

SHIRETOWN WILL REMAIN AT DORCHESTER; PUBLIC HEALTH BILL PROPOSED

Only Two Voted for the Change of Westmorland Shiretown to Moncton After Hon. Mr. Robinson Had Explained the Measure—Hon Dr. Roberts Outlines Work of Department of Public Health During the Year.

Fredericton, April 14.—On the House remaining at 3 o'clock today Hon. Mr. Venison introduced a bill to amend the Municipalities Act. He explained that it had reference to that portion of the act which defined the powers of municipalities in regard to ferries. It was proposed by the bill to exclude from municipal control such ferries as were subsidised by the government. The government had suffered losses in recent years because of the fact that municipal employees in charge of ferries had neglected their duties. Last year a scow had gone adrift owing to carelessness, and had cost the department \$100 to recover it. In 1916, a valuable cable for the ferry service was purchased by the former government and turned over to a ferry man near the Barron and a recent investigation showed that it had been stored away for two years. Things had got into such a state that the government now either had to stop subsidizing ferries or take control of them. A scow lost on the St. John River in 1915, was rebuilt at a cost of \$900 and another was replaced at a cost of \$1,000. The department had to build another scow for use near Hampton.

Medical Inspection.

With regard to medical inspection in the schools, the time had come when its necessity was no longer doubted. When they considered that during the war from fifty to sixty per cent. of the young men were unable to pass the medical examination, and that eighty-five per cent. of the school population was abnormal and suffered from ailments which could be cured, the importance of medical inspection in the schools must be apparent to all. There had been some criticism of the manner in which medical inspection had been carried on, but he was proud of the fact that provision had been made for the inspection of scholars in every school in the province. No other province had such a perfect system.

To Improve Service.

It was his intention to find out where the weaknesses existed and provide a remedy. It was proposed that during the coming month the public health nurses were giving satisfaction. They were carefully trained and were doing good work in a kindly way in the homes of the people. Ten of these nurses were now employed by the department and the number would soon be increased. The Red Cross Society had come to the assistance of the public health movement by providing funds to defray the cost of special courses in nursing. They were carried out at St. John under the direction of the Victorian Order. (Continued on page 3.)

IRISH KNIGHT IS SHOT DEAD

Sir Arthur Edward Vicars Victim of the Sinn Feiners at Listowel.

Dublin, April 14.—Sir Arthur Edward Vicars, former Ulster king-of-arms, was shot dead this morning at Listowel, and his residence burned. A tag was attached to the body, reading: "Traitors, beware, We never forget. I. R. A." Sir Arthur Vicars was Ulster king-of-arms at Dublin Castle at the time of the famous robbery there in 1907, when the Irish Crown jewels, valued at \$250,000, were stolen from the castle. He afterwards won a \$25,000 prize against London newspapers, which had run a fiction on him in connection with the case.

Provides Probation For First Offences

Ottawa, Ont., April 14.—First reading was given this afternoon to the statute for the permanent court of international justice. Hon. G. J. Doherty stated that Canada had signed the protocol through her representatives after the assembly of the League of Nations. While the government had power to ratify the statute of its own accord, the signature of the delegates had been subject to ratification, and it was thought better to have ratification by parliament.

Adds Probation Plan Hon. Mr. Doherty introduced a bill to amend the Criminal Code in regard to probation of offenders. He explained that the criminal code now contains provision for suspended sentence. It was proposed to add to this the principle of probation. An offender sentenced for his first offence would, instead of being placed with hardened criminals, be under the charge of a probation officer. In that way many people might be saved for society.

Four Thousand Homes Burned in Japan

Hakodate, Japan, April 14.—Fire which broke out here last night destroyed some four thousand homes before it was brought under control. The buildings destroyed included three Christian missions, the British consulate, several banks, hospitals, school houses, theatres and government buildings. The fire in Hakodate was the third great conflagration to occur in Japan in the last three weeks.

OCEAN TRADE MAY BE TIED UP BY STRIKE

Thirty Per Cent. Wage Cut for Seamen and Stewards May Start Trouble.

BALLOT AGAINST TRIPLE ALLIANCE

So Far Union is Dividing About Walk-out on Sympathetic Work-out.

London, April 14.—A serious phase of the threatened strike of the Triple Alliance is that of the British seamen and stewards, whose wages, it was learned today, have been announced will be reduced approximately thirty per cent. The reduction, however, will not be effective pending a meeting on April 22 of the shipowners and representatives of the Firemen's and Sailors' Union, to which the seamen and stewards belong. At this meeting the whole question will be discussed.

INCOME TAX IS ALREADY DOUBLE 1920 RETURNS

Thirty-Eight Million Dollars Paid in to Date and More to Come.

INTERIM SUPPLY GIVEN THIRD READING

Premier Claims Cost of Living Has Declined Fifteen Per Cent.

Ottawa, April 14.—The House today wrote the final chapter of the interim supply bill, by giving the bill third reading. From there the House went on to deal with amendments to the Judges' Act and the Post Office Act, and finally, late in the evening, settling down to a discussion of the new trade treaty between France and Canada.

Moncton Labor To Discuss Layoff

Moncton, April 14.—Much interest is taken in the mass meeting of the C. N. R. Labor Union men to be held in their hall tonight to discuss the reduction of employees in the C. N. R. shops. It is estimated that about six hundred men will be thrown out of work by the end of this week. There is some talk among some of the employees not affected by the reduction of accepting the management's three days a week alternative if by so doing the men laid off can be retained in the service. Some definite proposition may be forthcoming at tomorrow night's meeting.

FRANCE TO OCCUPY RUHR DISTRICT IF GERMANS DELAY MORE

Paris, April 14.—Germany's obligation to the Allies will be fixed at between 130,000,000,000 and 160,000,000,000 gold marks, the Allies' reparations commission says the Echo de Paris.

PEACH CROP IS SAFE.

St. Catharines, Ont., April 14.—The peach crop is not injured in the recent cold spell, so far as learned, but some varieties of apples, notably the Duchesse, may be scarcer this year as a result of the cold snap.

To Tax Judges' Salary

Ottawa, April 14.—Second reading was given the bill today to amend the Judges' Act, which seeks to tax the \$5,000 which is allowed chief justices as administrators.

STANDARD'S BIG CONTEST ENDS MONDAY

Midnight, April 18th, is the Closing Hour—\$15,000 in Prizes Awaiting Owners.

ACTIVE WORKING NON-WINNEE'S REWARDED

Only today, tomorrow and Monday remains in which to secure subscriptions for the Standard's big contest. Midnight, April 18th, is the closing hour—\$15,000 in prizes awaiting owners. Active working non-winners are rewarded. Ten Per Cent. Commission to Each Contestant Who Works Actively to the End.

AT THE IMPERIAL TODAY

"Desert Gold" (featuring an all-star cast). AT THE GREEN SQUARE TODAY—"Tom Mix in 'Three Coins'."

ANGUS SHOPS ON THREE-DAY WEEK

About 3,000 Men Concerned in Cut in Working Hours Made by C. P. R.

Montreal, April 14.—All workers in the Angus shops of the Canadian Pacific Railway received notice this morning that the plant would be shut from tonight until Monday morning and that thereafter the shops will be open only four days a week, equivalent to 23 hours weekly until further notice. Wages will remain as before by a choice tonight after nine o'clock worked. About 3,000 men are affected.

THREE ARE ACQUITTED

Hamilton, Ont., April 14.—The action brought against Stanley Mariner, Edgar Haslam, Oliver Fry and Arvin Semioff, on a charge that they were members of an unlawful assembly, and that they conspired to obstruct justice, was today returned a verdict of not guilty.

CIVIL SERVANTS PROTEST

Halifax, N. S., April 14.—Civil servants representing all branches of the federal service met here tonight and passed a resolution of protest against the proposed reduction of their bonus by the federal government. Copies of the resolution were ordered to be sent to Premier Meighen, Hon. W. L. Mackenzie King and Hon. T. A. Crerar.

TEACHERS' UNION RECOGNIZED BY THE MOOSE JAW TRUSTEES

Moose Jaw, Sask., April 14.—The Collegiate Institute and the School Board today signed by both parties last evening. The School Board grants the teachers' union recognition of their alliance and agrees to treat with the teachers through that organization. No increases have been granted to the principles and collegiate teachers. It is understood and the board has taken them all back without prejudice.

ENDORSER THE STRIKE

London, April 14.—Resolutions expressing solidarity with the miners and the triple alliance in their present movement were passed tonight at a meeting of the parliamentary committee of the Trades Union Congress, the national executive of the labor party and the parliamentary labor party, held at the House of Commons.

STEWARDS TO QUIT

New York, April 14.—Bert Haxton, a delegate of the National Union of Stewards, Cooks, Bakers and Butchers, which is affiliated with the triple alliance, announced here today he had received notice that members of his union would walk out tomorrow on all ships in English ports.

Extension of Credit

New York, April 13.—Extension of six months' open credit for the Sugar Financing and Export Company of Cuba, drafted under which are to be secured by sugar stored in independent warehouses in Cuba, or in process of exportation, was announced today for a banking syndicate, headed by the Guaranty Trust Company, the Nation-

Huge Stocks of Food Being Stored in London for Any Emergency.

LOURKE COCHRAN PREDICTS TIMES OF MUCH DANGER

Conditions as Bad as Those That Brought Down Roman Empire.

WORLD WILL NOT BE SILENT NOW

Grave Danger to Civilization in Conditions Prevailing He Says.

Washington, April 14.—Several changes in the line-up in the House on emergency tariff legislation since the Fordney measure was passed in the last session, only to be vetoed by the president, were revealed today during general debate on the Young emergency bill, which includes anti-dumping and foreign exchange provisions.

Prepared to Treat.

In this the secretary of the miners' union said among other things: "We are prepared to consider the question of wages provided they are not regarded as permanently on a distasteful basis, but only of a temporary change."

Ready For Struggle.

The whole labor movement is aligning itself solidly with the miners against the government. The workers seem to believe that the hour has struck for a final struggle against what they, rightly or wrongly, suspect to be an organized plan on the part of the employers to force down wages.

May Call Volvin Before Full Board

Charge is Made That N. S. Coal Companies Are 'Holding up' the C. N. R.

Ottawa, April 14.—Roy M. Volvin, president of the Dominion Coal Co. and titular head of the Nova Scotia Steel and Coal merger, will be summoned before the parliamentary fuel committee to answer charges aired in the committee this morning that the coal companies which entered that merger are 'holding up' the Canadian National Railway.

Parks Are Closed.

They have been completely closed to the public, and a small army of workmen invaded them yesterday, erecting tents and buildings, while convoys and lorries made their appearance. The ministry of transport issued an order for the requisitioning of all vehicles and horses which may be required. The government has at its command an enormous fleet of motor lorries and is confident of its ability to maintain road service. It has also substantial stocks of food, which it is estimated, will last through the strike and a reasonable length of time hereafter, and at present no focal rationing to consumers is contemplated, but the retailer may be restricted.

Stewards to Quit

New York, April 14.—Bert Haxton, a delegate of the National Union of Stewards, Cooks, Bakers and Butchers, which is affiliated with the triple alliance, announced here today he had received notice that members of his union would walk out tomorrow on all ships in English ports.

WHAT CONSOLIDATION MEANS TO CANADIAN NATIONAL RAILWAYS

Incorporation of Grand Trunk Into System Will Make Big Increase in Freight Density—Expected to Raise Average Haul and Thus Lessen Cost of Handling All Classes of Freight.

Series No. 4.
The public is anxious naturally to know what effect the acquisition by the Government of the Grand Trunk Railway System in Eastern Canada and United States will have on the operating results of Canadian National Railways. From the financial point of view, of course, depends on the rates, and on a general proper relationship of expenses to earnings being re-established. This may be brought about through wage reductions in United States that would likely become effective in Canada. The general level of freight and passenger rates in United States will probably not be reduced until the United States railroads begin to cut their bill 6 per cent on the value of their properties devoted to transportation. These problems are, however, not peculiar to the Canadian National Railways, but affect all lines on this continent.

There has been no great change in tonnage as compared between the year ended June 30th, 1919, and the twelve months ended Dec. 31st, 1920, although the latter period will doubt show a greater volume. The latest available statistics for all Canadian railways, however, are those contained in the Government's blue book for the year ended June 30th, 1920, and these will be satisfactory for the purpose of this article which is to draw attention to the possible improvement in the National Railways freight traffic situation through consolidation as affecting the important factor of long haul traffic. The lines of the Grand Trunk Railway system serve practically all of the industrial and commercial centres in Ontario and Quebec and the company enjoys excellent traffic arrangements with United States railways. Naturally a great deal of this industrial tonnage has to be moved considerable distances in Canada. The merging of the lines of the G. T. R. with those of the present C. N. R. will make possible the extension of the average haul on the entire system.

The measure of a railway's freight density is the number of tons of freight it handles in a year per mile of line. Every shipment handled is worked out in ton miles. For example, if a carload of grain weighing 33 tons is moved 1,000 miles, that

average haul of 776 miles, which would produce, for 29,100 miles, a freight density of 419,570 ton miles per mile of line, the density could be increased in five years to 877,113 ton miles per mile of line by merely increasing the average distance hauled by 10 per cent per annum. This would put the National System on much more of an equality basis with the C. P. R., which system had a similar density in 1912, and exceeded it in 1916, 1917, 1918, and 1920 when its density averaged just over a million tons per mile of line. In predicting the increase for the National lines there has been no allowance made for an increase in originating tonnage, nor for any increase in tonnage received from connections, but merely for an increase in the length of haul derived from each ton now available. If during the five year period, tonnage originating on the consolidated National System and received from connections also increased, it would be easier actually to effect the increase in density and in view of this, and the results that have been obtained elsewhere, the assumption of a ten per cent increase from all sources should be possible of attainment with anything like the pre-war development.

The advantage that the C. P. R. has over the present Canadian National Railways in the matter of tonnage received from connections will be appreciated when the following comparison is noted:—

Summary of Traffic Moved—Year Ended June 30th, 1919.			
Tonnage Originating On Lines.	Traffic Received From Other Lines.		Total Tonnage.
	Canadian Pacific	Canadian National	
16,426,946	2,158,529	2,285,495	20,870,970
19,966,855	4,683,785	407,900	24,748,540

(The superiority of the C. P. R. in railways is particularly noticeable.)
The Grand Trunk System's tonnage is made up as shown below:

Tonnage Originating On Lines.	Tonnage Received From Other Lines.	Total Tonnage.
12,301,698	3,468,603	15,770,301

Agreements Abrogated.
Washington, April 14.—National agreements defining working conditions for employees on all United States railroads formerly under the Federal Railway Administration were today ordered abrogated, effective July 1, 1921, by the United States Railroad Labor Board.

