Patriotic Canadians, Without Distinction of Party, Will Smash Reciprocity

LENNOX

In the riding of Lennox, near Napanee, in the year 1903, when the Ross administration had only a majority of one, they entered a protest against the return of Mr. T. G. Carscallen, the Conservative representative, who had the seat by a majority of two. Although this protest was fought out for five days in the Town of Napanee, they were unable to unseat Mr. Carscallen. During this investigation it was found that prior to the general election some Liberal workers started a piggery in the river flats between Napanee and Deseronto. To stock this piggery they bought young hogs from doubtful voters a considerable time before the election at a high price. A few days before the election, upon the pretext that a piggery would not pay in that vicinity, they sold the hogs to other doubtful voters at a great sacrifice, and in some instances gave them away. It will be seen by this that what great lengths a party will go to retain power.

WEST ELGIN

When the late Ross government had a majority of three in the house it was very important that they should win West Elgin. It had formerly been a Liberal constituency with a majority at times of over 800. Donald McNish was the Liberal candidate, and he was assisted in his campaign by W. T. R. Preston, Duncan Marshall, Tom Lewis, Dunce Bole and many others. The deputy returning officers had all been appointed, and the Conservatives were notified, as required by law, of their names, descriptions and addresses. Within a few hours of the polling several deputy returning officers became seriously ill and had to be replaced. Sheriff Burns replaced these upon recommendation of Donald McNish. It was found afterwards that in each place where these men had been replaced the ballot boxes were plugged.

At Shedden, a small country poll, one Dunce Bole of Sault Ste. Marie came into the riding and acted as deputy returning officer. He took out 80 Conservative votes and replaced them by 80 Liberal. No one knew that Dunce Bole was coming into the riding but Donald McNish. The Conservatives lodged a protest, and it came on for trial with Mr. A. B. Aylesworth, nor Sir Alan Aylesworth, minister of justice, representing Donald McNish. The whole affair seemed to be so rotten that Aylesworth had Donald McNish, his client, sign a written confession and throw up the seat. Donald McNish is the Liberal candidate in this election.

NORTH GREY

In 1903, Mr. A. G. MacKay, the Liberal candidate, was really defeated in North Grey. The returning officer, however, returned MacKay by a three or four majority. When a recount was in progress it was found that at No. 10 St. Vincent, one of the polls in North Grey, somebody had spoiled Boyd's ballots by putting thereon little crosses in addition to the original ones. On this account the ballots were thrown out and MacKay was declared elected. Beware of the little crosses! It was also proven in the by-election in this constituency that a gang had been brought in from Buffalo. This gang not only operated in North Grey, but also in North Norfolk and North Perth. Everyone will remember the corrupt by-elections known as "The Three Norths" Beware of the Yankee plunger for reciprocity.

HASTINGS

Everyone will remember Byron E. Lott and his associates down in Hastings, how they brought into the country from the American side ballot boxes with false bottoms. In this way they were able to steal a considerable quantity of the Conservative votes. These men were later, thru special efforts of the attorney-general's department of the Province of Ontario, prosecuted. One man was sent to the Kingston Penitentiary for four years, and the others skipped to the American side. It is quite easy to get a false bottom to a ballot box and to operate it. Conservative scrutineers should take no chance in matters of this kind but should examine thoroughly all ballot boxes.

Sault Ste. Marie

The Minnie M. election trial is fresh in the minds of all voters in the Province of Ontario. A few facts about this trial are as follows: C. N. Smith, the present Liberal candidate in this election, was then the Liberal opponent of Andrew MacCampbell for the local house. It was afterwards amply proved in court that a day before the election Liberal workers thru certain persons in the American Sault commissioned the Minnie M., a boat belonging to the Algoma Central Railway Company, to carry a gang of forty pluggers to the Helen Mine and Michipicoton and several other polls along northern Lake Superior. This boat was well provisioned with whiskey, beer and cigars taken on at the American Sault. The pluggers got on under cover of the night and caroused during the whole trip to these polls. Upon arriving at Michipicoton and the Helen Mine they voted all their number at each poll and in one case were transported by special train belonging to the Algoma Central Railway to the next poll. Here is a case where American citizens, non-residents of Canada, were brought in for the express purpose of stealing an election. They just voted four times while you voted once. C. N. Smith, who profited by this work, is again the Liberal candidate. Notorious crooks like Jack Kennedy, J. D. Lamont, George Sutherland and others operated in this constituency.

BUSH POLLS

Everyone will remember the strenuous fight made by the Liberals prior to the last general election to steal the northern constituencies by stuffing the lists with non-residents in the northern country, where people are not well acquainted with each other. It is an easy matter to place 100 or 200 names on the list. Of course, it means perjury to do this. It is a small thing with these election crooks. The unfortunate part of this matter is that when these names came before the local judges by way of appeal, the judges are not any too anxious to strike them off. It will well be remembered that Judge McCallum of Manitowish acted in a most biased manner at Blind River and other places where courts of appeal were being held. His reception was so pronounced that upon his return to his home town and at other points in his district it worried him so much that his death occurred shortly after.

The action of the Liberal government in appointing the son of one of the judges as an enumerator proved positively in this election that it was intended to stuff the lists. Judge Hewson of Manitowish was the appeal judge, and his son went thru the country enumerating the names. By law an appeal lay from son to father. It was very unfair to the workers for Mr. Smyth to have to appeal from the son as enumerator to the father as judge.

The above list of election crimes does not exhaust the means that have been used to elect Liberal candidates in the Province of Ontario, and to support the Liberal Government. You have false ballot boxes, ballot switching, plugging of ballot boxes, imperiousness, buying of votes, spoliation of ballots, etc. It can easily be seen by this to what lengths the Liberal party will go to keep themselves in power, at a time they are in extremis. What may we not expect from them? It behooves all persons opposed to reciprocity not to leave any stone unturned to protect the voter and ballot boxes.

THE BRITISH PREFERENCE

W. F. Maclean at Swansea last night: My opponents say that I opposed the British preference law of 1897, and that I repeated this position the other night when I said "I'd do it again. Preference for preference is my plan."

That is exactly what I meant, and holding that view. I believe that an arrangement for MUTUAL preferential trade is easily within arrangement throughout the empire. Furthermore, I believe this arrangement will be reached in a very short time, but it will never be reached under the haphazard Laurier system. Sir Wilfrid Laurier gave Canada away in the preference and he proposes to give Canada away in regard to reciprocity.

The dramatization of Anatole France's "Thais," which opened a week's engagement at the Princess last night, was a decided success in every particular. "Thais" is a wonderful production and must be seen to be appreciated.

THE OSTRICH CAN'T SEE IT

But Henri has the Plumes

AGAINST RECIPROCITY

John C. Eaton, head of the great departmental store, a director of the Toronto Star, who signed a manifesto against reciprocity several months ago along with seventeen other Liberals of Toronto, made the following statement yesterday:

"I certainly have not changed the opinion which I then expressed in opposition to the reciprocity agreement. My motto is 'Canada for the Canadians—Let the Americans mind their own business.'"

J. C. EATON.

That is the way we want it. We are getting along so well and the country is so prosperous that it would be a shame to allow an entrance of the thin edge of what must ultimately mean annexation.

"We appreciate the high purposes of the American people, but we are not going over there to them."
Mr. Eaton votes in South York.

A Man's Fall Hat

The city man is a "wise" purchaser in the matter of wearing apparel. He might experiment now and then, but he always comes back to the goods that bear a "trade mark" or a name which guarantees both style and quality. In hats it's the name of a reputable maker on the inside band that holds him. Dineen is sole Canadian agent for the greatest of English manufacturers, Henry Heath of London, England, and for the great American hat, Dunlop, of New York. The hats that Dineen sells are no more expensive than the other lines advertised so largely in Toronto, and they are positively exclusive. You can buy a hat for less than eight dollars on Fifth-ave., New York, today, and the Canadian price for the same hat is four dollars. Look over the stock—it's all new.

THE FUTURE DESTINY OF CANADA IS THE QUESTION

Mr. Butler's Vital Argument

"The adoption of a reciprocity measure would destroy Canada by killing that inter-relationship of east and west which the long struggle for success of terms has brought about. Reciprocity would wipe out confederation.—M. J. Butler, formerly deputy minister of railways and canals, of whom Sir Wilfrid and Hon. Mr. Graham said he was the best deputy the government had ever been blessed with.

Borden Issues a Patriotic Appeal to the Electorate—Not a Mere Question of Markets—The Stronger Party Would Always Carry the Key.

CANADIANS SHOULD PONDER TAFT'S WORDS

HALIFAX, Sept. 18.—Mr. R. L. Borden to-day issued the following: To the people of Canada:

As this campaign closes and the solemn duty confronts us of declining, very probably for all time, the most momentous question ever submitted to the Canadian electorate, I declare with perfect sincerity to my fellow countrymen that the outlook is full of hope. The keen attention which the people have given to the discussion of this question has made the few weeks of this campaign far more revealing than months of ordinary debate. Through this Dominion the electorate now understands that they are called on to determine, not a mere question of markets, but the future destiny of Canada, perhaps of the empire.

Only a Step.

Even upon the economic side of the reciprocity compact is but a step in a greater process. On either side of the boundary line its advocates realized perfectly that in its final outcome this treaty undoubtedly means the commercial and fiscal union of Canada with the United States. The chief magistrate of the great republic has warned us in language of striking and unmistakable import that the consummation of this treaty will forever prevent the consolidation of our empire. With profound insight and clear vision, he has made the memorable declaration that if Canada accepts this compact she can never become a part of that great imperial commercial band which, as he anticipates, will reach from England around the world to England again. We must make our choice between reciprocity within the empire and reciprocity with the United States. And let us never forget that Canada cannot become fiscally and commercially a part of the United States and remain politically a part—and an important part—of the British Empire.

The Duty of the Hour

Can there be any doubt that this compact will result in prematurely dissipating those abounding resources which we hold not alone for our own use and profit, but in trust for those who are to succeed us? Are we not bound in honor to transmit free and unimpaired to our descendants that marvelous heritage which our forefathers won and held in the face of difficulties and obstacles to-day unknown? Will the young men of Canada willingly decree that so splendid a heritage shall pass into other hands than their own?

The relations created by this compact

Continued on Page 7, Col. 3.

ONE OF MANY LETTERS

TORONTO, Saturday Evening.

MY DEAR MACLEAY: I am writing now what I thought several times in the last three weeks of doing and feel annoyed that I put it off. You know I am a Liberal, but I am voting against reciprocity and am deeply interested in this election. Well, I just want to tell you that the power and ability of your editorials fill me with admiration. No other paper strikes so high and strong a note and the restraint you show adds to your power enormously. That's the pitch. Keep it up to the end. As I read my own paper, The Globe, I can only wonder again as on the fall of Ross at its towering stupidity. Politicians are pretty thick in the head. Elections are not won by arithmetic. It will surprise me if my own party will find something to think about Thursday night. I am proud of you and wish you every success. M. M.

Reaping Their Own Harvest

BOSTON, Mass., Sept. 18.—Hundreds of fishermen sailing out of this port and Gloucester, who have retained their citizenship in Nova Scotia, will sail to-morrow for Halifax and Yarmouth to vote there Thursday in the election, which will determine the fate of the reciprocity agreement. Nearly every vessel of the Boston and Gloucester fleet will send men to the maritime provinces, and some of the vessels will be forced to tie up on account of lack of crews, until the election is over. Workers for both sides in the election have interviewed the men.

Poor Old Rep.!

Poor old Reciprocity is a fattened, battered tramp in rural Ontario to-day. Three weeks ago some of the Liberal farmers felt so kindly towards him that they would take him in and give him the best bean for a night's lodging. A week later they were only willing to let him sleep in the barn. To-day they are setting the dogs on him on all the concessions of Ontario. Poor old chap, he won't have a shoe on his foot or a coat on his back to lay his head in all Ontario.

WHICH?

Ottawa or Washington?
Honesty or graft?
The Union Jack or the Stars and Stripes?
The C. P. R. or the New York Central?
Imperialism or Laurierism?
Winnipeg or Minneapolis?
Prosperity or depression?
Fiscal independence or commercial union?
Montreal and Vancouver or San Francisco and New York?
"Oh! Canada!" or "Hail Columbia?"
ANSWERS TO BE MADE ON 21st SEPTEMBER.

ABOVE PARTY POLITICS

Lifelong Liberal intends to Vote Against Infamous Pact.

John G. Kent, vice-president of the Canadian National Exhibition, a lifelong Liberal, when interviewed yesterday, said:

"I am very much opposed to reciprocity from a national as well as an economic standpoint.

"During our recent exhibition, when entertaining our American visitors, it was surprising to note their views on reciprocity, which in almost every instance, to their mind, meant the first step towards annexation.

"I believe the pact, if passed, would be particularly harmful to the farmers, the stock raisers, the mechanics, in fact to Canada as a whole. I sincerely hope that the Liberals through Canada will demonstrate on election day that this is no political issue, but a case where we must RISE ABOVE PARTY POLITICS AND PLACE OUR COUNTRY BEFORE OUR PARTY, by voting against this infamous pact."

SIR ROBERT HART ILL.

LONDON, Sept. 18.—Sir Robert Hart, who for many years was inspector-general of customs in China, and who has been living in England since 1905, is dangerously ill.

