NEW PROPOSALS TO GIVE GERMANY FOOD FOR SHIPS
 Understood That Payments for Supplies Will Be Made From Three Sources.

ON PAGE FIVE
 The World draws the attention of its readers to a feature article against Bolshevism which appears on page five of this issue. It is the first of a series of twenty full-page articles on the same subject which will be published over a week until the series is completed.

HINDENBURG PLANS TO DRIVE AGAINST THE BOLSHEVIKI
 Will Use Volunteer Units and Operate From Libau as His Base.

DOMINION TAKES OVER NEW TRANSCONTINENTAL
 Sir Thos. White Announces This Action by Government by Order-in-Council—Places Hon. J. D. Reid in Charge—Includes Steamships, Hotels and Telegraph Company.

London, March 9.—The inquest on the bodies of the victims of the Canadian outbreak at Kinmel Park was formally opened today and adjourned until Thursday next, the coroner for Flintshire merely taking evidence of identification. Lieut. Edward Stenley, 1st Battalion, identified the bodies as follows:
 Private David Gillam, 20, 85th Battalion, home at Florence, Nova Scotia.
 Gunner Jack Hickman, artillery, who came from France as a casualty, having served in the 50th Howitzer Battalion and belonged to Dorchester, N.B.
 Corporal Joseph Young, 38, 2nd Battalion, next of kin sister, living at Pacific avenue, Rhode Island.
 William Haney, 22, artillery, of Talbot, Alberta.
 William Tarsasiewicz, nationality unknown, real name believed to be Tarko.
 No other evidence was taken.

London, March 9.—A riot on a miniature scale, occurring at Witley Camp, was mentioned at Guildford, yesterday, when the camp captain manager was fined ten pounds for selling for profit, cigarettes issued by the government. The cigarettes were issued to the Canadian troops free of duty, but the manager purchased large quantities and sold them at ordinary prices. The soldiers, thinking the authorities were cheating them, wrecked the canteen. The officer commanding the camp was assaulted when he tried to quell the disturbance, and had to be taken to the hospital.

Paris, March 9.—The plans adopted by the supreme council last night, under which the negotiations with the German authorities regarding the turning over of the German merchant ships will be resumed after their recent interruptions at Spa, provide for the holding of the sessions of the negotiators at Brussels. The allied delegates will leave Paris Wednesday for the Belgian capital, and the first session in the resumption of the negotiations will probably be held on Thursday in one of the government palaces there.

Further trouble in arresting persons alleged to be selling liquor was experienced Sunday afternoon, when the police in a heavy battle in a house at 125 Niagara street. After a struggle between plainclothesmen, Waterhouse and McMahon and fifty-two persons in the house, the police came out on top, but not until they had used their blivies freely and threatened to use revolvers.

Coblentz, March 9.—Field Marshal von Hindenburg is planning to use volunteer units in a drive against the Bolsheviki, with Libau as the base of his operations. It is indicated by information which has reached American intelligence officers.

Ottawa, March 9.—Acting Premier Sir Thomas White announced today that the government by an order-in-council under the war measures act had taken over the possession, control and operation of the Grand Trunk Pacific Railway and had placed Hon. John D. Reid, minister of railways and canals, in charge. The system includes the trunk line between Winnipeg and Prince Rupert, together with some branch lines in Saskatchewan and Alberta, some steamships and hotels and the Grand Trunk Pacific Telegraph Company. The official statement of the acting prime minister follows:

London, March 9.—Further details of the outbreak at Kinmel Park camp are now available. The special correspondent of The Daily Chronicle says the disturbances were started by a man, said to be of Russian origin, crying, "Come on, Bolsheviki," at 1.30 p.m. when the camp was preparing to go to bed. A rush was made for the guardroom, and members of the guard were quickly overpowered, and the rifles wrested from them. The rioters utilized these rifles as well as their own. In the attack on the stores they threw out every article, and then proceeded to wreck the building. They found some stocks of liquor, and, inflamed with drink, went on to wreck the canteen, and, finally, the officers' quarters, which were trampled in the mud.

London, March 9.—Another cordial send-off was accorded the Canadian troops today when the Princess Patricia's Canadian Light Infantry, the 49th Battalion, the 5th Mounted Rifles and the 9th Field Ambulance embarked on the Carmania. Nearly 3000 troops came direct from Brampton, accompanied by Major-General Loomis and Brigadier-General Draper. At the landing stage refreshments were served by Liverpool ladies. The lord mayor addressed each unit, and expressed the city's cordial feeling towards all Canadian troops, who throughout the war had earned the gratitude and admiration of the old country. Hearty cheers were given by the men for the lord mayor and "good old Blighty." The demonstration was renewed as the Carmania with the Princess Patricia's band playing left the dock.

It is understood that the payments will come from three sources—first, in the form of products, such as coal and potash; second, from credits which Germany has in neutral countries, which have thus far been unavailable because of the financial blockade and third, from foreign securities held by Germany.

James and John Paul of the Niagara street house, are said to have assaulted the police officers, and were arrested on charges of assaulting the police. James Paul is held on a second charge of selling whiskey. Suspecting that liquor was being sold in the house, Waterhouse and McMahon took up lookout positions yesterday afternoon. They approached a man leaving the house with two bottles of whiskey. The man said he paid \$5 a piece for the bottles. The police then went in. When they entered the kitchen they were ordered to get out. Waterhouse and McMahon insisted with the result that a number of men in the house armed themselves with pistols and shotguns. Paul brothers to fight with the policemen. Waterhouse and McMahon engaged in a slugging match with the men who were ordered to get out. Waterhouse was forced out on to Niagara street and the door locked.

London, March 9.—The elevation to the peerage of Sir George Ranken Askwith, chairman of the industrial council, was announced yesterday. Other honorees gazetted to go to Patrick Quinn, superintendent of the criminal investigation department at Scotland Yard, who receives a knighthood; and Baron Finlay, the lord high chancellor, who is made a viscount and to Sir Richard Atkin, judge of the high court, who is appointed lord justice of the court of appeal.

Ottawa, March 9.—Lack of definite information as to the return to Canada of Sir Robert Borden is strengthening the impression in the prime minister's office that the return of the minister will not be able to come home as soon as was expected. The idea prevailed ten days ago that he would arrive in the capital before the middle of April. It is now understood that it may be a month and perhaps six weeks later before he will be able to sail for home. In other words, it may be the middle of May or even early in June before Sir Robert is back. Returning Canadians allude to the heavy increase in operating costs it would be unprofitable to operate its system after March 10 to prevent great public inconvenience which would result from the road not being operated under the War Measures act.

CANADA WELCOMES HOME FIRST COMPLETE REGIMENTS

Halifax, N.S., March 9.—The Adriatic came in this morning with the 42nd Royal Highlanders. There were besides ten officers and 128 other ranks and the Northwest Mounted Police. The R. C. I. numbered 722 and the 42nd Royal Highlanders 697. With the mounted police or cavalry, the first units to arrive at the front, is Lieut. J. M. Tupper, a son of Sir Hubert. Before leaving Canada he was an inspector in the Northwest Mounted Police. The R. C. I. and the 42nd Royal Highlanders came up the harbor to dock at 11 o'clock. The craft on the water sounded steam whistles and the fire bells rang out a welcome.

TORONTO MAY BECOME NEW YORK OF CANADA

Member of American Commission Thinks City Has Wonderful Future.

Halifax, N.S., March 9.—The Cunard liner Toloa docked immediately after the Adriatic pulled out. She had 1100 on board, mostly English reservists returning to their homes in Canada. They left by rail in the afternoon.

