TWO MORE SCHOOLS ARE BADLY NEEDED

Twelve Roomed School to Be Erected in West Calgary

ACCEPTS HALF BLOCK FROM COL. WALKER

An Important Meeting of the School Board Held This Week

The building of two more big schools for the city is what is facing the Calgary school board. At the meeting of the board this week it was decided to erect a new school in West Calgary as early as possible. The school will be located at the corner of 27th and 10th streets. The board will have to acquire a half block from Col. Walker's estate.

The board also accepted Col. Walker's offer of a half block in East Calgary, and passed a resolution thanking the owner for his gift. It was decided to purchase the other half for a school to be built some time in the near future. This property is very valuable and is increasing very rapidly. The present value of the block is put at \$2,000 which will only cover the school board \$50,000. A motion was passed that a request be made to the legislature, giving the board power to issue debentures for 40-year terms instead of 25 years, on all solid stone buildings. Mr. O'Neill, a resident next to the Central school, was given half of the meeting of a fence between the school and his residence.

In passing the control of the school board to the City of Calgary, the superintendent stated that this was the first of its kind in the Calgary schools being authorized, few parcels of land property of any moment, with the exception of the two above deals, having been put through in the last two weeks.

Real estate men are unanimous in the opinion that values in outside residential property is conservative, and that there is no likelihood of a boom of a stamp in that class of property.

As for the inside stuff this has been turning over in large parcels at 177 cents per acre, and there has been no tendency for boom of property of this description.

BALFOUR WOULD NOT TALK COLONIAL GRAIN

Mr. Balfour Makes Definite Announcement Which is Regarded as Very Important in Regard to Reg. Elections.

Mr. Balfour to a member of parliament, Mr. Balfour, in the House of Commons, announced that he would not talk colonial grain during the present session of the House of Commons. He stated that he would only talk colonial grain if it were necessary to do so in connection with the election of a member of parliament.

RACE RIOTS IN CHINA ARE VERY SERIOUS

English and American Missions Destroyed, But No Reports of Any Loss of Life Yet.

New Haven, Conn., April 15.—Cables received here today announce the destruction during a race riot of the Yale mission at Chang Chua, China. The mission is situated in the harbor. No mention is made of anyone having been injured.

Washington, April 15.—Two English missions and a Norwegian mission being destroyed in the race riots at Chang Chua, China. The British consulate is now on the way to the town to protect the property of the foreigners.

HANKOW, APRIL 15.—The situation in Hankow is very serious. The rioting begun by the natives in revenge for the action of the Chinese officials in carrying and controlling the export of rice, continues. The governor's men, in which the missionaries had sought refuge, was an onerous by the rioters and destroyed. The missionaries and other foreigners fled and were taken aboard a merchant steamer in the city. The British consulate and other British offices have been abandoned. Two more British gunboats are hurrying to the scene. No fatalities are reported. The properties known to have been destroyed are the buildings of the Wesleyan China Inland Mission, of the Methodist China Inland Mission, and of the Norwegian Mission.

A Palace of Justice

Ottawa, April 15.—The government is considering the erection of a Palace of Justice. The project is to build a new court house to house the Supreme Court and the Federal Court. The site is located in the heart of Ottawa.

Nothing Doing Says T. Roosevelt

Vienna, April 15.—Mr. Roosevelt said emphatically today the published statement that he had agreed with Clifford Pinchot that his name might be used again in connection with the presidency.

MORE EARTHQUAKES ARE REPORTED FROM COSTA RICA

Business Houses Closed and People Living in Canvas.

Boston, April 15.—The United Fruit company received cables today from Costa Rica stating that the earthquake still continues and that the banks and business houses have closed. Half of the population are living under canvas.

Genous Labor Trouble in Germany.

Berlin, April 15.—A lock-out in the building trades of Germany began at 6 o'clock this evening. Between 150,000 workmen are affected. It is known that the lock-out is being organized by the unions, but full reports on the situation have not arrived at headquarters.

THE QUICK ALBERTAN

CALGARY, SATURDAY, APRIL 16, 1910.

The Government Makes No Move to Get Clark

Mr. Walsh Shows Mythical Nature of the A. & G. W. Railway—Cornwall on the Stand All Day and Proves to be a Good Witness

Edmonton, April 14.—From the minutes which Mr. Walsh read today, it seems very evident, as he says, that there is no Alberta and Great Western railway company, and that it is only a myth. If this is true, it means that the company's contract with the government is worthless and subject to challenge.

It was shown that the A. & G. W. company did not even have a discount note for \$50,000 as a basis of negotiating with the government. It borrowed that amount from a local bank, kept it overnight and then gave it all back to the bank in the form of a check.

It also assigns all its other assets to the Canada West Construction company. That the government should consider carrying out the contract under the circumstances hardly seems reasonable, but it has not shown any willingness or desire yet to alter its course. The government officials have made no effort to get Minty or Clarke out of the picture. They do not seem to consider themselves to be responsible, but content themselves with repeating things about Clark. They refer to that gentleman in such different terms than they did a few days ago.

TWO BIG DEALS IN CALGARY REALTY

Twin Stables Sold for \$50,000, and Palace Stables Sold for \$32,000—Other Activity in Realty.

Two large real estate deals, aggregating \$82,000, were put through yesterday when the Palace stables, and the Twin stables changed hands.

The Twin stables on the corner of 17th avenue and 1st street were sold to P. D. and S. E. Bevilacqua for the sum of \$50,000, while the Palace stables on 7th avenue east, just below the Twin stables, were sold for \$32,000, the purchasers being Messrs. Foster, Currie and Richards of Oregon, who secured the property from Messrs. F. D. and S. E. Bevilacqua.

There is a steady movement in real estate, most of the property being being auctioned, few parcels of land property of any moment, with the exception of the two above deals, having been put through in the last two weeks.

Real estate men are unanimous in the opinion that values in outside residential property is conservative, and that there is no likelihood of a boom of a stamp in that class of property.

As for the inside stuff this has been turning over in large parcels at 177 cents per acre, and there has been no tendency for boom of property of this description.

NINTH YEAR—No. 41

ALEX. CLARK MAY DIE

THE CASE A MYSTERY

His Friends Convinced That He Met With Foul Play

THE IMMEDIATE CAUSE CONCUSSION OF BRAIN

He Came To at Foot of a Cliff—He Had Been Robbed

Mr. Alex. Clark of the Quick Print job office of this city, is lying at the General hospital suffering from concussion of the brain, and in a condition which is regarded by the doctors as hopeless. His condition is due to a serious injury which he received last Saturday night, and over this accident there is considerable mystery.

Mr. Clark, who is a well known business man, very popular in the city, and of high character, was walking in the outskirts of the city, at a comparatively late hour on Saturday night. He informed the doctors, while he was conscious, that he believes he fell over a cliff. At any rate when he came to, he was on a ledge of rock near the Bow River. He was dazed and badly bruised and had a bad wound on the back of the head.

He managed to get back to his room in the Hotel block. He took some head-ache powder and later on consulted a doctor. Though suffering from great pain he was not considered seriously ill. However on Monday the pain became unbearable, and he was removed to the General hospital.

On Tuesday morning Mr. Clark was somewhat better, but towards evening became worse and was delirious. He has been growing worse since. Yesterday he lapsed into a comatose condition.

What makes the matter mysterious is the fact that Mr. Clark was robbed. He was walking on a ledge of rock near the Bow River, and he was dazed and badly bruised and had a bad wound on the back of the head.

He managed to get back to his room in the Hotel block. He took some head-ache powder and later on consulted a doctor. Though suffering from great pain he was not considered seriously ill. However on Monday the pain became unbearable, and he was removed to the General hospital.

NA-DRU-CO

Toilet and Medicinal Preparations Are Compounded by Expert Chemists

Who Compounds Your Medicines?

When your physician gives you a prescription you would naturally expect it to be compounded by a pharmacist or a chemist. If you were sure that the "right drugs" you insist on your doctor's skillful dispensing.

If you did not protect yourself in this way the laws of the country would protect you for they demand that physicians' prescriptions be dispensed by physicians or qualified druggists only.

It is not equally important to know that the household remedies, such as laxatives, cough syrups and tonics, and the toilet preparations such as tooth paste, which you use so frequently, are also compounded by expert chemists.

When you see NA-DRU-CO medicinal or toilet preparations you have the positive guarantee of one of the largest wholesale drug firms in the world, the National Drug and Chemical Company of Canada, Limited, that each one has been compounded by expert chemists only.

This is just where NA-DRU-CO Cascara Laxative, NA-DRU-CO Eucalypti, Laxative, and Calomel Cough Syrup, NA-DRU-CO Tastesol Cod Liver Oil Compound and everything else on the NA-DRU-CO list are pre-eminently better than mixture present flooding the market. They are compounded by men who know.

NA-DRU-CO Formulas, Ingredients and Compounding Are Best

Your own druggist could not be more careful or more accurate in compounding one of your physician's prescriptions than are our chemists in compounding every NA-DRU-CO preparation. Add to this the fact that only the best and purest materials that money can buy are used in NA-DRU-CO articles, and that each NA-DRU-CO formula has been thoroughly tested in actual use, and you have the solid grounds for the implicit confidence we want you to feel in NA-DRU-CO preparations.

We are prepared to furnish to any physician or druggist in Canada, on request, a full list of the ingredients in any NA-DRU-CO article. Ask these men, who are men of standing in your community, and best qualified to tell you, all about NA-DRU-CO preparations.

If any NA-DRU-CO article you buy does not prove entirely satisfactory return it to your druggist. He has our authority to refund the full purchase price and charge it to us.

You can get any NA-DRU-CO preparation anywhere in Canada, for if your druggist should not have it in stock he can get it within two days from our nearest wholesale branch.

GOOD MATERIAL FOR A LACROSSE TEAM

All That is Necessary is For Some One to Take the Initiative

(Regina Leader)

Wanted! Someone to get the lacrosse ball rolling in Regina again.

The Dreyer and Chipman trophies of the Western Canada Lacrosse Association, now two years ago, have not been wrested from the local club and all that is necessary to get a bunch of able-bodied defenders in the field is somebody to take the initiative.

Many of the old guard are still available and several new men of ability are floating around the city anxious for the call to arms. Among the men who would undoubtedly assist in forming a first-class team are Peter Stewart, Jack Stephenson, Alex. McCarr, "Reddy" McLean, Beckett, Hetherington, Jack Martin, Dan Lee, Roy Hogarth, Jack McLeod, Dickson and Hugh Corrigan, the latter being a Winnipeg, Shamrock man, and one of the best players ever turned out in the Manitoba capital.

