

European Intelligence.

One Week later from Europe! Arrival of the Arabia.

The Arabia arrived at Halifax at 10 a. m. on the 23rd inst.

BRITAIN.—Parliament is further prorogued till 13th November.

The English Telegraph Company gave a banquet to Professor Morse in London on the 9th. Many guests connected with science and chemistry were present. Professor Morse has succeeded in telegraphing a distance of two thousand miles at the rate of 210 signals per minute, thus proving the practicability of an Atlantic communication.

The Congress for the settlement of the points of disagreement between Russia and the Allies forthwith assembled at Paris at the Hotel of Foreign Affairs, and it is contemplated that the whole will be arranged in one or two sittings.

Telegraphic accounts say that the Austrians, four thousand strong, have occupied Galatz and other points on the Danube, and that if this be true, and Turkey has assented to the occupation, the Danubian Commissioners will return home. It is however expected that Austria will be called on to evacuate the principalities at once by the Congress at Paris, and that she can adopt no other course than obey.

Cotton, Corn and general produce markets are steady with a fair amount of business. Money although dear is not scarce.

FRANCE.—The final quotations of the French Treasuries on the Bourse on Friday evening were 66—80 for money, and 67, 10 for the end of the month, showing a recovery of one quarter per cent. M. Magne, minister of finances, has published a lengthy report in the *Moniteur* on the finance of the present year and views them favorably. The Bank of France monthly return shows equal to two and a half million pounds sterling decrease of bullion; but the deficiency has not caused so much depression as was anticipated.

ITALY.—The direct news from Naples to the 29th ult., indicate that the King is still determined to resist all demands and remonstrances; the opinion is now general that the Neapolitan question will be settled without hostile demonstrations, notwithstanding that the contrary continues to be previously circulated.

Some of the German papers report that Ferdinand has been induced to make certain concessions, and that Gen. Damartini, the Austrian Ambassador at Naples will, it is hoped, complete what Baron Hulner has commenced. Martini is bearer to Ferdinand of an autograph letter from Francis Joseph, Emperor of Austria in which he implored in the name of relationship between the two courts not to draw down misfortunes, not only on Naples, but on the whole of Italy. Meantime Ferdinand is about to send a very voluminous despatch to the European powers containing a defence of himself and his government. Two English ships of war with Admiral Dundas on board were at Adjaccio, and more were expected. The French fleet, commanded by the Grand Duke Constantine, and is to go into the Mediterranean merely as a guard of honour to the Empress Mother during her tour in Italy. A Spanish fleet is on hand to act merely as a police of the Spanish islands, and an Austria squadron is to cruise in the Adriatic solely for exercise.

SWITZERLAND.

M. de Soliman, French Ambassador to the Swiss confederation, paid an official visit on the 1st inst., to M. Stampfli, President of the Swiss Confederation, for the purpose of asking from him in the name of the French Government amnesty of the Royalists of Neuchâtel: it is believed that the Federal Government would assent to his request only on condition that the King of Prussia shall renounce his claims on the principality.

DENMARK.—The *Fatherland* newspaper (not a good authority) announces that the question of the Sound Dues is settled. England and Denmark have come to an arrangement; the land transit is to be reduced.

TURKEY.—Uneasiness is felt for the tranquillity of Syria. There is nothing important from Turkey proper, except a rumor that the majority of the commissioners for the Danubian Principalities, have refused to discuss the proposed questions until the Austrian troops evacuated, and until the Sultan decreed the shooting of the Divan on such terms as embodied in the protocols of the Treaty of Paris.

INDIA AND CHINA.

The mail at Trieste dates from Calcutta to the 8th of September, Melbourne 12th July, and Ceylon 16th September. Preparations for a Persian expedition were vigorously carried on in all departments in India. Two steamers have been despatched in haste from Calcutta to the Persian Gulf. The Indian Government had opened a new four and a half per cent. loan for an unlimited amount which disturbed the money market. Bombay exchanges were 2 1/2 to 3. At Melbourne, wet weather caused a temporary depression in trade, and there was a decrease in gold production, but there were signs of a revival and commerce was sound.

MARKETS.

MONEY.—Consols 91 1/2. The Bank of England has raised the rate of discount to six per cent. on 60 days Bills, and seven on 90 days.

