HE STRUCK IT RIGHT AT LAST

After Suffering Almost Two Years, "Fruit-a-lives" Brought Relief.

MR. WHITMAN

"In 1912, I was taken suddenly ill with Acute Stomach Trouble and dropped in the street. I was treated by several physicians for nearly two years. I was in constant misery from my stomach and my weight dropped down from 225 pounds to 160 pounds. Several of my friends advised me to try 'Fruit-a-lives' and I did so. That was eight months ago. I began to improve almost with the first dose. No other medicine I ever used acted so pleasantly and quickly as 'Fruit-a-lives', and by using it I recovered from the distressing Stomach Trouble, and all pain and Constipation and misery were cured. I completely recovered by the use of 'Fruit-a-lives' and now I weigh 208 pounds. I cannot praise 'Fruit-a-lives' enough." H. WHITMAN. 50c. a box, 6 for \$2.50, trial size, 25c. PATRIOTIC DINNER BY DALHOUSIE LADIES

Members of Women's Institute Hold Very Successful Function

The members of the Women's Institute, Dalhousie, are congratulating themselves on the results of the Patriotic Dinner and Supper held on January 18th and feeling very grateful indeed to the many kind friends who so generously assisted with gifts of money and goods, and so helped to make the affair a success. The eighty dollars realized will be used in purchasing materials for carrying on this good work.

The members of the Knitting Committee of the Institute wish to extend their sincere thanks to the many ladies who have assisted them in their year's work. Over three hundred pairs of socks as well as mittens and wrist-lets have been received. Let us hope that this good work may continue and that the Committee may meet with the same generous response in the present year as they have in the past.

The members of the Institute are in receipt of five dollars from Mrs. G. Ball of Claremont, N. H., formerly Mrs. M. Scott of this town. This is Mrs. Ball's second donation and the ladies of the Institute feel deeply grateful for the kind assistance.

Secretary. other counties had not voted anything. He had also sent a large number of our best young tax payers to the war, and if we send our young men who are going to pay the increased taxes? He did not wish this council to think he was disloyal. He was willing to vote what was thought right.

Coun. Montgomery thought it was our duty to give liberally to this fund. We wished the families of our soldiers well looked after. It was true, some counties were not doing their duty, but that did not lessen our responsibility. The families of our soldiers must be provided for. If we cannot raise sufficient funds in Restigouche, we would have to fall back on the general fund. The county had done well by voluntary subscriptions, but still there were many who had not given a dollar. One company in the county had not contributed a dollar. By assessing for an amount, the burden would be equally distributed. He advised the issuing of bonds and assess \$3,000 yearly to redeem them. He would not agree to vote a large amount, if all assessed in one year.

Coun. McLean did not favor a large grant. His idea was that we should draw out of the Ottawa fund until that was exhausted, when the government would likely vote four or five millions to keep up the payments. He did not wish to appear disloyal as he was willing to do what was considered right in this matter.

Coun. Harquail said that when we discussed this matter we should not feel that it was a subscription. It was our duty to give this money. We were the servants of the people and the people wished our soldiers' families cared for. Neither should we look to see what our neighbors were doing, but should vote a sum which we felt would do the work. Voluntary subscriptions, while fairly successful during the past year, was not right or fair to the whole people. He believed that some special means of taxation should be devised so that every man, every taxpayer should bear his portion of the burden. As no other means was open at present, he did not see anything else for us to do but vote as large an amount as we thought right and assess for it. He thought this county could stand \$10,000.00 worth of issuing bonds, which he did not favor.

Other councillors also spoke on this matter, and all seemed to favor a generous grant. The Council then resumed business and adjourned until 2 p. m.

FRIDAY AFTERNOON

Council reassembled at 2 p. m. The committee appointed to look into A. B. Cleveland's statement re commended that it pass, and that one half be charged to Grimmer and one half to Eldon.

Report received and adopted. Two petitions from residents of Addington praying that cattle be not allowed, and that cattle be allowed to run. These petitions created much discussion, after which the following resolution was passed.

