

THE HIGH ALBERTAN

CALGARY, FRIDAY, JUNE 27, 1913.

TWELFTH YEAR—No. 102

TWELVE PAGES

EDMONTON HAS OFFERED M'CAULEY HEADSHIP OF STREET CAR SYSTEM

Would Pay Him \$5,000 For the First Year, and More Compensation When He Puts Sick System of Capital in a Healthy Financial Condition

IS RESPONSIBLE FOR THE LOCAL SYSTEM'S SUCCESS

Helped to Build It, Put It On a Paying Basis, Has Been in the Business Many Years, and Came to Calgary From Fort William Four Years Ago

SUPERINTENDENT THOS. H. M'CAULEY, whose signal success in managing the Calgary street car service has attracted attention all over the continent, has been tendered the management of the Edmonton street car system at a salary of \$5,000 for the first year, with the prospect of more pay in the event that, within reasonable time, he puts the municipal transportation facilities of the capital on a clean basis as he has the Calgary system. The news came in the Morning Alberta in a front-page item from Edmonton, and it is understood that the handsome offer is the result of Mayor Shert's visit to Calgary a short time ago. The Edmonton mayor has a sick municipal service on his hands, and was very much impressed with Mr. McCauley's clean administration and his financial exhibit, and the city council is expected to accept the offer after the return of Edmonton's executive to the capital.

McCauley Admits Offer. Mr. McCauley admitted to The Morning Alberta that he had accepted the offer of the Edmonton street car system.

Who Told You That? He declined the offer, but he would not say why. "But the offer was out of the bag."

Now that you know this, continued the superintendent, "I would like to have you say that I am not contemplating any change. I am very happily married, have a comfortable home, and a lot of good friends whom I have taken me some years to accumulate. I am not very keen about going away. Besides, the Calgary municipal railway is the child of my creation. I take a great deal of pride in it and its achievements, and would not wish to see it being associated with it."

Offered \$5,000 a Year. From other sources it is learned that Mr. McCauley has been offered \$5,000 for the first year, and more if he succeeds in making the Edmonton line pay. His compensation here is \$3,000, his salary having been raised about a year ago.

Mr. McCauley is a veteran in the street railway game. He came to Calgary from Fort William in 1908 and built the Calgary system. It was an infant municipal utility then, but it earned \$100,000 during the first six months of its operation. It has grown amazingly with the town, and now represents an investment of about \$2,000,000, including money by which the city has recently voted for extensions. From the handful of men who operated it in 1909 its force has grown to 70 employees, and they are to be paid, most contentedly, and most polite street railway employees on the North American continent. They consider McCauley the best little single-headed street car manager in the world, and they reflect local public sentiment in this respect to a very large degree.

McCauley's administration of the street car affairs has attracted wide attention. The splendid revenues yielding a handsome surplus annually, and the excellent service of the Calgary street car system, have been exploited in nearly every city in which municipal ownership of public utilities has been broached, and the Calgary success has been the means of giving the city much publicity of a most desirable character. And while the growth of the city has been extraordinary during the life of this utility the steel rails have spread out and kept pace with the city's development to a reasonable degree. The approval of the people of this system

What the West Did Yesterday

LETHBRIDGE, ALTA. Rain falling continuously 24 hours. Crop conditions favorable. Grain city two weeks advance last year. Everywhere farmers throughout Southern Alberta feel sure bumper grain and hay crop.

WINNIPEG, MAN. Pacific arranged for 16 special trains exhibition week. New bank for Transcona cost \$26,000.

CALGARY, ALTA. Large rancher near here shearing 8,500 sheep; will export wool to London; mutton for local consumption. His flock about 12,000, including this year's lambs, range over 15,000 acres in extent.

NORTH BATTLEFORD, SASK. I. S. Dennis, assistant to president C.P.R., spent yesterday in North Battleford as guest of city and board of trade, inspecting surrounding farms during day. At banquet his honor this evening expressed himself astonished and pleased at evidence of development of increased mixed farming, heartily endorsing program of board of trade in building up surrounding agricultural district. Dennis stated that he department natural resources will open local market for company's lands in district. He also active colonization policy now being carried on in Great Britain, Europe and the United States, to settle company's land along main line. He is jubilant over announcement.

EDMONTON, ALTA. J. S. Dennis, assistant to president C.P.R., completed trip through Northern Alberta and Saskatchewan over C.N.R. and C.P.R. lines, states general crop conditions are first class; crop of all kinds promise well; about one week behind last year. He stated that the weather is late and with warm and favorable growing weather from now on will yield bountiful return. Noticeable feature all through northern districts of two provinces is increased interest of farmers in mixed farming and the increased number of farms and hogs which farmers are settling on their farms.