Gymnastics at Y.M.C.A.

Tonight at 8.15 the Y. M. C. A. men and boys' gymnasium department will give their second annual gymnastic exhibition. Three classes will be represented, school boys, employed boys and young men's classes. They have been practicing hard for the last month, and will give a good account of themselves.

Some of the special features will be an Indian club drill by the employed boys' leaders' corps, pyramid building by the senior leaders' corps. The Japanese lantern maze drill will be very pretty. The program is as follows:

Dub-bell drill, employed boys' class; mat work (tumbling), school boys' class; dumb-bell drill, young men's class; wrestling bout, E. Machon vs. G. Convey; wand drill, (selected) school boys' class; boxing bout, (amateur), competitive games, relay medicine ball, boys' classes; pyramid schottische, senior leaders' corps; bag punching, by P. Bossenbury; Indian clubs, employed boys' leaders' corps; advanced apparatus work, senior leaders' work; Japanese lantern maze drill, final.

FOOTBALL GAME TO START ON MAY 3

Hillhurst and Caledonia Will Open the Season—The Schedule Arranged for the Season

A meeting of the Central Alberta football league was held last evening at the Y.M.C.A. for the purpose of drawing up the senior schedule for the coming season.

A resolution was passed that any player, lining up in two senior games, would not be eligible to play in the intermediate games. This rule is slightly different from last year. The secretary was also instructed to get the grounds in order for the opening games.

The senior league will open on May 3, between Hillhurst and the Caledonians. The intermediate games will be played on Mondays and Thursdays, and the secretary was instructed to draw up this schedule.

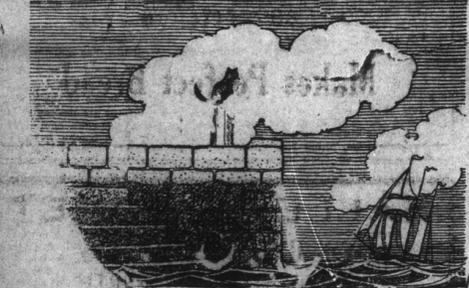

The senior schedule as arranged last evening is as follows:

May 3—Hillhurst v. Caledonians.
May 7—City v. Glenbow.
May 10—Caledonians v. City.
May 14—Glenbow v. Hillhurst.
May 17—Hillhurst v. City.
May 21—Caledonians v. Glenbow.
May 24—Caledonians v. Hillhurst.
June 1—Glenbow v. City.
June 4—City v. Caledonians.
June 8—Hillhurst v. Glenbow.
June 11—City v. Hillhurst.
June 15—Glenbow v. Caledonians.
June 18—Hillhurst v. Caledonians.
June 22—City v. Caledonians.
June 25—City v. Caledonians.
July 2—Glenbow v. Hillhurst.
July 5—City v. Hillhurst.
July 9—Glenbow v. Caledonians.

First mentioned clubs in each instance are the home teams.

High Water Mark in Cigarette Quality

Some cigarette brands are as the tide of the sea in their fluctuating quality. Most smokers have had experience with brands of this sort—one package all right, the next not so good, a third distinctly "off color."

Absolute uniformity is a feature of "Black Cat" Cigarettes that has helped Stewart, Jack Stephenson, Alex. McCarr, "Reddy" McLean, Beckett, Hetherington, Jack Martin, Dan Lee, Roy Hogarth, Jack McLeod, Dickson and Hugh Corrigan, the latter being a Winnipeg, Shamrock man, and one of the best players ever turned out in the Manitoba capital.

Black Cat Cigarettes

10 for 10c—Made in two strengths—mild and medium

Football Notes

The Central Alberta football league, in drawing up the senior league schedule has omitted all holiday and exhibition week dates so that the counter attractions will not interfere with the schedule.

Dates have been left open for the game of Scotland Charity shield. The league will leave this competition open so that dates can be arranged during the season and arranged for between the clubs themselves.

The league wishes to have all the

Ball News From The Home Plate

Now that the big league season is on a glance at the scores in the opening games will show to a certain extent how uncertain the outcome of the season will be. Doping out the teams on the strength of last year's work outside of Pittsburg in the National and Chicago in the American league, all the favorites turned out on the losing end, and although numerous changes have been made by the different teams it still looks as if Pittsburg and Detroit will finish around the top in their respective leagues.

Yet luck is one of the most important factors in baseball, not alone as to how things break during a game, but injury to star players often proves a big handicap.

It looks as if Washington is far stronger this season than in the past for it has been their fortune to finish close to the bottom for some years. This year under Manager McAleer, who has displaced Castillon, the team is expected to be a great deal better. Their pitching staff shows them to be strong in that department. Johnson, Groom, Gray and Pflersberg make a strong bunch of slab artists; Unglaub, Schaefer, Ebbels, McBride, Glesler, Milan and Leifelt form a strong in and outfield, yet it is doubtful if they can finish in the first division. In Johnson, Washington has one of the greatest pitchers of the day, and with good support can be depended on to win the majority of his games. In the opening game he held the Athletics to one hit, which is going some. Chicago's win over St. Louis was not a big surprise, although St. Louis has a pretty fast outfit.

Chicago is a dark horse, as Duffy's little outfit of Purcell on the whole, who has already had one year's experience in the big league, is composed entirely of youngsters. Gandil at first, Zeider at second and Blackall at third, will be remembered, played third for Winnipeg in 1907, and in 1908-1909 was with San Francisco. Gandil was Sacramento's first baseman last year and made quite a name for himself, being a hard hitter, Blackburn, who is touted as a wonder, is as fast as lightning, and played which team Duffy, now with the White Sox, managed.

Jim McGuire, Cleveland, has a very fast team. Lajoie at first, Turner at third, outside of Cooney all veterans for an exceptionally strong infield. Cooney, famous for his speed, was drafted from Portland of the Coast league, and is doing well in the major league company. But Cleveland, many times picked as a pennant winner, have been robbed of their chances mostly through injury to the players and have had to play a still luck pretty good, and I think the finish of the season will again find them close to the top. Jennings is just about standing pat on his last year's record, but he is doing well in the big league, which team Duffy, now with the White Sox, managed.

Jim McGuire, Cleveland, has a very fast team. Lajoie at first, Turner at third, outside of Cooney all veterans for an exceptionally strong infield. Cooney, famous for his speed, was drafted from Portland of the Coast league, and is doing well in the major league company. Jennings is just about standing pat on his last year's record, but he is doing well in the big league, which team Duffy, now with the White Sox, managed.

The Lethbridge Herald says: "Joe Corrigan may not be seen in the central garden for the Lethbridge ball club. Joe seems to be bucking. He has ignored all communications of late sent him by Manager Cox, and has likely gone to play with his brother Jack, who is now managing Rochester, Minnesota. Lethbridge, however, claims a right to his services and will push their claim by power of the National agreement. Joe is taking a long chance, and if he goes with any other club he will likely be blacklisted. He will likely take cover under an assumed name, if the assumption be true, but the possibility is that he will be found out."

Interesting News for the Economical Housekeeper at

MACDONALD'S For Saturday

THE INCREASED COST OF LIVING places a heavy responsibility on us. We must—if we have a sense of that responsibility—keep the COST and QUALITY of eatables RIGHT. We must protect OUR PATRONS from merely cheap things and from absurdly high priced things. A visit to our store will convince you that we are doing a great deal towards this end.

FLOUR—Purity, nothing better than Purity in flour; Friday and Saturday, per sack, \$2.25; half sacks, \$1.15; quarter sacks, \$0.60; small sacks, \$0.40.

ROLLED OATS—Friday and Saturday, 5 lb bags 25c; 20 lb bags, \$0.90.

FRUITS—The Vineland canned fruits are the best in Canada; if you have not used them you have not used the best in fruit; Friday and Saturday, Raspberries, Red Pitted Cherries, Strawberries, Peaches, Beans and Greenbeans, per tin, \$0.20; per case, 2 dozen tins assorted, \$2.50.

LOMBARD PLUMS—Two tins for 25c; per case, 2 dozen tins, \$2.85.

POTATOES—Fine clean stock, Friday and Saturday, per bushel, \$0.70; Ten bushel lots, \$7.50.

NEW LAID EGGS—Friday and Saturday, 2 dozen for \$0.45c.

CORN—Friday and Saturday, per tin, \$0.10; 10 tins, \$0.90c.

BEANS—Friday and Saturday, per tin, \$0.10; 10 tins, \$0.90c.

PEAS—Several best brands, Friday and Saturday, 5 tins for \$0.55c.

TOMATOES—Gascelle brand, Friday and Saturday, 2 tins for \$0.25; Or, per case, \$2.75.

PUMPKIN—Friday and Saturday, 2 tins for \$0.25; Or, per case, \$2.75.

COCONUT—Fresh from factory every two weeks; Friday and Saturday, 2 lbs for \$0.25.

SHELLED NUTS—Friday and Saturday, finest Walnuts or Almonds, per pound, \$0.40.

MAPLE SYRUP—This year's goods just received; Friday and Saturday, quart tins, \$0.30; half gallon tins, \$0.50.

JAM—Wagstaff's Jam in 5 lb pails, Friday and Saturday, the following flavors: Raspberry and Gooseberry, Raspberry and Apple Jelly, and Lemon, and Plum, per pail, \$0.80.

MARMALADE—Regular 20c jars, Friday and Saturday, 2 jars, \$0.40.

HONEY—Delicious pure clover honey, Friday and Saturday, 2 jars, \$0.40.

The Associated Business Men of Calgary are holding a meeting at the Hotel Vancouver on Saturday afternoon, April 16, at 2 o'clock. The object of the meeting is to discuss the proposed amalgamation of the Calgary Chamber of Commerce and the Calgary Business Men's Association. The meeting will be held in the ballroom of the Hotel Vancouver, and all members of both organizations are invited to attend. The meeting will be presided over by Mr. J. T. Macdonald, president of the Calgary Chamber of Commerce. The agenda for the meeting includes a report on the proposed amalgamation, a discussion of the advantages and disadvantages of the plan, and a vote on the matter. The meeting is expected to be a very interesting one, and all members are urged to attend.

THE POLICE MUST ACT

The Nose Creek district has become more than a den of iniquity, the home of depraved women, for it is the rendezvous of a desperate and dangerous gang of ruffians. It should be cleared up because its presence is a menace to the community. Yesterday there was a double murder committed there, there are assaults and robberies every week. As a rule these outrages are not reported to the police because the people who are robbed prefer to let it go, rather than have the undesirable publicity connected with a vile affair of that kind.

This is a very serious matter, it is not so much a question of the iniquity or degradation of this despicable traffic as it is the protection of the public against a band of vicious thugs who infest this district. It is time that the Mounted Police should rid this district of the entire band. They should clear up Nose Creek and keep it cleared up.

