USE BRITISH FLAG TO CARRY ON THEIR KIDNAPPING SCHEMES

Hundreds of Chinese Laborers Carried off
by Contractor and Landed in Mex-
ico for R. R. Work

SHANGHAI, Sunday.—An extraordinary case is being tried in the British court here. The crown is applying for the confiscation of the steamship Maori King on the ground that she obtained fraudulent registration under the British flag while she really belonged to a rich Russian Jew named Ginzburg, who chartered her to a naturalized American named Zimmerman, formerly a Russian Jew. Zimmerman and two low class Americans conspired to kidnap 1,200 Chinese coolies from Vladivostok under the pretence of taking them to a Chinese port. They were actually landed at Guaymas, Mexico, where they were handed over to a Mexican Railway and forced to labor. They still remain there.

Russian laborers. During her voyage from the far east there was almost constant fighting on board as the Chinese, who had been told that their destination, Mexico, was a city near Hong Kong, were furious when the truth dawned upon them. They became alarmed at the length of the voyage, and threatened to kill one of the contractors who had remained on board. To save the man's life the captain had him locked up in his own stateroom.

Later there was a pitched battle between the Russian and Chinese coolies. When the ship reached San Diego, Cal., twenty armed Americans were taken on board and acted as guards during the remainder of the trip.

On the arrival of the vessel off Guaymas, on the west coast of Mexico, the coolies took possession of the boats and tried to reach the shore, but were prevented by the Mexican authorities, who were appealed to for assistance. Then they were turned over to the Sonora Railway to work.

ENGINEER KILLED

\$300,000 OUT OF ALASKA MINES

Train Jumped Track and ran into a
Beer Warehouse.
(Special to the Morning Graphic.)
TOLUCA, Ill., Saturday.—Engineer B. Coppess of Chicago lost his life in the wreck of the Santa Fe west-bound passenger train No. 1 early today at the east end of the freight yards here, when the train, going at a high speed ran into an open switch. Upon leaving the track, the engine ran into a beer warehouse which was almost demolished. Four express cars and two coaches were derailed. None of the passengers were injured.

Bankers and Miners Expect Record
Spring Production.
(Special to the Morning Graphic.)
SEATTLE, Sunday.—According to special advices from Nome, Alaska, bankers and miners of Seward Peninsula expect to realize this year the largest production in the history of Alaska.

STEP TAKEN FOR THAW'S RELEASE

Application Granted to Permit Thaw to
"Sign Application for Writ of Ha-
beas Corpus

(Special to the Morning Graphic.)
POUGHKEEPSIE, Monday.—The first step towards the release of Harry K. Thaw from the Matteawan Asylum for the Insane, was taken today. Judge C. Graham of Newburg, N.Y., has granted application to Justice Moushauer at White Plains for an order directing the support of the asylum to permit Thaw to sign a formal application for a writ of habeas corpus. The order was granted and when Thaw has made the application, he will probably be brought before a justice for hearing to determine whether or not he is insane.

On Thursday morning, April 2, thirty-seven minutes ahead of the Teutonic. All the way the liners were within communicating distance, first one and then the other ahead. Passengers and crews were keyed up to a high pitch of excitement. The fog, behind the shovels, did their part to make the contest exhilarating, with the result of making their respective ships some pretty races.

FORTY-ONE KILLED AND SIXTY ARE INJURED IN TRAIN WRECK

(Special to the Morning Graphic.)
MELBOURNE, Australia, Monday.—Two trains from Boonah and Bendigo respectively collided last night at Brag, the injured being caught by the heavy junction. Forty-one persons were killed.

On one day the Caronia left 473 knots, beating her best previous day record of 465 knots. The vessel left camp during Thursday afternoon, April 2, and Thursday night and Friday, April 3. The Caronia had the southerly position. A stiff westerly wind accompanied with chilly weather, dashed spray over decks, but passengers fascinated by the race on the high seas, stayed on deck and gave up their meals.

CAN TURN BODY INTO GOLD STATUE

Chicago Scientist Claims
He can Accomplish
This
COST TRIFLING

(Special to the Morning Graphic.)
CHICAGO, Saturday.—The Inter-Ocean today says: "Wolfman C. Fuchs, an X-ray expert who died a year ago with X-ray cancer, a martyr to science, discovered a marvelous secret by which he was able to work certain chemical changes in living organisms that transform them into metal. For two years before his death, he conducted a series of experiments, which reached their climax in the metallization of a rose. Reinhard D. Fuchs, his brother took up the work where he left off, and brought the secret process to practical perfection.