"BLUE LAWS" HIT.
Baltimore, Mo., April 14.—Blue laws so far as they apply to Sunday baseball were given a hard blow here today when a jury in criminal court acquitted Jack Dunn, manager of the Baltimore International League team. Dunn was tried under an indictment based upon the fact that Sunday baseball games have been played at Oriole Park.

Trout Fishing Talk
Pastime of The Fan
Already Fondling Their Tackle and Talking It Over at Office Chair Gatherings.
Trout fishermen are perking up. They are talking about going after the fish, and the reports of the reports on trout fishing have already given them a try. They hadn't much luck with the water so cold, says one, but the early spring has put them all on the anxious seat and the devotee of the line and rod are eager to whip the waters.

Pleasure in Two Ways.
A real trout fan of the city says there are two ways to have pleasure out of trout fishing. One is to go fishing. The other is to prepare for it, think about it, talk about it and always be just about going to do it. The advocates of this second method have had a lot of joy in the past two weeks. They meet frequently at the Victoria Hotel to talk it over. The dapper Brad who serves you at the hotel desk can talk trout fishing to the King's taste. Members of the club gather to talk it over.

The members of the fraternity of steam whippers say that a rod, whether it is ever used or not, can always stand washing. A reel can be taken apart and oiled a thousand times. A line can be waterproofed and tested every week. This can be repeated as often as you please. That is what the gang claims and the office chair fishermen of the Victoria Hotel admit having done the job over and over again. Now the day is at hand to go fishing and he wonders if the office can spare him, whether it isn't too cold for the trout to venture out, whether it is worth while trying the impoverished brooks nearby. After wondering the chances are he will pick up the wondrous tackle and give the automobile a wash.

The other extreme, according to the office chair fishermen, is the fisherman whose mind is on getting to the water-side. He buys a new line, and maybe a dozen flies when he knows it is too early for flies, goes to the battle with a leaky boat, his reel always has something the matter with it. But he gets there, he wets his line and maybe gets a trout.

Few Delusions About Results.
Maybe, they say, because the man who goes trout fishing so early in the season have few delusions about the probable results. Usually it is a miracle if a trout comes to the fly to eat in the season. More than that, the man with the can of worms—and there are thousands of these practical wretches—cannot be certain of bringing anything to the frying pan, but the bacon. Too often the water is too high or so icy that no intelligent comfort-loving trout would come near the surface.

These office chair fishermen are reluctant to tell a stranger where to go fishing. The Standard man wanted a tip where to try his luck. They vouchsafed the information that the wise fisherman goes where nobody else thinks there is a trout. The business-like fisherman, they said, probably already has a postal from his rural friend. For the harbor sportsman from Porridge Corner, telling him there ought to be something doing on Miller's Creek about two miles north of the wood track. If they don't like then follow up stream beyond Murphy's mill and fish the east fork. He will save that card for future reference and place it in his creel with the other tackle.

A Quiet Tip.
For the benefit of fishermen who fondle the mistaken notion that the chief business of fishing is to go fishing, it might be said that the worms know it is an early spring. They are within a few inches of the surface of the ground to the south side of almost any barn. And the trout do not know yet that artificial flies are the proper thing in trout fishing.

"Brush your teeth before your shoes, the teeth are more important."
N. B. Health Week, April 24-30.

RHINELANDERS FEARFUL OF A DOUBLE BARRIER

It is Afraid Rest of Germany Will Treat Province as Foreign Country.

DEPRESSION IN THE MARKETS FELT

Frankfurt, Germany, April 14.—In addition to fear of the effect of the allied customs frontier tax of 25 per cent, industrial leaders and merchants in the Rhineland are afraid that Germany will treat the province as a foreign country and establish counter customs charges. The markets show a general depression. The buyers in the occupied area are cancelling orders from Germany until they see what effect the customs frontier will have and efforts to have the Rhineland stock up in anticipation of an allied levy have been unsuccessful.

Business Killed.
"Instead of stimulating business," said a Wiesbaden clothing manufacturer, "the coming barrier has killed the fast spark of business. The stagnation which set in last year is merely continued. Even considering the depreciation in the value of the mark, clothing costs more in Germany today than in France. Most Rhineland firms are already well stocked and are prepared to live of their own fat until times change. Personally I am prepared to hold out two years."

The obvious purpose of the customs frontier is to detach us from our natural German markets, while exportation to France is not facilitated. Firms are opposed more to customs

DIED.

Referring to sanitation as an important question in the rural districts where the risk from tuberculosis, diphtheria fever, was twenty cent higher than in cities. During the last few years there have been outbreaks of diphtheria but it has occurred under conditions which have been reported after years ago. He made reference to one which had to do with diseases. Those diseases occur at times but it took the time to reveal the awfulness of them. Members would be surprised to know of the awfulness that existed in New Brunswick year to year. The department taken steps to establish a system of clinics which would surprise them to twenty-five per cent of those who applied for operation. Patients were suffering from diphtheria to which he referred to the organization. Dominion Council to carry throughout Canada. To work the Dominion Government provided an annual grant of \$75,000 to the department. The department used the provided equipment for which would be conducted benefit of the poor. At the time in Fredericton diphtheria it had been decided to clinics at important centres. The legislation had been passed for the control of diphtheria, would be effective. At the laboratory the charge was five of blood examination by the method. That would be clinics without charge, as would be provided for the clinics of the province.

Child Welfare
With reference to Child work, it was important to mention that the department should take charge of over-impairment of the object of impressing the importance of the department had established. Welfare exhibit at the 1920 exhibition and it has been 75,000 people. The department was still in session of the department as shown in the towns of during the year. The department established throughout seventeen depot, where could promptly secure serum, vaccine and antitoxin in emergency cases was a depot within twenty of every physician and he could obtain a few hours treatment in emergency cases. Mr. Young proposed a section prohibiting passing from house to house if He thought persons in glasses they required, should buy them in the store. Members said members had been done by fathers their protection that he clause left.

Hon. Mr. Baxter said that simply to provide against persons testing eyes. Hon. Mr. Roberts said the bill was to give the people. The bill was also were bills for the Sybil Ann McCann, to incorporate the Roman Catholic St. Martin's Marsh Company, to incorporate the development company, Linthorpe the municipality and to affect temporary Charities the Roman Catholic Chatham to convey certain empower the town of Vassal Agriculture Society to regulate restaurants in St. John. SHIRETOWN WILL REMAIN AT DORCHESTER; PUBLIC HEALTH BILL PROPOSED

Only Two Voted for the Change of Westmorland-Shiretown to Moncton After Hon. Dr. Roberts Outlines Work of Department of Public Health During the Year.

(Continued from page 1)
Referring to sanitation he said it was an important question especially in the rural districts where the death rate from tuberculosis, diphtheria and typhoid fever, was twenty-five per cent higher than in cities and towns. During the last few years there had been outbreaks of disease which would not have occurred had sanitary conditions been properly looked after years ago.

He made reference to social hygiene which had to do with venereal diseases. Those diseases existed in olden times but it took the Great War to reveal the awfulness of conditions. Members would be surprised if they knew of the awfulness of conditions that existed in New Brunswick from year to year. The department had taken steps to establish clinics. It would surprise them to learn that twenty-five per cent of the women who applied for operations in the hospitals were sufferers from the conditions to which he referred. He referred to the organization of a Dominion Council to carry on work throughout Canada. To assist that work the Dominion Government had provided an annual grant of which New Brunswick's share was \$7,900. The department used that money to provide equipment for eight clinics which would be conducted for the benefit of the poor. At a conference held in Fredericton during the week, it had been decided to hold those clinics at important centres in the province. The legislation which had been passed for the control of venereal diseases, would now become effective. At the laboratory in St. John, the charge was five dollars for a blood examination by the Wasserman method. That would be done by the clinics without charge, and free serum would be provided for the poor people of the province.

Child Welfare.
With reference to Child Welfare work, it was important that the government should take charge and prevent over-inflating of expenses. With the object of impressing upon the people the importance of the service, the department had established a Child Welfare exhibit at the last St. John exhibition and it had been visited by 75,000 people. The material used in that exhibit was still in the possession of the department and would be shown in the towns of the province during the year. The department had established throughout the province seventeen depots where physicians could promptly secure a supply of serum, vaccine and anti-toxin for treatment in emergency cases. There was a depot within twenty-five miles of every physician in the province, and he could obtain everything he wanted within a few hours.

Heretofore the department had been sending free examination of the blood of typhoid patients and cultures of diphtheria. Last year the laboratory had a surplus and he thought that a change could now be made; during the present year physicians would be permitted to forward sputum of tuberculosis patients to the laboratory and have the same examined free of charge. On the ground of urgency, the bill was read a second time, the Hon. Mr. Young presented it to committee with Mr. Flewelling in the chair and took up consideration of a bill to regulate the practice of optometry.

Optometry Practice.
Mr. Curran in explaining the bill said that it would prevent the peddling of glasses and provided that those engaged in the work of fitting eye glasses, must be properly qualified.
Mr. Young protested against the section prohibiting persons from going from house to house fitting glasses. He thought persons knowing what glasses they required, should be able to buy them in the stores. Hon. Mr. Mernereau said members of his family had been done by fakers; it was for their protection that he wished the clause left.

Hon. Mr. Baxter said the clause was simply to provide against unqualified persons fitting eyes.
Hon. Mr. Roberts said the object of the bill was to give protection to the people. The bill was agreed to, as also were bills for the adoption of Sybil Ann McCham, to incorporate the St. Martin's Marsh Company Limited, to incorporate the Albert Mines Development Company, Limited, to authorize the municipality of Westmorland to affect temporary loans, to authorize the Roman Catholic Bishop of Chatham to convey certain lands, to empower the town of Woodstock to assist Agriculture Society No. 51, and to regulate restaurants in the city of St. John. A bill to amend the Bastardy Act relating to the county of Kings, and a bill to amend the Schools Act.

Moncton Bill.
Hon. Mr. Baxter speaking to the bill to amend the act to consolidate acts relating to the town of Moncton, said that the impression had been left that members of the Moncton city council wanted something put through the legislature for which they did not desire too much publicity. He was not objecting, but if trouble should develop in Moncton as the result of this bill being passed, it would be the legislature which would be blamed and not the city council.

Mr. Veniot speaking to the bill respecting the Grand Falls Company, said that an amendment acceptable to all parties had been drafted and accepted by the Committee on Corporations.
Grand Falls Power.
Mr. Hayes said that the question of development of Grand Falls was a matter which concerned more than the counties directly interested. This property had been held for years, and the holding company had failed to develop although water power development had taken place in other parts of the province, and he was of opinion that there should be consideration of the advisability of the government developing this power as it had others.

Mr. Fawcett said that there were hardly satisfied by the amendments suggested. Something was due the province, perhaps a royalty. In the case of development he wanted power available not only for the town and cities, but also for the municipalities.
Objects to Plan.
Mr. Warnock said that he had opposed the extension of time to the company, and he knew that all members of the delegation were not satisfied by the amendment to the bill. It was his opinion that the government, while developing other water powers in the province, should develop Grand Falls. The people did not realize the position in which Grand Falls were left. They were tied up to a company. St. John had got the proper thing and would get cheap power when development was completed. All parts of the province should be treated alike. People along the St. John Valley should have a fair chance to get power. He was opposed to the country to be placed in the power of a big combine.

Mr. Burock said he was opposed to the bill. A man representing a powerful American company had appeared in support of this bill with an interest which was merely selfish.
Mr. Pickett Opposes.
Mr. Pickett said he opposed the bill. It practically meant that a foreign company was being allowed to tie up this power and to use it for the development of their own country. The committee took up consideration of a bill to amend the act relating to the division of the province into towns and parishes. Mr. Estabrooks moved that the committee report the bill six months hence.

The Moncton Bill.
Hon. Mr. Robinson said that coming from Moncton he must make a few remarks on this bill. It had been desired to have Moncton created a separate municipality. The movement had not been followed out, but a large petition had been presented praying for the removal of the Shiretown from Dorchester to Moncton.
A Family Trouble.
This was a family trouble from Westmorland County. The removal of the Shiretown to Moncton was desirable. It would carry it left to a plebiscite and that was all that was desired. The removal of the County seat to Moncton was a matter of public convenience and had been advocated by many. However, there were many worthy citizens of the county who seemed to consider that it would be an offence to their dignity to have Moncton recognized as a Shiretown and to have Dorchester become just one of the ordinary towns of the County.
History of Case.
The first Shiretown had been established at Westmorland Point soon after Great Britain assumed control of the country, that place for military and other reasons possessing considerable importance. As Dorchester progressed it was found a more desirable location for the Shiretown. For years Dorchester was eminently suited, but Moncton was better suited now. It was the centre of population and was easily reached by railway. The city paid over half the county taxes, in fact seventeen thirty-seconds. He referred to remarks made by some members of the delegation which had opposed the bill, particularly Mr. Pyle. He had not been fair in his statement with regard to valuation and had intimated that something was wrong. He (Robinson) took the opportunity to present publicly such insinuations. In past years the valuation of the city of Moncton had been made up as carefully as possible.
Valuation Issue.
The 1910 valuation was revised care-

Bathurst Is Having Big Civic Contest

J. B. Hachey and F. O. Landry the Candidates for the Mayoralty.

Bathurst, April 14.—Party politics are not being infused into the Civic election contest which is becoming much enlivened by the spirited interest now being taken by the rate payers in the election to be held on Tuesday next, as shown by the nomination papers of J. B. Hachey, Mayoralty candidate which were filed today and signed by active political workers of both parties.

Other nomination papers filed today were those of Hugh McKinnon and Theophilus Hachey for ward three and Hector Fortin for ward two. A number of candidates are mentioned for the various wards and the contents promise a lively and speculative interest from now on.

Mr. Hachey's opponent in the Mayoralty contest is F. O. Landry who resides and does business in Ward three while Mr. Hachey resides in Ward four and has his place of business in Ward three or in other words he is a resident of West Bathurst while his opponent lives in Bathurst town proper which seems to afford the advantage to the latter candidate though both sides seem equally optimistic as to the result expected on the night of the poll.

Mr. Fawcett's Views.
Mr. Fawcett said valuation was the basis of the trouble. In the city of Moncton, the increased valuation for county purposes had been so great that the people of the city had become alarmed. The mayor had complained that a mistake had been made. The Municipal Council had agreed to make a reduction. Investigation it should be found that the valuation was too high. The council had met to consider the matter of reducing the valuation and the separation of the city from the county, but not the removal of the Shiretown from Dorchester to Moncton. He did not wish to consider the matter of reducing the valuation or the separation of the city from the county, but the removal of the Shiretown from Dorchester to Moncton. He did not wish to consider the matter of reducing the valuation or the separation of the city from the county, but the removal of the Shiretown from Dorchester to Moncton.

