

GERMAN OFFICIALS PREDICTED WORLD WAR

SENSATIONAL REVELATIONS MADE BY SENATOR LEWIS

Germany Long Intended to Wage War for World Conquest—Planned to Capture Paris, New York, Washington and Wipe Out the Monroe Doctrine.

Washington, Sept. 24.—Predictions that Germany would wage war for world conquest in about fifteen years, were made to the late Admiral Dewey, at Manila, in 1898 by Captain Von Goetz, of the German Imperial navy. Senator Lewis today told the senate. Quoting a report from the Admiral Dewey to the navy department, the Illinois senator said that Von Goetz told the American naval officer that Germany would capture Paris, as the first step to subjugating England. The taking of New York and Washington was to follow in order that Germany might secure an enormous cash indemnity. The wiping out of the Monroe doctrine and the control of South America by Germany also were predicted by the German officer, declared Senator Lewis, who was discussing peace negotiations.

Lends Himself to the Enemy. For some reason the government had not given the report wide circulation, Senator Lewis continued, but in the face of it now, "any senator who speaks here or elsewhere against any measure of his country, lends himself to the enemy."

Characterizing the German reply to Pope Benedict's peace note as "frustrating peace hypocrisy" and "front both to the Pope and President Wilson, Senator Lewis scored that he termed "laggard in patriotism" and those who argue against the war.

The country guarantees free speech to every American, the speaker said, "but that man who uses free speech against America is not the American to whom free speech is guaranteed. In this country there can be no free speech to any man who seeks to destroy the freedom of his fellowman. There can never be liberty of speech to an American citizen to destroy the liberty of the American nation."

OVER 20,000 PEOPLE IN BOSTON HAD AN APPEAL FOR A CANADIAN UNIT

Sixty-Four Recruits Signed on at Meeting—Governor McCall and Mayor Curley Speakers.

Special to The Standard.—Boston, Sept. 24.—The Fifth Royal Highlanders of Canada, the famous Black Watch, certainly cannot doubt that they have taken this city by storm for within a few hours of their arrival Mayor James M. Curley presented them with a stand of stars and stripes which they are to take back to Montreal with them and later to carry overseas and flaunt in the face of the Hun. Besides that His Honor loaned the battalion the official stand of colors belonging to the City of Boston, and these they will carry on their tour through the New England States side by side with the King's colors and the regimental flag.

Conservative Boston gave these killed warriors one of the most hearty and spontaneous greetings ever extended to any visitors in a long time, and all day the officers and men were cheered as they appeared in the streets. The pipe and brass bands attracted much attention, and more than 100 recruits were secured for their first day here.

Tonight more than twenty thousand people attended recruiting in the Boston arena and land adjoining it. Among the speakers were Governor McCall and Mayor Curley. Sixty-four recruits were sent to Canada tonight.

OBITUARY

Special to The Standard.—Moncton, Sept. 24.—Fred William Brown, of this city, died today, aged 50 years, after four or five days' illness. Death was due to hemorrhage of the brain. The deceased is survived by a wife, three daughters, Mrs. George Lutes, Mrs. Thomas Maden and Maud, and home, Charles Brown, Moncton, is a brother, and Mrs. Gladstone Steeves, Cherryfield, is a sister.

Mrs. Mercy C. Ellison.

Special to The Standard.—Apothiqui, Sept. 24.—On Sunday evening at 6 o'clock the death of Mrs. Mercy C. Ellison, relict of the late George Ellison took place at her home in this village, following a painful and protracted illness.

Deceased was, before marriage, Miss Mercy Catharine Jones, daughter of the late Moses Jones of Upper Greenwich, King's Co., and was born at that place on Dec. 31st 1838 and was consequently in her 79th year. Those left to mourn are two daughters, Mrs. W. Tyne Peters of Rothesay and Miss Florence Ellison of this place, also one sister Mrs. Mary Ellison of Lower Millstream and many more remote relatives, as well as hosts of friends.

The late estimable lady has been a resident of this place for 46 years, and her memory will ever be revered by many who have found her a true and kind friend, scattering sunshine by her sweet and amiable manner. Having not enjoyed very robust health for some years, and possessed of somewhat a retiring disposition, she was seldom absent from her home and her friends had a cheerful welcome for the many who enjoyed her hospitality. Her last illness, which extended over a period of several months, was born with quiet resignation, despite the intense suffering which marked the last few weeks of her life.

Burial takes place on Tuesday afternoon at 2.30 o'clock. Service will be held in church of Assomption, Rev. Edward Sheehan officiating.

LOOKS FOR REPEAL OF LAW IN GERMANY

Arthur Henderson Believes That the Country is Ripe for Big Overturn—Socialists Still Dominating Party.

