MONTREAL, Dec. 3 .- (Can. Press.) -The staff department at the head office of the Bank of Montreal here was advised of the robbery and murder by telegram about 4 o'clock this afternoon. Officials were inclined to question the report that the amount stolen would total \$10,000, stating that Plum Coulee is a small branch, and that the amount of cash usually deposited there would not total over half

Overcoats of Distinctive Style. The very fact that winter overtoats are made as a rule of rough materials emphasizes the need of clever tailoring. The overcoats shown at Dinesn's, 140 Yonge street, are the most conspicuously stylish and distinctive-looking coats any man could wish to wear. The materials are really choice and a visit of inspection will assuredly convince you that the overcoat values convince you that the overcoat value at this house are unique in the matter of sartorial merit,

JOIN THE GOOD FELLOW CLUB AND ENJOY YOUR CHRISTMAS

By Making Some Poor Child Happy You Will Be Doing the Best Thing You Could Do on Christmas Day - Call Main 5308—Get Your Name on the List.

The World has been busy for weeks finding out the children of this big city who are going to be without a merry Christmas. There are thousands of them, little boys and girls whose parents will not be able to provide the things that make Christmas a bright and happy day for fortunate

Lives.

Some of these children need clothes and food besides playthings. Without them the most beautiful day of the year is going to be cold and cheerless. The World Good Fellow is going to see that nothing like this happens. We want you to be a Good Fellow and help. Last year three thou-

sand children were looked after. There'll be more this year who need you.

Now, what we do is to give you the name of some child or family that no one else, and no organization is looking after. We'll do it a couple of weeks before Christmas—that's pretty soon. Then you visit the child, find out what it most wants, or you think it needs, and on Christmas you

The benefits of being a Good Fellow are many. Chief is that you have the pleasure of seeing a child dance with happiness. It means a sacrifice of time, but then you will know the joy of service. If you are going to be lonely this Christmas, become a Good Fellow.

If you belong to a club, get the members together and organize your

Good Fellow work at once.

You uptown people, with your motors, have special facilities for being Good Fellows. But if you haven't a motor don't let it stop you.

And the gentle sex make splendid Good Fellows. If you have decided to join, send your name, or phone The World Good Fellow, Main 5308, right away.

One rich bachelor has asked for the names of fifty children. He is going to attend to them all personally. And they'll have the best Christmas What does it cost to be a good fellow? Just what you want it to cost

We give you the name of the child, the rest is up to you. Come on, be a Good Fellow. Some little girl or boy is going to be joy-less, or maybe hungry, if you don't join in. Main 5308 .--

President of Bank of Montreal
Shows High Light of
Financial Vista.

MAKE HASTE SLOWLY

Immber trade. The prairie demand for lumber had been poor and prices were so much lower than in 1912 that it was a question if many of the milis had made money on the year's work. The foreign lumber trade had fallen off as well, and the free admission of lumber to the United States under the provisions of the new tariff bill would not materially affect the export of British Columbia lumber, as the lumber states of the Union could easily supply the market. The mining and fish industries had had a better year and the fruit producing business was on a better footing than in past years. Tight money had checked enterprise and considerable distress thru lack of employment was to be expected during the coming months.

Canada Will Gain in the Long Run by Conservative Policy.

"The year 1913 may be truly deribed as a memorable one," declared. V. Meredith, president of the Bank of Montreal, addressing the directors in the board room at the bank head-quarters on the occasion of the ninety-

"In France, the economic position has been less favorable than usual. The severe political shocks I have mentioned occasioned a withdrawal of funds from Germany, and hoarding has been continuous and constant. A vast aggregation of loans to finance the Balkan States and for increased home armaments still await flotation. In Germany, the situation shows a marked better. the situation shows a marked better-ment in the improved condition of the Reichsbank, and a curtailment of that country's excessive trade activities.

In United States. Mr. Meredith went on to deal with the financial situation in the United States. Owing to a general slowing up in business, also to the action of the government in placing government funds in the banks of the west and south, he was able to state that the usual fall stringency had not as yet

of a year ago.

No Trade Depression.

"Taking these facts into consideration," said Mr. Meredith, "it is not surprising to find that legitimate business generally in Canada continues to be in a satisfactory condition. There are no signs of trade depression, the a slowing down in many pression, the a slowing down in many branches of trade is in evidence, and there is a disposition to confine commitments to actual requirements.

More economy is being exercised than has been the case for some time past. The flow of money which came in great volumes in the past few years from the British Islands and abroad, both for investment and for speculative purposes, and created a somewhat tive purposes, and created a somewing unhealthy expansion, has met with a check. It had much to do with the section threw the man over the front of the wagon and both wheels passed outbreak of land speculation in the west, which owing in a measure to a wise precaution of the Bank Act, was limited to individuals and has not affected the country generally relable extent.

A property of the country generally planning a CITY

"Advantage was unfortunately taken of the ease with which money could be obtained and of the popularity of Canadian securities in Great Britain by certain individuals on both sides of the Atlantic to expleit the London market with securities of a doubtful nature, to their own advantage, and market with securities of a doubtful nature, to their own advantage, and some of these enterprises, owing to over-capitalization or incompetent management, or both, have met with disaster, causing suspicion to be cast on many undertaings of a thoroly sound character seeking capital.

"There has been a collapse of the land speculation in the west, of which I have spoken. Municipal expenditure has been restricted to actual necessities, and with due regard to the ability of the municipality to find a market for its securities. In this connection, it may be advantage, and with due regard to the ability of the municipality to find a market for its securities. In this connection, it may be a securities.

hty of the municipality to find a market for its securities. In this connection, it may be noted that the American market has relieved the situation in London and in Canada by purchasing, in the first ten months of the year, a sum no less than \$29,000,000 of our municipal, industrial, corporation and public utility bonds, without taking into consideration and

ing the coming months.

The Inference.

Mr. Meredith concluded with a summing up of his deductions from the state of finance thruout the world, and a statement of his inference as to the probable effect of the general situation upon Canadian development.

"My last words," he said, "are of counsel and confidence. The finger of prudence points to a policy of conservatism. While the financial sky remains clouded over in Europe, we shall do well to hasten slowly. It is not a time to attempt enterprises of a speculative nature, nor to undertake new commitments prior to the financing thereof, and an accumulation of stock by merchants and manufacturers (Special to The Toronto World)
BRANTFORD, Dec. 3,—Bailiff Dyckwhich will be executed the moment th Brantford Street Railway Co. attempts to remove any of its assets. It is alleged by

sixth annual meeting.. "Several factors have combined to create in London an ever-increasing difficulty in obtaining loans. The Balkan war is one of those factors; another is the condition of unrest in England. Public flotations in London alone totaled not less than two hundred million pounds to the end of October, exclusive of special borrowings and treasury bills, of which fifty-four million pounds were Canadian emissions.

"A world-wide trade activity has resulted in a rise in the price of commodities. Serious political disturbances in France and Germany have had an effect, and the continuous and heavy gold demands of Argentina, Brazil, Egypt and India, combined with accumulations by joint stock companies in their private vaults, have aggravated the situation.

"In France, the economic position has been less favorable than usual. The severe political shocks I have mentioned occasioned a withdrawal of funds from Germany, and hoarding has been

commission, and the issue has become an important one locally.

To Employ One Hundred Hands
Brantford has landed another new industry in the establishment here at an early date of the factory of the United Rubber Manufacturing and Reclaiming Co., a new Canadian concern. A site of three and a half acres has been purchased on Curtis street, near the Ham and Nott plant, and having railway facilities, General Manager R. G. Wooten announced today that a building of concrete would be erected early in the spring. It will be 250 by 70 feet and 100 hands will be employed at the commencement of operations. The firm is practically the only Canadian one that will make a business of reclaiming rubber. The capitalization of the new firm is \$350,000, most of which has been subscribed. It is understood, however, that stock will be sold in Brantford.

Chief Engineer George Mountain of the More Than Five Thousand

PLANS CONSIDERED

Suggestions Were Made

to Committee.

Ancient Babylon.

At a meeting of the Brantford Ministerial Alliance, Mr. Hargrave, a Baptist minister, who is an enthusiast on church federation, and who is at present doing special research work in Cornell University along this line, was present, and at the request of the president read a somewhat remarkable paper on "Church Federation." He took the ground that the churches must get together, particularly in the small villages and rural districts, to prevent foolish overlapping and sinful waste of home mission funds. Case after case was cited to show how Anglicans, Baptists, Methodists and Presbyterians had joined hands in small places, and always with success. None have lost their individuality, and each contributed of its federation. The essayist looked forward to the time when all of Christendom would unite in one grand church, But in the meantime such a pian as suggested would pave the way for this consumption of the wagon and both wheels passed over him. At a meeting of the Brantford Minis-

U. S. TRADE LURE CANADA'S DANGER

Newcomers in West Hear Siren Call.

NEEDED

Telephone City Has Landed Significant Speeches Made at Banquet to Sir Frederick Taylor.

> LONDON, Dec. 3. - (C.A.P.) - Sir Frederick Williams Taylor was the a company of two hundred congratulated him, thru President Donald Macagership of the Bank of Montreal. Some interesting observations were furnished by Sir Alexander Lacoste, replying to the toast of "The Dominion." "We have friction in Canada, as elsewhere," he said, "but it is not due to the constitution under which we live. If the spirit of the constitution is followed, there will never be friction."
>
> Sir Alexander also had some remarks to offer concerning newscomers to west

to offer concerning newcomers to west-ern Canada. ern Canada.

"Many of those who go to western Canada," he said, "have no patriotism when they arrive. There is a great temptation for them to trade with the United States. The same problem was once encountered by the States themselves, but there is this difference between their position then and ours at tween their position then and ours at the present time. The United States had no competition to meet. the present time. The United States had no competition to meet, but when we have now to meet the same problem, we find as our neighbor a very powerful highly civilized country. New western emigrants have to pay very highly for agricultural implements. It is the opinion in Canada that we want protection from the United States and free trade within our provinces."

