SATURDAY MORNING FEBRUARY 21 1920

40TH YEAR—ISSUE NO. 14,346

TWO CENTS

Wilson Outlines Proposed Agreement Regarding German Ships Germany Puzzled How She Is Going to Try Her War Criminals

ONTARIO FRANCHISE MAY BE RESTORED TO ORIGINAL BASIS

**Declaration at Raney Rally—
Government Will Follow
Labor's Resolutions.**

WAGE FIGHT FOR WOMEN

Elora, Feb. 20.—(Special.)—Several further legislative intentions of the Drury government are revealed by Hon. W. Rollo and Hon. W. E. Raney. The most important is that the provincial franchise will be restored to the basis of tenfold to heavy expense of the enumeration system. Mr. Rollo committed the government practically to the resolutions of the Labor party caucus as part of the legislative program of the coming session.

Women for Raney.

Sam Carter, ex-M.L.A., declared the women had most to gain by a victory for Raney. Unley Richardson, whom Mr. Carter had supported in the general election, has stood four square on nickel and all moral questions. Mr. Carter was on Raney's platform now because it would be a calamity if the government candidate was defeated.

EXPECT INVENTION TO CHEAPEN POWER

Manitoba Professor's Device Aids Long-Distance Transmission of Electricity.

ARCHANGEL FALLS TO BOLSHEVİK ARMY

"Whites" Have Abandoned the Town and Garrison Has Joined the Reds.

AMERICAN FARMER TO ENTER POLITICS

Washington, Feb. 20.—The American farmer, as well as the union laborer, is organizing to take a hand in the presidential elections in the United States this year.

DRAWING ON GOLD RESERVES.

New York, Feb. 20.—Recent heavy gold shipments to South America were explained this morning by the statement that London is drawing on reserves to make payment for purchases of grain and hides. The total amount shipped approximates \$20,000,000.

ANNOUNCE MEMBERS' SEATING IN PARLIAMENT'S NEW HOME

All Government Supporters Now Sit to Right of the Speaker—Number of Front Benches is More Than Doubled.

Ottawa, Feb. 20.—(Special.)—Chief Whip W. S. Middlebro and J. A. Robb, who have for some days been arranging the seating in the commons, have not recognized recent political fact but as far as possible kept to the seating system that prevailed in parliament before the destruction of the buildings in 1916. There is the exception that owing to increased seating capacity, there is no overflow from the government to the opposition benches. The government with its various factions is to the right of the speaker and there also are the new Farmer members, while to the left are Hon. W. L. Mackenzie King's supporters.

On the second row the first pair are the ex-cabinet ministers, Sir Sam Hughes and Hon. T. W. Crothers, followed by Hon. A. K. Maclean and Hon. Martin Burrell, Hon. Arthur

RUMOR OF TRICK BY MANUFACTURER

Say Canadian Concerns in West Boost Prices to Meet Exchange.

Calgary, Alta., Feb. 20.—The Herald today says: "Persistent rumor thruout the west couples Canadian manufacturers with a bit of sharp practice, which, if they are guilty of it, calls for speedy action by the board of commerce."

Manitoba Will Aid Housing By One Million Dollars

Winnipeg, Feb. 20.—(By Canadian Press.)—An appropriation of a million dollars from the funds of the province to meet the housing problem of Manitoba during the current year, was announced by Hon. Edward Brown during a debate in the legislature this afternoon, upon a resolution of J. W. Wilson, calling on the government to submit legislation designed to enable workers to build dwellings, to improve and repair houses, and to enable the workers to obtain the capital required for these purposes.

To Keep Canadian Vessels From U. S.-Alaskan Trade

Washington, Feb. 20.—Amendments to the coastwise navigation laws are needed to prevent Canadian railways participating thru their ships in the trade between the United States and Alaska, William Clark of the Pacific Steamship Company of Seattle, today told the senate commerce committee.

ROGERS TO SPEAK.

Winnipeg, Man., Feb. 20.—Hon. Robert Rogers will address the Liberal-Conservative Club of Winnipeg next Monday evening and it is said that he will deal with federal issues.

MORE GUESTS ARRESTED

John Gillies, 548 Dovercourt road, and Mary Mitchell, Church street, were arrested at one o'clock this morning by Detectives Mitchell and Dawn on charges of theft. They are alleged to be implicated in the theft of jewelry and other articles from the home of Mrs. George Brown, 512 Euclid avenue.

NOTES ON ADRIATIC TO BE KEPT SECRET FOR SOME DAYS YET

Wilson Understood to Have Made Unequivocal Statement of U. S. Position.

WANT PUBLICATION

Washington, Feb. 20.—President Wilson's reply to the senate preamble on the Adriatic question probably will go forward tomorrow. Acting Secretary of State Foss continued to study it today and it has been put in the usual diplomatic form, and has been approved finally by the president, it will be copied and put on the cables.

Burglar Fires Point-Blank at Policeman Dawson—Promptly Handcuffed.

CONFEDERATE ESCAPES

Policeman Francis Dawson, 276 of No. 5 Belmont sub-station, had a narrow escape from being fatally shot at midnight when he entered an office of the Laidlaw Lumber Company, Morton street, in search of two burglars, and was fired at by one of the robbers.

TO ADJUST SALARIES AT GUELPH O.A.C.

Important Announcement Made by Hon. Manning Doherty.

Official Denial Lloyd George Would Negotiate Peace With Reds

London, Feb. 20.—Official denial was issued here today of a statement published in the Paris newspaper Echo de Paris to the effect that Premier Lloyd George, in concert with Premier Nitti of Italy, favored the opening of peace negotiations with Soviet Russia thru Maxim Litvinoff, the Soviet assistant commissary of foreign affairs.

An Epidemic of Marriages Has Broken Out in France

Paris, Feb. 20.—From many towns in France continue to come record-breaking reports of the number of marriages. In the little town of Albi, which has less than 25,000 inhabitants, 12 weddings were celebrated last Saturday. Toulouse had 34 marriages the same day.

WILSON PRESENTS AGREEMENT AS PROPOSED WITH THE ALLIES REGARDING GERMAN LINERS

Senate Informed of Pact by Which They Retain Complete Title to Vessels Captured or Seized During the War.

Washington, Feb. 20.—President Wilson informed the senate today that he had not entered into any agreement or understanding with officials of Great Britain, concerning the sale of former German liners seized in American ports, nor had he entered into any agreement or understanding with respect to what disposition should be made of them by the United States.

MODIFIED CURFEW ORDERED IN DUBLIN

Dublin, Feb. 20.—A decree stipulating that after February 23 all persons in the Dublin metropolitan district must remain indoors between midnight and 5 a.m., has been issued by the Dublin military authorities. Permits will be granted to clergymen, doctors, nurses and others who have good reason to be abroad during the hours mentioned. All persons, however, who appear on the streets will be challenged by the police and military. Refusal to obey orders, it is announced, will be at the peril of the person challenged.

MUST PUNISH MAN MAKING BIG PROFITS

British Labor to Demand Drastic Measures Against Profiteering.

WAR CUT BIRTHS BY TWO MILLIONS

German Professor Says That Half Million Children Suffer From Malnutrition.

PROHIBITION IN UNITED STATES IS DRIVING AWAY FOREIGNERS

Geneva, Feb. 20.—Thousands of Poles, Czechoslovaks and Jugoslavs are here, returning from the United States largely because they cannot stand prohibition for the refugees are well supplied with money.

NEW LIBERAL DAILY FOR CITY OF OTTAWA

Ottawa, Feb. 20.—At the annual meeting of the Ottawa Reform Club tonight, Mr. A. R. MacDonald announced that a new Liberal party daily paper would be started soon in this city. It would be a national Liberal newspaper. Mr. D. D. McKenzie, M.P., former leader, is president of the new company and appeals are being made for \$60,000 stock subscription.

NEW JUGO-SLAV CABINET

Belgrade, Feb. 20.—Prince Regent Alexander has signed a decree placing in office a cabinet headed by Stoyan Protitch, former premier of Jugoslavia. This ministry succeeds the Davidovitch cabinet which resigned recently.

At \$1.75

Are Men's Neglige Shirts

That offer more than ordinary value because of the fact that they were bought months ago. Materials consist of fine, closely-woven cambrics, percales and zephyrs that last long and stand up under many washings. The assortment of patterns is a most extensive one, embracing single, cluster and fancy stripes of blue, black, mauve, green and brown, in one or two-tone effects. The shirts are specially well made, having roomy bodies and sleeves. All have soft double cuffs. Sizes 14 to 17. Each, \$1.75.

See Also the Assortment of Neckwear at \$1.00

There is, of course, an extensive variety, but most of them are in pleasing figured designs, on plain grounds of blue, green, purple, brown and grey. They are made of silk and cotton materials, in wide, four-in-hand style. Each, \$1.00.

T. EATON CO. LIMITED

INSURANCE MEN BREATHE FREELY

T. Eaton Company Decide to Continue Insuring With Outside Firms.

Insurance companies and insurance agents who make a living "on commission," may breathe freely today and put the demon gloom in the coal box, for The World is able to announce that the T. Eaton Company are not going into the insurance business, and will continue to insure "outside" just as they have done in the past.

A paragraph in The World yesterday caused a flutter in local financial circles. It was announced that application had been made to parliament by the T. Eaton Company for the incorporation of the "General Insurance Company," with headquarters in Toronto and power to carry on sickness, accident, guarantee, burglary, inland transportation, plate glass, automobile, sprinkler leakage, fire and steamboat insurance.

An additional application under the same name, the T. Eaton "Life Insurance Company," is also made, and power is asked to make contracts of life insurance, to grant or purchase life annuities and endowments, and carry on the business of life insurance in all its branches.

Big Business.

There is little wonder that financial and insurance circles became agitated over this announcement, as the T. Eaton insurance through the whole Dominion is a business within itself, and the premiums amount to a sum that no insurance company would care to lose.

The World yesterday saw J. J. Vaughan of the executive of the T. Eaton Company. Mr. Vaughan attends to the insurance business of the firm, and he told The World that the reason for the application to parliament for insurance by the Eaton company was explained by the fact that the firm had a life insurance scheme for the benefit of their employees. It was necessary to obtain legal sanction to conduct the scheme on a commercial basis, and whilst applying for that authority the company thought they might just as well obtain all the insurance powers they could at one bite of the cherry. Alas, the firm had no intention now or in the immediate future of entering the insurance business, it was deemed expedient to obtain such authority, as if the firm ever contemplated doing their own insurance, they would possess the power to do so. Mr. Vaughan

affirmed the statement that the T. Eaton Company would continue to insure as hitherto on the "outside," and would not adopt a scheme for self-insurance, except, of course, the one now in operation for the benefit of their employees.

WINDSOR RADIALS

Associated Street Car Lines to Be
Taken Over April 1 Owing to
Delay By Printers.

The World was informed yesterday that owing to the delay of the printers in getting the bonds of the Hydro-Electric Radial Commission ready for signature before the end of February, the Detroit United and the officers of the Hydro-Electric Radial Commission have agreed to make the delivery of the railways and the bonds in discharge of the same on the last day of March. Until then management of the roads will continue under the Detroit United.

