KENT NOTES.

[From Moncton Times.] Although trade is comparatively dull, we do not at all feel like giving up in despair. There are, throughout the country, good prospect of an abundant barvest. The grate and grain fields look very promising indeed.

The potato bug seems inclined to be even more troublesome than usual in some localities, but with a little Paris green and a good deal of patience even this inconvenience can be overcome.

The S. S. Convention that met in Bass River on Monday and Tuesday was well attended and no doubt will result in an increase of effort to organize and maintain Sunday schools throughout the county. The report of the increase of schools, also of teachers and scholars during the past two years is most gratifying. During this time they have more than dou-

Tuesday evening the Evangelists, Vans and McKay, held a farewell meeting in the church at Bass River. The church was filled to overflowing, many having to stand during the whole of the service. Representatives were there from every part of the county. After the meeting was opened short addresses were given by clergymen resident in the county, Rev Messrs Cameron, Tait, Murray and Hamilton. Upwards of a hundred in the corgregation took part in the meeting at the close. Inquirers were called for when some twenty or more came forward in dicating their desire to lead a new life The evangelists left on the express for their homes in Nova Scoiia, where they purpose taking a few days of much need ed rest.

The ladies of Weldford and Mortimor are preparing for the entertainment and refreshment of a large number of people on Tuesday evening next. They have secured the services of Rev. R. S. CARD.

To the Electors of the County of Kent: GENTLEMEN :-

A vacancy having occurred in the representation of this County in the Local Legislature, I have been requested by a number of you to offer as a candidate, and after consulting with my friends in the several parishes, in view of the assurances of support which I have received, have decided to do so.

For this purpose it will be necessary for me to resign the offices in the gift of the Provincial Government which I now hold, but I need scarcely say that I regard as much more honorable and important, if not so remunerative, the position of representative of this my native county. county.

If elected it will be my effort to inform myself as to your local wants, to meet your just
and reasonable expectations with reference to

Road and Bridge Service, and, generally, to faithfully discharge my

and, generally, to faithfully discharge my duties as your representative.

Believing that the present government has, in general, well administered the affairs of the Province, I will be prepared, if elected, to give it a fair and honorable support, so long as in my opinion it continues to merit it.

At the same time I will seek by every lagitimate and proper means to secure a Reduction in the Rate of Stumpage on Lumber,

which now bears so heavily on one of the principal industries in our County in common with the other North Shore Counties.

I will support and vote for a

Good Lien I aw, a lapted, in my judgment, to the requirements of this Province, by which the Lumberman and Machanic may be to some extent protected, and secured in the payment of their hard earnings in the case of the insolvency of, or transfers of property by, the employer or merchant.

I will favor Legislative Enactments and Grants to encourage the colonization and settlement of our own people in the County, as has already to some extent been accomplished.

My sympathy and support will be given to such legislation as will tend to promote habits of spbriety amongst our people, and render more effective the laws now upon our statute book having for their object the

Advancement of the Cause of

Temperance. In view of the spread of Education amongst all classes through the influence of our common schools, seminaries and colleges, I think the time has arrived when the Franchise should be enlarged and the right to vote given to every man who has reached his majority, without regard to property qualification.

I will be prepared on every proper opportunity to encourage the construction and extension of the

Ranch Railways now projected in the County, and the obtaining of such aid therefor as the province may ing of such aid therefor as the province may be financially in a position to give.

I will endeayor to see as many of you personally as I can before Polling day, but as it will be impossible for me to call upon you all, I would now ask those who are favorable to my election to do what they properly can to bring about that result, without waiting for a personal canves.

I am gentlemen, Your obedient servant,

J. D. PHINNEY. Richibucto, July 4, 1887.

Sore Eyes

The eyes are always in sympathy with the body, and afford an excellent index of its condition. When the eves become weak, and the lids inflamed and sore, it is an evidence that the system has become disordered by Scrofula, for which Ayer's Sarsaparilla is the best known remedy. Scrofula, which produced a painful inflammation in my eyes, caused me much suffering for a number of years. By the advice of a physician I commenced taking

Ayer's Sarsaparilla. After using this medicine a short time I was completely Cured My eyes are now in a plendid condition, and I am as well and strong as ever.— Mrs. William Gage, Concord, N. H. For a number of years I was troubled with a humor in my eyes, and was troubled to obtain any relief until I commenced using Ayer's Sarsaparilla. This medicine has effected a complete cure, and I believe it to be the best of blood purifiers.—C. E. Upton, Nashua, N. H. From childhood, and until within a few

months, I have been afflicted with Weak and Sore Eyes. I have used for these complaints, with beneficial results, Ayer's Sarsaparilla, and consider it a great blood purifier.—Mrs. C. Phillips, Glover, Vt. I suffered for a year with inflammation in my left eye. Three ulcers formed on the ball, depriving me of sight, and causing great pain. After trying many other remedies, to no purpose, I was finally induced to use Ayer's Sarsaparilla, and, By Taking