Should be Unprejudiced.

Sir Alexander concluded with a plea that emigrants should go unprejudiced. If that lack of prejudice was continued amongst newcomers there would not be one man in a hundred

who would desire to separate from England.

Sir Frederick Taylor said he was startled beyond measure to find a western paper describing him as a live wire editor. An English financial daily described him as a plain, matter-of-fact Canadian. That editor was a pretty shrewd fellow. When he came to London he did not receive one word of instruction, written or verbal, from the late Sir Edward Clouston. He had merely to be true to the traditions of the institution he represented Sir Frederick concluded with a graceful reference to his English friends, and an expression of thanks Sir Frederick concluded with a graceful reference to his English friends, and an expression of thanks for the cordiality and honor bestowed by the company that evening. Justice Graham and Sir E. Hutton responded to the toast of the other guests, proposed by Hamar Greenwood, M.P.

NEW YORK'S RAPID TRANSIT SYSTEM

Is Expected to Handle Eight Billion Passengers Each

When the new system of rapid transit is completed in New York, in 1917, it is expected to handle transit is completed in New York, in 1917, it is expected to handle \$00.000,000 passengers a year. Existing lines now handle \$00.000,000. Contracts have been signed for the new system by representatives of the city, the Interborough Rapid Transit Company, and the New York Municipal Rallway Corporation. It is stated that the estimated total cost of the new system will be \$337,000.000, of which New York City will supply about \$171,000.000, and the two companies the remainder. The Interborough's total expenditure will be about \$105.000,000, of which \$58,000,000 will go toward the construction of cityowned lines. The New York Municipal Railway Corp. will expend about \$61.000.000, of which about \$14,000.000 will be applied to the cost of cityowned lines. The balance of each company's expenditures will be devoted to the purchase of new equipment and the construction of elevated railroads and additional tracks thereon. It is expected that the rapid-transit facilities will be more than trebled upon the completion of the new system in the year 1917. The existing lines cover 296 miles of single track, whereas the total length of the new system will be 618 miles of single track.

HOUSING CO-OPERATION

Architectural, Social and Financial Problems Have

to Be Solved. CINCINNATI, Dec. 3.—(Can. Press.) The growth of cities in America is ausing the inhabitants to live like

causing the inhabitants to live like ants, declared George E. Hooker, civic secretary of the Chicago City Club, at the third annual session of the national conference on housing here today. Crowded conditions in the larger cities necessitated large buildings, where human beings swarmed, and required burrowing into the ground to give them means of transportation to and from their places of business, he said.

His address was on "Garden Cities," and Mr. Hooker pointed out the advance which has been made in giving breathing spaces and parks to city dwellers. Light, air, land and a reasonable amount of the amenities of home life is being denied to thousands in cities, on account of crowded are in cities, on account of crowded conditions, and this, he said, the garden city would prevent. Garden City Movement.

This garden city movement, which began in England, and is rapidly spreading, has now become divided into garden cities proper, and also garden cities proper, and also garden villages and suburbs, according to Mr. Hooker. The advantages of numerous small grounds in every community as a health and financial investment were told of in detail.

told of in detail.

Another division of the conference listened to an address by Arthur C. Comey of Boston, on "Co-operative Housing." He said the problem of housing is three-fold, architectural, social and financial. He continued that the only proper way to for a were with the old. that the only proper way to do away with the old system of landlords, socalled, was to apply a limited dividend system, speculative profits beingeliminated and the money returns fixed, commensurate with the risk involved and at a fair percentage to the builder.

the builder.

Wholesale co-operation is likewise a fundamental principle, according to Mr. Comey, in erecting proper housing at a minimum and reasonable cost to the resident. Another principle involved is the participation and interest in the work by the resident of the building. This paper was discussed by W. S. B. Armstrong of the Toronto Housing Company; C. S. Bird of Massachusetts, and P. R. McNeill, architect, New York.

THREE WEEKS TO

THURSDAY MORNING.

Hamilton Citizens Then Will New Zealand Carries Its De- James Cox Killed When He Be Able to Ride Up the Mountain.

With Nomination Day So Near.

(Special to The Toronto World). HAMILTON, Dec. 3.—It was stated here this morning that the Ontario Railway Board will probably give Geo. F. Webb three weeks in which to put the east end incline in running condition. If this is done, the mountain situation only part of the China unit in exist-

himself, but it is probable that his recommendation to the board will be to that effect.

Municipal Elections.

With nomination day only three weeks away, there is a surprising lack of interest in the forthcoming municipal elections, particularly so as far as controller candidates are concerned. There has been considerable talk about new addermanic candidates in the various wards, but so far no candidate, outside of the present members of the board, has announced his desire to sit in the inner circle of the council. A wild guess was made at the city hall today, that the four controllers would be returned by acclamation, but that is only election talk, subject to a discount of 99 per cent. Tuesday, Dec. 23, will be nomination day. Nominations for mayor, board of control and the Hydro commission will take place in the city bouncil chamber.

New Judge Needed.

It was learned on good authority this morning that the Hamilton Law Association will take up with the government the necessity of having another judge appointed to this county. It was stated by a prominent lawyer that another judge was necessary for the reason that the time of the present county court was being taken up with cases in which the amount involved was not over \$200. He contended the fuirisdiction of the division court ought to be extended to include cases in which the amount in dispute was not over \$300. That would mean a session of the division court every week, instead of every other week, as it is at present, and it would follow in due course that another judge would have to be appointed to look after the extra business.

Lack of eye-witnesses leaves the details of the man's death merely conjec ure. After the elevator struck the firs floor pinning the man, the body mus have been flying out and fallen to the autematically stops.

autematically stops.

The second fatality, in which James Brain, 42 years of age, of 603 Crawford street lost his life, occurred at 6 o'clock yesterday morning in the factory of Christie, Brown & Co.

According to the only eye-witness, Brain had ascended to the third floor to bring the elevator dcwn to the second floor, to lower down some goods. John Mason of 42 Coxwell avenue awaited the car on the second floor, and was startled by a scream. Brain cried out that he was being squeezed, and for God's sake to do something. Peering upward he saw his fellow worker hanging head downwards, caught between the floor of the hoist and the side of the shaft.

Realizing that in his present position the life was being crushed out of him, Mason pulled the rope to allow the elevator to ascend. Released from the pressure, the now unconscious man toppled over head first, and fell 50 feet to the bottom of the shaft, fracturing his skull. A physician was summoned, but death was instantaneous.

Mr. Mason was so overcome by the tra-

ROWROCK DAM.

The Arrowrock dam, being built by the United States Reclamation Service for irrigation storage purposes, is located, 20 miles from Boise, and will be 350 feet high, one of the hignest dams in the world. From 60 to 80 feet below the river bed lies the granite bedrock upon which the foundation of this huge will of reinforced concrete is to be erected. The width of the canyon at the river bed is about 200 feet, and the thickness of the dam at the bottom will be about 246 feet. Since floods of varying magnitude occur at somewhat regular periods in the year, the building of this dam presented difficulties of moment. It was finally decided to build diversion works to take care of about 200,000 cubic feet of flow per second, and build first a section of the dam only 100 feet high. Thus it was not necessary to complete all the excavation at once, the plan being to finish the work in sections between flood periods. Bedrock was first reached Oct. 15, 1912, excavation amounting to 170, 600 cubic yards being completed and concrete brought up to its full height april 15, 1913, well in advance of the spring floods. Some five years' more work remains to be done,

ronto Platform Defends Purchase Proposal.

"Do you think Sir William Mackenzie ever considered the human factor?"

street railway purchase question was again threshed out. Mayor Hocken and W. F. Maclean, M.P., spoke in favor of the purchase. Ald. Burgess and ex-Controller Maguire opposed it.

Mayor Hocken pointed out that he had no quarrel with the tube part of the harbor commission's plan. It was a good plan, and he still adhered to the subway feature. He thought the tube a good thing. The time would come when the city would have to build the subway, and the first one would be from the south to the north. He was surprised at the people of 1891 selling such a profit-making enterprise as the railway. He had endeavored during his municipal career to cure the railway ills. In asking for the report of Mr. Arnold, the mayor said he had told Mr. Arnold to give them the truth, and nothing but the truth.

Aid. Burgess took exception to the

nothing but the truth.

Aid. Burgess took exception to the suggestion that tenants as well as properly-owners vote on the question of railway purchase. He dehounced the scheme, and was in favor of waiting until the franchises expired and then acquiring the railway.

Those Who Ride.

W. F. Maclean said that it must be remembered that it was not the property owners who kept up the street railway, but the people who rode on the cars and paid their fares. He wanted to know if Ald. Burgess was afraid to let these people vote on a clear-cut issue. They were the ones most vitally interested and why should they not be given the opportunity to rid themselves of suffering and abuse?

world with double tracks and one fare. The way to get tubes was first to get the Toronto Street Railway.

Mayor Hocken had not delayed the vote on the purchase, contended Mr. Maclean. He had tried all along to get the matter before the people.

"All I want," continued the speaker, "is that this question be put to the people without being clouded. I want it to be a clear-cut issue and I want to get a clean verdict at the hands of to get a clean verdict at the hands of the people. If I can't then I will not have anything to do with it. Put the matter before the people fairly. Let them be the judges. Let them de-cide."

The city was big enough to take over part of the harbor scheme and to finance the mayor's scheme, too said Mr. Maclean. The money would come into the fare box. There would be enough to pay for all and to give the city and the generations after, a street railway free of all encumbrance. There was no doubt but that the railway would be a great revenue-proway would be a great revenue-pr

"What does public ownership mean?" asked Mr. Maclean. "What does it seek to do? It seeks to give good ser-

seek to do? It seeks to give good service.

