## FIREMAN KILLED WHILE CLEANING WINDOW

Cecil Kribs Leaned Too Far Out of His Engine Cab and Was Not Looking Ahead, With the Result That His Skull Was Fractured Against a Box Car.

An attempt on the part of Cecil J. Kribs, a fireman on the G.T.R., to clean the windows of the engine cab while the train was running, resulted in the young man meeting instant death at the foot of Abell street, near King street subway, about 8:30 Sunday morning. Kribs, who had just passed his 22nd year, was reaching out of the window to clean some glass in the forward part of the cab. He failed to notice his danger until too late and his head struck the corner of a box car shunted on the Abell siding.

## Rawdon Township Farmer Driven Mad by Jealousy Wounds Wife, Kills Self

Edward Wellman Shot Young Wife While Lying in Bed, Inflicting Injuries Which Are Almost Certainly Fatal—Tying String to Trigger of Shotgun, He Used Foot to Discharge Weapon, Meeting Instant Death.

MARMORA, Dec. 15.—(Special.)—Driven desperate, supposedly by jealousy, Edward D. Wellman, aged 38, a farmer of Rawdon Township, Hastings County, probably fatally wounded his wife and then killed himself with a shotgun late Saturday afternoon. The scene of the shooting is a few miles south of the village.

Mrs. Wellman, who was about 20 years the junior of her husband, was lying ill in bed, and her mother, who had been nursing her, was in the barn when the tragedy was enacted.

Wellman had during the day borrowed a shotgun from a neighbor on the pretext that he wished to shoot weasels. At 4:30 p.m. he went into the bedroom where his wife lay and deliberately shot her in the back of the head. The shots destroyed one of her eyes, tore away a portion of the roof of the mouth, and broke several of her teeth. Her injuries are such that there are but slight hopes, if any, for her recovery.

**WELLMAN'S DEATH INSTANTANEOUS.**  
Believing he had killed his wife, Wellman went upstairs, reloaded the gun, and after tying a string to the trigger fastened the string around his foot. He then placed the gun beneath his chin and pulled the trigger, with the result that his head was partly blown off. Death was instantaneous.

## LAMP EXPLODED IN WOMAN'S HANDS

Mrs. Bridget Hackett Cannot Recover From Burns Caused When a Lamp Exploded in Her Hands—Son Found His Mother in the Basement Enveloped in Flames.

When the lamp which she was lighting exploded in her hands on Saturday night, Mrs. Bridget Hackett, aged 50 years, 99 Essex avenue, was so seriously burned that not much hope is entertained for her recovery. How the accident occurred is not known.

Mrs. Hackett is still in an unconscious condition at Grace Hospital, and so far the authorities have been unable to discover the reason for her lighting the lamp.

Her son, Vincent, states that he was upstairs about 8:15, when he heard the noise of an explosion. He ran to the basement, which was in total darkness, and found his mother enveloped in flames. With the assistance of Albert Headley, 101 Essex avenue, he succeeded in extinguishing the fire.

## HUNDREDS VIEW REMAINS OF MRS. LOVE

Murdered Woman's Casket Was Opened to Public Gaze Before Interment in Ceylon Cemetery Yesterday—High Tributes Paid by Minister and Village Friends.

(By Staff Reporter.)  
FLESHBORN, Dec. 15.—(Special.)—The casket containing the remains of the late Mrs. Henry Love, whose husband is now in custody charged with her murder, was opened at the grave before interment in the village cemetery at Ceylon today in order that the large concourse of people who had gathered to pay tribute might have a final look at the face once familiar to the majority of them. It was intended to do this in the Orange Hall, where the funeral service took place, but owing to the large number who had assembled it was considered unwise to tax the strength of the floor of the small hall beyond its ordinary capacity.

**An Impressive Ceremony.**  
At the graveside the crowd, forming single file, passed slowly by the remains, each man, woman and child passing with uncovered or bowed head. The ceremony throughout was most impressive. Many who were intimate with the dead woman and felt strongly the horrible circumstances surrounding her death, wept bitterly when they viewed the remains. Arnold Love, the fourteen-year-old son, was visibly affected, crying and sobbing during the entire service.

## American Ambassador Reid Dies Suddenly at London Deeply Mourned by Royalty

Veteran Diplomat, Noted for Brilliant Achievements, Failed to Rally From Attack of Asthma—Members of Royal Family Send Messages of Sympathy—Impressive Memorial Services Will be Held.

LONDON, Dec. 15.—(Can. Press.)—Whiteley Reid, the American ambassador to Great Britain since 1905, died at his London residence, Dorchester House, shortly after noon today from pulmonary oedema. The end was quite peaceful. Mrs. Reid and their daughter, Mrs. John Hubert Ward, were at the bedside.

## BAY-WELLINGTON CORNER IS SOLD

## BRITISH PEOPLE APPROVE SCHEME

Sir James Whitney Says Borden's Naval Policy Was Well Received in England.

After an exceedingly rough voyage, Sir James Whitney, and Hon. Dr. Fryer arrived in Toronto yesterday from England, where they have spent the past month, and where they had an opportunity of observing the spirit in which Premier Borden's naval policy was received.

## KEY TO NORTH TORONTO HANDED TO MAYOR HOCKEN

"Feast of the Passover" in the Old Town Hall Saturday Night Marked Annexation of the Town—Mayor Hocken Declares Tubes Will Soon Provide Rapid Transit.

There is no longer a North Toronto. With the striking of Big Ben and the shrieking of the whistles on the town's old pumping station at midnight Saturday the ambitious municipality bordering on the city dissolved its identity and became the north end of Toronto.

## May Change B.N.A. Act in Eastern Canada's Interest

Government Not Worried Over Increased Representation for Western Provinces, But Fears to Reduce Number of M.P.'s in East—Ontario is Losing Ground.

OTTAWA, Dec. 15.—(Special.)—On March 8, 1911, the opposition suggested to Sir Wilfrid Laurier that he should take the decennial census in April instead of June, redistribute immediately and then go to the country on the reciprocity issue. On December 12, 1912, the opposition suggested to Right Hon. R. L. Borden that he should redistribute at once and go to the country on the naval issue.

### PRIZE WINNERS FOR GOOD GRAIN

#### Two Muskoka Boys Carried Off First Honors for Wheat and Oats.

The results of the field crop competitions at the provincial winter fair show that prize grain can be grown in the northern districts of Ontario. In the boys' and girls' competition, Herman L. Goltz, a boy exhibitor, 15 years old, living at Badville, Muskoka, won first prize for wheat which he grew at his home, while his younger brother won first prize for oats.

In the field crop competition the judges make a tour of the province in the summer, when they view the grain of the contestants while it is standing and decide which of them are eligible to exhibit at the winter fair. The winners at this year's fair are as follows:

Lambton County special for best stallion—Crawford and McLachlan, Theodora.

York County special, best three-year-old filly—Samuel Johnston, Harcourt, "Mossie Rose."

Field Crop Competition.

Oats—1, W. G. Rennie, Elmsmere; 2, Foster Bros., Chateaufort; 3, R. M. Mortimer and Son, Honeywood.

Fall wheat—1, Geo. R. Barrie, Galt; 2, Alex. Hall, Ayr; 3, Jas. Bell, Eldon Mills; 4, Wm. Johnson, Galt; 5, J. Thos. Simpson, Sarkis.

Spring wheat—1, P. W. Boynton and Son, Dollar; 2, R. Frisby, Victoria Square; 3, Jas. A. Rennie, Milliken.

Barley—1, Alex. Morrison, Smithdale; 2, Foster Bros., Minesing; 3, Alex. Doner, Stuymer; 4, Geo. Simpson, Onondaga; 5, Fred E. Wickham, Walter's Falls.

### SENATE LEANING TO ARBITRATION

#### But Uncertainty Exists as to Whether Two-Thirds Vote is Necessary in Panama Dispute.

WASHINGTON, Dec. 14.—(Can. Press.)—Whether a majority of two-thirds of the U. S. senate would be necessary to order the Panama Canal dispute with Great Britain submitted to The Hague court of arbitration for adjustment has become a matter of study among members of the senate since the receipt of the British full protest against the tolls provision in the recent canal act, exempting American coastwise shipping. It is the opinion of many senators who were originally opposed to granting American coastwise shipping free passage, that if the subject finally reaches the senate only a majority of the votes of that body will be held to be necessary for the adoption of an agreement for arbitration.

So far as could be learned today no plans are under way for an attempt to repeal the tolls exemption provision to which Great Britain has directed its chief protests. Although that course was recommended by Secretary of War Stimson in his annual report, senators who were strongly identified with the fight against exemption last August stated today that they knew of no contemplated bill or amendment to repeal that portion of the law.

A strong sentiment exists in the senate in favor of a final submission to arbitration of the respective rights of Great Britain and the U. S. at the canal. Leading senators who endorsed this sentiment, however, expressed the belief today that it would be impossible to secure even a majority of the senate in support of an arbitration agreement if the president should finally submit such an agreement for approval. The passage of a bill repealing the tolls exemption provision of the law also would be practically impossible, it is stated.

The arbitration treaty with Great Britain, ratified in 1903, provides that disputes between the two countries shall be submitted to arbitration through an agreement made by the president with the advice and consent of the senate. While treaties specifically require a two-thirds vote for ratification, many senators believe an agreement under an existing treaty might be held to require only a majority vote.

Should diplomatic negotiations with Great Britain fail to settle the disputed questions it is believed that they nevertheless will delay matters so that an arbitration arrangement could not come up for final consideration in the senate until after the Democratic administration has come into power.

### ANGLO-SAXONS ARE BEREAVED

#### King George and President Taft Exchange Condolences on the Death of White-law Reid.

WASHINGTON, Dec. 15.—(Can. Press.)—News of the death in London today of Ambassador Reid came as a shock to official Washington, for it had not been generally realized that Mr. Reid's illness was of a serious nature.

President Taft paid an unusual tribute to the late ambassador, and expressed his grief in a cable reply to a message of sorrow from King George of Great Britain, which reached the White House early today. The president also sent his sympathy to Mrs. Reid. Through his own personality, Mr. Reid, the president said, had drawn American and British together in close friendship.

The King's message said: "It is with the deepest sorrow that I have to inform you of the death of Mr. White-law Reid, at noon today. As your ambassador in this country his loss will be sorely deplored, while personally I shall mourn for an old friend of many years standing, for whom I had the greatest regard and affection."

Queen and sympathies most warmly with Mrs. White-law Reid in her heavy sorrow.

"Your majesty's sad news of the death of Mr. White-law Reid," replied the president, "has just reached me. Mr. Reid's death is a loss to both countries and his personality and his intimate knowledge of both countries, his profound respect and love for England, entirely consistent with the highest loyalty on his part to his country, gave him peculiar influence for good in his great station. I sincerely thank your majesty for your message and its expressions of sympathy and respect."

