Accounts promptly attended to.

Now permanently located at

HARTLAND.

FARMERS' INSTITUTE.

An Epitome of Meetings Held Last Week.

In our last issue we gave a report of the excellent Farmers' Institute meetings at Andover. The addresses delivered there would be somewhat similar to those delivered at the subsequent meetings so we do not give the latter in full.

The first meeting in Carleton was held in Phillip's Hall, Bath. Chas. Gallagher presided and there was a fair attendance, including Messrs. R. Phillips, M. Bohan, Glad Perry, P. O'Neal, J. McCready, Gilbert Giberson, John Haley, Hanford Squires, J. B. Squires, and many other ladies and gentlemen.

After the addresses by the Hon. Commissioner and his staff, there was a discussion upon turnip growing and other matters participated in by Messrs. Squires, O'Neal and others.

On Thursday night a meeting was held at the school house, Hall's Corner, Holmsville, at which there was a large attendance. C. Tompkins Esq., presided and there was an interesting discussion.

On Friday evening the meeting was at the old church, Johnville, and a good crowd gathered to hear the addresses. Patrick Gorry occupied the chair and ably introduced the subject for discussion and the various speakers.

THE FLORENCEVILLE MEETING.

There was a good gathering in the Temperance Hall. W. J. Webb was elected chairman, and among others there were present John Holmes, H. H. McCain, M. P. P., Samuel McCain N. Shaw, David Shaw, Wm. Jewett, W. A. Taylor, Thos. McCain, D. N. Estey, Henry Palmer, Geo. Hunter, Robt. Hunter, Robt. Hamilton, Carey Estey, Geo. Brittain, C. T. Hendry, Richard Wheeler, Otis Shaw, Scott Bell, Chas. Crabbe, David Hamilton, Geo. Curran, James Jewett, Chip. Hunter, John Hamilton, Scott Darkis R. Hamilton, Jr., Mrs. Alfred Estey, Miss Estabrooks, Mrs. N. D. Estey, L. Smith, W. L. McCain, John McLaughlan, H. B. Taylor.

W. W. Hubbard said that the meeting was called that afternoon to discuss the question of stock-raising as a means of marketing the field crops of Carleton county, and he introduced W. B. Fawcett of Sackville, to open the discussion. He said no one would gainsay the importance of supplying our home markets with dairy and meat products. Some years ago, New Brunswick did raise enough beef but today she did not and this was a great mistake. The advance of dairying had seemed to cause people to drop beef raising. He believed the two branches should go hand in hand. We today made the mistake of killing too many of the bull calves. If we would raise the steer calves and feed them off for beef the whole question would be solved. This country was full of good feed for cattle, and it was, in his opinion, a mistake to send this out in the raw state. Feed off this feed to your cows for dairying and raise the calves and fatten the steers and cows that you turn off. Do not sell them at this time of year to butcher at 4 cents per lb., only half fat, but put them up and make them fat. Sell them later on and get 7 to 9 cents per lb. for them and a good market for your hay and grain. Will this pay? Well, in Westmoreland some men did. They found they could get \$5 per ton for their hay, 8 to 10 cents per bushel for their turnips and market prices for their grain, bought or raised. In his own business he had kept accounts to see. When he bought cattle in the fall he found he could count on raising the price of the weight in these animals 2 cents per lb., and add an average of a hundred pounds in weight to each animal. He did not feed his animals heartily on turnips, always less than a bushel with good hay and some grain. When he put in a steer weighing 500 lbs., he could make \$10 on the increase in the value of that weight and then the 100 lbs. increase would give him \$7. or 7.50 more. He could generally count on getting from \$17. to \$20. per animal for the food he fed it.

It was stated that if we all went into beef-raising our market would be ruined and we would go back to stagnation like we had a few years ago. He did not think this would be so because conditions in the West were very different. Then we had a good chance to ship to the English market. Even under the old conditions he had found that beef never sold better than when they were shipping to Great Britain. In addition to the beef trade there was also a demand for young growing stock to go to the United States to be fed for beef there. There was in his opinion no need of our being afraid of not getting the market. He believed that the business of stock raising would give the farmers more back-bone and independence. What is the use of our farmers selling hay for less than it can be imported? Hay can't be laid down here for less than \$7 per ton if he was rightly informed. Why not get that price?

W. A. Taylor said he did not know much about the beef business, but to his mind a very different kind of cattle to those now on hand were wanted for profitable beef production.