WOULD DEMAND SACRIFICE OF THE MANUFACTURERS

Sir Wilfrid Laurier Makes Significant Admission—Power Might Be Stirred Up Which Government Could Not Control.

OTTAWA, Sept. 18.—(Special.)—A threat to the manufacturers was the feature of Sir Wilfrid Laurier's third and last campaign visit to Ontario. It was delivered before an enormous crowd of Ottawa people in the arena.

"We appreciate the high purposes of the American people, but we are not going over there to them."
Mr. Eaton votes in South York.

The city man is a "wise" purchaser in the matter of wearing apparel. He might experiment now and then, but he always comes back to the goods that bear a "trade mark" or a name which guarantees both style and quality. In hats it's the name of a reputable maker on the inside band that holds him. Dineen is sole Canadian agent for the greatest of English manufacturers, Henry Heath of London, England, and for the great American hat, Dunlop, of New York. The hats that Dineen sells are no more expensive than the other lines advertised so largely in Toronto, and they are positively exclusive. You can buy a hat for less than eight dollars on Fifth-ave., New York, today, and the Canadian price for the same hat is four dollars. Look over the stock—it's all new.

"The manufacturers," said Sir Wilfrid, "have case, but if they are going to take the position that we cannot benefit the farming classes without injuring the manufacturers, I take issue with them." DAIRYMEN ARE NOT FOR PACT

Statement of Liberals Denounced by Secretary of Association at Big Sifton Meeting Yesterday.

ALMONTE, Ont., Sept. 18.—(Special.)—Three special trains from all points radiating from Almonte, each bringing full complements of passengers, numbering a good round 1000 in all; then another eleven hundred from here, making a total of 2100, wedged into the limited space of the Agricultural Hall, gave Hon. Clifford Sifton, the chief speaker at the meeting held in support of William Thorburn, the Conservative candidate for North Lanark, as rousing a reception as any he had had during his tour of the country. Presiding the addresses a choir of 30 young farmers sang patriotic songs to young men who were joined in by the audience, fully 25 per cent. of which were ladies, who greeted Mr. Sifton with a waving of thy white handkerchiefs. Everywhere in the hall were big Union Jack and streamers, with reasons printed on them why reciprocity should be defeated.

Not in Favor of Pact.

In introducing the speakers, Thomas Thompson, president of the local Conservative Association, and secretary of the Eastern Dairymen's Association, challenged the rampant statement that the dairymen were in favor of reciprocity. He said seventeen to four of the members of the association were against the pact.

On his rising to speak there was the wildest enthusiasm to greet Mr. Sifton, which did not subside for several minutes. Soon after he started that solid sea of faces in the hall were all turned to the man with the thick-set face, who began slowly, yet effectively, to fire verbal projectiles into the supporters of the pact. His logical and argumentative style pleased his hearers more than the customary oratorical pyrotechnics of most political speakers.

"Not only is this pact going to change our fiscal policy, but it is going to effect almost every branch of the public policy of the country," began Mr. Sifton. Then proceeding after the cheers had quieted down the speaker showed how prosperous Canada now is; how her prosperity is destined to continue if she continues to grow within the empire, and not to grow with the United States. Convincingly the evils of the 12 favored nations treaty was explained. Fact after fact was piled up impressively.

Would Flood Canada.

Mr. Sifton took up the arguments set forth by the Liberal papers, stating that most farm products fetch a higher price in the United States than in Canada. This argument he claimed is rot. With the exception of hay and bark, is everything the party papers have mentioned fetches a higher price right in Canada. The endorsement of the issue, continued the speaker, would mean Canada flooded by farm produce by the 12 favored nations. Australia cut down the price in the butter market in Montreal a short time ago, and Chicago sent the price of eggs tumbling down, both in the face of a heavy duty.

"What then would happen if the duty is removed?" asked Mr. Sifton.

Many of the effective mistakes used in his other speeches were used tonight to advantage. In conclusion Mr. Sifton was cheered to the echo. William Thorburn, the Conservative candidate, also spoke convincingly.

factory must not be surprised if they prepare rods for their own backs at no distant future. If the Canadian manufacturers will not allow the farmers to be benefited in this agreement, they do not know human nature. The Canadian manufacturers must understand that if as a result of this election this government is defeated, the Canadian farmer will rest under a sense of injustice. I repeat it not as a menace or threat.

The government would, if returned, pursue an unaltered course to the manufacturers. BUT A POWER MIGHT BE STIRRED UP WHICH THEY COULD NOT CONTROL.

Sir Wilfrid Laurier left the Ottawa meeting to Sir Alan Aylesworth and Mr. Murphy, and crossed the river to speak at Hull. He goes to Montreal to-morrow.

A counter demonstration was held in front of St. Patrick's Hall, near the arena by the Conservatives. It ended by A. E. Frapp and Dr. Chabot, the Conservative candidates being carried thru the main streets of Ottawa on the shoulders of a cheering crowd.

HAMILTON HAPPENINGS

HYDRO RATES ANNOUNCED FOR CITY OF HAMILTON

Average About 20 per cent. Below Cataract, and May Be Further Reduced.

HAMILTON, Sept. 18.—(Special.)—The rates to be charged by the city for electrical energy along the temporary lines to be constructed soon, were announced today. They average about 20 per cent. less than the Cataract prices, and when the permanent lines of the municipal plant are built it is expected that the rates will be still further lowered. The city's rate for residence lighting will be three cents per kilowatt hour, plus a fixed monthly charge of four cents per 100 square feet of floor space.

The commercial rate, which will cover current sold to stores, theatres, hotels and factories, will be eight cents per K.W.H. for the first 20 hours' use of installed capacity and three cents for each K.W.H. above that. The flat rate for sign, window and display lighting is 12 per cent. above kilowatt, connected. Flat rate option is allowed.

Churches will be charged on-half the commercial rate. The power rates are based on the horsepower motors installed, or peak load use, the flat rate per horsepower varying according to the consumption or installed horsepower. From one to three H.P. \$37.50 per H.P. From four to ten H.P. \$38.75; from 11 to 25 H.P. \$38.75; from 26 to 50 H.P. \$32.25; from 51 to 100 H.P. \$30.75; from 101 H.P. up, \$30.

Fearman Publishes Affidavit.

The affidavit which George Lynch-Staunton Saturday night in his speech announced would be made and published today by Chester Fearman, president of Fearman & Co. pork packers, etc., of this city, duly appeared in all the local newspapers. In his declaration Mr. Fearman states in effect that his firm is not a member of any combine, nor has his firm any agreement with any other like firm in this country, for raising prices, or for any other purpose whatever, and that he is quite positive that no combine of any kind exists among the pork packers of Canada. The declaration, which is the same as an oath in court, has completely discredited Hon. W. L. Mackenzie King, who based a number of his arguments in his city last Friday night on his assertion that the working people were being held up by the combines among the pork packers and others.

Contradictory Arguments.

A big meeting, chuck full of enthusiasm, was held to-night in the Twentieth Century Club rooms, in the interests of T. J. Stewart and against the reciprocity treaty. The speaker, the first speaker, after emphasizing the serious effects which the adoption of the treaty would have on Canadian nationality, dwelt at some length on the favored nations clause, by which the products of 12 foreign nations will be admitted free of duty to the Canadian market, while the products of Canada will be debared from these countries by their tariffs. Col. Hendrie did not think Fiedling and Peterson knew about this clause when they negotiated the reciprocity treaty. He said the arguments in favor of the agreement were as contradictory as the ingredients of the famous "John Collins."

C. R. McCullough made a stirring speech, in which he recited the action of the American Government, when, in

\$2.00 and Up per day. American Plan, eat.

1868, they demanded that Canada take off its tariff on American manufactured articles, under threat of the abrogation of the then existing reciprocity treaty in natural products. He argued that the same thing would happen again. Mr. McCullough appealed to his hearers to throw off all petty animosities and to vote for the best interests of their country.

To Divert Attention.

A. C. Garden mentioned the Newmarket Canal, which he said was three feet deep and the weeds in it were fast, high, and expressed the conviction that the Liberal government had taken hold of the reciprocity agreement in an effort to divert attention from the Liberal record of misdeeds.

L. F. Applebee dealt with the economic aspects of the question and produced some very convincing arguments as to the ill effects which the pact would have on the business interests of the country.

Hugh Sweeney said that under the Conservative national policy, which the Liberal government had adopted, the country had become wonderfully prosperous. He also devoted some little attention to Major McLaren, the Liberal candidate in West Hamilton, and accused that gentleman of selling into the mayor's chair under false colors. He alluded to McLaren's notorious failure to keep his pre-election promises heretofore, and asked if such a man could be depended on to make good his promise to try to have the reciprocity pact repealed if it was found unsatisfactory. A chorus of "Noes" answered the question.

A. Liberal Dodge.

Dickhout, the self-styled labor candidate, had been put in the field by the Reformers, said Mr. Sweeney, who then repeated the remarks of a prominent Liberal that Dickhout's deposit of \$200 was a cheap method of getting votes away from Stewart.

T. J. Stewart, M.P., was greeted with a storm of applause when he rose to speak. He said that the reciprocity pact had not been asked for by anyone in this part of the country, it was not needed, and the country was getting along all right without it.

The United States always gets the best of any bargain she made with us, and she would surely get the best of this one if it was adopted, which he felt sure would not happen.

Mr. Sweeney also reminded the audience of his opponent's action in flopping on a very important question after he had been in the mayor's seat only one month.

The speaker also compared his record with McLaren's in financing the city's affairs, and showed that while the latter had raised the tax rate one mill and had had several hundred thousand dollars more revenue than Stewart, he had still added more than \$200,000 to the municipal debt, while he was at the head of affairs.

Hard Times of '76 and '77.

J. Orr Callaghan recalled the hard times of 1876-'77 in this city when he could not get work nor food for his families. He had recently traveled over a large part of the world, and he said that in no other part of the world had he seen such a volume of enthusiasm for the Conservative party, or rather against the reciprocity pact.

CANADA FOR CANADIANS

J. C. Eaton and John G. Kent, Liberal Formerly, Against Reciprocity.

The president of the big store has not changed his views regarding reciprocity. He still stands firmly against the proposal. Interviewed yesterday, John C. Eaton said: "I certainly have not changed my opinion in opposition to reciprocity. My motto is 'Canada for the Canadians; let the Americans mind their own affairs.' That is the way we want it. We are getting along so well and the country is so prosperous that it would be a shame to allow the entrance of the thin edge of what must ultimately mean annexation."

Another prominent Liberal has announced his intention of placing his country before party, and voting against reciprocity. John G. Kent, vice-president of the Canadian Industrial Exhibition, a lifelong Reformer, has stated: "I am unalterably opposed to reciprocity and believe it would be very injurious to the best interests of Canada, and particularly the farming community. In this case I am forced to put my country before party and vote against the pact. Many prominent American visitors at the exhibition told me that in their opinion reciprocity was but the first step toward political and commercial union. I am not surprised that thousands of Liberals all over the country are to vote against surrendering our godly heritage to a foreign country."

SOCIETY

The marriage of the Hon. Sir Lomer Gouin, prime minister of the Province of Quebec, to Miss Amos, Montreal, takes place to-day.

Mrs. William Carter, Vancouver, will receive this afternoon with Mrs. Richard McLaughlin, 34 College-street.

Mr. and Mrs. J. W. Northgate are at the Chalfonte, Atlantic City.

Mrs. Shaneman, Gananoque, who has been in town for a week, has returned home.

Mr. and Mrs. Leselle, Wilson have taken an island on the Georgian Bay for September and October.

Mrs. Phippen has left town, en route for Winnipeg, where she has gone to visit her daughter, Mrs. Gilmore.

Mrs. E. A. Calvert is visiting in Atlantic City.

Mrs. J. B. Kenrick has arrived in town from Hamilton and will make a short stay in Baldwin-street, with Dr. and Mrs. Kenrick before going to Montreal.

Mrs. and Miss Horrocks have returned to town from the Georgian Bay.

Dr. and Mrs. D. M. Mitchell, Fort William, are spending a few days with relations in town.

Mrs. William Potter and her sons, Mr. Harold A. Potter and Mr. Alexander Potter, are at the King Edward, from England.

Miss Gladys Elizabeth Taylor, Parry Sound, who has been visiting in Toronto, has left for Ottawa.

A novel event took place on Saturday at Lakeview Farm, the summer residence of Mr. W. N. McEachern, when a party of 120 friends. The journey was made in private cars to Westhill, thence by hayrack to the farm, where all was in readiness for the corn roast, with the huge fire burning brightly. After roast, corn and apples, the guests in procession, headed by the baptees, marched to the large barn, where dancing took place until a late hour. The barn was appropriately decorated with corn stalks, evergreen, and grain. Mrs. W. N. McEachern, assisted by Miss Roy McEachern and her daughter, Miss Muriel McEachern, received the guests.

