LAWN ROLLER ROLLED IN DEEP

Silly And Annoying Trick By Young Boys Last Night

Mires Gets Six Months For Selling Liquor To An Indian

When the man who was arrested yesterday for giving liquor to an Indian regained his sober senses, the police succeeded in finding out that his name is David Mires. Mires was caught in the act of giving the liquor to the Indian by Inspector Massey, who ordered a county officer nearby to arrest him.

This morning when Mires came before Judge Houston, he pleaded guilty to the offense. Judge Houston gave him the option of paying a fifty dollar fine or going to jail for six months. As he could not pay his fine, he had to take the six months. The Indian to whom he gave the whiskey, was Jacob Pleasant, of Moraviantown.

Some mischievous boys last night rolled the lawn bowlers lawn roller into the Creek. Auctioneer Andrew Thomson, who happened to be near at the time, heard the splash as the roller went into the water. He says that it was about 9:30, and that the boys ran over the Park bridge after they had completed their silly, and annoying act. Mr. Thomson says that he did not recognize any of the boys.

The Lawn Bowlers' Association have offered a reward of \$5 to the person who first hands in information which will lead to the arrest and conviction of the offenders. This is the third time the roller has been dumped in the Creek by mischievous persons. If the culprits are caught, it will probably go hard with them, as the offense appeared to be a deliberate and malicious one.

An unknown man and woman entered Murray Clark's yard on West street Thursday night, and walked off with two white waists belonging to Mrs. Clark. Clark says he was watching out the window and saw the pair walk off with the goods, which were hanging out on the line to dry. He laid a complaint at the Police Court yesterday afternoon, but said that he does not know who the people were who took his wife's shirt waists.

"Tell the papers to say that if the parties will return the shirt-waists, they will learn something of their interests," was the instructions he gave to Chief Holmes.

A stabbing affray with sensational features will probably be aired in Judge Dowlin's Court next Tuesday. Arthur Goodson, of Tilbury, was committed for trial yesterday by H. Callwood, J. P., on a charge of stabbing Jeff Mallott, also of Tilbury, on June 19. The charge includes the phrase "with attempt to do grievous harm."

Particulars of the row are rather meagre, but it is understood that the stabbing was the result of wrangle between the two men over some trivial matter on the date mentioned.

Thomas McLaughlin was brought in by Officer Rankin of the County Police force yesterday morning, charged with stealing a bicycle and a lady's purse at a picnic held at Dover Centre.

The case was given a preliminary hearing before Judge Houston in County Police Court and was adjourned till Friday of next week.

It is likely that a couple of liquor cases—one from Merlin and another from Tilbury, will come up before the local Courts next Tuesday. In both cases the alleged offenders are charged with selling liquor to minors.

FIVE KILLED AT BUTLER

Two C. P. R. Trains Come Together Head On

Winnipeg, June 29.—A head-on collision occurred at 5 o'clock last evening between the westbound express and an extra loaded with Chinese at Butler, two stations west of Ignace. Four Chinese and M. E. O'Connor of St. John, N. B., guard on that train, were probably fatally injured. Several passengers on the westbound train were also injured, but they are not believed to be seriously hurt.

Both engines, together with the baggage and two colonist cars on the extra, were damaged. Auxiliary trains were despatched from Kenora and Ignace, and doctors were hurried to the scene on a light engine to render every possible attention to the injured. The injured Chinamen were sent to Fort William on a special train. Traffic was not long delayed.

TWENTY-FOURTH REGIMENT MAKES SPLENDID SHOWING

Major Shannon Of London Compliments Officers And Men—Best Military Inspection Ever Held In Chatham

The 24th Regiment—the staff officers, the non-coms, the bands and the men did themselves and the city proud last evening. The inspection held on the park proved a success away beyond general expectations, and all the members of this local military organization deserve to be highly complimented.

The inspection of the Regiment was made by Major Shannon, of the Western District. Major Shannon made the inspection for General Dyer, the officer commanding this district. The Regiment, including the Signal and Ambulance corps and the two bands, turned out full strength, and it was generally commented on that they never looked in better condition since they were first organized.

Shortly after eight o'clock, led by the bands, the companies paraded from the Armories to the park. The bands formed up at the west side of the park and the companies were drawn up in the centre. At this point, the inspecting officer came upon the grounds, and was received by the staff. (The general salute was given, and the inspection proceeded with. As Lieut.-Col. J. B. Rankin was with the inspecting officer, the command of the Regiment fell upon Major Massey, who acquitted himself most creditably. When the inspection of the men was concluded, the companies were put out in the park for a separate work, under the command of their various officers, company movements and extended order being the principal manoeuvres gone through. After this, the Regiment were given a battalion drill, followed by the "march past." The "march past" was the best ever witnessed in Chatham, without exception, and reflected great credit on the officers commanding.

Next, the Regiment were marched into the Armories, where the service rolls, equipment ledgers, and books of the Regiment were inspected, and muster parade for pay took place. This was conducted in splendid order. The men were paid up, and the service rolls and pay sheets found to be signed and in first class order. The inspecting officer said that it was one of the best muster parades he had ever seen.

This ends the season's drill, and the Regiment is now in good shape. If by any chance the Armories should ever be fitted up and furnished so that the staff officers and non-commissioned officers and men could use the quarters to the benefit of the Regiment, the future of Chatham's soldiery should be bright and promising indeed. In the meantime, the fine showing made by the Regiment last night can only be ascribed to the hard and faithful work of Lieut.-Col. Rankin and his competent staff of officers. The good attendance of the men at drill and the enthusiastic interest they took in it, were features which speak amply for themselves.

A CLEVER YOUNG MAN

Joseph K. Robert, who has just received word that he has passed his Medical Council, returned home last evening to spend a short vacation at his home here. Joe is the clever son of Peter Robert, of this city. He is now a full-fledged physician and surgeon and is licensed to practice any place in Canada. The city should be proud in the possession of a young man of Mr. Robert's calibre. He has not only done honor to himself and his family, but also to the city.

Dr. Robert has accepted a position as house physician in St. Michael's Hospital, Toronto, for the years 1907 and 1908.

Joe is a popular boy in Chatham, especially in athletic circles. His many friends will be pleased to learn that he has secured such a responsible position so soon after his graduation, and will wish him every possible success.

BOAT NEARLY OVERTURNS.

Gallant Rescue In A Canoe at the Rapids.

Latchford, Ont., June 29.—On Wednesday the steamer running north from Port Rapids was nearly overturned. It was in the afternoon and the boat had just started on its trip north and less than 100 yards from the shore, when she refused to answer to the rudder, and going sideways, struck a rock and went over half way.

Fifty people were on board and eight men sitting on the stern and ten canoes on the hurricane deck were sent over into the river. Four struggling men were swept down the rapids. Three got to shore and the fourth was sinking for the third time when a prospector, who was fortunately coming up in the rapids and at the risk of his own life, paddled to the drowning man and got him in his canoe.

BOY DROWNED—ONE SAVED.

Took Cramps While Swimming In River At Ayr.

Ayr, June 29.—A drowning occurred at Ayr on the River Nith, when Earl Garbutt, a boy of 7, was drowned, and Bert Walton, a boy of 13 or 14, was saved in time to prevent drowning.