Flour advanced 6d to 1s.; Wheat 1s to 2s.

JUSTICE IN CANADA.—There cannot be a doubt that the manner in which justice is administered in this province is enough to tempt men to trust to their own right hands for redress. There is no certainty of punishment, no even-handed justice, no prompt detection of crime, no social scorn of the meanest and most fraudulent acts. On the very judgment seat, men sit who have been guilty of positive fraud, and who in England would have been scouted out of society. Had public opinion been healthy at Port Hope, Henderson would not have dared to set his feet a second time there after he had so grossly and so villainously betrayed the confidence of a friend. Were public opinion healthy here the abettors of forgery and money-windlers dare not look honest people in the face, nor infamous women be admitted into what is fashionably styled "good society." It is not necessary to commit murder to prevent seduction, nor to make judges honest or women virtuous. A good state of moral feeling is only needed, and that alas! we have not got.—*Quebec Gazette.*

On the Grand Trunk Railway three men were killed on the 12th. They were in a hand car returning home from work in the evening. They were run into by a train—two killed on the spot, and the third so severely wounded that he died shortly after.

CANADA.—The elections for the Legislative Council are nearly over, and have lost much of their absorbing interest. The only further return yet reported is that of Colonel Prince, for the Western Division. A riot took place at the nomination for the Laurentides division. Several persons were severely injured. Both parties lay the blame on their opponents.

The late successes of the St. Lawrence route from the grain districts of Western America to Europe, still occupy a great deal of public attention; and the public are determined to have a weekly line from Montreal next season. It is still hoped that Imperial aid will be secured.

The subject of the Hudson's Bay Company's charter and policy, and the opening up of its territory for settlement, is still matter of discussion in the Canadian press, and we believe the demand for opening up the territory to settlers from Canada will become a popular one.

The local topic occupying most attention, is the opening of the Grand Trunk Railway between this city and Toronto. The opening is formally advertised to take place upon the 27th inst., and it is proposed to celebrate the event here, by a grand festival in November. 25000 have already been subscribed here for the purpose, and arrangements are in progress to make it a splendid affair.

RAILWAY CELEBRATION AT STRATFORD.

C. W.—On the 8th inst. the Grand Trunk Railway was opened through from Berlin to Stratford, 25 miles, making the whole distance west of Toronto 88 miles. The Mayor of Toronto, and many other gentlemen from Toronto, were among the excursionists, and among them was the Hon. E. B. Chandler of New Brunswick. A dinner was served up on their arrival at Stratford, at which the Mayor of Toronto presided. Among the toasts he gave the following:

"The health of the President and Directors of the Grand Trunk. In doing so, His Worship introduced to the notice of the meeting, the Hon. Mr. Chandler of New Brunswick—a gentleman, perhaps as celebrated for the furtherance of railroad interests as any on the continent, (cheers)—and one who, had his suggestions been carried out, would have united with an iron band all the Provinces of British North America. He would propose that gentleman's health in connection with the toast."

To this toast Mr. Beatty, one of the Directors, made a suitable reply. The report then goes on to say:—

"Hon. Mr. Chandler then arose and returned thanks for the handsome manner in which his health had been drunk. He fully confessed in what had fallen from the previous speakers respecting the great benefits which must be derived by the Province from the Grand Trunk. With Mr. Beatty he would also concur in a tribute of praise to the present Governor General of Barbadoes, to whom Canada owed a deep debt of gratitude. (Hear.) The people in New Brunswick, although not so fortunate as those in Canada, still witnessed with much pleasure the efforts making by Canadian enterprise. The changes for the better effected in this Province within the last few years, were, indeed, almost incredible. But New Brunswick was also progressive, and would be believed, be firmly united to Canada, shortly, by an iron band. (Cheers.) After some further observations which were received with much applause, the hon. gentleman resumed his seat by thanking them on behalf of the people of New Brunswick."

ADVANTAGE OF EMPLOYING THE STEAMERS.

The New York Board of Underwriters has deducted one-half per cent. on the insurance of the new ship *Indiana*, which recently sailed from Quebec, on account of her being towed down the river as far as Bic. The deduction, it is stated in the *Quebec Chronicle*, will defray the cost of employing the steamer, so that, virtually, the ship has the benefit of the towage gratis.

