NOT GUILTY VERDICT IN NOTED CASE

John B. Sneed Freed of Charge of Murdering Captain Boyce

ANOTHER TRIAL TO FACE

Must Answer For Killing of Boyce's Son - Tragedies Followed Elopement of Sneed's Wife With Junior Boyce - Families Wealthy and Prominent

(Canadian Press) North West, Tex., Dec. 3.—John B. Sneed was today found not guilty of the murder of Captain A. G. Boyce. Sneed shot Captain Boyce to death on January 13 in Fort Worth, soon after Sneed had returned from Winnipeg, with his wife, whom Al. G. Boyce, Jr., son of Captain Boyce, had seduced. Sneed claimed self-defence and also a conspiracy on the part of the Boyce to rob him of his wife.

The families involved in the two tragedies are wealthy and have had prominent parts in the upbuilding of Texas. After the elopement Sneed spent \$20,000 in a chase across the continent to find his wife. Sneed's first trial on a charge of killing Captain Boyce resulted in a disagreement.

RUSSIAN DEMANDS IN MONGOLIA; THE CHINESE POSITION

London, Dec. 3.—The Daily Telegraph's Feking correspondent details the Russian demands for the settlement of the Mongolian question on a basis suitable to "China's" interests. It is determined to obtain railway connection with her Siberian lines not only at Urumchi but in the western Mongolian administrative centres of Kobdo and Ulaanai, the right to station permanent garrisons in these places, free of all taxes, and a general notification of the frontier of the Great Wall, Chinese province Manchuria, to exist during the disputed district within Trans-Balkh.

FEAR COLLAPSE OF JAPANESE CABINET

Tokyo, Dec. 3.—It is feared that the collapse of the cabinet is eminent, owing to the difficulty of finding a successor to Lieut. General Eybesse as minister of war. There is a consensus of opinion here against military expansion, but Lieut. General Eybesse's programme will admit of no compromise.

A. O. U. Judgment Reserved

Toronto, Dec. 3.—Judgment was reserved by the divisional court yesterday in the appeal of the Ancient Order of United Workmen from the order of Justice Riddell granting an interim injunction restraining the order from putting into force a revised schedule of rates.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries. R. F. Stur-part, director of meteorological service.

The area of low pressure which was over the Great Lakes yesterday, has moved quickly eastward to the Gulf and Newfoundland and the barometer is now highest over Ontario and Quebec. The weather continues quite moderate in the western provinces.

Probabilities Here. Maritime—Strong northwesterly winds, fair and cold; Wednesday, easterly winds and cold.

SALE OF THREE PROPERTIES

Union Street, Erin Street and Exmouth Street The Location

Taylor & Sweeney, real estate agents, announce the sale of three properties through their office today, an indication of the activity in the local real estate market in spite of the fact that it is usually considered a dull time of the year. The transfers include the sale of the freshhold lot, 40 by 100 feet, with three family houses in Union street near Pitt owned by Police Sergeant W. H. Finley to Doctor W. J. Weston of Fredericton.

WILL OF LORD FURNESS

London, Dec. 3.—The will of Lord Furness, sworn at \$5,000,000, comprises only a portion of his personal estate and none of his landed properties. The amount of the bequests is an annuity of \$300,000 to his wife, Grantley estate granted to his son after surviving payments to charitable institutions, Lord Furness authorized his trustees to expend a sum not exceeding \$15,000 towards the purchase of the facilities for training boys for the mercantile marine service.

DOCTOR'S SON MAY DIE AS RESULT OF COLLEGE HAZARD

Springfield, Mo., Dec. 3.—Byron Crane, sixteen years old, of this city, was stabbed and probably fatally wounded as the result of a hazing episode in the Methodist College at Morrisville, Mo., where he was a student. Another student who was hazing recently was arrested charged with stabbing Crane.

STORM VERY HEAVY IN BAY OF FUNDY

Last night's storm in the bay was one of the worst that has been experienced for some time, according to the statements of the captains of vessels out in it. The S.S. Tokomaru, from New York, should have docked yesterday afternoon but, on account of the storm, did not come up until this morning. The captain reports having had a rough time, being forced to ride out the storm. The waves were mountains and washed the dock of the big liner. A heavy gale blew all night. One or two of the smaller craft which arrived this morning had put into bay ports and waited for the storm to abate.

TRINITY TEA AND SALE

Under the auspices of the Young Women's Guild of Trinity church this afternoon a tea and sale is being conducted from four o'clock to seven, in the school-room, which has been nicely decorated in yellow and white, with great numbers of chrysanthemums adding to the attractiveness of the tables. There are three long tables in the serving room, in charge of the Misses Godfrey and Patton, assisted by other members of the guild. The tables are dressed in white. Those in charge of the other tables are:—Fancy table, Misses Winnifred Smith and Dora Jones; apron table, Miss Saunders and Miss Hazel Evans; candy table, Misses Ethel Jarvis and Charlotte Dodger; doll table, Misses Dorothy Hobson, Elsie Millidge and Maude Sutherland; home-cooking, Miss Kathleen Walker, and Miss Etta Bauer.

WEDDING

The wedding of Miss Margaret Ella McGuire and Walter Thompson Earle took place at the parsonage of the Carleton street Methodist church on Saturday evening last. Rev. T. J. Dehnstadt officiated. Mr. and Mrs. Earle will reside at 51 Brittan street.

Seeking Shelter, Is Cast on The Rocks

THREE OF CREW SAVED

Three Master Was on Voyage From Shulee to St. John—Tried to Get Within Waterside Breakwater Out of the Gale But Struck

(Special to Times)

Moncton, N. B., Dec. 3.—The three-masted schooner, Ethel B. Sumner, went ashore a little after midnight, during the heavy storm, near the breakwater at Waterside, Albert, county, and four lives lost. A Transcript bulletin gives the names of the drowned as follows:—Capt. Wesley Patterson, Shulee, N. S.; Fred Sterling, West Sackville, first mate; Horace State, Shulee, unranked, second mate; Joseph Hopkins, West Sackville, sailor; Arthur Otto Johnson, address unknown; Edwin Bryson, Finland. The Sumner left Shulee on Saturday, bound for St. John with a cargo of granite. She passed Waterside on Sunday and in the lay found the storm too heavy. Turning, she endeavored to reach shelter in the Waterside breakwater, but ran upon rocks a short distance from the breakwater.

