(Canadian Press.)

Paris, Sept. 13, 12:10 p.m.—Notwithstanding the stout resistance of the Teutonic allies, the Serbian troops on the Macedonian front have made important progress at various points, it is announced by the war office. Violent fighting is in progress in the vicinity of Lake Ostrovo, where the Serbians have maintained considerable ground.

SOROVTZ CAPTURED.

### LARGEST CROWD IN HISTORY OF FAIR IS THERE

Farmers' Day Breaking More Records of London Exhibition.

INFLUX IS TREMENDOUS  
All Trains Into City Crowded Beyond Capacity by Fair Rush.

GRANDSTAND IS JAMMED  
Filled to Limit by Two O'clock This Afternoon—Prize Stock Parade.

From the information we have received, the crowd will undoubtedly be the largest in our history," said Col. W. M. Gartshore, acting president of the Western Fair Association at noon today. "We have been favored with ideal weather. The people are appreciating the show we are giving them. We will have the people here today."

The directors had a meeting at noon today, but there were few complaints. One or two classes will have to be rejected, but on the whole the exhibitors are most satisfied.

Large numbers of soldiers are in attendance, and the units of the city will put on an exhibition march just this afternoon.

It was reported at 2 o'clock that the grandstand was filled to capacity.

Prize Stock Parade.

The parade of the live stock was held at 2 o'clock, and was one of the best in recent years.

Dr. George A. Routledge, chairman of the horse committee, led the parade, mounted on the Indian, the \$7,000 horse belonging to Sir Henry Pellatt of Toronto. This horse has been a winner in New York and elsewhere, and is one of the finest specimens of the breed on the continent. This is the first time in nearly a quarter of a century that he has ridden a horse, but he has not forgotten his old tricks. Judge Canine, Guelph, declared that he sat a horse like a professional.

Most of the judging has been completed, and the parade had the large majority of winners in line.

### PROVINCIAL ANALYST REPORTS ON WELL TESTS

Says Colon Bacilli Exists in Macgregor Water Supply.

The report of Dr. John A. Z. Amyot of Toronto, provincial analyst, shows that the water of the Macgregor wells is not the best. On samples of the whole lot of wells shows colon bacilli in one cubic centimeter. In one of the individual wells, it shows colon bacilli in 300 cubic centimeters. Further tests will be made.

A suggestion has been received from a number of citizens to drill along the river banks, particularly along the Wharfedale road.

### FOUND EXPLOSIVE BY SUBWAY RAILS; PLOT IS SUSPECTED

New York, Sept. 13.—Brooklyn detectives, it was disclosed today, are investigating a reported plot to damage property of the Interborough Company with an explosive. An explosive package was found by one of the company's track-walkers lying near the subway rails near the borough hall station in Brooklyn late last night. It contained, according to the bureau of combustibles, a dynamite of a powerful kind, generally used in underground operations. Officials regarded the explosive as so dangerous that they threw it into the East River.

### RAIDED THE RACE TRACK FOR MILITARY SHIRKERS

Police Swoop on Crowd Attending the Classic St. Leger.

[Canadian Press.]  
London, Sept. 13, 2:15 p.m.—Military police carried out an extensive raid for shirkers from military service today at the Newmarket racecourse, just before the race for the classic St. Leger was started.

### MAKE GOOD SHOWING ON DOWNTOWN STREETS

Troops Parading to Fair March Through Streets.

As a variation of the original plan, the troops of the garrison carried out a route march this afternoon before appearing at the fair. Starting from the camp on Carling Heights the troops headed down Oxford street at 2:45 p.m. Lieutenant-Col. J. E. Cobbe, brigade commander of No. 1 Infantry Brigade, led the parade, followed by the 11th Battalion, next the 15th, followed by the 15th and the A. S. C., the rear being brought up by No. 1 Ambulance Training Depot.

Arriving at Richmond street, the column headed east and proceeded to the fair grounds.

The men, showing the effects of the summer's training, swung out like veterans, arousing considerable enthusiasm among the great fair crowds on the streets.

On their arrival at Queen's Park the column headed into the grounds by the track entrance, and debouching onto the track, fell into column of platoon formation and marched past the grandstand, where Col. L. W. Shannon, D. C., took the salute.

On completing the circuit of the track the men left the park and returned by way of Quebec street to their various camps.

### WHOOPING COUGH LEADS—The weekly report of the medical officer of health on communicable diseases for the week ending September 9 showed that "whooping cough" was away in the lead of other diseases. Twenty-six new cases were reported during the week, 52 were in isolation on September 9 and 35 houses quarantined. Four cases of measles were reported all quarantined.

### GREEK GOVT. QUILTS OFFICE; KING TAKES RESIGNATION

Zaimis and His Cabinet Out. Says Cable.

### WILL GREECE ENTER WAR?

May Attack Foe in Southeast—Constantine in Better Light.

[Canadian Press.]  
Athens, Sept. 12, via London, Sept. 13, 8:30 a.m., delayed.—King Constantine has accepted the resignation of Premier Zaimis and his cabinet.

The belief is entertained in the entente capitals that the retirement of the Zaimis ministry is preliminary to the entrance of Greece into the war with the Allies. Recent dispatches from Berlin and Vienna show that it is also regarded as probable that Greece will soon abandon neutrality and join with the enemies of the Central Powers.

Precise causes which led to the resignation of the ministry have not been disclosed on account of the exceptionally rigid censorship which is being maintained. A London dispatch of yesterday said Mr. Zaimis had complained that internal incidents were preventing him from dealing with the external situation. It is believed in London that his resignation was due to the fact that he accepted the premiership on the understanding that he was to maintain neutrality, and that in view of the Bulgarian occupation of Greek territory he had found this to be impossible.

[Canadian Press.]  
New York, Sept. 13.—Today's New York Herald prints the following cable from Rome:

A proposal that the Greek army, including the land forces, book-makers, bettors, racecourse officials and grooms, was compelled to give an account of himself as he entered, and the soldier-politicians demanded the production of either an attestation or registration card, or in the absence of this, a birth or exempting certificate.

The principal inclosure, the first hours proceedings were almost fruitless, producing only two slakers, who both declared themselves Irishmen, and not liable to registration.

### NEW CENTRE SPAN TO BE BUILT AT ONCE FOR QUEBEC BRIDGE

Accident Due to Collapse of Casting on Hoisting Apparatus.

[Canadian Press.]  
Montreal, Sept. 13.—Construction of a new centre span for the Quebec bridge to replace the arm which fell into the river on Monday will be begun at once along nearly exactly the same lines as before the catastrophe officials of the St. Lawrence Bridge Company stated this morning. Only one change is to be made in the arrangements for the new span and that is the members of the twisting apparatus will be constructed of rolled steel instead of castings.

Officials of the bridge company declared this morning that a casting of the hoisting apparatus at the southeast corner gave way, allowing the end of the span to fall. The twisting strain then proved too much for the rest of the holding apparatus and the span went down, turning on its side towards upstream as it fell. The casting had been tested for two weeks at Sillery Creek when the span was constructed under the heavier strain than it was carrying at the time the span broke away at the southwest corner. The claim of many witnesses that the span buckled is held to be incorrect by bridge company officials. Lateral supports at the top gave way, as was to be expected, as they were only built to withstand wind stress, but the bottom of the arm the lateral supports appear to be intact.

The accident went to show cast steel, even in compressed state, could not be trusted in tension.

Asked whether any attempt would be made to raise the span from the river, the official said such an effort would be worse than useless. It would be cheaper to duplicate the arm, preliminary steps in connection with which had already been taken.

### LOCAL TEMPERATURES.

Following were the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last week: Highest, 85; lowest, 64.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 73; lowest, 62.

### RUSSIAN ARMY MARCHING TO MEET THE BULGARS

Nothing Ominous in Offensive of the Teutons in Eastern Rumania—Issue To Be Decided in Transylvania, Not Along Danube.

[Canadian Press.]  
Russian Army Headquarters on the Southern Front, Sept. 10.—While Rumania accomplishes her mobilization, which will be terminated when this telegram is in print, the Russian army, whose strength I have no right to divulge, is marching through Dobruja. South of the mouth of the Danube the Bulgarians had with great secrecy effected a concentration, the importance of which should not be over-rated, between Rostchuk, Shumla and the Rumanian frontier, thus imitating their own manoeuvres at the beginning of the Balkan war, when they surprised the Turks at Kirk-Kiliseh. They attacked unexpectedly the Rumanian advance guard, a "troupe de couverture," which occupied Tutrakil and owing to their quick move in superior numbers, they scored a local and momentary success.

Nothing Ominous.  
But that event is ominous for the future, because the Rumanians are concentrating, and furthermore, the Russian army of the Dniestr is under a very experienced and skilful commander in Gen. Zaienchokovskiy, former chief of one of the best Russian corps. Besides, it might turn out to be a great deception for the western public if, under the seduction of novelty and captivated by the glamor of the occasion, they attend too much to the Bulgarian frontier. Nothing up to now proves that the principal events caused by Rumania's intervention are to take place south of the mouth of the Danube, toward Transylvania and Bukovina, toward the banks of the Rivers Maros and Dniestr. In fact, it is highly probable that the most important part of the eastern operations remains on what might very accurately be called the Hungarian front.

Already Kronstadt, the administrative centre and first industrial town of Transylvania, is occupied by the Russian army. It is highly probable the Austrian army will have no other possible line of defence than the banks of the River Maros.

### RUMANIANS CUT SUPPLY ROUTE OF THE TEUTONS

Central Powers Cannot Send Munitions to Bulgars by Water.

HEAVY BLOW TO HUNGARY Rich Mineral and Agricultural Districts Now Held by Rumanians.

[Canadian Press.]  
London, Sept. 13.—A dispatch to the Daily Chronicle from Bucharest says: By virtue of the Rumanian success in occupying Orsova all possibility is henceforth denied the Central Power of sending supplies to Bulgaria by water. Besides, as there exists only one railway across Serbia linking up Sofia with Budapest, it is evident that the Danube route is a vital matter. It has been by the Danube that for the last two years conveyance has been made of the whole mass of munitions into the Carpathian centre, and now to make their attack against Rumania.

Rumanians Advance.  
In the Carpathian position system, from the capture of Bukovina, the Rumanian armies continue to advance. They have reached an average length and depth of invasion of 25 miles into Transylvania, and at certain points of some 35 miles. The valley of the Upper Maros has been acquired by the capture of Toplitz and with that of Gyorogye, Szintok and other towns. The greater part of the valley of the Olt is in the hands of the Rumanians, who have taken possession in its upper reaches of Calserside and Sibiu Gyorogye.

Hungary Hard Hit.  
After having taken in the very first day of hostilities the lower portion of the passes of Turun Balun, the valley of the Jull has been ascended as far as Pethozsaz, a great mining centre, where coal of superior quality is extracted. By the capture and retention of these mines a severe blow was dealt at Hungary's economic life, and if we add to that all the inexhaustible mineral and agricultural resources that the Teutons used to draw from Transylvania we shall obtain some idea of the efficacy of what Rumania is doing.

Rumania's action, therefore, is as efficacious from an economic point of view as it is from the purely military. It has, moreover, a depressing moral effect on the enemy, who clearly perceives in Rumania's intervention the loss of their illusions.

### AUSTRIANS STILL RETREATING BEFORE THE RUMANIAN DRIVE

[Canadian Press.]  
Bucharest, Sept. 12.—Via London, Sept. 13, 4:55 a.m.—The continued retreat of the Austrians in Transylvania is reported in an official announcement issued by the war office today.

The text of the statement follows: "On the north and northwest front the enemy continues to retreat west-

### Joffre Adds Another Village to His Splendid Gains on Somme Front And Wins More of Peronne Road

YOUNG 34TH OFFICER HOME TO RECOVER FROM HIS WOUNDS

Lieut. Charles Moore, son of Dr. C. S. Moore, this city, who returned to London last night to recover from wounds received at the front.

INVALIDED HOME TO RECOVER, HE MISSES MOTHER IN CROSSING

Lieut. Moore Sailed as She Landed in England.

ARRIVED LAST EVENING

Officer of 34th, Wounded at St. Eloi, Looks for Another Year of War.

Lieut. Charles Moore, son of Dr. C. S. Moore, who went to the front with a detachment of the 34th Battalion, more than a year ago, returned to London last evening, invalided home after injuries received at St. Eloi on July 25. A bullet hit him in the shoulder, piercing the upper portion of his lung, and injuring a soldier with whom he was talking. He expects to be able to return to duty this autumn.

Lieut. Moore missed his mother, who left some time ago to go to England, to look after him. He sailed for Canada just at the time she landed, a most unfortunate circumstance. However, she will return to Canada.

He looks well, considering the hardships and suffering that he endured, but, like all other good soldiers, is anxious to go back and see the finish of the work he started out to accomplish.

Will Last Year.  
"I am not a prophet, nor do I make any claims to being such," he said, "but it would look to me that the war would last a year longer. The British people are absolutely confident of victory and every soldier knows that if it is coming, but we had in hand a big job and the men are going to see it to the finish that they want. They are determined that that score, and they will see that the end brings victory and the kind of victory that will insure lasting peace.

### FRIDAY ONLY DAY FOR CHEAP CHILDREN'S RATE

Fair Board Makes This Announcement to Clean Up Doubt.

The Western Fair board has announced that the reduced rates for school children apply only on Friday.

Secretary McEwen of the board of education, declares that much misapprehension has been caused by the announcement that cheap rates would be in vogue on Thursday.

### RUSSIANS HOLDING GROUND WON IN CARPATHIANS

[Canadian Press.]  
Petrograd, Sept. 13.—Via London, 3 p.m.—The Russians are holding the ground they won in the recent fighting in the Carpathians despite heavy counter-attacks by the Teutonic forces, according to today's war office statement.

### Bouchavesnes, Near Combles, Captured by French Last Night

—Carry Woods by Assault and Progress at Vaux Chapitre.

Paris, Sept. 13, noon.—The French have captured the village of Bouchavesnes, on the Somme front.