They were both swimming in a deep hole, when Earl said: "I have a pain in my leg." He sank immediately. Young Walton was swimming, too, at the same time, and had a cramp, too. Some big boys arrived in a short time and pulled out Walton, but Earl had sank.

DOCK STRIKE AT BELFAST.

Armed Soldiers Are Assisting Police to Guard Wharves.

Belfast, Ireland, June 29.—The dock laborers here are on strike, and channel traffic is greatly interfered with. Five hundred soldiers with rifles are assisting the police to guard the docks.

A great body of strikers marched Thursday through the principal streets, and after attempting to loot a number of wagons belonging to shipping companies, they were dispersed.

FACTORY OPENS

The Kent Canning Company will commence Tuesday noon, July 2nd, on strawberries. From present indications the crop will be good, and it is expected that steady work will be given to a large number of women for two or three weeks. Names and addresses should be sent in at once.

RAWLINSON IS FOUND!

Stephen Rawlinson, the young Englishman, who was announced as missing in THE PLANET a few days ago, has been found through the medium of this Great Home Journal.

Rawlinson, who works for John Coveny of the Fourteenth Concession, Dover, picked up a copy of THE PLANET at his employer's home the other day, and immediately wrote home to tell his folks of his whereabouts.

Mr. Coveny came into the city to notify the police this afternoon.

KILLED IN A FIGHT.

Struggle With Insane Patient In Cell at Montreal.

Montreal, June 29.—While struggling with an insane man, Augustin Loizeau, 35 years old, met death last night in a cell of the Hospice Camille, a charity institution at the corner of Fallum and St. Catharine street. During the scuffle, which had arisen because Joseph Sorel, an insane inmate, refused to go to bed, Loizeau fell violently to the floor, and severed an artery in his neck, which caused him to expire in a few moments.

Joseph Sorel, the insane man, is now locked up in a padded cell of the Central Police Station, pending the coroner's inquest into the case. There was only one witness of the struggle. This was Adolphe Vaurin, the keeper, who had first tried to persuade Sorel to retire. The latter, who had never previously showed signs of violent insanity, refused to obey the order, and a struggle between the two ensued, during which the keeper called upon Loizeau, who was a boarder, to come and help him. To a morgue employee, who went down to the institution for Loizeau's body, Vaurin said that Sorel had kicked him in the stomach during the struggle, and that Loizeau on coming to intervene also received a violent kick, which caused him to fall to the ground.

SIX MONTHS FOR BIGAMY.

Sister-in-Law Has Four Husbands—Why Not Two Wives?

Toronto, June 29.—Alfred Middleton, an Englishman, charged with bigamy, admitted to Magistrate Denison that he had married a Toronto woman knowing that he had a wife and family in England.

"My wife's sister has four husbands, why shouldn't I have two wives," he argued as the magistrate sentenced him to six months' hard labor in the Central Prison.

BRANDISHED UGLY KNIFE

Impassioned Englishman Seeks Fleeing Hebrew's Gore

Adelaide Street The Scene Of Disgraceful Street Brawl

Tearing down Adelaide street, his hat and coat missing, his face, hands and clothes covered with blood, and holding in his right hand a treacherous looking knife, a little Englishman, probably 35 years of age, caused considerable excitement over the creek shortly after the noon hour to-day.

He had been fighting with a "sheeney," he told a Planet reporter, who ventured just near enough to him to get an interview. It was indeed an exciting interview. The Englishman was terribly fussed up. He had been struck on the nose, which was bleeding, and there was an ugly gash on his cheek. Both of these he said he got from the "sheeney," who had hit him square in the face. While the conversation was going on, the Englishman was prancing around on the sidewalk on the corner of Adelaide St. and Stanley Ave. He made some terrible sweeps in the air with the big knife at some imaginary enemy, and after considerable earnest persuasion—at a safe distance—the reporter finally induced the man to put the knife away.

"I'll kill him! Wait till I catch him, and I'll certainly cut his throat! He's a dead man if I ever get near him!"

These exclamations, accompanied by the glitter of the knife blade as he swung it to and fro in the sunlight, went to make up a very dramatic scene.

It turned out that the Englishman and the "sheeney" had got into a quarrel on the park over a horse. The Hebrew landed first and fast, and he was closely followed up for a short time by the Englishman. The latter was drunk, however, and was soon left away behind in the race.

P. C. Tom Groves and Peter Dezella arrived shortly afterwards and gathered in the Englishman.

THE CRISIS IN PORTUGAL

Report That King Carlos Intends To Abdicate The Throne

London, June 29.—The Madrid correspondent of the Standard says it is rumored there that King Carlos of Portugal is determined to abdicate in favor of the Duke of Oporto, his brother. It is probable that martial law will be proclaimed.

The Mail's Madrid correspondent says it is rumored that the King will retire in favor of the Crown Prince, the Duke of Braganza, adding that rumor is not generally credited in view of the fact that the Crown Prince has gone on a tour of the Portuguese African colonies.

Madrid, April 29.—While the editor of the Portuguese newspaper, O Mundo, fled to Bazaia to avoid arrest and deportation from Portugal, his editor colleague, Dr. Leite, has been arrested for having published a pamphlet in which he tried to show that Senhor Franco, the Portuguese Prime Minister, is insane.

TWO TUGMEN DROWNED.

Captain and Engineer Seen Struggling In The Water.

Port Arthur, June 29.—Captain John McGinnis and Engineer John McKeown, of the fishing tug James Story, owned by G. M. Tibus of Port Coldwell, were drowned in Lake Superior on Thursday at a point between Jackfish and Home Point. The tug had been run down to Jackfish for coal, and was on the return trip. Besides the captain and engineer two men were on the tug. How the drowning occurred they could not say. The first they knew was when they saw the captain and engineer locked in each other's arms struggling in the water. For a short time they stood spellbound, watching the struggling men, unable to render assistance. As neither knew how to manage the engine, the two unfortunate men were left to their fate. The men on the tug managed to bring the craft to port, where they reported the tragedy. As the drowning occurred in deep water, with no landmark to indicate the place, it is not likely the bodies will be recovered.

SOCIETY

Messrs. Arch. and John Park have moved to their Erieau homes.

Mrs. R. V. Bray and Mrs. A. F. Falls have gone to Erieau for the summer.

Miss Margaret Macdonald and Miss Reid went to Little Current, Man., on a two weeks' vacation.

Mr. John Bray, of the Bank of Montreal, has been moved from Montreal to Hamilton.

Miss Adele McLean leaves to-day for Lake of Bays, Muskoka, where she will spend some weeks.

Mr. Horace Davis, of Toronto, is spending a few days with his many Chatham friends. Mr. Davis is a former Chathamite, having at one time been quite prominent in local musical and social circles.

Mr. and Mrs. J. C. Martin announce the engagement of their daughter, Gretchen Delaine, to Mr. Harold Stoddard McMullen, of Chatham, Ontario, Canada.—Dayton, Ohio, Herald.

Dr. and Mrs. J. L. Bray leave tomorrow for Kingston, where the doctor will attend the medical convention. Before their return they will spend a few days with relatives in Montreal.