In the meantime arrangements are being completed for taking over the street car lines and all equipment and property by the Ontario Electric radials at the end of March. The public had expected that the transfer would be made at the end of February; but the only thing in the way is the printing and signing of the bonds and these will not be ready until sometime early in March. Both parties are anxious that the transfer take place at the end of the month when the accounts close, and the two sides have decided that the end of March will suit everyone and make a clean-up deal of the transaction.

PRICE OF TEA ADVANCES.

The price of tea is advancing slowly, but local retail prices will not be immediately affected. Owing to the advanced rate of exchange, tea buyers are paying more for supplies, but the new higher-priced stock has not come into the local market yet. There has been a surplus of tea in England for some time, but this stock is now disappearing. Importers report an advance of 8 cents a pound in the last three weeks.

Coffee is also on the upgrade, owing chiefly to frosts, lack of shipping and labor conditions. The advance has been about 20 cents a cwt. in the last month in London.

GERMAN LEAVES \$73,625.

The Toronto General Trusts Corporation has applied for administration of the estate of August Friedrich Emil Gunther of Hamburg, Germany, who died testate in Hamburg in 1918, leaving Ontario estate of nearly \$70,000. A nephew and two sisters of the deceased will receive one-quarter share each, the balance being divisible in equal portions amongst the children of a deceased brother.

STALLING REPLIES BRING CRITICISM

Fear Alliance Putting Screws on Raney at Vital Hour.

In U. F. O. and other political circles yesterday a great deal of critical comment was heard concerning the stalling replies of Premier Drury and Attorney-General Raney to the Dominion Alliance deputation on Thursday. There is a strong public conviction that the objective of the deputation is kept as much as possible out of view. One leading U.F.O. said it looked as if Ontario is to adopt the scrapped "Cracker" legislation of Florida and Carolina.

"The premier and the attorney-general," he said, "are unsatisfactory when they tell Rev. Ben Spence that the objections to his demand are of a legal sort only. Mr. Raney knows that the province has the right to do wrong and that legal difficulties in the way of any demand can be brushed aside. The premier knows, because he has been told, that the Dominion Alliance is stampeding Raney into recognition of these demands, which are put forward publicly at this moment under pressure of his election in a strong prohibition riding. They are putting the screws upon Raney and he has not the courage to say 'Stand off.'"

Colonel John Z. Fraser, the most prominent of the original U.F.O. executive, made the following statement to The World: "With regard to the extreme demands, which, according to the press, the Dominion Alliance have made upon Premier Drury and Attorney-General Raney, I merely wish to say once and for all that the U.F.O. was not organized in Canada to adopt or bring up any of the children of fanaticism; and I believe that as long as the U.F.O. continues to have an influence in the politics of Ontario it will frown upon all farcical divisions of our people."

MOUNT PLEASANT LINE.

A meeting of the Executive Committee of the Mount Pleasant Ratepayers' Association was held last night. In view of the fact that no tenders had been received for the construction of the extension of the St. Clair avenue car line to and up Mount Pleasant road, a resolution was passed requesting the city council to construct the line by day labor, as is to be done with the Bloor street extension. It was also decided to oppose any change in the bylaw governing the building line on Mount Pleasant road as originally passed by the council of the town of North Toronto.

GIVE TWO STORIES

Did Married Man Give Plaintiff a Wedding Ring or Didn't He?

Further evidence was adduced in the action by Mrs. Ada Dima Donn against Harry Rottenburg for the recovery of \$850, before Mr. Justice Rose yesterday.

The plaintiff gave evidence that she had handed the money to the defendant, who said he would keep it until they were married three days later. He bought her a wedding ring which cost \$12. After she found out that defendant was a married man with children she signed a release of all claims against her because she liked

defendant, "and he was to have been my husband."

The defendant denied that he promised to marry plaintiff and denied purchasing a wedding ring. He admitted that he had given information to the police that the plaintiff had a large quantity of whiskey in her house, and that he accompanied the detectives to her house when only one bottle of alcohol was found. The hearing was adjourned.

JEWELRY JOBBER FINED.

Judge Coatsworth yesterday fined Jacob Rothman, a jewelry jobber, from Montreal \$200 or two months for issuing a cheque for \$3,273.03, when sufficient funds were not in the bank to meet it.

BUSY WEEK FOR RANEY.

Mr. Drury's attorney-general, Hon. W. E. Raney, will not father much moss next week—he is going to be real busy amongst those he is trusting to find him a seat in the legislature. He has arranged meetings in Kenilworth on Tuesday, Arthur on Wednesday, Erin on Thursday, and Hillsburg on Friday. To assist him at the meetings he will have R. H. Halbert, M.P.; Mrs. G. A. Brodie, president of the U.F.W.; R. W. E. Burnaby, president U.F.O.; A. A. Powers, Kari Homuth, M.L.A., Harold Currie of Strathroy, who led in the agitation against Mr. Raney's appointment of the woman registrar for Middlesex.

NO MISREPRESENTATION.

The action by T. W. Fallon and J. T. Mott against Frank Barton, Limited, for repayment of \$504 paid on account of the purchase price of a used car, which the plaintiffs alleged was not up to representation, was dismissed yesterday by Judge Widdifield.

HYDRO MUST PAY.

The appellate division yesterday held that the Hydro Commission is a person within the meaning of section 10 of the assessment act, and is therefore liable for the business tax to be calculated on the value of the land only, not on the offices, occupied by the commission in Hamilton.

Appeal to the Public!

Telephone operators have not escaped in the prevailing epidemic, the result being a very high percentage of absentees in all our eleven city exchanges.

Numbers of citizens, kept at home through illness, are using the telephone more than under normal conditions. As a result the calling rate is very heavy.

There are, of course, necessary telephone calls that must be made. But may we ask that, until the situation clears, all telephone users assist us by making only necessary calls.

The Bell Telephone Company
of Canada

WAS TAKEN IN BY CLEVER RASCALS

Caillaux Defends Himself and Admits He May Have Been Too Impulsive.

Paris, Feb. 20.—That he had never championed a policy of closer relations with Germany, but one of "European conciliation," and might have been guilty of imprudence and impulsiveness, but never of intelligence with the enemy, proved to be the opening defence of Joseph Caillaux, former premier, charged with treasonable dealings with the enemy, on the resumption of his trial today before the senate, sitting as a high court.

The examination of M. Caillaux covered his trip to South America in 1914 and early in 1915. "Experts will tell you I have not profited by this war; I am a poorer man now than I was in 1914," he declared, after reading a letter from Edmundo de Oliveira, who was charged by the Brazilian ministry of foreign affairs to accompany M. Caillaux through his visit to Brazil. In the letter De Oliveira stated that M. Caillaux had always been a great patriot and hoped for the final victory of France.

With consummate art, M. Caillaux, at times accusing himself and then pleading for errors which he asserted he committed as every human does, said he might have signed too much from self-confidence and impulsiveness. He declared that he had been taken in by clever rascals and spies in South America. M. Caillaux showed deep emotion when the so-called "Lipscher affair" was mentioned. He explained how he first received Lipscher in 1914, when a press campaign was raging against him. Lipscher, according to M. Caillaux, brought him documents tending to prove that The Figaro, which was most prominent among his accusers, was in the pay of Count Tisza, chief of the Germanophile party in Hungary.

For Colds, Grip or Influenza and as a Preventive take LAXATIVE BROMO QUININE Tablets. Look for E. W. GROVE'S signature on the box. 30c.

HAMILTON

Hamilton, Feb. 20.—A thirty-five mill tax rate for 1920 was struck by the board of control today. It is an increase of four mills.

The controllers granted \$8000 to St. Joseph's Hospital. The per capita daily grant to Boys' Home, Girls' Home, St. Mary's Orphanage, House of the Friendless and Salvation Army was increased from 10 cents to 20 cents.

Dr. Neil McCrimmon, chancellor of McMaster University, opened the series of Lenten lectures here tonight at the Church of the Ascension. When the police went today to 63 Gertrude street to notify Mrs. J. Amoreo that her child was lying dead in the morgue at the city hospital they discovered that the woman herself was a patient in the institution, while her husband is lying seriously ill in the flu hospital.

John Hall, pioneer railwayman, passed away here today in his 89th year. He joined the old Great Western Railway staff in 1853 and the first passenger train between here and Niagara Falls in that year.

HAMILTON'S ELGAR CHOIR. The coming issue of The Sunday World produces a complete engraving of the choir of the Elgar choir, the illustrated section, it is of interest to all concerned. Those wishing to secure a copy should place their order early with any local agent. Also for sale by all newsboys on Saturday night.

HID ALLEGED BETTING SLIPS. Leonard Yoker, Seaton street, was arrested in a downtown hotel yesterday afternoon by Morality Officers Kerr and Massey, charged with keeping a common betting house. According to the police Yoker was hanging around the hotel taking bets on horse races being run at the southern tracks. When the officers went to take hold of Yoker, accused is alleged to have tried to hide the betting slips behind a radiator. Kerr put his arm down and secured the slips which he charges were bets. The prisoner had \$100 in money on him when searched. Yoker was bailed out at West Dunlop station last night on a bond of \$500.

For \$59.75 Regular \$80. It is still timely to talk about warmth without weight in "the coat that revolutionized the trade."

'Balaclava' Overcoats

Spot cash, of course, at the discounts we're quoting.

Scores Tailors and Haberdashers 77 King West R. Score & Son, Limited.

Woodstock's Health Record Reported to Be "Enviably"

Woodstock, Feb. 20.—(Special.)—Woodstock's health record during the winter has been an enviable one. Dr. Andrew Mackay, M.O.H., states that this city has been free from any serious epidemic. There have been about sixty cases of smallpox, but the great bulk of these were light cases. At present there are only three cases in the city and there are two mild cases of diptheria.

HASSARD HORSE SALE SEES BRISK BIDDING

Markham, Feb. 20.—About twenty-five imported and thoroughbred horses, including some of the best in Ontario, were sold at auction here today by Dr. E. H. Hassard, V.S., well known horse breeder, who is retiring. His house, stables and barns were also put up at auction and sold to T. Ruddy of the Dominion Transportation Company, Toronto. Prices were good and bidding brisk, especially in the high class animals. A large attendance of men from all over Ontario and several from Saskatchewan were on hand as the sale had been widely advertised. Richard Welsh of Hastings was the highest and most expensive buyer. Some of the best prices were as follows: Clydesdale stallions, Count of Hillcrest Imp., R. Welsh, \$2,000; Count of York, R. Welsh, \$700; Clyde of Dunedin, R. Welsh, \$1,000; Clydesdale mare, Lady Marathon, Robert Graham, Toronto, \$700; Percheron stallion, Monogram, R. Welsh, \$1,500; standard bred, Peter Wilton, J. D. Wilkinson, \$500. Geo. Jackson of Port Perry was auctioneer.

REAL ESTATE NEWS

The Cook estate property at the foot of Dowling avenue has been sold to the Toronto Canoe Club for about \$100,000. The property has a frontage on Dowling avenue of 870 feet, and 556 feet on the lake. The large building will be used as a clubhouse and the grounds as bowling greens and tennis courts.

Dr. Harold C. Parsons has purchased No. 6 Clarendon avenue for \$16,500, from Milner C. Hart. The property fronts 50 feet by a depth of 135.

