OFFICE HOURS, 9 A.M. TO 5 P.M.

Messenger leaves City Office, Room 11, 204 St. James Street, for Hospital daily at 10.30 a.m. Parcels and letters for patients sent before that hour are delivered same day at Verdun.

All matters in reference to patients must be addressed to Dr. Burgess, Medical Superintendent; other matters, to the Secretary at City Office.

The Board of Management meets weekly, Tuesdays, at 3 o'clock.

INSTRUCTIONS AS TO ADMISSION OF PATIENTS.

In addition to commitment as a dangerous lunatic by a Recorder, Police Magistrate, or a Justice of the Peace, the law provides two methods for the admission of patients.

1st. For public patients, that is, those whose maintenance is at the charge of municipalities and the Province, in which cases there must be handed to the Medical Superintendent an application for admission, a physician's certificate, a history of the case, a certificate from a minister, a certificate from the mayor of the patient's domicile, and a certificate from the secretary-treasurer of the municipality from which the patient has come.

2nd. For private patients, that is, those patients whose maintenance is at their own charge, in which cases there must be handed to the Medical Superintendent an application for admission, two Physicians' Certificates, a history of the case, and an agreement as to the rate to be paid.

All the above forms are statutory (except the agreement in the case of private patients) and must be filled out COMPLETELY and LEGIBLY in every part, SIGNED and SWORN to before the patient is brought to the Hospital, otherwise he cannot be received.

Where admission is desired for a patient the Medical Superintendent should be asked for the necessary blank forms. If this request be made by letter the patient's name, in full, and residence must be given, and the statement made whether they are required for a public or private patient, as the forms differ in the two cases. Unless the case be extremely urgent, when the patient may be brought along with the papers properly filled up, they must first be returned to the Medical Superintendent, that he may satisfy himself as to their correctness and the suitability of the case.

The rates for private patients vary from four to twelve dollars per week, to be paid monthly in advance; four dollars securing admission to public wards, six to twelve dollars admission to private wards. This includes board, lodging, washing and medical attendance.

In bringing a patient to the Hospital use force if necessary, but never deception, as it lessens the chances of cure by making him look

upon the institution with dislike, and those in charge of it as alone responsible for his being kept there. Tell the patient frankly that physician and friends consider him sick, and that it is proposed to take him to a HOSPITAL where his chances of being cured are of the best, and whence he will be taken out again as soon as well.

Packages for patients sent by express must be prepaid and addressed to them, care of the Hospital.

Friends will only be written to on the occurrence of serious illness or other important incidents, but all letters of enquiry, enclosing return postage, will be promptly replied to. Every such letter of inquiry should give the writer's post-office address and mention the patient's name in full.

Patients can be seen by their relatives any day except Sunday, from 9.30 to 11.30 A.M., and from 2 to 4 P.M., with permission from the Medical Superintendent. Should any friend, not a relative or guardian, wish to see a patient, such friend must have a written order from a near relative or guardian.

The general public are admitted to the Hospital on Tuesdays and Thursdays, between the hours of 9.30 and 11.30 A.M., and 2 and 4 P.M.

Contributions to the funds of the Hospital should be addressed to the Treasurer, F. Wolferstan Thomas, Esq., General Manager Molsons Bank, Montreal.

All communications relative to the admission of patients, their condition, payment of board, etc., to be addressed to Dr. T. J. W. Burgess, Medical Superintendent, Protestant Hospital for the Insane, P.O. Drawer 2381, Montreal, Que.

EIGHTH ANNUAL REPORT OF THE GOVERNORS OF THE PROTESTANT HOSPITAL FOR THE INSANE.

The Board of Governors have the honor to present their Eighth Annual Report, giving a condensed account of the condition and operations of the Institution for the past year. Data for this are taken from the very complete and exhaustive reports of the Medical Superintendent, General Secretary and Auditor, and the Financial Statement.

From the Medical Superintendent's report we find that the total admissions for the year were 144, as against 103 last year, and 101 the year before. The total number under treatment during the year was 338, as against 290 the previous year, and 269 the year before, and the percentage of deaths on the number under treatment was 5.32, as against 8.62 last year. The City of Montreal and County of Hochelaga supplied nearly one-half of the admissions.

Hereditv, the prime factor in the causation of insanity, was acknowledged in nearly forty-eight percent of the admissions. No less than 24 of those received were transfers, 20 of them being sent from the Beauport Asylum. Not one of these held out any prospect of cure, the most recent case having been a resident of Beauport for three years, and the oldest over 48 years.

Dr. Burgess says in his report that the reception of these patients puts an end to the hope he had entertained, in common with ourselves, that the Hospital might be kept solely for the admission of patients from outside—patients whom there would be some prospect of benefiting beyond ordinary custodial care. The result may be that in the near future, owing to our limited capacity, acute, and probably curable cases, may have to be refused.