The official announcement of today says that the village, which is in the region of Combes, was taken from the Germans last evening.

The French also took by assault a wood 600 yards east of the road from Peronne to Bethune. In the Verdun front the French made progress in the northern part of the Vaux Chapitre wood.

### PERONNE IN PERIL

Paris, Sept. 12.—Instead of resisting on the grounds won yesterday in the great attack on the Somme, the French continued their thrust last night, capturing the village of Bouchavesnes, and a wooded area nearby.

Bouchavesnes lies to the east of the Bahaus-Peronne road, cut in yesterday's drive, and its capture with adjacent territory apparently clinches French possession of this main highway to Peronne from the north.

Combes is now cut off from the south, and in a dangerous salient, while General Foch is in a favorable position for a stroke from the north at Peronne, which appears seriously threatened by the new advance of the French, one of the most important they have made in any single operation since the beginning of the Somme offensive.

### BUSY FRENCH AIRMEN

PARIS, Sept. 13.—2:30 p.m.—Numerous aerial engagements and raids by French aviators on points behind the German lines are reported in the aviation section of today's official war office statement, which says:

"On the Somme front our aeroplanes fought 17 engagements yesterday. Two German machines were brought down, one in the direction of the neighborhood of Hivonaux, northward, and northeastward of Peronne. Four other enemy machines appear to have been badly damaged.

Many Bombs Dropped.  
"Last night our bombing squadrons dropped a large number of bombs. Eighty-seven bombs of 150 pounds were dropped on the railroad station and small buildings at Guiscard, where two explosions followed by fire were noticed. Twenty-four bombs were dropped on the railroad station at Roisel, and on depots at Hencourt. Seventy-four bombs were dropped on enemy installations in the region of Etain, thirty-two on Bivouacs, in the region of Danvilleux, and six shells on Montmedy station.

### ONE MILLION FROM LONDON GOING FOR LATEST WAR LOAN

This Is Estimate of Financial Men.

COMPANIES UNDECIDED Expected, However, to Take Generous Blocks of New Government Issue.

It is estimated that \$500,000 of the Dominion Government loan will be subscribed by the financial institutions of London. What the private subscriptions will amount to is not known, but financial men look for \$1,000,000 to go from here in all.

The insurance companies and loan societies are not required by law to subscribe to it now, but they are doing so. None of them has announced what they will give, but in all cases the amount will be substantial.

### FOR LAST LEAVE

Special Train to Convey Members of 11th Home.

A special train has been ordered for 3 o'clock next Friday morning to take the men of the 11th Battalion home to Galt on their last leave. The train will leave from the C. P. R. station, Richmond street.

The 11th Battalion has been warned to be ready to proceed overseas some time before the end of the month.

### SUB ISSUE IS DROPPED BY CHANCELLOR'S ENEMIES

Germany No Longer Discussing Resumption of Old Warfare.

[Canadian Press.]  
Berlin, Tuesday, Sept. 12.—Via London, Sept. 13, 12:40 p.m.—The weeks which have passed since the appointment of Field Marshal von Hindenburg as chief of the general staff has been marked by a complete cessation of the discussion in regard to resumption of submarine warfare on the old or a more vigorous basis. Non-partisan newspaper observers who are in touch with leading statesmen and politicians express the opinion that for the present at least there will arise no question of a change of submarine policy. The administration of Chancellor Von Bethmann-Hollweg now feels itself fully in control of the situation in this respect.

The controversy over one method employed in connection with the food dictatorship has now supplanted the submarine issue as one of the most important and other newspapers which are opposed to the chancellor.

HUGHES ENDS TRIP.  
[Canadian Press.]  
New York, Sept. 12.—Charles E. Hughes, Republican nominee, ended his first presidential campaign trip here today. The trip was one of the longest, in time and mileage, ever taken by a presidential nominee. Mr. Hughes left here on the night of August 5, and, travelled 29 days. His itinerary took him from Portland, Me., to San Diego, Cal., from Canada to within sight of the Mexican border. He visited 25 states, spoke at all the chief centres of population in the country, exclusive of the south, and including the capitals of ten states, and travelled 11,494 miles by rail. In addition, he averaged more than 400 miles a week by motor, or about 2,200 miles, making the total mileage of his trip approximately 14,000 miles.

His trip was made over fifteen railroad systems.

**NEW BATTALION IS AUTHORIZED IN GREY; TO BE CALLED 248TH**

Lieut.-Col. W. N. Chisholm Named to Command. CAMP IS AGAIN ALIVE Seventeen Battalions Return—Some Delay by Railways.

[Special to The Advertiser.] CAMP BORDERS, Sept. 12.—Battalion after battalion disembarked here to-night at the conclusion of their first (four-day) monthly leave, and the camp took on its gay and noisy bustle again after about a week's silence. Seventeen battalions moved out last Wednesday and Thursday, sixteen of which were from Western and Northern Ontario. The general movement to return commenced at 1 o'clock this afternoon, and at 3:30 the first special reached the camp over the P. E. line, bringing with it the 154th Hinton and Dufferin Rifles.

The 110th (Perth) Battalion was the first unit from Western Ontario to arrive, disembarking at 7:45 p.m., followed at 8:30 by the 147th (Grey) Battalion. The Greys paraded to their lines, headed by their band and cheering and being cheered as they marched. From then until nearly 11 p.m., trains continued to arrive, and the men disappeared for the night into the rows of vacant tents which awaited them.

**Held Up at Points.**

The Grand Trunk and Canadian Pacific seven. On several lines trains were sidetracked and held for over an hour while regular traffic was allowed to pass. The soldiers complained bitterly, and the train crews came in for a lot of badinage. Some trains arrived nearly two hours behind their schedule because of these delays.

**Bands in Competition.**

The Hattie Agricultural Society has arranged with Major-General Logan to allow the bands at Camp Borden to compete in a competition arranged for the fair on Tuesday, September 19. Already twelve entries have been secured, and it is expected that nearly every band in the camp will play, which will include the 133rd Norfolk, 156th Oxford, 116th Perth, 135th Kitchener, 131st Huron, 147th Greys, 186th Kent, 149th Lambton and the 142nd London's Own bands.

Lieut. John Slater, camp bandmaster, has been asked to be judge, and he will also conduct the military tattoo in the evening.

The Masonic order in Barracks is holding a military evening tomorrow for all members of the order now undergoing training in camp, and a special train will carry them there. A banquet will be given for the visiting visitors, and an elaborate program has been arranged for the entertainment of the soldiers.

**FINE SEND-OFF TO THREE CITY GIRLS GOING OVERSEAS**

Returned Soldiers Aid in the Nurses' Farewell. GOING AS PROBATIONERS St. John Ambulance Sisters Off for War Service in England.

With the sounds of cheering and the shrill of the bag-pipes in their ears, Miss Marjory Whittaker, Miss Lucy Thompson and Miss Florence Hughes of No. 4 Nursing Division, St. John Ambulance Brigade, left London by the C. P. R. last night for Toronto to join 57 other young women from all parts of Canada who have been chosen to represent the St. John Ambulance Association Canadian brigade overseas as probationers in military hospitals.

Long before train-time, throngs of friends of the popular girls, a large representation of the Returned Soldiers' Association, and patriotic citizens in general were gathered at the station to give a right away send-off.

Amid laughing and joking, the girls were kept in good spirits, without a second to think about the homes and the friends they were leaving behind them.

"Oh," said one fair uniformed nurse of the division from which the three girls have been selected, "just to think they are going and I have to stay at home."

"Don't I just envy them," said another.

And it was a happily-married little woman who remarked: "I would like to have the chance those girls are getting to see their boyfriends."

**Returned Soldiers' Make Gift.**

The members of the Returned Soldiers' Association showed their good comradeship and gave a tangible expression of their good wishes by presenting to each of the girls a generous box of bon-bons. Next, Mrs. Swindall, lady superintendent, slipped into the hand of each a tiny box containing a silver thimble, the good-bye gift of the sister emergency nurses of No. 4 division.

Friends, too, pressed around eagerly with words of cheer, and so many gifts, that unless the train had come in soon, the trio would have required the arms of an octopus to carry away all that was bestowed upon them.

As the girls mounted the steps, a cry rang out, "What's the matter with St. John Ambulance Association?" Three cheers for the association!

Immediately after the "tiger," the shouting rang out again, "And the girls, three cheers for the nurses!" This time the racket was surprisingly strong, and the trio waved their hats through the windows to see what the row was all about. After that, the Highland Pipe Band, the 21st Battalion again serenaded, and hard on the heels of the wind instruments came the familiar strains of "It's a Long Way to Tipperary."

The returned soldiers were now the center of attention.

**"I Want to Go Home."**

"Oh, my, I don't want to die. I want to go home, never more to roam," one voice struck up, soon to be drowned out by a chorus in several keys.

"You'll make them homesick. Be quiet," warned Mrs. Swindall.

But her remonstrance had no effect, and still the chorus rang on cheerfully "I want to go home, I want to go home, I don't want the Germans to get me," to the amusement of listeners.

Then the train gave some puffs and snorts, and the cheering started all over again, and the queries "What has become of the girls?"

As the last coach drew out, they were discovered standing on the back platform smiling and waving good-bye, and getting their last good look at London and London friends for some time.

It was the Pipes' Band that got in the last word, after which the demonstration was over.

Not only Miss Hughes, Miss Whittaker and Miss Thompson offered their time, their strength and what knowledge they possess for overseas war-time service, but, as well, they are paying a large share of their own expenses, one large item of sacrifice of which the general public is not aware. They do this uncomplainingly, to the very least that could be done was to give a royal send-off.

**Adds Specimens to Wonderful Exhibit**

Park Superintendent Showing Rare Butterflies at Public Library. Following the display of gorgeous tropical butterflies that has been on exhibition in the public library for a month past, R. V. Smith, city superintendent of parks, has now placed on exhibition specimens of the curious and interesting leaf butterflies known to scientists as kallima inachis, and found in Central India. These are one of the marvels of the insect world, and as shown by Mr. Smith they will puzzle most people. In a large flat case is a branch of tree with dried, shrivelled leaves. Among the leaves there are half a dozen specimens of the kallima, and there are few who will not be puzzled to pick out the one from the other. The disguise of these butterflies is, of course, for protective purposes. On the wing they are swift enough to escape their foes, but if they were equally conspicuous when at rest they would soon be the prey of birds or reptiles. Nature has provided them with a protection of color that baffles their enemies. It is the habit of the species to rest on a twig and among dead or dried leaves. Then, with the wings closed, they have the outline and appearance of a dried-up leaf.

Mr. Smith has his main collections of butterflies in England. They are particularly rich in exotic species, exchange with some of the greatest collectors in the world, and he has been able to add wonderful rare species. He has now on the way out from England a selection of specimens of the ornithoptera butterflies, and these will be shown at the library at a later date. In addition to the leaf butterflies now on exhibition there are also displayed some beautiful specimens of the species papilio Hector from Indo-China and also specimens from Assam that show the difference in coloring at the rainy season and the dry season in the tropical climate of this Asiatic country.

**NORTH END STREET OPENING EXPLAINED TO ITS OBJECTORS**

Board of Works Converts the Opposing Deputation. BREAKWATERS WANTED Ridout Street South and Front Street Residents Ask For Them.

The residents in the vicinity of Gordon street, in the North End, which the council proposes to open, appeared before the board of works last night to protest against the arrangement. Controller John M. Moore, at some length, explained what had been done, what the cost would be, and how it would be apportioned, and how it would be done. The objections were withdrawn, and the street will now be opened. The cost will not be excessive on any of the property owners.

Rev. Father Doyle, Dundas street east, asked for a sewer, and City Engineer Brazier reported that the plans would be ready in two weeks, and the work would be started immediately.

**Ask For Breakwater.**

Another deputation from Ridout street south asked that a breakwater be constructed south of the bridge to protect them against the encroachments of the river. They explained that the work could be done for \$900, at least sufficient for the time being. City Engineer Brazier estimated that the work would cost \$27,000. Controller Moore took the position that the work could be done by the city, and that the expenditure of \$900 would only be a temporary thing at best.

Requests were received for sidewalks on Florence street, Ashland avenue and other thoroughfares in that section. City Engineer Brazier reported that there were no water mains in that section, and until there were, no walks could be built. The utilities commission will be asked to put down the necessary mains.

**To Inspect Front Street.**

The board of works will visit Front street next week, and report on the necessity for a breakwater there. The residents complain of flooding and damage to property, and the board will visit what can be done to improve the situation.

City Engineer Brazier reported that he had instructed the Warren Paying Company to repair the Richmond street pavement, north of Pallatton. The company's responsibility, and the city may have to go to law.

**Bring Smiles**

New Post Toasties were perfected to overcome the defects of old-style corn flakes. And the hearty welcome they have received is ample proof that their superiority is recognized.

New Post Toasties have a self-developed, inner flavor—the rich flavor of choice Indian corn. Try a handful dry—they're mighty good that way, and the test will prove that, unlike common flakes, they do not depend on cream and sugar for their palatability.

New Post Toasties do not "chaff" in the package, and they don't mush down in cream like common "corn flakes." The New Post Toasties are identified by tiny "bubbles" on each flake—produced by the quick, intense heat of the new process of manufacture, which also develops their wonderful new flavor.

Have your grocer send a package for tomorrow's breakfast.

**GIVES EXPLANATION**

Man Who Appeared in Police Court Tells Why. Frank Smith, who appeared at the police court yesterday in connection with some trouble with Russians, explained his side of the case today.

"I left a bicycle outside a place while I went in to do some business," he said. "When I came out my machine was gone, and seeing another like it up the street, I examined it. While doing so, I was set on by half a dozen Russians, who apparently thought I was going to steal the machine. There was some trouble before I got the matter straightened, but that's all I had to do with it."

**GREEK GOVERNMENT**

as a way out of the dilemma in which Greece now finds herself and as a means of restoring the prestige of King Constantine. The calculation is made by the Patriarch of Athens, that the forces lined up on the Austrian side in the Balkans are only slightly more than 200,000. The fortified parts of the munitions by the Allies, would be well able to cope with these forces, it is affirmed.