Engineered by Moncton.
The agitation had been engineered by people in Moncton. He did not wish to stand in the way of an expression of opinion by the people, but he knew that the eastern parishes were strongly against removal.
Hon. Mr. Magee said he had received numerous protests from bodies of various kinds in Westmorland county against any attempt to remove the Shiretown, thus destroying one of the most beautiful towns of the county, and incurring increased taxation. The present plan had been against holding a plebiscite, and he was not in favour of the statement of the Member from Moncton (Robinson) that that city would give a majority for a removal, as in the period of depression such a removal would cost half a million dollars. He wished to enter a protest against the removal of the Shiretown and an increase of taxation upon the people. The motion was carried on a standing vote, Hon. Mr. Robinson and Hon. Mr. Michaud voting in the negative.

Re-opens Moncton Case.
Mr. McLaughlin, on the House resuming this evening, had the bill relating to rates and taxes in the City of Moncton re-considered. He said he thought one of the provisions of the bill would work a hardship on residents of outlying districts, who were employed in Moncton, on account of a clause which gave the city a discretionary power to tax their income in cases where they did not pay an income tax at home. He explained that a large proportion of those men owned property in the rural districts and were assessed from income tax. If the bill passed, they would be liable to an income tax in the city, and he thought that would be unfair. The matter was discussed at some length by Hon. Mr. Robinson, Hon. Mr. Veniot, Hon. Mr. Mernereau, Mr. Hayes, Mr. Baxter, Mr. Estabrooks, Mr. Smith (Albert), Mr. Peck and Mr. Fawcett, and an amendment by Mr. Baxter to strike out the objectionable clause was voted down.

WRIT IN THE MAILS.
Fredericton, N. B., April 14.—Sheriff John B. Hawthorne received a telegram this morning from C. M. Biggar, chief electoral officer of Canada, of Ottawa, instructing him that the writ for the bye-election in York-Sunbury had been mailed to him from Ottawa yesterday, with full instructions. The date set for polling is Saturday, April 28th, and Sheriff Hawthorne has been named as returning officer. This morning he appointed Harris G. Fenwick of this city, to act as his election clerk and he will be sworn in as such as soon as the writ is actually received.

Valuation Issue.
The 1910 valuation was revised care-

Children's Aid Society Meeting

Committee to Consult Regarding Beautifying Grounds—Agent's Monthly Report.

The monthly meeting of the Children's Aid Society was held last night with the President, A. M. Belding, in the chair. A good deal of routine business was transacted. A committee consisting of the president and David Hipwell with the secretary was appointed to consult with Mr. Gould as to the best means to be adopted for beautifying the grounds.

According to the monthly report of the agent, Rev. George Scott, one little girl has been taken out of the Home since the last meeting to a prospective foster home. One baby was taken out by its mother who had recovered from a long sickness and two little ones had to be placed in the General Public Hospital. Four children were admitted but applications were received for the admission of twenty-two more. Most of these, however, were refused because they did not belong to the Municipality of St. John. Efforts will be made to have most of these returned to the municipalities to which they are properly chargeable. One boy was sent to the Boys' Industrial Home under indeterminate sentence while another was admitted to the institution at Silver Falls. There are now twenty-one little ones in the Children's Aid Home, 68 Garden street.

Find Alcohol in Barrels.
Salem, Mass., April 14.—Two barrels of alcohol were uncovered by revenue officers today in a carload of potatoes from a point in Quebec.

America Stands Without A Right

French Press Points Out That She Has Nothing to Say in Yap Matter.

(Copyright 1921, by Public Ledger.)
Paris, April 14.—A new and more critical note is appearing in the French press today concerning the American contentions on the island of Yap. A diplomat in the Paris-Midi says:
"America insists apropos of Yap that she must have the fruits of victory. The weak point is that without a treaty she is without a right. It is not for the sake of Yap that we are at war, but give Yap to Germany, which is the legitimate proprietor according to all international conventions before the war. Yap was unknown and unheard of yesterday, but is likely to become a symbol—or certainly the pivot of American policy."
Partinax in the Nord de Paris delivers a column to outlining the various steps taken by the Big Four during the peace conference that finally handed Yap over to Japan with the voice of Mr. Wilson silent. Partinax sums up by reminding Americans they already have these facts and must not blame France for them.

Building Destroyed By Morning Fire

Sackville, N. B., April 14.—A telephone message from Wood Point, Tuesday morning, stated that the residence of Samuel Alward was destroyed by fire Monday evening together with the outbuildings adjoining. The greater part of the furniture was saved. Mr. Alward is well known in Sackville and many people will regret to hear of his loss. The buildings were partly covered by insurance. The fire is said to have caught from the bus.

No Model Farm For North Shore

Committee on Agriculture Decides Against Request of the Dairymen.

Special to The Standard.
Fredericton, N. B., April 14.—The committee on agriculture met this morning. Harvey Mitchell, Deputy Minister of Agriculture, appeared and at the request of the chairman, spoke on a number of subjects, including the demonstration work and the activities of the district representatives and other officials of the department who went through the province for instruction purposes. Discussion upon the value of such instructional work followed, opinion of members of the committee varying considerably. A resolution passed by the New Brunswick farmers' and dairymen's association at its last annual meeting, to the effect that the Federal Government should be requested to establish an experimental station on the North Shore, was placed before the committee. The general opinion was that such an experimental station was not necessary, but that greater attention should be devoted to elementary agricultural education, particularly school gardens. Not-Granting School.
On the motion of Mr. Young, the committee passed a resolution to the effect that the committee did not concur in the resolution of the farmers' and dairymen's association, but was of the opinion that demonstration farms should be established throughout the province, and that more attention should be devoted to school gardens.

BOY LOSES HIS LEG.

Moncton, April 14.—Clarence Fielding, of Sunny Brae, who was recently hit in the eye by an arrow shot from a bow in the hands of a playmate, has lost the optic. The lad was taken to Montreal in effort to save the eye, but the efforts of specialists were unavailing.

SCHOONER CAPSIZES.

New York, April 14.—The schooner Anna Briggs, outward bound for Nassau and Turk's Island, capsized tonight one mile from Scotland Lightship. A wireless message from the lightship said that five of the crew had been rescued and that the captain and one other member of the crew remained on the drifting craft.

HANNA AGAINST TELLING C. P. R. RAIL SECRETS

Trouble Enough With Competitor Without Revealing All the Business.

FIRST MEETING OF THE RAIL BOARD

Committee Given Permission to Meet While Commons is in Session.

Ottawa, Ont., April 14.—The parliamentary committee appointed to investigate Government railways and mercantile marine, met for the first time this morning. Major-General Newburn was appointed chairman and J. A. Stewart (Lansark), vice-chairman.

Discussion throughout the morning's proceedings turned on the nature of the evidence to be placed before the committee. The first point was whether the committee before proceeding should wait for the annual report of the board of management of the Government railways, which is now in the hands of the printers.

A. J. Mitchell, vice-president of the Government railways, in charge of finance, informed the committee that the report was similar to the annual report presented by the C. P. R. to its shareholders and the material therein was covered in the statement submitted to the House by the minister of railways. After some discussion, the committee thereupon decided that all material so far made available by the minister of railways should be compiled and distributed among members of the committee, and that the committee should proceed on this pending printing of the annual report.

The main question, D. R. Hanna added, was how the business of the road should be disclosed for the information and benefit of "our great competitor, the C. P. R.?"

"I would like to emphasize," said Mr. Hanna, "that the board of man-

Franca Replies to Note Regarding Yap

Paris, April 14.—Premier Briand has despatched to Washington a note acknowledging receipt of the communication from the United States State Department regarding the mandate over Pacific Islands north of the equator which was given to Japan. The premier's note says a representative of France will take up the question which it comes before the Supreme Allied Council "with the most ardent desire to find a solution giving satisfaction to the United States."

The British side

London, April 14.—Several members of the House of Commons made an attempt in the House this afternoon to precipitate a debate on the subject of the mandate over the island of Yap and the American position on the mandate question, but Mr. Lloyd George, the prime minister, headed off the effort with the statement that this subject was under friendly discussion between the United States and the Allied Powers.

"I am perfectly certain that the just thing the people of this country desire is any misunderstanding with the people of the United States, and anything which will conduce to or provoke a discussion which might lead to that misunderstanding would be deprecated by everyone."

element has never had any desire not to give information to parliament. We recognise fully that, as the only shareholders, the country is entitled to know about the business. But there are certain things which should not be disclosed to the C. P. R., although they might be disclosed confidentially to the committee. The Lord knows we have enough to do in competition with the C. P. R. without giving them information of that kind."

The committee adjourned till Wednesday, when Mr. Hanna will make a statement on the Government railways. The House this afternoon gave unanimous consent to a motion of Hon. S. C. Newburn that the special committee on Canadian National Railways and Shipping be allowed to sit while the House was in session, and to print daily evidence taken by the committee. Mr. Newburn presented the committee's first report.

Board of Trade in Favor Raising Bridge

Passed Resolution Unanimously to That Effect at its Meeting Yesterday.

The council of the Board of Trade at its meeting held yesterday morning passed a resolution which will be forwarded to the interested parties. After the president and secretary had made their reports and they had been fully discussed a resolution which will be sent to Hon. F. B. McCurdy, minister of public works; Hon. F. B. Carvell, chairman of the board of railway commissioners; Hon. R. W. Wignam, and S. E. Babin, the city representatives in parliament; the Mayor, Commercial Club and the C. P. R., was passed as follows:

"Resolved, While not assuming to pronounce upon engineering problems about which there seems to be a difference of opinion among engineers themselves, the council of the St. John Board of Trade is emphatically of the opinion that in order to safeguard the commercial interests of the city of St. John, and the rights of the province of New Brunswick, in its navigable waters, plans for the erection of a new railway bridge over the Falls at the mouth of the River St. John, should be required to conform to the conditions, namely, that there shall be no greater obstacle to navigation than is caused by the present highway bridge, and that provision shall be made for separation of the grades of the railway from that of the highway of Douglas avenue in its approach to the highway bridge, so as to eliminate the danger attendant upon a level crossing upon which is an important traffic artery; and

"Whereas, The council is impressed that in the opinion of eminent engineers, no engineering difficulties pre-

vent compliance with the above named conditions, be it

Further resolved, That the Dominion authorities be urged to withhold their sanction for the erection of any bridge which does not comply with the above conditions."

The president and secretary were

appointed a committee to consider the matter of the organization of an International Chamber of Commerce and report back to the board.

A communication from the Quebec Board of Trade, re operation of the C. N. R., was read, but no action was taken.

"The houses wherein people sleep affect in many ways, either for good or harm, their health and comfort and these exert a marked influence upon their lives and their value as citizens to the community in which they live."

H. B. Health West, April 24-25.

Borden's EAGLE BRAND Condensed Milk

WEDDING
Murphy & Chipman, N. B. and interesting even Chipman on Thursday 7th, when Miss Lane of Mr. and Mrs. Isaac the bride of Mr. Hall of Mr. and Mrs. G.

Who Says the Clothing Business Is Bad?

Many reports have come to my ears from other merchants that the clothing business is bad this spring! I have also had reports from several of my store managers stating that their customers often remark—"You seem to be very busy; why is it? I am told there is a general slump in the clothing business"—or similar expressions of a like nature.

Who Says The Clothing Business Is Bad?

Certainly no Robinson customer has seen anything but a busy floor when he has been in this season, and certainly no Robinson Shop has ever been so busy before.

Never before in the 8 years of my business career have I sold so many garments in the month of March as I sold last month. — 1919 was considered the biggest year in retail clothing history and still this spring my business has outstripped it.

Why Are My Shops Busier Than Ever Before?

I'LL TELL YOU WHY!—and when you visit one of my busy shops you'll see the reason quickly and understand why there are among the merchants so many calamity howlers who have simply been asleep—and who naturally think the buying public have been asleep also. My Shops from Coast to Coast are selling more clothes than ever before—because I unloaded all my goods bought at high prices last year, and am not trying to impose them on the public this year.

My shops are busier than ever before because my goods are bought at new prices and made in my own factories, thereby cutting out the MIDDLEMAN'S PROFIT; because my immense buying power, with my LOW UPSTAIRS RENTS, with my SAVINGS ON DELIVERY COSTS, CREDIT LOSSES and FANCY FIXTURES, and in addition with my having cut out even my small profit [with the fixed determination to add 100,000 new customers this year], I am putting competition so far in the back-ground that they must feel the pressure.

I Have Gone Back In One Jump To My Prices Of Four Years Ago—Never Before Have I Shown Such Wonderful Values As Today. Every Suit and Top-coat In My Shop Carries With It A Guaranteed Saving Of From \$10 to \$20.

EVERY GARMENT GUARANTEED GREATER THAN ANY \$35 VALUE IN THE CITY

\$25

If you can duplicate my clothes elsewhere for less than \$10 to \$15 more, come back and get your money.

Another Big Reason Why I Am Busier Than Ever

Through force of circumstances, with the changing markets, and the many unreliable advertised 'sales' that have been and are going on, every man and woman has this year made himself or herself a self-constituted shopper and value-seeker. The public are absolutely refusing longer to be fooled.

That is the main reason why my business is so big now, and that is what I believe every man who needs a suit or coat should do, shop around and price clothes in different shops, then come up to Robinson's and the price difference will look so great that you will not only buy and save, but YOU WILL THEN BE ONLY TOO GLAD TO TELL YOUR FRIENDS WHY I AM BUSIER THAN EVER.

My Super-Fabricated Hand-Tailored Clothes include such famous makes as Fashion Park, Perfection and Boulevard Clothes. My Upstairs Prices—\$35 and \$45.

WEDDINGS.

Murray-Brown.
Chipman, N. B. April 14.—A pretty and interesting event took place at Chipman on Thursday morning, April 14th, when Miss Laura M., daughter of Mr. and Mrs. Isaac Brown became the bride of Mr. Blair G. Murray, son of Mr. and Mrs. George Murray of

Gasperaux Forks. The ceremony was solemnized at the home of the officiating clergyman, the Rev. Archibald Sutherland, in the presence of a few of the friends of the contracting parties, and was officiated by the Rev. Harry Brown. Immediately following their marriage the happy couple left by the Transcontinental express for Moncton on a short honeymoon trip.