SUICIDE.—Capt. John Pender, aged 30, master of the ship *City of Hamilton*, committed suicide on the 28th ult., in the Gulf of St. Lawrence, by cutting his throat with a razor. He lingered about twelve hours. The evidence given by the mate and steward

of the vessel before the coroner's jury at Quebec on the 11th inst., proved that Capt. Pender's disordered state of mind was operated upon by an impression that his voyage was a protracted one, and the fear of blame in the matter appeared to be the immediate cause of his committing the rash act.

The Standard.

ST. ANDREWS, OCT. 29, 1856.

OUR RAILROAD.—It affords us great pleasure to learn, that the negotiations for the transfer of the St. Andrews & Quebec Railway to the new Company, have been brought to a satisfactory conclusion, in fact, completed—the arrangement having been ratified by the Lieutenant Governor in Council—and the Great Seal of the Province affixed to the transfer. It is satisfactory to know that the terms agreed to, with reference to the Stockholders in this country, (and published in our last number,) are highly approved of by the Shareholders in this Province. In reply to the numerous queries,—“when will the work on the Road be resumed, and on what part?” we cannot at this moment give a satisfactory answer, but no time will be lost; and we trust that too much will not be expected from the new Company, at first. We have not faith in the gentlemen connected with the management of the Company's affairs, that we are perfectly willing to leave the whole matter in their hands, resting assured that they will push on the works as fast as arrangements can be made for doing so.

LUMBERING FARMERS.—Under this appropriate heading, our contemporary of the “Woodstock Journal,” has the following truthful remarks respecting those farmers who are in the habit of mixing up their noble business with lumbering, and pointing out the evils arising therefrom. We coincide fully with our contemporary in his observation that the practice of mixing up those pursuits retards the progress of agriculture. We have abundant evidence of this fact in the County of Charlotte; the progress, however, is of late years becoming less prevalent. The “Journal” says:—

“The recent rise in prices will cause a considerable activity in lumbering operations during the coming winter. In so far as this will revive the trade and commerce of the country and better the home markets for farm produce, it will be a source of great advantage. But it will also revive not a few evils, under which the Province has labored in times past. Not the least of these is the practice of farmers meddling with lumbering. Owing to the partial failure in farming, many of our farmers will no doubt betake themselves to the woods during the winter, and endeavor to make a little money in the spruce or birch business. It cannot be denied that our lumber business has been of vast benefit to the Province; but we have ever been of opinion that the profession of the lumberer and that of the farmer should be separated. There should be a division of labor; and each should attend to his own particular pursuit. It is impossible for any farmer whose labor is necessary to the cultivation of his land, to meddle with safety with lumbering. Of course we do not so much speak of hiring out during the winter months by the farmer, but of his going into the business on his own account. We confidently assert that an examination will find our most thriving and independent agriculturists to be those who have shunned the lumbering business and confined themselves to their own pursuit. It is a fact past all dispute, that a farmer who lingers, is a lumbering farmer.”

Of course it is altogether useless to preach upon this subject; our farmers will lumber. But we consider it our duty to enter a protest against a practice which retards the progress of agriculture, and is so detrimental to the permanent welfare of our rural population.

SUICIDE AT EASTPORT.

An elderly man named Norton, a butcher, residing at Eastport, committed suicide on Saturday last, in a most singular manner. He had been missing for some hours, and a very diligent search was made, he was found in a hughed of water with his hands tied behind him. In this position he had terminated his existence. We are not in possession of any facts by which the cause of such an act can be explained. The deceased has for many years been a resident of Eastport, and leaves a family to lament their loss.—*St. John Morn. News.*

HORRIBLE ACCIDENT.

The Richmond Enquirer says:—

“We have already published a brief paragraph announcing that six children were consumed in the flames of the residence of Mr. Dawson, in West Union, Virginia, on the 26th ult. Both Mr. and Mrs. Dawson narrowly escaped with their lives, having

been awakened barely in time to avoid the fate of their little ones. Mr. Dawson seized one of the smaller children, and made his way to the door, when, becoming confused, he rushed back into the house, was stifled by the smoke, lost the child, and was himself so badly burned that his life is despaired of—so that Mrs. D. is perhaps the only survivor of this terrible calamity. An exchange paper relates the annexed horrible feature of this tragical occurrence:—

“One incident in this cruel drama was most awful in character. We are told that during the progress of the flames the upper floor gave away, and a bed, on which there were two or three persons, fell through to the lower floor, in plain view of the bystanders. Appalling spectacle! The wretched children were still alive, enveloped in the fiery element and writhing in the agonies of death!”

