PENNSYLVANIA COAL MEN WANT DUTY REMOVED FROM COAL COMING INTO CANADA

Delegation Representing Operators With an Output of 35,000,000 Will Go to Washington to Urge the Matter on the U. S. Committee of Ways and Means—Would Mean Cheaper Anthracite Coal for Canadian Consumers.

Toronto, Dec. 3 (Special)—A special deputation to the Globe from Pittsburgh says: "A strong delegation of Pittsburgh coal operators armed with a 'brief' in favor of free coal with Canada, will leave for Washington within a few days to go before the ways and means committee. It has communicated with Congressman Dill and has received assurance that such a movement would be favorably heard. A communication sent to Washington by the Pittsburgh operators says the petition for reciprocal coal with Canada, favored by the mining interests representing 35,000,000 tons of production, such a treaty is urged, would be of vast benefit to the Pittsburgh district and Western Pennsylvania is the logical section to supply the Canadian market. The argument recites that the coal markets of western Pennsylvania have been gradually contracted by the opening of other coal fields and some outlet other than the old markets must be found. The removal of the coal duty between Canada and the United States would benefit more men than any other single act between these points. It is held, would not prove a serious factor in New England, as that coal is rapidly finding better markets as bunker coal.

PORT AU PRINCE HAD NIGHT OF PILLAGE AND BLOODSHED

Riotous Mobs Looted Stores and Dwellings and Did Much Damage.

Troops Were Called Out to Restore Order But Looters Refused to Desist and in Fight Twelve Were Killed—Rioters Wanted to Lynch Nord Alexis But He Saved His Skin by Escaping to French Cruiser.

Port au Prince, Dec. 3—A m.—The stirring events of an historical day which saw President Nord Alexis driven from his palace with infuriated mobs at his heels was followed by a night of looting and burning. The passions have been aroused and their endeavors frustrated in their attempt to do bodily harm to Nord Alexis, they turned their attention to warehouses and stores. When the authorities succeeded in controlling the situation 12 men were killed. The trouble began shortly after the president had been escorted to the French cruiser Duguay Trouin by M. Carteron, the French minister. People from the Belair and Salinas sections of the city invaded the business quarter and looted no time in turning the work of pillage and robbery. They divided into bands and worked their way down one street and up another, breaking into the stores that offered the best chances of loot. The looting was well under way by eight o'clock and by ten o'clock eleven stores had been completely looted. Nine of the establishments were long to Syrians, while Haitians owned the other two. The proprietors stood by and helplessly witnessed the destruction of their property. Goods were hauled out into the street and divided among the mob, the members of which became enraged over the division of the spoils and were soon fighting amongst themselves. In these encounters four men were killed. At ten o'clock the looters were increasing rapidly in numbers, and it was feared that the disorder would spread over the city. The people were rapidly getting out of hand when General Poinven saved the situation. He went to police headquarters and ordered a detachment of men to follow him to the scenes of the trouble. The police, however, refused. The general then gathered a number of courageous citizens, to whom he issued arms, and rounded up a small detachment of loyal troops and at the head of this body of men he marched on the looters. They pillaged were unaware of his approach, and the first intimation that they were to meet any opposition came to them in the shape of a volley from his command. Eight of the looters fell at this first fire. This onslaught broke the spirit of the mob and as the general threatened to fire again, the crowd quickly dispersed. While this was going on in the business district, another mob was looting the rich residential section. The residences of General Cocoon, General Gabriel, General Gilleme, M. Lafont, General Martelin and General Leconte were broken into by bands of pillagers who took everything of value without committing further depredations. At 11 o'clock the Seminary of the Sacred Heart, a magnificent building, was surrounded by a menacing crowd demanding that General Poinven be turned over to them. The general replied that he was not there, and was quickly sent to General Poinven, who had these disorders broken out during the day. It is expected that forces from the American and French cruisers would have been landed, as it was no longer safe to remain ashore. General Poinven has been heartily commended for his prompt action in the hands of the mobs.

NEWS FROM FREDERICTON

Fredericton Guide Has Successful Trip to His Camps on the Nepisiguit.

Fredericton, N. B., Dec. 3 (Special)—Charles Crenin, a well-known guide in this city, who has been at his camps on the Nepisiguit since early in September, returns home last night after completing the most successful season in his experience. He guided seventeen American sportsmen and their total bag was fourteen moose, five caribou and six deer. The Fredericton Teachers' Association has elected A. S. McFarlane, president, Miss Sadie Thompson vice-president, Miss Ethel Smith librarian, and F. A. Good treasurer. Howard Renshaw and John Payne, of Troy, N. Y., are here today enroute home from a successful hunting trip up the Tobique. They each shot a moose and a caribou. The cold snap here still continues, and there is no longer any open water in the river.

HALIFAX "SOCIETY" HAS A NEW FAD NOW; THEY ALL GO TO THE MARINE ENQUIRY

What in St. John Was a Plain Court of Enquiry Has Almost Assumed the Character of a Social Function in Frivolous Halifax—Government Chain and Block Used to Lift a Concrete Coffin.

Halifax, Dec. 3—The marine enquiry was resumed this morning. It has assumed the character of a "social function." Everybody now goes to the enquiry. C. R. Hobson was the first witness called and from that gentleman Mr. Waterson's running fire of questions extracted little. He observed that \$7,500 might be a fair price for a block tin boiler for the government steamer "Aberdeen," that he always found Mr. Mitchell, with whom his firm had transactions, very careful, not given to placing orders "without rhyme or reason." Further questions related to work done by the Hobson firm on the "Canada," but elicited nothing important. Mr. Hobson was excused, after next in authority to himself in the business, "to come up after luncheon." John Baker, an employee of the marine and fisheries department, and foreman over Mr. Lovitt, being sworn, was asked as to the now famous "chain and block." "Where was that elusive chain and block?" He brought down the house by quietly answering that it was in the quarry where it was taken to lift a concrete coffin which weighed 1600 pounds. Witnesses never heard of goods being taken out of the dockyard except in this court. Isaac Creighton, of Creighton and Company, produced his books and was examined by Mr. Perron. He had been selling to the department but only in modest amounts—orders were telephoned. He had seen the steamer once or twice, not more. Two or three years ago he used Mr. Cox's boat-keeper when he was called. It was untrue that he charged the department 20 per cent. more than his other customers. The prices were set before-hand by Agent Parsons. Asked to show the examiner the accounts of employees of the department unpaid, accounts of J. Parsons, agent, were produced. Subsequently other accounts were shown, one of \$14 from the steward of the Laurier (J. McDougall). He could not swear if the latter had paid or not and was instructed to find out by the afternoon. Captain Peter Johnson, also, it developed, had an account. His name was not in the index and a long search was made for the account. Mr. Creighton further said that Captain Johnson had paid his old accounts on the 27th of November, 1908. Mr. Perron called attention to the prices charged for groceries. Peaches at \$2 a dozen which were sold to others at \$1.50. Mr. Creighton said this was not a sample of the charges made. Alex. Ferguson of Ferguson and Cox occupied the witness stand for an hour. His account for the Lady Laurier was \$2,200 and for work on the Aberdeen \$7,500. His total patronage for three years was over \$40,000. All was without a written contract except for the wages of the workmen. The charge to the government for workmen was \$3.50, for boiler-makers, \$3, for iron-workers and \$2.50 for helpers. The men were paid respectively \$2.50, \$2, and \$1.80. None of the accounts had been objected to. Witness thought that he should have received more patronage. He could not tell what his profit was, nor could he remember what work was done outside of steamer work which amounted to \$17,000 out of the \$40,000. Mr. Cox, the boat-keeper, was called. He could not give much more definite information than Mr. Ferguson. It is thought that the investigation will be concluded on Saturday.