FIGHT FOR MILLIONS NOW UNDER WAY IN THE COURTS

Public in England is Much Interested in the Effort Being Made to Break the Will of the Late Sir John Murray Scott

LADY SACKVILLE GOT FIVE MILLIONS BY WILL

Evidence is Introduced to Show That She Took Very Good Methods to Get Such a Fortune From the Deceased

London, June 26.—Suggestion of possible highly "interesting development" in the fight for the millions, as the public calls the suit over the will of the late Sir John Murray Scott, the will calls \$5,000,000 to Lady Sackville, a relative of a former British minister at Washington.

Frederick Smith, counsel for those who are trying to break the will, mentioned an alleged secret visit to the baronet's house by Lady Sackville. "She was seen," he said, "at the drawer of desk in Sir John's library, and Major Arbuthnot, a friend of Lady Sackville, testified that on his arrival to dine with Scott one evening he opened the door of the library and while just shutting a drawer of the writing desk, Major Arbuthnot with Lady Sackville opened the door a little and glanced around. Then she and her daughter left the house, in a very hurried and unusual manner."

When Major Arbuthnot later saw Sir John, he mentioned later saw Lady Sackville in the library. "I don't think the city's employees should suffer because the estimates are three weeks late," said Alderman Caplan.

Alderman Ross objected. "Money is too tight," he said. "I don't think this council should be stampered because of threats of a strike. If their men get their increases I think they should work eight hours per day. At present the city clerk, I am told, works only seven hours."

Commissioner Graves explained that the estimates that year were not out until June, yet the salary increases dated back to January 1. Commissioner Graves made it perfectly clear that with the exception of four or five new men in the electric department who had already received increases since January, the rule would apply throughout the city last year.

"Eugenic" Person Shunned. Lynn, Mass., June 25.—Business is struck with the Rev. Thurston Chase, pastor of the Central Congregational church, since he announced on May 18 that he would not perform marriage ceremonies unless prospective brides and bridegrooms produced physical certificates, testifying to their physical fitness.

The city records show that there has been the usual number of marriages performed this month by Lynn registrars, but none has been of the eugenic variety.

Terra Nova for Sealing. London, June 25.—The Scott Antarctic vessel, the Terra Nova, has been re-purchased by a firm of sealers, who shortly will take the vessel to Newfoundland, where she will be employed again in sealing. It has been reported that the vessel would be brought to England for exhibition purposes and there is considerable disappointment, particularly at Cardiff, because the vessel will not be thrown open to the public.

Unknown Man Killed. Fort William, Ont., June 25.—An unknown foreigner was run over and killed by a Grand Trunk Pacific train on Empire avenue at 10:30 o'clock last night. The man's head was practically severed from the body, which was badly mangled.

Term has been voted in the fact that not a single money bylaw looking to the extension of the system has been rejected by the council.

14 YEGGS ARRESTED IN CLEAN-UP FOR FAIR WEEK

Inspector Nutt Leads Party That Takes Eleven Men and Two Women a Few Days After They Arrive in Calgary For Busy Time During Fair

THREE HAVE OPIUM WHEN TAKEN TO CENTRAL STATION

Chief Cuddy Declares Raid Only Forerunner of Effort to Keep City Absolutely Clean During Exhibition; Old Offenders Are Recognized Among Them

The first big clean-up in the city as the result of the usual visit of yeggs and thieves to Calgary for fair week took place last night, Inspector Nutt, in charge of the operations against the yeggs, making a round-up which almost cleared the cell house at Central Police station.

No less than eleven men and two women, members of the same gang, were rounded up by Inspector Nutt and loaded into the patrol wagon. The inspector received a three-day order that the band had arrived in Calgary from the west and was preparing to "work" the rural visitors during fair week, as well as take advantage of local opportunities. After this raid, the inspector located the men and had them all ready for the jail.

Several Old Offenders. Detective Sergeant Richardson and Detective Ritchie were impressed into his hunt Wednesday, and last night the trio appeared with the patrol wagon before an Eighth avenue hotel and started operations. Two warden loads of yeggs were taken to the station and upon the spot were recognized as being old offenders who have been several times in jail in the vicinity.

A short time before the raid by Inspector Nutt, the Cuddy woman was arrested during the raid by Policemen W. McDonald and Detective T. Turner. She took three other members of the gang to a Sixth street house, and in passing them found a quantity of opium which was taken to the Central Police station. Joseph Wain, and Ray Cuddy, were charged with keeping an opium joint in their possession. They will also be charged with the same offense.