THE ICE BROKE; THREE DROWNED

Edmonton Man, Wife and
Child Swept Under Ice
by Current
ONE ESCAPED

(Special to the Morning Graphic.)
EDMONTON, Monday.—While traveling with a dog train on the Saturday six miles from Athabasca Landing, the ice broke precipitating Emilie Cardinal, his wife and child and Michael Desjarlais into the icy stream. Desjarlais with great difficulty escaped and reported at the landing that the other three were swept under the ice by the strong current.

Mr. Fuchs is planning to metallize a human body, which he proposes to put on exhibition in a downtown show window. The body will be that of a pauper. By the secret process of metallization it will be changed into a statue which to all external appearances will be of solid gold. The cost of this strange conversion of a human corpse into metal according to the inventor's estimate, will be \$250.

Little Girl Meets Death in Prairie Fire
(Special to the Morning Graphic.)
INDIAN HEAD, Monday.—A little 16 months old daughter of Jacob Tilling was fatally burned in a prairie fire which swept over their homestead on Friday. While her parents were fighting the flames from the stable the little baby started to walk over to them and was enveloped in fire before they could rush to save her.

RICH GOLD STRIKE MADE ON BRANCH OF RESTIGOUCHE

Ore Mined Assayed Over Fifty Dollars to the Ton—Only Preliminary Work Has Yet Been Done

OTHER COMPANIES BEING FORMED

They Restigouche is on the eve of great mineral development is a fact now well established at least in the minds of certain of our citizens, who are interested in the matter. The Graphic has frequently referred to the operations of a local company formed for the mineral development of a certain section of Restigouche county, and we are pleased to note that they are meeting with every encouragement.

For some years back the question of the possibility of gold and copper and other minerals being embedded in the rocky hills on the banks of the Restigouche and its tributaries has occupied the minds of many of our citizens. In fact, old traditions tell of the finding of gold by the early settlers time and time again, but the location of the find was invariably the lost sight of. However, quite recently another find was made which led to the formation of a company as stated above.

On Friday Messrs. W. A. Mott, W. S. Montgomery, Maxwell M. Mowat and Geo. O. McKendrick, members of this company, went back to inspect the mine as it was being operated by a small force with a view of ascertaining the extent of the vein of ore. These gentlemen returned to town yesterday and when seen by a Graphic reporter, Mr. Mott expressed himself as being well satisfied with the results so far. He stated that the location of the mine was in the most widely picturesque country he had ever seen. The mine was in a most peculiar situation between two ranges of hills and to the lay mind looked very promising. The hill was being tunneled and the ore taken out was improving considerably with each shot. Work was also well underway with the shaft.

AN EXCITING RACE ACROSS THE OCEAN

White Star and Cunard
Liners Have Close
Finish
WAGER OFFERED

NEW YORK, Sunday.—The White Star liner Teutonic, and the Cunard liner Caronia finished last week an exciting race from Dant's rock out side Queenstown, the victory resting with the Teutonic with a margin of one hour and twenty-six minutes. Captain Dow of the Cunarder believed for long, him the race.

MONTREAL MAN SKIPS WITH \$400

Also Takes a Young Lady
Friend Along With
Him

(Special to the Morning Graphic.)
MONTREAL, Monday.—The police are searching for J. B. Corriveau, a married man accused of running away with \$400 belonging to his employer.

ENJOYABLE DANCE LAST EVENING

Junior Bachelors of Camp-
bellton the Hosts at
Annual Ball
FIFTY COUPLES PRESENT

The Junior Bachelors Ball held last evening in the Sharpe building was a complete success. The dining room of the restaurant was used for dancing. There were about fifty couples present and all enjoyed the affair thoroughly. The floor was in excellent condition and McEachern's orchestra furnished some excellent music. The programme consisted of twenty four numbers with a number of extras as follows:

NO SETTLEMENT OF STEEL & COAL COS.

Conference Between Plum-
mer and Ross was not
Held

(Special to the Morning Graphic.)
TORONTO, Monday.—There was no conference today between Presidents Plummer and Ross, of the Steel and Coal companies, and when seen tonight Mr. Plummer said that there had been no basis of settlement arranged as yet. Mr. Plummer intimated last night that his company was waiting for an offer of settlement from the Coal company. Mr. Ross spent part of today in his apartments and stated that there was nothing to be told to the press.

PORT DANIEL

During Holy Week the weather was disagreeable, cold and blowing north wind. Easter Sunday was very fine. People attended church in great numbers. Ladies all appeared in their new spring suits which were very becoming.