Coun. Harquail moved that the County By-law pertaining to cattle going at large be put in force in the parishes of Addington, Colborne and Durham on May 1st, and that a notice of this resolution be given in the papers of the County. Carried unanimously.

It was also moved that the law prohibiting cattle going at large in the Parishes of Eldon, Grimmer, Dalhousie and Balmoral be continued in force and be enforced. Carried.

NO OPPOSITION TO PROPOSED EXTENSION

Ottawa, Ont., Jan. 27.—The Liberals have decided to allow the resolution for the extension of Parliament to pass without opposition. "So that my executors may have ready money." The following extract is from the will recently probated of a keen, successful, and as the will proves, thoughtful business man. Among the insurance policies on my life which are now payable to my children in equal shares, I am endeavoring to arrange that these policies shall be made payable to my estate so that my executors may have in hand ready money for immediate requirements. If this shall not have been accomplished at my death I desire my children to release their interest in the policies and in lieu thereof The \$27,647 life insurance prevented the sale of property which would otherwise have had to be disposed of at a great sacrifice. The moral is plain. There is no crisis, be it large or small, but should be covered by life insurance. A policy would prevent losses to your widow or your children that could not otherwise be averted, because it spells "ready money," especially if placed with The Manufacturers Life Insurance Company. PEACE

Do we want peace? To what extent do we wish peace? Let us sit down and consider the question. Some of our young men have proved with their life, their desire for peace, their desire that all the people of all countries be permitted to live within homes of their own choosing—"none daring to make them afraid"—and there to attain to the highest life, the life enjoyed by British subjects. This peace—are we vainly wishing for it, or are we doing "our bit" to bring it about? It can be brought about in no other way than carrying this conflict to an issue. The men who are directing affairs are men who have had a vision of the peace that the Allies are contending for, a stable, lasting peace, on the foundation of fair play and equal rights to all men and this can only be attained by beating Germany to her knees. Pastor Zoebel speaking in the great Lutheran church in Leipsic said—"We must fight the wicked with every means in our power; their sufferings should give us pleasure."

A Peace under such teaching would not make for our comfort or happiness and if we want peace, let us be willing to pay the price for it—to fight for it—until it is ours by right. Others are paying the price, why should we expect to receive its benefit without any cost to us.

BUSINESS AS USUAL

Do our young men consider at what price we are enabled to keep "business as usual". Young men who enlisted at the beginning of the war, went forward leaving the farm, the old folks and all the comforts of home. They have been "on the job" ever since. Some have paid the great price, made the great sacrifice, and we express our sorrow according to our feelings. Do we sufficiently honour those noble fellows who gave up that life which was as sweet to them as ours to us. Then some have been wounded and we have a pity and sympathy for them too. But what of the continued suffering of those who are still in the firing line? We save our conscience by sending them socks of tobacco, all of which is good, but the continuous everyday wearing of life in the trenches will bring about serious results unless something is done to inspire them. Would not thoughts of those poor fellows lead us to a desire to share with them the hardships of the campaign and to strengthen their tiring hands. Would not the news going forward to them that the whole country was enlisting and in training to follow their noble leading, serve to encourage and renew the energy of those noble fellows on the job?—They have done much for us, they deserve much of us.

THE BANNER COUNTY

A speaker in St. John recently made some comparisons and quoted some figures to show that the Loyalist city and county have done more than their share in the matter of recruiting for overseas. While we are pleased to learn that St. John has done so well in this work, we wish to point out that another county has done equally as well, if not better. Upon examining the figures, we find that Resitgouche has a higher average per population, in fact our county is the banner one in the province. To date we have enlisted over 1200 men, our proportion, according to

"SALADA"

It has the reputation of nearly a quarter of a century behind every packet sold

population would be 375, so we have sent over 3 times our quota. St. John city and county with a population three and a half times that of Resitgouche has sent 3500, which leaves a respectable margin in our favor.