LANTERN LEADS SALMON. Charged with theft of a can of salmon and a lantern from the C. P. R. William Turner, Barker avenue, was last night arrested by the railway police. Turner was an employee of the company.

Montreal—Charles Chaput, late president of the board of trade, has given \$35,000 to the new University of Montreal.

YORK COUNTY AND SUBURBS

NORTH END WARD 6 RATEPAYERS MEET

Alex. MacGregor Shows Need for Many Earlscurt Reforms.

North end ward six ratepayers' association held a meeting in the Earlscurt public school last night, the speaker of the evening being Alex. MacGregor, K.C. The association continues to grow, some forty new members being added to the membership. A. H. Gash, president, who presided, spoke against the need of better transportation from the city to this section, and the backwardness of the Bell Telephone Co. in installing telephones in this district.

"The Needs of Earlscurt" was Mr. MacGregor's subject, and he claimed to know some of the things needed, having been born and raised in this section long before Earlscurt was known by this name and when the entire district was practically vacant land. "In the community work in which I have been engaged since the fall fair was inaugurated two years ago," said the speaker, "I have seen the need of many things besides transportation, a harmonious desire for better living conditions, and the need of open spaces and better school accommodation. During the war we cultivated garden produce, but since the armistice we seem to have forgotten all about the wonderful resources that lay at hand. Every house should have its garden cultivated, and this bugbear of U. S. exchange would soon begin to feel the effects of it."

"Another thing that I would like to see in Earlscurt," said Mr. MacGregor, "is a public convenience. On Danforth avenue a new public convenience has been erected and Earlscurt deserves it equally as much as the east end of the city. I hope the ratepayers' association will not let the matter rest until they have secured this much-needed public improvement."

As for open spaces for recreation, Royce Park for Earlscurt, I believe, is a settled thing, as Mayor Church promised at the luncheon at the fall fair some time last September. I wish to say here that the suggestion of a citizens' band for Earlscurt has my heartiest support. There is nothing like music to boost a district, and with your fine array of stores and enterprising merchants a band would certainly help it. Another improvement that needs immediate attention is the leveling of the car tracks on St. Clair avenue. It would mean so much to the stores on the south side of the avenue, besides providing greater safety for citizens in crossing the street."

Speaking of the splendid work accomplished by the fall fair, especially the second year, the speaker asked for the co-operation of all citizens in this section so that the third fair to be held next September might outshine the previous, at which some 25,000 people passed the gates, and at which one of the greatest pointer exhibits were on show, together with vegetables and farm produce. With the snow off the ground we shall soon be thinking of the balm of the sun, the heat of the summer months and the activity of real estate in this growing district, concluded Mr. MacGregor, who later received a hearty vote of thanks.

WOOLEN MILLS RENT SITE. Earlscurt is to be invaded by a branch of the Standard Woollen Mills Company of Yonge street, who will locate on West St. Clair avenue the middle of next month. This company has rented Brook Sykes Realty Co. the Rooth Store for ten years at a record rent for this district. Rents still continue to boost on this popular thoroughfare, and building on the vacant lots will be active this spring.

W. M. MALTYBY RECOVERING. W. M. Maltby of St. Clair avenue is recovering from a severe attack of the flu, and is now on the road to complete recovery. Mr. Maltby is the J.W. of the New Oakwood Lodge, A. F. and A. M., which at present meets at the Masonic Temple, Yonge street.

Former St. Edmund's C.C. Captain Dies of Pneumonia. Members of St. Edmund's Cricket Club will act as pallbearers next Monday, when their late vice-president, Albert E. King, will be buried in Prospect Cemetery, the funeral proceeding from his home, 65 Somerset avenue, to the church. He died of pneumonia, and leaves a widow and one son, just returned from overseas. The late Mr. King, Rev. Mr. Vesey and Geo. Jones were the organizers of St. Edmund's C.C. in 1911. He was captain of the club in 1912, and was in the tire-vulcanizing business.

Guelph Two-Year-Old Girl Cured of Sleeping Sickness. Guelph, Ont., Feb. 20.—(Special.)—A remarkable case of sleeping sickness being cured in Guelph has just come to light. The patient being a little girl two years old, the daughter of Mr. and Mrs. Alex. Craig, 297 Exhibition street. The little girl was afflicted for about 12 days, during which time she slept constantly, except when roused, and would only remain roused for a few seconds or long enough to take a cup of tea or water, and would then go to sleep again. It was only on the 12th day that she showed signs of improvement. On that day she roused herself sufficiently to ask for a piece of toast, and while she went to sleep again she improved steadily every day, and is now on the way to complete recovery.

SAY "BUY CANADA GOODS." Belleville, Feb. 20.—(Special.)—At a meeting of the board of directors of the chamber of commerce of this city held today resolutions were adopted urging all citizens of Belleville and vicinity to buy made in Canada merchandise and requesting the merchants to favor Canadian manufacturers.

Guelph.—(Special.)—A special meeting of the board of directors of the Guelph Junction Railway was held today, all the members being present, with the exception of C. R. Crowe. City Manager T. J. Moore was chosen secretary-treasurer in succession to the late Col. A. H. Macdonald.

Total Maintenance Expenditure \$ 53,877.06

E. A. JAMES, Engineer. D. J. MACDONALD, Treasurer. Having audited the Books and Accounts of the Treasurer of the "Toronto and York Roads Commission" and compared the above Summary, I certify an Expenditure of \$312,585.86 upon "Construction" and \$53,877.06 upon "Maintenance," making a total of \$366,462.92.

Toronto, February 5th, 1920. R. C. JENNINGS, Auditor. Detailed Statement of Account will appear in Printed Records of the County for the year 1919—available from R. W. Phillips, Esq., Clerk, 57 Adelaide St. East, Toronto.

WE ARE Ford Dealers in this district and have formed an estimate of the number of cars we will require to meet the needs of this territory. We cannot get enough cars to fill that estimate because there are not enough cars being made to fill all dealers' estimates throughout Canada.

The number of cars we can get depends upon the number of orders we send in and the early date at which we send them in, as the Ford Shipping Department follows the principle, "First Come, First Served."

Cars ordered now will not be delivered until March, and deliveries will be uncertain throughout the year. If you do not want to wait for summer or autumn delivery, come in and reserve your car by signing an order today.

VETERANS CONSIDER CLEMENCY IN ORDER

Would Have Government Re-instate Vocational Students Who Offended.

Consequent on the cancellation by the government of about one hundred vocational training courses of veterans who have obtained money from the federal emergency employment fund while receiving pay and allowances from the S. C. R., clemency will in all probability be invoked by the local veterans' associations. A round-table conference of the various organizations will be called early next week, when the matter will be thoroughly discussed and immediate action decided upon.

Among the students whose courses are cancelled there are several who will suffer acute distress as a result of the action of the government, and hope is expressed by representative leaders among the veterans here that the government's purpose is but to give the men concerned a lesson, and that it will be open to consider a policy of reinstatement of those who are facing hardship. For some time the government has been aware that the unemployment fund was being abused by men who were actually in employment, and by others whose families were not in need. These cases, however, the government could not touch, but, having the files of vocational students, they had the necessary proof to confirm their suspicions, and these men were penalized by cancellation of their courses.

Altho instructions have been issued by the minister of justice to prosecute the offenders, J. A. McElroy of the Toronto and York Patriotic Fund stated yesterday that they were not taking legal action. He further said that he did not appreciate the action of the minister of justice in attempting to place the responsibility for prosecution upon his shoulders.

Drastic Action Necessary.

Opinion among authorities connected with the returned soldiers in Toronto varies concerning the advisability of the government's action. On one hand, several veteran leaders declare frankly that those whose courses have been cancelled are culpable, and that the offence of making the false statements in order to draw unemployment pay can in no way be excused. It is also the general belief that the government is wise in taking some drastic action in order to stop the practice of duplication of pay from two sources. At the same time, it is felt that the government will consider clemency.

There is no use in our flying into a tirade against the government, declared Dr. C. E. Wilson of Central Branch of the G.W.V.A. "It must be impressed on all returned men that they ought to play the game, and that by acting as these men did they are simply injuring their comrades. At the same time, the government's action has probably taught them a lesson, and it is now a question of showing a little clemency. Those whose courses have been cancelled will very probably have their cases taken up by the G.W.V.A. executive."

Simplifying Net Sickness.

Col. A. J. Hunter, president of Parkdale G.W.V.A., expressed himself against the treatment accorded the veterans. "It is not surprising if some of these hard-up disability cases got money that was much more than they needed than they had lost by being abroad, but which was not intended for them," he said. "It was, however, simply, not a kindness. It was not clever, like splitting up the sittings of a parliament into two sessions per annum, so as to get two indemnities. It was just a case of eating their emergency rations. The authorities, of course, must maintain discipline, even among the sick and disabled. But they cannot afford to be merciless. If they ruin these poor fellows by cutting off their hope of future employment, they punish the rest of us the general community, who are bound by the most sacred ties of patriotism to take care of them."

RIVERDALE FAVORS CLUB HOUSE PLAN

Big Four Drive Expenditure Awaits Signature of Trustee.

With but one dissenting vote, Riverdale branch of the G. W. V. A., at their annual meeting on Thursday night endorsed the agreement providing clubhouses for veterans from the proceeds of the Big Four drive. President Marshall informed the

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back Hurts or Bladder Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells that meat forms uric acid, which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it is no longer irritating, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

Ending the Week With Many Exceptional Values

LABOR NEWS

STRUCTURAL MEN STILL WILLING

To Negotiate With Employers Relative to 1920 Agreement.

American contractors are paying their men a dollar and more an hour," said Leonard Bowring, business manager for the Union of Structural Ironworkers in Toronto yesterday afternoon to The World, "and for this reason it can be confidently stated that the men show more initiative and enterprise with them than could be possible with the employees of Canadian firms. Further, all cities across the line pay double for overtime."

"I can unhesitatingly say that the U. S. A. contractor can fabricate his own material, pay the duty on manufactured goods, employ mechanics at U. S. A. rates (far in excess of those current in Canada) and successfully compete with all the Canadian contractors. The reason is simple. The American contractor realizes that the best men in the trade are organized and the men themselves realize that the contractors treat their men white."

Highest Rates "It might interest you to know that

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How to Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more "hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane, and relieves instantly. It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.

insurance rates upon work of this character are higher than those upon any other class of work in Ontario bar one, that one is aviation. The employer pays 'out seven per cent. on his pay-roll for the insurance of his men in this trade, a matter governed by the Ontario Compensation Board."

The business manager has written to all the contractors in Toronto notifying them that on April 1 the minimum rate for structural workers in Toronto will be \$1 an hour, and that the union will be open for negotiations at any moment. It is noteworthy here that Buffalo, Syracuse, Rochester and Niagara Falls, N.Y., all pay a dollar an hour and over for this class of work, while Niagara Falls, Ont., Toronto, Hamilton, Sudbury, Port Arthur, Ottawa and other centres pay anywhere from 75 cents up. The situation at Hamilton is uncertain as it is in Toronto. Montreal has an agreement with the Dominion Bridgebuilding Company for 75 cents an hour, and Sudbury smelters pay the same wage, while Port Arthur pays 85 cents an hour.