### Contest Open Until 6 p. m. Dec. 31st.

#### "DON'TS" FOR Proverb Contestants

Contestants may submit FIVE (5) ANSWERS to every Proverb if they so desire, or a total of 375 answers in a complete set.

Where contestants submit two or more answers to a picture, if the correct answer is included incorrect answers will not count against the contestant.

Don't write more than one complete proverb upon a single coupon blank.

Extra coupons must be used for extra answers.

Don't change the numbers upon the printed coupons.

Answers may be written with pen and ink, lead pencil or typewriter, or in any manner to suit the contestant's fancy.

Don't erase your writing, as it will look very bad.

Write your proverbs plainly and uniformly.

When a set of answers is securely fastened together, contestants need only write their full name and address upon the first and last six coupons, abbreviating their name and address upon the remainder.

Where a set of answers is not securely fastened together the full name and address must be written upon every coupon.

Don't roll your set of answers. Keep them flat and straight, and see that they are mailed that way.

The contest will remain open for fifteen days, or until 6 p. m. December 31st, in order to give everyone ample time to secure additional coupons, fill out their answers and deposit or mail them without hurry.

All answers must be deposited at The World Office or in the mails on or before midnight, December 31st.

#### Final Instructions TO Proverb Contestants

A complete set of answers must contain at least one answer to each of the seventy-five proverbs.

Contestants may submit five answers to each proverb picture, or a total of 375, in a complete set.

Incorrect answers will not count against a contestant if the correct answer is included among any five submitted to any picture.

Proverbs of the same meaning, but slightly different in wording, may be incorporated in one sentence and written as a single proverb upon one coupon, as for example: "Time and tide (wait) tarry for no man."

On (Let us) make hay while the sun shines." This only applies to proverbs of the same meaning.

All sets of answers must be deposited at The Toronto World Office before midnight, Tuesday, December 31st, or bear postmark of mailing of not later than that date and hour.

After a set of answers is deposited or received by the Contest Department of The World, the package cannot be withdrawn for any purpose.

See that your package is carefully marked "Proverb Contest" and "Answers," and plainly addressed to the Proverb Contest Department, The Toronto World, Toronto, Canada.

Where answers are mailed, contestants should be careful to see that the postage is fully prepaid at the first-class rate of postage, one cent per ounce, or fraction thereof, inside Toronto, and two cents per ounce or fraction thereof outside of Toronto.

Every contestant is cautioned to keep an exact duplicate copy of the answers contained in their set of solutions.

Extra back pictures and coupons will remain on sale at the Contest Department of The World until 6 p. m. December 31st.

#### SEA LORDS MAY DESIGN IN BODY

#### Rumors Active in England Since Friction Became Manifest—Churchill Centre of Attention

LONDON, Dec. 14.—(Can. Press.)—When Winston Spencer Churchill took control of the admiralty as first lord there was much speculation as to how a minister of his enterprising and pugnacious temperament would work with the sea lords, who have been accustomed to dominate in professional matters.

The resignation of the first sea lord, Vice-Admiral Sir Francis Bridgeman, when Prince Louis of Battenberg succeeds, is followed by rumors that all the sea lords have threatened to resign now.

The question of veracity between the first lord of the admiralty and Vice-Admiral Bridgeman which has arisen, has created a sensation. Mr. Churchill, pressed by Lord Charles Bessborough in the house of commons, for an explanation, declared that Vice-Admiral Bridgeman's retirement was due solely to his health and on Mr. Churchill's request.

The vice-admiral, asked by a reporter if he had retired on account of his health, replied, "My answer is in the negative."

**Squabble Over Details.**

The friction is believed to have begun by Mr. Churchill insisting upon directing the details of the last manoeuvres against the advice of the sea lords.

There is considerable opposition to Prince Louis of Battenberg holding the highest position in the navy, on the same grounds that the army long opposed the Duke of Cambridge having the highest command, namely, that it was given to him because he was a member of the royal family, instead of for professional competency.

The first lord of the admiralty and the leading admirals unquestionably are antagonistic. Some Liberals even express fear that the efficacy of the navy may be jeopardized on this account.

NOBLEMEN CIGARS

Out of Touch With Modern Thought

"Entirely out of touch with modern thought, suspicious of novelty in any shape, and immensely proud of their prejudices," is the language in which MR. A. PONSBY, an English M.P. and author, describes a large but dwindling class of society.

DAVIS "NOBLEMEN" CIGAR (2 for 25c)

is old-fashioned, hide bound, and out of touch with modern ideas. The "NOBLEMEN" Cigar is full of quality. In the matter of quality "NOBLEMEN" is the same as imported, but in the matter of price

"NOBLEMEN" SAVES YOU FIFTY PER CENT.

"NOBLEMEN" also, 2-for-a-quarter. "PERFECTION" also, 10c straight. "PERFECTION" 2-for-a-quarter Cigar.

World Wins the Odd Finn Runner Wins In Utility League Shrubbs Drops Out

Defeating Acton Company After Dropping First Game—The Apple League Schedule.

In the Utilities League, of the Toronto Bowling Club Saturday, the World won two out of three games from Acton Pub. Co., the latter annexing the first game by a 2-1 pin, due to the great pitching of Danny Geary, who struck in a 3rd cut, while the World evened up in the second game, which they bagged by 88 pins; and, rolling in their best form, put the last game in cold storage, with 889, the biggest count of the night. Geary, as before stated, with his big first game, was easily high roller, with 567, while Billy Bear, for the World, was the next best counter, with 530. Harry Williams, the star expert, also rolled. TRAIN HIT CAR THREE KILLED

Two Children and a Woman Were Victims of Level Crossing Accident. PERTH AMBOY, N.J., Dec. 14.—(Can. Press.)—Three persons were killed and eight injured, several probably mortally, when an express train known as the Atlantic City Flyer on the New Jersey Central Railroad ran into an automobile stage at a grade crossing between Roosevelt and this city today. The automobile, a closed machine resembling a trolley car, contained 13 persons. There is no gate at the crossing. The train, running at an estimated speed of 60 miles an hour, hurled the stage and its occupants a distance of 30 feet. The dead: Mary Thornton, 11 years of age; Daniel Thornton Jr., eight years old; an unidentified woman. The children were killed instantly. Their bodies were found in the wreckage. The woman died shortly after the accident.

Industrial Toll Growing Greater

In November 114 Workmen Were Killed and 359 Hurt—Little Labor Unrest. OTTAWA, Dec. 15.—(Can. Press.)—The general industrial situation showed a marked improvement from the standpoint of labor unrest during the month of November, 1912, both as compared with the preceding month and with the corresponding month in 1911. According to the record of strikes and lockouts, maintained in the department of labor, the number of working days lost from this cause during November was approximately 68,200, compared with 98,000 during the preceding month, and 140,000 during the corresponding month of 1911. According to the record of industrial accidents maintained by the department of labor, 114 workmen were killed and 359 injured during the month of November. Compared with the record for October, which was 105 killed and 415 injured, there were nine more killed and 47 fewer injured during November. The greatest number of fatal accidents occurred in steam railway service, navigation, and the building trades, the figures for which were 23, 24 and 14 respectively. The largest number of non-fatal accidents occurred also in the steam railway service, the record being 125, followed by the metal trades with 79, and by the building trades with 33.

St. Michaels O.H.A. Team Wallop New Edinburgh 11-0

New Edinburgh Whitewashed By St. Mikes .H.A. Boys

Ottawa Aggregation Never Had a Chance—Lafamme and His Crew Were Merciless and Piled Up the Score—Gerrard and Burnett Show Speed.

Well, Old King Hockey went off to a flying start Saturday night, when St. Mikes trimmed the New Edinburgh team to the tune of 11 to 0. The local boys whitewashed the eastern aggregation and beat them to a standstill in a game that was the season's first and the opening hockey match at the arena.

It was a howling success, especially from the noise end of the game, and the crowd, which numbered about 200, went into raptures over the course of events. Everyone lauded the rink to the skies and certified that it was nearly perfect and an exceptionally good one to play hockey in. The ice is visible from every angle, and there is no necessity of craning your neck or standing on tiptoe to look over an obstacle, as has been prevalent in years gone by. The lighting was perfect and the players were easily distinguished. There was lots of room, although the rink was a fair-sized one for an arena that was no championship.

Also it was only an exhibition, still the public awaits the decision with considerable anxiety, and were very much pleased with the way the game was played. New Edinburgh are champions of the Interprovincial Union, and came here to defend their title against the east. St. Michaels are not champions yet, but look like coping with the season closes. The Interprovincial Union, O. H. A., and were prepared to put up a grand battle, which they did. Their lineup consisted of practically all the stars of the champion Eaton team and a scattering of other celebrities around town, who will go.

Disillusionment. For years we have been told that eastern amateurs are better players than those in the O.H.A. In fact, Ottawa sneered at us and took many a fall out of our traveling teams. The Interprovincial Union has always been considered the best amateur league in the east, and included the cream of the players. Having been told this for years, and having had it repeated in our ears, it is no wonder that we were at last inclined to believe it; and so, when New Edinburgh came, and the local boys were offered odds of all kinds, even going so far as to wager that New Edinburgh would win by five goals, or double the score.

The easterners' supporters were not far wrong in placing such confidence in their team, for they were a husky-looking bunch, good at everything they tried, and showed all kinds of speed. Horace Merrill was the only absentee of note.

Ottawa brought down thirteen players, with Ratus Ryan as manager. Although all proclaimed themselves amateur players, they are pondering deeply on that question now. They left Ottawa on Friday, the 13th, with 12 players, at 11:30 a.m. to 11, and in car No. 743. If that was not some bodacious combination to overcome, it would be hard to add anything, unless there were thirteen cars in the train. It looks as if the hoodoo worked with a vengeance.

E. Gerrard the Pick. They had many stars, however, with E. Gerrard as the pick of the lot, and he demonstrated that he was a first-class player. He was well founded. Many times he took the puck and did his way to the goal mouth, and only the brilliant work of Bricker and Murphy stopped him from scoring. Slack, in goal, tried every kind of effort to stop the downpour of shots that were rained on him, and he worked like a Trojan, and he was the applause that he received for his sensational work. He took chances that the goalkeepers and his own teammates were habit of taking, but he was helpless in weathering the storm, as the blue shirts came back quicker than he could get away and slipped thru for another. Atkinson, Burnett, Davidson and Duford also put up sterling performances, but Frank Dissette's boys were not to be denied, and that ended the tale.

was never rough and the trips were accidental. The band is a good idea; it fills in the spaces and keeps the boob who gets impatient quiet and he forgets to shout out "Hurry up." "Come on, you're not hurt and you're not doing things. Leader Stokes plays appropriate tunes also.

