Dr. Hamilton's Pills Stimulate the Liver. Will Organize the Rhodes Scholarship Scheme—Sails for Canada. TORONTO, Aug. 13.—A London cable to the Globe says:—The trustees of the Rhodes scholarships have honored Canada by selecting G. R. Parkin, C. M. G., head master of Upper Canada College, to organize the scheme and to visit the country to be benefited by this educational bequest, under which two hundred picked men annually are to receive a British education. Dr. Parkin has made it a condition of his acceptance that he shall be given time in which to put Upper Canada College on the best working basis before undertaking his new work. He believes he will be able to benefit the college greatly in his new sphere. Dr. Parkin will sail tomorrow for Canada.

KUMFORD HEADACHE POWDERS. DON'T MAKE EXPERIMENTS. What's the use of continually making experiments with many so-called headache cures which utterly fail to relieve and are often dangerous to the health? It has been proved in thousands of cases that there is one plain, honest, natural cure for that distressing malady—Kumford Headache Powders. These powders are not composed of harmful drugs, but are of a purely vegetable character, compounded of natural remedies for headaches of all kinds. They will cure the worst case of headache in a few minutes, whether it is a nervous headache, neuralgic headache or sick headache. They afford immediate relief, are safe, pleasant and effective and have no unpleasant after-effects. You will find Kumford Powders something different from other sorts—something honest—something that will do all we claim for them or your money refunded. The Rev. W. R. Harvey, formerly of Economy, N. S., writes: "Although not in the habit of giving testimonials, I have great pleasure in testifying to the good qualities of Kumford Powders. Being subject to nervous headaches, I am always able to find relief by using Kumford Powders. E. W. Mattson & Son, Thompson St., N. S., writes: "Please send us a dozen Kumford Headache Powders. They are the best I have ever used." H. C. Fulk, of Truro, S. C., writes: "I cannot praise Kumford Headache Powders too highly. Undoubtedly the best cure for headache in my life." Mr. J. P. Davidson, of Truro, N. B., writes: "I have used them and my experience is that they cure a headache in a few minutes. It is nervous headache in my case." Four bottles in 10c. packages. See the powders in 25c. packages. All druggists, or a full post paid receipt of price. The F. G. Wheaton Company, Ltd., N. S.

DR. PARKIN AND THE RHODES SCHOLARSHIPS.

When Dr. George R. Parkin went to England a few weeks ago he had one special purpose in mind. He hoped to be able to bring about some revision of the allotment of Cecil Rhodes' scholarships.

Dr. Parkin concluded that if the trustees named in the will had some option in the matter he would try to get them to use it in favor of the eastern and western provinces of Canada.

It is a large contract. There are some two hundred young men to be elected to scholarships worth \$1,500 a year for three years. These prizes are to be awarded on a basis partly of scholarship, partly of moral character and partly of physical fitness and athletic tastes.

Some college presidents who discussed the will at a graduates' meeting at Ottawa, while the subject was fresh, expressed the opinion that the plan could not be worked out.

Dr. Parkin is a college man and a teacher. But he does not live apart from the world. He may be able to grapple with the problem which Mr. Cecil has propounded. We rather think that he will work it out so that more than two provinces in Canada will furnish Cecil Rhodes scholars to Oxford University.

AN UNFULFILLED PLEDGE.

In their election card Mr. Ellis and Colonel Tucker strongly denounced the injustice of the Tupper government of making Halifax the fast line terminus without giving St. John a chance. They solemnly pledge themselves to leave no effort untried to prevent the consummation of such a crime.

THEY ARE SATISFIED.

Mr. Tarte's announcement that Halifax will be the winter port of the fast steamer line has not produced a sign of indignation among the local supporters of the government.

The people of St. John were led to think that Mr. Ellis and Colonel Tucker were speaking in the interest of the city and not in the interest of the contractors. If that were so it should not be left to the contractors to say how they would like to tender.

MR. TARTE'S PROGRAMME.

Mr. Tarte laid down his policy with reference to St. John in an address after a private dinner at the Club. He is thus reported by the Globe, whose editor was one of the guests: Montreal must be the outlet in summer and St. John in the winter.

THE FUTURE OF THE YUKON.

The considerable decrease in this season's gold produce in the Yukon as compared with the previous season has led to some discussion. It is agreed that there is a large falling off in the amount of gold produced.

All history supports the theory that the future of the Yukon as a gold country depends mainly upon the discovery of ore beds. If these shall not be found the Yukon will share the fate of all other gold fields.

The distinction between the freight and passenger service is the same as was made by the late government. This paper did not condemn this policy when it was submitted by Mr. Foster.

THREE BEAUTIFUL WOMEN

Worn Out And Nervous Regained Their Health And Beauty By Taking Peruna.

Miss Florence Allan, a beautiful Chicago girl, writes the following to Dr. S. B. Hartman concerning his cathartic tonic, Peruna:

75 Walton Place, Chicago, Ill. "I am alone for a week-end in my estimation. Peruna stands at the head in my estimation. Its effects are truly wonderful in rejuvenating the entire system. I keep it on hand all the time, and never have that 'dread feeling' as a few doses always make me feel like a different woman."—Florence Allan.

Thousands of women suffer from systemic catarrh. This is sure to produce such symptoms as cold feet and hands, sick headache, palpitation of the heart and heavy feelings in the stomach.

Peruna at once mitigates all these symptoms by removing the cause. Systemic catarrh is the trouble. Systemic catarrh pervades the whole system, deranges every organ, weakens every function.

