SAM BARTER DESCRIBES TRIP

Interesting Doings of Two Carleton Soldier Boys.

Sgt. Dickinson and I have just returned from a trip to Boness, Scotland, where we went on escort duty bringing in a deserter from the 140th Battalion who had been arrested by police at Boness. We started at 6 a. m. Saturday from Seaford, Sussex, Eng., went by the way of Lewes to London, changing from London Bridge station to King's Cross station. We went through sub-way to underground electric railway station. Subway was like fairy-land with its electric lights and sides and top paved in white enamel, and clean good air and fine pavement. It is hard to believe as you sit in rapid moving cars that you are passing under crowded streets, tall buildings, beautiful parks, palaces and working men's homes. We arrived at King's Cross and took passage in a North British railway train and went northerly passing through Grant-ham, Peterborough, Bradford and York with its grand old cathedral, Newcastle with its mighty workshops. Crossed the river Tweed and entered Scotland at Berwick and followed south of Firth of Forth to Edinburgh. The east of England is very level and east and west, north and south land stretches away with a miniature of the Canadian wheat fields, but about York in Durham and Northumberland it looks much like Carleton county. Sgt. Dickinson and I were looking out eastward when he suddenly said "Look, there is Hamilton's Woods" and soon after I said "Yes, and this is out back of Frederickton," it looked so like New Brunswick that it made us both homesick. Snow lay about an inch deep in the hilly, rolling land. The chief joy of the travel is the great good fellowship of the soldiers, officers and men. We were in a box by ourselves, 1st class, mind you, and in came an officer, we stood at attention and his hearty "sit down, sons" made us at ease and we were soon all joining in conversation as boys. Sgt. Dickinson asked him "what is your rank?" and the answer came free and easy, "Lt. Col." He was much interested in Canada and New Brunswick. He gave me his address so I might send him some cards of N. B. scenery, Lt. Col. Loclett, Imperial Lincolns. He has been at the front since Aug. 1914, twice wounded and now on sick leave home, but was going back this week. Next in our box two Gloucester A. S. C. boys on escort duty; one a bonny Scot, the other a typical English boy on his first escort trip. Then three of the Northumberland Fusiliers on pass going home, all jolly like brothers. Say, it's worth a year of life to find the "Fellowship of Man." We arrived in Edinburgh and were met at the station by a kindly gentleman looking for soldier boys visiting Edinburgh or passing through, and at every British city are free lunch stands for soldiers traveling by train. We went with the gentleman to the following places: King George and Queen Mary Victoria League Club, Ramsay Lodge, The Mound, Edinburgh, where we had a good bed at the Mound and good meals at the Ramsay Lodge, which is exclusively for soldiers. We were well received everywhere. Sunday we went out by motor bus to see Forth Bridge 1 1/2 miles long, 360 feet high and the greatest bridge in the world. There was a great squadron of British

war vessels lying in the Forth river and we stood on the great bridge and watched a destroyer pass under. There were Sgt. Dickinson, a St. John soldier, Pte. Galbrath, Pte. W. Gully, from Sydney, Australia, and myself. One has to have a pass to go out on the bridge. We visited the house where John Knox lived in 1559, also the St. Giles Cathedral where Jenny Diddes threw the stool at the head of the minister when he tried to introduce the Church of England prayer book in the service. We visited Edinburgh Castle where there has been a fortress or castle as far back as 800 and there we saw and were in the smallest and oldest church in Scotland. St. Margaret's chapel was built by King Malcolm Canmore for his Saxon Queen Margaret about 1000. It is of massive stone walls and floor and not over 12x30 ft. and on highest part of rocky cliff 445 feet above the water front and 330 feet above the street below. We were in banquet hall of the Stuart Kings now used for a museum of old arms. We saw cannon made in 1489 for James 4th of Scotland. You could easily slide in the barrel. By it are piled half dozen rounded garnet stones it used to fire for balls. It is called "Mons Meg" and here is a joke: As soon as one gets on Castle Esplanade, small boys of 10 to 14 years of age run to you and begin a long rigmarole of historical gibberage in a monotone and follow you right to the castle gate and end up by saying "give me a copper." Well, as we were standing around big old Mons Meg two naval officers came along with two nice dressed young ladies, daughters of one of the officers. I think they too came to look at the big gun. I was telling half dozen of the soldiers some of the history of it and the young ladies stopped and came near to hear too. The officers crowded up, and I showed them around the big cannon and as I left the ladies and officers thanked me, and one officer pushed a shilling into my hand, and said "accept this from me." Now the naughty soldiers told me I could beat the boys talking for I got shillings where they got coppers and advised me to stay by Mons Meg.