Brothers in Tribulation!

"With the completion of Toronto's new harbor scheme you will sidetrack Buffalo's water trade to your own city," was the emphatic opinion of P. T. Roberts, one of the Erie harbor commissioners, who are at present inspecting the work in Toronto, with a view to emulating it on a similar scale in their city, Erie, Pa. Toronto with regard to the original layout of the land and water surrounding the improvements. "We have," said Mr. Roberts, "in place of your lake extremities, Lake Erie, on both sides, and instead of your bay, we have and Presque Isle Bay, the only one of the Ontario waterways which will be expended in Toronto, yet, with their first trip over the works yesterday, a commission decided to add an additional channel to their outlet to correspond with our western channel here.

GERMANY MUST BE FED ALLIES ALL RECOGNIZE

French Foreign Minister Says All Food They Require Will Be Sent—Defends Conference Against Charges That Work Has Been Slow.

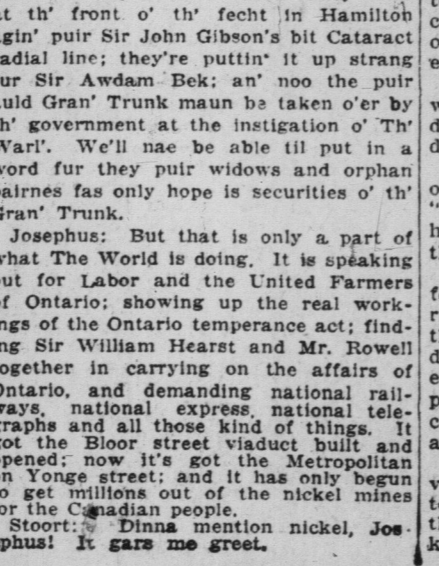

Paris, March 9.—Stephan Pichon, the French foreign minister, in his talk with the correspondents today, discussed the bearing of the food situation in Germany on the speedy conclusion of peace. He said that the urgent need of supplying Germany with food was the first condition for the peace negotiations to be resumed.

RETURN OF FOURTH DIVISION.

A letter from an officer in the 4th Division, now in Belgium, says that it will leave France for England on April 15. It will be there for 32 days each half of the battalion being given 10 days leave. After 14 days in quarantine will be back in Canada by the end of May.

NEW SPRING HATS FOR MEN.

There are a number of new blocks in men's hats for this spring. In fact, it might be said that the entire output of the English factories is something constant. The styles are very different from that of last season. The Dineen Company, who are sole Canadian agents for Henry Heath of London, and Dunlap of New York, announce that the entire new stock is now on sale.

GERMANY MUST BE FED ALLIES ALL RECOGNIZE

The allies were willing, M. Pichon went on, not only to supply food, but to accord credit to Germany, but Germany must first declare her willingness to live up to the conditions of the January Armistice.

Defends Conference.

The foreign minister defended the peace conference against the charges that its work had been slow, saying: "It may have seemed slow at first, but there has been much progress during the last few days. It should be borne in mind that the instructions to the commissioners to report on March 8, did not apply to important commissions which have been created since February 15, and which have been granted another week's time."

As soon as the terms of the German Peace have been concluded, M. Pichon said, the council would take up the Austrian peace which would involve the future boundaries between Italy and former Austro-Hungarian territory. The subject had already been discussed recently, but had not yet come before the council.

The council has adopted Premier Lloyd George's plan for regulating the future military strength of Germany, according to the minister, who confirmed the fact that this involves the abandonment of conscription in favor of a small professional army.

PLAYS, PICTURES AND MUSIC.

"Passing Show of 1918."
The attraction at the Royal Alexandra for this week only, commencing tonight, will be Lee and J. J. Shubert's New York Winter Garden revue, "The Passing Show of 1918." This huge, whizzing entertainment is coming to Toronto with 150 of America's greatest singers, dancers, and comedians, to say nothing of a chorus composed of 100 American beauties picked from the famous Winter Garden. The cast of principals contains the names of Willie and Eugene Howard, Irene Franklin and Burton Green, Roy Cummings, Fred and Adele Astaire, Will H. Philbrick, George Schiller, Dorsha, the Egyptian dancer, Violet Englefield, Tivward Basse, Emily Miles, Helen Carrington, Jack Hall, Leota Corder, Lillian Fernoy and Frank Hall. The scenic investiture is the largest and most gorgeous ever sent on tour. It comprises 25 sets, ranging from the interior of a popular Broadway cafe to the courtyard of the Palace of America, the most gorgeous setting ever conceived by an American scenic artist.

In addition to the regular Wednesday and Saturday matinees, special matinees will be given on Thursday and Friday afternoons.

At the Princess. David Belasco's best comedy success, which opens a week's engagement at the Princess tonight, deals with love, life and death, and the entire gamut of human passions. It is said to be clean in its language, sparkling in its wit, and to scintillate with humor that is exquisite unctuous type that is relishable by all classes of theatregoers, from the adolescent youth in the gal-

lery to those who are lovers and coyly clasp hands as they sit in the lower portions of the theatre. Mr. Belasco is sending a Metropolitan cast to give proper notice to an untimely story, and sends the original Belasco Theatre production to aid in its unfolding. Sartorial embellishments of the kind are part of its environment. Matinees will hold forth Wednesday (at popular prices), and Saturday afternoon.

Fiske O'Hara at the Grand.
The popular singing star, Fiske O'Hara, is at the Grand Opera House all this week with matinees on Wednesday and Saturday. He comes this year in a new three-act romantic farce by Anna Nichols called "Marry in Haste," and it is declared to be the best play he has ever offered. It concerns Lord Richard Levis, who marries in haste in the first act, and spends the rest of the time endeavoring to find out who his wife really is. The play is filled with amusing situations and witty dialog, while mystery and romance are among its chief delights. Mr. O'Hara has a new lot of songs which he sings in his inimitable fashion, and his supporting company is made up of players whose names are familiar to local theatregoers. The special orchestration which contributes so much to the enjoyment of the O'Hara audiences is again a feature of the performance.

Commencing with a matinee this afternoon the management of Shea's Theatre present as the headline attraction Leonora La Mar, "The Girl With One Thousand Eyes," who presents a surprising number of feats in mental mysticism. "Miss Juliet," a chic comedienne, will be featured in her own original one-girl revue. Felix Adler, the clever comedian, is assisted by Emma Roos in a nonsensical melange which he calls "What Fools We Mortals Be." Bill Bailey and Lynn Cown, masters of synecopation, have a repertoire of pleasing songs. Emma Hag and Lou Loolett, newcomers to Shea's,

have an attractive offering. Allen Rogers is a distinguished American tenor. Orville Stamm in feats of strength; the Brads, in sublime capers, and The British Canadian Pathé Revue are also included in the bill.

At Loew's Theatre.
Norma Talmadge, featured in the role of a young Indian princess in "The Heart of Wotona," and Charles Chaplin in a revised edition of "A Night at the Show," share the film honors of this week's bill at Loew's Theatre and Winter Garden. Six all-star vaudeville features will be headed by J. K. Emmet, the legitimate star and producer, assisted by Mary E. Ryan & Co. in "Wieland," a musical romance, and the Ziegler Sisters, Myrtle and Adelaide, offering their latest conception of dance synecopation. Creamer, Barton and Sparling, in comedy singing and talking diversion; Holden and Harrow, offering a new line of dialogue and song hits; Kane and Herman, original comedians; Watiska and Understudy, wonderful performing seals; Loew's British-Canadian Vaudeville, and "Mutt and Jeff" animated cartoons, are other entertaining features programmed.