**Must Regain Prestige.**

Mr. Venizelos's desire to return to power is believed to be imminent, but emphasized in a series of articles in the Athens Herald, the necessity of government by the king is stressed. The prestige of the nation, he estimates that the continuance of the Greek dynasty at the head of the nation is compromised in his party's plans for a rapid modification of the previously existing conditions.

The role of King Constantine in the long period of oscillation of the Greek parties, is being reviewed by the latter advantage now that the conservative Allied countries are allowing the de-humiliation of the Entente Powers, which demands the denunciation and return to the Greek constitution by a holding of a free general election under threat of a landing of Allied troops in the Piraeus. It will be remembered that the Berlin treaty provided that the Allied troops had actually been disembarked.

**Nearly Declares War.**

Mr. Skoufoulis, then premier, and Mr. Gounaris, his adviser, after consultation with the king, proposed to the cabinet council, that the note be rejected. The Tribune says. This meant a declaration of war against the Allies. The proposal was rejected on the suggestion of Mr. Rhaliti. The determination to commit an overt act against the Allies was decided, and order the Greek fleet to be charged to the minister of marine to fire on the Allied ships if they did not obey the injunction to retire immediately from the Piraeus and the other ports near the capital. The fire of a shot would have meant war and would have placed Greece by the side of the Central Powers.

**Bulgarian Forces.**

The Bulgarian forces of the Korytzsa-Florina-Vodena front amount to twelve regiments of infantry supported by three Prussian regiments of artillery and engineers, a total of 60,000 men. The line which they occupy begins at Dogradetch, on Lake Ochrida, passes the Korytzsa-Monastir high road, reaches Nacelotch and ends in the mountains at Morhovo. On the other side of the mountains it descends to Bahovo. The fortified parts of this line are the Peristeri slopes, looking toward the Florina-Monastir road, and the heights dominating the Erigon Passes toward Morhovo.

On the third front the Bulgarians occupy a line passing above Toumani and on to Gueghell, Doiran and Rупel and inclining toward Demir-Hissar. This line is continued onward on the Tingnedi and Sarliga Mountains, and this part is entrusted to 120,000 men, supported by 12,000 combatants. The Bulgarian forces on this front amount to 120,000 men, supported by 12,000 Prussians. Bulgaria cannot increase this number, the remainder of her army being indispensable for operations on the Rumanian front.

**Constantine to Lead.**

The Greek army, operating on interior lines, and supplied freely from the sea, could take successful action against this entire force, the Greek advocates of the suggestion of handling the campaign over to the care of King Constantine meantime.

# SAYS NO LICENSE REQUIRED TO SELL MEDICINAL ALCOHOL

## Provincial Secretary Declares Druggists Don't Need It.

### PRIVILEGE CONDITIONAL

#### No Liquor Can Be Sold Even for Filling Physicians' Prescriptions.

The reply of Hon. W. J. Hanna to the lettergram submitted to the provincial secretary by the Druggists' Association of this city asking for further information on certain clauses of the Ontario liquor act, was received today.

The outstanding question submitted was whether it would be necessary to take out a license to handle alcohol for medicinal purposes on condition that the other liquors were handled on this question the provincial secretary stated that such a license was unnecessary if the above-stated conditions were strictly observed.

This means that the druggists are allowed to handle alcohol for the purpose of filling doctors' prescriptions and for their own manufacturing purposes.

Several local druggists interviewed since the receipt of the telegram from Hon. W. J. Hanna stated that they would handle no spirituous liquors whatever, except alcohol for the above purpose.

Liquor under the act means all fermented or spirituous liquors containing over 24 per cent alcohol, and may under these conditions exclude the sale of certain tonic wines that have been sold prior to this as a medicine and a tonic.

### MAGISTRATE PLAYS ROLE OF REAL FORTUNE-TELLER

#### Has Police Palm Crossed With \$25 and Tells "Batty" to Beat It.

Convicted of the theft of a five-dollar bill from the pocket of one of his clients, Batty Butch, a palmist who has been operating at the Western Fair, was fined \$25 and costs.

She maintained that the complainant, Alfred McGee, a London Township farmer, had given her the five-dollar bill as a present, and had wished her "good luck" besides.

"This McGee strenuously denied, and in his evidence stated that the 'beautiful Batty,' the palmist, had beckoned him to come into the tent to have his palm read.

When he emerged from the folds of the tent his five-dollar note had disappeared and he next sought Sgt. Bursell.

Detective Down stated that he was on station duty when the palmist was brought in, that she untied her apron and gave him a five-dollar bill instructing him to return it to McGee.

Mary Butch, a sister-in-law, and George Butch, were tried with Batty Butch on a second charge of fortunetelling.

Because there was no evidence to convict, the charges were dismissed, except in the case of Batty, who was allowed to go on suspended sentence on condition that she discontinue her operations and leave the city at once. This she promised to do.

According to the police statement, the 'Beautiful Batty' was convicted on a charge of theft three years ago, when a well-known merchant in the city fell for that old 'game' of permitting her to say magic words over a roll of bills she helped to hold.

When the 'mystical words' ended, 24 of the merchant's money had gone. She was allowed to go at that time on suspended sentence.

## WILL STUDY IN DETROIT.—Miss Beattie Moore has left for Detroit, where she will make a special study of the modern method of pianoforte playing, including the famous Matthay method. Miss Moore also intends to acquaint herself with the modern school of pianoforte compositions and to add to her repertoire of musical literature for teaching.

## CONDITION CRITICAL.—William Potts of Waterford, who was injured yesterday while hanging a heavy timber at the Grand Trunk yards, is still at Victoria Hospital in a critical condition. It has not yet been determined whether it will be necessary to amputate his leg to save his life. William Rowcliffe, the carpenter, is still in a precarious condition, and his recovery is doubtful.

## GETTING BETTER.—Wilfrid Jury, who was severely cut about the face when a tire which he was inflating at Brydger & Morrison's garage on Tuesday burst, is now progressing favorably in Victoria Hospital. Two of the fingers on one of his hands were badly crushed.

He was attended by Dr. H. A. Stevenson.

## MISTAKEN FOR FIRE.—A general fire alarm was turned in to day at 1 o'clock and the companies had a run to 414 Horton avenue. The fire was merely a pile of burning rubbish, the dense smoke causing passersby to think that it was a serious blaze. A similar run was made last night when No. 3 company was called to extinguish some burning rubbish on Ingleisle street.

## CAMPING PARTY.—Monday evening a jolly party was held at the 'Woodlands' and a number of campers there invited their friends out to their 'camp.' They gave them a real welcome and a corn roast. The big party were roasted to a dark brown color, the camp fire coals and then 'nibbled' while smoking hot. Many ears, of course, were over done and burnt quite black, but nevertheless they were enjoyed. Red-hots completed the meal, after which the party took canoes and paddled up and down the river. On returning games were played until it was time to catch the last car to the city. The party enjoying the outing at the 'Woodlands' were C. Blackwell, E. Wilson, E. Huse, I. McCallagh, M. McElash, M. Tucker, N. Henry, F. West, H. Arbuckle, C. Robinson, E. Nichols, W. Crowder, G. Rush, A. McKay, J. Gwyer and J. Burgess.

### IN POLICE COURT

#### Sarah Fined.

Sarah Lunn, who has 'trod the primrose trail' for so many years, and whose name appears among those who are prohibited from drinking the 'hard stuff,' took one farewell chance, and got 'headed to the eyes' yesterday.

Sarah had a 'bad headache,' and was willing this morning to swear off drinking right away.

Ten dollars and costs or 21 days in jail, was Sarah's portion, which made her gasp as she thought of what it all meant.

#### Soldiers Discharged.

Four soldiers, who were members of the 11th Battalion, were charged with disorderly conduct.

The charge was that they had 'visited' with Sarah Lunn last evening, and that a 'high time' was in progress when the officers reached the house.

'There seems to be insufficient evidence to convict, but only because the officers were just a minute late,' said the magistrate in discharging the quartet.

#### From Ridgeway.

Peter Campbell of Ridgeway got a real 'London Fair jag,' and wound up in the police court cells.

When released, promised to make Ridgeway his first stop, and with the speed with which he left the courtroom, he is no doubt there.

#### Still Drunk.

James Reynolds had a 'fair' 'knackful' even in court, and was sent down to take a few more hours' sleep to sober up before being released.

#### Toronto Visitor.

Fred Harrison of Toronto came up to see a 'real fair,' and at the same time got a 'real source.' He was sped on his way.

#### Painted the Town.

Benjamin Ashby, who paints houses for a living, extended his operations yesterday, and started to 'paint the town red.' It wasn't long before he 'soiled his colors,' spoiled the job, and the police nabbed him next. He was allowed to go.

#### Spieler Discharged.

John Roche, a spieler with California Frank's Wild West Show, got boozed and business mixed, and had it hauled in by the police. He was discharged.

#### Annual Drunk.

Joseph McGuire was wined for his annual fair drunk, and had it, and was allowed to go with a warning.

#### Beachville Citizen.

A citizen from Beachville found himself 'very high' on Monday from a dry down, and celebrated. He was dismissed with a warning.

## LIQUOR LICENSE GRANTED LOCAL DEALER ONLY ONE IN WESTERN ONTARIO DISTRICT

### London "Vendor" Has Whole Province West of Hamilton to Supply—Stock Will Be Replenished at Once in Anticipation of Big Demand To Be Made After Prohibition Becomes Effective.

The 'vendor's license' granted to E. B. Smith, liquor dealer, 121 Dundas street, this city, by the Ontario License Commission will become effective after 7 o'clock Saturday evening.

The license is one of three granted by the commission, the other two being one each in Toronto and Hamilton.

It means that the local license is the only one in Western Ontario, this covering a large field of operations.

Expected License.

Interviewed by an Advertiser reporter, Mr. Smith said that he was not at all surprised to receive the license, as it had practically been promised to him.

His stock of liquor has been gradually reduced during the last few weeks, and the new license granted means that he will find it necessary to replenish his stock at once.

Owing to the large territory which his license will cover, he expects, he expects, will be quite large, and in order to meet these conditions he will carry in future an exceptionally heavy stock.

Under the Ontario temperance act the interpretation of the words 'vendor's license' is a license authorizing a person, firm or incorporated company to sell, subject to the provisions of the act, liquors and alcohol to such persons as are entitled to purchase the same.

Who Can Buy.

The persons to whom liquor can be sold by a vendor are druggists, dentists, manufacturers, dentists, veterinary surgeons, and individuals who present a doctor's certificate calling for prescribed quantities.

Clause 35 of the act says that no vendor shall sell alcohol to an applicant for manufacturing purposes except on the applicant's affidavit. In this affidavit it must be specifically stated that the alcohol purchased is to be used exclusively for mechanical or scientific purposes.

Every vendor must keep an accurate record of all sales, the same as that required by druggists. The same hours of sale must be observed, and the opening of the hotel bars at present will govern the 'vendor,' whose business will be under the supervision of the Ontario License Commission.

The fee for the license is \$5.

Big Wholesale Business.

The largest business of the 'vendor' is in purchasing the liquor for wholesale druggists, who will all be supplied from this source.

A question as to whether Mr. Smith can purchase the 'held over' stock of liquor (if any) after Saturday night is yet to be determined by the provincial secretary.

### ANTI-UNIONISTS HERE NOT ACTING TOGETHER

Local Presbyterians Taking No Co-ordinated Action Opposing Union.

No concerted action of the anti-union Presbyterians will be taken here to oppose the union of the Presbyterians and Methodists. There are many Presbyterians opposed to it, although they are in the minority, much so in fact, and it is expected that some of them will go to Toronto on October 21 to protest against the union.

However, it is not anticipated that this action will prevent the consummation of union.

### FORMER 34TH MEMBER ARRIVES IN CITY AGAIN

Went to 15th Battalion But Damaged Optic Caused Discharge.

Unheralded and alone, one more veteran of the wars in Europe came back to the city today. Armorer Corp. W. Marshall of the 15th Battalion was the first, and he carries with him a severely damaged eye as a result of his experience with the Germans.

Corp. Marshall did not go with the company that returned one of the second draft of the 34th Battalion, which left here in August, 1915. He was given a strenuous course of about six months' training in England, and was finally drafted into the 15th Battalion in January of this year.

He spent five months in the trenches, and was finally invalided to England with a damaged eye. He was sent to Cliveden, the big Canadian hospital at Taplow, Bucks, where it finally decided to send him back to Canada. He should have been one of the last party of returned men to return to London, but his papers did not arrive in Quebec in time.

He was met at the station by the acting secretary of the V. A. C., and by Sgt. Murray of the V. A. C., besides a number of local returned soldiers.

### THREE WRITS ISSUED

North Dorchester Being Sued by Lyman Stover for Loss of Horse.

Three writs were issued this morning at the county court.

Lyman Stover has entered action against the municipality of North Dorchester, claiming \$150 damage for the loss of a horse, claimed by reason of the misconstruction and non-repair of a highway in the township.

A. M. Smith & Co. are suing McLeod & McElin, claiming \$100 as amount of balance on goods sold and delivered.

The Hobbs Hardware Company has issued a writ against James L. Sharkey, claiming \$79.50 for money claimed paid by plaintiff to defendant.

### BOOZE IS FLOWING FAST IN LONDON'S LAST "WET" WEEK

#### Farewell Soups Parties and Preparedness Blamed.

#### UNUSUAL POLICE "CROP"

#### Morning Court Resounds to Explanations of One Final "Jag."

'Booze' flowing like a river at flood tides, would almost describe the 'damned' order of things in the city this week.

Today in every hotel bar in the city the crowds of 'thirsty travelers' congregated and bartenders worked with feverish haste to supply the goods.

'Come on, bartender, ten more beers,' said a party in one downtown hotel as they had just finished unloading the first round of scotch. Certain individuals who have been strapped for many moons on the 'waterwagon' have slipped down a few pegs this week, and are enjoying the 'last wet spell.'