MR. CORNWALL'S EVIDENCE

The evidence given by Mr. Cornwall before the railway commission was the strongest condemnation of the policy of the administration that has been offered by any person yet. He is a supporter of the administration and a personal friend of the members of the government. He made a request that his line should receive a guarantee of \$12,000 a mile for 250 miles upon interest at four per cent. That seemed like a reasonable suggestion. The cost of construction, according to the engineer of the company, was \$12,400 a mile. At such a bargain as that the province would be obligating itself to the extent of a little over \$3,000,000 and interest at the rate of \$130,000 a year.

But despite the business-like offer and the personal friendship of Mr. Cornwall, the government refused. We are not criticizing the government for taking that action. That is another question. But a few months later the government, having this request of Mr. Cornwall in view, made a guarantee upon this road at \$20,000 a mile at 100 per cent. for 150 miles. The government obligates itself for \$7,000,000 and \$400,000 terminals in Edmonton and guarantees an annual interest account of \$370,000.

The government declines the request of Mr. Cornwall, who is a personal friend, a pioneer in the north country and well known throughout Alberta, for an annual guarantee of \$130,000 a year, under similar conditions for the same road, gives a guarantee of \$370,000 a year to outside, unknown promoters.

LET US BUILD A RAILWAY

Let us build a railway, gentle reader. You say that it needs money, but not always. There is a way that we can construct a large railway that instead of costing a cent we may rather in half a million per mile we wait, and one of us, or some of us, will get a salary of \$26,000 a year, which is as much as many of us get in this city, and more than some of us are able to draw and convert into ready cash.

Here is the way that it is done. First select the place where you want to build, preferably some lonely place, somewhat indefinite and unknown.

To get a location is not essential. Then get your company going. Now, here we come to the test. Here we have \$100,000 to finance. We must have \$100,000 to comply with some foolish legislation, and thought that is just two years' salary for one of us, it is rather a large sum for a bank to hand out without something more to show than we have at present. So you just hand us over a check for \$50,000 with your left hand, while we hand over to you a check for a similar amount with our right hand into your right hand. The matter stands waiting for the opportunity. He fires the shot, you let go your check and grasp ours. We let go our check and grasp yours, and we are both rich, for we each have \$100,000. Then we are in a good position to build the railway. The most difficult transaction was that \$100,000 requirement whereby we both became rich by merely writing out checks.

Then we shall go to the government and get bonds for a road worth about \$1,000 a mile guaranteed for \$20,000, and the bonds bearing five per cent interest.

Then we shall sell the bonds at a premium something like \$60,000 and perhaps we can get along after that without building any railway. That is good enough business without going

into the dull routine of every day life. However, if you really insist upon building the road there is no harm in the "World's Work" business, this railway building, under certain circumstances. Get the government to guarantee bonds for \$20,000 per mile on a road costing \$2,070 and see what you make besides a half million on the bond issue.

PROVIDENCE LIMITED

The Devil earnestly informs us that the successor to Mr. Borden, when that gentleman is deposed from the leadership of the Conservative party, is not to be Mr. Magrath, nor Mr. McBrice, nor Mr. James Whitney, nor Mr. Crotchell, nor Mr. Currie, but—of all the men most unlikely—Sir Thomas Shaughnessy! says the Montreal Witness. Sir Thomas Shaughnessy is about as likely to accept the position as anyone that can be thought of as most unlikely; in fact, Sir Thomas is one of very few men in the country, who could not be deemed to have received a raise by exchanging the presidency of the Canadian Pacific Railway for that of Prime Minister. The institution over which he presides is imperial in extent, and its annual turnover exceeds the revenue of the Dominion. There is, indeed, no company in the world, and there never has been, so all-inclusive in its operation, and the new through selected areas of Europe, to which it has recently been dubbed is appropriate to its latest and most beneficent development. A Danish immigration agent is said to be the inventor of this phrase, on the occasion of the inauguration of a new method of bringing farmers into the North-West, and it promises to "stick". The new and clever plan is set forth in "World's Work" for April, and has been previously referred to in these columns. Briefly, instead of selling raw land to raw settlers, the railway itself has gone into the pioneering business. It sells the land, builds the house and the barn, breaks the fields, plants the first crop, puts all the necessary tools under cover on the farm—and hands over the farm ready-made. The new settler comes from a finished farm to a finished farm.

Two years ago this was an experiment; now it is a policy. As a result, the cream of the industrial farmers of central Europe and of the United States Middle West is taking up these farms. As "World's Work" proclaims, no ordinary farmer is wanted on these new acres. The Canadian Pacific agents are instructed to call for and demand the best irrigation farmers on earth to till these fields. A scientific farming expert is travelling through selected areas of Europe, lecturing on irrigation farming in Alberta.

His lectures draw the very best of the farming experts of the old hard-working nations—and the promises that he makes are backed by a guaranty that never has failed, the word of a railway that does not lie. One result of this has been that more than eighty thousand of the best farmers in the United States last year came into Western Canada, carrying with them probably more than \$200,000,000. The settlers on the new farms that are sold ready-made, need nearly \$2,000 each to start with—and the figure is put high to be sure of getting the best men. Another of the many big things the Canadian Pacific has done and is doing is irrigation. Five years ago it began to reclaim the arid lands in the Bow River country of Alberta, and now a million acres of these lands are watered and settled, and the railway's ditch-diggers are occupied in preparing a second million acres. Here and elsewhere in the North-West is the nucleus of the most efficient agricultural nation in the world—an efficiency for which the Canadian Pacific has eminent responsibility—and the head and front of an institution that does big things like these in a sort of incidental way—like Mr. Wembling, in "Great Expeditions" got married—is not likely to hanker after Mr. Borden's cast-off shoes.

EDITORIAL NOTES

Why? Why doesn't Clarke appear before the commission to give evidence?

The women who hissed the president of the United States have come to the conclusion that they made goose of themselves.

Why doesn't Minty appear before the commission to give evidence?

Why doesn't the attorney general's department make some effort to bring these men here?

And the newspaper defenders of the government believe that this man Clarke is doing the right thing by stopping away. It is doubtless the right thing for the government.

The newspaper prophets who predicted disaster to the Aquitts government by running on the budget shoals are no better at the business than certain newspapers in Calgary.

After reading over the beginning of the evidence given at the royal commission one is inclined to wonder what Premier Rutherford really meant when he referred to living among "a nest of traitors."

The Suffragettes of the United States have much to learn before they can claim to have the class of their thinking, saving, raising, premier-baiting, window-breaking sisters from across the pond.

"Be patient, and don't worry," is the advice of the affable premier of the province, and the public would be more inclined to follow it if they had any idea that the premier would do the right thing when the proper time should come.

Mr. Faulkner writes to Mr. Cornwall that "37,000 per mile is what we have to expect the road to cost." And the government guarantees the Clarke venture for \$20,000 a mile. Mr. Faulkner adds \$1,500 per mile for equipment and \$1,000 per mile for terminals.

W. F. MacLean is being described by Ontario Conservative papers as a Liberal. It is ever thus. It is not so very long ago that even in this province certain Liberal members and Liberal newspapers were scornfully pointed at by the government party as Tories.

Mr. Cornwall's engineer estimated the actual cost inclusive of equipment and terminals, of the railway at \$9,870 a mile. Mr. Cushing's engineers estimate the cost at about that amount. The government engineer estimated the cost of building the railway at \$20,000 a mile.

Why did the government decline Mr. Cornwall's offer to build a road upon a guarantee which would have amounted to about \$100,000 a year and a few months later made an arrangement with Clarke to guarantee the same road exactly to the extent of \$275,000 a year?

It is a good idea. Let all the newspaper editors give evidence before the royal commission and inform the public of their relations with the A. & G. W. people, both directly and indirectly, or with any person connected with this investigation. The public might get something interesting out of it.

One witness is summoned for the royal commission for May 1 and Edmonton people figure out that the commission will be over all right by the time that the Deacon and his baseball nine will need the center of the stage for their business. If not the royal commission will have to go.

Sale of Men's Suits

MEN will "step-up" lively to be fitted with one of these splendid suits. We're offering them tomorrow at considerably less than their ordinary good value. In keeping our eyes on the street these warm days we didn't notice very many overcoats being worn—and some of the suits that were worn under the overcoats don't look quite up to the mark, to our way of thinking. Hence, we concluded that a "Special Sale" of clothing at this particular time would be the most important news we could print today to men who require a dressy, well-put-together suit of latest style at much less than usually asked. Every suit is up to the usual high standard of quality maintained at this store for men.

And men who have learned by occasional comparisons just where they may be sure of statements conservative and true are going to save considerable money here tomorrow.

\$15.00 and \$16.50 Men's Suits at \$10.85 Splendid quality fancy English Worsteds, checks and stripes, together with Scotch Tweed Suits in single and double-breasted styles of latest type. \$20.00 to \$25.00 Men's Suits at \$16.85 Handsomely tailored after the latest fashions, in English Worsteds and substantial Scotch Tweeds in the newest patterns. Every stitch true, every button firm.

Working Shirts full of Good Money's Worth

Strong, substantial English Working Shirts in Oxford blue, with white stripe pattern, are set Saturday at a reduction from their already exceptional good value. Men who have bought these Shirts before and who have proved their worth in long wearing qualities; proclaim for their popularity. Tomorrow a limited quantity only. Regular "Special" value, 85c. SATURDAY 75c

About 200 Pairs of Shoes for Men and Women Will Walk Out

And if there happens to be any lingering after 6 o'clock tomorrow they'll run out quick you may be sure. Orders have just come down from the manager-in-chief that not a single pair of that big special purchase (advertised some weeks ago), must be seen in the fixtures Monday morning. So it is "up to" the management of the shoe section (to use an expression more forceful than elegant) to clear out every pair. And if a very little price for good footwear counts for anything with you, there won't be enough to go all 'round. Listen—

100 pairs Men's Boots in patent leather, in sizes 5-1-2 to 10-1-2, the majority in small sizes. 100 pairs Women's Patent, Box Calf and Vici Kid Boots, in all sizes; regular \$4.00 to \$6.00 a pair. FRIDAY AND SATURDAY \$2.65

(See them in the window today).

HUDSON'S BAY COMPANY

The Great Traders of the Great West INCORPORATED A.D. 1670.

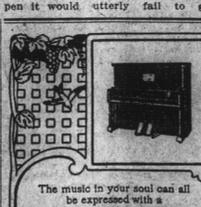

The question in Australia seems to have been fought out upon the question of provincial rights and the provincial rights failed. A strong commonwealth is of greater consequence than a strong state within the commonwealth. The movement in the British Dominions at the present time is towards unification.