Mix at Hippodrome.
Tom Mix, the noted western character actor, under the direction of William Fox, comes to Shea's Hippodrome this week in another of his smashing western pictures entitled "Treat 'Em Rough." The picture is as full of thrills as an egg is of meat and contains a climax that will cause one to wake from sleep at night. The Teetee troupe of Japanese equilibristas have a surprisingly clever acrobatic offering while Archer and Carr are featured in new songs and dances. The Lubo Meroff Trio are clever singers, dancers and instrumentalists. La Salle and Lorette, two dainty maidens with an original novelty; Philbrick and Devean in a smart comedy-dramatic sketch; the Hartwicks presenting an

actural novelty, and the Patie News and Comedy complex the bill.

At the Gayety.
Mollie Williams' spectacular offering entitled "The Spanish Vampire," is expected to fill the Gayety to capacity at every performance this week. Miss Williams enjoys the enviable distinction of being the only woman holding a franchise on the Columbia Burlesque Circuit. That she is making good can best be determined by the number of people who see her greatest show twice daily. "The Garden of Peaches," and "The Blue Devil Girls," form the first part, while "A Day at Coney Island," giving Miss Williams an excellent opportunity for her inimitable impersonations, closes one of the best burlesque shows, the popular Gayety has ever housed.

"The New World Beaters."
The coming of a new Wallace Reid picture is a real event. Of all male screen stars who do not depend on tricks or stunts, he occupies the highest peak of popularity. This popularity is based on out-and-out good acting as well as good looks. The Paramount picture, "The Dub," in which Wallace Reid will be seen at the Strand Theatre today, also Tuesday and Wednesday is one of real excellence. He appears in the role of a young man who is mistaken for a dub by a gang of business crooks. He turns burglar—a of good reason and, after a lot of odd adventures,

proves himself a regular fellow in the eyes of the crooks and also in those of a very charming girl. The story is cleverly told—full of adventure, suspense, fun and just the right coloring of romance. "The Master Mystery" will be shown Monday, Tuesday, and Wednesday.

Dustin Farnum at Regent.
One of the sweetest stories of the pictures, entitled "The Light of Western Stars," is the feature attraction at the Regent Theatre this week, commencing today. That delineator of western characters, Dustin Farnum, is in the lead and plays the part of Gene Stewart who wagers that he'll marry the first girl that comes into the western town. There is plenty of action in the story and it is the type of picture that the average person thoroughly enjoys. The Regent orchestra, which will give music from everywhere and the famous Regent orchestra are included in a very fine program.

Allen's Bloor Ooons Tonight.
Toronto's latest motion picture theatre, Allen's Bloor, opens with a wonderful program tonight. This latest addition to the long chain of Allen Theatres throughout Canada, marks a new milestone in motion picture theatre construction. No expense has been spared in making this the most pretentious and modern of suburban theatres.

Tonight's opening will be a most informal one being in line with the democratic policy of the Allen management. The feature will be Cecil B. De Mille's special production, "Don't Change Your Husband," which has been declared by critics to be one of the best film productions of the year. For the last half of the week, the management will present Maurice Tourneur's famous production of the great Drury Lane melodrama, "Sporting Life." It can be seen that both of this week's offerings are of the highest class, and it is just a forecast of

the wonderful pictures which will be presented at the Bloor Theatre.

Marguerite Clark at Allen.
Marguerite Clark has a most delightful role in her latest Paramount production, "Mrs. Wiggs of the Cabbage Patch," which is the featured attraction at the Allen all week. In her latest offering, Miss Clark has the role of "Lovely Mary," which will add to her popularity as a screen artist of exceptional merit.

The second of the series of Canadian Travelling pictures produced by the department of trade and commerce, a rollicking Mack Bennett comedy, "East Lynne With Variations," and an All British Weekly complete an exceptional program.

T. M. A. Benefit.
Headline acts from all of the leading Toronto theatres will be offered in the big performance of the T. M. A. benefit show, Friday afternoon in the Princess. This year the lodge has arranged such a lengthy program that the curtain will rise for the first call sharp at 2 o'clock. An orchestra of 50 pieces will render the music for the 34th annual event.

"Common Cause" at Madison.
All lovers of a great photography spectacle—men, women and children alike—should make sure of seeing "The Common Cause," J. Stuart Blackton's masterpiece, at the Madison Theatre today, tomorrow, and Wednesday. The presenting cast is an all-star one and the photoplay is unique from every angle—like in exactitude of photography, in superb magnitude and in human heart interest.

"Polly With a Past."
At the Princess, the week of March 17, will be seen one of the most pleasing of this season's offerings in the form of David Belasco's superb production of "Polly With a Past." The same splendid New York cast will be here, including Iva Claire, the newest Belasco actress, who by her exceptional talent has made a single season won her place

in the front rank of the American actresses, Cyril Scott, H. Reeves-Smith, Herbert Smith, George Stuart Christie, Thomas Reynolds, Betty Linley, Louise Galloway, Adah Barton, Paulie Verdi, Lloyd Neal and Inez Sprague.

"Leave It to Jane."
At the Royal Alexandra, beginning Monday evening, March 17, William Elliott, P. Ray Comstock and Morris Gest will present for the week, with matinees on Wednesday and Saturday, the musical comedy sensation, "Leave it to Jane," which was such a hit in New York, Chicago, Philadelphia and Boston. The original company plays Toronto direct from its success of six months at the Longacre Theatre, New York; six months at the La Salle Theatre, Chicago; four months at the Chestnut Street Theatre, Philadelphia, and three months at the Majestic Theatre, Boston. Seats will be placed on sale Thursday morning.

"Bringing Up Father."
The popular cartoon musical comedy "Bringing Up Father at Home," will be the attraction at the Grand Opera House week commencing Monday, March 17, and this latest edition of fun and music is said to be the most entertaining of the series. The sale of seats is now open.

REWARDED FOR BRAVERY.
Boysish heroism was recognized on Saturday night, when the Royal Canadian Humane Society conferred its medal for saving life on Harry Drake, aged fifteen, of this city. The presentation was made at Central Y. M. C. A., in the presence of some three hundred of Drake's fellow-members, assembled at a "Trail Rangers" banquet. The act which the medal rewarded was the saving of William Peacock, who had apparently drowned in the Don. Young Drake dived no less than seven times before he could locate the drowning boy and bring him to the surface.

CANADIANS LACK NATIONAL IDEALS

Rev. Dr. Bland Says That the People Think Too Much of Money.

COUNTRY NOT UNITED Likens It to a Ship Drifting Helplessly to Destruction.

Canada's most urgent need, said Dr. Bland, speaking in Broadway Methodist Tabernacle last night, was a national ideal. Without this no people had ever reached greatness.

"A main factor in the amazing part of the history of Greece had been the common Hellenic consciousness. Despite the rivalries of the little city states the ancient Greeks were unified and inspired by the consciousness of their distinctness from the surrounding peoples who were not altogether untroubled in designing barbarians, the consciousness of this political freedom, their intellectual and artistic activity, their pursuit of physical and mental perfection," said Dr. Bland.

"To ascribe," he continued, "the vast and wonderfully enduring empire of ancient Rome to mere brute force or lust of conquest would be unjust. The greatest factor in the building up of that empire was the Roman ideal, that patriotism and self-subsidiarity that impressed the quick-witted and artistic, but less disciplined Greeks with a kind of awe; a reverence for law and order, and a sense of justice only surpassed by the similar traits that in a kindred race in modern times have built up even a vaster empire, a consciousness of a divine mission to establish the right and to bring about a new world."