JURY OF WOMEN START DUTIES WITH A PRAYER

Eldorado, Kansas, Dec. 3.—When the first woman's jury on a Kansas court record entered the jury room yesterday to begin its duties, the twelve paused a trifle uncertain as to the first move. "I believe we should pray," one juror said. So the twelve women jurors bowed their heads in silent prayer.

SCHOONER FROM WINDSOR RAN ON A LEDGE

Bangor, Dec. 3.—Running at an eight-knot speed under full power, the two-masted schooner, Florence L. Melanson, Windsor, N. S., for Boston, ran on to Gungway ledge in Muscel ridge channel Sunday. Aided by the crew from the White Head life-saving station and the tug Somers N. Smith, the schooner was floated and towed to Rockland full of water and with her forefoot gone. The Melanson was loaded with spruce pling. Capt. Melanson, who was using an old chart, says he mistook the buoy which marks the dangerous spot.

The case against David Keefe of Fairville, charged with having liquor on his premises contrary to law, was concluded this morning the rain fell incessantly. Three-quarters of an inch fell during the time. A heavy wind blew during most of the night, attaining a velocity of about forty miles an hour. The gale along the coast was very severe, the wind blowing from the west. The weather cleared early this morning and the temperature dropped somewhat. The probabilities are for finer weather with a little lower temperature.

MAY GET POVEY FOR HALIFAX

Halifax, N. S., Nov. 3.—"I don't think Fred Povey has yet signed with the Canadians or for that matter any other team," said Manager Gordon Jenner of the Sox this morning. "I received a letter from Povey today, and up to that writing everything was as usual. He has given his promise not to sign a contract of any sort until December 15. I feel that he may be depended upon to keep his word." He wants me to write him at that date, and will give a response to bid for his services.

POLICE REPORT

Edward Whitson, James Clark, Frederick Merrill, Richard McCreesh, John Callahan, Henry Low, Daniel Morvell, Thomas E. Nash, John S. Emery, Frank Hamm, John Woods and Edward Burns, have been reported for driving vehicles in the city without a license.

GRANDMOTHERS USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to Its Natural Color

It is easier to preserve the color of the hair than to restore it, although it is possible to do both.

Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact.

Our mothers have gray hairs before they are fifty, but they begin to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast, following suit.

The present generation has the advantage of the past in that it can get a ready-made preparation called Wyeth's Sage and Sulphur Hair Remedy.

As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea," made by our grandmothers.

The growth and beauty of the hair depends on a healthy condition of the scalp.

Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and lustre, makes the scalp clean and healthy, gives the hair strength, color and beauty, and makes it grow.

It was at a jumble sale in connection with a Sunday school in one of the suburbs the other day. Two ladies went down to the school to assist in the selling.

The room was full and hot, and one of the two ladies, for greater ease, took off her bonnet. The other one sold it for twenty cents.

Little Beauty Chats

Improve Your Nose

THIS winter homely noses look homelier and prettier noses prettier than ever before.

Picture hats are the rule and one's pretty hair, white forehead and bright eyes are concealed from view by large drooping brims.

As a consequence the nose is unduly prominent and such that it keeps the eyes and hair and forehead in the shadow, certainly does give an air of attractive mystery to the most commonplace faces.

Since I know you would like your nose to be as pretty as pretty can be, I will give you a beauty hint.

Don't allow your nose to become as red as a winter sun-set, a flaming nose is quite a defect.

Daily Hints For the Cook

BREAD SOUP.

Here is a bread soup. Have about one quart of boiling water in a kettle and drop in dry, hard pieces of bread and cook until soft, but do not let burn.

Then thin with a quart of milk and season with salt, pepper and butter.

SCALLOPED MUTTON. Cut cold mutton into thin little pieces. For each cup of meat add half teaspoon salt and bit of pepper.

Butter a baking dish, cover bottom with bread crumbs then a layer of meat, with a little gravy or tomato sauce. Continue until dish is full.

Cover top with thin slices of raw potato, dot with butter, cover close and bake 45 minutes, uncover and brown fifteen minutes.

Makes Sweet, Wholesome Bread. Women write that the yeast they've used makes sour bread, but White Swan Yeast makes bread sweet, light and wholesome.

Sold by live grocers 6 cakes for 5c. Get free sample from White Swan Spices & Cereals Limited, Toronto, Ont.

MORNING LOCALS

The Y. M. C. A. membership contest was begun last night with a supper in the Y. M. C. A. building.

Today teams captained by M. Somerville, W. H. Estey, A. E. Megarity and H. A. Cosman will start a canvas and will endeavor to increase the membership by several hundred.

The fire department was called out last night for a fire in a shed belonging to the Empire Clock Company in a yard off Union street.

Little damage was done. The property on Mount Pleasant formerly owned by Murray Kaye, and which was sold to local people last spring, has been taken over by a syndicate of Montreal men.

Two of the local purchasers still retain their interest in it. An officer of the Longshoremen's Association has made the statement that the association will oppose any proposal to reduce or do away with the \$7.50 poll tax.

He said they are planning to ask for an increase in wages next year and the removal of the tax would make it easier to bring men in to fight them.

The second meeting of the local branch of the Order of Moose was held last evening and 29 additional members were initiated, making a total of 530.

Efforts are being made to secure suitable rooms until a building can be erected.

In the police court yesterday afternoon, Roy Post, charged by Mrs. Post, of Pokok road, with breaking open the door of her house, calling her bad names and striking her, was called on to enter into a recognizance with his brother-in-law, Wm. Watters, for \$300 to keep the peace for the next six months.