DESERTED MOTHERS FIND NO SYMPATHY

Dr. W. A. Riddell, deputy minister of labor, in his report upon mothers' pensions, a report which will be adopted by the Drury government, states that there are more than 7,500 mothers eligible under the scheme in Ontario, with a total of 22,239 children. Pensions would cost \$895,000 annually, and \$100,000 more would be needed to pay allowances for children up to 16 years of age. Administrative costs would amount to about \$25,000.

One rather unfortunate circumstance connected with the report is the fact that it will not include deserted mothers, unmarried mothers whose husbands are incarcerated. Dr. Riddell affects to take the ground that if these were included the morals of the nation and the influence upon the marital state would be disastrous, notwithstanding the opinion of many labor men that deserted mothers are among the most heartrending cases and the mothers with jail husbands are among the most deserving of any cases coming within the meaning of the term "widows' pensions."

WAGES AND CONDITIONS.

Local 1799 last night initiated ten new members at a well-attended meeting held at the Labor Temple. The local now has 180 members. Business is reported to be generally good, although there are a few here and there out of work. The local, along

with all the others of the brotherhood, is considering a new wage scale and new conditions.

ORGANIZATION MEETING.

Local 660, Brotherhood of Carpenters, Mimico, held a very interesting meeting at the lodge rooms on Thursday night. While no new members were initiated, much important business was transacted. This local now has 42 members in good standing, and will hold a special meeting on Thursday, March 4, for more intensive organization in the district.

WHERE, OH WHERE?

While no news is being given out in the matter, it is stated on all hands by members of the Union of Painters and Decorators that it will soon be necessary to look out for a new general organizer for the international in Canada in place of Joseph Hunter, the popular labor leader recently elected sixth vice-president of the international.

MARINE ENGINEERS AFFILIATE WITH LABOR

Ottawa, Feb. 20.—The grand council of the National Association of Marine Engineers of Canada today concluded its fifteenth biennial convention, which has been in session at the Windsor Hotel. Mr. P. M. Draper, secretary of the Trades and Labor Congress, addressed the council, pointing out the advantages that

SHE DARKENED HER GRAY HAIR

Tells How She Did It With a Home-Made Remedy.

Mrs. E. H. Boots, a well-known resident of Buchanan County, Ia., who darkened her gray hair, made the following statement: "Any lady or gentleman can darken their gray or faded hair, and make it soft and glossy with this simple remedy, which they can mix at home. To half a pint of water add 1 ounce of bay rum, one small box of Orlex Compound and 1/2 ounce of glycerine. These ingredients can be purchased at any drug store at very little cost, apply to the hair every other day until the gray hair is darkened sufficiently. It does not color the scalp; is not greasy and does not rub off. It will make a gray-haired person look 10 to 20 years younger."

would accrue from affiliation with that body. The council decided to affiliate.

MOVEMENT IS EXPANDING.

Local 152 Stationary Engineers expects to initiate nine new members at its next meeting at the Labor Temple, which is to be held on Wednesday, February 25. This local now has several hundred members, and Comdr. T. B. Reid, a veteran of the 75th Battalion, stated that he was strongly impressed with the growing popularity and influence of the trades union movement in Canada.

TORONTO-OTTAWA MID-DAY TRAIN

Via Canadian Pacific.

The "Rideau" leaves Toronto Union Station 1:30 p.m. daily except Sunday via "Lake Ontario Shores Line" and arrives Ottawa 10 p.m. Stops at all intermediate stations, including Whitby, Oshawa, Port Hope, Cobourg, Trenton and Belleville. Direct connection for Kingston. Further particulars from Canadian Pacific ticket agents.

DENOUNCE "LABOR LEADER."

Local 145, Porcupine Union of Miners, Timmins, has written to The Industrial Banner, denouncing both the editors and the tactics of The Labor Leader, and has asked Toronto to take strong action to induce the editors to give up publication. It will be recalled that the Toronto Building Trades Council recently denounced this journal.

MAY NOT LAY FLOORING.

Trades union carpenters in Ontario may refuse to lay flooring for the Seaman-Kent Company in consequence of the decision of this company to lock out a hundred employees at Meaford. The men laid off claim that the company attempted to institute the ten-hour day in place of the nine-hour day, which had been in force several months. The men objecting, the company laid them off.

KINGSTON OLD BOYS' OFFICERS

The annual meeting of the Kingston Old Boys' Association, of Toronto, elected the following officers for the year: President, J. J. Donnell, vice-presidents, Messrs. J. C. Hardy and Clarke Allen; secretary, J. M. Shrook; treasurer, John McLeod; auditors, J. V. Massie and C. W. Livingstone; chaplain, Rev. Dr. W. R. Young. The honorary presidents of the association are Mr. Justice Britton and Brig.-Gen. Sir Henry Pellatt, M. C. V. O.

OPTIONAL FORM OF CIVIC GOVERNMENT

Ontario Municipal Association Makes Suggestion to Hon. H. C. Nixon.

Representing the Ontario Municipal Association, a deputation waited upon Hon. H. C. Nixon, provincial secretary, yesterday, to request that an optional form of municipal government be provided for cities and towns in the province. The request reads as follows:

"That the provincial authorities provide for an optional system of municipal government for cities and towns of the province, to consist of the council, with its present legislative authority, and a city manager or a board consisting of the mayor and such of the permanent officials as the council shall appoint to administer the affairs of the municipality, with similar authority to boards of control in large cities."

PAIN GONE! RUB SORE, RHEUMATIC ACHING JOINTS

Rub Pain Away With a Small Trial Bottle of Old "St. Jacobs Oil."

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Oil" is a harmless rheumatism liniment which never discolors and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, back-ache and neuralgia.

Limber up! Get a small trial bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment, you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

The Toronto World

To Foreign Countries, postage extra.

SATURDAY MORNING, FEB. 21.

Wake Up Our Customs Department at Ottawa.

The customs department at Ottawa is still oblivious of the fact that the American dollar in Canada is worth \$1.15, and the English pound only \$3.45.

It is still reckoning the pound at \$4.56, and, for that matter, it is still reckoning the French franc, and no doubt the German mark at par.

The result is to eat up the British preference thru over-valuation. The Canadian importer brings in goods from England which cost £20. For purposes of duty they are declared by the government to be worth \$100 instead of \$70.

On the other hand goods which cost in New York \$1,000, are estimated for purposes of duty at the customs department at \$1,000 instead of at \$1,150.

Thus the duty on British goods is artificially increased and the duty on American goods is artificially diminished.

The United States treasury department has adopted the opposite rule, and translates into their market value in American money the invoices accompanying goods from foreign countries.

Our government may have some reason for not following the lead of the United States in this respect as a permanent policy.

But for the time at least it should be followed, because it is most important just now to increase our imports from Britain and diminish our imports from the United States.

Otherwise the trade and exchange situation will grow more awkward, if not more perilous, every day.

Low or Sovereign Canadians?

The Manitoba Free Press is a crusader for Canadian nationality—and more of it. It has coined a new name for the people whose attitude to our pre-war status is "let well enough alone," and whose spokesman is Mr. Fielding, described as "the leading figure (tho not the leader)" of the Liberal party.

Mr. Fielding and those who agree with him that the recognition of Canadian status by the league of nations is "of no real importance," are the "Low Canadians."

The Free Press speaks of the Low Canadians and their "sneaking dissent" with undisguised contempt. It speaks with undisguised annoyance of the "high imperialists," who would "like to see Canada snubbed and her national aspirations suppressed," and are devoted to "grandiose schemes of centralization," which are "a dangerous hallucination."

Having smitten Low Canadians and High Imperialists with equal vigor The Free Press makes this fighting declaration: "One thing is clear; Canada intends to be a nation and a sovereign power; inside the British empire, if this is possible, but outside of it if this proves necessary."

The Free Press is spilling for a fight. Sovereign power means the exercise of sovereign power—which can only mean independence. Mr. Rowell, the acting foreign minister of Canada, lately declared that Canada will never declare her independence and he announced that London has been asked to tell Washington what Canada thinks of Washington. There isn't much sovereignty in "Will you please tell him what I think, as I am not allowed to use the phone."

While Mr. Rowell says Canada will declare her sovereignty, The Free Press declares it. Perhaps it will say whether Mr. Rowell belongs to the Low Canadians or the High Imperialists. And, while it is on the job, it may enlighten us as to exactly what should be done to make plain the way of our sovereignty, so that a wayfaring cabinet minister may not err therein.

REPORT RAPID CLIMB IN COST OF LIVING

Ottawa, Feb. 20.—The general impression that the cost of living is climbing rapidly with every day that passes is confirmed in the statistics published in The Labor Gazette for February. Grains, flour, bread, meats, live stock, potatoes, fish, textiles, hides, metals, lumber and raw furs are specifically mentioned in The Gazette as more expensive today than they were on December 31 last.

The cost of a food budget for the average family is shown at \$15.30, compared with \$14.73 in December last, \$13.73 in January, 1919, and \$7.73 in January, 1914.

Duke Will Go to England For His Daughter's Marriage

Montreal, Que., Feb. 20.—His excellency, the governor-general of Canada will go to England to attend the marriage of his daughter; Lady Dorothy Cavendish, to Captain H. MacMillan, which will probably take place within a few months. It was stated here today by members of his suite.

The date his excellency will leave has not been fixed.

"DON'T IT BEAT ALL?"

THE GIRL WHO SMILED THRU

BY MARION RUBINCAM.

A CRITICISM

CHAPTER 12 But Clara had to be told, so the day after she and David had gone to the show, Alice went around to her home to see her.

"It's a lovely time," she told her mother. "But I'm afraid I should tell her. If it gets out and she hears in directly, she'll feel badly because I didn't let her know."

Alice knew, too, that she would not tell even her mother, that Clara was taking more than a friendly interest in David, and since they were engaged, she felt the sooner Clara knew, the better.

Clara was out on the front porch, screened by the climbing vines, and very busily sewing.

"It's your new dress, isn't it?" Alice said, dropping down on the top step. "It's awfully pretty."

"I'm altering it, the waist is too loose. I'm going to wear it tonight. What will you wear?"

"The dance at Hooker's, didn't you know? David told me of it. It's that lovely old farm house about five miles out, you know the Hookers. Well, it's a dance tonight. David is taking you, and he's bringing around a man for me." Clara turned out her information hap-hazard fashion.

"No, I didn't know, I suppose David is at the house now. Well, he'll tell mother."

"You might act excited," said Clara. "Think of going to a big dance, and going with David, a home to every girl in town will be green with envy."

"Clara," began Alice bluntly. "Did you know about David and me?"

Clara dropped her work, and looked at her friend. Purposely, Alice avoided her eyes. Whatever Clara would give away by her expression Alice did not want to see. It seemed to her like a species of eaves-dropping—to read from this girl's manner the possible secret of a disappointed love.

Clara's thimble fell to the porch and she bent over, fumbling to look for it. "No," she said quietly, "I didn't," the recovered thimble in her hand, and came over to kiss Alice. "You are taking dear, you could almost fall in love with him myself. But you are not so lucky as he is. I've always wanted something nice to happen to you, you've had such rotten hard luck all your life. And I hope this is it."