The percentage of discharges, on admissions, exclusive of transfers, was 57.50, as against 68.93 last year. The percentage of recoveries on admissions, exclusive of transfers, was 49.16, as against 46.60 last year.

It will be seen that while the percentage of discharges is lower than for the previous year, the rate of recovery was greater. On the whole, this is as satisfactory a statement as any preceding it, and one which shows the result of the advanced and enlightened treatment pursued.

Dr. Burgess again calls attention to the advisability of early hospital treatment, showing by statistics how phenomenally beneficial the results were when the disease was promptly taken in hand.

In connection with this I cannot refrain from repeating what was said respecting early treatment in the report of last year. In discussing the treatment of the trouble and the chances for recovery, he deploras the apathy or unwillingness of those on whom the responsibility would rest, and says :

“Were it possible to have all the insane receive proper hospital treatment at the first appearance of the symptoms, the results obtained would be far ahead of anything now seen and wards devised for hospital purposes would not become mere asylums for incurables.”

Dr. Burgess believes that, in the absence of any organic trouble, if the cases were promptly and properly treated—say within a month of the onset—from seventy to eighty percent would be restored to their homes; whereas, if the treatment be delayed for a year or more (which I regret to say is still unfortunately the case) ten percent would be a good record of recoveries.

To disseminate and make known to the world the vital importance of this fact, on which there is not the slightest difference of opinion among the advanced alienists of the age, seems to us an absolute duty devolving upon all who are interested in work of this kind.

As intimated in our last year's report, our contract with the Government expires next July, and it will be necessary to make new arrangements for the future. Having this in view, a sub-committee was appointed some months ago to take up this question, and, after a number of meetings, arrived at the conclusion that the two most important points to be considered in the negotiations were :

- 1st. A substantial increase in the rate per capita for maintenance.
- 2nd. The erection of a new building for the exclusive use of idiots.

As you know, we receive from the Government One Hundred and Sixteen Dollars (\$116) per annum per capita—a sum totally inadequate when all the requirements of the Government are complied with—and our Medical Superintendent and Managing Committee are particularly scrupulous in seeing that all these conditions are fulfilled.

The Medical Report shows the cost of maintenance per capita this year to be \$174.85, as compared with \$176.32 for the year ending December 1893, and \$196.27 for the previous year.

Compared with similar institutions our cost of maintenance is low.

For the State of New York, with an insane population of between eight and nine thousand, the cost per capita for one year was \$195; for the five hospitals in Pennsylvania with a population of from five to six thousand, \$196.60; in the North Dakota Hospital, which much resembles our own in population and the large consumption of coal (one of our heaviest items of expenditure) the cost for the year ending October 1893 was \$256.78.

From the above comparisons it will be seen that the cost of maintenance with us has been reduced as low as possible, consistent with the welfare of the patients.

In connection with this and other matters, the Board of Management had an interview by appointment with the Honorable the Provincial Secretary, some six months ago, when he voluntarily stated that the Government recognized the fact that we were not receiving sufficient compensation, and gave us to understand that in the new arrangement this would be remedied.

The question of the erection of a new building for idiots was also brought before the Honorable Secretary's notice with the view of getting Government aid in the erection of it, either by appropriation or guaranteeing the loan which would have to be made for the purpose.

This was also favorably considered by him, and of course will be borne in mind by those who undertake the negotiations with the Government.

It is again extremely gratifying to be able to report that during the past, as in previous years, there has not been a single case where it was necessary to use restraint—another evidence of the advanced and enlightened treatment which has been identified with the administration of this Hospital.

In non-restraint it is necessary to provide means for employment and amusement, and, in this respect unfortunately, our Institution is deficient.

Properly equipped workshops, representing a variety of trades, with proper instructors in each, is a greatly felt want, but one that we hope in the near future will be remedied.

The total sum received from private patients was \$15,266.61; from Government public patients, \$22,215.06; from articles sold, \$597.29. In addition subscriptions and donations paid direct to the Treasurer have been received as per statement, including dividends and interest, amounting to \$6,062.11, giving a total revenue from all sources, including interest on endowments, of \$44,141.07. Against this there has been expended in connection with the direct working of the Hospital the sum of \$40,315.50, of which \$37,548.05 was for maintenance and \$2,767.45 for improvements, extraordinary repairs, etc., properly chargeable to capital account.

The Auditor's statement of assets and liabilities shows; assets, including expenditure on new building, furnishing, grounds and embellishments, \$330,441.64; liabilities, comprising the issue of the \$150,000 of bonds, interest, insurance and open accounts, \$155,917.53; leaving a balance to the credit of capital account of \$174,524.11.