Upon their return, Saturday evening, a reception was held at the home of the bride's parents.
McCarthy-Graham.
St. Rose's, church, Fairville, was the scene of a very pretty wedding at five o'clock yesterday morning, when Rev. Chas. Collins, with nuptial mass, united in marriage, Miss Annie Graham, daughter of Bartley Graham of

Fairville, to Thomas J. McCarthy of Peterborough, N. B. The bride was attended by Miss Mary Finton of Fairville. The groom was attended by his brother, Clarence McCarthy of Peterborough. Mr. and Mrs. McCarthy left on the early train for Nova Scotia, where they will spend their honeymoon, and upon their return they will make their home in Fairville.

Routine Business

At Council Meeting

Commissioner Frink Will Need More Money for Street Work He Says.

At the meeting of the Common Council yesterday morning the business was practically all routine. Commissioner Frink served notice that he would in all probability be asking for an additional vote for street work on Strait Shore.

On motion of Commissioner Bullock a renewal lease of a lot in Duker ward was ordered issued to Robert A. Loggie at an annual rental of \$4.

Commissioner Jones was given authority to sell some wagons, harness and other horse equipment, for which the department had no further use, as he has done away with horses altogether.

On motion of Commissioner Frink, the application of the Western Union Telegraph Co. for permission to erect an electric sign on their building, King street, was referred to himself and the city engineer.

Commissioner Jones announced that he would be ready to submit his programme of work for the season in about a week.

Commissioner Frink notified the Council that he would probably be asking for more money for street work as his appropriation was only \$17,000, and he wanted to spend \$15,000 on Strait Shore road.

Social Hygiene Is Completely Organized

Dr. Abramson of St. John is Chosen Chief of Laboratories.

Fredericton, N. B., April 14.—The organization of the Social Hygiene section of the Department of Public Health was completed at the meeting of the Minister of Health, the Chief Medical Health Officer, the district Medical Health Officer and medical men from the various parts of the Province when a constitution and by-laws were adopted by the meeting. The aims of the newly organized section were set down as being for the advancement and perfecting of the scientific trade and prevention of the social diseases.

Resolutions of condolence were drafted and ordered sent to the families of the late Dr. F. J. White of Moncton and Dr. A. G. Ferguson of Dalhousie.

Eight Clinics Established.

Eight clinics will be established in the province in the various centres and it will be made obligatory for all medical practitioners in the province to report any cases of venereal disease coming to their attention after May 1st. Failure to notify the heads of clinics will be met with a penalty. The various clinics with the heads of each are as follows:

Dr. W. D. Rankine, Woodstock; Dr. (Capt.) E. O. Thomas, St. Stephen; Dr. J. A. McCarthy, St. John; Dr. A. Sterling, Fredericton; Dr. L. J. Pinault, Campbellton; Dr. A. M. Sor-man, Edmundston; and Dr. A. J. Losier, of Chatham. While the eighth clinic will be located at Moncton the appointment is yet unfilled.

CUT OFF PASSENGER TRAINS.

New York, April 14.—Elimination of some of the "less important" passenger trains on the New Haven and Central New England lines of the New Haven and Hartford Railroad, effective April 21, was announced here today. "Impossibility of continuing under present conditions of revenue and expenses," was given as the reason.

"Conservation of human life is the greatest obligation inherited from the war—it is the greatest necessity of the reconstruction period."
N. B. Health Week, April 24-30.

OBITUARY.

Mrs. Catherine Good.
Many friends in this city will regret to learn of the death of Mrs. Catherine Good, wife of Robert Good, which took place yesterday morning at her home 31 Richmond street. She sustained an injury early in December when two boys collided with her and threw her forcibly to the pavement in King Square. She was seventy-six years of age and was a native of this city. Besides her husband she is survived by one son, William, two grandchildren, Mrs. Gordon Medcalf and Gertrude Good; one sister, Mrs. George Damery of Amherst, N. S., and two brothers, Thomas and Arthur Hasset of Boston. Her funeral will take place on Sunday at 2.30.

Mary A. Dougherty.
The death occurred yesterday morning at 2 a.m. of Mrs. Mary A. Dougherty, wife of James A. Dougherty at her home, 48 Cliff St. She leaves besides her husband, one son, John A., William S., Frank W., Albert G., Daniel J., Arthur M., Harry C., Emory G., Louis C. and two daughters, Helen M. Dougherty, R. N., and Rita J., all at home and one grandchild, Kathleen; also, two sisters, Miss Teresa McParland of this city and Mrs. Elizabeth Cullen of Montreal.

Mrs. Elizabeth Kingston.
The death of Mrs. Elizabeth Kingston wife of John Kingston, took place Wednesday at her home in Kouchibouguac, at the age of sixty-two years. Besides her husband, she leaves six sons, Richard and John, of the United States, Harry, Samuel and Thomas at home, and James of St. John, and two daughters, Mrs. Daisy Anderson of Kouchibouguac, and Mrs. Hugh Under-

wood, of Blackville, N. B. The funeral will take place on Friday from her late residence and interment will be in the family lot in the Kouchibouguac cemetery.

Ainslee St. C. Moore.

The death of Ainslee St. Clair Moore, well known in this city, occurred Wednesday at Rostdale, Mass. He was forty-five years of age and was a printer all his life. He was in the employ of Barnes & Co., stationers, here for four years, moving from here about a year ago. He formerly resided at Annapolis, N. S. Besides his wife he leaves four children, Evelyn, Dorothy, Kathleen and George. He is survived by his mother, Mrs. Rachel Moore of West St. John; three brothers, Walter of West St. John, Eldon of Sussex and Fred in the

United States; four sisters, Mrs. John Shive of West St. John, Mrs. William Ham and Mrs. Lake Thibodeau of Annapolis, and Mrs. Charles Strickland of Rosedale, Mass.

Wm. Scriven.

Many friends in the city will regret to learn of the death of William George Scriven, son of William R. Scriven, of Halifax, which occurred on Wednesday at the infirmary there. He was a clever young man and won all the alumnus honors at Kings College, Windsor, in 1918. He also won the Whitehead cup for the best all-round boy at the school in that year. He was prominent in sport. He was twenty-four years of age and is survived by his father, two brothers, Mrs. Rachel Moore of West St. John; three brothers, Walter of West St. John, Eldon of Sussex and Fred in the

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

THE CENTAUR COMPANY, NEW YORK CITY

The St. John Standard
PUBLISHED BY W. V. MACKINNON
REPRESENTATIVES: Henry DeClerque, Chicago; Louis Klobaska, New York; Frank Calder, Montreal; Freeman & Co., London, Eng.
SUBSCRIPTION RATES: City Delivery \$6.00 per year; By Mail in Canada \$4.00 per year; By Mail in U. S. \$5.00 per year; Semi-Weekly Issue \$1.50 per year; Semi-Weekly to U. S. \$2.50 per year

ST. JOHN, N. B., FRIDAY, APRIL 15, 1921

TO OUR SUBSCRIBERS
During the past few months there have been some changes in the Standard's office. A very large number of subscription orders and renewal payments, in the tremendous mass of detail involved in the tabulation of these subscriptions it is possible that a few errors have been made and that omissions have occurred. Particularly in this true of constant subscriptions, in which our competitors have frequently displayed some carelessness in securing proper addresses or correct names of subscribers. Delay in delivering the paper has been due to the fact that competitors held back their orders, to take advantage of different contest offers. The Standard is desirous of having all new subscriptions started as promptly as possible and of crediting renewal subscriptions at the earliest possible moment. Three weeks from the time the order is given should, under the least favorable circumstances, be sufficient to permit all entries to be made, and it is requested that persons who are not in receipt of their papers and who have not subscribed, either through the contest or otherwise, will notify this office, so that errors and omissions may be at once corrected. Subscribers will understand that in a contest of this magnitude the work cannot be handled on the instant, and a fair time allowance must be made.

GROUP GOVERNMENT
A Winnipeg despatch announces that the prospects for a provincial election at an early date "never looked brighter." Evidently the good people of Manitoba look upon an election with pleasurable anticipation, much in the same way as they would a picnic. Certainly elections furnish a certain amount of excitement, and are the means of circulating a good deal of money, one way or another.

NOTICE OF MARRIAGE
It would be as well if the governing bodies of the other Protestant denominations would follow the example of the Anglican Synod and pass a resolution in favor of a week's notice of intended marriage being required before a license to marry could be issued. The Anglican Synod, however, apparently overlooked the fact that it is already in the power of their clergy to compel this at the present time, for they need not solemnize marriage by license at all; they can insist on the publication of banns, which in the Anglican Church must take place on three successive Sundays. Or they can rely on the law of the Province which makes one publication sufficient. There cannot be any question but that the marriage laws of this Province are about as loose as they well could be. If any young couple wish to contract a clandestine marriage and could frame their own regulations for getting the best done, they could scarcely frame any which would provide for greater secrecy than those that the Legislature has passed for them. Couples come into this province from Maine, get a license and are tied up, without the slightest inquiry as to their antecedents or bona fides. The law most assuredly should require that at least a week's notice should be given by couples contemplating matrimony, but the great difficulty will be, how is this notice to be given? The present system under which marriage licenses are procurable is a bad one at its best; such licenses should only be obtainable from some responsible public official, such as the town clerk, and notice of intention to apply for a license should have to be posted in a conspicuous place in his office for a week at least. Either this or insist on the publication of banns.

A BRITISH REVOLUTION
To read the English newspapers one would imagine every ancient estate in the United Kingdom is up for sale. There is evidently a great revolution in progress and many historic castles and baronial homes are changing hands, while numerous estates are being broken up. For instance, a recent issue of The London Times has advertised for sale the estate of Lord Gerard, including Eastwell Park and 4,000 acres; Red Rice estate, near Andover; for Lord Grantley, consisting of 2,450 acres, with Georgian mansion; Lord Braybrooke's Billingbear estate of 1,800 acres; 2,000 acres in Canterbury for the trustees of Lord Conyngham; Lord Hatfield's Rainham estate, Kent, 1,400 acres; Mr. Charles Knightley's Pawsley estate, Northampton, 2,100 acres, and Liscombe, an Elizabethan mansion, near Leighton, Buzzard, with 14th century chapel and park of 290 acres. This estate was in the hands of the Lovett family from 1504 until a few years ago. Every issue of The Times has fresh advertisements of a similar character. The war played havoc with the old families; the best blood of aristocratic England died on the fields of France. The growing cost of living, diminished revenues and overwhelming taxation is forcing on the market many of the most famous homes of the old land. If the estates are broken up and sold to the persons of England it will be in the end perhaps for the best, but it was not the intention of the old lords and gentlemen and American millionaire adventurers are taking the place of the old strain England will be in the end vastly poorer.

RAILWAY WAGES
Senator Robertson, a union man, does not think that the present scale of wages paid to railway men is too high. Neither do a great many more people. The complaint is that the system permits time and a half under circumstances that do not fairly call for it. He practically agrees with Mr. A. B. Mosher, who insists that it was not the wages paid to the men that is responsible for the deficit on railway accounts. He points to the fact that the C. P. R. is paying the same rate of wages to its men that the C. N. R. is paying, and yet the former paid its shareholders their usual dividend. But these gentlemen apparently overlook the fact that the C. P. R. has the superannuation of civil servants on its books, besides railway pensions. As a matter of fact its net railway earnings were considerably more than seven millions short of the amount required to pay dividends, and it is not known that revenue comes

decently be "bounced" to make room for them without some reasonable excuse and compensation. With the passage of this bill, the Government can haul out the plank with an easy conscience.
It took the High Cost of Living a long time to reach Government circles, but it has apparently got there at last. Now that eggs are only 30 cents a dozen, a bill is brought in to increase the salaries of the Executive. Seemingly it is one of those matters to which the maxim "better late than never" applies.

WHAT OTHERS SAY

Our Glorious Privilege.
We all know what is best for our neighbors; and if they aren't watching, we will make a law prescribing it for them.—St. Louis Globe-Democrat.
Plenty Of Us.
This is the census month of the British Empire. It is expected that the count will show 440,000,000 people under the British flag, making the largest gathering under the rule of any government known in history.—Buffalo Courier.
Sensible and Beneficial.
Summer time again went into operation in Great Britain on Sunday morning. This is the sixth year for the adoption of Daylight Saving in the Old Country. The experiment has proved so satisfactory that it is put into effect with little or no confusion, and the benefits accruing from it are practically universally recognized. It is a reform so generally sensible and beneficial that its general acceptance, when conditions permit, is only a matter of time—and a very short time, too.—Halifax Chronicle.

They Have 'Em! We Haven't.
There are ninety-three American consular agencies in Canada forming a network organization throughout the Dominion for the gathering of information as to trade openings in this country and to facilitate and promote the sale of American goods here.
Canada has no such agents in the United States.
Every export from Canada that crosses the border has to be "passed" by a consular office and a fee paid, and these fees more than support the American agencies in Canada which are here, not because of this trade, but which are here to promote trade the other way. As it works out a fee is levied on our exports to the United States to maintain an elaborate service engaged in promoting American exports to us.
It looks like a pretty good plan and one rich in suggestions for use if we expect Canada to get along in the world.—Toronto Star.

A BIT OF VERSE

MIND MAGIC.
I shut the door, I lift the blind,
I tell my longing to the stars;
Then runs my darling soul upon the wind
And leaps the far horizon bars.
When dawn is red above the wheat,
She harkens home across the skies
To kiss in triumph at my prisoned feet.
And spread her gifts before my eyes.
The nightingale, so long desired,
Whose throat is strung with silver strings—
Ah, willingly, with rapturous passion
He flutters to my sill and sings!
White moonlight on white desert
The Alpine gentian's heavenly bloom.
The smell of brine a thousand miles
Higher than the clouds,
All that she sets within my room,
Then lovingly, with tender smile,
As one who grieves my hope's eclipse,
She calls romance from some enchanted isle
With kisses for my hungry lips.
To this lone spot amid the corn,
This humble house which no one knows,
She brings the flawless gems the gods
Have hoarded,
The painless joy the thornless rose.—Nelle Richmond Eberhart.

THE LAUGH LINE

In No Danger.
"The radio-meteorologist," we read, "is so sensitive that it will respond if anyone in its neighborhood should blush." In the present state of society there is no great fear of its being overworked in this connection.—Punch.
A Clever Husband.
Wife—Mrs. Jones has another new hat.
Hubby—Well, if she were as attractive as you are, my dear, she wouldn't have to depend so much upon the milliner.—London Opinion.
Dark Secret.
Hopson (to new butler)—"I ought to tell you, Billings, that I have a complete home-brew outfit and of course I wouldn't want you to mention it outside."
Billings—"Good Lord, sir! That's why the place was so 'tightly recommended to me."—Life.
Wanted a Live One.
A dealer in stuffed animals, who also kept a few live creatures for sale, gave his shop-boy, who was permitted to call when a customer asked for any of the living animals.
One day a man called and demanded a monkey.
"Of these?" asked the boy, who was in charge. He pointed to the stuffed specimens.
"No; I want a live monkey," answered the customer.
The boy stopped to the back of the shop.
"Katie's wanted, sir! he called to his master.