Among those present were: The Misses J. C. Ken, the Misses White, the Misses Larkin, the Misses Morley, Miss Allen Kemp, Miss Gladys Heusla, Miss Aileen Leitchman, Miss Edna Cromasty, Miss Marguerite Cotton, Miss Ida Ellis, Miss Mary Walton, Miss Joan Bellingham, Miss Constance Townsend, Miss F. J. Bilton, Miss Marguerite Roether, Miss Jean Scott, Miss Mabel Haney, Miss Kathleen Leach, Miss Frances Webster, Miss Edna Thoms, Miss Evelyn Taylor, Miss Olive Mills, Miss Edna Powell, Miss Marjory Murray, the Misses Wilkes, Miss Jean Neary, Miss Marjory Dean, Miss Gillie, Miss McEwen (Montreal), Miss Sally Hopkins (Tennessee), Miss Bourdieu (St. Catharines), Messrs. W. B. McEachern, Gibson, Cox, Hart, Norton, Shaver, McGillivray, Houser, Crawford, Curran, Hope, Kachide, Donald, Cosgrave, Taylor, Strickland, Langmuir, Bouvier, Grass, Allan, Sutherland, Watt, Townsend, Rutter, Sykes, Ward, Curran, Ellis, Smith, Moffatt, Webster, Knox, Griffith, Stewart, Parson, Townsend, Chaplin, Larkin, and Mr. Pridham (Winnipeg).

The residence of Mr. and Mrs. Thomas, 278 Grace-street, was the scene of a wedding on Friday evening, Sept. 15, when their youngest daughter, Laura Wilkinson, was united in marriage to Mr. Alfred H. Barwick (St. Catharines). The bride, who was given away by her father, wore a tailor-made suit of blue cloth, white to match, and carried a bouquet of lily of the valley. She was unattended. Miss Annie L. Wilkinson wore a white wedding march. Mr. and Mrs. Barwick left for Welland, and on their return will reside at 278 Grace-street.

Ran Aground.

KINGSTON, Sept. 18.—(Special.)—The steamer Shinab of the Hall Co. of Ottawa ran aground on the Carlton sand, near Cape Vincent, N.Y., coalition, on her way from Erie to Quebec.

Windsor, Sept. 18.—(Special.)—In his address this afternoon at the luncheon tendered him by the Detroit Board of Commerce, President Taft gracefully sidestepped any allusion to reciprocity, except for a few remarks by way of preface in response to an address of welcome by Mayor Thompson.

The president declared reciprocity was won so far as the United States was concerned, and while he had his own personal views on the subject, he intended to treat them as confidential while the question was sub judice on the Canadian side.

"I had better keep quiet," he declared, and while he proceeded to read a carefully worded address on the recent supreme court decision affecting the Standard Oil Co., and the tobacco trust, defending the ruling of the court, more especially the clause concerning unreasonable restraint of trade.

While the president dodged the issue that is of such great importance in Canada, Mayor Thompson extended the welcome of the City of Detroit to the chief executive of the United States, who he declared, had sought to promote better trade relations with Canada. "We shall rejoice with you when we have profitable intercourse of trade in this Detroit River instead of a barrier by reason of hostile tariffs," asserted Mayor Thompson amid tremendous cheering.

Million McRae, president of the board of commerce, commended President Taft for his wise and patriotic and earnest endeavor to permit the Anglo-Saxon people of Canada and the United States to enjoy freer trade relations. He denounced the annexation talk as a bugaboo and said the history of reciprocity would show that it would prove equally profitable and advantageous to both countries, without affecting or changing the autonomy of either.

HARBOR ON JAMES BAY

Exploration Party for T. and N. O. Are Preparing Report.

Chairman Englehart of the T. and N. O. Railway Commission stated yesterday that it would probably be a month before Prof. L. C. Ellis would be able to hand in his report on the

Summer Strength and Summer Satisfaction

come from foods that are easily digested—foods that supply the greatest amount of nutriment without taxing the liver or heating the body. Cut out the flesh foods and indigestible pastries for awhile and eat

SHREDDED WHEAT

the whole wheat food that is ready-cooked, and ready-to-serve. All the meat of the golden wheat prepared in its most digestible form. Give the cook a "day off," close up the hot kitchen and serve Shredded Wheat Biscuit with berries or other fresh fruits. It means health and strength, with freedom from worry. Place two Shredded Wheat Biscuits in a dish, cover them with berries or other fresh fruits, then pour over them milk, adding a little cream and sugar to suit the taste. Nothing so wholesome or satisfying in the Summer or nothing so easy to prepare.

TRISCUIT is the Shredded Wheat wafer, made of the whole wheat, steamed, shredded, baked and pressed into a wafer. A crisp, tasty Summer snack for the picnic or the long tramp, for the bungalow in the mountains, for picnics or excursions on land or on sea. Eaten with butter, salt, cheese, caviar or marmalade.

Made by
Canadian Shredded Wheat Co. Ltd., Niagara Falls, Ont.

FURS TO PLEASE

FURS - OF - STYLE - AND - QUALITY

OUR Show-Rooms suggest that it is time now to arrange your purchase of Fur Garments for the coming Winter. The display embraces excellent designs made from every good fur, ranging in distance from the Persian Lamb of Asia to Alaska Seal of the Arctic Circle. Everything made in our own workrooms from Parisian patterns.

Some Specials from which to choose:

EX-CABINET MINISTER BALKS

Hon. E. J. Davis Can Find Nothing to Say for Reciprocity

The Honorable E. J. Davis, a former provincial secretary in the Reform government, in speaking before the Associated Boards of Trade of Ontario, against reciprocity, said:

"I would prefer that the United States should regulate their own tariff as they wish, at the time they wish to do it, dealing with the articles they wish to deal with at that particular time, and then I claim that the Dominion of Canada, as we understand it, would be advantaged by taking the same course, and if we think we want certain changes in our tariff, make them to suit our own interests; making our tariffs in the interests of Canada and the British Empire."

The Charm of Youth To Any Complexion

(What to Wear.)

Many complexions are nearly ruined through the excessive use of powders and cosmetics, which clog pores and smother the skin. An excellent lotion to correct this condition and remove blackheads, wrinkles and "moth patches" and otherwise beautify the complexion, can be made by dissolving an original package of mayatone in eight ounces of witch-hazel.

This lotion, applied to the face, neck and arms, then gently massaged in, gradually removes all impurities and discolors, and gives to the skin that soft, velvety texture, and delightful tint and youthful glow. The constant use of the mayatone lotion does away with the use of powder or rouge as the skin is kept clear, soft and beautiful.

ELECTRIC POWER ON FARMS

Hon. Adam Beck Starts Motors for Cutting Corn.

Yesterday marked the commencement of a new era in farming in Ontario. Hon. Adam Beck, chairman of the Ontario Hydro-Electric Commission, went to the farm of John Krause, in the Township of West Oxford, and in the presence of representatives from the Town of Ingersoll and the township, the minister of power turned on the electricity to run motors for cutting corn, preparing of silo, and other farm uses. This is the first time electric power has been used for the general utilities of the farm.

Big Freighters Go West.

With a cargo of general merchandise, the two big freighters, Nevada and Ontario, of the Canadian Lake Line, and Blackbird of the Merchants' Mutual Line, left Toronto wharves for Port Arthur last night.

2,600 Sample and Trial Pairs
OF
MEN'S BOOTS

Regular \$5.00, \$6.00 and \$7.00 Values for

\$3.45

To the Gentlemen
of Toronto:

We place on sale to-morrow
Twenty-six Hundred Pairs of
Samples and "Trial" Pairs of
Men's Boots.

These goods are all from our own great factory—made of specially selected leathers—as all sample and trial pairs are—and a man in buying is likely to get a better value by a dollar or two than he would in buying regular stock made from "sample" and "trial" goods. Our securing them at such a substantial reduction on their real value permits us to give you a buying opportunity in seasonal footwear that is not likely to occur again in a season's trade.

No finer collection of high-grade Canadian-made footwear ever came from a factory bench, and no man with a sense of value at all will question the genuineness of the bargain they offer him.

Tan calf, patent calf, and other black leathers—every pair made of selected quality—laced, blucher, and button styles—Goodyear welted—and would be exceptional regular values at \$5.00, \$6.00 and \$7.00—Clearing them at

PANSY SILVER IN 6 HEATS

WINS 2.17 CIRCUIT TROT

The Three Other Races at Detroit
Are Decided in Straight
Heats.

DETROIT, Sept. 18.—All the excitement in the opening day's races of Detroit's second Grand Circuit meeting at the Michigan State Fair Grounds this afternoon, was furnished by the 217 trot. Six heat-contested heats had to be raced in this event before Pansy Silver was able to capture the long end of the purse. All the other victories were achieved in straight heats and in comparatively easy fashion.

Pansy Silver, with Nichols up, took the first two heats of the 217 trot. Six heat-contested heats had to be raced in this event before Pansy Silver was able to capture the long end of the purse. All the other victories were achieved in straight heats and in comparatively easy fashion.

ACTIVITY AT WOODBINE

MANY MONDAY ARRIVALS

Trainers and Owners Apply for Stable Room—Gossip From the Track.

Theobrodes arrived by the score at the Woodbine yesterday, and the office opened there in charge of Melville. All was one of the liveliest places imaginable. The arrivals and applications made it certain that the G. J. C. fall meeting would have overflowed entries or large fields for most of the events. Supt. McConaghey made arrangements of stall room as far as possible, but the arrivals due will exceed the available quarters at the track.

Secretary Fraser gave permission for the jumpers to be schooled at the Woodbine this morning, and this morning, providing no heavy rain intruded to spoil the afternoon. Mr. West Feakes has applied for 24 stalls for Mrs. Livingston's big string, so-called all of which are successfully, last week at Blue Bonnets.

William Garth has almost as large a stable, number 22.

J. Burtchell, who bought Lawton Woodbine for sale, last spring, a winner of about a dozen races this year, has that profitable race at the Woodbine and others, including his more recent purchase, Question Mark.

Est-jockey Willie Martin has been allotted five stalls for his own horses and eight for the Beverly Stables, which is under his charge. The latter includes Sir John Johnson.

Tom Heffels has arrived yesterday in charge of Trainer T. Bradford.

August Belmont's 15 star performers, with Eddie Dugan to ride, are due to-day.

DETROIT, Sept. 18.—All the excitement in the opening day's races of Detroit's second Grand Circuit meeting at the Michigan State Fair Grounds this afternoon, was furnished by the 217 trot. Six heat-contested heats had to be raced in this event before Pansy Silver was able to capture the long end of the purse. All the other victories were achieved in straight heats and in comparatively easy fashion.

LEXINGTON WINNERS PAY

LONG PRICES IN MUTUELS

Duquesne, 20 to 1, and Mamita, 10 to 1, Among the Long Shots to Land.

LEXINGTON, Sept. 18.—The fourth day's races of the Kentucky Association was without a stake event, and long-shots were again the principal winners over a heavy track. Duquesne, paying better than 20 to 1, landed the second race. Mamita, at 10 to 1, took the fourth, and Sandrian, 8 to 2, was the winner in the fifth.

At 2 Mile Post, Clearwater, 10 to 1, took the fourth field. The weather was ideal, but the attendance was lighter than on any previous day of the meeting.

Summary:

FIRST RACE—Two-year-old maidens, 5 furlongs:
 1. Clearwater, 109 (Koerner), \$71.50, place \$21.50, show \$7.50.
 2. Charter, 112 (Tappin), place \$20.00, show \$7.00.
 3. Patrouche, 112 (Gans), show \$3.10.
 Time 1:03 4-5. Chief Jackson, Sun-kista, Mycene, Rossini, George Oxnard, Harry Brock, Trainwright, Crane de Menta also ran.

DETROIT, Sept. 18.—All the excitement in the opening day's races of Detroit's second Grand Circuit meeting at the Michigan State Fair Grounds this afternoon, was furnished by the 217 trot. Six heat-contested heats had to be raced in this event before Pansy Silver was able to capture the long end of the purse. All the other victories were achieved in straight heats and in comparatively easy fashion.

Million-Dollar Suggestions

Distilled From Advertising Experience

To our every client our business advice is the most valuable service we render.

Many can point to some single idea which has proved itself worth more than all our commissions.

And a single suggestion, quite a number of times, has netted some client over one million dollars.

This business of ours, while called merely advertising, really involves the whole science of making money.

Our ability to warn, to suggest and accomplish, results from a rare experience.

For a good many years we have been selling advisers to leaders in a thousand lines.

With them we have met the countless problems of selling. We have seen them solved, both rightly and wrongly, in a good many different ways.

We have watched the outcome of every solution. Every mistake and success has been analyzed.

Where most men learn from one business experience we have learned from a thousand. And the lessons are all recorded.

For about every selling question that ever comes up, the very best answer men ever obtained is found in our Books of Experience.

There lies the value—the utter need—of efficient help in selling. Mere advertising—mere force of attack—rarely wins out under modern conditions. It can never win out against Strategy.

Advertising must be aided by many clever maneuvers. It must be backed by right methods and policies.

There lies the value—the utter need—of efficient help in selling. Mere advertising—mere force of attack—rarely wins out under modern conditions. It can never win out against Strategy.

EATON A.C. CARNIVAL

Novelties in Costumes and Sports Will Feature Big Moss Park Event.

Tonight at Moss Park, Shuter-street, the Eaton Athletic Association will hold their second annual carnival. The gates will be opened at 8 p.m., and many novelties and surprises are promised.

Among other attractions there will be an up-to-date midway, which will comprise a number of novelties and features never before on exhibition in Canada. An entire vaudeville performance is promised, and there will be a first-class moving picture show.