"It means that the people have a right to do as they like whenever they like and how they like."

All a Gamble.

Ex-Controller Maguire spoke shortly and said that it was all a gamble as to whether Toronto would have a population of a million within ten years. He was opposed to the deal.

Another meeting will be held and the matter again taken up.

Geo. Taylor of Sutton, who was removed to the Toronto General Hospital on Tuesday, suffering from appendicitis, was operated on yesterday, and was reported to be feeling much better last night.

KEEP GRANDLY HUMAN

By Seeking Happiness in Daily Tasks, Says Mrs. Jean Blewett.

LIVE IN YOUR OWN WAY

Don't Worry About Others, is Her Advice to Froebel Society.

The Froebel Society met yesterday afternoon in Rosedale School. Miss Lillian Harding presiding. An address was given by Mrs. Jean Blewett, who spoke on the duty we owe ourselves of getting the best we can out of life and having a good time. This duty, said Mrs. Blewett, we are apt to look upon ourselves as virtuous for neglecting. "With all thy getting get understanding." said Solomon. If he were alive today, said the lecturer, Solomon would say, "With all thy getting, get a good time, get the happiness from life that God intended you should get." Neither leisure, idleness nor wealth would bring happiness, should get." Neither leisure, idleness nor wealth would bring happiness, and yet it lies all about us. We have to find our happiness in our work. In the doing of our work in the best way we know how, our best joy comes.

"Youth is n t a question of color nor form, but of expression, and the woman who takes in all the beauty about her, who gets all possible out of life and gives all she can in return, is the one who keeps grandly human and grandly young."

Don't Mind Others.

Many women are concerned as to what others think about them. The message of Mrs. Blewett to all such is "Never put the pulse beat of your heart to anybody else's opinion." Mrs. Blewett closed by giving three original poetic selections, "The Heart of the Child," "The Workman and the Angel" and "Cynthy."

Angel" and "Cynthy."
Vocal selections were given by Miss
Bertha Johnston, Miss Westman and
Miss Evelyn Hall. A vote of thanks
was tendered to Mrs. Biewett and the singers for the pleasure they

UNDERSTATED THEIR AGE MARRIAGE IS DISSOLVED

Quebec Judge Annuls Contract Completed at Prescott by Runaway Pair.

MONTREAL. Dec. 3.--(Can. Press.)

Tho married in Ontario-at Prescott-because Edward Gentry Th son and Maud Baker, minors, had not obtained the consent of the young man's parents, Joseph Henry and Mrs. mpson, Montreal, according to Quebec law, Judge Bruneau has dissolved their marriage. The petitioners for the dissolution were Mr. and Mrs. Thompand the defendant Napoleon tutor to Maud Baker.

The proof submitted showed that the youthful pair, desiring to get married, and knowing the stringent previsions of the law here, planned to clope to the adjoining province. This plan they successfully carried out, and they had no difficulty in securing a license to be married in Ontario. They quickly hunted up a minister and were married by Rev. A. E. Runand were minister, at Prescott. It would appear that both the youthful ones had represented to the minister that they were of age. The boy, it seems. told the minister he was 22 years of

age, while the girl did likewise. The happiness of the pair, however, appears to have been of short duration, for after their return to Montreal they ived but a short time together. When the secret leaked out, the boy's parents became indignant and took immedi ate steps to have the marriage set

But this is quite another matter, I started to talk of toys. It would be well if aunts and uncles and cousins would stop to consider the true value of toys before showering a lot of them upon their young relatives. Toys may be of educational value as well as a source of amusement; but I claim it is a sad waste of money to buy elaborate foys. Something far less costly but of a more lasting nature will give a child more pleasure. When ts used in the palm house.

Kew Gardens possesses one of the largest collections of dried plants in the world—a collection which is constantly being added to by travelers and scientific institutions in all parts the reach the sum of \$25,000 this year, in contrast with \$15,000 seconds. pital in Muskoka, the beneficiary of the enterprise, and it takes from \$75,-000 to \$80,000 per annum to run this

Marshmallows Improve Many Desserts

HIS delicate confection has wonderful culinary possibilities and as it is an inexpensive sweet it is a good asset for home cooks.

Cake fillings of marshmallow are white and rich and become firm quickly, but do not get hard, as egg and sugar mixtures do. The candy must be melted in a double boiler for this, and to help the dissolving process cut each cube into small pieces with a pair of scissors. If the shears get sticky dip them into water from time to time, but add no water to the candy unless the marshmallows are very dry, when a few drops may be put in. Fruit may be added to this filling, or nuts, and it may be tinted

with cake coloring to any pleasing shade.

A second way to make marshmallow filling and frosting is to boil a cup of sugar with four tablespoons of water until it threads from the spoon. Pour this upon the stiffly beaten white of one egg. Have eighteen fresh marshmallows cut in small pieces, stir these into the hot frosting and beat with a fork until they are dissolved and the mixture is smooth.

A delightful pudding sauce or a dressing to use on stale sponge cake or angel cake is quickly made by dissolving two dozen marshmallows in a cup of hot milk. Use a double boiler for this. Whip a pint of cream and add the sweet mixture and chill it. Any preferred flavor may be used; indeed, this is the pleasant thing about marshmallows, they are delicious with any ordinary flavoring extract added and superfine with nuts and fresh fruits.

Fruit salad with marshmallow dressing is this season's newest swee course; that it will be a popular one is assured, as it is handsome as well but she as good tasting. To make it, cut six oranges in small bits and mix with as good tasting. To make it, cut six oranges in small bits and mix with half a can of shredded pineapple. Run a cup of English walnuts thru the food chopper and add them with a cup of chopped apples. Bananas and seeded Malaga grapes may be used also if an elaborate salad is desired. Sprinkle this mixture with four tablespoons of lemon juice and place on ice while making the dressing. Cut about sixteen marshmallows in quarters and pour a cup of hot cherry juice over them. This fruit juice may be had from any confectioner, if you did not bottle any cherries last season for such uses. Have a pint of cream whipped stiff and beat the fruit and dissolved marshmallow into it. Chill and pour over the fruit salad solved marshmallow into it. Chill and pour over the fruit salad.

An ordinary cup of cocoa is transformed into a foamy, inviting bever age if a few marshmallows are added to it after it is made and just before

TWO CHATHAM BYLAWS

Scheme to Purchase Fifty-Two Acres of Land for Industrial Sites.

(Special to The Toronto World) CHATHAM, Dec. 3.-The county council, in session here this afternoon decided to petition the Ontario Gov ernment for assistance in investigating the proposal to build a "cut-off" in the River Thames just above Chatham, to assist in overcoming the yearly damage caused by the spring freshets. The government at Ottawa has granted an ice-breaker for the next year, but the county council is after something more permanent. The different municipalities will be asked t assist in defraying the expense of in-

assist in derraying the expense of investigating the proposition to see if it is feasible.

To Bonus Match Factory.

Two industrial bylaws will be submitted to the ratepayers of Chatham on Dec. 15. One is to grant a bonus to the Saginaw match factory to establish a plant here, and the other is to purchase, for \$25,000, 52 acres of land, to be used by the city as free industo be used by the city as free industrial sites to be provided for prospective industries. At a public meeting last night both bylaws were approved

last night both bylaws were approved and recommended to the citizens.

Sprung a Surprise.

Andrew Denholm of Blenheim sprung a surprise on the county council this morning when he stated that all the money bylaws passed at the June session of the council were irregular and illegal, that all moneys spent under these bylaws since June was illegally spent and that any ratepayer could force the money to be paid back to the county or compel the councillors to stand good for the amounts. Mr. Denholm, by referring to the printed minutes of the June proceedings, showed that all the bylaws except three, were not read in council a cept three, were not read in council a third time. They were read in commit-tee and reported, but not finally pass-ed. In spite of his warning the coun-cillors decided to consider the bylaws as carried, and they took no steps either to rectify or to investigate their alleged mistake of June.

No Politics In City Hall

The heads of departments in the city hall have issued instructions to employes to refrain from campaigning during the municipal elections. The employes are practically warned that they will be dismissed if they fail to carry out the instructions. This action by the heads of departments is the result of the determination of the Hocken administration to keep municipal politics out of the civic departments.

The executive recommended that insmuch as the objective placed at \$500,000 a year six years ago had been more than reached, while the population of Toronto had increased 76 per cent, and the wealth of the city to a much larger per cent., that the laynen's missionary objective be raised \$750,000, and that every effort be out forth to attain the new objective within the near future.

N. Ferrar Davidson, K.C., in second-ing the adoption of the report, pointed out that at the 34 county conventions just held in Ontario, similar reports of increased contributions were recorded.

New Officers. The following new officers and mem-

The insurance companies of the province are now balancing up their ledgers for the year to make returns to the government. The first batch of blank forms were issued this morning to the 118 friendly societies now in operation thruout Oniarlo. Next in order follow the mutuals, and then the trust and loans.

It has been estimated by W. H. Valle, chief inspector, that the insurance held for the present year will almost reach a billion and a half, and that in the neighborhood of three million will be paid out in death benefits.

These figures are gained by a comparison of present indications with the returns of last year. At the present time there is a marked influx of foreign companies into the provincial field, and the majority of these are of a reliable character. They come from a reliable character. They come from the provincial most wonderful changes. An industrial and religious transformation was trial and religious transformation. most wonderful changes. An industrial and religious transformation was taking place in India, where the increase of native converts to Christianity during the past decade was far greater than the increase of the adherents to the leading native religions.

The Philippines were being hastened on towards self-government.

The Honeymoon Express.