The Teams. St. Mikes (11): Goal, Thompson; point, Murphy; cover, Dissette; rover, Rankin; left wing, Lafamme; left wing, Gordon; right wing, Hunter. New Edinburgh (9): Goal, Slack; point, Atkinson; cover, Burnett; rover, Lowrey; centre, Davidson; left wing, Gerrard; right wing, Duford. Officials: Jack Ryan of Ottawa and W. A. Hewitt, Toronto.

First Half. The first half of the game was played under eastern rules, with Jack Ryan as referee and W. A. Hewitt as judge of play. The second half was played under O.H.A. rules with W. A. Hewitt as referee. The main difference in the two sets of rules is that you cannot skate a man out of an eastern rink. The game, New Edinburgh were out on the ice first and scored a hearty ovation, but it was nothing to the ovation that was given the Blue shirts when they appeared. The winning shot was made by Rankin, who was wearing the blue shirt, to the great delight of the crowd.

Play was exceedingly fast right from the start, with St. Mikes pressing hard and shot after shot was rained upon Slack, but he cleared nicely. Thompson saved a bird of a shot when Duford and Gordon, on a combined rush, were able to handle. Gordon journeyed to the side for a stay of two minutes when he tripped over Burnett, a half minute later Burnett received the same for upsetting Rankin in the same way. Burnett was sent to the bench, after some maneuvering, passed to Rankin, who dropped the second goal. The game was over in 20 minutes, a rubber in a goal mouth mix-up and slashing it thru.

Play continued to be very strenuous and both teams were working hard, but St. Mikes were easily the best skaters and so the tactics. Everyone was taking shots and the game was kept open in every way possible. Gerrard was sent to the bench for tripping Dissette and Rankin accompanied him soon afterwards for slugging. Two minutes later Gordon took a second trip to the boards for tripping. The game was delayed for three minutes when the puck came thru and Rankin took a shot and scored the fourth goal. Rankin was applauded for his shot. Thompson received generous applause when he stopped the puck before he could cover it. Murphy got away and shot from the side, but Slack blocked and Rankin knocked it to before he could recover it. Murphy got away several times with the puck, when Ottawa looked to be in possession, but he was stopped by Duford, and Lowrey had the whole team on needles when they were out on the ice. Play ended at half time with the score standing 5-1 in favor of St. Mikes.

Second Half. Bricker replaced Thompson in goal and Jack Brown replaced Hunter. Lowrey was put off for cheapening Dissette, who had to be carried off, amidst loud clapping. Jerry Lafamme rushed thru the goal, and scored in scoring when Slack came out in a desperate attempt to stop him. Lafamme took a bad tumble and had to be carried off, amidst loud clapping by the spectators. He returned to the ice after the game had been delayed 5 minutes. Hunter went off for throwing Munroe against the boards. Rankin inspected the puck from Davidson, rushed to the goal, but Slack stopped it over his head, but Frank slipped the puck before his feet when he again took a pass 20 feet out and netted another goal, things by timely rushing. Bricker stopped a clear shot from Lowrey, who was only a few feet from the goal. Rankin was sure goal. Rankin was hurt when he received a slap on the head, but he returned to the ice in two minutes. Jack Brown rushed up to the boards, took the pass and forced a clear shot into the goal. Rankin was hit on the head by a light hand player. Northern was carried thru the season with the Superstar. He is a left hand hitter and good all round player. He will be played in right field in Meyer's place.

The Toronto Ball Club on Saturday completed its list of joining dates from the time of joining Manager Joe Kelley in Baltimore, March 15, to the opening of the International League season at Newark, April 18. President McCaffery announced that he had secured outfielder Northern from Brooklyn in the Meyer deal, leaving two still due, including a right hand pitcher. Northern was carried thru the season with the Superstar. He is a left hand hitter and good all round player. He will be played in right field in Meyer's place.

All Palois has begun training at Los Angeles for his New Year's battle with Luther McCarthy. McCarthy received a request from Tommy Burns to go to Vancouver and there box the former heavyweight champion three rounds Dec. 21. McCarthy refused, saying he was going to renew training on that date for the Palmer fight. Representatives of various Japanese horse-owners are now visiting different centres, at which racers are located in the United States on the hunt for suitable material to be used for racing and sport on breeding in their own land. The latter was legislated against in this country several years ago, but is about to be restored, and hence the demand for horses. Directors of the Panama-Pacific International Exposition, which is to be held at San Francisco in 1915 in conjunction with the opening of the Panama Canal, have decided to construct a race course on the grounds of the exposition, which will have an attraction both for trotting and running races. The directors are convinced that a step would be to do much to bring about improvement in the horse needed for army use. The plan was made by M. M. Robinson, part-owner of the Hamilton Canadian League Club, to dispose of his stock to Messrs. Knott and Burns, has not yet proved successful, the other two part-owners having failed to come to an agreement with him by the first of December. Robinson wanted to dispose of his third interest in the club or purchase the other two-thirds, either dropping out of the club altogether or taking full command.

G.T.P. AGREES TO ARBITRATE BOLD MARAUDER UNDER ARREST

Concession Made to Striking Machinists Looked on as Triumph for Conciliation Policy. Cyril Smith, Alias Ernest Barnaby, Charged With Robbing Many Houses in Rosedale.

OTTAWA, Dec. 15.—(Can. Press.)—Details have been received at Ottawa of the terms of settlement arrived at by the striking western machinists of the Grand Trunk Pacific and President E. J. Chamberlain at the meeting held in Montreal on Friday last and which will now clear the way for the opening of the Transcona shops. The company agrees to reinstate all strikers who apply for positions again within 30 days. For the present the existing rate of pay and rules will prevail. This is now 45 cents per hour for Rivers and east of Rivers, and 47 1/2 cents an hour west of Rivers. The company agrees that next spring if the men so desire the western management will meet a committee of the men and decide upon a new agreement and a new schedule, and failing to arrive at terms, the difference will be submitted to a conciliation board appointed under the Industrial Disputes Act. The company agrees to accept the decision of the board provided the men are willing. Ottawa regards the agreement whereby any dispute next spring will be submitted to a conciliation board as the most important phase of the settlement. It is a triumph for the principle of conciliation and is an assurance that there will be no repetition of the present long drawn-out strike.

The Central Y.M.C.A. Rugby Club have decided to organize a basketball team. The initial workout will be held tonight at 8.30 on the gym floor.

The Boston A.A. hockey team defeated the St. Nicholas Hockey Club of New York, 3 to 2 in a fast game at the arena Saturday night. The score stood 2 to 2 at the end of the regular time, and an extra period had to be played.

Jim Thorpe may include drop kicking as one of his best performances, but he did not show it in the game at Varsity Stadium, where the big Indian essayed half a dozen times in vain to toe the ball over the bar at the north end in the last quarter.

Gloves Will Be on Your Gift List?

Gloves seem to be firmly established in popular favor as suitable holiday gifts, and for this reason we've given considerable thought to arranging a more satisfactory and acceptable gift than merely a pair of gloves. A special gift box has been arranged, containing one pair of long fine French Kid Gloves, in 16-button length, and two pairs of short ones—one of slightly better quality, for more important occasions. This makes a gift which hardly can be improved upon, and the price of the complete set.....5.00

Hamilton Alerts Satisfied Will Join Quebec Rugby Union

Canadian Champions Are Dropped by O. R. F. U. at Annual Meeting—Those Who Were Present.

HAMILTON, Dec. 14.—It's real welcome news from Montreal to the effect that with the Alerts expelled from the O. R. F. U. at its annual meeting in Toronto today, they will be asked to join the Quebec Union, which is about to be revived. It has been stated all along that the expulsion of the Alerts would mean the organization of another union and it looks as if the O.R.F.U. cut off its nose to spite its face. The Alerts have nothing to lose, but the Ontario Union has, for without the Alerts, it would have a very poor series. Let it do as it pleases; the Alerts are not worrying.

HUNDREDS VIEW BODY OF MRS. LOVE

Continued From Page 1. cemetery was one of the longest ever seen in this district. In addition to several hundred people on foot there were 110 vehicles, which, owing to the condition of the roads, were divided between cutters and buggies. They came from as far as Oakville on the south, Berkeley on the north, Singham on the east and Durham on the west. Today being Sunday the people of the village have had more time for a discussion of the murder, and opinion is revived that Gibson Collinson is holding back information bearing on the tragedy which he will not reveal until the inquest tomorrow.

Net a Christian. Miss Muir, a dressmaker, has stated that when sewing with Mrs. Love some time before her death, they had talked freely on the subject of Christianity. Mrs. Love in the course of their talk had said she was sincerely sorry her husband was not a Christian, but she was nevertheless a good husband to her. The very high respect which the people of Ceylon bore toward Mrs. Love was strikingly evidenced today by the monster turnout that marked the funeral proceedings. Among the floral tributes on the case were one from the people of Ceylon, raised by subscription, and one from Mrs. Love's Sunday school class. The flag on the public school was at halfmast all day.

### Checker Tourney For Championship

Canadian Association Makes Arrangements for Competition the Holiday Week.

The executive committee of the Dominion Checker Association met Saturday afternoon at the Toronto rooms, King and Jarvis streets, and completed arrangements for the games for the championship of Canada during the holidays. It was decided to begin play Dec. 23, and it is expected the competition will run five or six days. All players to be eligible must have resided at least one year in the Dominion and must otherwise conform to the rules. The prize money of \$200 will be divided as follows: First, \$150; second, \$75; third, \$50, and fourth, \$25. A strong committee was named, that will ensure a well-conducted tournament. They are: Judge McGibbon, Brampton, M. C. Teetzel, Chatham; C. Flickering, Baltimore, Ont.; A. Vernon, Hamilton, and Messrs. Loudon, Shand, Dixon, Irwin, New and Asher of Toronto. The secretary is Frank Woolcott, 170 Hunter street W., Hamilton. Information may be secured from him or at the Toronto Checker clubrooms, King and Jarvis streets.

### Baseball Players Want Protection from Rowdies

NEW YORK, Dec. 14.—In an effort for suppression of rowdism on major league baseball fields, David L. Fultz, president of the Baseball Players' Fraternity, has sent a letter to the National Commission, he announced tonight. The letter was suggested by conditions developed at the time of the strike of the Detroit ball players last summer, which took place after Cobb and the Tigers was suspended for attacking a spectator in American League Park, in this city. The letter suggests to the commission suitable signs to be posted in all ball parks warning the public not to address abusive language to the players. It also asks for better policing of the parks by officers under the instructions of the umpires. Fultz also favors vesting the umpires with more authority, and holding them responsible, as far as will be practicable, for the acts of all persons within major league parks.

