

RUMANIA IS EXCEEDINGLY PROSPEROUS. Everybody Has Money and is Spending it Freely in Enjoying Life.

THEATRES AND EATING HOUSES ALWAYS FULL. Crops Promise to be Greatest in History of Country.

Bucharest, June 18.—(Associated Press)—If ever Rumania felt she was poorly compensated for her part in the war, the feeling must now be reversed. Not in many years has the country been so prosperous.

The scenes of gaiety, animation and prosperity in Bucharest can find their counterpart only along the boulevards of Paris. The habitues of the gay metropolis—the artists, sculptors, students and savants that gave it so much of its Bohemian atmosphere in days gone by have come back.

The streets of Bucharest are crowded with freshly-dressed men and smartly attired women, just as in previous days. The stores display great stocks of pastries, confections, cosmetics, perfumes, silk stockings, expensive lingerie, rich jewels and other luxuries.

The old era of wine and song, of laughter and levity, of powder and past, is coming back. Bucharest is trying hard not only to live up to its former reputation, but to justify its claim to be called "the Paris of the Balkans."

The sacrifices the little Latin country made during the war have been forgotten in the acquisition of the rich territories of Transylvania, Bessarabia and Bukovina. These fertile areas have brought tremendous wealth to the country.

In normal times these unexhausted resources could have yielded enough to feed the whole of Europe. The wheat fields of the Transylvania and Bessarabia are among the greatest in the world.

Of Rumania's 10,000,000 hectares of cultivated land, more than 85 per cent is given over to the growing of cereals, the largest per cent of any country in the world except Russia, Georgia and the South African Union.

When it is understood that 85 per cent of Rumania's population is supported by agriculture and that the present crops promise to be the greatest in history, the reason for the country's prosperity and well-being will become apparent.

SICILIAN REPORTS LOSS OF PASSENGER AT SEA. Montreal, June 20.—The steamer Sicilian, Canadian Pacific Ocean Service, which docked here today from Glasgow, reported one passenger missing. Thomas Casey, Irishman in the third class had jumped overboard two days out from Glasgow. He had not been in good health when he embarked.

Free Distribution. On Wednesday next, The Standard's Classified Business Directory will be ready for Free Distribution. On Tuesday copies will be sent by mail to all subscribers. Persons whose business addresses do not appear in this booklet, or subscribers who desire additional copies, should call at The Standard office for them.

TROUBLE BREAKS IN AUSTRALIAN GOVT. Treasurer of Commonwealth Dislikes Being "Telegraph Messenger" to Premier and Resigns His Post.

London, June 20.—(By Canadian Associated Press)—Hon. W. A. Watt, Treasurer of the Australian Commonwealth, who has just resigned office while on an official visit to England, has published a statement which claims that he was seriously embarrassed regarding the wool negotiations and himself that, as Premier Hughes was cabling direct to the British Government, a proposition which differed from those presented by himself, such important negotiations could not be simultaneously conducted by Australia and by himself in person.

Mr. Watt further says he was advised by his Government that he had been appointed Australian Plenipotentiary in connection with the Spa Conference, but at the same time was advised not to agree to any extensions in certain matters without Premier Hughes' authority.

Mr. Watt concluded by inviting Premier Hughes to publish the telegram exchanged between themselves.

CHARGED WITH MURDER OF FATHER. Lake Ste Maria Farmer Held on Recommendation of Coroner's Jury.

Ottawa, Ont., June 20.—Louis Langlois, a farmer of Lake Ste Maria, is held in the Hall Jail on the charge of having wilfully murdered his father, Mr. Thomas Langlois, whose death took place on or about May 19, under suspicious circumstances. The charge of murder against Langlois has arisen through the suspicion of Rev. Father Lovack, and a son of the deceased, Joseph, from Timmins, Ont., who arrived on a visit to his father recently only to find that he was dead.

Acting upon instructions from the Attorney General's Department, Dr. A. H. H. Langlois, and an inquest was conducted by Coroner T. H. Davies, of St. John's, yesterday at which the jury returned a verdict that Mr. Langlois had come to his death as the result of being struck over the head with a blunt instrument as recommended that his son be held as a material witness.

SUCCESSFUL N. B. STUDENTS. Montreal, June 18.—It was announced today by MacDonald College, one of the affiliations of McGill University, that in the school of agriculture P. M. Daly, of 263 Charlotte street, St. John, has passed all the examinations of the third year and gained general proficiency in subjects of the general course.

From shortly after 9 o'clock pandemonium reigned. A shot fired from one party into a crowd of rioters, sent into violent rioting. Party cries were raised, and the Unionists, assembled at the house of Upper Pointe, which poured volley after volley of rifle and revolver fire into Longstreet, which with disastrous results.

Another crowd of Unionists, in Albert street, maintained a cross-fire in the direction of Bishop's Gate, with the result that the people in the vicinity fled panic-stricken to shelter. The rioters did not seem to be so well provided with weapons as their opponents, but they maintained a vigorous defense.

POHAQUI LOSES SCHOOL BUILDING. Superior School Destroyed by Fire Last Night—Regarded as Incendiary Act.

Pohaqui, June 20.—The community suffered a heavy fire loss when the Superior School building, erected six years ago at a cost of \$6,000, was totally destroyed tonight. The fire broke out at 11 o'clock and spread with rapid headway that it was impossible to save anything from the burning building. A very valuable library, placed in the building last year, went with the rest. By the heroic work of Miss Robinson, one of the teachers, the school register was rescued.

There had been no fire in the building for over two weeks, and no one is supposed to have been in it since Friday afternoon, and its destruction is thought to have been an incendiary act. The loss is partially covered by insurance.

GOV. MILLIKEN HAS OPPOSITION. Augusta, Me., June 20.—Three candidates will oppose Governor Carl E. Milliken in his quest for re-nomination by the Republican Party for a third term two years at the State primaries tomorrow. The biennial election will be held on September 13.

FURIOUS RIOTS SWEEPING CITY OF LONDONDERRY. Nationalists and Unionists Engaged in Bitter Struggle, Several Being Killed, Many Wounded.

Londonderry, June 20.—(By The Associated Press)—Five persons were killed, ten others seriously wounded, several of them probably mortally, and about one hundred others were less seriously injured during a period of desperate fighting in this city Saturday night. The fighting was accompanied by several attempts at incendiarism, one of which resulted in the burning of a large drapery store.

The rioting was a continuation of the disorders of Friday night when Nationalists and Unionists were engaged in clashes for several hours, and the military had to be called out. A military remained in what were considered the danger zones, but, notwithstanding its presence, the disorderly elements held sway for some time. In many instances persons who were suffering from minor wounds went home without receiving treatment. The authorities have no record of the number of such cases.

Among the wounded are several shipyard workers with head wounds. The men killed were Edwin Price, Jas. MacVeigh, Thomas MacLaughlin, Thomas Farren and Jas. Doherty.

Military Called. The authorities had taken elaborate precautions in view of the expected renewal of the disorders. The military fully equipped, took positions at the head and foot of Bridge street, which is the Nationalist quarter, and on Fountain street, the Unionist quarter. An armored car was drawn up at Carle Road, between these localities, to keep the rival factions apart.

The hopes that these precautions would lead to the preservation of peace, however, were not fulfilled, and another night of terror resulted. These latest scenes of rioting, which left the city absolutely terror-stricken, were said to have originated in what at first appeared to be a minor squabble between Unionists and Nationalists at the junction of Longwood street, in the Nationalist quarter, and Upper Fountain street, the Unionist district, these two groups being separated only by Bishop street, the scene of bloodshed for many years during periods of rioting. Men, armed with rifles and revolvers, afterwards came into conflict and before the military could intervene several had been killed.

Pandemonium Reigned. From shortly after 9 o'clock pandemonium reigned. A shot fired from one party into a crowd of rioters, sent into violent rioting. Party cries were raised, and the Unionists, assembled at the house of Upper Pointe, which poured volley after volley of rifle and revolver fire into Longstreet, which with disastrous results.

Another crowd of Unionists, in Albert street, maintained a cross-fire in the direction of Bishop's Gate, with the result that the people in the vicinity fled panic-stricken to shelter. The rioters did not seem to be so well provided with weapons as their opponents, but they maintained a vigorous defense.

POHAQUI LOSES SCHOOL BUILDING. Superior School Destroyed by Fire Last Night—Regarded as Incendiary Act.

Pohaqui, June 20.—The community suffered a heavy fire loss when the Superior School building, erected six years ago at a cost of \$6,000, was totally destroyed tonight. The fire broke out at 11 o'clock and spread with rapid headway that it was impossible to save anything from the burning building. A very valuable library, placed in the building last year, went with the rest. By the heroic work of Miss Robinson, one of the teachers, the school register was rescued.

There had been no fire in the building for over two weeks, and no one is supposed to have been in it since Friday afternoon, and its destruction is thought to have been an incendiary act. The loss is partially covered by insurance.

GOV. MILLIKEN HAS OPPOSITION. Augusta, Me., June 20.—Three candidates will oppose Governor Carl E. Milliken in his quest for re-nomination by the Republican Party for a third term two years at the State primaries tomorrow. The biennial election will be held on September 13.

JURY CONSIDERS FATE OF ROBERT ELLIS TODAY. Prisoner on the Stand All Day Saturday Telling His Story of Happenings at His Home.

Charlottetown, P. E. I., June 20.—The case of Thomas Corbett Ellis, charged with the murder of his wife, will be given to the jury on Monday, the evidence being concluded on Saturday. The prisoner was on the stand all day. After telling the story of his experiences in the army and his marriage with the nurse, Marie Bramplit, in England, he was examined at considerable length about what occurred at his home in Herbyville on the morning of January 6, with a stick of wood and a serving knife. The last time he saw his wife was 8:30 on January 6, and he was told of her becoming melancholy, homesick and discontented, and her threats to leave him, on the morning and evening of January 6, with a stick of wood and a serving knife. The last time he saw her alive was 8:30 on January 6, and he was told of her becoming melancholy, homesick and discontented, and her threats to leave him, on the morning and evening of January 6, with a stick of wood and a serving knife.

On Cross Examination He Admits Having Lived With His Wife Before Marriage.

He told of coming back to the house at five o'clock, after finishing his day's work, and about an hour later going upstairs, looking at his wife's door and finding it barricaded with a trunk, pushing it open and seeing her partly covered with blood. He concluded she had cut her throat, and told his sister so. He did not go into the room because he had been trained in the army that a body is not to be disturbed in the case of suicide or violent death until the doctor or coroner comes. He also testified that he had been responsible in her death for his wife's death.

Cross-examined by the Attorney-General, he admitted having lived with his wife before marriage, but denied getting into any trouble with his superior officer over it. He said his father had turned her out before her death because she was committing an unnatural offence. When he denied abusing or ill-treating his wife in any way and said they occupied separate rooms for two weeks before her death because she was committing an unnatural offence. When she left the house, on the night of January 8, after she attacked him, he thought she had gone to a neighbor's house and would be all right.

This closed the case for the defence, and the witnesses were put on by the Crown to meet the rebuttal evidence and the court adjourned until Monday.

A. F. OF L. ENDORSES LEAGUE OF NATIONS. Bitterness of Feeling and a Show of Hatred Cropped Out from the Irish Delegates.

Montreal, June 20.—With an outburst of feeling that was outstanding for bitterness and strong hatred against the League of Nations, principally it was believed to be British design and for British benefit, the convention of the American Federation of Labor closed at 7 p.m. Saturday by placing itself on record as endorsing the League of Nations by an overwhelming majority.

Particular bitterness was the Irish vote, and it seemed at times that the motion to endorse might be defeated. President Gompers broke his gavel in trying to maintain order and was himself called to "time" for overstepping the speech limit. The eloquence of Vice-president William Green swung the meeting around, and in the end the endorsement by the convention of the League of Nations was made almost unanimous. A policy of "hands off" as regards Mexico was unanimously adopted by the convention. Denver, Colo., was chosen as the convention city for 1921.

FREDERICTON MASONS IN CHURCH PARADE. Special to The Standard. Fredericton, June 20.—Hiram Lodge, No. 6, F. and A. M., marched to St. Paul's Presbyterian Church this evening, headed by the Fredericton Brass Band, and listened to a sermon by Rev. J. S. Sutherland, the pastor. The church parade was in connection with the observation of St. John's Day and was the largest Masonic turnout seen in Fredericton for many years.

NOVA SCOTIA SCHOONER STRANDED ON LANGLEY ISLE. St. Pierre, Miquelon, June 20.—The fishing schooner Mary M. Mosher, of Lunenburg, N. S., stranded on the west coast of Langley Island, one of the Miquelon group today, and it is believed she will be a total loss. The crew was rescued.

BATTLE ROYAL - OVER PLANS OF STEEL MERGER. Upheaval on Board of Directors of Dom. Steel Has Far-reaching Significance.

Montreal, June 20.—The upheaval on the Board of Directors of the Dominion Steel Corporation, at the annual meeting, is taken to mean that the new board at its first meeting, or shortly thereafter, will take up untidely the plan for the merger and that this will receive its full support, and that a special meeting of the shareholders of the Dominion Steel Corporation will be held in the near future to act upon what will undoubtedly be the recommendation of the board. It is said today that the incoming board will be certain of well over ninety per cent of the stock of the Company. At the same time, the opposition that developed in various quarters to the original terms has resulted in the decision not to give any cash payment in connection with the absorption of any of the constituent companies in the merger, and to cut off more than one from the original list. The one that seems slated not to be included is "Forgings," whose Welland and Buffalo plants were to have been taken in, it seems possible that the Port Arthur Shipbuilding Company may not be included and perhaps one or two more.

Today, coming into the merger, a not unlikely development, it would appear as though the project in the Old Country. It has been agreed generally that the Dominion Steel Corporation. The Canadian shipping interest have been recognized as strongly in favor of the most part, as the three names standing foremost in the merger movement, Col. Grant Mordun, M. P., Mr. Wolvin and J. W. Novotny are closely connected. In the case of Nova Scotia Steel and Coal, it was felt that when those behind the merger secured the support of Dr. H. McDougal, the President, Col. Stanley W. D. Ross and the Boston interests, that the way there would be cleared.

The old directors, including Sir Clifford Sifton, Senator Baublen, E. E. Elkin, Lord Furness, Messrs. Talbot, J. F. Stewart, and Edmund Bristol.

Injunction Set Back. The unexpected action of five of the directors of the Dominion Steel Corporation in seeking an injunction to prevent the annual meeting being held on Friday narrowly missed. Flamminger, E. R. Wood, William McMaster, George Caverhill and Senator Dandurand, probably settled the fate of all five members of the new board. Instead the personnel was not settled finally until a few minutes before the meeting when Mr. Wolvin and Col. Grant Mordun were declared.

The petitioners alleged sufficient information had been refused them and sought an adjournment of the meeting. Counsel for Mr. Wolvin declared that all his clients had over a thousand shares out of a total of five hundred thousand. The judge held that the Court could not interfere in the internal management of the company and there was nothing to indicate that the new directors would not exercise as much care and prudence as the petitioners. Much interest was taken in appearance of Sir Thomas White, as one of the counsel on behalf of petitioners.

Workman's Removal. The removal of Mark Workman and J. H. Plummer from the board of directors of the Dominion Steel Corporation takes at once two ex-presidents. That the revolt of the directors would result in the majority of them losing their places on the board was clear early last week, or might, at least, be read between the lines of Mr. Wolvin's letter when he declared: "I wish to make it clear to you that, if the first proxy that reached you has been executed and is not cancelled, it will be voted at the annual meeting of the Dominion Steel Corporation, and I shall be glad to afford the greatest assistance." That word "harmonious" stands out today as quite significant.

When Mr. Workman stepped down from the presidency this spring, it was felt that sooner or later he would decline to sever his connection with the board, and a going would be a somewhat similar course being taken by Wm. McMaster, vice-president of the company, who was associated with the highest office. When the ex-president "Marooned" from London, that "I am opposed to the amalgamation of non-essential companies, although the financial investigation," it looked as if a new slate would not contain his name.

Special to The Standard. Amherst, N. S., June 20.—The Alva Peel case was finished Saturday noon and went to the jury in the afternoon who returned the following verdict: "Guilty on the second charge of arson," and was acquitted on the first and third charges of manslaughter and negligence. His Honor, Judge Hitchcock, then sentenced Peel to four years in Dorchester penitentiary.

BAD MEN PROWL AROUND HALIFAX. Carry Revolvers and Hold-up Innocent Looking Grocery Stores.

