OSTEND DESPATCH, IF TRUE, MEANS ANOTHER GERMAN TRIUMPH

Says Enemy Occupies Three Important French Cities

Lille, Valenciennes and Roubaix Reported to Have Fallen Before Kaiser's Troops—Army of Crown Prince Repulses French Attack—Reports More or Less Mysterious

The Germans have occupied the French cities of Lille, Valenciennes and Roubaix, according to a despatch from Ostend, Belgium which passed through the hands of the censor at London. All three cities are situated within a few miles of the Belgian frontier and Lille is strongly fortified. Valenciennes is a military station of less importance, while Roubaix is known chiefly as a manufacturing centre. Exact knowledge of the importance of this movement awaits official information. Earlier despatches from Ostend quoted a Belgian officer as authority for the statement that the allies had decided not to defend Lille, and that its evacuation by the French troops was announced by the Mayor Thursday. A wireless despatch from Berlin early today brought the official announcement that all the forts at Namur had fallen before the Kaiser's men who had captured Longwy. The army of the Crown Prince, it was added, had repulsed a French attack and upper Alsace was free of the enemy except at points westward of Kolmar.

NO OFFICIAL STATEMENT IN PARIS TODAY.

Paris, Aug. 27.—(11.15 a. m.)—No official communication concerning the progress of the war has been issued this morning up to a quarter past eleven. This lack of news was generally attributed to the supposed inaction of the Germans, who were thought to have been too hard hit to sustain a general advance.

The French take their check in Belgium quietly and seem to have gained confidence by the reinforcement of the ministry, as announced last night, as well as the strong stand taken by the French forces in Lorraine.

A German Weak Spot

London, Aug. 27.—(5.30 a. m.)—The despatch at various points along the German army's line of communication, says the Ostend correspondent of the "Daily News," show it is surprisingly weak. The Germans seem to have gone forward with the idea that they had nothing more to fear from the Belgian army.

"If the allies can hold their own at the front," says the correspondent, "it is certain that German communication with their base can be cut at any moment. In fact, their army seems to be up in the air. It has no support and everything has been chanced on a victory for the advancing army, which is travelling fast, carrying its own supplies and supplementing them with levies on the surrounding country."

Some German Reports

Berlin, Aug. 27.—(By wireless to the Asa Press via Sayville, L. I., 4.57 a. m.) All the forts at Namur have fallen, and Longwy, near the Luxembourg border, has been captured after a resolute defence. The French forces which attacked the German crown prince's army, have been repulsed. Upper Alsace is free of the enemy except at points to the westward of Kolmar.

Berlin via Copenhagen, Aug. 26.—Via London, Aug. 27.—(6.10 a. m.)—The "Tagblatt's" correspondent writes that Namur was captured after a resolute defence. The French forces which attacked the German crown prince's army, have been repulsed. Upper Alsace is free of the enemy except at points to the westward of Kolmar.

The News from Japan

Tsing Tau, Aug. 27 (11.50 a. m.)—Vice Admiral Sadakichi Kato from his flagship, the battleship Suwo, sent a wireless message to Governor Meyer Waldeck this morning, declaring a blockade of the leased territory of Kiao Choo. Later the Japanese warships which were sighted outside the harbor, and shelled a small island off the coast, but which was not occupied by the Germans. The German governor notified Willis R. Peck, American consul at Kiao Choo, that he had twenty-four hours to leave if he so desired. Mr. Peck, however, elected to remain.

Tokyo, Aug. 27 (1.05 a. m.)—The Austrian ambassador, Baron Muller de Szentgyorgy, has been recalled. Reports from Vienna yesterday stated that it had been announced there that the Austrian government, on Tuesday, had handed passports to the Japanese ambassador. Other reports from the Austrian capital stated that Austria considered herself at war with Japan, because of the latter country's declaration of war against Germany, Austria's ally.

Seoul, Korea, Aug. 27 (via Tokyo).—Dr. Krueger, the German consul here, and his staff, left for Yokohama today, and sailed on August 29 with Count Von Rex, the German ambassador to Japan and other German consuls.

The official Gazette asks the people to accord German residents the fullest protection.

Red Cross Workers

London, Aug. 27.—The Empress is occupied daily in making bandages for the Red Cross workers. She is ably assisted by the court ladies. Patriotic lantern processions are being held in the various cities and such is the interest in the war that the people are crowding moving picture shows, where battle scenes are produced.

Kaiser Wilhelm der Grosse Sunk by British Cruiser

London, Aug. 27.—The Kaiser Wilhelm der Grosse has been sunk off the West Coast of Africa by the British Cruiser High Flyer. The Kaiser Wilhelm der Grosse was one of the palatial steamers of the North German Lloyd line. At the outbreak of the war she was converted into an armed cruiser and hence has been active in searching for British merchantmen. She has a tonnage of 14,349 and was built in 1897. She was 626 feet long with a beam of 66 feet.

Belgians Doing Brilliant Work Against Enemy

Antwerp, Aug. 27.—It is officially announced that the Belgium operations have been completely successful. They have the double object of reducing the German entrenchments, and of drawing the Germans from the line at Mechlin and Brussels, so as to relieve the pressure on the French positions. Four Belgian divisions from Namur stopped the southward advance of the German divisions from the French line. The Belgian troops then retreated on the French line. The forts at Namur are still holding out.

BELGIANS DETAINING ENEMY

London, Aug. 27.—In an editorial comment on the military situation the "Times" this morning says:—"There is little fresh news from France. Inside its frontier, the valiant Belgian army is fulfilling its correct function by moving out of Antwerp and detaining a certain portion of the German forces."

BELGIANS DIED BRAVELY

Paris, Aug. 27.—A refugee from Ste-Le-Chateau, a town 18 miles from Mons, said on his arrival here this morning, 300 Belgian riflemen posted in his town, kept several thousand Germans at bay for three days until a German army, disguised in a Belgian uniform, showed them a path which enabled the Germans to take the riflemen in their rear. All were killed except twelve villagers.

TWO STEAMERS BLOWN UP BY FLOATING MINES IN NORTH SEA

London, Aug. 27.—Thirteen survivors of a Danish trawler, which was sunk by coming in contact with a floating mine in the North Sea, have been landed at Shields. Four of the crew of the trawler lost their lives.

DANISH TRAWLER WRECKED BY TERRIFIC EXPLOSION AND NORWEGIAN BOAT DESTROYED WITH LOSS OF EIGHT MEMBERS OF HER CREW

London, Aug. 27.—Thirteen survivors of a Danish trawler, which was sunk by coming in contact with a floating mine in the North Sea, have been landed at Shields. Four of the crew of the trawler lost their lives.

NORWEGIAN STEAMER BLOWN UP

London, Aug. 27.—The Norwegian steamer Gottfried has been blown up in the North Sea by coming in contact with a floating mine. Eight members of her crew lost their lives.

Valuable Advice Given To British Government

BY LONDON PAPER

Should Not Take Chance of Getting Into Trouble With The United States Over Questions of Contraband of War

London, Aug. 27.—(2.50 a. m.)—The Daily Chronicle, in a long article today, warns the English government of the danger of England becoming embroiled with the United States over questions of contraband of war, and argues that any estrangement between the two countries would be the extreme of bad management.