We were in the room where Mary Queen of Scots gave birth to King James 1st of England and 6th of Scotland in the year 1566. I also sat at the fire place where Robbie Burns sat and thought out his verses which will never be forgotten as long as Scotland has sons and daughters. The great poet once lived on Lawn Market street, Edinburgh. Ramsay Lodge where we took our meals was the former home of Allan Ramsay who wrote "The Gentle Shepherd." Sgt. Dickinson and I just saw all we had a moment to see. The Scottish Museum of Science and Art was good but space will not allow a description. Away Westward was Arthur's Seat, on higher ground than Edinburgh Castle occupies, and Salisbury Hill, named after the Earl of Salisbury who camped on it after the Battle of Halldonhill fought in 1333 by the English against the Scots. Boness we found to be on the south bank of the Forth river near Stirling Castle, but time would not allow us to go and see the battle ground of Bannockburn although we would have liked to look it over. We had a good view of Linlithgow Castle now in ruins where Mary Queen of Scots was born and where she was afterwards confined as a prisoner by her own subjects.

Girls were acting as conductors in motor busses in Scotland. We

GOVERNMENT IS OVERTHROWN

New Government, With Difficult Task Before it Must Fulfill Pledges

New Brunswick has redeemed herself. She has followed the example of Manitoba and British Columbia, and turned out a government whose record had disgraced the province. For the Murray government was the Fleming government under another name. The humiliating feature of the result is that the counties of Kings, Charlotte, St. John, Albert and York have by their votes declared that in their opinion the political ideals of the Fleming-Pinder-Stewart-Robichaud group are good enough for them. Nothing better was expected of Carleton County, after the recent by-election; but it was hoped the people of the other constituencies named would condemn once and for all the men who whitewashed Fleming.

The government party made a most lavish use of money and liquor, and whatever advantage there may be in bribery and corruption and patronage was theirs on Saturday.

But the government has been defeated. That is the main thing, and a new government has a record to make. If it fails in its duty, it, too, will be defeated; for the temper of the people is unmistakable. They want reform. The change, even in some of the counties which elected government candidates, is significant. The change in public sentiment since 1912 will be more marked as time goes on, for Saturday's elections revealed the people to themselves, and the sentiment in favor of cleaner politics and better government will grow.

One of the first acts of the new government should be to send several more members of the legislature into private life. There should be at least one more royal commission. The new government should be very determined in this matter, and cut to the bone. If we are to clean house, let it be done thoroughly, and there are doubtless men whose election was cheered by government partisans on Saturday night who are shaking in their political shoes today, through fear of royal commissions, the scope of whose enquiries they can no longer circumscribe.

The way has been made clear for political reform in New Brunswick. The people, the plain people, are to be trusted when they know. They have given a mandate to new leaders; and the latter, having the record and the punishment of their predecessors in mind, and having a keen sense of the gravity of the task before them, and the need of strong and fearless men at the helm of affairs at this time, may rely upon public support so long as they maintain the principle of honor in public life, and pursue a sane and progressive policy.

saw no men acting as conductors and in the electric cars in London it was girls who acted as conductors.

We got our prisoner and started back, stopped at a free lunch counter at London after coming from King's Cross station to Victoria station and we had all the tea, ham, sandwiches and cake we could eat. It was on the counter; you just went in, turned the tap on the tea urn, filled a mug and helped yourself from a

THE VICTORY

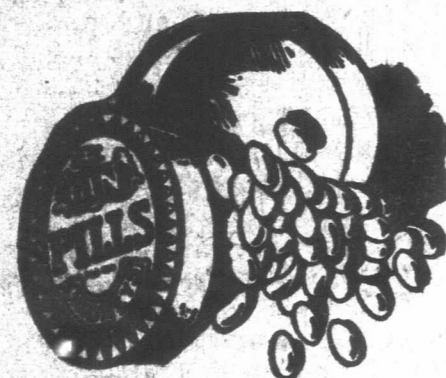

Opposition—27.
Government—21.