PARLIAMENT MAY PROROGUE IN JUNE

Morning Sessions of Com-
mons Will Probably
Start Soon

(Special to the Morning Graphic.)
OTTAWA, Monday.—A long sitting of the cabinet council was held today and government measures to be introduced at an early date were discussed. Morning sessions of Commons will probably be started soon and prorogation may be in June. One of the most important measures still to come down is the bill to amend civil service act. Details of measure are now being considered by the cabinet.

I. C. R. MADE GOOD SHOWING AT SPORTSMEN'S EXHIBITION

Was a Feature at Both the Toronto and
Montreal Shows—A. H. Lindsay
in Charge

Mr. A. H. Lindsay, of the I. C. R., had in their territory. Though not so elaborate as some of the others, Mr. Lindsay said the I. C. R. display was very much admired in both places, the mounted fish coming in for especial praise. The visitors showed a great eagerness for information and he was kept quite busy answering questions. The Canadian Northern, Mr. Lindsay said, had a most elaborate display at both Toronto and Montreal and were spending vigorously the sporting attractions of their lines. In Montreal they had some live trout and a live bear. The latter was a great drawing card, but his capacity for mischief was most deplorable, but he was amiable enough in disposition and frolicked most absurdly with a small dog that showed not the slightest fear of him.

The Montreal show was held in the Arena scene of many exciting hockey matches. The railways had the annex all to themselves and were really the best feature, as the exhibits of motor cars were not nearly so large or so varied as at Toronto. Both shows were largely attended and in the evening there was quite a gathering of fashion. This was particularly noticeable in Toronto where many visitors were evening dress. Mr. Lindsay remarked that the weather in Toronto was not more advanced than in the East, while in Montreal there are still many evidences of the severe winter from which the Lower Provinces have been spared. In the side streets of Montreal and in many of the finest residential sections there were huge piles of filthy snow, while the condition of the main thoroughfares was anything but creditable. The fish and game to be Transcribed.

IRON DEPOSITS IN NEW ONTARIO

Prospector Gives Description of Wealth of
District West of Cobalt—Copper and
Iron Prominent

Some idea of the great resource of the unsurveyed parts of New Ontario is gained from a recent letter of Mr. Nap. Lambrose, a well-known prospector, to the North Bay Dispatch. He has been prospecting in the wilderness north of the Protonox lake line, about 100 miles west of the Cobalt country. The letter deals with the mineral wealth of the country, and is very interesting.

MAN INJURED NEAR BATHURST COULDN'T SPEAK ENGLISH OR FRENCH

(Special to the Morning Graphic.)
BATHURST, Monday.—The funeral of William [redacted] near who was killed on the [redacted] held yesterday from the result of his brother-in-law, Joseph Thibault, at five p. m. yesterday.

BATHURST HAD TWO SLIGHT FIRES FRIDAY

Citizens Alarmed but no Damage Done—Social and Personal

BATHURST, Friday.—Miss Laura Power and Kathleen Sutton returned yesterday afternoon from Chatham, where they have been attending the convent.

Douglas Williamson is home from Mt. Allison Academy for the holidays. Principal F. A. Dixon went to Sackville this morning to spend the Easter vacation.

Two alarms have been sent in for fire during the past twenty-four hours. Yesterday afternoon the house on St. George St., owned by Peter E. Hatten and occupied by W. P. Craig was discovered on fire. On account of the high wind much anxiety was felt by property holders. It proved nothing serious and was speedily quenched out with water from a nearby well.

A spark lodging on the roof is supposed to be the cause. About two o'clock this afternoon an alarm was sent in when the I. C. R. freight shed was discovered on fire. The department responded immediately but before they reached the scene the blaze had been put out by an engine which happened to be in the yard at the time.

Powder L. O. L. No. 125, held a special meeting last evening. Four candidates were advanced to that degree.

St. John Lodge F. & A. M. held their regular meeting last evening. Some work was done in the first degree.

PETTY CHEATING WITH USED STAMPS

NEW YORK, Thursday.—You would be surprised, said a post office clerk, at the efforts people make to avoid the payment of postage. And quite often it is not the work of children either. The most common trick is to take the stamp that has been cancelled by hand and the inspection touches the edge of the stamp. After pricking the marked edge with a pin or cutting it with a pair of shears to resemble the punctured edge of the stamp or tearing away that part, the stamp is put on an envelope for another voyage. All these are placed in the hands of postal inspectors for investigation.