"It was a common consciousness that united and inspired the great days of Elizabeth. Englishmen felt they were the world-champions of civil and religious freedom against the blighting bigotry and tyranny of Spain. England, they felt, stood for something heroic and unspeakably precious. But no movement in history, perhaps, shows more strikingly why a national ideal counts for a people than the French revolution. The tremendous enthusiasm that started, and almost subjugated Europe was born of the sentimentality men to intoxication, of being the first of peoples to win freedom, and of a sacred mission to help other nations to cast off their tyrants.

"Nothing explains so well the distinctive worth and achievements of the United States as the saying, often on the lips of the people that has been this common consciousness which has lured men to her from all lands, enlarged and inspired them, and filled them with a passionate devotion to the country which gave them liberty."

"The noblest example, however, of a national ideal for a people is seen in the history of Israel. A little people, distinguished neither intellectually nor artistically, of negligible military prowess, and commercially insignificant, has won the supreme place in history by its consciousness of being the people of the one true God, Jehovah.

"If no people, then, has played a great part in history, if no people, indeed, has attained nationhood, that has not been vituperated and inspired by a national ideal, it is with the deep interest we ask what is the Canadian ideal? Is there a Canadian consciousness? Why should there be a Canada? Would the world miss anything if Canada were submerged in the neighboring republic and the very name forgotten?

"So far as I have been able to learn very few Canadians have any national ideal that is not expressed in population, business of wheat or millions of export.

"The very name, Canadian, outside of the glorious meaning that the heroes of Ypres and Vimy and Cambrai have given and has a meaning for war not for peace, has no meaning except geographical and political. It stands for a large region on the map with plenty of room for more people and yet with its few people far from happy. We must give it a meaning, and a high meaning. We are not contented. We are not united. Even the war with its tremendous demand for unity and devotion has not been able to unite us. If it has obliterated some of our divisions, it has accentuated others. There is no English-speaking country, at least, so ill-prepared for the storm now breaking on the world as Canada. It is drifting into the rapids, the crew quarreling and no captaincy in sight. We have a section pitted against section, race against race, class against class, and the soldiers a powerful and an unknown factor.

LABOR NEWS

UNIONISM SHOULD ACT INDEPENDENTLY

That trades unionism should bear the responsibility of independent political action was the theme of an address by Fred Bancroft before an open meeting of the Independent Labor Party of Toronto, Sunday afternoon, at the Labor Temple. It is, however, an unfortunate fact, said Mr. Bancroft, that labor men who endeavor to champion the cause of their fellows in the house of commons, are subjected to more vilification and abuse than even the ordinary party politician. Imagine to yourself, Bill Jones, who thru years of the midnight canvass, has light and integrity, finally attains to honor as a representative of the people, and then a slight deviation from the path or some slight error, and vituperation meets him on every side. This is a regrettable fact.

Continuing, Mr. Bancroft expressed the opinion that for the man whose class consciousness is prevented him from joining the ranks of trades unionism, there was little hope. His class consciousness was very elementary in its nature. The trades union movement was undeniably sound at heart. Its leaders had not only changed conditions materially for the better, but had themselves been thru the fires of bitter experience. This was the only movement which was clear upon the basic needs of the workers. It was very clearly shown that labor leaders had gained their spurs upon the field of economic warfare. If Jim Jones or John Doggett, or Bill Longdon were good enough for places around the arbitration board, why then, would they not be good enough for the political arena? Politics, said the speaker, was a business of importance, not a mere electioneering vista of hand-shaking. C.M.A. representatives had fought well for their kind in the commons and in the senate. So should the representatives of labor. The manufacturing interests had again and again tried to have a well regulated old age pensions act passed. Too much expense was the cry of the house. Oh, yes, but the easy passage of a bill to pay \$10,000,000 to the Mackenzie and Mann interests was merely good business.

With regard to the statement of Mayor MacBride of Brantford that he had been called upon to move to Toronto to take up work in connection with the labor movement in the Queen City, local leaders of the Independent Labor Party professed ignorance of any such request. "Mind you," said James H. Ballantyne, president of the Independent Labor Party of Toronto and affiliated branches, "I can speak only for Toronto. I am not a member of the provincial executive. So far as such invitation was issued to the mayor of Brantford."

Looters of Summer Cottages Receive Stiff Jail Terms

Parry Sound, Ont., March 9.—The trial of Medd Matney and W. M. Rowe, caught looting cottages and houses while the owners were temporarily absent, was held here this morning. Rowe looted the summer cottages of Benjamin Allen, of Toronto, at Bolger Lake, and the two of them looted houses in town and in the township of Foley. At the trial, Matney pleaded guilty to robbing from four houses and was sentenced to one and a half years, in Kingston penitentiary, the sentences running consecutively, making six years in all. Rowe, on account of his youth and with the hope that he might reform, was given three years in the Port Arthur reformatory.

JAMES T. GUNN GOT SEVERE HECKLING

Braves the Open Forum and Speaks to Members on "Democracy."

James T. Gunn of police fame braved the terrors of the Open Forum on Sunday afternoon. He said a number of hard things about socialism. Not that he was billed to attack socialism; his subject was "Democracy." But Mr. Gunn found it impossible to speak on that subject without exposing some of the weaknesses of socialism in practice.

A meeting of the Open Forum for the average bread-and-butter citizen is an extraordinary thing, both to see and hear. One realizes how cosmopolitan the city is growing and how complex Canada's politics has become.

Some even complain that the chair is autocratic, but the chairman, Professor Alfred DeLury, has announced that he will defend the right of the chairman to be autocratic to the last ditch. In opening his address, Mr. Gunn said that socialism was an organized movement based upon democracy, which had failed to achieve its purpose, owing to oligarchic tendencies and conditions which had developed in the movement. This had especially been the case in Germany, where a member of the socialistic party put up with a discipline almost military, and had no freedom of thought or action. So much had this been the case, that Carl Marx, on one occasion, had appended the names of two British delegates to a manifesto without even consulting them as to their ideas on the matter. Starting as democracy, the organization had degenerated into a dictatorship.

Because men express socialistic ideas it did not follow that they put them into practice, said the speaker. He said that a group of syndicalists in the French chamber of deputies, who refused to give one-fifth of their salaries, each three thousand dollars per annum, for the benefit of the party cause, and who had reached that position as representatives of the party. "Expediency and not democracy has been the ruling factor in an organized Socialist movement," said Mr. Gunn. "Expediency and opportunism in every form."

BIG INCREASE TO USE OF BOOKS IN LIBRARY

The use of books in the Toronto Public Library for the month of February, 1919, was remarkable. While in February of last year the increase over corresponding month of the year previous was \$400, in February of this year it is over \$500 over that of last year. The increase in the use of books by boys and girls was alone over 4000.

The Frozen Breath of Bolshevism

If Bolshevism comes to Canada it will do here what it has done in Russia and what it seeks to do in Germany.

LIBERTY will be destroyed, because Bolshevism means that one class shall rule over all other classes.

PROPERTY will be confiscated without payment to its owners. Your house, your household belongings if you do not own a house, your savings in the bank, your Victory Bonds—you will lose all these.

FOOD will be put beyond the reach of all except those who can seize it by brute strength, for Bolshevism takes the farmer's land, eats the food that is in sight and makes no provision for tomorrow.

LAWS will be annulled and the whole social system thrown into chaos. There will be no courts to adjust wrongs; no punishment for wrong-doers.