"It is," Alice said dreamily, nursing her knees and looking away down the street. "I never imagined I could be so glad about anything. I feel as if this thing were so precious it couldn't last." She got up, flushed and suddenly awkward for her little speech.

But if Clara suffered from a broken heart, she gave no evidences that night at the dance. David had brought a man, a Guy Conrad who had come up from the city and who was a former school friend of David's, and Clara was evidently pleased with him, and was looking her prettiest in her frock.

As for Alice, she suddenly wished, looking at Clara's freshness, that she had taken time to fix herself up, in order to make up for the time spent assisting Clara, she had worked late in the garden, which always took extra attention at this time of the year, and she had pricked her fingers mending a ruffe on her blue dress, and the stains from the potatoes and onions she had peeled for supper had settled in the marks as the forever. Scrubbing her hands to free them of stain and dirt, she had used kitchen soap and had made the skin rough and dry, and her nails, as her mother remarked, "looked a sight."

"You could have neglected some things, and we might have eaten cold things for supper," that little lady said reproachfully to her. "Your gingham dress is not fresh any more, I wish you would take the money and buy yourself something nice, something like Clara has. And your hair needs sham pooring."

"Dear mother, don't fret," Alice answered easily. "The Hookers don't know me well enough to care what I wear, and David loves me anyway. He's seen me looking much worse than this."

Alice did not dance, but David did.

REAR-ADMIRAL PEARY DEAD IN WASHINGTON

Washington, Feb. 20.—Rear-Admiral Robert Edwin Peary, retired Arctic explorer and discoverer of the north pole, died at his home here today from pernicious anaemia, from which he had suffered for several years.

He will be buried with full naval honors. Admiral Peary submitted to a blood transfusion at a hospital here ten days ago. He later was removed to his home, and his condition then was reported as somewhat improved. He gradually grew weaker, however, and the end came early this morning.

Faith is kept. To the British investing public, the Dominion and several provincial governments guaranteed certain interests on certain securities. Individuals who talk about being held up, and about Canadian dishonesty, should ask themselves whether those guarantees have been met, and whether there is any doubt that they will be met. It is because the Smithers (and are sure that faith will be kept that they "unhesitatingly" advised the

criticism, she followed Clara upstairs. Monday—Happiness and Doubt.

What measure did the Grand Trunk management mete to Canada during the last seventeen years? A truthful answer to that question would immensely enlighten, it could not soothe the shareholders.

Sir Alfred Smithers and his friends disappear from the control of a great department of Canadian commerce because the Grand Trunk created the white elephant of the Grand Trunk Pacific.

It is true the Laurier government favored the scheme. But those were the days when parliaments and governments were under the spell of so-called "magical" wizardry, and so their responsibility to the Canadian people is heavy enough, they have no culpability towards the Grand Trunk shareholders.

But the prairie section—the Grand Trunk Pacific—was to be a bonus. It was proved to be a sink hole, as competent authorities said it would be. A mechanic was put in charge of construction. He was egregiously enough to imagine he could build 900 miles main line in one season. He had, on the whole, only second-rate country to go thru, with little likelihood of getting first-rate feeders. But he built the road on an extravagant scale; and, before the rails reached the mountains parliament had to advance money to complete the prairie section because the old Grand Trunk could not nourish its child.

SOME TRUTHS ABOUT THE GRAND TRUNK

The Answer to Charges Made in London That the Government, "With No Morals," Played a Hold-Up on Sir Alfred Smithers.

THE cable report of the Grand Trunk meeting which ratified the agreement that nationalizes the system shows the necessity for the government to give the shareholders more of the truth about their case than they have yet heard.

Sir Alfred Smithers told the shareholders that they had been held up by the government, and he endorsed a former British Columbia clergyman, who said the Canadian government has no morals, that parliament should have been continually lobbied and that, as a consequence of the agreement, no more British money should be invested in Canada.

There was much applause for accusations of dishonesty against the Canadian government. The Good Scripture Measure.

The reverend gentleman did utter sense when he said that the Grand Trunk should have been run by a Canadian board, which suggests that he might apply a Scriptural saying to the last epoch of stock exchange administration of the Grand Trunk: "With whatsoever measure ye mete it shall be meted to you again."

What measure did the Grand Trunk management mete to Canada during the last seventeen years? A truthful answer to that question would immensely enlighten, it could not soothe the shareholders.

Sir Alfred Smithers and his friends disappear from the control of a great department of Canadian commerce because the Grand Trunk created the white elephant of the Grand Trunk Pacific.

Why Stock in This Company Should Be a Safe Investment

A Canadian Company With Head Office in Toronto

A Sound Opportunity for Canadian Investors in the Texas Oil Field

Lest any investor should, confuse the offering of shares in Canadian-American Resources, Limited, which concerns not soundly equipped with assets and reliable management, we suggest consideration of the following paragraphs. Fulllest information will be gladly supplied to any enquirer.

This Company owns a sixty per cent. interest in 4,818 acres of oil lands in the Burkburnett Oil Field. This acreage is well within the proven oil area of the district.

In the territory adjacent to some of these lands AN ACRE OF GROUND has, during the past twelve months, produced a fortune in more than one instance. We leave it to you as to the possibilities of the land owned by this Company.

Investigation of this proposition will demonstrate to you that the enterprise is sound. Any oil undertaking is speculative, but in this the speculative element is removed as nearly as is humanly possible.

Canadian-American Resources, Limited Authorized Capital \$50,000,000 Preference Stock \$15,000,000 Common Stock \$35,000,000

OFFICERS President—Alexander Alexander, New York City, President National Gum and Mica Company, President and Director of other Companies. Vice-President and General Manager—L. E. ers and others were run from Winnipeg to Edmonton by the "construction department," the three tables contained long lists of officials who had no more responsibility for construction than the ex-B.C. clergyman has for the Sorbusse already quoted. The railway was then getting revenue for carrying materials for construction in the mountains. It was good stock to be good business to disclose the gulf between earnings and expenses—the reason for the "construction department" camouflage.

The mountain section of the Grand Trunk Pacific has Prince Rupert for its terminal. It is two hundred miles further to Prince Rupert from the Yellowhead Pass than it is to Vancouver. The Grand Trunk magnates' reason for this heavy capital and operating cost was that Prince Rupert is 400 miles nearer Asia than Vancouver is. To save four hundred miles of sea travel for freight it was good stock to be good business to haul the freight two hundred extra miles thru a mountainous country. So far as known no Grand Trunk Pacific steamers have yet sailed from Prince Rupert to Yokohama.

The Townships Came. The Grand Trunk Pacific investors, to whom the old Grand Trunk guaranteed returns on their money, received those returns until a year ago. But they were furnished by the government of Canada, who are now accused of dishonesty, and of having no morals. The investors, who had been told that the Grand Trunk magnates, thru the generosity of the Canadian people and the confidence of the investors, were enabled to buy up farm lands and sell them as town sites along the railway; for which purpose it is worth recalling, the G. T. P. Saskatoon station was built more than two miles from Saskatoon.

The Grand Trunk Pacific didn't pay the Canadian people year after year advanced money to make up the deficit and to pay interest which the Grand Trunk magnates had induced the Grand Trunk shareholders to promise to pay—a promise they could not keep. The Grand Trunk brazenly asked the Canadian government to relieve them entirely of the Grand Trunk Pacific obligations, as they had already been relieved of their engagement to operate the National Transcontinental, and when they found the Canadian people were not thus to be held up, they threw the G. T. P. upon the Canadian people almost at a minute's notice.

Work of Mercy and Goodwill. It was railway magnates and "experts" who caused the Grand Trunk to assume obligations to the Grand Trunk Pacific. It was the Canadian people who had assumed the obligation that the Grand Trunk Pacific would bankrupt the Grand Trunk inevitably came true. The Canadian people, so far from being dishonest, are now extending their protection to the Grand Trunk shareholders, instead of allowing them to fall into the hands of purely financial receivers. It is costing them many millions of dollars; it will cost them many millions more before, thru their own sweat and self-denial, the mischief is repaired.

To have saved scores of thousands of British investors from disaster is a work of mercy and goodwill. It deserves something better than a return, which rewards the one of the few that hit the hands that fed him. The former B. C. clergyman should seek a stool of repentance and make room on it for Sir Alfred Smithers and the vanishing board.

JOHN CATTO & SON'S REACH AGREEMENT ON AIR TRAFFIC

Switzerland Has Signed a Provisional Convention With Britain and France.

Berne, Feb. 20.—Switzerland has signed a provisional convention with France and Great Britain dealing with air traffic, which comes into force March 1.

Each country agrees to grant free passage over its territories and territorial waters during peace time to registered aircraft which live up to the convention's conditions.

Air machines must not carry wireless without special license from their states, according to the agreement, and must cross frontiers only at certain points which are to be specified.

Each of the states will name one or more aerodromes on its territory which must be used for the arrival and departure of machines.

CITY HALL NOTES

If the board of control, and finally the city council does not make a further cut in his 1920 estimates, Property Commissioner Dan Chisholm is to be gratulated on his method of preparing same.

The property committee went into session yesterday afternoon with the sole purpose in view of considering the property estimates for 1920.

The big plea for many years has been to have Toronto's fire department almost entirely motorized, and taking the attitude of the property committee as a criterion, conditions suggest that this will be realized.

The members of council comprising the local board of health would appear to have unlimited confidence in Dr. Hastings' ability as a business man, for when the estimates for the department of public health were considered, not a single cent was cut from the total estimate of \$1,067,215.

CAPITAL AND LABOR

Men all over the world are asking, "What is going to happen if this conflict between capital and labor continues?" It is the vital question of the hour.

The bracing atmosphere, the attractive winter sports, the novelty of fishing through the ice, the indoor pleasures enjoyed at the "Highland Inn" by a game of bridge or just lounging before the open fireplaces, wipe the cobwebs from the tired brain and give rest and recuperation to those who need them.

A summary and comparison of the fire department estimates for last year and 1920 is as follows: For this year, \$1,064,915 is asked for maintenance, \$118,249 for equipment, and \$856,423 for special items, a total of more than two million dollars.

Information has been given out that two big companies have come forward with tenders to build the Mount Pleasant city hall.

Self insurance seems to be the order of the day in government and municipal circles, and it would not be surprising if in the very near future the city council of Toronto entered upon the insurance business.

THE WEATHER

Observatory, Toronto, Feb. 20.—(8 p.m.)—Pressure is relatively low over the southwestern and Pacific states and highest over the western provinces.

Minimum and maximum temperatures: Dawson, 0-14; Victoria, 34-46; Vancouver, 20-48; Kamloops, 28-34; Calgary, 12-20; Edmonton, 22; Prince Albert, 10 below-16; Regina, 5 below-11; Saskatoon, 2-16; Moose Jaw, 3-15; Winnipeg, 10 below-18; Lethbridge, 2-30; London, 10 below-28; Toronto, 6-30; Kingston, 2-28; Ottawa, 2-30; Montreal, 4-20; Halifax, 23-36.

Lower Lakes—Fair and moderately cold, with some light snowfalls.

Upper and Lower St. Lawrence, Gulf and North Shore—Fair and moderately cold.

Maritime—Fresh westerly winds; fair and moderately cold.