THE POTATO SITUATION

Those of our farmer friends who have fair stocks of potatoes on hand, should see to it that they don't over-stand their market. Potatoes are higher today than they have been for years, and it is quite possible that they may even go higher. But there is not quite the scarcity of potatoes in the country that some people seem to be trying to make out, and just now when the season gets a little further advanced, and every one who has been holding his stock will want to realize, prices will take a tumble without much notice. A well known expert a few days ago expressed the opinion that "potatoes will be down at \$2 or \$3 again before the season is over." If this happens our farmer friends should see to it that they are not caught napping.—Commercial.

OUR GREAT REVIVAL IN TRADE

All who are pessimistic about commercial conditions in Canada just now should read "Our Great Revival in Trade", an article by the well-known expert, W. L. Edmonds which appears in The Canadian Magazine for February. According to deductions made by Mr. Edmonds from Government reports, the farmers were urged by the Department of Agriculture at Ottawa to make an effort to produce 250,000,000 bushels of wheat. That would have been nearly 89,000,000 bushels more than in 1914, or an increase of about 55 per cent. But they did a great deal better than that. They raised 336,258,000 bushels, an increase of 108 per cent. Of oats the soil yielded 481,000,000 bushels, an increase of forty-six per cent.; barley, 50,868,000 bushels, an increase of thirty-seven per cent.; rye, 2,478,588 bushels, an increase of 18 1/2 per cent.; flax, 12,604,700 bushels, an increase of nearly forty per cent. The total increase in these five grains was 347,777,700 bushels, or sixty-five per cent. In quantity the root and fodder crops were smaller than in 1914, but their value, according to the figures issued by the Statistical Bureau, was larger by \$4,152,000 than that of the previous year, being placed at \$230,379,000.

SAWDUST

Have you had the la grippe?

Who saw the ground hog Wednesday?

Bishop Richardson publicly stated that he was in favour of prohibition. So say all true men.

National members in the House of Commons are learning to "speak out in school." Sounds logical too.

To pray, to live the everyday life,—to vote—and to bear the part in the "great job"; all on the same moral plane, seems to be some of the teaching gotten from the Bishop of Fredericton's address to the Anglican Synod.

Are you interested in the winning of this war? How much will you give towards attaining that success? Be practical now! Will you sacrifice for one year, your "blood-bought" rights—that enable you to go to the nearest saloon and buy your drink and treat your like-minded

Let there be light in the town clock. We haven't had "the worst storm in years" so far this winter.

Colonel Roosevelt tells some very pertinent truths even if he is seeking for votes. Our American neighbors have such short memories.

If it is true that the grip germ lingers on the rosy lips of beauty, one must concede that the grip germ shows remarkably good taste.

"Pride goeth before destruction." And Solomon, you will note, did not specifically exempt the person who is too proud to fight.

This is an era in which the young man leaves the country and works like the deuce in the city for thirty years, so that he can afford to go and live in the country.

Sir Sam does not encourage the idea that all young men should be officers. There is rightly a responsibility on officers that young men should hesitate before accepting. The history of the British army in the past shows the lamentable results of inefficient officers.

IMMANUEL: GOD WITH US
By Georgina Marshall.
God with us when our youthful feet are treading
Life's untrod ways with steps uncertain, slow;
Unseen a Presence goes before us,
Threading
The thorny paths along which we must go.

God with us when temptations fierce assault us,
As o'er the toilsome road our way we thread;
This sure and certain help will never fail us,
His Hand will guide, uphold unto the end.

God with us when, the hopes of earth departed,
We view our dead with dry, unseeing eyes,
His voice breathes comfort to us, broken and hearted,
And points our erring vision to the skies.

God with us when the way is dark and dreary,
When courage fails, and strength is well-nigh spent,
When years seem over long and hearts are weary,
He speaks to us, and lo! we are content.

And when the night of Life is swiftly falling,
When on our souls there strikes
Death's solemn knell,
May we then hear His loving accents calling
Forever, God with us—Immanuel!

Kidney Trouble?

The waste material which the Kidneys are intended to remove from the blood, if allowed to accumulate in the system, poison the blood and thus produce deleterious effects.