H. B. Taylor said he had been much interested in Mr. Fawcett's address. He had always thought that Carleton was making too much of a specialty of selling hay and grain. Our farms must be going behind when we are selling off so much raw material. He thought, however, that Westmoreland County was better adapted to stock raising than Carleton, there was more natural pasture and more water. It was quite a problem to get a pasture with water in it here. He had always been frightened of summer pasturage on account of the trouble of getting water. He thought he could keep cattle cheaper in winter than in summer. Still he thought there should be more cattle raised. Ten years ago, when Carleton began to sell hay it was \$8. to \$10. per ton and if we were to go into beef exclusively no doubt hay and grain would come up again. He thought he could raise pork just as cheaply as beef and he could feed pigs everything he grew except timothy hay and turn his pigs over every six months instead of waiting three or four years for his money. However we should keep more stock whether it was beef stock, cows or pigs.

H. L. Scholey said he thought Mr. Taylor had stated the facts of the case. Carleton County was adapted to mixed husbandry and should keep stock. He could not say he was as favorably impressed with beef raising as with dairying and the pork-raising business could be made very profitable in connection with it. Our Agricultural societies were a great force in our country today, and if properly conducted would greatly benefit their districts. He hoped all present would join the Centreville Agricultural Society.

F. B. Carvell, M. P. P., said he had always been informed that the more stock we kept the better off the country would be. He observed that the men who were dairying or beef-raising were doing better than the others.

John McLaughlan said the question was: Will the stuff we have got in our barns make economical beef? He would not undertake to make beef, butter, or pork, with oats at 25 cents per bus. The great difficulty in stock raising was to keep the cattle through the summer months. He did not agree with the idea of keeping steers till it was three or four years old. His idea would be to keep the steers no longer than two years. Cheap labor was most important in making beef. We had here to compete with the lumber woods where all the available labor went at high wages. There was another subject which he might be excused for mentioning as now was the time to take the precautions: To prevent mice from gnawing apple trees, he found the best plan was to make little boxes of laths and wire or tarred paper and put them round the tree trunks. This was an important matter if we wanted apples next year.

Mr. Palmer did not think his farm was adapted to beef-raising. He could not manage to keep cattle in the summer time but he could keep sheep. He was thinking of just keeping one cow and keeping up his land by turning under green crops. He believed in sheep raising if the dog nuisance could be handled.

W. G. Taylor preferred tar paper to laths for protection from mice.

H. B. Taylor wanted to know how Mr. Fawcett managed the pasture problem. Here we could keep horses and cows just as cheaply in the barn as in the pasture.

Mr. Fawcett said he did not urge that every man in Carleton County should go into beef, but he thought surely there must be some localities where there was a water supply. He believed thoroughly in sheep-raising and almost preferred sheep to cattle. As to pasture in Westmoreland, they had large stretches of wild land that made rough pasture. On his own farm nearly all his upland was in pasture though his fields there would sometimes produce three tons hay to the acre. He finds it will pay to pasture it rather than cut the hay.

The evening meeting was very largely attended, there being over 90 present. Addresses were given by Hon. C. H. LaBillois, W. S. Tompkins, W. W. Hubbard and Chas. Appleby of the Despatch. The ladies with Miss Estabrooks as organist delighted the audience with several very appropriate selections.

THE WAR.

British Victorious—Canadian Boys Arrived.

The latest news from South Africa as we go to press is somewhat more exciting than any that has been received for sometime. The people's interest, which had abated not a little by the scarcity of news, is again aroused by the intelligence of the heavy fighting which is now going on at the seat of war.

On Tuesday there was a desperate fight at Modder River at which the British gained a great victory. The battle commenced in the early morning and after 10 hours hard fighting the Boers were forced to retreat. At present it is not known how great the losses are, but they must be very heavy. The Boers fought with their wonted bravery, until forced to give up. General Methuen says of the battle "I speak in terms of highest praise of the conduct of all who were engaged in one of the hardest and most trying fights in the annals of the British army."

News dated from Cape Town November 29th, states that the Canadian Contingent has arrived there safe and sound. The Sardinian carrying the troops, left Quebec October 30th, thus having been about four weeks crossing.

At Lydsmithe all are well and cheerful and looking forward confidently to the ultimate result.

FRED H. STEVENS, Editor & Publisher. ARION W. STEVENS, Associate Editor.

