Saturdays until 11 p. m.

Walter Scott, 'The Keen Cutter'

KINGS' COLLEGE DESTROYED BY FIRE THURSDAY AFTERNOON

The Oldest University Edifice in the Dominion and One of the Most Famous On the Continent, Lies in Ruins

ALL STUDENTS ESCAPED AND SOME OF THE FURNISHINGS SAVED

There Was \$45,000 Insurance On the Building But the Loss is Heavy

Kings College Building at Windsor, the oldest university edifice in the Dominion and one of the most historic on the continent, lies in ruins, demolished by a fire which broke out early Thursday afternoon. Only ashes and charred beams remain of the staid and dignified structure which since its opening in 1790 has had many hundreds of students pass through its halls. The loss to the University of Kings is an incalculable one and also to the Province of Nova Scotia for it means the passing of one of the famous architectural monuments of which there are all too few remaining.

The fire was discovered at half past two in the afternoon in a room on the third floor known as Steward's Bay. It was first noticed by one of the students who was ill and confined to his bed in the room below. It had already gained headway but its spread was gradual enough to give the students time to remove the furnishings from the adjoining bays.

BUILDING TOTALLY DESTROYED

The Town Fire Department responded immediately and valiantly the equipment was rushed to the scene, but the notification came too late to save the building. The work of the firemen were further hampered by two frozen hydrants. The water in the town was turned off in the hope of increasing pressure, but, as the College stands on a high hill, this expedient was unavailing. One hydrant was used by the chemical.

In 1848 the original flat roof had been covered with a gable roof, leaving an open chamber which created a strong draught across the entire building and the insatiable flames spread in both directions. By four o'clock the centre of the roof had collapsed and both wings were enveloped in blankets of fire. Dense volumes of smoke poured upwards and the conflagration was visible for miles around. The firemen worked heroically, but by five o'clock the old building had been totally destroyed and the Science Building was threatened. The connections with this building and with the Hensley Memorial Chapel were torn down in a successful effort to save them. It is feared that the valuable windows in the chapel may have been damaged by the heat. All the vestments, brass tablets, and books were removed but afterwards replaced. The fire raged for four hours

and now all that stands of the pile where Kingsmen were wont to assemble for the yearly Encenia are six massive brick chimneys, belching forth smoke, and tragically eloquent of Windsor's irreparable loss. The masonry walls between each of the five bays also remain intact.

President Boyle lived in one of the wings and the students occupied the remainder. Some of their personal belongings were lost. The Kings College School Building is some distance from the College and was in no danger. The students have been housed in the homes of townspeople and the Mayor, in tendering his sympathy to the President and Faculty, has offered to supply the curriculum may be resumed without prolonged interruption.

The blow will be felt all the more because of the success of the Kings College Forward Movement, and the rosy future that was opening before this ancient and honorable institution of learning.

There was \$45,000 insurance on the Main Building and \$25,000 on the Science Building. At the last meeting of the Board of Governors, the insurance on the building which has been destroyed was increased by \$15,000. Apart from sentimental and historic values, the actual loss will be a very heavy one.

The only students in attendance from Bridgetown at the time of the fire, were Jack Ruggles, son of Mr. and Mrs. Harry Ruggles and John Longmire, son of Capt. and Mrs. W. R. Longmire. The latter lost his clothes and all the trinkets and furnishings he had in his room. Both Mr. Ruggles and Mr. Longmire have returned to their homes in Bridgetown.

MAYORS IN NOVA SCOTIA TOWNS

The following is the list of Mayors in Nova Scotia, a few changes having taken place on Tuesday, Feb 3rd: Amherst—B. W. Ralston. Annapolis Royal—Claude C. King. Antigonish—J. S. O'Brien. Westville—Robert McDonald. Windsor—David N. Slack. Wolfville—Charles S. Fitch. Yarmouth—J. M. Walker.