Close Watch for Fair Week. Chief Cuddy has determined to keep the patrol wagon busy hustling visits to the station during fair week. "I will make an effort to have Magistrate Sanders remind all these men for at least a week while we investigate them and their records," said the chief last night. "Inspector Nutt's raid tonight is the forerunner of the effort to keep the city absolutely clean during fair week. Other yeggs who come upon the city can expect the same treatment."

The number of arrests made during the evening and the afternoon again crowded the cell capacity of the station. The Cuddy woman was arrested during the evening and the afternoon again crowded the cell capacity of the station. The Cuddy woman was arrested during the evening and the afternoon again crowded the cell capacity of the station.

COL. SAM HUGHES HAD TEN MINUTES IN VANCOUVER

He and Sir Ian Hamilton Then Rushed On to Victoria Immediately

Vancouver, June 25.—Colonel the Hon. Sam Hughes, minister of militia and defence and general Sir Ian Hamilton, inspector-general of His Majesty's imperial forces, arrived in the city shortly before 2 o'clock this evening on their special train from the east over the C.P.R., leaving 10 minutes afterwards for Victoria, where an inspection of the C. B. militia forces will be held.

Robert K. Cowan Dead. London, Ont., June 25.—Robert K. Cowan, master in chancery, was overcome by the heat in his office at the county buildings here this evening and died almost instantly. Death, the physician stated, was due to aggravation of an ailment from which Mr. Cowan had suffered for some time but during the past few months he was believed to be in very fair health.

BRIDE AND GROOM OF TWO WEEKS AND SIX OTHERS DROWN IN THE SASKATCHEWAN AT EDMONTON

THE DEAD: R. C. Hooper, manager of the Marshall-Wells company. Mrs. Hooper, his wife. Mrs. Everett Case, wife of the manager of the West End branch of the Imperial Bank. Earl C. Meredith, superintendent of Marshall-Wells company. Mrs. Meredith. Mac MacCauley, mechanical operating boat.

THE HOSPITAL TANGLE IS ONLY PARTIALLY UNTANGLED; GOES OVER UNTIL MONDAY

Aldermen Who Contend That No Money is Available For Hospital Extensions Would Have Matters Put Off Until Action Can Be Validated by the Legislature

"No money can be got to build a hospital now," said Mayor Sinnott at the council meeting yesterday. "A hospital will have to be built, with or without money," declared Commissioner Samis. "We simply have to have it, for the protection of public health."

The hospital tangle was only partially unravelled at the special meeting of the city council, which was adjourned until Monday at 3 o'clock. One section of the council, of which Ald. Garden is the chief objector, contending that no money is available for hospital extensions this year, is urging that the bylaw be laid over until the proposed agreement between the General Hospital and the city can be validated by the legislature.

Nothing definite in this direction was done yesterday, but the council refused to accept one clause in the proposed agreement whereby the transfer of the joint hospitals to municipal control at the end of three years, was subject first to a two-thirds vote of the people, and second to a two-thirds vote of the board. The council passed a resolution to eliminate the latter condition, leaving the decision to the people only.

Ald. Garden asked to have the proposed agreement submitted to the people first, and the bylaw later on, but no decision was arrived at. Mayor Sinnott objected to a clause providing that the method of selection of the city's representatives on the joint board be left to the people to decide at a plebiscite. The mayor thought the council should appoint the city's representatives on the board.

Mr. Berkenshaw, who was present, pointed out that the board had not asked any favors of the city council in these negotiations, and the board felt that the citizens should be allowed to decide whether they wished their representatives to be elected; in the event of the decision favoring election, a number of men keenly interested in hospital matters would be eligible for office, as on the school board. The matter will come up again on Monday.

J. S. DENNIS FINDS CROPS IN A MOST HEALTHY STATE

Canadian Pacific Official Returns From Trip Through Northern Alberta and Saskatchewan and Reports Favorably On This Year's Grain

WILL OPEN LAND OFFICE IN NORTH BATTLEFORD

Company Will Develop Vast Holdings in Northern Country in Same Way As Near Calgary; Mixed Farming Advancing

J. S. DENNIS, assistant to the president of the C.P.R., accompanied by General Supt. of Lands Allan Cameron and Herbert Vanderhoof, editor of the Canada Weekly magazine, returned to the city last night after a five days' trip through Northern Alberta and Saskatchewan, during which the district surrounding Edmonton, Wilkie, Lepsic, Saskatoon, Warman and North Battleford were visited. When seen last night Mr. Dennis stated that the trip was one of inspection and that he found the general crop conditions first class. "Crops of all kinds," he said, "promise well, in growth at this time, but healthy and of good color. This is due to an abundance of moisture to date, and with warm and favorable growing weather from now on will yield bountiful returns. One noticeable feature all through the northern districts, both in crop and in the soil, is the general increase in the number of cattle and hogs that farmers have got upon their farms."