If from over-work, exposure to cold, or some local injury, the kidneys become congested or inflamed and cannot perform their functions, the system becomes filled with uric poisons.

Whenever a dull, heavy pain is felt over the region of the kidneys for any length of time, accompanied by a sallow complexion, loss of appetite, decrease of weight, and a pulsy condition under the eyes and in the ankles, a chronic inflammation of the kidneys must be suspected, and if not relieved promptly chronic Bright's Disease will certainly develop.

Abbey's Effervescent Salt, sold everywhere at 25c and 50c which is a Diuretic as well as an Aperient, will carry out of the system the poisonous material which the kidneys cannot get rid of, and will relieve the congestion of the kidneys.

WHY DON'T THE CHRISTIANS HELP?

By Mrs. Esther T. Housh.

The words were intense with pleading. I shall never forget how all else paled into significance before that cry of a soul just on the border of the Heavenly Land. The pleading of a sister, beloved. She thought a great pit lay in the path of men, and they were constantly falling in. The green grass grew up to its edge, the flowers drooped over. It had no barriers, or lights of warning. "There," she would call, "the dearest friend I had slipped in, and you never tried to stop him. And a boy went over, and you never told him there was a pit there. Can't you save that girl?" she cried. "Oh! the world goes by, the great thoughtless world, and it jostles people in. Where are the Christians? Where are the Christians? Why don't the Christians help?"

"If I could live," she said in calmer tones. "If I could live, I would spend every day of my life keeping people out of that pit. I would build a wall so high no little child could climb over, or I would cover it so deep that none could fall in." Then looking at me with eyes luminous with the light of the world beyond, she clasped my hands and said, "Sister, sister, won't you try and keep people out of that pit?"

It has come to me far over the years, and a power I cannot resist, impels the sending out of her amazing cry, with the hope that some one may be saved from the pit by the friendly hand of the one who reads it. Sisters, we know the pit is there, right in the way of life. What are we going to do about it?

Is it a pit grassed over, flower-decked, do birds sing in the archways, and beautiful visions tempt beyond? The pools that offended the sight are bridged over. The great pit is made respectable by law. It is the High-License saloon. Christians, have you uttered no warning cry. Where are the danger signals? Must the young men, the pride of our lives go unwarmed? Will it be a less a death of manhood if buried beneath the costly Moloch? Will the home be less shadowed because the tax that made the saloon lawful, swelled the county resources?

But the danger lies not only here. Look, opening on every side, quicksands of impurity! Nay we see not, we cannot believe there are pits there. Yet who that reaches them, comes up the same? Perhaps the steps were impure pictures and stories, hidden books, idle conversation, foolish company, sinful amusements.

They were such little steps, just down a plane outside of mother's or father's care, where the Sunday School did not reach, and away from the teacher's guidance. Such little deviations from the right way. But the boy "went over and you never told him there was a pit there," and you never tried to "save the girl."

What can be done to make safe paths for our children?—is the great question of today. The friends of education are building a wall of knowledge so high that a little child will not climb over to the pit of ignorance. Warning lights are burning all along the way that science treads. Are the Christians as aroused to see that the Sunday-schools and the churches stand shoulder to shoulder with the teachers on this question?

In some states the people are to decide whether or not their boundaries shall be freed from the curse of the saloon the distillery and the brewery, whether a wall shall be built between the home and the enemy of home, or the pits of temptation still be open to lure unwary feet. In this hour of decision, "where are the Christians?" The battle will be sharp, and victory must depend much upon the acts and influence of the Christian men and women.

Does the fact of only 300,000 Christian women banded together in the Woman's Christian Temperance Union, to defend the home from the saloon by organized effort—which means right home training, right education or head, heart and hand, and righteous laws enforced, that shall both warn the young feet away from the pits of temptation, and in time take away the temptation itself—touch not your heart, oh Christian woman not yet enrolled in the glorious army? Where are the millions of mothers and home-keepers who can arise in their majesty of womanhood and say, "The saloon shall no more tempt our sons and destroy our daughters?"