Thus stands the result of Saturday's election. As predicted by The Observer the government on Feb. 24 faced its certain doom and now the crooks and grafters must scatter. B. Frank Smith and his running mates were elected in Carleton county by practically the same vote as on Sept. 21 last, but they were elected to the cold shadow of opposition. Small comfort in that for Mr. Smith.

The victory in Victoria county was with the Opposition party and was almost a straight vote between Liberals and Conservatives. The Opposition fully expected to win in that constituency and the majority of around 500 was a big turn-over but not a matter of surprise. Mr. Carvell and Fleming both worked in Victoria county during the campaign and the result shows the people's estimation of the two men.

Enough said.

The new government will enforce the prohibitory law. It will have a great deal to do, however, between now and the first of May, in making adequate provisions for enforcement, and in this it should have the hearty sympathy and support of all friends of the new law, with the result that when a referendum is taken after the war there will be no doubt about making prohibition permanent.

THE CLOVEN HOOF

About a year and a half ago N. J. Wootten of Andover purchased The Victoria County News, a paper which, with all its faults, had made no pretense of concealing its sympathy for the Fleming government and all things Tory. Immediately Mr. Wootten assumed the management the News very plainly announced that hereafter it would treat all political questions entirely free from a partisan standpoint and be thoroughly independent. In consequence of this announcement the News thrived under the generous patronage of all classes—more advertising space being sold to Liberals than to others. But last week the good cow kicked over the pail of milk. For more bitter partisanship, more one-sided news reports, more vindictive knifing of its supporters the News last week had no equal in all the province.

The News sought the favor and good will of the Liberals last year only to "despitefully use them" this year. For surprising duplicity Mr. Wootten has created a new style of journalism, but will have few imitators.

But he would not consent to an operation and began the use of Dr. Chase's Kidney-Liver Pills. Since doing so he has had no need of an operation or even of a doctor as the trouble has completely left him. I cannot find words to speak our gratitude for his cure."

Our prisoner was no trouble to us at all, as he was acquainted with us his face lit up with pleasure when he met the Sergeant and found that he was to be escorted by friends; but as soldiers on duty we passed the night awake and watchful and handed over the prisoner and Sergeant says to me "Barter you may go to your hut" where I slept all afternoon. THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a 25 cent bottle of Danderine.

If you care for heavy hair that glitters with beauty and is radiant with life, has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fall out, loosen and die, then the hair falls out. Surely get a 25-cent bottle of Knowlton's Danderine from any drug store and just try it.

HEALTHIEST ONE IN THE FAMILY

No Sign Of Dropsy And Kidney Trouble Since Taking "FRUIT-A-TIVES"

HATTIE WARREN

Port Robinson, Ont., July 8th, 1915. "We have used 'Fruit-a-tives' in our house for over three years and have always found them a good medicine. Our little girl, Hattie, was troubled with Kidney Disease. The Doctor said she was threatened with Dropsy. Her limbs and body were all swollen and we began to think she could not live. Finally, we decided to try 'Fruit-a-tives'. She began to show improvement after we had given her a few tablets. In a short time, the swelling had all gone down and her flesh began to look more natural. Now she is the healthiest one in the family and has no signs of the old ailment. We can not say too much for 'Fruit-a-tives' and would never be without them."

S. W. Smith, the progressive merchant at East Florenceville, says the cash system is certainly the ideal way to do business. His sales during the month just closed were greater than in any February he has done business, and it was for spot cash or produce. He is enabled to buy for cash and sell for cash thus making a double saving for his customers. His cheap sale still goes on and readers should look over his ad on first page. Better turn to it now.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach, sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

The Quarterly Meeting of the United Baptist Churches of District No. 1, will meet at Sisson Ridge, March 6, 7. First session will be held Tuesday evening at 7.30 o'clock. ACTION AGAINST N. B. POTATO EXCHANGE

Ottawa, Feb. 25.—W. F. O'Connor, high cost of living commissioner at Ottawa, has applied to attorney-general of New Brunswick for leave to institute criminal proceedings against the New Brunswick Potato Exchange and its members individually. The operation of the exchange in its relation to potato prices to the consumer has been attracting a good deal of attention at the capital and Mr. O'Connor's action is a result of investigation.