BEST INVESTMENT GILBERT EVER MADE

Tanlac Restored Dartmouth Man To Health Two Years Ago Still Feels Fine

"Yes, sir, I can recommend Tanlac for it set me right two years ago, while I was living in Hamilton, Ontario, and I have been in good shape ever since," said Jeffrey Gilbert while in Kinley's Drug Store in Halifax recently. Mr. Gilbert resides at 35 Ochterloney St. Dartmouth, and is employed as boiler maker at the Halifax shipyards.

"Never in all my life," he continued, "have I had a medicine to do me so much good as Tanlac. My stomach had been giving me trouble for some time. It just seemed like I could not eat anything but what would give me indigestion the worst kind. I would bloat all up with sour gas and feel miserable for hours after every meal. There was a feeling like a lump of lead in the pit of my stomach. I would almost double up with cramping pains and could hardly draw a deep breath. My appetite was so poor that I never relished anything to eat and I just suffered constantly with that indigestion. I was continually losing weight felt weak and sluggish all the time and had no energy.

"I had tried all kinds of medicines, but kept getting worse, and after Tanlac came to Hamilton and so many people there got to praising it I bought a bottle and I declare that was the best investment I ever made in my life. Before I had finished the first bottle I felt considerable improvement. Then I bought another, and another, and when I had finished my fourth bottle my stomach was in fine condition and I have not been troubled with indigestion since that time. The gas and pain all disappeared and I am still eating just anything I want without the least trouble from it. It was not only my own experience with Tanlac that convinced me it is a wonderful medicine, but I personally know many others who took it with just a fine result as I did. You can't beat it and if I should get to where I need medicine again I wouldn't think of anything else."

Tanlac is sold in Bridgetown by S. N. Wearne and in Middleton by Clifford A. Mumford and in Bear River by L. V. Harris.

HER SERVICES APPRECIATED

Mrs. W. E. Reed Presented With A Cash Gift and an Address
A pleasant event took place at the home of Mr. and Mrs. W. E. Reed, last Wednesday evening when the pastor and a number of the members of the church and leader and members of the choir called at her home after which the Pastor, Rev. M. S. Richardson, read the following address:
Dear Sister Reed: Since your resignation was read the church has expressed its appreciation of your

past faithful services as organist of our church.

At all times you could be relied upon to fill your place and to help in maintaining an interest in the choir work in general.

Discouragements and trials, many varied and peculiar to choir activities, you have borne and overcome. The proverbial sensitiveness of the musically gifted is difficult indeed to deal with, yet you have conducted yourself in such away as to avoid much of friction and to maintain a good degree of tranquillity. You are to be congratulated upon your success and upon the opportunity of resting from your labours.

And now, feeling that our expression already conveyed to you is not adequate, we have invaded your home this evening for the purpose of showing a more tangible evidence of our esteem and gratitude. Please accept, therefore, from the choir and church this gift and may the God whom we love to serve look upon you to make you a further blessing, as you stand ready to assist in his work in another capacity.

In behalf of the choir and church, Bridgetown, Feb 4th, 1920

M. S. RICHARDSON, Pastor
The gift consisted of a substantial amount of cash which was greatly appreciated by Mrs. Reed who made an appropriate reply.

Mr. Arthur C. Charlton, the popular leader, also conveyed to the recipient, in a few well chosen remarks, the continued best wishes of the members of the choir.

Mrs. Reed has been organist of the church for 8½ years during which time she has given excellent satisfaction.

Her successor is Mrs. W. A. Warren.

A PLEASANT SURPRISE

A number of ladies Bridgetown enjoyed a sleigh drive to the home of Mrs. E. B. Miller, Clarence, on Thursday evening, the 5th, and surprised Mrs. Arthur Marshall with a "Variety Shower." Mrs. Marshall opened the gifts with a great deal of pleasure, after which Mrs. Little, Mrs. Maxwell and Mrs. Thies furnished music in their usual excellent style. Refreshments were then served and much enjoyed.

All departed for their homes after having spent a most enjoyable evening.