There will also be the usual summer resort pastimes, but the association has promised several innovations, such as old country fair sport of throwing for coconuts, Japanese tea rooms, and a new novelty ball game. Thirty arc lights have been placed on the grounds, and the whole proceedings will be illumined by music from a German band.

PARIS, Sept. 18.—M. Mamet, the aviator, formerly associated with M. Eriolot, is touring the world in an aeroplane with a companion, Rene Million. The route so far planned runs southward thru France, Spain, Algeria, Tunis and Egypt; thence by steamer to India; across India thru the air; by steamer to Australia; by steamer to South America; a flight over that continent, thence by steamer to Africa, and then northward by air line.

Of Interest to Travelers. Trains leave Toronto daily via Grand Trunk Railway System for principal points in Canada and United States as follows: 9 a.m., 4:32 and 6:10 p.m. for Niagara Falls, Buffalo, New York and Philadelphia; 1:15 and 9 a.m., 8:30 and 10:30 p.m. daily for Montreal, Quebec, Nova Scotia and New Brunswick; 8:00 a.m., 4:40 and 11 p.m. for London, Detroit, Chicago and points in Western Canada and the United States. Smooth roadbed, double-track line, electric-lighted Pullman sleepers, excellent dining car service and courteous attendants are features of the Grand Trunk Railway System.

Suit Over Gum Shipment. Judgment was reserved in the action brought by the Canadian Dental Bud Co. against D. L. McKinnon, who refused to accept a consignment of gum, valued at \$192. The gum people sued on a contract, but McKinnon claims that the goods are not up to the standard of the samples.

James Currie Buried. The remains of James Currie, aged 84, who was killed in an accident at the Canadian Soo, were interred in Mount Pleasant cemetery yesterday afternoon. The funeral took place from his father's residence, 71 McGill-street, and a number of friends attended.

REVOLUTION AGITATION. PEKIN, Sept. 18.—The anti-railway loan movement seems to be taking on increasingly a revolutionary character throughout the country and the government is concerned over the recent meeting of anti-loan agitators at Hongkong. At this meeting it was resolved to organize the opposition in the provinces of Hupeh, Hunan, Kwangtung and Szechuan. In Peking the palaces and the residences of the officials are protected by extra guards.

Bank Proceedings Stayed. The court of appeals has stayed proceedings against G. B. Shaw, A. E. Dyckman, C. R. McNaught, estate W. R. Macdonald, Thomas Baker, W. K. McNaught and Simon Dymont of the Sov-

The Gamest Fish.

What luck? Where are you going? Everyone indeed seems to have been or to be going fishing. Amidst all the talk and yarning it seems, however, to be pretty generally conceded that weight for weight, the black bass is the gamest fish to be found in Ontario waters. It is interesting also to note how unanimous is the opinion of the anglers as to the supremacy of Radnor Water as a beverage for a fishing trip. "Nothing like it," they say. "It refreshes and invigorates. It mixes with anything."

Electrical Dept. Handicapped. Every effort is being made to complete the hydro-electric department to complete the hydro-electric system. Chairman P. W. Ellis is in hopes that the system may be completed by the end of September, but the department has found it difficult to get enough men.

C. P. R. Traffic. C. P. R. traffic for week ended Sept. 14, 1911, was \$2,225,000; for the same week last year it was \$2,195,000.

DETROIT, Sept. 18.—All the excitement in the opening day's races of Detroit's second Grand Circuit meeting at the Michigan State Fair Grounds this afternoon, was furnished by the 217 trot. Six heat-contested heats had to be raced in this event before Pansy Silver was able to capture the long end of the purse. All the other victories were achieved in straight heats and in comparatively easy fashion.

Baseball Toronto 7 5 Montreal 9 3

Lacrosse Finals Arranged

Turf Woodbine Gossip

Note and Comment

The Tecumseh leave to-day on their third trip to the far west in quest of the Minto Cup. They spent yesterday at the baseball field...

McCaffery of Montreal, like his near namesake of Toronto, has a likely looking lot of bats. He will go to this over this winter. His outfit, as at present constituted, will stand a lot of beating...

Isn't it about time to announce the Hustlers as three-time champions? They are this morning four games ahead of the Hustlers...

However, as the end draws near, the Leafs appear satisfied to settle down comfortably for the remainder of the season...

There will be lots of racing in the south next month, with two tracks going in Maryland. Entering the stakes to be run at Curley Brown's Laurel race track closed yesterday...

New York Tribune: No fair-minded sportsman can begrudge the national golf championship to Harold H. Hilton, who now holds the highest honors in the sport both in this country and Great Britain...

Hilton is responsible for the statement that Travers is a more scientific golfer than himself. But the lack of confidence in his long game proved the undoing in writing of the match and speaking of the bird in the New York Herald. Hilton said: "What I admired was the bird's way of hitting for the stroke. But lack of pluck is not one of his failings. He has a magnificent heart and a wonderful head."

DUNLOP ROAD RACE

The committee in charge of the Dunlop road race, having noted over the various roads suggested by bicyclists as suitable for holding this year's race, have come to the following decision:

The race will start at Scarborough Beach, where as last year, to proceed via East King street to Blantyre avenue, up Blantyre to Kingston road, east on Kingston road to Stop 1, then due north on East's road to the Markham road, and out over the latter some seven miles, and back over the same route, finishing at Scarborough Beach.

The differences in this year's route over last year's is that the Kingston road has been practically dropped. Fortunately, the work of the Ontario Motor League commences a few miles outside of the city and proceeds eastward. This gives the Dunlop Company an opportunity to merely use a portion of the Kingston road as a connecting link to getting onto the Markham road.

The New Fall Hats

Were one posted enough to name the best hat makers in the world the names on our hat labels would be included.

Derbies 2.00 to 3.00. Soft Hats 2.00 to 3.00. Silk Hats 3.00 to 10.00. Velour Beaver and Brush Felt Hats 2.00 to 5.00.

The Celebrated Burbury Coat - The coat for all weathers - waterproof - windproof - light weight - warm - smartly cut. 15.00 to 30.00.

Caer Howell's Last Game of Bowls Lost to Lakeview

After a continuous performance of 30 years, probably the last inter-rink match to be played on this historic old green took place on Saturday afternoon between three rinks from the Lakeview Club and three from the Caer Howell. The game was won by the Lakeview Club by the following score:

Caer Howell: R. Mansell, W. A. Tate, W. P. Cover, C. T. Mead, H. Elgie, Ed. Milburn, Geo. White, Bert Cowan, E. J. Repeth, Murray Coates, s. d. Ed. Milburn, s. k. 6 C. Wilson, W. J. Thomas, Geo. Loves, s. k. 14 Jas. Gorrie, skip. 1

Tom Flanagan's Prizes. The following are the names of the seven winners of Tom Flanagan's 25 prizes for picking the first three men in the 8-mile professional foot race at the Island Stadium Saturday night: James Stanley, 24 West Queen street; W. V. Webster, 219 Jarvis street; Jas. Keating, Hagerston, Ont.; Jackie McDermid, Dundas and Queen streets; Mrs. Kirkland, 118 Mutual street; J. Ross, 22 Sumach street; R. B. Mathers, Strachan avenue and King street.

The Broadview Rugby team will hold a practice on the athletic field, Broadview-avenue, this evening at 6.30. All are requested to turn out in uniform, if possible.

DUNLOP REDUCED PRICES GOLF BALLS REDUCED PRICES Because the price of crude rubber is now lower, Dunlop Golf Ball prices have been reduced. You can now procure the balls that have won the leading championships of the world for 1911 at the following prices: Dunlop "Orange Star" 50c, Dunlop "Manor" 35c.

C.L.A. Final Dates Were Arranged By District Committee

The district committee of the C.L.A. met last night at the Iroquoia and decided on the dates for the final games: President Forsythe was in the chair and others present were: Woody Teart, Frank Doyle, Fred Washburn, Pete Hocking and Secretary W. H. Hall.

At New York - By winning their last game of the season with the Highlanders, 2 to 4, the Detroit Tigers won their only series of the year from New York. Ford was only the all runs made in the first and second innings were scored after chances had been offered to retire the side.

At Philadelphia - After Philadelphia had won the first game of yesterday's double-header from Chicago by twelve innings, Philadelphia played two twelve innings each scoring one. The games were pitched by Philadelphia's own pitchers, Morgan and Scott. Each of the latter pair had a strike-out. The home team gave the fourth inning to the field, while Lord, McInnis and Zelder hit the ball hard.

Leaders Score Draws. CARLEBAD, Sept. 18. - The twenty-first round of the international chess tourney was played to-day. The results: Duras lost to Alechine, Leonhardt beat Koetic, Niemowski beat Chales, Marzani beat Leewenfish, Burn and Johnston drew, Salwe. The games between Rubinstein and Chotiminski, Cohn and Perik, Tartakover and Spilman, Burn and Johnston, Schlechter and Alaph and Rabnowitch and Teichmann were drawn.

Montreal had upwards of fifty men on the Westmont field Saturday afternoon for the first serious practice of the season. Under the eye of Art Ross, the big squad, which was rather unwieldy, was put thru a workout, of which several are still feeling the effect.

Forty players turned out Saturday afternoon to the first business-like practice, which the Jitawa Football Club has had this season at the Riddell Hall grounds, and among the seniors in uniform were: Capt. Eddie Phillips, Arthur, s. k. 18; Dave McLean, s. k. 18; Cann, Reg. Galaford, Percy Wilkinson, Neil Cameron, Bill Ballie, Angus McKay and Elsieck Holme an Englishman was a promising stranger. He played on the forward line in the English game, and looks like a corner for a line position.

The Argonauts had enough players for three full teams out at Rowdell last night. Ecclesford and Wigle were welcome additions last night. Jarvis showed well at quarter. Coach Lee was there in charge, and keeps the players on the jump. The first C. half-back was on the side lines, and will don a uniform for to-night's practice.

EATON'S Rugby Football Supplies

Note the extra low prices we're offering, and remember that we guarantee absolute satisfaction or money refunded. We have just received a large shipment of Rugby Suits made of to-ounce duck, all double-sewn throughout: Pants, half padded, white, Pair 1.00; Cane Guards, half padded, white, Pair 1.25; Pants, half padded, khaki, Pair 1.00; Cane guards, half padded, khaki, Pair 1.25; Jackets, full, padded, Pair 1.00; blue or red, padded 1.25; unpadded, blue or red 1.00.

Amateur Baseball

The postoffice baseball team will play a picked team from the Civil Service Baseball League on Wednesday afternoon, Sept. 20, at 4.30 o'clock. The following are requested to turn up to play against the picked team: Trippi Parlett, Benjamin Buildings; Whelan, City Hall; Leslie, Fireman; Wright, Parliament Buildings; Allward, City Hall; McGuire, Customs; Crowe, Parliament Buildings; Sweeney and White, Police.

The competition for The Star Trophy and city baseball championship, will commence to-day at 3 o'clock. W. Mumford, B. Robertson, F. Wall, C. West, G. Adams, N. King, J. Phillips, C. Christie, B. McKinnis, Nicholson, C. Harvey. The following players of the Wychwood B.C. Club are requested to turn out at a meeting to be held at the Beaconville Hotel tonight at 8 o'clock: W. Mumford, B. Robertson, F. Wall, C. West, G. Adams, N. King, J. Phillips, C. Christie, B. McKinnis, Nicholson, C. Harvey.

At Scarborough Beach, 5 o'clock, St. Francis's, Bohemians 4 o'clock, Foxcliffe v. Riverdale, At Dufferin Park, 3 o'clock, Pardale v. Davenport Stars; 4 o'clock, Wychwoods v. Wychwoods. The winners of Wednesday's games will play a double-header at the Island on Saturday, and the winners of the Saturday games will play against Wellington and Etens at the Island on Wednesday, the 27th.

Grand Trunk Football Club. A meeting of the club was held last week, when it was decided to enter the Toronto & District League. The following officers were elected: Hon. President, J. H. Gordon; president, A. M. Adams; vice-presidents, T. Langstaff, R. J. Jones, A. Sheppard and G. Westgate; captain, W. Irwin; vice-captain, A. Buchanan; secretary-treasurer, W. E. Capps. The club has signed on several new players and look for a good season. The secretary would like to arrange a match with any intermediate club for Saturday, Sept. 23. Grand Trunk Freight Office, Simcoe street.

Smith's Boys Marathon. The Smiths second annual road race, open to boys 14 and under, will be run from Vermont Park, Saturday, Oct. 1, at 8 a.m. The entry fee is 35c. Entries can be made at Scarborough-avenue, and A. W. Deer Park P.O.

Athenaeum Association Annual Meeting. The annual meeting of the Athenaeum Bowling Association will be held Tuesday night, Sept. 26, at the Athenaeum Club, when the election of officers for the ensuing year will take place. The annual arrangements for the opening of the championship season will be made. The opening schedule will be made. The league and team games will commence Oct. 1 and teams may be entered in the A League and B League up to Monday, Sept. 25.

EVERY MAN TO HIS TRADE

Thackeray, the novelist, said: "I very much doubt whether a school inspector could make a soufflé or toss a pancake." In a word, every man to his trade.

The Davis "Perfection" 10c Cigar is an exclusive combination of the world's choicest tobaccos, and is produced by a firm who have made CIGARS, and nothing else, for OVER HALF A CENTURY.

