LISTOWEL STANDARD.

FRIDAY, MAY 24, 1878.

TOWN AND COUNTRY.

PRINTS! PRINTS!—Over 300 pieces to select from at Christian Association & Co's.

A WOMAN'S Christian Association has been formed in St. Mary's.

CONISTS! CONISTS! CONISTS!—Cheaper than the cheapest, at BEAN & GEE'S.

If you want a good cup of tea buy your Tea from D. D. Campbell, Wallace Street.

Mr. W. M. Barce has opened a dental office over Barnes' Fruit Store, Main St.

The People's Cheese and Butter Factory of Howick township has received official notice of incorporation.

Our readers will bear in mind that the County Sabbath School Convention takes place in the Canada Methodist Church in this town on Tuesday and Wednesday of next week.

REV. C. E. STAFFORD is about leaving Brussels. A few evenings since he was presented with a purse of money, Mrs. Stafford made the recipient of a china tea set.

LISTOWEL will have to push on yet a little longer before she can claim for herself the position of second town in the county. The population of St. Mary's is set down at 5,000; total assessment, \$994,520.

"LANCE," the Conservative cartoon paper, will hereafter be issued from Millbrook in East Durham, where its proprietor, Mr. J. A. Wilkinson, is about to start a weekly newspaper.

MR. T. G. FENNEL has been making considerable alterations and improvements in the apartments occupied by him for law offices. They are now fitted up with a degree of taste and are much better adapted to the requirements of his professional duties.

Public improvements are now in progress. Several substantial street crossings have been put down; Main and Wallace streets being macadamized with a good coat of broken stones, and new sidewalks around a way.

For boots and shoes, ready-made clothing, and suits made to order, go to D. D. Campbell, next door to Scott's bank, Wallace street.

THESE ARE 712 vacant houses in Ottawa. If the fact of this being the Government seat accounts for this "vacant state," then Listowel don't want to be the Capital. At present there is scarcely an empty building of any description in town, and the demand for dwellings is even in excess of the large number of new ones now being rapidly built.

At Clinie, Hay & Co. you will find their stock of goods' furnishings complete.

The late frosts appear to have done early injury than at first anticipated. Early fruit in particular has suffered remarkably. In the counties to the south and through New York State much damage was done. James Barker, nurseryman, near Ottawa, estimates his loss on strawberries alone at \$1,500; others in the same neighborhood are also heavy losers.

DRESS GOODS! DRESS GOODS! In endless variety, and at the very lowest price, at Clinie, Hay & Co.

During the lectures in the Congregational Church the other evening, some person either carelessly or maliciously threw a stone through one of the windows, shattering some of the light and coming unaccountably close to the heads of several ladies. Could the individual who indulged in this reprehensible action be found out, he should be severely dealt with by one of our magistrates.

It is scarcely necessary to direct attention to the extensive auction sale of town property advertised in another part of this paper. Mr. D. D. Campbell's announcement speaks for itself. Everyone acquainted with the property to be sold will readily admit that it contains excellent building sites; parties desirous of securing town or park lots should therefore attend the sale.

Remember that D. D. Campbell has moved from Main street to Wallace St., where he is selling goods cheaper than ever.

Hess Bros. are putting in a new glass front and making sundry other improvements in their building on Main street, which they intend occupying as warehouses and business offices as soon as made ready. The Hess Bros. are among the largest and most enterprising manufacturing firms in town, and their reputation as furniture and cabinet makers is established throughout the Province. Listowel is more than a little indebted to them for the position she now occupies, and their property should always be a cause for general congratulation.

For a fashionable hat go to D. D. Campbell's store on Wallace street, the leading business street.

A MUNICIPAL gift and one which is worthy of emulation elsewhere, has just been made to St. George's Church, Guelph. There being a debt of \$2,500 still remaining on the church, Mr. George Elliott announced to the Vestry that he and Miss Elliott were prepared to give \$1,000 towards its liquidation if the balance was made up by the congregation. It is understood that the proposal has met with a hearty response, and that the congregation of St. George's may soon be congratulated on having one of the most beautiful churches in the whole Dominion free from debt.

HOSIERY! HOSIERY! HOSIERY! Full lines of Ladies, Gents' and children's, at BEAN & GEE'S.

