PRINCE BRINGS JOY TO SICK ROOM OF PRESIDENT

Twenty Minutes With Head of American Nation

He is Much Taken With Big Mahogany Bed Where His Royal Grandfather Slept—Sir Robert Borden in Capital to Greet Him

Washington, Nov. 14.—(By the Canadian Press)—At a brilliant reception at the British embassy last night the Prince of Wales made formal adieu to official Washington and indirectly to the city.

Sir Robert Borden, premier of Canada, arrived in Washington during the day to greet the prince. He attended the dinner at the British embassy last night and the reception which followed.

One of the most cheerful twenty minutes which President Wilson has spent since his illness he thoroughly enjoyed late yesterday, when the prince called upon him at the White House.

President Wilson in a cablegram to the prince expressed his pleasure in the fact that the prince's health was steadily improving.

The Canadian Government Merchant Marine has issued its list of proposed sailings for the season of 1919-1920 from the Atlantic ports.

Very little difference is shown in the number of trans-Atlantic sailings from the two ports, Halifax having ten and St. John nine, the difference being made up in the number of sailings from Halifax to St. John, Nfld., and the West Indies.

The following is the sailing list issued, subject to change—

Admiral Viscount Jellicoe, who landed the other day at Victoria, B. C., for the Canadian portion of his tour of British dominions.

CANADA'S PART IN NAVAL POLICY OF THE EMPIRE

Visit of Viscount Admiral Jellicoe Matter of Importance

Ottawa, Nov. 14.—The fact that Viscount Jellicoe is expected at Ottawa soon for an extensive conference on the naval question, which will involve his residence here for some weeks, renews interest in the question of Canada's part in the naval policy of the empire.

In reply to a question in the house last session it was announced that the future policy of Canada on the matter of naval defence would be announced in the house next session, which makes the present visit of Viscount Jellicoe of considerable importance and interest.

The increasing power of the farmer in the politics of the dominion would seem to indicate that no naval policy involving any considerable expenditure may be expected during the life of the present government.

London, Nov. 14.—(Canadian Associated Press)—The House of Commons army committee have forwarded to the premier an expression of opinion that the imperial general staff should be developed on principles approved by the representatives of the overseas dominions at the conference of 1907, which means that branches in each part of the empire removed entirely from the jurisdiction of the war office.

IN SUPREME COURT

The case of the Bank of Nova Scotia vs. H. H. Hatfield was resumed in the Supreme Court before Judge Chandler this morning.

The evidence of Mrs. Elizabeth Leamont, proprietor of the Leamont Hotel, Truro, was taken and the hotel register produced to show that Mr. Hatfield was in Truro on Dec. 8, 1917, on which date Mr. Roy testified that Hatfield accepted the bill of exchange sued on at Kentville.

Mr. Harrison for the plaintiff presented arguments to show that the defendant was liable following which W. P. Jones, K. C., began his argument for the defence.

Toronto, Nov. 13.—It is said that a movement is on foot by the farmers to start a paper in New Brunswick and to co-ordinate the new paper with The Farmers' Sun of Ontario and The Grain Growers' Guide of the west.

As Hiram Sees It

"Hiram," said the Times reporter, "is it your habit always to take sides in a dispute?" "No, sir," replied Hiram, "I don't know a feller once that did, an' he hed to move close to a drug store so's he could git fixed up quick an' often."

"There are a good many disputes of one kind an' another at the present time," said the reporter. "People's gone crazy for a spell," said Hiram. "An' every feller thinks his dog-fight is the only scrap there is."

"You keep right on gittin' out a newspaper," said Hiram. "You know some-thing about that. What you know about 'em-pickin' 'em never make you a farmer."

Winnipeg, Nov. 13.—Five new cases of sleeping sickness, including two fatal ones, were reported today. This brings the total deaths to four and cases to ten. All the victims are adults.

GREAT PLANE THAT ST. JOHN SAW OFF ON NEW MISSION

Testing Air Route For Rush of Express Matter

Carries 1,500 Pounds of Women's Clothing and Furs and Sets Out For Chicago—Success Means a Whole Day Saved

(Special to Times.)

Mincola, N. Y., Nov. 14.—In the face of a twenty mile northwest wind, the giant Handley-Page bombing plane commanded by Vice Admiral Mark Kerr started from here at seven o'clock this morning in an attempted non-stop flight to Chicago.

Major J. Brackley of the British Royal Air Force piloted the craft. Goldie Archie Miller, commanding all army aviation flights on Long Island was on board as a guest of Admiral Kerr.

The flight was originally scheduled to begin November 6, but was held up when the plane was seized by customs officials because it had not been "declared" when it crossed the Canadian border on its way from Fairboro, N. S., to Green Port, L. I. (At that time it passed over St. John.)

Admiral Kerr subsequently paid duty on the craft as a "consignment of merchandise," after appraisers had placed a value on it.

Admiral Kerr planned to follow the New York Central route, passing over Birmingham, Buffalo, Cleveland and Toledo. The purpose of the flight is to demonstrate the possible use of air transportation for rush express matter.

J. D. BLACK COMES TO POST HERE WITH 'PHONE COMPANY

Appointed to Organize a Publicity Department, With Headquarters in St. John

Capt. J. D. Black, one of the best known newspapermen in the maritime provinces, has been chosen by the managing board of the New Brunswick Telephone Company Limited to undertake the organization of a publicity department, which the expanding activities of the company has made necessary.

Through the medium of its publicity department, the New Brunswick Telephone Company expects to be able to keep even more closely in touch with the users of the upward of 23,000 of their telephones that are now in operation, to improve the relations between the organization, its hundreds of employees and the public.

For more than fifteen years past "Doug" Black has been on the news staff of the Gleaser in Fredericton, and during that time he has had a varied experience in all branches of the editorial department of newspaper work.

When the McLean Highlanders were organized by Lieut.-Colonel Percy A. Guthrie in 1916, Captain Black was appointed quartermaster of that unit and was in charge of the extensive publicity work carried on in connection with their recruiting campaign, both in Canada and the New England states, which resulted in the Klitties becoming one of the most widely known units organized in the east.

During the next few days he will enter upon his new duties at the head office in this city. His family will probably be with him in Fredericton to St. John before spring.

GOVERNOR GRANT IS HONORED IN BOSTON

New Pledges of Friendship Between Nova Scotia and Commonwealth of Massachusetts

(Special to Times.)

Boston, Nov. 14.—New pledges of friendship between the Commonwealth of Massachusetts and Nova Scotia were given at a dinner of the Victorian Club on the occasion of the visit to Boston of Hon. MacCallum Grant of Halifax.

The members drank to King George and the Prince of Wales and joined in singing "God Save the King" and "America." The gathering also voted to send a message of greeting to the prince.

George Bentley, president of the British Naval and Military Veterans Association had urged support of that body, Vaughan Jelous, president of the club, congratulated Massachusetts on having fired a shot that was heard round the world.

LT. GOV. COX in introducing the Lieutenant-Governor of Nova Scotia described him as "one honored at home because of his stout hearted and loyal support of the forces of humanity and civilization against the aggressions of a cruel and arrogant barbarism."

RECENT WEDDINGS

Elder-Straight. At the Brunswick Street Baptist parsonage, Fredericton, on Wednesday, Rev. G. C. Warren officiated in marriage of George Elder of Chipman, colporteur of the New Brunswick Society, and Miss Jennie Straight, of Gagetown.

