NEUTRAL NATIONS FEAR OUTBREAK OF BOLSHEVISM

Official News That Emperor of Austria Gives up His Throne

Ignominious Death of German Crown Prince

Frederick William Shot and Killed on Monday Morning by German Soldiers When Trying to Cross the Dutch Frontier is One Report—Another Says He is in Holland

London, Nov. 12.—The Crown Prince Frederick William of Germany was shot and killed on Monday morning by German soldiers when trying to cross the Dutch frontier, according to Amsterdam despatches to the Times and Post.

Paris, Nov. 12.—(Havas Agency)—The death of the Crown Prince of Germany is confirmed by The Hague correspondent of the German news agency at Munich, according to advices to the Matin.

HOLLAND FEARS EARLY OUTBREAK OF BOLSHEVISM

Revolutionary Socialist Party Already Advocating Russian Methods—New Republican Party Arises

Amsterdam, Nov. 12.—Popular joy in Holland over the end of the war is overshadowed by indefinite apprehension of Bolshevik troubles and doubts whether a partial demobilization of the army, with an increase in the bread ration will suffice to stave off subversive infection.

London, Nov. 12.—The revolution in Sweden, where organs of the independent Socialists published a manifesto urging the establishment of soldiers and workmen's councils everywhere in order to establish a Socialist government and republic, according to Copenhagen advices to the Exchange Telegraph Company.

Agreement Between Socialists Places Political Power in Hands of Workingmen's and Soldier's Council

London, Nov. 12.—A despatch to the Exchange Telegraph from Copenhagen says the demands of the independent Socialists in Germany, which have been accepted by the majority Socialists, include the provision that political power shall be in the hands of the soldiers and workmen's council, which will be summoned in plenary assembly to represent the whole country as soon as possible.

NO FURTHER OFFICIAL WAR STATEMENTS.

Paris, Nov. 12.—It was stated at the war office today that no further official statements detailing events of the battlefield will be issued. From time to time, however, there must be official reports regarding the movement of troops in occupying districts west of the Rhine.

SOME MEASURE OF FREEDOM FOR FORMER KAISER

Parole Silently Assumed as Moraie Obligation PERMITTED TO REMAIN

Is Now Count William Hohenzollern—Expected to Purchase Estate and Settle in Holland—Fifty in His Party

London, Nov. 12.—Holland will permit Count William Hohenzollern to remain on Dutch soil on the same terms of internment as other high officials of the German army. He has taken the name of Count William Hohenzollern and is expected to buy an estate and remain in Holland, according to an Amsterdam despatch to the Exchange Telegraph Company.

Amsterdam, Nov. 12.—(By the Associated Press)—Count William Hohenzollern, former German emperor, arrived Monday afternoon at the Castle of Amerongen, Count Von Bentinck's country seat at Maarssen in the province of Utrecht.

London, Nov. 12.—(Canadian Press despatch from Reuters' Limited)—Reuters' agency learns that the imperial war cabinet will shortly resume its sittings in order to deliberate on the terms of peace. Moreover, there will be important conferences and discussions in London between the imperial and dominion statesmen.

St. Paul, Minn., Nov. 12.—Official returns from fifty-nine of eighty-six counties tabulated tonight indicated that the state prohibition amendment was defeated at the recent election for lack of a majority of the total vote. The dry question, however, received a majority of about 15,000 over the wet vote.

Mrs. Elizabeth Briggs, widow of George A. Briggs, died yesterday at the residence of Edward Gammett, Silver Falls, after a ten weeks' illness. She is survived by one daughter, Miss Amanda Briggs, of this city. The funeral will take place tomorrow.

HEAVY WEATHER REPORT

Synopsis—A few light scattered showers or snow flurries have occurred in Ontario, but the weather in Canada on the whole has been very fine. Lakes and Georgian Bay—Moderate to fresh winds, fair today and on Thursday, not much change in temperature.

REFUGEES FLOCK BACK TO HOMES IN BELGIUM

Civil Population More Bitter Towards Germans Than the Soldiers—Canadian Corps Has Been Feeding Half Million Civilians

Belgian Headquarters, Nov. 11, Monday.—(By the Associated Press)—"The war is over," was the expression heard everywhere in re-occupied Belgium today. The abdication and subsequent flight of the German emperor was received without elation or enthusiasm, but the news of the unconditional acceptance of Marshal Foch's conditions was greeted by the people and the soldiers with relief and satisfaction.

The civilian population is more bitter toward the Germans than are the soldiers who fought the enemy to a standstill. Terms of bitter hate and execration are heard among the civilians, while the soldiers grin soberly and say: "The war is over."

Toronto, Nov. 12.—Joseph W. Grigg, in a special cable to the Mail and Empire, says: Refugees were small the roads leading to and from the battle area. For days they had been trekking on foot with their household effects, heading toward indefinite places of refuge over the bad roads. Now every hilly road is piled with women and children, heading and cooling themselves.

London, Nov. 12.—(Canadian Press despatch from Reuters' Limited)—In the course of his speech moving the £700,000,000 vote of credit in the House of Commons yesterday, Andrew Bonar Law, the chancellor of the exchequer, declared that the part taken in the war and the part to be taken in the world.

EMPIRE'S PART IN THE WAR WAS THE GREATEST

Bonar Law Pays Tribute to Dominion's Soldiers "WHAT TROOPS THEY ARE!"

Dominions to Have Voice in Peace Negotiations—Allies Can Get All They Ask Under Wilson's Terms

London, Nov. 12.—(Canadian Press despatch from Reuters' Limited)—In the course of his speech moving the £700,000,000 vote of credit in the House of Commons yesterday, Andrew Bonar Law, the chancellor of the exchequer, declared that the part taken in the war and the part to be taken in the world.

Washington, Nov. 12.—Government financial needs for many years are almost certain to run above \$4,000,000,000 annually, treasury experts estimate and most of the money will be raised by taxation.

Amsterdam, Nov. 12.—Count Von Bentinck, at whose chateau the former German emperor is staying, told the Handelsblat today that it was only yesterday afternoon that he received a sudden request from the Dutch government asking him to accommodate William Hohenzollern and his suite, the number in the retinue not being given.

Amsterdam, Nov. 12.—A few aged German generals accompanied William Hohenzollern on his flight to Holland. When they reached the frontier they were stopped by Dutch frontier guards, who sent for General Onnen, chief of the internment service, and some local authorities. After being introduced to the former emperor, General Onnen entered the automobile which had crossed the frontier and drove off. The bystanders hissed the former German war lord. One of the generals in the party was in tears when the group drove away.

London, Nov. 13.—Holland's hesitancy in dealing with William Hohenzollern is ascribed to the extremely indefinite state of public opinion in Holland by the Amsterdam correspondent of the Mail. He says that German revolutionary soldiers along the Dutch frontier say that they were strictly ordered to prevent the former emperor and his family to escape into Holland.

Late Saturday night and shortly after six o'clock on Sunday morning, he says, the sound of cannon could be heard from German territory. It was reported that a fight had taken place between revolutionists and royalist troops and that both sides had used artillery.

Washington, Nov. 11.—Speculative short selling in cotton on New York and New Orleans exchanges has been prohibited by the cotton distribution committee of the war industries board, because of undue short selling yesterday, which caused the market to fall two cents.