ANOTHER GREAT BOAT RACE.—Some of the crack oarsmen of New York have challenged the Union Club, of St. John, N. B., to engage in another encounter, for \$2000 a side. The crew is considered superior to that which was lately defeated on Charles River.

We understand that the Halifax Boat Club, in answer to the recent challenge of the St. John Club, express a disposition to meet the clubs of New York, Boston, and St. John, in this city next summer, each putting up \$1000.—*Boston Paper.*

FREMONT TO BE ASSASSINATED.—We have received intimations, from respectable sources, that during the last eight or ten days, a number of letters have been received by Col. Fremont of a very abusive and threatening character; some warning him that if elected, he will be assassinated or poisoned; others, that he may not live to be elected, for that his enemies are determined he shall never be inaugurated.—*New York Herald.*

Accident on the Shediac Railroad.

On Thursday last an inquest was held before Jacob Wortman, Esq., Coroner, and Jury, on view of the body of Hannah Taylor, who was killed under the following circumstances:—On Wednesday evening, deceased in company with a young man, (an acquaintance) left one of the shanties immediately above Harris' stream for the purpose of visiting some of their friends who lived a short distance below, and while crossing by the bridge one of the railway cars (called a Lorie) was being driven by some of the workmen, and came down so rapidly that Miss Taylor was knocked down, and the wheel passing over her head she was killed on the spot; the young man was knocked off the bridge, a height of about fifteen feet, and severely injured, but hopes are entertained of his recovery.

In justice to all parties we are bound to say, that no blame whatever can be attached to any one connected with the works. Mr. Stevens, the Contractor, had come down with the engine, the last trip for the night and picked up all the men and wagons belonging to this end, after which Mr. Light walked in from the bridge and saw every thing right on the road; but the Lorie was started from Cook's Brook by some of the men who wanted to do some errands for themselves after the day's work was over, and hence the accident.

It appeared in evidence that this practice among the workmen has been in existence as long as Railways have been building, and is so understood among them, therefore it ought to serve as a warning for those not belonging to the works to keep clear of the track both night and day. We remark also that a gang-way is erected for foot passengers, so that they need not cross by the bridge, and this obviates any necessity of going upon it. These are the main facts as given before the Jury, and the verdict was rendered accordingly.—*Westmorland Times.*

BEAR SHOT BY A LADY.

Miss Philbrick, a lady residing in Piscataquis county, having been annoyed by bears set a trap for them. The morning after the trap was set it had disappeared, and a trail was observed showing which way it had gone. Miss P. procured her rifle and started in pursuit, and was not long in overtaking Bruin with all his paraphernalia. A shot from the rifle soon terminated his existence, and Miss Philbrick had the satisfaction of receiving a good price for the “peit,” in addition to the bounty allowed by the State.—*Portland Advertiser.*

A reign of terror has hung out its black flag of sedition, treason, and nullification over one half of the American Union.

In all our Southern States excepting little Delaware, there is as little of political liberty as in Russia; and a meaner, more sneaking, and more remorseless espionage over the liberty of speech and the public press than in any of the Italian provinces of Austria. Under the auspices of the Jacobin democracy this invisible and lawless despotism of the South has become as memorable as the orange Committee of Public Safety of that horrible first French Revolution, and as bloodthirsty as Robespierre, Marat, and Danton. Such is the fierce and shameless despotism which reigns over the South, and such is the government to which the rotten democracy are laboring to subdue the North, under threats of disunion, a robbery of the public treasury, and civil war.—*New York Herald.*

PERRY DAVIS' PAIN KILLER cures like magic. The first application often removes the severest pains, external and internal. Toothache is immediately relieved by applying the medicine. If any doubt its magic powers, let them give it a trial—it costs only 25 cents.

Sold by druggists generally in the United States and Canada.