Sheriff Skinner represented Mrs. Post. Edward Trainer, a tanner, was badly injured at a gravel pit on the Golden Grove Road yesterday afternoon. He was hauling gravel to Coldbrook and was getting a supply from the bank when it caved in.

One leg and an arm were broken and he was also injured internally. He was taken to the hospital. He is about forty years of age.

HAD ALL THE CHINA SHE NEEDED. "Have you a set of Shakespeare?" asked of the young woman at the door. "No. But we don't need it," was the reply. "We had a splendid set of Hamlet and given us for a wedding present."

Children Under 13 Should Drink Lowney's

Why? As children begin to grow up, they often tire of milk and water and want to drink what Papa and Mamma drink—including tea and coffee.

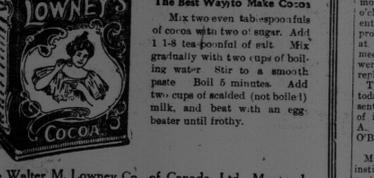

The best dietetic authorities in England and elsewhere say that children under 13 should never touch tea or coffee. But after seven years of age, cocoa is recommended.

Lowney's is made from the finest cocoa beans the tropics produce. Our Montreal factory is a model of neatness and up-to-dateness.

Lowney's Cocoa is thoroughly wholesome, with a delicious flavor that quickly appeals to both children and their parents.

Sold by grocers. In tins—10c to 50c sizes.

Lowney's cocoa you have Cocoa ought to taste

The Best Way to Make Cocoa. Mix two even tablespoons of cocoa with two o' sugar. Add 1-8 tea-spoonful of salt. Mix gradually with two cups of boiling water stir to a smooth paste. Boil 5 minutes. Add two cups of scalded (not boiled) milk, and beat with an egg-beater until frothy.

AMUSEMENTS IN ST. JOHN; WHAT THE PLAYHOUSES OFFER

A GOOD MUSICAL ACT AT THE OPERA HOUSE.

Burbank and Danforth, the musical act at the Opera House, scored a real triumph at the Opera House last evening.

Their performance on the various musical instruments demonstrated their artistic ability to a degree that would compare favorably with the better class concert performers.

This clever act will be heard all week at the Opera House, and Thursday evening their programme will comprise different selections.

Five excellent picture features round out a splendid evening. Motion picture fans should not fail to hear this act and enjoy the musical programme.

The pictures will be changed Wednesday and Friday.

ENGLISH AND GERMAN NAVIES

The Nickel will be the second house in Canada to show the wonderfully patriotic and educational picture of "The Empire Navy" which is booked for the last three days of this week.

There will be about 7,000 feet of these British pictures, portraying and launching, also the travels of the fleet themselves.

The German navy will be shown as well and there will be fights and land attacks, also some gorgeous patriotic tableaux introducing the colonies and their war-time offerings.

CUSTER'S LAST FIGHT, AT UNIQUE

Unique Theatre yesterday, presented by the Bison One Hundred and One Picture Company, is the kind of a picture that establishes this art as an educator.

No printed account of the lamentable Battle of Little Big Horn could leave such a lasting impression as does this three-reel masterpiece.

The story begins with the outrages of the Indians in the year 1876, and concludes with the dedication of the Custer monument at the spot where he fell.

It is claimed that all the scenes were taken on the exact ground where the famous battle was fought, and hundreds of soldiers and Indians are used in the production.

The battle scene which practically fills the second reel of the subject, surpasses in realism anything previously attempted by the Bison One Hundred and One Picture Company.

The range of the picture is wide, so that the movements of the entire forces on both sides are seen. The onlooker sees Major Reno's detachment attacked while crossing a river, and its retreat. Meanwhile Captain Benteen and his detachment make the attack on the main body of the Indians.

The forces of Benteen and Reno falling him, Custer is hopelessly outnumbered, and soon is caught in "the circle of death," and his men shot off as the Indians ride in a circle about the rapidly diminishing groups in the centre.

Every man of Custer's troops is killed and the grand old leader is the last to fall. The educational power of this picture are great. It would perhaps be more appreciated in an American city, yet the wonderful battle scenes are well worth being seen by everybody, no matter what nationality they may claim.

This subject will be shown at the Unique for the last time today, along with the picture, showing The Turks and Bulgarians Preparing for War.

PROGRESSIVE PLANS OF BOARD OF TRADE WITH NEW MEN IN CHARGE

The election of officers at the annual meeting of the Board of Trade yesterday resulted in an entire change. It is understood that the new men elected intend to adopt a vigorous policy for the development of the city, their plans including the appointment of a secretary who shall be a publicity commissioner and the raising of a large sum of money for publicity purposes.

The retiring president brought up the matter of proposed trade delegations to Europe and the West Indies, and these were left to the new council. J. Hunter White gave notice of a motion providing that if any candidates for office should withdraw between the nomination meeting and the annual meeting their places might be filled by nominations at the annual meeting.

The officers for the coming year were selected as follows:—J. M. Robinson, president by acclamation; Joseph A. Likely, vice-president.

GERMANS WITH MILLIONS TO INVEST IN CANADA

Zeitung Publisher Says Dominion Can Be Link Uniting Great Britain and Germany

Edmonton, Alta., Dec. 3.—There is not the remotest danger of war between Germany and Great Britain. We are closer today than ever. I have no patience with the war gossip of a Britannico-Germanic embroglio. It is not my age.

Herr Webber, court councillor of Leipzig, Germany, and owner and publisher of the illustrated Zeitung said this here in announcing that a hundred prominent bankers, manufacturers and merchants will visit Edmonton next June on a tour of western Canada.

"At home and abroad I am an advocate of an international comity that makes for business development," Herr Webber added, "and I believe that Canada can be made a link uniting Great Britain and Germany more closely in friendship. Canada has many claims."

"I believe that Germany could profitably share with Great Britain and Canada in the development of the country. There are vast opportunities for German manufacturers, owing to the youth of the dominion and the rapid development of the coast and prairie provinces and the opening of the Peace River country to the north."