Abdication of Charles Officially Announced

Austria-Hungary Has Thrown Off Yoke of Despotism—Archduke Josef and His Son Take Oaths as Simple Hungarian Citizens Named Hapsburg

Copenhagen, Nov. 13, 3.50 a. m.—The abdication of Emperor Charles of Austria is officially announced at Vienna.

Berna, Nov. 12.—Budapest newspapers received here contain details of a remarkable ceremony in which Archduke Josef of Austria and his son, Josef Francis, took oath to the Hungarian constitution as simple Hungarian citizens named Hapsburg. The newspapers say this was the first instance in 400 years when such a renunciation was made. All privileges were given up by the archduke and his son.

Another Revolution. The newspapers also say that the little principality of Liechtenstein of 10,000 inhabitants situated on the Swiss eastern frontier, also have had a revolution. The Prince of Liechtenstein was forced to leave the country. He was superseded by Dr. Ritter, a lawyer of Innsbruck.

Prince of Reuss Follows. Copenhagen, Nov. 12.—A despatch received from Berlin says that Prince Heinrich XXVII, of Reuss, of the younger line, has abdicated. Prince Heinrich was reigning prince of the house of Furstenstern Reuss of the younger branch. He was born in 1858.

Workmen and Soldiers Councils. Amsterdam, Nov. 12.—A meeting of six thousand Jewish soldiers formed a Soldiers' and Workmen's Council and occupied Leopoldstadt, an eastern quarter of Vienna, according to a Vienna despatch which quotes the Jewish correspondence bureau. The administration of the Jewish community is in the hands of a Jewish national council.

Jewish soldiers and workmen's councils have been established at Prague, Tereznostadt, Olmutz, and other places and have been welcomed by the Czechs. The Jewish communities of Moldavia have accepted the Jewish national programme.

SUES CITY FOR \$1,300 FOR DAMAGE BY MOB

Mill Street Store Raided And Wrecked Rowdies Who Broke Into Cold Storage Plant Will Be Prosecuted

Portis Nicholas, the Greek whose shoe shine parlor and tobacco store in Mill street was devastated last night by a crowd of hoodlums, is bringing action against the city for \$1,300. H. O. McInerney waited on Mayor Hayes this morning representing Mr. Nicholas and asked the city to make good the loss sustained. He was referred to the city solicitor, J. B. M. Baxter, K. C.

Mayor Hayes remarked that the perpetrators should be found and severely punished. He said it was a pity that the celebration had to be marred by such actions on the part of hoodlums.

An endeavor is being made to ascertain the names of the gang of rowdies who broke into the cold storage last night and if they are discovered they will be made pay dearly for their depredations. In addition to breaking into the store, the mob broke the cash drawer, endeavor to break into the vault, tore up and scattered office books and papers and broke the locks of eight compartments. The damage alone is said to be over \$200. In addition to the damage a charge of robbery will be made against every one participating in the affair. An official speaking to the Times, said that all that is stored in the plant is food stuffs for the boys overseas and it might have proven a serious affair if any of the food was destroyed. He pointed out that there is reason to protect the food and the troops will need as much this winter as ever before.

Either Government Ownership Or Control Of U. S. Railways. Washington, Nov. 12.—Winthrop M. Daniels, chairman of the Interstate Commerce Commission, predicted in an address today that railroads after the war will be operated either under entire government management or control or private management with government supervision of financing and elimination of competitive waste. He was speaking before the annual meeting of the National Association of Railway and Utility Commissioners, a body of state representatives.

Telegraphers Complain. Washington, Nov. 12.—Postmaster-General Burleson was asked today by the war labor board to give early consideration to complaints of employees of the Western Union and Postal Telegraph Companies of discrimination by the wire board and wage commission of the post office department.

AN ATTEMPT AT MISCHIEF MAKING

Times Describes German Minister's Message To President Wilson—Bavaria Seeks Protection From Allies

London, Nov. 12.—(British Wireless Service)—The Times describes the appeal of Dr. Solf, the German foreign secretary to President Wilson regarding the armistice conditions affecting the food supply of the German people as "a contemptible attempt at mischief making." The newspaper says that Dr. Solf has but to look at the armistice in order to contemplate such provisioning of Germany during the armistice as shall be found necessary.

The Daily Chronicle says Germany, "which never showed mercy, now has to implore it." It adds that the Allies no doubt will take such steps as humanity dictates, so far as they can consistently do so and feed their own populations.

Bavaria Also Appeals. Copenhagen, Nov. 12.—The new Bavarian government has sent a message to President Wilson, through Switzerland, expressing its fears that the armistice terms will bring chaos to the disordered young republic and requesting that Great Britain, France and Italy be asked to punish the guilty. The message adds that the German autocracy and military party do not deserve mercy.

A warning. Boston, Nov. 12.—Discussing the problems immediately confronting the government, at a victory celebration here today, United States Senator Lodge warned against a new pacifist and pro-German campaign both in this country and in England, which he said, was sure to follow the signing of the armistice.

BELGIUM WILL BE INDEPENDENT

Washington, Nov. 12.—The Belgian legation, in an official statement today, announced that Belgium will no longer submit to a status of "guaranteed neutrality" like that which existed before the war. It aspires to "complete independence; to the rights common to all free peoples."

A return to the "status quo of 1839" the statement said, will entail a perpetual intrusion by Germany upon the domestic life of the nation and create a situation "intolerable to public opinion and certain to cause serious difficulties."

GOOD THINGS COMING TO THEATRES OF ST. JOHN

GEM'S WELCOMING PORTALS THROWN OPEN TOMORROW

The Gem tomorrow throws its doors open to its old friends and bids welcome to all new ones as well. After weeks of darkness the lights of the renovated Gem will blaze out again Thursday afternoon and evening at 2.30, 7.15 and 8.45.

Tomorrow will be all pictures. George White in a five reel Fox relief, "The Kid is Clever" is the feature. The programme will also include a Pathe News Weekly and a rattling good comedy. This programme also for Friday. Prices: Afternoon 5 cents for children; adults, balcony, 5 cents; downstairs, 10 cents; evening, balcony, 10 cents; downstairs, 15 cents.

LOCAL THEATRES PAY SEVENTEEN TAXES

To the casual reader the fact that picture house proprietors are the victims of seventeen taxes, must be something of a surprise. But it is stated to be an actual fact, and that this, together with the other increasing costs of operation, is forcing the Gem, Unique, Star, Palace, Empress and Gaiety Theatres to make their top price in the evenings fifteen instead of ten cents.

LANSOWNE WARD IS DOING GREAT WORK FOR THE VICTORY LOAN

The great work of the Victory Loan committee in Lansdowne ward is attracting attention throughout the city. The objective of this ward was \$100,000 and already the energetic committee has collected \$806,750, thereby winning a flag and three crowns. In addition they have the record to date for the number of applications, which now aggregate 600.

The appeal to all for a liberal response during the remaining three days of the drive was not made in vain for this morning the Bedford Construction Company purchased a \$20,000 bond. This was heralded with joy by the committee who are striving so hard to reach their objective.

Reports from other parts of the province show that Westmorland county continues to make a great showing. The objective there was \$1,000,000 and they have exceeded that by \$84,000. Madawaska county is also going strong and has won a third crown. Bathurst is following their lead and has now won a crown for their flag.