The price of potatoes in Canada is now almost double that in Great Britain. The imperial government has fixed the price at \$1.17 a bag, but in Ottawa they are selling at \$3.

Members of the potato exchange when informed of the proposed action have expressed the greatest surprise that they are to be held accountable for the high price of potatoes and vigorously deny any unfair methods.

Croup

"I don't think there is a more anxious time for parents than when their children have croup. Without they are prepared with Chamberlain's Cough Remedy they must wait for the doctor and listen to the choking, metallic cough and watch their little one gasping for breath."

You know the great danger of croup is the formation of a false membrane in the larynx, and until this is expelled relief cannot be obtained, and the spasmodic choking continues. Give Chamberlain's Cough Remedy in frequent doses. It will loosen this membrane and cause the child to expel it by vomiting.

Chamberlain's Cough Remedy

is an absolutely safe and certain remedy for croup, and if given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack."

CENTREVILLE NEWS

A telegram was received by A. C. Gibson Saturday announcing the death of his youngest son, Frank. He was working in a mill in Montana and his death was accidental, but no particulars have yet been received. He left here about 15 years ago. His only brother Fred is at present in England with the Civil Service.

Amos Gregg died Sunday. The late Mr. Gregg had been sick over a year and had been confined to his bed almost all that time. He was one of the kind of men that everyone hated to have pass away, strictly honest in all his dealings, a staunch Baptist and always a pleasant man to meet and talk with. He is survived by his widow and one brother, John, who is also critically ill at his home here.

Dan Cronkite is quite seriously sick.

Election day passed off very quietly here, a great difference in the last 10 or 15 years and also much different from our sister village, East Florenceville, where the effects of the ardent were visible Saturday afternoon. The return of the Government candidates in Carleton county was no surprise here. But later in the evening when the returns began to look bad for the future return of the government surprise of the worst description showed on the face of our local Conservatives.

The Baptist pastor, Rev. S. Johnston, preached an old fashioned Baptist sermon on baptism and after hearing the sermon no one will accuse him of being at all weak on that point of Baptist doctrine. At the conclusion of the service seven candidates were baptized according to the only way in which the pastor considered it should be done.

Heart's Action Was Weak And Circulation Poor

He Was Always Tired and Nervous and Had Pains in Feet and Legs—Dr. Chase's Nerve Food Cured.

The heart is a wonderful worker, plodding away year in and year out, forever pumping the blood through the body. So long as the blood is rich and nourishing it renews its own waste and keeps up a vigorous circulation of the blood through the arteries and veins of the human system.

But when the blood gets thin the nerves are starved, motive power is lacking, the heart's action weakens and the circulation is slow. The hands and feet feel cold, there are cramps and pains in the legs and through the body, digestion fails, you become nervous and irritable and do not rest or sleep well.

This letter will give you some idea how admirably Dr. Chase's Nerve Food is suited to overcome derangements of this nature. It is above all, a creator of new, rich blood, and with the blood in good condition the

nerves are soon restored and bodily organs resume their natural functions.

Mrs. E. A. Hutchings, "Public View," Eliza, Man., writes: "Before using Dr. Chase's Nerve Food my husband had tried almost every remedy recommended as a tonic. He suffered with cold feet, poor circulation of the blood and was always tired. He had pains in his feet and legs, and could get no rest or sleep at night. After the first box of the Nerve Food we could see an improvement, and now after using it for six months, he is an entirely different man. He eats and sleeps well and has no pains in his feet and legs. It has built up his health wonderfully, and we can recommend it as a splendid nerve tonic."

Dr. Chase's Nerve Food, 50 cents a box, 5 for \$2.50, all dealers, or Ed-manson, Bates & Co., Limited, Toronto.