Benny's Note Book
BY LEE PAPE
LIKES AND DISLIKES.
Different people like different things, and vice versa. Hence many arguments.
Food.
Some people consider certain things grate, such as fish and taffeta, while on the other hand some people would eat even mention them as food. Some people eat noodle soup for the soup while others eat it for the noodles, the effect being the same in both cases on account of one being so hard to eat without the other. Some people like spilt chop suey, while others wouldn't even taste it no matter what happened to it. Some people would rather eat hard boiled eggs than dirt, while others like them so soft they may keep their shape as long as they are surrounded by their shell. Some people eat the inside out of their pie while others just eat the crust and leave the inside standing there as if they never even noticed it. Some people don't like hardly any butter on their bread while others put so much on that the bread is completely diskized.
Animals.
Horses are some people's favorite animals, while others would rather have a dog than a horse any day in spite of the difference in size. Ladies like cats, but boys and dogs hardly consider they are worth the trouble to chase up trees and over fences. On the other hand hardly anybody likes flies except spiders.
Furniture.
Boys prefer to set on the floor, where there's least danger and most comfort, while men and ladies would rather set on chairs where a leg mite brake any minute and there's no room to move around, and canaries on the other hand will only set on a perch because its more their size and they're used to it.

Hon. Sydney Fisher
Left Half Million
SHERBROOKE QUE., April 14.—The Hon. Sydney Fisher has generally remembered in his will the County of Bromo, where he so long resided and which he represented for many years in the House of Commons.
While no official announcement has yet been made it is understood that a residue of his estate, amounting to about \$100,000 under Mr. Fisher's will, becomes a fund to be known as the Fisher Trust Fund, administered by four trustees, as an aid to agriculture and education in Bromo county.
This splendid gift will yield some \$5,000 or \$6,000 a year. It is understood that Mr. Fisher has in his will suggested the lines along which the revenues from this fund shall be applied. It is understood that Alva Fisher, at Knowlton, the home of Mr. Fisher, is bequeathed to his nephew, Mr. Philip Fisher, and his Ottawa residence to his nephew, Mr. Ernie Fisher. Alva Farm is bequeathed to Mr. Arthur Carter. Mr. Fisher's estate, it is understood, amounts to between \$400,000 or \$500,000.

Paris Burglar Uses
Corkscrew On Victim
PARIS, April 14.—"Jack the Ripper" has been outdone by a Paris midnight burglar, who at midnight last night entered the home of M. Courregelange, private secretary of the French Minister of the Interior. Hearing a noise in the house, Mme. Courregelange arose to see what caused it. When she reached an ante-chamber she was stunned by a blow on her head from a plaster statue in the hands of a robber and lay unconscious until she was found by her husband. Her hair had been clipped close to her head and her arms pierced several times with a corkscrew.
Only 200 francs were missing from a servant's room adjoining the ante-chamber.
Judging From Results.
"Whatever he sells in that last garage besides gasoline, father?"
"Besides, my son? You mean instead of—Life.

DIOCESAN SYNOD CONCLUDED; SESSIONS LASTED THREE DAYS

New Record of Attendance—Tribute Paid to Canon Cody—Delegates to General and Provincial Synods—Lengthy Discussion Regarding King's College—Invitation from Fredericton.

After most successful sessions the Anglican Synod of the Diocese of Fredericton, was brought to a close yesterday. The meetings were marked by the greatest amount of good fellowship and kindly feeling was shown in every discussion. The matter of King's College was thoroughly talked over and the action of the Synod will be its certain result.

The report of the Colonial and Continental Church Society was read by Rev. R. P. McKim. It was adopted and the work was commenced by the Bishop.

The report of the Anglican Forward Movement was read by J. H. A. L. Fairweather, acting diocesan organizer, and adopted. Mr. Fairweather also moved the adoption of the treasurer's and auditor's reports. This was carried. Canon Armstrong made and Archbishop Foxworth seconded a motion expressing the thanks of the Synod to Mr. Fairweather for his excellent work.

The afternoon session opened with the bishop in the chair. A telegram was read from the Synod of the Diocese of Montreal in session, conveying greetings to the Fredericton Synod and thanking it for its stand on the marriage question. The bishop read a drafted reply and the report approved of its being sent to the Montreal Synod.

Reports Read
J. H. A. L. Fairweather read report of the committee on credentials, which was adopted with several amendments dealing with contingent fund matters.

Report of Governors
Rev. Canon Smithers read the report of the Governors of King's College, which dealt with the effort to rebuild and re-establish the institution. The attendance is a record one. There are twelve divinity students from New Brunswick, the largest number in the history of the college. There is no building to accommodate the twenty women students. There is a deficit of \$15,000.

Bishop Richardson pointed out that the synod last year unanimously endorsed a campaign to rebuild King's College. Resolutions become pious platitudes unless backed by action, he said. The affairs of the college are in a critical state.

Imprecatory
Colonel W. H. Harrison stated that he thought the amount arrived at, \$400,000 for New Brunswick, impractical. The Forward Movement raised \$150,000, and he felt the college appeal would not command more sympathy. As a graduate of the University of New Brunswick, he must refer to a letter for funds for that university. Recognizing the value of a small college, it still must have sufficient funds to provide good teachers. He asked why should New Brunswick supply funds for courses in engineering and arts? Cooperation in all churches should make it easy for students to take arts courses at other universities. While thoroughly believing in a purely theological school, he felt that all should concentrate upon a first-class divinity school.

Asked Questions
Rev. R. P. McKim said he would like to ask four questions:—Have the Board of Governors taken into consideration the following grave conditions:—The annual overhead expenses of each church, the state of the finances of the Board of Missions, which must be remedied; the fact that the clergy in our own diocese must be looked after, and that it is preachers of the Gospel who are required. People will deny themselves to give a divinity education, but do not see the necessity of providing secular education. Eastern provinces are the only places which give church universities. The speaker claimed it is the duty of the state to provide the best education, not only cultural, but sufficient for earning a good livelihood. He must have those difficulties cleared up before he can give one dollar or ask his congregation to do so.

Rev. R. H. H. Bisset and Rev. C. W. Nichols joined in the discussion. Other speakers were: Rev. J. H. A. Holmes, who said the synod is morally committed to support. The bishop said no mention was made of a cer-

600 to erect a building for women students. Giving to diocesan funds must be increased this year from \$10,000 to \$15,000. There is still another payment to be made on the Forward Movement, and, in the critical state of the world's affairs, he felt that luxuries in education should be eliminated. Is there a guarantee that even this money will end the matter? If the course was a purely theological one, it would support it heartily.

L. P. D. Tilley expressed his views as a layman that he would not entertain any proposition in a company or corporation unless he had an account of sources of income and statistics as to expenses. The proposition is not a practical one to put before practical business men. He suggested a movement for raising \$50,000.

Rev. H. M. Gillies
Rev. H. H. Gillies said all other denominations have been asked to raise far more than the Church of England had ever been asked to raise for King's, and spoke strongly in support of King's. Antisecularism had been tried, but it cannot be worked out. Did Dalhousie, Mount Allison or McGill wait? Why wait till there is a corpse to revive? No man is worth it till he tackles a big job. Nova Scotia should give twice as much because the college is within her borders and she is a weaker province. Mount Allison, Acadia and Roman Catholics support their colleges personally by funds and interest. They are proud of their colleges and those institutions are an inspiration to these churches. He would do all he could for a state university with a school around it.

Rev. Canon Kuhring
Rev. Canon Kuhring said that last year's resolution was not unanimous. It should be remembered that a telegram was sent from the St. John Deanery stating that they could not conscientiously support King's if it remained at Windsor. He told of other denominational colleges which are now allied to universities. Canon Kuhring urged Halifax as the seat of the university, where time preachers might be heard. He would like to know why King's could not unite with Dalhousie? He felt the synod is going against the current.

Canon Smithers
Rev. Canon Smithers felt that a great deal depends on whether the synod is going to stand by its resolutions of last year. He read last year's resolutions, in which the matter was referred to the executive. The support of King's College at Windsor was urged loyally and enthusiastically. The only question is how much are we going to give? We are in honor bound to stand by the action of synod and of standing committee. We have received much from King's College in the past. It is ours and we should stand by her. The governors have

Figure It Out For Yourself

Honestly now! Could you get for 50c. any other prescription which would give the same all-round service and satisfaction that a box of Zam-Buk does?

Zam-Buk is combination of powerful, healing, herbal extracts, so refined and compounded that wherever there is any kind of soreness of the flesh, or diseased tissue or abnormal condition (such as inflammation, festering or blood-poisoning) it almost immediately soothes and heals. It stops bleeding. It is highly antiseptic—kills disease germs. It is suitable alike for the hardened skin of the worker or the tender sensitive skin of a child.

Zam-Buk is 100% pure herbal medicine. It contains no animal fat nor mineral impurity. It cannot go rancid. For seven years we have used Zam-Buk in our home" writes L. B. Andrews, of 147, E. 22nd St., Minneapolis. "We simply could not get along without it. Whenever any of the children, my wife or I, happen on an accident, we promptly apply Zam-Buk. It saves many a doctor's bill."

The Cost
Rev. C. W. Nichols asked how much do the governors calculate will put the college on a financial footing? Rev. E. B. Spurr said that the goal of \$400,000 is simply an objective and for the Diocese of Fredericton. A gift of \$50,000 from Chief Justice Harris, of Nova Scotia, made it seem possible to obtain the one million required. It would cost approximately \$300,000.

Rev. Canon Smithers
Rev. Canon Smithers felt that a great deal depends on whether the synod is going to stand by its resolutions of last year. He read last year's resolutions, in which the matter was referred to the executive. The support of King's College at Windsor was urged loyally and enthusiastically. The only question is how much are we going to give? We are in honor bound to stand by the action of synod and of standing committee. We have received much from King's College in the past. It is ours and we should stand by her. The governors have

he thought the amount arrived at, \$400,000 for New Brunswick, impractical. The Forward Movement raised \$150,000, and he felt the college appeal would not command more sympathy. As a graduate of the University of New Brunswick, he must refer to a letter for funds for that university. Recognizing the value of a small college, it still must have sufficient funds to provide good teachers. He asked why should New Brunswick supply funds for courses in engineering and arts? Cooperation in all churches should make it easy for students to take arts courses at other universities. While thoroughly believing in a purely theological school, he felt that all should concentrate upon a first-class divinity school.

Asked Questions
Rev. R. P. McKim said he would like to ask four questions:—Have the Board of Governors taken into consideration the following grave conditions:—The annual overhead expenses of each church, the state of the finances of the Board of Missions, which must be remedied; the fact that the clergy in our own diocese must be looked after, and that it is preachers of the Gospel who are required. People will deny themselves to give a divinity education, but do not see the necessity of providing secular education. Eastern provinces are the only places which give church universities. The speaker claimed it is the duty of the state to provide the best education, not only cultural, but sufficient for earning a good livelihood. He must have those difficulties cleared up before he can give one dollar or ask his congregation to do so.

Rev. R. H. H. Bisset and Rev. C. W. Nichols joined in the discussion. Other speakers were: Rev. J. H. A. Holmes, who said the synod is morally committed to support. The bishop said no mention was made of a cer-

600 to erect a building for women students. Giving to diocesan funds must be increased this year from \$10,000 to \$15,000. There is still another payment to be made on the Forward Movement, and, in the critical state of the world's affairs, he felt that luxuries in education should be eliminated. Is there a guarantee that even this money will end the matter? If the course was a purely theological one, it would support it heartily.

L. P. D. Tilley expressed his views as a layman that he would not entertain any proposition in a company or corporation unless he had an account of sources of income and statistics as to expenses. The proposition is not a practical one to put before practical business men. He suggested a movement for raising \$50,000.

Rev. H. M. Gillies
Rev. H. H. Gillies said all other denominations have been asked to raise far more than the Church of England had ever been asked to raise for King's, and spoke strongly in support of King's. Antisecularism had been tried, but it cannot be worked out. Did Dalhousie, Mount Allison or McGill wait? Why wait till there is a corpse to revive? No man is worth it till he tackles a big job. Nova Scotia should give twice as much because the college is within her borders and she is a weaker province. Mount Allison, Acadia and Roman Catholics support their colleges personally by funds and interest. They are proud of their colleges and those institutions are an inspiration to these churches. He would do all he could for a state university with a school around it.

Rev. Canon Kuhring

Kidney Trouble

is the cause of great suffering from backache, rheumatism and lumbago. You can quickly get the kidneys right by using Dr. Chase's Kidney-Liver Pills. One pill a dose. 25c. a box, all dealers.

Dr. Chase's Kidney-Liver Pills

A Danger Signal—Tender and Bleeding Gums

Healthy teeth cannot live in diseased tissue. Gums tainted with Pyorrhoea are dangerously diseased. For not only the teeth are affected, but Pyorrhoea germs seep into the body, lower its vitality and cause many ills.

Pyorrhoea begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the poisonous germs that breed in pockets about them.

Four out of five people over forty have this disease. But you need not have it. Visit your dentist often for tooth and gum inspection. And keep Pyorrhoea away by using Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhoea—or check its progress—if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy, the teeth white and clean. If you have tender or bleeding gums, start using it today. If gum-shrinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

New Members For Fundy Chapter

Chapter Decides to Limit Its Membership to Seventy—Committee Report.

Fourteen new members joined the Fundy Chapter, I. O. O. F. at their regular meeting held last evening in the G. W. V. A. rooms. It was decided on motion to limit the membership to seventy-five. Miss Fairweather, regent, presided. Notes of regret at illhealth and wishes for recovery will be sent to Miss Charlotte Dodge, vice-regent, and to Miss Irene Barber, whose resignation as educational secretary was respectfully accepted. It was decided to co-operate with the other chapters in a suitable celebration of Empire Day, to take an active interest in the Greatful Mission in Labrador and to support, personally, British films when shown in St. John theatres.

Reports were given by Miss Margaret Bolton, education secretary, who reported eleven subscribers to the magazine of the Order, Miss Boyer, of maple sugar and a personal card had been sent thirty men at River Glade, and that those at East St. John had been remembered at Easter, Miss Hatch and Miss Sara Collins, who took of relief given two needy families; Miss Ethel Melick, who reported on the supper served 228 Boy Scouts; Miss Alward reported on the concert, and refreshments provided for the season at the Institute; Miss Fairweather, who told of the dinner served to twenty-eight men at the institute, and Miss Upham who reported on the institute canteen.