HARTLAND N. B. NOV. 25 1899.

Personal Notes.

Seek the right though wrong be tempting: Speak the truth at any cost: Vain is all weak exempting. When once that gem is lost, G. A. White, Woodstock, was in Hartland Tuesday. Miss Clara Johnson spent Sunday with friends at Peel. Miss Winnie Gilmore of Burt's Corner has come to spend the winter with Mrs. J. B. Daggett.

Waterville News.

During the past two weeks the young folks of the place have been enjoying themselves on the ice, there having been excellent skating on the pond and the lakes where large crowds gather each evening.

Mrs. Byron Kimball has returned from Fredericton where she has been visiting her sister, Mrs. Geo. Palmer.

Nov. 17th, a donation was held at the home of Mr. Bloodworth for his benefit. He has been ill a long time but of late has somewhat improved.

Death removed from our midst the much esteemed proprietor of the mills at this place. Mr. Getchell had been ill a number of months and it was hoped he would survive, but the tender cord, binding him to this fleeting world was severed on the 16th inst. The funeral was held at the Methodist church. Rev. Mr. Spargo conducted the service.

OLD HEMLOCK.

Andover.

Death of a Respected Citizen.

On Friday, the 24th, at 2 p. m., Mr. Justus E. Wright passed peacefully away after a long and tedious illness, aged 65 years. A year and a half ago Mr. Wright had a severe attack of typhoid fever and he had been in very poor health ever since. For the last

few weeks he had failed rapidly but was quite conscious and able to converse with his friends till the last. Deceased leaves a wife and two sons to mourn his loss. Both sons are young men, the younger has been attending the Provincial Normal school, but he was telegraphed for the week before his father's death. He returns on Saturday to his studies. Mr. Wright was one of the most highly respected men in the parish and will be sadly missed by his many friends. With the exception of one year, he has been school trustee in Hillendale district for a period of 30 years and secretary for the greater part of the time. He also took a great interest in all agricultural meetings, exhibitions, etc., and has been a prominent member of the Baptist church for many years. Much sympathy is felt by all for the bereaved family. The funeral took place on Sunday. A very large procession followed the remains from the house to the Baptist church, where Rev. A. H. Hayward conducted the service. The body was interred in the burial ground belonging to the church.

The new post office is about ready for use and by Thursday of this week the post master, E. H. Hoyt, will be moved into his new abode. The waiting room will be even smaller than the old one, which will be most inconvenient especially on wet days.

Miss Fannie Lawson, youngest daughter of Thomas Lawson, lawyer, aged nine years, broke her arm last week while getting over a fence.

West Side Notes.

It is very quiet over here just now, we are all engaged in looking for the latest war news and for snow.

On last Monday night those West Siders who are interested in the development of their vocal talents met in the Hall and received their first instruction in Prof. Fox's course.

Jas. W. Boyer and Miss Ella drove down to Woodstock on Monday returning same day.

Perhaps the "Tiser" don't know that we have a flourishing Sunday School in Victoria, but we have, and if you will take in the concert and Christmas tree that is in preparation for Xmas time, you will agree with me that Supt. Cox and his able staff of teachers are not working in vain. The indications are that this will be a grand affair, and as the thing develops I will keep my readers informed accordingly.

A large number of Victorians were in Woodstock Wednesday. Among these were F. J. Boyer, Asa McNitch, and Sanford Hallet.

Geo. W. Palmer, one of Victoria's wealthy and respected citizens, left on Wednesday for San Antonio, Texas, where he will spend the winter. Mr. Palmer has been ailing for some time, and lately, as specialists had intimated that consumption was threatened the gentleman decided to try a change of climate. Mr. Palmer takes with him the sincere sympathy of his many West Side friends, who hope that he will be able to return in a reasonably short time with all traces of the dread disease thoroughly eradicated.

We have two hustling news dealers on the West Side. Howard Cox "cries" Saturday Evening Post, while Edward White, the old reliable "Grit" man, has added the Saturday Blade and Chicago Ledger to his list. Both are doing quite a trade and there is no dearth of news ye know.

Mr. and Mrs. Asa McNitch have closed their residence and are to live in the Palmer residence during the winter.

Work in Boyer's factory has been rushing lately. During the last few days the boys have been busy on rush order from A. & R. LeGarde, for 100 pairs of the "Fisher's Pride" a boot that is made by this company, especially for their North Shore trade.