Miss Cullen was Exhausted From Over Study. Miss Rose Cullen, President of the Young Woman's Club, Butte, Montana, writes:

921 Galena street, Butte, Mont. Gentlemen—"Peruna has many friends in Butte. I cannot say too much in praise of it. While finishing school I became very nervous and exhausted from over-study. I was weak and sick, and could neither eat, sleep nor enjoy life.

Peruna is especially adapted to protecting against and curing nervous diseases of run-down women, as the testimony of Miss Cullen indicates.

An excellent little treatise on "Health and Beauty" written especially for women, by Dr. Hartman, will be sent free of any address by The Peruna Medicine Co., of Columbus, Ohio.

The balloon was pretty well to be filled when it caught fire at the top. The public took the disappointment very badly, and the race was abandoned.

PROVINCIAL NEWS.

HARTLAND, Aug. 8.—The first shipment of lambs to the American market this season was made today by C. E. Hayward.

Mrs. (Rev.) W. E. Smith and daughter of Eaton, New York, will return home Wednesday, having spent the summer here with her mother, Mrs. Annela Tracey.

Sheriff Hayward and others passed through the village Wednesday, en route to Miramichi on a fishing trip. J. A. Gayton of Santa Cruz, Cal., Mrs. H. A. Morehouse of Bradford, Pa., and Mrs. A. E. Jones of Boston, Mass., returned home yesterday, having spent the summer with their brother, C. H. Gayton, of Knowlesville. Mrs. Harry Clapp has returned to Lowell.

Chas. Thistle, a trimmer in Shaw & Eaton's mill, had the misfortune to sever two fingers of his right hand. Dr. A. S. Estabrook dressed the wound. L. A. J. Ward's eldest child is very ill. Mrs. (Rev.) J. B. Daggott is spending a few days with friends in DeBec. Miss Ethel McPherson is the guest of Mrs. A. A. Tracey.

Rev. G. W. McDonald, pastor of the Reformed Baptist church, has decided to remain another year. The many friends of Hiram Richardson of Lower Brighton gave him a royal welcome on his return from South Africa. He went out with the last contingent, but peace was declared before his arrival at Cape Town. Nevertheless he saw much of the country and greatly enjoyed his trip. Bird Boyer has opened a grocery store at the upper end of Main street. Thomas B. Thistle is making good progress with his new residence. Adington Bradley is laying the foundation for a new house.

Blueberries are reported to be a large crop, and made their first appearance in town today. Carson McDorman of Nova Scotia, formerly of the People's Bank of Halifax here, arrived today, and intends spending his vacation. Miss Helen and Dorothy Alexander have returned home. Walter J. Doucett, who was confined to his bed for some time, is able to be out again. WHITE'S COVE, Queens Co., Aug. 13.—On Thursday afternoon, while Wallace, Hugh and Wendall Farris, sons of Hon. L. F. Farris, accompanied by their cousin, Arthur Hay of Woodstock, were out sailing on Grand Lake their boat was suddenly capsized in a squall. The mast, boom and gaff and rigging were broken and the boat overturned and the sail torn in shreds. This occurrence probably saved the young men's lives, for if the mast had not broken the boat undoubtedly would have capsized.

Miss Mary Moore, daughter of John Moore of this place, who suddenly became deranged this spring, and who has been in St. John during the last three months receiving treatment, returned home on Wednesday much improved in health. Schooner Lehigh is taking in a cargo of stones for Sheffield, Sunbury Co., to repair the river banks there. Rev. Marshall E. Mott of Boston arrived home on Wednesday to visit his parents, Mr. and Mrs. Deane Mott of Waterborough. Misses Sandra and Edith Comben, daughters of Rev. Charles Comben of St. John, are visiting at Hon. L. F. Farris' home. John D. Farris, who opened a store at Jemseg this spring, in partnership with Eben Sloum, has sold his interest in the store to Joshua Dykeman. The business in the future will be conducted by Sloum & Dykeman. John D. Farris has purchased Joshua Dykeman's farm at Jemseg for \$2,000. Moore and deer have been frequently seen of late on the road leading from the Den to Lower Jemseg. HOPEWELL HILL, Aug. 10.—The Lower Cape Sunday school held their annual picnic at the Cape Rocks on Wednesday. W. A. Rogers and wife of Toronto came yesterday on a short visit to the former's old home here. Miss Christina Butterfield, who has been living in New York, is visiting her home at Mountville. Allison Bird, clerk with C. M. Fye, Hopewell Hill, has gone on a sea trip for his health. Mrs. W. A. West returned yesterday from a visit to Moncton. Mrs. G. D. Reid of St. John is visiting friends at this village. A. M. Keiver of the I. C. R., Moncton, visited his brother, W. B. Keiver, here this week. Hugh McLean, singing evangelist of P. E. Island, was present at Rev. Mr. Davidson's service this afternoon in the Baptist church, and sang two selections exceedingly well. Mr. McLean intends spending a few weeks with Rev. Davidson on the Hopewell field, and all who may have the opportunity of wearing him will have a treat. Mrs. Walter Tingley is seriously ill at her home at Riverside. A large congregation, that completely filled the building, attended at St. John's church of England this evening, when the coronation service of the church, as prescribed for use throughout the diocese, was conducted by the rector, Rev. A. W. Smithers, assisted by the Rev. J. R. DeWolfe, C. W. Farris, secretary of the Diocesan Board of Missions. The service was deeply impressive and of an especially attractive character. Rev. Mr. Cowie read the lessons and also delivered the sermon, which was a most eloquent and marked attention. The reverend gentleman spoke of the grand success of the work throughout the Albert mission, and made an earnest appeal for broader aid in support of the church on this field. In addition to the Magnificat and Nunc Dimittis, the special hymns for the occasion were sung by the choir, and Mr. Elvin sang as a solo, "I Heard the Voice of Jesus Say." Services were held at Riverview in the morning and at New Ireland in the afternoon. Mr. Cowie will remain in the mission for some days. SACKVILLE, N. B., Aug. 11.—Coronation day was generally observed here. In the morning the Sackville Quoit Club began its inter-club matches, the president, R. F. Faulkner, playing against the vice-president, D. Cameron. Associated with Mr. Faulkner were H. P. Pickard, A. W. Bennett, Wm. Read, A. Carter and W. Turner. With Mr. Cameron there were Dr. E. M. Cop, C. Pickard, F. Wilson, W. D. Goodwin and W. W. Copp. Eight games were played, the