The central committee is issuing another appeal for automobiles. They will supply chauffeurs and will be responsible for the cars while they are in use. They say that only a few citizens were good enough to donate cars and they are handicapped by the lack of them.

WHEN A FAMILY NEEDS A FRIEND

In the Absence of Doctors Nobly Gone to War, After Influenza, the Grip—Those wonderfully useful medicines, Hood's Sarsaparilla and Hood's Pills, are warmly recommended.

Hood's Sarsaparilla, taken before meals three times a day, and Hood's Pills, taken at night, are so reliable and always ready friends. They purify the blood, relieve and prevent biliousness and constipation, build up strength and regulate the system.

Get both, or either one, as you think you need, from your druggist today and begin treatment at once.

TWO DEATHS IN FAMILY. Mrs. Albert T. Stewart, of 15 Hanover street, died at her home yesterday from influenza. Mrs. Stewart was only ill four days. Besides her husband she leaves three small children, which are all down with the epidemic, and four sisters residing in Winnipeg. In the afternoon her sister-in-law, Miss Maria Stewart, passed away. She was a daughter of Mrs. Levisa and the late W. H. Stewart. Besides her mother she leaves two brothers, Albert and William, and one sister, Mrs. P. W. Hewitson. The case is a very sad one and the surviving relatives of the family will have the sympathy of their friends in their bereavement.

B. L. Wood, the popular Fairville grocer, died at his home yesterday. Early in the morning the Stork appeared and left a tiny baby girl.

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

When Cross, Feverish and Sick Give "California Syrup of Figs"

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach ache or diarrhoea. Listen, mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs," because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

NO REDUCTION IN AMOUNT OF MONEY NEEDED

London, Nov. 12.—(British Wireless Service)—A new loan of £700,000,000 was called for in the House of Commons today by Andrew Bonar Law, chancellor of the exchequer.

Mr. Bonar Law in moving the new vote of credit he said there would be a reduction in expenditure owing to the change in the military situation, but that the treasury officials had advised him against reducing the amount of money desired. It might be necessary for the Allies to make efforts to bring food supplies to Europe, in which case a greater expenditure would be incurred, the chancellor said. He added that the general financial situation at the end of the fiscal year would be appreciably less than his budget figures. The future prosperity and well being of the country, he continued, depends on the extent to which capital and labor could harmoniously work together. It was vital that the close international unity which the war had produced should prevail while the ravages of war were being repaired.

Mr. Bonar Law said that everything available in connection with the manufacture of instrumentalities of war would be turned to the production of merchant ships, so that there would probably be an increased expenditure under this head.

The estimated expenditure for the 392 days to October 19, was £1,411,000,000, but the actual disbursements amounted to £1,351,000,000. There was a reduction in loans to the Allies and dominions of £276,000,000, as compared with the estimate. The increases on army expenditure amounted to £39,500,000, while the disbursements for the navy decreased £13,000,000, because of the fact that expectations as to the building of merchant ships had not been realized. There was a reduction of £30,000,000 on munitions, as compared with the estimate, owing to an over-ambitious programme.

RED DIDN'T MIX WELL WITH KHAKI AND BLUE

New York, Nov. 12.—Soldiers, sailors and marines engaged tonight in a fight with several hundred members of the Socialist Society of Great New York who, with red flags pinned to their lapels, had paraded up Fifth avenue on their way to attend a meeting in Carnegie Hall at which funds were to be raised for the defense of Thomas J. Mooney, the labor leader, under death sentence in California. More than one hundred reserves had to use their night sticks freely before the disturbance was quelled.

Apparently the soldiers at first thought the parade was in celebration of Germany's defeat, but when they saw a red flag being carried at the head of the column, they hissed and followed the paraders. In front of the hall, a few individual fights were merged into a free for all.

DEMOBILIZATION OF THE ARMY IN CANADA

Ottawa, Nov. 12—Plans for the demobilization of Canada's army are under way, and a committee for dealing with the problems has been formed in the militia department.

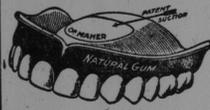

the front, and when the government some months ago laid its preliminary plans for demobilization, he was on the committee overseas which attended to it.

has been the subject of exhaustive study for some months past, and definite conclusions have been reached. In the meantime discussion of the subject is premature in view of the fact that the country is still at war, and Canadian troops are at this moment advancing into enemy territory.

Keep Your Money Earning Interest

If you have money coming in during the next twelve months, —if you have promissory notes coming due, a mortgage maturing, an estate to be settled, dividends or interest accruing to you, —money from any source which is reasonably certain;

—You can buy Victory bonds in anticipation by arranging with any chartered bank to carry you until your money comes in.

—And it won't cost you a cent to do it,

—because the bank will lend you the money at the same rate of interest which the bonds will be earning.

It means that from the moment you get your money and repay the bank, your money begins to earn interest at 5½ per cent —your money is not idle for a minute.

Canada's Chartered Banks have offered to assist investors to buy Victory Bonds with money they expect to get during the year.

This is your opportunity to help your country and to keep your money invested in an absolute safe security bearing good interest.

Why not see the banker about it to-day! Borrow and Buy Victory Bonds

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

forty-eight years ago when the Emperor of the French, in a weaver's cottage near Sedan, begged vainly for an interview with the King of Prussia? Bismarck gave the story in detail to the world through his faithful Busch. He met Napoleon on the railway, they went to the cottage and talked for nearly an hour in a room which had one window, one deal table, and two rush-bottomed chairs.

Perhaps Marshal Foch thought also of that episode a few months later in the Swan Hotel, Frankfurt, when Thiers and Jules Favre, heart-sore and in tears, signed away Alsace-Lorraine, while Bismarck gloated over their humiliation. In the version he gave to others he furnished a portrait of himself as a heartless, hypocritical, bullying tyrant, the personification of the Prussia which is now getting its deserts.

The Evening Times and Star

ST. JOHN, N. B., NOVEMBER 13, 1918

THE CELEBRATION—AND AFTER

St. John, which "carried on" with honor and distinction during four and more weary years of war, yesterday exploded with joy, relief and thankfulness in a mighty celebration of victory, of peace, of coming tranquility, of calm after storm and stress and sorrow.

But let us not stop there. Let us soberly remind ourselves that the fruits of victory must be gathered and preserved at home as well as abroad. With the most intense interest we shall follow the work of reconstructing Europe and a great part of the East.

No less serious and absorbing are the problems of the "home fronts," of the period of reconstruction in France, in Britain, in the United States, and in Canada. Having conquered Germany and saved the world from slavery under the Hun, there remains the mighty task of giving full effect to the principles for which our armies fought so long and with such valor and unselfishness.

In these days, therefore, it is well that all should give serious thought to the lessons of the war and the responsibilities that come with victory—in short, to the things we must do in order to keep Canada a land worthy of the untold sacrifices that have been made to preserve its liberty intact and its borders inviolate.

FOCH—SOLDIER AND MAN

In the day of triumph Canadians should remember, and generously accord, the honor due to Foch, the great French captain of war, who piloted the Allied hosts to victory.