The rush to get on board "The Honeymoon Express" with Al. Joison and his merry crew of comedians, and pretty girls, has begun at the box office of the Alexandra, and every indication points to the fact of a record engagement. Besides the regular matinee on Saturday during this production, there will be special popular priced matinees on Tuesday and Thursday afternoons. "The Honeymoon Express is the largest show that has ever gone out of New York, and is produced here in exactly the same manner as during its run of 26 weeks at the Winter Garden. Al. Joison, than whom few comedians are more popular in this city, heads the cast, and he has associated with him such well-known people as Melville Ellis, Juliette Dika, Ray Samuels, Anna Wheaton, Ada Lewis, Doyle and Dixon, Donald Macdonald, Earl Benham and many others, as well as a chorus of 100 beautiful and talented girls.

John Drew and Mary Beland The Honeymoon Express.

Falkenhayn, delivered a vigorous speech ni the reichstag today on the interpellation regarding the disturbed conditions at Zabern. in Alsace. His speech was devoted almost entirely to defending the action of the military at that town, where the army officers have on several occasions used strong measures to check disorders.

Gen. von Falkenhayn was constantly interrupted by expressions of disapproval from all parties in the chamber with the sole exception of the Conservatives. He followed the imperial chancellor. Dr. von Bethmann-Hollweg, who was apparently endeavoring to steer a middle course between the military and civilian interests. The chancellor's speech likespeech in the reichstag today on the From the imperial chancelor's rebeen rendered of no avail.

At the Star.

New Christmas Cantata.
On Sunday evening, Dec. 28, the choir of the Church of The Messiah (Anglican), under the direction of the (Anglican), under the direction of the organist and choirmaster, E. G. Stapells, expects to sing for the first time in America Fred W. Peace's new Christmas cantata, "Morn of Glory." Mr. Stapells has a well-balanced organization of some thirty-eight voices, fourteen sopranos, seven contraltos, eight tenors and nine bass, and with the assistance of his soloists. Miss the assistance of his soloists, Miss Jessie Plaxton, soprano; Miss Elsa Mitchener, contralto; Edgar Barker, tenor, and R. A. Stapells, bass, no doubt a very fine rendering of this popular composars later. popular composer's latest production will be given.

On Monday next at Massey Hall : most interesting concert will be given by Miss Yvonne de Treville, assisted by the Toronto Symphony Orchestra. Her most popular number will probably be the "Bell Song" from "Lakme" (Delibes), which, sung by Miss de Treville, is a remarkable piece of vocalism. At the Arena Festival this song captured the immense audience as nothing else did during the whole performance, and the press comments. the press comments were most eulogistic. Another number will be "Sweet Bird" (Handel), sung in English. There will also be a group of old English songs, with accompaniment by the wood-wind instruments. For the orchestral part of the program Mr. Welsman decided to play the overture to "Euryanthe" (Weber), the "Wand of Youth" suite (Elgar), "Valse for Strings" (Tschaikowski) and the "Preludes" (Liszt). The box office opens Friday morning of this week at Massey Hall.

HOME RULE IN BRITISH POLITICS. At the present juncture the political situation in the United Kingdom is of exceptional interest and, if some versions are to be credited, of quite unusual gravity. The Unionist sections of Ulster, unless all reports are belied, seriously contemplate armed resistance to any government established under the provisions of the home rule bill. which, unless withdrawn, will become law without the assent of the house of lords in May of next year. Its course depends on the resolution of the Asquith government, whether to yield to the opposition of the Ulster Protestents, to insist on the full measure of the right secured by the Parliament Act, or to seek a solution that will reconcile the extremist views on both

Much of the anticipated trouble undoubtedly arises from the attempt to make the home rule issue part of the general political struggle. On the that Irish local government is absolutely necessary not only to meet the legitimate demand of Ireland, but to relieve the imperial parliament of something of the load which it cannot possibly carry, while attending to great questions of general concern.

This points the direction where to This points the direction where the direction where to This points the direction where the directio seek a solution of a problem which, reflects the president's personal ideals cause of alleged powdery scab. FORTY MILLIONS IN OF TURRET CHIEF CORPORATION TAXES

Congress Report.

OTTAWA, Dec. 8. - Captain H. LOANS TO THE BANKS

on the wreck of the steamer Turret Four Hundred and Twenty-Five Thousand Persons Pay on Income.

WASHINGTON, Dec. 3.—(Canadian Press.)—Secretary McAdoo's first report to congress, delivered today, is largely confined to a review of the schlevements of the treasury departachievements of the treasury depart-ment in matters that have been of ment in matters that have been of nation-wide interest; to recommendations for increased appropriations for bureaus under his authority, or legislation which he declares necessary to the better conduct of the government and the protection of the people.

The secretary discusses at some leeway or finding out the speed of the

on which it appeals to the advertising public in a similar manner it would sue us for libel. Yet these circulation returns are strictly and altogether integrated and the influence of higher prices. In no other way can it be explained why as at Dec. 31, 1912, the number of cattle decreased by 170-626, of sheep by 9,400,675 and of swine that the public doesn't The Globe we can understand. It thinks the intangal can understand. It thinks the intangal can understand. It thinks the intangal can understand. But the solution of the people. The was given the best in the house, and the family physician, Dr. Ladoceur, St. Genevieve, was summoned to attend to him. Before going to the hospital he visited another supposed sister, Mrs. Letang, wife of a city policeman. He made a will, leaving sums varying from half a hundred to his various supposed relatives and to charities.

At the hospital his relatives wait-field. But rency under the Aldrich-Vreeland Act to prevent restriction of credits and to

to prevent restriction of credits and to ease any situation.

New Tariff Not Yet Tested.

Mr. McAdoo details the treasury's offer to loan to banks of the country money to move the fall crops. The sum of \$46.500,000 out of \$50.000,000 estimated to be needed was apportioned among the states.

Of the new tariff act, Secretary McAdoo says it has not been in force a sufficient length of time to make possible an accurate estimate of its ultimate revenue producing powers.

mate revenue producing powers.

The report refers to the requirement that banks which hold government deposits made April 30, 1913, pay interest at two per cent., declaring that it means an annual revenue of \$2,000,000 to the government, and showing that if such a regulation had been made in 1897 the government would now have received in interest more than \$30,-

The income tax is not dwelt upon at length, but the report estimates that 425,000 individuals are subject to it, and that corporations not heretofore subject to tax will number about

VERTICAL SPIRAL FLIGHT.

RHEIMS, France, Dec. 3 .-- (Can. When the mechanics building of a California high school was rebuilt after a fire which partly destroyed it, the author less determined to install earthen floors instead of wood. The earth was rolled, hand-tamped and oiled, then covered with fine gravel and screenings. The floors are fireproof and cost only about half as much as wooden ones.

RHEIMS, France, Dec. 3.—(Can. Press.)—Jean Biclovucci, the Peruvian aviator who flee across the Alps on January this year, made a remarkably dering flight at the acrodrome here today. Turning the nose of his monoplane upward he ascended 1091 yards in two minutes thirty seconds, making an almost yertical spiral. ing an almost yertical spiral,

WOODEN pails and tubs are as much out of date as the sailing vessel or the first horseless carriage -and just as unpractical.

Eddy's Fibreware gives superior results-for less money.

Pails, tubs, dairy utensils, etc., made of this material are light, tight and durable. They have no hoops to drop off—no seams to crack. And they out-wear the wooden articles many times over.

GET THE WORLD EVERY MORNING

Early workers in the morning will now be able to secure a copy of The Morning World on their way to business as the police bylaw has been amended to permit boys to vend their papers on the streets

Boys can make money by selling morning newspapers. It is healthful work, does not interfere with school duties or recreation after school hours.

No matter where you live, there is a convenient supply depot where you can secure copies of The Morning World, and there are plenty of good corners not at present covered.

Write or call the Circulation Department of The World.

BUT FOR ALL TIME

Sherwood Eddy Tells Story of China's Awakening to Varsity Men.

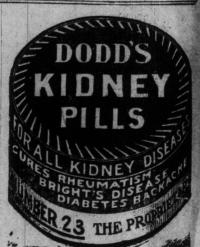

The needs of the new China were presented yesterday afternoon when George Sherwood Eddy, the coworker with John R. Mott and a mis-

sionary worker in China, addressed a large gathering of students in Burwash Hall.

"A mighty change is sweeping over the entire east, and particularly over China," declared Mr. Eddy. "This change is not only educational, economic and industrial, it is political as well. Great as the change are as well. Great as the changes are which have already been felt, they are only the beginning of much greater transformations. The great political awakening was not the result of a sudden movement. It was centuries old, and the result which did finally come about was inevitable. This nation, which has seen the rise and fall of Assyria, Babylon, Greece, Rome and all later empires, is now conto the front. China is possessed bids for permanence."

MOTOR BUSES FOR TORONTO STREETS

55 to 61 King St. E., Toronto

O. W. Hezzlewood Thinks They Would Solve the Transportation Problem.

GIVE BETTER SERVICE

People Would Use Them in Preference to Street

Cars.

In addressing the Social Study Club last evening in the Broadway Hall, Spadina avenue, Oliver W. Hezzlewood urged the use of the mofor bus as a means of solving the transportation problem that at present has Toronto in its grip.

Mr. Hezzlewood reviewed the various projects presented as a solution to the problem, pointing out briefly the good qualities and defects of each. He thought that the motor bus could be used to solve the problem, and hoped that the officials would consider it before making a decision.