grand total score being 108 to 114 in favor of the president.

In the afternoon a monster picnic was held at Silver Lake, where large crowds were present from the Sackvilles and surrounding country. In sports the following events took place: Standing broad jump, won by F. L. Estabrook; prize, cigar case. Running high jump, Frank Hennessy and E. L. Estabrook, equal; prizes, pipe and soap case. 100 yards dash, R. N. Balmley; prize, silk umbrella. Sack race, Norman Phinney; prize, mouth harp. Hop, step and jump, Frank Hennessy; prize, ink set. Put-ting shot, F. L. Estabrook; prize, ebony mirror. Boat race, double scull, C. Fawcett, Jr., and Edward Melanson; prize, cigar cases.

In the evening a picnic was held at the pleasure of the picnic and the display of fireworks was in consequence not so brilliant as it otherwise would have been. The Sackville Cornet band rendered a pleasing programme. Altogether the picnic, considering the unpleasant weather, was a great success.

SUSSEX, Aug. 11.—A coronation service was held in the Methodist church Sunday evening, when the church was gorgeously decorated with bunting and flowers. The Rev. Mr. Gough preached an appropriate sermon from First Peter, 2 ch., last part of 14th verse: "Honor the king." The church was filled to overflowing and special music was rendered by the choir. Miss Catherine McLeod of Boston led the soprano, Miss Mabel Harnett of Hamilton, Bermuda, played the violin, and Geo. W. Warren the cornet. The service closed with hymn 904, God Save the King.

The Presbyterians, Methodists and Free Baptists are endeavoring to arrange for a joint picnic to Gasqueton or Fredericton by boat from St. John some time during the coming week. Mr. Freeman, formerly manager of the Bank of Nova Scotia, here, is visiting Sussex for a few days. He goes west shortly. A slight fire occurred at the Depot House on Friday last. The wardrobe of the proprietor was discovered to be on fire before any serious damage was done—except to Mr. McLean's clothes. H. H. Dryden, hardware merchant, owing to increase of business, is about adding 25 feet to the rear of his store. A concrete sidewalk is being laid in front of the premises and in front of Thomas Brown's place. The loyal people of Sussex celebrated the King's coronation on Saturday night by fireworks and a band concert. The fireworks were discharged in front of C. R. Mitchell's store, Samuel Keith's residence and J. G. Smith's heavy stable, as well as from the band stand and the Royal Hotel. Mr. and Mrs. Geo. N. Palmer of Moncton spent the holiday in Sussex.

HAMPSTEAD, Queens Co., Aug. 7.—Professor L. Q. Stocton, the great musician, played in the hall here Tuesday night. The music was given by Mrs. Lydia Nase of north end is at the Woodville house. Miss Taylor of Sheffield, Sunbury Co., is here giving music lessons. McLaughlin, the bridge builder, had a crew of men in the quarry getting out stone. Mrs. Drusilla Worden and son of Sussex are the guests of Mr. and Mrs. F. C. Stults. Mrs. R. B. Wallace and family of Fredericton are here visiting her parents, Mr. and Mrs. Joseph Wasson. The farmers have not been able to do much haying this week on account of the dullness of the weather. Aug. 11.—The home of Mr. and Mrs. Willard ship was made happy recently by the arrival of a young son. MAUGERVILLE, Aug. 11.—Hundreds of tons of bleached and weather-beaten hay is being stored, resulting from the continued rain with but little sun.

The Mitchell boom was closed down on Monday day. There was quite a display of fireworks from Beauvoir on Saturday evening. Coronation service was held on Sunday at 11 a. m., with Holy Communion at St. John's church, Oromocto. The rector, Rural Dean Dibbles, officiated. A large congregation. The church was tastefully decorated with flags and flowers. The service and hymns were of the prescribed form and order. Dr. P. J. Post, H. F. Williams, Dr. Smith, wife and child, and the Misses Wilson, who have been staying at the Riverside Hotel, Oromocto, have returned to Boston. Mrs. Geo. Edgerton of Boston is visiting her parents, Mr. and Mrs. D. C. Dykeman. Miss Jessie Ewing is spending a few days with friends here. Mrs. E. O. Perley of