Mr. B. M. Cox has been quite lately. Colds are becoming quite the proper order these days.

One Hundred Years of Pine Trees in

The old saying is "An Old Man is a Treasure." The same may be said of an old tree. The pine trees of the North are not only old but they are also very valuable. They are the life of the North, and on them grow our food and our fuel, the tall, long, yellow pines, that tower to a height of six or a hundred feet. It was thought in the last few years that these lands were worthless. The remarks used to be "they were made just to hold the world together, and will take his rations with him in dying over the sand hills, it will sprout cow peas only, and when sprouting you can hear them for miles grunting it is so hard to sprout," and like expressions. But there has come a wonderful change on that section and the change has been brought about by the hand of the Northern man and his money. The section has been for many years recognized by physicians to be the best winter resort in America and they began to send their patients down there and many who were suffering from chronic diseases became well and commenced experimenting with the soil, some of them put out fruit trees, some vines, some vegetables, and it soon became evident that on account of the warm general climate that which was planted and fertilized began to thrive and as the fruit came into bearing it showed a quality that was exceedingly fine. And from year to year the people have gone in and bought land until there are thousands of acres in fruit, and during the season from May until middle of August hundreds of thousands of tons of fruit is shipped north. One orchard alone contains over one hundred thousand fruit bearing trees, vines and shrubs. All this work has been done by the Northern people who were attracted to this section on account of their health and if one will stand at the first window of the Merchants & Miners Steamship company in Boston any day from November until April they will see people from every New England State buying tickets to what is known as the "Yankee Seaside," Southern Pines.

"Growing Times Indeed."

These are certainly growing times for the "Family Herald and Weekly Star," of Montreal, and no wonder, for everywhere one goes he hears more and more of that great paper this year. It is a serious question for the publishers whether they will be able to meet the demand for their handsome premium pictures. The people of Canada certainly never had such a dollar's worth offered them. Quite a number of copies of "Alma" and "Pussy Whows," have been received by subscribers in this neighbourhood and they are greatly admired. A gentleman remarked on seeing the little picture "Alma," "Way that picture alone is worth five dollars of my own's money." We notice both pictures are sent to every vendor who carries the "Family Herald and Weekly Star."

New stock of overalls, rubbers, etc., at Anderson's.

CHURCHES AND SOCIETIES.

METHODIST. Preaching service every alternate Sunday at 7 p. m. Prayer Meeting, Wednesday, 8 p. m. Rev. J. A. Sellar, pastor.

POULTRY & BEES

SIMPLE BROOD FRAME.

Description of One That Can Be Put Together by the Amateur Without Any Expense.

I have been working the past winter to devise a hive that would come within the scope of those possessed of ordinary skill and tools.

Take a board of suitable size and nail on some cleats, as indicated in Fig. 1.

Make a miter box the width of the frame—say seven-eighths or one inch. Nail a piece in the bottom of one end for a stop.

For the end posts make another gash at the right distance from the stop.

For the brace pieces you will need another box about an inch and a quarter wide. Nail in bottom of this a stop sawed at an angle of 45 degrees.

degrees; shove it into the box to the stop, and saw it off; then turn it over, saw again, and so on, you will get the corner pieces.

As to construction, you lay the top piece in its place on the board, and the side pieces in their places, and nail on the corner pieces; then nail the top to ends and turn over and nail on bottom.

As regards size, authorities differ. I made mine 16 inches long because that was the length of four honey boxes.

Catching Rats on the Farm.

Set your steel trap in a corn-sack. Roll in the mouth of the sack until a space is left just large enough to contain the trap.

What Subsoiling Does.

Moisture may be retained in the soil by subsoiling, plowing, harrowing, cultivating, mulching, rolling and by the addition of humus or decayed vegetable matter.

Fertility from Road-sides.

On a very much traveled road there is a great deal of excrement dropped from the horses used in drawing vehicles and from other animals driven thereon.

BUSINESS NOTES.

If you want a fine dress suit or overcoat to your order call on Taylor. Perfectly guaranteed.

Visiting cards, elegant quality with name in engraved script, latest style, only 5 cents per package at the Advertiser's office.

Drowned in Dyspeptic Despair.