The government asked for a royal commission to cooperate its members from serious suspicion of real wrong doing. Without the evidence of Minty and Clarke the government cannot succeed, and whatever else may happen it would utterly fail to gain the confidence of the people. The government should resign.

The school population of this city tells a great story. The solid school buildings make Calgary people proud, and what is better is that they are filled with bright and very interesting children, and what is better, we are building these schools all the time, and what is better, still, we cannot build schools fast enough to accommodate the increasing population.

The government said that Clarke would be on hand to give evidence and tell the story of his relations with the government. But Clarke is not on hand, and he isn't going to be on hand. He alone can tell the full story. Without him the government cannot clear its members of official wrongdoing. The government keep office when it cannot secure an absolutely clear record. Surely that could not happen.

A RECORD SWIM IN THE MIDST OF NIAGARA RIVER Young Man Goes Beyond Distance of Any Other. Niagara Falls, N. Y., April 15.—By successfully executing a series of remarkably daring swimming dashes, Everett Mason, a young man of this city, today succeeded in reaching the farthest midstream point in Niagara river ever attained by a human being, excepting in case of suicide or accident. A scow which recently drifted down the river and became caught on a group of rocks between Goat Island and the American shore, about fifty feet from shore and 150 feet above the falls, where the current is the swiftest, was his objective point. He reached it after going under once. Mason first waded and swam to Ship Island, thence to Brig Island and then to the scow, returning safely.

The music in your soul can all be expressed with a New Scale Williams Player Piano. This marvelous musical instrument saves you the years of practice—the endless expense of tuning, the fingers to strike the keys of a piano correctly. The New Scale Williams Player Piano does the merely mechanical part of piano playing. It leaves all the beauty of the music for you to express as you wish. You can really "put your whole soul" into music with the New Scale Williams Player Piano.

HALLEY'S COMET

Will illuminate the Sky "GALVANIT" THE EARTH

THE ROYAL SOCIETY OF ARTS, ENGLAND, introduces an astonishingly simplified and cheapened method of plating metal without expensive batteries.

Electro-plating, with silver, nickel, tin and cadmium, now as cheap and as simple as ordinary polishing. Applied by simply rubbing on with a moistened rag. A child can use it. Described as the greatest achievement since the discovery of Radium.

At a crowded meeting of Sheffield Electro-platers and leading hardware and other interested trades a vote of thanks was accorded the great scientist Rosenberg for his important discovery, which had baffled ages for a solution.

Professor Silvanus P. Thompson, F.R.S., D.Sc., in the chair. In his presidential remarks he described the Galvanit discovery as "so radical and novel a departure in Electro-Deposition that it is difficult to foresee all its possible developments. It is readily seen that there are a thousand and one uses for this wonderful discovery in the industrial world as well as in the home. For instance, Copper and Cooking Utensils can now be re-tinned without the aid of skilled labor at a fraction of its former cost. TINWARE can be restored as new.

TAPS can be quickly and cheaply re-plated. LAUNDRY IRONS and FIRE IRONS can be kept rust-proof. STOVE FITTINGS easily re-nickelled, etc., etc.

But the most important of all is the use of GALVANIT for silver plate. Silver-plated articles which have long since been relegated to the lumber house can now be re-plated for use in all its pristine beauty.

A BICYCLE can be re-plated as a child's game. THE MOTORIST can re-plate the bright parts of his car. The same remarks apply to the bright parts of horse carriages and harness, lamp reflectors, etc.

PRINTERS' process blocks may be quickly nickel-faced, insuring durability and efficiency. IN ELECTRICAL INDUSTRIES the advantage of being able to quickly re-plate the ends of cables and points, etc.

THE METAL worker will find numberless uses for GALVANIT. THE STOREKEEPER will by its use stop the heavy loss associated with stock that has tarnished or deteriorated in surface quality.

THE JEWELLER and SILVERSMITH will be able to carry out small work on his own premises. MEDICAL MEN will find it extremely useful for re-plating their delicate instruments and rendering them thoroughly antiseptic.

THE HOTELKEEPER can easily re-plate his metal ware. YOU ASK HOW LONG WILL IT LAST? The answer is "FOREVER!" You have the highest scientific authority for that. GALVANIT adds a deposit of pure metal every time you polish. So unlike abrasive polishes. Contains no poisonous acids and therefore perfectly harmless. A surface of six feet square can be properly plated at a cost of less than 4c.

Ask at your store for "GALVANIT," 4c per tin. If any difficulty in obtaining it drop a postal to the agent.

Regulating the Bookies
Ottawa, April 15.—As a result of the conference which took place tonight between the promoter and supporters of the Miller anti-race track gambling bill and some of the racing associations representatives, a compromise was agreed upon and it is more than likely that the bill as proposed to be amended will go through this session. The chief terms of the amendment are that race meetings of seven days duration each will be allowed twice each year and bookmakers will be allowed to attend during the term of meeting. The negative provisions of the bill will be that no new race tracks will be permitted to be organized, the operations of hand bookmen and tipsters are prohibited, also no poolrooms, newspaper advertisement of tips and no transmission of news for any book purposes by wire. Except for the arrangement concerning the length of meetings and presence of book makers the Miller bill will otherwise be unimpaired.

HOW TO MAKE BABY SLEEP

The baby that cries half the night does not cry for nothing. It cries because it is not well, and has no other means of saying so. The chances are the trouble is due to some upsetting of the stomach or bowels, which would be speedily removed if the child were given a dose of Baby's Own Tablets. These Tablets make children sleep soundly and naturally because they remove the cause of the crossness and wakefulness. They are a blessing to children and a relief to worried mothers. Mrs. John Sikes, Douglastown, N. B., says: "If any thing ails my little one the first thing I give them is a dose of Baby's Own Tablets and they are soon well again." Sold by medicine dealers or by mail at 25 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

POINTED PARAGRAPHS
You can't buy happiness at the bargain counter.
A man reaps what he sows—and ripe with new news.
If you would please your neighbor say less than you think.
When a fool gets angry he furnishes the proof of his foolishness.
When an aeroplane chauffeur drops it's all up with him.

THE CITY OF CALGARY.
Notice is hereby given that the Council purposes passing a bylaw without a vote of the rate-payers on the carrying on of the following local improvements in the City of Calgary, the cost thereof to be borne by the respective fronting on the location of such improvements unless within ten days after the last publication thereof a petition is presented to the Council against the proposed work, signed by one-half of the registered holders of land fronting on the street, alley, lane or place on which or where the said local improvements are proposed to be carried on representing at least one-half of the value of such lands exclusive of improvements. This notice is first published on the 14th of April, 1910. H. E. GILLIS, City Clerk.

Spring Medicine

There is no other season when medicine is so much needed as in the spring. The blood is impure and impoverished—a condition indicated by pimples, boils and other eruptions on the face and body, by deficient vitality, loss of appetite, lack of strength.

Hood's Sarsaparilla It purifies and enriches the blood, cures eruptions, builds up the system. Get it today. Sold by all druggists everywhere. 100 Doses \$1.

The Orpheum Theatre

The Melville, secured by Manager Sherman for next week, will present their act, a farce comedy, and should meet with general approval. Hal and Marion Munson in singing and talking comedy, entitled "The Reporter" and the Prima Donna, with special scenery and electrical effects. Dixie Christl in a musical act introducing novelities. One of her instruments being a harp, weighing over three hundred and fifty pounds. Miss Christie plays an act of songs.

Sherlock Holmes at the Lyric

Another delighted audience, witnessed the fine performance of Sherlock Holmes when the National Stock company presented at the Lyric theater last evening. The play is one that is familiar to everyone and the production given last night was one worthy of the big metropolitan companies. The scenery, lighting equipment and wardrobe could not be improved upon, the celebrated "Gas Chamber" scene in underground London, is a demonstration of modern stage realism. Regarding the cast Mr. Will Chapman, in the title role, is a most convincing Holmes. Ever quiet but so effective that his every appearance commands your attention. It is one of the clearest character studies seen on a local stage for some time. Mr. Hecker is the notorious Dr. Larrabee, and Howard Nugent as the famous "Moriarty," and Wayne Ross as Dr. Watson, give excellent portrayals of difficult roles. The ladies of the company are well cast and wear some very handsome gowns. The rest of the company give creditable support. Sherlock Holmes will be repeated this afternoon and evening and big audiences will assuredly attend.

The Gun Club.

The Calgary Gun club held a shoot last evening. Some fair scores were made. The highest were as follows:

A. Huddell	22	22	44
R. G. Robinson	21	25	46
H. C. Andrews	19	22	41
W. B. McLaren	20	20	40
Stevens (visitor)	18	15	33
F. Langigan	17	16	33
H. S. Price	16	17	33
J. Garden	13	14	27

Next shoot will be held Tuesday evening at 9:15 sharp.

WHY ARE MEN BURGLARS? (From the New York World). The Springfield youth who by day was a business employe of apparently exemplary habits and by night a burglar, and, as it proved, a murderer, is a type of criminal that novelists and playwrights occasionally portray, though examples in real life are rare.

But, apart from moral considerations the greater puzzle, seeing that he was determined to embark on a career of crime, is his voluntary choice of burglary-frothed the veteran crackman with half a dozen aliases and a record of eight prison terms who was reported in yesterday's news as again under his followers an income in any way commensurate with the skill required for its successful practice, he alone its rinks.

None of the great burglars of the past made more than a bare living, and hedged in as the pursuit now is by improved preventive devices and with bank burglary virtually a lost art, it affords only a precarious livelihood. Burglary is at present largely restricted to housebreaking, and offers no inducements to ambitious criminals, while it involves the constant hazard of capture or of murder as the alternative.

Best of All Our Oranges and Lemons Are "Sunkist"

We pick, pack and ship over 20,000 cars of California oranges and lemons each season from our 5,000 groves. These are of varying grades. From all this vast quantity we select the finest—the superior grades—which we wrap in tissue paper bearing the famous "Sunkist" label so that you may know them as the choicest fruit. So be sure to get "Sunkist" oranges and lemons at your dealer's.

He has a fresh supply today.

"Sunkist" oranges ripen on the tree. The warm California sunshine gives a tender, sweet pulp, matured and made exquisitely juicy by Nature.

"Sunkist" Navel Oranges Are Seedless

These oranges are distinct, full-flavor, thin-skinned. They are picked by gloved hands; thoroughly cleaned; wrapped in "Sunkist" tissue paper; packed carefully to insure firm, unbruised fruit.