White's Cove, Queens Co., in a few days for an extended visit. A. B., Aug. 11.—A lawn tennis club has been organized here, with about twenty members. Mrs. R. B. M. Wiley is president and J. C. Carter, secretary-treasurer. C. H. Elliott and Mr. Dickinson of the People's Bank of Halifax constitute the field committee. On the afternoon of Coronation Day the club played for the first time, and had a picnic tea on the grounds. Miss Louise Wetmore, one of the teachers in the Victoria school, St. John, and her sister, Miss Addie Wetmore, are visiting Mr. and Mrs. D. W. Pickett. Miss Bertha Brittain of the staff of the Albert school, St. John West, is the guest of the Misses Watson, Upper Andover. Miss E. Hale of Woodstock is the guest of Rev. W. Demmings and Mrs. Demmings. Frank Tibbits, brother of Sheriff Tibbits, is here from Milwauke on a visit to his old home. His wife and daughter, Miss Maud Tibbits, came in the early part of the summer. They intend visiting Fredericton and St. John and returning by way of Quebec and Montreal. Miss Carrie Kiburn has returned to her home in Upper Kingsclear. She was accompanied by her sister, Mrs. Gregg, and infant daughter. On Thursday afternoon Senator and Mrs. Baird, Dr. and Mrs. Wiley, Mr. and Mrs. D. R. Elliot, the Misses Wetmore and Miss Bertha Brittain of St. John and others enjoyed a canoe trip up the Tobique Narrows. Each canoe was manned by an Indian from the Indian village as only the Indians know how to take a canoe through the swift, deep

Fredericton is staying with her sister, Mrs. W. M. Smith. Miss Mabel Brown has returned to her school charge at Lakeville Corner. Miss Hattie Brown and Miss Annie Harding, who were in the last term of the Normal School, were successful in getting a second class license. Miss Brown takes charge of the school at Masseyville. Miss M. L. Magee returned to her school at Gageton. Mrs. Sarah Killeen, Miss Kate McCoskey and Miss Emma Leads will return to their former schools.

Miss Alice McKennie, Miss F. B. Hoar and Miss Nellie Strange will continue to preside over the schools here. E. A. Strange of Kingsclear spent Sunday here. CENTREVILLE, Carleton Co., Aug. 11.—At Robinson station, in the town of Bridgewater, Maine, the Reformed Baptists have been engaged for eight days in camp meeting services ending on Sunday, the 10th inst. A large crowd was in attendance, and when we entered the ground an evangelist and his wife were invoking the divine blessing. Both could be heard at a great distance from the preacher's stand, while many others were interested in the proceedings at the same time. Singing by choir and all who wished followed, and this seemed the most interesting part of the worship. After a short intermission—service again commenced by Rev. Mr. Kinney of Houlton offering prayer, followed by Rev. Mr. Colpitts, Scott Act inspector, giving an exhortation on Scott Act work and its result. By the earnestness of the speaker and his attitude on the stand a person might conclude it was a theatrical performance and scarcely in harmony with the Lord's day worship. He was followed by the evangelist's wife, who gave a short lecture on temperance, politics, and religion in general.

Similar to this gathering one has commenced at Littleton, near Houlton, on the line of the B. & A. railway, where every person who passes, and can be accommodated on the ground with board, lodging and house keep. Mr. Simons held a coronation service on the 10th inst. The church was trimmed with the national flag, and a profusion of ferns and flowers at and near the altar. The service was appropriate and impressive, the congregation large, and a reminder of similar services in the British dominions.

The funeral of a child, who has been laid up with lings disease, died on the 11th inst. He leaves a widow and several children to take up his willard ship was made happy recently by the arrival of a young son. Farmers are busy engaged gathering their hay, the crop of which is larger than the most sanguine expected in the spring. Grain also, judging by the straw, and potatoes by the tops, never promised a better yield. Postmaster Clarke has the foundation laid and is proceeding with the erection of a new building to replace the one burned last year. On the 10th of October the post offices of Royalton, Knokford and Good settlement, who is the successor of Messrs. Lewis and Wilkinson. L. A. Perkins has finished haying, and has one hundred tons in his barns. Wrecked in the winter gale, has replaced it with a new and larger one of a more improved plan.

The new school teachers have left for their respective places. Chas. Cady goes to the school near Sussex, Allan Reid to Keswick, Verna Perkins to Masseyville and Delbert Jones to East Fredericton. G. White sold a horse recently for a fair price to one of his neighbors—Sidney Lloyd, whose barn was blown down last spring, has erected a new one on the old site. The Indians here will leave for Mr. O's native home at White's Cove, Queens Co., in a few days for an extended visit.

A. B., Aug. 11.—A lawn tennis club has been organized here, with about twenty members. Mrs. R. B. M. Wiley is president and J. C. Carter, secretary-treasurer. C. H. Elliott and Mr. Dickinson of the People's Bank of Halifax constitute the field committee. On the afternoon of Coronation Day the club played for the first time, and had a picnic tea on the grounds. Miss Louise Wetmore, one of the teachers in the Victoria school, St. John, and her sister, Miss Addie Wetmore, are visiting Mr. and Mrs. D. W. Pickett. Miss Bertha Brittain of the staff of the Albert school, St. John West, is the guest of the Misses Watson, Upper Andover. Miss E. Hale of Woodstock is the guest of Rev. W. Demmings and Mrs. Demmings. Frank Tibbits, brother of Sheriff Tibbits, is here from Milwauke on a visit to his old home. His wife and daughter, Miss Maud Tibbits, came in the early part of the summer. They intend visiting Fredericton and St. John and returning by way of Quebec and Montreal. Miss Carrie Kiburn has returned to her home in Upper Kingsclear. She was accompanied by her sister, Mrs. Gregg, and infant daughter. On Thursday afternoon Senator and Mrs. Baird, Dr. and Mrs. Wiley, Mr. and Mrs. D. R. Elliot, the Misses Wetmore and Miss Bertha Brittain of St. John and others enjoyed a canoe trip up the Tobique Narrows. Each canoe was manned by an Indian from the Indian village as only the Indians know how to take a canoe through the swift, deep