### Rutt and Folger Win Bicycle Grind

Six-Day Event Decided by Sprint Race — Teams Finish Seventy-five Miles Behind the Record.

NEW YORK, Dec. 14.—Folger and Rutt, the German-American team, won the six-day bicycle race at Madison Square Garden tonight. Walter Rutt took the honors for his team in the mile sprint, which decided the race. The Redell-Milton team, represented in the sprint by Redell, was second, and the Clark-Hill team, with Jackie Clark doing the riding, finished third.

The Root-Hehr team, the Drobach-Colins team and the Grenda-Pye team finished fourth, fifth and sixth, respectively. Root, Drobach and Grenda rode for their teams in the sprint. The time for the mile was 2:07.4-5.

The sprint was necessary to decide the time between the six teams, which, when the time for the end of riding approached, were bunched in the lead. The track was cleared at 9 p.m. and the final scene of the race started.

Immediately afterward a second sprint was started between the Kramer-Moran and Perchot-Egg teams, which were tied a lap behind the leaders when the long grind ended. Kramer won this sprint, which gave him team seventh place and the Egg-Perchot team relegated to eighth position. Time 2:45-1.3.

These teams all finished within the money, the prizes ranging from \$100 for first and \$100 for second down to \$250 each for winners of seventh and eighth places. Walker and Wells brought up the rear of the nine teams which completed the long race.

The six leaders had gone 2661 miles and 6 laps, with the trailing pair a lap behind, and Walker and Wells an additional lap in the rear. The record for a six-day race is 2733 miles and 1 lap, made by Macfarland and Moran in 1908. In bonus money the management paid out \$1,000.

The venture paid very well, however, it was said by the new management that the receipts were greater than in any other year. Last night the crowd was not as big as on some of the other nights during the week, but the arena was filled practically to capacity. The reason assigned to the falling off in the attendance for the finish was the fact that the prices of the reserved seats in the boxes, arena and balcony had been raised, the prices charged ranging from \$3 down to \$1.50. Up in the gallery, where it cost \$1, the same was bigger than on any night of the race.

St. Anne's Men's Club. The regular meeting of the Men's Association of St. Anne's Church will be held this evening. Louis P. Heyd, K.C., will speak on his travels in Britain.

### Timeliest Hitter Is J. Frank Baker

Best Record Past Season in American Baseball League Driving in Runs.

John Franklin Baker, hero of the world's series of 1911, was the timeliest hitter in the American League last season, leading the Johnnies not only in the number of runs batted in, but having also a higher percentage of runs batted in to the game than any other player in the league organization. Connie Mack's third baseman, participating in 148 contests, drove in 132 tallies, which was 11 less than were batted home in 1911 by Tyrus Cobb, and 35 more than Tris Speaker batted home this past season. Baker might have equaled Cobb's 1911 record had the pitchers not issued so many bases on balls to him when conditions looked dark for a man who failed to pass Baker on purpose, and who probably no longer makes that he had come so, was Tom Hughes of Washington. Joe Baker, who planned a home run off him, took a leading part in shattering Washington's hopes of equalling Providence's record of twenty straight victories.

Most of the runs that Baker drove in were recorded thru the medium of safe hits. He hit in 113 counters on drives that boosted his batting average eight per cent. A man who failed to drive in 12 on infield outs that hurt it.

Three other players—Duffy Lewis of Boston, Sam Crawford of Detroit and Jack McInnes of Philadelphia—also batted home 100 or more runs, these players' records being, respectively, 111, 108 and 103. Tris Speaker of Boston, adjudged by a jury of scribers the American League's most valuable player, batted in 88 tallies and found a place on the team of Johnnies' clevers at closing at the right moment. This team would have as its battery Hall of Boston and Stanage of Detroit; as its infielders, Gandil of Washington, Lafoe of Cleveland, Baker of Philadelphia and Molines of Philadelphia, and as its outfielders Lewis of Boston, Speaker of Boston and Crawford of Detroit.

Below will be found the records of the American League players of 1912 who had records of 500 or better in driving in runs:

THE NAVAL SITUATION AT OTTAWA.

Sir Wilfrid Laurier's amendment to the naval policy of the government, as proposed in the house Thursday afternoon, changes the whole political situation in Canada in a flash, so it may be said to be the general Canadian public to appreciate it.

What happened is this: The Liberal party, who had lost office and were soundly thrashed by the people for their reciprocity deal with the United States, who were without credit, and were disorganized as well as split into two camps over that defeat, suddenly recovered themselves, became united and started to a man cheering their leader on a policy which went much further than the policy of the government in regard to naval defence, and which, at one and the same time, was both national and imperialist in tone.

As we said, all this occurred in a moment. But something else happened, and that was parliament and the country found out what a poor affair the Nationalist movement in the Province of Quebec amounted to. These Nationalists had cost Sir Wilfrid Laurier something and had cost the Conservatives something, and both parties at one time or the other were more or less frightened and fearful of any policy in regard to naval assistance. Now, nobody cares for the Nationalists; everyone sees that courage in dealing with these bogey-men by either party would have put them out of business long ago.

In the meantime the public will be entertained with all sorts of charges and recriminations as between the two parties, and both parties are on record in many inconsistencies. The pot and kettle calling one another black will be the order of the day, probably until after the holidays. The World would not be surprised if the Conservatives make an effort to move up several steps in their policy, and perhaps declare that they will be prepared to build and maintain and man the Dreadnoughts by the time they are built. Sir Wilfrid has made them set busy. Everybody is imperialist now.

ARISTOCRATIC APHASIA. The Telegram is proving an apt pupil of the Globe. Having been closed up in argument it now resorts to misrepresentation and informs its readers that Donlands Democracy is opposed to the plan we have advocated for years, and pointed out constantly as the method properly adopted in cases of annexation in American cities. It is scarcely going too far to say that no influence would be directed against such a policy more strongly than The Telegram's.

Fortunately the misrepresentation of The Telegram is coupled with such inconsistency that few will be misled. The instance selected by The Telegram to whack Donlands Democracy doesn't whack worth a cent. At Calgary some subdividers—at least we have The Telegram's authority for it—have built a trolley line five miles long and handed it over to the city to be operated in conjunction with the civic lines. Suppose some Donlands Democrats did a similar deed, built a line from Wexford and proposed to hand it over to the city? Wouldn't The Telegram howl and cartoon and capitalize?

Car lines are productive investments and it is not these the trouble is over in new districts. It is the sewers and the pavements and other services quite unproductive, which must be paid for directly by the taxpayers, that make trouble for the municipalities. These services should be installed by subdividers and added to the cost of the land, and The Telegram never heard The World suggesting anything else. But when it suits The Telegram to misrepresent, The Telegram is not risking anything in the way of reputation.

"Calgary," says The Telegram, "should join a correspondence school and absorb the teachings of Donlands Democracy by mail." This frontal passage is unnecessary and pointless, as it happens that Calgary, a singularly wide-awake place, is a fairly good western sample of Donlands Democratic doings. They have already imbibed the Donlands spirit, and they are not averse from giving the taxpayer a vote on the spending of his money, which is the height of weakness of the Bay street aristocrats.

and better service. In theory the proposition appears reasonable; unfortunately experience has almost invariably given it direct contradiction. Monopolies established and controlled by private interests are created for the primary purpose of earning immediate profits for their organizers, who, to gain that end, readily pay far more than their value to acquire the companies whose entrance is needed to complete the new organization. This means, of course, over-capitalization and greater profits to pay the dividends required to sustain its stock on the market. The consequence is that all kinds of ingenious devices are contrived to increase profits, rates rise rather than fall, the service is starved, while in the case of railroads, freight is forwarded, whenever possible, by round about routes, at the expense of time to the shipper and consignee, but with much money benefit to the monopoly.

These consequences are strikingly exemplified in the facts now being made public regarding the New Haven Railroad monopoly in New England. On Friday last The New York Evening Post published a special despatch disclosing some curious facts of the New England situation. For example, freight shipped from Massachusetts manufacturing towns to points out west is carried 245 miles before it gets fairly started on its western journey, when only 28 miles would suffice.

The explanation is that this routing means more profit for the New Haven Railroad, which would be lost by the shorter transit over the Boston and Maine line. Yet both roads are under the same control, "but when their interests clash, the bigger corporation is always favored." As for the shipper, it means a loss of ten days at least on his goods, but, to any properly constituted monopoly, he is a negligible quantity. This is said to be only a sample of the long routing that the Boston and Maine employees have been instructed to make on every shipment.

Is there any wonder that the New England States are up in arms against President Mellon, the man in control?

ROOSEVELT AT CHICAGO. That the Progressive party of the United States is resolved to maintain its separate and individual place, was made clearly evident at the Chicago conference held last week. Colonel Roosevelt, who delivered a rousing address, made it plain that no terms would be made with the Republican party, and that the Progressives would retain absolute independence of action. "We stand," he said, "for every principle set forth in our platform; for purging the roll of American public life by driving out of politics the big bosses who thwart the popular will, who rely on corruption as a political instrument, and who serve the cause of privilege. Such a campaign cannot be expected from any party which is partly reactionary, and at their best both the old parties are party, and they were usually dominantly reactionary. They are two organizations maintained to secure special privileges and benefits, not to promote causes and principles." The colonial looks forward to the time when the Progressives, who still cling to the old parties, will come to fight new party in order to effect the needed improvements in political conditions, in the efficiency of government and in financial and industrial standards. These declarations were enthusiastically proclaimed by the fifteen hundred Progressive leaders that assembled from every state of the Union, for the purpose of working out in practical operating plans of propaganda, legislation and campaigning the suggestions gathered from the whole country.

Of special import were the colonel's remarks on the trust question. Holding that the Sherman anti-trust law was remodeled on the statute book, and be strengthened by prohibiting division of territory or limiting of output, he proceeded: "By putting a stop to stock watering, prohibiting a refusal to sell to customers who buy from business rivals, by prohibiting the custom of selling below cost in certain areas, while maintaining higher prices in other areas, by prohibiting the use of the power of transportation to aid or injure business concerns—in short, by prohibiting these and all other unfair practices, the Interstate Industrial Commission will have an efficient instrument for seeing that the law is carried out in letter and in spirit." He urged national and state legislators to co-operate in pressing for the enactment of laws along these lines. It is instructive that on that same day the rules committee of the house of representatives at Washington was engaged in hearing an application for a congressional investigation into the deal between the New Haven and Grand Trunk Railway companies, and was given various examples of the method by which the New Haven road acquired its monopoly in New England, its capitalization and inefficient and dangerous service.