London, Sept. 15.—(Correspondence of The Associated Press).—Belief that Germany is ripe for revolution was expressed by Arthur Henderson, deposed labor representative in the British War Cabinet, in an interview here in the Weekly Despatch, justifying his attitude in favor of the Stockholm conference.

"Nothing is further from my mind," he said, "than concurrence in a peace settlement that would not be final, democratic and lasting. An inconclusive peace would be a dishonorable peace, and we have no desire to parody with unrepentant military despatch. The first object must be to secure a peace, and one of the terms in which there can be no compromise must be the final and complete abolition of irresponsible autocratic government."

"I consider a democratized Germany an indispensable condition, and the most effective way of bringing this about is through the representatives of the working-class organizations. In my opinion, a military victory of the Allies will not be sufficient. It might enable the Allies to secure a satisfactory and honorable peace, but it could not guarantee a lasting peace. This can only be secured by the good will of all the peoples concerned. I want to supplement military effort by a properly organized and wisely directed political propaganda."

German People Tricked.

"Both before and during actual hostilities the German people have been misled, deceived, and even now they are by no means cognizant of the vital facts and developments of the international situation. They are being misled to remain hoodwinked and ignorant until the war ends unless the Allies find means of placing in their possession a complete and unadorned statement of the facts."

"To my mind the only satisfactory channel of communication is through the German Socialists, and particularly the German minority Socialists. I would rather consult with the German minority Socialists than with any other representatives of the German people after the war, even though Germany has been completely defeated in a military sense. For it is the leading cause of the German Socialists that, though they formed part of a nation built up on military victories and incited from birth with a war, they are the greatest war of history stood aloof from their own government denounced in unequivocal language its cause and designs of conquest and domination."

Strongest Party.

"The German Socialists are the strongest party in Germany. When they learn that the people of allied countries are determined that there shall be no compromise between democracy and democracy, and that they will have to set their own house in order before their country can figure in the victor's list of the Allies, there may be big results."

"I do not accept the suggestion that the overthrow of absolutist government and the democratization of the machinery of the government is an after-war problem, and I have reason to know that this also is the view of some of the best Socialists of Germany."

"The soil is fertile in Germany, ready for the sowing, the sower is to hand. All that is lacking is the seed, which we can supply in abundance."

"So I am in favor of a conference in order that we may hand over to the German Socialists unlimited supplies of seed for the revolution for which I am convinced Germany is ripe."

Richard-Gerouard.

Special to The Standard.—Moncton, Sept. 24.—A pretty wedding was solemnized in Assomption church today when Miss Maud Gerouard, daughter of Mr. and Mrs. Cyril Gerouard, became the bride of Adelard Richard, son of Mr. and Mrs. Maurice Richard, all of Moncton. The ceremony was performed by Father H. D. Cormier, in the presence of a large number of friends. After a wedding trip to Nova Scotia points Mr. and Mrs. Richard will reside in Moncton.

HONOR MEMORY OF FRANCIS K. WOODS

Memorial Service for Hero Who Gave Life for the Empire in France.

Special to The Standard.—Armstrong's Crossing, Sept. 24.—The hall at Armstrong's Corner was filled on Sunday when a memorial service in honor of Francis Kenneth Woods, son of Mr. and Mrs. Frank Woods, of this place, who was killed early last spring while serving king and country in France, was held. The service was conducted by Rev. Mr. Prescott, Anglican clergyman, who was assisted by Rev. Mr. Chapman, Methodist clergyman.

Rev. Mr. Prescott, who comes from Newfoundland, has taken up his duties as rector of the parish of Peterborough and is being warmly welcomed to his new charge.

The many friends of William J. Smith, who was operated on last week by Dr. A. A. Lewis, of Wolford and Dr. J. A. Caswell, of Gagetown, for appendicitis, will be glad to learn that he is improving.

NURSE GUILTY OF CRIMINAL NEGLIGENCE

Miss Edith Copeland of Toronto Held Culpable in Woman's Death.

Toronto, Ont., Sept. 24.—Miss Edith Copeland was found guilty this morning by Judge Costarworth of the charge of criminal neglect in connection with the death of Florence Cook, whom she was nursing. After giving his judgment, His Honor sentenced Miss Copeland to six months on the jail farm but on the application of her counsel, Mr. James Haverson, K. C., for a reserved case, he withdrew this sentence and deferred his final decision until the opening day of the December sessions. In applying for a reserved case, Mr. Haverson claimed there were three alleged irregularities in the crown's case.

ARCHDEACON FORTIN DECIDES TO RESIGN

Winnipeg, Sept. 24.—After a pastorate extending over 43 years, Very Rev. Archdeacon Fortin, rector of Holy Trinity parish, will tender his resignation at a congregational meeting next Monday evening, according to an announcement made today. He was ordained a priest in 1876. He came to Holy Trinity Church, Winnipeg, in 1876.