Halifax, June 20.—A masked man, with a big revolver in his hand, entered John Gough's grocery store at Fairview at midnight Saturday and the clerk, who was alone in the store, he said "hand over the money." The clerk had just finished counting the day's receipts of \$200 and was about to place the money in the safe when the highwayman entered. The clerk handed him over the money, and as soon as the highwayman left the store the clerk phoned to the police, but when the officers arrived in twenty minutes time, the robber was not in sight.

SUPERANNUATION BILL MEETS OPPOSITION. Some Members Felt Civil Servants Should, During Active Years, Provide for Old Age.

Ottawa, June 20.—A measure to provide superannuation for forty-three members of the Civil Service, occupied the attention of the House of Commons during the greater part of the first Saturday sitting this session. Estimates of the Justice Department, Militia, Penitentiaries, Customs and Excise estimates were put through committee before the House rose at 7 p.m., and a bill to provide for cash payment for gratuity delivered to country elevators was introduced. The superannuation bill met with a good deal of opposition. Hon. Jacques Bureau, thought it did not go far enough. Hon. W. S. Fielding thought the whole matter of superannuation should have been dealt with. Hon. J. A. Calder, who sponsored the bill, explained that it was hoped to settle the superannuation question next session. Meantime the 43 civil servants dealt with must be retired and they did not anyway come under the contribution scheme on which the permanent measure now in session should be based. Hon. T. W. Crothers and J. H. Burnham thought that civil servants should be compelled to provide during their active years for their old age. The bill was given second reading but was not put through committee.

LIQUOR INSPECTOR WANTS THE WHISKEY. Will Take Action Against C. N. R. to Have \$14,000 Worth Returned to Him.

Fredericton, June 20.—Rev. W. D. Wilson, Chief Prohibition Enforcement Inspector, returned from Edmundston last night after interviewing Canadian National Railway officials respecting the \$14,000 worth of liquor seized at Baker Brook early last week, and later held at Edmundston by the railway officials after having been re-shipped to the Government warehouse here. The Chief Inspector declared that he would take legal proceedings to enforce the C. N. R. to deliver the seized liquor to him at Fredericton, and to prevent the railway returning the stuff to the Province of Quebec. The liquor was seized when it arrived at Baker Brook with a number of bags of fertilizer, all billed as fertilizer, contrary to law.

FREDERICTON HEARS TALENTED WOMAN. Addressed a Public Meeting in the Interests of Prohibition.

Fredericton, June 20.—Mrs. L. A. Hamilton, of Toronto, who is a delegate attending the National Council of Women, motored here this morning from St. John with a party of other delegates from Ontario points, and this evening she addressed a public meeting at the Opera House in the interests of prohibition. The object of the meeting was largely to stir up the interest of the women of Fredericton in the plebiscite. Mrs. Hamilton is president and associated editor of the Women's Century publication. She is a forceful public speaker and was listened to by one of the usual large Sunday night audiences.

PEEL CLEARED ON TWO CHARGES. Found Guilty of Arson Charge, and Sentenced to Four Years in Penitentiary.

Amherst, N. S., June 20.—The Alva Peel case was finished Saturday noon and went to the jury in the afternoon who returned the following verdict: "Guilty on the second charge of arson," and was acquitted on the first and third charges of manslaughter and negligence. His Honor, Judge Hitchcock, then sentenced Peel to four years in Dorchester penitentiary.

BAD MEN PROWL AROUND HALIFAX. Carry Revolvers and Hold-up Innocent Looking Grocery Stores.

Halifax, June 20.—A masked man, with a big revolver in his hand, entered John Gough's grocery store at Fairview at midnight Saturday and the clerk, who was alone in the store, he said "hand over the money." The clerk had just finished counting the day's receipts of \$200 and was about to place the money in the safe when the highwayman entered. The clerk handed him over the money, and as soon as the highwayman left the store the clerk phoned to the police, but when the officers arrived in twenty minutes time, the robber was not in sight.

FRANCE TIRED OF TALK, MAY BOLT ON SPA. Believes the Time Has Come to Drop Conversations and Give Orders to Germany.

Paris, June 19.—It is now not so much to be considered whether Italy or Germany desires to participate in or postpone the conference at Spa as whether France will go to Spa. In other words, the Spa is again up in the air until after the meeting of Premier Lloyd George and M. Millerand at Boulogne next Monday. The French press has indicated that he proposes giving but a single day to the Boulogne conference and the intimation is that he is tired of international conversations which up to date have shown no concrete results toward execution of the Treaty of Versailles.

German Elections Showed Impossibility of Doing Anything by Persuasion. Extreme Measures Favored.

There is today a strong tendency again showing in France in favor of extreme measures. No new decisions of any character have been considered, but the "show us" attitude has got a firm hold on French officialdom since the German elections. It is understood here that British public opinion desires the Spa conference, believing the Germans should be made to demonstrate in public that they will come to terms, but the Quai d'Orsay today declares—"I am quoting its exact language—"The German elections have proved that execution of the treaty by mere persuasion is an impossibility."

Time of Action. France therefore opines that the Allies have given Germany ample time to prepare the public for acceptance of the treaty and that Germany remains deaf to their policy of good-will.

UPON SUCH A BASIS IS THE TENDENCY growing that the conversations are useless and that negotiations must become the new order of the day. Premier Millerand prefers therefore to go on to the financial conference at Brussels without touching at Spa. Much depends upon what new accord can be established at Boulogne—the recent role of Lloyd George toward Krassin having reawakened suspicion of "perfidious Albion" in the French mind.

The Boulogne discussion will also center on new methods devised by the Anglo-French experts for the payment of the German indemnity. These experts do not seem certain in the matter of a fixed sum, but are more inclined to return to a system of minimum annuities which shall be augmented according to the increase in the economic prosperity of Germany. All this probably will lengthen the one-day session proposed by Millerand.

GERMANY MUST REDUCE ITS ARMY TO 100,000. Council of Ambassadors Reached That Decision at Meeting Held Yesterday.

Paris, June 20.—The Council of Ambassadors at a meeting today, under the chairmanship of Jules Cambon, reached decisions concerning the disarmament of Germany which are in conformity with those found by the Inter-Allied Military Committee. The conclusions of the Council will be communicated to the heads of the Governments now assembling at Boulogne. One decision reached by the Council was that the German army must be reduced to a maximum of 100,000 men by July 10th, as provided for in the Treaty of Versailles. Premier Millerand, according to Marcel Hatin, in the Echo de Paris, hopes to induce Premier Lloyd George, of Great Britain, to accept the payment of France's 120,000,000 francs gold debt to Great Britain when Germany pays France in reparations. It is believed, adds M. Hatin, that if Great Britain accepts such an arrangement for her debt the United States will accept from France for France's debt 12,000,000 gold francs maturing in the United States in October, a similar method of payment to be made as France collects from Germany.

DROWNED WHILE SAVING HIS CHUM. Toronto, Ont., June 20.—While saving a chum from drowning in the Bay on Saturday afternoon, Walter Johnson, 12 years of age, himself was drowned.

BATTLE ROYAL OVER PLANS OF STEEL MERGER

(Continued from page one.) Sir Thomas Gouin called. Sir Lomer Gouin was asked to become a director, but just before the meeting, made a definite refusal.

Senator Beaubien represents indirectly, large shareholders, and adds to his rapid advance as a director of industrial companies. Within a very short time he has been appointed as director of the Toronto Railway Company, the Canadian Car and Foundry Company, Alcanco, the Dominion Paper, and the Dominion Steel.

In answer to the criticism of L. J. Forêt and Co. the Toronto Monday declared that the non-cumulative preferred stock would pay 1, 2 or 3 on every per cent earned, even if the whole 7 per cent was not.

New Directors The new Board of Directors of the Dominion Steel Corporation, elected at the annual meeting here Friday, are as follows: Viscount Furness, London, Ho. Sir Clifford Sifton, Sir Henry Dalling, Sir Wm. McKeen, Sir Wm. D. Reid, Hon. Fred Nichols, Stanley Kilbride, M. P., Hon. Chas. Beaubien, Edmond Bristol, K. C., M. P., J. W. Norcross, Major General, the Hon. Sir Newton Moore, Benjamin Talbot, J. S. M. Stewart, H. B. Smith, Roy Wolvin. The directors eliminated from the board are Mark Workman, Wm. McKeen, Hon. J. Forêt, Sir H. Montague Allen, whose resignation had been sent in some time ago but not accepted. Gov. Cavell, J. H. Plummer, Toronto, Hon. B. Dandurand, Halifax, E. R. Wood, Toronto. The advisory committee is Col. Grant Moffat, Michael Furness, Sir Wm. D. Reid, Sir Newton Moore, Henry Steel, Benjamin Talbot, Sir A. Travers Dawson. These elections took place without any objection on the part of the disgruntled associates, but not until some five talk had been indulged in for two hours.

Paid to the adoption of the annual report, J. H. Plummer strongly opposed the negotiations being carried on with so little information furnished to the Board of Directors and the shareholders, and refused step by step the course of these negotiations from the time when President Wolvin assured the Board that no intention of forming a merger was implied in the acquiring of fifty thousand dollars of interest in the company by the London interest, down to the absence of the committee appointed by the Board of Directors to obtain all information possible regarding the company's condition and the merger. The members of the Board, he said, only acquiesced partially in the project, and exercised sharp policies in the understanding that the members of the London Board were fully acquainted with and entirely in agreement with the proposal. This idea, however, was destroyed by the telegram from Mark Workman stating he had only just been advised of the proposal, and was opposed to any amalgamation and that Beaubien, Furness and Steele were in agreement with him. The result was their opposition to the project, and the directors had been carefully investigating the action for injunction, defeated to the courts Thursday. Their position was that as trustees of the shareholders they could not and would not let the matter go further on its present basis.

Wm. McMaster asked that all the cards be held on the table. He was advised two points with regards to statements of assets of the British Empire Steel Corporation which could only mean assets and liabilities of the companies entering the merger by a comparison with Nova Scotia under

SUPREME COUNCIL TO BE IN SESSION TOONAY

Conference Expected to Deal With Constitutionality of Treaty of Versailles—Representations Chief Subject. Balaogon, June 20.—Tomorrow's meeting of the Supreme Council here will be held in the Chateau de La Bella, on the site of the ancient chateau De Tries, where the French and British plenipotentiaries in 1859 signed the treaty by which England gave Boulogne back to France. This fact adds to the sentimental interest which Balaogon takes in the conference.

First of the participants to appear was Viscount Chinda, the Japanese Ambassador to Great Britain, and addressed at the evening service at the Queen Square Methodist Church last evening. The subject of her address was "Unity and Service."

She spoke of the many problems that we have to eliminate from our national life if we are to attain that position that has been promised to us. She made a stirring plea for all to strive to eradicate the evils that are retarding our spiritual growth and to lay the foundation for a cleaner and better Canada. She paid a tribute to the worthy laboring man and said that we should lay stress on the dignity of honest toil.

She gave a short resume of conditions throughout the country and spoke of the growth of the Peace Movement not only in our spiritual but also in our material life as exemplified by better working and living conditions, the improvement of schools, etc. In referring to the high child mortality rate in Canada she made a strong plea for more clinics for the children and more attention to the child welfare.

Mrs. Allan of Moosejaw, who is in the city as a delegate to the Women's Council, delivered an address at the evening service at the Queen Square Methodist Church last evening. The subject of her address was "Unity and Service."

The subjects considered divided themselves into three on the following lines: 1. Transportation. Trade, steam service, transport and cable communication. 2. Communications. "Committees were struck to deal with the second and third of the subjects named. On transport Hon. Mr. Ballantyne and Sir George Foster, representing Canada on the subject of cable service, Hon. Mr. Harrell assisted the work of the committee.

In accordance with the request of the National Council, that yesterday afternoon the subject dealing with Women's Work was referred to Yesterday from the Pulpit.

Unity And Service Was The Subject

Mrs. Wm. Allan of Moosejaw Occupied the Pulpit at the Queen Square Methodist Church Service Last Evening. Mrs. Wm. Allan of Moosejaw, who is in the city as a delegate to the Women's Council, delivered an address at the evening service at the Queen Square Methodist Church last evening.

The subjects considered divided themselves into three on the following lines: 1. Transportation. Trade, steam service, transport and cable communication. 2. Communications. CANADA-WEST INDIES CONFERENCE ENDED

Statement Issued Gives Evidence of Great Benefits to Result from the Get-Together. Ottawa, June 20.—A statement issued Saturday afternoon regarding the Canada-West Indies conference said: "The labors of the Canada-West Indies conference have been brought to an end after a session of some days. All the Colonial Governments have been represented which marks a notable advance over the conference of 1913, when some of the most important administrations were not included."

The subjects considered divided themselves into three on the following lines: 1. Transportation. Trade, steam service, transport and cable communication. 2. Communications. "Committees were struck to deal with the second and third of the subjects named. On transport Hon. Mr. Ballantyne and Sir George Foster, representing Canada on the subject of cable service, Hon. Mr. Harrell assisted the work of the committee.

Stirring Address On Social Welfare

Mrs. MacDonald of Edmonton, Alberta, Delivered Eloquent Appeal to Congregation in Carleton Methodist Church Last Evening. A stirring address on Social Service and what is being done in that line of endeavor in her own home town was delivered in the Carleton Methodist church last evening by Mrs. MacDonald of Edmonton, Alberta, a delegate to the National Council of Women.

Mrs. MacDonald delivered a most interesting and eloquent appeal to the large congregation, Christ, she said, was the leader and standard of social service and it was the duty of all to endeavor to the best of their ability, to live up to the standard He had set. It was not enough that one should save one's self, another duty remained that of saving one's fellow. The greater the sacrifice the greater the reward. Service was not judged by quantity but rather by the sacrifice made in the work.

An essential which should be required of every candidate for public office should be experience in social work. He who possessed not a knowledge of humanity did not know through association what the masses feel, and how they live, was not fit for office.

She urged religious instruction in the school. A Catholic woman had said to her that the public school of Alberta was the only place in the Province in which God was not allowed to enter. It was the duty of the Church to see that the ears of children who had never heard His name but in blasphemy, should learn of His love and their debt to Him.

The head of the Catholic Social Service of her Province, Bishop Legault, had said that it was of no benefit to place delinquent girls in institutions to feed them and clothe them alone, their souls, too, must be fed. Mrs. MacDonald said that girls who knew of nothing but wrong and who had lived lives which were absolutely wrong, after being taken into the Home, guarded and protected from evil, returned to the outer world good citizens and changed girls.

An important department of social work had been established in Edmonton in a home for children with broken homes, children who had been deprived of one of their parents. Children in that home had never before the police court. The work was one of prevention, for at the present time the state takes no heed of fatherless or motherless children until they have broken the law, the aim of the home is to care for the children and prevent them from ever breaking the law. It is an object lesson to the State.

The W. C. T. U. was another institution with a power for much good. They had established a home for the center of the foreign population and appointed a nurse to instruct the chil-

COURT DECISION AGAINST AMALGAMATED WORKERS

Grants Permanent Injunction to Michael Sterns Clothing Co. and \$100,000 Damages. Rochester, N. Y., June 20.—Justice Adolph J. Rodenbeck, Saturday, handed down a decision sustaining the Michael Sterns Clothing Company, in its suit against the Amalgamated Clothing Workers of America for a permanent injunction and \$100,000 damages. The decision declares that no labor union had the right to make itself into a labor monopoly, and says that the Amalgamated tried to do so by oustering to undermine, secretly, the United Garment Workers of America of the American Federation of Labor which was recognized in the Michael Sterns factory. Justice Rodenbeck declared the manner in which the strike of the Amalgamated against the company was conducted was made a conspiracy by the use of threats, intimidation and violence.

Developed deposits being capitalized at one hundred and ninety five million. Dominion Steel should be worth three hundred million in shares. Grant Morden made a "vicious denunciation" of the Amalgamated workers' argument inaccuracy. Roy Wolvin moving adoption of the report took no part in the argument but said the directors had been carefully investigating the action for injunction, defeated to the courts Thursday. Their position was that as trustees of the shareholders they could not and would not let the matter go further on its present basis.