"All his life has been a preparation for the mighty task thrust upon him. He has seemingly been predestined for his role as the triumphant leader of the armed forces of civilization and liberty against the organized savagery and panoplied egotism which nearly succeeded in drowning the free nations of Europe in blood.

ly. During these wonderful "Hundred Days" he has spoken only a few sentences to a world listening for his every word. His official messages have been equally laconic.

We need not for an instant forget the mighty deeds of Britain by sea and land, we do not detract in the slightest from the homage due Haig and the glorious British armies, when we turn with generous admiration and glowing gratitude to honor France and the generalissimo who led the hosts of freedom to final and complete victory.

Brussels is being evacuated by the enemy, and it is believed now that King Albert and his family will re-enter their capital on Friday. The courage of this king and his people have long held the admiration of the whole world, and when he re-enters his capital at the head of his victorious troops Belgium will begin to live again and all the free nations will rejoice.

The report that the ex-Crown Prince of Germany was shot and killed on Monday morning by German soldiers when trying to cross the German frontier is published by the London Times in the form of an Amsterdam despatch. Perhaps no more hated figure has come to the front during the war than the ex-Kaiser's heir, and if the report of his death be true it will excite neither pity nor regret in the world at large.

The ex-Kaiser is to be interned in Holland according to the latest advices. He cannot escape from that refuge, and if his life be spared in the meantime he will be available should the Allies decide to place him on trial as the greatest criminal in history.

Substitutes Lower Prices

Dr. R. J. McFall, cost of living commissioner in the department of labor, in a published statement on the use of substitutes for flour in baking, says:—"There has been considerable fear lest the orders of the Canada Food Board requiring the use of substitutes in baking would necessitate an increase in the cost of bread.

"We all know what would have happened to prices," Dr. McFall continues, "had bakers been restricted to this limited supply of wheat unless regulation of prices had been adopted. A much saner policy has been carried out. The millers have been induced to make substitute flours from other grains to relieve the shortage which would and should exist in wheat flour.

"Domestic substitutes are now on the market for the bakers at lower prices than wheat flour and there is every reason to believe that they may be kept at these low figures if the bakers provide a steady market for domestic substitute flours."

The cost of living branch has notified bakers that, in future, published estimates of costs of bread in each locality will take into account the cost of the lowest-priced substitute available.

And Now--Our Part

Canada's Army has splendidly finished its share in saving civilization on the battlefields.

Now let us take up the completion of our share of the task.

Canada must still continue for a time to maintain her soldiers; must provide transportation to bring them home; must arrange for their future so that they may again become self-supporting units in a reconstructed world.

Canada must maintain prosperity at home—must continue for a time to finance the purchases of food and supplies for Great Britain and our allies in order that she may take her rightful place as a great sea-carrying power.

For all these things hundreds of millions of dollars will be required. To demobilize and re-establish our soldiers in civil life alone will take many millions.

Canada's Victory Loan, 1918, will provide the necessary working capital. Therefore, Canada's Victory Loan, 1918, must be a great over-subscribed success.

Our part, then, is to buy bonds and complete our great victory.

HERE COMES ROUMANIA WITH NEW WAR ON HUN

St. John, Nov. 12.—(Havas Agency)—A dispatch from the Frankfort Gazette from Budapest says the new Roumanian government has declared war on Germany.

RECENT DEATHS

Many will hear with regret of the death of John F. Petric, which occurred last evening at his home, 103 Gilbert's street, following an illness of one week of pneumonia. He was the eldest son of Mrs. Margaret and the late John Petric and leaves his wife, three children, his mother, three brothers and two sisters. The brothers are James, Joseph and Joseph, and the sisters are Rose and Margaret and the aunts. All are of this city.

Ernest E. Richard, of Marysville, died at his home recently. He was thirty-four years old. He leaves his wife, one son and three daughters.

The death of William K. Sutherland, of Fredericton, occurred last night. He was a popular student at the U. N. B.

Michael A. Power, eldest son of the late John and Mary Power, of St. Martine, died at his home in Roxbury, Mass., October 30.

Mrs. Catherine Steeves of Hillsboro died on Sunday. She was sixty-two years old.

MILITARY NOTES

Lieutenant Frank E. Groves, who for two years was attached to the military headquarters staff, and resigned his position to go overseas, returned to the city last night from overseas. Lieutenant Harold L. Nixon of this city arrived home from the front on Monday night. He went overseas as a member of the Canadian Engineers. A cable was received in Moncton yesterday announcing the marriage in London of Lieut. Harold N. Price, R. A. F., Miss Jean McKay. Lieutenant Price is the son of Claude W. Price of Moncton. The Lincoln Paper Mills, Merriton, Ont., showing the exclusive use of Dominion Friction Surface Belting in Paper Mill (above) and on Motor Drive in Sulphite plant (right).

"Perfectly Satisfactory Service"

This is the way the Lincoln Paper Mills of Merriton, Ontario, sums up

Dominion Friction Surface Belting

The conviction expressed in this statement is clearly established by the fact that our belting is used exclusively in both the paper mill and sulphite plant of the Lincoln Paper Mills.

The reason is obvious—Dominion Friction Surface Belting is not merely rubberized fabric—it is saturated with our special friction rubber surfacing which makes it take a non-slip grip on pulleys that transmits the total force, of each power unit, that can be transmitted by belting.

It is the result of over fifty years of belt-making experience by the oldest and largest rubber organization in Canada.

It is absolutely uniform and dependable—conserves power and labor—"speeds up" production and is the most economical belt for every transmission purpose.

Our belting engineers have increased the efficiency of belting equipment in Canada's largest manufacturing plants—the services of these experts are at your call without charge.

A phone or wire to our nearest branch places you under no obligation and will help to cut your manufacturing cost.

—from 50,000 to 150,000. It is against the delivery of this amount of rolling stock that Dr. Solf, the German foreign secretary has protested to President Wilson, asserting that the distribution of food in Germany to the civilian population will be greatly hampered.

Another amendment provides that "The Allies and the United States should give consideration to the provisioning of Germany during the armistice to the extent recognized as necessary."

To assure the execution of the armistice convention "under the best conditions, the principle of a permanent international armistice commission is admitted." This commission will "act un-

der the authority of the allied military and naval commanders in chief."

An amendment to the naval clause provides that all vessels designated to be interned shall be ready to leave German ports within seven days of the signing of the armistice. Directions for the voyage (to either neutral ports or those

of the Allied countries to be designated), will be given by wireless.

"Renunciation" instead of "abandonment" of the treaties of Bucharest and Brest-Litovsk and of supplementary treaties.

Evacuation by all German forces operating in East Africa within a period to be fixed by the Allies instead of within one month.

German troops are required to withdraw immediately from Roumania and Turkey.

Evacuation by the enemy of the Rhinecliffs (left and right banks), shall be so ordered as to be completed within thirty-one days in all after the signing of the armistice, instead of ninety days.

MASSACRE OF 15,000 ARMENIANS BY THE TURKS REPORTED

Bagdad, Nov. 12.—Reports have been received at the American consulate here, that 15,000 Armenians have been massacred at Tasu (Hasu) fifteen miles southwest of Bitlis, Asiatic Turkey.

At a meeting of the provincial advisory committee to the industrial retaining branch of the department of Soldiers' Civil Re-establishment in Saskatchewan on September 26, it was reported that forty-five disabled soldiers who had been retained under the department's supervision, had obtained position between May and August 31. The forty-five men were placed in sixteen different vocations.