Archdeacon Fortin is father-in-law of His Lordship Bishop Richardson.

BREAKS WORLD RECORD.

Washington, Sept. 24.—Increased to almost eight billion dollars, the urgent application measure ever presented in any nation, was favorably reported to the senate today by the appropriation committee. Senator Martin gave notice that it would be called up tomorrow. Speedy passage was forecast by leaders.

FORMER ALBERT CO. COUNCILLORS AGAIN

Majority of Incumbents Unopposed—Mix-up in Harvey.

Special to The Standard.—Moncton, Sept. 24.—Municipal elections will be held in Albert county next Tuesday, October 2nd, and the nominations closed today. The nominations show old councillors elected by acclamation in the majority of parishes. The nominations: Hillsboro, F. M. Thomson; Harvey Stevens, old councillor; Coverdale, Lewis Smith, S.S. Ryan, old councillors; Hopewell, W. J. Carworth, C. M. Fye, old councillors; Alma, William Rossmel, Judson Cleveland, old councillors; Elfin, T. A. Goggin, old councillor; Bishop and Snowball Colpitts, new men; Harvey, W. H. Morton, L. V. Bishop, old councillors.

There is a mix-up in Harvey parish where the clerk posted notice that the election would be held on the second Tuesday in October. The old councillors knowing the date was a week earlier filed nominations today and they were the only ones received. What the outcome will be is not yet known. The municipal elections in Westmorland take place October 3. So far there has been little heard as to the candidates in the different parishes.

TWELVE BUILDINGS BURNED IN QUEBEC

Quebec, Sept. 24.—At least twelve houses, stores or larger establishments are now a heap of ruins in the heart of the village of Metabetchouan, Lake St. John, after a fire that broke out today. Nobody was hurt. Owing to the present difficulties of the G. N. W. Telegraph Company, it is hard getting full details of the conflagration.

TOBACCO FOR THE LONE SOLDIER

The Soldiers' Comfort Association are making a special appeal for tobacco, to send forward with their Christmas boxes early in October. Send in your contribution early.

"How Many of our Men are Liable to be Drafted?"

The Canadian business man is asking this question often, now that the Military Service Act is the law of Canada. A simple means of answering it at once is being provided.

Medical Boards are in process of formation throughout the country for the free physical examination of all men who apply. The first class liable to call includes all single men and widowers without children between the ages of 20 and 34 inclusive, all men married after July 6, 1917, being classed as single for the purposes of the Act. In a very short time, the average employer may learn how many of his staff are liable for selection. Those adjudged physically unfit will be given a certificate which will secure them exemption from any ground. The employer will be given a chance to decide if he should seek exemption for any employee whose physical condition renders him liable for selection.

This early medical examination, which quickly decides if a man is liable for selection or not, is a feature of the operation of the Military Service Act calculated to appeal strongly to the business community. It assists in definite planning for the future, enabling an employer of labor to learn at once what men will be left at their work and those who may be removed for military service. Haphazard withdrawals, the nightmare of business men of method and precision, are insured against by this timely arrangement.

Every employer of labor will find it to his advantage to note carefully the formation of Medical Boards in his locality and to be sure that his employees secure as early as possible this very important information as to their status under the Military Service Act.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved."—H. M. The King. TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

THE PARTY OF BLANDER. OUR TRADES UNIONISTS ARE LOYAL.

Canadian newspapers that play the game of Laurier are attempting to blind their readers to the really important issues at stake in the approaching election campaign. They do not discuss the compulsory service bill or its provisions; they do not tell their readers that if Laurier is returned to power he will wipe the act off the statute books; they conveniently seek to forget that the attitude of Laurier and his colleagues implies a willingness to desert the boys who are fighting our battles for us. None of these questions are they willing to touch. Instead, they hark back to the old cry of scandal and graft. They allege that the Government has permitted its friends to make undue profits at the expense of the people and that the war has really furnished an opportunity for political favorites to be wealthy at the public expense.

What is there to furnish ground for such allegations? Absolutely nothing. In the early days of the war the Liberals made charges concerning boots, horses, binoculars, card dressings, shells and other items entering into the equipment of an army for the field. Promptly the Government investigated these allegations and what was the result? An exhaustive enquiry before the Public Accounts Committee developed that out of hundreds of thousands of dollars spent for war equipment up to that time something like six thousand dollars had been diverted from its legitimate channel. In that case the evildoers were promptly punished and forced to make restitution.