"The party of German business men coming to the Canadian west next summer is prepared to invest several millions of dollars in commercial enterprises, some of this money undoubtedly will find its way into Edmonton. The people here impress me as being alert, progressive and enterprising. They have faith in their city and the fullest confidence in the country. Nothing can stop their progress now."

HOTEL IN WATERLOO STREET

Capt. A. L. Peatman, late of the St. John River S. S. Co., has taken over the handsome residence of Henry Gallagher, at No. 59 Waterloo street, and converted it into a small hotel, which, under such capable management, promises to be one of the most comfortable hotels in the city. The house has been thoroughly renovated and the cuisine is of the best. Parties wishing to obtain comfortable apartments either permanent or transient would do well to call and secure good rooms and board at reasonable rates.

Awful Ride of Fearfully Burned Man

Spokane, Wash., Dec. 3.—His leg burned until a six-square-inch section of skin graft was necessary, did not prevent John Kelly from making a 150-mile trip from Montana to Spokane under a box car. Kelly suffered the injury when his tent burned over him in a mining camp. Having no money, he boarded the first freight and made the perilous trip in spite of the terrible burn. Kelly is recovering rapidly, following an operation.

A NEWSPAPER MATTER IN THE REGINA LEGISLATURE

Regina, Sask., Dec. 3.—How far a newspaper may go in criticizing the Legislature without putting itself in danger of legal reprisal formed the only subject of discussion in the house on Monday. The occasion was an editorial in the Regina Province.

In this article the inquiry into the election charges was declared to have been a farce, and Hon. Dr. Roche and Hon. Robert Rogers were called on "to treat with contempt" telegrams sent to them requesting the production of evidence.

It was intimated by the government that action may be taken to protect the legislature from attacks of this character, which J. F. Bole, member for Regina city, described as insulting to every member.

SERIOUS DELAY THREATENED IN THE WORK HERE

Hon. Mr. Pugsley Advises Council to Urge The Government

IMPORTANT INTERVIEW

Railway Facilities Should be Ready at Courtenay Bay and Government Appears to Have Taken no Steps—Matter of C. P. R. Running Rights

Hon. Wm. Pugsley in an interview last night spoke matters of great importance to St. John.

In reply to a question as to whether any steps had been taken by the government with regard to the providing of terminal facilities for the Grand Trunk Pacific at the head of Courtenay Bay, Dr. Pugsley said: "No. As far as I can learn no steps have been taken up to the present time. In the meantime it is important to bear in mind that the Grand Trunk Pacific Railway Company sometime ago acquired an area of land at the head of the harbor with the view of utilizing it as soon as possible."

Dr. Pugsley went on to speak of the arrangement for bringing the Winnipeg-Moncton section of the new line into operation. The arrangement was, and presumably still is, that the company should operate the completed section in New Brunswick, as well as other sections, as they are completed from time to time, pending the completion of the whole road, and the entering into of the lease thereof as provided for by the Transcontinental Railway Act, upon the following terms: namely, that the company should operate the sections with their own rolling stock, keep an account of their receipts and operating expenses, the government to make good any deficiency which may exist, the same to be added to the capital account upon which the company would pay interest, the same as upon other capital expenditure under the agreement with the government.

What St. John Has Missed.

"Had the late government been returned to power," he went on, "I have no doubt that these arrangements would have been entered into and the work of laying tracks and constructing terminals at Courtenay Bay in connection with the wharves and other work under construction would have been commenced long before this. The delay in the company's construction work on the terminals at St. John.

"What probably was a better course for the government is to build them, and rent them on the same terms as wharves are to be rented as part of the general continental system. This improvement should have been commenced before this, and any longer delay will necessarily prove of great disadvantage to the port.

"I would suggest," added Dr. Pugsley, "that the city commissioners and the board of trade take up the matter at once and press it earnestly upon the attention of the government. Any assistance which I can give to bring it up in parliament, or otherwise, will be cheerfully given. It must not be overlooked that there is a great deal of work to be done and it cannot be commenced too soon. At present there is only one track leading from the intercolonial along the west shore of Courtenay Bay, which does not accommodate the large traffic which will come here when the Grand Trunk Pacific begins to operate the Transcontinental. There should also be one or more tracks laid down on the east shore connecting the intercolonial with the Grand Trunk Pacific."

In reply to a question with regard to the running rights of the C. P. R. over the intercolonial from St. John to Halifax, Dr. Pugsley said that he knew nothing with regard to the matter. "I have heard the rumors," he said, "that are going the rounds. I do not think that the people of St. John are opposed to the giving of running rights on reasonable terms to the C. P. R., but it would be manifestly unfair to make the terms such as would deprive it of the advantages of its present position. The matter should be watched very carefully by the people of St. John, and I think that they should know what the proposed terms are before they are generally agreed upon."

"I had pleasure when in Montreal," Dr. Pugsley concluded, "in meeting D. Lorne McGibbon, the president of the Atlantic Fisheries Company, and he assured me that the stock of the company had all been underwritten, and that there would be no unnecessary delay in proceeding with the work. He also told me that the de-

THE GENTLE MARY.

An old woman was dying and had fallen into a state of trance. Her daughter, a rather uneducated spinster of fifty or more, was the only relative she had, and she was not much grieved by her mother's approaching death. The daughter, believing her mother would depart without re-

gaining consciousness, left the sufferer in charge of a few neighbors and went to purchase a coffin and other essentials. During her absence the old woman suddenly revived and called out in feeble tones: "Mary, Mary, are ye there?" The neighbors, consequently informed, very blunty, that Mary was gone for the cof-

in. "Oh, gracious me, what'll I do?" she sighed. "If I don't be dead when she comes back, she'll kill me."

Liverpool is recovering the large tea trade. It had formerly but lost to London for a time, because of insufficient dock and warehouse facilities.

How He Escaped An Operation

And Was Completely Cured of Piles of 14 Years' Standing by Dr. Chase's Ointment.

Doctors say that about one person in every four suffers more or less from piles, and who can imagine a more annoying, torturing, disagreeable ailment?