Wm. McMaster asked that all the cards be held on the table. He was advised two points with regards to statements of assets of the British Empire Steel Corporation which could only mean assets and liabilities of the companies entering the merger by a comparison with Nova Scotia under

Syracuse Oarsmen Won Feature Event

Won by Length and Half Saturday in International Collegiate Regatta; Cornell Second, Columbia Third and Pennsylvania Fourth. Ithaca, N. Y., June 20.—Syracuse oarsmen won the feature event of the Inter-Collegiate Regatta here on Saturday by a length and a half, after one of the greatest rowing duels ever witnessed in the history of the sport. Length in the wake of the sprinting blade swingers came Columbia, showing the way to the Pennsylvania, which was a margin as great as that which separated the New Yorkers from Cornell. The times of the four crews for the two-mile course were: Syracuse, 11:02 3/4; Cornell, 11:06 1/2; Columbia, 11:21 1/2; Pennsylvania, 11:30.

Syracuse won by a powerful drive during the race. The lead at the start, they lost it the mile mark when Cornell jumped into a scant lead. It was a grueling contest between Cornell and Syracuse. Columbia was third and Pennsylvania fourth at this stage.

At the one and one-half mile mark Cornell was rowing a 33 stroke, and Syracuse was hitting 22. Within the eight of thousands of spectators grouped near the finish, Stoke Ramit, of the Syracuse crew, called for a spurt. The Syracuse power increased, and 75 yards from the finish the Cornell boat passed the Cornell variety, which was rowing its first race of the season.

The Cornell crew could not regain its lost lead and Syracuse finished across the finish line a strong winner. The freshman race was won by Cornell, who finished four lengths ahead of Syracuse. Pennsylvania was third and Columbia fourth. Time 10:53. Perfect weather and water conditions featured the regatta, which was witnessed by crowds of spectators estimated to number from thirty-five thousand to fifty thousand.

Perfect weather and water conditions featured the regatta, which was witnessed by crowds of spectators estimated to number from thirty-five thousand to fifty thousand.

DEVELOPMENTS IN NEAR EAST SERIOUS

Powerful British Fleet Concentrated, and Fresh Reinforcements Sent to Constantinople. London, June 20.—Serious developments in the Near East seem to be the occasion of the hurried convening of the Hythe Conference with the Greek Premier, M. Venizelos, according to some of the London and Paris papers. It is asserted that the British Cabinet has accepted the offer of M. Venizelos of the Greek Army to assist the British troops against Mustafa Kemal's Nationalist forces, and it is suggested that the Hythe Conference with the military experts is for the purpose of arranging details of combined operations.

The news from Malta of the concentration of a powerful British fleet in these waters and the despatch of fresh reinforcements to Constantinople appears to bear out these statements. At St. John's (Stone) Church the pastor, Rev. Canon Kahring, at an evening service preached upon "Women as Mother, Wife, Sister and Friend" and in an able sermon depicted the opportunities of women for good in these various relations of life. Two texts were taken, one from Isaiah 66-13 "As one whom his Mother comforteth" the other St. Matthew 23-13 "Wherever this gospel shall be preached there shall also be told for a memorial of her."

The preacher dwelt very eloquently on mother love, its sacrifice its unselfish character regardless of the worth of the recipient, and how it follows most nearly the Master's commands being excelled only by God's love. It is the mother spirit which is working in the reconstruction of the world. It is behind all movements for the care of the sick, aged and little children. While institutions are often organized or built by men, they

do not suffer mother day with feeling, thought, or prayer. Piles are a common ailment which is often overlooked. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. Children Cry for Fletcher's CASTORIA BORN. DIED. MAYNES. MCGARTHY. SMITH. THOMAS. Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

Don't Make the Mistake of thinking that any old thing is good enough for supper—you'll find just what you want at the Busy Bee's. All our Products are pure and wholesome—all skillfully baked by expert bakers—all fresh and crisp. THE BUSY BEE 143 CHARLOTTE ST.

WEDDINGS. Gulton-Kelth. Havelock, N. B., June 19.—The home of Mr. and Mrs. A. J. Gulton, Havelock, N. B., was the scene of a very pretty wedding on Wednesday, June 19th, at 11:30 o'clock, when their eldest daughter, Kate M. Kingston, was united in marriage to Harry E. Kelth, of Sweden, Maine. The bridal couple, standing under a beautiful floral arch, were unattended, the ceremony being performed by the Rev. W. U. Hatfield, of the Havelock Baptist Church, in the presence of the immediate relatives and friends of the bride and groom. After congratulations, luncheon was served, and the happy couple left by auto for their future home in Maine. The bride received many beautiful gifts, including cut glass, cheques, silver and linen.

Boxing Association For South America Will Hold Both Amateur and Professional Championships Each Year. Santiago, Chile, June 18.—The fourth American Boxing Federation, composed of the associations governing the pugilistic sport in Argentina, Chile and Uruguay, was organized here recently. It is planned to hold both amateur and professional championships annually, rules for which are to be drawn up. It is proposed that the amateur championships only natives of the competing countries can participate, and for the professional classes only residents of at least five years or those who have been naturalized at least one year shall be eligible. Penalties imposed upon boxers in one country will be effective in the other two. The first amateur championship will probably be held this year in Montevideo.

PILE PILES. Do not suffer mother day with feeling, thought, or prayer. Piles are a common ailment which is often overlooked. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. ### Stirring Address On Social Welfare

Mrs. MacDonald of Edmonton, Alberta, Delivered Eloquent Appeal to Congregation in Carleton Methodist Church Last Evening.

A stirring address on Social Welfare and what is being done in that line of endeavor in her own home town was delivered in the Carleton Methodist church last evening by Mrs. MacDonald of Edmonton, Alberta, a delegate to the National Council of Women.

Mrs. MacDonald delivered a most interesting and eloquent appeal to the large congregation, Christ, she said, was the leader and standard of social service and it was the duty of all to endeavor to the best of their ability, to live up to the standard He had set. It was not enough that one should save one's self, another duty remained that of saving one's fellows. The greater the sacrifice the greater the reward. Service was not judged by quantity but rather by the sacrifice made in the work.

An essential which should be required of every candidate for public office should be experience in social work. He who possessed not a knowledge of humanity who did not know through association what the masses feel, and how they live, was not fit for office.

She urged religious instruction in the school. A Catholic woman had said to her that the public school of Alberta was the only place in the Province in which God was not allowed to enter. It was the duty of the Church to see that the ears of children who had never heard His name but in blasphemy, should learn of His love and their debt to Him.

The head of the Catholic Social Service of her Province, Bishop Legal, had said that it was of no benefit to place delinquent girls in institutions to feed them and clothe them alone, their souls, too, must be fed. Mrs. A. Law, leader of the Protestant Social Service said that girls who knew of nothing but wrong and who had lived lives which were absolutely wrong, after being taken into the Home, guarded and protected from evil, returned to the outer world good citizens and changed girls.

An important department of social work had been established in Edmonton in a home for children with broken homes, children who had been deprived of one of their parents. Children in that home had never been before the police court. The work was one of prevention, for at the present time the state takes no heed of fatherless or motherless children until they have broken the law, the aim of the home is to care for the children and prevent them from ever breaking the law. It is an object lesson to the State.

The W. C. T. U. was another institution with a power for much good. They had established a home in the center of the foreign population and appointed a nurse to instruct the children in those things which would turn to Canadianize them and make them good citizens of the tomorrow.

The speaker said although woman's place is the home, in the present age it was necessary for women to go out from the hearth and assist the men in fighting those forces of evil, that attack the young from without the home.

In closing Mrs. MacDonald made a strong plea for Prohibition. Since its introduction in Alberta much good had been accomplished. A home that had been kept open for broken down men, was now closed. It was no longer needed. Old clothes which in other days had been gathered for the poor children was no longer necessary. The money in the pay envelope went to clothe the family, and children who had before presented a starved and wan appearance in the school, now appeared fat and rosy.

She urged her hearers to register and vote for Prohibition in the coming referendum. They should remember that material loss was as nothing to the saving of the coming generation from the curse of all its predecessors.

Mrs. MacDonald was succeeded by the Rev. Mr. Henney, who made a brief appeal in the cause of Prohibition.

### TWO VOLUNTEER FLYERS WANTED

To Go as Passengers on Round the World Test Flight.

Cross-Atlantic News Service. (Copyright.)

London, June 18.—Wanted—two volunteer passengers to fly around the world, expenses paid.

Major Charles Gildred, Boston sportsman, officer in charge of the first aerial Derby around the world sent out this call today. The volunteers would fly in a round-the-world test flight this year covering all points except the crossing of the Atlantic and Pacific oceans. They would be required to keep a record of their flying time between points, to be used as a basis for formulating rules for the great Derby. One volunteer would fly east, the other west.

### NATIONALISTS RAID AMERICAN SCHOOL

Constantinople Reports That Civilian Refugees There Were Murdered.

London, June 20.—Constantinople messages, bearing Friday's date, received by the Weekly Dispatch, reports that the American school near Ismid was entered by Nationalists troops of Mustafa Kemal Pasha. Civilian refugees there were murdered, the message adds.

## VOTE FOR PROHIBITION JULY 10th

### ELECTION INFORMATION

#### The Act In Brief—

The present Prohibition Act legislates against the sale of intoxicating liquors for beverage purposes, and only allows it for manufacturing, sacramental and medicinal uses.

The Act also provides for enforcement of the law and penalties for violation.

This Act was a war-time measure, and the Government now wish to know from the electors whether they want Prohibition continued or not.

#### We Know Its Faults—

The Act is weak in that it allows too much latitude in the case of Doctors, Druggists and Vendors who have practically the dispensing of liquor within their own hands.

#### Further Legislation Depends on You—

Application has already been made by the Temperance people to have the Act amended in regard to recognized weaknesses and the Government is sympathetic — BUT NOTE THIS—the Government put off granting of these improvements to make the Act more effective, until the result of this election PROVES that the people want Prohibition, and by the majority of the vote the Government will know just how badly the Electors do want it. Your vote at this election may have very important influence on the future action of the Government.

#### Are You Aware of This?—

In 1919 an Act Passed the House, providing that the Government shall take over the entire liquor business within the province, for the three purposes contained in the Act, and also giving them more stringent control over the sale of extracts, essences and tinctures — But mark you, the Government has refused to take action on this amendment, until the voice of the people has been heard at the coming election.

#### Stop Importation Our Next Move—

Authority to Prevent the Importation of Liquor into the Province does not rest with the Provincial, but with the Dominion Government, which has already stated that a vote may be taken on the question in New Brunswick, on the recommendation of our Legislature. If the result of the coming election satisfies them that the people actually want Prohibition—we are sure to get it!

#### What Your Ballot Can Do July 10th—

- First Provide the way for necessary Amendments to the Act that will make it really effective.
- Second Show the Government that the people demand Prohibition and want the laws enforced.
- Third Hasten the election that can shut out the importation of liquor into the Province.

## Women Must Register by June 24th

PROHIBITION HEADQUARTERS—CONGREGATIONAL CHURCH, 100 UNION STREET, will supply all necessary information. Affidavits and Justice of the Peace will be procurable in the office, so that it will require only a few moments to complete the necessary details.

## Remember the Two Dates--June 24, July 10

#### OBITUARY.

J. Leonard McFarlane.

Sussex, N. B., June 20.—The death of J. Leonard McFarlane occurred this morning at his residence Sussex Corner. The deceased was 33 years of age and leaves, besides a wide circle of friends, a sorrowing wife and two children Donald and Lloyd. The funeral will be held from the late residence at 2:30 o'clock Tuesday afternoon, the services will be conducted by Rev. L. R. Richards, and interment will be in the Sussex-Corner cemetery. The late Mr. McFarlane was a

Church warden in St. Mark's parish and one of the most popular and beloved residents in this district. He went to France during the war having enlisted with the 104th Battalion. He was badly wounded and invalided home. A few weeks ago he went under an operation and went under a second one during the past week.

DR. BERNARDO'S APPEAL.

The Bernardo Homes are sending out their annual appeal for half-crowns toward the feeding of the children in the various homes maintained. All contributions should be addressed to William Baker, 18 to 26 Steppey Causeway, London, E. I. The following letter gives some pertinent facts in connection with the work:—

Reference "Food Fund."

May, 1926.

Dear Sir—Will you send us 2 shillings and sixpence for food?

Think for a moment of the responsibility of a family of 7,300 children in these times of high prices and I know you will help us in our annual appeal for half-crowns to feed the largest family in the world.

Last year generous friends sent us 23,718 half-crowns as birthday gifts in memory of the late Dr. Bernardo, and this year our needs are greater.

Eighty-nine thousand children have

been rescued by these national homes.

Ten thousand seven hundred and fifteen Bernardo boys fought for you on land and sea in the Great War.

Will you remember their brothers and sisters?

I know you will help us to feed the little ones.

THE ST. JOSEPH PLAYERS COMING

St. John theatre goes may shortly expect to enjoy possibly one of the best amateur theatrical performances that has been staged in this city for some time, as the students of the

University of St. Joseph's College propose repeating the annual college play here in the near future.

The play will be performed in the St. Vincent's Auditorium for the benefit of the St. Vincent's High School.

The majority of the caste are St. John boys, and all members of the St. Patrick Literary and Dramatic Society of the University. As it is the aim of that society to develop the latent histrionic talents of its members, in which it has met with so marked a success that the St. Joseph boys have become noted for their acting ability, it may safely be said that the play will appeal strongly to all who are fortunate enough to attend.

CHARLOTTE ST.

# PROVINCIAL NEWS

FROM OUR CORRESPONDENTS

## Sackville

Sackville, June 17.—Mayor and Mrs. Avard left Tuesday evening for Dalhousie and Campbellton, where they will spend a few days.

Mr. C. G. Reed, of the Provincial Highway Board, Halifax, N. S., spent the weekend in town, guest of Capt. and Mrs. Hanson, Bridge street.

Hostesses at the golf tea on Saturday afternoon were Mrs. F. A. Fisher and Miss Edith Johnson. Among the visitors present were Mr. and Mrs. W. B. Snowball and Miss Hazel Glenie of Chatham and Miss Hazel Glenie of Oxford, N. S.

Mrs. W. T. Godfrey left yesterday for Montreal, to meet her husband, Capt. W. T. Godfrey, who is returning from the West.

Miss Hazel Glenie, of Oxford, N. S., was a weekend-guest of Mrs. S. W. Hunter.

Mrs. and Mrs. P. F. M. Blomberg, of Hamilton, Ont., were in town on Tuesday, guests of Captain and Mrs. Hanson. Mrs. Blomberg, who was formerly Miss L. B. VanBaskirk, is well known in Sackville, having spent several seasons here as head milliner for George, E. Ford & Sons.

About thirty members of the Chignecto Club assembled in the club rooms last Tuesday evening, to bid farewell to Mr. M. H. Smith, formerly of the Enterprise Foundry, who has accepted a more lucrative position in Ontario. On behalf of the members of the club, the president, Mr. H. Trites presented Mr. Smith with a handsome valise as a token of good fellowship and best wishes for success in his new undertaking. Mr. Smith replied in an appreciative manner, expressing his sincere appreciation for the kind words and token of good feeling towards him.

Mr. Smith left Sackville, Friday, for Preston, Ont., to undertake his new duties. Mrs. Smith and children will spend the summer at the former's home at Kestville, N. S. Their many friends here will regret to learn of their departure from Sackville.

Miss Katherine Fawcett, who recently returned from California, is visiting friends at Upper Sackville.

Mr. T. H. Perley, of Moncton, spent the weekend at the home of Mr. and Mrs. Eustache Melanson.

Mrs. S. Prowse, of Murray Harbor, P. E. I., is the guest of her parents, Mr. and Mrs. Arthur Hicks, Upper Sackville.

Mrs. A. C. Chapman, of Moncton, is visiting her daughter, Mrs. C. W. Fawcett.

Miss Lillian Sprague leaves Friday for Summerside, P. E. I., where she will visit friends.

Mrs. B. D. Inness is spending a few days in Moncton.

Mrs. Bates, of Truro, N. S., is visiting her daughter, Mrs. Arthur Ford, at the Ford Hotel.

Mr. and Mrs. H. E. Fawcett and Mr. Murray Fawcett left Tuesday on a motor trip to Halifax and the Annapolis Valley.

Mr. and Mrs. H. M. Wood and Mr. and Mrs. Raleigh Trites were in Moncton on Tuesday, guests of Mr. and Mrs. Roy Sumner.

Mr. W. S. Fisher, of St. John, and Mr. D. S. Fisher, of Quebec, are in town at the Ford Hotel.

Miss Bertha Lockwood spent the weekend at her home at Mount Whatley.

Mrs. J. A. Mcurdy and little daughter, Jean, of Montreal, are spending a few weeks in town, guests of Mrs. Mcurdy's brother, Mr. H. Goldstein.