Others try to give the impression that a stamp had been put on an envelope and became loose and lost in transit by sticking a stamp on the envelope and then putting it with part of the envelope sticking to it off again. These as well as underpaid letters unless they have a foreign destination, where postage is collected, are marked "Returned for Postage," and sent back to the sender. Second class matter, as rolls of newspapers, is often sealed against inspection by placing the stamps over the cover. Whether foreign or not it is returned for postage. When it again shows up, the mistake rectified, upon inspection it is usually found to contain written letters, photographs (unmounted) jewelry, merchandise of all kinds, making the package underpaid, hence it is returned.

But the limit of foolishness comes when a person tries to effect the indelible link from the stamp and with half the features of the stamp missing or rubbed away and some of the ink still remaining affixes it to an envelope, with the address of the sender upon the back to facilitate investigation.

This, though is stretching it a little too much. A postcard that had been put through the cancelling machine and delivered to the addressee had the cancelling impression and address scratched off with the aid of a sharp knife and a new address pasted on the reverse side.

DR. KOCH FLEES FROM CHICAGO

Scientist Declares he Was Driven from City by Bacteriologists and Friends
CHICAGO, Friday.—I am literally driven from Chicago where I came on Monday for a week's rest by over-solicitous friends and citizens and newspaper men, and I am obliged to leave at once," said Dr. Robt. Koch, the German scientist, last night. He packed his five large trunks and had them shipped to St. Louis by express labelled, "Hold until called for within two or three weeks"—paid his bill, bundled his wife and his brother from St. Louis into a carriage and was driven to the Union station, where he boarded a train for Milwaukee.

The interruption which so disturbed the scientist reached its climax yesterday when a party of local citizens and scientists stormed his apartments with pressing invitations for banquets and social gatherings.

"Events to new subscribers until Jan. 1, 1909, for 50 cents."

IMPROVEMENT IN LUMBER MARKET IN GREAT BRITAIN

Things not so Lifeless but Improvement is Very Slight

LIVERPOOL, Saturday.—There is a slight tendency towards improvement in the lumber trade. Things are not quite so lifeless as they have been for some months past, but the improvement is only of the very slightest. Some Manchester firms seem not even to recognize that there has been any improvement. Other reports state that actual business is increasing and that enquiries show a great improvement on the sluggish state of things which have prevailed of late. Most of the stocks sold have been of the commoner sorts, and in many instances further concession in prices have been made.

Just a little more life is discernible in spruce. A cargo or two is offering, shippers anticipating about 40 c. l. f. for the usual 50-55 per cent. of narrow. The light must start rolling early. Stocks are being depleted and even on a hand to mouth policy must be replaced. The position is too uncertain to say much about it. Quebec spruce is beginning to move. Some fair lines have been placed at prices similar to last year's opening values.

London sales have been very small, but this need not be looked upon as an altogether bad sign. There are many firms in England that have not bought a stick of wood this season. Apparently they are playing a waiting game and it would not be surprising if it should result in more harm to them than good. There is very good reason to expect a more cheerful tone a little later on, both in regard to the prices and demand.

JOKE ON ROYALTY.

Canadian Farmer Didn't Know the Prince.

The Prince of Wales is fond of telling a good story on himself in connection with his visit to Ottawa some few years ago.

It appears His Highness was an enthusiastic bicyclist, and while at Rideau Hall a very prominent member of the Government, knowing his likeness for this kind of exercise presented the royal visitor with a cushion-framed bicycle.

The Prince, then Duke of York, stole away for a quiet spin one morning, and in his ramblings met a farmer, headed marketwards, his wagon temporarily stalled by the loss of a nail belonging to the wretched bolt. His Highness, with his usual democratic kindness, assisted the man to find his lost nail and continued again.

In passing the farmer expressed his rough thanks and asked if he might know the name of the "person" to whom he was indebted. The royal cyclist replied modestly, "I am the Duke of York, and may I ask what I have the pleasure of addressing?"

A broad amused smile beamed from the farmer's face. He puffed out his chest and said, "Me! Me! Why, I'm your uncle, the 'Czar of Russia'!"

The Prince saw the humor of the passage and laughed heartily as he wheeled courtwards.

ANOTHER REPORT.

As a result of striking his pick in a piece of ground where a gang of men were at work on the construction of the new Atlantic, Quebec and Western railway at a place called Point Macre, Quebec, an explosion occurred sending six men into eternity without the slightest warning. The report is sent by Dan S. McDonald, better known as Dynamite Dan, of 8414 Dhu, Victoria County, C. B. It happened a week ago yesterday about an hour after the men had begun to work, and according to Dynamite Dan was directly due to carelessness on the part of the foreman, who was killed instantly with five others of his gang.