"It must be the guiding principle of the British government," the article says, "to direct its naval policy so that we may not become embroiled with any neutral power. In nearly every case of the past two centuries we incurred this danger."

"The only really powerful neutral of the present time is the United States. If there is wise statesmanship we shall remain in perfect amity with that power, as well as with the Netherlands, which possess the great gateway leading to the heart of Germany."

"The United States possesses the right to send cargoes to Rotterdam, and will exercise that right. We must be prepared to see neutral American vessels discharging cargoes in Holland ports. Many questions are likely to arise. Many questions are likely to arise."

RUSSIAN ADVANCE IS IRRESISTIBLE

Heavy Army Moves Into Germany Without Check, is Report From St. Petersburg—Lots of Reserve Men to Draw From is Assurance

London, Aug. 27 (7.05 a. m.)—It is officially announced, says the St. Petersburg correspondent of the Exchange Telegraph Company, that the Russian advance is proceeding in Prussia with irresistible force. The Germans have retreated to Osterode, a town of East Prussia, one hundred miles west of Gumbinnen.

RUSSIA HAS LOTS OF RESERVE MEN.

London, Aug. 27.—A despatch to the Post from St. Petersburg comments on the excellence of the Russian army and the inexhaustible supply of men to draw upon. It says further:—"Russia will have no difficulty in finding 2,000,000 to complete the work begun by its trained fighting forces. Moreover this is the first time in memory that the Russian army has taken the field with adequate equipment and a sufficiency of supplies."

Say Germans Poison Food

St. Petersburg, Aug. 26 (via London, Aug. 27).—A Russian army order prohibits the use of food and forage abandoned by the Germans in East Prussia, because of cases of poisoning which have occurred at Eydtkuhnen, Gumbinnen and Osterburg.

According to all accounts the Germans were taken by surprise by the rapidity of the Russian advance and the dash through the Masury Lake district, where five lines of defence were flanked. After the capture of Gumbinnen and Osterburg, the line which was strongest, the Angerburg line was taken without fighting. The swift Russian movement, together with the crossing of the river Angerapp and the successful battle northward toward Noidenburg, seal the fate of the central fortifications. Fort Boyen is now surrounded on all sides and passage through east Prussia is consequently quite open.

Advised to Leave.

London, Aug. 27.—A merchant who arrived yesterday from Berlin, according to a Copenhagen despatch to the Chronicle, says that trains from Königsberg reaching Berlin, are crowded with fugitives who state that civilians have been strongly advised to leave.

British Cavalry Rushes Superb; Fine Work of The Troops on Fighting Ground

London, Aug. 26, 8 a. m.—The correspondent of the Central News at Paris sends the following:—"I have been talking with British officers from the front, who tell of the wonderful coolness and daring of the British soldiers in the fighting around Mons."

"The shooting of the British infantry on the firing line was wonderful. Every time a German's head showed above the trench, and every time the German infantry attempted to rush a position there came a steady withering rifle fire from the khaki-clad men lying in extended formation along the wide firing line. Their firing was not the usual firing of nervous men shooting without aim; rather it was the calm and careful marksmanship one sees in English rifle ranges when men fire with all the artificial aids permitted the match expert."

"When quick action was necessary the men showed no nervousness, no excitement; they showed cool, methodical efficiency for which the British army is noted."

"If the British lost heavily, the Germans must have lost terribly. One of the German prisoners said:—"We had never expected anything like it; it was staggering."

"The British troops went to their positions silently, but happily. There was no singing because it was forbidden, but as the men deployed to the trenches there were many quips about "Uncle Billy" and the dialects of the various English and Scotch counties. The Cockney Irish went with quips about "Uncle Billy" and every Irishman who went into the firing line wished he had money to buy a little Irish horse so that he might "take a slap at the Ulsters."

Charged Like Berserkers.

"As for the cavalry, the officers declare their charges against the Germans were superb. They charged as Berserkers might have done. They gave the Ulsters the surprise of their lives."

SUFFRAGETTES ARE ARRESTED AGAIN

Eighteen of Them Taken Into Custody in Front of Home Office, London

London, Aug. 27.—Mrs. Flora Drummond, Mrs. Dacre Fox, Miss Richardson and fourteen other militant suffragettes, were arrested this morning in front of the home office, whether they had gone in an effort to interview Reginald McKenna, the home secretary, on the question of the forcible feeding of women.

When they were refused admittance, they attempted to force an entrance. A hostile crowd gathered, and the women were seriously threatened. At this juncture the police appeared and took the women into custody. A number of women demonstrators have been released from custody lately on the clemency of the king.

British Army Behaved With Utmost Gallantry

New York, Aug. 27.—A cable to the Tribune from London says:—"Regarding the reverses reported in France where the falling back of the French forces also compelled the British retreat, all accounts show that the British army behaved with the utmost gallantry. They were unbroken when the general situation necessitated. Jeffers' order of retirement, all along the line."

"England has received the news of the loss of 20,000 men with calm reserve, although it is England's greatest loss in one battle, since the Crimea. The list of casualties has not been received, leaving thousands of relatives and friends distressed and worrying. If anything England's enthusiasm for war, has been stimulated by the British troops participating, and when the casualty list is published, is likely to have the effect of fully arousing the British lion."

"Lord Kitchener's new army of 100,000 has practically been recruited but thousands of men are still needed, and a vigorous campaign to obtain recruits of taxicabs, saying: "A call to arms. Enlist for the war only!" Taxicabs prove splendid advertising mediums.

"The British press is vehement in its protest against the Belgian outrage of German atrocities. The Zepplins' exploit at Antwerp uses tremendous indignation."

WAR NOTES

An unconfirmed despatch received from Ostend says the Germans have occupied Lille, Valenciennes and Valenciennes, all in France. This is probably not true, as Lille is strongly fortified.

Information from Southern Dalmatia, says the effect that in several towns the Slav troops have rolled against their Austrian officers.

Prince Frederick Charles of Hesse, the German Emperor's brother-in-law, while leading his regiment during a recent battle, seized a flag from the hands of the wounded flag bearer and carried it on to victory, says a German report.

The German Emperor has gone to the province of Hesse-Nassau, in order to inspect the hospitals there.

Xavier De Castelnu, the 12-year-old son of General Castelnu, French chief of staff, was among the killed in the recent action.

Thomas Bulmer, son of Rufus Bulmer, I. C. R. locomotive engineer, Moncton, and a machinist in the employ of the C. P. R., at Humbolt, Sask., has enlisted with one of the western companies, and is now on his way to Valcartier.

Police Detaining Young Man Who Bears a Letter From the Homeland—He Says Germany Will Win

Gustave Hartwig, a native of Brunswick (Germany) was taken by the police this morning and is being detained, as he is suspected of being a German spy. He had in his possession a letter written in German which is said to contain suspicious sentences. The letter is not signed, and is said to be a summons to take up arms for his native land. The prisoner is a well dressed young man, about twenty-four years of age, and appeared to be very intelligent. He has been employed for some time with Norton Griffiths and Company, Limited, and was a deck hand on the dredge Diak. He is said, by his fellow employees, to be a German navy reservist, and the letter is thought to be a call for him to join the German navy again.