GOVERNMENT will be transferred from the elected representatives of the people into the hands of committees, or soviets, without any central authority—without legislatures or parliaments.

WOMEN AND CHILDREN will be the property of the state. One of the soviets which set the fashion in Russia—the soviet of Vladimir—has already decreed that all women over 18 must register at a bureau of free love and there hold themselves subject to the will of any man who may order them to follow him.

RELIGION will vanish when respect for law and for women and children vanishes. Bolshevism worships not the God of our fathers, but License.

Russia, after her months of Bolshevism, is almost a desert, with millions of her people dead and other millions dying of famine; her industries paralyzed; her government in the hands of ruthless assassins; her law-abiding men and women either murdered or living in hiding, stripped of everything they possessed.

The Canadian idea guarantees every man a free and open opportunity to share in prosperity and happiness. The workman of today may be the millionaire of tomorrow. Labor to be efficient and productive must co-ordinate with capital; both must live under the laws which are made by the elected representatives of the people.

Our greatest bulwark against Bolshevism must be the intelligence, the thrift and the patriotism of the Canadian workman.

JUSTICE NEEDED FOR THE ALIENS

J. G. O'Donoghue Moralizes Upon Need of Treating Aliens With Justice.
That the popular clamor against the friendly alien which had its rise in the veil of uncertainty, was forgotten altogether of the reason for which the allies went to war, and that unless the push to be educated in some way as to the need of exercising justice in its relations toward the friendly alien grave injury might be done to him, was the most pronounced opinion expressed last night by J. G. O'Donoghue, K.C., in the course of an address before a large audience at the People's Forum held at St. George's Hall, Elm street.

women, at all manners of work, as well as many other factors dealing with the betterment of the worker generally. He recalled the early 80's when unemployment was rife, and the black flag was paraded thru the streets of Toronto. He recalled the day when organized labor energetically opposed the system of bonus-immigration of the so-called alien into the country, when the alien was literally advertised into the country of honey, full, unfortunately, of bitter stings for that same alien. Employers had claimed that the advent of the alien would stabilize industry in that he would do all the dirty jobs, but when that same alien became a competing factor against the everyday worker in the Dominion, the real alien cry made its first appearance. Induced to enter the country thru a system of organized misrepresentation, the European once he gained his feet was made the butt of vituperation from every quarter.

WASAPIKA GOLD MINE

Latest Development Attracts Attention of Mining Men

West Shining Tree is one of our most prominent gold fields, and it is now rapidly recovering from the adverse conditions created by the war. Unfortunately, none of its near mines had obtained a real start before the great conflict began. Even hundreds of thousands of tons of rich ore blocked out cannot be turned into money without a mill or some adequate machinery for reducing it to bullion, and it was not possible to assemble a sufficient plant until the present year. Even a rich property like the Wasapika Gold Mines was compelled to mark time or else pay double the normal prices for the erection of a mill.

The gold mining district of West Shining Tree is very well situated. In fact it is in the very heart and centre of the great mineral region of Northern Ontario. Porcupine is due north 60 miles; Cobalt is east and Sudbury, our oldest mining field, is about the same distance south as Porcupine is north.

But geological conditions are far more important than mere geographical position, and West Shining Tree has been specially favored in respect of its gold-bearing formation. We find there the same basement rock as at Porcupine, and though the shear zones are not usually as wide as in the older camp, they are on the whole better defined. There are also a greater number of igneous intrusions, including granite and syenite of the Algonquin epoch, as well as dikes of Olivine diabase.

Fracture, intense heat and pressure, together with the free circulation of hot vapors, are all necessary factors in vein formation and the deposition of gold, and these have all been very pronounced in the vicinity of the Wasapika Gold Mines of West Shining Tree. Under conditions such as these a large amount of gold would be brought up in solution from the region of fusion, and would also be leached laterally from the adjoining rocks. In geological parlance there would be lateral secretion, as well as infiltration from ascension, and both on an extensive scale.

The auriferous veins of West Shining Tree cannot be otherwise than deep-seated, and besides, all the conditions combined to make them large and to give them high values in gold.

Dynamic action was intense on the Wasapika Gold Mines, and besides, it continued throughout long periods of geological time. The great Ribble vein is one of the latest and strongest in the camp. It can be traced by numerous outcrops for over 2 miles, and it is a fact in mining geology that where there is great length there is also great depth, and this also involves a well-founded presumption of a high content in the precious metal.

The Ribble vein has been uncovered for 2,000 feet on the Wasapika Gold Mines. It has been very carefully sampled by George R. Rogers, E.M., and over 100 samples were submitted for assay at the Government Assay Office in Toronto. Out of this unusually large number there was not a single blank, while the average was unusually high, and values very even for surface ore.

It is scarcely fair to submit any property to the rigid test of mere surface examination. Even the McIntyre, one of the big mines of Porcupine, cannot compare with the Wasapika in this respect. Above 600 feet 600 and 1,000 feet, and lower down they still show a marked increase. On the Hollinger Consolidated there has been a marked improvement below 300 feet, and this has continued to much greater depths.

The Ribble vein has been deformed, dislocated and folded by intense dynamic action, but this has not affected the deposition of gold. On the contrary, Waldemar Lindgren, of the United States Geological Survey, says regular in their composition and folded are considerably richer than veins more in the Kolar field, Southern India. This has also been proved at the Mysore Mine in the Kolar field, Southern India. In fact, in places it doubles back on itself. Its values in gold are, however, very even and consistent, as well as unusually high. Its production is about \$100,000,000, and J. Malcolm MacLaren, D.Sc., the eminent geologist, describes it as "certainly the most notable sheet known in the history of gold mining."

The Ribble vein has all the geological earmarks of a great gold producer. The dynamic metamorphism in this vicinity must have been very great, and thus an adequate channel has been formed for the segregation, ascension and deposition of the gold. The metal cannot gain access to a massive or solid and impervious rock, hence the importance of ore channels, which in this case seem to be due to contacts between different formations and to fissuring, shearing and shattering from the surface down it may be to the horizon of flowage.

Very strong evidence as to the value of the Ribble vein has been furnished by Reginald E. Hore, B.A., Editor of The Canadian Mining Journal, and a very reliable authority. In an article published on the 11th of August, 1918, Mr. Hore stated that this was one of the most promising deposits in West Shining Tree. He also went on to declare that those familiar with the gold deposits in Northern Ontario would find the altered wall rock from the Ribble vein to be quite similar to the grey ferro dolomite at the Hollinger Consolidated. And he adds that so far as their composition affects them, the wall rocks are kindly disposed. They have been much altered and saturated with carbonates, and then the fissures have been filled with auriferous quartz.