The detailed financial statement of revenue and expenditure submitted by Dr. Burgess is most comprehensive and satisfactory, showing in the minutest way the cost, quantity and character of every article consumed. All his other statistical tables, twenty in number, are equally complete, showing the movements of the population, general statement of the operations of the Hospital since its opening in 1890, admissions and discharges, civil state, religion, nationality, education, occupation, ages, duration of insanity prior to admission, period of residence, and mental condition of those discharged, and other statistics of a similar character.

The report of the farm work is the best yet presented, and eminently satisfactory. The total revenue from farm and garden was \$6,311.97, while the expenditure, including wages and board of farm employees, was \$3,354.63, showing a net profit from farm and garden of \$2,957.34.

It will be seen by the financial statement that the most serious charge on the management is the interest on the \$150,000 of bonds, amounting to \$6,750, which taken with the deficiency in revenue over expenditure, amounting to \$2,201.58, leaves us with a deficit of \$8,951.58, a slight improvement on the showing of last year. To meet this we have to depend upon the graciousness and charity of those who are interested in this noble work, a work than which there is none that should appeal with greater force to human sym-

pathies, for of all worthy charities that from time to time we help to sustain, no one, in my opinion, can exceed that which calls for ministrations to a mind diseased.

That there are those who appreciate the importance of what is being done, has already been demonstrated by very substantial tokens; and that the interest still continues is shown by the endowment during the past year of the Rev. Frederick Frothingham memorial fund, per Mrs. J. H. R. Molson, of \$10,000; the Matthew Campbell endowment fund, per Messrs. James Spier and Robert W. Kerr, executors, of \$3,000; and an endowment of \$5,000 from a lady resident of the city. The Governors gratefully acknowledge these generous bequests, and record their thanks.

It is to be hoped that those who of their great abundance are able to do so, will in the near future follow the example of the generous philanthropists already referred to, and establish a fund sufficiently great to put the institution—as it should be—in a position perfectly independent of Government aid. Were this the case, the Board would be free to exercise discretion in the admission, classification, and treatment of all applications.

Four official inspections were made by the Government, and two by the Grand Jurors; on all occasions the visitors seemed well satisfied with the institution and management. Eighteen official visits were paid by the Visiting Governors, and the house and other committees made frequent inspections.

The only noteworthy change in connection with the staff was the resignation of Dr. Anglin, and the appointment of Dr. J. J. Ross in his place. Dr. Ross is proving himself a zealous and capable officer. He has introduced ward gymnastics with very beneficial results to quite a number. Were the Molson Pavilion fitted up with regular gymnastic appliances, the field for Dr. Ross' work would be much extended, and it is not too much to hope that during the ensuing summer this will be accomplished.

The new wing is now furnished and occupied, and I think the Board may congratulate themselves on having a building that will compare favourably with any similar institution in America. Its private wards are not to be excelled, while its public halls leave no reasonable comfort to be desired.

Extensive repairs have been made in many parts of the old

building, and the ward formerly occupied by the female private patients has been completely re-decorated and re-furnished, and now provides accommodation for a superior class of male patients.

Much progress in roadmaking and improvement of the grounds has been made during the season, under the direction of Mr. Roy, Superintendent of Mount Royal Cemetery, who has kindly given the Board the benefit of his experience in this work.

On the 24th of last month, their Excellencies the Governor General and the Countess of Aberdeen made an official visit to the Hospital, and expressed themselves as being quite impressed with the importance of the work in hand, and favourably commented on the system and management.

To the many friends who have aided by their generous contributions, in kind and otherwise, the Governors tender their warmest thanks. The *Montreal Witness*, *Montreal Star*, *Montreal Herald*, and other publications have continued a generous supply of their several issues, and with the *Montreal Gazette*, have from time to time rendered valuable services which the Governors gratefully acknowledge.

The relationship between the medical superintendent and the employees continues to be harmonious, and it is gratifying to be able to record the faithful performance of their duties by all.

The eight Governors who retire from the Board by rotation are Messrs. Peter Lyall, J. C. Wilson, Dr. Wanless, Wm. Kennedy, Jas. Moore, Jas. McBride, Colin McArthur, Alfred Perry; all are eligible for re-election.

The whole respectfully submitted,

ROBT. REID,

Hon.-Secretary.

MONTREAL, February 5th, 1895.

J. B. HUTCHESON,
Auditor.

FIFTH ANNUAL REPORT OF THE
MEDICAL SUPERINTENDENT.

To the President and Board of Management :

GENTLEMEN,—I herewith respectfully submit my Fifth Annual Report, being for the year ending 31st December, 1894.

