Opportunity is now knocking at your door, Charlie, go in and win and may the best of luck attend your efforts."

**High Speed Wear**

If You're a Small Boy's Dad—Listen

After the races, your boy will be sure to have an ambition to be a champion skater. Might as well give him all the encouragement possible. Skating's good healthful sport and, who knows, he may be a champion some day. St. John did it before. Just supplying the boy with skates is not enough. He needs the right kind of clothes to skate in.

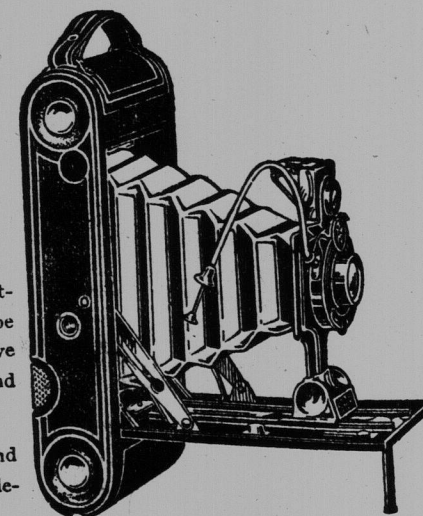

Our boys' shop can supply him with warm Mackinaws, Sweaters, Caps, Stockings,—in fact anything he needs in clothing or furnishings. M. R. A. Boys' Clothes were built for "high speed" wear and will give the satisfaction required of them.