The "PERFECTION" Cigar proves the wisdom of the old adage: "If a thing is worth doing at all, it is worth doing well." It is Mild, Yet Exquisitely Fragrant.

TUESDAY MORNING, SEPT. 19, 1911

RECIPROcity AND CANADIAN POLICY

Canadians are having a taste of what will certainly happen should a more intimate relationship than now exists ever come to pass between the Dominion and the United States. Reciprocity, according to the Dominion Government and its organs, is only an agreement for the purpose of removing trade barriers and has no political bearing whatever. Neither will it, if they are to be credited, impair Canada's complete control of her affairs of encourage interference with her internal or external policy.

THE FOX AND THE CROW.

Once upon a time a crow was perched on a tree with a dainty piece of cheese in its bill. The brand of cheese was Canadian Prosperity. Along came a fox with a hungry look in his eyes, for he had fallen upon Hard Times and was feeling depressed.

LAURIER IN 1888.

This is what he said in the house of commons. The manufacturers remember it: "The offer which is made by the government to the United States is an offer of a limited character, in natural products only. It is not an offer of unlimited trade, such as is asked for by Mr. Hamilton in the bill."

STAR PRICES.

The Toronto Star's food exhibit is the best anti-reciprocity argument of the campaign. Because it is so palpable to everybody that it is not true. And when a cause has to be backed up by untruths it is a bad cause, and the people will defeat it.

THE GLOBE'S FALSE WITNESSING

The Globe has lost in this campaign whatever reputation it ever may have had for truth or fair dealing. The fact is that the cause of the Liberal machine is desperate and only falsehood and misrepresentation are available to make a showing for infatuated readers.

stander. "I lived in Buffalo six years and those prices are all wrong. Toronto is a much cheaper place to buy groceries in. They don't tell you sugar is a cent a pound more in Buffalo than here."

The housekeepers of Toronto only need to see The Star window display themselves that reciprocity is a poor business when all it has to go on is The Star's fabrications. A few doors west of The Star our lively contemporary, The News, has opened a window display of Toronto and Buffalo goods, with average prices correctly indicated.

COMPETITION HERE: DEPRESSION THERE.

The Star asks "what of Oser loyalty?" because the contract for the building of the C. P. R. offices on King and Yonge streets has been awarded to an American firm. Toronto people have been wondering why so many big Toronto contracts have recently gone to American firms.

RECIPROcity AND CANADIAN POLICY.

And The Star will tell its readers that the end justifies the means—or, as most people will put it, the meanness. RECIPROcity AND PREFERENTIAL TRADE. Sir Wilfrid Laurier has always professed his belief in a policy of imperial preferential trade. He supported resolutions at the imperial conference of 1902 and 1907, declaring that "the principle of preferential trade between the United Kingdom and H. M. dominions beyond the seas would stimulate and facilitate mutual commercial intercourse and would be promoting the development of the resources and industries of the several parts, strengthen the ties of the empire, and would be promoting the welfare of the products and manufactures of the colonies, either by exemption from or reduction of duties now or hereafter imposed."

LAURIER AND LARGER TRADES.

Laurier and larger markets for the United States farmer.

RECIPROcity WAS NOT IN CANADA.

Reciprocity was not in Canada.

CHANGE UNDER THE FLAG

President of Macedonia and Bulgarian Y.M.C.A. Asks for Squares Deal Editor World: I attended a meeting of Mr. Joseph Russell's at O'Neill's Hall. As the speakers attacked all who hire foreigners in this country, and as every word uttered seemed to hit at me and my kind, I feel that some protest should be made on our behalf. I, and the big majority of my people—Macedonians and Bulgarians—glad to become Canadians and to live under the laws of Canada and do our part in building up the country, and we surely must ask in return that we be given the right to earn a living and to do our very best for ourselves and families.

BOODLERS RUN OUT.

LINDSAY, Sept. 18.—For more than a week strangers have been very active with local Liberal heeler in the central and northern parts of Victoria and Haliburton. As a rule they pose as "agents for insurance." Decoys were set by the local Conservatives and it was speedily discovered beyond any chance of mistake that these were merely boodlers. The climax was reached last Saturday night, when the trap set for one of the wily strangers and his local accomplice was sprung. Far and feather there were in use, but only partially found application. The splendid running qualities of the horse driven by the stranger alone prevented the pair of boodlers from a very thoro tarring and feathering. They were chased for miles, even beyond the borders of the riding, and are doubtless running yet.

A BAY OF QUINTE TRINITY.

BELLEVILLE, Sept. 18.—(Special.)—Everything looks well for the three sister ridings, Prince Edward and East and West Hastings, to send a Bay of Quinte trinity to oppose reciprocity. City's Cash Balance. Toronto has a balance of \$2,419,943 left to carry it over to the end of the year, according to a report presented by City Treasurer Coady. To Sept. 1, \$2,656,578 of the available \$6,240,438 had been expended.

AT THE UNION STATION.

A party of 50 English domestic servants arrived at the Union Station last night, and will endeavor to find work in Toronto. It is announced that after Oct. 1 train despatching by telephone will be used in all the districts where there is sufficient work to warrant it. The telephone cable at the Union Station was destroyed by the fire on Sunday night, and the repairs have not been completed yet.

PAID FOR DAMAGED MOTOR CAR.

Damages to the extent of \$16.85 were assessed on J. R. McCaffery in the division court yesterday, when sued by Chas. B. Swainland for unstated damages. The damage done was to Swainland's automobile, McCaffery running into him when he slowed down to allow a farmer's wagon to cross the street. The result was a rear end collision.

PUBLIC MEETING TO-NIGHT

In the Interests of A. C. MACDONELL At O'NEILL'S HALL, Corner Queen and Parliament Streets, at 8 p.m.

PREMIER STOLYPIN OF RUSSIA IS DEAD

150 of the Associates of the Assassins Have Been Placed Under Arrest.

KIEFF, Sept. 18.—Premier Stolypin is dead, the victim of the assassin. One hundred and fifty of the associates of Bogrov, who shot the premier, have been arrested.

Representatives of the Jewish community were panic-stricken and begged for protection, and 3000 troops were poured into Kiev, to prevent excesses. The city is depressed but calm.

Gov.-Gen. Trepoft has issued a public notice that disorders will not be tolerated and stringent regulations are published forbidding the carrying of arms. It is officially announced that the manœuvre are ended and that the troops are returning to Kiev.

Peter A. Stolypin was a tall, handsome man of 55 years. His short-cropped hair was grey, but his beard was dark. He had been described generally as an administrator of ability. He was neither a bureaucrat nor a reactionary in the ordinary sense of those terms.

As governor of Saratov, he took such steps against the Terrorists and Liberals as to earn him the detestation of the advanced parties and his life was attempted in 1905. He was appointed prime minister by imperial ukase on...

July 22, 1906, and stamped out the revolution that had grown to threatening proportions during the premiership of M. Witte, and which Witte's successor, G. Rasbunin had not been able to control.

Stolypin's life was attempted again in August of that year, when a bomb that killed thirty persons was exploded at his home. The minister escaped with slight injuries, but two of his children were wounded.

Stolypin came into conflict with the Duma and when he made his first speech before that body, he was greeted with cries of "Murderer!" The speech will be read by Stolypin under chapter of the Duma, having referred his bill for the establishment of the Zemstvo or local government in the western provinces, the premier resigned and only consented to reassume office when the emperor had decided to dissolve the Duma and promulgate the measure under the authority of the fundamental laws.

Stolypin's life was attempted again in August of that year, when a bomb that killed thirty persons was exploded at his home. The minister escaped with slight injuries, but two of his children were wounded.

INSURGENT LIBERALS MAKE MR. CURRY PEEVISH

He Likens Many Prominent Canadians to Mercenary Camp Followers, at Maguire Meeting.

It was a cosmopolitan audience that gathered to hear Alfred Maguire, Liberal candidate in Centre Toronto, last night in St. George's Hall. J. W. Curry, K.C., who has just returned from a campaign tour in northern Ontario, told of the work in the northern constituencies. When he referred to Bourassa and his campaign in Quebec, a voice from the audience cried "Next!"

"You may not want him," replied the speaker, "but the Conservative party are willing to accept any aid. They would even shake hands with the devil if they thought they could gain anything by it. (Laughter.)"

"The Liberals who have deserted the party are like the camp followers who hang at the heels of an army, prepared to partake of its victory, or, if beaten, to desert the camp."

"There has never been, in the political history of Canada, such a casual sign of lying and vilification. Why does 'Taft want reciprocity?' demanded an elector. "Because he knows the people there are being taxed on food, products as they are in Canada, and he knows that if food is taxed it must be dearer."

"Next!" cried another audience member. "Arguing that the manufacturers were fighting reciprocity were not giving the workmen a square deal, Mr. Curry was interrupted by a speaker in the gallery, who asked, 'Don't they get their wages?'"

"But they don't get enough," cried another audience member. "Any manufacturer who makes \$700,000 profit per year," responded Mr. Curry, "does not so take into account the hours that he has helped him make. It is not doing his duty to those under him. A man should be just before he tries to be generous. He should ponder a little on the actual cost of his goods."

"The campaign so far as I am concerned has been conducted fairly," declared Mr. Maguire, the candidate. "But the tactics adopted by the Conservatives, particularly the attack on Mr. Forster at Murray Bay, hitting the alleged alliance between Borden and Bourassa was hatched at that time."

"When I go down to Ottawa, as I intend doing, my first duty will be on behalf of my city, to see that a royal commission is appointed to enquire into the trusts and combines."

REPLY TO REV. MR. NEWELL. Many of those who heard Pastor Russell's able discussion of the Bible and logical presentation of its teaching at Massey Hall likewise heard Rev. Mr. Newell there. The latter's address purported to be a reply. Pastor Russell furnished a pamphlet to his audience free, which explained his address and gave detailed explanation of every Scripture bearing on the subject of future punishment. It is to be regretted that Rev. Mr. Newell did not have a copy.

THE TRADERS BANK OF CANADA. Dividend No. 62. NOTICE IS HEREBY GIVEN that a dividend of two per cent. upon the paid-up Capital Stock of the Bank has been declared for the current quarter, being at the rate of eight per cent. per annum, and that the same will be payable at the Bank and its Branches on and after the 2nd day of October next. The Transfer Books will be closed from the 16th to the 30th of September, both days inclusive. By order of the Board. STUART STRATHY, General Manager. Toronto, Ont., Aug. 25, 1911.

Price of Hogs Toronto Cattle Market

WE have to-day, in response to a request from the Financial and Commercial Editor of a leading "Daily" published in this city, why we considered arguments based upon the newspaper quotations of the prices paid for hogs in Toronto as compared with Buffalo and Chicago were misleading, replied covering market conditions in Toronto, which are not generally understood.

Under all the circumstances of the present extraordinary agitation against the packing trade, it seems desirable that the statements furnished to the Editor should be widely read, hence we present them herewith:

By a curious custom established over a long period of years, fed and watered hogs on the Toronto market differ from fed and watered hogs on any other market in the world of which we have knowledge. The hogs, on being unloaded from the cars, are given as large a ration of dry meal as they will eat, and, associated with it, as much water as they will drink. After such feeding, the hogs are weighed, and paid for on the weight established under such conditions. The result is that when the hogs come to the packing house some hours later the stomachs are still filled to their utmost capacity with a quantity of meal and water weighing from 4 to 20 pounds per hog. All this meal is undigested; all of it a complete loss; all of it adds to the weight of the hogs, and such weight has to be taken into consideration in fixing the buying price of such hogs. You will appreciate the significance of this practice when we tell you that 400 tons of meal and water were delivered to the packing house of this Company during the past twelve months in the stomachs of hogs from the Cattle Market, and which had been paid for at the market at the current price for live hogs. The value of this waste at the average price per hundred pounds for hogs during the year amounted to upwards of \$60,000.00. This sum had to be absorbed in the reduced price paid for the hogs on the market in contrast to the price paid for unfed hogs delivered direct to the packing house.

In any American market, the hogs on arrival are given a small ration of dry corn, the object being simply to give a sufficient quantity of food to stop waste in the hog through fasting during long haulage. When these hogs are killed, this food has been digested, and the stomachs are empty.

If two loads of hogs were shipped from any station outside of Toronto, one for delivery the next day into our packing house, and one for delivery the next day upon the Toronto yards, we would pay for the hogs delivered into our packing house 35c to 50c per hundred pounds higher than the price we would pay for the hogs purchased on the Cattle Market, the higher price in our own yards being accounted for by the loss occasioned through the feeding conditions on the Cattle Market above referred to.

If two loads of hogs were shipped into the Buffalo market, and on arrival one was fed as is customary on the Toronto market, the other fed as is customary on the Buffalo market, the buyer of these two loads could pay for the hogs fed after the Buffalo manner from 35c to 50c per hundred pounds higher than for those fed after the practice on the Toronto market, and yet the cost of his dressed hogs, which is the true factor, would be no higher than the dressed cost from the hogs fed after the Toronto market practice, owing to the loss occasioned by the weight of meal in the stomachs of the latter hogs.