Rev. H. L. Eisenor officiated at the wedding of George A. Chesley and Florence Garnett yesterday. The ceremony was performed at the residence of the bride's parents, Mr. and Mrs. Thomas Hunter, 99 Portland street. The bride was charmingly gowned in Alice blue georgette crepe and carried a bouquet of bridal roses. The groom was a member of the original 2nd D. A. C. under Lieut.-Colonel Harrison. The bride and groom were the recipients of many beautiful and useful gifts including a substantial check, cut glass, and silver. Mr. and Mrs. Chesley, who have the good fortune of a host of friends for their future happiness, will make their home in St. John.

An interesting wedding was solemnized at the home of Joseph Parks, 84 St. Pauls street, yesterday, when Muriel Almon, daughter of Albert and Sarah Almon, was united in marriage to William Howe, son of W. W. and Angeline Howe. The ceremony was performed by Rev. W. W. Howe in the presence of the immediate friends. Mr. and Mrs. Howe will reside in St. John.

The Y. M. A. of German street Baptist church entertained the Philatheta Club last evening by taking them to the Imperial.

PORTRAITS SOLD.

A "Portrait of a Lady," with dark hair, white dress and red mantle, by Sir Thomas Lawrence, brought the highest price among the pictures of the collection of the late Mrs. F. H. Bosworth, sold at the American Art Galleries, New York, the portrait going to J. Siebert for \$225. A "Farm Yard Scene," by the Belgian painter, Melchior d'Hondecoeter, went to Mrs. Herrick for \$400, a small panel, Flemish school of the sixteenth century, "Madonna and Child," to Mrs. M. D. de Bernard for \$400, and a canvas and brilliantly painted "Vase of Flowers," attributed to Jan van Muisum, fifty inches by forty-four, to Seaman, agent, for \$420. R. N. Moore paid the highest price of the afternoon sale, \$375, for a club-shaped Chinese vase decorated in colored enamels, showing women on horseback, an animated scene. A large number of Egyptian necklaces, brooches, rings and stickpins, old Roman glass, and other objects, will be sold this afternoon. Returns for the pictures last evening were \$4,017, making a grand total to date of \$10,833.

PROHIBITION WIPES OUT "PORT OF MISSING MEN."

New York, Nov. 14.—The Keeley Institute in White Plains, "the Port of Missing Men" is being wiped out by the tide of prohibition. The old and spacious residence in which for nearly thirty years millionaires have gone to seek a cure for their thirst and have returned with glowing accounts of deer hunting in the Adirondacks, the marvels of the Yellowstone and the spell of the pyramids, is to go under the hammer to meet a mortgage of \$20,000.

Boys' Special Suits at OAK HALL Going Rapidly

The special sale of suits for boys, two to nine years of age which Oak Hall started Thursday morning is proving itself very popular with parents. Many have taken advantage of this sale, fully realizing that when Oak Hall offers reduced prices it is a real money saving opportunity in every sense of the word and not to be lightly passed by. These suits are now offered at the one special price of \$3.85, although formerly priced up to \$9.00, and at today's market quotations are worth considerably more. Suits button up snugly around neck, knee pants, in fancy tweeds and worsteds. This special offer ends Saturday evening so those intending to take advantage of it cannot afford to delay much longer.

The Evening Times and Star

ST. JOHN, N. B., NOVEMBER 14, 1919

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

MUNICIPAL MATTERS.

The building committee of the municipal council will ask the council to call for competitive plans for a new municipal building. Doubtless the council will do so, and will ask for plans of a building large enough to be worthy of a city the size of St. John.

DISREPUTABLE TACTICS.

The provincial government has decided not to proceed further in its action against the Hon. J. K. Fleming through which it sought to have certain moneys returned. This is the natural result of a long drawn out affair which had its start in the efforts of the present government to play politics.

The reason the government decided not to proceed further at present with the action against Mr. Fleming is given in the affidavit of Mr. Fleming's physician, who said: "He is now confined to his bed in a very weak condition and is unable to care for himself and the prospects of his again arising from bed are almost gone."

The city council does well to give vocational training a fair start by providing the grant asked for by the vocational training board. Money to be wisely spent for educational purposes any city can well afford to provide.

BASEBALL PROSPECTS.

In special correspondence of the Times Mr. Joe Page, who has attended the conference at Springfield, Mass., and has interviewed those most concerned, says that there is an opportunity for St. John to link up with the New England Baseball League.

This is an opportunity which should not be lost. To put St. John on the baseball map in that way would be a kind of publicity this city ought to have. Mr. Page has arranged that St. John may be represented at the meeting of the New England League. Of course it would be necessary to secure grounds, grandstands and all appurtenances; but business and professional men would no doubt welcome the opportunity to take stock in an enterprise which would prove a great asset of the city.

Sir Frederick Lewis thinks St. John does wonderfully well with the shipping facilities provided, but says there should be more piers, and the breakwater should be extended to Partridge Island. If we could only impress this view upon the authorities at Ottawa we might get somewhere. And we ought to know what the government plans to do before a vote is taken on the question of harbor commission. Past experience should teach that lesson.

The London students who carried on American prohibition advocate through the streets on a plank, after subjecting him to personal injury had a strange notion of what is meant by British fair play. The same students would permit a rank anarchist to speak in Hyde Park or elsewhere. Their action last night will merely create the more sympathy for the cause of prohibition.

The Ottawa correspondent of the Times says the view is expressed there, in relation to future Grand Trunk traffic, that St. John and Halifax are sure of getting all that originates in Canada. We would be glad if that were really to be a part of the development of the new policy, but it has not been so in the past, and there will still be a tendency on the part of some exporters to choose Portland rather than the maritime province ports. The question is by no means settled. St. John and Halifax must fight now as in the past to get business which rightly belongs to them.

The construction of a large baggage shed at West St. John is about to begin it should have been built during the summer instead of at the beginning of the winter port season. But St. John is accustomed to great deliberation in all matters of this kind.

SOME SWEET DAYS.

Some day I will reform the world, and make the crooked places straight; then every evil will be hurled to outer darkness, sure as fate. But now I have to do my chores, and keep the well known wolf away; I have to fix the cellar doors, and lay in coal, and flour and hay. Some day, with you, I'll take the stump and talk from noon till night arrives, and old abuses to the dump, and brighten up men's darkened lives. But now I have to raise the price of things we need—it takes some roll—and pay the chap who brought the ice, and fother guy who brings the coal. And sometimes, as I pay my bills, I think perhaps that helps as much as whistling up and down the hills, demanding things, to beat the Dutch. And often, as I do my chores, I think that helps the world along as much as raising raucous roars, and showing that all things are wrong. Some day I'll leave my useful tasks, forsake my simple, homely joys, and stand on boxes and on coals, and wave red flags, and make a noise. Then you will know, if you are near, that something's wrong beneath my thatch, and you may take me by the ear, and lead me to the booby hatch.

CANADA—EAST AND WEST

Domestic Happenings of Other Days

LORD SELKIRK.

When Nov. 14, 1803, dawned, it saw on his way to the great unknown west of Canada a sturdy figure who was to play a great role in its development in the years to come. He was a dreamer so many thought then, but Lord Selkirk, the intrepid pioneer, was sure his vision was to be realized. The best and bravest blood of Scotland and the best brains of the west did not know the meaning of the word. That characteristic stood him in good stead in the years to come.

In 1802 he wrote the British authorities asking permission to establish a colony in America; the only response was a statement that the government would not do such a thing. But undaunted, he began to prepare for the time when he could come to America. In 1803 he came to Montreal, where he was received with great honors and entertained lavishly at the club of the day. The Beaver Club membership was composed almost entirely of fur trade officers who were in his city. The west called him and after tarrying a time at the Grand River he answered the call of the wild. Then his real work began and the establishment of colonies on the Red River and fur stations ever farther followed west. A colony at York Factory was one part of his work.