More Mixed Farming. "Going west from Wilkie on the Cut Knife branch, where the crops look in excellent condition, we passed through Saskatoon and via the C.N.R. to Warman and on to North Battleford, where we remained 24 hours at guests of the city and board of trade. It was much pleased with the development that we saw on all sides and heartily commended the propaganda of the North Battleford board of trade in building up the surrounding agricultural district with a good class of farmers, who will be assisted by the board in securing cattle and hogs; they expect, and I believe they are right, that in making their immediate surroundings prosperous, their city and citizens will benefit and that they will in this manner attract industries and general business."

Mr. Dennis announced to the board of trade at a banquet given in his honor, after a day's automobile trip of inspection into the district of Jack Pabst, that the company would in the near future open up a local land office at North Battleford and extend to the company's lands in that district the same active colonization campaign that they are now carrying on in Great Britain, the continent and the United States to settle the lands along their own main line, and that it did not matter that these lands lay along another railroad line.

Mr. Vanderhoof, who is well known to Canadians, and whose home is in Chicago, expressed himself as delighted with what he had seen and stated clearly that notwithstanding what Mr. Champ Clark proposes to do to stem the northward tide of immigration from across the border, it cannot be done.

DECEASED HUSBAND IS ALMOST MAD WITH TRAGIC GRIEF

Edmonton Man Whose Wife and Children Were Killed, is Almost Demented

Edmonton, June 26.—Robert McNeally, the husband of Mrs. Jane McNeally, who was killed and her three children injured, is today almost demented with grief. A tragic scene took place in the offices of the Canadian Pacific railway this morning when Mr. McNeally went to inquire if there was any further news. While talking to one of the clerks he broke out crying and became hysterical. He swore that the men in the office had killed his wife and tried to kill his children. McNeally weaved in such a manner that people thought he had become demented and there was considerable commotion. Eventually he was removed by the janitor and for his own safety was taken to the police station in the patrol, where he was kept for a few hours until he had got his feelings under control.

BRITISH SOLDIER SAYS HE KILLED LEON BERON

Confesses Murder For Which Stintie Morrison Is Serving Life Sentence

Kilgerton, Jamaica, June 25.—A British soldier in the parson at Port Royal has confessed that he committed a murder on Clapham Common, London, named Morrison, for which a man named Morrison is now serving a life sentence.

Stintie Morrison is serving a life sentence in an English jail for the murder of Leon Beron, a Frenchman, on Clapham Common on January 1, 1911. This murder was connected by some with the Houndsditch murders which led up to the famous "Battle of Sydney Street" less than a month previously. It was alleged that Beron gave information to the police which resulted in the death of two men in the Sydney street house when it was attacked by the police and soldiers and the house was set on fire. Beron was found dead on Clapham Common and Morrison was arrested shortly afterwards.

When Morrison was first arrested he gave the name of Morris Stein, but afterwards gave the name of Blithe Morrison. It was charged that he was seen in the company of Beron on the night of the murder. Beron was landlord of the houses in which the supposed Houndsditch murders lived. Morrison, who strongly denied that he had committed the murder, was found with a red mark on his forehead and death. When sentence was pronounced Morrison exclaimed: "Am innocent. Do not believe there is a God in heaven!"

The counsel appealed from the verdict, but was not successful. Later, however, the sentence was commuted to life imprisonment.

FAST GOING AT THE COAST

Vancouver, June 26.—The two new Princess ships ordered by the C.P.R. for the Gulf Ferry service are designed to travel the seventy-two miles between Vancouver and Victoria in three and a half hours from what to what cutting nearly an hour off the present schedule.

THE CAYUGA INDIAN CHIEF

Whose people have been awarded one million dollars damages, being principal and interest on lands ceded by the Americans at the time of the revolution. Most of the Cayugas are now living in Canada, but it is not known how the million dollars will be distributed.

NOTABLE ENGLISH DIVINE WILL VISIT PEACE RIVER

Winnipeg, June 26.—Rev. Rathbone Hartley, canon of Manchester and rector of Heywood, England, is in Winnipeg in connection with the work of the Archbishop's Mission.

Canon Hartley will go to Regina on Saturday from there to Lethbridge, and will attend the Alberta synod at Calgary July 15 and 16. Before returning to England he will traverse the Peace River country.