It was a miss shot," writes the Cape Breton dynamite expert, "and when the working gang came out to work in the morning, one of the fellows for a Sunny Italy struck his pick in this spot where the miss-shot was. Badly there was a terrific explosion, six men were killed outright. Parts of some of the bodies were found on the tops of small trees close where the explosion happened, and in order to remove the gruesome remnants, it was necessary to cut down the trees. There were three others badly injured, but they will pull through all right. Fortunately I was uninjured, although only a short distance away when the explosion occurred."

Mr. McDonald has charge of a section of the new road, besides being superintendent of dynamiting.

AVIS

Province of Quebec
Municipalité de New Richmond
A une séance générale du Conseil municipal de la Municipalité susdite, tenue au Campbell's Hall, lundi le deuxième jour de Mars, mil neuf cent huit en conformité avec les clauses provisionnelles du code municipal de la Province de Quebec, a laquelle étaient présents: Jean P. Gauthier, Wm C Campbell, Thomas Fairservice, Alphonse Bossenault, Napoleon Cyr et Edmund Gilker, conseillers formant un quorum sous la présidence du Maire.
Il fut résolu par règlement No 141, sur la motion de Jean P. Gauthier, secondé par Napoleon Cyr que cette corporation par et en vertu des pouvoirs à elle conférés par l'article No 561 du code municipal de la Province de Quebec, défend la vente des liqueurs enivrantes en quelque quantité que ce soit et l'octroi de licences pour cette vente dans les limites de cette municipalité et sur les traverses qui dépendent de cette municipalité, sauf toujours les provisions de l'article 56 de la loi des licences de Quebec.
Que ce règlement ne deviendra en force, que s'il est approuvé par les électeurs propriétaires de biens fonds dans les limites de cette municipalité tel que prévu par loi.
Que ce présent règlement deviendra en force à partir du premier jour du mois de mai qui suivra sa promulgation, pourvu toutefois qu'avant cette période une copie authentique de ce dit règlement ait été envoyée au Collecteur du revenu Provincial pour le compte de Bonaventure.
Signé: John Fali, James Campbell, Sec-Tres.
Le Règlement susdit a été approuvé par les électeurs à une assemblée publique tenue le Vingt troisième jour de Mars mil neuf cent huit par une majorité de 131 votes
James Campbell, Sec-Tres.

PROTECTIVE ASSOCIATION.
The New Brunswick Fish, Forest and Game Protective Association will hold a meeting in Newcastle on Thursday, April 20th.

MIRAMICHI ICE.
The ice between Newcastle and Nelson is unsafe for pedestrians. The teams have not been able to cross for some days.

LICENSE COMMISSIONER.
Paul Fichette of Jacquet River is a member of the Board of License Commissioners in the place of John McGovern resigned.

ARE RECOVERING.
Engineer A. McCabe, Conductor F. Vye and Alfred Jardine, injured in the train wreck at Dorcy Junction, are all recovering slowly. Mr. Jardine was the most seriously injured.

HEIRS TO WALLIS FORTUNE.
The late Richard McCallum, of Newcastle, was a cousin of Thos. Wallis, who died recently in Australia, leaving an immense fortune. Mr. McCallum's three children are living with their mother here, and are expected to inherit the fortune left.

KEY RETURNED.
The post office key left at the Graphic office and advertised was promptly returned to the owner. There were several others inquiring for lost post office keys. Lost and Found notices should be advertised in the Graphic to bring results. 25 cents per insertion.

BY ACCLAMATION.
The citizens of Dalhousie are evidently satisfied with their council board, as the Mayor and Councillors were elected by acclamation. The board is made up as follows: Mayor, W. S. Montgomery, Councillors, A. D. McDonald, D. J. Colverton, W. C. Arsenault, D. G. Stewart, Ed. Elsie, H. K. McNeil, P. M. Shannon, John McNeil.

EASTER SERVICES.
Rev. A. J. Vibert, intends D. V. holding Easter services next week as follows: Monday, Vespers meeting, Rivière du Loup 7:30 p.m.; Wednesday evening P. S. Black Cape at which New Richmond congregation are expected. Thursday H. C. S. a.m. Black Cape and evening at Burnt Pine. Friday for services at Rivière du Loup.

APPOINTED TO BATHURST STA.
Mr. Hugh Gully, of Newcastle, has received word of his appointment as station master at Bathurst, to succeed Mr. Payne, who has removed to Newcastle. Mr. Gully has been in the railway service ever since he started to work, and for the past seventeen years has been located at Newcastle. He is a trustworthy man, honest and upright, and an efficient employee of the I. C. R.