A variety shower was tendered Miss Emma Fillmore at the home of Mrs. F. W. Wry on Thursday evening. The gifts were placed in a carriage decorated with white flowers and drawn by little Donna Wry to the bride-elect, who was seated in a beautifully decorated chair of white flowers and apple blossoms. Ice cream and cake were served as refreshments. Those present were Mrs. L. W. Damon, Mrs. Walter Duncan, Mrs. Harry Carter, Mrs. Lyons, Mrs. Warren Cole, Mrs. Ralph Lund, Mrs. J. W. Dobson, Mrs. G. S. Wry, Mrs. Frank Harris, Mrs. McVie, Misses Jessie Carter, Mollie Pickard, Carrie Cahill, Olive and Jean Carter, Amy Hickey, Lila Dobson, Nellie Copp, Alice Dalmer, Mabel, Edith and Nina Fillmore, Minnie and Maud Henderson, Marjorie Taylor, Stella Lund, George Calkin, Lillian Fawcett and E. Duncan.

Mrs. Ford is visiting in Moncton, guest of her daughter, Mrs. Harry Trites.

Mrs. A. H. McCready, Mrs. C. F. Wiggins and Mrs. H. C. Road are attending the meetings of the National Council of Women being held in St. John. ## LIPTON'S CUP CHALLENGER

PROVED

First Trial Race Was Sailed on Shamrock IV. Easily Defeated Challenger Won by 13 Triangular Course.

Sandy Hook, N. J., June 20.—The Thomas Lipton's cup challenger Shamrock IV, easily defeated the 88-meter Shamrock in the first trial race of the race. The challenger won by 13 minutes and 16 seconds the actual time over a triangular course.

The Shamrock IV covered the 29 mile course in three hours, 44 minutes and 2 seconds elapsed time, and her opponent on which 87 minutes viewed the contest, in 3 hours 57 minutes and 17 seconds.

The greatest gain of the race challenger was made on the first windward leg of 10 1/2 miles on which she was eight minutes and 56 seconds faster. The 35-meter yacht crossed the starting line near Goodland Lightship at 8:02:03, followed by the Shamrock IV at 8:03:38. The challenger quickly caught up and took the lead round the first mark at 4:55:43. The smaller boat rounded at 4:55:43.

On the second leg of 8 1/2 miles the

## Real Fast Game Played Saturday

Large Crowd Witnessed Two to One Game on East End Grounds When Alerts Defeated Woodland, Maine.

A large crowd of fans attended the East End grounds on Saturday afternoon and witnessed one of the best games of ball of the season. There was not one idle moment between the Alerts and the Woodland, Maine team from start to finish, and the game was not won until the ninth inning when the Alerts got a man across the plate and captured the game by the small score of two to one.

Rice and Ring was the battery for the visitors, while Lawlor and Hildesfeld were between the points for the locals. While Lawlor pitched a fine game of ball, it might be said that Rice looked to the fans as being the most finished twirler seen in this city this summer. He had all there was to be had on his ball and worked like only a real pitcher.

Howard, of St. John, and Irvine, of Woodland were the umpires and their work was of the best that could be desired.

The score by innings follows:

Woodland	0	0	0	0	0	0	1	0	0	0	0	0
Alerts	0	0	0	0	0	0	0	0	0	0	0	2

Without a score the fans were quite satisfied that they would see an exciting game before a winner could be proclaimed, but in the very last inning the Alerts worked harder than ever and managed to score and win a game that was pleasing to all.

The visitors, numbering about sixteen players and a number of followers from the border city, arrived in the city by automobiles on Saturday morning. They put up at the Clifton House and returned home yesterday morning. All returned enjoyed the trip and hope to come back at another date. The Woodlands and St. Stephen teams are now the first position in the Maine and New Brunswick league.

## LIPTON'S CUP CHALLENGER PROVED AN EASY WINNER

First Trial Race Was Sailed off Sandy Hook on Saturday—Shamrock IV Easily Defeated the 23-Metre Shamrock—Challenger Won by 13 Minutes and 15 Seconds Over Triangular Course.

Sandy Hook, N. J., June 20.—Sir Thomas Lipton's cup challenger Shamrock IV, easily defeated the 23-metre Shamrock in the first trial race of the series here Saturday. The challenger won by 13 minutes and 15 seconds actual time over a triangular course. The Shamrock IV covered the 23-mile course in three hours, 44 minutes and 2 seconds elapsed time, and her opponent on which Sir Thomas viewed the contest, in 3 hours 57 minutes and 17 seconds.

the challenger gained 51 seconds. She rounded the second mark off Sea Bright at 5:42.45 and the 23 metre boat at 5:59.53. Both broke out spinners for the run to Sea Lightship, where the larger yacht crossed the finish at 6:47.40 and the other yacht at 6:59.20.

## Acquatic Sports Held At Rothesay

An Excellent Programme Was Carried Through Saturday Afternoon—The Events Were Well Contested and Interesting.

What might have been an afternoon of some excitement had it not been for the inclemency of the weather, was the water sports held under the auspices of the Rothesay Boat Club on the Kennebecas River on Saturday afternoon. There is no doubt but had the day been fine a large number of people would have availed themselves of the opportunity of witnessing the first water sports of the season, as it was, there were in the vicinity of two hundred people present, and to say they enjoyed themselves would be putting it mild.

wharf was a long pole projecting out some 18 feet or more well greased for which the participants were to try to walk to the end. Several young men tried hard to master it, but for some little time were only able to reach a few feet when they would slip and plunge into the water. This made great sport for some little time until finally the end was reached by one young man who was awarded the prize.

Another event which caused great sport was the Crab Canoe race. In this two canoes entered and while on their way to the starting buoy, Charles Crease having lost control of his canoe, took a plunge his canoe turning completely over. Not being daunted by this mishap, the canoe was brought to the wharf and started again for the buoy, having reached there the race was started, but only some little distance was paddled when both canoes turned turtle and the occupants were next seen swimming, hauling their canoes after them.

ing and Burton 1st; Scott and Coleman 2nd. Senior Double Canoe—Crease and Gibson 1st; Westmore and Hunter 2nd. Intermediate Single Canoe—Burton 1st; Hamilton 2nd. Senior Single Canoe—Gibson 1st. Midget Swimming Race—Fleming 1st; Springer 2nd. Senior Swimming Race—Burton 1st. Crab Race—Turnbull 1st. Greasy Pole—W. Turnbull 1st; Gibson 2nd. Canoe TILTING—Wallace and David Turnbull 1st; Burton and Blair 2nd.

## CALIFORNIAN IS TENNIS CHAMPION

London, June 20.—Wm. M. Johnston, California, won the London lawn tennis championship singles Saturday by defeating W. T. Tilden 2nd, 4-6, 6-4, 6-4, 6-1. Johnston lost the first set, but won the other two after a stiff fight.

## OLYMPIC TRIALS AND THE SKATERS

Toronto, June 20.—Louis Rubenstein of Montreal, president of the Canadian Whistlers' Association, was in the city Saturday in connection with the Olympic trials at the Exhibition grounds. Mr. Rubenstein announced that the Canadian Skating Association had entered into an alliance with the Amateur Athletic Union of Canada and that all skaters must hold A. A. U. of C. cards.

## Babe Ruth Was Knocked Out

Famous Home Run Hitter Was Struck on Head by Ball Saturday and Rendered Unconscious for Five Minutes.

Chicago, June 20.—Babe Ruth was knocked unconscious for five minutes during the second inning at White Sox Park Saturday afternoon when he was hit on the head by a ball. He refused to leave the game after being revived. Ruth opened the second inning with a single. Meusel grounded to Weaver who touched second, forcing Ruth and then attempted to double Meusel at first. The ball struck Ruth on the side of the head.

## Olympic Trials At Charlottetown

There will be something doing on the Abergist grounds, Charlottetown, P. E. I., on Dominion Day, when the Olympic trials, maritime district, New Brunswick, Nova Scotia, Cape Breton and Prince Edward Island will take place. Gold and silver medals will be given the winners and the entries close at midnight, June 26, with J. A. MacMillan, the secretary, at Charlottetown.

## JURY DECIDED AGAINST MAGEE

Cincinnati, Ohio, June 20.—United States District Judge Peck Saturday, over-ruled a motion for a new trial in the suit of Leo Magee, against the Chicago National League Baseball Club, for \$9,500 for salary and possible bonuses in 1920. A jury recently decided against Magee. His attorney stated that the case will be taken to the United States Circuit Court of Appeals.

## GRAND NATIONAL STEEPLECHASE

Paris, June 20.—The Grand National steeplechase of France, run today on the Autouil track was won by Coq Gaulois, with Heros XII finishing second, Troytown third and Poshlyn fourth. The stakes are valued at 150,000 francs.

## Real Fast Game Played Saturday

Large Crowd Witnessed a Two to One Game on East End Grounds When Alerts Defeated Woodland, Maine.

A large crowd of fans attended the East End grounds on Saturday afternoon and witnessed one, if not the best game of ball of the season. There was not one idle moment between the Alerts and the Woodland, Maine team from start to finish, and the game was not won until the ninth inning when the Alerts got a man across the plate and captured the game by the small score of two to one.

Howard, of St. John, and Irvine, of Woodland were the umpires and their work was all that could be desired. The score by innings follows: Woodland . . . . .000100000-1 Alerts . . . . .000010001-2

Time—Not given.

**HORSE RACES POSTPONED**  
The matinee horse races which were to be held at Moospath on Saturday afternoon were called off on account of the adverse weather conditions.

## Resolute Won The Ninth Race

Newport, R. I., June 20.—Resolute won the ninth race with Vanitie in the America's Cup defence trial series, Saturday. The Herreshoff yacht gained her sixth victory over a thirty-mile course, which was a close fetch to 27 miles, leading by 26 seconds, elapsed time, and by two minutes, eight seconds corrected time.

## The Old Country Cricket Results

London, June 20.—(By Canadian Associated Press)—Yorkshire at present heads the country cricket championship table with 82.50 per cent of possible points having won 7 of the 8 matches played and drawn one with the first innings result in their favor. Lancashire is second with 85.45 per cent; Surrey third with 82.82 per cent and Derbyshire last of the sixteen clubs not having won a single match. Hobbs of Surrey heads the individual batting average with 90.84 per cent; Lee of Middlesex has 86.54 and Hendren of Middlesex comes third with 89.41. Rhodes of Yorkshire has the best bowling average with 10.15 runs per wicket and Cook of Lancashire is second with 12.01.

# Greater Tire Mileage and the Goodyear Service Plan

Every Goodyear Tire Saver, like the Outside Protection Patch illustrated, is designed to insure that greater mileage which is the purpose of the Goodyear Service Plan.

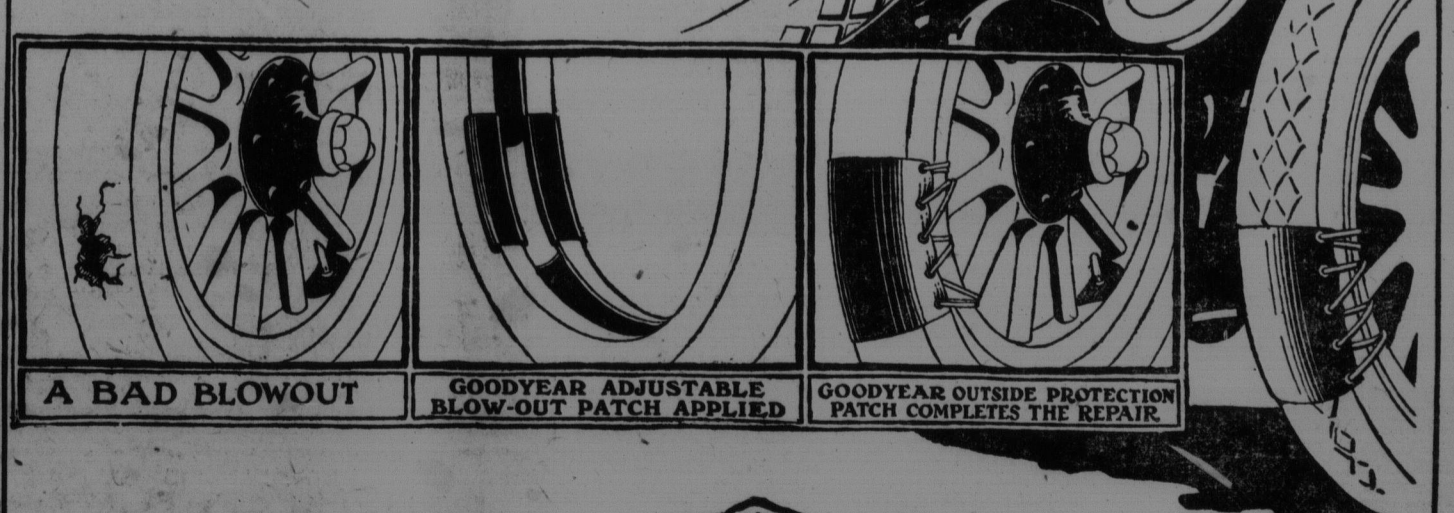

If these two Tire Savers prevent you driving a half-mile on a flat tire, they may have saved the full value of the casing. It is such Tire Conservation as this which is aimed at by the Goodyear Service Plan of Service Stations and Tire-Savers.

To the built-in mileage of Goodyear Tires, this plan adds effective means of prolonging the usefulness of injured tires.

It is such Tire Conservation with their inbuilt quality which has made Goodyear Tires possibly the lowest cost-per-mile tires in the world. If you are interested in knowing why more motorists ride on Goodyear Tires than any other brand in the world, talk to a Goodyear Service Station Dealer and write us at Toronto for our free Tire Conservation Course.

A well-worn or injured tire may blow out on the road. The Goodyear Outside Protection Patch and the Goodyear Adjustable Blow-out Patch have been provided to enable you to make quick repairs on the road, in case of such emergencies.

BATTLE OF GIANTS.

When the story of last week's financial activities in Montreal is told—if it ever is told—the recital will go down in history as descriptive of a battle of giants. Never before have the great financial interests faced each other in such a manner...

OIL, THE WORLD POWER.

The ages have passed when dynasties fought among themselves for control of their respective domains in the world. Political ambitions and ends have made way for economic provisions, and the only use to which the political is now put is to secure economic sovereignty.

The most powerful voice in modern years which has been raised to preach to its owner's people the inevitability of their sinfulness, says the Winnipeg Telegram, is that with which James J. Hill warned the people of the United States. He told them they were wasting the very substance upon which their wealth depended.

Some years before the war Great Britain had foreseen that power in the modern world would be determined by oil, and set about getting its fields of supply. Its government made an investment in behalf of its navy, in the Anglo-Persian Oil Company, which has since the war culminated in the Persian Agreement.

No reason offers to show that Britain achieved any more effective results; she could hardly anyhow while the war engaged her attention and the energies of those interested in securing her oil supplies. Standard Oil alone seems to have been free to force its issues; but they fell upon a stumbling block in legislation enacted by President Carranza.

The opposition of Mexico to the United States in this matter of oil supply is all the more remarkable in light of a speech made by Mr. Bedford, president of the Standard Oil Company, who, speaking recently at Pasadena, California, said: "The

Carranza government has consistently discriminated against the American oil firms, and had carried its hostility to such an extreme that practically no oil from Mexico had gone into the United States in 1919."

If industry and economic power depend upon oil, as it is freely contended they now do, as they have done on coal in the immediate past, so, in great measure, does the peace of the world. If Canada has oil, it, too, should be conserved as Carranza endeavored to conserve the oil of Mexico for Mexicans, declaring it to be "the inalienable property of the nation."

As Mr. Hill so truly predicted, the United States has become an importer of that which it once so madly squandered. It will soon, if it has not already, become an oil importing country; and falling to secure it, its magnates utter threatening warnings against Mexico, the protective administration of which is overthrown by bloody revolution, and the president killed.

But of Canada, for the sake of temporary riches and gain, wontonly shear our country of our natural resources, be they oil, lumber, pulpwood, or fertile farm lands, we, too, shall become as the United States; and because of our wastefulness and lack of prudence, become importers of that which we now have in abundance.

On the other hand, if these resources be conserved for the people of Canada, what must be the logical, the only outcome? Those who have not come into our country; they will become of us. This country will grow, prosper, and become populous because of a wise and provident thrift, which, when exercised, will raise up Canada as the greatest and most powerful integer in the British commonwealth of nations.

Mesopotamia, two years after the war ended there, is costing Great Britain between thirty and forty millions per annum. The British are holding this country of vast, empty, roadless spaces in the most costly way. A better and far cheaper method has been discussed by the military authorities, but nothing has been done in the matter.