Early Pullets For Winter Eggs.

When we take into consideration that the average egg production on the Cana-dian farm is 75 or 80 eggs per hen and when well managed flocks average 120 to 180 eggs and individual hens even go higher than 300 eggs in the twelve months, it looks as though improvement might be made in the class of stock many keep. In the first place, pure-bred stock is best. They should be from a good laying strain. They should be from good healthy parentage, and for winter egg production pullets only and early pullets should be kept.

In an experiment conducted at one of the Branch Experimental Farms where four different ages were birds were in competition for winter egg production, it was found that early pullets pro-duced eggs at an average cost of 167 cents; late pullets, 282 cents; two-year-old hens, 93 cents; three-year-old hens, 88.76 per dozen. Figures somewhat sim-ilar to these could be produced in larger quantities.

The early pullet is the only bird that should be kept for winter egg produc-tion, and it is the winter eggs that pay. A dozen of eggs at Christmas is worth two or three dozen in May or June. Early pullets mean early eggs and early chicks in the spring, which of course means early pullets in the fall. As a rule, the pullet that lays before Christ-mas should be marked. They are your best layers. If you are killing off year-old hens, do not kill hens that moult late in the fall. They are your best lay-ers, and with your best layers should always be mated male birds from good layers. The male is more than half the flock. A male from a good laying strain and especially from a good laying mother will do more to build up the laying quality of the flock than any other one thing. Don't use them for breeding purposes except those whose pedigree you know nothing about. Better pay a good price and get a good bird.

The Most Economical Overcoats

Just as loudly as type can talk we wish to impress this fact indelibly: It pays to buy good Overcoats. Our mes-sage to men in this vicinity is that quality was never a bigger factor in overcoats than today. In the face of many handicaps we have tenaciously held to our standards of other years and today point with pride to one of the best selections of Overcoats we have ever shown.

Considered fabric for fabric, style for style, fit for fit, and finish for finish, our Overcoats express the spirit of war time thrift in its fullest meaning. Analyzed from every point of view, values such as we present are difficult to be equalled.

Restored Bohemia.
(From the New York Sun.)
Exactly three hundred years have elapsed since Bohemia fell under Haps-burg domination at the opening of the Thirty Years War. And today the Bohe-mians have at last regained their sov-ereign freedom in a new founded repub-lic. This is the justice, though long de-layed, which the Allies are bringing the suppressed nationalities of Europe.

"BEST MEDICINE FOR WOMEN"

What Lydia E. Pinkham's Vegetable Compound Did For Ohio Woman.

Portsmouth, Ohio.—"I suffered from irregularities, pains in my side and was so weak at times I could hardly get around to do my work, and as I had four in my family and three boarders it made it very hard for me. Lydia E. Pinkham's Veget-able Compound was recommended to me. I took it and it has restored my health. It is certainly the best medicine for woman's ailments I ever saw."—Mrs. SARA SHAW, R. No. 1, Portsmouth, Ohio.

Mrs. Shaw proved the merit of this medicine and wrote this letter in order that other suffering women may find relief as she did.

Women who are suffering as she was should not drag along from day to day without giving this famous root and herb remedy, Lydia E. Pinkham's Vege-table Compound, a trial. For speci-fic advice in regard to such ailments write to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its forty years' experience is at your service

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authori-ties, are due nine times out of ten to an excess of hydrochloric acid in the stom-ach. Chronic "acid stomach" is exceed-ingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secre-tion or they can eat as they please in rea-son and make it a practice to counteract the effect of the harmful acid and pre-vent the formation of gas, sourness or premature fermentation by the use of a little Bisurated Magnesia at their meals.

There is probably no better, safer or more reliable stomach antacid than Bisurated Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of peppin pills or artificial digestants.

Get a few ounces of Bisurated Magne-sia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and the bisurated form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

ST. JOHN HAS A DAY AND NIGHT THAT SHE WILL LONG REMEMBER

Yesterday's mighty outpouring of the spirit of victory—of triumph and thankfulness mingled—was an event so impressive and so charged with significance that they who come after us will talk of it for a hundred years to come. Here and throughout the province the celebration was mighty both in volume and in heartiness—an event great beyond precedent and unlikely ever to be matched in the years to come.

From morning till midnight and after New Brunswick rang with the soul-shaking shout of victory, the deep-toned demonstration of a people whose sons helped magnificently to bring the Hun to the dust and who gave themselves over to joy unrestrained—to cheering and to song, to parades of unexampled size and variety, to the crash of bands, to the flash of bayonets and the marching of khaki-clad hosts, to joyful oratory, to the exalting of King and country—and to reverent thanksgiving to God for glorious victory and for peace with its manifold blessings.

ST. JOHN'S DEMONSTRATION.
Far and away the greatest thing of the sort in St. John's history was its celebration in the hour of Allied triumph. The early religious services, the vast automobile parade, the mighty procession led by the massed soldiery—an army in itself—followed by a civilian host of civic and dominion employes, boy scouts and cadets, patriotic societies, the women of many organizations and the representatives of the industries—these with oratory and the fireworks in the evening made up a programme that gave full vent to the joy and enthusiasm of a city stirred to its very soul.

And while organized demonstration played the great part the unparal- leled crowds in themselves were a mighty and a moving spectacle. The whole city was in the streets, and everywhere the vast parade moved between living walls composed of 50,000 joy-mad men, women and children.

St. John's celebration yesterday might be characterized as a duplex one—that is, in the afternoon the attractions paraded for the public, in the evening the public paraded to the attractions. In the afternoon the town was demonstrative but mildly so; quite decorous in fact, but in the evening, "Good night!"
So soon as the crowds had eaten the restaurants out of house and home and family dishes were left in the kitchen to be washed later, the entire population, it seemed, emptied into the principal thoroughfares. "Nobody home" became a literal truth, not a slang term and it is safe to assume about the only people indoors were jail-dwellers, hospital patients, and the newspaper man.
To get the proper perspective on such a throng as surged through the arteries

of the city from 6 o'clock until after midnight one should have stood in such a coign of vantage as the speaker's platform, King square. Here's what this viewpoint afforded—a scene that was new to St. John and one not soon to be forgotten.
Under the glare of the handstand's wide circle of tungstens fully 3,000 stood with upturned faces expecting the official group soon to commence the speaking programme. In front of Imperial Theatre watching the open air Victory Loan pictures from 7,000 to 10,000 men, women and children were solidly packed—all laughing and cheering the excellent movies with patriotic punches galore. The Imperial had its spanking new electric sign turned on and its white front enhanced in attractiveness by a display of Oriental lanterns in the windows.
Looking towards Charlotte and King streets from this same platform nothing but a black river of humanity could be seen, with automobiles edging here and there and occasional shoots of sky-rockets and Greek fire flares. Silhouetted against the plate glass frontage of these business thoroughfares the swarm was almost incredibly large. A body was tempted to ask, Where do they come from, for it was the densest and most

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage and Sulphur Compound" now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

You Can't Brush or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

An Important Discovery Swollen Veins Relieved

That Absorbine, Jr., would relieve varicose veins was discovered by an old gentleman who had suffered with swollen veins for nearly fifty years. He had made many unsuccessful efforts to get relief and finally tried Absorbine, Jr., knowing its value in reducing swellings, aches, pains and soreness.