In those days the Hudson's Bay Company was the power in the wilds. It should be noted that the young lord was but a child in the south of France, where he had gone to seek renewed health, in 1820. It is only in recent years, however, that the full value of his pioneer work has been appreciated.

LIGHTER VEIN.

Not At All Unusual.

Church—"I see it has just leaked out that the fountain-pen-makers are on strike. Gotham—"Oh, well, you know there always is something leaking out about a fountain-pen."—Yonkers Statesman.

"Senator, here is a man for whom we positively must find a job." "All right. What's his size? Will he be satisfied to be a doorknocker, or must we put him on an investigating committee?"—Judge.

After years of patient strap-hanging he had ceased to cough, and had resigned himself to the inevitable. He did not expect a seat in exchange for his fare as he journeyed home by subway from the city.

However, one evening he felt bound mildly to expostulate with the individual who was sitting in the seat below the strap which he was pattingly clinging to.

"Excuse me, sir," he said in a gentle voice, "but would you be so kind as to move that seat to the aisle. I can scarcely find room to stand."

"Move my suitcase?" said the other with a gasp. "What on earth do you mean about that?" "Is that so?" was the reply. "Then perhaps you would be kind enough to pile them one above the other."

"What is your explanation of the high cost of living?" "I haven't any," answered the man who is trying to get out of the city, "but that some day it is due to time wasted in over-explanation."—Washington Star.

A matter-of-fact gentleman one day met a friend. "Hallo!" was the greeting from the matter-of-fact gentleman. "How do you find yourself today?" "I'm mighty bad," was the reply. "This weather'll be the end of me. I know I'll be a dead man before very long."

"You've been saying that for the last five years. I've no patience with you. I tell you what it is, you want firmness of mind. Fix a day for your dying and stick to it."

PRINCE TO MEET REPRESENTATIVES OF THIRTY RACES

New York, Nov. 13.—Representatives of thirty races in the United States will assemble on H. M. S. Renown on the North river next Tuesday afternoon to pay their respects to the Prince of Wales and present a living picture of the variety of races that go to make up America's national life. The meeting has been arranged by the inter-racial council through its committee on international affairs, of which Mrs. David Rumsey is chairman. It is expected to be one of the most picturesque incidents in the American itinerary of the prince. The following are the racial groups who will be represented in the delegation to call on the prince: Armenian, Belgian, British, Canadian, Carpathian, Russian, Chinese, Czech-Slovak, Danish, Dutch, Estonian, Finnish, French, Greek, Hispanic, Italian, Japanese, Jewish, Jugo-Slav, Lettish, Lithuanian, Magyar, Norwegian, Polish, Portuguese, Rumanian, Russian, Swedish, Swiss, Sclavian, Ukrainian.

MORNING NEWS OVER THE WIRE

The matter of having "punch-clocks" installed for civil service employees is now being considered at Ottawa.

Reports show a smaller increase in the net debt of Canada for October than in September. The net debt now stands at \$1,251,792. Wm. E. Johnson, "Pussyfoot," an American prohibition worker, was roughly treated in London last night. He had arranged a debate in Essex Hall. Some English medical students seized him and rushed him through several streets on a plank. He was rescued by the police.

Chicago saloon-keepers, expecting a federal court decision on the enforcement of war-time prohibition to be favorable to the liquor trade, are preparing to resume selling liquor.

The Canadian War Board announces an agreement with railway employees numbering some 40,000 in Canada, whereby they would receive an increased wage of four cents an hour for locomotive workers and nine cents an hour for car repair shop workers. The men had asked for seventeen cents increase.

HOTELS CHARGE "CORKAGE"

Tax Those Who Supply Themselves With Liquor.

New York, Nov. 14.—In the future those who have carried their own liquor in hip-pocket bottles will have to pay for the privilege. Walter Guzzardi, manager of the Hotel Majestic restaurant, announced that he had placed a line on each of his menus reading, "Corkage, 50c." It was said the Waldorf, Claridge, Astor and Pennsylvania were already making the charge.

Mr. Guzzardi said that few realized the extent to which private stock is being used by diners. He cited the hip-pocket and the vest-pocket flasks and the fact that many women were carrying cocktails in little tubes attached to their vanity cases. Some, he said, even carried the ingredients in little handbags. Many of the hotels find there is as much drinking as ever without the revenue and therefore the "corkage" tax.

A FINE OLD HOMESTEAD.

(Frederick Gleener.) Nelson W. Brown has sold his fine property, Maple Farm, at Middle Southampton, to James Gibson, a Scotch gentleman who came out to this country fourteen years ago and homesteaded in Alberta, where he made considerable money as a dairyman and rancher. Two years ago Mr. Brown sold the lumber off his farm to Messrs. Phillips & Creighton, of Woodstock, for \$3,000, and he has now received for the farm proper about \$7,000. It is a beautiful country home and has been in the family for three generations. Mr. Brown's grandfather, the late Abram Brown, coming from New York at the beginning of the Revolutionary War, when he took up 200 acres, felled the first trees and built a house. His two brothers, Malcolm and Edward, left New York at the same time and settled in Ontario, the former being the father of the Hon. George Brown, one of the fathers of Confederation. Mr. Brown still retains his father's mill property in Southampton, the land of which is among the finest in the little valley of the John. He has one son, Waldo, with the C. P. R. at Guelph, Ont., and with his wife and three daughters, has moved to Fredericton, taking up their residence on Carleton street.

GERMANS BUYING COTTON.

For the first time since the civil war spot cotton was sold in Texas on Oct. 10 at 57 cents a pound. This price, the culmination of a series of recent advances, is reported to be due to heavy purchases for German account. According to some authorities in the trade, Germany's purchases during the last two months have been heavier than those of any other country except England, and the buying is of the best grades. An estimate places Germany's purchases since August 1 as in excess of 500,000 bales. So far as is known no large credits in favor of Germany have been arranged here, and it is supposed that these shipments are being financed through credits secured by Germany in neutral European countries. For some months the Germans have been doing business with Holland and the Scandinavian countries on a barter basis, and it is believed that the balances in her favor are already considerable.

RESCUED FROM QUICKSAND.

Sunk to his neck in quicksand, near Long Island City, New York, Alexander Bologh of Lorain, O., was rescued by Patrolman Prazek. Thomas Graham, a Nulenburg, a Mount Zion cemetery guard. It was 2 a. m. when the patrolman heard cries from the swampland. He walked into the swamp and sank to his knees. He blew his whistle. Graham and Nulenburg ran up and helped the policeman out. The three then found a leaky rowboat and paddled about the swampland for nearly two hours before they located Bologh. In attempting to get him out Prazek lost his balance and fell beside him. The patrolman tied a rope under Bologh's arms. Prazek, with the assistance of his two companions, got back into the boat and they pulled Bologh to safety. He was taken to St. John's Hospital, Long Island City, where it was said he would recover. He could not remember how he had got to the swamp.

BANK CHANGES.

Roy Heustis, of the Bank of Montreal staff, Fredericton, has been transferred to the bank at Paspébeque, Que., and his place has been filled by Robert Ingles, of Port Arthur, Ont. Mr. Ingles is a son of Robert Ingles, for many years manager of the Bank of British North America in Fredericton, and had three years' service overseas.

Sterling MacDiarmid, who has been spending a few weeks with his parents, Mr. and Mrs. Archie MacDiarmid, of Fredericton, after two years in France, where he served in the offices of the paymaster general of the American army, has re-entered the employ of the Canadian Bank of Commerce and left for Winnipeg. Before going overseas he was employed as accountant in the bank's branch at Summerside, P. E. I.