How to Tell "Sunkist"

Each "Sunkist" orange and lemon is wrapped in tissue paper upon which is printed the "Sunkist" label. Lemons or oranges without "Sunkist" wrappers are not "Sunkist" brand.

Free—Best Rogers' Orange Spoons—Send us 12

"Sunkist" orange or lemon wrappers and 6 two-cent stamps for postage, packing, etc., and we will send free, a Wm. Rogers & Son full standard, AA plate orange spoon. For each additional spoon send 6 two-cent stamps and 12 wrappers. You can easily have a full set. Get a dozen "Sunkist" oranges or lemons and send for your first spoon.

Address: California Fruit Growers' Exchange, 32 Church St., Toronto, Ont.

YOUNG POET IN JAIL FOR TEN YEARS FOR STEALING \$24

Editors of New York Magazines Are Taking Action

St. Paul, April 15.—Partly as the result of activity in this behalf by editors of New York magazines, who have accepted his poems, it seems likely that the young Englishman, known as "John

Clarke" (his true name is unknown), will be released from the Minnesota penitentiary. One of the citizens here who is interested in the case said after a conference with a member of the board of pardons that he felt sure that action in favor of the poet's freedom would be taken tomorrow when the board meets. He is serving a ten year sentence for stealing \$24.

FIRST EVIDENCE AT ROYAL COMMISSION

Full Report of the Evidence Given by Hon. W. H. Cushing

DR. WADDELL SUBJECTED TO RIGID EXAMINATION

Verbatim Report of the Proceedings at the Investigation

The Royal Commission met pursuant to adjournment, present, as before, occupying P. J. Nolin, being the agent, and Sydney B. Woods, Esq., instead, on behalf of the Hon. Mr. Rutherford, and excepting Mr. Robson, who withdrew as counsel for the A. G. & W. Railway.

Mr. Walsh: My first duties this morning, my lords, are to convey to the Commission the information that was conveyed to me just as my learned friend and I were leaving the hotel, that Mr. Robson had withdrawn from the inquiry. He was acting, as your lordships will remember, on behalf of the Alberta & Great Waterways Company, and he sent us a letter which was dated yesterday, simply containing the information that he had withdrawn, and asking us to communicate that fact to the Commission.

In addition to the information Mr. Robson conveyed to us of which I have just informed your lordships, it has been intimated to us by Mr. Minty that Mr. Clarke will not be present to attend the sittings of this Commission and that Mr. Minty has returned to Winnipeg. His letter is marked a personal, so I don't consider myself at liberty to read the letter, but in fairness to Mr. Minty, I might simply say that he states if the Commission decides to go to Winnipeg to take evidence, he will be glad to give his evidence there. In view of these developments which have only arisen in the past half hour, my learned friend, Mr. Johnston, and I are somewhat non-plussed. Your lordships will remember that on the opening day of the inquiry the statement was made by counsel representing the company that Mr. Clarke would be here, and we intimated before we left Edmonton last week at the conclusion of our labors, that we would require Mr. Clarke's presence here this morning, as we thought it was absolutely necessary that we should clean up the matter of production before starting in with the main evidence of the inquiry, and Mr. Clarke was a witness from whom it was absolutely imperative that production should be procured. Relying on the statement that was made that Mr. Clarke would be here, we had outlined in some measure the plans of procedure that we would adopt this morning. We had intended, after the question of production was fully disposed of, to call Mr. J. K. Cornwall as the first witness on the main inquiry, and we so notified Mr. Mackenzie, his counsel, and notified Mr. Cornwall. Both of them are here, and we notified the other counsel that are interested in the case. How far the change in Mr. Clarke's plans will affect our plans, it is utterly impossible for my learned friend and myself to say without some

Another Big Saturday Night Sale of Hearth Rugs

On Saturday Night 7.30 until 10 p.m. we will put on sale a line of Japanese Fibre Rugs. Size 36x72 inches, at each **\$1.45**

These come in Oriental designs in reds, blues, and green colors. They will be in our window all day Saturday.

Every day we are taking into stock new Rugs of Wilton, Axminster and Brussels. These come in all colors, but the two-toned greens are particularly noticeable. Give us a call, we are sure to please you.

Calgary Furniture Store LIMITED

COMPLETE HOUSE FURNISHERS & DECORATORS

consultation at least. No doubt the Commission realizes that the evidence of Mr. Clarke and Mr. Minty and of other people connected with the company whose presence here we had every reason to expect, is absolutely essential to the proper conduct of this inquiry. It will be a matter of utter impossibility if the inquiry is to be conducted as it should be conducted, to have the inquiry closed without putting forth every effort to procure the evidence of these gentlemen. It is quite evident we are not going to be able to accomplish that here, and how far we shall be able to proceed with the evidence of local witnesses in the absence of the witness on behalf of the company, is a question which my learned friend and I must have a little time to consider. What we propose asking your lordships is this. There are some witnesses here this morning who will be called with reference to the production of documents. We propose to go ahead with them and clean up that branch of the case so far as it

is possible to do so today, and then ask your lordships to arise until two o'clock this afternoon, so that we may have a chance to consider in the meantime what course we will take in the presence of these unexpected developments. If that course commends itself to the Commission, we will proceed now with such evidence as we may have to offer with respect to the production of documents.

Mr. Bennett Protests.

Mr. Bennett: My lords, in the presence of this not wholly unexpected state of affairs, I desire to say that in my opinion, instructed as I am, with the knowledge I have, that the continuance of this investigation will be nothing more than a farce. That is a

Wage-Workers' Symposium

(Continued from page 10.) thing with their labor-power. But the necessities of the human stomach, and the reproduction of the species, has made it impossible to duplicate the organization among the owners of the earth--except very often, that some sort of a bluff must be hung up by the challenge to sell their power to labor or slave. Their commodity is perishable and will not keep without being placed in a government refrigerator. It is the competition among the workers of the world and co-operation among the owners of the earth which accounts for the workers' helplessness in the face of higher prices of food. It all arises through perpetuating a labor market--having things for sale, instead of producing this world's goods for use and satisfaction of human needs. The road to the new social order will be tough sledding but it has always been the road traveled by those who did the world's work. The workers never did any themselves until they had to. That time is once more drawing near. Some interesting history is to be made during the next ten years.

The ceaseless see-saw goes on. And it must go on till some day the workers decide on election day against the follies of the profit system. Loud offers to wage prove nothing--except very often, that some sort of a bluff must be hung up by the challenge to sell their power to labor or slave. Their commodity is perishable and will not keep without being placed in a government refrigerator. It is the competition among the workers of the world and co-operation among the owners of the earth which accounts for the workers' helplessness in the face of higher prices of food. It all arises through perpetuating a labor market--having things for sale, instead of producing this world's goods for use and satisfaction of human needs. The road to the new social order will be tough sledding but it has always been the road traveled by those who did the world's work. The workers never did any themselves until they had to. That time is once more drawing near. Some interesting history is to be made during the next ten years.

get it at some other way. "Get the money and divide with us," is the way that thing would look if translated into plain English--The Register. A celebration of some interest to organized workers is to take place on July 1 next, in commemoration of the founding of the Amalgamated Society of Carpenters and Joiners. This union or society as it is called in the old country, founded fifty years ago, in Manchester, England, has since spread its branches to every civilized country in the world. Very complete arrangements are being made for the coming Jubilee celebration, which is intended to be world-wide. The old Toronto branch will assemble with other Canadian branches and those in Buffalo, Cleveland and other nearby cities and towns on July 1 at Niagara Falls, where will be held a sort of international picnic on a large scale. Similar arrangements for other districts each district comprising all the local branches within its jurisdiction, will be made. It will be a great gathering and a reunion of members from different parts of the world, many of whom came originally from the mother lodges in the old land--P. Obermeyer, in Hamilton Herald.

LUMBER TRADE IN FINE SHAPE Big Business Looked For From Prairie This Season The lumber trade is looking forward to a record-breaking season. Millions of dollars will be spent by the people of the prairie provinces for building material; besides this the great amount of railway construction that is planned for the coming season, when \$30,000,000 will be spent by the different railway companies in extending and building new lines on the prairie, will create a demand for building material that will have to be supplied by the mills of this province, that the lumber industry will receive such an impetus that, in the opinion of lumbermen, it has not received for many years. Luckily there is at present no immediate fear of a car shortage. The shingle market is looking better than for some time, the base price being \$2 for No. 1 grade. Since March 31, when the tariff questions were settled, the shingle market in the United States has decidedly stiffened. Some of the local mills are shipping, and expect to be shipping right along. It is true the extra 20 cents duty made a difference in the trade, still the prospect is by no means disheartening. On the other side of the line the cost of production has gone up, while in British Columbia manufacturers have been able to hold their own. The price of bolts is about \$5.25. Several large orders from the Canadian market were received during the past week, and the market, while not extensive, is steadily getting better. Some of the logging men will advise the government this week for a temporary raising of the embargo on cedar logs. There are so many booms in the water that it is feared the logging will bore them before they can be utilized, unless permission is given to sell them to United States mills. The production of logs on the coast

during March was slightly less than in February, but higher than in January. For the first three months of the present year the number of feet scaled exceeded the number scaled during the same period of last year by about 45,000,000 feet. The figures by months are as follows: 1909--January, 18,179,114 feet; February, 19,792,851 feet; March, 35,973,973 feet. 1910--January, 37,349,092 feet; February, 39,938,638 feet; March, 38,324,973 feet. Total for the first three months of 1909, 71,046,658 feet; for the same period of 1910, 116,622,708 feet.

REFLECTIONS OF A BACHELOR (From the New York Press) Little money, much flirtation. The way a man cuts down his flower bill for a girl is by marrying her. Men wouldn't care so much for even baseball if it were a family affair. You can always tell by the way a woman smiles that what you think means isn't it. A man thinks he's a devil of a fellow to have a prize fighter pointed out to him in a street car.

Bankview Opportunity

Lots 1 to 6 of acre 13, in block C., for sale at \$300 each, 1-3 cash, balance in 3, 6, 9, 12 and 15 months, or \$300 each, with terms 1-3 cash, balance 3 and 6 months. This opportunity is for two days only.

Five large bright stores with plate glass fronts. Apply or phone for particulars. Rooms for rent in the new block, corner 9th Avenue and 8th Street east, that I have just completed. Only a few left. Office for rent at 813 1st Street east.