"It would have been much better if the buses had been introduced some time ago instead of so much money being spent on the civic car the buses had been introduced some time ago instead of so much money being spent on the civic car the buses had been introduced some time ago instead of so much spent on the civic car the buses had been introduced some time ago instead of so much spent of the buses had been introduced some time ago instead of so much spent of the buses had been introduced some time ago instead of so much spent of the buses had been introduced some time ago instead of so much spent of the buses had been introduced some time ago instead of so much spent of the buses had been introduced some time ago instead of so much spent of the buses had been introduced some time ago instead of so much spent of the buses had been introduced some time ago instead of so much spent of the buses had been introduced some time ago instead of so much spent of the buses had been introduced some time ago instead of so much spent of the buses had been introduced some time ago instead of so much spent of the buses had been introduced some time ago instead of so much spent of the buses had been introduced some time ago instead of so much spent of the buses had been introduced some time ago instead of some time ago lines. If this had been done the of-lines would know by now whether J. W. Maddaford; outside guard, Bro ficials would know by now whether the scheme would be feasible. There is no doubt but that the streets could be kept open for the motor buses, and T. Heron. that the transferring of passengers could be done as rapidly and as comfortably from them as from the street cars," said the speaker.

Mr. Hezzlewood then gave some of the items which are urged in favor of the use of motor buses, which are Greater frequency of service; superior mobility so as to overcome delays caused by obstacles or breakdowns; lower running cost per mile claimed; adaptability to requirements of the public by easy changing of routes; produce less congestion and obstruction; discharge and pick up passen-gers at the curb; do not destroy roadbed, and do not admit water and frost to such extent as street cars; adaptability for urgent military uses: where used side by side with the street cars, the motor bus is the choice of the public.

Ratio of Accidents. use of the motor bus in London, that now known to be caused by infection being the excess in fatal accidents to those caused by the street cars, they with micro-organisms and to be contacars. But the ratio of accidents is mended especially to prevent future decreasing by he public becoming ac- attacks. customed to the motor buses. The In a late paper advocating vaccine in the congested streets while the is simply a sterilized emulsion of the

street cars are excluded. ful study of the whole transportation stimulated to the production of anti-problem, the study to be conducted bodies and opsonins, which prepare the without prejudice or resentment as he regarded it as the greatest financal problem that Toronto ever had faced. He said it looked as tho the city would be embarking upon an enterprise which, if it were carried to he in a local series which is the greatest many. Prompt action at the beginning of acute catarrh shortens the attack very materially cutting off the long and distressing final stage. For preventing acute and chronic infections of the

Foremost in Established DINEEN FURS have held a foremost position for 49 years and are preeminent to-day from the fact that we have always made

Quality First Consideration

Prices lower than ours indicate inferior quality. Dincen Furs are sold to give complete satisfaction and pleasure in wearing. We look for each sale making a permanent customer and bringing others. Few things are so deceptive as quality in furs. There are few people competent to judge them. There must be knowledge gained by years of painstaking study, and experience. We select only the choicest skins, and are given preferential choice owing to our long standing trade connections, which ensure the pick of skins for our customers. Dineen styles are authoritative, some being original creations of our own expert designers, others are the most distinctive pattern creations selected by Mr. Dineen in the world's most famous fashion centres. This brief general summary may be concluded with the bold assertion, Furs Must Be Bought on Confidence. Dineen's 49 years' reputation surely warrants your entire faith in the quality, style and value offered here. Decide to select your Christmas Furs at Dineens.

COPPER UTENSILS IN TURKISH HOMES

Metal is a Very Important Factor in Mussulman's Housekeeping.

DISHES ARE TINPLATED

This Precaution Necessary as Preventive of Verdigris Poisoning.

copper used in the district must be imported. Some 300 or 400 tons are imported at Trebizond yearly. Up to three years ago 95 per cent, of this copper was imported from England and 5 per cent, from Germany, but in that time Russia has been sending copper to Trebizond and now 55 per cent, is Russian and 5 per cent. German, English copper is considered the best and Russian next.

The working of copper forms a specific to the National Many Interesting Varieties

and Russian next.

The working of copper forms a special trade in Turkey and coppersmiths have their own quarters in every Turkish market. These are little shops, in each of which a master brazier and three or four apprentices pound copper into the required shapes. The only tools they use are an anvil and a hammer, the size of which depends on the kind of work to be done; there is no forge, no fire and no machinery, yet it is wonderful to see what they accomplish with such simple tools. The complish with such simple tools. The master brazier earns about 80 cents to

\$1 a day, while the apprentices earn very little; but as soon as they learn the trade they open independent shops.

All copper utensils have to be tinplated before they can be used, other-

in the National Museum' at Cairo.

In the National Museum of Egyptian

In the National Museum of Egyptian Antiquities at Cairo, which was founded fifty years ago by a Frenchman known as Marietta Bey, 'there is a department devoted to an interesting collection of specimens of plants, which have been found in sepulchral monuments of that country.

Altho the collection is large and contains many varieties, every plant exhibited is still to be found growing in the valley of the Nile, remarks a writer in The London Chronicle. Moreover, the closest examination fails to reveal the slightest difference between the plants that flourished fifty centuries ago and those which the traveier sees today on the banks of the river.

Flowers such as the boy Moses or the children of Joseph picked still bloom unchanged. There are to be seen blue sprays of larkspur, which loving hands laid upon the bodies of those who died 1000 years before Abraham and Sarah went into Egypt. In the tombs of later date have been found, together with apparently simmonia, which are then the surface with a piece of cotton. Copper utensils of everyday use have to be timplated at least once every three be timplated at least once every three pie ornamental flowers, such as hollypie ornamental flowers, such as hollypieces. ous fruits, vegetables and grains for which the land has ever been renown-

ed, such as figs, dates, olives, grapes, pomegranates, onlons, barley and wheat. Around the necks and upon the breasts of those who died at the time of celery, which does not appear to have been used at that time as

vegetable by the Egyptians. Ladies, for stylish, inexpensive millinery, see Rutherford's special prices

All Stars Hold : Hockey Rounding Up Curling Getting Ready the Leagues : Curling in Winnipeg

ALL-STARS WILL AYR WILL PLAY GET OVER FOR TRY INTERMEDIATE O.H.A.

Freak Bet Made on Saturday's Organize for Season-Gossip Rugby Game With Tigers -Changing Rules.

A fine married at the region of the region o

of the Pro and Amateur Players.

The O.R.F.U. will hold their annual meeting at the King Edward Hotel on Decriber 13, and nominations for the offices will close on December 6.

Hugh Gall will not be able to play Saturday, as he was too badly hurt at Hamilton. McKenzie has not put in an appearance yet. Dogruchy, Zimmerman, Maynard and O'Connor were the half line men out last night. Pete Campbell, Symons and Blackstock are all favorites for the quarter back position. Mack Murray was out, with Babe Burkart and a host of others trying their speed.

There will be an exhibition game at Hamilton on Saturday between the Alerts, 1912 Dominion senior champions, and the East End Y.M.C.A., 1913 intermediate champions. The Alerts of 1912 will be almost at full strength, with Leckie, Carrand Becker on the back division, Harper at quarter, and Eddie Pisher back at outside wing. Ross Craig, according to McCombe, is also expected to line up with the red and gray. Frank Harvey and Dinky Campbell will officiate, with Harvey as referee. The game is being played to help derray the heavy expenses of the fixtermediate champions through the present season, and a big crowd is expected out.

The Tiesus will be and officiate, with Harvey and out.

London - Tailored Ulsters and Top Coats

These are those great warm garments made from the finest of specially woven, soft, warm, light, and serviceable woolens.

Grays, blues, browns, blacks, novelty patterns, and mixtures.

Unmatchable in Good Style and Dressiness, and there's an appropriate garment for

O.H.A. players admitted) and senior (any age, and in which junior and intermediate O.H.A. players are elegible).

The Wanderers start their indoor training Monday next with a team which President Lichtenhein thinks is sure to carry the club to victory. Ross and Hyland have not yet signed up, and if they do not report for training, will not be taken on the team, except at reduced salaries, according to President Lichtenhein. The Wanderers' head, however, does not believe either player will be seen playing for the team, and has already figured out the men to carry his colors to victory.

This is what the Wanderers' lineup this year will look like:

Goal-Boyce and Cadotte and a new amateur.

The following members of the C. P. R.

The Victoria team has signed Joe Gor-man, formerly of this city, as a spare wing man. The University of Manitoba and the University of Alberta have completed arrangements for an intercollegiate hockey game in Winnipeg on Christmas night.

The pro. teams on the coast will lineup as follows this season:
Vancouver—Goal, Parr or Clark; point,
Griffis; cover-point, Pitre; rover. Tayior; centre, Nichols; wings, Harris and
Nighbor; substitute, Lindsey.
New Westminster—Goal, Lehmann;
point. Tobin; cover-point, Johnson; rover,
Throop; centre, Oatman; wings, Mallen,
R. McDonald; substitute, Treherne.
Victoria—Goal, Lindsay or Mitchell;
point, L. Patrick; cover-point, Genge;
rover, Poulin; centre, Dunderdale; wings,
Smale, Kerr and Rowe.

A Montreal despatch says:
General Manager George Kennedy of the Canadien Athletic Club, will have several "dark horses" in Montreal shortly to try out for places on the Canadien hockey team.

He has lines on a forward in Quebec. This fellow, who is French, made a splendid showing in the Quebec City League, and Mr. Kennedy thinks that in him he has landed a coming star. Another French player is coming from the United States. Besides these three, there is one coming from the west. A contract has been sent the latter, and it should be received in a few days.

Altho there seems to be no end of trouble in the Maritime Hockey League, this does not prevent the managers from being optimistic. Some of the teams have lines on a number of Upper Canadian players, and two Montreal City League artists have had offers from that league. They are Turner and Kirlin of the Garnets, two of the stars of the league. The Sydney club has made them a substantial offer, and they will probabily leave for the Cape Breton city after Wednesday night's meeting of the M.P. H.A., providing, of course, the league is continued.

is continued.