JAPANESE FIRST NAMES ARE CHANGED FOUR TIMES

A Japanese boy receives his first name when he is just a month old. Then three different names are written on three slips of paper and thrown into the air in the temple while prayers are addressed to the family deity. That which falls first to the ground bears the name the child is called till he is three years old. Then he receives a new name. At fifteen the Japanese boy receives another name in honor of his coming of age. His name is changed again on the occasion

### RECENT DEATHS

**Miss Edith M. Kirkpatrick.**  
The many friends of Miss Edith Mable Kirkpatrick will be shocked to hear of her death which occurred at her late residence in East St. John yesterday afternoon. Miss Kirkpatrick, who was thirty-seven years of age, was a daughter of the late James and Euphena Kirkpatrick, and leaves two brothers, James H. and William B. Kirkpatrick, and one sister, Mrs. W. H. H. Foster. Although in failing health for several years, she was a patient sufferer, and was beloved by all who knew her. The funeral will take place Saturday morning at 8 o'clock from 26 St. Patrick street to Burinville.

**E. L. Gilpin.**

Sydney, N. S., Nov. 14—E. L. Gilpin, property agent for the Dominion Iron & Steel Company, died at his home here yesterday of pneumonia.

On Saturday, Nov. 8th, Mrs. Elizabeth Albro Woodworth, wife of E. Woodworth of Parrishboro, died at the age of 84 years. She was a native of Halifax. She leaves besides her husband, one son, Harry of Boston, and two daughters, Mary, at home, and Mattie, matron of the hospital in South Hanson, Mass., at present spending her vacation in Parrishboro. One brother, Henry Albro, of Quebec, and two sisters, Mrs. John Moore and Miss Ada Albro of Kentville, N. S., also survive.

Mrs. Creelman, widow of John Creelman, died on Tuesday morning at Pointe du Chene at the age of 76 years. She leaves one brother in Scotland, Thomas Keswick. She was an aunt of Lieut. McLaren Keswick of York County, formerly of Buctouche, and recently returned from overseas, also of Jack Keswick of British Columbia; Thomas Keswick of Moncton; Mrs. E. A. Smetz, of Atlantic City; Mrs. Leslie Murray, of Portland, Oregon, and Mrs. Frank Baxter, of Boston.

Mrs. Jennie C. Gordon died Tuesday at her home in South Devon. She was 52 years of age and is survived by her husband but no children, her only son being killed in the war; one brother, Charles Love, of Penniac, and two sisters, Mrs. Wm. Grier of Alberta, and Mrs. John Cathrew, of Newcastle.

George Haddow, aged 66 years, a native of Miramichi, died on Tuesday in Toronto. He will be buried today at Dalhousie, N. B. Rev. Robt. Haddow, D. D., of Toronto, is a son.

Bright Outlook in Textile Industry (By A. O. Dawson, vice-president and managing director, Canadian Cottons, Ltd.) I am glad to say that I am not at all pessimistic as to the future. I think Canada has in store brighter days than any in her past history. Practically every industry in the country, whether it be farming, mining, fishing or man-ufacturing, has had several successful years, and their financial position is in-genuitely superior to that prevailing before the war. All our people who want to work can get it at favorable rates, and there is practically no poverty in the land. While there is still more or less labor unrest, this is gradually passing away, and our people everywhere are taking a more sane and hopeful view of the situation. The textile industry is no exception to the general rule. There is plenty of business offering, and the help situa-tion is better than it was a year ago, and the outlook in this regard for the fall and winter is very hopeful. As you are probably aware our own country has started a co-operative plan throughout the various mills under the fed-eral approval of all our people, and we are expecting good results therefrom. It seems to me that the time has come when capital and labor must work to-gether for the general good, and employ-ers everywhere will, if they are wise, de-velop some means whereby their work-people will reap the results of faithful service, perhaps in a larger way than they have ever done in the past. Every individual worker in our mills, who is glad to let you know the results. We are starting this cooperation plan to, at the beginning of the fall and win-ter season, when there is always a nat-ural increase in production, so that the benefits of our people derive there- from will be, I am sure, very consid-erable. After this new plan has been in operation for a few months, I shall be glad to let you know the results. The silk and wool industries are in-genuitely as prosperous a condition as the cotton industry. The mills have all the orders they can attend to and this con-factory results.

IF THIN AND NERVOUS, TRY PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless prepara-tions and treatments which are contin-ually being advertised for the purpose of making thin people fleshy, develop-ing arms neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness. Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this defi-ciency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guaran-tee of satisfaction or money back. By feeding the nerves directly and by sup-plying the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a welcome trans-formation in the appearance; the in-crease in weight frequently being as-tonishing. Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten, and pale cheeks glow with the bloom of perfect health. Miss Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitro-Phos-phate has brought about a magic trans-formation with me. I gained 15 pounds and never before felt so well." CAUTION-While Bitro-Phosphate is unsurpassed for the relief of nerve-ousness, general debility, etc., those tak-ing it who do not desire to put on flesh should use extra care in avoiding fat-tening foods.

MARINE NOTES.

The three masted schooner F. C. Lock-hart has been chartered by J. Willard Smith from Walton, N. S., to New York with plaster at \$8.50, free loading and discharge. She is at present in this port and will sail as soon as weather condi-tions are favorable.

J. Willard Smith has also chartered the schooner C. Maud Gaskill to load hardwood staves at Savannah for Funchal, Madeira, for a lump sum of \$14,000. She is at present en route from England to Key West for orders. Captain Gran-ville of this city is in command.

The three masted schooner Ononette, owned by J. Willard Smith, has been chartered to load fertilizer at Baltimore for Martinique on private terms. She is at present en route from Windsor to New York with a cargo of plaster.

The S. S. Wimburn sailed from Syd-ney, C. B., yesterday for this port to load a cargo of grain for the continent.

The barkentine Skandia cleared yester-day for the River Mersey with 176,340 feet of spruce deals. George Mc-Kean & Co., Ltd. are the local agents.

The Portuguese schooner, Oceana, which sailed from St. John on October 23 for Lisbon, Spain, was abandoned on November 6, owing to the heavy At-lantic storm in latitude 39.19 north and longitude 68.35 west. The crew were taken off by the steamer Atlantic City sailing from Brixham to Hampton Roads. The Oceana loaded here with a cargo of lumber from the Stebon, Cut-ler mills and the local agents are Nagle & Wigmore. The position named is considerably north of the schooner's course to Lisbon which would indicate that she had been driven out of her course.

Six members of the crew of the Brit-ish schooner Gigantic were brought to New York yesterday on the American steamer Craigmore. The schooner had been in a severe storm and had had her sails and rigging carried away.

FACTORY ACT CASE.

A case of William F. Knoll, general superintendent of the Pender Works, charged with causing a steam boiler to be operated by an engineer other than a licensed one, was taken up this morning before Magistrate Ritchie. It came out that there are two steam plants there. Green, a fireman, L. Darcy, an engineer, and Mr. Knoll gave evidence. The case was postponed until Saturday afternoon. C. F. Sanford is counsel for Mr. Knoll.

### HARBOR MATTER IN POLICE COURT

Story of Cutting of Hawser is Told by Harbor Master Alward in His Evidence

Before Magistrate Ritchie today Captain Henderson of the N. B. steamer Batsford, was charged with disobeying and disregarding an order given by Harbor Master Alward in connection with the cutting of a hawser on Nov. 11, by attempting to put it into scows hired from J. A. Gregory.

F. R. Taylor, K. C., counsel for the captain, raised a preliminary objection that there was nothing in the city by-laws giving the harbor master authority to give orders regarding the discharge of ballast.