The Detroit Free Press announces: "Dr. Rollin H. Stevens, of Detroit, was elected president of the National Society of Physical Therapies, which recently held its annual meeting at the Jamestown Exposition." Dr. Stevens is a son of Mr. and Mrs. N. H. Stevens, of this city, and his many Chatham friends will be pleased to learn of the honors conferred upon him.

PALMER-COOK.

The wedding took place in London on Thursday afternoon last, of Miss Theresa Maud Cook, of that place, and Edwin H. Palmer, a G. T. R. conductor. The ceremony was performed by Rev. Rural Dean Davis, of St. James church. Stephen Palmer, of this city, brother of the groom, acted as best man, while Miss Charlotte Cook, sister of the bride, was bridesmaid. Only the immediate relatives of the family were present. The newly married young couple left on the afternoon train for Montreal and Quebec. After visiting friends at Sherbrooke, Quebec, they will leave for Portland, Me., where they will go via boat to the Jamestown Exposition. They will visit New York en route.

Returning home they will take up their residence at 179 Windsor avenue, Windsor.

Mr. Palmer was formerly a resident of this city and was at one time a valued employee of The Planet.

MODEL WIFE IS DEFINED

New York, June 27. — Mrs. Sally Morris Cory, member of more than half a dozen clubs and most active in the Society for Political Study and the Equal Suffrage League, thus defines a model wife:

Never have an opinion contrary to your husband's.

Be able to cook everything, for the way to a man's heart is through his stomach.

Have the same religion. If his is different, change your own. If he has none, then have none either.

Never try to be intellectual. Man resents intellectual independence on the part of woman.

Give up your family ties. Man is born with a dislike for his future wife's family.

Be a helpmeet, but not a running mate—always at his heels and doing his bidding.

Be neat, and above all things, be a model housekeeper, who knows just how to please a husband.

"PSYCHIC EPILEPSY"

New York, June 28.—Dr. Elmore E. Elliot has escaped the meshes of the law through a unique plea. He was arrested for brutally assaulting, without provocation, a man and his wife on the public highway. Psychic epilepsy, which has not external manifestations, was the defense successfully offered.

Dr. Elliot testified that he had been subject to attacks of psychic epilepsy since childhood and that during these attacks he had no knowledge of his acts, or recollection of them upon recovery. Medical testimony was offered to sustain his plea.

Lawyers who heard the defense and members of the District Attorney's staff continued to discuss Dr. Elliot's strange statement long after the physicians had left court. They agreed that its scope was practically limitless and asserted that psychic epilepsy would undoubtedly prove a successful defense, even for murder.

"It's the best defense I ever heard, and the best defense in the world," said Assistant District Attorney Turnbull. "No man could be held responsible for any act if it could be shown that he suffered from this strange disease."

ESTEEMED BY CONGREGATION

Victoria Ave. Church Is Sorry To Lose Mr. Malott

Pastor And His Wife Made The Subject Of A Presentation

Victoria avenue Methodist church was the scene of a very pretty event Thursday evening, when the members of the congregation assembled to present a token of remembrance to their retiring pastor.

A very pleasant evening was spent and an interesting program was given. A pleasing duet was given by Misses Ross and Riddle, accompanied by Miss Duffy. Short complimentary addresses were given by the chairman, J. W. Humphrey, W. C. McArthur, D. W. Crowe, E. Horn, J. W. Webb, Robert Milner, Ed. Wells, E. E. Parrott, W. W. Logan, D. Edwards and J. Colby.

Rev. Mr. Malott will preach his farewell sermon on Sunday and will leave on Wednesday to take up his new pastorate at Colborne street Methodist church, London. Rev. W. H. Graham, B. A., of Goderich, will be here on Wednesday to occupy the pulpit made vacant by Rev. Mr. Malott. The following address to Mr. and Mrs. Malott was read by Miss L. J. Crowe and the presentations were made by Miss A. Pickett. To Rev. F. E. Malott and Mrs. Malott:

Dear Friends,—At the close of your four years pastorate we desire to express our feelings of love for you, and sincere gratitude for the thousand and one kind acts which you have performed for the Victoria avenue Methodist congregation. In sickness, sorrow and death; triumphs of grace, and re-building and adorning of Zion, you have advised and led us on in His steps.

Your pastorate has been far the most prosperous we ever had. Membership has risen from 283 to 516, and finances have risen proportionately, but we rejoice more still in the fact that the spiritual side of the life of the church has never been more satisfactory than at the present moment. The prayer meetings and other means of grace have been of a fine, inspiring character, indeed.

We wish you and your wife, and Margaret, the greatest of blessings, health, sweet content, and the Father's blessing and Providence. Kindly accept this gift as a mark of our feelings on this occasion. May God's Angel bless and go before thee and guide thee in this journey to your London home.

Signed on behalf of the Victoria avenue Methodist church:

MRS. D. W. CROWE,
President Ladies Aid.
MRS. R. MILNER,
President W. M. S.
R. CUNNINGHAM,
President E. L.
W. G. BEAMER,
President Y. M. C.
FRANK McKEOUGH,
Official Board.
E. E. PARROTT,
S. S. Supt.
MISS L. J. CROWE,
MISS A. PICKETT.

The gift to Mr. and Mrs. Malott was a purse of gold, and to the little girl a silver spoon with her name "Margaret" engraved on it.

'BURG'S PRETTY GIRLS

One of our local young men journeyed on the electric car to Wallaceburg on Sunday with the intention of hiring a livery to drive to Tupperville, where he would see his lady friend. Alas and alack, the livery were all taken and the young man had to return on the next car, sadder at heart, and car fare to Wallaceburg and back, poorer in pocket.

Planet.

If he had been a wise one, he could have been accommodated by some fair one of the 'Burg, as no young man need look any further than Wallaceburg, for the rarest and prettiest maidens live right here.—Wallaceburg News.

BEWARE OF THE LAWYERS

This Is Aylesworth's Advice To The Electors Of East Kent

"Big Gun" Gives His Own Man R. L. Gosnell A Pretty Nasty Rap

The Liberal meeting at Ridgetown on Wednesday evening was well attended considering the busy season and the fact that an election is not in sight.

Hon. A. B. Aylesworth was the last speaker and held the floor for an hour. Everybody "sat-up" when he was called on at 10.15, but in five minutes people began to leave the hall and there was a gradual lessening of the numbers present until the close. It is only stating what was apparent to all that the Minister of Justice was a disappointment. Rather stiff in manner, austere in appearance, with a stately delivery approaching what one may term adrope, he impressed one as a lawyer in court. And lawyer for the defence he was. He defended everything. There has been no graft—not even any specific charges of graft. How could there be graft or wrongdoing in a Government with such a noble man as Sir Wilfrid at its head and containing such men as Fielding, Fisher, Patterson and Cartwright, to say nothing of himself, who had listened to the call of duty in entering the Cabinet. He defended the North Atlantic Trading Company, and for the life of him couldn't understand what the row was all about. Then there was the talk of graft in the fitting out of the Arctic. Well, she was provisioned for a long voyage, and he wouldn't like to say that some of the supplies were not paid for at higher than market prices, but such things are hard to guard against. And so on to the end.

At the close, Mr. Aylesworth provoked a laugh by advising the people to keep clear of lawyers. "Lawyers are a necessary evil, keep as far away from them as possible and the less you have to do with them the better," said the Minister of Justice, and a roar of laughter went up from the audience as they noted that five of the speakers of the evening were lawyers, including the chairman and Mr. Gosnell, the Liberal candidate for East Kent.—Ridgetown Dominion.