A. A. DICK

813 First Street East. Phone 1135.

Printers in Winnipeg The employing printers of Winnipeg want more printers. Especially do the non-union jobbing shops require a large number to select from. "So many" do these low-wages, long-hour advertisements want cheap printers that they have decided to circulate the "overseers" of the composing rooms of the British Isles. It is quite time that the local unions had not been asked to supply the alleged shortage. But this can be explained when it is understood that it is not more printers, but cheap printers that the Winnipeg bosses so "terribly desire." The kind who will use their hats off in the presence of the bosses; the kind who always tamely accept whatever terms are offered; the kind who know night class but save, and above all, they must be cheap. No doubt the services of the labor-saving department of the Salvation Army will be requisitioned into service by the "employer's printers." It will not be the first time. However, the last importation from England to Winnipeg has landed a thing or two. The real printers are printing as members of the I.T.U. The dubs and cheap-johns are pursuing the simple. The offices of Winnipeg Typographical union are on the job and as publicity promoters will have no difficulty in electing representatives to legislate for the interests of a body of union printers who make a noise like men and demand a price for their services somewhere near compatible with the cost of their keep. There is no room nor employment for non-union printers in Canada. Many of the type unions of Western Canada are just now coming after a living wage. The employers are after cheap printers. Let there be no misunderstanding of the issue. One class lives by wages; the other by profit. Out of wages comes the profit; more wages, less profit, and so on.

There is no tool like the foot workman who puts on a uniform and goes himself up as a citizen, life unformed, fool, workman to shop at--By Gosh. E. Briant of the Halifax, N. S., Boiler-makers union, has been recommended by the Trades and Labor Council of the maritime capital as A. F. of L. organizer for the district. Organized labor throughout Western Canada is surely having a busy time of it endeavoring to keep pace with the phenomenal industrial development and capitalist expansion. You can't expect men to be good and hungry both at the same time. Goodness and hunger were not born twins. Mighty few men do what they do not like to do unless forced to do it.--E. N. Richardson. It is so pleasant to think we are doing things for others, when the facts are we are doing them for ourselves, because we like to do them, and it is mostly a lie. And perhaps it is better so.--E. N. Richardson. So long as wage-workers refuse to elect representatives to legislate for them on the floor of the House, just so long will they have to pay lobbyists to beg for them on the outside. Beggers are nearly always treated with contempt. Under the laws of British Columbia all sick and death benefits funds are exempt from attachment by the courts. Central labor body funds are placed in such a fund and therefore are temporarily safe. Thanks to "pernicious Socialist legislation." European workmen's papers are still piping in into Sam's Compters for his criticisms of the political labor movement in the old countries. They charge that he didn't visit Europe to learn, as he claimed, but to criticize and belittle.--S. D. Herald. The executive committee of the Trades and Labor Congress of Canada is certainly keeping the affiliated membership legislatively informed these days. The pernicious Belcourt proposed amendment to the criminal code serves to show the value of having a representative on the job at Ottawa. The class which owns all that which the worker depends upon for a living owns the workers, for they that control that which we must have access to in order to live, own us. So that we are in the last analysis, slaves. It is in the interests of that class of slaves that I am here.--C. M. O'Brien, Socialist, M.P., in the Alberta legislature. That wearisome, tired old "pfrrot" is still being used by the daily press on both sides the tariff line. An American labor paper observes: "U. S. Bulletin of Labor No. 484 shows that only twenty-three men out of 100 employed in the Minnesota ranges (the largest in the world) are Americans. The capitalists love the Americans. Sometimes the American worker may vote himself into a job. He is quite stupid but he will learn." This thing of compelling the unfortunate women of the underworld to divide the price of their sinning with the mistress of the writer and be worse, if he could, put a stop to it. This tax simply means that the inmates of these resorts must go to greater lengths to get money to divide up with the city. If they cannot get it as prostitutes, they must sell booze, pick pockets, or

Sleep Was Impossible ALMOST DRIVEN TO DESPAIR UNTIL GIVEN WITH USE OF DR. CHASE'S NERVE FOOD No symptom of nervous prostration is more to be dreaded than the inability to sleep. Man can exist for considerable time without food, but without sleep, and the rest of his body brings, he soon becomes a mental and physical wreck. When you cannot sleep and rest look to the nervous system and remember that lasting cure can only be obtained from such treatment as Dr. Chase's Nerve Food, which naturally and gradually restores the exhausted nerves to health and vigor. Mr. Wm. Graham, Atwood, Ont., writes: "My wife had sleeplessness for some time with nervous prostration and we had two of the best doctors we could get, but neither of them did her any good. She completely lost her appetite and was unable to eat and lost energy and interest in life. She was a most giving up in despair when a friend advised the use of Dr. Chase's Nerve Food. "From the first box my wife used we noticed an improvement and after using six boxes she is completely cured, and as well as she ever was, eats well, sleeps well and feels fully restored. I cannot express in words the value of this valuable medicine for I believe my wife owes her life to its use." Every dose of Dr. Chase's Nerve Food goes to the formation of so much rich, red blood as therefore certain to do you good. 50 cts a box, \$1 for \$2.00, all dealers, or Edmondson, Bates & Co., Toronto. Write for free copy of Dr. Chase's Recipes.

RECIPROCITY WANTED IN NATURAL PRODUCTS ONLY Secretary Root Finds Little Favor For Reciprocity in Manufacturing. Washington, D. C., April 14.--On leaving the White House today, Senator Root was asked about the progress in getting Canada and the United States together for reciprocity. "There is tremendous sentiment all along the border of the two countries for reciprocity in natural products," he said. "The time has passed for reciprocity in manufactured products. Canada has adopted a policy of protection for her manufactured products, but there is unquestionably deep interest among several million people of both countries in bringing about a mutually satisfactory understanding regarding reciprocity in natural products."

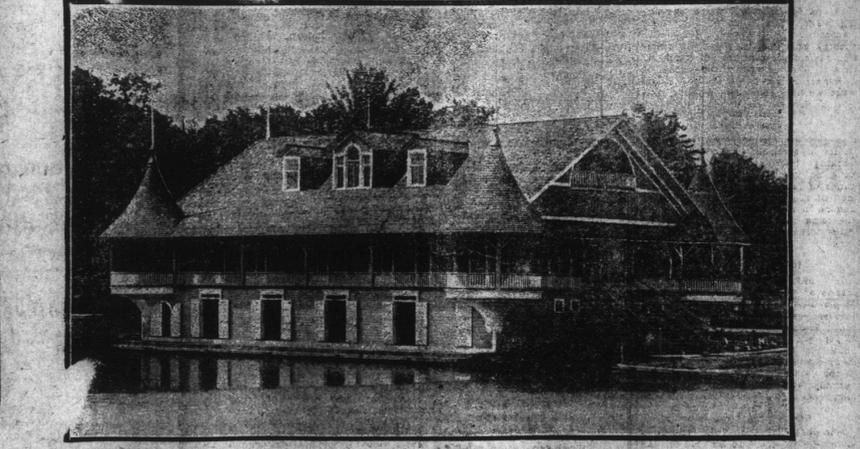

Canadian Bear's Grease Is intended to promote the growth of the hair. BEARINE Delicately perfumed, it is applied so as not to become rancid or stale. 50c. per Jar. Davis & Lawrence Co. Montreal.

Contractors and Builders, Attention!

Tenders will be received up to Saturday, the 23rd inst., for the construction of this Club House. Plans can be seen at the office of J. J. O'Gara, Architect, room 78, McDougall Block. The usual conditions will apply.

Chestermere Aquatic Club

NON-PERSONAL LIABILITY CAPITALIZED \$20000 DIVIDED INTO 200 SHARES OF \$100.00 EACH LIMITED

The Chestermere Aquatic Club, Limited, have obtained their charter and will build the above club house early this spring. The club house will be used for a Canoe and Boat Club, Fish and Game club, Country club, Tennis club and Golf club; each club paying for their own apartments at an annual rental. A membership in the Canoe and Boat club will carry with it the privilege of storing your boat or canoe. Shares in the Chestermere Aquatic Club Limited, are to be had from the undersigned, and full particulars will be given on application. Twelve million dollars being spent by the C.P.R. this year on their irrigation system. Chestermere Lake is the main reservoir for the whole irrigation system. SPECIAL ATTENTION--Golf Links and Tennis Courts are being made on the 160 acres of land adjoining the Chestermere Aquatic Club House, and the membership in the Aquatic Club carries with it the privilege of playing Golf and Tennis. A tournament is being arranged for next September, when a program of rowing, canoe and motor boat racing will take place.

J. A. MacCULLOUGH, Real Estate, Stock and Bond Broker

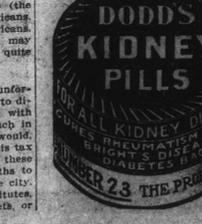

OFFICE: Ground Floor of Samis Block, 8th Avenue East. Phone 574. SPECIAL--Only six lake frontage lots left out of two hundred and fifty. Price \$300 each. Terms, one-third cash, balance 6 and 12 months. Size of lots, 50 feet by 150 feet.

HIS DAUGHTER KNEW THE RIGHT REMEDY

To Cure Kidney Trouble The United States is all right, you know, but Uncle Sam's doctors have not found a cure for serious Kidney Trouble. The sick folks down there want to get well, they send to Canada for GIN PILLS. At least, that is the way Mr. E. S. Ball, of Oxford, Ohio, was cured of a bad case of Kidney Disease. Mr. Ball took the usual remedies prescribed by the doctors, and wore plasters, but they did not do him any good. His daughter, who lived in Canada, Mr. Ball wrote of his serious condition. His daughter immediately sent him two boxes of GIN PILLS, which did him so much good that he knew he had found the right remedy at last.

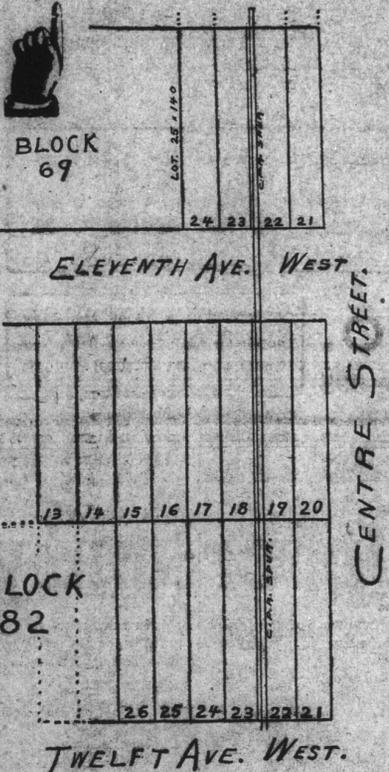

July 26th, 1909. "I find enclosed one dollar for which please send me two boxes of GIN PILLS. My daughter sent me two boxes and I had a bad case and am getting well fast. I had lots of men down here in the same way that I was in, and I shall surely recommend GIN PILLS to everybody." H. S. BALL. GIN PILLS are a product that every Canadian may take pride in, and one that has earned the endorsement of the largest wholesale drug house in Canada, who fully guarantee every box. GIN PILLS are sold with a positive guarantee. If, after taking GIN PILLS, you find that they have not done you any good, simply return the empty boxes to your dealer and your money will be promptly refunded. For Kidney Trouble, for Irritated and Inflamed Bladder, for Pain in the Back, usually accompanied by Biliousness which GIN PILLS cure. GIN PILLS are a certain and speedy cure. 50c a box--4 for \$2.00. Sample if you write National Drug & Chem. Co., Dept. A.D., Toronto.