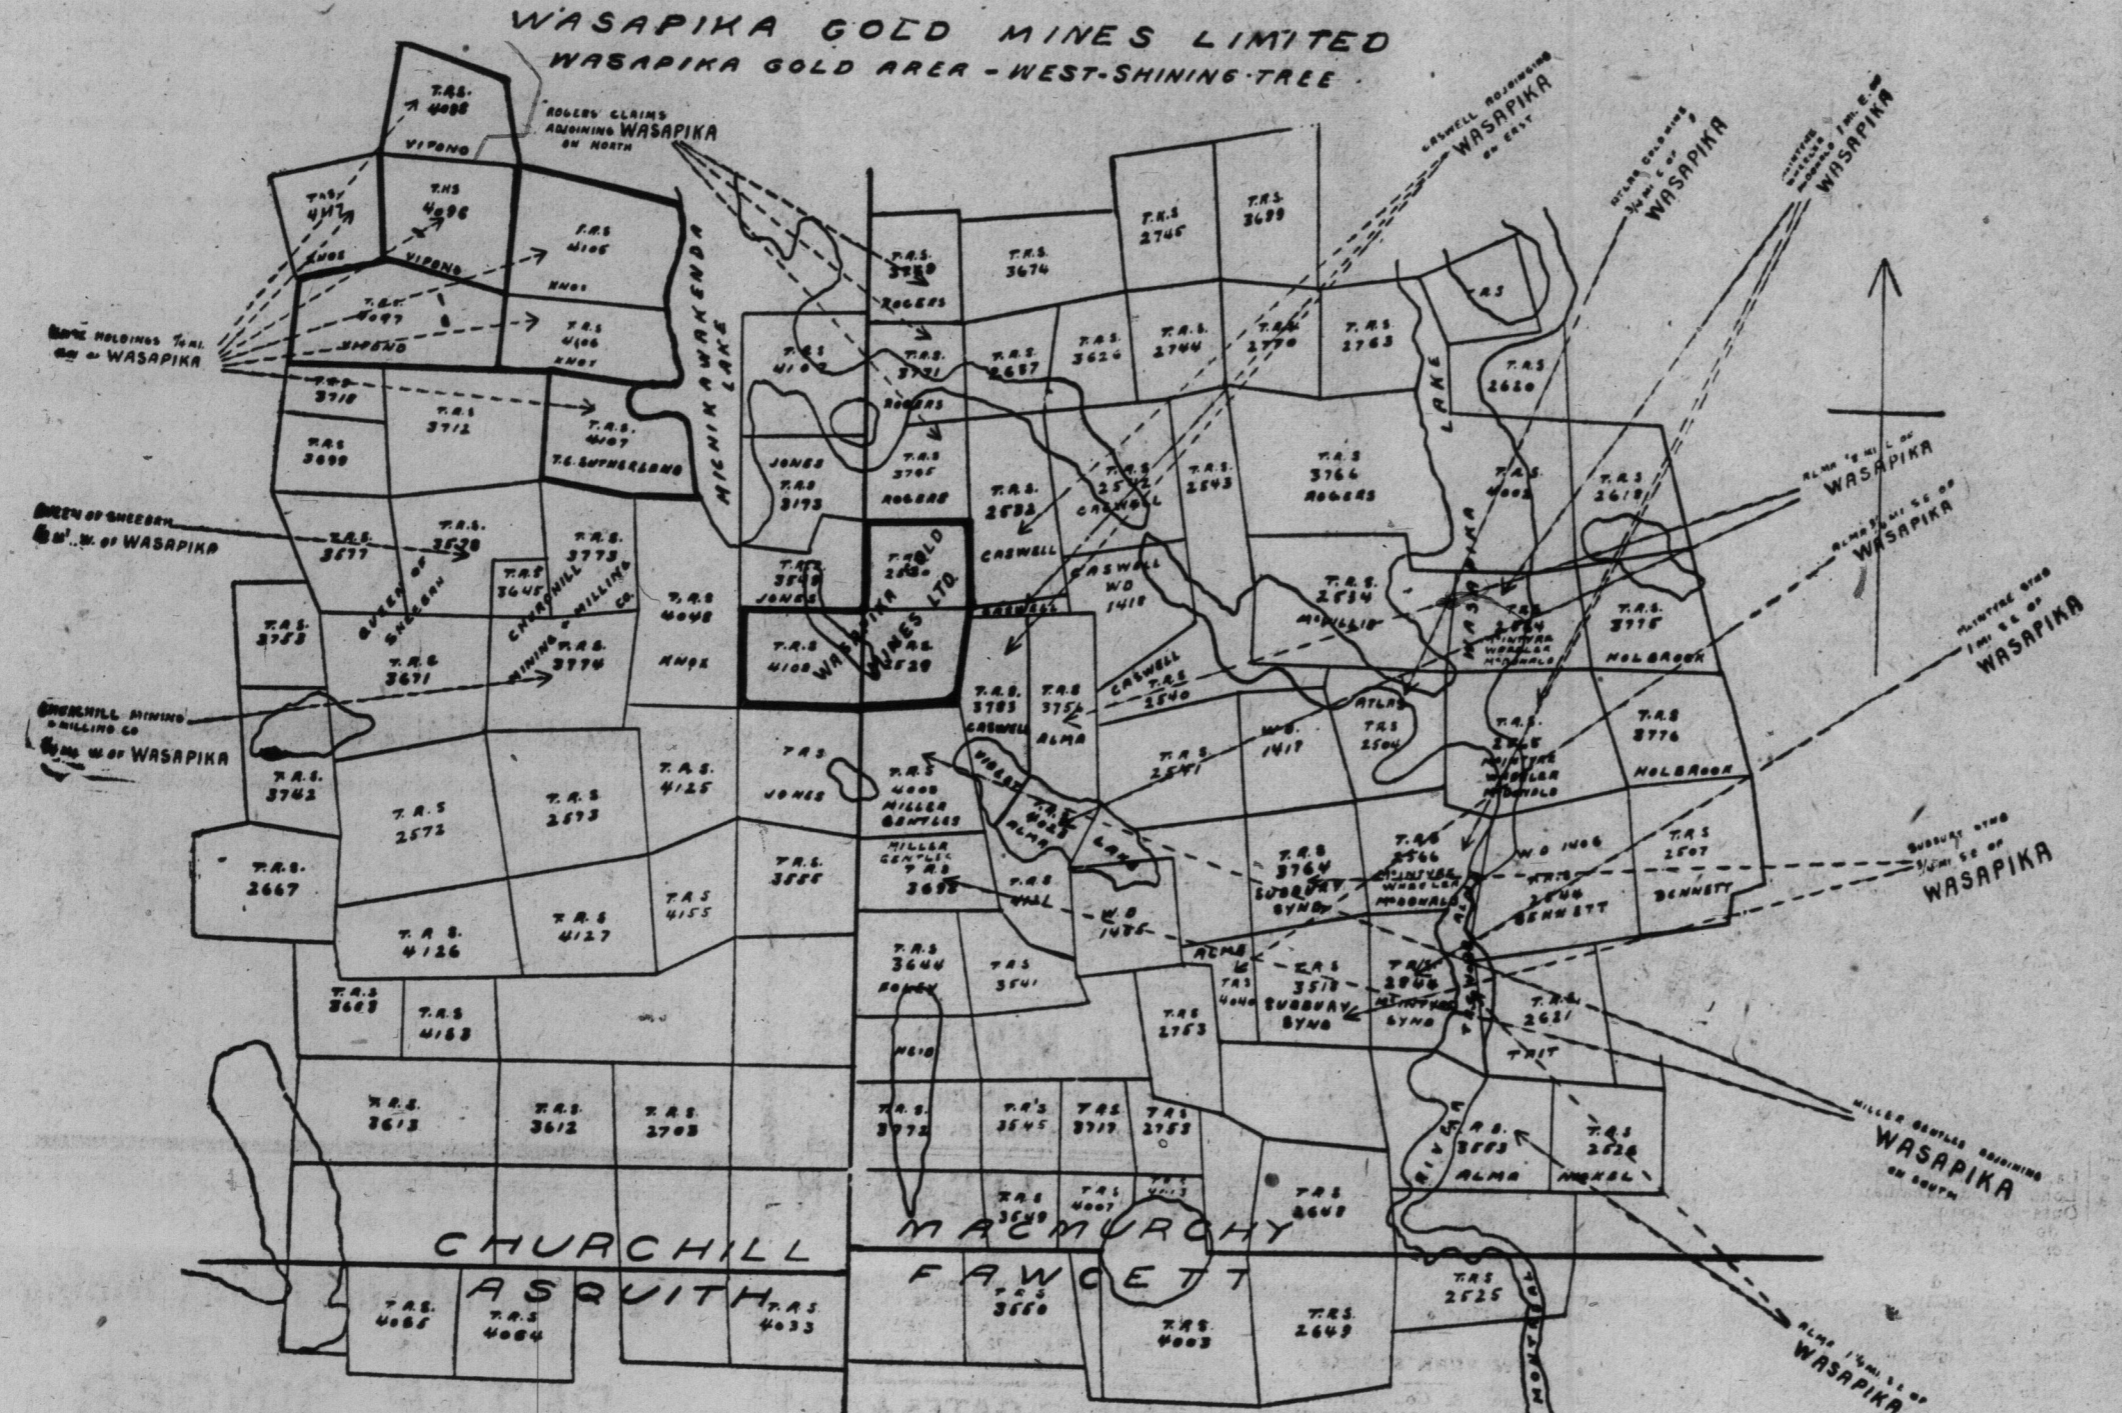

In fact the type of the Ribble vein is largely that of the Hollinger Consolidated, and West Shining Tree itself is very closely related to the great Porcupine camp.

The Ribble vein occupies a contact between andesite on the east and rhyolite on the west, the two formations being about sixty feet apart. And Mr. Rogers, who has been in charge of the work from the beginning, thinks that the whole contact zone will carry payable ore at a moderate depth.

It is significant that the favorable results of development at the Wasapika Mine have led to the sale of the Knox property adjoining on the west. \$50,000 has been provided by American capitalists to carry on operations at this property during the present year. The property is financed by men well known in mining circles across the border and they acted only after the most careful investigation. Mackenzie & Mann have lately acquired large interests at West Shining Tree and throughout the whole camp there are now many signs of great material progress.

Released from the incubus of the war, the Wasapika Gold Mine will be pushed rapidly to the productive stage. As the supply of labor increases it becomes more efficient, because it is possible to select the best. Then every reduction in the cost of food, or in steel, explosives, chemicals or machinery adds directly to the profits of gold mining. There is as difficulty in marketing the product. In fact, a premium can be obtained on all gold bullion, owing to the rate of exchange between the United States and Canada.

The Wasapika Gold Mine is now in a very advantageous position. The necessary machinery has been moved to the mine, and a year's supply of provisions are on hand. A very considerable tonnage of ore has been blocked out. In fact, sufficient to justify the erection of a mill during the coming summer. Most of the material for this is already on the ground. It should at once take its rightful place as the premier mine, the Hollinger Consolidated of West Shining Tree. S. R. CLARKE.

HAMILTON NEWS

Hamilton, March 9.—Forty returned soldiers who came over on the transport Cassandra arrived home in Hamilton on Saturday afternoon and were accorded a very enthusiastic reception at the Hunter street station.

Ten-year-old Russell Taylor, son of F. W. Taylor, 19 Mintie avenue, was killed on Saturday afternoon when struck by a motor truck at Barton street and Mintie avenue.

Dr. A. G. Grant, speaking in St. Andrew's Presbyterian Church today, declared that Sir Sam Hughes' charges of wantonness of Canadian soldiers' lives at Montevideo were unfounded.

A banquet to 400 returned war heroes will be held in Hamilton on Thursday, March 20, under auspices of the Hotel Royal high school education for boys and girls in the rural districts.

Dr. J. L. McBrien of the federal bureau of education, Washington, D.C., addressing the members of the Canadian Club in the Royal Canadian Hotel on Saturday night strongly advocated the continuation of the school system in the rural districts.

It is stated that announcement as to which city will be chosen for the site of the international live stock show will not be made until April.

Visiting preachers on Sunday in Hamilton included Dr. W. H. G. Thomas, who spoke to the congregation of St. Peter's and Rev. Capt. J. E. Reyroff, who spoke to the Men's Club at Barton Street Methodist Church.

MILITARY POLICE EXCHANGE SHOTS

In Raid on Defaulters at New Germany—Constable Badly Injured.

Guelph, Ont., March 9.—There is ample evidence that there are a large number of Germans still in Canada. This fact can be proven by the Dominion Police, and the squad of men he took with him out to the village of New Germany, a small German settlement about nine miles from Guelph and about the same distance from Kitchener, on Sunday morning. As the result of their trip one of the Dominion police, Constable Geggan by name, is in the General Hospital here suffering from a severe shot wound in the top of the head, while some of the others are badly used up.

