CHATHAM, N. B., . . OCTOBER 8. 1891.

Parliamentary Indomnity.

Parliamentary sessions at Ottawa sually last three or four months. Three months sessions were considered the average when the existing indemnity allowance for members was fixed, but there appears to be a tendency to increase the length, of sessions, which is clearly due to the fact that the struggles of party, rather than the promotion of the country's interests occupy so much of the time of our parliamentarians. The regular indemnity for attendance is \$1,000 per session, subject to certain deductions on account of absence from the daily sittings.

Some of the newspapers-as well, of course, as individuals-hold that members should serve without any indemnity whatever, but that view does not commend itself in a country like Canada, to say nothing of the generally recognised principle that every man should receive an adequate return for his labor, whatever it may be. If members were required to serve with-Single fare between Chatham and Newcastle, or Selson or vice versa, 20c. Teturn tickets issued on poard at 30c. Beginning with the issue of November 6th, 1890, when the ADVANCE entered upon its

Seventeenth Year of Publication The publisher made an important change in the terms on which the paper is furnished to Subscribers. These include

1st. Strict adherence to the system of cash in advance for all sub-

2nd. The reduction of the price of the paper to

Dollar a Year

It is to be particularly understood that all outstanding subscription accounts due after November 6th, 1890, are to be settled on the old terms, viz., \$2 per year, the advertised credit rate.

I have made special arrangements with the

ADVANCE"

One Dollar and Sixty Cents a Year

I have made the foregoing changes in the business of the ADVANCE for two reasons The first is because many patrons who have been given credit, have abused the privilege to such an extent as to make the business of publishing the paper a non-paying one, and it is necessary, in my own interest and that of those who do pay, that I should no longer continue to furnish the AD JANCE to those non-paying subscribers. The second reason is, that I wish to meet the competition of the city weeklies, which are made up from the type of the dailies and, therefore, cost little for production in comparison with a local paper like the ADVANCE, the type of which must be set up especially for it.

Having published the ADVANCE for sixteen years, and endeavored to make it a creditable representative of Miramichi and North Shore enterprise—a paper which may be taken into any household without fear that it has catered to sensationalism at the sacrifice of that cleanliness of matter, which is too often neglected by the press of the day-I have reason to hope the foregoing announcement will meet with general approval and be the means of largely increasing the circulation and influence of the paper.