Mr. Alward said he went on board the S. S. Batsford and ordered the captain not to allow dump scows to be made fast to the steamer. On the morning of Nov. 11 he got a tug to go over to the steamer and tow these scows away, but they were then being towed away out to the mouth of the harbor for dumping. He said he took this action in consequence of information received. His reason for not allowing the scows to load the ballast was that sometimes the dumping scows were not tight. The steamer moved up to Long wharf and he said he sent Mr. Charlton down from his office to see if they were using scows in consequence of what Mr. Charlton said over the telephone he went down and found two scows fast to the ship. He said he ordered the captain to slacken the hawser but the captain he would not as he had legal advice not to. The harbor master said he then got an axe and cut the hawser and towed the first scow away. He told the court that Mr. Kerr of the C. P. R. made the remark, "If that hawser is cut some one will be thrown overboard." The witness then took the scow over to West St. John and on coming back found that the remaining scow was fast to the steamer with a chain and it was impossible to cut this with an axe. He said the scow contained ballast which was half dirt and stone.

The case was postponed until Monday morning.

### KNIGHTS GREET NEW MEMBERS AT SMOKER

Pleasant Time in K. of C. Hall After Exemplification of First Degree

Following the exemplification of the first degree in their rooms in Colburn street last evening, the members of St. John Council, 937, Knights of Columbus, held a smoker and reception for the candidates just admitted, and it proved an enjoyable function. W. M. Ryan, grand knight, presided and gave an interesting address on the work of the order. He drew attention to the fact that tomorrow will be the fifteenth anniversary of the founding of the local council and spoke of the celebration planned, including reception of Holy Communion by the members in the Cathedral on Sunday morning at the seven o'clock mass.

There was a large gathering of members last evening, including several visitors from other councils. District Deputy Tingey, Grand Knight W. E. Farrell and Chancellor Gregory Peeney, all of Fredericton council, gave addresses of pleasing interest, which were well received. Solos by Gerald O'Neill and E. J. Henneberry, and readings by S. C. Hurley added to the pleasure of the evening. J. L. Mully presided at the piano. Refreshments were served by a committee under direction of the lecturer, M. T. Morris, and a delightful time was had by all present.

### NOTICE TO ADVERTISERS

The co-operation of advertising patrons is requested in the direction of getting "copy" into the business office on or before 4.30 p. m. on the day previous to publication. Very often the receipt of a large advertisement or even regular changes after that hour serves to dislocate the regular work of getting the paper made up in time to catch the mails—and not infrequently such ads. are at the last moment left out.

This situation is not of service to either the advertiser or our readers and we, therefore, request that copy be received in the business office

### WORK TO DO YET OR ST. JOHN WILL NOT GET THE GUN

And There is Only One Day More Left—Now For The Final Push

While the returns from the sale of bonds in the Victory Loan campaign for Wednesday reached the fine total of \$332,000, they fell off again yesterday and only one day now remains to put St. John over its mark. Of course many large sums subscribed have not yet been credited but even these will not bring the total up to the standard required to capture the German gun, the trophy offered to the county making the greatest percentage over its objective. An extraordinary number of subscriptions will be required to reach the figure required to get this gun.

A wire received this morning from R. W. McLea, chairman of the York county committee, said that he was confident that the province would subscribe \$12,000,000 and that York county would provide half or at least one-third of the additional figure necessary to reach this total.

The A. R. Williams Machinery Co., Ltd., were awarded the honor flag this morning. In this concern 100 per cent of the employees subscribed to the loan. S. L. Mellday, local representative of the Business System, of Toronto, received a wire yesterday saying that every one of the employees in that city had subscribed to a total of \$64,000, thus winning a 100 per cent honor banner and placing the firm among the leaders in Toronto.

In addition to the booths already mentioned have been established by the Y. W. P. A. for the sale of bonds and there have been requests from the booths about the city, mostly small investors. Fairville has been a particularly good field for this work by the young women. The returns by wards with the corresponding figures for 1918 follow, showing Dukes in the lead with Lorne second, and several wards as having reached above their total of 1918:

Ward	1918	1919
Guy's	\$ 62,000	\$ 47,650
Brooks	68,150	49,450
Sydney	102,150	65,600
Kings	440,200	202,800

## The Centre of Attraction In a Home—An Easy Chair

Nothing adds more to the real comfort of the home than one of these Easy Chairs.

Can't you just see Dad coming in after a hard day at the office, putting on his slippers and sliding into "solid comfort?" Watch the smile of complete satisfaction that comes over his face as he picks up his newspaper and begins to smoke his favorite pipe or cigar.

And no wonder—the soft, comfortable cushions and the graceful, easy lines that give way to every contour of the body make it simply irresistible.

And that isn't all to be said about these Chairs. They are made right—made to last—so that in years to come you will get the same joy and comfort out of them that you did when you first put them in your home.

We have many styles for you to choose from, and at prices that will make it possible for you to possess what you probably have always wanted.

When you see the fine designs, note the workmanship and the quality of the coverings, you will agree with us when we say that these Chairs represent superiority—economy, combined with real comfort.

FURTHER REPORT ON  
SCHOONER OCEANA

Halifax, Nov. 14—The schooner Oceana, believed to be on voyage from St. John, N. B., for Lisbon, has been abandoned at sea, according to a wireless message received today from a steamer giving the code signal "K. V. O. E." There is no mention of the crew. The radiogram stated that the steamer passed the schooner yesterday in latitude 49.40 north, longitude 61.51 west. The Oceana's masts and rigging were standing. The message added that the schooner was not on fire "as previously reported," but there has been no previous report here of any casualty to the Oceana. It is assumed that the crew of the schooner abandoned their ship during last week's storm.

**Sensational Novelty in New Opera House Programme**

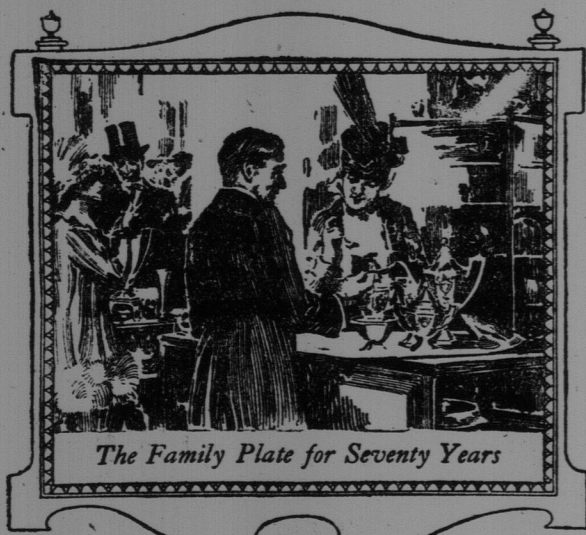

The bullet proof lady, a sensational sharp shooting novelty, one of the good features of a splendid vaudeville programme at the Opera House tonight.

The regular change of vaudeville programme opening at the Opera House tonight offers five high class novelties. Heading the bill is a sensational sharp shooting act, featuring the Bullet Proof Lady, who allows her partner, an expert rifle shot, to fire point blank at her, shatter objects hung around her waist, and all without doing her any harm. The sensational finish of the act, whereby the marksman perforates a pack of cards hung around the lady's waist and with the same shot breaks a glass on a stand behind her, has mystified people in all the large cities of the country. Everybody is at liberty to puzzle out just how it is done.

Other good features of the bill include Bert and Betsy Ross in a snappy comedy skit, with songs, comedy and dancing; Virginia Rankin, sensational vocalist; Cliff Green, monologist, singer and comedy magician; one other good act, and the Marie Walcamp series of western adventure stories in picture form. Tonight at 7.30 and 9; tomorrow afternoon at 2.30.