After receiving the letter, Hartwig, it is said at the offices of the company, acted badly, so that his time was made up yesterday. When he went to get his pay he was placed under arrest by Detective Killen and was taken to Central Police Station in one of the automobiles of the company. The prisoner speaks English wonderfully well, and when asked by the police where he learned it, he replied that he had been taught to him when he went to school in Germany. An interpreter was secured who read the letter to the police which Hartwig had in his possession, but they refused to give out just what the letter contained.

The prisoner appeared to be very nervous while the police were talking to him. He was not at all reticent, however, in declaring himself to be a German, and said he had no doubt that his country could beat France and England.

Hartwig said, at the offices of the Norton Griffiths Company this morning, that he had received mobilization papers and would endeavor to reach Germany.

Artists, Poets and Authors Go To Front With Common Determination

SPIRIT REMARKABLE

Wounded Soldiers Sing Marseillaise—Women Are Wonderfully Calm and Brave

London, Aug. 27.—"Paris is the saddest place in this world," said Miss Cornelia B. Sage, director of the Albright Art Gallery, Buffalo, N. Y., who has arrived in London from the French capital. "All the artists, poets and authors have gone to the war. Every man able to carry arms has answered the call. Only small boys have been left to work in the hotels and cafes. All the studios are deserted."

"The flower of French manhood, all the men of genius are at the front. The wives and mothers and sisters rejoice that these talented men went with their humber brothers in defence of France. They say that the call of country stands above all."

"They are so brave—the women of France—they are wonderful. They realize that many of them will be in mourning in a few days, yet they do not complain."

"Even the wounded soldiers returning to Paris sing the Marseillaise. I saw many returning from battle at Beaufort. They could scarcely raise their heads, yet they were cheering for France."

PERSONALS

The Misses Josephine McGuire, Frances Reed, Gertrude McGuire, Mary Kilom, Evelyn Walsh, and Rose McGuire have returned to the city after a pleasant visit to Chipman.

Miss Jennie Tibbitts, of Fairville, has gone to Boston on a holiday visit this morning on the return of the company Limited were not admitted to the judgment creditors for whom they are available to be garnished.

Another case of the suit of Thomas Nagle vs. the Quebec & St. John Construction Company and the Saint John & Quebec Railway Company was heard this morning on the return of a summons before Judge Forbes, calling upon the plaintiff to show cause why he should be granted a writ of habeas corpus in the hands of Harding & Church, agents for the Prudential Trust Company Limited, and the judgment creditors for whom they are available to be garnished.

Several months ago the plaintiff in this suit recovered a judgment for \$12,660.78, but same has not yet been satisfied.

Argument was commenced before Mr. Justice Barry in the case of Gregory vs. the Fundy Fox Company. Recorder Baxter, K. C., is appearing for the plaintiff, and Dr. W. B. Wallace, K. C., and J. A. Sinclair for the defendants.

In the probate court this morning, in the estate of Emma Jean Steadman, of St. John, widow of Hon. James Steadman of Fredericton, York county, formerly judge of the York county court, the last will was proved whereby the testatrix directs that her executors and trustees therein named shall invest her estate and pay the income thereof to her daughter, Henrietta Lowell Joudet, for her life, and on her death to convert the same into cash and pay in equal shares to her four grandchildren, namely, Jean Steadman Daniel, Beatrice Hall Fenety, George Edward Fenety and Wilmore Randolph Joudet, and she nominates Frederick Wilder Daniel of St. John, merchant, and her nephew Allan H. F. Randolph of Fredericton, Esquire, executors and trustees. No real estate is mentioned in the will.

Major Frank this morning received a bill from the militia department at Ottawa for the services of the local soldiers sending the car strike disturbances. The amount of the bill was \$7,200.

Orders have been received by Major W. H. Grey, the officer commanding the 71st Regiment in the absence of Lieut. Col. McLeod, to recruit the regiment to full war strength to take the place of the men who have already left Valcartier.

SUGAR SHOULD GO DOWN IN PRICE NOW

Ottawa, Ont., Aug. 27.—Sir George E. Foster announces that the British government has modified the order made some time ago forbidding the exportation of raw sugar from the British West Indies to any place except the British islands.

Canada has always drawn on the West Indies for raw sugar. The embargo therefore hit Canada hard. The British government has now announced that the British West Indies may send sugar to Canada. This should bring the price down.

MRS. J. W. SCRIBNER DEAD

The death of Mrs. John W. Scribner, occurred at the home of her son, William Scribner, on the Bangor road, Houlton, on Saturday. Mrs. Scribner was born at McDonald's Point, Queen's Co., N. B. in 1817. In October, 1838, she was married to Mr. Scribner and lived in St. John until 1860 when they moved to Fredericton. From there they went to Quenebaug, Dear Island. In 1869 Mr. and Mrs. Scribner moved to Houlton, making their home there with their son, William. In 1883 Mr. Scribner died but Mrs. Scribner continued to live with her son until her death. She was the mother of 18 children, six of whom are now living.

Mrs. Scribner was a remarkable woman and was active always, enjoying her knitting. A short time ago she sent a couple of pairs of socks, which were the product of her handwork to a friend in California. Mrs. Scribner's mother lived to be 107 years of age and was the mother of 16 children, eight sons and eight daughters.

Mrs. Scribner had many friends who delighted to hear her tell stories of old times. She was a child of three years when Maine became a state and there were no railroads, matches or kerosene oil, to say nothing of such modern innovations as the telegraph, telephone and automobile. But she would always say: "young people were just as happy in my day as they are now. We wore plain, homespun clothes and fashions were neither as expensive, arbitrary or ridiculous."

An Easy Way to Get Fat and be Strong

The trouble with most thin folks who wish to gain weight is that they insist on dragging their stomachs or stuffing it with greasy foods, or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat. Thanks to the remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed the greatest of flesh-builders. Sargol aims through its re-generative, re-constructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken-down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. Your druggist has it and will refund your money if you are not satisfied, as per the guarantee found in every package.

Caution—While Sargol has given excellent results in overcoming nervous dyspepsia and general stomach troubles, it should not be taken by those who do not wish to gain ten pounds or more.

WESTMORLAND TORIES BREAK PARTY TRUCE

Moncton, N. B., Aug. 26.—Despite the fact that the party leaders, Sir Wilfrid Laurier and Sir Robert Borden had declared a truce so far as party differences were concerned, realizing the great need of unity in the time of war, their followers in Westmorland are not apparently concerned in the matter. They held a convention yesterday and nominated M. G. Siddall by a vote of 162, against Dr. O. B. Price, M. P. P. with 61. The action of the promoters of the convention is not in sympathy with the views of leading Conservatives, who do not think that the present a proper time to bring on party strife. The Liberals may be forced to name a representative in self-protection now, although they are reluctant to break the Laurier-Borden agreement, just repudiated by the Westmorland Conservatives.