KEEP THE CHILDREN WELL

Stomach and bowel troubles kill thousands of little ones every year during the hot weather months. Diarrhoea, dysentery and cholera infantum often come without warning, and if prompt aid is not at hand the child may be beyond help in a few hours. If you want to keep your children healthy, rosy and full of life during the hot weather give them an occasional dose of Baby's Own Tablets. This medicine prevents illness by cleansing the stomach and bowels, and cures summer complaints when they come unexpectedly. Every mother should keep these Tablets in the home at all times. Mrs. Robt. Currie, Loring, Ont., says:—"Baby's Own Tablets are the best medicine I know of for stomach and bowel troubles." Sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

BIRTHDAY SOCIAL

A very successful birthday social was held Thursday evening at the residence of Will Catton, corner of the 5th and Main streets, and the Prince Albert Road, Chatham Township. Mr. Collins presided over the program, in which the following took part:

Solo—Misses Ella and Maud Groves, Miss Ruby Maggs and Master Garnet Griffith.

Recitation—Miss Hazel Bedford.

Reading—Mrs. Wicks.

Address—Rev. Mr. Arnold.

A-compante—Miss Pearl Maggs.

The proceeds of the social amounted to about \$25.

WEDDED AT RIDGETOWN

Mabel Moore was the one really pretty woman who appeared at the session of the divorce court in Detroit on Monday, says the News, and her dainty figure and unusual good looks made somewhat of a sensation when she took the stand. She held her head down and seemed to shrink from the rows of questioning eyes.

"I was married in Ridgetown, Ont., Sept. 12, 1900, and he compelled me to leave him Dec. 30, 1902," she said. "He said if I didn't go that night he'd kick me out in the morning."

"What was the trouble between you?" she was asked.

"He persisted in keeping company with other women," was the answer.

She will get a decree in 30 days and the husband may not remarry for two years.

MISS CARTER HONORED

The Ladies Aid Society of the Wilfrid street Baptist church and the ladies of the Mission Circle entertained Miss Carter and the choir of the church Thursday evening at the home of Mrs. Andrew Thomson, Stanley avenue.

A musical contest between members of the choir was much enjoyed. The prize was won by Mr. Frank Phelps, the popular organist.

Other pastimes were provided and a daintily served lunch helped to make the evening a most enjoyable one. All declared Mrs. Thomson a superb hostess.

During the evening Miss Carter was presented with a dainty and suitable present, a brooch, in the shape of a harp, set with pearls.

Miss Houston read the address and Miss Lily Thomson made the presentation. Miss Carter very suitably replied.

The program was concluded with a solo by Miss Carter and some selections by the choir. There were about sixty-five present and a splendid social time was enjoyed by all.

NEW LINE TO MUSKOKA.

Canada's greatest railway, in building a line to connect Toronto with the main transcontinental track at Sudbury, has incidentally given us a new direct route to the Muskoka Lakes district, over which fast passenger trains will be running after Saturday, June 22nd. Bala, which is three and a half hours from Toronto, will be the Lakes terminus this summer, and there steamers of the Muskoka Navigation Co. will connect with trains, carrying travellers to all points on Lakes Muskoka, Joseph and Rosseau. The roadbed is heavily laid and well ballasted, train

equipment is new and handsome, and excellent time is made. In addition to the local trains there will be two flyers to the Lakes, the Lakeland Limited and Sunrise Express, and two flyers south-bound, the Queen City Flyer and Twilight Limited. Through sleepers will run to and from Toronto, Buffalo, Pittsburgh and New York, and, of course, a splendid equipment of parlor cars, dining cars, and luxurious day coaches. C. B. Foster, District Passenger Agent, C. P. R., at Toronto, will be glad to mail full particulars of trains and handsome illustrated Muskoka folder, or same may be obtained free from local C. P. R. agents.

DIVISION COURT

Tilbury, June 28.—Judge Dowlin, of Chatham, held Division Court here yesterday in Anderson Hall. There was quite a lengthy docket, two of the cases being of special local interest.

Burt vs. Adams, an action for \$100, of which \$50 was for wrongful dismissal and \$50 for wages. Burt was formerly employed by Adams in his butchering business. The judgment was in favor of defendant.

Crawford vs. Foley, an action for \$50, breach of contract over garnering a field of corn sold to defendant. Verdict for Crawford for \$44.

PRESENT PECULIAR MORALS.

This week the people of East Kent had an opportunity to hear Hon. A. B. Aylesworth, who is touring the country trying to explain away the present mismanagement of public affairs at Ottawa. In his address in Ridgeway the other day Mr. Aylesworth made the same statements that he has been delivering for the past few weeks on the public platform and for which he has been roundly condemned by all honest people. How the upright Liberals of the old school can stand for the definition of honest dealing as given by this blundering politician is a mystery, and it is safe to say that down in their hearts they strongly disagree, and when the time comes for a verdict, there is no doubt that they will speak out for right and justice.

No explanation of the prevalence of graft at Ottawa is more to the point than that afforded by the following contrast:

Hon. Alex. MacKenzie, 1887: "I would much like to be relieved of the Public Works Department. It is the great spending department; the possible great jobbing department. Friends (I) expect to be benefited by offices they are unfit for, by contracts they are not entitled to, by advances not earned. Enemies ally themselves with friends and push the friends to the front. Some attempt to storm the office. Some dig trenches at a distance, and approach in regular siege form. I feel like the besieged, lying on my arms night and day. I have offended at least twenty parliamentary supporters to my defence of the citadel."

Hon. A. B. Aylesworth, 1907: "I do not pretend to say that when millions of dollars are spent yearly, every dollar is spent where full value is given in contracts of various kinds. At present I am acting as Minister of Public Works, and only last week I had a case where a man held up the Government, and we were forced to pay \$300 for a piece of land not worth over \$200, but if we went to law about it, in all probability the lawyers would get at least one hundred out of it, so I concluded to pay the man his price. These cases are numerous where we have so much outlay."

The man who permits water to run to waste is not a good citizen, and the meter will find him out.—London Advertiser.

But why should good citizens be taxed into hundreds of thousands of dollars in order that the occasional bad citizen may be trapped?—London Free Press.

A SWIMMING HOLE.

The lists of drowning accidents this season so far is unusually large. From all parts of the provinces comes news of from two to half a dozen such unfortunate casualties almost daily. In most instances the victims were unable to swim, were overcome with fatigue or seized with cramps, which affect the person as though he were in the jaws of some horrible monster of the deep.

The lesson to all is to be well assured of one's physical state before entering the water, to know one's skill and capacity as a boatman or canoeist, one's fitness as a swimmer, and the chances of seizure while beyond one's depth.

It is a maxim among physicians that no one should bathe in hot or cold water without the advice of a medical man. The maxim is not selfishly professional. It is warranted by the facts of life. Every man or boy should know the limitations of his heart action and nerve centres in such conditions.

Organic soundness is the first requisite; the next is skill in swimming. How many are the long-distance swimmers among us—men who may trust themselves well out from the harbor piers? Good ball players are numerous. But swimming appears to be a neglected accomplishment. It should not be so.—London Free Press.