In order to hear out this statement, go to the police court and see the bunch of 'jags' lined up each morning this week.

All have the same story. 'It's our last chance, your honor, so don't be hard on me this time.'

First and sometimes, second and third times are dealt leniently with by the magistrates, but on occasions are placed high and dry at the jail until it really becomes dry.

At the liquor stores, the orders are of such volume that the dealers are swamped, and unable to fill the demand. Thousands of gallons of all kinds of booze are leaving the stores every day, and no one knows yet what the grand total will be on Saturday, when the 'eleventh' hour sales are recorded.

#### BACK TO THE MINES

Industrial Workers Decide to Call Off Strike.

[Canadian Press.] Crosby, Minn., Sept. 12.—After having lost several weeks' work and saved their families and themselves hovering on the brink of starvation with nothing between them and one of Northern Minnesota's winters, members of the Industrial Workers of the World, which organization called a strike of iron miners on the Cuyuna Range, met in executive session today and voted to call off the strike. Steelworkers expressed their sympathy with the miners' strike, but pressed their claim that all would not get their jobs back. Although the mines are said to be working full strength, one mining official expressed the belief that pieces would be found for all men who would 'renounce the I. W. W.'

The Cuyuna Range men went out in sympathy with the Mesaba Range strikers.

### ADD "FAIR DAMSELS" AS RECRUITERS FOR CAMPAIGN AT FAIR

Capt. Irvine Puts On Another Innovation.

OFFICER EXPECT RESULTS

Figure That Many Will Be Induced to Sign Up Later.

Recruits are not exactly overcrowding the military headquarters at the fair grounds, but nevertheless the officers, Major Kingsmill and Capt. Irvine, are pleased with the result of the various campaigns.

"You cannot expect that with all the counter-attractions on the grounds that men will sign on here," said one of the recruiting officers. "The chief value of our campaign will be in getting the visitors to the city to consider the matter. They will come back afterwards to enlist."

The officers think that men who have been living some distance from the city have not had the situation brought home to them sufficiently to make them realize that it is their duty to enlist. It is thought the "quiet talk" method employed by the majority of the recruiters will set them thinking and bring results later.

Gold Medal For Someone.

Capt. Irvine has started a little campaign of his own. This morning what might be described as a "bevy of fair damsels" ventured to the door of the recruiting office. They had almost decided that it was one of the most interesting exhibits on the grounds, when Capt. Irvine appeared and they saw their own dear departed. He presented them each with a set of recruiting papers as souvenirs. "There's a gold medal for the one who gets some 'chaps to fill these out,'" he said.

Highlanders Popular.

All the corps are getting almost an equal share of the recruits signed on, although the 21st Scotch Foresters seems to be the favorite unit. Undoubtedly this is due to the energetic campaign carried on by the unit. The party, composed of over twenty of the battalion, accompanied by the pipe band, is forming a centre of attraction throughout the day. The skill of the pipes is to be heard almost any time, and if one proceeds to where the pipers stand, an interesting exhibition is to be seen. Several of the party are competent dancers, and the presentation of the sword dance, Highland fling and other Scottish reels form an appeal which is hard for one with the faintest touch of Scotch blood in his veins to resist.

Sgt. Knight, a returned man who has signed on with the battalion, delivers several rousing recruiting speeches throughout the day. They are all different, but they all mean the same thing—"enlist." Sgt. Knight is credited with signing on 2,500 men by his address.

# RECORD CROWDS AT WESTERN FAIR ON MILITARY DAY

Thousands Are Delighted With Best Show in London's History.

**STOCK NEVER EXCELLED**  
Exhibits More Numerous Than Ever and Attractions High Grade.

**MIDWAY IS A MONSTER**  
Shows Are Thronged All the Time With Happy Visitors.

Edging all fairs of previous years, the Western Fair of 1916 promises to go down in history as the best and biggest since its inception 43 years ago.

Military Day, and the weather conditions that have prevailed so far continue for the balance of the week, the Western Fair this year will be without a doubt the "record-breaker."

Yesterday's Fair was characterized by the great attendance of soldiers. Khaki was the predominating color no matter where you went, whether in the grandstands, on the midway, or in the buildings, the boys in uniform predominated.

Has All Beaten.  
The Fair this year surpasses that of other years in more than one respect.

First, the attendance every day to the present has been considerably more than at preceding fairs on similar days; second, the exhibits are greater in volume, and the attractions provided by the fair board both on the midway and before the grandstand is of a considerably higher order than other years.

Many Improvements.  
The facilities provided for the accommodation of visitors have been improved, and everything on the grounds has been arranged to meet the needs of the visitors.

The Judging Tuesday of several classes of horses, of fat cattle, all classes of horticulture exhibits, and poultry, kept the judges busy.

The horses particularly have attracted many to the stables, and the prize-winners show that the high standard of breeding that has always marked the entries at the Western Fair has again been sustained this year.

The Fat Cattle.  
The fat cattle show presents as fine a lot of specimens of Short-horn cattle as can be seen on the North American continent.

With the poultry show judging in full swing yesterday, this building drew a large crowd of poultry fanciers.

In the horticultural building the displays of other years pale into insignificance, compared with the almost unlimited profusion of flowers and ferns here exhibited.

The various booths that dot the ground in all directions add a land-office business yesterday, and are preparing for a continuance of the trade.

Midway Crowded.  
The Midway last evening was a jam from start to finish, and the "Word at Home" shows are pleasing without a doubt.

Every tent features different attractions, and not one but what can be regarded of a high order.

Perhaps one of the greatest draws of the Midway is Taylor's "Kitties Herd" show. The seven jungle beasts here shown are less than one year in captivity from their native haunts, and their fierce, bloodthirsty nature yet remains unchanged.

A Thriller.  
Prof. Taylor's act is of such a hazardous nature that at all times he has the audience on "tiptoe."

Dolletta, the smallest mother alive, has been seen by thousands, and hardly a minute but someone is gazing at this mite of humanity.

The Canadian Order of Foresters. For many years the Canadian Order of Foresters has had a tent on the midway of the Western Fair, London, where the members of the order and their friends have always been delighted to come and meet the representatives of this society.

The Canadian Order of Foresters was instituted in the city of London in 1879 with a membership of 488.

The balance to the credit of the insurance fund amounts to \$5,440,671.56, which is an increase during the past twelve months of over \$400,000.

The Gatling's Band arrived this morning, and is ready to march.

Speed Events—2:09 Pace, Purse \$400.00; 3-year-old Pace, Purse \$200.00.

This is the great year. Come and help swell the crowd.

Lieut.-Col. W. M. Gartshore, Vice-Pres. A. M. Hunt, Secretary.

SEE CORN FLAKES IN THE MAKING.  
Visitors at the Western Fair are invited to come and see Kellogg's Toasted Corn Flakes in the making.

The factory is conveniently situated just east of the Fair grounds, and will be made available for visiting hours, which are from 10 a.m. to 12 noon, and from 2 p.m. to 4 p.m.

A WORTH-WHILE EXHIBIT.  
The progress which technical training has produced among the young men and women of London is ably demonstrated by the exhibit of the Technical Art School in the main building.

Every exhibit displayed is made by the pupils. Many visitors have been deceived by the fine workmanship of the iron exhibit into believing that the articles are machine-made.

The woodworking also forms a great part of the display. Arrangements, settees, library tables and desks, all made by the pupils, surpass in many cases the best products of leading furniture factories.

The girl students are represented by a display of millinery, dressmaking, embroidery, preserved fruit and other articles.

The day classes at the school are now in full swing, and the night classes will commence on October 1.

For something new in electric ranges the up-to-date housekeeper should see the exhibit of the Utica Electric Range.

Practical demonstrations of its uses are given at the booth, and the housekeeper who visits it will be well repaid for her trouble.

# TRENCH WARFARE THRILLED CROWDS AT QUEEN'S PARK

Finest Military Exhibition Ever Put On in London.

**BATTALIONS' SMART WORK**  
Physical Drill and Machine Gun Actions Skillfully Put On.

**SIGNALLING MADE A HIT**  
Thousands From City and District Delighted With Soldiers' Work.

Visitors in London and London people as well had an opportunity of witnessing an exhibition of warfare as it is conducted in modern times at Queen's Park yesterday afternoon.

Many were not disappointed that there was not more brilliant, more color, more display, but things do happen that way, in the trenches in Flanders or on the Somme.

The day commenced in a way to please the most exacting. Promptly at 2:30 o'clock the gates of the track at the north end opened, and the Engineers under command of Lieut. McColl marched in to the exhibition.

Entering the track in column of route they at once formed into column of platoons and commenced work on the signalling base, heads high, straight as arrows, as becomes volunteers.

Making the circle of the track the men debouched into the centre of the ring and the picked squad of sixty men of the 11th Battalion, in front of the Staff Sergeant, Root, stood on the platform.

Everyone appears to be interested in signalling and the signalling section of the 11th, 15th and 16th Battalions were excellently respected.

The stretcher-bearers, who were organized, marched and manoeuvred and went through the manual drill of the 11th Battalion.

At the sound of the whistle like veterans. The men were steady as rocks and their marching was excellent.

The plans for the attack were well laid. Although the preparatory shelling had not wrecked the enemy trenches to any extent, his barbed wire had been swept away.

Over the parapets they surged, bayonets flashing, every man eager to be the first to come to grips with the enemy. But the foe, badly shaken, suffering from casualties and un-nerved, sought safety in flight.

During the night a reconnoitering party having found the time opportune, it was decided to raid the enemy's second line.

Suddenly, at a whisper command, a shower of bombs hurled into the enemy's trenches, causing a panic.

At the sound of "Digging Them Out," in the most underground passages they strove to get to the close for bayonets they and fro. Too late, the bombs had waited at it with a straggling group of sweating men, it cleared out the enemy supports.

Having accomplished our object, they were withdrawn.

of damaging the enemy and shaking his morale, our men were withdrawn to the captured trenches. The attack was highly successful, as we suffered very slightly.

# I. O. D. E. GREAT PATRIOTIC WORK IN WESTERN ONTARIO

## WHAT MEMBERS OF ORDER ARE DOING IN WAY OF WAR RELIEF IN DISTRICT

### I. O. D. E. MEMBERS FROM NO. 1 MILITARY DISTRICT GATHER HERE FOR ANNUAL RALLY AND DISCUSSION OF THE WORK

#### Western Ontario Women Workers in Convention Show by Reports How Much Has Been Accomplished in Past Year for King and Country by Chapters of Imperial Order of the Daughters of the Empire.

London today is the Mecca of members of the Imperial Order of Daughters of the Empire of Western Ontario, who have gathered to represent the chapters from the various centres throughout Military District No. 1 at the annual conference.

Sessions are being held in Cronin Hall, elaborately and tastefully decorated for the occasion with numerous flags and immense clusters of white asters, under the supervision of Mrs. Fred White.

At 10 o'clock the out-of-town visitors began to arrive at the hall, where they were cordially welcomed by the executive of the Municipal Chapter and other members of the order in the city.

**Exhibition of Local Work.**

An exhibition of work done by London chapters on the table in the rear, with a demonstration of the proper packing of bales, attracted much attention.

Though not large in quantity, owing to the supplying recently a number of emergency demands, and the fact that many of the most active workers have been holidaying, the work evoked much admiration for its quality.

This exhibit was arranged by Mrs. Callard, regent of the Trafalgar Chapter, and the members of the packing committee.

After an hour devoted to registering, becoming acquainted and the other formalities connected with arriving at a rally of this kind, the first session opened, Mrs. Niven presiding as regent of the Municipal Chapter and hostess of the day.

The prayer of the order was first recited in unison.

**Announces Death of Mrs. Milligan.**

Next came the saluting of the flag, after which a short address of welcome was delivered by Mrs. Niven. Her first duty was a sad one, to announce the death this morning of Mrs. Milligan, wife of Major Milligan of the 15th Battalion, who has been in command of the unit since the return of Col. Wigle to Canada.

Major Milligan is at present on the sea, on his way home, called by his wife's illness. Mrs. Milligan was a valued member of the 21st Regiment Chapter, and a daughter of Mrs. Alken of the Trafalgar Chapter.

On suggestion of Mrs. Niven, a resolution of sympathy was moved to Major Milligan and the members of the family of the late Daughter of the Empire. Continuing her address, Mrs. Niven pleaded for greater earnestness in service of King and country, more seriousness in conception of duty for the coming year, citing as examples worthy to follow the women of France and Russia. Special pleas were made for the prisoners in Germany, the sailors, "the watch-dogs of our seas" for the hospital patients, both in this country and in England, and finally given the emphasis of a climax, a plea for assistance of the brave French allies. In connection with this, an announcement was made of the French tag day to be held in the city September 20 in aid of the Secours National, the Red Cross work in France.

**Adjoined for Lunch.**

Reports from several chapters represented were read, the meeting adjourning shortly after 12 o'clock. A special invitation was given the visitors to visit the Soldiers' Club on Dundas street, near Wellington.

**Afternoon Program.**

The afternoon program in detail follows: 2 o'clock, formal opening. God Save the King. Greetings from headquarters staff and address, Col. L. W. Shannon, D.O.C. Civic greetings, His Worship Mayor Stevenson. Further words of welcome, Mrs. H. A. Boomer, honorary regent of Municipal Chapter. Reports of delegates concluded. Report of Municipal Chapter by the secretary, Mrs. R. M. Graham. Report of soldiers' comfort committee of Municipal Chapter by Mrs. C. T. Campbell, acting convener. Report of organizing

secretary for district, Mrs. A. A. Campbell.

**Next Year's Meeting.**

Discussion regarding the time of meeting next year, question to be settled by the delegates. Reason for changing owing to the absence still from town of many of the local members of the order, and the fact that officers of outside chapters are absent because still holidaying.

At 5 o'clock, close of conference and drive to Carling Heights, where afternoon tea will be served on the lawn at the barracks. General convener of tea committee, Mrs. E. B. Smith, Mrs. J. B. McKillop and Mrs. W. A. McCrimmon taking charge in absence of Mrs. Smith. Mrs. Callard, Mrs. A. E. Miller, Mrs. Fred White and Mrs. W. D. I. Wright pouring tea and members of junior chapters assisting in serving.