DFAL IN ROAD UPSETS TEAM

James Moreland, a Golden Grove Milk Dealer, Victim of Early Morning Accident.

While driving to the city early today James Moreland, a Golden Grove milk dealer, was suddenly thrown from his wagon near the junction of the Golden Grove and Marsh roads. In the vehicle were a boy and little girl. They were also precipitated to the ground. In the semi-darkness Mr. Moreland was unable to discern a hole in the road and his horse ran into the side of a timber demolishing the fore section of the wagon and depositing the occupants on the roadway. Practically all of the cans containing milk were thrown on the ground and the milk spilled promiscuously. Last night another Golden Grove resident, named McEate ran into the obstruction with a light vehicle and he was thrown over the dashboard. It is possible that Mr. Moreland may institute a suit for damages against the municipality. The road where the accident occurred is in a very bad condition and Mr. Moreland's fate may easily be that of almost any other driver who has occasion to travel the road in the semi-darkness.

TO ISSUE A PAPER SUNDAY EVENING

Frank A. Munsey Will Have the First Sunday Afternoon Paper on the Continent.

New York, Dec. 3—Frank A. Munsey, owner of six magazines and four daily newspapers, is about to issue the only Sunday evening newspaper in the country, by changing the present Sunday morning edition of the Washington Times into an afternoon paper. The price will be one cent, the same as on the other days of the week. The paper will go into circulation next Sunday, subscribers to the Washington Times receiving their Sunday edition, not at 7 o'clock as heretofore, but at 4:30 in the afternoon. "I believe in doing new things," explained Mr. Munsey. "I want to give the people of Washington the first and only straight Sunday afternoon newspaper in the country. The advertisers are greatly interested in the plan. You see, Washington has four Sunday newspapers, and the Sunday newspapers of New York, Philadelphia and Baltimore are also dumped in upon it. When these papers are finished with, the reading public will turn to Munsey's paper. All news items which are ten hours old in this country today, religious news will naturally occur a fair sized part of the plan. The church services and sermons, and news from other cities and continents are being ticked in all Sunday morning and early afternoon. The Sunday edition, like week day editions, will have no special elements, not even a special article. It will be a regular one cent newspaper, from sixteen to twenty four pages, containing the news of the world during the last twenty-four hours. The size of the average Sunday paper is appalling and objectionable."

THE FIRST COLD TOUCH OF WINTER

Thermometer Registered 10 Above Zero This Morning—High Wind Made it Seem Very Cold.

With a thermometer registering 10 degrees above the zero mark this morning, people were reminded of the approach of winter. In many instances the cybers were brought out, and those who were much on the streets could be seen with their hands to their ears to protect them from the icy blast. The drop in temperature was noticeably apparent yesterday, when the highest reading was 28 degrees, and at 9 o'clock last night the mercury had dropped to 22. At daylight this morning 10 degrees was registered, and at 9 o'clock the only one degree higher. All through the night and early this morning there were moderate gales from the northwest, with wind reaching a velocity of 30 to 40 miles an hour. Last year the lowest temperature up to this date was 17 degrees above the cybers. It was not until the 14th of December last year that the temperature was as low as today. On December 2nd last year, there was a snowfall of four inches.

RAILWAY EXTENSION IN NORTHERN ONTARIO

Exploration Parties Have Gone Thoroughly Over the District Around Cobalt in Preparation for Railway Extension.

Toronto, Dec. 3 (Special)—Exploration parties of the Temiskaming and Northern Ontario Railway have completed their work for the year and have secured considerable data as to the possible railway routes in the northern districts. They examined the route in the Temiskaming district, including South Lake, Northern Temiskaming, Gowganda and Northern Temiskaming. Should development of any of these districts warrant it, the railway commission would be in a position to commence construction of a branch line without delay. The South Lake region now seems most in need of railway facilities. The winter road to Elk Lake City will meet to a large extent the needs of the Montreal River district.

EDITOR ACQUITTED OF CHARGE OF LIBEL

Winnipeg, Man., Dec. 3 (Special)—The jury found John W. Daise, editor of the Free Press, not guilty of libel against Fred C. MacLagen in connection with the row at Hon. Clifford Sifton's pre-election meeting. The judge pointed out that there was nothing to connect Mr. Daise personally with the libel. A civil action was threatened against the Free Press Company.

A BIG COAL FIND IN NEW ONTARIO

Port Arthur, Ont., Dec. 3 (Special)—Mining Recorder J. W. Morgan confirms the report that an important discovery of coal had been reported to him as made within 100 miles of Port Arthur. A sample of the coal assayed at 88 per cent. of the very best anthracite.

COLLISION ON C. P. R.

Ottawa, Ont., Dec. 3 (Special)—A collision occurred this morning about a mile east of Pembroke on the C. P. R. between the local passenger train bound for Ottawa and a light engine going west. The engineer of the passenger train, F. Rowe, was killed, and Fireman Crawford injured. Both engines were wrecked, but the passengers escaped with a shaking up.

FINE SCHEME TO GET EASY MONEY IS NIPPED BY PROMOTER'S ARREST

Toronto, Dec. 3—Francis G. Palmieri, president of the Co-operative Securities Company and the Ideal Steam Turbine Company, was arrested here last night on the charge of using the mails to defraud. August M. Brown, the treasurer of the Co-operative Securities Company, was arrested November last in Boston on complaint of Mrs. Mary C. Moffatt, of this city, who charged that he had sold her stocks, which he guaranteed would pay 12 per cent. a month, and did pay it for two months, but only two. Today detectives found Mr. Palmieri's office crowded with Italians who wanted to get in on some stock of the Ideal Steam Turbine. A recent pamphlet was sent by him, stated, it is alleged, that the turbine was the invention of a young Italian, that when it was put on ships they would make the trip to Italy from New York in two days. The detectives said that the Ideal Steam Turbine Co. has a plant at Harrison, N. J., and that it is at work on some sort of machinery. The detectives assert that Palmieri and his associates have been dealing extensively in stocks of the Chicago and New York Electric Air Line Railway Company, which has a plant at Harrison, N. J., and that it is at work on some sort of machinery. The New York Corporation directory says that the Co-operative Securities Company are bankers and that the only director, besides Brown and Palmieri is George W. Townsend.

PARENT'S PATHETIC PLEA

Aged Minister Appeals for Assistance to Find Missing Son.

Spokane, Wash., Dec. 3—"I have helped others to the limit of my ability, as God knows; I now cry out for aid in the hour of my affliction. Rev. Thomas Bell, an Episcopal minister at Clifton Heights, Pa., employs the foregoing words in a letter reflecting the emotions of a heart broken parent to his former classmate, Rt. Rev. Bishop Lemuel H. Wells, of Spokane, for assistance in locating his son, Robert Hastings Bell, who was last heard from in his family last February, when he was in Spokane. Mrs. Bell, wife of the minister and mother of the missing man, died a month ago, and the son became the heir of his grandmother's estate. Bishop Wells has sent copies of the letter to Frank L. Smith, superintendent of Ontario, Inn, and the police. The missing man is 34 years of age, and was employed in a logging camp prior to coming to Spokane. He suffered stroke while prospecting in Death Valley, 10 years ago, and since then he has been a wanderer. The police say that Bell went to California last May, while roomers at the Inn believe he is somewhere in the east.