Another notable feature of his address, which evoked marked approval, was his attack on the "doctrine of the divine right of judges," which he characterized as "every whit as ignoble as that of the divine right of kings." The theory that permits the judiciary to disallow acts of congress, however just and necessary for the accomplishment of social reforms, is every day becoming more plainly recognized as striking at the root of democratic government. "All other measures," Colonel Roosevelt declared, "are useless if we permit somebody not responsible

to the people, to have the final say as to whether the people shall or shall not in their laws, do complete social and industrial justice." The obstruction offered by the judiciary to measures of social reform based on technical interpretations of certain clauses in the constitution, has drawn attention to the fact that the power now claimed to declare acts of congress unconstitutional has been usurped by the courts. There is, therefore, all the more reason for providing a method by which the courts may be overruled whenever their decisions seek to limit the power of the people and their representatives in congress to pass righteous legislation in the public interest. The Progressive party of the United States will stay in the field, and there is plenty of work for it to do.

THE RAILWAYS AND THE CITY.

Editor World: Is the Dominion Railway Commission Act so one-sided that if a decision of the commission is against the railway, it can be appealed, but if against the municipality, there is no appeal? If that be so, it is time the act was amended.

At the south end of the city the railways claim that they are not responsible for the dangerous crossings, as they say, they are the railways built before the streets were extended, and if the city wants to reach the water it can build bridges over the tracks. Without attempting to show the fallacy of that argument, let me ask them if they do not make use of that rule at the north end of the city? If they did, the railways would have to pay the whole expense of elevating and lowering the tracks along the escarpment to the north.

No first-class railroad in the United States east of the Ohio River goes thru or into a city on the street level. Nearly all the cities are entered by tunnels, and the smaller places on raised viaducts. The public is increasing. If there was a depression of the tracks at the north of the city from the Don to the Hummer, with bridges across for street traffic, it would be better both for the railways and the city.

In any event, if the C. P. R. wants to cross Yonge street north on a viaduct, why are they not compelled to make that viaduct 22 feet above the street level? The public is increasing. We in the country have a similar case where there is a bridge being built by a contractor for the County of York, on the townline between York and Markham Townships, which was commenced the beginning of July and should have been completed in two months, and is not more than half done at present.

BRIDGE LATE: NO ROAD. Editor World: I read your editorial in yesterday's World on the building of roads in Toronto and obstructing traffic. We in the country have a similar case where there is a bridge being built by a contractor for the County of York, on the townline between York and Markham Townships, which was commenced the beginning of July and should have been completed in two months, and is not more than half done at present.

OPTIMISM

As winter sets in closer our hearts are filled with joy; we smile upon the grocer, and on the butcher's boy; a glad and happy feeling now in our bosom glows and warning thoughts so stealing all thru us to our toes. The awful cost of living, by trusts on all sides pressed, occasions no misgivings in each untroubled breast. We see the whims and humors in every rise of prices; the ultimate consumers, we're cool as if on ice. We joke the undertaker who wishes we were dead, and banter with the baker about his light-weight bread. The cost of meat and fatters can cause us no harm, and yet we are no haters of products of the farm. The price of golden butter may soar to heights unknown, but still we will not utter a grumble or a groan; our chance of eating turkey at half a dime a lb. is golden, and our wind mucky, yet we are all delight. No packers' combine frights us; we have no griefs or woes; and if old Snarrier makes his cross old nose, No grolix dissertations upon affairs of state, or our world relations can our will be broken for needed expansion in the future. One of the houses purchased will be used at once to accommodate the primary department of the institute Sunday school and also for classes and club meetings during the week.

For some time also the need of a settlement worker has been felt, and Mr. MacNeill announced that some members of Walmer road had volunteered to provide the salary of such a worker. Miss Mattie L. Foster of New York has been appointed to the position, and will commence her duties at once. She is a thoroughly trained and experienced worker, having spent the primary department of the institute Sunday school and also for classes and club meetings during the week.

SETTLEMENT WORKER. Miss Foster of New York Engaged by Walmer Road Church. At the Walmer Road Baptist Church yesterday the pastor, Rev. John MacNeill, made some interesting announcements regarding the progress of their work at Memorial Institute, situated at the corner of Richmond and Teumeth streets. It is not a day since Walmer road took charge of this work and under the fine leadership of Rev. A. L. Brown, director in charge, the primary department of the institute was inaugurated.

## SOCIETY

The second dance of the season at government house will take place on Jan. 14.

A large at home in honor of the faculty was given at the Toronto Conservatory of Music on Saturday afternoon when the guests were received by Mr. and Mrs. Fisher and Sir John Boyd in Dr. Fisher's studio. The room was lovely with great bouquets of American Beauties, and the table set in the hall was decorated with red and white roses in silver vases. Mrs. Fisher looked very handsome in a smart black gown of chiffon velvet with bouquet of Richmond roses and a black plumed picture hat.

Mr. and Mrs. Hector McInnes, Halifax, are spending a few days with Mrs. James Plummer, "Sylvan Towers."

Miss Lake is staying for a few days with Mrs. Bruce Riordan.

Mrs. Machray has changed the date of her dance for the Misses Lessars, to Dec. 27.

Mrs. Vivian Dunlevie is in town, staying with Miss Ethel Dickson, on her way from Ottawa to spend Christmas at Niagara-on-the-Lake with her parents Rev. J. C. and Mrs. Garrett.

Miss Sarah Lansing will remain with Mr. and Mrs. Oscar McGaw until after Christmas.

Mr. William Millman is on a week's leave from Robert Mantell's Company, and is staying with his parents.

Mr. Tommy Morrison is leaving to spend a month at Collingswood.

Sir Mortimer and Lady Clark have moved into their new residence on Avenue road.

General Lessard and Major Clyde Caldwell are leaving today for Niagara.

The Hamilton social concert takes place this evening at Foresters' Hall, College street.

Mr. Ernest McConkey is spending a few days in New York.

The regular monthly meeting of the Westminster Chapter, I. O. D. E., will be held this afternoon at 6 o'clock in High-Park Curling and Lawn Bowling Club house. Mr. R. S. Neville will speak on "Imperialism," and a paper, "The First Settlement of Canada Under the French Regime," will be given by Mrs. George Hodgins.

The children of the Normal Kindergarten have issued invitations to their Christmas exercises, on Friday, Dec. 20, at 10.30 a.m.

Miss Rilla de Vauay left on Friday by the Empress of England and the continent.

Mr. and Mrs. F. M. Davis, Owen Sound, announce the engagement of their only daughter, Rhoda Herbert, to Mr. Horace Philip Reid of Edmonton, Alta. The marriage will take place very quietly the latter part of December.

Mr. Redfern Hollingshead, the eminent Canadian lyric tenor, returned this week from Europe. He has been studying for the last six months with the great Italian maestro, Chevalier Prof. Giovanni Clerici, teacher and coach to Enrico Caruso, Alessandro Bonoli, Mario Sammarco and Battistini. Mr. Hollingshead has decided to remain in Toronto for the coming season and will devote his time to recital, concerts and oratorio. He will also resume his duties as tenor soloist of the Bloor Street Presbyterian Church, Toronto, next Sunday.

St. Mildred's College Old Girls' Association will hold an important business meeting on Tuesday at 8 o'clock sharp, 88 Walmer road.

A quiet wedding took place on Thursday, when Miss Maude Haestings was married to Mr. John Vonnemberg by the Rev. Dr. Fisher. The bride, who was unattended, wore her traveling dress of blue cloth, mink furs and gloves. After the ceremony she will be at home, 76 Winspear avenue, Buffalo, N.Y.

St. Clement's Church was the scene of a wedding on Thursday evening, when Miss Gertrude, only daughter of Mr. and Mrs. John Buck, became the bride of William R. Key, B.A. Sc., son of Mr. Key of Bismarck avenue, Toronto. The ceremony took place at 8.30 and was performed by the rector, Rev. John Bushell, Mr. Armstrong presiding at the organ. The pretty young bride entered the church with her father, who gave her away. She was unattended and wore a traveling gown of blue chiffon velvet with trimming of Irish lace and pearls. Her hat was of white silk, Persian lamb and gray silk with white ostrich plumes, and she wore a corsage bouquet of lilies of the valley and white roses. Immediately after signing the register Mr. and Mrs. Key said good-by to the guests and left for a short trip, the bride wearing a long gray coat and sable furs and carrying a silver mesh purse, the gift of the groom. On their return they will reside at 33 Balmoral avenue. The out-of-town guests were Miss Gertrude Kergan of Hamilton and Miss May Whitten of Bracebridge.

The annual luncheon of the University Women's Club was held in the hall of the university on Saturday and was a most enjoyable gathering. The president, Miss Elwood, introduced the principal guest and speaker, Mrs. Cannon Plumptre, and her address on "The Co-relation of Social Problems" was listened to with interest and delight. After presenting the principles and aims of modern social science, the speaker dwelt on the need of a system in social service and referred to the establishment of departments of sociology in two British universities. She expressed the hope that their example might be followed by Canadian universities. Another most interesting speaker was present in the person of Miss Vaux of Philadelphia, who told briefly of some practical social work among girls in her city. Miss Vaux also spoke on the special subject, mountaineering and glaciers, and inspired the women present with fresh interest and pride in Canada's mountain region.

Mrs. Reginald E. W. Hagarty is

## MEN WHO STAY FROM CHURCHES

### Have Wrong Ideas Respecting the Value of Religion Says Rev. Dr. Eby.

Why some men do not go to church was explained by Rev. Dr. Day at the Northern Congregational Church last night. He considered their reasons more fallacious owing to a lack of adequate perception of the merits of the Christian religion.

Some young fellows regarded church-going as childish.

Other men of mature age regarded church-going as unmanly.

Some were so engrossed with business that they kept their minds centered on their money-making throughout the whole seven days of the week.

Others saw in Sunday exclusively a day for recreation. Many found what they considered their social obligations to visit friends or relatives more important than going to church.

A useful gift for a boy is a rubber stamp with his full name on it, and an undecipherable ink pad. He can mark his own handkerchiefs, books, and many other belongings.

A desirable gift for a child is a set of table silver. It is made up of a short-handled fork and a short-handled spoon. Some of the sets include a knife as well. Of course, any of these articles may be bought separately.

The Christmas tree need not be omitted because of the expense of decoration. The woman or child of ingenuity may make eggshells into a variety of sealing-wax, and the result is toys by gliding the shells, covering with tin foil, or tinting the edges with dyes or water-colors, transforming the shells into Christmas toys.

### ST. GEORGE'S SOCIETY.

The annual hunt's night, in conjunction with the above society, was held on Friday, the 13th inst. at the Royal Canadian Hotel, when about 80 members and friends sat down to a substantial repast. Mr. Norman Allen occupied the chair, and among those present were: Messrs. W. Toms, R. Ivans, A. Hawkes, J. W. Brader, A. G. Thompson, Messrs. W. Sault, W. Badwin, H. B. Brett, H. Atkinson, and Hughes.