The following is a summary of the movements of population during the period :—

	Men.	Women.	Total.	Men.	Women.	Total.
In residence January 1st, 1894.....	115	76	191			
Out on trial January 1st, 1894.....	2	1	3			
Admitted during 1894.....	68	76	144			
Total under treatment during 1894.....				185	153	338
Discharged during 1894 :						
As recovered.....	30	29	59			
As improved.....	2	4	6			
As unimproved.....	2	2	4			
Total discharges during 1894.....	34	35	69			
Died during 1894.....	13	5	18			
Discharged on trial and still out on trial Dec. 31st, 1894.....	1	0	1	48	40	88
Remaining in residence Dec. 31st, 1894..				137	113	250
Percentage of discharges on admissions.....						47.91
Percentage of discharges on admissions, exclusive of transfers.....						57.50
Percentage of recoveries on admissions.....						40.97
Percentage of recoveries on admissions, exclusive of transfers.....						49.16
Percentage of deaths on number under treatment.....						5.32

ADMISSIONS.

The admissions for the year show an increase of 41 over those in 1893, while the total number under treatment was 338, as against 290.

Of the patients received, 63 were private and 81 public.

The City of Montreal, including the County of Hochelaga, supplied nearly one-half the admissions. Of private patients, 10 were from Ontario, 1 from Nova Scotia, 1 from Newfoundland, and 1 from the United States.

Heredity, the prime factor in the causation of insanity, was acknowledged in nearly 48 percent of the admissions, and denied in about 38 percent, while in 18 percent no information on this point was obtainable.

No less than 24 of those received were transfers, 20 of them being sent from the Beauport Asylum. None of them held out any prospect of cure, the most recent case having been a resident of Beauport over three years, the oldest over 48 years. The reception of these patients puts an end to the hope I had entertained, that the

Hospital might be kept solely for the admission of patients from outside—patients whom there would be some prospect of benefitting beyond ordinary custodial care. Being Protestants, their reception could hardly be avoided, but none the less it is a matter for regret, since, with our limited capacity, it must very shortly lead to the refusal of acute, and perhaps curable cases.

When we take into consideration the fact, that of the 144 admissions, 10 were of from 1 to 2 years standing, 6 of from 2 to 3 years, 11 of from 3 to 5 years, 4 of from 5 to 10 years, 9 of from 10 to 15 years, 5 of from 15 to 20 years, 8 of from 20 to 30 years, 4 of from 30 to 40 years and over, while 7 were congenital, it can readily be seen that much of the material, furnished for treatment during the year, held out little or no hope of restoration to mental health.

DISCHARGES.

The total discharge rate on admissions, exclusive of transfers, was only 57.50, as against 68.93 percent in 1893, but the recovery rate was higher, being 49.16 percent as against 46.60 percent.

Of the 59 patients discharged recovered, 49 had been insane less than a year prior to admission, in 25 the attack being under a month's duration. No more striking illustration of the importance of early hospital treatment could be asked for than this.

The average length of residence of those discharged in the year was a little over 7 months, the shortest time under treatment being 9 days, the longest 4 years, 2 months and 22 days.

DEATHS.

The death rate was considerably lower than in 1893, being only 5.32 percent on the number under treatment as against 8.62.

Of the 18 deaths in the year, one was due to accident. A patient engaged with a number of others in getting out shale for road-making was so badly injured by a mass of frozen earth falling upon him that he died shortly after. The relatives of the patient being satisfied that death was purely accidental, and that no blame was attributable to anyone, the Coroner, who had been notified, did not deem it necessary to hold an inquest.

The average period of residence of those who died was a trifle over 2½ years, and their average age a little under 43 years.

COST OF MAINTENANCE.

The total revenue for the year, exclusive of subscriptions paid to Treasurer, was \$38,113.92, made up as follows:—from private patients, \$15,266.61; from Government for public patients, \$22,357.73; from articles sold, \$489.58.

The total expenditure connected with the direct working of the Hospital was \$40,315.50, of which \$37,548.05 was for maintenance, and \$2,767.45 for improvements, extraordinary repairs, &c., therefore properly chargeable to capital account.

The per capita cost per annum for maintenance was \$174.85, as against \$176.32 in 1893, while the total per capita expenditure, that is inclusive of the sum spent on capital account, was \$187.74, as against \$184.32 the previous year. This increase in the gross per capita expenditure was chiefly due to the cost of taking out, packing and properly refitting all the windows throughout the original buildings, a work which occupied nearly the entire summer.

RESTRAINT, EMPLOYMENT AND AMUSEMENT.

To avoid the use of restraint, of which, I am thankful to be able to say, there has not been a case since the opening of the Hospital in 1890, it is absolutely necessary to provide employment and amusement for all who are capable in any degree of engaging therein. To do this has been one of our foremost aims. The lack of properly equipped workshops, representing a variety of trades, with proper instructors in each, is a greatly felt want in the task, but one that I trust will ere many years be remedied.