CARLETON'S

QUEBEC'S TRIBUTE ENDS NOT IN CHEESE

Says Sir Lomer Gouin, Prime Minister, Dealing With War Situation

(Montreal Gazette)

"What struck me most forcibly during my trip," said Sir Lomer Gouin to a Gazette reporter "was the enthusiasm displayed for Canada, not only in England, but also in France. If I were asked what was the most remarkable sight I witnessed while I was abroad, I should have to answer 'St. Malo, gone mad with enthusiasm for England and for Canada.' I thought I had seen a nation moved by gratitude to love in its most ardent manifestation when the news-reached England that the Dominion had not only enrolled its young men, but had pledged an immense gift of flour to meet the first needs of the moment. But, when I was kept awake the whole of one night while St. Malo paraded the streets singing 'God Save the King' and 'O Canada' alternatively in French and in English, I began to realize that we had friends in countries other than Great Britain.

"In England the news of the gift of flour seemed to touch the imagination of the average Britisher. Had the Dominion government promised an additional grant of money, I do not think it would have made anything like the impression. But that Canada, the granary of the Empire, should at once offer food in the form of flour, struck a note which echoed in gratitude wherever a Canadian showed himself.

"Tonight I go to Ottawa to attend a meeting of the committee of the Patriotic Fund of which all the premiers of the provinces are ex-officio members. I need scarcely say that the desire of the government of the province of Quebec to help does not end with a gift of cheese. I shall do all I can to make plain that whatever is asked for in money or in service from this province will readily be granted."

MONTREAL FUND JOINS NATIONAL

Will Work as Montreal Branch of National Patriotic Fund

(Montreal Gazette)

At a very large meeting of the Montreal Patriotic Fund it was decided that it should apply to be included in the national patriotic organization which has recently been incorporated by parliament under the patronage of H. R. H. the Duke of Connaught, Sir Robert Borden and many other leaders in Canadian life. The local fund will therefore become the Montreal branch of the Canadian Patriotic Fund, and will, of course, secure the benefit of parliamentary and other national support. Details as to how this shall be worked out, and also as to what means shall be adopted locally to secure the necessary funds left in the hands of an executive committee which included many of the leading men in the city's financial and business life. It was, however, shown that already the Montreal Fund had done much good work, while within the next few days, after the departure of the Montreal contingent, much greater necessity for its efforts would exist. So far as exact works has been done it has run about the lines of sixty cents a day for a wife, and twenty-five cents for each child, but this is merely a tentative figure, the real help to be given depending largely upon the work of the societies co-operating with the fund, in which the Soldiers' Wives' League and the Charity Organization Society are playing a large part.

THE KAISER AND LINCOLN

(From the Outlook)

The Emperor William at Berlin, March 29, 1901.

"We will be everywhere victorious even if we were surrounded by enemies on all sides and even if we have to fight superior numbers, for our most powerful ally is God, who, since the time of the Great Elector and Great King, has always been on our side."

Abraham Lincoln during the darkest hours of the civil war, in response to the question whether he was sure that God was on "our side."

"I do not know; I have not thought about that. But I am very anxious to know whether we are on God's side."

William Howarth Drowned.

William Herbert Howarth, aged nineteen years, son of Thomas Howarth, of Quippanas, was drowned in Summerside harbor (P. E. I.) on August 22. The body has not yet been recovered. The young man was a nephew of Mrs. John Horn, of this city. Until three weeks ago he was a member of the staff of the North End branch of the Bank of Nova Scotia.

DROP-ALL CONTROVERSY

Sir Edward Carson is Supporting Government

Sir Edward Carson wrote as follows to the Canadian Press correspondent on Saturday:—"At the present grave juncture of international affairs, the only wise course is to drop all controversial matters and let all sections devote themselves wholeheartedly to the support of the government and the empire in whatever measures are thought essential for the success of our arms."

**Dayton's First Six Months
Under Commission-Manager**

Dayton, Ohio, has just completed its first six months under the commission-manager plan of government, and the city manager has issued a statement of new municipal activities during this period. The report covers only sixteen pages and is exceptional in that it tells only of new work undertaken. Dayton with 125,000 people expects in twenty years to have a population of 300,000, and is planning accordingly. A sewer system has been outlined with its growth in view and all new sewers are being laid to this programme, although it will take twenty years to complete the system. Water works improvements have been started on which it is proposed to expend \$2,000,000 over the period of sixteen years. The railroads are preparing a plan for eliminating grade crossings which will take a number of years to carry out. The manager's report indicates that this new type of government, modeled after that of private business, has brought about some valuable improvements, particularly in the handling of public money. The purchasing division just created shows an average saving of 15 per cent, which will amount to \$20,000 during the year. An accounting system has been installed which gives complete control over public property and funds. The annual budget was prepared in accordance with the best modern practice, and expenditures are kept strictly within the appropriations. The eight-hour day has been installed in public works and office employees are required to work the full time. No person from the manager down to the last employe can be paid unless a time sheet has been kept, showing the number of hours worked.

stunning brown cloth costume made with single-breasted bolero jacket and three-piece tunic skirt. The mannish braid binding gives it a distinctive air.

THE SINGLE-BREASTED BOLERO.
One of the most pleasing forms of the short bolero jacket is the single-breasted effect. Dark brown cloth is used for this design. Although the front of the jacket falls only to the elevated waist-line, the back is dropped to a length of 41 inches at the back and is cut off in square effect. The skirt is a Russian tunic model faced with satin to match the long sleeves of the jacket. For the entire costume 3 1/2 yards of 44-inch material are required for body of jacket and tunic, with 3 yards of 44-inch contrasting material for sleeves and skirt.
The back (B), marked by triple "TTT" perforations, is cut on a fold of the goods. These arranged a lengthwise thread are the sleeve section, cut, front and belt and skirt section.
Today's lesson is confined to the development of the jacket, which should be begun by closing the shoulder seam, to neck edge, notches and center-back. Turn close seams as notched. Turn collar, placing "TT" on corresponding small "o" perforations and tack. Lap belt in back, center (large "O" perforation indicates center-back), finish with a buckle.
Close back seam of large collar (indicated by double "oo" perforation); arrange collars together, small collar on top, centers as notched. Sew to neck edge, notches and center-back even.
It is considered both mannish and smart to bind these little coats with featherbone braid. The tunic may be finished in the same way, also the deep cuffs.
under lower edge of upper sleeve section on slot perforations, lap on lower section to small "o" perforations, notches even, and stitch. Close cuff seam as notched to small "o" perforation; tack upper edges together with long stem loops. Sew to armhole edge of front and back as notched. Place belt, placing "TT" on corresponding small "o" perforations and tack. Lap belt in back, center (large "O" perforation indicates center-back), finish with a buckle.
Close back seam of large collar (indicated by double "oo" perforation); arrange collars together, small collar on top, centers as notched. Sew to neck edge, notches and center-back even.
It is considered both mannish and smart to bind these little coats with featherbone braid. The tunic may be finished in the same way, also the deep cuffs.