Knox Church. We are requested to intimate that there will be no service in Knox Church next Sabbath morning, but the Rev. T. Johnson of Molesworth, will conduct the service at the usual hour (6:30 p.m.) in the evening.

Postponed. On account of Mr. Handford's lecture last Tuesday evening the annual meeting of the Listowel Mechanics' Institute has been postponed until Monday evening next, when it will take place in the Reading Room of the Institute.

Vendor again heard from. Vendor's forecast for May has been so closely followed out, that his predictions for the summer, not the most cheering by the way—will be accepted by some as fixed facts. In a letter recently published, he says: "I may state that my impression is, that June will be very hot, without much rain. After the 10th of July will be the same, but will be marked by a rather severe relapse with frosts, lasting through one week. I fear the summer will be unfavorable to heavy crops."

Robbed.

One night last week the boarding house kept by the Misses Fraser on Vanisitar street, Woodstock, was entered by burglars and about \$60 stolen from the boarders. Among the heaviest losers was Mr. W. S. Ellis, son of Mr. Elijah Ellis of Wallace, who at present holds the position of mathematical teacher at the Woodstock High School; his pockets were rifled of over \$30. The burglars made their escape without capture.

New German Paper.

In the course of a few weeks another Conservative newspaper will be added to the ranks within this County, Mr. M. Scherer having decided to start a German weekly in Stratford, to be named the "Volkfreund." Mr. Scherer is very well known among the Germans of this section, and from whom he may look for liberal support in return for his worthy effort to supply them with reliable information in the language of their "fatherland."

Collapsed.

On Wednesday evening a portion of the Wallace street succumbed to an overburdened weight and the decaying infirmity of time, and sank rather suddenly and unceremoniously upon the bosom of the Mallard. Fortunately no persons were upon it at the time, or else there might have been occasion to record something more serious than the dissolution of a structure which had been in the public works committee in carrying out the contemplated reconstruction of the entire bridge.

Terrific Storm.

Last Monday this neighborhood was visited by a most violent thunder storm, accompanied with large hailstones and a heavy gale of wind. Its duration was not long, but while it lasted the down-pour of rain was extraordinary. Considerable damage was done. Down in Mornington the storm is said to have been even more severe than in this immediate vicinity; houses and trees were levelled to the ground, and crops and other farm property are reported to have been more or less injured. During the storm the "mansion" with sign over Clinie, Hay & Co.'s store on Main Street was turned "topsy-turvy."

Public School.

The following is the result of an examination on Geography held in the public school on Friday last, 100 being the maximum:

Table with 2 columns: Name and Score. Includes Fred Bradley (95), Lizzie Thompson (92), Richard Armstrong (92), etc.

The Day we Celebrate.

At the present writing everything bids fair to make the 59th anniversary of Her Majesty a gala day in reality here. The weather promises to behave itself in a manner becoming the auspicious event; the programme of amusements is a very good one, and cheap railway fares and possible routes are likely to contribute to our population in a very large degree. The base ball match in the morning, the games in the afternoon, and the grand concert under the auspices of the Calceonian Society in the evening, are the principal features of the attractive bill of fare provided. The concert, which will take place in the Agricultural Hall, promises to be especially attractive. Anyone who has had the pleasure of listening to Prof. Matland's rendition of Scotch songs may justly anticipate a rich treat again in store for them. Those who have never heard him, should take the opportunity now at hand. In addition to Scotch songs, he will sing, Mrs. Lee, pianist, of Kincairdine, and several other local celebrities have also consented to take part.

"Oliver Cromwell."