The subjoined table shows the daily average number of patients employed throughout the year:—

	Men.	Women.	Total.
Working with Carpenter.....	4	0	4
“ in Dining Rooms	4	8	12
“ with Engineer.....	5	0	5
“ on Farm.....	20	0	20
“ at Furnaces (Smead-Dowd).....	3	0	3
“ in Gymnasium.....	1	0	1
“ in Kitchen.....	6	3	9
“ at Knitting.....	0	3	3
“ in Laundry.....	3	4	7
“ at Mattress-Making.....	1	0	1
“ in Officer's Quarters.....	0	2	2
“ at Painting.....	4	0	4
“ at Picking Hair.....	0	3	3
“ with Porter.....	3	0	3
“ at Sewing and Repairing.....	0	35	35
“ at Stone Breaking.....	6	0	6
“ on Wards (Cleaning, Scrubbing, &c.)....	36	6	42
Total.....	96	64	160

The following is a list of the articles made and repaired on male and female wards during 1894, under the supervision of the respective Chief Attendants:—

MALE WARDS.			
ARTICLES	Made.	Repaired.	
Coats.....	..	36	
Counterpanes.....	..	5	
Mattresses made over.....	75	..	
Mitts, pairs.....	28	..	
Pants, pairs.....	14	63

Vests.....	..	117
Wrappers.....	8	41
Total.....	1988	6060

Our amusements were chiefly those resorted to in former years. They were varied with the seasons, and were made to meet, as far as practicable, the various individual inclinations.

Our fourth annual athletic sports, held September 19th, passed off even more pleasantly than any before.

Ward gymnastics, introduced by the Assistant Superintendent, Dr. Ross, himself an accomplished gymnast, were entered into by many and proved of benefit to not a few. Were the pavilion, provided for us by Mr. Molson, fitted up with some simple gymnastic appliances, the field for Dr. Ross's work would be much extended, with, I am sure, largely increased beneficial results. This defect I hope to see remedied during the coming summer, as we have already quite a little sum subscribed for the purpose.

The average attendance at religious service and the various organized forms of amusement was as follows:—

	Male.	Female.	Total.
Church.....	85	64	149
Dances.....	90	57	147
Entertainments.....	84	56	140
Gymnasium (men unemployed and women).....	33	17	50
Walking Parties (men unemployed and women).....	21	37	68
Baseball.....	71	0	71

IMPROVEMENTS AND REQUIREMENTS.

The principal improvements made during the year were:

The new wing was finished, furnished and occupied. Its private wards are not to be excelled elsewhere, while the public halls leave no reasonable comfort to be desired.

The floors of the two upper wards in the old wing were relaid in hardwood, and the whole of the walls and woodwork painted. These now furnish two of the most tasteful and comfortable halls in the Institution.

The ward in the old wing, formerly occupied by female private patients, was completely redecorated and refurnished. It now provides suitable accommodation for a superior class of male private patients.

Every window throughout the original buildings was taken out, the casing properly caulked with oakum, the window refitted, and all crevices well cemented. This work, although it entailed a large expense, will add greatly to the warmth of the hospital, and will, I trust, soon pay for itself in the saving of fuel.

Extensive alterations were made by the Engineer in some of the water closets and bath rooms of the old wing, and others are in course of being changed. By this, in a short time, we will have no longer to complain of the abomination of combined water closets and bath rooms. The change resulted in a slight decrease in the number of our beds for patients, but was an absolute necessity in the light

of modern progress. It will add immensely to the comfort of the patients, and is a decided step onward in the line of sanitary improvement.

The male general dining room and a few of the rooms were ceiled with metal in lieu of the old and dilapidated plaster, and now make a very handsome appearance. I hope the day is not far distant when all our remaining plaster ceilings will be so replaced.

The rotunda in the centre of the building underwent extensive changes. The former doorways leading to wards, &c., were replaced by large open arches, and the whole was redecorated. It now presents a much more imposing and attractive appearance.

The Molson pavilion was repainted both outside and in. The former work was done by contract labor, the latter by our own people.

A neat house was erected over the weigh scales. This will enable us to use the scales in winter as well as in summer. Before, we had been debarred their benefit from the first setting in of frost until the opening of spring.

A good McAdamized traffic road was built by the farmer along the west side of the grounds. By this we were enabled to keep our front avenue in good order—something we could never do as long as it was used for heavy traffic in all kinds of weather.

Considerable progress was made in straightening the course of the creek running through the back part of the farm, and another season will, I trust, see this much-needed improvement completed.

Our chief requirements now stand as: plastering of male public wards, workshops for patients, greenhouse, pavilion for female patients, stage and scenery for amusement hall, mortuary, and close fence around kitchen garden.

ORNAMENTAL GROUNDS.

Under the direction of Mr. Roy, much progress was made in tree-planting and the laying out of the ornamental grounds around and in front of the hospital. The eastern half is now in fairly good shape and next season we purpose paying attention to the western.

FARM AND GARDEN.