WILL RESUME PUBLICATION

The Parrsboro Leader of Parrsboro, Nova Scotia, which ceased publication in 1916 when its editor and proprietor the late T. C. Choinnet went overseas with the 193rd Battalion, will resume publication this month. Mr. J. M. Lewis, who has been with the Campbellton Graphic since last July, and David Pettis, of Parrsboro both returned men, will be the proprietors under the firm name of Lewis & Pettis.

St. Mary's Bay is full of ice and the mail boat has to watch for a chance to cross the Passage from Tiverton to East Ferry.
Friday's Digby Courier: The barge J. D. Munro finished loading for New York and went over to the Granville shore. On Wednesday she sailed for New York.
The government steamer Aberdeen was in Digby on Monday. She took up the Barbuoy which was out of place.

Big Developments in Evangeline's Land

The new Dominion Atlantic Railway Passenger Station at Bridgetown.

Not only is the Canadian Pacific Railway making advances in accordance with the necessities of the times, and providing every modern improvement for the convenience and comfort of the public, but all its subsidiary lines are similarly progressive. The Dominion Atlantic Railway, which serves a large portion of Nova Scotia and runs through the beautiful land of Evangeline, now owns and operates The Pines Hotel at Digby, providing first class accommodation for the large numbers of tourists who visit the district. A new night service between Halifax and Yarmouth has recently been inaugurated. This night service leaves Yarmouth on Monday, Wednesday and Saturday evenings, and Halifax on Sunday, Tuesday, and Friday, and marks one of the most important developments since the through line of railway from Yarmouth to Halifax was opened up for traffic in 1891. These trains carrying on a combined freight and passenger service, but only carloads of through merchandise are carried.

When on a trip of inspection over the Dominion Atlantic Railway, at the end of November last, Mr. Grant Hall, vice-president of the C. P. R., expressed the desire to have the D.A.R. equipped in the near future with steel rails much heavier than those at present laid. He said that this work would probably be undertaken when the effects of war conditions had disappeared. Important improvements are being carried out along the line and arrangements are progressing for the erection of a new station at Digby which will provide the most up-to-date facilities for tourists and other traffic and add considerably to the beauty of the town. It is estimated that during 1919, 80,000 tourists visited Nova Scotia and spent there about \$2,000,000. Recently a new station was opened at Bridgetown, much to the satisfaction of the public of that town. It is a handsome building, 24 ft. x 56 ft. with 20 ft. overhang on each end and has in front a tavia walk 390 feet long and 12 feet wide. The building is very conveniently designed. It has a cement base on truss lath, centred with smooth pebbled dash, with smooth finish above and below. The roof is asbestos. The inside consists of gents' room, 30 ft. x 24 ft., office 14 ft. x 14 ft., ladies' waiting room, 12 ft. x 24 ft., and baggage room 24 ft. x 10 ft. The inside finish is of Douglas fir and birch, finished in the natural. The ceilings and side walls are sand finish tinted in cream. There are also up-to-date conveniences and the heating plant consists of a Cumberland hot air furnace manufactured and installed by Mr. G. E. Banks, of Bridgetown, who also executed the plumbing. The inside and outside decorating was in charge of Mr. Harry Sanction. The whole work, including the building of a freight shed 30 ft. x 48 ft., on the