THE "BILLS" LEAD IN THE POLICE COURT RECORDS

More Williams on Police Books in Last Two Months Than Any Other Name.

For the months of October and November the Williams weary and otherwise wise led by a goodly margin over all other Christian names in police arrests. For once the Johns, Josephs, Georges, and James, etc., are relegated to a seat in the rear of the brigade with the "Bills," as forerunners. During the month of October thirteen Williams were arrested in the city. The people were ten and in November the number of ill-fated "Bills" was twelve, thus aggregating twenty-five. The Johns and Jims are in a dead heat for second place with seventeen each. The Jims were seven. The number of Georges for the two months were twelve and the Charles, ten. The Franks were eight, the Freds six, the Harrys six and the Mikes five.

A SUSPECTED TURKISH SPY IS ASSASSINATED

Constantinople, Dec. 3—General Ismail Mahir Pasha, a former aide-de-camp of the Sultan, who investigated the revolutionary movement in the army last May, and who was considered to have a spy of the old regime, was assassinated last night in the Stamboul quarter of the city. He was attacked by a group of men, and he fired five revolver shots at his victim. The assassin escaped.

TRAVELLING ON THE CHEAP

Moncton, N. B., Dec. 3 (Special)—With one hundred dollars in their possession and carrying a bundle of bedding, two Hollanders arrived in Moncton last night and passed the night in the police station. This morning they said they had walked twenty-six miles and were getting along on an economical basis.

NOT GUILTY OF LARCENY

New York, Dec. 2—John G. Jenkins, jr., formerly president of the Jenkins Trust Co. of Brooklyn, was found not guilty of larceny of \$20,000 of the funds of the company, by a Brooklyn jury today.

MONTREAL HAD A POOR SEASON

Navigation on the St. Lawrence River was Lighter Than Usual This Year.

Montreal, Que., Dec. 3 (Special)—Judging by the figures issued by the harbor commissioners the season of navigation for the present year on the St. Lawrence was the lightest since 1901. From the opening of navigation until December 1, when it was declared officially closed, 788 ocean vessels arrived in port, one less than in the previous year. The tonnage however shows a decided improvement, there being 1,688,604 tons compared with 1,624,475 last season, an increase in favor of this year of 34,129 tons. The number of vessels arriving this year was the smallest for many years, 1907, with 787 being the previous best, while it was previous to 1903 that such a small number of ocean craft visited the port of Montreal. Another feature is that there have been no sailing vessels in port this season of the sailing type, while in 1907 there were less than 83 vessels of the old school with a total tonnage of 11,384 tons visited Montreal.

158 SALOONS CLOSED

Providence, Nov. 30—At midnight tonight 158 licensed saloons closed their doors for good, for under the provisions of the law recently enacted by the legislature the city can issue but 397 licenses, or one for every 590 of the population. Last year 555 licenses were granted, and so, in order to meet the requirements imposed by the legislature, it was necessary to bring the number down to that allowable.

MONTREAL STOCKS

Montreal, Dec. 3 (Special)—Trading was light on the local market today, with prices generally slightly easier. The 80 steel preferred was on the route of exception was Dominion Steel Bonds at \$100.00, Mackay 75 1/4, Preferred 114 1/2, Mexican 74 1/4, Scotia 55, Preferred 114 1/2, Power 108, Ogilvie 113 1/2, Sao Paulo 75 1/4.

MIRAMICHI FROZEN OVER

Chatham, N. B., Dec. 3 (Special)—The mercury dropped to zero mark last night, and in spite of a strong northerly gale, the Miramichi river froze over and traffic is now tied up. The steam ferry Sybella was caught in her slip at Ferryville, and will have to be moved to her winter quarters. Steamer Alexandra moved up to Ruddocks Foundry wharf this morning and will be up there for the winter.

THE LATE MR. CARSLY'S WILL

Requests Amounting to \$11,000 Left to Sixteen Montreal Charities.

ALL CANADIAN CATTLE MUST BE SHIPPED THROUGH ST. JOHN

Montreal, Dec. 3 (Special)—A peculiar development of the cattle embargo which is now being enforced against the American states by the Canadian government has come to light here. Under the action of rigid quarantine the American cattle trade, which formerly went from New York and Philadelphia has been transferred to Boston and Portland, Massachusetts and Maine not being under quarantine. To meet this increased trade at Portland, the Dominion line has placed two of its largest steamships on the route. It might have been expected that under these circumstances the Canadian roads would have benefited by the heavy traffic from Portland, but under the quarantine they are not allowed to carry American cattle, which consequently go via the New York Central lines. This means a heavy loss to the Grand Trunk especially, but it is justified by the government on the ground that it is necessary to protect Canadian cattle, consequently the G. T. R. is even unable to carry Canadian cattle to Montreal, as should Canadian cattle be infected by shipment with American cattle, it would mean an embargo on all Canadian herds. Meanwhile St. John is benefiting through the shipment of Canadian cattle by that route. The shipments of Canadian cattle from this port during the present season are expected to be very large. Already there are a number of cattle in the sheds at Sand Point awaiting shipment on the Manchester Importer, and other consignments are expected every few days. Contracts have been made for the shipment of over 2,000 head during the month of December. The cattle are coming via the C. P. R., as there has been no embargo placed on Maine up to the present time.

SCENE OF RECENT MARINE DISASTER

Valetta, Island of Malta, 28.—One hundred and twenty-three persons lost their lives when, at the entrance to this port, within sight of the whole population of the city, who were powerless to give aid, the British steamship Sardinia, of the Ellerman line, from Liverpool for Alexandria, with a crew of forty-six Englishmen, eleven first and six second-class English passengers and nearly 200 Arab pilgrims aboard, caught fire and was burned to the water's edge.

DIRECTOR MURDOCH ASKS DAMAGES FROM THE CITY

He Has a Claim in Connection With the Expropriation of His Land Near Lake Latimer

At the monthly meeting of the water and sewerage board last night, the recorder mentioned that Dr. A. W. Murdoch, acting for William Murdoch, the director, had approached him with a view to Mr. Murdoch's claims against the city on the water extension being taken into court.

The recorder mentioned that Dr. A. W. Murdoch had suggested the matter should be submitted to the judge. The chairman said he was surprised, as Mr. Murdoch had always given the board to understand that he would accept whatever the board considered fair.

Attached to Mr. Hamilton's tender was a rider that if extra per lineal foot would be charged if the trench was parallel under the car tracks.

OPEN MUTINY

Will Mr. Hazen be deposed from the premiership? His supporters are in a very angry mood, and attend recent disasters to his lack of the qualities of leadership and fighting force.

The reverse in Carleton, and the result in Northumberland do not mean that Mr. Hazen has lost the confidence of the people. They do mean, however, that a leader must lead, and that he must counsel his followers as well as one or all of his colleagues and that when the time for action comes he must act with firmness and decision.

This is a very mildly worded rebuke, but the significance of it is unmistakable. The Frederick Glenier is more violent and asserts that the government allowed itself to be "hoodwinked into the victim of a conspiracy." The Chatham World charges that Mr. Hazen and his colleagues pursued a "crooked and weakened course."

All of which points to universal dissatisfaction with Mr. Hazen's leadership, a feeling which would certainly not be discouraged by the next meeting of the cabinet, which he is expected to convene.