Under the able management of Mr. Chalmers the garden and farm were much improved during the past season, and the returns from both were very good.

The following special work was done on the farm:—1392 feet of McAdam road, 26 feet wide, constructed; 2100 feet of ditches dug along line fences and across farm; 1425 yards of water furrows opened; 160 tons of ice cut and stored; 273 double loads of shale for road making excavated and drawn from aqueduct; 445 double loads of manure and 72 double loads of cinders hauled from the city.

During the year the poultry house was placed under the management of the Matron, Mrs. Aveling, a change attended with excellent

results, as the annexed statement of farm products shows. From the year's results I have no doubt that poultry raising on a large scale could be made to pay well in connection with such an institution as this.

The farm yielded as under:

Apples	8 bags	at 50c.	\$ 4.00
Bones sold			2.00
Carrots, red, for table use	8 tons	at \$9.	72.00
Carrots, white Belgian, for cows	620 bushels	at 30c.	186.00
Chickens, killed for use	55 pairs	at 50c.	27.50
Chickens, sold, 25 pairs	184 lbs.	at 7c.	12.88
Cows killed for use, 7	3868 lbs beef	at 7c.	270.76
Eggs	470 dozen	at 30c.	141.00
Fodder, green, oats and vetch	7 tons	at \$5.	35.00
Fodder, corn, for ensilage	75 tons	at \$7.	525.00
Hay	43 tons	at \$8.	344.00
Hides and tallow			22.35
Horse beans for ensilage	12 tons	at \$6.	72.00
Mangels	20 tons	at \$7.	140.00
Milk	7920 gallons	at 25c.	1980.00
Oats	292 bushels	at 47c.	138.70
Pigs sold	1		7.00
Pork sold	7085 lbs	at 5c to 5½c	380.62
Potatoes	1400 bushels	at 36c.	504.00
Straw	25 tons	at \$5.	125.00
Sunflowers for ensilage	8 tons	at \$12.	96.00
Turnips	600 bushels	at 35c.	210.00
Total return from farm			\$5,295.81

The returns from garden were as follows:—

Beans, green	40 bushels	at 60c.	\$ 24.00
Beets, early	963 bushels	at 2c.	19.26
Beets, winter	277 bushels	at 45c.	124.65
Cabbage, early	960 heads	at 2c.	19.20
Cabbage, winter	3200 heads	at 3c.	96.00
Carrots, early	1178 bunches	at 2c.	23.56
Carrots, winter	310 bushels	at 30c.	93.00
Cauliflower	57 heads	at 5c.	2.85
Celery	2780 stalks	at 2c.	55.60
Corn	409 dozen	at 10c.	40.90
Cucumbers	94 dozen	at 25c.	23.50
Lettuce	405 dozen	at 10c.	40.50
Onions, green	280 bunches	at 2½c.	7.00
Onions, winter	130 bushels	at 60c.	78.00
Parsley	102 bunches	at 2c.	2.04
Parsnips	270 bushels	at 50c.	135.00
Peas, green	47 bushels	at 60c.	28.20
Radishes	780 bunches	at 1½c.	11.70
Rhubarb	393 "	at 2c.	7.86
Sage	130 "	at 3c.	3.90
Spinach	223 "	at 2c.	4.46
Squash	11 dozen	at 50c.	5.50
Summer Savory	150 bunches	at 3c.	4.50
Thyme	180 "	at 3½c.	6.30
Tomatoes	270 bushels	at 25c.	67.50
Turnips, early	1409 bunches	at 2c.	28.18
Turnips, winter	180 bushels	at 35c.	63.00
Total return from garden			\$1,016.16

The total revenue from farm and garden for the year was \$6,311.97. Expenditure, including wages and board of farm employees for the same period was \$3,354.63. Net profit from farm and garden, \$2,957.34.

INSPECTIONS.

Four official inspections of the hospital were made by the Government Inspectors and two by the Grand Jury. On all occasions the visitors seemed well satisfied with the condition of the Institution and with its management.

Eighteen official visits were paid by the following visiting governors :—

Messrs. Jno. Allan, Jno. Auld, Rev. Jas. Barclay, E. L. Bond, Geo. Bridgman, G. Cheeney, Jas. P. Dawes, Geo. Esplin, F. W. Evans, S. H. Ewing, Wm. Francis, Chas. Gurd, Robt. Hall, Warden King, W. F. Lighthall, J. A. Mathewson, Chas. Morton, Geo. C. Nicholson, Jas. Paton, Jas. Shearer, W. Smith, Thos. Spindlo, J. Tasker, Edwin Thompson, Richard White.

The House, Building and Grounds Committees made frequent visits and inspections.

ACKNOWLEDGMENTS.

My warmest thanks are due and hereby tendered to the under-mentioned friends, as well as to some unknown benefactors, who have helped us in various ways :—

Mr. W. D. Larminie—Musical Services for Weekly Dances.