water of this most picturesque gorge. Near the head of the Narrows is the new steel bridge which has lately been opened for traffic. This was admired by the party, and after a hearty lunch the rapid current brought them home much quicker than they wished to come. SHEFFIELD, Aug. 11.—Hay making in these parts is now on in good earnest, and the depopulated buildings along the intervals, long since tenantless on account of the depopulated state of the country, is now occupied, every tenement for the time being with happy, jovial, robust haymakers. The weather is, however, very unfavorable for hay-making. Councillor Flewelling and wife and children of Hampton have been spending a few days in Sheffield at the home of Mrs. Jonathan Bridges. Fred Tibbett, a resident of Little River, was sent to the county jail yesterday for debt, fraud and deception. One of Many London's boys while playing with a scythe, inflicted a severe wound on his brother, who has since been under surgical treatment ever since. Miss Annie, youngest daughter of Archibald Barker, returned missionary on furlough for a year from Constantinople, is now about leaving her Sheffield home, aged parents, brothers and sisters, to go back to her work in Turkey, under the direction of the American Congregational board. Preparations are being made for a corn, fruit and vegetable canning factory in buildings owned by C. Spurgeon Bridges, convenient to the McGowan wharf.

Samuel Vandine, after forty years absence, came to Sheffield a few days ago to visit the home and surviving friends of his youth. Miss Cora Reid, teacher of Little River public school, returned today to resume her work, having spent a very pleasant afternoon touring through the upper counties, and visiting her home, with her two sisters and brothers, driving all the way with their teams, some days covering over sixty miles. On account of the rain, works going on at Northfield and Chipman, it is very difficult for the farmers in Sheffield and Maugeville to get men to cut their hay. Mrs. W. J. Bridges returned home today from Fredericton, where she had gone, accompanied by Master Harold, her little grandson, to attend the Corollary songs, the whole being conducted by Inspector of schools, in routing with his family at the old homestead in Sheffield.

These were followed by freemen and gentlemen on foot, after which came a number of carriages and other vehicles in most cases elaborately decked with flowers and flags and in which were bright and winsome ladies. A coach in which was seated a number of the grammar school girls attracted much attention. They were a merry party, making music as the coach passed along, singing patriotic songs and merrily blowing horns. After parading the streets of the town the processionists deployed into the court house square, where the band played a selection of tunes and a company of ladies and gentlemen grouped on the piazza of the court house steps, to organ accompaniment, sang The Soldiers of the King, Rite Britannia and other national songs, the whole being conducted by the singing of the national anthem, in which all joined, and cheers for the King and Queen.

The committee having charge of the celebration were very much indebted to the summer visitors who had their carriages in the procession. In the evening a display of fireworks was set off on the Market square, the band meanwhile giving a concert from their point of vantage on the piazza of Kennedy's hotel. Amongst the numerous decorations the following were considered in good taste and were the objects of admiration and favorable comment: Kennedy's hotel, the building on the Church block, Water street, and that occupied by T. G. Hannan. G. H. Lamb's shop, Market square, and others too numerous to mention. Among the private residences that of Dr. Harry Gove was elaborately trimmed as also the grounds of H. O. Rigby's premises, the residences of B. F. DeWolfe, G. H. Lamb, G. F. Hibbard, T. T. Odell, F. H. Giffmer and others. Every one, in fact, made a display of flags in some form or other. The Algonquin hotel was decorated with flags, and from the flag staff on its roof proudly floated a Canadian ensign, while along the edge of the roof of the verandah were suspended a large number of Chinese lanterns, which were lighted up in the evening and looked very fine indeed.

The veterans of the Fenian raid who marched in the procession had on their war medal, ribbon and clasps. An old gentleman, David Craig of Chamcook, regaled a number of interested listeners with his reminiscences of the ceremony and procession held in St. Andrews in honor of the coronation of our late beloved Queen Victoria. Not a single incident of an unpleasant nature marred the day's celebration.

HOPEWELL HILL, Aug. 12.—Another rain last night has added to the discouragement of the farmers, who are making a start with the hay. Mrs. Geo. Dinsmore, who has been visiting her former home here, left this morning for Haverhill, Mass. She was accompanied by her brother, Margaret Smith, T. M. Jones left by today's train for his home in Hartland, N. B. Miss Celia I. F. Peck has gone to Hillsboro to remain a few weeks. Times are unusually dull among the shipping, and some of the small vessels are lying up. One square rigger came in port tonight. Mrs. C. Allison Peck and her mother, Mrs. Beatty, of Hillsboro, left this week on a visit to Philadelphia. Hiram Smith and wife of Moncton are visiting friends hereabouts. Miss Hiltongreen of Riverside returned yesterday from a very enjoyable visit to St. John. Mr. and Mrs. Hilyard C. Peck of Moncton visited relatives at Riverside this week. Miss Nettie Frosser, who has been seriously ill for some time at Riverside, underwent a surgical operation yesterday by which a stone as large as a bean was removed from the kidney. The operation was performed by Dr. Carnwath, assisted by Dr. J. Lewis and Dr. Coates, and was satisfactory in every way.