Personal Mention

Mrs. E. B. Miller and Mrs. G. O. Thies were in Annapolis Wednesday. Mr. T. B. Chipman has returned from a business trip along the South Shore. Mr. Alex Fowler, of the Bank of Nova Scotia has returned from Caledonia. Mrs. H. B. Hicks and children are spending the winter in Bermuda. Yarmouth Times: Mr. L. M. Trask left on Sunday morning on a business trip to Halifax, returning Wednesday morning. Miss Birdie Gillis, of Waterville is spending a few days the guest of Mr. and Mrs. Avard Gillis. The editor enjoyed friendly calls last Wednesday from Rev. W. I. Croft and J. A. Russell, of Digby. Capt. LeMoine Ruggles, of Halifax, is the guest of his parents, Mr. and Mrs. Harry Ruggles at Lawnsdale. Miss Edie Dorey, of Middleton, spent the week end with friends and relatives in town, returning via Monday's express. Mr. and Mrs. M. C. Foster gave a dinner party to a number of their friends Monday evening which was greatly enjoyed. Mr. W. Cook, of the Bank of Nova Scotia left Wednesday for Halifax where he is manager of the Gortin and Cornwallis Branch. Mrs. Florence J. Bent and Mr. Gilbert Bent, of Paradise, were the guests of Mrs. Appleton Jackson Bridgetown on Sunday. Mr. F. W. Stevens, the popular representative of the Fairbanks-Morse gasoline engines, spent the week end at his home in Bridgetown. Mrs. (Capt) L. O. Everett, who was in New York, arrived in Yarmouth on the Northland on Saturday morning and came through to her home in Plympton. Mr. Robt Halcott, the hustling representative of the Young-Adams theatrical company spent the week end in Bridgetown a guest at the St. James Hotel. Mr. O. C. Jones, manager of the hotel department of the Dominion Atlantic Railway Co. was in Digby last week returning to Kentville via Thursday's express. Miss Marie Ruggles, of Bear River East, came home on Wednesday last week, after having visited her sister, Mrs. R. H. Howard, of Waterville, Kings Co for the past month. Mr. W. H. Dargie who returned Wednesday night from a business trip to Weymouth, is now seriously ill at his home on South St. His many friends will wish him a speedy recovery. Dr. W. H. Beckwith returned to Halifax Friday accompanied by his father, Mr. J. W. Beckwith, Dr. "Will" has a host of friends in his native town who are always pleased to greet him. We had a pleasant call yesterday from Mr. H. M. Beeler, a native of this county who now resides in Nokomis, Sask. Mr. Beeler is now a prominent farmer in the west and has certainly made good during his fourteen years' absence. We wish him continued prosperity.

REAL LIVE TESTIMONIAL

Given to Professor Hamilton of Hampton To Prof. B. S. Hamilton It gives me pleasure to be able to add my testimony with others who have been helped for I really believe I would not be living today had I not taken the Professor's treatment. I had been a victim of ill health for three years and received no help from Physicians or at the hospital where I was for some time. I suffered from a complication of diseases including irregular breakdown, nervous debility and pain in my side. I kept losing weight until I became a living skeleton. I did not want to live in that condition then friends told me of Professor Hamilton's skill and advised me to go and see him. I did so and this is the result: In taking less than two month's treatment I am cured. I feel fine and keep gaining in weight and strength. Words fail to express my thanks and I cannot praise his treatment to highly. Gratefully yours MRS. J. E. MUNROE Mill Village, Queens Co, N S Boston snow shovellers ask 90 cents an hour and are scarce at that.

Top of the World Carnival

Banff is to have an elaborate winter carnival this year, and will be on the program from February 2nd to the fourteenth inclusive. Situated as it is in the Canadian Pacific Rockies and surrounded by the grandeur of Tunnel Mountain, Rundle Mountain, and Sulphur Mountain, Banff, the national resort, is fast becoming the centre of winter sport in Canada, as Christianity in Norway. It is a perfect winter playground with its natural mountain slides and ideal skiing. The preparations for the carnival this year are on a larger and broader scale than previous years; the aim being to make Banff attractive in winter as it is in the summer. In one aspect the visitor will find combined summer and winter amusement in the hot sulphur springs, which give one the privilege of swimming out in the open with the thermometer above or even below zero, in not tepid but warm water.

The spirit of the carnival will again have full sway throughout the town, and those who arrive at night will find themselves in a veritable fairyland. Colored lights are to be strung across the streets, down the famous toboggan slide, and on the rinks in thousands giving a great gala effect.