That wearisome, tired old "pfrrot" is still being used by the daily press on both sides the tariff line. An American labor paper observes: "U. S. Bulletin of Labor No. 484 shows that only twenty-three men out of 100 employed in the Minnesota ranges (the largest in the world) are Americans. The capitalists love the Americans. Sometimes the American worker may vote himself into a job. He is quite stupid but he will learn." This thing of compelling the unfortunate women of the underworld to divide the price of their sinning with the mistress of the writer and be worse, if he could, put a stop to it. This tax simply means that the inmates of these resorts must go to greater lengths to get money to divide up with the city. If they cannot get it as prostitutes, they must sell booze, pick pockets, or

Trackage Property CUSHING'S Old Factory

DEPOT-

152x145 feet, block 83 \$15,000
 185x145 feet, facing north, block 18 \$25,000
 192x145 feet, facing south, block 82 \$25,000

TERMS

JOHN W. DINGLE

112 First Street West. Phone: 60 and 1252.
 In a short time the street cars will be running down 12th Avenue to East Calgary.

LOTS 14-20 inclusive, block 32, section 15, on corner of 2nd street east and 5th avenue. This is a very desirable business property, and there is erected thereon a large brick factory worth \$7,000. This property will increase in value very materially in the near future. Price \$27,000; \$10,000 cash, balance arranged.

LOTS 34-41 inclusive, block 69, section 16. This is an excellent trackage proposition, on the corner of 11th avenue and 5th street west. Price \$27,000; \$9,000 cash, balance 1 and 2 years at 6 per cent., or we will sell the two corner lots for \$8,000 on the same terms. This is a bargain.

LOT 27 in block 7, Plan A3, Calgary. This lot will double in value in a very short time. Adjoining properties held at a much higher figure than this. Price \$1200; half cash, 3 and 6 months.

WE HAVE TO LEASE a very desirable corner on 9th avenue and 9th street west; four lots, size 100x120 feet to a lane. This is an ideal spot for a warehouse, and we can give a lease for five years on very reasonable terms.

A FORTUNE HERE --- For the Man Who is Quick

528 ACRES 528 ACRES
\$200.00 PER ACRE. This is absolutely the very best and cheapest close in subdividing acreage on the market today. Only three miles from Calgary postoffice. This splendidly located property lies due north of the city, and is known as the "Hay Dairy Farm." Four hundred acres of this lie immediately to the north of La Grange, a road allowance only dividing the two properties. Lots in this subdivision are selling for \$50.00 per 25 foot lot, and upward. Building operations have already commenced and the owners are giving special inducements to those who build good homes. This naturally insures good surroundings. The other 528 acres covers the subdivision of North Balmoral, and consists of a beautiful meadow, every acre of which can be used. Large house and outbuildings are included in this price. Terms 1-1/2 years, 1, 1 and 2 years. This property is bound to double in value. Opportunity offers its reward.

BRUSHY PIMPLES AND ERUPTIONS

In the Spring Most People Need a Tonic Medicine

If you want new health and new strength in the spring you must build up your blood with a tonic medicine. Following the long indoor winter months most people feel depressed and easily tired. This means that the blood is impure and watery. It is this state of the blood that causes pimples and unsightly eruptions. To this same condition is due attacks of rheumatism and lumbago; the sharp stabbing pains of sciatica and neuralgia; poor appetite, frequent headaches and a desire to avoid exertion. You can't cure these troubles by the use of purgatives; you need a tonic and a tonic only among all medicines there is none can equal Dr. Williams' Pink Pills for their tonic, life-giving, nerve restoring powers. Every dose of this medicine makes new, rich blood, which drives out impurities, stimulates every organ, and brings a feeling of new health and energy to weak, tired out, ailing men, women and children. If you are feeling out of sorts give this medicine a trial, it will not disappoint you. Mr. Paul Charbonneau, a young man well known in the town of St. Jerome, Que., is one of the host who bear testimony to the value of Dr. Williams' Pink Pills. He says: "When I left school I became a book-keeper in an important office. Probably due to confinement I began to suffer from indigestion and loss of strength. I became pale and seemingly bloodless and was often seized with palpitation of the heart and violent headaches. I tried several remedies, but they did not do me a bit of good. I was advised to try Dr. Williams' Pink Pills and did so, and the use of eight boxes brought me back to perfect health and strength. I have since enjoyed the best of health and cannot say too much in praise of this valuable medicine."

FIRST EVIDENCE AT ROYAL COMMISSION

(Continued from page 9.)

Q. Well, you have received from him letters in the office, and your employment as engineer, of this company?
 A. A few.
 Q. And do I understand your oath to be that every letter which you have received from Mr. Clarke is on the files of the company at the office here and open to our inspection?
 A. I think so.
 Q. Well, aren't you sure?
 A. No, I wouldn't state it absolutely. I don't know just now of any letters that Mr. Clarke has sent that I haven't put on file.
 Q. Well, have you destroyed any?
 A. No.
 Q. Sure about that?
 A. Sure about that.
 Q. Or are there any that was lost?
 A. Not that I know of.
 Q. If there any which aren't on the files what explanation would you give for that?
 A. Well, I have travelled a good deal and I don't keep my letters when I am travelling as carefully as I would in the office. Every letter that goes in to the office is turned over to the stenographer to file.
 Q. And then a letter received by you when you are not in the office might not be upon the files?
 A. No, if it were of any importance I would put it in the grip-sack and turn it over when I get in.
 Q. And if weren't of any importance, what would you do with it?
 A. I would probably destroy it, but I don't know of any letters from Mr. Clarke that I have destroyed.
 Q. With what other officer of this company have you had correspondence?
 A. I don't remember now. My correspondence mainly has been in regard to the work. I have corresponded. I have written a few letters, or mainly telegrams, to Mr. B. R. Clarke, but he isn't a member of the company. He is a member of the construction company.
 Q. His name figures in the Act of Incorporation as one of the incorporators?
 A. Yes.
 Q. And you have had correspondence with Mr. B. R. Clarke?
 A. Mainly by telegram.
 Q. And have you preserved these telegrams?
 A. All telegrams have been preserved.
 Q. They are on file?
 A. They are on file, yes.
 Q. Have you had any correspondence with Mr. Minty?
 A. I don't remember writing Mr. Minty. I may have exchanged some telegrams, but I don't remember just now of any letters. I wouldn't say I haven't written any.
 Q. Do you remember having written any letters to Mr. Minty?
 A. I don't remember now, but I wouldn't say I haven't.
 Q. Do you keep a copy of all the letters you write?
 A. Yes.
 Q. Are they copied into a letter book?
 A. No, Carbon copies.
 Q. You have nothing but the carbon copies?
 A. That is all.
 Q. You say that all the letters which you have written to or received from Mr. Minty are on your files?
 A. As well as I remember.
 Q. You have received some telegrams from Mr. Clarke?
 A. W. R. Clarke?
 A. A few.
 Q. And you have sent some to him?
 A. Yes.
 Q. Have you on your files the telegrams which you have received from him?
 A. Yes.
 Q. Have you copies of telegrams that you sent to him?
 A. I think they are on file. You must remember that I don't see the files. I just turn the matter over to the stenographer who takes care of that work.
 Q. Have you destroyed any telegrams?
 A. No.
 Q. Either sent to or received from W. R. Clarke?
 A. No.
 Q. Or any other director or officer of the company?
 A. No.
 Q. I find that several cipher telegrams passed between you and Mr. Clarke?
 A. Yes.
 Q. What code did you use?
 A. We have the book. I have forgotten the name of the book. It is in the office.
 Q. Is it the Bitter code?
 A. Now, really, I didn't pay any attention to the name of the code. The code is there, the book is there, and we can produce it, and the telegrams

are there, and they can be translated.

Q. We will have to have that code book here, Dr. Waddell?

A. All right.

Q. Is there any person up there that can bring it down now?

A. Yes, Mr. Buddo is there.

Q. Were all cipher telegrams between you and Mr. Clarke sent according to the code?

A. If there was a code used, yes.

Q. I say every cipher telegram?

A. Every cipher telegram, yes.

Q. That is according to the code book which you have in the office and we are now sending for?

A. Yes.

Q. I suppose you will have no trouble in translating those cipher messages, will you? You are in charge of the office, I understand?

A. When I am here.

Q. Well, you are here now.

A. Yes, I am up the line a good deal, and have been since.

Q. Will you be good enough to leave instructions at the office that Mr. Johnstone and I are to be at liberty to make such examination of papers and books that we see fit that are there?

A. I have already done so.

Q. Cross Examined by Mr. Bennett

Q. How long have you been associated with Mr. Clarke?

A. Since a year ago last summer.

Q. 1908 or 1907?

A. 1908.

Q. 1908, what time?

A. He called on me about midsummer.

Q. Where?

A. Out in the woods south of Kamloops.

Q. He called on you?

A. Well, he wrote me.

Q. Exactly. Is that letter here?

A. I don't know. I really don't know where that letter is. Probably that is in Kansas City.

Q. You make your headquarters in Kansas City?

A. My firm does.

Q. That is Mr. Clarke's home?

A. Yes.

Q. And your first letter that he wrote to you while you were in British Columbia?

A. Yes.

Q. In connection with this transaction?

A. Yes.

Q. And you say you don't know whether you have that letter or not?

A. I think that is in Kansas City?

Q. Did you answer that letter?

A. Yes.

Q. And where is the answer, or a copy of it? The original would be with Mr. Clarke?

A. Well, now, when I say I answered that letter, Mr. Clarke sent an engineer, Mr. Goddard, to me, to get instructions. I gave him the instructions and I don't remember now whether I answered the letter directly or not.

Q. And you gave instructions to Mr. Goddard?

A. Yes.

Q. In consequence of which he went out over the territory?

A. Yes.

Q. Have you some further correspondence with Mr. Clarke, touching this project?

A. I saw Mr. Clarke after that.

Q. And finally you took up your headquarters in this country?

(Continued on page 12.)