Are Thousands of Suffering Canadians. Like the stab of a knife it catches you in the side, or sends agonizing pains through the pit of your stomach after eating. It worries and wears you till your nerves give out, and, like a drowning man, you feel you are sinking day by day and help can not reach you. In this you are mistaken. No matter how deep you have sunk, PETTY'S will reach you. As the fabled Mermaid is said to seek and soothe the drowned, so will the real PETTY'S seek your trouble and soothe your pain. Indigestion, biliousness, headache, and that dependent feeling that makes so many lives miserable, depart when PETTY'S are called in. No other medicine is commended with such care, no other is so pure, so effective as DR. PETTY'S PILLS.

DR. J. J. PETTY, D. P. A. (Lead the well-known chemical analyst and scientist, writes as follows: "I have analyzed DR. PETTY'S PILLS, and find that they contain THE ESSENTIAL ACTIVE PRINCIPLES ONLY of the various elements of the prescription from which they are compounded, ensuring the best results from the smallest possible dose."

50 cents a bottle, a dozen for \$5.00, all druggists or from The Dr. Pettys' Medicine Company, Toronto, Canada.

PREPARED IT AGAINST THE DOOR CASING.

Kidney Disease.

The Result is Often a Life of Pain and Misery.

Dr. Wm. Crowell of Fort St. Vrain, N. S. W. An intense Sufferer from a Most Despairing Case of Kidney Disease. The Story of His Recovery.

The Acadian, Woodville, N. S.

Recently a copy of the Acadian was told of the triumphs of Dr. Williams' Pink Pills, which are becoming very common in this vicinity. The following is a true story of Mr. David Crowell, a highly respected citizen of Fort St. Vrain.

Below is his experience with the pills as he gave it to me. About two years ago, for the first time in my life, I began to realize that my health meant. The first symptom was a feeling of overpowered weakness which crept over me at times. I could not work in the fields when the drowsiness would seize me and I would find that it required the exercise of all my will-power to keep awake. In a short time I was attacked by sharp piercing pains which shot through the lower part of my back. At first this did not trouble me very much, but as the day wore on the pain became most unendurable and often I would close my eyes throughout the whole night. Gradually a nausea and a feeling for food developed. Sometimes I would sink down to a meal with a keen appetite, but after a few minutes or so had passed my lips, nausea and vomiting would follow. I became greatly reduced in flesh and a short time was but a wreck of my former self. The doctor said the disease was disease of the kidneys, and he recommended that I should take a medicine which was said to be a cure. I was told to try Dr. Williams' Pink Pills, and at last to satisfy my curiosity, I began to hope of being able to keep from me. After taking one box I felt better and I resolved to try a dozen. I took the second box and was in a better condition than I had been for some time. I was responsible for it. I took the third box and felt as if I were a new man. I was able to do my work and my back and my appetite were all as usual. I had not a single pain since I had taken the first box. I had a patient in my office who was suffering from the same disease as I was. He had taken the first box of Dr. Williams' Pink Pills and at last to satisfy his curiosity, I began to hope of being able to keep from me. After taking one box I felt better and I resolved to try a dozen. I took the second box and was in a better condition than I had been for some time. I was responsible for it. I took the third box and felt as if I were a new man. I was able to do my work and my back and my appetite were all as usual. I had not a single pain since I had taken the first box.

Some of the weeds can be used for food if prejudice against them did not exist. The dandelion is cultivated in France, but is regarded as a pest here. Sugarbeet is raised in European gardens. Pigweed is a delicacy to the Chinese, and young pokeweed has long been known in the southern States of America. The common nettle is used in England and is one of the most persistent and despised pests in this country is mentioned in Europe being regarded as a very valuable plant.

CUTLERY

Is a line we handle that we have not advertised as we should. Well, we have the largest and best line of Pocket Knives, Table Knives and Carvers in town. We would especially invite you to look at our stock of Carvers in Stag and Cellucoid Handles. Also look over our 60 different kinds of pocket knives and see if you can find something that will suit you. Prices on pocket knives run from 15c to 75c.

We expect our Xmas goods soon and if you are looking for useful presents, we would advise you to look through our store before you buy.

We have Skates, Sleds, Pocket Knives, Fancy Enamel Goods, Gold Paint etc.

We find we have too many Heating stoves and will sell from now until Dec. 24th for cash, your choice of our heating stoves in stock, except cylinders, at 20 per cent less than our regular price to clear. What is the matter with a nice stove for a Xmas present.

SHAW & DIBBLEE,

Hardware, Stoves and Tinware.