The Chatham World informs Mr. Morrisey that there will be no more coalition in Northumberland, and formally announces the withdrawal of all Conservative support.

The agitation for a sanitarium in this province is to be renewed by the New Brunswick Medical Association. The subject is one of so great importance that it cannot much longer be treated with indifference by the legislature.

Haiti merely loses a tyrant when it loses President Nord Alexis. It will be fortunate if it does not find another tyrant in his successor. The revolution has, however, been unexpectedly peaceful.

The Chatham World informs Mr. Morrisey that there will be no more coalition in Northumberland, and formally announces the withdrawal of all Conservative support.

CHAUFFEURS CHARGE GUILTY TO PLEAD OF MANSLAUGHTER

Hartford, Conn., Dec. 2.—W. E. Kibbe, and W. H. Phair, chauffeurs, whose reckless driving of automobiles, it was charged, had caused two deaths, pleaded guilty in the superior court today to manslaughter.

Phair was sentenced to not less than three nor more than four years in state prison. Kibbe will be sentenced tomorrow. The latter's car struck and fatally injured Mrs. E. T. Smith, while Phair's car killed Robert E. Merriman, the car at the time it was alleged, being driven at a terrific speed. In passing sentence on Phair, Judge Case characterized the killing of Merriman as a "grave instance of criminal neglect."

William McKinnon Richibucto, Nov. 30.—The sudden death occurred here on Saturday, of William McKinnon, about midnight. He had been in his usual health, indeed seemed rather in more than his usual spirits. On Saturday night he went home about 11:30 and shortly afterwards went to his room to retire for the night. His wife left the room to get some articles of clothing, and on her return, found her husband lying on the bed with his arms outstretched. He did not speak, and she found that he could not revive him. A doctor was hastily called, but life was found to be extinct.

The sympathy of the community goes out to his wife and large family in their sudden and great bereavement. Mrs. Gavin Rainnie, of St. John, is visiting Mr. and Mrs. Jas. Rainnie, Sackville.

export duty on pulpwood. Apparently the latter suggestion is made with an eye on Canada, for already the provinces of Ontario and Quebec have restrictive legislation, and there is talk of more of it. But Canada has no cause for fear. Discussing the subject the Ottawa Journal well says:—

"But the outstanding element of the matter is that experts in the United States, at any rate—no matter what may be said on this side the line—seem to be convinced that the United States paper mills must shortly depend upon Canada for their supply of pulpwood. That places Canada in a position of vantage, in a position where without biting off her nose to spite her face she may pick and choose the conditions upon which she will consent to the disposal of her forest wealth. There is at least no reason why she should ever lend herself to the spoliation of her forest domain at the dictate of American need, and without any adequate return in the employment of Canadian labor in Canadian territory. American demand would exhaust the almost limitless pulpwood berths in Canada at the same rate as that at which it has exhausted the white pine forests of the Northern States. American need should never be given a chance to deplete the forests of Canada when we can build pulp and paper mills ourselves. And while it would be of the simplest essence of commercial common sense that we should keep the avenues of our trade with other countries open, there are many good reasons why when we are held as in this case, a natural monopoly, we should provide that the raw material which Canada alone possesses should be manufactured for the most part in Canadian territory."

Hon. Mr. Morrisey, in an interview published in the Sun, refers to peculiar conditions which exist in Northumberland county. The time has come when no conditions in any county can any longer justify coalition in provincial politics. The position in which Mr. Morrisey finds himself is not of his own making. It was made for him by Premier Hazen and his Conservative colleagues. However, reflecting Mr. Morrisey may wish to abandon the coalition principle, which prevailed when he entered the government, the die is cast and the Liberals of New Brunswick are done with mixed politics. The verdict is not the verdict of one man, but of a great party, and as a member of that party Mr. Morrisey will find his present anomalous position intolerable.

It is understood that the agricultural department of the province is arranging to receive daily bulletins regarding the health of the three thoroughbred stations and fifteen thoroughbred mares in Kentucky. This will relieve the suspense of the public during the period of the embargo.

The Halifax Chronicle throws this little bomb into the hockey camp. "Managers of amateur hockey teams are now busy chasing around with a satchel full of money to secure amateur players. The money is for travelling expenses."

The agitation for a sanitarium in this province is to be renewed by the New Brunswick Medical Association. The subject is one of so great importance that it cannot much longer be treated with indifference by the legislature.

Haiti merely loses a tyrant when it loses President Nord Alexis. It will be fortunate if it does not find another tyrant in his successor. The revolution has, however, been unexpectedly peaceful.

The Chatham World informs Mr. Morrisey that there will be no more coalition in Northumberland, and formally announces the withdrawal of all Conservative support.

CHAUFFEURS CHARGE GUILTY TO PLEAD OF MANSLAUGHTER

Hartford, Conn., Dec. 2.—W. E. Kibbe, and W. H. Phair, chauffeurs, whose reckless driving of automobiles, it was charged, had caused two deaths, pleaded guilty in the superior court today to manslaughter.

Phair was sentenced to not less than three nor more than four years in state prison. Kibbe will be sentenced tomorrow. The latter's car struck and fatally injured Mrs. E. T. Smith, while Phair's car killed Robert E. Merriman, the car at the time it was alleged, being driven at a terrific speed. In passing sentence on Phair, Judge Case characterized the killing of Merriman as a "grave instance of criminal neglect."

William McKinnon Richibucto, Nov. 30.—The sudden death occurred here on Saturday, of William McKinnon, about midnight. He had been in his usual health, indeed seemed rather in more than his usual spirits. On Saturday night he went home about 11:30 and shortly afterwards went to his room to retire for the night. His wife left the room to get some articles of clothing, and on her return, found her husband lying on the bed with his arms outstretched. He did not speak, and she found that he could not revive him. A doctor was hastily called, but life was found to be extinct.

The sympathy of the community goes out to his wife and large family in their sudden and great bereavement. Mrs. Gavin Rainnie, of St. John, is visiting Mr. and Mrs. Jas. Rainnie, Sackville.

RESTORE YOUNG CRIMINALS TO LIVES OF USEFULNES

What the "Moral Hospital" in Ohio Has Done—Some Reflections Upon Causes and Effects in Relation to the Social Problem.

(Toronto News.) To many earnest persons in attendance at the Conference of Charities and Correction has come a fresh and heartening inspiration. The medium of the new light is Mr. J. A. Leonard, of Mansfield, Ohio, and the subject of his evangel is prison reform and the reclamation of first offenders.

As superintendent of the Ohio State Reformatory, Mr. Leonard has experienced remarkable success in the rescue of youthful criminals and in their restoration to lives of usefulness in their community. Ohio law breakers between the ages of sixteen and thirty are sent to his institution. Some of them enter stubborn, rebellious spirits. They come away self-respecting citizens.

Seventy-five per cent. of those committed to Mansfield are reclaimed to lives of usefulness. Of 1,015 who have signed bonds of good conduct, only five have proven false to their undertaking. Mr. Leonard is able to point to my well-to-do men in Canada and the United States who, as felons, formerly were inmates of his reformatory. One of his former boys is another is a train dispatcher on a Canadian railway. Another is the head traveler for a great Cleveland establishment. Still another is foreman in an important factory; and so the list might be enlarged indefinitely. Burglars, forgers and other criminals have been restored to manhood.