The emergency of the hour, the knowledge of our national and social danger, call for action. Today we can help, tomorrow it may be too late. Dear Christian sister, "won't you try and keep people out of that pit?"

A striking red has been used for the cover, headings and rules, the text being printed in black.

NEW CARLISLE

The induction of the Rev. James Heron into the pastoral charge of the Presbyterian congregation took place in the church here, Tuesday the 26th, at 7.50 p. m., the church being well filled. Rev. Mr. Jobb preached the sermon, taking for his text 2nd. Acts, 4th verse. His sermon was inspiring and helpful. The Rev. J. R. Miller inducted the minister in his usual earnest and helpful manner. Rev. J. M. Sutherland, for a number of years pastor of the congregation in the past, was chosen to address the minister. Mr. Sutherland's address was very appropriate, speaking of his own experiences in the field and giving the minister good encouragement and cheer.

Rev. Hugh Miller of Campbellton addressed the congregation with great ability and earnestness, pointing out to the people their duty and also reminding them that they had reason to be proud of their choice. Speaking of the rev. gentleman, being an Irishman, he said, he was convinced to believe the Irish came next to the Canadians. Mr. Miller also urged the people to attend God's house and not allow trifling things to come in the way such as bad weather, bad roads or bad colds. After singing "The Churches one Foundation", Rev. Mr. Heron, the newly inducted pastor pronounced the benediction.

The majority of the people remained a short time and were introduced by the Elders to their new minister. All that had the privilege of being present expressed their appreciation, while those that did not attend do not realize what they lost.

Mrs. Guy Lutes and little son Kenneth went to Charlott last week during Mr. Lutes' stay there as agent in Mr. McMullans absence at Charlott Station. The many friends of Mr. and Mrs. Arthur McNair now of Bathurst, (but formerly of New Mills), are sorry to hear of the death of their infant daughter at Bathurst hospital. Much sympathy is extended to them.

All the fishermen around New Mills and Heron Island have their nets out for smelt fishing, but so far the smelt are few and far between. It is to be hoped next tides will bring more.

Mr. and Mrs. Robert McMillan of Heron Island had a most enjoyable visit to Archibald Settlement last week. They were visiting at the home of the former's aunt, Mrs. D. McMillan.

Miss Stella Hamilton of Black Lands has been visiting at the homes of Mrs. Neil and Mrs. John Robertson, of Heron Island.

NEW RICHMOND

The presence in New Richmond of Prof. McLeod of New York has given much pleasure to the inhabitants. His concert held in Campbell's Hall was well received by an attentive and appreciative audience. Various and amusing selections of song and prose were admirably rendered.

On the Sabbath he gave Sacred selections at the morning service in St. Andrew's Church and at Black Cape in the evening.

A second concert was given on Monday night at the Model School. Prof. McLeod, who has been a professor in Columbia University has visited several of our schools and we hope that he will come back again.

The Masquerade held at the New Richmond Skating Rink last Saturday night was a grand success and despite the bad condition of the roads and the inclement weather, there turned out what was easily the largest crowd since the skating rink first opened in New Richmond.

A large number of the young folks of New Richmond and Black Cape were present in costumes and the judges, Mr. Albert Montgomery of New Richmond and Mr. Phil. Cormier of Black Cape ably fulfilled their duties in the awarding of the prizes.

Miss Rita Henderson, representing "England" winning first prize, a lovely manicule set, and Miss Marjorie Lynd representing "Queen of Hearts", winning second prize, a pair of ladies' gloves, while Mr. Scott Robertson, representing the "Canadian Volunteers", winning first for the gents, and Grant MacWhirter representing "Lord Chatham", winning second.

Among the other costumes worthy of mention were those of Miss Alta Caldwell of New Carlisle, representing the Egyptian Woman and Miss Eunice Pritchard of Black Cape and Miss Bessie Montgomery, representing the Post Card Girls. Also Miss Doris Campbell representing the Hockey Girl, wearing the colors of the New Richmond Ladies' Hockey Team.