A lawsuit took place before John Barnett, J. P., on Wednesday morning. Geo. Boyer of this town sued Howe Campbell of Upper Brighton, for an action of debt. The case was settled by Mr. Boyer paying to Mr. Campbell \$6.66 which amount was agreed upon as owing him by Mr. Boyer. Thane M. Jones acted for Mr. Campbell in the case.

Canadian Order of Foresters.

Among the many fraternal societies in the Dominion of Canada the Canadian Order of Foresters stands at the top as regards financial standing, having the largest surplus of \$1,000,000 of any society doing business in this country. The membership in the year 1900 was 21,000, and the surplus in the Insurance Fund at the end of September last was \$802,000 and it is increasing at the rate of \$1,000 per month. The business of the Society is confined to the Dominion, hence the death rate is very low, being only 4.50 per 1,000 of membership in the year 1898, and the average death rate since the organization of the society in 1879 has been only 1.97. The society is adding largely to its membership, new Courts being established in all parts of the Dominion, and the old courts are being strengthened. The insurance premiums are very low, being as follows, payable monthly in advance:

Between the	On	On	On	On
Age of	\$500	\$1,000	\$1,500	\$2,000
18 to 25	35c	60c	90c	\$1.20
25 to 30	40c	65c	98c	1.30
30 to 35	45c	70c	\$1.05	1.40
35 to 40	50c	85c	1.28	1.70
40 to 45	55c	\$1.00	1.50	2.00

The Sick Benefit Department, though an optional feature, is very popular among the membership, upwards of 17,000 being enrolled in that department. The benefits are very liberal, considering the low rates charged, which are as follows, payable monthly in advance:

Between 18 and 25 years	25 cents
" 25 and 30 years	30 cents
" 30 and 35 years	35 cents
" 35 and 40 years	40 cents
" 40 and 45 years	45 cents

For further particulars enquire of any of the Officers or Members of the Order, or address:

R. ELLIOT, THOS. WHITE,
High Secy.,
Ingersoll, Bradford,
or ERNEST GARTUNG, Brantford.

The Local News

We owe allegiance to the State; but deeper, truer, more sympathetic that God had set within our spirits core. Our country claims our fealty; we grant it so, but then, Before men made us citizens, great Nature made us men.

What about the Hartland Roller Rink this winter?

Careful discrimination in the selection of the teas to be used in your homes can have but one result—Union Blend.

Several large buildings in the centre of the business district of Yarmouth N. S., were destroyed by fire on Monday 27th inst. The losses are heavy.

On Monday the house and out-buildings of C. W. Estey at Upper Keswick were consumed by fire. The loss is estimated at \$1,500. There was an insurance of \$800.

Correspondents will kindly have their copy in to this office on Tuesday, or Wednesday at the latest. If news of importance comes to hand it may be sent on Thursday.

The trouble at the University of New Brunswick has at last been settled and it was resolved that it is to the best interest of the University under altered circumstances to admit the offending students on their standing on December first.

Lieut. Col. Vince has been relieved of the command of the Brighton Engineers and will be succeeded by J. R. Tompkins of Florenceville. Lieut. Nagle of the R. C. R. I., was in Woodstock on Monday to transfer the stores to the new commanding officer. Col. Vince has had a long and successful career as a militia officer. His tenure of command expired some months ago, but was extended by militia authorities.

A terrible thing occurred at Poic Hill on Tuesday, 28th inst. A little girl about a year and a half old, belonging to Florence, pulled a pail of hot water over and got scalded so badly that she died from the effects the same day.

It may seem strange but it is a fact, that we can send you the Farm Journal 5 years, all of 1900, 1901, 1902, 1903, and 1904 if you will pay for the subscription of your friend—both papers for 1905. This applies alike to regular and subscriber. Pay up now.

The firm of Murray, Wood & Vesey at Benton, had a fire and a large mercantile business, owned by G. H. Wood, was destroyed by fire. The ill health of George, among the senior members of the firm, Mr. Murray, who has kept the post office at Benton for several years, has gone with his family to St. John for the winter.

The Farm Journal has nearly two million readers each issue; it has just installed a New Press that will print from 100 to 200 copies a minute; it is the best form paper in America. It pleases the men and women folks all to pieces. We have made special arrangement by which we are able to send the ADVERTISER one year and the Farm Journal 5 years, (all of 1900, 1901, 1902, 1903, and 1904) to all subscribers of our paper; new and old, who pay a year in advance. Please be prompt.