The underlying principle of the Mansfield institution is that a prison should be a moral hospital rather than purely a place of punishment. Penalties for infractions of the law cannot be discarded altogether, but it has been found well worth while to associate reformatives methods with the punitive. Sometimes bad boys are the hope of the nation, for it is often too great a head of steam which causes them to go wrong. Then there is the question of early environment. Fifty per cent of boy criminals come from broken homes, that is from homes where one of the parents has disappeared through death, divorce or desertion. The manless home has a disastrous effect on growing lads. Fathers are too busy to give their boys much of their society. The many atmosphere is likewise absent too frequently from the day school, the Sunday school and the church. The boy has to go out on the street to find the companionship for which he craves, and too often the result is disaster.

Many lads entering prison or reformatory doors are found to be entirely lacking in ethical knowledge. They have come through the home, the school and the church without an adequate practical training in the difference between right and wrong; and so stand behind the bars through miscarriage of justice and should never be there at all. The Mansfield reformer believes that the worst

of the traditional prison demands, devalues and degrades. The Mansfield reformatory idea includes the study of heredity and environment with a view to the cure and restoration of the offenders. The indeterminate sentence enables the reformatory authorities to release the offender as soon as his conduct and development in character seem to warrant. The work of reclamation is carried out along physical, industrial, moral and religious lines. Those inmates who secure the confidence of the authorities are permitted to engage in agricultural work on the 700-acre farm attached to the reformatory. They often work a mile and a half from the institution. They do not wear any distinctive prison garb and there are no armed guards to watch them. A hundred and fifty were thus employed during the last summer and not one ran away. These remarkable results are obtained through cultivating a sense of honor in the men and by the development of an institutional atmosphere which in time has come to envelop the reformatory and its inmates.

It is not surprising to learn that the success of this work depends upon the kind of men engaged in it. They must be good men. They must be optimists believing in the fundamental truth of the impenitence of humanity. They must be men of character, capacity and tact. They must be endowed with "sanctified gumption." There is no use in using immoral or irreligious men to reform the criminal classes. It is Mr. Leonard's dictum that the religious sentiment in every man's soul must be the fundamental basis of all effective reformatory work.

REV. J. F. FLOYD WILL GO TO CHARLOTTETOWN

Congregation of Coburg Street Christian Church Regretfully Accepts His Resignation.

At a meeting of the congregation of the Coburg street Christian church, last night, it was decided, at the urgent request of the pastor, Rev. J. F. Floyd, to accept his resignation. Rev. Mr. Floyd is desirous of accepting the call to Charlottetown. A resolution was passed expressing regret at his departure and referring to the great good he had done as pastor. Rev. Mr. Floyd has been here five years, an unusually long time for pastors of his church, as two years is the regular term.

HIGH CLASS CONCERT AT EVERY DAY CLUB

The concert and entertainment to be given by the Every Day Club in their hall on Tuesday evening, Dec. 8, promises to be one of the best musical events of the season.

A programme of many high class musical selections, both vocal and instrumental, readings and a juggling act will constitute the evening's entertainment.

The talent secured by the club is of the very best, including many leading local artists, and the musical and comic numbers will be carried out to the satisfaction of all lovers of music and humor.

The vocal part of the programme alone is worth the price of admission. The tickets are 20 cents and can be had from all members or at the door.

FEEL FINE IN FIVE MINUTES If You Would Take Some Diapiesin Now All Indigestion and Stomach Distress Would Go.

The question as to how long you are going to continue a sufferer from Indigestion and Stomach trouble is merely a matter of how soon you begin taking Diapiesin.

If your stomach is lacking in digestive power, why not help the stomach to do its work, not with drastic drugs, but a reinforcement of digestive agents, such as are naturally at work in the stomach.

People with weak stomachs should eat Diapiesin after meals, and there will be no more Indigestion, no feeling like a lump of lead in the stomach, no heartburn, no risings, Gas on Stomach or Belching of undigested food, Headaches, Dizziness or Vomiting, and besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour stomach and dyspepsia are generally relieved five minutes after eating one Triangule of Diapiesin.

Go to your druggist and get a 30-cent case of Diapiesin. It is a little white powder which you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. They freshen you and make you feel like life is worth living.

Was Troubled With Weak Back For Years. Could Not Perform Household Duties. Doctors Attended Without Avail.

Mrs. Arch. Schnarr, Black Point, N.B., writes: "For years I was troubled with weak back. Oftentimes I have lain in bed for days, being scarcely able to turn myself, and I have also been a great sufferer while trying to perform my household duties. I had doctors attending with-out avail and tried liniments and plasters, but nothing seemed to do me any good. I was about to give up in despair when my husband induced me to try Doan's Kidney Pills, and after taking two boxes I am now well and able to do my work. I am positive Doan's Kidney Pills are all that you claim for them, and I would advise all who suffer from kidney trouble to give them a fair trial. Doan's Kidney Pills are a purely vegetable medicine, realising quick, permanent relief, without any painful effects. A medicine that will absolutely cure Backache and all forms of Kidney and Bladder Troubles.

A medicine that strengthens the kidneys so that they are enabled to extract the poisonous uric acid from the blood and prevent the chief cause of Rheumatism. Price 50 cents per box, or 3 for \$1.25, at all dealers or The T. Millburn Co., Limited, Toronto, Ont.

In ordering specify "Doan's."

WEDDINGS: Nelson-Lester. The marriage of Mrs. M. Vivian Lester, until recently stenographer for the Sun Company, and Frank E. Nelson, traveler for Murphy Bros., of Halifax, took place yesterday afternoon in the Baptist parsonage, Jamaica, by Rev. E. T. Miller, father of the bride, officiating.

Mrs. Lester wore a traveling suit of brown with hat to match. Both bride and groom are well known in St. John, and Mrs. Lester has been the recipient of many beautiful gifts. These include a check from Murphy Bros., a cut glass water set from the Sun Printing Co., china bread tray from the newspapers of the Sun and Star. The newly married couple will make their home at 28 Macdonald Street.

McInnes-Watson. Rev. Gideon Swin officiated on Tuesday evening at his residence, 115 Waterloo Street, at the marriage of Martin E. McInnis, of St. John, formerly of Windsor, (N.S.), to Miss Evelyn Watson, of this city, formerly of London. The couple were unattended. They will live in St. John.

Winslow-Thompson. Frederick, N. B., Dec. 2 (Special)—The residence of Senator Thompson was the scene of a brilliant wedding at 2.45 o'clock this afternoon, when his youngest daughter, Margaret Archibald, became the wife of Francis Edward Winslow, son of the late E. Byron Winslow, and secretary of the McArthur-Veill Manufacturing Company, of St. Mary. Rev. J. W. McConnell performed the ceremony in the presence of thirty-five invited guests, mostly relatives of contracting parties. Miss Lenore Allen was bridesmaid and J. Alexander Thompson, brother of the bride, was best man. The bride, who was given in marriage by her father, was charmingly attired in a costume of flax net over white liberty satin, and chiton with white tulle veil and orange blossoms, and carried a bouquet of white roses.

AMUSEMENTS: HARKINS HERE NEXT WEEK. Lovers of good drama are asked to re-consider all next week for the N. B. Harkins company's engagement, for they are to open a very short engagement at the Opera House on Monday night next, and this will be their last appearance here before they sail for the West Indies. A party of the New York success players will be given next night, and all of them are the New York success players. They will be well worth seeing. During his engagement here patrons asked Mr. Harkins to repeat in the Bishop's Carriage, but he has been unable to see it owing to previous engagements, but he was unable to do so then. Now that he is returning he has decided to present it as an opening night.