**ELABORATE SPY SYSTEM
CARRIED ON BY GERMANY
FOR YEARS IN FRANCE**

A communication from the Militia Department at Ottawa gives an interesting account of the elaborate spy system carried on for years by Germany in France. The duty of these spies is to furnish information of every sort likely to be of any use in time of war. It is claimed there are 15,000 spies in fixed posts in France. The communication adds:
"How perfect a spy system has been introduced by the Germans into Canada is not stated, but it is known that there have been German spies in Canada within the past five years, and that some of them have been identified and tracked by the military and police authorities.
"For obvious reasons the Canadian military and civil authorities are silent as to what is known officially about German spies and espionage in Canada, but that there are agents of hostile powers in Canada ready to forward every scrap of important news bearing upon Canada's participation in the present war is admitted.
"Owing to the military censorship imposed upon the cable and wireless telegraph services, it is difficult for the German agents in Canada to get their reports across the Atlantic ocean promptly, but in the absence of a censorship over the land wires and mails, communication of a sort is open through the mails, to neutral countries.
"Mentally patriotic Canadians who are the repositories of information which might be useful in any war to the enemies of the Empire will do well to keep such information to themselves and take every precaution to prevent it from obtaining general circulation through the ears of possible agents of the German Intelligence Service."

Autumn Hats Ready-to-Wear & Made to Your Order
An Exceptionally Interesting Early Exhibit of Fashion's Choicest Fall Offerings in Millinery

Millinery fashions for Autumn have now been confirmed, and we are prepared to cater to your millinery requirements in the most satisfactory manner, whether you desire a ready-to-wear hat or one made especially to your order.
Velvet Hats are being shown much earlier than usual this season, because of the fact that part velvet hats have been so much worn, even for mid-summer.
Other materials are Plush, Felt, Silk, Ribbon, Corduroy and Tweed.
Shapes may be considered in two divisions, those with brims and those without.
The brim hats are decidedly larger and include flat sailor effects, with the brim cut in various patterns. Gainsborough and Rembrandt styles with the brims rolled at all angles. The larger hats are mostly trimmed with Ostrich, Flowers, Fancies, or Metal-Ornaments of Gold, Silver or Steel.
The brimless Toques and Turbans are oval with deep sides, and trimmings very high, usually standing straight up in front. Wings or High Mounts of Soft Feathers are best for this decoration.
Sombre colors are decreed—black, black and white, dark navy, nigger brown, myrtle green, copper, currant, mole, etc.

"Viyella" Flannel For Ladies' and Children's Garments
"VIYELLA" FLANNEL is ideal for the making of Ladies' and Children's Autumn garments. This material is fast color, does not shrink, and is offered in beautiful plain colors, stripes and plaids. Examine in Wash Goods Department, Front Store.

New Flannelette Wear For Ladies and Children
FLANNELETTE NIGHT DRESSES—White and pink, low neck, three-quarter sleeves, also with high neck and long sleeves. Best quality flannelette, and all well made. Prices 70c. to \$1.75

**BRITAIN AND ITALY
IN A SECRET PACT**
Italian Officer Thinks His Country's Neutrality Will Soon Cease—Will Help Britain
(Toronto World Cable)
Rome, Aug. 26.—The feeling for England has grown warmer. The World correspondent had a talk with a military man this afternoon who requests that his name be kept secret and who served in Africa in the first Libyan campaign. He affirmed that there is a secret agreement between Italy and England, whereby Italy's neutrality shall cease the moment Austria's position in the Adriatic threatens either this country or the Triple Entente. Then, Italy's fleet and army shall be at the disposal of England.
In return Italy will regain her beloved little peninsula between Trieste and Fiume, where are so many Italians under the Austrian yoke, and so many centuries of Italian traditions, for these were colonies in the days of ancient Rome, and again during the painful days of the Venetian republic.
Anti-Austrian Feeling
Anti-Austrian feeling becomes stronger here every day. Officers have notified their state staff that their men would not take up arms for Austria, and that the officers would refuse to press their men to do so. This is traditional hatred stronger than all political alliances.
This plan of retaining Trieste, and perhaps the old ports of the Dalmatian coast, is so pleasing to the Italians that many rich men have offered large sums of money to the king to defray expenses. If war comes, the king, it is stated by military men, will go into the campaign. The general staff would be removed from Rome to north Italy. The king is a good tactician, and much respected by his soldiers. The second in command probably would be General Tassoni, who has seen much active service in Africa. But all these arrangements are being kept secret so it is impossible to say who will command under his majesty.
The dirigible M 3 has just ridden from Rome to Jesi, and the aero club of Rome sends up monoplane and biplanes every morning and evening.
Enlisting Guerrillas
One of the curious features of the Italian situation is the unobstructed opening of a modest bureau in a small street with the motto "For the Defence of Italian Liberties" over the entrance. This bureau enlists volunteers, who will go to the French frontier to help the French with a guerrilla warfare. They were had several hundred recruits since opening yesterday, and people declare they will march within ten days.
The 60,000 men called out by the latest royal command are the pick of the reserve, men between twenty and thirty, who have seen African service. They include some of the famous Bersaglieri, said to be the fastest walkers in the world—little wiry men, who can stand anything and shoot splendidly. Two more classes will be called out in a few days.
Getting Warlike Spirit
Gradually Rome's aspect is changing; the men who declared a week ago that nothing would induce them to fight are talking of Trieste and the splendid chance they ought to have of getting something back from Austria.
Scenes of enthusiasm on the Italian-Franco frontier, where Italians beg to be allowed to enlist in the French ranks are reported. But the government so far sternly refuses to notice it, and any reference to it in cables is censored.
Nothing in this world is so powerful for happiness as a loving and united family.

French Centre Advances While Wings Fall Back—Belgians Win Brilliant Victory—Still Hold Namur—Russians Moving Towards Posen, 150 Miles From Berlin

So far as can be gleaned from official announcements, the great battle line along the French frontier, and in Belgium continues to be the scene of engagements between the opposing armies.

London reports that Togoland, the German possession on the west coast of Africa, has surrendered unconditionally.

BUCHAREST REPORTS THAT TARNOPOL, an important town in Galicia, has been occupied by the Russians, while the Russians themselves claim that they have driven the Austrians back to the river Zlota Lippa, thirty miles west of Tarnopol, and about fifty miles east of Lemberg.

PARIS, Aug. 26, 11.50 p.m.—The official statement issued by the war department tonight says: "In the north the Franco-British lines have been moved back a short distance."