Traffic Brings Cannots. New York, June 25.—Sir Robert Robertson, head of a linen manufacturing establishment and vice-chairman of the Carnegie Trust for Great Britain and Ireland, visited this week by the Anchor liner Comorona to promote the selling of Scotch mackintosh in the United States. He said he intended to establish centres of distribution here on a large scale, eliminating the middleman or linen commission merchant.

In view of the reduction of duty on mackintosh, Sir Robert said he believed he would sell a good quality of linen here at a price which the price charged for it in England. He remarked that the Scotch were catching on to the Irish in the manufacture of linen.

PHOTOGRAPHY

Aviator Killed. Chateau-sur-Mer, France, June 25.—The French aviator, Maurice Le Prieux, while testing a monoplane, fell from a height of 350 feet this evening and was killed. The plane had been accustomed to a biplane and the new machine was not handled.

INDIAN WOMAN IS CLAIMANT OF \$250,000 LEFT BY JOHN ENOS, OF SPokane

Woman, Many Times Married, Contends That She Is the Legal Wife of Celebrated "Portuguese Joe"; Indians Tell of Tribal Customs

SPOKANE, July 25.—On the witness stand yesterday in Judge J. Stanley Webster's court Kempton Sycis, a San Polo squaw, who claims to be the legal widow of Portuguese Joe, declared that she was married to him, although others who followed told of her tribal matrimonial ventures including marriages to "Charlie," "Bill," "Bob," Chief Skolaskin and others.

Susanne Enos, known among the Indians as Kempton Sycis, is suing to obtain a share of the \$250,000 fortune left by Portuguese Joe (John Enos), declaring that he was her legal husband and that she lost her heart to him and to no other.

Even old Chief Skolaskin was face to face with the witness yesterday when she testified that she was never married to him. She was asked to sign a document in which she testified that she was never married to him.

Other witnesses, however, including Mrs. Coffman, an Indian, married to a white man, testified that Susanne was wedded to the crippled chief.

"Skolaskin was a cripple and could not work so we were married," said the witness. "I was married to him when he was a young man and he was a cripple."

"Anything that she demanded I tried to give him. He asked a wife and Susane was given to him."

"I am an old woman and I will not tell what is not true. He then had just one wife," she replied, "and that was Susanne."

Attorney Cannon then asked if it was true that Skolaskin told her he was a spirit and ordered them to build an ark in which they might go to heaven.

"She said that it would be quite embarrassing for her to tell how many husbands she had," she says, "but she thought she would not be obliged to tell that."

"Gives Husbands in Order." The next witness, Mrs. Jack Whitlock, an Indian, began by telling about the men Susanne had in her order. According to her declaration Susanne began marrying young men and was wedded to five of them.

"What would you say about the reputation of Susanne?" asked Attorney Cannon. "She was a good woman," she replied.

"She says that she does not like to say anything bad about any one. She says that all she can say is that Susanne lived to have a good time and was the wife of the interpreter."

Mrs. Whitlock then said that Susanne married Skolaskin, and that she was his wife.

"I am an old woman and I will not tell what is not true. He then had just one wife," she replied, "and that was Susanne."

Attorney Cannon then asked if it was true that Skolaskin told her he was a spirit and ordered them to build an ark in which they might go to heaven.

Attorney Cannon then asked if it was true that Skolaskin told her he was a spirit and ordered them to build an ark in which they might go to heaven.

remembered that they went to her mother's tepee to spend the night. Mr. Jaffrey and Harry Covington testified that they had known Susanne while wedded to the old chief. Afterward the estate introduced records showing that Susanne had attempted to get possession of the estate of Bob Tweskin, one of her former husbands, in Okanogan county.

Portuguese Joe was a pioneer of the Big Bend country and died in 1811 in the Azores Islands. He had married an Azorean woman prior to his death, who was made the main beneficiary in the will, sums being left to the immediate relatives and charitable institutions including \$5,000 to the Spokane Y. M. C. A.

"The will was claimed by the brothers and sisters who contested the widow had used duress to gain the signature of the testator," Judge H. L. Keen held that the will should be admitted to probate. After the dispositive and charitable institutions including \$5,000 to the Spokane Y. M. C. A.

MINERVA COVERDALE, THE DANGER WITH HITCHCOCK

Charming and bewitching Minerva Coverdale has only recently graduated out of her teens. She will appear here with Raymond Hitchcock in the musical play "The Red Widow" which will be the attraction at the Sherman Grand for the first three days of the Fair, with two special matinees Tuesday and Wednesday. She will appear as Yvette, the music-hall dancer. When dancing, Minerva is dressed to a sun-beam spritz as she responds to the swaying metric melody of the music. She has an endowment of beauty and litheness exceptional in dancers, whose muscular development almost invariably distorts the lines of the figure. Her escape to this fate is to be credited to her instinct of rhythm and natural grace, which makes the exhausting drill all dancers must undergo practically effortless for her.