In the boot charges nothing was shown except that one Liberal contractor tried to get an undue profit. The binocular charges revealed that petty grafting there was done by a Liberal firm and an official appointed under the Liberal government. The horse charges brought to light a few isolated David Harms in the neighboring province of Nova Scotia and for the most part they were Liberals. The Kyo-Carvell shoe charges were shown to be fabrications of the men who made them, and in no one solitary instance was there elicited a fact which cast a shred of suspicion against the Government or any member of it.

If further evidence of this is required the case of the session just closed can be cited. Before that session opened the Liberal papers from the Atlantic to the Pacific screamed that Parliament would reveal a sickening mass of rotteness and corruption the effect of which would be to drive the Borden Government from power. What happened? The men who shrieked of these things lacked the courage to prefer charges when the proper time came. No inquiry was asked in the Ross rifle matter; those who claimed that Ministers of the Crown had conspired to send Canadian nickel into Germany to be returned in the form of bullets in the bodies of Canadian soldiers slunk away like curs when the opportunity was given to prove the claim.

In the only case where they did try to prove a charge—that the Canadian Government had granted in the sale of a ship to Russia—the evidence showed that the Borden Government had intended to prevent a private contractor from making an undue profit at the expense of the Russian government. **THUS THE UNPRECEDENTED SPECTACLE WAS PRESENTED ON A SESSION OF PARLIAMENT ON THE EVE OF A GENERAL ELECTION BEING WITHOUT A PUBLIC ACCOUNTS COMMITTEE INVESTIGATING CHARGES OF GOVERNMENTAL WRONG.**

In the face of these facts, and they are facts, what is the sense of any Canadian newspaper trying day after day to belittle Canada's effort, to undermine the Government in the confidence of the people? The newspapers which indulge in that sort of thing—and for the good name of the Canadian press it should be said that they are but few, and largely confined to the Maritime Provinces,—may think it is good politics to continue this mining and sapping at the Government of the country, but the Canadian people will want the facts before they listen to such a campaign. There is nothing to be gained by deliberate untruth at any time. The present moral bankruptcy of the Laurier party may be traced directly to the tactics of a group of machine partisans who have depended upon detraction and defamation of the Government to work their way into power. They have been so busy at their work of slander that they have neglected to furnish themselves with a comprehensive, constructive platform upon which they can appeal to the people.

In the meantime it is well to remember

ber that while food in high prices are also high and that the cost of producing food is considerably in excess of what it was in times of peace. In the matter of food control no one class can be permitted to benefit unduly at the expense of the other and to reconcile both elements is a task calling for all the ability the Canadian official possesses. It is the duty of all Canadians to co-operate with him, instead of indulging in nasty criticism.

CANADA'S NEW FRANCHISE ACT.

The Huntingdon Gleason, one of the strongest, most prosperous Liberal weekly publications in Canada, has this to say of the War-time Elections Act:

The bill to regulate the taking of the vote at the approaching election is now being debated at Ottawa. Considering the draft, it is deemed advisable that only British born, or foreigners who have been resident in Canada for at least fifteen years should be allowed to vote. This restriction is being loudly denounced by the opposition, who would have Germans, Turks, and Austrians join in electing the government that is to rule the country in these perilous times. Common sense would dictate that it is simply an act of self-preservation to provide that, while the war lasts, they should not share in electing members to Parliament. Sir Wilfrid Laurier spoke with a flourish about preventing them being a breach of faith, that on the other hand, the bill was a denial to them of privileges which they believed had been conferred upon them. The simple reply is that we are not going to take chances of helping the enemy, which members elect by simply an act of self-preservation to provide that, while the war lasts, they should not share in electing members to Parliament.

Perusal of the reports of Ottawa newspapers, representatives of which gathered at the labor parliament, are particularly interesting as reflecting the opinions of the delegates from various parts of Canada. The men who wanted to stay in the war to the last were easily in the majority at the sessions, and they presented their arguments in a strong purposeful manner that left no doubt of their sincerity. They were not confined to any one section of the country, nor did any section of the country stand alone in its support of, or opposition to, conscription. From Montreal, for instance, Delegate Cassidy, an Irishman, denounced compulsory service in all its moods and tenes and announced that he would submit to imprisonment before he would obey it. From the same city Delegate Lynch, another Irishman, who, the Ottawa papers tell us, spoke with "a pleasing brogue," was equally vigorous in support of conscription and told the congress it must be resorted to "to free the earth from the German monster." A delegate from Saint Ste Marie agreed with all Delegate Cassidy said, while another representative from the same city declared he had three sons in khaki and three more willing to go.

ARMY NEEDS ARE MISUNDERSTOOD.

Ottawa, Sept. 24—Serious misunderstandings with regard to the Military Service Act are being cleared up as a result of the educational campaign now being conducted by the Military Service Council. This campaign is not as serious as first supposed, being confined mostly to shock and awe produced by flying gravel. His companion, James McNamara, who was also injured by the blast has been removed to the General Public Hospital.