After full justice had been done to the good things the chairman gave the toast of "The King," which was received with the usual honors. W. Faulstich, the pastor, which was responded to by A. Hawkes, in a patetic speech and Strickland, Mr. Biddle gave the "City of Toronto" in a superb speech, and it was replied to by Messrs. Burgess, Bevis, Paulson, Rowland, May, Hubbard, Controllers Maguire, McCarthy and Church. R. Ivans proposed "The Artists," which was suitably responded to by Messrs. W. Sault, W. Badwin, gave "The Ladies," and it was replied to by Messrs. Maddilo and Spofford. Mr. J. Meszler responded to "The Ladies," and Messrs. Sault, W. Spofford, Hughes and Kemp entertained the company with songs and recitations. In this respect their naturally early hours by singing "The National Anthem" and "Auld Lang Syne."

## MUSIC

Hamburg Concert Society. On Saturday afternoon the public rehearsal of the Hamburg Concert Society performance, to be given tonight, drew a good audience in Foresters' Hall, College street. The feature of the program was Gabriel Faure's piano quartet, C minor, op. 15, played for the first time in Toronto. It proved to be a highly interesting and characteristically composed in three movements, allegro moderato, first movement, adagio and allegro vivo. These were received and the rendering by Miss Gracie Smith, who has not only become accustomed to them but she has had a chance to play them in the city as a pianist, but for this performance, it is hardly judicious to say that she is a pianist, for she does not suffer so much by contrast, in the solo numbers this is observable when the piano is played by other hands. Her exquisite playing will lose nothing in consequence. Hamburg played the "Ballade, op. 16, No. 1, by the French composer, and his intensity of tone and his feeling for the music. For an encore he gave an old French Scholaie by Couperin, arranged by Kreisler, and an exceedingly fine Scholaie by Leon Boellmann's "Variations Symphoniques," which are a technical excellence well adapted to show the talent of a fine performer like Mr. Hamburg. An enthusiastic audience responded to Trowell, the New Zealand composer, who sang two operatic selections, one by Massenet, and the other by Wagner. His voice is fresh and sweet when not forced, and she possesses great technical facility.

### Margaret Eaton School.

All the charm of historic associations, of youthful grace and animation of good humored gaiety, of the poetry and imagination of the past, and the light of the Yuletide tradition, and the beauty of the Christmas story, were the features of the Christmas play given at the Margaret Eaton School of Literature and Art on Saturday night at 8 o'clock. The play, which was a beautiful and interesting one, was given by the school and the result was a most successful one. The play was given in the school hall and the result was a most successful one.

Opening with a matinee this afternoon and continuing all week, Miner's Burlesques will hold the boards of the Star Theatre. Margaret Flavin heads this bunch of funmakers and American beauties, and a week of real enjoyment is assured.

### Moore & Smith in "The Merry Whirl."

There will be many people in the large audiences at the Gayety Theatre this week who do not go to the theatre more than two or three times during the entire season. Moore & Smith will be seen in "The Merry Whirl." It is said that "The Merry Whirl" has the best score and music ever written for a musical comedy.

## THEATRES

Otis Skinner at the Princess. Tonight brings the first performance in Toronto, at the Princess Theatre, of Edward Knoblauch's famous Arabian Nights play, "Kismet," with Otis Skinner in the chief role of Hajj the Beggar. For a week past the company's carpenters have been at work preparing the stage of the Princess for the massive production, and one of the company stage managers has been here drilling the forty supernumeraries who will appear with the regular players, who constitute the regular traveling organization. In every particular the play will be presented here by Klaw & Erlanger and Harrison Gray Froxy exactly as it was presented last season at the Knickerbocker Theatre, New York, during its run of five months. Owing to the success of the performance the curtain will rise promptly at eight o'clock at the evening performances and at two o'clock at the Wednesday and Saturday matinees.

### Edith Decker with "The Rose Maid."

Edith Decker, who plays and sings in the part of Princess Hilda in "The Rose Maid," which comes to the Princess Theatre Christmas week, unlike most celebrated actresses, is seldom interviewed. Miss Decker says she is afraid she will be misquoted. A New York writer called on her one night at the Globe Theatre during the all-summer run of the opera in New York, but he could not draw her out on any subject. He could not get her to allow she had any fads or fancies, she was not an automobile enthusiast, she never attempted aviation, was not a golfer, did not own a kernel of prize dogs, has no wonderfully rare collection of diamonds and has had no success in the stock market.

### "The Passing Show of 1912."

Transporting a New York winter carnival show is almost equal to hauling a three ring circus across the country. "The Passing Show of 1912," which arrived yesterday, to open this evening at the Alexandria Theatre, came on a special train, consisting of three Pullman coaches and a drawing room car, a dining car and four baggage cars, one of which is used exclusively for automobiles belonging to members of the company. The Shubert's Special, as this traveling palace is called, was met at the depot by a local transfer man with four 20-foot trucks and four 40-foot and seven wagons, used for carting scenery and vehicles for one hundred feet to be installed in the theatre, and arranging for the placing of the huge tank used in the harem scene in which the diving girls perform marvelous aquatic feats and into which Miss Trilzie Friganza plunges headlong in order to inspect the water.

### "The Passing Show of 1912."

Prominent in the cast will be seen Trilzie Friganza, Charles J. Ross, Texas Gulian, Eugene and Willie Owen, Moon and Morris and many others.

### "Little Women."

### SOULS OF WOMEN SACRIFICED TO GREED

**Bishop Williams of Detroit Says Men Every Day Are Bartering Their Own and Other Souls for Worldly Things or for Wealth and Power.**

The very souls of women and children are being ground out in some of our large industries, for the increased dividends in these concerns, who employ such labor because it is cheap. Because of the low wages at a time when the cost of living is at one of its highest points in the world's history, the young girls working in these establishments are being forced into the streets to sell their bodies and souls to enable them to buy the necessities of life," declared Bishop Williams of Detroit, Mich., in a special men's service at the Strand Theatre last night.

The subject of the bishop's address was labor from St. Luke's words, "that shall it profit a man if he gain the whole world and lose his own soul?" The bishop explained how the very essence of Christianity was the value of a man, or a man's soul. "Every day on the great railroads men are being killed, and sometimes killed. What does it matter to the railroad? Someone takes his place and the work goes on as before. But what if a machine gets out of order? Serious steps are at once taken to readjust it. Why? Because machines cost money. Men do not."

The speaker, in continuing his subject declared that altho a human life or soul was of infinite value as reckoned in worldly goods, men are every day bartering some part or portion of their soul and personality for worldly things. "It," said he, "every time you gratify a lust of the flesh, or secure some additional wealth or power by some means which you would not care to see published in the world's press, you pay for it in some portion of your own soul, or in other words your personality. Every time you sin, some portion of your soul is gone from you, until in time you are a soulless man. If your sin is that of drunkenness, you become a sot, with no ambition to stem the appetite. If your sin is covetousness, you become a hardened, wretched old money bag, and the most dreadful selfish, heartless being in the world. "You notice," continued the speaker, "that after a man is dead the world clamors to know what he is worth. What he had been successful in grabbing from the world's treasure store. But his friends and relatives do not ask that question then. They never think of it. They search their minds for noble deeds, every good thought or noble deed accomplished by that man. His wealth is no longer of use to him, his friends seek to find some thing which will convince them that he had a soul, and that it was worth saving, and worthy of entrance into the life hereafter."

**Cost of Living Still Going Up**

Index Number Moves a Point Higher as Compared With Previous Month.

OTTAWA, Dec. 15.—(Can. Press.)—The labor department's index number in the Canada Labor Gazette, just issued, gives the information that wholesale prices rose approximately one point in November, standing at 124.2, as compared with 123.1 in October and 123.4 in November, 1911.

The advance was due chiefly to higher prices for steel, textiles, hides and leather, fuel and lighting, while Ontario grains, dairy products, metals, lumber and miscellaneous building materials were slightly higher, with western grains, cattle and beef, paints and oils, downward.

**Federal Revenue Is Still Soaring**

Nearly Three Millions is Increase for November—Big Gain for Eight Months.

OTTAWA, Dec. 15.—(Can. Press.)—The Dominion financial statement for November, which has just been issued, shows that the revenue for the month amounted to \$14,297,718, an increase of \$2,702,108 over the revenue for the corresponding month of 1911. The month's expenditures, \$2,177,848, an increase of \$692,193.

For the eight months, ended Nov. 30, the revenue shows the unexampled increase of \$22,548,572 over the corresponding period of the preceding fiscal year. The figures were \$19,435,375, against \$87,848,375. The expenditure on consolidated fund account increased \$11,669,327 during the eight months while the capital expenditures was greater by \$3,374,973.

**WINTER TOURIST TRIPS**

Are becoming more popular every year, owing largely to the increased transportation facilities and modern luxurious equipment, making the journey to California, Mexico, Florida and other resorts a pleasure instead of a hardship. With one change of cars you can travel from almost any point of the main lines of the Grand Trunk Railway System to your destination in the sunny south or the Pacific coast where the flowers bloom and warm balmy breezes blow. Meals served in dining cars make it unnecessary to leave the train en route. Travel is an education, and it is delightful to get away from the every day grind, the monotonous or strenuous life to mingle with successful, happy people, and besides, it pays. Excursion fares are issued by the Grand Trunk Railway System at exceptionally low rates, giving choice of all the best routes, via Chicago, Detroit or Buffalo. Fast trains are run daily between these cities, carrying their coaches and electric-lighted Pullman sleeping cars, via the only double track route, making connections at these points with thru trains for the south, etc. A special train will leave Toronto at 1:00 p.m., Jan. 8, via Detroit, for Palm Beach, Florida, and tickets, berth reservations and full information can be obtained from the Grand Trunk ticket office, Toronto city office, northwest corner King and Yonge streets, Phone Main 4292.

**ROYAL GEORGE AT HALIFAX.**

HALIFAX, Dec. 14.—(Can. Press.)—The steamer Royal George arrived from Quebec today. She landed a northward blizzard coming down the St. Lawrence. It is not decided yet whether she will get into the dry dock. The steamship Gladstone is still in the dock and it is said the underwriters in London will not consent to pay the sum demanded to take her out and to tow the Royal George to port. The Royal George may go to Boston or New York for repairs.

### 'DETER BE GREEN' THAN 'BE GREEN'

**Bishop Williams' Text at Convocation Hall Yesterday—Curiosity Ruins Many Lives, He Says.**

Bishop Williams, D.D., of Detroit, preaching from the text, "It is Better to be Green than Rotten," at Convocation Hall yesterday morning, told the freshmen students from the country that they should never be ashamed of their greenness. Much was to be preferred, he said, to the rotteness that some young men possess when they have agreed to obtain the opposite to being "green."