Following are the hours at which the mails close at the Hartland post office, local time: Down, 3.15 p. m.; up, 12.40 p. m.; out back mail goes on Monday, Wednesday and Fridays and it closes at 1 p. m.

Thursday was Uncle Sam's great Thanksgiving feast.

Woodstock people want a band and an attempt will soon be made to organize one.

Large shipments of Aroostook "spuds" are being made, the price having advanced to \$1 and \$1.25.

A six year old son of G. A. Prior, Centreville, fell off a wagon and was crushed so badly he is feared he will die.

Councillor G. Leonard, Cronkhite and Miss Mary Bell Cox were married by Rev. Wm. Deware not long ago.

During the absence of L. P. Fisher, Stephen B. A. plus J. C. has been appointed justice of the peace for Carleton County.

The "Daily Telegram" is on sale at C. H. Wood's store every day after the arrival of the express from St. John. Price 10 cents.

At Woodstock on Wednesday, 27th inst., the marriage took place of Miss Myrtle Faulkner and Stanley Shaw of the C. P. R. train staff.

J. L. Thornton who has assumed the management of Burnham's hotel at East Florenceville, is doing a splendid business. He meets all trains with a fine turnout.

Miss Annie Burpee and Lewis S. Bean were married in the Congregational church, Fort Fairfield, on Wednesday, by Rev. D. L. Wilson.

Miss Hannah Farley and Richard Essey of Tracy Mills were married on November the 22nd by Rev. S. Greenlaw. The wedding took place at the residence of the bride's sister at Knoxford.

Dr. Brown of Centreville, has put up a telephone line from Centreville to Greenfield, Summerfield and across the river to Beechwood. Another line runs through Knoxford and Roy-alton.

Remember that Wednesday is Campbell & Nixon's SPECIAL BAR GAIN DAY.

The place to have your laundrying done in this class manner is at Queen's Laundry, Woodstock. W. R. Richardson is agent at Hartland. Laundry collected Tuesday; delivered Friday.

Recently a social was held at Hotel Woodstock 816 was raised, which was presided over by a friend was presented to Mrs. D. Fiske of Florenceville.

A vine with three red roses in full bloom, and as fragrant as a June, and was picked from a bush in the garden of Mrs. Wilson Gregg, St. James St., Carleton on Sunday afternoon. The roses do not appear any the worse for the heavy storm of a few moments ago, and they do not appear to have even been touched with the frost.—Gazette.

The interior of the school room is being rapidly brought to a completion. The benches are placed, and the new seats daily expected to arrive. As soon as they do two rooms will be ready for use—those of the superior and intermediate schools—so that in all probability those departments will be reopened for work some time next week, after having an enforced holiday of three weeks caused by the recent fire.

What! Engraving Free?

Yes and it is nothing new with us. We did the first Engraving ever done in Fort Fairfield and for the past TWENTY YEARS have Engraved the goods we sold FREE OF CHARGE when wanted by customers. But now we are in better condition than ever to do this kind of work and will continue to Engrave Free all goods bought of us. We will also do engraving on articles you may have or bought elsewhere at a LOW PRICE. We can put your MONOGRAM on a gold watch or almost any other article. Also Collin Plates Engraved. We can do the work very prompt. Call and examine some of our work and leave orders for

Christmas at
GOODHUE'S THE JEWELER
Opp. P. O. Fort Fairfield, Me.

"There is a Certain Something about

"TIGER"

tea that is found in no other packet tea." Such was the remark overheard by one of my travellers in a grocery store not long since. On questioning the lady he found she had been using 30c TIGER. That "Certain Something" was quality she would no doubt have found it in the "other" packet tea" at 40c, BUT she found it in 30c TIGER. Had you not better try a pound 30c Tiger? Lead Packets only. Pound and Halves.

W. Frank Hatheway, St. John, N. B.

G. A. KEITH
Photographer,
Woodstock, N. B.

Cook's Cotton Root Compound
Is successfully used monthly by over 10,000 Ladies. Safe, effective. Ladies ask your druggist for Cook's Cotton Root Compound. Take no other, as all mixtures, pills and injections are dangerous. Price, No. 1, \$1 per box; No. 2, 10 degrees stronger, \$2 per box. No. 3, mailed on receipt of price and two 2-cent stamps. The Cook Company Windsor, Ont. Nos. 1 and 2 sold and recommended by all responsible Druggists in Canada.