The Strength of The Great Powers at War

The military correspondent of The London Times, in the issue of August 8, writing after the orders for mobilization had been issued in Russia, Germany, Austria and France, reviews the strength of the powers, and among other things says:—

The Russian Mobilization The general mobilization in Russia places at the disposal of the Czar about four million trained men for the army and 460,000 men for the navy. These immense numbers can, however, only be placed in the field gradually and after considerable delay. The peace strength of the army is 1,200,000, but of these only 850,000 are quartered in Europe, while there are 200,000 in East Asia, 70,000 in the Caucasus, and 30,000 in Turkestan. About 60,000 Cossacks must be added to these numbers. The active army in peace, excluding frontier guards, and certain independent brigades of foot and horse, is distributed among thirty-seven army corps and twenty-four cavalry divisions. The normal army corps, excluding reserve divisions, numbers thirty-two battalions, six squadrons, and fourteen batteries, with a total war strength of 44,000 men and 12,000 horses, and a combat strength of 80,000 rifles, sixty-four machine guns, 108 field guns, and 1,200 sabres. The normal cavalry division has two cavalry brigades each of two regiments of six squadrons, eight machine guns, and two batteries of horse artillery in all 4,500 men and 4,800 horses, with a combat strength of 8,500 sabres, twelve guns, and eight machine guns. We must also reckon that ten Cossack cavalry divisions can eventually take the field. Cavalry is to Russia what the navy is to England, and the Cossacks alone can place 1,000 squadrons in the field.

A Russian army consists of several army corps, usually four or five, besides independent divisions and army troops. The military commands in war, for example, Warsaw, Vilna, Moscow, Kiev, Odessa. The cavalry division will often be united into cavalry corps. There are certain number of cavalry brigades outside the cavalry divisional organization which find the divisional cavalry for the infantry divisions, while for communications and other duties there are fifty-two Cossack regiments of the 2nd and 3rd ban, besides other troops. Everything included, the Russian first

FOX BUSINESS ON P. E. ISLAND GOOD

What the Little Province is Doing in Defence of the Empire—Farmers Likely to Make Gift of Hay and Oats

Charlottetown, P. E. I., Aug. 27.—Prince Edward Island, in common with the rest of Canada, has readily responded to the call of duty during the present war. She has already sent 140 men to guard the mines at Sydney and the cable station at Canoe. She has also sent a 9th Field Ambulance Corps, amounting to about seventy in all, to Valcartier, Quebec, to serve as a permanent hospital until further orders. She has contributed also about fifty men to the Canadian Overseas Contingent, including infantry, signallers and ambulance corps, and she has a number of artillery men enlisted waiting orders. The infantrymen left on last Thursday morning, there being a large crowd to see them off at the station.

On Saturday morning Souris sent away six men for Sydney to join the batteries of artillery for overseas service. A detachment of the Light Horse Company of Summerside, organized this year for the first time, left Tuesday morning, going as infantry men in the overseas contingent.

The ladies of the island have been busy in the good work, and under the leadership of Mrs. Rogers, wife of the Lieutenant Governor, collected \$4,114, so far, towards the Canadian Hospital Ship. A Red Cross Society has also been organized.

There is also a proposition made in the House of Assembly, that if they wish to do so, to conduct an active campaign at first against Russia and still to leave the bulk of the German army available to fight France. The superiority of numbers of the German army, after its detachments in East Prussia, over the French army, will not be at all overwhelming, and on the eastern frontier it is Russia's own fault if she engages herself deeply before her men are up.

Had Russia been given time to bring to fruition her great plans for the further expansion of her army, she intended to advance her line of concentration a good deal nearer to the frontiers of the central European allies. But as the time has not been given to her, she will probably concentrate some way back—namely at some distance from the frontier that an Austro-German advance will not be able to interfere seriously with the act of Russian concentration. However much Russia may desire to hasten matters in order to take the pressure off France, the safety of the Russian army is sure to be her first consideration, and there may be a time, and perhaps a considerable time, when France, if she has no other ally, will stand practically alone against the Kerntruppe of the German army.

Such are the broad conditions of the higher strategy of the impending war. They are complicated by scores of minor problems, which can be discussed separately as they arise, but the first thing to do is to understand the military situation in its broadest aspects and to realize that the decisive theatre of the first operations will probably be the Franco-German frontier.

The Help of England The situation, then, is that France runs a risk for a certain period of finding herself faced by superior numbers, possibly by a superiority of 200,000 men. The French general staff have counted, during the last seven or eight years, upon the support of our expeditionary force to make good the difference.

the local press that the farmers should donate a quantity of oats and hay to the British government, and this suggestion will probably be acted upon.

Among the men who have enlisted are a number of South African veterans, including Lieutenant Fred B. McKee, who came all the way from Boston to join the colors again. Lieutenant McKee wears the Queen's medal for his services during the Boer War.

Another member of the contingent is Sergeant A. L. Collett of Bedouque. Sergeant Collett is one of the Island's Rhodes scholars and had only completed a year at Oxford University, while in England he was trained as an officer in the Territorials. He was on the island when the war came and although offered a commission in the Territorials, he preferred to serve with the Canadians, so he abandoned his university career and left for Valcartier.

Among the ten artillerymen who have enlisted and are waiting for orders to leave, is Spurgeon Jenkins, who came all the way from Calgary for that purpose.

There has been some excitement about rumors of German spies in this city. About a fortnight ago two foreigners came here on the Cacouna from Montreal and engaged as waiters in one of the leading hotels. One was an Australian. The other man, who soon after his arrival began to look for a job as a compositor in a newspaper office, said that he was from Holland but admitted he could speak German and French, as well as Dutch and English. Their actions were somewhat suspicious and when the Dominion's Royal Commission was in session here a week ago they were around the provincial parliament building anxious to get in and hear what was going on. The authorities were informed of the presence here of these men, but they did not take them seriously and they were allowed to go on the steamer Evangeline, either to Halifax or to Boston.

Was French Canadian. The other day one of the men employed on the construction of the new cathedral was arrested. He had been making a great many inquiries regarding

MOTION PICTURES OF ST. JOHN CHILDREN

Will Be Taken In Front of Imperial Tomorrow at 3.30 O'Clock

The children of St. John who are flocking back to the city after a delightful holiday season in various parts of the country will be in large numbers at Imperial Theatre tomorrow afternoon and because of this specially large crowd the management has arranged to have a motion picture made of the boys and girls. This will be a prized record of the boys and girls of St. John at this period in their lives and will be kept in St. John for that purpose, possibly presented to the school authorities.

The programme tonight at the Imperial is to be enhanced with brand new musical numbers, as follows:— Solo—with choruses and orchestral ensemble—"Land of Hope and Glory."—Miss Mabelle Trask. Solo—with violin obligato—"Annie Laurie."—Miss Alice Folsom. Violin Solo—"Meditation" from Thalà, Carolyn Weekes. "Cello Solo—A Gavotte, by Popper—Mildred Eichler. Vocal Duet—"A Little Love, A Little Kiss—Misses Trank and Folsom. Instrumental Trio—Barcarolle, from "The Tales of Hoffman."

Charlottetown and its points of importance. It turned out, however, that he was a French-Canadian with no sympathies for Germany, and was therefore specially released.

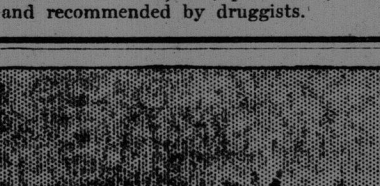

When Sir Rider Haggard was in Charlottetown with the Dominion's Royal Commission he happened to comment upon certain points in and around the city being left unguarded. The matter was duly taken up in the local press, and since then the authorities have taken the necessary precautionary measures.