After trying a few treatments without success, and as the ailment grows worse, the medical doctor is consulted.

An operation, he says, is necessary. You think of the suffering, expense and risk to life itself, and hesitate before taking such a step.

In many thousands of such cases Dr. Chase's Ointment has made thorough and lasting cures. Read this letter for the proof.

Mr. Charles Beauvais, a well-known citizen of St. Jean, Que., writes:—'For 14 years I suffered from chronic piles, and considered my case very serious. I was treated by a celebrated doctor who could not help me and ordered a surgical operation as the only means of relief.'

'However, I decided to try Dr. Chase's Ointment, and obtained great relief from the first box. By the use of three boxes I was entirely cured. This is why it gives me great pleasure to recommend Dr. Chase's Ointment to all who suffer from piles as a treatment of the greatest value.'

GROWTH KEPT BACK UNDER SYSTEM AS NOW

A. B. Farmer Shows How Gradually to Transfer Tax From Improvements

POINTS WAY TO PROGRESS

St. John's First Step Should be an Accurate Valuation and Commissioner McLellan Gives News That Action Towards This is Favored by Council

'Eighteen months ago when I was in St. John the town was nearly asleep with all its population, but I have heard of the awakening since that time, and the business men I have met during this visit have a different idea of things.'

'You people of St. John are just beginning to think of the possibilities before you,' he said, 'and the growth of the city is only starting.'

'Mr. Farmer advocated land tax in preference to all other forms of taxation. His arguments in favor of land tax were to the point, and met with the approval of many of those present.'

'In opening his address he said that there were a few people who would do work for the city free but the trouble was that the great majority of the people had to earn a living and had no time to give to civic work. So it was necessary to have the city work done in some other way, and this brought about the introduction of taxation.'

'The proper method of raising money for civic purposes was to tax the land. A parallel. He drew a parallel between a first class building and a city. In the office building the tenant goes in and elevators, corresponding in cities to street cars, are supplied free. The halls are cleaned and fire protection is also given, while a certain amount of order is kept. If the owners of the building instead of asking a certain rental for the rooms should make arrangements to collect, say 2 per cent on the furniture of the tenant or on the amount of business transacted and place a man in a blue uniform at the door and this man should examine the pockets and clothing of all who entered the building to see that nothing of value was taken into the building without paying the 2 per cent, this method would certainly not be considered sound business, but everyone would agree that the tenants should pay rent for the space occupied. In the same way the city should collect taxes on the space occupied by the people of the city, and not on the value of the improvements that might be made to the land in the way of building, etc.'

'Police protection, fire departments, good streets, all tend to make the land more valuable, and it would only seem right that the land should be made to pay. A town with an efficient police force,' Mr. Farmer said, 'will attract people who will want homes, and the increase in land values immediately begins.'

'As an instance of how street cars raise the value of land, Mr. Farmer told of a town near New York where there were many people who were unable to get to their work they were compelled to pay a street car fare of five cents each way. One of the big land owners took up the matter of reducing the fare and succeeded in having the fare cut to five cents. The town immediately began to improve and the value of the land increased as more people were able to live and all on account of the low street car fare.'

AN OVEN THAT BAKES 2,250 PIES AN HOUR

Spokane, Wash., Dec. 3.—The oven that baked 2,250 pies an hour during the recent national apple show may be taken to New York to cook food for the "bread lines." Lew S. Haring, of Spokane, originator of the seventy-five foot oven, is not only negotiating with New York people for its installation there, where it is to be used in one hour work which now requires six, but he has organized a company and will cook bread "by the mile" in San Francisco in 1913.

The oven has been patented. It is built of brick, is seventy-five long and three feet square. Heat is supplied by high pressure gas pipes. The pies or other articles are carried from end to end on an endless chain. The journey requires one and a half minutes. The huge oven was looked on rather as a joke until it successfully baked 20,000 pies at the apple show.

Police protection, fire departments, good streets, all tend to make the land more valuable, and it would only seem right that the land should be made to pay. A town with an efficient police force,' Mr. Farmer said, 'will attract people who will want homes, and the increase in land values immediately begins.'

As an instance of how street cars raise the value of land, Mr. Farmer told of a town near New York where there were many people who were unable to get to their work they were compelled to pay a street car fare of five cents each way. One of the big land owners took up the matter of reducing the fare and succeeded in having the fare cut to five cents. The town immediately began to improve and the value of the land increased as more people were able to live and all on account of the low street car fare.'

Mr. Farmer spoke of the great building boom that had been experienced in Vancouver since the law was passed which gave practical exemption to buildings. Even in 1910 when there was a great money depression, the building in Vancouver was much more than was expected. He pointed out that in British Columbia the province collects a \$2 poll tax and also a license from businesses. Alberta and other western provinces have adopted laws which give communities the right to take the tax off buildings. The land tax has been working so well in western Canada that many of the people from the United States have come over there.

He emphasized his opposition to tax on improvements and thought that the levying of taxes on private property was simply an act of theft on the part of the city.

Drawbacks to Present System. He referred to the work and power of the assessors and expressed the opinion that in many cases they made their assessments more with the idea of keeping the people from kicking than from the real valuation of their property. Several personal experiences in contact with the assessment law of Ontario were given by Mr. Farmer and he showed that in Toronto the land tax law was very successful. He pointed out that in his own case while he owned unimproved land the taxes amounted to \$48 and after his house had been erected the tax on the same land only increased to \$98, or about one-third. This, he thought, was a great inducement for owners of land to build or else get rid of their lots, as unimproved land which was bringing in no income was taxed nearly as high as though it were occupied by buildings bringing in a revenue.

For the purpose of getting at the value of land, he thought there was no system better than the Somers or other unit system. After it has been decided to adopt this system the assessors get together and by means of meetings of citizens and business men the value of the land is arrived at.

Mr. Doty, a representative of the company owning the Somers system, was here a short time ago and told of the advantages of the system. He spoke before the city commissioners and other civic officials. The system seemed to be what was needed in St. John.