POTATO GROWING.

Inability to cope with the rot has been the great cause of failure in potato growing in Ontario, yet five dollars or even less, will cover the entire cost for material and labor required to treat one-acre of potatoes with Bordeaux Mixture, and this mixture properly made, and consistently and intelligently applied, is a certain preventive of rot. From experiments officially conducted at Guelph, at Ottawa, and at practically every experiment station in the United States, and from the practical experience of growers everywhere, Bordeaux Mixture has proven the only effective remedy for Potato Rot. At Ottawa during the past three years, the average increase in yield from spraying with this mixture was 94.5 bushels per acre.

At Ottawa during the past three years, the average increase in yield from spraying with this mixture was 94.5 bushels per acre.

Bordeaux Mixture for potato spraying is made from the following formula: Copper Sulphate, Bluestone or Blue Vitrol, six pounds; unslacked lime, five pounds; water, 40 to 50 gallons.

Spraying should begin about July 15th and the vines kept covered till September. Four applications are required, will usually accomplish this. Some have got fairly satisfactory results from one good spraying July at the time the disease begins to spread, and as we gain in spraying experience, the number of applications may perhaps be decreased, but ordinarily, it is best to use the mixture at least four times.

The water meter and the plumber are bosom friends.—London Free Press.

Bu-Ju
The Gentle Kidney Pill

Do you live near Picton, Ont., or know anyone who does? Then find out for yourself how Mr. Mills feels about Bu-Ju. Is it any wonder he thinks Bu-Ju is a life-saver?

"I have used Bu-Ju with great benefit to myself, and cheerfully recommend it to all who are suffering from Rheumatism and Kidney Trouble. I think it is the best made."

After you have tried Bu-Ju, see how quickly it relieves the pain, and how completely it cures you of Rheumatism, you will gladly recommend Bu-Ju to your friends, just as Mrs. Kidd, of Young's Point, Ont., does.

"Have found Bu-Ju very beneficial for Rheumatism. They are certainly a blessing. My husband is also receiving great benefit from Bu-Ju. He has had great pain in the small of his back, but is so much better now."

Mrs. A. C. Kidd.
Mr. J. H. Cairncross, of Toronto, urges everyone to give Bu-Ju a fair trial. In a signed statement he says, after telling how Bu-Ju cured him:

"In my own case I had taken three boxes before I felt I was receiving any benefit."

Bu-Ju must cure you of Kidney and Bladder Troubles and Rheumatism, or your money will be promptly refunded. See a large box. Sent on receipt of price if your druggist does not have it.

LITERARY

The Jans number of the Travel Magazine is a special vacation number and its perusal will help solve the usual question, "Where shall we spend our vacation?" There are several articles of real vacation trips throughout the continent from coast to coast, all of which are splendidly illustrated. In Evangelical's Country, by Brian Hooker, describes a summer trip through Nova Scotia. Through the Great Lakes by Steamer, by J. M. Hamley, gives an account of two or three weeks' water trip, that can be taken, with land stop-overs that are often a great relief to the business man who cannot lay aside his business cares completely. Walter P. Eaton describes lovely eastern coast and the country through New Jersey.

The First Day's Fishing in Maine, by C. L. Nelson, will appeal more to the older sportsmen, and in The Heart of the Canadian Rockies tells of the loveliest part of the whole globe, the Canadian Rockies, which surpass even the Alps in their grandeur.

CANADA'S COAL SUPPLY.
Only a few years ago pessimistic wisacres were estimating the probable coal supply of the world, and counting on a shortage in our great-grandchildren's time. The calculations of these estimable statisticians were excellent in detail and were wrong only in that the basis on which they were compiled was absolutely false. It was assumed that we knew of practically all the large coal areas of the universe. Since those croaking figures were given to a nervous public it is probable that fifty times as much coal has been located as the amount on which the woeful estimators were based. Australia, India and China have more than enough to supply their own requirements for many generations to come, but Canada has enough and to spare to supply the wants of both hemispheres.

Long before the present severe climatic conditions converted the Polar regions into the Arctic regions, immense forestlands flourished on what are now the shores of Hudson Strait and Baffin Island; these forests, no warring coal-fields, may even in our own day, supply the steamer that will, within a few years, adopt the Hudson Bay route for carrying wheat from Manitoba to Europe.

LIGHTNING DEALS DEATH.

Severe Electrical Storm Sweeps New York—Church Steeples Struck.

New York, June 23.—A death-dealing electric storm Wednesday afternoon following a day of sweltering heat, soaked with humidity, swept over the city and surrounding territory killing three persons, injuring several, causing many fires and doing considerable damage. In this city the only places struck were two churches. The steeples of both were torn into fragments by the lightning bolts.

J. A. McKenna, of Newark, N.J., and his two young daughters were caught in the storm near Union, N.J. They took refuge under a tree, which a few minutes later was struck by a lightning bolt. The younger girl was killed outright, and the father and elder daughter severely shocked.

At Fishkill-on-the-Hudson, Walter Dixon, a negro, was struck by lightning and killed. A woman who accompanied him was struck and burned. A lightning bolt hit John Lawless while he was at work on a canal boat in Gowanus Canal, Brooklyn, and instantly killed him.

A bolt struck one of four small steeples on St. Monica's Roman Catholic church and sent it hurtling through the air to the sidewalk. It landed, pinnacled foremost, within a short distance of a group of children, but while they were covered with dirt from the debris none were hurt.

LITTLE GIRL DONE TO DEATH.

Missing Eight-Year-Old Child Found Dead in Coal Bin.

New York, June 23.—Eight-year-old Viola Byland, who had been missing from her home in Second avenue since last Monday, was the victim of an atrocious assault. Her body, horribly mutilated, was found in a coal bin in the cellar of her home yesterday. She had been dead for many hours. No arrests have yet been made, but the police are searching for two young Italians who, they have been informed, were seen trying to entice the child to enter a cellar with them several days ago.

The disappearance of the child was reported to the police last Monday, and since that time the whole neighborhood has been searched. No trace of her was found, however, until one of the occupants of the tenement house where the child lived, stumbled on the body by accident. He had gone to the cellar for wood, and in the dim light got into the wrong bin. The little body was lying in a corner, and it was apparent that she had been dead some time. When the Coroner came he found that the child had been strangled and the condition of her clothing and body told plainly of the brutality of the crime of which she had been the victim.

HEALTH FOR RUN-DOWN WOMEN.

From the experience of Mrs. John Pank, Saskatoon, nothing compares with Ferrozone. "At times I was confined to my bed and couldn't do any work. I was run down in flesh, lost strength, my appetite failed, my color was pallid. Weary and cast down, it seemed I couldn't catch up. Tug Could Not Catch Up With Drifting Balloon.

Nieuport, Belgium, June 23.—Tugs that went out Tuesday night in an attempt to reach a balloon that had fallen into the sea returned Wednesday night, their search proving fruitless. They were unable to catch up with the balloon, which was driving along with great speed before the south-west gale. The balloon, which carried two men, was sent up at Dunkirk and when the accident occurred the men took refuge in the netting, as the basket soon was under water. They undoubtedly have been drowned.

of his ideas concerning the New Scale Williams Piano.