Fox Business Good. Business affected for a short time after the outbreak of the war has settled down to a normal condition again. The fox industry, among others, suffered a temporary setback during the first unsettling shock, but the companies are getting down to work again, one of them receiving over \$2,000 in one week from the United States for the sale of stock. By the first of September the majority of options must be taken up. With a few exceptions (and in those the ranch owners are arranging to give an extension of time) the 50 per cent. of the money required in each case, will be paid over to the vendor.

Although a number of events have been postponed, the provincial exhibition and all the county fairs will be held as usual.

Corns on Your Toes? Callouses on Your Feet? Quickly Removed Without Pain

Just apply Putnam's Corn and Wart Extractor; it does the whole trick; does it sure, does it in a real hurry too. Putnam's Extractor cleans out a wart or lifts out a corn without any bad after effect. You don't have to lay up—no inconvenience, pain or distress. Putnam's Extractor sells round the whole world, 25c per bottle, sold and recommended by druggists.

Not the way to end Corns.

Paring a corn brings only brief relief. As there is danger in it.

The way to end corns is with Blue-jay. It stops the pain instantly. Then it loosens the corn, and in 48 hours the corn comes out.

Blue-jay is applied in moment. From that time you will not feel the corn.

Leave it on for two days, until it gently undermines the corn. Then lift the corn out. There will be no pain or soreness.

Blue-jay has ended 75 million corns. Nearly half the corns in the country now are ended in this way.

There is nothing else like it. And no man who knows will even suggest any other way for dealing with corns.

Blue-jay For Corns

Open the cellar windows and let the fresh air possible. After the corn is well aired give the walls a coat of whitewash, as the lime is a great preservative. To make a solution for a wall take one gallon of unslacked lime and slack with hot water; thin to consistency of cream; add two spoonfuls of salt to the mixture, apply to the wall with a white brush. Let it dry thoroughly, and a second coat. It will harden almost as solid as cement. Place of lime in the cellar to keep it from becoming so limey that it dries out.

The Water of Eternal Youth

The beauties of the Austrian court, a lotion which was so effective in keeping the face smooth and free from wrinkles, which they named it the "Water of Eternal Youth."

Some one recently has divulged the secret of this wonderful, though exceedingly simple, wrinkle lotion, which in her youth she has similarly dubbed a "preservative." One cannot purchase it, but can get these ingredients at any drug store. With entire safety, to bathe the face in the same brings immediate results. This is also effective for keeping cheeks and double chin.

Little Maisei Eclipses Famous Stars As Larcenist of Bases

Two pictures of Fritz Maisei, sensational base thief of the American League.

(By Hugh S. Fullerton)

Fritz Maisei, the diminutive third baseman of the New York Yankees, is a sensation in the American league as a base runner.

Maisei has passed Ty Cobb, Clyde Milan, Eddie Collins and the other famous base runners of the league. More than that Maisei is destroying all the accepted percentage of successful base stealing.

Called the Turn. I watched Maisei on the bases. He has speed, and spryness, is a quick starter, a speedy runner and a clever slider, and is hard to touch.

After it was over I went to Maisei to find out how he did it. He said: "I called the turn on him."

"I don't know—something he did, some move—I don't know, anyhow I saw he was going to pitch."

It was useless, so I appealed to Chance. "He is the cleverest base runner in the league," said Chance. "When I got him I saw what he could do, but he wasn't doing it. I urged him to run. He made an awful mess of it for a time. He wasn't trying to think what the right thing to do was, but to think what the manager might want him to do."

Instant Rules 'Em. "Base running is mostly instinct anyhow," added Chance. "A fellow has the natural knack of starting. Fellows like Jimmy Ryan, Bill Dahlen, Bill Lange and that kind always had the jump on the pitchers. The balk rule will not stop that kind of runners. The pitcher can balk all he pleases and they will get the start on him. This lad Maisei has it. He calls the turn."

Maisei's wonderful success is the more amazing because he is not on the bases nearly as often as Milan, Cobb, or Collins. Up to present reading Cobb has been on bases ninety-two times and has stolen fourteen bases, Milan has been on first 103 times and stole twenty-nine, Collins reached first ninety-eight times and stole thirty-one bases and Maisei has been on first eighty-two times and has stolen thirty-four bases.

Even more remarkable is a two-week study of their actual efforts. In those two weeks Maisei started to steal eleven times and stole nine bases, and was caught only twice. In the same period Collins started thirteen times, and succeeded only in six cases.

place of Leonard and sent up a short fly on which Gardner was thrown out at the plate. The New York team played up-to-date baseball. Fisher pitching a heady game and being well backed up especially by Boone, the second baseman.

AFRAID SHE WAS DYING

Suffered Terribly Until She Took "Fruit-a-tives"

St. Jean De Matha, Jan. 28th, 1914.

"After suffering for a long time with Dyspepsia, I have been cured by 'Fruit-a-tives.' I suffered so much that I would not dare eat for I was afraid of dying. Five years ago I received samples of 'Fruit-a-tives.' I did not wish to try them for I had little confidence in them but, seeing my husband's anxiety, I decided to do so and at once I felt relief. Then I sent for three boxes and I kept improving until I was cured. While sick I lost several pounds, but after taking 'Fruit-a-tives' I quickly regained what I had lost. Now I eat, sleep and digest well—in a word, I am completely cured, thanks to 'Fruit-a-tives.'"

BALL PLAYERS SUE FOR WAGES CLAIMED

Bad Mixup in Halifax Situation—Howe of St. John Among the Plaintiffs

Halifax, N. S., Aug. 27.—Five baseball players well known throughout the maritime provinces, especially in St. John and Halifax, figured prominently yesterday in a case in the police court here.

The plaintiffs are T. Howe, St. John, Whelan and Hamilton, Halifax, Rutherford, Eastport, Maine, and Watt, New York, all former members of the Halifax team known as "Kewpies." Doctor Roland, who took a prominent part in the formation of professional ball here is the defendant. The plaintiffs sue for a total of \$96, the largest amount being \$20 being claimed by Rutherford, the smallest amount \$15 each claimed by Whelan and Howe. Roland denies he ever acknowledged that he owed the players any money. The expense account was produced in the case showing that money had been paid these players.

The defendant admitted he had taken charge of the gate receipts at certain games and when questioned as to his right to do this, he said he was interested in as much as he had originally offered to contribute \$50 towards the expenses of the league. The case is so badly complicated that the magistrate reserved judgment. In doing so he asked the solicitor on what he had to submit a statement to show how the various amounts claimed are made up.

ALLEY PULL DOWN GERMAN FLAG OVER 1,000,000 PEOPLE

London, Aug. 26.—It was announced officially tonight that German Togoland had surrendered unconditionally.