THE ECONOMICAL ROBBER.

New York. Sam! The downtown robber who returned to the cigar store five minutes after leaving with his plunder in order to get the pistol which he had left behind should be an example to wasteful persons. Having unlimited access to money, robbery or burglary being about the easiest business in New York, this money could easily have gone his way and bought a new pistol.

Likely he was a student of political economy and he knew that every pistol bought unnecessarily means more work in the mines, the steel works, the pistol factory and the sporting goods store. It would be wasted work, too, for the pistol left behind would be thrown into the sea by the police. Fortified with this knowledge the burglar was glad to spend in the recovery of his pistol five minutes of his precious time, when he might have been sandbagging a pedestrian.

WHAT OTHERS SAY

United Government of Ins and Out. (United Farmers' Guide of Ontario, N. B.)

So far as the protective tariff is concerned there has been practically no difference between the Conservative and the Liberal party when they have been in power. They have both permitted the organized manufacturers to make the tariff laws to suit themselves.

V. C. Veterans. (Saskatoon Star.)

Of the 46 recipients of the Victoria Cross in the late war only half are living. King George has decided to entertain all the living holders of the honor at a garden party at Buckingham Palace. The brave company will include many distinguished veterans of earlier wars besides the youthful heroes of the last great struggle.

A BIT OF VERSE

The Common Case of Poor Lo. (Indianapolis Star.)

When Lo, the Poor Indian, suddenly found His blanket too short at one end, He sat down to think in a manner profound

Of a way the said shortage to mend. He studied and fretted around quite a while,

Till wrinkles he had quite a crop; But at last he arose with a triumphant smile, And whacked a piece off the top.

Then with a sigh nod of his crafty old head He grunted and said: "No me getting; Poor Lo go and gettum a needle and thread

And sew that piece on to the bottom." We laugh at Poor Lo in our cynical way,

Yet I dare say he reasoned as well As those who expect frequent raises in pay To keep on with the H. C. of L.

CANADIANS SEEKING

RUSSIAN SOVIET TRADE

Negotiations Proceedings With a View to Re-establishing Trade According to Self-Styled Ambassador.

New York, June 20.—That Canadian manufacturing interests have been in negotiation with representatives of the Soviet Government of Russia with a view to the re-establishment of trade connections with that country is announced by Ludwig, C. A. K. Martins, self-styled "Ambassador to the United

States" from Soviet Russia, in a statement which he issued here last night. In this statement he denied a report that he had been recalled by his government.

Mr. Martins stated a report that Santeri Nuorteva, Secretary of the Soviet Bureau here, had gone to London to consult with Mr. Krastin, is quite true. "He went by way of Canada," he added, "with the assistance of the Canadian authorities, who courteously arranged facilities for his trip to England. Mr. Nuorteva's trip was made in connection with some very important commercial negotiations we have in progress with Canadian manufacturing interests who desire to establish trade connections with Russia."

Benny's Note Book

Weather. People bragging about what had colds they got. Sports. The invisibles went out to the park for a practice game after school Friday, and those that didn't have car fare home walked back and was late for supper and wasn't allowed to report for practice Saturday, including Skippy Martin, pitcher, Benny Potts, short stop, and Peds Simkins, catcher.

Interesting Facts About Interesting People. Lew Davis once ate about 10 blades of grass to see if grass agrees with people like it does with horses, being more than a month ago and he still feels about the same.

Conjested Statue. A statue stood in the park all night. Amidst the wind and the rain, And was glad it was only a statue So it didn't melt to complain.

Sisley. Miss Lorester Mincer found a lot of things that looked like seeds last week and planted them in her back yard and now she looks anxiously every day to see what will come up, if anything.

My breathe in gas with your air? If gas is leaking in your house and you don't know where, send for us. The Ed Wernick and Lew Davis Leak Smelling Co.

business hours, after going through your pockets the night before?"—Houston Post.

All-Night Session. "You look sleepy, Jones. You must have been up with the sun this morning!" "Yes; I was up with him all night."

Things That Count. Contractors—"A house on this plan can be built for \$8,000." The Other Man—"I have no doubt it can. What I want to know is how much I'll have to pay you when it's built."—Christian Intelligencer.

Wash Day and Backache. The strain of washing, ironing and sweeping frequently deranges the kidneys. The system is poisoned and backaches, rheumatism, pains in the limbs result.

Kidney action must be aroused—the liver awakened to action and the bowels regulated by such treatment as Dr. Chase's Kidney-Liver Pills. This favorite prescription of the well-known Receipt Book author will not fail you in the hour of need.

One pill a dose, 25c a box at all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

## NATIONAL COUNCIL OF WOMEN CONTINUED SESSIONS SATURDAY

### Delegates Received Civic Welcome from His Worship Mayor Schofield—Resolution Favoring a Motion Picture "Enlighten Thy Daughter"—Reception Given by Lieut. Governor and Mrs. Pugsley in the Afternoon—Business Transacted in the Evening.

There were not many idle moments for the members of the National Council on Saturday as morning sessions and evening sessions were filled with engagements of business and pleasure. The civic welcome was extended to the members by Mayor Schofield and the afternoon and evening sessions were devoted to the discussion of the National Council's business.

#### Morning Session.

The devotional services which opened the morning session were conducted by Mrs. Bowen and Mrs. B. D. Christie. Mrs. Sanford presided at the business session and Mrs. W. Edmund Raymond, convenor of vocational training, presented to her a picture of the home making work in St. John. Dr. Emery, chairman of the Board of School Trustees, was present and explained the Council's plan to the city, saying how much the School Board are indebted to the assistance of the women members.

A civic welcome was extended by His Worship Mayor Schofield, who spoke of the benefits of the West getting to know the East and thus fostering the spirit of unity. He wished the Council every success. In reply Mrs. Adam Shortt referred to the able members of parliament who represented the province, and the cordials of the welcome given the Council.

Mrs. Cummings' announcement that Mrs. O. C. Edwards had been chosen to draw up laws for women and children in Alberta was received with applause. It was moved by Mrs. Willoughby Cummings that the resolution "The five year term re a five year term limit for officers of National Council" be not applied to the corresponding secretary, "does not apply to the corresponding secretary. This was passed.

#### "Enlighten Thy Daughter"

The question as to whether the National Council should endorse the film "Enlighten Thy Daughter" brought out many expressions of opinion. It was announced that the picture will be shown in Halifax with the elimination of one scene. It was recommended by one speaker that parents should take their children and send them to see the picture. Some thought the film a splendid lesson for parents; others that it should not be shown at all. Mrs. Ralph Smith said that it presents things as they should be known. Another opinion was that it is horrible, but horribly true. It was shown in Kingston, Ontario, under the auspices of the local Council of Women. A poem written by Mrs. W. Edmund Raymond, and her endorsement of the film were read. Mrs. L. Hamilton felt that such pictures supported the Government in their health campaign, and that literature should be supplied to accompany the film. One member felt that it would be creating a precedent should the Council allow a picture to be advertised as endorsed by them. Mrs. Hamilton, chief superintendent of the Victorian Order of Nurses thought that the Council should have an educational film specially prepared. One lady when asked if she had seen the picture, replied that her husband would not allow her to go, while another felt that such pictures are sadly needed for the education of parents as well as young people.

The following resolution was passed, moved by Mrs. Adam Shortt, seconded by Mrs. L. A. Hamilton:

Resolved, That the National Council state their approval of the intention of the film "Enlighten Thy Daughter," but do not feel that they should commit the whole National Council to the endorsement of this special film.

#### The Luncheon.

Hostesses for Saturday's luncheon held in the Germania Street Institute were the Y. W. C. A., the Natural History Society Ladies' Association and the Y. W. P. A., assisted by the Junior N. H. S. and the Young Ladies' Auxiliary of the Y. M. C. A. Decorations were pink, lavender and lilac, and at each place was a box of biscuits tied with the Council colors. These were presented with the compliments of J. A. Marvin, of Moncton.

A vote of thanks was moved by Miss Carmichael, of New Glasgow, who referred feelingly to Mrs. Robert Thomson and Miss Muriel Peters, and said that in the welcome to the Western group it was not New Brunswick or Nova Scotia, but the Maritime Provinces all joining heartily in a cordial greeting. Mrs. Edwards, of Macleod, Alberta, in seconding the vote of appreciation, spoke of the pleasure of seeing so many young ladies among the waitresses and thanked them cordially for their services and interest.

Mrs. John McAvity, President of the Natural History Society; Mrs. James F. Robertson, First Vice-President of the Y. W. C. A., and Miss Alice Fairweather, President of the Y. W. P. A., replied.

A vote of thanks to J. A. Marvin for his thoughtfulness in providing the hours was passed.

Miss Charlotte Dodge, First Vice-

## Mrs. Ralph Smith Occupied Pulpit

### Only Woman Member of Parliament in Canada Addressed Large Congregation in First Presbyterian Church Last Evening, and Ludlow Street in Morning.

"We live in the finest country in the world, and such a country is worth the best that we can give it." The text taken by Mrs. Ralph Smith, M. P. P., at her address in the First Presbyterian Church, West Side, last evening, was, "A new commandment I give unto you, that we love one another," when speaking in the First Presbyterian Church, West Side, last evening at the invitation of the pastor, Rev. Mr. Morrison, and Mrs. Smith, who is member of Parliament for Vancouver, showed in a practical way how the command of the Master can be carried out in the twentieth century, which is called "The Women's Century."

A large congregation assembled last evening and the service, which was a hearty devotional one, was conducted by Rev. Dr. Morrison. In introducing Mrs. Smith, Dr. Morrison in a few earnest words welcomed the members of the National Council to the church, and in her work, adding that prayers would be uttered for strength and wisdom to be given her in the task which she had undertaken.

Mrs. Smith said that she frequently occupied a pulpit, and asked why there should be any objection. It was the last door locked against women, who had entered every other profession and are making good. Why should not a woman specialize in morals just the same as a man? It is no new thing. If you read your Bible, you will find that when the country got corrupt, the people called upon Deborah to be a judge over Israel, and for forty years she occupied that position. We are accustomed to the idea of a woman being a mother-heart for juvenile courts, and it is to be hoped that many Deborahs will arise in the land.

At the close of the terrible war, another war broke out at home, the war of unrest, of discontent and jealousy. It is not time to put on the check-rein and remember to "love one another" in the crisis of the war, our women had to go into competition in industry, and all credit to those who did carry on so well in the land. There is no general disposition to "shoo" them back. This cannot be done. They have learned economic independence. Woman was driven by force of circumstances to earn an honest living. Does anyone say she should have starved or worse? The fact must be faced that women have a right to earn a living honestly, and decently and respectably and shall interfere. Because of her business training and her contact with the world she will be all the better for it.

The problem of the returned men was spoken of, Mrs. Smith saying that one man had remarked to her: "It is easy enough to die, but it is not so easy to carry on." Their attitude to the churches was referred to, and it was pointed out that the belief in the fundamentals is firmer than ever, but they are stripped of creeds and dog-

ma. "I believe God is, that He loves, that He knows, that He cares." This, the speaker said, is her creed, and it covers the whole of existence. It is the patriotic and religious duty of all people to make the men feel that the church is a good home to come back to, and that the ideals for which they stand are the things to help them back into civil life.

We used to pray "Thy Kingdom come," and let it end with our prayers. Should be done, but waited for the Lord to do it, forgetting that He gave us gray matter to use. Now we are uniting in wedlock the Lord's will and the brains he gave us to bring a little more of heaven to earth. We are coupling faith with works according to Bible teaching. We are trying to get human legislation to make things happen here. The heaven above is safe, but human hearts here, both rich and poor, need their troubles lightened. Women have received the ballot in answer to their prayers and they have the right to ask for certain legislation and few governments will deny them. When you ask for more human legislation, surely and reasonably, you will find men more than willing to meet you half way. We are seeking for better protection for women and children.

In speaking of the Mothers' Pensions, "the crowning piece of legislation yet accomplished," Mrs. Smith described it, which "gives to the mother State assistance in bringing up her children to be good citizens, when the breadwinner is gone. Mrs. Smith told of the history of the first mother's pension, which she remarked you will find in the good Old Book in the second chapter of Exodus, where Pharaoh's daughter gave to the mother of Moses wages to bring up the boy. Man and woman should have a deep regard in their hearts the one for the other, and each having a high and holy ambition the whole human race should be better as a result. We want fearless men and women who will take a stand, for God's sake, for what they believe to be right in the best interest of the country. Any talent we have we must use, for the country deserves it. Bring it out, the speaker said, into the sunshine of God's beautiful love.

Mrs. Smith told several interesting incidents of the non-British speaking people in the West, saying that in a school in Vancouver she addressed children of twenty-nine nationalities, and describing their foreign mothers' pride that the boys and girls were receiving advantages denied to the parents. She said that in the Canadianizing of these people we must not pass by on the other side, like the Levites, but try to bring out and encourage in these clever races the best they have for the country, and teach them that a proud thing it is to be a good Canadian.

In closing, Mrs. Smith spoke earnestly of the responsibility of the ballot and urged all women to have a mind of their own, realizing that the country needs the expression of the women's viewpoint as well as that of the men, and to feel that legislation in this country is advancing when attention is being paid to the conservation of child life, one of the most important things a world today.

The discourse was ably delivered, containing several humorous allusions, but was thoroughly practical, while founded upon spiritual truths. It was closely followed by all present.

## Krassin Secures His Headquarters

### London, June 18.—The mystery surrounding the rental by Gregory Krassin, the Bolshevik Minister of Trade and Commerce, of quarters in the modern West End shopping district was cleared up today, when it was learned the "All-Russian Co-operation Society, Limited," had been officially registered with a capital of £15,000. The objects of the company are "to act as representatives of co-operative organizations carrying on business in Russia."

The new company of musical comedy players will make their initial bow at the Lyric this afternoon presenting the witty farce "The Two Aristocrats." The company is composed of three Canadians, including Mr. Ben Ruocco, who was headlined with last season's "Follies"; the other principals also come well recommended, and the chorus is said to be one of the best in tabloid musical comedies. Usual hours and prices. Be early tonight.

## TOURISTS FLOCKING TO PARIS

Pleasure-Seekers from Countries Pouring into French Capital.

## IMMENSE TRAFFIC CONGESTS STREETS

Diplomats Getting Excited Over Possible Sites for Development.

## Cross-Atlantic News Service

Paris, June 18.—Paris today is the city of the French capital already. Some 5,000 more are now on the big seas on route.

## Also tourist travel from England

at high tide, and expatriated Russians and Scandinavian Scandinavians, Hollanders, Italians, and South American are flooding the boulevards and public places in ever-enlarging crowds.

## Where are you going to see?

asks the newspaper Figaro. "Unless the government aids the unfortunate tourists and offers them hospitalities in the museums, we may soon see a village of tents in the gardens of the Grand Palais. There is no other available space in Paris except under the Seine bridges and in the catacombs. Surely we could not offer that sort of lodging to people who sent their sons over to fight with us."

## Traffic Congestion

Traffic congestion on Paris thoroughfares is becoming so heavy that the French police are expected shortly to adopt American traffic methods regarded as the model throughout the world. Especially is congestion great in the Place de l'Opera, augmenting the little white enameled club which Paris policemen have directed traffic for more than 100 years must strive for more modern methods.

## Oil Panic

Now France is having her petroleum panic. News of the British Government's activities in augmenting Britain's petroleum resources together with America's traditional energies in this field have roused French publicists to a demand that their government acquire petroleum wells reserved exclusively for French exploitation.

## Who Wants It?

An extraordinary advertisement appearing in a Paris newspaper has attracted widespread attention. It reads:

## For sale: To one person is offered

the right of occupancy in a tomb of elegant architecture. Price 600 francs. Write E. F. E., Poste Restante, Paris.

## THE KOB-I-NOR STORY INCOMPLETE

All the world has heard of the Kob-I-nor, or, as it has been sometimes called, the Great Mogul diamond, and it would seem that there was nothing more to be said about it. Yet it is a point of fact not a ten part of its history has ever been traced, so far does it extend back into the vistas of the past, written Eblendor Mandock in Asia. Perhaps one of the strangest things about it is that it cannot be lost to the world indefinitely. It was bricked and plastered up in wall and miraculously found after his former owner had been murdered. It was thrown away as a bit of glass and once went to the hands of the pocket of an Englishman's linen suit.