Absorbine, Jr., relieved him and after he had applied it regularly for a few weeks he told us that his legs were as smooth as when he was a boy and all the pain and soreness had ceased.

Thousands have since used this anti-septic liniment for this purpose with remarkably good results.

Absorbine, Jr., is made of oils and extracts from pure herbs and when rubbed upon the skin is quickly taken up by the pores; the blood circulation in surrounding parts is thereby stimulated and healing helped.

continuous concourse of people St. John has ever witnessed, bar none absolutely. Kids with battered wash boilers, the stir of pipes, the rancous fish horn and the more dulcet basso added to the restrained demonstrations of joy and festivity. Khaki boys mixed in with everybody and wherever there was the king's uniform, whether land sea or air, good-fellow girls made good-natured raids and for the nonce their prurish elders shut their eyes and kept on thinking patriotically.

The lid was off, the town was turned loose and he it said to the credit of this quite un-governable mass of citizens that practically no damage to property resulted. Of course King square got a pretty severe drubbing on its grassy plots; the flower beds and enclosing wires went to a certain extent and garbage tins were requisitioned for loud timber purposes, but Commissioner Fisher will have to forget all about that and stretch his appropriation a notch or two next spring.

The crowd didn't know what to do next. Somebody conceived the idea that Chairman Skinner's excellent fireworks were not hotly patriotic enough and in a few minutes two huge bonfires were leaping twenty feet high at the corner of King and Germain streets next the American consulate and C. P. R. buildings. It was a rather bold thing to do to be sure but some soldiers said they would watch the fire, which they did. Finally the fire department thought it better to be sure than sorry so they squirted some of that chemical stuff and this sideline of celebration subsided.

They burned the Kaiser.
And they burned the Kaiser in effigy in King square. After gibbeting him

from a regulation murderer's gibbet, they touched off his gasoline-soaked body and—Kafloocy—away he went up in flames and down in a cinder. Frederick Driscoll was the leader in this terrible deed. Thousands watched the burning and as the swaying counterfeit of Mr. Hohenzollern was being consumed some were ungracious enough to clod sods and other confetti at it. When the effigy fell to the ground a great cheer swept the square.

Mayor Calls Off the Speeches.
The barrage of fireworks was a nice background to the proceedings in the King Square vicinity. There was not a lavish display, but enough to make folks think of the good old days now returned. Mayor Hayes, A. O. Skinner, R. E. Armstrong, Col. R. T. Sturges, Capt. A. J. Mulvihy, General Macdonnel and other were on hand in King Square at the hour set for speechmaking, but when a Telegraph man innocently acquired of his worship when the oratorical pyrotechnics were to start he smiled the smile that everybody was weary and said:
"My dear boys, don't you think the town's having too good a time all by itself to inflict any speech-making upon it?"

The mayor's bump of perception and knowledge of human nature once more stood him well, as the officials waited about and jotted in the fun, looking happy and relieved, although they were willing to speak all night if the people seemed—

TILT WITH FORTUNE BY THREE RECKLESS BRITISH AVIATORS
Taught Austrians Tricks in Air Battle Manoeuvres
"CONTOUR CHASING."
After Daring Exploit Airmen Flew Low, Jumping Trees and Dodging Obstructions.

New York, Nov. 12.—Captain W. E. G. James, member of the Royal Flying Corps, and winner of the W. A. Cross, a Canadian who has been in the war since 1916, began by fighting Germans in the trenches. He ended after recovering from severe wounds, by fighting them in the clouds.
On a visit to this city he had much to tell of England's foremost ace, Colonel Bishop, V. C., also a Canadian.
Colonel Bishop's greatest exploit according to Captain James, was the bringing down of five German planes on a quiet little raid of his own an hour before starting on a furlough.
The famous air fighter received information that he had been ordered to England for a five-day rest, and the news that he must leave his men in a time of trying combat, so nettled him that he ordered a small fighting scout and set out to vent his feelings upon the enemy.
Flying low far back of the enemy's lines, the reckless ace came upon a patrol of Germans. There was little opportunity to avoid a "crash" with the superior forces of the enemy. But Bishop was out for a fight and not for a trial of speed. As soon as he spotted the Germans he started climbing aloft. Soon his machine was in the midst of wild whirling battle evolutions. Bishop reported at noon he had shot down five enemy planes, whereupon he had lunch, and caught the early train to Boulogne.

Famous Old Recipe for Cough Syrup
Ready and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found they can save four-fifths of their money spent for cough preparations, by using this well-known old recipe making cough syrup at home. It is simple and cheap to make, but it really no equal for prompt results. It is a right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less. It is a 2 1/2 ounce bottle (50 cents) from any drugist, pour it into a 1/2 pint bottle, and add plain water to make 16 ounces. If you use clarified molasses, honey, or syrup, instead of sugar, it is better. It tastes good, keeps perfectly, and lasts a family a long time. It is a truly astonishing how quickly it penetrates through every air passage of the throat and lungs—loosens mucus, soothes the inflamed membranes, and gradually but surely relieves the throat, tickle and dreads. It disappears entirely. Nothing better for bronchitis, spasmodic croup, hoarse cough or bronchial asthma. Pinex is a special and highly concentrated compound of genuine Norway pine bark known the world over for its ting effect on the membranes. Avoid disappointment by getting the genuine "Pinex" with directions and don't accept any other. Guaranteed to give absolute relief or money promptly refunded. Pinex Co., Toronto, Ont.

Not a Bite of Breakfast Until You Drink Water
says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken day after day in the alimentary canal a certain amount of indigestible material, which does not completely eliminated from the system each day, becomes food for the billions of bacteria which live in the bowels. From this mass of left-over waste, toxins and ptomain-like poisons are formed and sucked into the blood. Men and women who can't get feeling, who wake up with bad taste, foul breath, headache, rheumatic stiffness, or a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, begin practicing internal sanitation, and will cost very little, but is sufficient to make anyone an enthusiast on the subject.
Remember inside bathing is more important than outside bathing, because skin pores do not absorb impurities into the blood, causing poor health, like the bowel pores do. Just as soap and hot water cleanses, sweetens, and shens the skin, so hot water and limestone phosphate act on the stomach, kidneys and bowels.

TO-DAY EVERYDAY AND KING COLE TEA
You'll Like the Flavor

D. F. C. Legion of Honor and French War Cross holder, contributed his full part together with others of his unit serving in Italy, according to Captain James, to the breakdown of Austrian morale. Captain James told of a spectacular raid, headed by Barker.
Hazardous Experience.
The English fliers, it seems, set out from the Italian lines one day to experiment with the business of downing hostile planes just as they left the ground. They were only three, and their experience was extremely hazardous.
The airmen selected a large Austrian airfield considerably behind the lines, and circling dropped this message: "Wishing you a very merry Christmas and a merrier fifteen minutes."
It was nearing Christmas time. The three raiding aviators were so badly outnumbered that they did not dare climb back into the open fields to make their dash, so they taught the Austrians something new in air manoeuvres. They started "contour chasing," that is, flying close to the ground they sped around patches of woods, dipped and fell over the trees, playing, as it were, a game of hide and seek among the ground obstructions.
It was a scattering rain, but the three—yet Captain Barker and his companions got away from their thoroughly astonished foe.