It is conclusive from the foregoing, if a comparison is to be made between the price of hogs on the Toronto market and the price of hogs upon Buffalo and Chicago markets, that before making the comparison an addition must be made to the Toronto market quotation sufficient to meet the conditions set forth above. This addition in price would be from 35c to 50c per hundred pounds.

Editorials or addresses, therefore, based upon market quotations (honestly secured) showing the price of hogs current in Buffalo, Chicago or Toronto, on the assumption that conditions upon the three markets are common, are wholly misleading. The only accurate basis of comparison, as far as the packer is concerned, is the cost for hogs delivered into his house. The only accurate basis for comparison, as far as the farmer is concerned, is the price which is paid to the farmer who produces these hogs in the two countries. In both of these respects the average price is now, and has been over a period of years, higher in Canada than in the United States.

That you may have authoritative knowledge of the difference in the cost of all the hogs delivered to our house, including those purchased on the market, and the price paid for hogs on the Toronto market, we hand you herewith a statement giving the comparative figures for each week during the year 1910. The Toronto market price is taken from the statement issued under the authority of the Hon. Sydney Fisher, and which, we gather from your letter, was compiled from The Globe's market reports. The price delivered into our own house is the average cost per hundred pounds of all hogs received weekly by us on the weights passed over our own scales. The money side covers what we have actually paid to the drover for his hogs, either at his own station (with freight added), on the Toronto Cattle Market, or delivered, freight paid, into our yards. No charges for expenses have been added.

You will remember that all hogs shipped by rail shrink in weight in transit between the shipping point and the market or packing house (if unfed at destination) from 8 to 20 pounds per hog, depending upon the distance between the points, and the time occupied in transit. This loss, plus the freight, establishes the difference between the price paid to the drover at country points and the delivered cost per hundred pounds to the packer in his own yard. This difference at the present price of hogs is from 60c to 75c per hundred pounds, and which difference must be added to the weekly f.o.b. quotations to give the cost to the packer for his hogs delivered in his yard.

You will note from this statement enclosed, that, notwithstanding the inclusion of the fed-and-watered market hogs in the delivered price, the average cost weekly for hogs in our yards is from 15c to 50c per hundred pounds higher than the market price. It is this price delivered into our house which is properly comparable with the prices in Chicago and Buffalo, where the market conditions are such that the market weights and the market price constitute the cost of the hogs delivered into the respective packing houses associated with such markets.

In making such a comparison, however, it must be remembered that the packer in Canada, by reason of the different class of hogs raised in the two countries, secures 2½ to 3½ per cent. less yield of meats and lard per hundred pounds live weight of hogs killed as compared to the yield of meats and lard per hundred pounds live weight killed in packing houses in the United States. This difference of yield is equivalent to 25c to 35c per hundred in the price of live hogs, and no intelligent comparison in the position of packers in the two countries can be made without regard to this factor.

Leaving politics and the devious ways of politicians aside, you will agree with us that arguments advanced as to the relative value of two or more markets should be based upon statistics which have been prepared with patient care, and with the sole desire that the information gathered should be accurate, not only in letter, but in the explanatory notes furnished, which would enable those who consulted them to secure a true perspective, without which a sound judgment cannot be formed.

Gertrude Elliott in "Rebellion"

Joseph Medill Patterson's new play of to-day, which he has named "Rebellion," was given an appreciative reception by a very large audience at the Royal Alexandra last night.

The case for rebellion is presented in all its undramatic simplicity. Georgia Connor, when the play opens, is shown as married to a young ward politician of no settled occupation.

The play is filled with a sordid realism which, however unpleasant, has a strong gripping effect. It is pitched throughout in a somber key and is singularly free from sensationalism.

At the Princess

"Thais"

Those who have read Flaubert's "Salammbo" and enjoyed its spectacular grandeur will be delighted to see the second and third acts of "Thais," which furnished a transcription at the Princess last night of the lavish wealth and luxury of such a life in such an age.

The play is filled with a sordid realism which, however unpleasant, has a strong gripping effect. It is pitched throughout in a somber key and is singularly free from sensationalism.

"The Virginian," which has already won a lasting reputation upon its merits as a picturesque and interesting story of a remote life in the west, is the offering at the Grand this week.

George Kelly has assumed the character of the Virginian, created by Durth Farnum, and the role loses none of its attractiveness through his interpretation.

"The Virginian," which has already won a lasting reputation upon its merits as a picturesque and interesting story of a remote life in the west, is the offering at the Grand this week.

George Kelly has assumed the character of the Virginian, created by Durth Farnum, and the role loses none of its attractiveness through his interpretation.

the part of Thais, is compelled to be something less than natural to fill the conventional conception of an Egyptian courtesan. Daniel makes his appeal to her, and succeeds in repelling most of the temptations of St. Anthony, which are at the same time duly effective with the audience.

their clear running melodies, which even the musically untrained can love. No one could fail to respond to Mr. Besan's "Drinking Song" and Marcello Roomini sings "O Maria, Maria" but they are all like that, every one of them, and the finish perhaps more so.

In Linden Beckwith's voice there is music, but there is much more. There is that elusive charm which puts a human interest into everything she sings. More than that, again, there is that in this winsome singer's head or heart which makes her choose the songs which appeal, whether it be with the irresistible swing of "In Mexico" or the old, old charm of "Annie Laurie," which becomes a new delight as Miss Beckwith sings it.

There isn't anyone funnier than Johnnie Ford, in his eccentric dances. The robust young man can do more delightful silly things with his agile presence, while he sings the wildest but most acceptable line of madhouse nonsense that was ever invented by a clever brain.

BIG FIGHT ON OVER THE ISOLATION HOSPITAL

York Township Council Did Not Grant Permit, But City Takes Chances On It.

EAST TORONTO, Sept. 18.—(Special.)—Toronto Conservative workers identified with the sub-divisions south of the Kingston road in East Toronto, requested to meet at the Norway Conservative committee rooms, Norway, last night (Monday) for the purpose of discussing the proposed isolation hospital site.

YORK TOWNSHIP COUNCIL

Bathurst St. Residents Won't Stand for Isolation Hospital.

The 11th meeting of the history of York Township Council was held yesterday afternoon, and it was a long day, although the township fathers were face to face with a deputation from the Bathurst street residents of their cause and better qualified to express their grievance than when the council first met to consider the proposal to establish an isolation hospital up the Yonge street.

Wheat Market Slightly Firmer On Wet Weather in Western Belt

Thrashing Delay and Big Increase in Visible Supplies the Factors at Chicago—Prices Closed at Advance.

CHICAGO, Sept. 18.—Thrashing delay, due to wet weather in the Canadian northwest, brought about firmness to-day in wheat. A big increase in the United States visible supply, however, acted as an important offset. Closing figures were 1-8c to 1-4c to 1-2c higher than Saturday night. Latest trading left corn 1-4c to 1-4c to 1-4c; oats at 1-8c to 1-8c to 1-8c; advanced, and hog products either advanced or varying to 1-2c decline. First signs of Canada as a source of strength for the wheat market here came by way of Liverpool. Cables from the British told of lessened prospect for a good deal later than it was not until a good deal later that the underlying reason developed. Heavy rains retarded harvest in the district of Winnipeg. There were Manitoba reports, too, that country offerings had greatly diminished. The fact that hedging was firm, during the session, was noted. During the session December was ranged from 86-1/2c to 87-1/2c, with last sales 1-8c to 1-8c. Corn rose on account of heavy rains checking country offerings of the old crop for this month's delivery. Not much attention was given to the improved outlook for feed. December was fluctuating from 87-1/2c to 88-1/2c to 88-1/2c, closing steady at 1-8c to 1-8c. Assurances that even with reciprocity, no large quantity of wheat from Canada, led to a firm feeling in that cereal. It was argued that instead of Canada would ship barley, of which more than 10,000,000 bushels, compared with last year. High and low prices reached by the December option were 1-1/4c to 45 3/4c and 47-1/2c, with the close 1-8c net higher at 45 1/4c. Liquidating sales by longs tended to carry down provisions. At the end of the day, however, none of the declines showed an excess of 1-2c.

Northwest Receipts.
Receipts of wheat at primary centers were as follows:
Chicago..... 70,000 bu.
Duluth..... 115,000 bu.
Minneapolis..... 85,000 bu.
Winnipeg..... 85,000 bu.

European Grain Markets.
The Liverpool market closed to-day 1/4c to 1/2c higher than Saturday on wheat, and 1/4c to 1/2c higher on barley. Best feed, 1-8c to 1-8c; higher. Paris and Antwerp unchanged.

Winnipeg Inspection.
Winnipeg receipts of wheat to-day graded as follows: No. 1 northern, 178,000 bushels; No. 2 northern, 178,000 bushels; No. 3 northern, 178,000 bushels; No. 4 northern, 178,000 bushels. Oats, receipts were 41 cars, barley 12, flax none.

WET WEATHER SHOWS ALL OVER THE WEST

CATTLE ABOUT STEADY ON HEAVY SUPPLY

Active Market for Both Butchers and Exporters—Sheep, Lambs, Calves Steady—Hogs \$7.25.

Receipts of live cattle at the Union Stock yards, Chicago, Sept. 18, were 144,324 head, including 57,372 sheep and lambs and 30 calves. The quality of cattle was fair to good. Trade opened up briskly early in the day, but eased off as the day advanced, but the market closed with a steady supply. Prices for both exporters and butchers were steady to firm at last week's quotations.

There were many buyers on the market. Four American firms being represented. Several outside dealers on the market for butchers' cattle.

E. L. Woodward bought for Swift & Co. 123 London steers, 1,200 lbs. each, at \$5.25. L. Landeck bought for Morris & Co. 123 London steers, 1,200 lbs. each, at \$5.25. F. Whaley bought for J. Shambert & Sons 100 export steers and heifers, weighing 1,200 lbs. each, at \$5.25.

Prime picked lots of butchers' steers and heifers sold at \$5.25 to \$5.50, and as high as \$5.75 for a few loads of good stock. A limited number of veal calves sold at \$4.75 to \$5.25.

Sheep and lambs. Sheep averaged \$4.25 to \$4.75, with \$4.25 to \$4.50 for 100 lbs. and \$4.25 to \$4.50 for 100 lbs. Hogs. J. J. Johnson generally selected, fed and watered, \$7.25, and \$8.00 f.o.b. cars.

Corbett & Hall would like to call attention to the fact that they have a large stock of live cattle, sheep and hogs, and are prepared to quote prices on a moment's notice.

Winnipeg Grain Market. WINNIPEG, Sept. 18.—The outlook of the situation on the markets to-day was the weather that prevailed over the week-end in the west. The map to-day shows a high pressure over the north, with a low over the south. The temperature, the damage to the grain will be considerable. There was a fair increase in the visible supply, but primary receipts showed a considerable falling off.

Second Annual Toronto Fat Stock Show

Union Stock Yards, Toronto

Monday and Tuesday

DECEMBER 11, 12, 1911.

Premium List, Entry Blanks, etc., Apply

J. H. Ashcraft, Gen. Mgr., Toronto.

ESTABLISHED 1864

Wesley Dunn bought 100 sheep, at \$5.75 per cwt.; 30 lambs, at \$5.25 to 10 cents, at \$7.00; 100 hogs, at \$7.25; 100 calves, at \$5.25 to \$5.50; 100 hogs, at \$7.25, fed and watered. E. Puddy bought 60 cattle, 1000 to 1100 lbs., each, at \$5.25 to \$5.50; 100 calves, at \$5.25 to \$5.50; 100 hogs, at \$7.25, fed and watered. P. Kennedy bought 120 butchers' steers and heifers, 1100 to 1200 lbs., at \$5.25 to \$5.50. McClelland bought 100 calves, at \$5.25 to \$5.50. The Swift Canadian company bought 100 steers and heifers, 1100 to 1200 lbs., at \$5.25 to \$5.50; also 100 calves, at \$5.25 to \$5.50; and 100 hogs, at \$7.25, fed and watered; 100 calves, 200 lbs. each, at \$5.25 to \$5.50; 100 hogs, at \$7.25, fed and watered. 1 car loads of butchers' steers and heifers, at \$5.25 to \$5.50.

Hogs Sell Lower In Montreal Market. More Liberal Supplies Make for Easier Tone—Cattle Active and Steady.

MONTEAL, Sept. 18.—At the Montreal market for live stock for the week ending Sept. 15, there was a steady demand for the supply on the market this morning for sale consisted of 1250 cattle, 100 sheep and 20 calves. Considering the large run of cattle, of which there were fully 600 head, the Canadian Northwest ranch stock, the tone of the market was remarkably steady, and prices showed no important change as compared with those of last Wednesday.

The gathering of buyers was large, and the market was active and favorable for keeping stock, the demand from butchers and packers was good and country supplies were active and steady. A few very choice steers sold as high as \$6 per pound, but the bulk of the stock was at \$5.25 to \$5.50, good at \$4.75 to \$5.00, and common at \$4.25 to \$4.50 per lb. In sympathy with the lower prices ruling for hogs in the Toronto market and through the country, coupled with the more liberal supplies, the market for cattle was weaker developed in the market this morning and prices declined. This was particularly noticeable in the case of the demand from packers. As this reduction the demand from packers was good and all the offerings met with a ready sale, with prices ranging from \$7.25 to \$7.50 for 100 lbs. and \$4.25 to \$4.50 per lb. weighed off.