No 1 and 2 sold in Hartland by Estey & Curtis, Druggists

"Old Folks" Fair.

The Hartland Y. W. C. T. U. will hold an "Old Folks" fair in G. R. Burt's store on Tuesday, Dec. 5th, from 2 to 6 o'clock p. m. and from 7 to 10 p. m. This fair is the first of the kind ever held in Hartland.

Don't fail to see the numberless old-fashioned things: fax-wheel, fire-place, old china, vases, spoons, sugar tongs, samplers, shawls, dresses, silhouettes, daguerreotypes, etc. Also an interesting Indian collection with Indian maiden in attendance.

In addition there will be an abundance of cake and coffee to be dispensed at all hours, as well as a table of enticing home-made candies.

The attendants will all appear in old-fashioned dress.

Admission for adults 10 cents; for children 5 cents; Cake and coffee 10 cents.

Engine off the Tracks.

On Monday morning the C. P. R. freight in charge of Con. Lindow met with a mishap at Parkhurst's siding near Presque Isle. The engine, No. 174, ran off and was so badly damaged as to be disabled. Engine No. 527 of the southern division and No. 514 of the Tobique train were dispatched to the scene, and after about six hours the disabled engine was got on the rails again. As it was being brought down it ran off again at Perth and was not again got on the metals until about midnight.

Business Very Active.

The blending department in T. H. Estabrooks' big tea warehouse is always a busy one, but it has been exceptionally so for sometime past. The hands are busy from 7 a. m. till 10.30 p. m. More of Red Rose is blended and packed than any other kind, but lately some special orders have been made up for Cape Breton, and last week they were busy on large orders from Prince Edward Island. The operatives might well grow weary with such long hours, but they don't. They drink Red Rose tea and weariness vanishes away.—St. John Gazette.

The Fire Investigation.

The investigation into the late fire and attempted fire in Hartland was resumed on Monday before Thane M. Jones, J. P. The corporation on this occasion was represented by D. McLeod Vince and the inquiry was continued on Tuesday, when J. C. Hartly was also present. Aaron McMullin, D. W. Brooks and Geo. Davis were new witnesses and several others were re-examined. Nothing convicting was gained. We had no proceedings of the court as would be necessary if any were published.

A Standard.

It is a compliment to Red Rose tea when another tea is represented by the seller to be as good as Red Rose. It is a fact that the best kind of a recommendation for the latter, for in the comparison it is accepted as a standard. The buyer wants the standard article. He is always sure of its quality. He buys Red Rose.—St. John Gazette.

It is semi-officially reported that Mr. A. Brewer, who put in the lowest tender, is to be awarded the contract to build the Hartland bridge. The contract has not as yet been signed but probably will be so that work can begin soon. The construction will be under way early in December.

The ADVERTISER was misinformed as to the date when Messrs. Blair and Fielding would address a meeting in the Opera House at Woodstock. Instead of the 6th the meeting took place last night, the 1st of December.

The band is talking of having a concert in the near future, probably next Friday evening to be held in the Forester's Hall. This should be well patronized as the boys are renewing their interest and are making our band a credit to its members and to the town.

Subscribe for the ADVERTISER. It is just what you need.

Nov. 21st.

A Good Cure.

THE GRODER DYSPESIA CO., LTD. St. John, N. B.

GENTLEMEN—For over one year I suffered with what the four doctors I consulted in N. B., called dyspepsia. For hours at a time every day I suffered the most excruciating pains. The cramps would double me up so that I would have to groan. I would vomit up everything I ate for days at a time. I was terribly wasted and so weak that I could scarcely raise a tea-cup to my mouth. Nothing I could get would do me any permanent good. Finally a friend persuaded me to try Groder's Botanic Dyspepsia Syrup. I took four bottles and am now able to do a good day's work. It is six weeks since I finished the last bottle. I eat anything I ever was fond of and suffer no inconvenience. I send you this voluntary testimonial, hoping that you may use it and that some one who reads it may be benefited by the use of Groder's Botanic Dyspepsia Syrup as I have been.

Yours Truly,
RICHARD JACKSON
Hartland, N. B., Aug. 30th, 1899. 131

For Sale.

Queen Sewing Machine (New) but will sell at second hand price. Also two horse suitable for farm or wood purposes, weighing about 1100 and 1500 lbs. Also three second hand road wagons. Will sell all a very low price. CAMPBELL & NIXON.