Superior—Fair and moderately cold.

Manitoba—Fair and moderately cold.

Tigers Win Group Defeating Dents 4-1

TIGERS HAD IT OVER DENTS LIKE A TENT

The Winners Never Flattered, While the Losers Forgot All About Combination.

Hamilton, Feb. 20.—Toronto Dents failed to bring enough chloroform in the way of hockey to put the Tigers to sleep and had to take the short end in the much-talked-and-looked-for Friday night game. Tigers never faltered from start to finish, showed their class, especially in the final period, when the tooth pullers were kept continually on the defensive. The striped strikers, always being in the lead, took much excitement from the game, and Dents supporters never had a single chance to feel happy. Considerable money changed hands during the early part of the evening, previous to the game, the Royal Connaught office stand looked like a tailor's wicket on a Monday pay day. The Tigers were best and Dents supporters had to concede it. It was a hockey game in a thousand and there isn't a single dissatisfied person in the town. One Toronto hope went a shimmering here tonight. Hail the Tigers, winners of group No. 1 of the senior O.H.A. series. The Hamilton outfit had it over the Dents like a tent here tonight in the deciding game of the group, the Bengals winning 4 to 1. They deserved their victory.

The tooth artists were a bad team for sixty minutes. They forgot what little combination they practised in their last two games, and were apple-pie for the tearing, back-checking Bengals on their own little pond. It was the kind of hockey that was tailor-made for the yellow and black. The Hamilton team followed the puck-carrier right to the defence, posturing him with checking, and then the big Hamilton defence stepped into him and it was all over. Filed on top of this, the Dents drew penalty after penalty, and three times the Tigers had a two-man margin. The Hamilton team got few trips up penalty box, but had a large night at work and hooking, and most of it was spot-free. Injuries to both sides dragged out the affair, until it was eleven o'clock before the game ended. From the first bell to the last it was the wrong stuff. Tigers played the wise game. They worked up their attack three at a time, drew over the defence and twice they got goals with the clear and free on the wing to make the lift into the net. It went this way all night.

Boyd was the leader in the Tiger forward defence. He was simply wonderful with his checking. Cooper and Rease gave him great assistance, and then Rease and Smith attended to the rest. In spots Dents checked right, but only in spots. Hudson roamed from his mark and Cooper had many clear shots owing to this inattention. Boyd and Rease did yeoman service, but the Tigers were straggling in on them three at a time. Charlie Stewart hit the Dents better. The Dents can thank him for keeping the score so small. He stopped a dozen in the first round that looked sure. He repeated in the second and his third session effort was not any weaker. Box, Stephenson and Sheldon were best. Box never stopped for a minute, took a barrel of abuse, but always warmed right in and then found nobody to help him out. Sheldon checked like a mauler, but was never hit, but failed. Stephenson was the only forward with the right idea of checking. Time after time he started off on a tack, was not afraid to use his body and to get the first, Sheldon was serving a penalty at the time, and Boyd lifted one into the net from the side on a pass from Reid. This was the only goal of the period, but the Tigers should have had the second. Cooper nabbed it with his walking at the side and a soul near him. Max Smith passed clear across the rink, Stephenson got the Dents' lower three

Kitchener Wallops The Granites 6-2

THREE-CORNERED TIE THE SECOND GROUP

Kitchener Ahead All the Way, Outscoring Granites by Four Goals.

Kitchener, Feb. 20.—Kitchener seniors are tied for first place in O.H.A. Group No. 2, with Granites and Parkdale. They outscored the Granites here this evening by 6 to 2. Heavy checking by the visitors marred the game. There were, however, only four penalties. Kitchener led all the way, but in the second period the Granites changed a 4-0 score to 4 to 2, during which the visitors looked mighty dangerous. However, in the third period, Kitchener outplayed them, despite the severe strain of the visitors' checking, and they checked back, which they used to advantage. In this period the locals added two more and played Granites off their feet. Many chances in passes in front of goal and many misses with no one to stop them but the goalkeeper, featured Kitchener's playing at this stage. Kitchener were under a handicap four minutes after play started, when Hillman got sick, and played the full third. Clarke got Kitchener's first in 6:45 minutes on a pass from the goal. Hillman got back on the ice in 12:30. On another pass from behind, Merrick, by tricky handling of the puck one-third the distance out from the goal, cooled Addison by shooting a beauty, and counted in 15:05. Parkdale carried the puck short distance and netted in 18 minutes. Score, 4-0. In the second period Granites went to attack. Watson, however, defended and scored in 2:35. Fox got one on a rebound in 9 minutes. The only goal of the final round went to Tigers, and again it was Rease who did the trick. Cooper gave him the pass. This made the final four to one. The line-up: Dents—Goal, Stewart; defence, Sheldon and Box; centre, Meeking; right, Smille; left, Hudson; subs, Stephenson and Brown. Kitchener—Goal, Reame; defence, Rease and A. Smith; centre, Reid; right, Cooper; left, Boyd; subs, Fisher and Max Smith. Referee—Tom Munro. Summary—First period—1, Tigers, Boyd, 18 min. Second period—2, Tigers, Cooper, 10 min.; 3, Dents, Stephenson, 4 min.; 4, Tigers, Rease, 3 min. 30 sec. Third period—5, Tigers, Rease, 12 min.

Dons, by three goals, win from Argonauts. Dons defeated Argonauts last night in a lively set-to by a 5 to 2 score. They were ahead 4 to 1 at the end of the first period and added another in the second. Goldsmith notched Argonauts' final goal just before the bell rang. Smith, in goal for the winners, played a sterling game, making several miraculous saves. Farrow refused to give up for the Argonauts in the second period, claiming that he was not receiving sufficient protection from the referee. The teams: Dons: Goal, Smith; defence, Hedges and Gallagher; centre, Hill; right wing, McInnis; substitutes, Liferout and Murray. Argonauts: Goal, Crooks; defence, Bennett and Farrow; centre, Broadfield; right wing, Goldsmith; left wing, Sullivan; substitutes, Thorpe and McCamus. Referee: Lawson Whitehead.

Queen's beat Kingston C.I. Kingston, Feb. 20.—Queen's won from Kingston C.I. in their first game of the group of the Junior intercollegiate hockey season here this evening by a score of 6 to 0. There was no score in the first period. The second period ended 2 to 0. Queen's team plays at Varsity today. Queen's: Goal, Miss Ethel McParland; defence, Miss Edith McParland and Miss Jamieson; centre, Miss Lena Smith; right wing, Miss Olive Blanchard and Miss Rita Simpson; left wing, Miss J. McDonald and Miss Reabottom. Referee: Frank Smith, Ottawa.

Benny didn't know car was stolen. New York, Feb. 20.—Benny Kauff, centre-felder of the New York Giants, charged with receiving a stolen automobile, was held on bail for trial this morning. He declares he did not know the car was stolen.

Queen's beat Kingston C.I. Kingston, Feb. 20.—Queen's won from Kingston C.I. in their first game of the group of the Junior intercollegiate hockey season here this evening by a score of 6 to 0. There was no score in the first period. The second period ended 2 to 0. Queen's team plays at Varsity today. Queen's: Goal, Miss Ethel McParland; defence, Miss Edith McParland and Miss Jamieson; centre, Miss Lena Smith; right wing, Miss Olive Blanchard and Miss Rita Simpson; left wing, Miss J. McDonald and Miss Reabottom. Referee: Frank Smith, Ottawa.

Bunny heard back with Boston Braves. Boston, Feb. 20.—Pitcher Bunn Hearn, a left-hander who left the Boston Americans two years ago, to enter an auctioneer's business, was with the Braves this season. Hearn was ordered today to report March 2, at the Columbus, Ga., training camp.

United District Football. The United District Football League will hold a council meeting this afternoon in Sons of England Hall, at 2:30 p.m., to discuss two ground propositions that will be put before them. Entries for the coming season may also be made to the secretary or treasurer at this meeting.

Joe Stecher won. New York, Feb. 20.—Joe Stecher, world's heavyweight catch-as-catch-can wrestling champion, the Jim London Greek champion, here tonight with a wrist lockhold after wrestling two hours, 15 minutes and 35 seconds.

Government Starts Action Against Price Bros., Ltd. Ottawa, Ont., Feb. 20.—(By Canadian Press)—The next step in the government's action against Price Brothers Limited, Quebec, to compel that firm to market its newspaper paper in Canada, is a hearing before the board of commerce next Tuesday, afternoon, for Price Brothers, who have been invited to present their case and to show cause why certain interim clauses of the board's order, number 2, dated Feb. 6 last, should not be made a permanent order. The board's order was filed in the exchequer court of Canada today.

Weather clear; track heavy.

Toronto Girl Third in Skating Championship

Lake Placid, N.Y., Feb. 20.—Victory in the three-mile senior final of this afternoon won for Everett McGowan, of St. Paul, the international amateur ice speed championship. The western youth finished with a total of 120 points. Joe Moore, wearing Lake Placid colors, was his nearest rival, with 109. Edmund Horton, of Saranac Lake, was third, with a total of 70. Charles Jewtraw, of Lake Placid, eastern amateur champion, whose showing for the week was a distinct disappointment to his supporters, finished with 60 points. In the three-mile race, which decided the title, Moore followed McGowan across the line. Jewtraw was third. The standing by points at the close of the men's senior events follows: Everett McGowan, St. Paul, 120; Joe Moore, Lake Placid, 109; Edmund Horton, Saranac Lake, 70; Charles Jewtraw, Lake Placid, 60; Roy McWhirter, Chicago; M. Goodman, Winnipeg; George Pickering, Verona, N.J., 20 each; Robert Hearn, New York, 10. Standing by points in the women's events were: Rose Johnson, Chicago, 119; Emeralda Dunlap, Chicago, 70; Gladys Robinson, Toronto, 30; Elsie Muller, Hastings-on-the-Hudson; Lillian Herman, St. Paul; Cecilia Carr, Cleveland, 10 each. Medals and trophies were awarded to the winners tonight at the Lake Placid Club. CONVENIENT TRAIN SERVICE TO MONTREAL AND OTTAWA From Toronto "Yonge St. Station." Toronto "Yonge Street Station" is situated in the heart of the great residential section and is reached from downtown by the Yonge street cars. Excellent train with sleeping cars for Montreal and Ottawa, leaves 9.30 p.m. daily except Saturday. Further particulars from Canadian Pacific ticket agents.

Junior Meds Win Sifton Cup Basketball Game

In what was the best game of basketball seen on the Hart House floor this year in the Sifton Cup series, Junior Meds defeated the Junior Vics yesterday, 16 to 11, thus creating a tie for group honors. The half-time score showed Victoria in the lead, but the rest worked wonders with the sawbones, and in the second stanza they played the Methodists off their feet and richly deserved the victory. Hard checking feasting the first period, and as a result neither team were able to get going at their top speed, but even at that Meds had a slight edge on the preachers. Play opened up in the second frame, with the Meds showing fast combination, and such a system is sure to produce results. At this style of play the lighter Med team were easily the masters of Vic, and they quickly cut down the lead of their opponents and ran in a few points, but the latter were by no means down and out, and up to the last few minutes they fought back. However, they tired on end, and as a result the Meds romped home in front. For the doctors, Potter and Sooner worked nicely on the forward line, the former netting the prettiest basket of the game on a solo rush during the second half. Burgess, at centre was good, both on offensive and defensive work, and proved a thorn in the side of Vic. He outplayed Chant, the big Vic centre man, and anyone that can do that knows how to play basketball. Code and Caple made a strong defence, and they easily took the best defence that the series has revealed, so far this season. For the preachers, Waddington and Stewart were easily the best, although the latter was not in very good condition. Waddington was one of their best shots, and it was his accuracy that netted the most of the Vics' points. Line-up: Junior Meds—Potter, Sooner, Burgess, Caple, Miller, Cummins. Junior Vics—Thornton, Stewart, Chant, Brewer, Waddington, McAndrew, Mulick.