The S. & H. train on the down trip yesterday killed a yearling heifer near Daniel's station belonging to Allen Robinson of this place. A number of summer visitors from Moncton and Sussex are putting up at the Hotel Shepley, Riverside, and enjoying the grand scenery and exhilarating breezes that Albert county affords. Mrs. C. N. O'Regan is quite ill. Dr. Murray is in attendance.

Children Cry for STORIA. Every woman has times when she feels dazed, tired out, almost lifeless, when her work, which she usually contemplates with pleasure, seems almost past her strength. Are you that woman sometimes? Do you realize that it is ninety times out of a hundred caused from just common, but dangerous constipation? Mother Nature says, "I have given you a mouth and a stomach to receive food and send its strengthening parts through your system. I have given you bowels to discard the useless parts of that food and keep your system clean. I will do the best I can out of whatever food you give me. But unless the bowels are kept regular, I cannot prevent the poisoning of your whole system." Laxa-Cara Tablets will do for you just what Nature asks. They will correct your clogged bowels; will put them on the road to regularity and health; will not strain or abuse them; will in a short time work a permanent cure and insure you permanently against constipation. If you are taking nothing now, you ought to. If you are taking something already and feel pretty well suited with it, you won't feel that way if you try Laxa-Cara Tablets once. 35 cents per box at your druggist, or by mail postpaid on receipt of price.

COLONIAL TROOPS

Reviewed By His Majesty King Edward VII.

The Canadian Coronation Contingent Was Disguised in a Variety of Uniforms—The King's Address of Welcome and Thanks.

LONDON, Aug. 12.—Col. Turner and the Canadian contingent, though few compared with the Australasians, showed up well individually at the King's review, today, but the variety of their uniforms rather destroyed the effect. Especially the questioner was asked: "Where are the Canadians?" even when they were pass-

The troops were marched single file past the King, who was seated under a canopy, with the Queen and the children of the Prince of Wales. The King returned each man's salute smilingly. The little Princess were delighted. The Prince of Wales handed each man a coronation medal, shaking hands with Colonel Turner.

The King spoke words of warmest welcome, and there was tremendous cheering. Canadian lungs were splendidly in evidence.

The troops next marched by in fours, the King, Lord Kitchener and Lord Roberts standing in front of the canopy.

Queen Alexandra afterwards left the canopy and moved among the guests, shaking hands with Sir Wilfrid Laurier, Lady Laurier, Sir Frederick Borden and Lady Borden, and other Canadians present.

King Edward looked somewhat fatigued and limped slightly. Every one will be glad to learn that he will get away for a holiday in the Highlands after the naval review.

(Associated Press.) LONDON, Aug. 12.—Two thousand colonial troops here to attend the coronation, including the Canadian contingent, were reviewed by King Edward this afternoon on the grounds of Buckingham Palace. The Prince of Wales on behalf of his majesty, distributed the coronation medals to those entitled to them. The King inspected the troops from the terrace where he was accompanied by Queen Alexandra, Prince and Princess Henry of Prussia and other royal personages, Earl Roberts, the commander-in-chief, General Lord Kitchener, Mr. and Mrs. Joseph Chamberlain, several colonial premiers, and King Lewanika of Barotseland, all of whom showed keen interest in the picturesque body of men arrayed in vari-colored uniforms as they marched past in single file.

The King personally fastened the Victoria Cross on the breast of Sergeant Lawrence, the first man in line, after which he retired to the shade of an awning and left the distribution of medals to the Prince of Wales. When all had received their medals, the troops advanced and presented arms, while the massed bands played the national anthem.

The King stepped forward and delivered an animated address, which was greeted with cheers and waving of hats by the troops. The King said: "It has afforded me great pleasure to see you here today and to have the opportunity of expressing my high appreciation of your patriotism and the way you distinguish yourself in South Africa. The services you have rendered the mother country will never be forgotten by me, and they will, I am sure, command more firmness than ever the union of our distant colonies with the other parts of my great empire. Your stay in England has been longer than originally intended, owing to my illness, but I hope you have enjoyed it and derived pleasure from visits to various parts of the land of your ancestors. God bless you all. I wish you a safe and pleasant return to your own countries."

TRURO ACCEPTS I. C. R. OFFER. TRURO, N. S., Aug. 12.—At a meeting of the town council this evening the question of the supply of water to the I. C. R. department was thrashed out and about settled. The council voted four to one in favor of accepting the I. C. R.'s offer of \$1,200 per year for five years.

CHATHAM.

Impromptu Coronation Day Celebration Out of Town.

The Tragic Death of John Cable—J. L. Stewart a Confirmed Odd Fellow—The McNaughton Memorial.

CHATHAM, Aug. 12.—Coronation day was observed in a half-hearted manner in this locality owing to a feeling that Saturday was "a poor day for a holiday," whereas if the town officials had a week previous announced the day to be celebrated everyone would have made preparation. Nearly all kept open for part of the day, whilst some kept open all day.

Excursions down river "by wind and steam" were the main features of the celebration. The St. George conveyed a merry party of Snowball Co. employes, the Alexandra was loaded to near her limit with a pleasure seeking gathering, whilst a party in a schooner set sail the previous night on a cod-fishing excursion, which pastime was also indulged in by several other crafts off Escuminac light. Keeper McLennan of the lighthouse welcomed all those who visited his lonely retreat and displayed all the available bounty in honor of the day, beside which some of the transients of the Point had erected a beautiful arch of evergreens, which are greatly admired by the youth and beauty of Herring Cove and the factories, who made a holiday visitation.