INSPECTED PROPERTY.
The private car Twilights bearing Mr. Isaac Von Hagen and a party of New Yorkers interested in the Imperial Coal Mine at Beersville arrived at Moncton on a special train this afternoon, and was taken to Macdon, where the mines there will be inspected. The car was brought as far as Beersville by the Maritime Express, and the party stopped there for a few hours to go over the mining property.

AT THE BAPTIST CHURCH.
Rev. C. W. Corey, of Wolfville, N. S., will preach in the Baptist church on Sunday morning. In the afternoon at Flatlands and in the evening at Moore's Settlement. Nineteen years ago Mr. Corey supplied the Campbellton church during the summer vacation. His subject on Sunday morning will be Our Obligations to Western Canada. Mr. Corey is a faithful and eloquent preacher and has held important pastorates at Charlottetown, and Middleton, N. S.

IMPERIAL COAL CO.
The annual meeting of the shareholders of the Imperial Coal Co. was held yesterday in the law offices of Mr. J. L. Harris. Among those present were C. W. Aschendorf, New York, Dr. M. P. Keith, D. G. Gilson and others, a large number of the shareholders being represented by proxy. The directors elected for the ensuing year were Geo. E. Chapp, Louis Yonah, Jr., New York, C. P. Polley, David Gilson, and Geo. L. Harris, of Moncton. The report to the shareholders showed that the mine had been kept in operation since the last meeting, that considerable development work had been done, and that about five hundred tons a month were being mined and shipped monthly. The outlook for the development of this property on a greater scale is very bright and with the installation of some machinery it is expected that the output will be greatly increased. The meeting stands adjourned until May fifth.—Transcript.

Hair Brushes, 25c. to \$5.50.
Cloth Brushes 25c. to \$2.75.
Tooth Brushes, 10c. to 35c.
Nail Brushes, 50c. to 85c.
Our 25c. English make Tooth Brush is best value ever offered—guaranteed. Sent by mail on receipt of price.

(From Monday's Graphic.)
PERSONAL.
Mrs. F. M. Murray is visiting friends in Fredericton.

PERSONAL.
Philip Duphins of Richibucto, is spending the Easter vacation with Mr. and Mrs. Bernatchez.

PERSONAL.
Miss Deborah MacKenzie left on Saturday express for Newburg, N.Y., where she will enter the Newburg training school for nurses.

BAD WALKING.
The sidewalks are in a very bad condition and the street commissioner should have some necessary drains opened up to allow the water to flow off.

OFFICE AT JACQUET RIVER.
At a meeting of the Board of Directors of the Lumber Lumber Company, Limited, Snyburn, P. Q., held recently, it was decided to remove the office to Jacquet River, N. B.

AMHERST CONSERVATIVES.
Edgar B. Rhodes of Amherst has been nominated to contest Cumberland Co., N. S., in the Conservative interests at the general election. Mr. Rhodes is a very popular young man.

BURNED BY ACID.
Roy Stewart, son of Wm. Stewart, met with a painful accident Friday in the Miramichi pulp mill while carrying a basin of acid to an upper apartment of the building. He tripped, and the acid, splashing in his face, burned him severely.—World.

SURPLACE CHOR.
The surplus choir will be inaugurated in the Central Methodist church tomorrow, at both services. This is the first Methodist church in the maritime provinces to use the surplus. The surpluses are black, the ladies wearing a white insert on the neck.—Moncton Times.

BOARD OF TRADE.
Now that the civic contests are about over, and the rinks are closed there is surely no excuse for not holding a meeting of the Board of Trade. There are surely plenty of subjects to come before the board to supply material for a series of meetings. Let the Board get a move on and call a meeting at an early date.

CHIEF WANTED.
Campbellton wants a chief of police. Last year we had a very capable chief in the person of Mr. Charles Grey, but for some light infraction of the rules and some unpleasantness therefrom he tendered his resignation. We would suggest that the Police committee make an endeavor to again procure the services of Mr. Gray, who so ably filled the position last summer.

PERSONAL.
Mr. Harry Berry returned last week from his home in Sussex, where he has been since the latter part of January, having found it necessary to go home on account of blood poisoning in his thumb. Although not quite recovered from this sickness, Mr. Berry is able to attend to his duties in connection with his meat business. Mr. Berry's many friends hope to see him fully recovered soon.

SERVICES IN OPERA HOUSE.
The basement of the Baptist church was flooded Sunday morning by surface water, consequently no fire could be made on in the morning. Services were held in the church in the morning. No Sunday School was held. In the evening, Manager Dimock kindly placed the Opera House at the disposal of the congregation and services were held there. Large congregations were present at both services.