"I believe curiosity has ruined more young lives than either lust, appetite or temptation," said the speaker. He traced the steps in the average young man's life from his days of prohibition in home training to the year that he enters a university and is suddenly thrown on his own resources. He becomes one in a great student body, without a reputation to uphold and at this point assumes what the preacher termed "moral and intellectual freedom." If the student, feeling he is very "green," abuses his liberty, he is apt to sink to rotteness. On the other hand, if he cultivates his innate desire for righteousness, he may develop into a strong character and a powerful influence for good.

### BEACH RESIDENTS PICK CANDIDATE

**W. E. Orr Will Run for Aldermanic Seat—Endorses the Bloom St. Viaduct and Eastern Park.**

The Beach ratepayers, at a meeting of four hundred ratepayers' associations, held on Saturday night at the Balm Beach Clubhouse, endorsed unanimously the candidature of a Beach man to take the place in the city council made vacant by Aid. Hilton, who is retiring. The man endorsed was W. E. Orr of Balm Beach, and he pledged himself as strongly in favor of building the Bloom street viaduct.

In addressing the ratepayers, Mr. Orr was strong in his advocacy of the viaduct. He pointed out that a large and important section of ward one was now like a separate city until it is cut off from the rest of the city by the city north of Gerard street.

Mr. Orr contended that in carrying out the Beach front appropriation project the city should at the same time purchase Victoria Park and part of Sir Henry Pellatt's property adjoining to the east. This would give the east of the city one of the finest park properties in the Dominion.

New Library Needed.

The public library question was another point raised. When East Toronto was taken into the city it possessed a public library, which the city had discontinued. East Toronto should have an up-to-date library to take its place. A library was also required at the Beach and Kew Beach was suggested as a good location for it.

Controller Church also addressed the meeting.

The following officers were elected: President, W. E. Edmunds; vice-president, Balm Beach section, Fred Baker; vice-president, Kew Beach section, J. Pizer; vice-president, Morley avenue section, H. Pease; secretary, W. H. Cunningham; treasurer, S. A. Nason; executive, Balm Beach section, Messrs. F. Baker, W. E. Orr, Nicola, Dingman, C. B. Watts and D. Lander; Kew Beach executive, Messrs. Pizer, H. Atkinson, Hillier, Gates, W. Nugent, Whitfield and Jas. Price. The remaining executive is to be appointed at the next meeting.

### BISHOP RUDDOCK IN NEW CHARGE

**Impressive Ceremony at St. Helen's Church When Head of Ruthenians in Canada Was Installed.**

Before about three hundred Ruthenians Bishop Rudolph was installed in his new office as bishop of all the Ruthenians throughout Canada at St. Helen's Church, Dundas street, yesterday morning.

The bishop arrived in Canada from his native country last week and reached Toronto Saturday afternoon. To greet him there was at St. Helen's Church a Ruthenian brass band of twenty instruments, which struck up a native hymn as his carriage drove in. The installation took place before he entered the church in the chilly open air, when he was crowned the official cross and staff and the mitre placed upon his head.

The church was filled to capacity for the special service, at which the new bishop officiated. Today the bishop will leave for Winnipeg, the seat of his see.

### AMERICAN AMBASSADOR REID DIES SUDDENLY

Continued From Page 1.

peared, with difficulty the paroxysms of asthma were got under control, but Sunday morning the exhaustion became extreme and he died from pulmonary oedema at 12:10 p.m.

Royalty's Sympathy.

The Hon. John Hubert Ward, who with his U. S. wife had been at Dorchester House continually since the ambassador's condition became serious, notified the U. S. embassy when the patient began to sink and when death occurred he sent word to the King and Queen at Buckingham Palace, the queen mother Alexandra at Sandringham and the officials of the court.

Almost immediately the King sent his equerry, Sir Harry Legge, to express the condolence of himself and the queen. During the afternoon messages conveying the warmest sympathy were received from the queen mother Alexandra and other members of the royal family, the court officials, members of the government, and the royal ambassador and legations, while many who had heard the news of the ambassador's death, or who had seen the flag at half mast on Dorchester House, called at the embassy.

Son On Ocean.

A wireless message was sent to Ogden Mills Reid, son of the ambassador, who had left New York yesterday in the hope of reaching his father's bedside before death.

The body will be sent home, and will probably be interred in Sleepy Hollow.

There will doubtless be a memorial service in one of the great cathedrals in London, in addition to services in some small church for the members of the family and the staff of the embassy. The government also will in some manner mark the use of a warship in transporting the body to New York.

While Mr. Reid's condition had been serious only since Thursday last and he had been confined to the house only for a fortnight, his illness really dated from his return from New York at February, after his visit there for the purpose of entertaining the Duke and Duchess of Connaught.

Mr. Reid continued to carry on his heavy correspondence, and signed official documents as late as Wednesday last.

His Career.

Whiteley Reid was in his seventysixth year, having been born October 27, 1837, in Xenia, Ohio. He became a newspaper writer at an early period of his life and never broke off his connection with the public press. He was editor-in-chief of the New York Tribune for many years and afterwards became proprietor of that journal.

In the meantime, however, his career had been a varied one. He served in the first campaigns of the civil war in 1861, and then as war correspondent in which capacity he was present at many of the important battles. At one time he was librarian of the house of representatives, at another he was a cotton planter in Louisiana.

Later in life he went into the diplomatic service and was sent to France as U. S. minister in 1889, remaining until 1892.

He came back to the United States to run as the Republican candidate for vice-president on the ticket with President Harrison in 1892.

Attended Diamond Jubilee.

Some years later, 1897, he was sent as special ambassador to Great Britain to attend the celebration of the diamond jubilee of Queen Victoria.

His next important work was as special commissioner to the Paris conference, which negotiated peace between the United States and Spain.

In 1902 he was again appointed special ambassador to Great Britain to attend the coronation of King Edward VII, with whom he was always on the most friendly terms.

He was chosen in March, 1905, United States ambassador to Great Britain in succession to Joseph H. Choate. Since that date his popularity in England, which was always very great, augmented from year to year for he identified himself with all the social, educational and other movements of the United Kingdom. He was chosen on many occasions as a speaker at the industrial ceremonies of great public institutions and was a great favorite owing to his profound knowledge of English history. He had always been a student of English life, probably having inherited his wish for knowledge on this subject from his parents, who descended from the Scottish covenanter.

Whiteley Reid married in 1881 Elizabeth Mills, daughter of the late Dr. Ogden Mills of New York. He has always been a student of English life. The Tribune Association and managing editor of The Tribune. His daughter, Jean, is the wife of the Hon. John Hubert Ward, esquire, in waiting to Queen Alexandra.

## "The King Edward Memorial Fund to End Consumption in Canada" WILL YOU HELP?

**From All Parts**

KING EDWARD VII.

Peterboro — "Trusting this small sum will help to brighten some dear sufferer is the wish of one of God's children. — A. P. Brickenden."

York, Ont.—"Enclosed please find Postoffice Order for fifteen dollars (\$15.00) as a contribution from the ladies of St. John's Church, York, towards the funds of the Muskoka Free Hospital. With best wishes for continued success in your good work.—Mrs. A. J. Martindale."

Brampton—"Enclosed you will find one dollar for your noble work. May God make it a blessing to some poor sufferer, and may your grand institution never want for the means to minister to the needs of our suffering brothers and sisters. Would to God I could send more, but this is all I can spare at present.—A Friend."

## Why Not Endow a Bed?

This is a very satisfactory method of helping the work at Muskoka. Two hundred and fifty dollars a year will endow a bed. Members of a family sometimes join together and make up the needed amount in this way. Organizations of various kinds work to this end. The bed can be given the name of the family name. Sometimes a bed is named in memory of a loved one who has gone beyond. The endowed beds are at the disposal of needy patients who cannot pay for their maintenance. It is always the privilege of the donor to name the occupant when so desired. Here is the record of one case, where the endowed bed was occupied by a married man whose home was in an Ontario town:

These two beds are endowed by the Boys' Club of the Y. M. C. A. \$250.00 a year will endow a bed.

"When Mr. \_\_\_\_\_ was able to work he was just able to keep the home going—never able to get ahead. When taken ill he was unable to remain at home because of financial reasons, so was sent to the Muskoka Free Hospital. His wife, who is a cripple, is living in \_\_\_\_\_ with her two children. The municipality are providing her and family with their immediate wants. Patient seems to be doing nicely."

**THE CALL OF THE MUSKOKA FREE HOSPITAL IS URGENT. NEVER MORE SO THAN TODAY, WITH THE CALLS FOR ACCOMMODATION FROM NEEDY PATIENTS. NOT A SINGLE PATIENT HAS EVER BEEN REFUSED ADMISSION TO THE FREE HOSPITAL BECAUSE UNABLE TO PAY.**

Contributions may be sent to W. J. GAGE, Esq., 84 Spadina Avenue, Toronto, or SECRETARY-TREASURER NATIONAL SANITARIUM ASSOCIATION, 347 King Street West.

### GIFT OF \$25,000 FOR MEMORIAL

Mr. and Mrs. Hardy Give Large Sum to Tuberculosis Fund in Memory of Senator Fulford.

A letter has been received from Mr. A. C. Hardy of Brockville, written at Vevy, Switzerland, authorizing Mr. W. J. Gage to subscribe, on behalf of Mr. and Mrs. Hardy, the sum of \$25,000 to the King Edward Memorial Fund for

Consumptives. Out of this sum, \$5000 is to be devoted to the erection of a cottage, and the balance of \$20,000 is to form an endowment fund. The cottage will be a memorial to Mrs. Hardy's father, the late Hon. George Taylor Fulford, of Brockville, and will be erected at the Muskoka Free Hospital. It will not only form a striking memorial to the late senator, but will prove of inestimable benefit to residents of Brockville and its neighborhood, who are afflicted with tuberculosis. This is one of the most handsomely and far made in connection with the King Edward Memorial Fund. Others of a similar character are looked for, while the growing knowledge of the objects of the fund is expected to favorably influence the citizens of Toronto in behalf of the proposed civic grant of \$200,000 to the Weston institutions.

# Stock Markets Quiet and Firm at Week-End--C.P.R. at 256

## STOCKS WEAKER TRADING LIGHT

Reading Down Nearly Two Points, and Other Standard Issues Suffer Lesser Losses.

NEW YORK, Dec. 14.—Speculative activity in stocks diminished largely today, and during most of the session movements were inconsequential. The tone at the opening was steady, but the market was influenced unfavorably by the ease with which some stocks yielded on moderate offerings. Late in the session stocks were offered more freely, and prices of a number of the standard issues fell. Selling was heaviest in Reading, which lost nearly two points. Union Pacific, Southern Pacific, Lehigh Valley, St. Paul, Northern Pacific, Baltimore and Ohio and Amalgamated dropped a point under yesterday's close.