**Avonton Chapter, 11 Months Old.**

Avonton Chapter was organized eleven months ago. It has raised \$412.25 for soldiers' comforts and otherwise to relieve suffering of war.

Has adopted two prisoners of war. Has used money collected as follows: \$50 to furnish ward in hospital in England for Canadian soldiers; \$50 for comforts for soldiers at the front; \$25 for French relief fund; \$50 for luxuries for soldiers at the front; 237 flannel shirts for soldiers in trenches; 221 pairs of socks, 19 dozen pillowslips to Red Cross; 39 towels, 2 dozen face cloths, 42½ dozen mouthpieces, 22 feather pillows, 11 dozen handkerchiefs, 3 parcels of cotton, 1 parcel of flannel.

**Walkerton Chapter, Soldiers' Club.**

Among outstanding features of a recent year for the Walkerton Chapter has been the opening of a clubroom for the men of the 19th Battalion (the Bruce Battalion) and the presentation of comforts for soldiers at the front; \$25 for a two week and turned out 900 pairs of socks, 300 shirts, and made and shipped thousands of surgical dressings. Contributions of money made to the Belgian tobacco, motor ambulance and British Red Cross funds, as well as to the King George and Queen Mary Hostel, and the Christmas gift fund. Jam and Christmas parcels sent overseas.

M. E. MCGREGOR, Secretary, Walkerton Chapter.

**Strathroy Chapter Collects Old Papers.**

The following is from a report furnished by the secretary, Miss Mildred Mitchell of Mary Armstrong Chapter, Strathroy.

The Mary Armstrong Chapter celebrated its first birthday last February, and is launched on its second year's work with a crew of 45 members. The chapter realizes the great need of work to be done this year, perhaps greater than ever before.

Including donations and collections, the sum of \$57.30 has been raised by the following means:

A rose subscription ball on Easter Monday, when the boys of A Company, 15th Battalion, attended their last dance before leaving Strathroy.

A recital by pupils of Miss Peace, under auspices of the chapter, to which part proceeds were given. Donation of part of proceeds from the manager of a local theatre, when war pictures were being presented one evening.

A chain of "ten-cent teas," afternoon spent in sewing and knitting.

Old papers and newspapers collected and sold. Lapsed during summer, but working up "paper campaign" again.

Presented A Company and Base Company, 15th Battalion, with nearly 300 "housewives" July 1.

Held a successful trench shower for boys at the front, donations to be sent as Christmas gifts.

Sewing, knitting, etc., at regular meetings.

Tilbury Chapter Membership Doubles.

This is usually augmented by further donations amounting to about \$100. This sum is used entirely for Red Cross work, and donations to recognized organizations taking care of our soldiers by land and by sea, and to relief of those who are in need, through war conditions.

(MRS.) N. MAKINS, Secretary, 28th Regiment Chapter, Stratford.

**Old Rags and Paper Collected by This Chapter.**

Marjorie T. Clark, secretary of the Admirals Van Sittart Chapter, I. O. D. E., reports as follows:

The Admirals Van Sittart Chapter, I. O. D. E., has during the year raised money for various patriotic purposes, giving three dances, a bridge, a talent tea, and an organ recital, and also raffling a table and making a quilt.

Every month a collection is made for the overseas tobacco fund to supply smokers for the men in the trenches and socks are also regularly sent to men at the front. Weekly sewing meetings have been held, at which hospital supplies were made and money has been contributed to the British Red Cross fund, to the I. O. D. E. annex, to the Maple Leaf Club, to the motor ambulance, to a local fund for the injured soldier, and comforts sent to hospitals in France. A collection of old papers, rags, etc., was made in June, which proved most successful.

MRS. J. A. THISTLE, Secretary.

**28th Regiment Chapter, Stratford.**

Organized August, 1914, with 175 members of good standing. Regular monthly meetings held 12 Tuesday each month.

Mrs. William Lawrence, regent.

Mrs. Gordon Rankin, treasurer.

Mrs. Makins, secretary.

Since organizing our chapter has worked for the Red Cross, sending monthly, bales to the Red Cross Society, Toronto, and to Western War Contingent, London.

The bales to the Western War Contingent, London, average each month: 10 dozen grey flannel shirts, 22 dozen pair socks. Until the recent order came from headquarters to suspend surgical work till further orders, the bales sent to Toronto monthly averaged: Two surgical shirts, 17 surgical kits, 276 dozen small pads, and 22 dozen large pads, 156 dozen compresses, 1 dozen many-tailed bandages and 7,000 gauze wipes in addition to regular hospital supplies.

During the past year, the 28th Regiment Chapter has spent on Red Cross work \$2,100. Donated \$225 to Canadian tobacco fund; donated \$25 for prisoners in Germany; sent \$200 for Christmas gifts to Canadian soldiers in the trenches; sent \$500 to British Red Cross; \$200 toward motor ambulance fund from D. O. E. of London, Ont., for France; \$200 to Maple Leaf Club Recreation Hotel for Canadian Soldiers on leave in England from France; \$300 toward Belgian relief fund; \$100 for French relief work; \$50 to Dominion Tactile Press Company, for literature to the blind; \$200 to Perth Battalion for comforts for soldiers.

In Stratford for a year, we have had an organized house-to-house collection of city, carried on each month by the members of chapter, by which a monthly fund of \$800 is raised for Red Cross

work in Germany, from whom very grateful acknowledgment and appreciation is received.

Since the annual meeting held in February, the chapter has raised the sum of \$321.15, from which contributions to the following have been made: Belgian relief fund, Western University Hospital Unit, education of blind soldiers, recreation tent for the 186th (Kent) Battalion. Work meetings are held every week for sewing and knitting, and several bales have been forwarded to the Red Cross Society at London.

M. BAWDEN, Secretary.

**Named After Famous Fort.**

"Ever Loyal" is the motto of the Fort Malden Chapter, I. O. D. E. of Amherstburg, which has had a most honorable record of service, both before and since the outbreak of the war. A member of the chapter writes thus entertainingly of its aims and achievements:

"The chapter itself was named to commemorate the old fort on the Detroit River, connected for a hundred years or more with historical and military associations.

"In times of peace the chapter existed for the purpose of keeping alive our interest in the history of the old town, prizes and medals being given for several successive years to the pupil writing the best essay on Fort Malden, and also for the purpose of binding us in stronger bands of love and loyalty to our beloved British Empire.

"Upon the advent of war Fort Malden Chapter immediately rallied all her forces, and organized committees to

look after the comfort of our volunteers, not only while quartered here, but following them across the sea with many a parcel of home comforts, as a token of gratitude from those they have gone to defend. When two of our recruits were laid to rest in our soldiers' plot in Rosehill Cemetery, letters of sympathy were sent to their relatives in England, and grateful answers have been received.

"Since the war the chapter has had a large increase in the number of its members, ten of whom wear the badge with red bar attached, signifying they are mothers of overseas soldiers.

"They have had teas and tag-days, card parties and banquets, and have been zealous in every undertaking, where they might raise money for patriotic purposes.

### THE Gerhard Heintzman Canada's Greatest Piano

Deserves its title, because it possesses ALL the best and many exclusive points known to piano-making.

We expect to do more than assert this: so great a claim must, of course, be demonstrated, and this demonstration we are prepared to make.

The closest and most critical examination of the GERHARD HEINTZMAN is invited—the most careful comparison with all other makes is requested. An opportunity will be welcomed to go over this Piano with you to its last detail.

Once you know the Gerhard Heintzman as we know it, and as thousands of owners know it, you, too, will call it "Canada's Greatest Piano."

### Wonderful Improvements to the Player-Piano

We announce the most revolutionary advance in Player construction since the instrument was invented.

There has at last been perfected an ALL-METAL Player mechanism—metal instead of wood, metal instead of rubber, metal instead of leather, seamless brass and copper parts, eliminating countless joints and yards of leather and, at last, making possible a durability in a Player Action unaffected by the temperature, weather or climate.

[Correspondents are requested to make their inquiries as brief as possible, and to write on one side of the paper only. It is impossible to give replies within a stated time, as all letters have to be answered in turn. No letter can be answered privately.]

**Deplores "Slap-Banging."**  
Dear Miss Grey,—I do wish the slap banging the farmers' and soldiers' wives would cease. We all know there are good, bad and indifferent in all classes and in all positions. To my mind khaki has become a sacred color and ought to be respected. Men donning it are giving up all that they count most dear, friends, home, loved ones and in many cases their life. This is a hard, terribly hard, but I think the heaviest burden-bearers and the greatest "soldiers" are the mothers and wives left behind, who wait for what they dread to put into words. It is easier for the men at the front in many ways, when they can give vent to their feelings by aiming a blow or a shot. The enthusiasm of conflict makes many a man a hero, who would simply go under if shouldering the weight many of the women are carrying today. But to the broken-hearted wives, whose enforced inactivity adds to their sorrow, and the burden of bringing up their little ones single-handed, why no words can express our sympathy and heartache for them. How would it be to look at them through rose-colored spectacles, for while the war lasts at least?

**Would like to say to "Seventy Years Young"** how pleased I was with her "kittish" things. They do help to make an appetizing dinner. Also "Kelly's" walnut macaroons were delicious, and "Mrs. M.'s" biscuits were good. They brought beautifully. Am I including the song "Daddy" someone asked for some time ago. It is one of my favorites.

**Can anyone tell me the best method of cutting up cottage soap?** I have tried both using a knife and a string, but soap only breaks, and leaves a lot of waste.

**Will some singer kindly suggest a few wondrous songs, also duets, for bass and soprano, either sacred, or something between sacred and humorous?** Not comic, please.

**Am curious and silly enough to wonder if you remember my screw.** Will change my signature to

**AMARILLY.**

**Ans.—**Yes, ma'am, I remember it quite well, but his cruel to change your name and thus conceal your identity. Somehow, though, in my mind you are connected with a manse, or was it a parsonage? Please let me know, for I shan't sleep until I do. (Only eight or nine hours per diem, you know).

**The soap you are buying must be too dry.** If you could buy it "green," cut it at once, and store on your shelves, I believe you should have no trouble. Perhaps some other housewife will "speak her say."

**Singers please tell "Amarilly" of some nice pieces.**

**Polyannas vs. Granny Letters.**  
Dear Miss Grey,—My last letter got it. But the gist of the page has given me enough courage to try that goal with some more stamps. I hereby propose that arguments, debates, etc., be left to your Mail-Box. Let's have a contest where we can write the most cheerful, comical or helpful letter. Let's all be Polyannas instead of Granny Grants. You know laughter is the healthiest weather of the heart. We can't always hide our sorrows with a smile, but we surely can our grumbly-ings with "Lazy Daisy" motto ornaments.

**"Smile a while, and while you smile, and another smile, and soon there's miles and miles of smiles, and life's worth while because you smile."** Keep a picture of that in your office or kitchen. It works wonders. And then sit down and write "smiley letter." Miss Grey, your own opinion please, and here's hoping. CHLOE AND THEBERTY

**Ans.—**So the jabberwocky got you the last time. Dear, are you sure? What name did you write under? Then maybe I'll know.

**Your proposal will meet with favor, I hope, and yet you know this page is meant to be a sort of safety-valve, for the escape of little weeps and wails, as well as of bubbling-over high spirits. I'd sooner read a doleful letter than a patiently attempting to be "funny." However, what do you Pagettes say?**

**Reading for Tommy.**  
Dear Miss Grey,—As I am very fond of reading and poetry, I cut these clippings of papers some time ago. But as "Tommy" asked in a letter of reading, she is doubly welcome to them. I know there are times when I would like very glad to have something nice to read, and how last I feel without a book or story.

**Here is something for the indigestible baby, "Curly Head." My two oldest babies were born one a kind of fond and I got relief for them was impossible. I tried everything till I saw this recipe in a doctor's book. Get uniseed at a drug store, steep it, making a tea, and your mother drinks it. It increases the flow of milk and prevents colic. Then warm castor oil and rub the baby's stomach and spine and the baby is free from indigestion. Please, Miss Grey, if "Aunt Nannie" does not want "Mattie's" print patches, may I have some?**

**Ans.—**"Tommy" will surely be inter-

**Vinegar for Flies.**  
Dear Miss Grey,—I see where "Witch of a Struggle" is asking how to get rid of flies. I wonder if she has tried this way: Place a cup of vinegar on the stove, where it will simmer enough to make a little steam.

**Now for one question: What day did July 16, 1864, come on? A COOK.**

**Ans.—**Thursday. You write a very nice hand, so even and legible.

**"Lonely's" Forgiving Spirit.**  
Dear Miss Grey,—I was so disappointed at the way you answered my last letter to the Mail-Box that I had resolved to bother you no more, but when a reader asks for something I have, why my good nature gets the best of me and here I am again.

**"Without a Struggle"** asked for recipe for kiss cake. I happened to clip it out when "W. F. M." sent it in for my bust.

**And an enclosing same, with request that "W. A. S." return it when she (or he) gets it copied, as I am really too busy to copy it myself.**

**With best wishes to all readers, I am ORIGINAL LONELY.**

**P.S.—**I cannot vouch for the taste of this cake as I have never tried it yet.

**Ans.—**Flour old "Lonely!" So you're the "boiling down" Sorry, but if you could see the pile of letters left over each week because "there isn't room" you wouldn't feel so hurt. Ask to forward the recipe to "W. A. S."

**Not Quite Definite.**  
Dear Miss Grey,—My mother and I will adopt a soldier each. One can do service in France, the other a prisoner. I mean we will send them, eat, eat, we will see he gets no rest a patted every week. One with no relatives. FERNY.

**Ans.—**I'm not quite sure what you mean by "adopting a soldier" and a prisoner. Would you like your name

By Rev. T. S. Linscott, D. D. (All Rights Reserved.)