Mrs. Magee gave an account of the Municipal Chapter special meeting, describing proposed work for the Order. It was stated that two months' rent has been paid a needy family and assistance given a returned soldier. Misses Alice Hatch, Edna Crawford and Miss Taylor were appointed a relief committee.

It was decided to cater for the Ypres Dinner, April 22nd, and the following committee was appointed: Mrs. Magee, Miss Vallie Sandall, general conveners. Miss Boyer, Miss Frink, Miss Sheldon, Miss Margaret Bolton, Miss Brashy, Mrs. Bartlett. Sympathy will be extended to Mrs. Wilcox in her recent bereavement. The treasurer, Miss Short, reported a very unsatisfactory state of the Chapter finances.

Miss Marion Irvine reported on the tea recently held that the net amount realized was \$108.64.

CUTICURA

SOOTHES SKIN TROUBLES
Baths with plenty of Cuticura Soap and hot water to cleanse and purify. Dry lightly and apply Cuticura Ointment to soothe and heal. Cuticura Talcum soothes and cools the skin and overcomes heavy perspiration. Delicate, delightful, distinguishes itself from all other skin preparations. Sold Everywhere. Solely Imported by The Greatful Mission in Labrador and to support, personally, British films when shown in St. John theatres.

WOMEN'S CANADIAN CLUB PROGRAMME

At an executive meeting of the Women's Canadian Club, held yesterday morning at the home of Mrs. Leonard Tilley, it was decided to have a joint meeting with the Canadian Club on May 2nd at which Hon. N. W. Rowell will be the speaker. April 22nd a social evening will be held with an address from Dr. Helen McMurphy on Child Welfare. This will be the only public occasion on which Dr. McMurphy will speak in St. John during her visit to the province. In the middle of May Sir Martin Harvey comes to St. John and a reception is being planned to Sir Martin and Lady Harvey. Dr. Vincent of the Rockefeller Foundation will be unable to address the Club but will speak at a mass meeting on Sunday of Health Week.

PLEASANT EVENING.

The Willing Workers of the Central Baptist Church met last evening with Mrs. Hoar, 48 Hazen street. The attendance was unusually large, some 25 being present. Items of special interest were a reading by Mrs. H. D. Everett, and a special surprise to the pastor and Deacon L. A. Bailey in commemoration of their birthdays. Mrs. Alward made the presentation which were fittingly replied to by the recipients. The meeting broke up at a respectable hour. This was one of the most pleasant evenings of the season and speaks well for the hostess. The offering amounted to \$15.

Splendid Affair By Catholic Ladies

Large Audience Entertained by Catholic Ladies of the Hospital Aid.

An interesting and varied programme combined with a packed house, furnished the elements for the very successful entertainment given by the Catholic Ladies of the Hospital Aid in St. Vincent's Auditorium last evening. Those who participated in what was undoubtedly one of the best entertainments of the season, may well feel satisfied with their triumph. Their success was two fold, they pleased their audience to a marked degree, and they realized a considerable sum of money which is to be expended in furnishing the new Nurses' Home.

To Mrs. A. C. D. Wilson, who organized and directed the entire affair much credit is due, as well as to her loyal corps of performers of the Catholic Hospital Aid.

Following a cleverly worded prologue, the evening's programme opened with a colonial scene in which the world's prima donnas of the present and the present, rendered selections. Their iridescent costumes, shimmering under the glare of the spot light focused on a darkened stage, secured a truly ethereal effect.

"The Three Little Maids" from the "Mikado" was a pretty piece of harmony which received well merited applause. "The Spinners' Convention" which followed, was a scream from start to finish, the spinsters were attired in the styles favored in the early seventies and earlier and the fact that the entire company of "Spinners" were all married women added greatly to the comedy.

"The Bachelor's Reverie" was an attractive and well presented series of tableaux. The series of beautiful "dreams" conjured up by the bachelor in his reverie were introduced to the audience by a clever sketch read by Miss Mable Scully.

The final number of the programme consisted of a melange of mirth provoking burlesque, catchy minstrel songs, and a number of rattling good local hits which brought down the house.

The ushering was done by members of the Nurses Alumnae and the Young

Beautiful Actress Attributes Her Wonderful Success to Her Famous Complexion

Tells How You Also May Have One

New York — When Miss Dorothy Dalton, the beautiful actress, who was selected for the leading role in that mammoth New York production, "Abdrotto," was questioned as to the secret of her phenomenal success, she unhesitatingly said, "My complexion."

When asked further details she explained: "Every one of my friends always raved about the texture and coloring of my skin, and I have no doubt but that my first engagement was made possible through the reputation I had acquired for a beautiful complexion. Managers are like ordinary mortals, they admire a beautiful skin as much as anyone, and in selecting their casts they naturally prefer those whose complexions are attractive. I think the best asset any girl or woman can have is a beautiful skin and complexion. It is easy to have this if one will spend only a little time in taking care of the skin. A girl may have irregular features, but if she possesses a beautiful complexion she will attract attention anywhere. I am always glad to tell any girl or woman just how she may possess a skin like mine. Here is the recipe: Night and morning cleanse the skin first with warm water, then apply a good cold cream (Liska cold cream I have found to be the best) after massaging it into the skin take of the superfluous cream with a soft cloth. Then before going out during the day or evening I apply Derwillo, a simple toilet preparation which can be purchased at any up-to-date drug or department store. The first application of this wonderful Derwillo will astonish you. It imparts instant beauty to the skin and

NOTE:—Druggists and department stores everywhere sell Derwillo with the guarantee that if you don't like it you get your money back. It is the one beautifier that gives satisfaction at all seasons of the year. You can secure it at all toilet counters in this city, including the Ross Drug Co., 100 King street, St. John, N. B.

Catholic Ladies of the V. A. D. who also acted during the performance.

Marion Wilson Died of Injuries

Inquest Will be Held on Death of Little Girl Run Over by Motor Truck.

Marion Wilson, the nine-year-old daughter of Mr. and Mrs. Robert Wilson, of 6 Sydney street, who was knocked down by a heavy White Motor truck on Sydney street Wednesday noon, died at the General Hospital at 6.45 yesterday morning.

The little child was struck by the truck when she ran from behind a team, and before the chauffeur, Albert E. Corbett, of 246 Mecklenburg street could avert hitting her. She

HEADACHES Make Life Miserable.

Headaches are one of the most aggravating troubles one can have, and it is hard to struggle along with a head that aches and pains all the time.

Headaches seem to be habitual with many people; some are seldom, if ever, free from them, suffering continually from the dull throbbing, the intense pains; sometimes in one part, sometimes in another, and then, again, over the whole head.

There is only one way to get relief from these persistent headaches, and that is by going direct to the seat of the trouble, for unless the cause is removed, the headaches will still continue to exist.

The fact that Barrook Blood Bitters keep the stomach, liver and bowels in good condition, and show that it will eliminate the cause of the headaches.

Mrs. Harold Lamsin, Owas Sound, Ont., writes:—"My system was run down and my blood out of order. I suffered a great deal from severe pains in my head, which made me feel very miserable. After having tried other remedies I purchased a bottle of Barrook Blood Bitters, and was very glad to notice a decided improvement in my health, so I took another and am glad to say that it has done me an enormous amount of good. I have recommended it to my friends, who were in a similar condition, and they all say it is a wonderful remedy. B. B. B. is put up only by The T. Millers Co., Limited, Toronto, Ont.

REFLECTIONS OF A BACHELOR GIRL

By HELEN ROWLAND
(Copyright, 1920, by The Wheeler Syndicate, Inc.)

Oh, yes, the modern girl is still aware that she was fashioned from a man's rib; but she is beginning to be secretly convinced that that rib was taken from his "better side," and left an awful hollow.

Wonderful how a little vacation from each other brightens up a husband's conversation and smartens up a wife's clothes. It takes the light of a new interest, now and then, to keep up the glow of life.

The average man has such a large collection of little weaknesses that, no matter how poor the aim of his wife's sarcasm, she can always hit him in one of them.

Flattering a man makes him think a little better of himself—and a lot better of you!

Every age has its fashions! The day of "formal call" has passed; but the horror has been replaced by the formal tea. The Terrible TEA—where you stand around smiling of freshly gasolined gloves, talk to a lot of women who don't listen, break all your rules of diet, ruin your appetite for dinner and wreck your figure with sweets. TEA! The invention of Mrs. Satan, and the doctor's best friend!

Before marriage, a man and woman can go on seeing each other, evening after evening, forever, without draining the bloom of their romance; but, ah, dear heart, remember that they don't have to see each other morning after morning!

A woman says "no" when she means "yes," probably because she is aware that her "yes" will be decidedly effective and permanent, if she can put it off for a little while.

It is hard to tell which suffers more poignantly: the woman who watches a man handling her baby, or the man who listens to a woman telling his favorite story.

A sense of humor is the balancing-rod which keeps us on life's trolley.

was struck by the fender of the car and then run over by both the front and rear wheel. It was found on removal to the hospital that she had sustained a fractured skull, a broken leg, and it was thought internal injuries. Despite every effort to save her life she passed away early Thursday morning.

A jury consisting of Thomas Mooney, foreman; William W. Hatfield, Albert E. Oram, Robert McAlnah, John K. Driscoll, Harold Sillis and Christopher J. Kain, were impelled by Coroner H. A. Porter yesterday

at noon, and an inquest will be held at the court chambers on German street this evening at 8 o'clock.

DESERT GOLD

THRILLING ACTION ALL THE TIME!
"Desert Gold" has lost nothing in its translation from narrative English to the silent language of the screen. If anything it has gained, for all of the wonderful country so vividly depicted by Zane Grey in his book is brought before motion picture audiences. The romance is enacted by an all-star cast, including E. K. Lincoln, Marjorie Wilson, Edward Coxen, Ellen Percy, W. Lawson Butts, Russell Simpson, W. Herbert Blairbridge, Frank Lanning and Walter Long. Proving themselves true artists, the players have submerged their own personalities to give faithful portrayals of the characters in the wonderful desert story.

Durable Economical Clean Bedroom Floor Covering

LINOLEUM

"Mother insists on Linoleum for Every Bedroom—It is so Cleanly"

"It does not harbour germs or dust. It is also so attractive-looking, and with the aid of two wool rugs I have the daintiest room ever. This linoleum—though in use for four seasons, is as bright and fire-h as ever—it looks almost like new."

LINOLEUM is a surety—no labor saver. Just pass a damp mop over its surface and it looks fresh and bright, clean and spotless. For these reasons housewives are demanding it more and more.

For those desiring a good-looking floor covering for less money Floor Oilcloth and Felrol are very desirable. Each supplied in many pleasing designs.

IMPORTANT: When you go to your dealer to buy just say—"Please get the new design of LINOLEUM, FLOOR OILCLOTH or FELROL." "MADE IN CANADA." And be sure that you are supplied with them, for they are made by Canadian workmen to meet Canadian requirements. Early choice will better enable you to select just the patterns you wish.

All leading Dry Goods, Hardware, Departmental, House Furnishing and General Stores sell them.

CHOOSE ENAMELLED OILCLOTH
for covering the kitchen table, pantry shelves, backs of sinks, etc. It is so clean—so easily kept fresh and sweet. For pantry shelves use our enamel oilcloth with scalloped edges. The best covers sell them.

Championship Games Post

Intermediate Teams
C. A. and Y. M. C. to Secure Neutral

The battle for Intermediate in the City Basketball League was scheduled between the modest teams of the Y. M. C. A., on the Y. W. C. A. last night, was postponed owing to the Y. W. C. A. were unable to leave the gym for the view of the fact, the Y. M. C. A. has been eagerly looked for by a large number of fans, still retaining the game will be played on the date remains in the hands of the Y. M. C. A.

Such arrangements as an equal opportunity to and would doubtless prove to them as it would the fans, if adopted.

THE STANDARD'S FINANCIAL SECTION

SHORTS START NEW COLLAPSE OF BIG STOCK

Broader Reversal Manifest in Trading on Wall Street Market.

RAILWAYS ARE IN SLUMPING LISTS

One to Five Point Fall in Best Listed Securities in Thursday's Trading.

New York, April 14.—The stock market resumed its reactionary course today, rails, steels, and affiliated issues again displaying pronounced weakness at recrossings of 1 to 4 1/2 points. Company markets, especially grains also were unsettled. Factors which have served more particularly in the last week to depress general economic conditions were again offset. The British labor conflict and the urgent financial requirements of various railroads and industrial concerns assumed greater aspects. Shorts uncovered new elements of weakness in the market directing their energies in part to the shares of companies whose future dividend disbursements are reported to be more or less doubtful because of poor earnings.

Broader Reversal.—Consistent features of the broader reversal embraced a number of high grade transportation, especially Canadian Pacific, Delaware and Hudson and Louisville and Nashville. Among the weaker steels and specialties were Crucible, Sloss-Sheffield and United States Steels. Pressed steel, sugar, tobacco, utilities and finally the oils and motors also gave way. Lowest quotations of the session were made in the last hour. Supporting orders then were negligible at best, a nervous tone prevailing at the close. Sales amounted to 575,000 shares.

Money Unchanged.—Neither the money market nor foreign exchange figured to any perceptible extent in the day's operations. Call and time funds were unaltered, but international remittances were firmer, the Italian rate making a further marked advance. Conforming to the buoyancy of stocks, numerous railway bonds tended downward, especially convertible issues. Liberty bonds were mainly lower, but international were slightly higher to further improvement. Total sales per value, were \$8,775,000.

Applauded in Court And Went To Prison

Winnipeg Man Got Two Hour Sentence for Cheering a Witness.

Ottawa, April 14.—When Wm. Pettley, a visitor at Hull, from Winnipeg, applauded yesterday afternoon during the trial of Philip Konowal, Limited, charged with the murder of William Arthur, he earned for himself two hours in solitary confinement in the Hull jail. Pettley was released at 5 o'clock and immediately left the city. Pettley vigorously applauded a retort made by witness, Henry Edward, to Alban Gorman's counsel for the defence. The visitor clapped his hands very loudly and the court ordered that he be taken away and placed in a cell. On his release, the man declared it was the first time he had ever been in a court of justice. He thought it was quite right to applaud as freely as is done in a motion picture theatre. However, his sojourn in the cell made him a wiser man and he will give courts a wide berth in future. The whole day was taken with the evidence of Henry Edward who swore that he saw Konowal thrust a knife through a panel in the Artick door, ebbid which the victim was standing.

FIX RATE OF EXCHANGE

Ottawa, April 14.—In accordance with the judgment and order of the Board of Railway Commissioners, the rate of exchange in connection with shipments of freight between points in Canada and the United States from April 15 to April 30, inclusive, is announced today to be 13 1/2 per cent, and the surcharge on the said traffic will be 8 per cent. The rate of surcharge on international passenger business will be based on 13 per cent exchange.