MR. MILLIGAN'S APPOINTMENT.
Mr. C. J. Milligan, the well known St. John barrister, who in a few days will remove to Regina, has received the appointment of Inspector of Land Titles and legal officer for the province of Saskatchewan. The position may otherwise be defined as chief registrar of deeds with supervision over the sheriff and clerk of the court. His office is under the jurisdiction of Hon. A. Turgeon, attorney general for the province, formerly of Bathurst, and a son of O. Turgeon, M. P. for Gloucester county, N. B.

BONDS ARE SOLD.
The Tribune again asserts that the \$25,000 bonds are being sold. If Brother Crocker would take the trouble of telephoning the chairman of the Finance committee or the Town Treasurer he would learn that the option he speaks of expired two weeks ago and the firm of St. John brokers have purchased these, thus all the issue is now disposed of. We must further add that the town has another offer to buy \$200,000 of these bonds at par. Campbellton bonds despite the assertions of the Tribune, seem to be in demand at par even when other towns are selling them at a discount.

INSTALLATION OF OFFICERS.
The officers of Campbellton Division will be installed tonight. A full attendance is requested.

PERSONAL.
Mr. Allan Miller has gone to Toronto to consult a specialist in reference to an ear trouble. Many friends trust he will be successfully treated.

LATE SPRING.
Old residents state that this is the most backward spring for twenty years. Some recall the fact that in 1867 the ice did not run out of Campbellton until May 18th.

AGAINST LICENSE.
The residents of Jacquet River are opposing the granting of an additional license in that district and a largely signed petition to that effect has been presented to the Liquor License commissioners.

PREACHED ON MISSIONS.
Rev. C. W. Corey of Wolfville, N. S., preached in the Baptist church Sunday morning on Northwest Missions. His discourse was listened to with interest by a large congregation. An offering of \$56 was taken for Missions in the Northwest.

WILL ADDRESS MEETING.
The local division, No. 130, of the International Brotherhood of Railway Employees will be addressed on Tuesday evening by R. B. Neil, President of the I. B. R. E., who is making a tour in the interests of the Brotherhood.

EASTER SERVICES.
The Easter services in the various churches yesterday were unusually well attended, and eloquent sermons were preached. The floral decorations in the churches were beautiful. The special music programmes as announced in Saturday's Graphic were carried out.

DANCE TONIGHT.
The Junior Bachelors of Campbellton are to give a dance in the Shanty building. McEachern's orchestra has been engaged for the occasion. The committee in charge are F. E. Lockhart, F. E. Sheppard, W. H. Marquis, G. J. Farrer and W. P. Napier. The chaplains are Mrs. (Dr.) Lunan, Mrs. S. H. Lingley, Mrs. Geo. G. McKenzie, Mrs. F. E. Blackhall and Mrs. A. D. MacKendrick.

HAS GONE TO EUROPE.
Rev. Joseph A. Greenless pastor of St. Mark's church accompanied by Mrs. Greenless leaves Halifax on Saturday by the C. P. R. steamer Empress of Britain for the old country and will make a tour of Europe before returning. Rev. Mr. Greenless has been appointed commissioner by the Presbyterian church in Canada to the general assembly of the church in Scotland, which meets in Edinburgh next week. He will convey greetings from the daughter church to the mother church. On a former occasion in his capacity as commissioner, Rev. Mr. Greenless was the guest of the Marquis of Tweeddale, Lord High Commissioner of the general assembly, at Holyrood Palace—Sydney Record.

Campbellton, at the present time is making rapid strides in population, volume of business and manufacturing and before long if its present pace keeps up it will be the second city in the province and the metropolis of the north.

Just now we need more men of unbounded faith in the future, men who will make sacrifices in the present, so that in the future the town will be benefited. Men who will besides conducting their own business, spare some of their time to work for the advancement of the community. We as business men should not rest content after electing a mayor and eight councillors to conduct the town's business, but should all contribute of our time and brains to promote industries, to induce men of capital and others to locate here. The Board of Trade is one of the best factors we have for this kind of work and every business or professional man should become a member and lend assistance. No doubt a meeting will be called soon when a full attendance should be present. Let us all work together.