OTTAWA SKIER WON THE CHAMPIONSHIP

Montreal, Feb. 20.—Coming straight to the track off the 12.30 train and without any previous experience of it whatever, E. C. Conden of the Cliffside Ski Club, Ottawa, representing the Ottawa Collegiate Institute, won the five-mile international intercollegiate ski championship of the world on the Mount Royal course here this afternoon from thirty-one contestants. He was two minutes ahead of Bowler of Dartmouth University, while Glenn, of McGill University, took third place. The following colleges were represented: Middleboro, Vt., University of Vermont, Dartmouth, McGill and Ottawa Collegiate Institute. INGERSOLL AT GALT. Galt, Ont., Feb. 20.—Four rings of Ingersoll curlers made their annual visit here today. This morning they were beaten by Granites by 14 shots, but the visitors won in the afternoon from Galt by 11 shots. Skips and scores: —Morning Game.— Granites— M. J. Coniskey...15 T. E. Cassidy Wins Grand Aggregate at Winnipeg

Winnipeg, Feb. 19.—The feature event of the Winnipeg bospital is now a thing of the past, the Canadian Wall Trophy event final being played this afternoon. Frank Cassidy of the local Thistle rink taking first prize, winning from Purford of Mather, 9 to 8. Trimble of Dauphin gets third prize, and Smith of the Granite Club fourth. Both Pepper of Deloraine and Macdonald of Fort William received two setbacks this afternoon, which assures the closing of the 1920 bospital by Saturday night. Macdonald lost to Fraser of Gilbert Plains, 16 to 14, in the one o'clock draw of the Sir John Eaton Trophy, and in the four o'clock draw was defeated by Kitchen of Medicals, 9 to 8, in the Purty Flour competition. Both of these games were for entry to the jewelry class. Bob Dunbar of Eveleth, Minn., won his way to the jewelry class of the Robinson trophy event this morning at the expense of Burns of the Elmwood rink, 14 to 8, and this afternoon he meets J. C. Macdonald and his stalwarts from Fort William, Ont., in the semi-finals. Macdonald being morning won from Smith of the local Granites, 12 to 10. Frank Cassidy of the local Thistle Club wins the grand aggregate, with Cam Chisholm of the Granite Club runner-up. Lakeview Curlers Lift Mansell-Mahoney Trophy Lakeview curlers yesterday overcame a 24-shot margin against the Guelph Royals, and in doing so became the permanent holders of the Mansell-Mahoney Trophy, which was donated nine years ago by Mr. William Mansell of the Lakeview Club and Mr. Harry Mahoney of the Guelph Royals. The trophy was for competition between the two clubs for ten years, but with yesterday's win Lakeview now have won it six times, against three by Guelph Royals. The first game, in Guelph, was won by the

Table with 2 columns: Name and Score. Royals by 24 shots, and Lakeview thus landed the trophy by five. Scores: Lakeview...27 Guelph Royals...3 M. S. Coates...27 C. R. Barber...3 P. J. Hayes...16 R. Mahoney...10 Ed. Allan...14 H. Mahoney...11 Alex. Keith...12 G. McPherson...11 Total...65 Total...40

CORN DEPRESSED BY CUT IN FLOUR U. S. Government Said to Be Trying to Unload Flour and Wheat.

Chicago, Feb. 20.—Corn underwent a sharp break in price during the last hour today, after showing decided strength earlier.

readings flour and wheat had much to do with the setback. Quotations closed heavy, 1 1/2c to 2 1/2c net lower, with May, \$1.22 1/2, and July, \$1.23 1/2 to \$1.24.

Provisions that the government was trying to get rid of its flour and wheat with as little loss as possible appeared to be the chief factor in stopping the advance of corn and in the subsequent tumble of that cereal.

A cut of \$1.25 a bushel in the price of flour was similar to the increase in the price of corn, and was announced by millers. Late selling of corn was also promoted by word that country offerings of corn were increasing somewhat, and that Argentine shipments had greatly expanded.

The initial strength of the corn market was ascribed to transient break-up of grain westward from Chicago. The price of wheat was also higher in country elevators tended to make oats even weaker than corn.

Provisions were governed chiefly by the action of grain. CHICAGO MARKETS. J. B. Bickell & Co., Standard Bank building, report the following prices on the Chicago board of trade:

Open. High. Low. Close. Corn... 124 1/2 135 132 128 1/2 134 1/2

If You Keep Hens CUT THIS OUT 1,000 Eggs in Every Hen—Four to Seven Eggs a Week Per Hen Through Cold Winter Season.

With Eggs at Dollar a Dozen Means \$5.00 Profit Per Hen in Next Six Months. Amazing Poultry Secrets Revealed BY AMERICA'S FOREMOST POULTRY EXPERT

This is an offer no reader of this paper who keeps chickens can afford to ignore. We will tell you why.

Henry Trafford, Famous Poultry Expert and Breeder, for nearly eighteen years Editor of "Poultry Success," has developed a new and remarkable system of rearing, breeding and feeding chickens for heavy egg production that seems certain to revolutionize the poultry industry and give five eggs or more for every egg produced today.

This plan or system is explained in Mr. Trafford's "1,000 Egg Hen," a free copy of which will be sent to any person who keeps six hens or more.

Poultry keepers, following Mr. Trafford's directions, learn how to start young pullets early in the year, make them mature quickly and resume heavy laying during entire winter season. Most any hen will lay in spring when eggs are cheap. Mr. Trafford tells how hens lay four to seven eggs a week during coldest winter days when egg sell at a dollar a dozen or more. His system shows how any breeder, with ordinary care, may get 1,000 eggs or more from

THE Toronto World, Jan. 15, 1920. FREE COUPON. This Coupon entitles holder, provided he keeps six hens or more, to one free copy of Mr. Trafford's "1,000 Egg Hen."

Name and address plainly and enclose in envelope with this coupon. Address: Henry Trafford, 5913 York Bldg., Binghamton, N. Y.

RAW FURS. Halls Trappers Guide, 76 pages and cover, tells about trapping animals, how, and where to catch. Very valuable to all trappers. FREE for the asking.

GUNS TRAPS & ANIMAL BAIT. and complete catalogues at very low prices. Write for prospectus before calling. FREE for the asking.

HIDES SKINS and WOOL. All shipments welcome and highest prices paid. Write us for particulars before calling. JOHN J. HALLAM, 15 Bellam Building, Toronto.

HOGG & LYTLE, LTD. 1809 Royal Bank Building. Telephone: Adelaide 4687, 4688. Buyers of PEAS, GRAIN and SEEDS. Send Samples.

**FIRMER TONE IN
MINING MARKET**

Nipissing, Beaver and Kirkland Lake Are Leading Features—Dome, Ex. Firmer.

Mining stocks showed a distinctly firm tone yesterday, with strength particularly pronounced in Nipissing, Beaver and Kirkland Lake. The day's transactions, 21,000 shares, compared with 56,000 on the previous day, and the feeling among mining men was that the corner had been turned, and that better days had immediately ahead of the market.

Nipissing has been increasingly scarce in recent days, and yesterday would-be buyers of the stock became more aggressive, with the result that the corner odd-lot had been picked up at \$12, an advance of 25 cents a share, the bid was raised sharply to \$12.25 with no stock on offer below \$12.50. The company's annual report is not likely to be issued for several weeks yet, but lively anticipations have been aroused by forecasts of a remarkably favorable showing. One prediction is that the report will show about 7,775,000 ounces of silver in reserve, or an increase of about 1,000,000 ounces over the figure at the end of 1918. Beaver was again in brisk demand, and rose 1/2 point, to 64 1/2, closing at the top. Crown Reserve was firm at 38 1/2, Peterson Lake held at 21 1/2 and Tretloway at 47, while Timiskaming, at 4 1/2, was up half a point.

La Rose was easier after its display of fireworks on Thursday, and yielded 1 1/2 points, to 60 1/2. Some further details were received yesterday of the find on the La Rose property. The vein is said to be about 2 inches wide, running more than 6,000 ounces of silver to the ton, with native silver in the wall rock on either side.

Kirkland Lake, which continues to maintain a spread of about 10 points above the price of Beaver, sold up 2 points, to 74 1/2. Dome Extension aimed shareholders of the Dome Extension Company will be held in Toronto on March 10 for the purpose of authorizing the extending of the option held by the Dome Ex. to be retarded about three months, and Capt. Anchor, the manager of the property, expresses confidence that the six months' additional time will give the property ample opportunity to prove up a point to 80. A special meeting of the property, at 27 1/2, was up 1/2, and West Dome, at 8 1/2, up 1/2.

NEW YORK COTTON.

J. P. Bickell & Co., 302-7 Standard Bank Building, report New York cotton exchange figures as follows:

ALLENDALE OIL COMPANY
Unincorporated.
DRILLERS AND PRODUCERS.
Announcing an Accomplishment
INITIAL BLOCK 250,000 SHARES SOLD.

The Assets of the Company are increasing weekly. We are sweeping onward to success. Did you secure your block of stock?

O'Rear Well is Producing.

A wire just came from the field, announcing that our O'Rear well at Desdemona had been installed on the pump, and that although a thorough test of the well had not been made, it is believed good for at least 100 barrels daily. This adds materially to the assets and assures a substantial dividend soon. The oil sells for \$3.00 a barrel at the well. Our seven strings of drilling tools in the field are also earning us enormous profits. Read the article in January and February issue of Cosmopolitan Magazine about Desdemona Oil Field and be convinced.

Seven (7) Wells Drilling—Proven Territory.

Four strings of the company's tools are operating on our own leases as follows: O'Rear No. 1, on the beam pumping; Ellison No. 1, preparing to spud in; McQuillan No. 1, spudding water well; Tarrant County well down 3,100 feet, fishing for tools in the hole. In addition we are drilling two wells for the Prairie Oil & Gas Company in Stephens County, and one for the D. & R. Syndicate of Denver in the same county.

Twenty (20) Wells to be Drilled

in the great oil fields of Texas and Louisiana. Have just acquired one-half interest in the Tarrant County Oil and Gas Association, comprising 10,013 acres in Parker County, and have already been offered a profit of \$50,000 on the deal.

Eight (8) additional strings of tools will be placed in the field soon. We want five strings of tools on the company's proven leases; five on our wildcat leases, and five on contract work for other companies. As we own our own drilling equipment, we drill our wells for practically nothing.

ANOTHER BLOCK OF 250,000 SHARES OFFERED AT \$1.00 PAR VALUE.