The raid was almost a foot deep when four autos, with three men and a driver, in each one, sallied forth on their mission. Two of the cars went direct to New Germany, while the others went on further to St. Asgath, St. Jacobs, and the district in the vicinity of Kitchener. It was the first two crews which met with resistance. They drove direct to the home of Joseph Hummel. They placed under arrest Joseph Hummel, his son Charles, and Linus Zinger, his son-in-law, the latter having only just recently been married. From the Hummel home the police drove to the Berbuich farmhouse. Here they were after Tony and George Bersuich, of whom it has been said they would never be taken.

It was shortly after 5 a.m. when they arrived and Constable Geggan, who was armed with the necessary papers, went in. The door was forced followed by Constable Forsythe, which they had made down stairs, and George upstairs and they were prepared for emergencies. When Geggan got about halfway up he saw following a stroke on Friday last. He never regained consciousness. The late Mr. Crawford was president of the local Scout Association.

TENANTS FILE OBJECTION TO CHANGING LANDLORDS

Do Not Want Housing Company Taken Over by Trust Corporation.

As a result of the proposal to turn over the properties of the Toronto Housing Co. to the Trusts and Guarantee Co., the tenants of the apartments are up in arms, and are circulating the following petition which is being largely signed, and will be presented to the city council at its sitting today.

The undersigned tenants of the Toronto Housing Co. respectfully submit that the proposal to hand the property over to a real estate corporation to be managed by them, should if possible be prevented for the following reasons:

First, the Toronto Housing Co. was organized to improve housing, and on that plan, obtained the guarantee of \$500,000; that constitutes it a public trust. The proposal to commercialize it is in utter disregard of such public responsibility.

Second, we understand the cause of its losses are first, war conditions, and second, its undeveloped property, rather than the cost of management. Third, we believe the proposed change will result in increased rentals and a rapid deterioration of the property.

In justification of bringing this matter to your attention, we beg to quote from the company's first published report as follows:

"In undertakings which by their nature create a value which is the direct result of government co-operation, such value (after providing for the repayment with interest of the private capital employed) belongs to the public, and the eastern portions of the Canadian Dominion, all here for the birthday of No. 838.

"The B'nai B'rith is not an Irishman's association, as many apparently believe. Quite otherwise. It is a world-wide organization that has taken upon itself the mission of uniting the people of Jewish faith, of increasing their highest interests, and those of humanity, of developing and elevating the mental and moral character of the people of Jewish faith, of inculcating principles of philanthropy, honor and patriotism, of alleviating the wants of the poor and needy, visiting the sick, coming to the aid of the persecuted, providing for, protecting and assisting the widow and the orphan, all on the broadest principles of humanity.

MONTREAL PRODUCE.

Montreal, March 8.—Prices for both oats and barley closed today at a much higher level than a week ago, but the demand was again very limited from all sources, and the volume of business light. Car lots of Ontario extra No. 2 barley were quoted at \$1.07, No. 3 at \$1.06, No. 4 at \$1.05, and Manitoba sample grades at \$1.01, No. 2 Canadian western oats at \$1.02, No. 3 C.W. at 79c, extra No. 1 feed at 80c; No. 2 feed at 72c; Ontario No. 2 white 74c, and No. 3 white 71c per bushel, ex-store.