Perhaps no one in the musical world is so particular or critical in regard to a piano as Mr. Watkin Mills, the great English baritone. The following letter received from him by the Williams Piano Co., May 28, 1904, tells its own story:

The Williams Piano Co., Oshawa, Ont. Dear Sirs,—I have heard your New Scale Williams Piano, and consider it a very fine instrument. Its tone is most satisfying and of beautiful quality, both for solo work and ordinary use. It will hold its own with the very best pianos made on this continent. Faithfully yours, (Signed) R. Toronto Live Stock.

TORONTO, June 27.—Receipts of live stock at the city market since last Tuesday, as reported by the railways, were 84 carloads, consisting of 876 cattle, 1537 hogs, 1158 sheep and lambs, with 350 calves.

No straight loads were on sale and only a few odd cattle picked up among the butchers' loads. Good to choice cattle for export would be worth around \$6 and perhaps \$6.50.

George Rountree bought 7 loads of butchers' cattle for the Harris Abattoir Company, and reported prices as follows: Best butchers, \$4.70 to \$5.40; good cows and mixed loads, \$4 to \$4.50; fair grass cows, \$3.50 to \$3.70; common to medium cows, \$3 to \$3.50.

Milkers and springers are selling at lower prices, especially light common to medium cows, which are in poor demand, although there is always an outlet for choice quality cows. Best cows sold from \$45 to \$55, medium were slow at \$30 to \$35, and poor cows sold down to \$20 and \$25 each. Two or three extra choice sold up to \$60 and one was reported at \$75.

Export cows sold at \$5 to \$5.25 per cwt.; prime quality light yearling ewes for butcher purposes are worth \$6 per cwt., and sold at that; lambs sold from \$5 to \$6 per cwt., or \$4 to \$5 each for the bulk. Mr. Harris reports the hog market weak at unchanged quotations. Selects, \$6.50 per cwt.; lights and fats at \$5.50 per cwt. Prospects are for lower quotations for the coming week.

East Buffalo Cattle Market.

NOTICE TO PASTORS.

Pastors and others who contribute news items to this department of Saturday's Planet will confer a favor by seeing to it that their "copy" reaches this office not later than Friday at 4 p. m. Matter received INTERNATIONAL S. S. LESSON FOR TO-MORROW.
(By Dr. R. A. Torrey.)

Temperance Lesson—I. Cor., 10, 23-3. Read the chapter.

Golden Text—"It is good neither to eat flesh, nor to drink wine, nor anything whereby thy brother stumbleth."—Rom. 14, 21.

A true Christian does not ask what is permissible, but what is profitable? He asks, not what will edify, what will build the church of Christ and Christian character in others as well as himself?

Here are three questions, safe guides to our judgment in doubtful actions:

1. Will it help or hinder my spiritual life?
2. Is there danger in it and will it cause my weaker brother or sister to stumble?

3. Can I do it for the glory of God?
It is not what is the harm in doubtful things, but what is good and godly. "The earth is the Lord's and the fullness thereof" has many practical applications. The earth being His, it belongs to His children also to use to His glory.

Verse 31 lays down a principle that will settle all our questions. Do nothing that you cannot do to His glory. Then conscience trouble and condemnation will be at an end, and we will give no occasion for stumbling to any of the three classes into which God divides men in our lesson—Jews, Gentiles, and the Church of God. Our own pleasure should never be our rule of action, but the pleasure and profit of others, even all men. We should be glad to give up our liberty or any right, if one thereby may be saved. How intensely Paul was occupied with this one thing, the salvation of others. This is the Christian principle of total abstinence, a self-denying of the flesh and the carnal mind, which will make us co-workers with God for the salvation of our fellow-men, and every Christian can have this holy honor if he will. Our Lord longs to have us take His yoke—of loving and self-denial—upon us. "Learn of me," He says, "for I am meek and lowly in heart and ye shall find rest unto your souls."

A Safe Investment

What Marshall Field Once Said

Real Estate in a good locality and in a growing village, town or city is the safest investment a poor man or woman can make. It cannot run away, bust up or cheat. My advice to a young man or woman who can spare \$5 or \$10 per month from his or her earnings is to put it into a small piece of mother earth. Even if it is only a small vacant lot. My first start in life was doing just what I now advise others to-day.

The above was the the advice given by Marshall Field in an address given to young men and women on **How to Succeed in Life.**

The Elms Sub-Division

At head of King Street opposite St. Joseph's Hospital, presents to you the opportunity of your life. Lots in first block east of our sub-division sells at from \$18 to \$20 per foot. Ours at only \$11 per foot and some at \$7 and \$9 per foot, other lots at \$160 and upwards.

Pay as You Like

You can own a lot in the Elms Sub. by paying \$10 down, \$5 per month, with only 5% interest, or you can pay whole, or any part just as you like. Perfect right, no mortgages or notes asked from purchasers, you get a land contract which you can bring into the Merchants Bank, Chatham and get credit thereon for whatever you want to pay or whenever you want to pay a little or more.

CUT THIS OUT

When you have an hour to spare, take a walk up the Elms Sub-Division of No. 1, there you can select your own lot. As every lot has a white stake in the center of the lot and 22 feet back from the front lot line, which is known as the building line. On this stake you will find a white card, giving the No. of the lot, size and price. All sold lots have a red card marked sold.

Drop me a card to Garner House and I will call on you with full particulars, or you will find my city salesman on the grounds every evening from 6.30 to 9 p. m. Don't miss this opportunity.

The moonlight excursion down the river, via the City of Chatham, which was held under the auspices of the Park street Epworth League last evening, was a decided success. About 400 were aboard and the trip down the river and back again was very much enjoyed by all. Robertson's orchestra furnished excellent music for the occasion.

Rev. Mr. Ray, of Blenheim, gave a very fine lecture at the Wesley Methodist church Wednesday evening to a large audience, who listened with interest to the many thrilling tales told under Mr. Ray's own observation in South America. The speaker was dressed in costume, representing some of the tribes, and had a great number of articles on and around him, making the lecture more interesting. Mrs. S. C. Walker sang during the evening.

CHARGED WITH MURDER.

Henry Lockyer Committed For Trial At Stratford.

Stratford, June 29.—Henry Lockyer, who in a fight here some weeks ago struck the blow which the Coroner's jury found caused the death of Noah Hills, was brought before Police Magistrate O'Loane yesterday. Crown Attorney McPherson prosecuted, and Mr. W. H. Gregory appeared for Lockyer. Medical and other evidence, which was practically the same as that given before the Coroner's inquest, was heard, and the Magistrate sent the prisoner for trial on the charge of murder. Counsel for the defence tried to have the charge changed to manslaughter, but the court held that the jury might if they wished make a change in the charge. The trial will likely take place at the Fall Assizes in September. Bail was refused.

Please come and join the jolly party at the Steamer City of Chatham, on Tuesday, July 2nd. Boat leaves dock 5 o'clock sharp, lunch served to everybody at 6 o'clock. Music and a general good time expected. Tickets 50c.

Arrangements have been made by McGeachy's City Dairy to supply their customers with guaranteed fresh eggs. Try them. Phone 301.

A great number of citizens have been abusing the use of the intakes to the city sewers, by throwing dish-water and other refuse into them. The citizens should remember that the intakes are not made for this purpose. The refuse remains in the catch-basin at the bottom, scums, and the result is a disagreeable smell and unsanitary conditions. The Health Inspector has warned a number of persons to discontinue this practice.