O'Leary of the Hali'ax Socials has reported, while Ras Murphy is expected at the Garrison City this week. It is practically assured Gregg George, he best scorer in the Interprovincial last

Goal—Boyce and Cadotte and a new amateur.

Defence—S. Cleghorn, Atkinson, Rober's, and a new westerner who is practically signed up.

Forwards—Odie Cleghorn, Russell, Miller and Kendall.

The Victoria team has signed to form

Comparatively few people know what really excellent wine is produced on Pelee Island, in Lake Erie, and in the Niagara Peninsula. Of a rich, red color, containing a very low percentage of alcohol, our Special "CANADIAN PORT" has an enormous sale. It is just as pure as the most expensive imported wines, and the price is only \$1.50 per gallon. Established over Quarter of Century.

CURLERS PREPARE FOR

All Hands Concede it a Good Enterprise-New Event for

WINNIPEG, Dec. 3.—The weather has not been very propitious for curling. However, the curlers are busy at severa-rinks making preliminary arrangements or ice, and as soon as frost sets in, very lew days will suffice to get the game unfer way. The Manitoba Curling Association is also at work getting things in shape for the twenty-sixth annual bomple!

night are largely attended, and great interest is being manifested in the game. There is considerable activity at curiers' headquarters in the Industrial Bureau. The finance and program committees are early at work, and both are sanguine not only as to funds, but as to the character of the prize list being prepared for the next bonspiel.

A largely-attended meeting of the executive council was held to push on the district matches and arrange all preliminary work for the approaching bonspiel. It is conceded upon all hands that the annual bonspiel is a good enterprise for Winnipeg from a business standpoint. There is no gate money in connection with it, as it is an open and strictly amateur sport, and should, therefore, commend itself to the generous support of all citizens. The excursion rates, too, bring large crowds into the city to attend the great midwinter carnival in February.

The committee reports everything in readiness for the district matches. Instructions and badges will be forwarded at once to district umpires. A new district has been organized, called Red River, into which the new club at St. Vital has been placed, and will include later the new clubs at St. Boniface and Transcona.

A rough draft of the program and prize

The Rugby unions have called theirnual meetings as follows:
Intercollegiate, Dec. 20, at Kingston.
Interprovincial, Dec. 13, at Hamilton.
Quebec, Dec. 6, at Montreal.
Ontario, Dec. 13, at Toronto.
Canadian, Jan. 10, at Montreal.

Reddy Dixon, just recently returned from a trip to Toronto, states that Billy Slee, in whose benefit the Tigers and All-Torontos will play on Saturday, is in a precarious condition. "Poor Billy," said Reddy, "is fighting a game battle, but I'm afraid our boys will not get thru their game on Saturday much before he departs,"

\$2.70 BUFFALO AND RETURN.

Canadian Pacific, 1.15 p.m., Saturday, Dec. 6.

Hillcrest Club excursion to Buffalo via Canadian Pacific 1.15 p.m. train, Saturday, Dec. 6, promises to be a big success. Tickets good to return until Monday, Dec. 8. Parlor car and day coaches on all trains in both directions. Tickets from committee or Canadian Pacific offices, corner King and Yonge streets and Union Station.

Several amendments will be suggested at the annual meetings of the Rugby unions, McGill favor a reduction in the number of players to twelve, and their suggestion is that the two outside scrimmage men be done away with and that the old snap back as used under the Burnside rules be brought back into play. It is thought likely that Queen's, R.M.C. and Varsity will oppose this rule and that they will also ask that the new rule allowing offside on the line be done away with. The Intercollegiate, Interprovincial and Quebec unions will discuss the advisability of taking the ball back to quarter instead of half way on a successful drop.

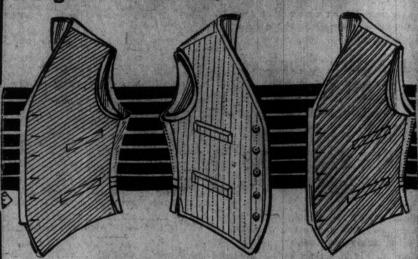

The Big Four will again try to put thru a residence rule. This failed on the last at empt, but owing to the whole-sale jumping of players this fail, it is thought likely that Montreal, Argos and Tigers will stand firm for the proposed rule. A try obtained on a fumble by a back may be reduced to three points in lieu of five as heretofore, if the motion which will be brought before the Big Four goes thru. The Big Four will also have a motion to reduce the number of players from 14 to 12.

George Laing, president of the Intercollegiate Rugby Football Union and captain of 'he McGill championship fourteen,
witnessed the Army and Navy game. He
is not particularly impressed with the
alleged superiority of American players
over those of this country, as the stars
who took part in the New York contest
seemed just as prone to make mistakes
as our own athletes. There was a certain amount of fumbling and loose play,
just as much in fact as might be seen
in a Canadian game, and the punting,
if anything, was inferior.
What impressed the McGill captain
particularly, however, was the snap and

Hamilton Jockey Club

	Has Been Reorganized
	The Hamilton Jockey Club has been reorganized, involving the resignation of A. R. Louden as secretary-treasurer of the club, and the addition of several new names to the board of directors, including R. R. Simpson, F. C. Bruce, Gordon
1	J. Henderson (former director), and John F. Shea (a newcomer to the Jockey Club inner circle). Mr. Louden, who has been secretary of the club for the past ten years, and a large stockholder, has severed all connection with the club, and the announcement of this action comes in
	the form of one of the greatest surprises that the general public could receive. It is understood that Mr. Louden has disposed of his holdings in the club, these having been taken over by Mr. Shea, while rumor has it that Gordon J. Henderson will be his successor. As a re-
	sult of the change the affairs of the club will be looked after next year by a board of directors, composed of the following gentlemen: Judge Monck, Senator Gib- son, H. J. McIntyre, J. J. Scott, K.C., George Kerr, K.C., R. R. Simpson, F. C. Bruce, Gordon J. Henderson and John F.
	Shea, the last four being added at a meeting of the club held on Monday. Previous to Monday's meeting control of the club was held by Senator Gibson, Judge Monck, H. J. McIntyre, J. J. Scott, K.C., and A. R. Louden. Of course, it
	is a well-known fact that there has been more or less friction within the club for some time, and it was only a year ago that two or three of the present directors, who were taken back in on Monday, were ousted by the Monck McIntyre-Louden combination.
1	Hamilton Jockey Club stock is very valuable these days, and there is no

doubt but that Mr. Louden received a high price for his holdings. Judge Monck is authority for the statement that Mr. Louden has absolutely no connection with the club whatever.

Connaught Park Kicks on Dates

OTTAWA, Dec. 3.—The Connaught
Park Jockey Club are not satisfied with
the dates allotted t them for their spring
meet by the Canadian Racing Association and will make an effort to have
them changed. The fall dates are from
Wednesday Aug. 26 to Wednesday. Sept. 2, thus giving the local club one Saturday date and Labor Day, which is satisfactory, but the spring days It is expected that a good sheet of ice will be the order by Monday.

The two local pro. clubs have issued a call to their players to report early next week, and with the senior O.H.A. sitting back waiting for the ice, the radibirds will have lots to keep them going by the middle of next week.

Just where the senior players will be located will not be known for a week yet, The "jumpers" are sitting on the face waiting for the first line-ups, and then watch the flop.

The London intermediates will likely go

ON ATHENAEUM ALLEYS.

In the A League, Karrys' Kolts won all three games from the Overland in the five-man event, won two in the singles, but lost the odd games in the doubles, This practically gives them the championship of the first series. Johnston was high man for Karrys' Kolts, with the big score of 636, while Hendricks was high man for the Overlands, with 567. In the B League, Eatons won three straight from the Sellers-Gough. Hales was high man, with 546, In the C League, J. J. McLaughlins won the odd game from the N.C.R. Nellson was high man, with 509. In the Mercantile League, Gooderham & Worts handed the Drug Trading Company a surprise, winning three games. Broomfield high man, with 537.

THE TORONTO WORLD.

SCOTT ACT FINES IN BOSTON FIRE **ENRICH PROVINCE**

MADE ESCAPE FROM FINES AND FEES

MANY PERISHED

the south end, early today. Others are missing and scores were taken to hospitals suffering from burns and injuries received in jumping from windows.

Nearly all of the bodies were terribly burned and mutilated, making identification almost impossible. The victims were men in poor circumstances. Many were negroes. Caught in the crowded bunks on the top floor of the five-storey brick building and in the small rooms on the fourth floor, they were helpless. When they were aroused the stairways were in flames and there was a mad rush for the fire escapes at the rear. Practically all the men were naked.

Many Rescued.

Many Rescued.

Many Rescued.

Many were rescued by the firemen and police. Others escaped by walking a shaky plank stretched to an adjoining building or jumping across a five-foot alley to neighboring roofs.

The property loss is estimated at \$25,000.

The Arcadia was located at the corner of Washington and Lacoma streets. The lower floors were occupied by stores. The fire apparently started, no one knows how, in the hallway closet on the street floor. The flames swept up the wooden stairways and burned thru the roof. According to William Walsh, the night clerk, there were 178 lodgers in the building when the fire was discovered by a passing newsboy. After turning to the provincial treasurer and enters the government clauses instrumental to its working out, considerable favor has arisen towards it. It is expected that it will figure in two or three contests at least in the new year.

IN LOWER ANIMALS TRIBAL CHIEF HAS

Many Experiments Made to Discover It With But Little Headway.

Many experiments have been made by scientists in an attempt to discover where the organ of taste is located in the lower animals, but so far little headway has been made in this line of investigation. Crayfish and worms, it is stated, seem to have decided preferences in the matter of food, tho no special taste organ has yet been found. The crab is more dainty in its diet.

Few Gala Occasions

The principal festival of the tribe is Corpus Christi, held in June, when the village is decked for the occasion. The Indian band appears in the native costume, the women of the reservation appear in their hand-made suits of various colors, and cannon are fired. After the religious festival of the morning there is a procession about the village. The church services are held up to noon. The remainder of the day is given over to sports.