Mr. Hugh Russell—Stereoptican Views, "Highlands of Scotland."

Mr. J. Burt Sutherland—Lecture, "A Peep at England and the Continent."

Calvin Presbyterian Church Choir—Concert.

Burton Comedy Company—Dramatic Entertainment.

Tennessee Minstrels, under management of Mr. P. Shea—Minstrel Entertainment.

Argyle Snow-Shoe Club—Concert.

Gruenwald Orchestra—Concert.

Mr. Andrew Bell and Friends—Variety Entertainment.

Chalmers Church Choir—Concert.

Jubilee Singers, under Mr. Thomas—Negro Melodies.

Mr. and Mrs. G. R. Prowse—Magic Lantern Entertainment.

The Scots Orchestra—Musical Entertainment.

To the following we are indebted for various donations :—Mrs. T. Bigelow, material for fancy work ; Mrs. E. L. Bond and friends, 12 pair lace curtains, 150 yards muslin for curtains ; Committee, piano for new wing ; Court Westmount, C.O.O.F., Cote St. Antoine, 25 chairs ; H. J. Dart & Co., nickel-plating surgery scales ; Jas. Geert, one set parallel bars for gymnasium ; H. K. Ives & Co., crestring for gymnasium ; Major Mfg. Co., 18 yards wire gauze ; Messrs. McEachran & Baker, veterinary services ; Mr. Colin McArthur, 1 driving carriage, 1 horse for farm, wall paper and friezes to paper all the wards, Med. Supt's quarters, &c ; Mr. J. G. McGill, Manager Canadian Rubber Co., 1 baseball plate ; D. Morrice, Sons & Co., 2 pieces sheeting ; J. Morrison & Sons, 22 pieces plaster board ; Mr. S. R. Parsons, 1 oak and leather rocking chair, 1 settee ; Mr. Moses Parker, 1 grate and frame for kitchen range ; Mrs. Poustie, 9 chairs ; Miss Ridley, services as type-writer, \$4.60 ; Mr. Robt. Reid, 1 marble slab for radiator in private wards, 1 fancy coal scuttle for Med. Supt's office ; Simpson, Hall, Miller & Co., 1 silver soup tureen ; Jas. Shearer, 1 pair curling stones ; Frederick Stearns Co., Detroit, 1 case selected drugs ; Mr. G. W. Stephens, 20 framed pictures for wards ; Mr. F. Wolferstan Thomas, 1 driving sleigh and 4 wolf-skin robes, 1 driving horse, 6 framed pictures for wards ; Wells & Richardson Co., 2 cases drugs, 7 dozen packages of Diamond Dyes.

Clothing, bedding and materials were received from the following:—Mrs. John Beatty, St. Lamberts; Mrs. J. T. Bigelow; Mrs. E. L. Bond and "Sewing Circle"; Mrs. W. Brodie; Miss M. Dow; Miss Jessie Dow; "Dorcas Society" St. Paul's Church; "A Friend;" "Friend;" J. H. Ferns; Miss Janet Gall; Mrs. Charles Hosmer; "Ladies' Aid Society," St. Andrew's Church; "Ladies' Aid Society," Erskine Church; "Ladies' Aid Society," St. Gabriel Church; "Ladies' Dorcas," St. Paul's Church, Knowlton, Que.; Mrs. R. Macaulay; J. D. Miller; Mrs. R. Nicholson; Jas. A. Ogilvy & Sons; The Messrs. Robertson; Mrs. Robertson; A. Somerville; Mrs. H. Thomas; Miss M. A. Weaver; Mrs. A. T. Williams; "Women's Auxiliary," St. Andrew's East; Women's Missionary Society, St. Andrew's Church, Lachine, Que.; C. A. Workman.

Books, magazines, papers, &c., were sent by Mrs. J. R. Baker; Mr. J. W. Beall; Mrs. T. Bigelow; Mr. A. Cameron; Mr. G. C. De Zouche; Miss Dow; Miss M. Dow; Mr. J. H. Ferns; Mrs. Dr. Fenwick; Governors of "Fraser Institute;" Miss Gardner; Mr. E. B. Greenfields; Mr. Maxwell Goldstein; Mrs. Howard; Miss Lizzie M. Johnson; Mr. Lavers; Ladies' Aid Society, Church of "St. James the Apostle"; Mr. J. Mason; Mrs. W. H. Masterman; Melville Church Y.P.S.C.E.; Mr. J. A. Mathewson; Mrs. J. H. R. Molson; Mr. T. A. McLean; Mr. C. C. Newton; Mr. S. R. Parsons; Mrs. Postie; Mrs. Robert Reid; Mr. E. A. Reinhardt; Right Rev. Bishop of Montreal; Mrs. Reekie; Mrs. C. J. Root; Mr. James Roy; Mrs. R. G. Reid; Mr. T. Samuel; Lady Smith; Mr. F. Wolferstan Thomas; Mrs. H. Thomas; Dr. Wanless; Mrs. Williams.