THE FOOD CONTROLLER. Dr. W. C. Kierstead who has been in the city conferring with the local executive of the food control committee, left for Fredericton last night. He will open an office in that city and will devote the coming year to organizing the province. At the present time he is gathering up information as to the amount of foodstuffs in the province and it is the intention to conduct a big advertising and educational campaign looking toward the conservation and preservation of foods generally wasted. The full details of this campaign have not yet been worked out, but it has been suggested by the

Baron Rhonda represents a non-agricultural people, purchasers of food, who are naturally anxious that the price at which that food can be purchased shall be as low as possible. Mr. Hanna represents an agricultural people, for the most part producers of food, who are concerned over the selling price of what we must eat. The food controller of Canada, like the food controller of the United States, faces a situation vastly different from that confronting Baron Rhonda. Here, the voice of the farmer, the food producer, is as loud as that of the consumer and the interests of one are not identical with the interests of the other.

In Canada the law of supply and demand is responsible for the price of food and the controller, no matter who he may be, cannot overlook that condition. Those who supply will naturally demand the highest price the market will allow, but it is the food controller's work to see to it that the margin of profit exacted by the seller from the buyer is not inordinate or excessive. That he is preparing to do in the meantime it is well to remember

Little Benny's Note Book

Yesterday afternoon me and Sam Cross and Skinny Martin was having a catch out on the street, me throwing the ball to Sam and Sam throwing it to Skinny and then Skinny throwing it to me again, and Miss Winkel came to her front door, saying, Boys, do you each want to make a seat?

Which we stopped catching and went over, Miss Winkel being the slightest lady in the block, and she said, Come rite down the cellar and Ill show you what I want you to do.

And she took us in the house and down the cellar, and what was down there but about 50 boxes full of asses standing around, and Miss Winkel sed, Now Ill tell you all I want you to do, I meery want you to carry those asses up into the back yard and jest leave them there, and then Ill give you each a seat.

All the boxes being big boxes and looking hevvy as anything, and me and Sam Cross and Skinny Martin looked at each other and started to shake our heads, but not shaking them out loud, and Miss Winkel sed, Well, how about it?

We haif to tawk it over first, sed Skinny Martin. My goodniss, a persin mite think it was some grate bleniss tawksackshin. All rite, hurry up and tawk it over, sed Sam Cross.

Well, I never, sed Miss Winkel. And me and him and Skinny Martin waked up the cellar steps and went out to the front street again, wich jest as soon as we got out there we started to run like the doose.

food controller that the campaign be conducted through the agricultural and educational departments of the various provinces. They also suggest that the domestic science schools, of which there are a number in the province, hold demonstrations on one day a week, of canning, to be open to the public.

FERRY TRAFFIC TIED UP.

On account of a cracked shaft the ferry boat, Governor Carleton was taken off the route at 8.30 yesterday morning. As the Ludlow was a ground undergoing repairs she was not able to be put on the route until 3.30 yesterday afternoon. Great inconvenience to the people in the habit of using the ferry was caused, especially in the morning when they were going to work. The West Side cars were taxed to their capacity to take care of the increased traffic occasioned by the breakdown of the ferry service. At a late hour last night it was not known when the Gov. Carleton would be ready for service again.

INJURED MEN RECOVERING.

William Hay, who was injured by the explosion of a dynamite charge at Harvey Station Saturday while at work constructing a car siding, is now resting comfortably. His injury was not as serious as first supposed, being confined mostly to shock and cuts produced by flying gravel. His companion, James McNamara, who was also injured by the blast has been removed to the General Public Hospital.

IF YOUR EARS RING WITH HEAD NOISES

If you have Catarrhal Deafness or head noises go to your druggist and get 1 ounce of Parmitin (double strength), and add to it 1/2 pint of hot water and 4 ounces of granulated sugar. Take 1 tablespoonful four times a day.

This will often bring relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial.

CASUALTIES IN WHICH VETERAN CORP. MURRAY POSER, COLONIAL BATTLE SCARRED HERO WERE FIGURE PROMINENTLY
 Pte. Clarence L. Mills Killed—Was Reported Missing—Sergt. S. A. Corbet of the 26th Killed—Other Casualties.