What is commonly known as the Beef Trust of the United States firmly established in Argentina. It said to control about one-half the meat packing industry of that country. It does a very large business in experting its frozen products to Great Bultain and the continental countries. remainder of the day is given over to sports.

Another festival of importance so Christmas, when two big spruce trees, set up in the hall, are loaded with candy, nuts, popcorn and presents for the youngsters. This festival is in charge of the pastor and the Sisters of Mercy. There is also a concert by the Indians.

On the occasion of the visit of the Bishop of Maine every three years for confirmation, there is great rejoicing. Bishop Louis S. Walsh of Portland visited the tribe only recently.

The Indians are usually quiet and orderly and most of their differences are left to their governor and his staff for settlement.

STELPH EX-MAYOR THREE PROPOSALS WILL BE DEBATED G. M DIED LAST NIGHT

Thomas Gowdy Passed Away Board of Trade Members Will as Result of Accident a Meet to Discuss Transpor-Week Ago. tation Troubles.

Hon. Adam Beck Will Be Five Out of Six, He Thinks. Guest of Honor at Banquet.

(Special to The Toronto World).

GUELPH, Dec. 3.—A representative meeting of the new congregation of St. Paul's Presbyterian Church, St. Patrick's Ward, was held tonight, presided over by Rev. Dr. McGillvray, interim moderator, when the matter of extending a call to a pastor was considered. It was unanimously decided to call Rev. C. F. McIntosh, who has been conducting the services of the church for some time. A temporaty board of managers was elected composed of Messrs. Alex. McCuen, Edward Stubbins, Hatch, Walsh, Robertson, and S. Donaldson, treasurer.

Members of the board of strade are expecting at any moment a summons to a meeting for debate upon the three proposed solutions of Toronto's transportation problem and the selection of one proposition for endorsement. All the propositions have now been presented to the board by supporters, and it is now up to the board to select the one it deems best.

"We have been asked to express no individual opinion until the board has had its meeting and a majority vote has decided which proposition is to be endorsed." said one of the members of the board of trade, He is one of the leading retail merchants of the city.

"I have been taking part in discussions upon the three propositions by members of the board at luncheons for the banquet to be given by the city next Tuesday evening when the proposed hydro-electric railway is to be thoroly discussed. Word has been received from Hon. Adam Beck, that he will be present on that occasion, having postponed his sailing for England a few days. The banquet will be held in the Y.M.C.A. assembly room, and covers will be laid for about 200. Delegates will be present from Hespeler and all places through the propositions by members of the board at luncheons and at directors' meetings, and I find that five out of every six are convinced that Mayor Hocken has offered a real solution of the transportation problem. The other two propositions by members of the board at luncheons and at directors' meetings, and I find that five out of every six are convinced that mayor Hocken has offered a real solution of the transportation problem. The other two propositions by members of the board at luncheons and at directors' meetings, and I find that five out of every six are convinced that mayor Hocken has offered a real solution of the transportations by members of the board at luncheons and at directors' meetings, and I find that five out of every six are convinced that mayor Hocken has offered a real solution of the transportations by members of the board at luncheons and at directors' meetings, and I find that five out of every six are convinced that mayor Hocken has offered a real solution of the transportations are not practical.

THE TORONTO WORLD

NOTICE is hereby given pursuant to the statutes of 1 George V, being Chapte 26 and amendments thereto, that all creditors and others having claims agains the estate of the said George Gordon who died on or about the 13th day of November, 1913, are required, on or beforthat 10th day of December, 1913, to send by post, prepaid, or delivered to the unidersigned, solicitor for the Imperial Trus Company of Canada, the executors of the estate of the said deceased, their Christian and surnames, addresses and descriptions, with full particulars of their claims, statement of their account and the nature of the securities, if any, held by them, duly verified by affidavit.

And further take notice that on such last mentioned date the administrator will proceed to distribute the estate of the escased amongst the parties entitled thereto, having regard only to the claims of which they then shall have notice, and that the said executors will not be liable for the assets, or any part thereof, to any person or persons of whose claims notice shall not have been received by them at the time of such distribution.

C. LORNE FRASER, ESQ.,

Bank of Nova Scotia Building, Weston, Ont., Solicitor for the said Executors.

Dated at Weston, this 19th day of November, A.D. 1913.

NOTICE TO CREDITORS—IN THE Matter of Charles Pifks, Trading as The Modern Skirt & Gloak Company of the City of Toronto, Insolvent.

Notice is hereby given that the abovenamed insolvent has made an Assignment of his Estate to me for the benefit
of his creditors under and pursuant to
the provisions of the Assignments and
Preferences Act. 10 Edward VII., Chapter 84, and Amendments thereto.
A meeting of the Creditors of the said
Insolvent will be held at my office, McKinnon Building, Toronto, on Thursday,
the 4th day of December, 1913, at 3
o'clock p.m., for the purpose of receiving a statement of his affairs, for the
appointing of Inspectors and fixing their
remuneration, and for the drdering of the
affairs of the Estate generally.
All creditors of the said Estate are
hereby required to file with me, on er before the 31st day of December, 1913, particulars of their claims, duly proved by
affidavit, with such vouchers as the
nature of the case may admit, after
which date I will proceed to distribute
the assets of the said Estate, having regard to those claims only of which I
shall then have received notice.

JAS. P. LANGLEY, F.C.A.,

Trustee, McKinnon Building.
Toronto, Dec. 2, 1913.

NOTICE TO CREDITORS—IN THE Matter of Albert T. Mackle, Esq., Toronto, Inscivent.

Notice is hereby given that the above named Insolvent has made an assignment of his estate to me for the benefit of his creditors by deed dated July 15, 1913, and the creditors are notified to meet at my office, 15 Wellington street west, Toronto, on Monday, the 8th day of December, 1913, at 2.30 o'clock p.m., for the purpose of receiving a statement of his affairs, appointing Inspectors and fixing their remuneration, and for the ordering of the affairs of the estate generally.

All persons claiming to rank upon the

generally.

All persons claiming to rank upon the estate of the said Insolvent must file their claims with me on or before the 29th day of December, 1918, after which date I will proceed to distribute the assets thereof, having regard to those claims only of which I shall then have received notice.

E. R. C. CLARKSON,

15 Wellington street west.

Toronto, December 1, 1913.

45

NOTICE TO CREDITORS.

TENDERS will be received by the undersigned up to and including Wednesday, the 31st of December next, for the right to cut puipwood on a certain area situated on the Metagami River in the District of Tentiskaming.

Tenderers shall state the amount they are prepared to pay as bonus in addition to the Crown dues of 40c per cordition to the Crown due to the Take notice that all persons having any claim against the estate of Sarah Hamilton, late of 158 Gorevale avenue, Toronto, who died on or about the 23rd day of September, 1913, are required to send particulars of the claims and any security are prepared to pay as bonus in addition to the Crown dues of 40c per cord for oppruce, and 20c per cord for other pulpwoods, or such other rates as may from time to time be fixed by the Lieutenant-Governor in Council, for the right to operate a pulp mill and a paper mill on or near the area referred to.

Such tenderers shall be required to erect a mill or mills on or near the territory and to manufacture the wood into pulp and paper in the Province of Ontario—the paper mill to be erected when directed by the Minister of Lands, Forests and Mines.

Parties making tender will be required to deposit with their tender a marked cheque payable to the Honorable the Treasurer of the Province of Ontario, for ten per cent. of the amount of their tender, to be forfeited in the event of their not entering into an agreement to carry out the conditions, etc.

The highest or any tender not necessarily accepted. September, 1913, are required to send particulars of the claims and any securivities to the undersigned, solicitor for Harold Hamilton, Administrator, on, or about the 27th day of December, 1913, and take notice that after that date the Administrator will proceed to distribute the estate, having regard only to the claims of which he shall then have received notice and he will not be responsible for any claims of which he shall not have received notice.

Dated the 3rd day of December, 1913.

R. B. BEALMONT

of Equity Chambers, Toronto, Solicitor for the above named Administrator.

444

NOTICE TO CREDITORS.—IN THE Matter of Percy H. Dulmage of the City of Toronto, in the County of York, heretofore carrying on business as a grocer and hardware merchant, insolvent.

NOTICE is hereby given that the above-named insolvent has made an assignment to me of all his estate and effects, under R.S.O., 1910, Chap. 67, and amending acts thereto.

The creditors are hereby notified to meet at my offices, 23 Scott street, Toronto, on Wednesday, the 10th day of December, 1913, at 3 o'clock p.m., for the purpose of receiving a statement of his affairs, appointing inspectors and fixing their remuneration, and for the general ordering of the affairs of the estate.

The creditors are hereby requested to file their claims with me, duly proven, on or before the day of meeting, and after the 29th day of December, 1913, I will proceed to distribute the assets of the estate, having regard only to the claims of which I shall then have received notice. ceived notice. RICHARD TEW.

Dated at Toronto, this 3rd day of December, 1913.

JUDICIAL NOTICE TO THE CRED-itors of Carpenter, Limited.

This is to notify builders and others throughout the city that the taking of water from fire hydrants constitutes a violation of City Bylaw. Serious damage is likely to result from interference with hydrants at any time of the year, and this is particularly the case at this season of the year and during the winter, when frost is likely to occur.

Notice is hereby given that anyone found using hydrants without permission therefor from the Department of Works will be prosecuted.

R. C. HARRIS, hydrants at any time of the year, and this is particularly the case at this season of the year and during the winter, when frost is likely to occur.

Notice is hereby given that anyone found using hydrants without permission therefor from the Department of Works will be prosecuted.