Sample Box Brings Great Results
Chronic Sufferers Find Relief
Chronic sufferers from Backache, Gravel, Stone in the Bladder or any other form of Kidney trouble are generally willing to try any remedy once. The excruciating pain caused by Rheumatism, Lumbago, Sciatica, Inflammation of the Bladder or some other form of Kidney trouble, is so great, that persons afflicted are often driven to spending large sums of money in an endeavor to find relief at any cost.
This is proven by the testimony of hundreds of people who have written us letters stating "that having failed to find relief after years of trying, they turned to Gin Pills as a last resort—and a sample box of these pills soon convinced them that Gin Pills was the remedy they needed."
That is all we ask you to do. Try a box of Gin Pills at our expense, and if they fail to bring you the relief they have brought to hundreds of others with similar Kidney derangements, it costs you nothing.
Mrs. Dechene writes:
"I received your sample box of Gin Pills, and they have done me a lot of good. I can congratulate myself on having them, and I will never be without them in my home."
This testimony from a woman who was skeptical about buying Gin Pills should convince you that a sample box is well worth writing for. Do it today.

(Letter in N. Y. Tribune.)
A Canadian dropped into this Y. W. C. A., in Paris, and after staring heavily at the secretary for ten long minutes said in low confident tones: "Say, could I get a girl from here to take out to dinner?"
The secretary took his measure in one flashing comprehensive glance before she replied with a smile: "Why, yes, I think you can. What kind of a girl would you like?"
"I'd like a sad kind of girl. One that doesn't go out much. You know, when you choose a girl you want one a bit like yourself."
"All right. I'll see if I can fix you up."
"Girls, there is a Canadian out here who wants a sad girl to take to dinner. Anybody care to go?"
"What about Miss Blank? She's Canadian. Maybe she'd like to go. She's out—but she'll be back in half an hour. I heard her say the other day she felt sorry for these Canadians so far away from home."
The secretary returned: "I've got a girl for you. But she's out just now. Will you come back in an hour?"
The Canadian preferred to take no chances, and remained where he was. In about two minutes a girl came running

Dyspepsia Spoils Beauty

Makes the Dark Rings Around Eyes, Caves in the Cheeks and Ruins the Complexion. How to Get Rid of Dyspepsia.

"Take My Advice and Use Stuart's Dyspepsia Tablets if You Want a Pretty Skin"
Digestive troubles ruin the complexion. The sour, fermented, gassy contents poison the blood, draw the corners of the mouth, rob you of sleep, give the face that hungry, haggard, mournful expression in the morning and you are tired all day. It is not what you eat but the fault of digestion that hurts. Eat anything you like and let Stuart's Dyspepsia Tablets digest your food, tone your stomach, supply your blood with nourishment, then good looks, a healthy appearance and bright eyes will soon return. Get a 50 cent box of Stuart's Dyspepsia Tablets at any drug store. They are real health makers.

IF YOUR EARS RING WITH HEAD NOISES

If you have roaring, buzzing noises in your ears, are getting hard of hearing and fear Catarrhal Deafness, go to your druggist and get 1 ounce of Parmitin (double strength), and add to it 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.
This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal trouble of the ears, is hard of hearing or has head noises should give this prescription a trial.

USE The Want Ad Way

On the Matter of Saving 25 Cents

Stop to think how fine is the line between saving and loss, when applied to buying!
Take those articles with which you are most familiar—stockings, shoes, groceries: The "Saving" of a few cents may mean the loss of dollars—in length of wear or benefit derived.

In other words, it's a genuinely good product.
In electrical equipment there is a standard name to look for—BENJAMIN—a name known and recognized in electrical circles like the sterling mark on silver. Surely, it would be folly, for the sake of saving 25 cents on an article, to take without question something "just as good" or "the same as," the particular line that is accepted by all electrical authorities as standard, when in the inferior article lurks actual danger to life and property. Cheap imitations made in foreign factories pass no recognized inspection whatever for safety, and therefore, quite apart from their inferior quality, can you afford to take chances of danger from the use of inferior articles?
An ounce of prevention is worth a pound of cure—look for the name when you buy.

Better Value for Your Money

THE size and the resources of the producer have a big effect upon values. A large volume of business reduces the cost per unit of product. Great buying power means the ability to secure materials well in advance, and at lowest prices.
Ames Holden McCready supply the shoe requirements of a large part of the Canadian public. More than 5,000 dealers, in all sections of the country, sell A.H.M. shoes. No other Canadian shoe house has anything like this volume of output.
And in financial resources this company occupies the same dominant position. It is able to place contracts for materials far in advance of actual requirements, and at better prices than would be possible for smaller purchases. These facts are important in normal times; they are doubly important now.
The A.H.M. trade-mark on a shoe is a warranty of value based upon the large output and greatest buying power.

LOCAL NEWS

A KINDLY ACT.
W. R. Myles of the T. H. Estabrooks Co. did a very thoughtful act yesterday which is highly appreciated. At the request of the agents of the children's aid society he opened the warehouses of the firm and allowed the older children from the home to view the procession from the windows of his store. The children during the afternoon he provided all with refreshments. The little ones had a splendid time and those in charge feel under obligations to Mr. Myles for his ready courtesy.

WILL BE CENSORED HERE.
In connection with the announcement that the fifteen film exchanges now having their maritime provincial headquarters in this city will move to another lower Canadian town or city to escape the new plan of taxing their gross income as contained in the new assessment act, it is understood the films will still be censored in this city. The local government board of censors has its headquarters in St. John and it evidently is the desire of the government to have the inspection of pictures made here. Just what effect, if any, this decision will have upon the intentions of the film concerns remains to be seen.

APPOINTED ORGANIST.
M. Courtwright Ewing, pianist for the last eight years in the Keith theatres in this city and still a member of the Imperial orchestra, has been appointed organist of Germain street Baptist church upon which duties he entered at the special thanksgiving service yesterday. Mr. Ewing is a finished musician of wide experience and a talented organist. Of late years he has been keeping in touch with the latter class of instrumental work under the direction of James S. Ford. Previous to coming to St. John Mr. Ewing was a piano demonstrator in Steinhart Hall, Boston, and although educated for a medical profession, music is his profession. He is of an Anglo-American family, whose home is in Haverhill (Mass.).

EPIDEMIC IS SUBSIDING HERE

Only Seven Local Cases Today—
Lifting of Ban Now Matter For
Local Board of Health

The influenza situation today is much improved with only eight new cases reported. The inspector who makes these reports accepts the cases as the so-called Spanish type. However physicians are not all reporting their patients as in this category, but are including in gripe and complicated colds. The tidal wave of influenza seems to have passed over and the new cases are largely members of families who were not affected by the malady when the household was generally stricken a week or two ago during the period the epidemic was at its height. Throughout the province the situation is most encouraging. While celebration indiscretions of yesterday may have laid the foundation for a lot of incident sickness, yet the influenza epidemic has subsided seventy-five per cent. except in a few localities.

Local boards of health are empowered by the Ministry of Health to continue the closing ban if they think it wise to do so. Therefore the health authorities in communities have the remedy in their own hands to entirely satisfy themselves as to the methods of further fighting the disease.