TRANS-CANADA LIMITED.

The Canadian Pacific Railway announces that the Trans-Canada Limited will run daily on and after Sunday, May 22nd. This train carries sleeping cars only, making the quickest time across the Continent—eighty-eight hours each way, between Toronto and Vancouver; and ninety-two hours between Montreal and the Coast. Train leaves Windsor Station, Montreal at 8:15 P. M. Eastern time, and leaves Toronto at 8:00 P. M. Complete information concerning this service can be procured from local agent, or by contacting Mr. N. S. Swain.

Wholesale Price of Groceries Is Still Declining

Hay, Feed and Hides Continue to Fall on the St. John Market.

All revisions in the market price list this week were in the nature of reductions and occurred principally in wholesale groceries, hay and feed, and hides. In wholesale groceries, tapoca, white beans, cornmeal, salt, cream of tartar, canned corn and tomatoes, lard and compound of lard all were affected. Tapoca is lower by from two to three cents per pound; white beans are down 25 cents per cwt.; cornmeal dropped a quarter per bag; salt dropped from 10 to 15 cents per sack; cream of tartar, 10 cents per pound; a reduction of 30 cents per dozen, was quoted in both canned corn and tomatoes, lard dropped a cent per pound and compound of lard did likewise. Both vean and shorts dropped again this week, one dollar per ton. Oats were also weaker. Salt hides were down a half a cent and clips and lambs made their appearance at from 5 to 10 cents per pound. Prices in country produce were much the same as last week; creamery butter at 65 cents per pound, rail at from 50 to 60 cents, tub at from 45 to 55 cents. Case eggs were somewhat firmer at 32 cents per dozen, but fresh eggs are still selling for 35 cents. There was no change in wholesale meats, fruits, fish or oils.

Grants Money For Quebec Highways

Prince Edward Island Gets Help But New Brunswick Left Out For Time.

Ottawa, April 14.—In the House this afternoon Hon. Dr. Reid, minister of Highways, said he had approved of survey plans for eleven highways in the province of Quebec in connection with the federal grants under the Highways Act. The sum of \$65,374 had been paid to Quebec to date, and accounts now under audit provided for further payments amounting to approximately \$250,000. The sum of \$250,000 has been paid to Ontario under the Act; \$28,445 to British Columbia and \$48,264 to Prince Edward Island.

Two Jailed For Running Rum

Ruben Lazaroff and Bennie Kaufman of Montreal were arraigned before United States Commissioner Reid in Bangor Tuesday forenoon on charge of unlawful possession of 36 quarts of whiskey at Jackman. The arrests were made by Deputy United States Marshal James Cleary of Portland, Me. Kaufman claimed the liquor as his property and said he asked Lazaroff to add him in conveying it through to John, K. B. The customs officers found Jackman examined their grips and found the liquor. Kaufman was held in \$250 and Lazaroff in \$500 for their appearance at the June term of the United States district court in Bangor in default of bail they were committed to jail.

IN THE PUBLIC EYE

Heavy Offerings of Cash Wheat

Winnipeg, Man., April 14.—Heavy offerings of cash wheat Wednesday afternoon and again early this morning had a decided weakening effect at the opening of the local wheat market today. There was heavy liquidation and steep loss selling. Premiums broke about two cents early, but regained some of the loss later. Exporters were the principal buyers of the wheat, which was reported coming from farmers, elevator companies, country dealers and jobbers. After the opening wheat, futures dropped to \$1.47 1/2 for May, became steadier and finally began to climb back to yesterday's close, which it reached only to fall again. The close was 1/2 to 3/4 cent lower. The undertone to the oats market was firm, but without important feature.

CHICAGO

Chicago, April 14.—Closes: Wheat, May, 1.21 1/4; July, 1.05 1/2. Corn, May, 55 1/2; July, 59 1/2. Oats, May, 39 1/2; July, 40 1/2. Pork, May, 14 3/4; July, 15 3/4. Lard, May, 9 1/2; July, 10 1/2. Ribs, May, 8 1/2; July, 9 1/2.

TORONTO

Toronto, April 14.—Manitoba wheat No. 1, northern, 1.56 3/4; No. 2, 1.53 3/4; No. 3, 1.56 3/4; No. 4, 1.45 3/4. Manitoba Oats No. 1, 43 1/2; No. 2, 38 1/2; extra No. 1, feed, 33 1/2; No. 1, feed, 32 1/2; No. 2, feed, 34 1/2; No. 3, feed, 33 1/2; No. 4, feed, 33 1/2; No. 5, feed, 33 1/2; No. 6, feed, 33 1/2; No. 7, feed, 33 1/2; No. 8, feed, 33 1/2; No. 9, feed, 33 1/2; No. 10, feed, 33 1/2; No. 11, feed, 33 1/2; No. 12, feed, 33 1/2; No. 13, feed, 33 1/2; No. 14, feed, 33 1/2; No. 15, feed, 33 1/2; No. 16, feed, 33 1/2; No. 17, feed, 33 1/2; No. 18, feed, 33 1/2; No. 19, feed, 33 1/2; No. 20, feed, 33 1/2; No. 21, feed, 33 1/2; No. 22, feed, 33 1/2; No. 23, feed, 33 1/2; No. 24, feed, 33 1/2; No. 25, feed, 33 1/2; No. 26, feed, 33 1/2; No. 27, feed, 33 1/2; No. 28, feed, 33 1/2; No. 29, feed, 33 1/2; No. 30, feed, 33 1/2; No. 31, feed, 33 1/2; No. 32, feed, 33 1/2; No. 33, feed, 33 1/2; No. 34, feed, 33 1/2; No. 35, feed, 33 1/2; No. 36, feed, 33 1/2; No. 37, feed, 33 1/2; No. 38, feed, 33 1/2; No. 39, feed, 33 1/2; No. 40, feed, 33 1/2; No. 41, feed, 33 1/2; No. 42, feed, 33 1/2; No. 43, feed, 33 1/2; No. 44, feed, 33 1/2; No. 45, feed, 33 1/2; No. 46, feed, 33 1/2; No. 47, feed, 33 1/2; No. 48, feed, 33 1/2; No. 49, feed, 33 1/2; No. 50, feed, 33 1/2; No. 51, feed, 33 1/2; No. 52, feed, 33 1/2; No. 53, feed, 33 1/2; No. 54, feed, 33 1/2; No. 55, feed, 33 1/2; No. 56, feed, 33 1/2; No. 57, feed, 33 1/2; No. 58, feed, 33 1/2; No. 59, feed, 33 1/2; No. 60, feed, 33 1/2; No. 61, feed, 33 1/2; No. 62, feed, 33 1/2; No. 63, feed, 33 1/2; No. 64, feed, 33 1/2; No. 65, feed, 33 1/2; No. 66, feed, 33 1/2; No. 67, feed, 33 1/2; No. 68, feed, 33 1/2; No. 69, feed, 33 1/2; No. 70, feed, 33 1/2; No. 71, feed, 33 1/2; No. 72, feed, 33 1/2; No. 73, feed, 33 1/2; No. 74, feed, 33 1/2; No. 75, feed, 33 1/2; No. 76, feed, 33 1/2; No. 77, feed, 33 1/2; No. 78, feed, 33 1/2; No. 79, feed, 33 1/2; No. 80, feed, 33 1/2; No. 81, feed, 33 1/2; No. 82, feed, 33 1/2; No. 83, feed, 33 1/2; No. 84, feed, 33 1/2; No. 85, feed, 33 1/2; No. 86, feed, 33 1/2; No. 87, feed, 33 1/2; No. 88, feed, 33 1/2; No. 89, feed, 33 1/2; No. 90, feed, 33 1/2; No. 91, feed, 33 1/2; No. 92, feed, 33 1/2; No. 93, feed, 33 1/2; No. 94, feed, 33 1/2; No. 95, feed, 33 1/2; No. 96, feed, 33 1/2; No. 97, feed, 33 1/2; No. 98, feed, 33 1/2; No. 99, feed, 33 1/2; No. 100, feed, 33 1/2.

Only Three Issues Gain At Montreal

Asbestos, Price Bros. and Shawinigan Make Slight Advances in Dull Day.

Montreal, April 14.—The trend of the list on the local stock exchange today was again downward with three issues moving higher. These were Asbestos Corporation adding 1/4 point at 71 3/4; Price Bros. which was up equivalent to 1 1/2 points at 41 1/2 for the new stock and Shawinigan which added 1/4 point at 105 1/2. The largest loss was scored by Sherwin-Williams preferred which was down 4 points at 90. Among the active stocks iron was weaker, feature, selling off a point to 46 and closing at the low. Almond held at 107.

RAW SUGAR MARKET.

New York, April 14.—Raw sugar was unchanged early today. The committee quoted 4 1/2 cents for Cuban and freight equal to 5 1/2 for centrifugal, while uncontrolled sugars continue to sell below this level. 3,900 tons of San Domingos having been purchased by a refiner at 4 1/2 cents equal to 5 1/2 for centrifugal. In refined, the demand continues disappointing and while prices are unchanged at 7 1/2 to 8 cents for fine granulated, some re-sales were reported below the inside quotations. Futures were irregular with April at mid-day 12 points net higher on covering, while later positions were 1 1/2 to 1 1/4 points lower under liquidation.

"A Prophet in His Own Country"

You know the old saying. It is a fact, though, that people close to an enterprise often overlook its importance to the immediate community. Few people perhaps realize that Fraser Companies, Limited, is New Brunswick's largest single industry; and that, in number of people and output, it is one of the greatest lumber industries in Canada and, indeed, in the world.

7,000 people draw wages or salaries from it every month;

\$6,000,000 was paid out in wages and salaries in 1920; In the past two years it has brought into the Province \$16,000,000.

Fraser Companies is a primary factor in the industrial life of the Maritime Provinces.

It is for these reasons that the 8% Bonds of Fraser Companies, Limited, should appeal to you as a Maritime Province investor. At 99 and interest, to yield 8.10%, they are not only a thoroughly secured, high-grade investment, but one that affords you an opportunity of supporting an industry essentially necessary to the welfare of the Maritime Provinces. Write now for prospectus and full particulars.

IN THE EDITOR'S MAIL

Fairville, N. B., April 15, 1922. To the Editor of The Standard, St. John, N. B.

My anonymous friend opens his remarks by taking a gentle rap at the N. B. Guides, and claims they oppose the shortening of the open season and I admit that fact, and insofar as I know the guides never made any secret of it.

But when he says the guides should not overlook the fact that the game belongs to the people, and that the game laws should be made for the majority and not a very small minority, he is going from the sublime to the ridiculous and shows a lamentable lack of knowledge of the N. B. Game Act.

I should like to know where in that act he can find any part of it that favors the guides or any part of it that the guides do not have to observe along with every other hunter, and his inference that the guides think they own the game is too ridiculous to answer.

Old Hunter aware that the guides of N. B. are registered and licensed by the Government to accompany non-residents on their hunting trips in this province and to see that they observe the game laws, and to report the game they shoot, and to protect the game against all law-breakers, resident or non-resident.

I think if non-residents did not hunt here, the resident would have to pay about \$15 for his hunting license. Over half the revenue from hunting licenses comes from the non-resident; not to speak of the hundreds of thousands of dollars they leave in New Brunswick each year.

Many people have an idea that all this money goes into the guides' pocket; and I'll admit it will if did, but they forget that money is not taken from the hunter, but from the game.

MUNICIPAL AND REAL ESTATE FINANCE IN CANADA. The pamphlet entitled "Municipal and Real Estate Finance in Canada," just issued by the Commission of Conservation touches upon some of Canada's most difficult financial problems. It is a clear and convincing statement by Mr. Thomas Adams, Town Planning Adviser to the Commission, regarding housing, land speculation and high taxation, resulting from municipal waste and mismanagement. No national problem in Canada is of greater importance than that which has to do with the conservation of human and financial resources in our cities and towns. This publication emphasizes the fact that until we employ saner methods in developing our community life any efforts being made to conserve our natural resources must be nullified as a result of the careless way in which the wealth derived from these resources is dissipated by bad forms of land development. This pamphlet may be obtained free on application to the Commission of Conservation, Ottawa.

Ice Drives Ships Far To The South Trans-Atlantic Lanes Are Shifted 180 Miles Because of Bergs. Boston, April 14—Ice battalions from the Polar seas have moved south to latitudes in the North Atlantic that correspond with this city and have forced the moving of trans-Atlantic steamship tracks, 180 miles south of the usual lanes at this season. Radio reports today from the coast guard cutter Seneca, which is on the ice patrol, told of few fields that were treed as far south as latitude 44, with their limits still undetermined; bergs that were grouped in latitude 42.49 and longitude 47.45, and large bergs and growlers in other positions. As the result of this unusual southerly ice movement, the trans-Atlantic steamship conference directed vessels to change immediately to new steamer tracks, crossing longitude 47 in latitude 44 when westbound, and latitude 40 when east bound. These respectively are the latitudes of New York and Philadelphia.

Wanted—General Maid (Summer months at Onotista, a beautiful place on the St. John River). Good wages. Apply Mrs. C. P. Humphrey, 54 Orange St.

THE WEATHER

Toronto, April 14.—Pressure is low from the Great Lakes southwest to Texas and high in the western and Maritime Provinces. The weather is showery over the greater portion of Ontario and in Western Quebec. Elsewhere it is fair.

AROUND THE CITY

TRAIN WAS LATE. The Montreal train was over four hours late yesterday afternoon due to a freight train delay between Vanseboro and Mattawamkeag.

LEFT FOR MONTREAL. With the end of the Winter Port season in St. John in sight several of the C. P. R. special policemen have left the service or have been taken to Montreal.

ENTERTAINED MEMBERS. The Ladies' Auxiliary of Alexandra Temple entertained the members of the Temple to an at home in the Temple Hall last evening. There was a good attendance and a very pleasant time was spent by all.

AN EXHIBITION. The boys of Rotherham college will give a gymnastic exhibition in the school gymnasium at 2:45 o'clock Saturday afternoon. The students are well trained and should give an excellent programme.

ACCIDENT AT SAND POINT. Wesley Reynolds had his right leg badly lacerated early yesterday morning while at work at Sand Point. After treatment at the emergency hospital he was removed to his home on Protection street.

HOME FOR BURIAL. The body of Mrs. Ralph Ouellet brought here on the Boston train at noon yesterday from Lewiston, Maine, and was taken to the home of her parents, Mr. and Mrs. John McKenna, 252 Duke street.