MORE GOOD THINGS AT NICKEL. The good work of supplying plenty of wholesome and varied entertainment for the masses and the masses is still going on at the Nickel and more is to follow. Today the new company of Dramagraph players will present that charming old English story, "The Autumn Leaves Told," a romance of romances, and will further demonstrate the excellence of human voice pictures. Miss Edwards will follow her success in "Sailor Boy" with "The Songs My Dear Old Mammy Sang to Me," while Mr. Cairns is to render a sweet little number entitled "Just For Tonight." The fairy-tale "Donkey Skin" will be repeated, also the comedies "The Valet's Wife" and "The Two Affinities." At Saturday's matinee the Nickel will commence a limited contest among its afternoon patrons, children only to be the prize-winners. Seven expensive toys have been imported for this purpose and include two real moving picture machines and a "truly" steam engine for the boys; a postal card "reflectoscope," a large French doll, a large doll's house, and a sewing machine for the girls. These toys aggregate the better part of \$100 in money and will be awarded the cleverest little rhymer; prizes on exhibition in Reid Brothers' window Friday.

GEORGIAN MINSTRELS AT OPERA. Comedy will predominate in the Cameraphone programme to be offered at the Opera House today and Friday, commencing, as it does, of the Georgian minstrels, one of the finest song and dance turns on the stage, none other than Ford & Emmet. This will be a direct opposite to the Mikado, in character, and to many doubtless will be more popular. The Cameraphone is now conceded by all to be a practical matching of the voice and moving pictures, and the variety of entertainment that can thus be offered is unlimited. Those who have not yet seen the Cameraphone are invited to do so today, and the thousands who were delighted with the rendition of the Mikado to avail themselves of the pleasure in store today in hearing the first comedy programme the Cameraphone has to offer.

LONGBOAT WANTS DATE POSTPONED

Will Hardly be Fit for Marathon With Dorando on Dec. 15 and Asks for Extension of Time.

New York, Dec. 2.—Tom Longboat, the famous Canadian Indian runner, who has shown wonderful speed and endurance in his Marathon races, returned to this city after a short stay in Philadelphia. He was accompanied by J. O'Rourke. They registered at the Grand Union Hotel.

The famous Indian runner is matched to run the Marathon distance, 26 1/2 miles, against Dorando Pietri at Madison Square Garden December 15. He will begin training for that event at once unless he succeeds in his desire to have the race postponed.

"While Longboat is in good condition he is not in shape to run such an endurance race," said O'Rourke, yesterday. "I would like to have an extension of time in order to have him at his best. He is physically able to run a shorter distance right now, but he is not ready to go the long route, and it would be wise to hurry his preparation. He needs long courses of training to perfect him, and for that reason I shall ask to have the date changed to give him more time to train."

"Longboat realizes the importance of this race, Dorando has proved that he is a worthy opponent, and I believe that the Indian is the greatest runner in the world."

When O'Rourke met Longboat stepped off the train, they were greeted heartily by a few friends. The noted runner looked in excellent health. He was accompanied by his wife and two children and the salutations of his friends replied "How!"—an Indian expression which means anything from a cordial greeting to "You're very good" over a glass of firewater.

MADDEN'S HORSES TO GO TO ENGLAND

Some of Noted Horse Breeder's Best Stock to Appear on English Turf.

Lexington, Ky., Dec. 3.—John E. Madden has shipped the choicest brood mares at his Hamburg place to New York, and from there they will go to France, where Madden will establish a breeding plant. With the mares will go the noted sire Imp. Godolphin. Several mares to go are by Imp. Sandringham, another by Madden's great sire, Persimmon and Diamond Jubilee. Next week Madden will send Sir Martin and two other great money winners of the past season to England to race.

TOMMY QUILL BESTS ERNE

Tommy Quill was awarded the decision over Young Erne of Philadelphia last night in the main bout at the Army A. A. There was no question about the justice of the award, as the Quill was the better man after the first four rounds had been fought. Erne was game to the end, but the Brockton boxer showed better form, and actually outboxed the clever Erne, who is one of the shiftest men in the ring today.

The attendance was rather small considering the attraction. The semi-final and one of the preliminaries were excellent, the bout between Fitzgerald of South Boston and the Irish Fitzgerald of Philadelphia being a hummer.

ALWAYS FAVORING QUILL

Erne made his best showing in the three opening rounds, but never had a shade on the local chap. In the fifth and sixth rounds, however, Quill was all over the visitor, who looked a trifle weary as the bell rang.

Erne made a game rally in the seventh, but lost ground at the close of the eighth. In the ninth and tenth rounds Erne was guilty of holding and the referee had to pry the men apart. The closing rounds were all in favor of the Brockton boxer and there was no complaint when Jack Sheehan gave him the verdict.

An extra bout, not on the schedule, was put on. Billy Buchanan and Young Kelley, both of Boston, were carded for six rounds, but Sullivan proved too much for Kelley and the bout stopped in the middle of the third round.

GINGER IN THE SEMI-FINAL

The Rolfe-Fitzgerald contest was one of the exciting moments. Fitzgerald, Philadelphia, surprised the South Boston boxer by a short-arm jolt to the jaw in the opening round and Bill became a bit snazzy on his pins. Rolfe improved as the bout progressed and won the decision at the end of eight rounds. Fitzgerald received a great hand from the club members for his game showing.

In the opening bout Dick Nixon of Hyde Park in six rounds of unscientific slugfests.

Jack McAuliffe, the former lightweight champion of the world, and Charley Grit, the Australian, who meets Jim Driscoll at the club next Tuesday, were introduced.

WHY McLEOD POSTPONED FOLEY BOUT AT HALIFAX

Of both McLeod's non-appearance at Halifax on Tuesday when he was scheduled to box Tom Foley, W. J. Savage, McLeod's manager, said last night that the local boxer was ill and unable to go to Halifax. Mr. Savage received a letter from McLeod, who is in Yarmouth, that he was too ill to go on that night with Foley. The plan was for the St. John man to have come across the Bay on Monday night to leave that night by train with his manager for the sister city. In his letter he suggested that the bout be postponed to the coming Monday, as he would be at it then.

As it has been stated that Foley demanded and received \$100 from the promoter, because of the postponement, it is considered unlikely the "go" will take place.

BURNS' WINNINGS ON HIS AUSTRALIA TRIP NET \$50,000

Heavyweight Champion, Who Fights Johnson Dec. 26 at Sydney, Now Drawing \$625 a Week.

Among other things Tommy Burns writes from Australia, in a letter dated Oct. 9 and just arrived in the Australian mail, is an interesting paragraph about the money the champion is making. Things are surely coming easy for Tommy. He says: "I am writing this on the train going 60 miles an hour, on my way to fill a theatrical engagement—four nights for \$2800 (\$2,500) and transportation for three. This will make a total of a little over \$10,000 (\$8,000) I have earned in Australia, up to the date of the Johnson fight and does not include the moving pictures or transportation. So you see, Bob, this is pretty good for a poor kid starting out with nothing."

"This fellow McIntosh, the promoter, is a fine fellow and honest. I think he is the greatest promoter who has ever known. With pictures, pictures and transportation it's costing him \$3,100. That's about \$60,000."