The list of amusements is a long one. There are hockey and curling matches, toboggan races, snowshoe and ski races. The ski jumping this year promises to be one of the big events, for a new jump has been built costing several hundred dollars, and some of the best skiers in Canada will take part in the competitions. The pony ski races are on the programme, and will doubtless create much excitement. Snow shoe tramps have been planned and lunch will be served at the zone warden's cabin. These exhilarating tramps are conducted by men who know every inch of the country. The carnival will be just one continued round of safety and anyone who imagines the world in the mountains to be dead in the winter will have a pleasant surprise.

Rivers, brooks, cataracts and falls are all pursuing their merry course, as in the summer except in a few occasional spots. The animals are not huddled up inside their burrows or seeking shelter away from the world, but roam about as in summer. The carnival will be opened by the Superintendent of the National Park, and a special programme has been arranged for each day and will conclude with a farewell ball and distribution of prizes. There are three comfortable hotels which remain open throughout the winter.

The carnival and bonspiel at Banff are becoming amongst the most important and widely known events of the Canadian Winter, and will attract thousands to see "Top of the World" in the winter. Nature in all the beauty of her winter garb is at her best at this time of the year. Instead of being dead Banff will be very much alive.

ANNUAL SE MUNICIPAL

REPORT OF MEDICAL HEALTH OFFICER

To W. G. Clarke, Esq., Warden of Municipality of Annapolis County:—

SIR:—I beg to submit herewith a brief report of matters pertaining to the Public Health of the Municipality for the past year.

In the first months of the year Epidemic Influenza was prevalent in nearly every part of the Co. Churches and Schools were closed as suggested by Provincial Board of Health, but it is doubtful if it made any difference in the spread of the disease.

The deaths from it were largely in those below middle life, therefore that much more serious from an economic standpoint. Our mortality was not heavy compared with many countries.

During the year we have had slight outbreaks of Smallpox in several different localities. In all cases they were recognized early and with strict quarantine very little inconvenience was caused to the community where they occurred other than to the family affected. These outbreaks of this disease have in each case been traced and have in all cases come from outside localities, where unrecognized mild forms of the disease were not under control and were moving about spreading the infection generally to those susceptible to it.

From our experience with this disease in the Municipality for the past eighteen years, we have learned time or rather have confirmed the value of vaccination.

In all cases occurring the past year none had been previously vaccinated, year we have found also that if those in the house with a case of the disease, suit or caring for the sick are early vaccinated, after the discovery of the disease, they rarely contract it, unless in their exposure has been for a week night or more.

Now while the mild form of Smallpox that is now prevalent in the province is not of a serious nature of itself and as a rule leaves little or no pitting or disfigurement of the face, yet at best it is a loathsome and repulsive malady, that no person in their right senses, if they know anything of the disease would want for beside the disagreeable features of the disease there is the inconvenience of being isolated for four to six weeks on account of quarantine which is also very serious matter for the breadwinner of the family in these times.

In spite of all this we occasionally hear of some one saying that they would sooner have the disease than be vaccinated. If it were not for the danger to others, these people should be taken at their word; certainly they do not speak seriously or else they know nothing of this troublesome malady even in its mildest forms. I am reminded here of a circumstance the past year that very well illustrates what I have just said.

A case of Smallpox developed in a family in the County in 1919 and when suggested vaccination to the man of the house for the members of his household, he was opposed to it and only acceded later when compelled or for fear of compulsion. However the vaccination came too late and the disease appeared before the vaccine had time to take effect and the entire family contracted it, the man of the house showing it more markedly than the others, especially on his face. While visiting him he remarked, with more emphasis than elegance that he had made a— of a mistake in opposing vaccination, he not only felt it but he showed it.

In connection with this part of my report I would like to mention a domain of our society which has been touched by the disease in the last few years. It is the case of the smallpox which has been successful in this country during the past few years.

It is not enough that you stop the cough, you must go back of the effect and remove the cause. Thousands subject to colds and coughs find that

YOU MUST DO MORE

SCOTT'S EMULSION

three or four times daily works wonders in building up resistance. Scott's derives its power to nourish the body. Better let Scott's Emulsion help remove the cause.