STILL MUCH WORK FOR THE RED CROSS

Lady Tilley, organizing president of the C. R. C. S. for New Brunswick, has today received the following telegram from the General Red Cross Headquarters at Toronto:—
"Executive committee in session congratulate officers, members and helpers of Red Cross Society on splendid work accomplished during war. Council meeting on Nov. 26 will discuss fully peace policy of society. Meanwhile, materials on hand should be used for refugee work which becomes increasingly urgent as Germans evacuate occupied lands. Reserve of supplies also needed in Canada for work in military hospitals. Have requested government to obtain from society earliest possible information as to arrangements for return and repatriation of prisoners."

TIED BUT HAPPY AFTER THE RACKET OF YESTERDAY

St. John awoke fairly groggy this morning and went about its business again with a good-natured but tired-out brand of smile. It certainly whooped things up yesterday until a very late hour, and hoarse voices, sleepy eyes and other physical shortcomings told how strenuous the whole affair was. The absence of street cars during the afternoon and evening—except at a very late hour—forced a great mass of people to walk back and forth and finally to their homes, some afar off. This, of course, had its tiring effect as well. The streets look like Richard Harding Davis's description of the Belgian thoroughfares through which the German millions poured at the outbreak of those hostilities. They were fluffly with dust, beaten and scraped with foot-usage. Paper littered the town until the street cleaners got busy and charred patches told of bonfires in hallowed precincts. There were a few broken plate glass windows, a Saragossa sea of tin cans, wash boilers, improvised weapons and paraphernalia used by the youngsters in their wild carryings-on, and a belated showing of hunting and trimmings of all sorts. Towards noon the decorations were gradually withdrawn and with a little cleaning up and polishing the town will doubtless be back to normal by night. Tomorrow with the influenza ban lifted things will get back to true normal.

FAIRVILLE WAS RIGHT ON THE MAP

The Great Occasion Fittingly
Celebrated by Loyal Residents—
Church Services first,
Then Joy was Unconfined

The people of Fairville celebrated victory yesterday from early morn till after midnight, making the full day one that will be long remembered from the youngest tots to the old folks. In the morning the Baptist, Presbyterian and Methodist congregations held a united service in the Methodist church. The service was present and took part in the service, the address being given by Rev. W. McN. Townshend, of St. Columba Presbyterian church. Services were also held in the Church of the Good Shepherd and St. Rose's church with their own respective congregations. About noon word was circulated that the parade would be off for the afternoon, but this was generally regarded as only a rumor, as every man, woman and child expected to see St. John on the parade. Alas for many, the report proved quite true, the only means of transportation failed in its duty and so the parade was from horses, from horse car and blue blood mare to the wheezy lazie and decrepit steed, were all pressed into service and the pilgrimage to the city began. With every vehicle in use hundreds were obliged to walk and took it for the most part good naturedly, too, women even wheeling baby carriages the whole distance to the head of King street. The return journey was a long one to most, however, and certain Douglassavenue and Bridge road looked a weary stretch to many eyes. In addition to a goodly sprinkling of Fairville "returned men" in the parade, that very striking Red Cross float also came from Lancaster Red Cross, and the slight of McCormack's black horses, gaily bedecked, called to mind the former days of firemen's parades when good old No. 7 nobly upheld the reputation of the community at every celebration. The armored tank which did so much shooting also was a Lancaster effort and mention should be made, too, of "John Bull" the thoroughbred that excited the admiration of all as the parade passed by. These three floats went over from Fairville and were manned by Fairville people.

At night the return trip to the city was again made by a large number on "back" cars of the way. Those who stayed behind were not slow, however, to vent their joyous spirits and fireworks, bells, horns and shouts filled the air and showed young Fairville to be having the event of a lifetime. All through it was a great day and night. But if some Fairville people are a bit stiff in the joints today because of the long walk, none of them feel the effort was not worth while, and though it cost them a long hike to join in the celebration, perhaps they enjoyed it that much more.

BOYS TO ENTER NEW SCHOOL ON MONDAY

Pupils of St. Malachi's Will Have
Use of Finest School Building
in Eastern Canada—
Those Neglected Studies

With the re-opening of the public schools on Monday the outstanding feature will be the occupancy of the new St. Vincent's High school structure in Cliff street by the boys of the St. Malachi's building. During the shut-down period Dr. H. S. Bridges arranged to have the furniture changed over from one building to another and all arrangements made for the transfer.

It will be a strange and charming transition for the little chaps in the St. Malachi's building to be transported from what might be considered the least modern of school buildings of the city to the finest educational institution in the eastern part of the dominion. Not only is the new building modernly appointed in all particulars, but is a veritable solarium for light and airiness. There will be the best rooms of boys go over to the Cliff street building or a total of between 650 and 600 pupils. The cuttings and goings of this small army of children in the Waterloo street district and their abandonment of the King Square and Sydney street locality will make some new eddies and currents in general traffic from now henceforward. It is stated that the new location will be of convenience to most of the pupils as the majority of them live to the eastward of the city.

What is to be done with old St. Malachi's school structure just now is not known. It has been practically condemned for large gatherings, and it is the ultimate intention of the owners to have it razed and a new school takes its place. Speaking of the school superintendent this morning relative to school matters in connection with Monday's resumption of duties, Dr. Bridges said a plan for catching up as much as possible to the work lost during the past five weeks will be submitted to the trustees at a meeting tomorrow night. It is hardly possible that the school can fully make up the lost time within the year and provision may have to be made with that in view.

TELS OF THE ACCIDENT.

There was a further hearing in the police court this morning in the case of Elna Martinen, charged with doing grievous bodily harm to Edmund Rodgers. Morton Martinen, brother of the accused, gave evidence. He said that he went into Vanwart Bros' barn on Saturday night about eight-thirty o'clock. While in the barn his brother, the accused, took the gun down from the wall where it was hanging. The witness said that, as he did not want his brother to shoot the gun in the barn, he attempted to take it from him. Campbell, he said, was standing about two feet from them. During the struggle the gun was discharged and the bullet hit Edmund Campbell. Campbell, he said, yelled "Help" and fell on the floor. The witness said that he picked him up and carried him into the grocery store and went for a doctor. When he returned Rodgers had been taken into Dick's drug store. He said that his brother bought the rifle about three weeks ago. The case was set over until this afternoon. J. W. Vanwart, of Vanwart Bros., where the Martinen boys are employed, was in court this morning in the interests of the accused.

Everett's Prices Will Bear Critical Comparison

There is a decided sense of satisfaction and security in buying home furnishings at Everett's. You have the positive assurance that in every purchase you make here, the price you pay will be the lowest price for which the furnishings under consideration can consistently be sold.

The setting of a price with us is a matter of careful and definite calculation. It is not influenced by any intent to later cut the price and thereby mislead the public. On the contrary, every article in our stock is priced with the full appreciation of the fact that it must bear comparison with the so-called "bargains" and "price reductions"—and that only on the basis of demonstrated value—superiority can we hope to gain and hold your patronage.

We abide by the principle that a price marked right in the first place is always right, and therefore is not subject to reduction, except the regular cash discount. No one can buy here tomorrow for less than you paid yesterday. Your own value comparisons will convince you that the above statement of facts is very conservative, and that you can actually economize by relying upon Everett's, whether your requirements are for a modest flat or a pretentious home.