"Johnson," writes Burns, "will be here about Oct. 21. He says he is going to stop me in twelve rounds of the 20 rounds. I put up \$2,000 (\$10,000) and I guess he won't cover it. That's the kind of easy money I like. I won't bet much on the result, unless I get some good odds, but believe me, I'll fight for my life to beat this black man and that 10 per cent. cartoon in New York, and I'm sure I'll win. It's the ambition of my life to whip Johnson."

In mentioning the division of the purse Burns says: "Johnson has a claim in his articles, club not to let on but what he is getting 40 per cent. of the purse."

The real division of the purse and expense money in this new El Dorado is like this: Johnson is to get in cash for his end of the purse \$10,000. For the picture he is to get \$100. This money, was deposited in the office of the Sydney Referee. Johnson also got return trip tickets from England for three with expense, amounting to \$400 all told.

Burns end is \$30,000 in cash, win, loss or draw. This is about \$30,000. Besides that he gets a moving picture film, valued at \$350, and transportation for two to London. \$250. This makes Burns' end altogether \$30,000 or \$33,000. The \$3,000 for Burns' end of the purse has been deposited with Johnson's end at the Referee's office.

Other interesting details tell that the spectators bought the Australian rights for the pictures for \$4,000 or \$20,000. The stadium built for the fight cost \$2,000 or more, and the land it is on cost \$2,000 or \$30,000 for the arena.

To show the comparatively drawing powers of Champion Tommy Burns and the negro challenger the gate receipts at former fights are given. The late Burns-Squires fight drew \$13,700 or \$88,500, not including the picture rights.

When Johnson was in Australia a while ago he fought Lang. The gate at that fight was \$300, or \$4,000. When Burns fought Lang in the same city, it was \$2,000, or \$24,000.

Tommy Burns fought Squires and Lang within eight days, appearing before crowds in the aggregate, that paid \$60,000 to see him fight.

When Johnson fought Lang the purse was \$200, (\$2,500), and was \$230 to the winner and \$150 to the loser.

There is no doubt that Australia has cut under us as the boxer's paradise. Imagine what Promoter McIntosh has laid out on this world's championship fight. First, purse and fighter's transportation and expense, \$40,500; Stadium, \$30,000. There will be many incidentals, but taking only these big expenses the promoter has had to lay out \$60,500 before a ticket has been sold at the gate or a blow struck in the ring. Where is the crowd who is going to handle things on this scale in America?

Of course, it is all coming back rapidly, and when the big fight is over Mr. McIntosh will have a large surplus of good money to show for it. The seats range in price from \$25 to \$250, as I notice in small handbill Tommy Burns inclosed in his letter. The bill itself is interesting. It reads like this:

The World's Championship, Tommy Burns (World's Champion) vs. Jack Johnson (Colored Champion) Absolute World's Boxing Championship

The Stadium, Rubencher's Bay, Sydney. Saturday, Dec. 26th, 1908. Prices: \$25, \$22, \$21, and 10c. Hugh D. McIntosh, Governing Director, Scientific Boxing and Self Defense, Ltd., Challis House, Sydney.

ST. DAVID'S TENNIS AND CROQUET CLUB

Closing Meeting of Season Held Last Night and Trophies Presented.

The closing meeting of the tennis and croquet club in connection with St. David's Sunday school, was held last night after the mid-week meeting in the parlour of the church. The president, R. Reed, occupied the chair. The secretary, I. Fred Archibald, gave a financial statement, showing all bills paid and a credit on hand.

Rev. A. A. Graham, on behalf of the tournament committee, presented trophies to winners in the ladies and gentlemen's tennis. The trophies consisted of a very pretty brooch for the lady, donated by Alex. Watson; a scarf pin for the gentleman, donated by the president. Mr. Gibson graciously acknowledged the presentation.

The club has now in course of construction a second croquet court, 24 1/2 feet wide, which will be ready for play next spring. The new court will add to the present one on the church property.

ACCIDENT DURING WRESTLING MATCH

'The Terrible Ice Man' Had His Shoulder Dislocated and Another Had to Take His Place.

Boston, Dec. 2.—In a wrestling match held last night, Fritz Mohr, known as "The Terrible Ice Man" had his shoulder dislocated by Raoul de la Roche, who was his opponent. The accident occurred on the mat at the beginning of the bout. Hilmar Lindin took the place of the injured wrestler, while the referee, who had been thrown from his place of fifteen minutes, which Raoul failed to do.

ST. STEPHEN'S WIN

First Basket Ball Game in New Y. M. C. A. "Gym." Went to Them Last Night—New League Tonight.

Last night in the new Y. M. C. A. gymnasium the St. Stephen's basketball team won the deciding game of the season by a score of 21-11. The game was the first to be played in the new gymnasium and it was a real treat for the spectators. The players of both teams expressed their admiration of the new floor, finding it perfect in almost every respect. The St. Stephen's team was victorious by a score of 21 to 11. The game was a satisfactory manner. The line-up was:

St. Andrew's Centre. St. Stephen's. R. Barton. Centre. F. Finley. Forwards. W. H. Patterson. M. Latham. P. McAvity. Defence. A. Scott. A. Macaulay. League Will Start Tonight.

The opening games in the St. John Basketball League will be played tonight in St. Stephen's rooms, Charles Street. The first game will be between St. Stephen's and St. Andrew's. The second game will be between St. Stephen's and St. John's. The games will start about 8 o'clock and no admittance will be charged. Geo. Emery will be referee.

It isn't so difficult to strengthen a weak stomach if one goes at it correctly. And this is true of the Heart and Kidney. The old-fashioned way of dosing the stomach or stimulating the Heart or Kidneys is surely wrong! Do'shopp's Food is the correct way. "Go to the weak or ailing nerves of these organs," said he. Each inside organ has its own nervous system, and when it is out of order, it sends out a signal to the brain. Do'shopp's Food restores the nervous system, and when the organs are thus restored, they will naturally be strong and healthy. Do'shopp's Food is a natural food, and it is the only food that will restore the nervous system. It is the only food that will restore the nervous system. It is the only food that will restore the nervous system.

USE OF SEAMEN

A splendid gift was received yesterday by the Seamen's Institute Society for use of the men of the sea when they are in the Pacific of the United States and of Japan is not regarded at Pekin as in any way offering a solution for the Chinese situation. The terms of the agreement, it is understood, are definite with regard to American interests and vague with reference to China, and like previous dual agreements, it is incompetent in Manchuria, to prevent the development of Japan's forward policy. It is pointed out that Japan has not settled many of the main questions at issue.

The action of the United States is regarded as a sequel to the fleet's tour, for what has been considered a snub on the part of the United States in sending only eight warships to Anoy and it places moral strictures upon Japan with regard to any designs that country might have had in China. Notwithstanding this, however, Tang Shao Yi, who is now on a mission in the United States, will carry out the plans originally arranged for bringing matters of importance to the attention of the American government.

Some of the foreign officials on the agreement, "a Rooseveltian display." Some of the Chinese are suspicious of the agreement because it appears to them similar to an agreement which recently existed in Szechwan in China. The opinion which hitherto was held here that the American naval pretensions were being greatly changed since the announcement of that country's fixed policy in the Pacific and the announcement of the agreement had the effect of nullifying the exertions on the part of the representatives of other powers to make political capital out of the present situation.

At an annual meeting of the B. Y. P. U. of German street, Thursday, Nov. 27, A. A. McIntosh, president. Addresses were delivered by R. M. Thorne, the president, and Rev. David Hutchinson. An excellent programme was carried out. The following took part: Miss L. Gallip, Miss Eva Gallop, Miss G. Webb, Miss C. Colwell, Miss L. White, Miss McIntyre, Miss Mullin and Miss Mullar. Refreshments were served.