London, June 25.—"Old Colarossi," whose retirement is lamented by sculptors, is one of the world's famous models. "Now that he is gone it is difficult to get a man with beautiful bone," complained an authority recently quoted by Mr. Evans Shaw. Last week a newspaper man saw "Old Colarossi" at Fetham, Middlesex. There was not much in this little man of 75, broken with ill-health, to suggest the dashing original of numberless manly studies that are scattered with famous names attached up and down the world. Yet only a few years ago Colarossi was posing for the bar-relief pictures on the Victoria Memorial.

It was while he was engaged on this very work that he was stricken with the illness from which he is now suffering. He has been very ill, and the strain of bringing up a big family has left him a poor man in his enforced retirement.

Colarossi speaks well of artists and their generosity as a class. "They have been very good to me," he says, "but the strain of bringing up a big family has left him a poor man in his enforced retirement."

COLAROSSO, THE NOTED MODEL, RETIRES

Has Posed For All the Great Modern British Pictures and Statuary

London, June 25.—"Old Colarossi," whose retirement is lamented by sculptors, is one of the world's famous models. "Now that he is gone it is difficult to get a man with beautiful bone," complained an authority recently quoted by Mr. Evans Shaw. Last week a newspaper man saw "Old Colarossi" at Fetham, Middlesex. There was not much in this little man of 75, broken with ill-health, to suggest the dashing original of numberless manly studies that are scattered with famous names attached up and down the world. Yet only a few years ago Colarossi was posing for the bar-relief pictures on the Victoria Memorial.

WESTERN CANDIDATES PASS MUSICAL EXAMINATION

Toronto, June 25.—The following western candidates have been successful in passing the examinations in music at the University of Toronto. The candidates are ranged in order of merit in the various centers, 50 per cent being required for pass standing, 70 per cent for second-class honors, and 80 per cent for first-class honors.

Junior theory—Pass 1, Miss C. Baren. Intermediate theory—Pass 1, Miss P. Lehman. Edmonton. Junior theory, Class I—1, Miss G. A. Given; 2, Miss P. P. South; Pass 1, Miss E. M. Bladell. Intermediate theory—Pass 1, Miss J. Moore; 2, Miss M. E. Neff. Preliminary piano, Class II—1, Miss V. Walker; 2, Miss J. E. Moyer; Pass, Miss G. A. Given; 3, Miss M. Thompson; 4, Miss L. H. Leander; 5, Miss M. A. Parkhill; 6, Miss G. F. Davie. Primary piano, Class II—1, Miss N. D. Bliss; 2, Miss L. Meyers; 3, Miss M. J. Wilson; Pass, Miss E. Brown; 4, Miss C. D. Inker; and Miss B. E. Smith. Primary violin, Class II—1, H. Garovich. Junior violin, Class II—1, Miss H. B. Hunt.

Russia Threatens China. Peking, June 25.—Russia has sent a note to China threatening her with serious consequences if she fails to give immediate satisfaction for the recent beating and imprisonment of some Russian and for violating extra-territorial privileges.

Angelo Colarossi is the son of an Italian farmer. When he was a lad a friend told him of the money to be earned by posing for the English artists in Rome. He became a favorite with Mr. (later Lord) Leighton and others, and when he came to London he rapidly established a clientele. "I sat for all these bar-relief figures on the Albert Memorial," he told our representative. "I sat for the drapery in the Prince Albert statue, too. It is my figure that you see in some of the big pictures by Watts, and I am the Red Indian in the Brock group in the Tate gallery. You will find my figure over and over again in the Leighton frescoes in Kensington Museum. I've been St. George fighting the dragon a number of times—twice for Sir Edward Poynter, and thirty years ago I was the St. Stephen in Sir Edwin's picture. My little son, too, was the figure of 'When the Sea Gives up its Dead'."

Leighton's striking canvas, "When the Sea Gives up its Dead." And, by way of contrast, it may be mentioned that "old Colarossi" sometimes left the heroic pose and became bibulous old men and other figures of comic indignity for the benefit of Phil May. Colarossi speaks well of artists and their generosity as a class. "They have been very good to me," he says, "but the strain of bringing up a big family has left him a poor man in his enforced retirement."