THE PARASITIC CUCKOO.

Leaves Sparrows' Nests, to Live With Thrush.

A curious little event in natural history is recorded from Hertfordshire, in a thrush's nest, built in a spinney separating a private park from the road were found two cuckoo's eggs along with three thrush's eggs. The eggs were of the commonest type—white-grounded and thickly speckled and blotched with rusty browns. It is, of course, by this time sufficiently proved that the cuckoo's egg rarely resembles with any remarkable closeness the eggs of the foster-mother, but this speckled pair against the three blue eggs of the thrush gave a rare and surprising contrast.

One may perhaps connect the unusual selection with the weather. In this district a lamentable number of hedge-sparrows' nests were found deserted, though some of them contained a full complement of eggs, after the cold weather. All over England cuckoos are parasitic on the hedge-sparrow, but those that frequent special places have special predilections, and in this part of Hertfordshire they have more frequently than usual preferred the hedge-sparrow.

It is tolerably certain that the cuckoo has an eye for color, though it has not the power, as the theories of some old naturalists almost implied, of controlling the color of its own eggs. Is it not then possible that the cuckoo felt an attraction towards the eggs that most closely resemble that fascinating blue?

In one other respect the weather seems to have modified common habit. On a neighboring common a stonechat has built tolerably high up in the water, and twice without the channelled run that usually leads the way to the nest. The advantage to the bird is obvious; but it is less obvious how the builders had cognizance of the approach of universal wet.

TO HANDLE THE CROP.

Report of Experts On Railways In the West.

The Railway Commission's assistant traffic officer, Mr. Frank Dillinger, has reached Ottawa from the west, where he was sent to make a report upon the position of the railways to handle the crop of this season. Mr. Dillinger, who is an expert on railway operation, was accompanied on the trip by Mr. James Ogilvie, inspector of railway equipment. The railways of the west were carefully inspected, and the conclusion came to be that they will be in fairly good shape in the autumn to handle the crop and the general traffic. The inspectors are convinced that the roads are making every possible effort to obtain locomotives and cars and expand their sidings, engine houses and other portions of their system to handle the increased business. The inspectors did not take the word of the railways for the orders they had placed for rolling stock, but made independent inquiries as to the extent of these orders and the date of delivery. The officials have not yet concluded the inspection of the roads.

It is the intention of the Railway Commission to arrange for regular reports for the railway companies on traffic equipment and orders for new equipment, so that it may be possible to ascertain at any time how any road is meeting the requirements of business and preparing for increase.

Killed Monster Octopus.

The largest devil fish, or octopus, ever seen in the Pacific Ocean was recently taken from the terrific struggle, by Captain Alf. Swenson, of the launch Leona, and his two men.

Captain Swenson was fishing for rock cod about six miles out from the shore when he noticed that something was taking the fish off the hooks. He could make out a dark form in the water, and twice grappled with it with his boat hook, but was unable to reach it. Finally it swallowed a fish, and the captain pulled it in with the aid of the other two men, it requiring the united strength of them all. As the monster came over the side of the boat, it reached out one of its mammoth tentacles and grasped Captain Swenson by the shoulder, but one of the crew stuck a gaff under it and succeeded in prying it off before serious injury was done.

When safely landed on the deck of the boat, it was measured and found to be fifteen feet from tip to tip, its body being about two feet across. The largest sucker on the tentacles was four inches across and the smallest one the size of a penny.

The captain and others who have seen it state that it could easily master a man in the water, and it is suspected that men have been taken by it in the past from their peculiar disappearance. The fish was brought into port and sent to Long Beach, where it was on exhibition for a day or so and has since been dried.

Who Are Your Friends?

"Birds of a feather flock together," "A man is known by the company he keeps," "Like begets like," "We are creatures of environment."

All these sayings have been preserved as proverbs simply because they have been found to be true.

The matter of associates is a most important one for the business man or employee to consider. The young man who spends his time in gambling, drinking, or dissipation, cannot do his best work, and can no more hide these practices than the clouds can obscure the sun permanently.

One of the best attributes a man can possess is good character. It gives him a standing amongst men. If the employee ever expects some day to be the manager he must associate with men of ideas that will be helpful to him.

The only way we can advance is to surround ourselves and associate ourselves with uplifting influences and helpful individuals, and we should look forward, not backward.

THE SACRED CODFISH.

Famous Emblem That Adorns the Massachusetts Statehouse.

A codfish carved in wood hangs on the white mahogany wall of the Massachusetts hall of representatives in the statehouse in Boston. Between two classic pillars it occupies a place of honor, directly opposite the desk of the presiding officer. This wooden fish is the renowned original sacred codfish of the Old Colony, and it has assisted at the deliberations of the lawmakers of Massachusetts for more than a century and a half, gathering sanctity year by year. It is a relic of the old building which preceded the present statehouse, and great is the dignity of this souvenir of colonial art and industry.

The following account of its origin is given in a Boston paper:

"Captain John Welch of Boston was the creator and carver of the celebrated fish. He was a wood carver of renown for his time and in 1747 established his business in Dock square. He belonged to the Ancient and Honorable Artillery company and afterward became its captain. He was called upon to contribute to the decoration of the colonial assembly hall, and as at that period codfish was the colony's main article of export Captain Welch conceived the idea of immortalizing the king fish of the Massachusetts waters. When completed the carving was finished off and colored so as to be a faithful simile of life and was hung on the wall of the assembly hall."

A poor excuse is better than none, provided it works.

RAISING CHURCH FUNDS.

The Kaffirs Mix in a Lot of Fun With Their Generosity.

The gentle Kafir when he does become Christianized has his own ideas of the best method of raising funds for the support of the "cause." From the subjoined description of a native meeting sent home by a missionary it would appear that native generosity, although of a rough and tumble character, is distinctly productive of ways and means:

"Recently I attended a native tea meeting, at which more than £12 was raised by this very poor-congregation. Their way of doing it was characteristic and amusing. They paid 2 shillings to sit down to tea. Then some one would pay 3 shillings for such and such a man to be required to get up again and leave the table. The man thus assailed would pay 3s. 6d. for a special table at which six could sit, paying an extra shilling each for the privilege. They had just got seated when a man paid 7 shillings to clear them out, and they paid another 8 shillings to sit on, and so it went on. They arrange all this themselves, and this is their way of giving to the cause. One man had a tin of sirup. He said he would pay 2 shillings to pour it over another man's head who had got himself up well in a large collar, etc.; this man paid 3 shillings to be let off, the first man 4 shillings again to do it, the other 5 shillings to escape, the first 6 shillings to do it—and did it, and oh, the laughter and the mess!"

Communications were read: The trustees of S. S. No. 2 1-2 asking for a loan of \$2,000, to be raised by debentures, to be paid in four payments, the first to be in 1908. The purpose of the loan was for to build a new school where the school had burned.

Kingsmill & Co., barristers, M. O. R., wrote re crossing on 18th and 19th side road, intimating that the Newcomb fence was on the road and if this was put on the line the road would be sufficiently wide.

P. B. Patterson, secretary-treasurer S. S. No. 13, asked for their usual special grant of \$100.

The Maple City Oil & Gas Company applied for a franchise to lay pipes in the township.