Mr. Farmer told how the system was introduced in Cleveland. First the assessors met with real estate men and put a tentative value on the unit lot in different blocks. Then public meetings were called and amendments made to the values as agreed upon by the citizens. Then by means of tables the values of the different lots and corners were worked out.

By taxing on the full value of the property, Mr. Farmer pointed out, the percentage would be lowered. The percentage is what the outsider sees and the credit of the city is also increased.

Mr. Farmer thought that the sudden exemption of improvements might not be advisable but he believed that it could be gradually adopted.

'Tuberculosis hospitals,' continued Mr. Farmer, 'should be built and you will have to keep on building them as long as you keep people from building sanitary homes by placing big taxes on improvements.'

After his address Mr. Farmer read a telegram which he had received from Toronto and which said that the Toronto city council had decided to put the matter of tax reform up to the people in January.

Urges Change. A. H. Hanington spoke for a few minutes. He said that the present tax system was keeping the city of St. John back and he believed that the assessment system would have to be rearranged before the city would come into its proper place as one of the best cities in Canada.

In answer to William Vincent, Mr. Farmer said that the matter of who should pay the taxes on leased land was for the lessor and the lessee to decide between themselves. The city could always all the land for taxes and he thought that some one would pay before that happened.

Was Troubled With His Heart.

HAD TO GIVE UP WORK.

When the heart begins to beat irregularly, palpitates and throbs, skips beats, and sometimes seems to almost stop, it causes great anxiety and alarm. Many people are kept in a state of morbid fear of death, become weak, worn and miserable, and are unable to attend to either social or business duties, through this unnatural action of the heart.

To all such sufferers Milburn's Heart and Nerve Pills will give prompt and permanent relief.

Mr. Alfred Male, Elaida, Ont., writes:—'I was troubled with my heart for two or three years. I thought sometimes that I would die. I went to the doctor, and he said he could not do anything for me. I had to give up work. My wife persuaded me to try Milburn's Heart and Nerve Pills. The first box relieved me, so I kept on until I had taken seven boxes, and they cured me. I would not be without them on any journey, as they are worth their weight in gold. I advise my friends and neighbors who are troubled with heart or nerve trouble to try them.'

Milburn's Heart and Nerve Pills are 50 cents a box, 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto Ont.

increased the value of buildings. He had confidence enough in the assessors to believe that they were carrying out the law. T. H. Bullock, president of the Canadian Club, thanked the speaker on behalf of the club, and also extended thanks to the rector and officers of Trinity church for the use of the room in which the meeting took place.

Mr. Farmer announced that Halifax had decided to adopt the Somers system of assessment and that he was going to Nova Scotia to talk on tax reform in different parts of that province.

Progressive Action Forehandwed. At the conclusion of the meeting Commissioner McLellan explained to Mr. Farmer that the mayor and commissioners had recently listened to a long and convincing address from Mr. Doty on the Somers unit system of valuation. They were so impressed by it that it had been virtually decided in committee to bring the necessary experts here and have the work done. The clerical work would be carried on by local men. It would take some weeks for the experts to apply the system and work out the tables. This would give the city a starting point by accurately determining the values of real property. In cities where this system has been applied the result has been to decrease the taxation on other forms of property, though the total levy may be greater. If real property is accurately assessed at its true value the burden on income and personal property is less.

It is evident that the commission has been giving much attention to assessment and taxation and that progressive action is probable.

The following "unrehearsed incident" took place at a village cricket match in England: One of the umpires was the village butcher, who was very absent-minded. A wicket had fallen, and the incoming batsman took up his position and made the request to the butcher umpire, who was talking to the bowler at the other end: "Give me leg, please."

"Turning round rather quickly, the umpire remarked: "Very sorry, sir, we've only got shoulder-lets."

SPORT NEWS OF A DAY, HOME AND ABROAD

Baseball

Bresnahan's Case. New York, Dec. 2.—President Lynch of the National League today sent out a call for a meeting of the board of directors on next Monday, the day before the annual meeting of the league on December 10.

The Red Sox. (Boston American.) Clyde Engle and Olaf Henriksen, the kings of pinch hitting, have returned to Boston. We had almost forgotten what the Red Sox did less than two months ago. Just to keep it fresh in our memory Engle and Henriksen will remain hereabouts, holding down the lid, until March.

Race in France. Paris, Dec. 2.—American owners continue their successes on the French turf. At St. Owen in three out of six races last week romped home. Mr. Fischhoff with Lokhartia won a selling race at even money.

Los Angeles, Cal., Dec. 2.—Johnny Kibane, Cleveland, world's featherweight champion, will defend his title at the Vernon arena against Johnny Dundee, of New York, either on Saturday 22 or March 17 next, according to a message received from Jimmy Dunn, the champion's manager.

Buffalo, N. Y., Dec. 3.—Jess Willard, a Kansas cowboy boxer, who recently won a title, was defeated by a local fighter, knocked out Salor White, of Brooklyn, in one round here tonight. White was out for five minutes.

Philadelphia, Pa., Dec. 2.—Alfred Dyer, the successor to Harry S. Foy as president of the Philadelphia National League Baseball Club, is no newcomer to the game, although his name has not been publicly linked with the sport.

St. Louis, Mo., Dec. 2.—Robert Hedges, president of the St. Louis American League baseball team, who is in Los Angeles, has announced that George Stovall will continue to act as manager of that club. Hedges in this deposing of the rumors that he had attempted to obtain the services of Roger Bresnahan, deposed manager of the St. Louis Nationals, declared he was thoroughly satisfied with Stovall's work. He said he had tried hard

to obtain Bresnahan's services as a catcher, but not as manager.

Diamond Sparkles. The latest suggestion for manager of the Sacramento team of the Pacific Coast League for next season is Hap Hogan, who has led the Vernon Tigers in the race this year.

A Chinese baseball team will invade the United States next year. The directors of the Chinese University of Hawaii have given permission to the baseball team of the Institution to tour the States in 1913.