The matchless gem is called in India the "Mountain of Light" and the "Talamon of Kings"; the latter because it was said to bring sovereignty to its possessor. Strangely enough, after it fell into the hands of a Turk, slave of illegitimate origin, a line known as the "Slave Kings" sat on the throne of Delhi for eighty years, during which period the desire to possess the talisman amounted to a frenzied obsession. Suddenly it disappeared from their possession in the chase of a fugitive, brought the slave dynasty to an end in 1526.

The Kob-I-nor later settled into out bloodshed through the reign of Shah Jahan down to his son Aurangzeb who exhibited it to a number of Europeans whom he was entertaining at his hour. Among them was Tavernier, the French jeweller, who later wrote a descriptive account of it for the delectation of Europe. After being trodden like a shuttlecock in the Delhi loot, and remaining for a period of years with the Sikhs in the Punjab, this most celebrated diamond in the world now rests on a purple velvet cushion among England's crown jewels, in the grim old Tower of London.

## FORTY DAYS AND JURY NOT COMPLETE

Chicago—Laborites Trial in Chicago—Only Eight Jurymen So Far Selected.

Chicago, June 18.—Forty days ago William Gross Lloyd and 23 other alleged communists-laborites were placed on trial charged with conspiracy to overthrow the government. Eight jurors have been selected, and attorneys are still trying to find the other six. In the meantime the eight are under guard in a downtown hotel. Today they sent the following note to Judge Oscar Hebel, the trial judge, accompanying it with a gift of a clear box "bobby" constructed during the detention. "The compliments of the jurors already sworn. We are still alive and happy."

## Sande Is The Leading Rider

Stands Out Over Other Boys on Metropolitan Tracks.

New York, June 18.—(With Johnny Loftus, Tommy McTaggart and Joe Byrne on the ground by Jockey Club editor, Earl Sande, who is under contract to Commander Ross, stands out as the jockey of the year. For a time, at the beginning of the season, Teddy Rice seemed in a fair way to outstrip all his rivals, but he has dropped into the mediocre class.

Sande, however, has shown innate ability, winning on horses on which other riders might lose off. He has what most riders lack, and that is patience. He never hurries a horse unless the horse feels like hurrying, and that is an art. Take his ride on Kashmir in the last race yesterday. He was content to rate alone behind Assum until the latter cut, as he always does when running in front, out about the six furlong post. Then Sande moved up with Kashmir in uncanny fashion and was in front in the stretch. Clasper challenged them, but it was McAtes against the faster. One slash of the whip across Kashmir to the impudence of the occasion and he was home hurriedly.

Many thought that with a little further to go Clasper might have caught Kashmir, but it is doubtful if Clasper was in a contending position all the way and had no excuse, if he was or had been a good horse he might have won. He did not and Sande is the answer.

## T. B. Reith Is Now Amateur Champion

Montreal, June 18.—T. B. Reith, Beaconsfield, is now amateur champion of the Province of Quebec Golf Association, he having won the title by defeating R. G. Smith, a club member and runner-up by a stroke, while Sidney Morgan, a third Beaconsfield player, tied for third place and lost his position in the play-off against H. F. Purpitt, of Royal Montreal, W. McLuckie, Kanawick, the former title holder, finished sixth.

First place in the handicap competition fell to A. J. Veysey, Kanawick. To win the championship Reith put

## GOLD IMPORTS TO UNITED STATES

\$15,000,000 Worth of Precious Metal for British Account.

(P. B. McCURDY & CO.) New York, June 19.—The rumors of gold imports have now taken definite form in the statement that \$15,000,000 is expected today and Monday for British account. It is also intimated that further large shipments are pending, principally for the French portion of the Anglo-French maturity, as the British are understood to have about completed the necessary preparation for their half.

The money market has acted decidedly well this week and the prospect now is for fairly easy rates until July 1st.

The Federal Reserve Board calls attention to the coal shortage and the probability that it will curtail the production of iron, steel and other basic commodities next winter, in view of the difficulties in alleviating the situation because of the coal shortage.

The Mercantile Agencies also emphasize the continued trade and labor difficulties.

The railroad outlook has been considerably strengthened by the regular Great Northern and Northern Pacific dividend declarations, and it would seem as if the group now would gradually do better in anticipation of freight rate increases later in the summer.

## OFFICIALS BAFFLED BY ELWELL MURDER

As Far off from Solution of Mystery as They Were a Week Ago—No Arrests Made.

(P. B. McCURDY & CO.) New York, June 19.—About \$15,000,000 due to arrive here in a few days, \$4,000,000 from Canada today, \$4,000,000 Monday and \$7,000,000 early in the week from Pacific coast, all for account of British Government.

President signs water power bill under which water power resources of country can be developed by private enterprise but subject to Federal regulation and supervision.

Great Northern railroad declares regular quarterly dividend of 1 1/2%.

Reports from Northwest show improved outlook for traffic on both Northern Pacific and Great Northern with grain crops progressing satisfactorily along both lines.

Federal Reserve Board foresees coal shortage next winter which may curtail production of iron and steel and affect other industries.

Working against decline in commodity prices.

Dans report says influences that have recently made for abatement of business activity remain conspicuously in evidence and existing conditions according to Ottawa advice which prevailed at beginning of last summer.

Twenty Industrials \$2.00 up 63/100. Twenty Rails \$1.05 up 47/100.

## Ride By 69-Year-Old Fred Cushing

Fred Cushing, veteran sportsman, who distinguished himself the last two years for his prowess as a snowshoe walker, according to Ottawa advice, has made another record in a different branch of sport. The article referring to him in one of the Ottawa papers says:

Horseback riding is regaining popularity, but it is doubtful if any of its new devotees are as fond of it as a ride that is unusual in these days of ease and automobiles. He is Fred Cushing, of Cushing, Quebec, and he rode his horse from his home to the Capital, a distance of seventy miles.

Mr. Cushing was required in Ottawa in connection with an application before the Dominion Railway Commission as to the location of the railway station at Cushing. When he suggested to one of the commissioners that he was also coming here to attend the meeting of the commission, that he intended to ride to Ottawa by this route, his ability to do so was made the journey, however, without bad effects to either himself or his splendid horse.

Mr. Cushing left home at 3:30 o'clock, standard time, Monday afternoon. He reached Passat at seven o'clock and rested for two hours. He was in Thuro at one and left again at four, taking a short sleep in a chair. Tuesday morning, in time to have his horse considered a mean effort. It is the longest Mr. Cushing has ever made, although he has been an enthusiastic horseman all his life. He is now in his sixty-ninth year. A number of years ago he rode sixty miles to Ottawa.

## LIVELY DOINGS AT STEEL MEETING

Many Directors of Dom. Steel Corp. Failed of Re-Election—Attack Form of Proxy.

Montreal, June 18.—Those who looked for lively times at today's adjourned annual meeting of the Dominion Steel Corporation had their expectations generally fulfilled. The board room of the Bank of Commerce building was filled to capacity and six dissident directors, undismayed by the failure of injunction proceedings yesterday returned to the attack but were completely defeated, their names being left off the board, when the election results were announced, while several others were replaced on the executive by new members. The attack took form of objections that information as to the terms on which the minor companies were to be admitted to the merger had been withheld and in addition objecting to the form of proxy sent out by the President.

The action of the negotiators was defended on the ground until negotiations now pending had been completed, it was impossible for full details to be given out.

## METAL MARKETS

In its summary of the iron, steel, metal and machinery markets for week ending June 17, Canadian Machinery and Manufacturing News, Toronto, makes the following comment:

Although figures given out indicate that the steel mills of United States are producing at a good rate, the relief this ought to bring to Canadian industries is largely negated by the inability of the roads to get the material away from the mills.

In the last few days some fairly large shipments have been coming to Toronto, mostly in sheets, plate and bars, although no line has been reported to be in keeping with the business writing to be satisfied.

U. S. steel firms have had buyers in the Canadian field looking for much wanted sections, which are not being produced in any quantity at the moment. One Michigan firm was able to pick up a nice tonnage in a Toronto warehouse a few days ago.

Canadian firms, on the other hand, have their own men in United States to see what they can get from the warehouses or mills there, but as a rule they are meeting with very scant success.

Machine tool leaders report a rather quiet week, and the same is true of the New York market, where they are looking to the railroads to come in to see what they can get from the warehouses or mills there, but as a rule they are meeting with very scant success.

Jealousy was introduced as the probable cause for the shooting by Rhodes during his examination. He told District Attorney Joyce an anecdote that both would be formally detained as material witnesses.

The investigation centered today in the examination of Mrs. Marie Larsen, housekeeper for Elwell, and Edward Rhodes, his chauffeur. Neither was held although earlier in the day Assistant District Attorney Joyce announced that both would be formally detained as material witnesses.

"I have eliminated anybody from the case," said Mr. Swann tonight, "and at the same time haven't found anyone whom I regard as a necessary witness. The point is that I have eliminated anyone as such. We are as far off as we were a week ago."

Jealousy was introduced as the probable cause for the shooting by Rhodes during his examination. He told District Attorney Joyce an anecdote that both would be formally detained as material witnesses.

## TORONTO GRAIN QUOTATIONS

Toronto, June 18.—The grain quotations on the Toronto Board of Trade on Saturday were as follows:—

Manitoba oats No. 1 \$1.22 1/2; No. 1 feed \$1.22; No. 2 feed \$1.21; extra No. 1 feed \$1.22 1/2; Port William in store.

Manitoba wheat No. 1 Northern \$3.15; No. 2 Northern \$3.12; No. 3 Northern \$3.08.

American corn No. 2, yellow nominal, track Toronto, prompt shipment, Canadian corn feed, nominal.

Manitoba barley, in store, Port William No. 3 \$1.96; No. 4 \$1.66; rejects 1.52.

Ontario wheat No. 1 \$2.00 to 2.01; No. 2 \$1.98 to \$2.01 f. o. b. shipping points, according to freight; No. 3 \$1.92 to \$1.95; No. 1 spring \$2.02 to \$2.03; No. 2 \$1.98 to \$2.01; No. 3 \$1.95 to \$2.01.

Ontario oats nominal.

Barley, malting \$1.87 to \$1.89.

Buckwheat nominal.

Rye No. 2 \$2.20 to \$2.23.

Peas No. \$2.90, according to freight outside.

Ontario flour, winter in jute bags, government standard, prompt shipment delivered at Montreal \$15.25; Toronto nominal.

Manitoba flour and government standard \$14.85.

M. M. feed, carloads, delivered Montreal, shorts \$61; bran \$54; good feed flour \$3.75 to \$4.00.

Hay, baled, track Toronto carlots No. 4 \$30 to \$31; No. 2 mixed per ton, straw carlots \$16 to \$17.

## American League Makes Most Runs

In Both Organizations the Players Are Hitting the Ball Hard—Average Runs Per Game High.

New York, June 18.—(By Associated Press)—The American League is far in the lead in the higher scoring which is accompanying the heavy hitting in both major baseball leagues. The teams of the younger league had rolled up a total of 1,546 runs in the National League's collection of 1,325 in contests up to June 6, when the American had played 165 games and the National 164. Reduced to a game average, the comparison was 9.3 runs to 8.8.

The American League outscored its rival by a total of 100 runs in the first month of the season and increased this lead to more than 300 in the next three weeks. The American 1 to 9 pile of runs, of frequent occurrence in past years, have yet to take place in the American League while the score has been justic up for a Nation-

## TRADE QUIET ON MONTREAL MARKET

Brompton Continued the Reaction of the Week and Closed Down a Point.

Montreal, June 20.—Saturday's trading on the local stock exchange was quiet, the least inactive stocks being Brompton, Quebec Railway, Abitibi, B. C. Fishing and Laurentide, the first two with dealings in excess of 300 shares and the remainder with dealings from 400 to 500 shares. Brompton continued the reaction of the week and closed down a point at 136. Quebec Railway showed striking movement up from 25 1/2 to 28 1/2, with a net gain of 3 1/4 points. B. C. Fishing continued its upward movement and added a further 3 points to Friday's 7 1/2 point gain, closing at 10 and at one time touching 11 1/2.

Elsewhere in the list strong interest in Steamships Common up two points at 73; Ogilvie up 3 points at 233 and Toronto Railway up a point at 40. Weaker issues were Bank of Hochebaque which lost 1 1/2 points at 157, Asbestos down 2 1/2 points to 80 and Sugar and Spanish River were fractionally lower.

Total trading, listed, 5,684; bonds \$18,799.

## STOCK MARKET DULL AND HEAVY

Specialties Were Almost the Only Prominent Features in Saturday's Trade.

New York, June 20.—Specialties were almost the only prominent features of Saturday's dull and wholly unimportant stock market session. Standard shares, save among several of the rails, with Delaware, Lackawanna and Western at an advance of eight points, recorded few noteworthy changes.

Leaders of the steel, equipment, motor and oil divisions fluctuated in their recent hesitant manner, but chemical and food shares again made variable responses to the manoeuvres of bull power.

Among the stocks especially favored by these interests were Industrial Alcohol, Corn Products, California Petroleum, Chicago Pneumatic Tool and several of the metals, including Inspiration Copper.

Gains and losses were or less evenly distributed at the finish.

Sales amounted to 200,000 shares.

Trading in bonds was relatively far more active than the turnover in stocks. Anglo-French five featured that branch of the securities market on heavy offerings at a decline of almost one point from the high of the mid-week. Total sales, par value, aggregated \$9,475,000. For the week old United States 2's rose 1 1/4 per cent. on call.

## WEEKLY CROP REPORT

Seeding is reported to be practically completed in all parts of the Province, with the exception of the buckwheat and the turnip crop. Weather conditions have been very favorable for putting the crop in and recent rains have given all crops a good start. The pastures have been slow in starting, owing to the cool, dry weather during May. For the same reason the hay crop has been held back and has not the growth that it often

## "THE INVESTMENT MARKET PLACE"

The Logic of Buying Bonds

The logic that is impelling foresighted investors to place their investment funds in bonds and good preferred stocks is now quite well known. Briefly, the theory—and it has worked out in practice over a number of years—is that when commodity prices and interest rates come down from their present heights the return sought by investors on fixed interest bearing securities will become less. That means the investor will be willing to pay more for bonds and preferred stocks, and quotations will rise in consequence.—Forbes Magazine, New York.

All very good reasons for buying Securities of the class of Moncton City Twenty Year 6 per cent. Bonds at \$93.50 with interest.

This new issue has truly proven most popular with investors. We will be pleased to receive your application on attached form:

## J. M. ROBINSON & SONS

## Town of Truro, N. S. 5 1-2 p.c. Bonds

Due 1st June, 1950 Price 90 and Interest Yielding 6 1/4 p.c.

## EASTERN SECURITIES CO. LIMITED

St. John, N. B. Halifax, N. S.

has at this time of the year. Provided that there is good growing weather during the next month, there may still be a fair crop. There is likely to be a considerable shortage of hay in some of the provinces this year. Ontario reports a crop away below the average, while the same is true of some parts of Quebec.

Live-stock is reported to be rapidly improving in condition since going on grass. The supply has been very favorable for raising lambs and reports indicate that there will be a large percentage raised with few losses. The largest quantity of wool ever assembled at one point in New Brunswick is now being graded at the Exhibition Building, Fredericton. There is still a considerable quantity to come in. The wool market is very uncertain, but sheep breeders are assured of the full market price when marketing cooperatively through this organization.

## Paying Our Way

## STOMACH AND LIVER TROUBLE

Once the liver fails to filter the poisonous bile from the blood, there is a clogging up and poisoning of the whole system which causes many troubles to arise. Therefore, upon the liver, more than any other organ of the body, depends the general health. Carelessness and neglect, and often times willful disregard of nature's laws will put the system out of order. The bile becomes constipated, the liver inactive and the stomach upset. To bring the system back to its normal state, you should take Milburn's Liver Pills. They live upon the liver, get the bowels back to their proper condition and tone up the stomach. Mrs. G. L. Canoll, Enchant, Alta., writes: "I have used Milburn's Liver Pills and have found them good for my stomach and liver troubles. I have told others about your valuable medicine and they have used them with good results. They are also good for headache." Milburn's Liver Pills are 25c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## COAL EMBARGO IS OPPOSED BY THE OPERATORS

New England Blames Railroads and Commerce Commission for Shortage.

## EXPORT TRADE IS ASSET TO COUNTRY

Claim Proposal is as Unjustified as to Prohibit Shipment of Any Other Product.

Copyright, 1920, by Public Ledger Co., Washington, June 19.—Efforts of New England interests to induce the government to rescind the export embargo on coal as the means for relieving the shortage in the New England mines brought vigorous protest today from the bituminous coal operators represented by the National Coal Association.