The six daily studies for this week constitute the International S. S. Lessons for next Sunday. Read the Bible Story on which this study is based, as you ponder the following questions:

1. "A Prisoner in the Castle." Acts, xxiii. Golden Text—"He is my refuge and my fortress; my God, in whom I trust." Psalms, cxi, 2.

9. Verses 6-8.—Saul and Jesus questioned and answered each other: to what extent is it our privilege today, to hold similar conversation with Jesus?

10. Verses 10, 11.—When a man asks God in life's emergencies, "What shall I do, Lord?" to what extent may he be sure of a clear answer?

11. Why would you say, or not, that Saul's blindness was a natural result of the exceeding bright light?

12. Verse 12.—Would such a devout man as Amanias be a saved man before he came in contact with Jesus? Why?

sent to the committee at the Red Cross Fund, or do you wish some of our readers to give you the name of a soldier and a prisoner to whom you could send "eats," etc? If the former, better write direct to the Red Cross committee, in care of Hyman Hall.

## NEW PROBE UNDER WAY

Strings on Agricultural College Work Pulled From Ottawa.

[Canadian Press.] WINNIPEG, Sept. 12.—W. H. Carter of the construction firm of Carter, Halls & Aldinger, swore this morning before the agricultural college commission that he had made contributions to the campaign funds of the Conservative organizations for Dominion and provincial purposes. Carter, Halls & Aldinger had contracts for much of the work on the agricultural college, the power-house contract being under investigation. Shortly before the Dominion election in 1911, said Carter, Hon. Robert Rogers telephoned him and asked him if his tender on power house was not too low.

"I said perhaps it was," continued witness, and he said, "I think the government can help you out." The original tender for the power house was \$50,728.

An amended contract at \$54,239 was prepared, he said, and signed. Soon afterwards, said Carter, D. E. Sprague asked him for a contribution for the Conservative election fund. He paid Sprague \$5,000 at this time and \$2,500 later, he declared.

Carter said he had also made contributions to the provincial fund, making payments to Dr. R. M. Simpson. He paid Dr. Simpson \$5,000 on July 9, 1912, \$5,000 on November 6, 1912, and a similar amount on March 18, 1914. "These payments to Sprague and Simpson, he declared, were "pure and simple contributions to Dominion and Manitoba Conservative funds, respectively."

The payments, he said, were made by check and put through as though charged to contracts under way, though they were not for payment on any account.

It will be the largest in the history of the state. Probate court officials of Ramsey County so declared yesterday when they learned that a preliminary inventory of the estate of the late railroad magnate, totaling approximately forty million dollars, the tentative figure given by the heirs when they petitioned for the appointment of Lewis Hill as administrator, was \$10,350,000.

# ENTIRE FIRST LINE OF GERMANS FOR 4 MILES CARRIED BY THE FRENCH

Hill 145, Marrieres Wood, and Trenches as Far as Bethune—Peronne Road Taken in Renewed Attacks—Fifteen Hundred Prisoners Taken.

[Canadian Press.] Paris, Sept. 12.—10:15 p.m.—The French infantry started a vigorous offensive today along a front of six kilometres north of the Somme, from the Comblès region to the river, and in half an hour took an entire first line of German trenches, says the official communication issued tonight. Another portion of the French forces carried a system of trenches along the road from Bethune to Peronne. Prisoners to the number of 1,500 had been taken when the report was filed.

Elsewhere on the front there was only artillery action. Their text of the statement follows: "Attack developed quickly. The battle continued today north of the Somme. Our infantry delivered a vigorous offensive on a six-kilometre front between the district south of Comblès and the river. The attack started at 12:30 in the afternoon and developed rapidly, thanks to the spirit of our troops, who in less than half an hour captured the whole of the first line German trenches.

"Subsequently pushing eastward with the same vigor, we took successively Hill 145, Marrieres wood, and the whole system of trenches as far as the Bethune-Peronne road, which we now touch from the southern outskirts of Bancourt to the district south of Bouchavesnes. Further south we pushed our lines on to Slope 76, west of Feuillaucourt.

Many Officers Taken. "Up to the present the total number of prisoners reaches 1,500. These include numerous officers.

"South of the Somme the artillery fighting was violent in various sectors, without infantry action. There was an intermittent cannonade on the remainder of the front."

## BRITISH CAPTURE FIFTY PRISONERS

LONDON, Sept. 12.—11:30 p.m.—The British official statement from general headquarters reads: "The situation is unchanged. There was intermittent hostile shelling on the front south of the Ancre. Our artillery destroyed some enemy gun pits and set fire to an ammunition store. During the last 24 hours some 50 prisoners have been brought in.

"In the course of aerial fighting yesterday one of our machines, which was escorted by a friendly biplane, was shot down by a hostile aeroplane, which fell out of control and disappeared in the clouds. Today a hostile machine was brought down in flames in our lines near Ezeretz. Two of our aeroplanes failed to return.

"A statement issued this afternoon said: "Yesterday evening our heavy artillery caused two large conflagrations in the enemy's ammunition depot at Grand Court. There was some hostile activity during the night against our lines between Delville wood and Mouquet farm. Otherwise there were no developments."

## GERMANS FEARFUL OF A BRITISH BLOW VIA THE NORTH SEA

Think An Invasion Will Be Made To Catch Them Behind.

[Canadian Press.] Berlin, Sept. 12.—Great Britain again is taking up serious consideration of the old plan of landing somewhere on the North Sea coast, which would enable her to attack the Germans in Belgium from the rear, according to information coming through The Hague.

Just how much, if any, truth there is in this is not known here, official circles denying any knowledge of such contemplation on the part of Great Britain. The same channels allege that there is a growing party in Great Britain holding that in such a move is the only chance of forcing the Germans out of Belgium, but that Holland is in no mood to be trifled with, and is grimly determined as ever to defend her neutrality against whatever side might attempt to violate it. The content also head of the war goes on the people of Holland more than ever desire to keep out.

American businessmen coming from Holland declare that a strong anti-American feeling is developing there in financial and business circles because America has not vigorously taken the lead of neutrals in defence of their rights.

## SHONTS REFUSES TO ARBITRATE TROUBLE WITH THE CARMEN

Rejects Proposal of New York Mayor To Discuss the Differences.

[Canadian Press.] New York, Sept. 12.—Refusal by President Shonts of the Interborough Rapid Transit company to arbitrate a proposed strike by Mayor Mitchell and the public service commission to arbitrate the controversy between the company and its employees, left little hope of settling the street railway strike by that method. Mr. Shonts promised to make a formal reply to the mayor and the public service commission later, but issued a statement flatly refusing to "let outsiders come between us and our employees."

William R. Fitzgerald, one of the strike leaders, promised that he and his associates would attend a conference with the mayor today, when his reply to the arbitration proposal will be given.

The mayor's plan was to appoint arbitrators to decide whether the contracts between the Interborough company and its employees were a violation of the peace agreement resulting from a previous strike, and whether the company had used fraud, misrepresentation or coercion in making these contracts.

The New York Railway Company, operating the majority of the city's car lines in Manhattan, hoped today to increase the number of cars in operation yesterday, when 278 of its cars were in service.

Although transportation within the city is far from paralyzed, thousands are compelled to resort to the use of automobiles, moving vans, trucks and other vehicles. Policemen beg rides from motorists, and are often seen on the running-boards of private cars. Many automobiles have been pressed into public service.

## LUDWIG STILL DREAMING

Says Germany Will Not Make Peace Without Bettering Position.

BERLIN, Sept. 12.—(By wireless).—No peace will be made by Germany which will not place her in a better position than she occupied before the war, declared King Ludwig of Bavaria in a speech inaugurating the new palace of Justice at Nuremberg as quoted by the Overseas News Agency.

"We do not know how long the war will go on," said King Ludwig in his address, "but we know to a certainty that we shall make no peace which lowers us, but only such a peace as will give us a better position than we had before."

"Long before the war broke out I said repeatedly that we could not be grateful enough toward our emperor, who so long maintained peace. In spite of our emperor's pacifism we are engaged in the greatest of wars, and we shall be able to withstand it, thanks to the tenacity and resistance of our brave troops."

A good idea of the quality, efficiency and popularity of McLaughlin Sixes can be formed from a knowledge of the type of men who buy McLaughlin Sixes.

As a class they investigate before they invest.

They are strong men of good judgment and keen discrimination, who approach the task of purchasing a car with the same clear analytic reasoning that they use in any business venture. Unswayed by glowing accounts and glittering generalities clothed in high sounding phrases, in newspaper print or salesmen's talk, these men assimilate the facts and recognize in the McLaughlin Six the combined qualities of the car they wish to own.

Abundant power is a necessity and these men realize that the McLaughlin valve-in-head engine develops more power with less gasoline consumption than any other type of motor of the same bore and stroke. Moreover the power of the Six is flexible power, easily controlled, making gear shifting almost unnecessary. The long wheelbase and deep wide seats, luxuriously upholstered in genuine leather, provide supreme comfort. The spring suspension smooths out the rough roads.

With twelve branches and hundreds of service stations all over Canada the McLaughlin Company gives the kind of service that appeals to the men who buy McLaughlin Sixes.

HUNGARY INDIGNANT OVER FAILURE TO PROTECT FRONTIER

Budapest Correspondent Says Railwaymen and Peasants Were Forced Available.

LONDON, Sept. 13.—According to the Morning Post's Budapest correspondent there is intense indignation in Hungary over the failure of the Government to make provisions against a Rumanian advance immediately after the declaration of war.

"The Rumanians reached important points on the frontier, and within the frontier, before the people realized what was happening," says the correspondent. "The defence of the frontier was undertaken by gendarmes, railwaymen and peasants, owing to the absence of Hungarian soldiers."

"It is stated that the defence of Transylvania was originally entrusted to Gen. Glanzer-Ballin, but the latter had been given another command, and since then nothing has been done—the authorities simply trusted to luck in the hope that Rumania would not after all abandon her neutrality."

Belgians are Starving While Canadians Have Plenty

Our Heroic Allies Deserve More Help than We are Giving

An accident of geography, and the fortunes of war, have subjected Belgium to the cold-blooded, calculated cruelty and attempted starvation of the German conquerors—while we in Canada, secure from danger, are making money out of the War.

Legitimate though our profits are, we surely owe a substantial share of them to our Allies, who are destitute because they dared stand up for their rights and defy the enemy.

We have given much—but barely enough to help keep the Belgians alive. More of them every week are calling for help, as their own resources are exhausted, and every one of the millions should have something more than the three slices of bread and the pint of soup which is all the Relief Commission can supply out of present contributions.

If you have been helping, do more if you can till the war is over and Belgium is free. If you have not given yet, will you make up for lost time with a substantial contribution? Better still, will you give, every month, enough to feed one or more Belgian families, at the rate of \$2.50 each per month?

Whatever you can afford to give, send your subscription weekly, monthly, or in one lump sum to Local or Provincial Committees, or

Send Cheques Payable to Treasurer Belgian Relief Fund 59 St. Peter St., Montreal.

"HAD ALMOST GIVEN UP."

Sarnia, Ont.—"About 27 years ago I was taken very bad, my blood, too, was in bad shape. I got so I had to go to bed and I was there for over three months. I could not eat and suffered untold agony. I had three of the best doctors I could get, but just seemed nothing was going to help me. I had almost given up. I thought I would never be any better and was willing to give up and die rather than suffer as I was. A neighbor of mine told me of Dr. Pierce's wonderful remedies and I decided to use them. My husband bought me six bottles of Favorite Prescription. I had not taken it long until I felt better. In less than six weeks I was out of bed, and in less than six months I was cured and have been well ever since. Do all my own work. I have raised three daughters, two are married and have children. They have used it and they are healthy, so are their children. I am sure it was all on account of my having them use the medicine.

"I keep all of Dr. Pierce's medicines in the house. Have Favorite Prescription, Golden Medical Discovery and 'Smart-Veed'—anything prepared by Dr. Pierce is good. I also have a copy of the People's Common Sense Medical Adviser which I have had 26 years; it has been very valuable to me."—Mrs. J. Way, 232 Ontario street, Sarnia, Ont.

If you are a sufferer, if your daughter, mother, sister needs help, get Dr. Pierce's Favorite Prescription in liquid or tablet form from any medicine dealer listed in Buffalo, N. Y., and get confidential medical advice entirely free.

A most valuable book in any home is Dr. Pierce's Common Sense Medical Adviser. A splendid 1,082-page volume, with engravings and colored plates. A copy will be sent to anyone sending fifty cents in stamps, to pay the cost of wrapping and mailing, only, to Dr. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up nearly 50 years ago.

Woman Made Well by Lydia E. Pinkham's Vegetable Compound.

Columbus, Ohio.—"I had almost given up. I had been sick for six years with female troubles and nervousness. I had a pain in my right side and could not eat anything without hurting my stomach. I could not drink cold water at all nor eat any kind of raw fruit, nor fresh meat, nor chicken. From 175 pounds I went down to 118 and would get so weak at times that I fell over. I began to take Lydia E. Pinkham's Vegetable Compound, and ten days later I could eat and it did not hurt my stomach. I have taken the medicine ever since and I feel like a new woman. I now weigh 127 pounds, so you can see what it has done for me already. My husband says he knows your medicine has saved my life."—Mrs. J. S. Barlow, 1624 South 4th street, Columbus, Ohio.

Lydia E. Pinkham's Vegetable Compound contains just the virtues of roots and herbs needed to restore health and strength to the weakened organs of the body. That is why Mrs. Barlow, a chronic invalid, recovered so completely.

It pays for women suffering from any female ailments to insist upon having Lydia E. Pinkham's Vegetable Compound.