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one drudge-disease that science has been able to cure in all its stages, and that it is Catarrh of the Bladder. It is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

THREE MILES FROM POST OFFICE AND BUSINESS PORTION OF THE CITY.

ACREAGE

MORE TRAFFIC PASSES THIS POINT THAN ANY OTHER ROAD LEADING INTO CALGARY.

DO NOT BUY ACREAGE until you have satisfied yourself that what your selection has been is the best that is being offered. There is a very large and varied selection to choose from.

What is it that fixes the prices of property? The demand.

What is it that causes the demand? The advantages that one property has above another. What advantages has this property above others that are being offered.

1st. There is no other property offering that is first class land, within the same radius of the postoffice, at the price.

2nd. There is none on this highway of traffic to the city that is being offered in acreage, that is as near the city limits.

3rd. The supply of acreage in the vicinity of this property is very limited.

4th. The way in which this property is surveyed allows the purchaser the advantage of laying same out in town lots without any additional expense or loss of property.

5th. More traffic passes this property than on any other road leading into the city. It is the main highway to the whole north.

A greater profit will be had from purchasers of this property, in a shorter time, than from any other that has been brought before the public for a considerable time. Lots adjoining this property are now selling at from \$45 to \$60 each.

There is none of our property that is more than a mile from a good school and none more than three miles from city schools. It is situated on the banks of the only spring lake that is anywhere near Calgary, and from movements of other lands in this vicinity, it will be but a very short time till this will be made one of the beauty spots of our city. The telephone is on the property now. First-class water can be had at 30 feet deep.

A beautiful view can be had of the whole surrounding country from any part of the acreage that we offer.

Our price is \$175 per acre, with 1-4 cash, balance over two years.

WE REPRESENT THE CANADA LAND-ED & NATIONAL INVESTMENT CO., AND CAN PLACE LOANS OF ANY AMOUNT ON FARM- AND CITY PROPERTY.

IF YOU WANT A HOUSE AND HAVE NOT BEEN ABLE TO FIND WHAT YOU WOULD LIKE, LET US BUILD YOU ONE.

FIRST EVIDENCE AT ROYAL COMMISSION

(Continued from page 12.)

A. Yes.

Q. About when?

A. It was the end of last September, September, 1909?

A. Yes.

Q. When were you engaged as the engineer of the Alberta & Great Waterways company?

A. My duties, formally.

Q. When were you engaged?

A. I was engaged for different pieces of work at first.

Q. When?

A. About the time, after September, 1908, when I took hold for Mr. Clarke.

Q. You have been in his employ off and on since the opening of the Alberta & Great Waterways railway company or of the Athabasca railway company or of the railway continuously ever since?

A. No, not the Athabasca railway company.

Q. There wasn't any Waterways until 1908.

A. I was working for Mr. Clarke as consulting engineer.

Q. What was your position?

A. Yes.

Q. In connection with this project.

Q. What project?

A. The Alberta and Great Waterways project.

Q. When?

A. Well, from that time I told you, September, 1908.

Q. And you have been working for him since then off and on, until last year, when I was retained regularly?

Q. Six or eight months before the Alberta and Great Waterways company at all?

A. Yes. I was working with him then.

Q. In connection with that project?

A. Yes.

Q. Have you any papers in the shape of communications, either by letter or telegram, between you and Mr. Clarke through that interval, September, 1908, until your formal employment after the creation of the company?

A. There may be somewhere.

Q. And the rest are in Kansas City?

A. If there are any copies they would be in Kansas City, but Mr. Clarke has received the papers that I have given him.

Q. Now, we have got you up here anyhow as the chief engineer of this project?

A. I never look at the files. When I have letters, to file I pass it over to

over to the stenographer, and when I want a letter that is on file I ask the stenographer to give it to me.

Q. Therefore you are not prepared to say whether they are there or not?

A. No.

Q. Who is the stenographer that has been in charge of the files?

A. Mr. Bardo.

Q. Has he been continuously in charge of the files since you have been here as chief engineer last fall?

A. Yes, excepting when he was ill.

Q. And who took his place when he was ill?

A. I don't know; I was away.

Q. Who was the secretary of the company during all the time that you were chief engineer; that is, since last fall?

A. Mr. Goddard is secretary of the company, but when he was appointed I don't remember.

Q. So far as you know, all the time you were there has was secretary?

A. Yes.

Q. And are his records there?

A. I think so.

Q. Do you know?

A. I couldn't tell you that; no, I don't know, I haven't been there.

Q. This minute book, the stock reg-

ister, the bank book, the documents that deal with the internal organization and management of the company, where are they?

A. I don't know.

Q. Did you ever know?

A. No. I have had nothing to do with those. I have just been the engineer and attended to my work.

Q. And you duties would be the preparation of files and profiles, the organization, the right of way, and laying down the line and matters of that character?

A. Yes.

Q. Then you can't say, Dr. Waddell, although you are apparently the chief officer of the company here, whether or not the documents that I have mentioned are or are not here?

A. I couldn't say.

Q. Don't you know they are not?

A. I don't know anything.

Q. Don't you know they are not?

A. No.

Q. On your oath?

A. On my oath.

Q. You don't know?

A. I paid no attention.

Q. I mean, don't you know they are not here?

A. No, I don't.

Q. You swear that?

A. Yes, I swear that.

Q. You swear that you don't know that the minute book, bank book, stock register and documents pertaining to the internal organization of the company are not in that office?

A. I don't know where they are.

Q. I say, will you swear you don't know that they are not in that office?

A. Yes, I will swear.

Q. Are they there?

A. I don't know.

Q. Did you ever know?

A. No, I haven't paid any attention to those things; it isn't my affairs.

Q. You didn't pay any attention?

A. No.

Q. Mr. Clarke and Mr. Goddard, who were Mr. Clarke here last?

A. In February.

Q. Was that the last time he was here?

A. He may have left here in March.

Q. Well, I want to know when, to your knowledge, was the last time that Williams R. Clarke, the president of that company, was down there in that office, or in this city?

A. The last time when he was here I wasn't here.

Q. Then, I understand you, now, Dr. Waddell, you don't know whether the documents are there or not, but

Mr. Clarke would be the man to know?

A. Yes.

Q. What would be Mr. Seymour's position?

A. Mr. Seymour has come out here as auditor lately.

Q. How recently?

A. He came while I was away, some time in February or March, February, I think.

Q. Auditor for whom?

A. I think for the construction company.

Q. You aren't sure as to that?

A. Yes, I am pretty sure.

Q. Have you all the communications, or copies of communications, that have taken place between you and the construction company?

A. Well, I haven't had anything but verbal orders to the construction company.

Q. Or from them?

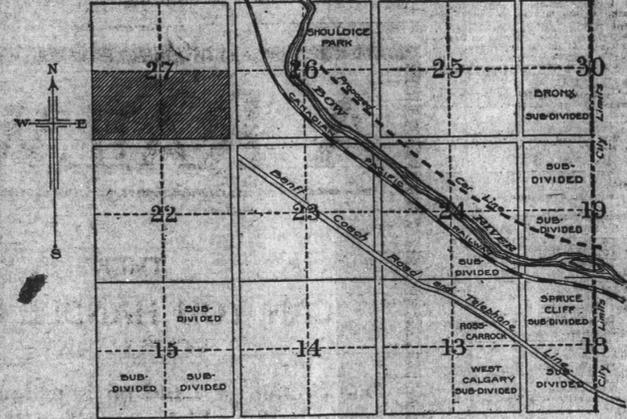

A. I don't remember receiving any.

Q. Will you be good enough to tell me who was the officer of the construction company from whom you have received instructions and to whom you have given orders?

A. The rest of the evidence of Dr. Waddell will appear in the Albertan on Monday, together with other evidence given at the commission.

ACREAGE IN Ten Acre Lots

Splendid soil, perfectly level, on main road. Telephone by the property. Don't buy a 25-foot lot when, by going a little further out, you can secure enough ground that will allow you to have a garden, the proceeds of which would pay for the property first season. Calgary is rapidly coming into her own, and the position of wanting property such as above.

(Taken From The Albertan)
Messrs. Tregillus & Hextall Will Give 150 Acres of Land BRIDGE TO BE BUILT ACROSS THE RIVER TO PARK
"The Exhibition company has been offered practically free of charge very fine grounds to the far west of the city. The proposed donors are Mr. W. J. Tregillus and J. Hextall, and the property is a portion of that part of the west of the city known as Bowness. It is on the south of the Bow river and directly across from the park now known as Shouldice Park.
"The advantages of this place as exhibition park is that the railway runs right past it and freight and passengers could be brought in that way. Then again, it is directly across from the park to which a railway will be projected at an early date. Arrangements are being made to have a bridge span the river very soon. That will bring the park in direct communication with the street railway, with practically no additional expense."
BOWVIEW
Adjoins and overlooks this land. A bridge will make the land on the south of the river as valuable as on the north, 30 acres having been recently sold for \$500 per acre.

We quote from Mr. W. J. Thorold, of London Press Association: (Albertan, March 11, 1910).—"To me the city presents the most remarkable future. I am told that in Calgary and vicinity, there will be commenced construction of works requiring an ultimate expenditure of TWENTY-FIVE MILLION DOLLARS, and of this sum the C.P.R. will expend Sixteen Million Dollars on the extension of their branch lines. The balance is to be expended in civic improvements and the construction of other branch lines into Calgary. Such an expenditure as this can only result in Calgary becoming one of the foremost cities in the Canadian or American West."

Try and realize what this will mean for Calgary. As a city expands, land suitable for gardening, or property that lends itself to home building, becomes greatly in demand and valuable. The near future will see such property commanding prices double what we are asking.

\$100 PER ACRE AND UPWARDS

\$125.00 Per Acre After April 25th

Calgary's progress during the last few years has borne out the saying, "There is no tomorrow." Putting off until "Tomorrow" in Calgary realty has meant a lost "Yesterday" in thousands of instances. The future will bring regret to many who let OPPORTUNITIES pass. Others will take advantage of present offerings and invest, reasoning out the truth of Mr. Thorold's statement: That Calgary will become one of the foremost cities of the Canadian or American West, with the consequent increase in values.

How Many Persons
pass your home every day? Nearly every one of them look at your house as they pass. Does not the home with a few pretty **Flowering Plants in the Window** always give you the best impression of the home you see? It is not a trouble to grow Window Plants in Calgary, especially if you get your plants from my establishment, as our flowering plants are all grown in the same temperature as most people keep their homes. I have the best assortment of Window Plants ever grown in Western Canada, which I am selling at very low prices this spring. Call and select the ones you like best and we will deliver them to you any place in the city, or express them to you safely if you send the order from any place in Alberta.