When Harry Wolverton drew his walking papers President Farrell said that he was personally fond of Wolverton and had the greatest respect for him as player and manager. "But I desire a change," he added.

In Pitcher Toney of the Cubs a great pitcher on the reserve? Fred has been with the Cubs for some time, yet remains a puzzle. He is naturally a side-arm pitcher and they've been trying to make him throw overarm. That's why he has not shown much in his performances. If they let him pitch naturally he may develop into something.

It is said that "King" Cole, a former Pirates pitcher, who was the star of a big tonorial parlor in Chicago, the shop in which C. Webb Murphy is shaved every day.

Rube Marquard declared in St. Louis last week that he would marry Blossom Seeley just as soon as she could get her divorce.

Another Win for Cowboy. Buffalo, N. Y., Dec. 3.—Jess Willard, a Kansas cowboy boxer, who recently won a title, was defeated by a local fighter, knocked out Salor White, of Brooklyn, in one round here tonight. White was out for five minutes.

Mike Twin Sullivan and Tom Barrett of this city, have been matched to meet in a boxing match in Montreal on Monday night next.

BASEBALL OUTLOOK IN THE CAPITAL

(Frederick Gleason)

Frank Harrington, the top-notch pitcher of the New Brunswick & Maine League in 1912, is likely to be with the champion Frederickton Pets again next season. Word has reached here that Harrington's contract, which was tendered him by the Providence Club of the International League, has been returned to him, the Detroit farm having a surplus of young pitchers on hand for next season.

Some surprises have been promised the local baseball fans in the announcement of the make-up of the champions for 1913 and the possibility—yes, the probability—of Frank Harrington returning is the first of a series of jolts—some pleasant and some unpleasant—which are in store for the "hugs" before spring.

The getting together of Frederickton's team for next year is in the hands of Bob Ganley, the captain of the 1912 champions, and nobody is more capable of carrying out the work properly than our old friend, Robert Stanley Ganley. His long experience in the National and American Leagues and in baseball for fifteen years since from New Brunswick to California will fit him for the job.

Latest reports from Lowell, Mass., are that eleven candidates and prospective bidders, Capt. Ganley has signed two players who are believed to fill the necessary requirements. How many more new men will be secured is, of course, not yet known.

There is a possibility that Frederickton will have a whole new infield from the initial corner all the way around to third base.

Last season it was pretty well known that the all-around work of "Hannan" Hoy was not up to the management's wishes and it was said that he would not be back again at the old place. Frank Kasey was recognized as a good ball player, but a stormy petrel, and if his place could be satisfactorily filled by some other player, he would be traded or disposed of in some way.

"Bob" Wildes was a brilliant player with his hands and feet, but his head, which did not suit Ganley last year, and that may mean that he will not come back. Then "Cubs" Ganley has signed a third baseman with the Chicago White Sox for next year.

So far as can be learned, Captain Ganley hopes to have "Bobba" Conley at third base for the champions next season, and also to get a new pitcher, who will be a fine infielder giving up the idea of going to one of Conley's farms in the West—Conley where he has a number of acres if he is reported to the Chicago club.

Another old favorite with local fans who will be the figure of the day next season is Joe Callahan, who was loaned to Woodstock after he got out of the game by injuries last season. The success of Hoy at first base, and judging by the nature of his work last season, the change would be an improvement.

For the outfield, Captain Ganley will hold the right field job himself, and he will try to have Lefty Conley back in left field again. "Pat" Duggan is not getting a ball team together, and it will be a job to land his equal for the centre field position, for besides hitting for over 350 runs in the season and covering great amount of territory, "P.J." was the greatest throwing outfielder in the N. B. & M. League. And the work of the Frederickton outfield in fielding and throwing contributed to a greater degree than most people realize to the success of the club.

However, some good timber is now available and the middle grades will have a capable caretaker—perhaps the veteran Elie Johnson of last season's Houlton team.

The better problems are generally the last and often the most difficult to solve in getting a ball team together. With Frank Harrington back again a lot is done towards the formation of a winning pitcher staff, and as to the balance of the material for this department the fans will have to wait for further information.

The need of a catcher who will prove to be of the same calibre as "Dodo" Fitzgerald is one of the things that Ganley has to tackle. "Dodo" goes south in the spring with the Providence club.

GETTING RID OF THE MIDDLEMAN

Effort To Benefit Eastern Fruit Growers and Prairie Consumers

Portage La Prairie, Man., Dec. 2.—Alex. Harie, western market commissioner of the Ontario department of agriculture, is gathering information regarding the fruit trade. The department is endeavoring to get the eastern producers and the western consumers closer together in order that the former can get a better price for the fruit and the latter will not have to pay so much.

It is likely that a system of storage houses will be established at principal centres in the prairie provinces in which stocks will be kept and sold direct to the retailers and to the consumers at a fixed price. This will eliminate the several middlemen who now seem to get a slice of the difference between one dollar a barrel in the grower's orchard and \$5.00 in the Manitoba home.

The Dominion fruit growers of British Columbia have already bought sites in several western cities for warehouses, with the intention of selling their fruit direct to the consumers. It is thought that with several of the sites secured at Martine, the fruits of the prairie, as in this case there will be no middlemen to milk both ends.

WOMEN OF HAREMS TAKE OPPORTUNITY AND FLEE

Many Leave Constantinople For Europe, Bringing Rich Jewels and Robes

Paris, Dec. 2.—The Turkish harems have been considerably depleted since the Ottoman capital has been threatened by the Bulgarian army. Many of the educated women belonging to the establishments of Turkish harems of high rank, have taken advantage of the unsettled conditions to escape from the harem and proceed to western Europe.

Several of the women secured at Martine, the fruits of the prairie, as in this case there will be no middlemen to milk both ends.

The show every appearance of having departed in haste. They possess very little money, but have brought with them much splendid jewelry and some fine silks.

HALIFAX TAKES STEPS FOR CITY PLANNING

Proposal to Engage Expert—An Appropriation of \$4,000

(Halifax Recorder.) The Civic Improvement Board of the City Council met last night and went fully into the question of constituting a city planning project for Halifax, and from inquiries made ascertained that the necessary funds were available from the Civic Improvement League was substantially correct. It is estimated that a sum of \$4,000 would cover the cost.