As might have been anticipated, the announcement that Rev. T. W. Handford was coming to Listowel to deliver one of his popular lectures, brought together a very good audience on Tuesday evening, and their expectations of hearing something superior from Mr. Handford were fully realized. After the usual opening service of prayer and praise, the chairman, Rev. A. F. McGregor, in a few well chosen sentences introduced the lecturer. Mr. Handford then came forward, and for upwards of two hours kept the audience in rapt attention with his discourse on "Oliver Cromwell" and the historical events associated with his name. The lecture is evidently a favorite one with the lecturer, his admiration for the "unmurmured King of England" inspiring him with a fervor bordering on hero-worship. In point of construction the lecture was an extremely good one. It was delivered with a very considerable dramatic effect, which was highly appreciated. In fact the lecturer's manner and physique are strikingly in keeping with the conception which one might have formed of the great leader himself. Mr. Handford promised his lecture with the statement that from 30,000 to 50,000 books and pamphlets were to be found in the British Museum relating to Oliver Cromwell. It was not surprising to find that Cromwell was traced by his early biographers to a village in the County of Devon. No language can be found too strong by Heath and other biographers to that to denounce him. The lecturer characterized these men as attempting to sketch a colossal statue in comparison to whose giant proportions they could not when standing upon tip-toe reach his shoe strings. It remained for Thomas Carlyle to unfold the statue of Oliver Cromwell to the world. He (the lecturer) was not prepared to follow the whole length of Carlyle, but he believed his history of Cromwell presented a true picture. The lecturer gave a succinct and interesting sketch of Cromwell's career from his birth on the 25th of April, 1599, until the expiration of his Protectorate. The events of his life, as school and college boy, law student and soldier, and his conclusions to be accepted in toto, seeing that differences of opinion as to Cromwell's right of wielding with an iron hand the power which circumstances placed upon his reach, have existed ever since those memorable events took place, do exist to-day, and will most probably exist so long as English history is read. However, that all entered Mr. Handford's excellent lecture, the hearty response to a vote of thanks, moved by J. D. Hay, M.P.P., and seconded by Rev. W. W. Bell, bore ample testimony. The audience dispersed after singing the national anthem.

Don't forget to call on D. D. Campbell in his new shop next door to Scott's bank, Wallace street.

An earthquake on April 12th destroyed the town of Cua, Venezuela, and killed three hundred people.

A requisition is in circulation in St. John city and county asking Lieut-Governor Tilly, ex-Attorney-General Kings and Mr. A. L. Palmer, M. P., to be the Conservative candidates in those constituencies at the Dominion election.

Town Council.

A special meeting of the Town Council took place on Monday evening last. J. W. Scott, Mayor, presiding. Present: T. E. Hay, Reeve, and Councillors A. D. Freeman, A. Austin, J. Hepler, A. S. Deavitt, Dr. Nichol, John Binning, J. A. Hacking and Geo. Towner. The minutes of last meeting were read and approved. In accordance with a resolution passed at previous meeting, the High and Public School Trustees of the town were present for the purpose of discussing the advisability of handing over the old Public School property to the High School authorities. Mr. George Draper stated that the Public School board were prepared to hand over the property to the High School. Rev. Mr. Bell, on behalf of the High School board, explained the capability of the High School acquiring more extensive premises than at present in their possession; also the necessity of having the property fenced in order to obtain the Government grant. It was moved by J. A. Hacking, and seconded by A. S. Deavitt, that the Council amend the resolution by A. Austin, seconded by John Binning, that the school question be left as it stands at present, and that they be allowed to fence it as they see fit. The resolution was carried. The High School Trustees and ratepayers took part. Messrs. A. Austin, Geo. Towner and W. G. Hay, strongly opposed the motion, their argument being that the property should be kept until the motion of the Council for the purpose of erecting a market thereon. Messrs. A. D. Freeman, D. D. Campbell, R. Martin, the Mayor, and others, spoke in favor of the resolution, these gentlemen holding that the property would still be eligible to the town, as the High School trustees did not intend to proceed with the erection of a new building for some time to come. The law requires that the town shall furnish both a suitable site and school building, therefore the matter would rest as much within the power of the Council as before. It was deemed advisable to locate the new school on another site, the concurrence of the High School authorities would not doubt be as readily obtained. Upon the vote and may be taken, both the amendment and motion were declared lost, the existing vote of the Mayor making a tie in each instance. The vote stood: For the amendment—Messrs. Towner, Hepler, Austin, Binning and Dr. Nichol. Against—Messrs. Deavitt, Hacking, T. E. Hay, Freeman and Scott. The vote upon the motion was reversed, consequently the matter remains just as it was. It was moved by A. Austin, and seconded by John Binning, that the Treasurer be instructed to pay no monies on any account without the same having been passed by the finance committee of the Council, excepting bills certified by the chairman of the board of works for wages only—Carried. Council then adjourned.

ELMA NEWS.