New York Cattle Market. NEW YORK, Sept. 18.—Beaver-Receipts of cattle, sheep and hogs, 100 to 150 lower; cow steady; steers, \$4.40 to \$4.75; hogs, \$7.25 to \$7.50; calves, \$4.75 to \$5.00.

Chicago Live Stock. CHICAGO, Sept. 18.—Cattle receipts, 144,324 head, including 57,372 sheep and lambs and 30 calves. The quality of cattle was fair to good. Trade opened up briskly early in the day, but eased off as the day advanced, but the market closed with a steady supply. Prices for both exporters and butchers were steady to firm at last week's quotations.

Winnipeg Grain Market. WINNIPEG, Sept. 18.—The outlook of the situation on the markets to-day was the weather that prevailed over the week-end in the west. The map to-day shows a high pressure over the north, with a low over the south. The temperature, the damage to the grain will be considerable. There was a fair increase in the visible supply, but primary receipts showed a considerable falling off.

Advance of Over a Dollar in Hollinger Brightens Whole Market

Hollinger Resumes the Lead Whole Market Turns Strong

Porcupines Show Some of Their Old-time Vigor—Hollinger Advances 140 Points—More Pronounced Buying Demand.

World Office, Monday Evening, Sept. 18.—An advance of over a dollar a share in Hollinger and a reflection of the upward movement through the whole list have emphasized evidence to-day of the fact that the market had improved considerably over the week-end. Buying was of the most substantial character from the very opening of the exchange, and continued so through the most of the session, so that an all-round improvement was easily brought about.

There was a decided fall in the floating supply of stock in the market, and this no doubt contributed largely to the upward swing. Offerings were noticeably less pronounced, and as traders appeared willing to go above the market in order to attract sales, the advance was brought about in an easy manner.

Hollinger opened at \$12, a gain of 80 points over the closing prices on Saturday last, and this was also the high figure of the day. The shares were in steady demand, and showed more activity than at any time in the last two or three months. The top price reached was \$12.40, but profit-taking around that level brought about an easier tone, and on the afternoon board a portion again getting back to \$12.05, and closing at that level.

There was no news in relation to the big Porcupine issue, but the general ideas among traders was that short covering had been responsible for the movement. The shares have been decidedly quiet of late, and it is highly probable that some short stock came out on the idea that lower prices would follow the apathetic conditions.

Excellent buying of some of the cheaper Porcupines brought about a stronger tone in these issues. Dome Extension touched 70 in the early dealing, a gain of five points, but lost a portion of this later in the day. Swastika moved up two to 24; Preston recovered a portion of its loss, selling back to 22 1/2. Coronation, receding a new level, at 3 1/2, and closing there.

The market was a decided improvement last week, and this inspired a better sentiment among traders, who went the improved buying demand with considerable satisfaction.

Usual Dividend On Nipissing

NEW YORK, Sept. 18.—The Nipissing Mining Co. has declared the regular quarterly dividend of five per cent, and 2 1/2 per cent extra, payable Oct. 20. Books close Sept. 30, re-open Oct. 18.

The financial statement of the company as of Sept. 16, submitted to the directors to-day, shows cash on hand \$74,692, ore in transit, \$241,800; ore at mine ready for shipment, \$113,086, making a total of \$1,250,212. It is estimated that at the time the dividend is payable Oct. 20, the company will have a cash surplus of approximately \$1,100,000.

The dividend record of Nipissing is as follows:

Date	P.C.	Amount
1906	5	\$400,000
1907	12	720,000
1908	12	720,000
1909	22 1/2	1,400,000
1910	22 1/2	1,400,000
1911, Jan.	7 1/2	450,000
1911, April	7 1/2	450,000
1911, July	7 1/2	450,000
1911, October	7 1/2	450,000

Total 121 1/2 \$7,290,000

In addition to the above dividends amounting to \$400,000 was paid by the Nipissing when privately owned.

Five-Stamp Mill At Golden Pyramid

Porcupine, Sept. 18.—(From Our Man Up North.)—Superintendent Charles West of the Porcupine Township Co. has announced that a five-stamp mill on the Golden Pyramid property, Munro Township, now leased by the Porcupine Township Co., and to be used by the company in crushing ore from the rock taken from the Munro Mines property, recently taken over by the Township Co.

The five-stamp mill will be operated by the Township Co. for a time on a lease, to see what values may be obtained from the rock taken from the 100-foot shaft on the Township Co.'s new Munro holdings.

Margin of Profit On Lower Basis

Drastic Cutting of Steel Prices Causes Big Shrinkage in Net Earnings.

NEW YORK, Sept. 18.—The orders of the U. S. Steel Corporation since first of month show shrinkage compared with corresponding period of preceding month. However, operations are holding up well with ingot mills operating about 75 per cent of capacity.

Low prices were responsible for heavier business of the corporation in August. Margin of profit per ton, however, shows drastic shrinkage. Steel manufacturers are now crying too much capacity, and advising less new construction work next year.

GEO. W. BLAIKIE & CO.

Members Toronto Stock Exchange, have removed to new offices in the STANDARD BANK BUILDING, corner of King and Jordan Streets. Telephone Main 1497.

GOLDEN STAIRWAYS PORCUPINE'S LATEST

Recent Finds Most Sensational in History of Camp—Big Dome Showing Wonder of Decade.

Porcupine, Sept. 18.—(From Our Man Up North.)—Previous to the big July fire Porcupine had its gold showings splatters of yellow metal indiscriminately scattered over the strike quartz and schist. Under the heavy overburden men had been able only to locate it in the spots of easiest access.

After the fire came the "golden stairway" finds. Domes never before heard of turned up under the black earth and clay, with the inclines from the surface to the high level of the quartz stuck in the gold.

Of the 14 free gold discoveries made since the fire the most notable one is at the Big Dome, a holding of 200 feet, another dome of much smaller dimensions was uncovered. From one to four feet of clay, with the muck burned off, cover the quartz lead.

The quartz is of a very creamy white, extremely rich in color, from 7 to 10 feet wide where it is uncovered. With a pay streak running in width of from two to five inches, carrying mats of gold, quartz stuck in the metal, as some mine men say, for a distance of 100 feet, where the rock has been uncovered.

Across the 10 feet in any place gold matted in the rock can be seen, and the find is certainly one of the most important that have been made on the North American continent during the last decade.

The new find has been aptly styled the "golden stairway," for up the incline of the smaller dome the quartz comes in "steps" with the gold covering the rock along the narrow pay streak.

RENEWED ACTIVITY SHOWN ON ALL SIDES

Porcupine Mines Doing Strenuous Development to Make up for Time Lost This Summer.

Porcupine, Sept. 18.—(From Our Man Up North.)—From the ashes of Porcupine of old, a new mining campaign has been started.

Burned and blackened areas of five weeks ago wear a mantle of green, grown mainly by the action of warm fall rains, which go far in wiping out all evidences of the terrible holocaust of July 1, while new towns are springing up all about the mine area, to again become the main trade arteries to physical wealth.

Option on Preston Was Not Taken Up

Why the Stock Took Its Recent Slump—Inside Story of Decline.

A great deal of comment is being heard on the street regarding the sharp decline in Preston East Dome, and the probable reason therefor.

The inside story of the decline from around 75 to 18 cents per share is somewhat as follows: The syndicate which had an option on a block of 250,000 shares of the stock at prices varying from 85 to 55 cents per share, a portion of the option expiring Sept. 15, endeavored a few days ago to secure five days' extension from the owners of the stock, which was part of a lot of 538,000 shares pooled by inside interests. The company is prominently featured in the syndicate thereupon secured the co-operation of a New York intermediary, an arrangement being formulated by means of which the option could be taken up in accordance with former intentions. Pressure was brought to bear upon E. G. Germer, president of the company, and a prominent member of the syndicate, by certain inside interests, whereby the proffered assistance of the New York interest was later refused, and the option allowed to lapse.

RESULTS AND CONSEQUENCES

W. H. Rowley Utters a Few Prophetic Words Regarding Reciprocity.

MONTREAL, Sept. 18.—Mr. W. H. Rowley, who is one of the leading merchants of Canada, with immense business interests in every province that make him a factor in the home trade of this country, and a man who is thus well qualified to speak about the effect of the Tariff-Fielding pact.

"The issue is clear—the candidates have been named—the date has been fixed and the result is certain. It is not a matter of 'if' but 'when'—certainly, however, only if every man and woman and boy and girl, who has the true Canadian instinct and character, responds to the call of duty and by word and deed, by voice and action, does his best to help to defeat the attempt that is being made to saddle the Tariff-Fielding pact on Canada.

SUMMERHAYES RESIGNS.

M. W. Summerhayes, for the past three months manager of the Swastika mine, has resigned and will again take up his private practice with headquarters in Toronto at 76 Home Life Building.

The successor for the position of manager of the Swastika has not been appointed, but R. B. Lamb, consulting engineer, has charge of operations.

RECORD OUTPUT FOR FIRST SIX MONTHS 1911

Cobalt Camp Puts Up New Record for Production—Should Reach \$18,000,000 This Year.

The production of the Cobalt camp during the first six months of the year was nearly 15 per cent greater than in the corresponding period of 1910, and this despite the power famine which held operations back during the late winter and early spring.

Ontario in the first six months of 1911 produced 15,231,968 ounces of silver valued at \$7,644,200, as compared with 13,514,527 ounces valued at \$6,256,530 in the first six months of 1910. Of this amount over 95 per cent came from the mines in Cobalt camp, while the other five per cent was distributed by mines in Elk Lake, Gowganda and South Lorrain, all near neighbors to Cobalt.

There is just one feature that is proving less this year than last year, and that is the tonnage. During the first six months of 1911, 42,112 tons of ore were sent out, while 43,870 tons were concentrated, as compared with 44,804 tons in the corresponding period of 1910.

Further particulars from the mines in concentrates.

There was also shipped out in the first half of the year 1,302,898 ounces of bullion, while in 1910 there was practically no bullion shipped from the camp. It is therefore plainly seen that while the tonnage has fallen off in that time, the production was put forth as to value in the Cobalt camp for the year 1911. That it will surpass any previous year goes without question. A total production of over \$18,000,000 should be the camp's output.

Large tonnage of production amounted to over \$15,000,000, while the 1910 production was in the neighborhood of \$12,000,000.

PORCUPINE PROFITS

There will be many fortunes made in the Porcupine, particularly by those who take advantage of present conditions.

There will be many fortunes made in the Porcupine, particularly by those who take advantage of present conditions. We believe that the advice published by us will hasten and insure success to those who are seeking substantial investments for early profits.

Letters on Porcupine will be sent free on request, but we are seeking substantial investments for early profits.

PORCUPINE GUIDE

Free The current issue of this paper gives fullest possible particulars on the latest developments in the market and the mine end of all Porcupine issues.

At the moment the market is in a state of confusion, and the mine end of all Porcupine issues is being sold at a price which is a mere fraction of its real value. We have no promotion or special offer at present, but we are offering the monthly payment plan—20 per cent down and 10 per cent monthly.

MULEY HAFID, SULTAN OF MOROCCO, SPEAKS.

My scari! Where am I at? I'm in Morocco!

My scari! Where am I at? I'm in Morocco! I am I recognized as boss? If I get recognized as boss I can hear the scorpions whooping. "Hoch der Kaiser!" "Vive la France!" And it hits me hard the Sultan Allah is Allah, maybe. They ain't asking Me no questions; If they want to do some fighting Or to put it to a vote. They ain't asking Me no questions; They have simply got my goat. But say, Would they do it that way If I was big? Hog of a pig! By the Prophet's beard I swear They ain't acting fair To Me! See?

W. J. Lampton.

The Ethereal Masculine.

As soon as a man gets everything he wants he finds that the things he has are not the things he wanted. From the Chicago Record-Herald.

LONDON'S RADIUM INSTITUTE.

Altho radium is no longer the world's wonder it was a few years ago, the opening in London of the Radium Institute, as a public hospital free to the poor, merits attention as another mark in the progress of civilization.

The institute owes its origin to the initiative and the patronage of the late King Edward VII, and in a measure stands as a monument to commemorate his prompt sympathies with all the new movements of his time. But its essential worth lies in the part it is to play in advancing the science and the art of curing the thousand ills that flesh is heir to.

The new foundation is to treat disease without drugs, without surgery or faith-cure. All that can be done there for a while at least will be largely in the nature of experiment. It is said that of the thirty persons who applied on the opening day only a few were given treatment. Evidently the new remedy is not to be rashly ventured. However, a promise of big results in the future. The time may be not far distant when the new institute now so tentatively at work may be established among the foremost of the world-renowned hospitals of the great city.

The Progress of Man.

The whole progress of the human race has indeed been due to individual members discovering means of concentrating energy and of transforming one form into another. The carnivorous animals strike with their paws and crush with their teeth; the first man who aided his arm with a stick in striking a blow discovered how to concentrate his small supply of kinetic energy into the tip of a thin wire by the first man who used a spear found that its sharp point in motion represented a still more concentrated form.

Anti-Trust Legislation Program Not Liked on Wall Street

Wall St. Fears the "Big Stick" Stock Market Turns Weaker

Opening of President Taft's Campaign a Bearish Factor—Prices Strengthen at Close—Toronto Exchange Dull and Steady.