SPAN DID NOT BUCKLE; WENT DOWN ALMOST INTACT

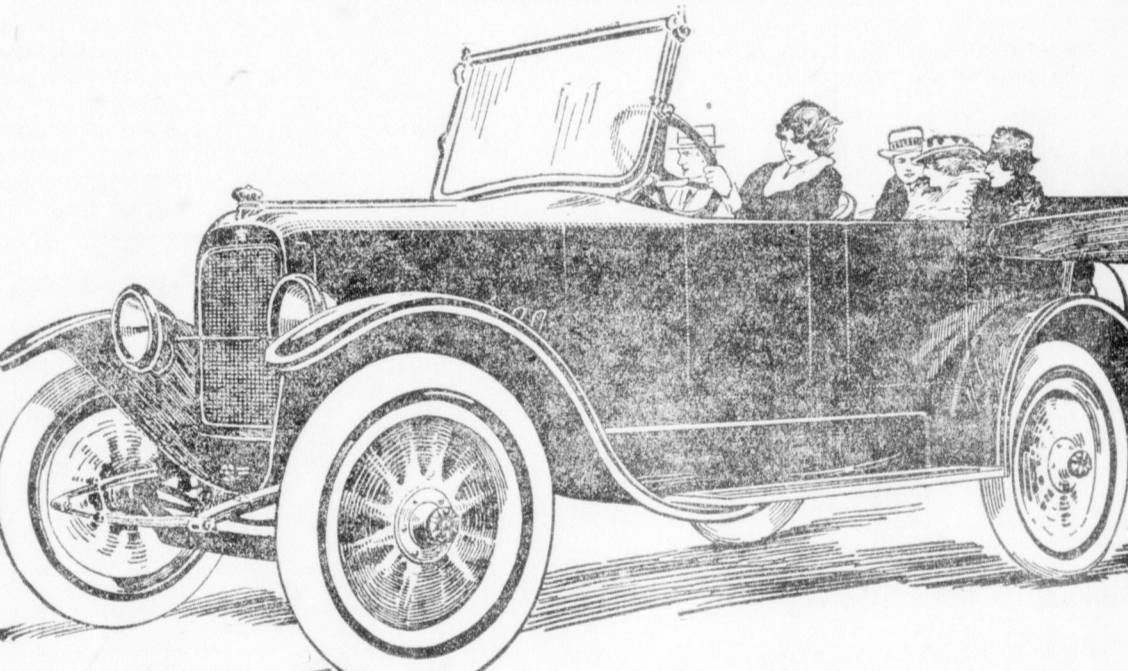

Engineer Says Accident Was Caused by Failure of Casting on Lifting Girder.  
 QUEBEC, Sept. 12.—As a result of a conference between officials and engineers on the possible cause of the fall of the centre span of the Quebec Bridge, the following statement has been authorized by Mr. G. H. Duggan, chief engineer of the St. Lawrence Company, Limited, after various exhibitions had been heard and thoroughly discussed: "Careful examination by the board of engineers indicates that the centre span of the Quebec Bridge was lost through the failure of the casting on lifting girder on which span has been resting with greater load for the last six weeks. The cantilever arms are uninjured in any way, and preparations are now under way to replace centre span as soon as practicable."

# WAR LOAN DOMINION OF CANADA

As with the previous Loan, we predict a great success for this issue. During this period of stress our Government needs our help and counts upon our patriotism. But a chance is given investors of placing their money in securities of the highest grade, upon terms of liberality of which will, perhaps, not be fully realized until the return of normal times.

If this Loan were issued to yield 4½%, instead of about 5 1-3%, the price would be 105.41, instead of 97.50. A 4% yield (the basis on which Dominion Government bonds sold so recently as 1914) would mean a price of 111 for the present issue.

We will forward your application, procure your allotment and render other services free of charge to you.

To ensure allotment application should be made at once

## LONDON HAS ONE OF THE LIQUOR VENDORS LICENSED IN ONTARIO

Chairman Flavelle Makes Announcement—Toronto and Hamilton Are Other Favored Centres—Three May Be the Limit.

[Special to The Advertiser.]  
TORONTO, Sept. 12.—Three "vendors' licenses," under the provision of the Ontario temperance act, which comes into force at 7 o'clock next Saturday evening, have been granted by the provincial license commission. Chairman J. D. Flavelle announced the selection today as follows:  
R. H. Howard & Co., 29 Front street east, Toronto; E. B. Smith, 131 Dundas street, London; and William Cleland, 29 Charles street, Hamilton.  
It is within the authority of the board to appoint other vendors if deemed advisable, but the probabilities are that the three selected will be the only ones licensed during the first year of the operation of the new act.  
It is likely that the successful applicants from Toronto for "standard" licenses will be announced tomorrow. It is understood that Toronto's quota of "standard hotels" will be eighty. Of these nine are hitherto unlicensed places, such as temperance hotels in the residential parts of the city, and one formerly licensed hotel in West Toronto. The remaining eighty are city hotels now licensed.  
A yarn published today in an evening paper to the effect that an important cabinet council meeting to consider changes in the act was held during the day, at which J. W. Flavelle, chairman of the license commission, was present, was manufactured out of the whole cloth.  
"It is silly nonsense," declared one minister, when the report was brought to his attention. "Anyone with the most rudimentary knowledge is aware that no cabinet can tamper with the statutes. What did happen was that certain of the ministers sought conference with Mr. Flavelle as to the question of law enforcement under the new act. It is understood that the intention of inspectors throughout the province was also under advisement, and that decisions were reached which will be announced within a few days."

## ANOTHER FATAL ACCIDENT AT CLEVELAND TUNNEL

[Canadian Press.]

## QUEBEC BRIDGE DISASTER AROUSES ENGLISH INTEREST

Expert Attributes Collapse to Defect in Lifting Apparatus.

[Canadian Press.]  
London, Sept. 12.—News of the Quebec bridge disaster was read with a lot of interest in England. The news reached the morning newspapers too late for comment, although the Daily News printed an illustration of the structure on its front page. The report of the casualties in the accident did not reach the public until the afternoon newspapers appeared.  
The Pall Mall Gazette, in its notes of the day, says there would seem to be a grave defect somewhere. In the oversight of Canadian engineering to permit of such a catastrophe repeating itself upon the same site. The same paper says the design of the bridge has been subjected to a good deal of criticism from a technical, artistic and financial point of view, but the speed and regularity with which the work was being carried out was the theme of universal admiration.  
On the other hand, the editor of the Engineer, assured a correspondent that he had never heard of or seen any adverse criticism of the design. An engineer who had seen the bridge under construction contended the idea that the central span collapsed. He attributes the accident to a defect in the lifting apparatus.  
Canadian Pacific stock weakened on receipt of the news of the accident. The reported gain in the weekly grain traffic being nullified, but the price firmed up later.

## REFERS TO SIMCOE CASE

Emerson Ramey Given Benefit of Doubt—Warning to Vendors.

[Special to The Advertiser.]

TORONTO, Sept. 12.—In giving judgment in the hearing of the case of Emerson Ramey, proprietor of the Queen's Hotel, Simcoe, who was charged with selling liquor on Labor Day, and who was "given the benefit of the doubt," as the chairman of the license board put it, Mr. Flavelle today made the position of the commission clear.

"There seems to be an undercurrent of feeling among hotelmen throughout the province," said he, "that the board purports to be lenient regarding law enforcement during the few days of license law remaining. This is a serious mistake.  
"The impression seems to be alarmingly prevalent that the authorities are to be lenient with bottle-selling, and that they are prepared to allow things to run loose on Saturday night. The board has no knowledge of any such intimation.  
"On the contrary, it proposes to be doubly strict in the matter of law enforcement. Any attempts at illegal bottle-selling business between now and 7 o'clock Saturday night will be prosecuted vigorously, and any selling after the hour of 7 o'clock Saturday night will subject the offender to conviction under the Ontario temperance act, with a minimum fine of \$200 and a maximum fine of \$1,000, besides the cancellation of the standard hotel license."

[Canadian Press.]

[Canadian Press.]  
Atlantic City, N. J., Sept. 12.—A three-years' campaign of education in an effort to unify and standardize the printing business was planned at yesterday's session of the United Typothetae and Franklin Clubs of America, in annual convention here. Plans for the campaign, which it is estimated, will cost more than \$1,000,000, were submitted by Albert W. Finlay of Boston, president of the association. President Finlay's plan provides for enlisting financial and moral support of the machine manufacturers, type foundries, paper manufacturers and dealers. The movement also undertaken is to minimize the competition which is feared from abroad at the close of the war.

## 1,213 RETURNED SOLDIERS HAVE BEEN GIVEN WORK

Ontario Hospitals Commission Finds Many Positions.  
TORONTO, Sept. 12.—The Ontario Hospitals Commission has placed 1,213 returned soldiers in various positions from the time that the movement was first launched up to the last of August. These figures are as near as can be compiled. The number of situations secured would if known total around 1,800, according to Secretary Joseph Warwick of the commission. In many cases they have had difficulty in locating the returned men in employment that

## suited them, and this has resulted in a number of them being placed in as many as five and six positions before they were finally suited. Then again, some of the returned men have proved rolling stones, and have made many calls for positions when they would tire of the one they held.

## THE NORTHERN LIFE ASSURANCE COMPANY OF CANADA

HEAD OFFICE: LONDON, ONT.  
Are you contemplating an Endowment or Life Policy? If you think you can put it off until you can spare the money you will never take it.

**DO IT NOW**  
Do not wait too long, nature may take a hand, and you would be uninsurable. Would you procrastinate insuring your home or business against fire? Why lay odds against death, which is more certain. If your home burns you can replace it. Can you picture your wife and family suddenly deprived of an income by your death? Secure them a competency at once by insuring your life. Better make a trifling sacrifice now for life insurance than deprive them of everything later by your neglect.

Life insurance banishes worry and prolongs life. Why worry, DO IT NOW.  
Our special representatives, Mrs. John Stevely—Mrs. R. C. McCall, will be pleased to call upon you. Drop a card, or phone 529, 317 Dominion Savings.

## TILBURY FIRE WAS SPITE WORK, CLAIM KENT AUTHORITIES

Farmer Is Said To Have Set Dog on Accused.

TRAPPED BY A LETTER?

New Junior Judge Is Warmly Welcomed by Bar Members.

**CHATHAM**, Sept. 12.—Fred Truog, the Tilbury man arrested on Sunday night charged with setting fire to the barn and farm buildings of W. S. Martell of Tilbury, which caused a loss of \$15,000, was taken to the police station on Friday night.

According to the police, the defendant set fire to the farm buildings of W. S. Martell because the farmer had set the dog on to him, believing that he was trying to court the affections of the farmer's daughter.

The police claim that the prisoner deliberately set fire to the buildings, and left for Detroit. It is alleged that the young man was inveigled by letter to return to Tilbury to take the farmer's daughter for a ride during the week-end. Tonsignant arrived in Tilbury, and was then arrested.

**MILWAUKEE BOXING SEASON OPENS TONIGHT**

Milwaukee, Sept. 12.—The boxing season in Milwaukee will open tonight with a card featuring by a ten-round non-decision contest between Ritchie Miller, Ontario, and Stanislaus O'Brien, New York, lightweights. The boys are to weigh in at 135 pounds this afternoon.

**ADMITTED SUPPLY LIQUOR**

SARNIA, Sept. 12.—Alex. Gray, an Indian, charged with supplying liquor to Caleb Laseell, pleaded guilty. He stated that Laseell's wife gave him the money to purchase the liquor, and that some foreigners in the south end of the town secured three quart bottles of Scotch whiskey, one of which he gave to Laseell, and which was discovered on Laseell, nearly empty. Gray was fined \$25 and costs \$5.25, or three months in the county jail.

**OVER \$18,000 HANDLED BY GUELPH RED CROSS**

GUELPH, Sept. 12.—Reports presented at the annual meeting of the Red Cross Society here today showed that although over \$18,000 has been handled, besides all the other work of sending the money to the aggregate expense of the society for operating have been less than \$100. Since the inception of the tobacco fund campaign, \$2,194 have been raised for that purpose.

**TEN MINUTES COSTS \$3.25**

SARNIA, Sept. 12.—T. H. Elliott, a local barber, was convicted of violating the 8 o'clock closing law on September 8 by admitting a customer to his shop about 8.10 p.m. Sentence was suspended on payment of costs, amounting to \$3.25.

**NEW JUDGE WELCOMED.**

CHATHAM, Sept. 12.—His Honor Judge Coughlin, the Stratford lawyer recently appointed to the judicial bench of Kent County, was accorded a warm welcome by J. C. Fraser, K. C., of Wallaceburg, on behalf of the outgoing judges, and by John Walker, K. C., on behalf of the Kent Bar Association, when he opened his first court in Chatham this morning.

**WALL STREET.**

New York, Sept. 13.—Wall Street, 10.30 a.m.—Prices tended upwards again at the opening of today's session, the wide and general gains of recent sessions were lacking, and the undertone indicated a degree of irregularity. Shipping shares were active, but moved uneventfully. Mariner and United Fruit suggested realizing. American Smelting led the coppers with an additional 1 1/2-point gain, and sugars rose 1/2-point. Some of the equipments were materially higher. United States Steel made only moderate headway and rails were barely steady.

## THE LOCAL MARKET

**LONDON STOCK EXCHANGE.**  
London, Sept. 12.—The stock market was quiet, with a good undertone today. Peruvian issues and rubber and industrial shares were firm, but gilt-edged securities and home rails were inclined to ease off under the lead of Consols. American securities were dull and featureless.

**Trend of Cotton Prices Continue To Be Irregular**  
Values Wind Up Slightly Higher Than Monday's Closing.

[Reported by Thomson & McKinnon.]  
New York, Sept. 12.—Cotton was an irregular market which wound up however, a slight higher. At one time it showed an advance of 15 points or more owing to a prediction of frost in Northwest Texas and Oklahoma, another tropical storm in the Bahamas, strong cables, good Liverpool buying some buying by spot houses and Wall Street covering by shorts, and last a noticeable falling off in southern shipments. Spot prices here advanced 15 points at Norfolk 23 at New Orleans, the exchange bureau in a day or two will publish bullish figures on the consumption during August. Some fear that this may be a weak season at the south with an unusually early frost, but the market is not generally before the second week of October. It is rather a volatile market for the moment, but the south is on the whole less disposed to sell on declines.

The market may back and fill for a time under the influence of weather or southern selling, but in the end a good many believe the course will be upward, under the spur of a short crop and a big consumption.