J. D. A. Morrow, vice president of the association, speaking for the operators, placed the blame for the New England soft coal shortage squarely on the railroad operators and the Interstate Commerce Commission. He asserted that if an export embargo was to be put on coal one also should be applied to foreign nations.

"The coal operators," said Mr. Morrow, "are building up an export trade in coal which eventually will be one of the nation's assets. Their enterprise, they feel, should be fostered instead of being stopped. The coal that they would justify similar restrictions if the American supply is cut off it might result in unpleasant reprisals for foreign nations."

Would Justify Other Embargoes.

"An embargo on export coal would hold a new principle would be established that would justify similar embargoes on the export of sugar, wheat, meat products, textiles, milk goods, boots and shoes, motor cars and gasoline. The purpose of increasing the supply of these commodities available for consumption in the United States, with reduction of prices to the home consumer."

Mr. Morrow pointed out that while sugar is scarce and runs to 30 and 35 cents a pound, sugar exports are not embargoed. Department of Commerce figures, he continued, showed sugar exports, for the ten months ending April 30, 1920, amounted to 1,235,000 pounds. For the same period more than 220,000,000 gallons of gasoline were exported and 1,500,000 pairs of shoes.

"Nobody is proposing an embargo on the export of other necessities," said Mr. Morrow. "If their export is to be prohibited, the coal operators should home supply and bring prices down, the coal operators will not object to a similar embargo on coal, but they do object to the embargo on their efforts to develop foreign business stopped and their coal sent to the United States at a price which is higher than any other coal in the world."

The coal operators contending that the export of coal from the United States at present is a very small part of the American production. Of the 23,000,000 tons of bituminous coal mined in the first five months of this year only about 7,000,000 tons were exported including shipments to Panama and the Panama Railroad.

Short Production Difficulty.

The cause of the coal difficulty in the United States, said Mr. Morrow, "is not big exports. It is insufficient production. The soft coal mines are producing an average of 9,000,000 tons when they should be producing 11,000,000 tons. The only reason more coal is not produced is the fact that the operators do not have the railroad cars to ship the coal from the mines to the consumers. The United States Geological Survey reports show that during May, the mines were prevented from shipping 45 per cent. of the coal they might have shipped for lack of cars."

The Interstate Commerce Commission has full authority to give relief. The railroads several weeks ago requested the commission to direct the placing of additional coal cars on the lines. The National Coal Association a month ago also requested the commission to take prompt, decisive action.

"In the meantime, an unfair and unfair distribution of railroad cars among the mines, put into effect by the carriers without the sanction of the commission, has made matters worse."

Love's Fare.

From a novel—"He eagerly swallowed every word she bestowed upon him; he fed upon her every look; he lived upon the smiles she gave him. An all-consuming passion—what!"

### COAL EMBARGO IS OPPOSED BY THE OPERATORS

New England Blames Railroads and Commerce Commission for Shortage.

**EXPORT TRADE IS ASSET TO COUNTRY**  
 Claim Proposal is as Unjustified as to Prohibit Shipment of Any Other Product.

Copyright, 1920, by Public Ledger Co. Washington, June 19.—Efforts of New England interests to induce the government to restrict the export embargo on coal as the means of relieving the shortage in the New England mines brought vigorous protest today from the bituminous coal operators represented by the National Coal Association.

J. D. A. Morrow, vice president of the association, speaking for the operators, placed the blame for the New England soft coal shortage squarely on the railroads and the Interstate Commerce Commission. He asserted that if an export embargo was to be put on coal also should be applied to sugar, gasoline, boots and shoes and clothing.

"The coal operators," said Mr. Morrow, "are building up an export trade in coal which eventually will be one of the nation's assets. Their enterprise, they feel, should be fostered instead of being stopped. The coal that is going overseas is greatly needed, and if the American supply is cut off it might result in unpleasant reprisals by foreign nations.

"Would justify other embargoes." "If an embargo on export coal were held a new principle would be established which would justify similar embargoes on the export of sugar, cotton, wheat, meat products, textiles, knit goods, boots and shoes, motor cars and gasoline. For the purpose of increasing the supply of these commodities available for consumption in the United States, with reduction of price to the home consumer."

Mr. Morrow pointed out that while sugar is scarce and runs to 30 and 35 cents per pound, sugar exports are not embargoed. Department of Commerce figures, he continued, showed sugar exports for the ten-month period ended April 30, 1920, amounted to 1,235,000,000 pounds. For the same period more than 229,000,000 gallons of gasoline were exported and 1,500,000 pairs of shoes.

"Nobody is proposing an embargo on the export of other necessities," said Mr. Morrow, "if their export is to be prohibited in order to increase the home supply and bring prices down, the coal operators will do it to a similar embargo on coal, but they do object most strenuously to having their efforts to develop foreign business stopped and their coal sent to the very factories which are producing sugar and manufacturing shoes, clothing and hundreds of other articles for export.

"The coal operators contend that the export of coal from the United States at present is a very small part of the American production. Of the 231,000,000 tons of bituminous coal produced during the first five months of this year only about 7,000,000 tons were exported into including shipments to Panama and the Panama Railroad.

**Short Production Difficulty.**  
 "The cause of the coal difficulty in the United States," said Mr. Morrow, "is not big exports, it is inefficient production. The soft coal mines are producing an average of 9,000,000 tons weekly, when the demand for production is 11,000,000 tons. The only reason more coal is not produced is the fact that the operators do not have the railroad cars to ship the coal from the mines to the consumers. The United States Geological Survey reports show that during May, the mines were presented from shipping 45 per cent of the coal they might have shipped for lack of cars.

"The Interstate Commerce Commission has full authority to give relief. The railroads several weeks ago requested the commission to direct the placing of additional cars on the coal lines. The National Coal Association a month ago also requested the commission to take prompt, decisive action.

"In the meantime, an unlawful and unfair distribution of railroad cars among the mines, put into effect by the carriers with apparent sanction of the commission, has made matters worse."

**Love's Fare.**

### STOMACH AND LIVER TROUBLE

Once the liver fails to filter the poisonous bile from the blood, there is a closing up and poisoning of the whole system which causes many troubles to arise. Therefore, upon the liver, more than any other organ of the body, depends the general health. Carelessness and neglect, and often times willful disregard of nature's laws will put the system out of sorts. The result becomes constipated, the liver inactive and the stomach upset. To bring the system back to its normal state, you should take Milburn's Laxative Pills. They live up to their name, get the bowels back to their proper condition and tone up the stomach.

Mrs. G. L. Gault, Esq., Albany, Ala., writes—"I have used Milburn's Laxative Pills and have found them good for both stomach and liver troubles. I have told others about your valuable medicine and they have used them with good results.

"They are also good for headache, Milburn's Laxative Pills are the only pills at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

### Woodstock

Woodstock, N. B., June 16.—Mr. and Mrs. A. M. Gibson, of Fredericton, were week-end guests of Mr. and Mrs. A. G. Bailey, of Woodstock.

Mrs. Albert N. Cole, of Brewster, Me., after an absence of four years from her native town, is the guest of Mr. and Mrs. E. J. Jones, of Woodstock.

T. Yates Foster, of Montreal, was here for a few days last week.

Little Miss Patricia Manser left here with her aunt, Mrs. Manser, on Wednesday afternoon, to make her future home in Woonsocket, R. I.

Rev. C. F. Young, of Lower Millstream, Kings Co., and daughters, Charlotte and Shirley, are the guests of Mrs. C. M. Dow.

Mrs. Guy B. Manser left on Friday for her former home in New York, and her sister, Miss Agnes Conter, who has been visiting here since the death of Mr. Manser, left on the same train to resume her position in the Hochelaga Bank, Montreal.

Very Rev. Father Carney, of Fredericton, was here the first few days of the week, on his return from Debec, where he conducted the services in the absence of the pastor, Rev. C. J. McLellan, who recently underwent an operation at the Madigan Hospital, Halifax, for appendicitis. Rev. Father Carney was pastor at Debec for some years before he was appointed pastor of St. Dunstan's Church in Fredericton.

John Chandler, who was chosen on the Belay team, left here on Wednesday for England. He is a returned soldier, having served in France with the 5th Battalion, and is now only 24 years of age.

Mr. and Mrs. J. R. Brown left on Monday for Middleton, N. S., to visit friends.

Dr. Murray MacLaren, of St. John, was here by auto and spent Sunday with Mr. and Mrs. Rankin for the weekend.

Ronald Strain, who spent his holidays in town, returned to St. John on Saturday.

Mrs. W. S. Corbett was the guest of Rev. E. H. Thomas and Mrs. Thomas last week.

Chancellor Jones, of the U. N. B., spent a few days in town last week, the guest of Rev. Frank Baird and Mrs. Baird at the Manse.

Mrs. J. S. Merrithew is spending the summer at Debec, after having spent the winter with friends in Houlton.

Mrs. W. D. Forster, of St. John, and Mr. Carlisle J. Keetching, of Ottawa, are guests of Mr. P. Carleton L. Ketchum and Mrs. Ketchum.

Mr. Archie Cole, of Newcastle, arrived here by auto and spent Sunday with his mother, who is the guest of Mr. and Mrs. A. E. Jones.

The Dominican Fathers, of New York, opened a mission in St. George's Catholic Church at high mass which continued all week.

At the closing exercises of Netherwood Girls' School, Miss Ruth Fleming, daughter of Hon. J. R. Fleming and Mrs. Fleming, graduated with honors in English, Scripture, Algebra, History, Grammar and Latin. She also received Mr. Skilton's prize for highest average in school, and a prize for music given by Miss Gillis.

Mr. Arthur H. Stevens and son, Arthur, arrived here from Boston on Friday to make their home in Woodstock.

At the executive meeting of the N. B. Branch of King's Daughters, Mrs. W. D. Rankin was appointed a member of the board of directors, and is home for the Aged People in Fredericton.

A very pleasant event took place on Thursday evening at the residence of Mrs. T. W. Baker, when Mrs. Frank Baird, who is shortly to leave town, was presented with a handsome gold wrist watch and an address by the ladies of St. Paul's Church. Mrs. Baker served dainty refreshments during the evening and was assisted in serving by Miss Noles, Miss Inch and Miss Shaw. The following ladies were present: Mrs. J. R. Brown, Mrs. D. Stewart, Mrs. James Wolverson, Mrs. E. B. Manser, Mrs. John Watt, Mrs. W. Turney, Mrs. F. Carson, Mrs. A. C. Shaw, Mrs. A. E. Stewart, Mrs. J. T. Montgomery, Mrs. H. Stevens, Mrs. W. D. Rankin, Mrs. H. Stevens, Mrs. G. H. Gault, Mrs. J. K. Fleming, Mrs. Sprout, Misses Marion Rankin, Mary D. Clarke, Viva McAfee, Savage, McIntosh, Ida McIntosh, G. A. Stewart, Mrs. Hale, Mrs. A. DeLong, Mrs. Leslie Mavor, Miss Ruth Appleby.

Mrs. Robert King, of Ontario is the guest of Mr. and Mrs. P. Hartley. Mr. and Mrs. R. P. Hartley are on an auto trip to Ottawa and other Upper Canadian cities.

The friends of Mrs. A. H. Prescott, who has been seriously ill, will be glad to learn that she is recovering.

Judge Forbes, of St. John, spent a few days in town last week. Tea was served at the Golf Club house on Saturday afternoon, by Mrs. A. G. Bailey, Mrs. Geo. Mitchell, Mrs. J. Arthur F. Garden and Miss Shaw.

Miss Bessie Gunter, who has been attending Normal School, is at home spending her holidays.

Mrs. George Baird, of Andover, was the guest of Mrs. Geo. E. Balmaln this week.

A quiet wedding took place at the residence of Mr. and Mrs. A. G. McGilbon on Tuesday afternoon, June 16th, at three o'clock, when Mrs. Carrie Gertrude West of Grand Falls, was united to Mr. Lorne T. Joudry of Campbellton. The ceremony was performed by the Rev. Frank Baird. Mr. and Mrs. Joudry left on Wednesday for their future home in Campbellton.

Among the guests were Mr. and Mrs. Hugh Kirkpatrick, Caribou. In the evening an auto party consisting of Mr. and Mrs. C. A. Eddy, Mrs. G. L. White and Mr. Wm. Perry, came down from Grand Falls to tender congratulations.

**SLEEPING CAR TO CAMPBELLTON**  
 Travellers Will Welcome New Feature in Canadian National Train Service, Effective June 28th.

The public interest in travel to travellers out of St. John in connection with Canadian National time changes effective June 27th is the inauguration of a sleeping car service from St. John to Campbellton. A standard sleeper will be attached, except on Saturday and Sunday, to No. 10 train leaving at 11:45 p. m., connecting at Moncton with Train No. 31 leaving at 3:30 a. m. and arriving at Campbellton at 9:30 a. m.

Returning sleeper will be attached to No. 32 train (except on Saturday and Sunday) which will leave Campbellton at 8:35 p. m. and connect at Moncton with No. 9, leaving for St. John at 2:50 a. m.

The many travellers from St. John for Newcastle, Chatham, Bathurst and Campbellton can leave at night and be at their destination in the morning after a good night's rest on the sleeper. Travellers will also be enabled to make a comfortable night journey from Campbellton to St. John.

Passengers from Boston for North Shore points and Gaspe can also make their connections by means of this service.

The Board of Commissioners of Public Utilities of the Province of New Brunswick.

NOTICE IS HEREBY GIVEN that the petition and application of the New Brunswick Telephone Company, Limited, filed this day with the Board of Commissioners of Public Utilities of the Province of New Brunswick, praying that this Board may approve of a proposed issue of \$175,000 of the capital stock of the said Company and grant a certificate therefor, under the provisions of the Act of George V, chapter 63, will be heard on Friday, the 9th day of July next, at the Government Rooms in the City of Saint John, at 10:30 o'clock in the forenoon, when and where all parties interested may attend and be heard.

The petition of the said Company is on file in the office of the Clerk of the Board in the City of Fredericton, where the same may be inspected.

DATED this 18th day of June, A. D. 1920.

BY THE BOARD,  
 A. B. CONNELL,  
 Chairman.

### Chatham

Chatham, N. B., June 17.—This was a close day in Chatham. The How's Great London Show had for in the Brown Fields, Greenville, at the outskirts of the town and with ideal weather prevailing, there was the usual influx of visitors from neighboring towns and country districts that such a occasion calls for. Business was practically suspended during the afternoon, many of the mills, stores and offices closing to permit old and young to see the big show. The customary parade was held in the morning and the two performances, afternoon and evening, were well attended. The numerous other attractions in connection with the circus were also liberally patronized. Good order was noticeable throughout the day, despite the crowds that thronged the streets and show grounds.

Among the number of Chatham people who went to Newswan yesterday to meet the American Editorial Party were J. L. Stewart of the Chatham Ford, who accompanied the visitors to Dalwood, N. B., Snowball, E. W. Jarvis, R. A. Snowball, G. T. O'Brien, Geo. M. McInnes and N. J. Mahon. The Chatham delegation were shown through the cars and entertained as far as possible during the short time at the disposal of the visitors. The American editors motored to Chatham, and surrounding Miramichi country, and returning to the shire town, left for Dalhousie, the next stage of their journey.

Miss Ethel Swanson, of Douglastown, domestic science teacher at the Chatham Grammar school, has tendered her resignation, to take effect at the end of the present term.

The Carrite Construction Co., who have the contract for laying the tarmac road between Chatham and New Brunswick, have commenced operations, and have a large number of men at work. All highway travel between the two towns on the south side of the river is now made by a circuitous route through Douglastown.

Mrs. James Stothard, Ferryville, met with a severe accident yesterday, as a result of which she will be laid up for some time. While engaged in making ice-cream with power supplied by a small gasoline engine, her clothing got caught in the machinery and she became entangled. The most of her clothing had been torn from her body, and she sustained a bad fracture of the leg.

The literary recital given in St. Luke's Church hall Tuesday evening by Prof. John Duxbury, the eminent English reader, was attended by a large and appreciative audience. The entire programme being much enjoyed. Prof. Duxbury so delighted his hearers that the request of a large number, he consented to give another recital Wednesday evening, which was also largely attended and greatly appreciated.

H. S. Laughlin, who for some time has been fosterer with the J. B. Snowball Company, has been appointed foreman in the Federal department of the Interior. Mr. Laughlin served overseas with the C. E. F. During his residence in Chatham, Mr. Laughlin has many friends who will regret his departure, but wish him success in his new position.