Also deserving of mention were the costumes of Miss Bertha Starak representing "The Cavalier"; Miss Greta Starak representing "Grandma"; Miss Eileen Campbell representing "Fairy Girl" and Miss Kathleen Campbell representing "Autumn".

Among the gents there were Mr. Allen Brown representing "The Raggy Man"; Master Harold Glicker representing the Wizard and Master Patsy Montgomery representing "The Witch"; Master Jimmie Henderson representing "The Sailor Boy"; Master Keith Campbell representing "The Hockey Boy" and Master Arthur Robertson representing "The Darkey".

The ice was in an excellent condition, but became badly cut up towards the close, owing to the large crowd of skaters after the Masquerade. But in spite of this fact the crowd still found the crowd enjoying themselves it being nearly eleven before the rink closed.

The manager, Mr. Moore expressed himself as well satisfied at the close of the evening, and announced his intentions of organizing a fancy Skating Competition and Handicap Races, to take place sometime during the month of February.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment.

Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.

NEW RICHMOND

The Annual congregational meeting of St. Andrew's Presbyterian Church was held on Tuesday afternoon, January the 11th at 2 o'clock. Owing to the severe cold day, there was a small number present.

Mr. Angus N. Campbell presented receipts from all sources amounting to nearly \$2,000 during 1915.

The report of the Session was read by the pastor, Rev. E. J. Rattée.

Reports were read from the Women's Missionary Society, the W. C. T. U. and the Mission Bands. All the organizations of the church were found to be in a very prosperous condition. The death of Miss Mary A. Taylor occurred at the home of George Taylor at Chaleurs on Monday, January 18th. The deceased lady was 82 years of age. The funeral took place on Wednesday afternoon the 12th and service was conducted by Rev. E. J. Rattée, assisted by Mr. Alexander Stewart of Sidney Mines. Interment took place in St. Andrew's Cemetery at New Richmond.

The many friends of Mr. Henry Brown are sorry to learn that he has been confined to the house for the past few months suffering with rheumatism.

Mr. McLeod of Prince Edward Island held an entertainment in Campbell's Hall on Thursday evening and on Monday evening gave another in the Model school. At the service on Sunday morning he rendered some very beautiful singing.

A grand carnival was held on Saturday night, which was largely attended. As it was stated in New Richmond notes of last week that Rev. E. J. Rattée had gone up to the lumber camps of Montgomery & Son's, we correct this mistake as the rev. gentleman was unable to go.

We regret to state that Miss Martha McColm, only daughter of Mr. and Mrs. Andrew McColm is very ill and no hopes are held out for her recovery.

HOPETOWN

It is with mixed feelings of pride and chagrin that we are parting with many of our best young men, to join their fellow countrymen, over the wide Atlantic in helping to crush their foe, "the Kaiser", who is turning the peaceable countries all over the earth up side down and dragging some of them in the dust with himself.

Our boys from Hopetown will give a good account of themselves, without doubt; most of them having descended from a veteran soldier, who helped Wolfe take Quebec. This man was born in the highlands of Scotland about the year 1741, as he was only 18 years of age, when the battle of the plains of Abraham was fought. It thrills one with pride when we read in history how the light footed Highlanders chased the fleeing Frenchmen to the very gates of Quebec. But this great grandson of his, Duncan McRae, was wounded in the chase and taken over the river to the Levis side, where a French Canadian habitant farmer, volunteered to take young Duncan McRae, and do his best to nurse him back to health, which he did very well though very slowly, taking from the 13th of September until the next spring to accomplish the task.

It was a pleasing sight for him next spring, when he espied sailing down the river coming to him, a vessel with news from parents, and friends, but it came down to us that his habitant benefactor was not so pleased, he had learned to admire the stalwart young Scot who was six feet six inches in height. Yet country ties are dear and he returned to his own country, where he was welcomed in Canada however the leisurely spring with his after life companion and help mate. He went to Gaspe Basin to settle, but finding none of his country folks there, he sailed in a fishing boat up the shores of our beautiful bay Chaleur until he came to Hopetown, where he found Scotch people living, descendants of whom are living here yet, principally Ross.