It's dangerous to hug the shore in war: Said young Lieutenant McPitt. But it's far more dangerous to hug a girl—

With a pin in the back of her belt. Often you come home, cold and shivering—feet are wet, throat is raw, and chest is a little sore. A bad cold is just beginning. Put a Nerviline Plaster on your chest, rub your throat with Nerviline, and take a stiff dose of Nerviline in water. This prevents a chill, and checks the cold instantly. No remedies so useful in the home, so sure to prevent serious illness as Nerviline and Nerviline Plasters. Sold by all dealers, 25c. but be sure you get the genuine, and refuse any substitute.

BATHURST

BATHURST, Saturday.—The body of William Arsenault, Bathurst, Village, was picked up beside the track between here and Bessford this morning. Arsenault was a passenger on a number forty train last night which he left at Bessford. He is survived by four sisters, Mrs. Jos. Thibideau, Mrs. Baldwin and Artine of Bathurst Village and Mr. D. S. Fournier of Bessford and one brother Charles of this village.

A sailor who is said to have been stealing a ride on the train had his foot badly crushed at the station at noon today.

The Royal Scots concert party are billed for the Opera House on Friday evening of next week. This company appeared before us some months ago and were acknowledged as the best of their kind ever presented upon our stage.

Miss Muriel Gauthier of Miscou is home for the holidays.

QUEBEC, Sunday.—By the premature explosion of a dynamite mine in a rock cut on the Trans-continental Railway at Armagh in the County of Bellechasse, about 25 miles below Quebec on the south shore, yesterday afternoon, nine men were instantly killed and three badly injured.

Armagh lies back some twenty miles from St. Valier Station, on the Intercolonial Railway and only measures details of the catastrophe have so far been received.

The names of the killed are as follows:—Angus Campbell, of Iron Mines N. B.; A. Pinkstone, a native of England; A. Bernard, of France; Adela Morrisette, Wilfrid Noel, Edouard Langlois, Osmine Gagnon, Emile Charette, all natives of Armagh and Joseph Roy of St. Philomen, County of Bellechasse.

Many of the bodies of the unfortunate men were badly mutilated, some of their limbs being torn off.

A coroner's inquest will be held tomorrow.

JACQUET RIVER.

Miss Carrie Smith of Campbellton is visiting friends here. Miss Lida Sargeant of Campbellton is also spending a short vacation here. Mr. P. Satter has opened a first class barber shop near the Barclay hotel. Everybody here wishes him all success.

All the young men who have been working for the Penderson company have returned from the woods. Mrs. Jos. Dempsey spent Friday with friends at Beckettville.

John, said Mrs. Stubbs proudly, when her husband returned that evening. Here's a parrot I bought from a Brazilian sailor, isn't it a good parrot?

No, mamma, Mr. Stubbs in anticipation of interrupted slumbers, that is not a good parrot.

Not a good parrot? Why, John, what do you call a good parrot?

Why, a dead parrot, Maria.

Don't Neglect a Cough or Cold

IT CAN HAVE BUT ONE RESULT. IT LEAVES THE THROAT OR LUNGS, OR BOTH, AFFECTED.

DR. WOOD'S NORWAY PINE SYRUP IS THE MEDICINE YOU NEED.

It is without an equal as a remedy for Coughs, Colds, Bronchitis, Sore Throat, Pain in the Chest, Asthma, Whooping Cough, Quinsy and all affections of the Throat and Lungs. A single dose of Dr. Wood's Norway Pine Syrup will stop the cough, soothe the throat, and if the cough or cold has become settled on the lungs, the healing properties of the Norway Pine Tree will perform its great virtue by promptly eradicating the bad effects, and a persistent use of the remedy cannot fail to bring about a complete cure. Do not be humbugged into buying so-called Norway Pine Syrup, but be sure and insist on having Dr. Wood's. It is put up in a yellow wrapper, three pine trees the trade mark, and price 25c. Mrs. Henry Seabrook, Hopworth, Ont., writes: "I have used Dr. Wood's Norway Pine Syrup in our family for the past three years and I consider it the best remedy known for the cure of colds. It has cured all my children and myself."

Fight dust—make the house cleaner with Floorglaze

Surface any floor in a few minutes with Floorglaze (500 square feet to one gallon) and that room will get rid of most of the dangers that lurk in dust. Practically, a Floorglaze floor is one seamless and germ-protected sheet of beautiful color (ten charming shades of Floorglaze—anyone can put it on right)—and it just CAN'T wear off. This is the floor finish that dries hard overnight, with a brilliant gloss which lasts. It is so durable that it does perfectly for floors exposed to the weather verandas, summer houses, etc.) Nothing else is so well worth the money. Your dealer surely has Floorglaze. But, if he hasn't, we will see your demand filled. Tell us the dealer's name, and allow us to send you a Free Book you'd care to read.