C. M. Meserveau, of Bathurst visited his parents, Alderman and Mrs. G. Meserveau, this week.

Miss Lillian McGrath, of Boston, is visiting her parents, Mr. and Mrs. Valentine McGrath.

Miss Daisy Murdoch, of Moncton, is visiting her parents, Mr. and Mrs. James Murdoch.

Mr. and Mrs. Joseph J. MacDonald, of Napan, announce the marriage of their daughter, Miss Bertha C. MacDonald, to Mr. Wilfrid O'Donnell, marriage to take place next month.

Miss Eva Croft, of St. John, is visiting her parents, Mr. and Mrs. W. H. Croft.

### LATE SHIPPING INTELLIGENCE

 Boston—Wed. June 16, str. O. B. Miller, Nova Scotia.  
 Cape Henry, Va.—Passed on June 18, str. Kamouraska, St. John for Baltimore.  
**Schooner Wrecked**  
 Three-masted schooner Eve A. Denslow, owned by C. T. White & Son, Sussex, was wrecked on Cape Cod beach at Sagamore, near Sandwich, Mass., on Friday and lies high and dry at low tide. Crew saved. The Eve A. Denslow, was built at Camden, N. J., in 1859, and registers 228 tons gross and 217 net. She was bound from St. John to New York. Nags and Wigmore are the local agents.

**Three Master in Trouble.**  
 Newport, R. I., June 18.—Two submersible chasers were sent from here today to the assistance of the three-masted schooner Florence and Lillian, bound from St. George, N. B., for New York, Conn., leading badly and unmanageable off Seacoast Point. One of the chasers returned tonight to try to get the services of a tug to tow before she was lost, while the other stood by and its crew assisted at the pumps. Captain Murphy reported that the schooner had been leaking for two or three days. This morning she lost some of her sails and he could not work her in.

Manchester Merchant Coming  
 S. S. Manchester Merchant, Capt. Beggs, left Manchester June 17, for St. John direct, with a large general cargo. She will leave here for Philadelphia.

**Canadian Recruit**  
 Salvage operations are still proceeding in the Chatham harbor for two or three days. The latest prognosis is that she will be floated within forty days. It is stated that the flour which is now being taken out

of her is in fairly good condition and that 60 per cent of it will be saved, as there is only an inch and a half of crust around it which is damaged. But the remainder of the cargo, the cement, lumber and paper are badly damaged.

Monday, June 21.  
 Arrived Saturday.  
 S. S. Turbot Castle, Sydney, whar. St. Clara, Thuroult, Barbados.

THE WEATHER.

Toronto, June 20.—A shallow depression which has moved rapidly from the Gulf of Mexico is centered tonight over the Ohio Valley, while the pressure is highest off the New England coast. Local showers have occurred today in Saskatchewan and Alberta and also in the vicinity of Lake Erie. Otherwise the weather in the Dominion has been fine and for the most part moderately warm.

Maritime—Moderate to fresh southerly to southerly winds; fair today followed by showers.

Northern New England—Rain Monday; cooler on the coast; Tuesday clearing with moderate temperature; wind strong east to south.

AROUND THE CITY

ROTARIANS AWAY. The following delegation of St. John Rotarians left Saturday evening to attend the International Rotary Conference in Atlantic City.—Rev. Canon Armstrong, E. J. Terry, Alexander Wilson, R. Patterson, Blair Dakin, A. Ernest Everett.

THE BOY SCOUTS. The regular meeting of the Provincial Council Boy Scouts Association will be held Thursday afternoon next, at Provincial Headquarters, Prince William street, when considerable important Scout business is to be transacted.

SAILED FOR ENGLAND. Capt. C. M. Barnes, M. C. R. C. E., left Friday night for Montreal to sail Saturday on the S.S. Melita for England, where he will attend an eighteen months' course at the School of Military Engineering at Chatham. Capt. Barnes left at less than twenty-four hours' notice.

SOLD BY AUCTION. The driving horse and carriage formerly used by commissioner of safety, was sold Saturday morning, to Dr. Johnson, veterinary, for \$257, including harness. The horse brought \$240. Two horses of the fire department sold for \$175 and \$190 respectively.

THE WEEK END ARRESTS. Three drunks were arrested on Saturday and three others are charged with having liquor in their possession. One arrest was made on Sunday, it was for drunkenness. Sydney McCallish and George MacDonald were arrested by the detective department and are being held at the request of the Sydney police.

VITAL STATISTICS. There were seventeen deaths recorded in the city during last week from the following causes: Senility, Heart Disease two, Bright's Disease two, Pulmonary Tuberculosis two, Infant, Pyæmia, Intussusception, Gastro Enteritis, General Debility, Cholera Infantum, Purpural Infection one each. There were eighteen marriages and twenty-one births, ten boys and eleven girls.

INSPECTORS AT WORK. John Nickerson was arrested at 2:15 o'clock Saturday afternoon in Christie's Lumber Yard by Inspectors Merryfield and McAlmah for having liquor in his possession other than his private dwelling. These two inspectors also gathered in John Flynn on Union Street Saturday afternoon, and John McLeod was arrested on Mill Street late Saturday night and was also charged with having liquor in his possession.

MARKET. In the market Saturday morning farmers arrived with a large supply of butter, which was selling at 55c. and 60c., a decrease of about 10c. from last week. Other prices were quoted as follows: Beef, 25c. to 45c.; veal, 20c. to 25c.; lamb, 42c. to 45c.; pork, 25c. to 28c.; ham and bacon, 45c.; eggs, 45c. and 50c.; potatoes, \$1.30 a peck; parsnips, 60c.; cabbage, 10c. a pound; asparagus, 50c. a bunch; parsley, lettuce, radishes, spinach and beet greens, 15c. a bunch, and rhubarb, 4c. a pound.

BROKE HER SHAFT. On Friday evening last the ferry steamer Governor Carleton was delayed in the dock for over an hour, as one of her shafts was broken. She again resumed the route and has since been run by only one propeller, viz., the propeller which drives her ahead once way across the harbor and pulls her back on the return trip. The broken shaft has been removed and will be repaired as soon as possible, and although the boat is running as if it were "one-sided" the regular trips are being run on time.

CONCERT ON KING SQUARE. The City Cornet Band will occupy the King Square band stand this evening from 8 to 10 o'clock and will give the following programme of music under the direction of Frank Waddington, bandmaster: March—The N. C. 4 (F. E. Egglew); Overture—Lustspiel... (Keler-Bela); Waltz—Frau Luna... (Paul Lincke); Barcarole from Opera Tales of Hoffman... (Offenbach); Cornet Solo by D. J. Gallagher—The Sea Flower... (Rollinson); Grand Operatic Selection—Rigoletto (Verdi); Tone Poem—Apple Blossoms (Robert Medley Selection—Sons of Erin (Beyer); Popular Number—Alabama Lullaby (Popular Number—Le Faneux-Henoux); American Fantasia—Darkies' Dreamland... (Bidgood); March—Namus... (Richard); God Save the King.

MOST DARING HOLD-UP ON KINGS COUNTY ROAD SATURDAY EVENING

Auto Truck, Owned by Local Dealer, Held up by Three Young Men Between Lakeside and Nauwigewauk—Trees Placed Across the Road—Forty Cans of Milk Poured into the Ditch—Warrant Out for a Suspect.

Certain citizens in Milltown, N. B., took the law in their hands recently and held up sugar smugglers carrying the precious product of the cane into the States. Certain residents of Kings County—the peaceful and law-abiding—went one better Saturday evening, when they held up a motor truck laden with milk for St. John's milkmen, thousands, overpowered the driver, and dumped the precious lactical fluid into the ditch.

According to the report received by The Standard, the auto truck of a local milk dealer had journeyed out to Robt. Baxter's farm, near Hampton, and loaded up with forty cans of milk. It was in the cool of the summer evening that the truck started back for St. John; and the driver, with the throttle wide and the engine purring a happy song, sped over that smooth highway of the dairy county, long famous in police court circles. As his eye glimpsed the rich and fertile country, side speeding by him at the rate of eight miles per hour, he marvelled at the audacity of those suburbanites who had thrown down the gauntlet to the inhabitants of that proud district.

Suddenly before him arose a barricade of fallen trees. Quickly he threw on the brakes, wondering if he had happened on the local headquarters of a Sinn Fein or Carbonite faction. He was not left long in doubt. These forms hurried out of the dusk and landed in the car. Quickly overpowering

the surprised driver, they set to work on the milk cans, and deliberately emptied every one of them into the ditch. Then the driver was informed that his presence was no longer necessary and he might continue on his way, taking the car with him.

An irate chauffeur it was who reached St. John some few hours later. His employer was informed of the incident, and the local detective department quickly notified. As the hold-up had occurred between Lakeside and Nauwigewauk, the County of Kings, the complainants were referred to the authorities of that county. The driver thought he had recognized one of his assailants, a young man, resident of Lakeside, and a warrant was sworn out for his arrest by Magistrate Fred M. Sproule of Hampton.

The action of the three persons is certainly a high-handed piece of work and embodies three charges—highway robbery, obstructing the public highway, and destruction of property. It not only deprived many St. John homes of milk, but means quite a financial loss to the owner of the milk. It is not thought for a moment that any of the Kings County milk producers are in any way responsible for this outrage, but appears to be the work of some young dime novel country youths who are full of the "hold up" idea. Law-abiding people will wish for the apprehension of the criminals and if located and found guilty that an example will be made of them.

Another dealer takes a more cheery outlook. He has succeeded in securing a supply of milk from Fredericton, some 200 gallons and expects to be able to deliver almost one-half of his usual supply to customers today. He has also made plans to tap districts about Queenstown and Hampstead as soon as the new Valley train is put on.

The farmers of Sussex he states have no grievance as they deliver their milk at the depot ice house in the evening, and he thinks they will soon be shipping again.

Jury Empaneled By Coroner Porter

Will Enquire Into the Death of John D. Morrison, Whose Body Was Found in Brussels Street Home on Friday

The hearing to be conducted before a jury empaneled by Coroner H. A. Porteous inquire into the death of John D. Morrison of 246 Brussels street has been postponed to July 15 in the absence of Dr. Abramson, the provincial pathologist, out of town.

The body was found by Percy Campbell at 8:50 Friday morning. He informed Police Constable Linton he found Morrison lying in his home and apparently dead. Dr. Flemming was called and after an examination pronounced the man dead and gave permission to have the body removed to an undertaking establishment. As some bicarbonate of mercury tablets were found near the body of the deceased, one of them pulverized, it was deemed necessary to hold an inquest and Coroner Porter was notified. Morrison was alone at the time of his death, his wife being out of town.

The jury which was empaneled, viewed the remains Friday afternoon. An autopsy has been performed by Dr. Abramson but his report will not be known until his return to the city. The jury empaneled included: E. J. Holder, foreman, A. F. Goscoe, Stanley Bustin, Thomas Mooney, Thomas Williams, Charles Watts, William Crabb. The body was taken to "Theville for interment."

Women Can Register Till Thursday. The following places will be open Monday, Tuesday, Wednesday and Thursday evenings, from 7:30 until 10:00, for the registration of names of voters who were omitted at the last revision of the lists: Victoria Street Baptist Church, St. Luke's Church, Mission Church, Paradise; Row; Steele's Ska Store, 519 Main street; St. David's Church, Sydney street; Queen Square Church; Prohibition Hall, 100 Union street; E. J. Lipsett's store, 223 Brussels street; F. S. Purdy's store, 96 Wall street; Temperance Hall, Main street, Fairville; Baptist Church, West St. John. Prohibition Headquarters, Congregational Church, 100 Union street, open daily. Phone Main 4394.—Adv.

"ONE FORM OF INTEMPERANCE FOR ANOTHER" President of N. B. Medical Society Speaks of Dire Results Under Prohibition. (Daily Telegraph, July, 1919.) The fact remains that large quantities of liquor have been brought into the province and disposed of, realizing small fortunes for those engaged in the business. That liquor is sold and delivered in so open a manner that if the officials are not aware of it they must be about the only ones who are not. Bootlegging flourishes and all kinds of alcoholic mixtures are in great demand.

"With what result?" "As I write the evening paper states that there were sixteen men before the court this morning charged with drunkenness. The hospitals and practitioners are treating many men suffering not from drunkenness but from acute alcoholic poisoning. And drug fiends are, I fear, becoming more numerous.

"Never before have I seen human beings in such abject misery due to the imbibing of rank poison!" "Never before have I seen a man suffer so much agony before death took place from drinking diluted alcohol!" "Never before have I seen men absolutely unconscious of their surroundings. And beyond possibility of arousing for many at a time due to recently acquired drug addiction!" "And I presume that I have seen no more than my share. What is to be the result? If the present state of affairs is allowed to exist. Who can say? May it not substitute one form of intemperance for another?"—From paper read by Dr. J. S. Bentley, President of N. B. Medical Society at last Convention, July 14, 1919.—Adv.

PLENTY OF MILK. Borden's St. Charles Evaporated Milk (with the cream left in) just when you want it. Use it in Coffee. Use it with white Sauce and Gravy. Use it in Hot Bread and Pastry. Milk Situation Remains The Same

Dealers Are Looking for Developments Today — Request for Sussex Train to Go on Old Time Sent to Headquarters — Meeting Called by Mayor.

The milk famine continues and the outlook is anything but bright, although dealers are looking for developments today. At their meeting with the city council last Friday afternoon, they asked that the Mayor request the railway officials to put the Sussex train back to her old time.

Mayor Schofield in compliance with the request, interviewed Messrs. Brady and Devenish of the C. N. R., and the officials promised to present the facts of the whole controversy before their superiors at the head office Toronto, and leave it to them to decide the question.

The milk supply for Sunday was somewhat better than Saturday's. As the Sunday supply from Sussex has always come down on the Saturday night train, the farmers allowed considerable to get through so that a number of dealers received a fairly good supply last Saturday evening, although not as large as they have been getting. Some 260 cans came in Saturday morning and 290 Saturday evening.

One of the dealers stated last evening that he had been assured by an official of the Producers' Association that if the Government would promise to restore the Sussex train to its old time, the city's milk supply would immediately be resumed, but then and only then.

In the meantime the dealers are suffering and some of them maintain that their present unhappy situation is due to the stand taken by Mayor Schofield in backing the suburbanites. They say after the farmers' losses their ultimatum he said that they were only bluffing, but the dealers find small comfort in the fact.

Another thing which the dealers have noted, is that the public seem to be in no way stirred by the situation. Milkless, they are happy, but when the dealers some time ago supplied them with milk, but raised the price by one cent a quart, a howl went forth that would have done credit to an orphan child in distress.

Another dealer takes a more cheery outlook. He has succeeded in securing a supply of milk from Fredericton, some 200 gallons and expects to be able to deliver almost one-half of his usual supply to customers today. He has also made plans to tap districts about Queenstown and Hampstead as soon as the new Valley train is put on.

The farmers of Sussex he states have no grievance as they deliver their milk at the depot ice house in the evening, and he thinks they will soon be shipping again.

All the dealers concur in the impossibility of bringing in milk from any distant parts of the country, owing to the fact that it would sour enroute in transit, to say nothing of prohibitive freight and express rates. But while this is true of milk, they claim it would not interfere with the ice cream concerns, as they are equipped with emulsifiers, which will turn sweet butter back into cream.

That a compromise or settlement may be arrived at, the Mayor has called a meeting of the dealers, producers and suburbanites, in a word all the factions who have become embroiled over the Sussex train's schedule, to discuss the matter. The meeting to be held at the Board of Trade rooms tomorrow at 2:30.

During the so-called milk famine the local dealers in many cases are managing to supply grocers and cafes with milk and allowing their regular customers in private dwellings to go without. These residents who fail to procure a supply at the grocery store are using the canned goods, and in a great many cases are becoming so used to it, that when the milk supply becomes normal again, the dealers will find that they have lost

Another EVEREADY Contest \$10,000.00 in Cash Prizes Be Our Contest Guest We treat all contestants as guests. You will not be urged to purchase anything—although, if you should be interested in seeing our line of Dayloes we will be pleased to let you look at them. Twelve words or less win any one of the 104 cash prizes in this Eveready picture contest. You can try as often as you like. Just come to our store and see the picture. We'll furnish contest blanks and information. Take the elevator to the Eveready Daylo Section. W. H. THORNE & CO., LTD. Store Hours:—8 a. m., to 6 p. m., Close at 1 p. m. on Saturdays, Open Friday Evenings till 10 o'clock.