Mrs. Mary A. Mills, 119 Queen street, widow of Norman T. Mills, has received word from Ottawa that her son, Pte. Clarence Lemuel Mills, infantry, previously reported missing, is now confirmed to have been killed in action. The deceased soldier enlisted here in the 116th Battalion, coming here from Western Canada to enlist. He was transferred to the 58th Battalion in England, and served at the front for about 15 months. In a letter dated July 19th, the last received by his mother, Pte. Mills said he was then returning to the trenches from a furlough. Pte. Mills was well known about the city, and formerly worked in the picture department of C. Flood & Sons. Recovered from illness. Sergt. Ronald M. Morris, son of Mr. and Mrs. M. T. Morris, Paradise Row, in a letter home tells of having recovered from his recent illness. He expects to go on a six weeks' furlough to Ireland. Sergt. Morris holds a responsible position in the army post office in England, where he handles the mail for the Canadian forces. Killed in action. According to advice received by Mrs. Frederick Wolfe, 149 Moore street, Sergeant G. A. Corbet, of Elgin, Scotland, and formerly a member of the 26th Battalion, was killed in action on August 15. Sergeant Corbet had been over two years at the front in which time he had suffered no injury. He was a stretcher bearer in the regiment, a post of greatest danger, and is spoken very highly of by his former comrades now in the city. He came to Canada about four years ago from his home in Scotland and was employed up to the date of his enlistment as a baker with T. Rankine & Sons. Blaisey Champion Killed. Lieut. W. J. Clifford, winner of the King's prize in 1911, at Blaisey, has been killed in action in France.

THE SARDINE FACTORY PROPOSITION DISCUSSED
 Will Be Taken Up Again Today by Council—Mr. Belyea Wants Free Water and Taxes—The Milk Question—New Heating Wanted for City Hall.

The sardine factory site and milk were the subjects under discussion at the committee meeting of the council held yesterday morning. It was decided to further consider the factory site at today's meeting. The Mayor presided at the meeting and all the members of the council were present. J. Fred Belyea was present and asked some concessions among them tax exemption and free water to the amount of 25,000 gallons per day. He is asking for the site at the head of No. 15 street. The proposed factory would cost about \$50,000 and employ one hundred hands. Commissioner Fisher asked if the question of offensiveness had been considered. Commissioner Wigmore said he had lately been through the factories at Lubec and Eastport and found they were not offensive. He does not favor the giving of free water as all plants in the city were paying for the water used. It was finally decided to furnish each commissioner with a typewritten copy of the concessions asked for and the matter will be taken up at today's council meeting. Commissioner Fisher thought it would be advisable to instruct Commissioner Wigmore, who will attend the convention at Ottawa to discuss the milk and milk products situation, as to the attitude of the St. John City Council regarding the present price of milk. The other commissioners did not think this advisable. Commissioner Fisher offered the following resolution regarding the milk situation in the city: "1. That in the opinion of the Common Council of the city of St. John the retail price of milk in St. John at the present time should be ten or ten and a half cents per quart instead of twelve cents, as being charged, delivered at the houses in bottles; that the producers' portion of the price should be about five and a half cents per quart, this being for the milk placed in the dealers' cans and delivered at the nearest railway station, and that the dealers' portion of the retail price should be about four and a half cents per quart; this amount covering freight to St. John, teaming, labor, wastage, etc., and the furnishing of cans and bottles. "2. That the milk producers of Kings county, N. B., in recently combining and raising from five to seven cents per quart, the price of milk delivered at the nearest railway station for shipment to St. John dealers, have apparently committed an illegal act and that proceedings should be taken against them by the Dominion authorities." The resolution failed to find a seconder. In speaking on the situation Commissioner McLellan gave some figures showing the increase in the cost of food. He referred to the need for an inspector as he claimed the quality was much more important than the price. Commissioner Fisher drew attention to the heating apparatus in City Hall

which was in need of repair. Commissioner McLellan agreed with him that it was not what it should be and he would be glad to install a better if the money was provided. Mayor Hayes reported no further word from the Century Coal and Coke Co., or Mr. Kerr, in regard to the city's order for 10,000 tons of coal.

"SHARED BY EVERYONE"

Profits from the sale of home products are shared by every resident of our city. The manufacturer, the retailer, the consumer—all participate. The manufacturer is able to offer steady employment to his workmen at good wages. The dealer can offer better goods, better values, better service. The consumer gets the advantage of all this—and is in addition assisting in contributing to the general prosperity of the entire community.

The theory of reciprocity—which reduced to its simple terms means "you trade with me, and I'll trade with you"—is fundamentally the foundation of this Home Products Campaign. That this theory is successful in active practice is demonstrated by the growth of our cross roads settlements into prosperous and thriving communities.

The city in which you live is deserving of your united support. You can best lend your support by buying and stocking Home Products.

AUTOMOBILE DAMAGED. A delivery auto-truck owned by G. W. Hathaway had a front axle badly damaged on the corner of Main street and North side of King square.

SCHOONER NOT ASHORE. The captain of the schooner Harry W. Lewis states that the announcement that his vessel touched bottom on the last trip was incorrect.

THE POLICE COURT. In the police court yesterday morning George Galbraith was charged with supplying liquor to certain men. As the witnesses for the prosecution were not available when court opened, the case was adjourned until tomorrow morning.