Provisions and supplies of various kinds came from Mrs. E. L. Bond; Brown Bros.; Mrs. J. Burnett; Mrs. Chas. Chisholm; Christie, Brown & Co.; Mrs. John Dunlop; Mrs. A. Ewan; Mr. H. Gatehouse; Geo. Graham; Mrs. E. M. Hutton; Mrs. Fred. Kay; Mr. H. H. Lang; Mrs. J. H. R. Molson; Mrs. David Morrice; Mrs. R. G. Reid; Mrs. Herbert Wallis; Mrs. A. T. Williams; Mrs. C. A. Workman.

Fruit, flowers, etc., were received from Mr. Rich. Barry; "A Friend;" "Friends;" "A Friend;" Mrs. J. H. R. Molson.

The following contributions in cash were received at the hospital and forwarded to the Treasurer, Mr. F. Wolferstan Thomas:—"An Athlete," for gymnasium, \$4; Mrs. M. Blackadder, \$10; Chateauguay Basin, Sabbath-School Children, \$4; Mr. T. H. Christmas, \$50; Miss E. Clarke, Kingston, Ont., \$5; Mr. W. H. Franckum, \$1; "A Friend," for gymnasium, \$1; "A Friend," for gymnasium, \$1; Mr. B. W. Gillis, Buckingham, Que., \$10; Mr. Wm. Hale, \$13.20; Mrs. E. Hall, \$10; Jas. C. Holden, \$5; Mr. R. Macaulay, \$20; John Macnider, Little Metis, \$25; Mrs. J. H. R. Molson, \$10,000; Geo. C. Nicholson, for library, \$10; Mrs. Hiram Page, Sherbrooke, Que., \$6; Richmond Union Thanksgiving Service, \$10.75; Mrs. J. W. P. Simpson, \$2; Missionary Society, Y.P.S.C.E., Dewittville, Que., \$11; West End Methodist Church, \$21.26; Overplus from annual sports to go to fitting up gymnasium, \$11.

The following contributed prizes for the annual athletic sports:—Mr. Charles Alexander, Aitken & Co., A. A. Ayer & Co., Mr. E. L. Bond, Mr. J. Brodie, Brodie & Harvie, Bowes & McWilliams, Canadian Rubber Co., Caverhill, Learmont & Co., Geo. Childs & Co., R. A. Dickson & Co., W. Drysdale & Co., Dominion Tubular Lamp Co., Mr. Wm. Evans, M. Hicks & Co., Hislop, Meldrum & Co., Hodgson, Sumner & Co., Hunt, Barnes & Co., Mr. S. Hyma, Mr. Thomas Liggett, Lyman, Sons & Co., J. A. Mathewson & Co., Robert Mitchell & Co., Montreal Biscuit Co., Mr. James Moore, D. Morrice, Sons & Co., Morton, Phillips & Co., J. Murphy & Co., H. A. Nelson, Sons & Co., Mr. Geo. C. Nicholson, J. A. Ogilvy & Sons, Mr. A. Pallacio, Mr. G. R. Prowse, J. Palmer & Son, Mr. G. A. Robinson, Robert Miller & Co., Mr. J. W. Roberts, Simpson, Hall, Miller & Co., Mr. James Strachan, H. Shorey & Co., A. T. Wiley & Co., J. Wilson & Co., Mr. C. A. Workman.

The Montreal *Witness*, Montreal *Star*, and Montreal *Herald* have continued a generous supply of their several issues, and copies of the following journals have been regularly sent from the offices of publication:—*Canadian Mute*, Deaf and Dumb Institute, Belleville, Ont.; *Leader*, Granby, Que.; *Our Home*, Montreal; *Pharmaceutical Journal*, Montreal; *Philanthropic Index and Review*, Kalamazoo, Mich.; *Sherbrooke Examiner*, Sherbrooke, Que.

CONCLUSION.

The only noteworthy change in connection with the staff was the resignation of Dr. Anglin, who quitted us to engage in private practice. Dr. Anglin entered the institution the year after its opening, and during his entire term of service discharged his responsible and onerous duties to the satisfaction of everyone, and with credit to himself and the hospital. He carries with him the best wishes of all for that success in his new field which his efficient and loyal services here presage. His position was filled, on May 1st, by Dr. J. J. Ross, who is proving himself a zealous and capable officer.

I would express my warmest thanks to all connected with the hospital for their faithful work and hearty co-operation, and to the members of your Board for their wise counsel and cordial support at all times.

T. J. W. BURGESS,

Medical Superintendent.

VERDUN, Jan. 1st, 1895.