The allies will enter Kamina Thursday. Togoland is a German colony on the Gulf of Guinea, on the west coast of Africa, which is in the unique position of being between an English and a French colony. On the east is French Dahomey, and on the west the Gold Coast. It is a mountainous colony and the inhabitants are Sudan negroes about 1,000,000 in number, spread over the 35,000 square miles, so that it is considerably larger than New Brunswick.

FROM ARTILLERY EXPECT ORDERS TO LEAVE TOMORROW

Special orders have been received by Col. B. R. Armstrong, commanding the 3rd Regiment, C. A., as they are required to entrain for Valcartier, Que., but an indefinite date this morning seemed to indicate that later orders would be sent for them to depart tomorrow. It is expected they will leave on a special train tomorrow evening, coming in from the island late in the afternoon, forming in line at the ballast wharf and with the regimental band playing at their head, march off to the depot. Eighteen men from P. E. Island, volunteers from the Charlottetown Heavy Brigade, arrived in the city today and will be added to the strength of the local volunteer unit from the 3rd regiment.

Six officers and two hundred and thirty-four men form the battery of the 3rd Regiment, C. A., for foreign service, stationed on Partridge Island. Instructions were received yesterday afternoon for the men to hold themselves in readiness to entrain for Valcartier between Friday noon and Saturday at 6 p. m. About thirty more men are required to complete the establishment which the artillery has been asked to take. Col. B. R. Armstrong was honored this week by receiving an offer of the post of commander of the divisional ammunition column. He replied at once to the director of artillery that he would take the post but asked whether his artificial leg would prevent his being accepted. The answer came saying that the fact of his disability, physically, had been overlooked. The offer was a compliment, however, to Col. Armstrong, as the post is a responsible one. A complimentary banquet was last night tendered at the Union Club to several of the Artillery officers who are to leave on foreign service. The Millomaire Club arranged the affair, and the guests were Major Frank Magee, Lieutenants Cyrus Inches, Ralph Hayes and Laurence Kelly.

THOSE CATTLE AT LARGE

To the Editor of the Times— Sir—In regard to some complaints from time to time in the Times as to cattle which are allowed to run at large on the Red Head Road, I wish to say that the only parties who are to blame in this matter are three county councillors, Messrs. Carson, Shillington and Stephenson. In the early summer certain residents of Red Head undertook to have the law enforced regarding cattle roaming at large on the road. To please a certain number of their supporters who wished to have the cattle on the road the councillors signed a petition exempting a large portion of the Red Head road for cattle. To my mind it was an unwise thing for them to do. Yours, EAST ST. JOHN.

MORE MONEY FOR THE RELIEF FUND

Workers Report Good Start in Collecting

A SUGGESTION

One Man Writes Letter Referring to Contributions From Salaried Men—Meeting of the Committee This Morning

Reports of the completion of ward organization and the commencement of the work of collecting funds marked the meeting of the executive of the citizens' patriots and committee this morning. The meeting was held in the Board of Trade rooms at eleven o'clock. A. P. Barnhill presiding. The secretary reported that Mrs. E. A. Smith and Mrs. J. H. Frink from the Women's Auxiliary Club; Mrs. M. B. Edwards from the Victorian Order of Nurses; and Mrs. Lawrence representing the advisory board of the St. John's Patriotic Society, have been added to the ladies' auxiliary. The ladies have been called to meet at three o'clock on Friday afternoon for organization. Several applications for assistance were received and referred to the relief committee, and there was a general discussion of relief measures. Commissioner Potts, reporting on the work of the committee to date. A Suggestion The following letter was read by the secretary: St. John, N. B., Aug. 27, 1914. A. P. Barnhill, Esq., Acting Chairman St. John Committee Re Patriotic Fund: Dear Mr. Barnhill: Many of our citizens are not now in a position to contribute as largely to your relief fund as they would desire. A large percentage of our citizens are recipients of salaries. Our brave soldiers boys have given up much for the benefit of those left behind. Our people who continue to enjoy their homes will be willing to make some sacrifices. I would suggest that your collectors allow our salaried or other citizens to obligate themselves to pay a certain sum each month for at least a year, or while the war lasts. This would necessitate more work for your collectors, but I believe you would in this way receive much larger subscriptions. Nearly every citizen would be willing to make self-denials for such a worthy cause. I hereby pledge myself to pay \$10.00 a month for one year, or until this crucial war is over. Yours truly, (Sgd.) C. W. MERRITT. The thanks of the committee were extended to Mr. Merritt, and his suggestion referred to the treasurer with instructions that any subscribers who wished to contribute monthly should be given the opportunity to do so. Workers Report Commissioner Russell reported a contribution of \$50 from the employees of the city ferry department. For the Queens ward committee, R. E. Church reported that the canvassers at work, and that \$1,496 has been collected already. The treasurer reported the receipt of \$149.28 from Mack's Musical Revue Company, the proceeds of their benefit matinee. Mr. Alexander reported the character of the performance given and of the spirit which actuated the visiting company in co-operating with the committee so heartily. Commissioner Wigmore reported a contribution of \$25 from the St. John's England lodge, and suggested that other societies might also contribute if the matter were laid before them. Mr. M. E. Agar reported that the collectors have commenced work in Dufferin ward and have received \$10 this morning. The committee spent some time discussing plans for the farewell demonstration in honor of the artillery detachment which will leave for Valcartier at the end of the week. The committee adjourned to resume tomorrow morning. Commissioners Potts, Wigmore and Russell constitute the board of trade at present and are prepared to receive application from soldiers' families who are in need of help. Such applications will be received only between four and five o'clock in the afternoon at the commissioners' offices in city hall. At least one of the commissioners will be on hand each day at that hour for the purpose. The representatives of the women's patriotic and benevolent associations, who have been chosen to form an auxiliary relief and visiting committee for the families of soldiers, are requested to meet in the council room of the board of trade on Friday afternoon, August 28, at 8 o'clock, for organization purposes. The secretary of the board of trade has received a communication from Acting Premier Clarke thanking the board for the offer of their rooms for a conference between the government and the business men of St. John on war exigencies. Hon. Mr. Clarke says: "Arrangements had been nearly completed under which his honor the lieutenant-governor and a member of the government were to ask for a conference similar to that suggested, but circumstances which were unavoidable intervened. As soon as opportunity arises a meeting of the character proposed will be sought, when I am sure the government will be glad to avail itself of the kind offer of the board." Mayor Frink acknowledges receipt of \$15 from Hugh Connel for the patriotic fund. The Prince Ward committee have appointed the following additional members:—George A. Knodell, James Ryan, John H. Walker, George H. Waterbury, E. Clinton Brown, W. H. B. Sandler and William Knodell. The ward has been divided into six districts as follows:— J. H. Walker and G. H. Waterbury, north side of King street east of the sides of Elliot Row and the intervening cross streets. John O'Regan and James Ryan: North side of King square, Charlotte Union and Sydney streets; also east side of Brussels to Richmond down Richmond to St. Patrick westerly side of St. Patrick to Union and along Union to Brussels. F. J. McPherson and Geo. A. Knodell: North side of Union from St. Patrick easterly and south side of Union from Cornmarket easterly, both sides of St. David and Courtenay streets and all