Among the guests at the Winning Canon Club last night were: Mrs. Mrs. Miss Gladys Campbell, of St. John, Mrs. Robert Campbell and Miss Phyllis Stratton.

PRINCE RULES CHINA NOW

Prince Chun Was Yesterday Enthroned as Emperor--Great Men Made Respectful Obedience to Him.

Pekin, Dec. 2.—The ceremony of enthronement of the new king today was of striking interest. It was absolutely unique in the history of the empire in the western world on similar occasions. It included obsequies to the dead emperor and empress, and prostrations before the infant emperor, the three-year-old son of Prince Chun, who today formally took the throne.

The imperial programme for the function was prepared at the palace yesterday. It ordered that music for the occasion be prepared but not a single note be played until the emperor had taken the throne. Troops began entering the palace at 4 o'clock this morning. They took up their positions inside, and soon the high officials began to arrive. The site and importance of the gathering within was indicated by the waiting carriages outside the palace, at 10 o'clock not less than 300 carriages, resplendent and brilliant in the winter sun, were waiting for the ceremony to come to an end.

The coronation ceremony took place in the throne hall of the Forbidden City. The emperor, as yet a child, was seated on a low, raised platform, and the great courtiers and officials of the empire according to an old established custom, a low walk of life, were brought in to the sacred precincts of the Forbidden City to act as witnesses. The emperor, but an inconspicuous part in the proceedings.

At 11:30 the officials began leaving the palace. The ceremony in the Forbidden City was at no time impeded. The scene was enhanced by a number of pilgrims who had come in on camels all the way from Mongolia.

All day yesterday sacrifices were made to his late majesty by the highest dignitaries of the empire at the five most important temples of Pekin, the Temple of Heaven, the Temple of the Ancestor, the Temple of Earth, and the Temple of Agriculture and the Temple of Confucius.

The entry of the United States in the Pacific nations which have arranged dual agreements has caused surprise, but while it secures the tranquillity of the possessions in the Pacific of the United States and of Japan is not regarded at Pekin as in any way offering a solution for the Chinese situation. The terms of the agreement, it is understood, are definite with regard to American interests and vague with reference to China, and like previous dual agreements, it is incompetent in Manchuria, to prevent the development of Japan's forward policy. It is pointed out that Japan has not settled many of the main questions at issue.

The action of the United States is regarded as a sequel to the fleet's tour, for what has been considered a snub on the part of the United States in sending only eight warships to Anoy and it places moral strictures upon Japan with regard to any designs that country might have had in China. Notwithstanding this, however, Tang Shao Yi, who is now on a mission in the United States, will carry out the plans originally arranged for bringing matters of importance to the attention of the American government.

Some of the foreign officials on the agreement, "a Rooseveltian display." Some of the Chinese are suspicious of the agreement because it appears to them similar to an agreement which recently existed in Szechwan in China. The opinion which hitherto was held here that the American naval pretensions were being greatly changed since the announcement of that country's fixed policy in the Pacific and the announcement of the agreement had the effect of nullifying the exertions on the part of the representatives of other powers to make political capital out of the present situation.

HE CAN WRITE I. S. O. AFTER HIS NAME NOW

John Beamish, Veteran Letter Carrier, Received the I. S. O. Medal Last Night in Recognition of Faithful Service.

John Beamish the veteran letter-carrier, who after thirty years' service, was superannuated last spring was the recipient last night of the Imperial Service Order medal for long service. The following letter accompanied the medal.

Home Office, White Hall, Nov. 9th, 1908.

Sir - I am commissioned by the King to present to you herewith an Imperial Service medal in recognition of your long and meritorious service as officer in the office department, and I request that you will acknowledge receipt of the decoration, and will sign the acknowledgment with your christian name, in full.

Yours truly,
R. F. REYNARD,
Secretary Imperial Service Order.

Needless to state Mr. Beamish is highly elated at the honor thus conferred on him.

THE EVERY DAY CLUB TO HAVE A NEW HOME

Must Vacate Present Quarters at End of Year but Will Have New Rooms Ready.

The Every Day Club will occupy new quarters on New Year's day. The club's lease of its present hall will expire at the end of the year, and the trustees of the hall desire to use the premises for other purposes. Therefore the club must move out. It has been fortunate enough to secure premises in the same part of the city, and will convert them into a large hall which will be formally opened with a New Year reception for men.

At a largely attended special meeting last night the club decided to lease the new premises, and Messrs. Barker, Jones and Oval were appointed a committee to have full charge of the work of renovation.

The friends of the club will be pleased to know that it will be in a position to carry on its work without a day's interruption, as it will keep its present hall open till the end of the year.

Last evening the band also held a business meeting. In the large room, with Walter Grey at the piano, there were songs and instrumental music. The hall is a comfortable and pleasant place for men to spend an evening.

WINTER PORT MATTERS

The valuation of the outward cargo of the Allan line steamship Tapanahia on her way to Liverpool from this port is as follows: Canadian goods, \$7,143; Foreign goods, \$37,782; Total, \$44,925. She took 55,908 bushels of wheat.

Manifest for 45 cases wheat and meats were received at the custom house today from the United States.

C. P. R. steamship Indralni, Captain Mitchell, sailed from this port last night at 8 o'clock, for Baltimore and Glasgow, with a general cargo.

Allan line steamship Grampan is due at Halifax today, and here Saturday.

Domestic Line steamer Indralni, Captain Mitchell, sailed from this port last night at 8 o'clock, for Baltimore and Glasgow, with a general cargo.

POLICE COURT

The sole occupant of the dock in the police court this morning was Charles Windsor, a middle aged Englishman arrested on King Square at one o'clock this morning by Night Special Marshall for wandering in the street. Marshall stated that he accosted the man on the North side of the King Square and conducted him to a hotel. Windsor admitted that he had lost fifteen cents. When he arrived in port on the Allan liner Virginian on Sunday he was the possessor of \$15. He said he was employed at Boatstown with lumber firm two years ago and if presented with an opportunity would attempt to cover the intervening distance on foot and seek work there again. It is doubtful if he would accomplish the task as he is very scantily clad. He was remanded.

WEDDINGS
Dykeman-Wallace

At the Tabernacle parsonage at eight o'clock last evening Charles Dykeman and Mrs. Eliza Caroline Wallace were united in matrimony by Rev. W. J. Kierstead. Mr. and Mrs. Dykeman will make their home in St. John West.

Sharp-McLellan

A quiet wedding was solemnized at the home of the bride 221 Prince street, west side, last night when Mrs. Annie McLellan was united in marriage to Urban Wilfred Sharp. The ceremony was performed by Rev. Jacob Henney, B. A., at eight o'clock. Mr. and Mrs. Sharp will reside at 221 Prince street.

NICKEL CHILDREN TO GET TOYS

On Saturday the Nickel will start a matinee limerick contest among the children. Each patron gets a blank to fill out, but children only must be the winners. Seven expensive toys have been imported by Reid Bros. and will be exhibited in their window Friday. These prizes are: A \$25 moving picture machine; a \$10 moving picture machine, and a \$6.50 steam engine for the boys; while the girls are to receive a \$12 postal card reflectoscope or lantern; a \$8 French doll, a \$6 doll's house, and a \$3.50 sewing machine.