Scott & Bowne, Toronto, Ont.

Suburban Notes

HAMPTON

We are sorry to report Mrs. Alonzo Foster in poor health at the time of writing.

CLARENCE

A sleighing party to Mt Hanley was enjoyed by the young folks recently.

CLEMENTSVALE

Mr. George Trimmer recently made a business trip to Yarmouth.

ROUNDBILL

Mr. G. A. McCain was in Halifax last week.

STORMY WEATHER

The stormy, blustery weather which we have during February and March is extremely hard on children.

FAREWELL AT GRANVILLE CENTRE

Our Granville Centre correspondent writes: Rev. I. Brindley, the retiring pastor of the U. B. Church, was the guest of honor at a farewell gathering on the evening of Thursday, Feb. 5th, at the home of Mrs. Weston Eaton.

GRANVILLE FERRY

On Monday, Feb. 9th, there is to be a picnic social at the home of Mrs. J. L. Shafer.

Digby County Monitor

Mr. Jas Merkel, of Kentville, N. S. was in Digby over the week end.

Miss Mary Corbin, of Weymouth, is visiting in Digby.

Dr. T. H. Macdonald, of Meteghan, spent Wednesday night in Yarmouth.

Miss Grace Robinson, of Parker's Cove, is spending a few days in Digby.

Sheriff Smith, who has been along the South Shore of Nova Scotia in the interests of migratory bird protection, arrived in Yarmouth on Saturday and came home Monday.

There passed away in New York on Wednesday, Jan. 28th, after a brief illness of pneumonia, Dr. Fred J. Bowles, son of the late John Bowles, of Waterville, N. S., and nephew of Mr. H. W. Bowles, of this town.

Mrs. S. W. Titus, accompanied by her daughter, Miss Edrie, left for Sackville on Monday to attend the wedding of Harry B. Titus, to Miss Annie Ford, daughter of Mr. and Mrs. Alex Ford of Sackville, which took place Wednesday.

The wedding took place at the home of the bride's father, Adella MacLeod, Acadville, on Wednesday evening of Frederick Leander Guy of Clementsport, to Edith May McLeod, Rev. D. E. Hatt officiating.

George B. Morecroft, of the Hoves Construction Co, Meteghan River who was on a trip to Boston, returned home on Sunday morning and was accompanied by Mr. A. F. Law, of Boston, who will be the guest of Mr. Morecroft at his Meteghan home.

The funeral of the late Mrs. Geo. Muise took place Monday afternoon with interment in St. Patrick's R. C. cemetery the service being conducted by Rev. Fr. Mackie. The floral tributes were lovely among which was a wreath from the Digby branch of the G. W. V. A.

UPPER GRANVILLE

Mrs. John F. Bath is visiting relatives at Kingston.

Mrs. Charles Poole has closed her residence for the winter months and has taken a school at Deep Brook.

Mr. and Mrs. Leonard Whitman are receiving congratulations upon the birth of a son Jan. 29th, James Willard.

"Candlemas day," the saying says, was favorable for an early spring which will be gladly welcomed after continued frost and cold.

BERWICK'S NEW INDUSTRY

The Graham Evaporator Factory at Berwick has completed the installation of their canning equipment and operations in this department were commenced this week.

The investigation of the Commission of Conservation have demonstrated the importance of Canada's fur trade and that the advancement of fur farming calls for a better understanding and regulation of this industry.

The meetings will be attended by the leading authorities on the fur trade and the most prominent fur farmers. Among the subjects to be discussed will be regulation of the fur trade, protection of wild life, diseases of and feeding of fur bearing animals in captivity, establishment of a herd book for registration of foxes and the best fur farming practices.

Fur farming has passed the experimental stage and is now on a solid commercial basis. Prices of furs are advancing, some of them having made phenomenal gains. This will no doubt tend to increase the number of those engaged in the raising of animals for their skins, as well as to include in the industry many species not now reared in captivity.

The commission of Conservation extends an invitation to all interested to attend the conference.