Now most of our Hopetown recruits are descendants of this man, one family having four sons, two in France and two in New Carlisle training. The names of our Hopetown volunteers are Robert McRae in Flanders, Farquhar McRae in Flanders, Wm. McRae and Zion McRae are the four brothers.

Wm. Major in St. John. Harry Major in New Carlisle. Colin McRae in New Carlisle. Rufus McRae, brothers in New Carlisle.

Wesley McRae in New Carlisle. James Ross in New Carlisle and Etriel McWhirter in New Carlisle.

And I think by what we hear that we will be able to boast of a good many more in a short while. Every one will miss them in a small place like this, but we can only ask God's blessing on them and that they may do good service for their King and country and yet return to us again.

BLACK CAPE

Rev. E. J. Rattée conducted service in the Presbyterian Church here on Sunday evening at 7 o'clock. Mr. McLeod of Prince Edward Island was present who rendered some very beautiful singing. A large congregation was present notwithstanding the bad condition of the roads.

Mr. Hugh Johnston, our popular station agent is in Matapedia relieving Mr. Frank Scott, agent at that point for the Quebec Oriental Railway.

Health for Sick Women

For Forty Years Lydia E. Pinkham's Vegetable Compound Has Been Woman's Most Reliable Medicine—Here is More Proof.

To women who are suffering from some form of woman's special ills, and have a constant fear of breaking down, the three following letters ought to bring hope:—

North Crandon, Wis.—"When I was 16 years old I got married and at 18 years I gave birth to twins and it left me with very poor health. I could not walk across the floor without having to sit down to rest and it was hard for me to keep about and do my work. I went to a doctor and he told me I had a displacement and ulcers, and would have to have an operation. This frightened me so much that I did not know what to do. Having heard of Lydia E. Pinkham's Vegetable Compound, I thought I would give it a trial and it made me as well as ever. I cannot say enough in favor of the Pinkham remedies."—Mrs. Mary Annson, North Crandon, Wis.

Testimony from Oklahoma. Lawton, Okla.—"When I began to take Lydia E. Pinkham's Vegetable Compound I seemed to be good for nothing. I tired easily and had headaches much of the time and was irregular. I took it again before my little child was born and it did me a wonderful amount of good. I never fail to recommend Lydia E. Pinkham's Vegetable Compound to ailing women because it has done so much for me."—Mrs. A. L. McCasland, 606 Hays St., Lawton, Okla.

From a Grateful Massachusetts Woman. Roxbury, Mass.—"I was suffering from inflammation and was examined by a physician who found that my trouble was caused by a displacement. My symptoms were bearing down, pains, backache, and sluggish liver. I tried several kinds of medicine; then I was asked to try Lydia E. Pinkham's Vegetable Compound. It has cured me and I am pleased to be in my usual good health by using it, and highly recommend it."—Mrs. B. M. Ososon, 1 Haynes Park, Roxbury, Mass.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Good for the Whole Family "Crazy" Chamberlain's "A good cough remedy is one that can be depended upon to cure coughs. Not one that cures some particular cough, but coughs in general. It must be a cough remedy that can be relied upon for all the common coughs that are so prevalent. While the causes of all coughs are primarily the same, yet the condition of the patient is what makes the difference in the nature of the cough itself. Coughs of healthy persons are easier to cure than the coughs of invalids. The powerful convulsive cough of a large man is harder to cure than the cough of a baby. If you get a remedy that will cure a large man's cough and yet not be too powerful for the baby, you have a good cough remedy.

Chamberlain's Cough Remedy is just this kind of remedy. It is good for any member of the family. It relieves coughs of all kinds. It is the product of much thought and study to produce an ideal cough remedy. It is composed of things which cure easily and soothingly without harming the most delicate tissues of the throat. It acts as easily and safely on the young as on the old, and is the ideal remedy for coughs, colds, group, influenza, whooping cough and bronchitis.

Yours for Health —Gammj Chamberlain