Trading was restricted by the usual reluctance to enter upon extensive new commitments at the week-end, and also by the fact that speculative sentiment is still confused, and it is yet to be shown whether the market has definitely recovered its poise after the recent severe decline. Another restraining influence was the approach of the supreme court's "decision day."

**Tighter Money Abroad.**  
There was activity for a Saturday in foreign exchange rates, the demand rising forty points. The movement may have been influenced by unfavorable advices as to the European financial situation. The effect of liquidation in stocks was recorded in the weekly bank statement in a reduction of more than \$20,000,000 in average loans, although the actual table the shrinkage was only \$7,735,000. Instead of the predicted small loss in cash, there was a gain of \$4,600,000 and the excess reserve was increased by \$5,000,000.

## Montreal Stocks Without Feature

C. P. R. Was Inclined to Weakness, Losing Fractionally—Canars Strong on Toronto Buying.

MONTREAL, Dec. 14.—Local stocks were quiet and comparatively featureless on Saturday, the volume of business being small and price movements narrow. Net changes at the close, confined for the most part to fractions, showed a mixture of gains and losses. The undertone was steady.

C. P. R. inclined to weakness, opening here 1/4 lower at 255 1/2, recovering to 256 and then falling back to 255 1/2. At the close 255 1/2 was bid and 256 1/2 asked, leaving the change for the day a decline of about 1/2. On the other hand Montreal Power after opening unchanged at 225, sold up to 225 1/2 for a block of one hundred shares just before the close.

## PROMISING STOCK ISSUE.

Those closely associated with the Canada Interlake Line, which is being offered at par with bonus in common stock by Messrs. A. E. Ames & Co. of Toronto and Montreal, state that the common stock is likely to become very valuable, on account of the company's large earning power, present and prospective, and its moderate capitalization.

## RANK AND FILE ARE GENERALLY BEARISH

They Say Hill is Reeling for Storm When He Looks for Prosperity Next Year.

NEW YORK, Dec. 14.—An indication of the bearishness of traders is furnished by the way in which the rank and file regard the announcement of a new issue of stock by Great Northern. They say Mr. Hill is reeling for a storm—getting things shipshape for a bad year in 1914. The real fact is, however, that Mr. Hill looks for a continuance of great business activity, and intends to prosecute the construction of new mileage, the work on which could be suspended, were there any reason to feel apprehension regarding the future.

## NEW PLANT WILL BE PUSHED.

Also the financing of Canada's latest and largest addition to the sugar industry, the Atlantic Sugar Refining Co., Limited, has been completed, but a short time plans for the erection of the new plant at St. John, N.B., are already under way. These plans differ materially from any thus far employed in the erection of refineries in this country, and are quite the last word in the solution of economic and industrial problems which, for years, have perplexed engineers and designers.

## CONFIDENT TONE IS PRONOUNCED

Toronto Market Showed a Firm Trend at Week-End, and Further Recovery Was Brought About.

A more confident feeling developed in the Toronto Stock Market at the week-end, the result of the steadier trend in Wall street and the general belief that the worst had been seen in the New York Exchange. Trading here was not at all active, but a sustained demand was in evidence throughout the day, and this sufficed to carry several of the usual favorites to higher levels.

Brazilian proved the leader as usual, and the improvement in this issue was the most outstanding incident of the session. The shares opened at 87 1/2, practically level with the previous close, and advanced steadily until a most full point gain had been recorded. The top for the day was 89 3/4, so that the stock actually recovered more than the ground it had lost on Friday. The close a week ago was at 92, so that there has been in reality a comparatively small recession since that time.

In the general list price swings were limited to very small volume, and in the majority of instances stocks did nothing more than hold their own. Maple Leaf preferred came in for another flurry, the shares rising over a point to 97, a new high record since October, and closing bid there, with no stock on offer. The shares carry a dividend of 7 per cent. per annum, and in consideration of the high yield considerable investment buying has been going on late. Toronto Railway went up again at 140 3/4, but closed

at a shade below that. F. N. Burt common was weak, selling ex-dividend at 95, equivalent to 96 1/2, with the dividend added. Machinery sold at 62, a decline of upwards of a point from the last previous sale.

Sentiment was more favorably inclined than it had been for some days, and it was generally believed that if the Wall street list developed no further weakness, our securities would find a clear path ahead of them.

Validity of the issue of Preference and Common Shares has been certified to by Messrs. Rowell, Reid, Wood & Wright and Messrs. Thomson, Tilley & Johnston.

The amount of underlying bonds is \$720,000, and there is mortgage indebtedness of \$66,432.

The Company's charter provides that, before dividend can be paid upon the Common Stock, there must be transferred to a Reserve Fund 3 per cent. per annum upon the amount of the outstanding Preference Capital until the Fund reaches 50 per cent. thereof.

The following memoranda give features of the business furnished by Mr. J. W. Norcross, Managing Director, and include figures as to earnings for 1912, certified by Messrs. Clarkson & Cross, Chartered Accountants.

### BUSINESS

The Canada Interlake Line, Limited, has been formed to take over the well-established and prosperous business of the Canadian Interlake Line, Limited, and to acquire other vessels, making fourteen in all. It is now the largest company in Canada engaged entirely in freight lake transportation. All are modern steel vessels.

The names of the ships are as follows: Canadian, Acadian, Regina, Kenora, Tagona, Fordonian, Gordon, Hamilton, Calgarian, McKinstry, Renovyle, Cadillac, Pioneer, and Mars.

The first nine vessels constitute the finest, most modern and best-equipped fleet of canal-size package freighters operating on the great lakes. The "McKinstry," "Renovyle," "Cadillac" and "Pioneer" are thoroughly modern steel bulk freighters, and are also canal size. The "Mars" is engaged in freight traffic on the lakes west from Buffalo and Port Colborne and on Georgian Bay.

The total insurance on the fleet is over \$1,800,000, which exceeds the total of the Preference Stock and underlying Bonds.

Considerable of the Company's tonnage is protected by favorable contracts, having from three to seven years to run. Under these contracts 130,000 tons of westbound freight were handled this year. The Company has also a contract for each of the next three years for transportation of pulpwood for four boats for the four months of the season of navigation when tonnage is slackest.

The value of the vessels, as fixed by appraisal of seven by the Canadian Appraisal Co., Limited, and by the purchase prices of the other vessels, totals \$1,351,958, and is in excess of the total of the underlying Bonds and the Preference Stock.

The Company will be in a strong financial position, having ample working capital, and three of its vessels free of bonded indebtedness. By 1925 the Sinking Fund will have reduced the Bonds on four other vessels, and those now outstanding will then have been reduced to \$220,000, while in 1927 all the existing Bonds will have been paid off.

### PROFITS

Net Earnings for the year 1912 (seven vessels for the full season, and two from the early part of July—actual to November 30th), \$211,270, and estimated for the balance of the season \$14,000	\$225,270
Estimated Net Earnings for 1913, on the basis of the same earnings for the nine vessels operated in 1912, though earnings for the five other vessels	\$348,000
The Earnings indicated for 1913 will provide for payment of interest, Sinking Fund, Preference dividend and Reserve Fund, and leave \$134,250 as earnings on the Common Stock, being 13.4%. This showing is after providing out of profits for payment of \$67,000 for Sinking Fund, which is actually paying off liabilities and not really a charge upon profits.	

### DIVIDENDS

The first dividend on the Preference Shares is to be paid on April 1st, 1913, for the quarter commencing January 2nd, 1913.

Interest on payments on account of subscriptions will be paid on the first dividend date at the rate of 7% per annum from dates made.

In view of the current earnings, valuable freight contracts and generally favorable business prospects, the directors propose to commence paying dividend on the Common Stock from July 1st next, the first payment to be on October 1st for the quarter then ending.

### TO SMALL INVESTORS

Because of the attractiveness of this offering all signs point to an over-subscription if the books remain open for the maximum time stated in the advertisement, viz., until noon of Saturday next.

With over-subscriptions there is always dissatisfaction through cutting down of amounts applied for, and it is desired to avoid this altogether, or as far as practicable.

At the same time, an important object in such public offerings is the widest possible distribution amongst those who may be called permanent investors, and our experience is that quite a number of the smaller subscriptions usually come in just at the last, or after close of the subscription books.

This notice is to suggest that intending investors send in their subscriptions without delay, so that the subscription books may be closed at a time involving the least friction consistent with allotment among the largest number.

#### On Eve of Rebound

John Moody, Well-Known Financial Writer, Comes Out With Able Article on Recent Depression.

Mr. John Moody, editor of Moody's Magazine, sees in present market situation conditions very similar to those prevailing in the fall of 1899, just preceding a prolonged upward movement in stocks. He thinks that the chief bear influence in the recent slump has been the money position and predicts improvement around the first of January.

Mr. Moody in an able article on the situation points out that good soundness is thrown overboard after a big decline has set in or has about culminated and is not often brought back again except at higher figures.

In 1899 general business had been quite steady, picking up just as it has this fall. Crops were good, but the banking situation was weak. In December there was a panicky flurry somewhat like the present one. Stocks broke from 10 to 20 points apiece within a week or so and predictions of a real panic and dire disaster were just as rife as now. The situation was made worse by the extreme weakness of certain banking institutions. The real cause of the present selling movement with no banking support to counteract it is the banking situation, and Mr. Moody believes this will be the calm judgment of all after the affair is entirely over. The break really started with the smash of American Can shares, which started a week or ten days ago. The selling movement, of course, started with an impetus all along the line. Had it been for the Union Pacific merger decision, the break in the market, while it would have come in all probability, would not have been so severe on railroad stocks, but should a so by securities either on this level or on an advancing scale.

True Import of the Cobalt Lake Deal

Shareholders Take Big Chance But the Odds Are Big—Details of the Option Arrangement.

Cobalt Lake shareholders are somewhat at a loss to understand the merits and demerits of the deal which has been prepared for them by Sir Henry Pellatt.

While no announcement has been made as to the terms as yet, it will be shown at the meeting that the syndicate which is desirous of securing the controlling interest of the company is asking the shareholders to grant an option on their stock.

The average price works out at 73 cents, which is thus the average amount the shareholders who grant the option will receive if the whole amount is redeemed.

In connection with the foregoing it is not to be lost sight of that the syndicate can turn down the option at any time.

This Company has been formed to obtain maximum returns at a minimized cost, by combining individual interests, and to afford the small investor the advantage of the same equipment and management available to the owners of large orange, lemon, grapefruit and lime orchards.

Many of the shrewdest investors of today are buying orange and lemon groves as straight investment propositions. It is a well-known fact that citrus groves are yielding bigger returns on the money invested than practically all other types of fruit or farm lands.