WOMAN EXPLORER OFF INTO LANDS YET UNVISITED

Miss Mary L. Jobe, of New York Normal College, Will Explore Southeastern Alaska

New York, June 25.—Into practically unexplored regions of northern British Columbia and southeastern Alaska, where, as yet unvisited Indian tribes have never seen the face of a white woman, Miss Mary L. Jobe, professor of history in the normal college in this city, will start a week's excursion from Prince Rupert, B. C., accompanied only by two Indian guides. Miss Jobe, who is a veteran of several expeditions into the Selkirk mountains and who was one of the two women who, with Prof. Henschel Parker, were the first to set foot on Mount Sanford, the highest mountain of the Selkirk range, announced her plans. She will start west today.

The young woman said the purpose of her expedition was largely ethnological, that she intended to make a study of the traditions, habits, ceremonies and language of the Athabascans, who are the Indians along the Skeena and Peace rivers. The only knowledge of the tribes that has been obtained has been through the side trips to Indian villages on the Pacific coast. She will then return to Prince Rupert and make a trip northward into the practically unexplored mountainous country of southeastern Alaska. Miss Jobe's outfit will be worked by men, knickerbockers, puttees and boots.

JOHN DICKINSON IS NEW LONDON MAGISTRATE

London, June 25.—It is officially announced that the Home Secretary has appointed Mr. John Dickinson to be Chief Magistrate for the Police Courts of the Metropolis, in place of the late Sir Henry Curtis Bennett, the circumstances of whose tragic and sudden death are fresh in the public memory. Mr. Dickinson is a well-known magistrate. He was born in Liverpool in 1871. His chief recreation is in supplying a healthy discipline of youth. "A great deal of crime is due to an utter lack of discipline in English life," he once said. "So many of our youths grow into slovenly men, with slovenly minds. Other things in which he believes with enthusiasm are the great reforming influence of the Probation of Offenders Act, the humanity of the police and the effectiveness of corporal punishment for certain classes of criminals."

Priest Gets Boxing License. New York, June 25.—The Rev. Father M. P. Heffernan, rector of the Catholic church of Sayville, L. I., was granted an amateur license by the state boxing commission yesterday to conduct the Sayville A. C. and hold boxing matches under his auspices. Father Heffernan will open the club to young men of all religious denominations, and the enterprise has the support, it is said, of clergymen of the other denominations in the town.

HAS PRESIDENT GRAY HAD A MENTAL LAPSE?

Regina Paper Reminds Him of Understanding at Recent Meeting

Apropos of the statements made in the Edmonton papers and blindly followed by two local sheets, that the league race is not to start anew, is the following from the Regina Province which is self explanatory: "It now appears that President Gray has made the statement that the league does not start as though no original schedule will be followed out with the league standing the same as it was before the meeting. The president's statement, that the meeting was held before did not settle everything in connection with this question, and the details being left until a meeting which is to be held at Medicine Hat on July 1st, is clearly an understanding of the meeting that the league was to be continued as though no meeting had been held on an equal standing, and it was on this understanding that Gray consented to allow the Saskatoon players who had been suspended to get back into the game. "It is most likely that when President Gray made the statement following the former schedule and standing that he meant that it was to be understood temporarily, that is, until after the meeting on July 1st, when all the details including this question, and the players and salary limit, are to be settled for all time. It is almost certain, however, that after that meeting the standing of the teams will be re-considered according to the wins and losses dating from Monday, June 23, as that was one of the principal matters of discussion at the meeting.

Quakers and Bronks Will Play Double-header Today

YOU'VE GOT TO QUIT A-KICKIN' OUR DAVIE AROUND, AROUND

Pop Davidson, one time of Medicine Hat, another time of Calgary, yet again of Regina, and more recently of Baker City, Washington, returns to Calgary yesterday. The movements of Pop are as mysterious as they are sudden, but it rumormongers that Pop is here this time to be the champion hard luck baseball player in captivity. He didn't make it stick this year when he started with Regina and was one of the first to get the axe when Boss Hulet started to cut down. He then went to Baker City, Washington, and was getting along nicely when two clubs in the league decided to drop out, and of course Dave happened to be playing on one of those teams. "Davie is one of the most popular ball players who ever played in the Western Canada League and although his days of usefulness as far as actual playing appear to be about finished, yet Dave will always be welcome where a bunch of fans assemble. "Dave says he is going to quit roaming around now and is going to settle down in Calgary for good and then he will be a best not to discuss affairs of the heart on this page.

SOME GAME THIS, EH?

AUTO-POLO, A SPORT DESCRIBED IN AMERICA AS COMBINING THE RISKS OF A BULL-FIGHT, A RUGBY GAME AND A RIDE IN AN AEROPLANE. It is played with an air-filled ball about the size of a basketball. The machines used are racing cars, stripped to the chassis, and the occupants of each car consist of the driver of the car and the mallet-man or jockey. The first exhibition of this new "thriller" will be held at the Toronto Exhibition grounds under the auspices of the Ontario Motor League.