**PIONEER LODGE'S GOLDEN JUBILEE**

Members of Pioneer Lodge, No. 9, Independent Order of Odd Fellows, opened the celebration of the fiftieth anniversary of the introduction of Odd Fellowship into New Brunswick at a meeting in the lodge room last evening, when tea candidates were introduced into the mysteries of the initiatory degree. Odd Fellowship was introduced into

New Brunswick in 1869. Previous to that time, there had been a lodge of the Manchester Unity in St. John but it had ceased to exist. R. Radford Barnes, an Ancient Odd Fellow, called a meeting of several enthusiasts, when it was decided to ask for a charter. This was granted and the first meeting of the lodge was held in the old Sons of Temperance hall, King street east, on the evening of August 28. The officers elected were: noble grand, R. Radford Barnes; vice-

grand, Alexander Robertson; recording secretary, G. T. Knollin; treasurer, William Kennedy; conductor, Chris. Armstrong; warden, W. I. Whiting; inside guardian, William Hillman.

The lodge prospered and the members were instrumental in having other lodges founded in different parts of the province. At the present time, the lodge has a large membership and those holding office are: noble grand, C. Harold Scott; vice-

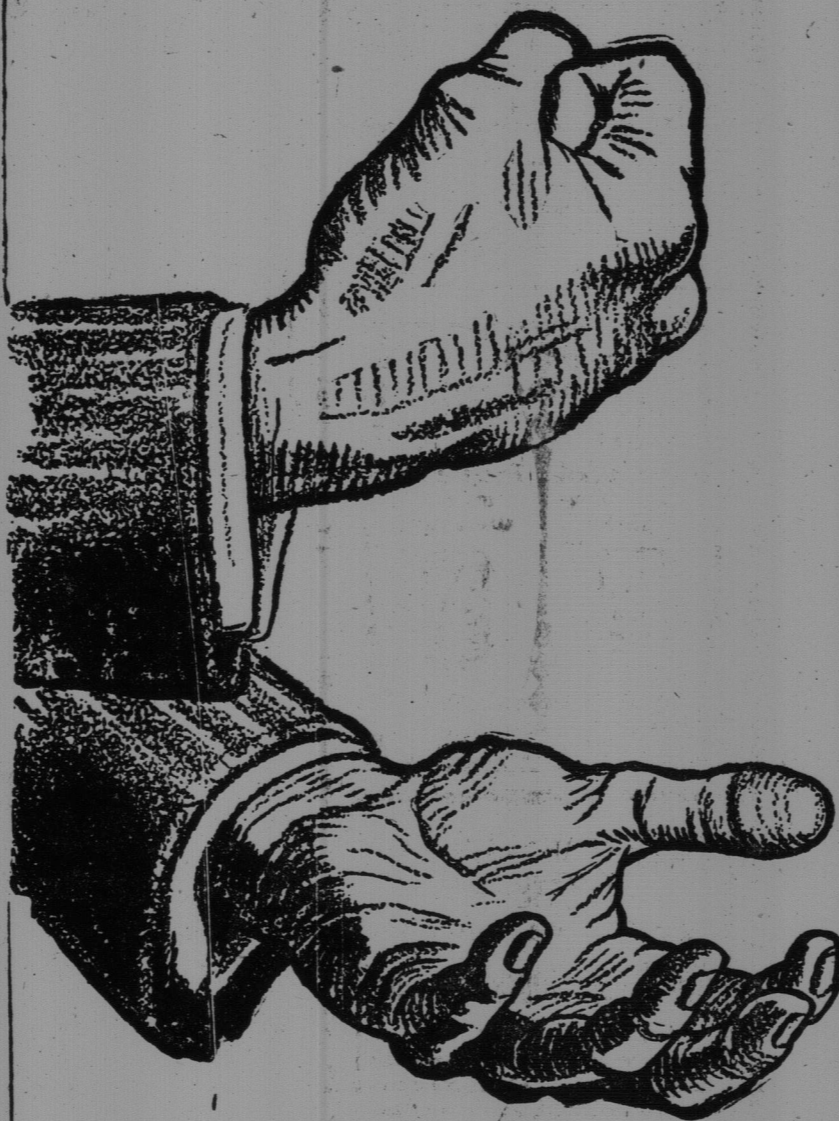

grand, J. A. Murdock; financial secretary, J. F. Russell; treasurer, B. Robertson; warden, E. G. Pöble; conductor, A. W. Thorne; outside guard, W. H. Bryden; supporters of the N. G. Dr. A. D. Smith and F. H. Sinclair; supporters of the vice-grand, J. L. Cantry and A. V. Cowan; S. S., John Bennett and R. E. Anderson.

The lodge is to continue the celebration with a banquet, when it is expected that guests from other parts of the province will be in attendance.

You know the "why" of the Victory Loan 1919.

You know that Canada's prosperity depends upon the success of the Victory Loan.

You know that if the bonds are not sold every industry in the country must suffer.

You know that if industry suffers thousands of people will be without employment.

You know the hardship and suffering that follows lack of employment.

You know that an investment in Canada's Victory bonds is secure beyond discussion.

You know that 5 1/2% is a good rate of interest on a secure investment.

You know that Canada's Victory Bonds can be turned into cash at any time.

You already know that Canada's Victory Bonds are likely to increase in value.

You know that you, like every other citizen, have a responsibility to Canada in this matter.

You know that your employer (if you are a worker) will help you to finance your purchase of bonds.

You know (if you are an employer) that it is your duty to assist your employees to buy bonds by helping to finance them.

You know that the banks are prepared to help you to buy bonds, and that you should ask some banker for information.

You know that if you have not bought as many bonds as you can possibly pay for now, and with your future savings, that you have not bought as many as you should.

You know you have just two days left, to-day and to-morrow, so make up your mind NOW to do your full part and buy as many as you can of

AMHERST MAN'S INVENTION

Dr. Hedley Hilcoat Makes a Movable Motor Light—Beams Turn Corner, With Moving Car

(Amherst News.) A citizen of Amherst, Dr. Hedley Hilcoat is accredited with an invention that will probably revolutionize the lighting system that is now in effect on the modern motor car. Previously it was thought impossible to have a focused light that would keep the road in sight, while turning a corner, but Dr. Hilcoat was not of the same opinion. His son-in-law, Dr. G. H. McNutt of New Glasgow, having nearly come to grief on a long trip through the straight beam lights, turned his car over to Dr. Hilcoat, knowing his proclivities for conquering the allegedly impossible. He asked him to turn his mind to a movable light, that would be of practicable use on the roads.

Last evening, Dr. McNutt and Chief Pickern, called for the Newsman, and took us for a demonstrating spin through the country. Neither of them mentioned the new lights to us but as Dr. McNutt swung around a corner, we noticed that the rays of the lamp were always falling directly ahead of the car. Immediately we commented upon the fact, and Dr. McNutt stated that it was a new invention effected by Dr. Hilcoat. The lamps are placed upon pedestals attached to the front axle, and necessarily must swing with every turn of the steering wheel. It has been claimed that such lights would not stand rough driving, but the doctor took us over all the back roads in the country, and the lamps certainly stood the test. Finally he shot up Victoria street and rounded the watering trough at Moses Corner. Continually the lights played directly in front of the car. Not only do the lights swing on the axle, but dimmers are unnecessary, because the lights can be kept at the driving angle, or when a car approaches, a slight touch on a lever and the lamps are turned down at an angle where the light is thrown about ten feet ahead of the car—an excellent idea for city driving, or when passing an approaching car on the road. Both parts of the invention are certainly serviceable. Hundreds of accidents have resulted on slippery roads, or in a fog, for the simple reason that the road was lost to sight when turning a corner. This invention of Dr. Hilcoat's keeps the road, in the driver's eyes, continually, and naturally will lessen the number of accidents, resulting through the above mentioned causes. Patents have been taken out, and it is expected that the new light will be manufactured at an early date.