The board discussed the question and the opinion was unanimous that the city council should engage a city planner and appropriate \$4,000 for the purpose.

The larger discussion of civic improvement led to considerable comment on the part of the members of the council. Mr. Hattie believes that the council will look more favorably upon the city planning project in view of the importance having become so much more apparent.

Clarence Longard's opinion is that if ever the city needed outside expert advice it requires it now, for the things suggested are almost beyond the conception of the city council at present.

SCHOONER MINA GERMAN ASHORE AT CHURCH POINT

The schooner Mina German, Captain German, bound from Meteghan to Weymouth, ran ashore at Church Point on Saturday last and is still high and dry on the shore. The schooner was light at the time, and in the heavy gale on Saturday was forced ashore. Captain Maloney of this city has just returned from Church Point, and says that the schooner will not be floated until the next spring tide. He says she is resting on a very even bottom, and the owners expect to get her clear without much damage.

RAILWAY MEN

HERE TO INSPECT

Officials of Several Lines Are In City—See West St. John and Courtenay Bay

The arrival of a party of prominent officials of the Grand Trunk, Grand Trunk Pacific National Transcontinental Railway who reached the city this morning marks an important step forward in the preparations for the immense traffic which will be brought to this port over the lines of the G. T. P. and the N. T. R. The party consists of J. E. Dalrymple, vice-president of the Grand Trunk and allied lines; G. T. Bell, assistant traffic passenger manager, James Edwards, commercial agent at Moncton; W. B. Cronk, general superintendent of the National Transcontinental Railway; E. Tiffin of the I. C. R. Board of Management; and J. H. Corcoran, passenger representative of the G. T. P. in the maritime provinces. The party arrived in St. John on the early morning express in private cars and are spending the day inspecting the existing harbor facilities and the site of the new works which are under way or projected. They spent this morning at West St. John and this afternoon at Courtenay Bay. Mr. Dalrymple's object in visiting this section is to familiarize himself with the situation in the maritime provinces, especially at St. John and Halifax and also in connection with the development of the needed facilities at Courtenay Bay. The party will leave St. John this evening at 6:35 o'clock to return to Moncton and will leave Moncton tomorrow morning for a trip of inspection over the section of the Transcontinental which is now being operated. This extends from Moncton to Edmundston and they will also go past Edmundston to the end of the present track construction, a distance of about seventy-five miles.

GOLD STORAGE CASE TAKEN UP TODAY

Company Against R. J. Graham, Former Manager—Street Railway Accident Case

The case of the New Brunswick Gold Storage Co. Ltd., against Robert J. Graham of Belleville, Ontario, was taken up before S. S. Legere, deputy registrar of the high court of justice in the province of Ontario, in the provincial court this morning. This is a suit to recover about \$7,000, the action arising out of several complicated business arrangements while the defendant was manager of the plaintiff company. The transactions are of a very intricate nature. Leslie S. Macoun was on the stand this morning, and H. R. Ross was examined last evening. J. R. M. Baxter, K. C., is appearing for the plaintiff, and the defendant is appearing in person. The hearing is being continued this afternoon in Circuit Court.

The case of Sarah Ryder administratrix of the estate of James Ryder vs. The St. John Railway Company was resumed in the circuit court this morning. Mrs. Ryder and Walter Ryder were recalled. The jury left for Main street to view the scene of the accident and returned in three-quarters of an hour. Patrick O'Brien and David S. Roberts were then examined. D. Mullin, K. C., for the plaintiff and H. H. McLean, K. C., and Fred H. Taylor for the defendant.

FORESTERS HEAR GOOD ADDRESSES AND A NICE PROGRAMME

Notwithstanding the heavy storm of last evening, the members of Coupa La Tour I. O. F. and their friends turned out in large numbers in the M-rke building court room for the second entertainment of the winter. Features were addressed by the supreme orator of the order, Rev. R. H. Thomas and M. E. Grass, H.V.C.B. Chief Ranger, O. E. Maquoid presided and welcomed the members and their friends. F. L. Dexter, in a manly selection, received hearty applause, and an encore, and his vocal numbers were also favored. A solo by W. J. Bambray was exceedingly well rendered and won much applause. Roy Harding, who is always a favorite, recited in excellent style, "The Visitor," and in response to recall, gave "Christmas in the Poor House." Mr. Grass in his address strongly urged the advantages of the order to young men and how to many it had been the stepping stone to a successful life. He also spoke of the excellent work being accomplished by the Orphans' Home, of the care bestowed on the children after their school days in placing them in positions to enable them to become good and worthy citizens. Mr. Thomas referred in kindly words to Judge F. W. Emmerson, H.S., who is now lying seriously ill. His remarks regarding the high secretary aroused the deepest sympathy of all present. The speaker then spoke of the order in eloquent language, showing the strong hold fraternity had in the minds of men, and the upbuilding of this country. Taking the words, Liberty, Benevolence, and Concord, the order's motto. He spoke of Liberty as the magic word to British men wherever it sounded. It had impressed its mark on Foresters and their work for humanity. Benevolence brought before members their responsibilities to their fellow men, in visiting the afflicted and relieving the distressed and protecting the widows and orphans. Concord tended to making a strong and united bond as brethren to promote mutual respect and aims of purpose in the work for humanity. The speaker also referred to the work of the order in the many benefits given, insurance, sick and funeral benefits, total disability, and old age benefits, the sanitation and orphan's home. In closing Mr. Thomas paid, in words of high commendation, a tribute to the supreme chief ranger, Hon. E. J. Stevenson, in bringing the order to its present high standing among the great fraternities of the country, and placing it on a sound and solvent basis. At the close of his address, Mr. Thomas was tendered a hearty vote of thanks. A resolution was also adopted, expressing sympathy and regret at the illness of Judge Emmerson. The proceedings closed with the national anthem.