SATISFACTORY TESTS. After water was turned on the 24-inch mains Sunday, tests were made with the hydrants along the Mansu wagonish road. A great pressure was shown and the tests were most satisfactory.

ENJOYABLE DANCE. A social dance was held last night at the R.K.Y.C. rooms, Millidgeville. There were about fifty people present and a very enjoyable evening was spent. The dance broke up at a late hour when those present returned to the city by automobiles.

VIOLATION OF TRAFFIC LAWS. W. H. Bell was before Magistrate Ritchie yesterday afternoon charged with not having his automobiles properly registered. As Mr. Bell has since disposed of one of his cars, the case was postponed until this morning when the matter will be further taken up.

NOBODY WANTS THE JOB. The tenders for hauling the coal ordered from J. S. McGivern by the school board closed yesterday but up to last night the secretary had not received a single tender. One man made an offer to do the work but had failed to submit a tender. It is likely a special meeting of the buildings committee will be held in the near future to deal with the matter.

BROKE HIS ARM. The young son of Fred Fowle, 185 Bridge street, met with a painful accident yesterday afternoon. He was playing with other boys in the school yard when he was pushed by one of his school mates and fell, breaking his right arm about half way between the wrist and elbow. He was taken to the office of Dr. J. T. Dalton who set the bone.

RECORD SUNFLOWERS. Albert G. Presley, shipping clerk at the York Cotton mill has a row of sunflowers of which he is justly proud, and which he claims cannot be matched around St. John. The highest stalk is nine feet six inches in height, and ten of the stalks are over nine feet in height. The largest flower is ten inches across, and one of the stalks has over twenty blooms on it.

EXPENSIVE LUXURY. Strawberries at a dollar a piece seem rather a luxury, yet this is what they cost one amateur at Rothessy. Last summer he planted \$6 worth of plants and from the lot picked just six berries. He also confesses to having paid \$5 for a barrel of seed potatoes, and from that he got a return of three-fourths of a barrel. He did get a splendid crop of blackberries, he says.

LAST DAY FOR PERMITS. Saturday of this week will be the last day on which permits will be issued for grade one of the city schools, and those desiring them must apply before that time. Up to date 1,168 permits have been issued this year, as compared with a total of 1,107 for last year. This makes 65 more issued this year than last and with those called for this week this number will be increased.

HAD LARGE EXPERIENCE. The Rev. Mr. Orchard of India will be one of the speakers at the N. B. United Baptist convention which opens today. Mr. Orchard's address should be of particular interest as he has had a large experience in mission work in India. He is a New Brunswick native and a graduate of the U. N. B. He went to India seven years ago under the Maritime Foreign Mission board.

VENILES STRONGLY CENSURED. Three boys, ranging in age from ten to fourteen, were before the magistrate yesterday afternoon for stealing the Imperial Theatre during the evening show. The boys were fined by the magistrate that if ever came before him again he would be sentenced to prison. They were allowed to go after promising in future they would attend the theatre in the afternoon and would pay the admission price.

FATAL MOTOR ACCIDENT. John, Man., Sept. 24—W. P. S. a well known civil engineer, killed when the auto which he was driving turned turtle last night in street. There were three occupants of the car, S. C. Cummings, Mr. Stratford, teller of the Bank of Montreal, and Dr. Grob. There were three other persons in the car, but they were not injured. The condition of Cummings and Stratford is not known.

ND RALLY AND SOCIAL. Young People's Society of Grandfield Church held a grand social last night in the hall. There was an attendance of seventy-five. A delightful programme was rendered including by Miss Reta Brennan, Messrs. Lecheur and Charles Salmon, as given by Rev. H. A. and Rev. W. H. Barracough. Games were played, after refreshments were served. All had the evening to have been enjoyable one.

OCTOBER 5TH, DATE SET TO HAVE REGISTRATION OFFICE READY IN CITY

W. E. Ewing Receives Official Advice to This Effect—All Men Liable for First Call Must Report to Him Either in Writing or in Person—About 19,000 Affected in Province—Office on Prince William Street.

W. E. Ewing, provincial registrar under the Military Service Act for New Brunswick, has received official word to have everything in readiness by October 5th, 1917, for the registration of the men eligible for the first call. This means that the proclamation to be issued by the Governor General, ordering the men affected to report for duty either in person or by formal application, will no doubt become effective on or immediately following this date. Mr. Ewing is now completing final arrangements in regard to his staff and office fixtures. In conversation with Postmaster Sears, after learning the opening day for the office of registration, The Standard was informed that the registration forms have not yet reached the city, but are expected daily.