Some of the vessels lying off the Point on Friday evening were somewhat mystified by certain unusual sounds, which were located near the light, and upon launching a boat to make investigation it was found that what was taken for a new fog alarm or steam siren was nothing less than the strains of the Cook of the North, which was being rendered by Harry McLennan on the bangs. The fishermen returned to their vessel, no longer wondering why their catch of fish was not in evidence that night, but before leaving made very careful enquiry how long the pipe intended remaining.

Rev. Mr. Wilkinson held a very pleasing celebration of the day at Bay Du Vin and the display of bunting, flags and evergreens was singularly effective. All along on both sides of the river were to be observed a great number of less display as befitting the royal occasion.

At Chatham the town bands discoursed melody and harmony during the day and evening, and at night a fine display of fireworks concluded the public function.

The tragic death of John Cable cast a gloom over the settlement of Upper Napuan, where the young man died. He was coming to Chatham on Sunday to church, in company with his cousin, both being on bicycles, and when some distance south of the

Searle road his wheel caught in a rut in the cart track, resulting in wheel rider being precipitated with violence on the wooden covering of a cuivert. Poor Cable was rendered unconscious and was conveyed as tenderly as possible to the home of his father, where he lingered until Thursday, when death ended his suffering. He was an industrious young man, a general favorite, and his death is greatly deplored by the people of town and country.

Editor Stewart of the World has just returned from a visit to the scenes of his youth on the Upper St. John, near Woodstock, and has many entertaining yarns of his adventures in the "wild and woolly west" of New Brunswick about the year 1810. The genial J. L. has disappeared again on a pilgrimage to P. B. I., but then he is an odd fellow, and it appears as if he intended remaining odd. Miss Stewart and Miss Mott of St. John have gone on the Chatham trip. Mrs. A. P. Henderson of Boston, who has made quite a visit to her friends here, is about returning to Boston.

The McNaughton memorial erected last week on Haymarket square near the World office. It is an iron structure, with drinking place for men and women, and includes a table for horses and dogs, and one for the sick from the sides, while on the east-erly side is a tablet with an explanatory inscription which proclaims that this monument is a testimonial to the memory of H. Gordon McNaughton, who fell a victim to fever whilst serving his country in South Africa in the Constabulary.

REV. H. H. COSMAN. Superintendent of Seamen's Mission Will Return to Pastoral Work.

Rev. H. H. Cosman, who has tendered his resignation as superintendent of the Seamen's Mission, chiefly because his health will no longer stand the strain, has done splendid work during the time he has filled the position. His duties, as manager and missionary combined have really been too great for one man, and it is probable that ere long there will be one to manage the home and one to the missionary work. Rev. Mr. Cosman has in contemplation a return to pastoral work in Nova Scotia, where he spent some eight years, before coming to the Seamen's Mission. While here he has won the respect of the sailors and the esteem of all the citizens by zealous labor for the mission. The institution has grown in public confidence under his management, and if now he departs he will take with him the good wishes of the citizens.

CHATHAM'S MEMORIAL FOUNDATION. The fund which the Chatham Com-munity started a short time ago for the purpose of erecting a public memorial to Strooper McNaughton, who lost his life at Heidelberg last December, whilst serving in the South African constabulary, met with such popular favor that enough money was subscribed to erect a handsome drinking fountain. The memorial was set up in Haymarket square, Chatham, last week. It is an iron structure, surmounted by a electric light; is provided with drinking cups and also with a table for horses and dogs. The fountain is a long and painful illness, which she bore with patience and fortitude. Deceased was a most estimable lady, and had "nearly" herself to a very large circle, extending far beyond that of her immediate family. She was a daughter of Robert Hancock of Belfast, Ireland, from which place she came some fifty years ago, to take charge of the millinery department of John and William Magee's dry goods store, then situated at the northeast corner of Prince William and Princess streets, St. John, with which firm she spent the first years of her residence in this province. After her marriage she continued to have her home in the city, until Mr. Fairweather gave up the Park Hotel, which he had successfully operated for many years, and returned to his farm on the Passeskeag Road, half a mile above Hampton Station, where they have lived ever since, until death intervened. Best as the stricken husband there are left to mourn their bereavement three sons and four daughters. Fred and John, who live New York, and have for many years a departmental clerk at Ottawa; Mrs. E. A. Flewelling of Perry Point, Kings Co., Mrs. John R. Crawford of Lakeside, Mrs. Ed. Harrington of New York, and Miss Fergie who resides at home. Arrangements for the funeral have not been completed at the present writing. The sympathy of the whole community is extended to the sorrowing family.

Last Wednesday one Alfred D. Murray of Penobscot was committed to goal here by Stipendiary Magistrate R. Earle for 38 days, to satisfy a claim of C. S. Gorgin, for goods sold and delivered. On Saturday R. Le-Bort Tweedie, K. C., secured a writ of habeas corpus directed to the sheriff to bring the prisoner before Judge Wedderburn, in chambers, at the Court House, on Tuesday, August 12th, and show cause why he should not be set at liberty. The ground taken is that the magistrate exceeded his jurisdiction, his power to commit extending to sixty days only.

The Rev. W. W. Lodge returned from his visit to Chathampton on Friday and occupied his pulpit in the Methodist church at both services yesterday.