General Debility and Lowness of Spirits.—Thousand of individuals of both sexes suffer a martyrdom with these complaints, and are at an utter loss to know what to do to alleviate their sufferings, having recourse in many instances to the very last thing in the world likely to benefit them. Holloway's Pills are the most celebrated medicines for general debility, and lowness of spirits, as well as for all diseases to which the frame is liable, and they will most certainly effect a cure of bowel and liver complaints, indigestion, and all other derangements of the intestines in a remarkable short space of time, after every other remedy has failed.

WARRIORS.

On the 27th inst. by the Rev. Mr. Johnson Mr. JOHN S. MAGEE of St. John, to Miss SARAH E. BALSON, only daughter of Capt. John Balson of this Town.

At Portland, Me., on the 23rd inst. by the Rev. H. D. Moore, Mr. SAMUEL KYLE of Eastport, to Miss JENNIE L. COLLE, eldest daughter of Mr. L. D. Cole of Portland.

AYER'S Cathartic Pills,
(SUGAR COATED)
AND MADE TO
CLEANSE THE BLOOD AND CURE THE SICK.
Invalidate, Palsy, Nerves, Rheumatism, Dropsy, &c.
FOR THE CURE OF
Headache, Sick Headache, Puff Swelling,
Bilious Disorders and Liver Complaints.
Dea. J. C. AYER, Sir: I have been repeatedly cured of the most headache any body can have by a dose of two or three of your Pills, which I have used for months. Went out to be doctor'd at great expense, but got no better. She then commenced taking your Pills, which were cured her, by striking large quantities of worms (dead) from her body. They afterwards cured her of her biliousness, and she is now perfectly well. I have seldom found a case of biliousness so obstinate that it did not readily yield to your Pills. I have used your Pills in many cases of Dysentery, Rheumatism, and Worms.

AYER'S CHERRY PECTORAL
FOR THE RAPID CURE OF
COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INFLUENZA, CONSUMPTION,
and for the relief of consumptive patients in advanced stages of the disease.
We need not speak to the public of the virtues. Throughout every town, and almost every hamlet of the American States, its wonderful relief of pulmonary complaints has made it already known. Now few are the families in any civilized country on the continent without some personal experience of its effects; and fewer yet the communities in any where which have not among them some living trophy of the victory over the sickly and dangerous disease of the throat and lungs. While it is the most powerful and most certain remedy for the formidable and dangerous disease of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in every household, and should be prepared to give it upon their children's ailments, for the consumption of this medicine has saved more lives by the consumption of it, than any other medicine. It is a most powerful and most certain remedy for the formidable and dangerous disease of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in every household, and should be prepared to give it upon their children's ailments, for the consumption of this medicine has saved more lives by the consumption of it, than any other medicine. St. John, 9th April, 1856.

Ufford's Smoke Consuming Patent Lamp.

It is warranted to produce, without smoke and with only the poorest quality of oil or grease, at an expense of less than half a cent per hour, a light equal at least to four wax candles. Extremely simple and durable, less injurious to the eyes than any other artificial light, and will prove the truth of these statements.

Prices \$1 25, \$30, \$75, &c. We have one of the Lamps in use, and are able to conform to the favorable testimony of the Travellers having found it answering well to what it claimed for it. (Puritan Recorder.)

No person who has ever tried one of the Lamps would be willing to give it up for ten times its cost, if it could not be replaced. (New England Farmer.)

Doston: 117 Court street, head of Salthury.

PARKS & FOLSON, 236 Washington St., Boston.

P. & F. would respectfully give notice, that they will continue to manufacture the Melodeon and Seraphine, in a variety of styles, which, in point of finish and tone, are not surpassed by any other manufacturers. Also, the Melodeon Organ, with a sub-bass, suitable for Churches, Vestries and Halls. The public are invited to call and examine before purchasing.

Dealers supplied on favorable terms However Caused!!

THRESHING MACHINES. For the best approved Power Threshing Machine exhibited, either imported after the 24th August last, or manufactured in the Province (provided the owner will bind himself to keep the same in the County in repair and in operation, for public accommodation for 4 years) the Society will pay as a premium the amount of duty paid on the machine, if imported, or if manufactured in the Province a sum equal to the duty on a machine of equal value, if imported. The machines exhibited to be inspected by a Committee appointed for that purpose, and tested by trial.