R. C. HARRIS,
Commissioner of Works,
City Hall, Toronto. Nov. 28, 1913. ed

Application to Parliament

TAKE NOTICE that Samuel Randall, the undersigned, of the City of Toronto, now of Winnipeg, intends to apply at the next session of the Legislative Assembly of Ontario for an Act changing his name from William Samuel Nelson Harold to Samuel Randall.

Dated November 25th, A. D., 1913.

SAMUEL RANDALL Per H. Howard Shaver, his solicitor, 157 Bay Street, Toronto.

HAGUE COURT DENIES REPORT.

SHARP ADVANCE AT CLOSE OF MARKET

Apparently Source of Movement.

R. & O. DEALINGS QUEER ILL NE WS APLENTY

tions Have Apparently Been Fully Discounted.

NEW YORK, Dec. 3 .- In the last hour of today's stock market trading became Mackay and Twin City. Brokers still cut down to a low point and no movements of note except in isolated cases in which special factors were brought to bear. The undertone was firm thru-

ments of note except in isolated cases in which special factors were brought to beat. The undertone was firm thrut.

Brazilis made a raily of 3-4 of a point for the day, and established irmly the high price attained for several weeks. If the price can be put over 87 it is expected that many now short of the stock will cover.

Steel Corporation was the most active issue. Early in the trading the price ranched 41, but the selling became effective when this point was reached and the closing transactions were star a reaction of 5-8 of a point.

What looked like a strange transactions were the day that looked like a strange transaction was the dealing in Richelleu. Five hundred shares of the stock was still on offer a 109 and rather strangely without bids.

Twin City was steadily supported at 105 and sold up to 105½. Mackay common displayed similar firnness with half a point gain. and closed bid at the best price of the day.

There was nothing more significant in the day's business than a general firm condition, which was undoubtedly helped by the strength on Wall street.

Sales of the shares of the financial incititutions were small except in the case of Commerces, which weakened a point under the liquidational street.

Sales of the shares of the financial incititutions were small except in the case of Commerce, which weakened a point under the liquidational condition of the market, and the firm to day, despile the extremal dilecting the peak of the shares of the financial incititutions were small except in the case of Commerce, which weakened a point under the liquidational the strength on Wall street.

Sales of the shares of the financial incititutions were small except in the case of Commerce, which weakened a point under the liquidational transactions was accepted as favorable to further advances in the semi-investment seven.

STRONG TONE IN.

C. P. R., Brazilian and Textile Leaers in Strength-Iron Weak Spot.

De Beers, Rio Tintos. Kaffirs and home rails were the most affected, but smaller Paris sales than expected and overing operations helped to make the closing steader and final prices were well over the lowest. American securities were quiet and featureless during the discount, rates were discount, and after narrow, in egular fluctuations, finished steady. Mohey was in better demand and discount, rates were firmer.

Examined Mines.

Harry MacMasters, the well-known mining engineer, has just returned from a thoro examination of the Ore Chimney Mines in Jeving any detail County. The said most enthusiastically: "I am well satisfied that this is going to be one of the big mines of the country."

Consols closed 1-16 lower at 72% for money and at 72-716 for account.

TORONTO LOAN ISSUE.

LONDON, Dec. 3.—The Canadian Associated Press understands that fifty per cent. of Toronto's 4½ per cent. loan at 72-716 for account. From the bourse today. Exchange on London, 20 marks 49½ per cent. loan at 72-716 per cent. of Toronto's 4½ per cent. loan at 72-716 per cent. of Toronto's 4½ per cent. loan at 72-716 for account. From the bourse today. Exchange on London, 20 marks 49½ per cent. loan at 72-716 for account. From the bourse today. Exchange on London, 20 marks 49½ per cent. loan at 72-716 for account. From the bourse today. markable supply of dangerous weapons. By the time the last passenger had reached deck with his bundle, two barrels had been filled with revolvers and knives, taken from the intending voyagers. The weapons were all label-ed with the names of their owners, to

ON MINING MARKET

New York Buying Put Up Dome

Trading was not so brisk on the Standard Stock Exchange yesterday as the previous few days. Brokers are said to now have on hand large buying orders for Peterson Lake, Pearl Lake, Porcupine Gold, Chambers-Ferland and Timiskaming, and upward price changes are expected when these orders are executed.

Dome Lake did not have the same large selling as characterized the market during the first part of the week, and remained steady around 27½. Dome Mines was again active, nearly all the buying orders coming from New York. The selling price went to 13.55, and altho towards the close 13.75 was bid, sellers held out for 14. Hollinger was another active feature and advanced steadily to 17.60.

Peterson Lake was the most active

Peterson Lake was the most active Cobalt, but no great change in price occurred. Great Northern was strong-er, while Bailey had quite a large gotiations are on with another syndi-cate, Buffalo men, for the securing of aid to Porcupine Gold, another rise

PRICES FIRM AT

Ten Carloads of Cattle Bought for Shipment to the United States.

MONTREAL, Dec. 3.—At the C. P. R. Stock Yards this morning the offerings for sale were 1200 cattle, 700 sheep and lambs, 1250 hogs and 150 calves.

There were no new developments in the market for cattle, prices being firm under a good demand and smaller supplies, and an active trade was done for both domestic and outside account. Shipments to the United States amounted to 10 car loads, and in addition to this twenty car loads were forwarded to the middle west and some to the Toronto yards. A feature of the market was the continued scarcity of choice steers, there being none on the market. In consequence the top price realized for the best steers was \$7, while the lower grades sold from that down to \$4.50, and butchers' cows brought from \$3.50 to \$6.25 per cwt. There were some very choice bulls on the market, which sold as high as \$7, but the bulk of the trading was done in stock ranging from \$4 to \$6.50 per cwt.

Demand for Small Meats

The trade in small meats was active, there being a keen demand for the small supplies offered, and prices in consequence were firmly maintained, with sales of western lambs at \$8 to \$8.25, and eastern at \$7.50 to \$7.75, while sheep brought \$5 to \$5.50 per cwt. The demand for calves, which were rather scarce, was good, at prices ranging from \$3 to \$15 each as to size and quality.

The tone of the market for bogs was stronger and prices were 25c per cwt. higher than on Monday, with a good demand from packers and sales of selected lots were made at \$9.30 to \$9.50, and

CANADA WITHOUT FEDERAL SYSTEM

Lord Haldane Makes Interesting Observations in Regard to Constitution.

LONDON, Dec. 3.—In the Australian appeal before the Privy Council, Lord Chancellor Haldane offered some observations regarding Canada's consti-

tution.

"With reference to a great many people who talk on platforms just now of a federal system," said Lord Haldane, "there is no federal system in Canada. What happened was that this act, which was passed in 1867, and which made a new start, divided certain powers some being given to certain powers, some being given to the parliament of Canada and some to the parliaments of the provinces. The provinces were created de novo. The provinces were created de novo. The provinces did not come together to make a federal arrangement under which they retained existing powers and parted with certain of them. The and parted with certain of them. The Imperial statute had to ratify the bargain. The whole vitality and ambitton of the Canadian constitution was surrendered, if you like, first, and then devolution. It was contemplated under the Canadian constitution that there should be more states and other states. Instead of Upper and Lower Canada with a single parliament, there was to be a splitting up."

TO ILLUMINATE FALLS AS SYMBOL OF PEACE

NIAGARA FALLS, N. Y., Dec. 3.—
(Can. Press.)—The illumination of Niagara Falls will be one of the features of the peace celebration, if the bill which will be introduced by Assemblyman-elect John W. Williams of the second Niagara district in the next legislature, is enacted. A mass meeting will be held here next month for perfecting the plans for the celebration, and Vice-President Marshall is expected to be the principal speaker of the evening.

The safest, most convenient and satisfactory of all investments are probably nunicipal debentures. Present prices are the best for many years.

FEARING RAVAGES OF HESSIAN FLY

Unseasonably Warm Weather in Winter Wheat Belt Also Troubles Bears.

age spreading to Missouri, and reports hat unseasonable warmth had brought the winter crop in Texas and Oklahom angerously near to the jointing stage, and to rally today in wheat. The marled to rally today in wheat. The market closed firm, 1/20 to 1/20 above last night. Other leading staples showed a net gain—corn 1-16c to 1/20, oats 1/20 to 1/20, and provisions a shade to 5c.

Too much confidence misguided the bears at the outset. Argentine weather had improved, green bug havoc southwest of here was denied, and Australian reports told of a liberal crop and free offers to Europe. After a substantial break in prices had been effected, however, lively buying set in, owing mainly to assertions that the Hessian fly, which has recently been the subject of complaint in Ohio, Michigan and Illinois, was killing the plant in Western Missouri.

FEDERAL TROOPS **DEPRIVED OF PAY**

to Continue Very Much Longer.

REVENUE DEPLETED

Abandonment of Big Estates by Government Supporters Hits Administration Hard.

WASHINGTON, Dec. 3 .- (Can. Press.)—Government officials here has been the one principal object of the American administration.

Among the facts which form the basis of the belief that the closing chapters of the Huerta regime are now

chapters of the belief that the closing chapters of the Huerta regime are now being written, is a report to the state department from tigents in Mexico that the federal troops are no longer in receipt of their pay without which. experience has shown, their loyalty cannot be depended upon.

Land Barons in Flight.

Other reports regarded as indicating the speedy triumph of the Constitutionalist forces related to the precipitate flight of the heads of the families which have controlled vast estates in northern Mexico, employing thousands of peons in agriculture, stock-raising and mining. Their flight and the abandonment of their properties deprives the Huerta forces of a source of revenue which is very much needed at present.

Enquiry that has been made unofficially into the reports that large shipments of arms and ammunition had been ordered by the Huerta government and were now on their way to Mexico has developed the fact that such orders as are being filled were placed many months ago, in the early days of the present revolution when