This second issue is offered that we may immediately double our operations in the field. Those who buy will share in the profits of the operations already under way and outlined above.

**ADVANCE IN SUGAR
ON HEAVY TRADING**

**Brazilian and Dominion Iron
Other Strong and Active
Stocks Locally.**

SENTIMENT CHEERFUL

Atlantic Sugar, Brazilian and Dominion Iron provided most of the activity in the Toronto market yesterday, and the two first-named, particularly the former, imparted a firm tone to stocks in general so that practically all changes were in the direction of net gains. Outside influences were cheerier, the pound sterling manifesting an upward tendency again and the New York market scoring a further recovery. Nearly 2,000 shares of Atlantic Sugar were dealt in the range being bid at 1 1/2 and 9 3/4 and the closing, which was at the high figure of the day, showing a net gain of 7/8 points with 9 3/4 as the closing bid. Brazilian General Electric opened at 49 1/2 and closed at 46, a net gain of 1 1/2 points, although the closing bid, Brazilian General Electric, was 49 1/2 and the closing bid, Spanish River, was 1 1/2 to 8 1/4. Cement, a point to 67 1/2, Steamships preferred, 1/2 to 8 1/4; Canada Bread, 1/2 to 30 1/4, and Canadian General Electric, 1/2 to 10 1/2. Trading in the war bonds was quiet and featureless.

The day's transactions: Listed stocks including 925 mining; bonds, \$24,400; unlisted, 6,710, including 5,870 mining; bonds, \$2,900.

**FRESH ADVANCES IN
 NEW YORK MARKET**

General Motors Records Extreme
 Advance of More Than
 Sixteen Points.

UPTURN IN CRUCIBLE

New York, Feb. 20.—Stocks were irregular at the outset of today's dealings, bulls easing on selling, due to opposition by financial and labor interests to certain provisions of the railroad bill. Reversals were brief, however, prices rallying when buying of secondary rails was resumed.

Gains in low-grade issues of the roads traversing western and southwestern sections of the country were increased by 1 to 2 1/2 points, but high-grade shares or assured dividend payers made comparatively little headway.

During the intermediate and later periods of the session trading was directed from transportation to prominent industrials and specialties. These were led by General Motors and Crucible steel, in which the bears sustained further punishment.

General Motors registered an extreme advance of 16 1/2 points at 24, almost 30 points from its recent low, and Crucible steel, at a five-point gain, was 17 points over its minimum of the early week.

Other motors and steels were firm to strong, with oil, equipment, shippings and metals, while textiles and leathers made noteworthy recoveries. Reactions of 1 to 4 points at the close were the logical result of profit-taking. Sales amounted to 1,050,000 shares.

Favorable incidents of the day included the further strength of exchange, the London quotation, at its best, rising almost thirty cents to the pound over the low record of the previous fortnight, while call money was abundant at six per cent., that rate applying to accommodations over the week-end.

All branches of the bond market were vastly stronger, speculative issues again featuring the railway division, with further improvement in foreign flotations and marked firmness in the Liberty bonds. Total sales (par value) aggregated \$13,330,000. Old United States bonds were unchanged on call.

**LARGE EARNINGS SHOWN
 BY CANADA STEAMSHIPS**

Montreal, Feb. 20.—The Canada Steamships Lines in their 1919 report, their first year under peace conditions, reports operating revenue at the new high record of \$15,240,414, a gain of about \$1,200,000. Other revenue totaled \$207,187. Total expenses were \$10,660,141, leaving net earnings of \$4,580,272. Bond interest, depreciation and reservation for government taxes amounted to \$2,243,592, leaving net profit at \$2,336,679 to add to previous surplus, together with \$773,601 being profit on sales of fixed assets, the whole making a total of \$3,110,280. From this the deduction of preferred dividends totaling \$875,000 and common dividends of \$420,000 leaves a balance to carry forward of \$6,764,280, an amount about equal to the total amount of the company. Total assets are given at \$44,557,179; vessels being valued at \$25,697,823, being included in this amount.

**GOOD FINDS MADE
 ON OLD KENNEBECK**

Mine Manager Jeffery Says Shipment Will Soon Be Made.

The old Kennebeck property, now known as the Triangle Silver Mines, is shaping up well. The original company was poorly financed, and the property had little chance to prove its merits, but a new order of things now prevails.

A message, dated Feb. 13 last, received at the head office of the company at Cornwall from their mine manager, W. H. Jeffery, M.E., says:

"I struck eight inches good grade ore, studded full of native silver, cobalt and nicolite, on 1321 foot level in east drift, 160 feet from shaft, ore showing for 30 feet back in floor, now rising toward surface, coming close to junction of north and south veins. Am looking for a big body of good ore as I continue east. Am also getting some high-grade ore on the 132-foot level, and to all appearances am nearing a good ore shoot. We will have a shipment to make, and your stock will be a bargain at 50 cents before the snow is gone."

**INT. PETROL FEATURE
 ON NEW YORK CURB**

New York, Feb. 20.—Strength was evident in the late trading on the curb today and values of many industrials and oils had a substantial upswing. There was a further strengthening tone to foreign exchange. It was probable that about 100,000 shares in a measure responsible for the improvement. International Petroleum was apparently market favorite in the late trading, the issue climbing steadily from 60 to 67. Important details with regard to the company's capitalization increase are said to be imminent. Simms Petroleum was up 1 1/2 points at 36 1/2, while White Oil was stronger at 30.

Indian Packing, United Retail Candy and Orpheum Circle were up from a point to 3 points.

**BRITISH CAPITAL FOR
 PORCUPINE PROPERTIES?**

F. C. Loring, the Toronto mining engineer who has been in London, England, since last August, returned to Toronto last week. Mr. Loring immediately departed for the north, and while there visited the Davidson Consolidated and other prominent north covering the Porcupine district. It is reported that Mr. Loring represents a large English mining syndicate. Mr. Loring returns to England before March 1.

PRICE OF SILVER.

London, Feb. 20.—Bar silver, 82 1/2 per ounce, a decline of 1 1/4 d.

New York, Feb. 20.—Bar silver, \$1.30 per ounce, unchanged.

BANK OF FRANCE.

Paris, Feb. 20.—The weekly statement of the Bank of France shows the following changes:

Gold in hand increased, 251,112 francs; silver in hand, decreased, 1,150,033 francs; notes in circulation, decreased, 23,225,205 francs; treasury deposits, decreased, 9,024,924 francs; general deposits, decreased, 32,367,230 francs; bills discounted, increased, \$1,319,281 francs. Advances decreased 16,700,055 francs.

**RICHES AT DEPTH
 IN SHINING TREE**

Herrick Has Been Tested at
 Eight Hundred Feet With
 Gratifying Results.

The gold deposits of Porcupine and West Shining Tree were formed during the Algonian epoch, many millions of years ago. In all probability they were formed several miles below the surface as it existed at the time. This immense overburden involved long continued heat and pressure. The vein filling was slowly but thoroughly done. All the gold in the rocks anywhere within reach of the vein was leached out by the hot solutions and accumulated in the veins. Then, in the course of countless millions of years, the gold was exposed by erosion and is now available to the miner.

But the point to be remembered is that deposits thus formed at great depth have also persistence in depth. In this respect they are quite unlike those formed in more recent geological times, and therefore much closer to the surface. The latter rapidly decrease in value with depth, and are rarely payable below 1,000 feet, whereas on the Herrick Gold Mine at West Shining Tree, or at the mines of Porcupine, values will continue almost indefinitely, at all events as far as it is practicable to follow them.

In all probability the mines of Shining Tree and Porcupine will not be exhausted in 100 years, whereas surface-formed deposits rarely have a life exceeding ten years. The old formations, such as found in northern Ontario, carry the big mines in all parts of the world. The Herrick gold has been tested to 800 feet, but there is every reason to suppose that its rich ore bodies will continue until increasing heat and increasing costs will make it impossible or unprofitable to follow them further.

**BOTHWELL OIL SHOWS
 BIG MONTHLY REVENUE**

A new oil stock, that of the Bothwell Oil Company, is to be called on the Standard Exchange at the opening of next week. The company is capitalized at \$400,000, of which \$300,000 is issued, and controls some 580 acres of oil lands in the Bothwell district in western Ontario, owning 154 acres out of the 580 outright and operating the rest under lease. There are a

HAMILTON'S BANK CLEARINGS.

Hamilton, Feb. 20.—Bank clearings for the week ended yesterday amounted to \$4,767,000, as compared with \$4,682,000 for the corresponding week of last year and \$4,752,000 for the corresponding week in 1918.

THE HERRICK GOLD MINES, LIMITED

Incorporated Under the Ontario Companies Act (No Personal Liability)

A Property of Great Promise

SPECIAL OFFERING OF 100,000 SHARES AT 40C PER SHARE

Authorized Capital \$2,000,000; Shares \$1.00 Each. 1,000,000 Shares Reserved for the Treasury.

Those who are conversant with world financial conditions are predicting an extended period of great prosperity for the gold mining industry. There are several reasons to justify this view. Perhaps the most notable one contributing to the importance of gold has resulted from war conditions. The world's supply of paper money has been increased enormously in proportion to gold reserves. This has brought about a depreciation in the value of paper money, which is reflected in no uncertain terms by the present chaotic condition of the foreign exchanges.

To return to a sound financial basis it will be necessary to replace a large amount of paper with gold. The British Government have already arranged to replace with gold 20,000,000 pounds sterling of paper money. Gold is at a substantial premium in Great Britain, for this reason. It is also at a premium in Canada equivalent to the premium on American money. The demand for the yellow metal is so great that it may lead to the placing of a bonus on the production of new gold. A bonus of \$10 an ounce has already been proposed.

Furthermore, the costs of producing are steadily declining. The position of the gold mining industry will become more favorable as time goes on. Gold mining investments of merit offer most excellent inducements from an investment and speculative standpoint.

In recommending the purchase of shares in the Herrick Gold Mines we are thoroughly satisfied that the property will develop into an important gold producer, yielding substantial profits to its shareholders.

We are particularly impressed with the results from preliminary exploration. The main vein is strong and exceptionally well-defined on the surface for 1,000 feet. It has been stripped for this distance. Channel samples give assays showing a remarkably even distribution of gold and excellent values. This is one of the best indications that the ore-body reaches to great depth. Diamond-drilling which has been carried on to a depth of 800 feet clearly indicates that the vein continues to great depth and carries consistent values in gold over a substantial width. In a property comprising 275 acres, many other veins will, no doubt, be found to exist. Development will greatly enhance its possibilities.

A mining plant now being put in place will be ready for the carrying on of aggressive and extensive opening up of the large body of ore already indicated by shaft-sinking and diamond-drilling. These operations, we confidently anticipate, will put the company in possession of ore reserves sufficiently large to warrant the erection of a mill within a few months.

We express this opinion, because we consider it simply a question of opening up a large tonnage of ore practically proven to a depth of 800 feet. Therefore we do not hesitate to recommend the purchase of Herrick shares. We regard the price of 40 cents a share as very moderate in view of the excellent exploration already done. As the offering is limited to 100,000 shares at 40 cents a share, we advise placing orders early.

W. S. Kindly send me full particulars about your special offering in connection with Herrick Gold Mines, Limited.