REGULATIONS. 1st. All animals must have been the bona fide property of the person entering the same and have been kept in this County not less than six months, and raised in this Province.

2d. All crops, dairy produce, domestic manufactures, &c. must be bona fide the property of the person entering the same, and the growth and production of this County.

3d. Persons entering stock, or any other article for competition at the Show, must hand in to the Secretary a list thereof before 11 o'clock, A. M., on Fair Day. No entries will be received after that hour. No persons except paid up Members of the Society will be allowed to compete.

4. No person shall receive more than one Premium on the same kind of live stock, nor on the same kind of any other article exhibited by him.

5. Cattle and Horses competing must be provided with suitable halters.

6. No Judge on any description of articles entered, to enter an article of the same kind for competition.

7. Judges have the right of rejecting any or all of the articles entered, should they think them unworthy of premiums; and the Judges are particularly requested to strictly enforce this Rule.

8. A bushel measure has been provided for measuring grain, root crops, &c., and their relative values will be adjudged, according to the weight per bushel.

9. All specimens of Cloths and Domestic Manufactures exhibited, must be ticketed at the price per yard, or by the piece, at which the owner would be willing to sell the article, and also whether it is for sale or not.

10. In future, all persons receiving Premiums from this Society, and who may be found to have accepted them in violation of the Rules of the Society, will be prosecuted by the Society to recover back the amounts received by them.

A suitable field will be provided for the reception of the Cattle.

By Order of the Board, A. T. PAUL, Secretary.

E. D. SPEAR, INDIAN DOCTOR, 18 Kneeland Street, BOSTON, Mass.

THE great success which has ever attended the Indian Practice of Medicine, as perfected by E. D. SPEAR, M. D., excites envy in the hearts of the many advocates of Mercury. Many of his remedies, as the public have already learned from the papers of the day, are prepared from recipes which are believed to have originally been received from the Indians one hundred and seventy five years ago. No other remedies deserve the name of Indian.

DR. SPEAR'S GREAT INDIAN MEDICINES. (For names and description see his "Family Physician"—to be had, free, at his office, or sent to order, prepaid on receipt of a paper postage stamp.)

Are certain cures for: Asthma, Ague and Fever, Barber's Itch, Boils, Bronchitis, Cancer, Canker, Colds, Consumption, Coughs, Costiveness, Cramps, Debility, Diabetes, Derangement of the Bowels, all humors in the blood, Giddiness, Headache, Inflammation of the Eyes, Jaundice, Kidney Complaints, Liver Complaints, Loss of Hair, Lumbago, Milk Leg, Nightmare, Palpitation of the Heart, Pains in the side, back, and other parts of the body, Painful Menstruation, Pin Worms, Rheumatism, Salt Rheum, Scald Head, Scrofula, Shortness of Breath, Sore Throat, Spinal Complaints, Strangury, &c.

Dr. Spear's Female Medicines have become very celebrated, and it is now admitted that his treatment of Female Weaknesses, Prolapsus Uteri, Irregularities and Suppressions is far superior to every other treatment for these complaints.

It is also celebrated in the treatment of children. His medicines being vegetable, do not poison the system. Dr. Spear is now being visited by one thousand patients every month, some of whom travel hundreds of miles to consult him and to obtain his medicines. Dr. S. will warrant a cure in every curable case. After giving his remedies a fair trial, if a cure is not effected, he will pay any other physician, who will effect a cure, his bill, not exceeding \$100. Persons at a distance can consult him by letter, enclosing a stamp to pay the answer. Dr. Spear consults with patients at his Office No. 18 Kneeland street, upon all conditions and diseases of the system, free of any charge.

LET US REASON TOGETHER.

HOLLOWAY'S PILLS.

WHY ARE WE SICK?

It has been the lot of the human race to be weighed down by disease and suffering. HOLLOWAY'S PILLS are specially adapted to the relief of the Weak, the Nervous, the Delicate, and the Irritable, of all climates, ages, sexes, and constitutions. Professor Holloway personally superintends the manufacture of his medicines, and offers them to a free and enlightened people, as the best remedy for the world ever saw for the removal of disease.