With continued favorable producing weather and comparatively heavy receipts during the first half of the week, and prices receding, a decline amounting to 1c per dozen.

The feature of the milled flour market this week has been the strong feeling which has prevailed in the market, and prices are steadily tending to the reduction in the cheese situation, and the somewhat scarcity of finest creamery, and no new developments are expected until about the first week or so of next month.

Oats—Extra No. 1 feed, 80c.
Flour—New standard grade, \$11.10 to \$11.20.
Shorts, \$4.25.
Meal, \$4.
Hay—No. 2, per ton, car lots, \$24.
Cheese—Finest easterns, 24c to 25c.
Butter—Choice creamery, 55c.
Eggs—Selected, 38c; No. 1 stock, 35c.
Potatoes—Per bag, car lots, \$1.75.
Dressed hogs—Abattoir killed, \$24.50 to \$25.
Lard—Pure, wood pails, 20 lbs. net, 29c to 29 1/2c.

EAST BUFFALO LIVE STOCK.

East Buffalo, March 8.—Cattle receipts 400; steady.

Calves, receipts 100; 50c lower, 500 to \$21.50.

Hogs receipts 1,800; strong; heavy mixed and Yorkers, \$20.00; light yorks \$19.25 to \$19.50; pigs, \$19.00 to \$19.25; throw outs, \$16.00 to \$17.00; stage, \$12.00 to \$13.50.

Sheep and Lambs, receipts 600; lambs 25c higher; lambs, \$12.00 to \$20.00; yearlings \$11.00 to \$17.50; others unchanged.

WINNIPEG MARKET.

Winnipeg, March 8.—Receipts at the Union Stock Yards today were 200 cattle, 8 calves, 184 hogs and 163 sheep. Cattle and hog market steady at Friday's quotations.

Country Markets—Green beef hides, flat, 18c to 20c; green, 16c to 17c; deacon and cow, 15c to 16c; horsehides, country take-off, No. 1, 25c to 30c; No. 2, 20c to 25c; No. 3, 15c to 20c; No. 4, horsehair, farmer's stock, \$25.

Tallow—City rendered, solids, in barrels, No. 1, 11c to 12c; No. 2, 10c to 11c; No. 3, 9c to 10c.

Wool—Unwashed fleece wool as to quality, fine, 50c to 55c; washed wool, fine, 75c to 80c.

In the county court yesterday Judge Winchester and a jury awarded Maxwell Andrew \$500 in his claim against the Ault and Whorby Company, as damages for injuries received when he was struck by defendants' motor truck while riding a bicycle.

U. S. War Board Refuses to Further Fix Price of Pork

The action of the United States war board in refusing any longer to guarantee the American farmers a minimum price of 17 1/2 cents a pound for pork, and which becomes law today, did not have a very bad effect upon the Buffalo market. The market, the price on Saturday closing at 20 cents a pound. The guarantee has been effective from month to month, and the sudden action of the war board came somewhat as a surprise. There was nothing doing at the Union Stock Yards local on Friday and Saturday, the run during that time, as posted up, showing 1800 hogs. None of the buyers for the local market were saying anything, and today what tell what the price for the week is likely to be.

Ottawa, March 9.—Exchange of postoffice money orders with Belgium, which was suspended in August, 1914, has been resumed, and postoffice money orders may now be obtained for payment in that country as formerly.

AMERICANS IN CLASH WITH LONDON POLICE

London, March 9.—A riot on the Strand this afternoon, in which American soldiers and sailors and some Australians engaged, resulted in three or four of the Americans being injured in a police baton charge. Seven of the Americans were arrested.

An incorrect report that one of the Americans injured had died in the Bow street police court caused a demonstration in front of the station. This was broken up by another baton charge.

ORANGEMEN MEET IN CORNWALL SOON

Black Knights and Grand Lodge of Ontario East to Gather.

Special to The Sunday World.

Cornwall, Ont., March 8.—An important gathering of Orangemen will be held in Cornwall commencing on Tuesday March 18, and continuing until Friday, March 21, when the 45th annual meeting of the grand chapter of the Royal Black Knights of Ireland of eastern Ontario and the 60th annual gathering of the Grand Orange Lodge in the county chambers in the county building. The eastern Ontario jurisdiction extends from the County of Victoria to the eastern border of the province and north to the City of Ottawa and County of Carleton.

At least 300 delegates will be present. This will be the first occasion on which the grand lodge has met at such an eastern point in the province for nearly half a century. The Royal Black Knights will meet at 2 p.m. on Tuesday and conclude their sessions at noon on Wednesday. On Wednesday the Grand Orange Lodge will meet and will continue in session until Friday night. An open meeting will be held in the town hall on Wednesday night, when addresses will be delivered by H. C. Hockett, M.P. of Toronto, grand master of the Grand Orange Lodge of British America, J. W. Edwards, M.P. of Frontenac, and William Banks of Toronto, secretary of the legislative committee of the Grand Lodge of British America. Sir Sam Hughes has been invited to deliver an address.

March 8.—An important meeting will be held in Toronto commencing on Monday and continuing on Tuesday, when the 43rd annual meeting of the Ontario and Grand Ontario East will be held.

GOOD EARNINGS SHOWN BY NOVA SCOTIA STEEL

Boston, March 8.—Nova Scotia Steel for the 1918 calendar year earned about \$17 a share net for the 100,000 shares of common stock. This was after allowing for preferred dividends and after subtracting \$1,000,000 of the estimated tax. In the 1917 calendar year the balance after preferred dividends was equal to \$8.49 a share.

U. S. BUSINESS FAILURES

Commercial failures last week in the United States were reported by R. G. Dun & Co. as 137 against 136 the previous week, and 247 the corresponding week last year. Of the 137 failures, 44 were in the east, 32 south, 56 west and 25 in the Pacific States.

SHELTAND GAS WELL ATTRACTS ATTENTION

Discovery Made by Castle Oil Company Introduces New District.

Thru the bringing in of a gas well on its properties at Sheltand, Ont., the Castle Oil and Gas Company, Limited, has introduced a new district to the public eye. While geological reports have for a considerable period acknowledged the possible presence of oil and gas sands in the field, it remained for this enterprising company to prove the actual existence of gas in sufficient quantities to make its production commercially profitable.

It is reported that the first well sunk by the company came in with a pressure of around 300.000 cubic feet per day, and already oil and gas interests have been attracted in large numbers to the field. The Castle Company naturally holds the choice lease, as it has been doing the pioneer work in the field, and plans are already under way for the sinking of a number of new wells to prove the extent of the sands, which are encountered at a depth of around 1,500 to 1,700 feet.

D. H. McDUGALL HEAD OF MINING INSTITUTE

Montreal, March 8.—After a keenly contested election, the scope of which extended from the Atlantic to the Pacific, D. H. McDougall, president of the Nova Scotia Steel and Coal Company, was yesterday declared elected as president of the Canadian Mining Institute for the coming year. The other candidate for the office was J. E. Tyrrell, the prominent engineer and geologist of Toronto. The vote polled was an unusually large one, but to a considerable extent the contest was a friendly one.

NEW YORK BANKS

New York, March 8.—The actual condition of clearing house banks and trust companies for the week shows that they hold \$49,811,070 in excess of legal requirements. This is an increase of \$9,732,610 from last week.