Registrar's Duties. Mr. Ewing stated that his duties will consist of compiling a complete list of the men eligible for the first call and who report for military service or claim exemption. He will also deal with claims for exemption and see that they are sent to the proper tribunals. It is likely that the decision of the local tribunal will be classified, and the names of those who fall to be exempted, will be added to the men liable for military service. The list of men eligible for service will then be given to the military authorities who will notify the men when they are to report to their unit. Mr. Ewing stated that it was his intention that all men should report on the date prescribed by the proclamation, no matter whether the men were liable for the service or if they intended to claim exemption. "Every single man, or widower without children, between 20 and 34 years of age, must register," regardless of his intention to apply for exemption, said Mr. Ewing. He cited a case which came to his notice recently where a man with an "A" and "R" (applied and rejected) button asked him if it was necessary for him to report. Mr. Ewing told The Standard that this did not exempt a man from registering with the provincial registrar. He also stated that probably district registrars, one in each county, would be appointed to execute duties similar to his own in their county. Another feature of the act is, that a man applying for exemption will be obliged to pay his own transportation to the place where the local tribunal is sitting. However, where one is liable for military service, and has registered for service with the registrar, he will be granted transportation to the mobilization centre nearest his domicile.

ORDERS FOR CIVIC COAL WILL BE ACCEPTED TODAY

Each Ton to Cost \$13, but \$14 Must Be Deposited to Cover Any Overweight—Reason Why City Had Not Received Confirmation of Order.

A letter received yesterday by one of the leading merchants of the city may explain why the city had not yet received any confirmation of their order for 10,000 tons of hard coal.

Each dealer had to give an account of the amount shipped to Canada during the past twelve months and also the amount now on order for export, and no shipment could come out of the country without special permission. This had a tendency to delay shipments and possibly was the reason why the Century Coal and Coke Co. had been unable to definitely accept the city order.

Today the chamberlain will be prepared to accept orders, accompanied by the cash for coal. J. S. McGivern has notified the city that he has arranged for 1,000 tons, and seven cars of this are now on the way here. The price will be \$13 per ton delivered, dumped, but each citizen will be required to make a deposit of \$14 per ton to cover any overweight. When the coal has been delivered any money coming to the party who ordered it will be returned.

Each load will be weighed, and may weigh a little less or a little more than a ton, and for this reason the extra dollar deposit is required, but the price will be \$13 per ton. The mayor said last night while orders would be accepted and filled in the order received as long as the coal lasted delivery would not be guaranteed, but if enough coal was not available to fill all the orders received their money would be returned.

SEVENTY-SEVEN RECRUITS REPORTED FOR DUTY IN N. B. DURING LAST WEEK

Thirty-Eight Out of the Total Were Secured in the United States—Majority of These for Kilties.

There does not seem to be a very great rush to join the colors by the young men to save themselves from being conscripts," remarked Lieut.-Col. McAvity, as he signed the weekly report which was issued yesterday and herewith published. The report shows that seventy-seven men were secured for the week, and out of this number thirty-eight enlisted in the United States. The tabulated list follows:

JUDGE BARRY PRESIDING, CIRCUIT COURT TO OPEN THIS MORNING IN CITY

One Session of the Circuit Court Overlaps the Other—Arson Case to Come Up This Morning.

Probably for the first time in the supreme court practice of the circuit court one session of the circuit court overlapped another. This is due to the length of time which was required to hear the two trials in the case of the King vs. O'Brien and Hughes. In addition to the case against them, several other important cases which took up considerable time. Judge Barry of the Kings Bench Division will open his session this morning. In addition to a motion asking for the discharge of the two striking plumbers, other motions will be heard by Judge Barry. It is likely that the counsel for the defence in the case against O'Brien and Hughes will ask for the dismissal of the case against them, at least as a security for their future behavior. It is understood that in the absence of Attorney-General Byrnes, Dr. W. B. Wallace, K. C. will represent the crown. J. A. Sinclair and E. J. Hennessy will act as counsel for O'Brien and Hughes.

MANY LICENSES HAVE BEEN GRANTED IN ST. JOHN TO SPORTSMEN

Moose Bagged by Local Huntsmen in Vicinity of Theobald Lake—Moose Meat Not Yet Abundant.

Roy Treacart and Mike Divine returned last night after a successful hunting trip to Theobald Lake. As a result of their efforts they landed a moose, which will arrive in the city this morning. The Standard was informed yesterday that today thirty licenses have been issued at the provincial government rooms on Prince William street, and at Phillips' tobacco store on King street, over one hundred licenses have been issued. The statement was made at Phillips' tobacco store yesterday afternoon that licenses were being issued in slightly larger numbers this year than in previous years. At the country market a dealer in moose and venison stated that moose were scarce at the present time but he said that this condition would be remedied in a couple of weeks when moose will be coming in in large quantities.