ATTENDED CEREMONIAL. A. A. Hutchinson, Houlton, Me., a member of Kora Temple, Myrtle Shrine, of Lewiston, Me., was in the city yesterday to attend Luxor's ceremonial. Mr. Hutchinson reports that the State of Maine is in the throes of the business slump, which he learns is prevalent in New Brunswick.

CONFINED TO HOME. George Waring, superintendent of ferries, has been confined to his home for the last few days, owing to the fracture of a small bone in his foot, which he sustained when he fell on the steps of his home in West St. John. He is expected to be around again in a day or two.

WILL START MAY 1. Carlo Carniel, manager of the Bedford Construction Co., which has the contract for the construction of the dry dock at East St. John, said yesterday that work would commence again there about May 1. He said that the work would be started on a small scale and the crew increased as the work progresses.

THE POLICE COURT. A juvenile with a record of several previous visits to the police court, was arraigned before Magistrate Little yesterday morning on the charge of wandering about at night and not being able to give a satisfactory account of himself. He was remanded. Otherwise business was all.

BASKET SOCIAL. A very successful basket social was held in the vestry of the Charlotte Street Baptist Church last evening. A literary and musical programme was carried out which was thoroughly enjoyed. At the close of the programme Milton Perry auctioned baskets of which realized over \$70 for church funds.

APPRECIATE SERVICES. Mrs. Macroe, teacher of Domestic Science in the vocational courses, was presented last evening with a cut glass vase in appreciation of her work. The presentation was made in behalf of the Monday and Thursday classes, by Miss Eilda Woods. On Wednesday evening Miss Rhodes presented to Mrs. Macroe a shopping bag on behalf of the Tuesday and Friday classes. Mrs. Macroe was greatly pleased at this mark of appreciation.

PRENTICE BOYS FAIR. Another large crowd attended the Prentice Boys Fair last night. The following were the prizes and winners: Door prize, silver butter dish, B. L. Corbett; ten pins, case of silver knives, L. Maxwell; air gun, safety razor, Clifford Seelye; baghelle, silver picture dish, Mrs. Price; ring box, money clock, George James; Derrill among others, sharing outfit, W. B. Baine; bean toss, silver bread plate, Ray McGowan.

Shriners Owned The City Thursday

Picturesque Fez in Evidence Everywhere—Luxor Temple Initiates Large Class.

Shriners owned the city yesterday. They gathered from all corners of New Brunswick and the neighboring State of Maine for Luxor Temple's ceremonial. They came in carloads and the picturesque fez was in evidence on all thoroughfares and street corners. When they were all assembled they were several hundred strong and the old timers vied with the youngsters in that jolly fraternal spirit that only those who have "traveled the hot sands" know about.

It was the largest gathering that Luxor has had in some years. A class of sixty eight was initiated into the mysteries of the Shrine. It was the largest class in many years, and one Shriner expressed it, "It seemed like old times."

The afternoon was given over to the reception of new candidates, in introducing them to the secretary, regular business routine and the unveiling of their tablet. At six o'clock an elaborate banquet was served after which the regular ceremonial closed to the hearts of Shriners occurred.

The whole concluded with a motion picture entertainment provided by Noble W. C. McKay, Manager of the Opera House. The entertainment provided was pronounced by visiting and resident Shriners as one of the best ever enjoyed at these occasions.

All present were happy over the success of the affair and are returning to their homes satisfied and anxious for another one.

Newman Clark Not Insane But Foolish

Unnecessary Expenditure of Money to Have Experts Examine Him Says Sheriff.

Newman Clark, who was found guilty by a Victoria county jury on the charge of having murdered Phoebe Bell at Grand Falls, has not yet been examined by experts to determine his sanity.

"He is not insane, but is mighty foolish," said Sheriff Corbett, who was in the city yesterday to attend the ceremonial of Luxor Temple, Myrtle Shrine.

The Sheriff said that his famous prisoner, now in the jail at Ansover, is carrying on in much the same way as reported two months ago. He insists on eating his meals from the floor, and when he wants to sit down he places a chair on the floor and then mounts it. The Sheriff, who has watched and studied his prisoner carefully, is of the opinion that there are no experts who will pronounce him insane. He thinks it would be a foolish waste of the people's money to employ experts for the purpose of examining the man.

Heavy Expenses. Clark continues to be a heavy expense upon the county. Not that the officials fear any move of Clark, but because of the threats that have been made to raid the jail and free the prisoner. Guards are in attendance day and night to prevent any attacks from the outside. There seems to be a determined feeling, according to the Sheriff, to get Clark away, as his friends, have, apparently, but little faith in the insanity plea.

To have saved expense and trouble the impression prevails that the present legislation should have provided for a special retrial of the prisoner as there is not another session of the Victoria court until the 4th Tuesday of September and that is too long to wait.

In view of the threats made to storm the jail there is a possibility of the prisoner being kidnapped and carried from the jurisdiction of the New Brunswick courts. The Sheriff frankly admits he will feel easier when the court, if it has a chance, finally disposes of the case.

Next Act Staged In City of Ottawa

Conference on Height of C. P. R. Bridge Will be Held Tuesday by Hon. F. B. McCurdy.

The next act in the comedy drama "How High shall the bridge be?" will be staged at Ottawa on Tuesday evening when Hon. F. B. McCurdy will hold a conference of the various parties interested at his office to discuss the report of Col. Mansfield.

Mayor Schofield announced yesterday morning that he had received a letter from Hon. F. B. McCurdy, Minister of Public Works, that he would on Tuesday, April 12, at 11 o'clock hold a meeting in his office to discuss the matter of changes in the height of the new railway bridge over the reversing falls at St. John and asking him to notify the interested parties in St. John to that effect.

The matter was brought before the Council and on motion of Commissioner Blacklock it was decided to have the Mayor attend the conference and watch proceedings on behalf of the city, as if any change is ordered there will be an application to the city for a change in street grades.

MARITIME BAPTIST. Since the death of the Rev. E. J. Colpitta, editor of the Maritime Baptist, the editorial work in connection with the paper has been performed by the Rev. E. R. Poth, pastor of the General Baptist Church.

WIFE BEATING CHARGED. Herman Brown was landed at the Police Station last night on a warrant charging him with hitting his wife in the pastime of beating up his wife.

Opium Joint Found Unveiled Tablet To Nobles In War

On Brussels Street High Potentate H. R. McLellan Delivered Impressive Address at Unveiling.

The authorities have had reason to believe for some time that an opium joint was thriving in the city, and they have been carrying on investigations. As the result of those investigations, Detectives Biddescombe and Donahue visited the laundry of Hum Tong on Brussels street, yesterday, and searched the place. A quantity of opium was found, and also pipes for the soothing smoke.

Arrests Made. Hum Tong was arrested on a warrant alleging the unlawful giving of opium without having a license. He was also charged that he did, on the 14th day of April, have in his possession, at 57 Brussels street, a quantity of opium and pipes contrary to the statutes made and provided. The quantity of opium seized, both in the raw and refined state, totals many hundreds of dollars. Another Chinaman, Fong Fian, was taken into custody for having opium in his possession.

Opium Trail Long One. It is said the arrests of these men are only the beginning of a roundup of Chinamen who are engaged in the illegal business of supplying opium to addicts of the drug. The warfare against the dispensers of opium started in the United States, and the trail extended from New York to Detroit. It was found the drugs reaching the United States came from Canada, and the Canadian trail stretches from Vancouver to Halifax.

A federal agent has been busy working on the cases and had a hand in locating the source of supply in this city.

It is said that the patrons of the place on Brussels street were not Chinamen, but many others, some of prominence, who are slaves to the vicious drug habit. It is expected that more arrests will follow.

Mission Bands In Joint Programme

Senior and Junior Organizations of Portland St. Church Entertained.

The Senior and Junior Mission Bands of Portland Street Methodist Church held a well attended entertainment last evening. The following programme was carried out:

Opening Chorus, Missionary Belles, by both Bands; Recitation, Fern Ring, Piano Solo, Margaret Biggar; Fan Drill, Girls of the Junior Bands; Trio, "Beautiful Japan," Helen Rowley, Laura Folkner, Emma Bilzard; Recitation, Harry Boylde; Piano Duet, Miss Emma Chevalier and Miss Craft; Missionary Sketch "Sunlight or Candlelight," Girls of the Senior Band; Exercise, "How does your Mission Band grow?" Members of Junior Band; Song by four girls of Junior Band; Vocal Duet, Edna Spence and Doris Corbett; Recitation, Frances Munro; Song, Josephine Murray; Recitation, Phyllis McConnell; Piano Solo, Florence Naves; Recitation, Muriel Chown; Recitation, Joyce Spinney; Sketch, "Mission Band at Averaville" by members of Junior Band; Recitation, Doris Corbett; Piano Solo, Vicars McLaughlin; Recitation, Isakone McLean; Piano Duet, Edith Brown and Dorothy Bell; Closing Chorus, "The whole wide world" by both Bands. God Save the King.

Ladies in charge were: Miss Margaret Morrow, Miss Laura Spence, Miss Edna Spence. The proceeds are in aid of Missions. During the entertainment a case of Home-Made Candy was held.

It's wonderful the response we get when we advertise that Navy Blue Suiting Serge at \$2.45 yard.

This is the third shipment we have got in, not so large, but one good-sized piece of each, but the quality is here. And when you stop to think that this \$2.45 represents serge that was sold before at \$4.25, the reason so many send mail orders in is not far to seek.

All pure wool, 53 inches wide, Botany weave and indigo dye, beautifully soft to the touch and generous weight, simply great for suits, dresses and children's wear. Comes in two qualities, reg. \$4.25 for \$2.45 yd. and regular \$5.75 for \$4.75 yd.

Send in your order today, before it's all gone. When you see it, you'll be glad you did. R. A. Dykeman Co. The Store for Bargains.

MESSAGE TO PUPILS OF THE HIGH SCHOOL

An inspiring address on Patriotism was given by Rev. Canon Cody yesterday before the High School pupils, who listened with the utmost interest to this eloquent speaker. Canon Cody emphasized the duty towards the land of one's birth and the Empire, and maintained that the Eastern and Western Provinces should be bound closer together by ties of mutual interest and devotion to the Dominion.

SAFE KEEPING. One drunk and one protectionist were at the Police Station last night for safe keeping.

UNLAWFUL POSSESSION. The Ignor inspectors placed under arrest last night Thomas Sanderson, against whom they laid a complaint of unlawful possession of liquor.

Unveiled Tablet To Nobles In War

High Potentate H. R. McLellan Delivered Impressive Address at Unveiling.

An impressive and important part of the programme carried out by Luxor Temple, Myrtle Shrine, yesterday, was the unveiling of a tablet bearing the names of Nobles who participated in the Great War.

The unveiling address was given by High Potentate H. R. McLellan and was full of the patriotic ring. All Nobles were urged to maintain the high standards established by the Nobles in the war and to carry on the work where they left it.

The High Potentate spoke as follows: Officers and Nobles Luxor Temple: "Es Selamu Aleikum Aleikum Es Selamu"

Peace be on you and On you be the Peace.

This old and familiar greeting and its answer so dear to the heart of the Nobility wherever dispersed come with special benediction at this moment, when, by reason of my position, I am expected to supplement with words the silent but more expressive tribute which you are paying to the courageous and patriotic Nobles of Luxor who participated in the Great War.

The call to service in that great cause was sounded throughout the length and breadth of the land and in response our best and strongest young manhood was offering itself. Included in that mighty host were many stretches from Luxor and today we proudly display a service flag bearing the stars which bear witness to the interest in and hope for the cause of freedom and righteousness, as exhibited by those Brothers.

Sacrifices Made. Devotion to the many and exacting demands of a busy life, not infrequently narrows the sphere of a man's influence, but not so in the case of our Brother Nobles, who, in answering the call to service, subordinated all individual interests and ambitions to that of upholding the standard of civilization and the credit and honor of the British Empire.

They knew then that some of them were going from our midst must make the supreme sacrifice on the altar of duty. There was exhibited fraternity of the real type, the type so commendably present when answering the call to service on behalf of humanity. What a noble expectation has become realization.

Task Yet Remains. The war in which they fought so bravely and so well or in which they played an honorable part, however humble and obscure it may have been is now happily at an end. Still in another and a very real way it is by no means all over for the task yet remains for making permanent and secure that which their sacrifice has made possible. The World has been made safe for democracy now we must carry on until democracy has been made safe for the World. For only so shall their sacrifice not have been in vain.

Through all the darkness of the night, through which we were called upon to pass by the war, we looked with confidence to the coming of a new day which we believed must at length break over a new World. The new day to which we have been looking forward to is at hand bringing with it the many problems which belong to a new day. Every step in human progress must be bought with a price and who shall say that for the price that has been so bravely and freely paid we are not obligated to take the next greatest step forward and upward.

We cannot, must not even try to settle back into the old ways of living, thinking and doing. Were this to happen the war with its untold sacrifices would be nothing less than the most awful tragedy in human history.

The Challenge. In the same tones as those which spoke from Flinders Field were voices of those our own brethren are calling now to us from whatever field or camp in which they gave their lives.

"Take up our quarrel with the foe; To you from falling hands we throw The Torch. Be yours to hold it high; If you break faith with us who die We shall not sleep, though poppies grow In Flinders Field."

The friendship of individuals, their unselfish devotion to each other, their willingness to die in each other's stead are the most tender and touching of human records. The challenge of true Nobility, of mind and soul and will was never louder and stronger than it is today and to us. May it be our part to accept the challenge and each in his own place and way meet it bravely and well.

Let us emulate that same courageous patriotism exhibited by our Brothers in cultivating a spirit of compact and united effort to stand for human liberty and human justice.

In the spirit of the challenge we would record today in a special column the names of our heroes in token of everything that admiration, respect, gratitude, friendship and fraternal love can inspire.

I elect to give preliminary preference to that great cause for which our Brothers fought, that of Righteousness and stand unwavering in the mighty presence of G. I. praying for a moment to silence for an additional tribute of memory to those who made the supreme sacrifice and have passed on to a larger, grander and nobler sphere.

And now on behalf of Luxor Temple I dedicate this tablet as its crowning tribute to the courageous patriotism of the Nobles whose names are engraved thereon.

Following the unveiling Noble Little rendered a solo most appropriate to the occasion.

NAMES ON TABLET. The following are the names of

FYRAC SPARK PLUGS. People who demand the best use Fyrac. We recommend them without reserve for durable service in pleasure cars, light trucks, motor boats and small industrial engines. Built-in durability makes every detail of Fyrac Spark Plugs; each small part means strength and service. Every Fyrac Spark Plug is individually tested for compression leak before leaving the factory. This assures more power for work, as the loss of compression means a loss of power. Fyracs will keep on pioneering for spark plug perfection; they are built to live long and serve.