NEW YORK, Sept. 18.—Wall-street summed-to-day from one of its frolicsome attacks of nervousness over the specter of anti-trust legislation. The source of uneasiness on this occasion was President Taft's speech at Detroit in regard to the enforcement of the anti-trust law. Although this influence was felt strongly, there has been frequently the case when politics has been uppermost, it was sufficient to bring about a sharp reaction in the stock market. The handsome gains recorded on Saturday were crossed off the list in short order when trading was resumed to-day. Later in the session, however, the market became stronger. Losses were gradually recovered, and the close some stocks ruled slightly above Saturday's figures.

In spite of the morning's decline there were no important liquidations, and with the memory of Saturday's rally still fresh, bear traders were cautious. Business accordingly became dull. The declines were due to some extent to careful short selling, the bears circulating various reports of what the president would say in his speech. When the speech itself was available it was seen that the prospect which had alarmed some traders had not been borne out, and there was an improvement in sentiment.

The action of the market was disappointed by traders who had expected a continuation of the upward movement. It was felt in view of the enormous depreciation of market values of securities from the high prices of the year, and the absence of causes for alarm or fundamental conditions, stocks should appreciate to the extent that the president would say in his speech. When the speech itself was available it was seen that the prospect which had alarmed some traders had not been borne out, and there was an improvement in sentiment.

Two Banks Fail Across the Line

PHILADELPHIA, Sept. 18.—The Tradesmen's Trust Co. closed its doors this morning. The failure is not considered important, has capital of \$500,000 and surplus and undivided profits of \$250,000. Deposits are about \$1,600,000.

CINCINNATI, Sept. 18.—The Metropolitan Bank and Trust Co. closed its doors on orders from the state banking department, following an investigation by a bank inspector, who reported that some of the papers held by the institution were not up to requirements. Deposits of the bank were \$1,650,000 short of meeting its obligations. The bank was established in 1890.

ON WALL STREET.

Erickson Perkins & Co. (J. G. Beatty) wired: To-day's stock market was high, but irregular, without any definite trend. It was professional throughout without any public participation. Traders early sold stocks down on rumors of radical comments on trusts by the president in a western paper, when it appeared that he did not cover any new ground, they tried to buy back what they sold, and bid prices up on these changes. In general way stocks made up about all the early loss and showed a better tone in the late hour. We see no change in the character of the market. Would suggest sales on all sharp bulges and purchases only on breaks. Be content with quick turns.

SIMPSON Store Opens 8 a.m. Closes at 5.30 p.m. H. H. Fudger, Pres. J. Wood, Manager PROBS. Fairly fair, but some local thunderstorms, turning cooler at night. **SIMPSON**

A World-wide Collection of Merchandise Has Arrived at the Simpson Store

Joy For the Home Furnishers

Our Fourth Floor will be in gala attire to-morrow for an event of unusual importance.

The First Showing of New Floor Coverings and Curtains

Just run down this list and see what world-wide buying we have done to collect this magnificent stock. Besides, our orders were sufficiently large, too, in some getting the best prices—that's why you'll find the following prices just a little less than usually prevail on new merchandise of this class.

FROM NOTTINGHAM.

Nottingham Lace Curtains, which have deservedly won world fame for their excellency of weave, design and finish. Our fall showing covers the entire range of prices. At \$3.50 we show a particularly beautiful range of new patterns

FROM ST. GALL, SWITZERLAND.

Swiss and Point Venice Curtains, from \$3.50 to \$20.00. Perfect Curtains in exclusive designs and worthy of the highest use to which they can be put. We call your attention specially to our Point Venice selling at 12.00

FROM GLASGOW.

Curtain Madras and Fancy Nets, which in novelty of weave, designs and colorings surpass our past extensive showings. Most interesting are the numbers selling at 40

FROM MANCHESTER.

Sateens, Cretonnes and Chintz, in a display of colorings covering almost every conceivable combination, and at prices from, per yard .10 to 2.00

FROM PARIS.

Silk Brocades, Brocattelles, Tapestries and Shadow Taffetas, Marie Antoinette and Point Arab Curtains, in the very newest designs. The prices are as moderate as those on inferior goods.

RUGS FROM ELDERSLIE, SCOTLAND.

For Seamless Rugs, any size, any coloring, any shape. To secure the finest, the best, our buyer must go to Scotland. The prices are moderate; size 9 x 12 feet 33.00

INLAID LINOLEUMS FROM LONDON.

On the banks of the Thames, near old London, are made the best Inlaid Linoleums in the world. The tile patterns are unequalled. Per yard 1.00

CORK LINOLEUMS FROM KIRKCALDY.

From Scotland we bring our Fine Cork Linoleums, durable, serviceable, dependable. Per yard 37

CARPETS FROM KIDDERMINSTER.

The centre of the carpet world is Kidderminster. Carpets, Rugs and Mats, direct from headquarters; a fine example is a Wilton Rug, in reproduction of the Persian design and coloring at 47.50

PARQUETRY LINOLEUMS FROM BEKLIN

The inlaid parquet effects of the famous Rexdarker Linoleums from Berlin are unequalled the world over. The wood grain effects are absolutely perfect. Per square yard 1.25

SCOTCH WOOL RUGS FROM DARVEL, SCOTLAND.

For bedroom use with cretonnes, chintzes, etc., there is nothing so pretty or to wear so well as a Scotch Art Rug. Size 9 x 12 sells at 13.75

RUGS FROM INDIA.

Made in Northern India by the native tribes of the Himalayan border. We find some of the most beautiful Oriental carpets. We are making a special display this week.

Interesting Shopping To-day

Exhibition of Oriental Rugs, Anatolians, at 6.75
D. & A. Corsets, Less Than Half Price
Exclusive Tunics, Worth \$30.50, for 19.50
The Finest Cut Glass, Half Price
Men's \$10 Paramatta Coats for 7.00
\$3.50 and \$4.00 Women's Shoes for 1.75
The Initial View of the Paris Model Gowns.

FOR weeks past, westward-plying ships have been carrying across the Atlantic new Simpson merchandise, collected from a hundred points of Europe.

For weeks before that Simpson buyers had been in and out of every important market in the old land, bargaining for the attractions they'll show you to-morrow.

And now the goods have arrived, the cases are knocked down, the lids are off the boxes, and the new Simpson stocks are ready for you!

So come and make the grand shopping tour of Europe here to-morrow—no day's shopping in Europe will match it for interest and value.

The Best Furniture in the World

Despite the enterprise of our American cousins, the very best furniture in the world is still made in Great Britain. Those who saw our Fair exhibit saw examples of Scotland's and England's finest craftsmanship.

If you'd like to examine this excellent furniture more at your leisure, it is now displayed to good advantage on our Fifth Floor, along with some fine pieces from Italy.

FURNITURE FROM SCOTLAND.

Dining-room Suite, in solid mahogany, well made and beautifully finished in "Adams" style, details of which are carried out by the most expert workmen. Price 1500.00

Bedroom Suite, of ten pieces, in French grey enamel, handsomely decorated. This is without doubt one of the finest suites we have ever had on our floors. Price 1200.00

FURNITURE FROM ENGLAND.

Upholstered Arm Chair, deep and comfortable. Price 70.00

Settee, to match. Price 98.00

Solid Mahogany Chair, design is pure Chippendale. Price 100.00

FURNITURE FROM ITALY.

Drawing-room Suite, of three pieces, in mahogany; settee, arm chair and reception chair. Price 150.00

Unusual Values in Dinnerware

A most enticing display of Dinnerware is to be found in our new Basement. Such a selection as could only be got together by personal investigations in the great potteries of England, France and Germany. Combine this good choosing with to-morrow's prices and you have bargains that can scarcely be overlooked.

English Porcelain Dinner Set, splendid quality, artistic design with rich gold finish; complete for twelve people. Wednesday, special 7.99

97-piece Dinner Set, in a rich, full cream porcelain body, maple leaf border designs with dainty chain of roses. Wednesday, extra special 15.00

600 Decorated Fireproof Teapots, in olive green, terra cotta, etc., up to 75c. Wednesday 25

No Mail or Phone.

Royal Doulton Dinner Set, complete Tea and Dinner Service for 12 people. A masterpiece in design, artistic beauty and sterling worth at a popular price. Wednesday, special 21.25

Carlsbad China Dinner Set, 97 pieces, translucent white ware with rich glaze, heavy gold band design. Wednesday 25.00

Theo Haviland Dinner Set, 102 pieces of this famous Potter's Limoges China, dainty apple blossom design; all pieces gold stippled. Wednesday 47.50

Birmingham Jewelry

Birmingham is the birth place of the best of the lower-priced jewelry. Priced at less than one dollar, the results obtained seem almost incredible, and are only due to the excellent workmanship put into the article by the Birmingham workmen.

300 pairs Cuff Links, gold filled, Roman finished, burnished edges, 25c three-letter monogram engraved free. Each pair in a velvet box. Wednesday 69

9 Karat Bar Pins, pearl leaf design with amethyst. Wednesday 98

Neck Chains, 16 inches, curb pattern, gold filled. Wednesday 49

Three Lots of Matting Suit Cases

will be cleared from our Top Floor to-morrow at such prices as make it compulsory for us to say "no dealers supplied." There are just three hundred of them, and, as any dealer in Toronto knows, there's a quick sale for them at regular prices. But we cannot stock them at present, and we therefore offer them to you at the following close prices:

Lot 1—Regular price \$4.25. Wednesday's price 2.95

Lot 2—Regular price \$2.55. Wednesday's price 1.95

Lot 3—Regular price \$2.25. Wednesday's price 1.65

For the Thrifty Housekeeper

Good housekeepers know that the best table linens come from Belfast, that Scotland makes some rare good linen towels, and that French flannel is the kind to buy, if the price is not too high. In this list, some may think the prices are too low—too low to represent reliable goods—but come to-morrow and let us show you the facts; then you'll change your mind.

Satin Damask Table Cloths, imported from Ireland, new designs and heavy borders, 72 x 90. Wednesday 2.95

Scotch Linen Towels, best hemmed, Huckaback pure linen. We bought them a bargain, so can you; 19 x 38. Three pairs for 1.00

French Flannels for blouses, kimono, lounging robes, etc., per yard 2.50

Manchester Longcloths, 1 yard wide, a delightful nightgown longcloth, per yard .10

Bolton Quilts, beautiful white satin quilts for large double beds. Wednesday 1.09

Venetian Lace Pieces from Plauen, 21 x 21, pure linen centres. Wednesday 1.50

White Double-bed Blankets, cleaned and unshrinkable, 66 x 82. Regular \$3.65 a pair. Wednesday 2.95

Saxony Wool Blankets, the best, 70 x 86. Wednesday, a pair 4.82

A Navy Blue English Worsted Suit is

The most serviceable suit for all seasons. The standard suit for Machinist, Motor Man or Millionaire.

The suit in which you look best.

The suit for Sunday or week day.

The suit which you very rarely get below regular price.

The "Bread and Cheese" of the clothing trade, and yet at 8 o'clock on Wednesday you take your pick of 350 suits up to \$13.50, for 8.90

The maker of this celebrated worsted refused to supply it at the price claimed by the clothing manufacturer. They had not enough on hand to divide the samples among their twenty travellers, so our buyer got the lot, and you get the unexpected and unusual chance of a perfectly staple regulation suit at a bargain price.

350 Men's Navy Blue English Worsted Suits. Regular \$10.50, \$12.00 and \$13.50. On sale Wednesday at 8.90

The material in these suits is an 18 to 19-ounce English clay worsted, in a rich navy blue shade, fast color; they are made up on the single and double-breasted models, with a fine twill mohair lining, splendidly tailored, in sizes 34 to 44. On sale Wednesday at 8.90

Leicester Underwear For Men

The best Underwear is made at Leicester, and here are examples from the home of the industry. It is dependable.

"Wolsey," medium weight, for present wear, \$2.00 per garment; winter weight, double-breasted, spliced knees and elbows, \$2.50; extra heavy, three-ply wool, \$3.00 per garment.

"Strachan" Heavy Weight Winter Shirts and Drawers, double breasts, unshrinkable. Regular \$1.50. Wednesday 1.25

A Sale of "Wolsey" Combinations takes place on Wednesday, finest unshrinkable wool; sizes 34 to 46. Regular \$4.00 and \$4.50. Wednesday 3.49

Boys' Clothes

We specialize in boys' clothes of the finest imported materials.

A Two-piece Suit, with bloomer pants, dark tan, excellent tailoring and trimming; this is one of the smartest two-piece suits of the season. Sizes 27 to 30, \$4.25; 31 to 34 4.75

A Lightweight Overcoat, double-breasted style, English tweed; a smart coat with a long lapel and velvet collar. Ages 2 to 7. Wednesday 4.50

A Suit for a Small Boy, 2 to 6, in smart Russian style, Scotch tweed, in a dark brown effect 4.75

Men's Imported Hats

Stiff Hats, new fall styles, fine English fur felt, and splendidly trimmed brown and black. Regular \$2.00 hats. Wednesday 89

Christy's Celebrated Featherweight English Make Derby Hats, correct shapes for 1911 and 1912, complete range; can suit the most particular tastes. Extra good values at 2.00 and 2.50

Imported Caps, latest English tweeds, extra well finished. Wednesday 1.00

The Robert **SIMPSON** Company Limited