Last week's frost has done considerable damage to the fall wheat crop, and it is hoped that the late rain will have a reviving effect. Mr. Lawrence, of the 2nd concession, believes that he is heir to a fortune of some thirty millions on deposit in the Bank of England. His neighbors hope that he will make good his claim, and spend his fortune in Ontario. Mr. T. Martin has a hen which has hatched out a chicken with four legs. Two of them are in their natural position and these only are used; the other two legs protrude out behind in the form of a tail. The chick is apparently healthy and vigorous.

A LOCAL ROMANCE.

Some ten years ago a man named Nelson Kelly, a resident of the 1st con. of Elma, left his home and family with the intention of seeking his fortune in California. For some years he kept up a correspondence with his family, occasionally sending them money; but the correspondence on the part of the absent man suddenly ceased, and for several years no tidings came to cheer the hearts of the loved ones at home. About a year ago, however, a letter bearing a California post mark and purporting to be from her long absent husband, was received by Mrs. K., which, however, instead of containing some of the "news" which she had longed for, contained a request for her to remit him \$75 in order to enable him to return home. Upon consulting her friends, Mrs. K. decided to remit the money, and for more than a year nothing more was heard from the fortune-seeker. About five weeks ago a telegram was received from Hamilton, Ont., by Mrs. K.'s brother, signed by Nelson Kelly, stating that he had arrived in that city, was out of funds, and asked him to remit \$10 to enable him to reach his family. The money was promptly remitted, and Mrs. K., who was living in Wingham, hastened to Listowel in the hope of assisting her long parting partner. But four weeks have since passed and no Nelson Kelly has yet appeared.

ANOTHER MYSTERY.

Not very long since a gentleman residing in Maryborough received a telegram from Hamilton purporting to be from his son who had been several years in California, stating that he was out of money and wanted \$25 to enable him to reach home. The gentleman, instead of sending the cash, repaired himself to that city, where failing to find his son he went to the telegraph office, and from the description given by the individual who sent the telegram he is of the opinion that the needy person was not his son, but some individual well acquainted in the neighborhood of Listowel, and that the personator of Nelson Kelly and his author and the deceptive telegram are identical.

LEBANON.

We have had some very heavy rains here this week, which have thrown farmers back considerably; but they are so sketched a colossal statue in comparison to whose giant proportions they could not when standing upon tip-toe reach his shoe strings. It remained for Thomas Carlyle to unfold the statue of Oliver Cromwell to the world. He (the lecturer) was not prepared to follow the whole length of Carlyle, but he believed his history of Cromwell presented a true picture. The lecturer gave a succinct and interesting sketch of Cromwell's career from his birth on the 25th of April, 1599, until the expiration of his Protectorate. The events of his life, as school and college boy, law student and soldier, and his conclusions to be accepted in toto, seeing that differences of opinion as to Cromwell's right of wielding with an iron hand the power which circumstances placed upon his reach, have existed ever since those memorable events took place, do exist to-day, and will most probably exist so long as English history is read. However, that all entered Mr. Handford's excellent lecture, the hearty response to a vote of thanks, moved by J. D. Hay, M.P.P., and seconded by Rev. W. W. Bell, bore ample testimony. The audience dispersed after singing the national anthem.

BIRTHS.

Notice of Births, Marriages and Deaths, duly authenticated, inserted free of charge.

MARRIAGES.

WALLACE STREET, LISTOWEL, ONT., March 14th, 1878.

Lost and Found

I lost the brook as it wound its way Like a thread of silver blue...

I lost the thing that I loved With many a sigh and tear...

I lost the notes of the heavenly choir That once came floating by...

I lost the love that made my life A love that was for me...

I shall lose this life it will disappear With its wonderful mystery...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

I shall lose my wife I shall lose my wife...

Things Always Beautiful

The Joys of Gardening How to Turn a Modest Plot to Valuable Account

In these pleasant days of the year, prophesying the bloom of days to come...

It does not need the possession of spacious lawns and gardens for a woman to be able to cultivate her own plot...

It would seem as if none need so busy preparation of a little garden plot...

There is a certain amount of exertion compassed at all comfortable in the garden...

There is a certain amount of exertion compassed at all comfortable in the garden...

There is a certain amount of exertion compassed at all comfortable in the garden...