**THE OPPOSITION-  
MAKES FARCE OF  
POWER QUESTION**

(Moncton Transcript.)  
Commodore Stewart who presided over the operation of formulating the opposition platform was determined that the party would not be committed to any radical principle if he could help it. The St. John delegation wanted the convention to declare in favor of the public ownership of water powers, but the commodore and his bold crew of ancient mariners on the resolutions committee would not have it so. First they put up a strong fight to prevent the St. John resolution being read to the delegates, and failing in that they continued their obstructionist tactics till the St. John men abandoned their purpose in disgust. So instead of a purposeful plank the convention simply adopted a sentence from Mr. J. A. Murray's programme of promises at the last elections. The party was merely committed to the policy of collecting information about our water powers with a view to development.  
This emasculated the St. John resolution is largely superfluous. It shows the convention possessed little knowledge of public affairs. Only a few days before Premier Foster had announced that the commission of experts working under a joint arrangement of the provincial and federal governments had about completed their scientific survey of the water powers of the province; that their report would be submitted to the next session of the legislature, and that on the basis of the information thus obtained the provincial government would submit a bill providing for the development of water powers, both on the lines of public and private enterprise. In view of this for the opposition to pledge itself if returned to power to collect information with a view to development is peculiar to say the least. Were they so ignorant of public affairs that nobody knew what was going on? Or were the leaders merely anxious to

side track the question? Their resolution says in effect that the information collected by the present commission is of no value, and that its work will have to be done over again. This is rather hard on the Borden government which appointed an expert to work with the local government's expert.

**TOURING BRITAIN  
COSTLY PLEASURE**

London, Nov. 13.—To tour England now, even in the most modest fashion, costs two or three times as much money as it did five years ago. A word to the wise is sufficient. To live comfortably but in an unpretentious neighborhood in London, a tourist must spend \$2 to \$2.50 a day for a room and \$2.50 to \$3 for board. In other times even an exacting

tourist could get a good room and a good breakfast for \$1.25 a day. Anyone who contemplates a tour of England in the near future had best count on an expenditure of \$5 a day for bed and board alone. Let him figure on paying 60 to 75 cents for breakfast, 75 cents for luncheon and \$1 to \$1.25 for dinner, and this in restaurants where the prices are most moderate. But the tourist who has money enough to reach a remote district of England can get a room and breakfast for \$1 a day.

"Who has money enough" is written deliberately, for railway fares everywhere are 50 per cent higher than in 1913, and, in many cases, 200 to 300 per cent. Fares were raised to discourage railway travel and they have never been lowered. One used to pay 85 cents for the round trip between London and

Brighton; now the fare is \$3.15. A cheap excursion could be made from London to the Shakespeare country for \$2 or \$2.50; now the fare for the round trip, third class, is \$6.30.  
As for souvenirs to take back to America—the prices are sky-high, like those of everything else. And, at the moment, there is no prospect that prices will tumble.

**REORGANIZATION  
OF RAILROADS  
IN UNITED STATES**

Washington, Nov. 13.—Four important points of the railroad re-organization legislation were settled by the house today during consideration of the Each railroad bill. Each of the provisions approved has far-reaching effects in providing capital to the carriers, both in the period immediately following government control and afterward. With one exception, all of the provisions provoked sharp fights, but only one was changed.

In brief, the provisions approved by the house provided:  
"Carriers must ask the interstate commerce commission for general increases of rates, within sixty days after their return to private operation."  
"Revenues of carriers, including short

**Only One Day  
More—**

Whatever happens now, St. John city and county is going "Over the Top" in the Victory Loan Campaign as the gallant Canadians went over in the final drive which brought victory to the Allied arms in the Fall of 1919. But all, not all, are bearing arms.

Cold figures show that the White Feather is worn by more than 4,000 investors who, last year, staked their money on the good name and future prosperity of their country. Two days before the campaign closed last year 8,771 purchasers had taken bonds to an average extent of \$581 each. This year but 4,217 citizens have signed their applications and these represent an average of \$781.

This means that the business men are taking larger amounts to save the good name of St. John but that the small investor is still to be heard from. There is time yet to make a new record for St. John if the same number will respond this evening and tomorrow to the appeal of the canvassers.

**WELL CHURCH PROPERTY TO PAY NATION'S DEBTS**

Suggestion Made by English Writer to Pay Off British National Debt

London, Nov. 14.—(By Associated Press)—Observers of Great Britain's financial problems attach some significance to a suggestion made recently that the main burden of paying off the huge National debt created by the war should be laid upon the Church of England and the Church of Scotland, more particularly on the former.

The proposal is that all their property, including Westminster Abbey, should be sold and converted into cash, for the relief of the debt-afflicted country.

The attention attracted by the idea is due largely to its source, it being brought forward by the Statist, one of the widely read journals of finance and trade. The writer of the article asserts that the annual interest charge of £500,000,000, which he estimates that England is facing, will hang like a millstone round the nation's neck unless got rid of. Hence the necessity of making a big hole in the debt "by one large sacrifice," with those who have the most money contributing the most in the emergency.

"There is no reason," argues the writer, "why the Church of England should be supported by the whole population. It is not believed in by the whole population and therefore it has lost all right to exact support from those who do not attend its services. What is more, now is that the whole property of the church, without exception, should be used for the freeing of the country from debt."

"It has been suggested that very little could be got for Westminster Abbey. We differ entirely. We believe that a very large sum could be got for Westminster Abbey. The wise course would be to put the Abbey up at auction and allow every great church to bid for it as much as they please."

**CULLOM LODGE FAIR.**

The fair under the auspices of members of Cullom Lodge, L. O. B. A., No. 36, drew another large crowd last night. Dominion L. O. B. A. life and drum band was in attendance. The door prize, a bag of flour, was won by Mrs. James McAfee. In the bagatelle for ladies Mrs. McAfee won the first prize, a fruit cake. The other prize winners were: men's bagatelle, bag of flour, M. Waring, Lancaster; bean toss, card receiver, J. Keirstead; ladies' bean toss, box of writing paper, Miss Julia Ramsey. The door prize for this evening is to be a load of hard coal, donated by R. P. & W. F. Starr, Ltd.

**BELL BOYS' BALL**

Invite Hotel Guests; "Please Wear Evening Dress"

(N. Y. Times)

Notice was served last night by the employees of the Park Avenue Hotel that if the guests wanted any ice water, newspapers, magazines, stationery, stamps, mail, or anything else generally asked for the request must be gotten in by 7 p. m. today. No, it proved not to be a strike, but simply that there is to be a ball given by the negro bell boys and doormen of the hotel at the Manhattan Casino, 155th street and Eighth avenue. They have shown their goodwill by inviting the guests, but they are firm about their intention to look after all the needs of the guests before seven.

The following notice was issued there yesterday—

"For a long time we have watched you enjoying yourselves at banquets, dinners, balls and dances. We have tried to do our part in helping you to have a good time. Now we want to have a good time ourselves. We can do it if you will help us. Tomorrow night Nov. 15, we expect to hold a ball of our own at Manhattan Casino, 155th street and Eighth avenue. All we ask of you is that if you want any ice, water, newspapers, magazines, stationery, stamps, mail, or anything else we generally take to you, won't you please ask for them before 7 p. m.? After that we'd be glad to have you join us at the above address. Tickets of admission are 50 cents. Please wear evening dress."