I. O. D. E. MEMBERS

"In this way they have realized in the past year over \$700, part of which has been distributed as follows: Toward the colors presented to the 39th (Essex) Battalion, which were recently deposited in Parish Church, Windsor, England, \$42.71; comforts for soldiers and prisoners of war, \$352.85; gift to local patriotic society, \$50; a cot in Maple Leaf Club, London, Eng., \$20; a cot in Western University Hospital, England, \$25; to Queen's Field Ambulance, Kingston, \$25; to sanatorium at Union-on-the-Lake, \$24; to training school for blind soldiers at St. Dunstons, England, \$10; also two barrels of jam to soldiers in England.

Good Fairies of 186th Battalion. One of the very enterprising chapters of No. 1 Military District is the 24th (Kent) I. O. D. E., which, among other successful ventures of the year, published a special King's birthday edition of the News. A "Socks' Day" was also held, when money was collected for wool, both of these efforts adding very much to the treasury.

A khaki club for the men of the 7th, and later of the 186th Battalion, has been kept open in Chatham, while a recreation tent has also been contributed to the 186th Battalion, which has been put up at Camp Borden. The members of the chapter are playing still further the part of fairy godmothers to the men of the 186th. During the summer they have devoted all their time to knitting socks so that when the men of the 186th are ordered overseas, they will have enough to give each man two pairs.

The chapter has already started on its Christmas work and is endeavoring to obtain the name of every man who has enlisted with the 186th. Each man of the battalion is going to get a Christmas box through the efforts of the chapter, which will have a store down town to receive contributions of individual cakes, about a pound each, etc.

Since last February the chapter has raised the splendid sum of \$4,591.10. Claps has been presented to the members who have husbands or sons overseas, and several more are waiting to be presented at the first opportunity. The members of the chapter have contributed to two motor ambulances, to the prisoners of war fund, to the fields' comforts commission, to the Maple Leaf Club. They provide comforts for any of their men overseas who are sent to any hospital, and have a special committee who do that work. They have sent their hospital supplies to Moore Barracks, to the Canadian war contingent, and to Shorncliffe, and have been most fortunate in having all their cases acknowledged promptly.

Havecock Chapter's Broad Patriotic Work.

At the beginning of the war, the Woman's Patriotic and Red Cross League of Woodstock was organized under the auspices of the Havecock Chapter, I. O. D. E., and all the members of the chapter assist financially, by making soldiers' comforts, and by canvassing the city for subscriptions. The secretary, Mrs. M. M. Nesbitt, states that about \$750 has been raised by the chapter in the past year for its work, by running a tearoom, by a benefit from the Princess Theatre, several bridges, a lecture by Miss. Andre, a shower, sale table, etc. Contributions amounting to \$822.25 have been given to the Motor Ambulance from the I. O. D. E. of No. 1 Military District; British Red Cross, the University Hospital Unit, soldiers' comforts, including Christmas cheer, surgical outfit, oilcloth for the 71st dining tables, oilcloth for 168th Battalion, a dining table, hand instruments for the 71st, Serbian relief, socks for soldiers.

diets at the front. Sir George Perley overseas, etc.

Ahmed Chapter Recruiting. Mrs. Elliot, regent of the Ahmed Chapter, I. O. D. E., of Goderich, writes: "During the past winter we were much interested in the recruiting of the Goderich company of the 'Hurons,' the 161st Battalion. The four chapters of the I. O. D. E., Goderich, gave a service mirror to every man from here in the company."

Further, in regard to the work of her chapter she says: "Until August, 1914, the chief aim of this chapter was to help in every way the Alexandra, General and Marine Hospitals and this year we were able to continue the work in providing comforts, linen, etc., to the amount of \$167, as well as sending to the Canadian Women's Hospital in Kasulu, India, the sum of \$5. With a membership of 59 we have tried to respond to every appeal made in behalf of our soldiers overseas and at home. With the combined efforts of all the women's organizations in Goderich the sum of \$760 was collected towards a field kitchen for the 32nd Battalion, Combining the Maple Leaf and Songolatha Chapters of the I. O. D. E. we sent \$50 to endow a bed in the Convalescent Home for Canadian Soldiers at Linton Castle, to be named after the three chapters. The following objects were subscribed to: Queen Mary's Christmas Gift Fund, \$5; to Belgian Relief Fund, \$10; to comforts for Indian soldiers, \$5; to Maple Leaf Club, London, England, \$25; to Princess Patricia Military Fund, \$15.80. We have promised to send at least \$5 monthly to the Overseas Tobacco Fund, but so far have exceeded this amount. We have adopted two prisoners of war in Germany, named Jacques Chaney and H. Bayley. We have this week given 59 pairs of socks to the war auxiliary of Huron County for our men in the 161st before they leave for overseas."

Work at Port Stanley. Reporting on the past year's work of the Port Stanley Chapter, I. O. D. E., the regent, Mrs. Cromwell, says: "I thought that we have helped in even some small way in the world's great struggle encourage us to enter heartily into another year's work. The Port Stanley Chapter in the past year has raised \$551, and has made donations to the British Red Cross, the National Chapter, the Canadian Red Cross, the district motor ambulance fund, Belgian relief, the Maple Leaf Club annex, the overseas tobacco fund, Serbian relief, soldiers' disabled fund, and \$5 to each of 23 village boys going overseas. Three prisoners of war are being supported by the chapter. The chapter is honored by having one of its members in active service as a nurse in France, Miss Price. Hundreds of articles in the way of hospital and surgical supplies and soldiers' comforts have been made up and at Christmas time 56 pounds of cake, 56 quarts of jam, and 10 pounds of candy were sent overseas. Mrs. Cromwell concludes her report with the past year was the annual meetings, one in London and the one in Toronto.

General Brough? a Familiar Name. The General Brough chapter of Goderich should have a special interest for Londoners from the fact that the name "Brough" has been given to a section of the city in the form of "Broughdale," called after the late Archdeacon Brough of St. John's, London. The Goderich chapter has called itself after two General Broughs, both commanders of the English forces at Halifax, one an uncle and the other a grand-uncle of the regent of the chapter, Mrs. Macdonald. "Strathland" and one a brother of the late Archdeacon Brough. The chapter during the past year has devoted its entire energy to work for the soldiers, assisting in providing equipment for the 151st Battalion and contributing to the furnishings of the Khaki Club opened last winter in Goderich, while the 161st was stationed there. The members work constantly for the Red Cross Society, of which the regent of the chapter is also president. Two prisoners of war have been adopted and donation made to the British Red Cross, a convalescent home near Folkestone, England, to maintain a bed for a Canadian soldier. All funds are raised among the members themselves, the one public venture being a tea, of which the proceeds amounted to \$70.

Glen Gordon Chapter Assisted. F. Phyllis Plummer, secretary of the Glen Gordon chapter of Stratford, writes: "The Glen Gordon chapter is a primary chapter of sixty and old members. It was organized in December, 1915, but did not come into active existence until January, 1916. It relies for its financial support on monthly contributions from businessmen, donations from organizations, and private individuals, and bazaars, concerts and various undertakings, conducted by the members—money from the latter sources forming a special account, to be drawn upon for the various donations made by the chapter. Donations and contributions received pay the current expenses of the chapter. In the seven or eight months of its existence, the chapter has received by subscriptions regularly \$75 monthly from a number of businessmen, and approximately \$100 in special gifts and donations. About \$485 has been raised by such means as a cabaret, tea, patriotic dance, collection of old subjects, and the folk musical recital, Sunday band concert.

Three shipments of Red Cross supplies have been sent off and another is now ready. The finances of the chapter are now in a flourishing condition, the treasurer's report at the last meeting showing a balance on hand of \$443.05. Our expense account is greatly reduced, owing to the fact that cotton and flannellette are supplied to us free of charge, and much of the cutting is done for us by some of the city's very public-spirited manufacturers. Regent a Nursing Sister Overseas. The Maple Leaf Chapter of Goderich has had the distinction of seeing its regent go overseas as a nursing sister. Last Christmas a box was sent to the regent, who was then in the Island of Lemnos. Ten dollars was also sent for presents for Canadian soldiers. The needs of the people at home were remembered and a Christmas tree furnished for some 40 children. This chapter has taken much interest in French relief, knitting fifteen pairs of socks for French soldiers and making blouses for French boys, twelve baby skirts, and sending a quantity of second-hand clothing to the Secours National, Dures.

At present twelve personal property bags are being made to send to a hospital in France.

The chapter in the past year has raised \$313.47 through donations, paper collection, a garden party, etc. Expenses have been kept at a minimum at the personal expense of the members and by the co-operation of the townspeople. Since the beginning of the year the chapter has been sent to furnish necessities to a prisoner of war. Contributions have also been given to the Maple Leaf Club, London, Eng., the Victoria League, for a library of national history for a school in the Northwest and for the provision of mirrors for the Goderich company of the 161st Battalion. Information regarding the chapter and its activities has been furnished The Advertiser by the secretary, Miss Edrie Tye.

Field Day Proved Big Success. The enterprising Wallaceburg Chapter of the I. O. D. E., known as Selkirk of Baldoon Chapter, has raised since February last the sum of \$2,641.82. The largest item in this sum was the proceeds of a field day held July 1, which amounted to \$936.88, after all expenses were paid. February last, a canvass of the town was made, and each family asked to give 5 cents per week, for providing comforts for the soldiers in hospital and in the trenches, through the Red Cross and the C. W. C. A. A tea room for the winter months secured the sum of \$350. A donation from a patriotic league of young girls of Wallaceburg amounted to \$25.45. The money has been used in the usual way for the benefit of our fighting men. The chapter has also collected and forwarded five boxes of clothing for fire sufferers in Northern Ontario. Sydenham Chapter, Dresden. The total amount of money raised by our chapter is \$1,182.48, by means of teas, concerts, conservation committee and donations. We have knitted 1,965 pairs of socks, besides 100 handkerchiefs, etc. We have sent 10 boxes overseas, and 5 boxes to wives of soldiers in Dresden. There has been 52 men from Dresden and vicinity enlisted during the time, and also 65 men from other parts of the town. The following is a list of the contents of the box: One scarf, 2 washcloths, 1 toothbrush and paste, 1 dozen envelopes, and writing paper, 2 bars of soap, 1 chocolate, 4 packages chewing gum, 4 packages of soap, 1 pipe, 2 pencils, 1 comb, 1 small khaki Testament, 1 personal property bag, and various articles. We also send the men of C. Company, 158th Battalion, in socks. MARIK GILBERT WILLIAMS, Secretary.

Published Patriotic Newspaper. Probably the outstanding feature of the year of great activity on the part of the St. Thomas Chapter, I. O. D. E., of which Miss Moore is regent, was the publication on April 19 of a patriotic edition of the Times, in co-operation with the management of the paper, this venture alone bringing to the treasury \$1,500.

Among other money-making enterprises was an afternoon tea held at a local store at the time of the fall opening, a dance at the Port Stanley Casino, serving refreshments on the Consulate Institute field day, when receipts were also received from the programs. The chapter has also opened a tearoom with a sales room for fancy goods, where yards of ribbon, buttons, etc. are sold. This is becoming increasingly popular. Trafalgar Day collections alone amounted to \$227. In connection with the Port Stanley Casino dance, generous donations of goods were received to be sold. The proceeds of tickets sold for drawing of a gold watch donated by Mrs. E. H. Flock amounted to \$210.30. Towels from a shower held were forwarded to Dr. W. A. Burns and acknowledged by him to both his wife and Capt. H. G. Caldwell, C. A. D. C., base stores.

Selling of war cake recipes raised the money to form a fund for the 18th Battalion in the trenches. One banquette has already been given for returned soldiers and another is a possibility of the near future. The chapter has contributed, among many objects, to the motor ambulance from No. 1 Military District, the "Knitting in the Soldiers' Aid Commission, British Red Cross, Western University hospital unit, the Secours National, Toronto, in aid of the refugees, etc. In addition to making generous provision for the comfort of the men of the 91st Battalion. It was under the auspices of this progressive chapter that the second anniversary of the war was fittingly celebrated in the court house, St. Thomas.

Ran Overseas Club for 91st Battalion. The Antikiske Chapter of St. Thomas has raised in the past year the sum of \$296.88 by flower shows, bazaars and a rummage sale. The special work of the chapter has been the sending of comforts for the Elgin men of the 91st Battalion, 15th Battalion and Pioneers, such as bedclothes, gloves, etc. The chapter especially enjoyed running the 91st Overseas Club downtown. This chapter has two of its members, Misses Lelich and Gilbert, sent to the front, the latter a member of the Canadian War Contingent Association. Money has also been donated to the Maple Leaf Club, the prisoners of war fund, Moore Barracks Hospital, Highfield Hall Hospital and for disabled soldiers.

Word has been received at the local recruiting headquarters for the 29th Railway Construction Corps that the age limit for that battalion has been raised to 48 years. Many men over 45 are as physically fit as boys of 25, but have hitherto been rejected. This battalion wants men who can do a day's work, and doubtless the new order will result in numerous recruits being obtained. Office, 227 Dundas street, or at fair grounds. 625

FELL EIGHTY FEET AND ONLY GASHED HIS ARM. Chelsea Green Lad Slipped Off Edge of Water Tank.

A young Chelsea Green lad, Frank Swindall, aged 13, had a narrow escape from death on Monday when he climbed to the top of the huge water tank which formerly stored water for the suburb, lost his balance on the roof and slipped over the edge. The drop to the ground was fully 80 feet, but it was his good fortune to alight on the sun balcony at the base of the tank, about twenty feet from the roof. Under the circumstances, his most serious injury was a painful gash on the arm, which necessitated six stitches. Miss Chambers, a St. John Ambulance nurse, who was staying at the Swindall home at the time, rendered first aid, and took the boy to Dr. Clegg, the official doctor of the association. Mrs. Swindall at the time of the accident was at the fair grounds, in the Emergency Hospital, and received quite a shock when she was summoned home informed that her son had fallen from the water tower. The miracle was that he had escaped with his life.