THESE PILLS PURIFY THE BLOOD. These famous Pills are expressly combined to operate on the stomach, the liver, the kidneys, the lungs, the skin, and the bowels, correcting any derangement in their functions, purifying the blood, the very fountain of life, and thus curing disease in all its forms.

DYSPEPSIA AND LIVER COMPLAINTS. Nearly half the human race have taken these Pills. It has been proved in all parts of the world, that nothing has been found equal to them in cases of disorders of the liver, dyspepsia, and stomach complaints generally. They soon give a healthy tone to those organs, however much deranged, and when all other means have failed.

GENERAL DEBILITY. ILL HEALTH. Many of the most despotic Governments have opened their Custom Houses to the introduction of these Pills, that they may become the medicine of the masses. Learned Colleges admit that this medicine is the best remedy ever known for persons in delicate health, or where the system has been impaired, as its invigorating properties never fail to afford relief.

FEMALE COMPLAINTS. No Female, young or old, should be without this celebrated medicine. It corrects and regulates the monthly courses at all periods, acting in many cases like a charm. It is also the best and safest medicine that can be given to children of all ages, and for any complaint; consequently no family should be without it.

Holloway's Pills are the best remedy known in the world for the following Diseases:—

Ague, Asthma, Bilious complaints, Blisters on the skin, Bowel complaints, Colic, Constipation of the Bowels, Consumption, Debility, Dropsy, Dysentery, Erysipelas, Female Irregularities, Fevers of all kinds, Gout, Head-ache, Indigestion, Inflammation, Jaundice, Liver complaints, Lumbago, Piles, Rheumatism, Retention of Urine, Scrofula, or King's Evil, Sore Throat, Stone and Gravel, Secondary symptoms, Tic Douloureux, Tumours, Venereal Affections, Worms of all kinds, Weakness, from whatever cause, &c. &c.

Sold at the Establishments of Professor HOLLOWAY, 244, Strand, near Temple Bar, London, and 50 Maiden Lane, New York, also by all respectable Druggists and Dealers in Medicines throughout the Civilized World, at the following prices:— 1s 4d; 3s 6d; 5s 6d each box.

There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each Box.

Sold by all Venders of Medicine throughout New Brunswick, and by A. H. Thompson, St. Stephen; Billings & Dyer, Eastport, and

O'DELL & TURNER, Of Saint Andrews.

A MARVELLOUS REMEDY FOR A MARVELLOUS AGE!

Holloway's Ointment.

THE GRAND EXTERNAL REMEDY.

By the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to and organ or inward part. Diseases of the Kidneys, disorders of the Liver, affections of the Heart, Inflammation of the Lungs, Asthma, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes freely through bone or meat of any thickness. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

ERYSIPELAS, RHEUMATISM AND SCORBUTIC HUMOURS. No remedy has ever done so much for the cure of diseases of the Skin, as this Ointment. Scurvy, Sore Heads, Scrofula, or Erysipelas, cannot long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

SORE LEGS, SORE BRUISTS, WOUNDS & ULCERS. Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings, and tumours. Professor Holloway has dispatched to the East, large shipments of this Ointment, to be used in the worst cases of wounds. It will cure any ulcer, glandular swelling stiffness or contraction of the joints, even of 20 years standing.

PILES AND FISTULAS. These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot. Both the Ointment and Pills should be used in the following cases:—

Bad Legs, Bad Bruists, Burns, Bunions, Bite of Mosquitoes, Cocco-bay, Elephantiasis, Gout, Scoury, Sore Heads, Tumours, Ulcers, Wounds, Yaws, Chirgo-foot, Chilblains, Chapped hands, Corns (soft), Cancers, Contracted and Stiff Joints, Fistulas, Glandular Swelling, Lumbago, Piles, Rheumatism, Scalds, Sore Nipples.

Sold at the Establishment of Professor HOLLOWAY, 244, Strand, (near Temple Bar) London, and 50 Maiden Lane, New York, also by all respectable Druggists and Dealers in Medicines throughout the Civilized World, in Pots, at 1s. 3d., 3s. 3d, and 5s. 3d. each Pot.

There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder, are affixed to each Pot.

Sold by all Vendors of Medicines throughout New Brunswick, and by A. H. Thompson, St. Stephen; Billings & Dyer, Eastport, and