**WORK BEGINS ON NEW BAGGAGE SHED**

The work of erecting the new baggage shed at the West St. John docks will be commenced today and will be completed with the greatest dispatch. H. C. Grout, general superintendent of the eastern division, C. P. R., announced yesterday that he had received word from C. P. R. headquarters to erect the building immediately. It is to be 600 feet long and sixty feet wide at its widest point. The estimated cost is \$275,000. When asked about the financing of this shed, Mr. Grout said that he did not know whether the C. P. R.'s offer had been accepted nor on what basis it would be paid for, but that he would receive full particulars in a few days.

The contract has been let to Grant & Horne, who feel confident that they can complete it in a short time. If it is felt necessary, Mr. Grout said, the work would be split up among several contractors. J. Medley Belyea has been given a contract to erect an overhead passageway, with a roof, between No. 3 and upper No. 4 shed, and a ramp.

**BRIDE OF A WEEK IS SOUGHT BY HUSBAND**

(Boston Globe.) Joseph Kwekowski, aged twenty-six, and living at Cambridgeport, has been searching for his wife, Louise, since Monday, but without apparent success to date.

Louise is a bride of a week, aged twenty-one, and the offspring of a German mother and an English father. The deserted husband is a Pole. The missing bride's maiden name was McCool and at the time Kwekowski met her first, four weeks ago, she played a piano in one of Boston's moving picture houses.

Why she fled from his cozy home—the husband cannot explain, for they never quarreled, he says, and he gave her everything she asked. Kwekowski is a baker. He went to work Monday as usual, and as usual returned at noon for his midday meal. Louise was there when he left in the morning, but was not at home when he returned.

A little jury revealed the fact that she left home about 10 o'clock and a little search revealed the additional fact that she had not gone on a visit. She had no intention of returning, otherwise how explain the disappearance of every stitch of clothing belonging to her. She may have gone back to the movies, but for the distracted husband has visited them all. He has a suspicion that she may have gone to New York.

BASKETBALL

In the Y. M. C. A.

The intermediate and senior Y. M. C. A. basketball teams are training hard for their games next week, when the intermediates meet High School and the seniors the St. Andrews, in the opening games in connection with the city leagues. Both games will be played on the Y. M. C. A. floor. The senior games last night proved very close. The first between Pendleton and Copp was won by the former, 22 to 19, but the play was quite close. The second game was the closest of the series to date, when Ryan met Thorne. Both teams were tie at half time, five all, but with Thorne and his squad in the last half, the team pulled together and won out, 19 to 18. The teams were: Copp, Burley, Pendleton (22), Long, White, Swetka, Marshall, Thorne (19), McKee, Hoyt, Nixon, Turner, Brown; Ryan (19), Dykeman, Crowley, Slocum, Christie, High School League. Three games were played in the Y. M. C. A. Middle Aged Women  
Women should take warning from such symptoms as heat flashes, shortness of breath, excessive nervousness, irritability, and the blues—which indicate the approach of the inevitable "Change" that comes to all women nearing middle age. We have published volumes of proof that Lydia E. Pinkham's Vegetable Compound is the greatest aid women can have during this trying period.  
Read About These Two Women:  
Fremont, O.—"I was passing through the critical period of life, being forty-six years of age, had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run-down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GODDARD, 222 Napoleon St., Fremont, Ohio.  
Urbana, Ill.—"During Change of Life, in addition to its annoying symptoms I had an attack of grippe which lasted all winter and left me in a weakened condition. I read of it at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound, and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and the annoying symptoms disappeared and your Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."—Mrs. FRANK HENSON, 1316 South Orchard Street, Urbana, Ill.

Ruth Law Seeks Plane.  
Paris, Nov. 14—Ruth Law, the American aviator, came to Paris this week in search for an airplane with which she intends to try to beat Lieut. Maynard's cross-continent record.  
Miss Law says she believes there can be found in France a plane which will combine speed and fuel capacity better than any American machine. She will begin her visits to French airplane manufacturers tomorrow.  
Miss Law said she had not decided whether she would go after Lieut. Maynard's record this winter or wait until next spring. That probably depended on how long it took her to buy a suitable machine and get it to America.

**HOARD OF GOLD  
IN BEDROOM SAFE**

Romance of Wealth in London  
Revealed Through Accident

(Lloyds Sunday News.)  
A hidden hoard of more than 6,000 sovereigns, together with securities worth another £54,000, has been revealed following a fatal London bus accident.

Asher Levy, aged eighty-six, at one time a dealer in coconuts, lived in Sutherland road, Bow, with a middle-aged housekeeper as his only attendant.

When out purchasing meat for his favorite dog, he was knocked down by a motor bus outside the business premises of a relative, and the injuries proved fatal.

After the accident rumors of concealed wealth began to grow and the house was guarded by the police. Then the old man's life began to be embellished with all kinds of fantastic tales.

It was stated that he would never leave the house during air-raids; that he had been seen to drive up to his house in a taxi-cab laden with bags—of course, of gold; that he would never partake of outside hospitality for fear of being poisoned! Added to these details is the story of extensive travelling in Russia.

The truth is that Levy was a simple-minded old man, open and generous to neighbors and friends by no means a miser, and certainly not a recluse.

Mr. and Mrs. Hargreave, who lived next door, told Lloyd's News of many little acts of kindness which the old man had extended to them.

Levy was a man of small stature, with rounded shoulders and he delighted to do all the household shopping. Many years ago he had a fairly extensive business in Mitre street, and he also possessed a number of freehold houses. He had lived in Sutherland road for about ten years, and had altogether resided in the neighborhood of Bow for many years.

In his bedroom, after his death, was found a safe, which was removed to the Bow road branch of Barclay's Bank and opened.

When the first bag was opened a glittering heap of gold was disclosed to view, and one by one the contents of the others were examined with similar results.

Mr. Ritchie, the bank manager, soon got to work counting the coins, and a long process it proved, even to one so deft and experienced. Every bit of the

money was in sovereigns, and over six thousand of them there were in all. While this was going on the solicitor's clerks began to rummage in the safe, to see what other valuables it would yield up. No will was found, but a large number of bank notes, jewellery, and the title-deeds of fourteen houses, were unearthed.

There is great excitement and speculation among the numerous members of Asher Levy's family as to the disposal of the property.

There are some fifty aspirants to a share in the fortune, and they are all waiting on the tip-toe of expectation for the legal verdict.

A remarkable experiment in flat-rate street-car service is being tried in the city of Racine, Wis., having gone into operation on Aug. 18. The system is the simplest possible. For one dollar the passenger buys a pass, good for one week, which gives him, and other mem-

bers of his family, the privilege of unlimited riding. Conductors do not punch the cards, nor ask identification of the holder, and of course no transfers are needed. The week's cards expire at midnight on Sunday, each issue being distinguished by a different color. Popular Mechanics Magazine.

**Enjoy The Coming Cold Winter Weather—Order One Of Our Warm Overcoats Tailored-To-Your-Measure**

OUR Tailored-to-Measure Overcoats means more comfort, style and general satisfaction than you will get from the ordinary kind. That is because we put all the knowledge of our entire organization into securing the right kind of fabrics, and all our skill into tailoring them to measure properly.

The most apparent fact of our business is the influx of men who in the past had their clothes made in the most exclusive tailor shops. Even these men of unlimited means feel that they prefer not to pay the fabulous prices asked in the exclusive tailor shops—even though they could afford to do so.

Investigation will prove the distinct advantage of E. & S. W. Co. Tailored-to-Measure Clothes over all others.