Thomas H. Carvell, whose health is now quite restored after his spring and summer recruiting on his farm, which overlooks the Hampton marshes, has received a generous, spontaneous and gratifying offer from the Stamping and Enamel Ware Company of Pittsburg, Penn., to resume his former position with them. He has accepted and will leave on Wednesday's C. P. R. train to take up his duties, at least for the cool season. Should his health prove insufficient for the strain, he will return to his old home, where his daughter Martin will remain in charge of her aunt and uncle, Mrs. and John Lloyd.

FREE BOOK ON STOMACH TROUBLES.

The reason Dr. Sproule's book is plain is because he understands his subject thoroughly. It is his specialty. The book is the result of eighteen years of experience and of nearly 38,000 successfully treated cases. His method of treatment is the only one suitable for long-standing and stubborn troubles of the stomach, or digestive apparatus.

In his book this famous Specialist and great hearted philanthropist gives you the benefit of all his years of toil and research. He realizes how much dreadful suffering of mind as well as body are caused by these ailments. In his book he shows how in time the disease grows more and more painful and spreads until it affects the liver and bowels also, weakens the blood and poisons and irritates the nerves. He describes the dreadful gnawing regularities of the bowels, the nausea, the increasing weakness, the ir- exhausted feelings, mental depression, pain and palpitation of the heart; any one or all of which are likely to appear as the result of neglected or WRONGLY TREATED diseases of the stomach.

He explains so any one can understand why ordinary treatments also are often followed by failure, and how simple and easy is the right method. If you or any friend of yours are suffering from

Disease of the Stomach, Dr. Sproule Will Send You This Book Free. This book was written for you. It is fully illustrated at great expense, so that you cannot fail to understand. Nothing has been spared to make this book a real help to discouraged humanity. Dr. Sproule's deep love and thorough sympathy with you who suffer have made him gladly give up not only money and his spare minutes during the day, but places his much needed rest at night. For years he has had this book in mind, planning how he could most clearly teach the people of this great continent the truths they so much needed to know and which no one else could tell them. And now he offers you this book with the earnest wish that it may be the means of bringing help and encouragement to many among his poor, down-hearted, almost hopeless fellow beings.

If you have any trouble with your digestion, any pains, bloating, belching, or variable appetite, don't neglect yourself. Send for this book. It will explain your trouble and prove the means of leading you back to PER-FECT HEALTH.

HAMPTON.

Death of Mrs. Humbert Fairweather—A Most Estimable Lady—General News.

HAMPTON, Kings Co., Aug. 11.—Mrs. Humbert Fairweather entered into rest this morning at 4 o'clock, after a long and painful illness, which she bore with patience and fortitude. Deceased was a most estimable lady, and had "nearly" herself to a very large circle, extending far beyond that of her immediate family. She was a daughter of Robert Hancock of Belfast, Ireland, from which place she came some fifty years ago, to take charge of the millinery department of John and William Magee's dry goods store, then situated at the northeast corner of Prince William and Princess streets, St. John, with which firm she spent the first years of her residence in this province. After her marriage she continued to have her home in the city, until Mr. Fairweather gave up the Park Hotel, which he had successfully operated for many years, and returned to his farm on the Passeskeag Road, half a mile above Hampton Station, where they have lived ever since, until death intervened. Best as the stricken husband there are left to mourn their bereavement three sons and four daughters. Fred and John, who live New York, and have for many years a departmental clerk at Ottawa; Mrs. E. A. Flewelling of Perry Point, Kings Co., Mrs. John R. Crawford of Lakeside, Mrs. Ed. Harrington of New York, and Miss Fergie who resides at home. Arrangements for the funeral have not been completed at the present writing. The sympathy of the whole community is extended to the sorrowing family.

Last Wednesday one Alfred D. Murray of Penobscot was committed to goal here by Stipendiary Magistrate R. Earle for 38 days, to satisfy a claim of C. S. Gorgin, for goods sold and delivered. On Saturday R. Le-Bort Tweedie, K. C., secured a writ of habeas corpus directed to the sheriff to bring the prisoner before Judge Wedderburn, in chambers, at the Court House, on Tuesday, August 12th, and show cause why he should not be set at liberty. The ground taken is that the magistrate exceeded his jurisdiction, his power to commit extending to sixty days only.

The Rev. W. W. Lodge returned from his visit to Chathampton on Friday and occupied his pulpit in the Methodist church at both services yesterday.

Thomas H. Advertisement for DAZED-TIRED-LIFELESS. Every woman has times when she feels dazed, tired out, almost lifeless, when her work, which she usually contemplates with pleasure, seems almost past her strength. Are you that woman sometimes? Do you realize that it is ninety times out of a hundred caused from just common, but dangerous constipation? Mother Nature says, "I have given you a mouth and a stomach to receive food and send its strengthening parts through your system. I have given you bowels to discard the useless parts of that food and keep your system clean. I will do the best I can out of whatever food you give me. But unless the bowels are kept regular, I cannot prevent the poisoning of your whole system." Laxa-Cara Tablets will do for you just what Nature asks. They will correct your clogged bowels; will put them on the road to regularity and health; will not strain or abuse them; will in a short time work a permanent cure and insure you permanently against constipation. If you are taking nothing now, you ought to. If you are taking something already and feel pretty well suited with it, you won't feel that way if you try Laxa-Cara Tablets once. 35 cents per box at your druggist, or by mail postpaid on receipt of price.