A. R. Robinson, Clerk of Raleigh, wrote giving time of meeting of Raleigh committee re Gregory drain.

R. Doherty wrote putting in a claim for work done on the McKimly drain.

John Johnston and J. Donovan applied to have the Mull drain repaired from the branch to the outlet.

John Whittington and S. B. McCully wrote resigning as auditors.

Commissioner J. T. Walters filed a report on sale of Purser bridge for \$36.75, to be done by June 28, 1907.

A committee of R. L. Gossnell, T. B. Shillington, A. Donaham and J. Rutherford asked for a franchise to put up a rural telephone system in the township.

W. Samson and T. Pickering addressed the council re arrangement with the P. M. R. re grievances at Erieau, suggesting the railway be given a trial as they had requested.

R. L. Gossnell, on behalf of W. R. De Gruchey, asked for a franchise to lay gas pipes in the township.

A. McLachlan inquired concerning the upper portion of the Morgan drain that had been put out of repair.

Moved by Clark and McColl, that the Clerk be instructed to write Mr. Rutherford, that after conferring with a number of ratepayers re grievance at Erieau caused by smoke from engines and from encroachments on the roadway; that this council approve of the suggestion made by Mr. Pyatt as set forth in the communication from our solicitor received by the council and dated May 23, 1907.—Carried.

Moved by Corlett and McColl, that the Clerk write the M. C. R. in regard to the railway crossing on the 18th and 19th sideroad, requesting them to put said crossing in proper width of road allowance in accordance with their understanding had by the committee on May 18 with their representative, and that action will be taken unless this is done by July 15 next.—Carried.

Moved by Walters and Clark, that the Reeve and Clerk be instructed to issue a duplicate cheque in favor of R. Doherty, the original cheque issued on Dec. 22, 1905, having never been cashed.—Carried.

Moved by Clark and McColl, that the Reeve and Clerk be instructed to sign all cheques for the payment of accounts of the meeting of June 10.—Carried.

Moved by Walters and McColl, that the Reeve and Clerk be instructed to sign a cheque for the payment of the S. S. No. 13, 1905, having never been cashed.—Carried.

Moved by Clark and McColl, that the Reeve and Clerk be instructed to sign all cheques for the payment of accounts of the meeting of June 10.—Carried.

Moved by Walters and McColl, that the resignations of John Whittington and S. B. McCully, as auditors, be accepted.—Carried.

Moved by Corlett and McColl, that the application of the Trustees of S. S. No. 2 1-2 for a loan of \$2,000 be accepted, and the Clerk be instructed to prepare a by-law for the purpose of the same by next meeting.—Carried.

Moved by Clark and McColl, that the Commissioners of Ward 3 be instructed to have posts and wire placed upon the boundary line of the gravel pit at Blenheim west, as determined by Geo. A. McCubbin, E. E., last year.—Carried.

On motions, the Harwich & Blenheim Telephone Co., The Maple City Gas & Oil Co., and the W. R. D. Gruchey Gas Co. were each granted the franchise asked for on certain conditions, to be outlined and agreed to, if satisfactory to the Council, in by-laws to be presented at a future meeting.

On motion of Clark and McColl, the salary of the Treasurer was fixed at \$200 per annum, he to furnish his own bonds.

Applications for the position of Treasurer were read from Douglas Campbell, Peter Morrison, A. Huff, S. B. McCully, Archibald Laird, G. W. Huffman, Benj. Rothwell, Neil Sinclair, John Whittington, A. S. Maynard, Wilber Huffman, E. B. Toie, and G. W. Risenborough.

The Council proceeded to elect, and John Whittington was chosen and by by-law appointed Treasurer.

S. B. McCully and A. Huffman were appointed auditors to audit the books of the late Treasurer and report to the Council before the new Treasurer assumed office.

A number of accounts were ordered paid.

Meeting adjourned.

G. W. RISEBOROUGH, Clerk.

Knowledge that you have done a good deed shows itself the way you avoid discussing it.

Of course you can buy imitations, if you want to, but you will miss the piquant deliciousness that has made

DISTRICT

NORTHWOOD.

The ice cream social held under the management of the Ladies Aid of the Methodist church, Northwood, on the 20th, was a decided success, the night being all that could be desired. The program was very much appreciated by the large audience assembled in the church. The choir was ably filled by A. B. McCoug, M. P. P. The proceeds amounted to \$59.

The saw mill of P. D. Campbell at Northwood, which has been running steadily for the last five

months, has its large stock of logs nearly sawn.

Mr. Willington and wife, of Toronto, are visiting her parents, Mr. and Mrs. W. Chellis.

W. H. Osterhout and wife, of the city, are visiting at the home of his parents, J. G. Osterhout.

A large barn raising took place on the farm of John Campbell on 11 Towline. The carpenters were delayed and they did not commence to raise the barn until nearly seven o'clock, but it was completed before dark without accident.

The Rev. Mr. Peters, pastor of the Methodist church, Northwood, will preach his farewell sermon next Sunday evening.

THE PLANET JUNIOR

SATURDAY, JUNE 29, 1907.

TO OUR JUNIORS.

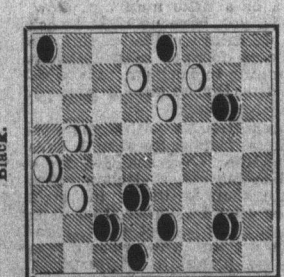

This will be the last number of The Planet Junior that will be issued until September unless you write to The Planet Junior yourself during the holidays. If you would like to write letters telling us about whatever you are interested in, we will be glad to print them. The Planet Junior during August, and your letters will appear in it, and we will mail a copy of the paper containing his or her letter to each child who gives us their post office address. We will also give any child who writes to us a stamped envelope and paper, so all you will have to do will be to write your letter and drop it in the nearest post office.

We hope that you may all have very pleasant holidays, and that you may find time to write to us, as we are always glad to hear from our little friends.

At the big Conservative convention in Sarnia yesterday Mr. W. H. Bennett, of Simcoe, made a stirring and convincing address.

In reply to Aylesworth's statement that the North Atlantic Company was legitimate, Mr. Bennett pointedly asked why it had been dissolved under a cloud, instead of a present continuing its legitimate business.

The results of the final examinations of the Ontario Medical Council have been announced, and among the successful candidates are noticed the following from this city and vicinity:

A. Percy Miller and Joseph X. Roberts of Chatham, J. C. Crookshank and R. G. Wodehouse of Blenheim, and A. C. H. [unclear] of [unclear].

The many friends of these successful candidates will join in the heartiest of congratulations. Dr. Robert and Dr. Miller are two of Chatham's cleverest young men and should do well in their chosen profession of medicine. Success to them.

The tourist's season is now on, and we are advised by W. E. Rispin, general passenger and ticket agent, that he has some especially attractive tours for the present summer season leading to all the summer resorts of Canada, including Muskoka Lake, the Temagami District, Georgian Bay Lake Superior, River St. Lawrence and Gulf and Atlantic Coast points and would be very pleased to furnish information to any intending passengers.

Subscribers who are leaving city for their vacation will kindly notify us as soon as possible when they wish their papers sent, to avoid any break in the delivery.