JACK JOHNSON SHOWS UP SUDDENLY IN MONTREAL

Says That He Is In Canada on His Way to St. Petersburg to Meet Sam Langford and Gunboat Smith in the Prize Ring

HIS DEPARTURE FROM CHICAGO CAUSES SURPRISE

He Is Under Bond For \$15,000 To Appear For Trial There In November; Will Sail on Tuesday Next, But Will Return in Time For Appeal

Montreal, June 26.—That Jack Johnson, the negro pugilist, is in this city and will make a determined effort tonight or tomorrow night to board a steamer bound for Europe, is the positive declaration of persons who claim to have talked with him here today. Johnson is said to have taken a taxi shortly after noon and headed for the open country. The police and immigration authorities have no information about him. The steamer Tunisian clears for Liverpool at daybreak.

REDMOND ANXIOUS TO SWAP A TWIRLER OR SO FOR BILL O'BRIEN

That Manager Redmond, who has just taken hold of the Edmonton baseball club, following the resignation of Ray Whisman, means business, is evident from the telegram which San Francisco, president of the local club, received yesterday, "in which Redmond was given the choice of either Dickenson or Heinke in exchange for O'Brien, the Broncho third sacker. President Savage answered that there was nothing doing, nor would that Johnson would be offered for the peppy third sacker, together with numerous other players that compose the Edmonton team.

CALGARY MAN WON SUIT OVER PORT MANN LOTS

Vancouver Firm Failed to Make Good, and Lachmund Got Money Back

Vancouver, June 26.—An important judgment concerning the disposition of Port Mann property was handed down today by Mr. Justice Clement in the case of Otto Lachmund, Calgary, against Alexander Selkirk of this city. This suit, which was brought against Alexander for four others, the Lachmunds found for the plaintiff and ordered that Selkirk should purchase the property, but that the purchase must be cancelled, also that Selkirk get their costs of the action except in respect of matters on which they failed to make good.

NEED LIFE INSURANCE TO PLAY IN EDMONTON

Five Men Wounded in Eskimo-Miller Game; Moose Jaw Won 11 to 7

Edmonton, June 26.—Tonight's game which Moose Jaw won, 11 to 7 was a record for the Eskimo-Miller game. The game was played on account of a double and scored four runs. Moose Jaw pitched ball and was carried from the hit was "beaten" by the Eskimo. The Eskimo pitched ball and was carried from the hit was "beaten" by the Eskimo. The Eskimo pitched ball and was carried from the hit was "beaten" by the Eskimo.

CALGARY HORSE WON EVENT AT WINNIPEG RACES

Some Good Going in All the Events in the Manitoba Capital

Winnipeg, June 26.—Four favorites and the second choice secured their places in the five events staged at the 2:30 afternoon meeting. The first race was the opening day of the Fort Garry Turf Club's three days' meet, and a double was the winner, but little trouble, and made the running at the way. The first race of the day was the 2:30 afternoon meeting. WEATHER STOPS PLAY IN GOLF TOURNAMENT

Start of Program Has Been Postponed Until Saturday; Schedule of Events

The annual summer tournament of the Calgary Golf Club and Country Club which was to start yesterday was postponed because of the unfavorable weather. The first events will be held on Saturday. The schedule of events is as follows: June 28-30 to 11:30 a. m. Ladies' championship, 9 holes. June 28-30 to 1:30 p. m. Men's championship, 18 holes.

RAIN PUTS DAMPER ON SPORTS AT THE CAMP

Ladies' Day Postponed; the Grounds Too Wet to Allow Anything But Drills

Rain again put a damper on the movement of the troops at the camp of the 13th Military District at Hesevoort park. As a result of the downpour the grounds were too damp to allow the holding of the military sports, and the ladies' day was postponed. The first events will be held on Saturday.

THE QUAKERS AND BRONKS WATCHED THE RAIN FALL

Scheduled Meeting Between the Teams Postponed; Two Games Are Due Today

Bill Hurley's Saskatoon-Quakers had a pleasant time yesterday and so did the Bronks. The former spent their time gazing out of the hotel windows discussing the amount of rain which fell during the day, and the latter the fan playing whilst and speculating on the length of time it would be before Sam Savage got the new baseball plant in working order. Needless to say the scheduled contest between these two teams was not played. However, with the consent of the weather man there will be two games today, the matinee affair starting at 2:30 and the evening one at 6:30.

CANADIAN BOWLERS WON GAME

London, June 26.—The Canadian bowling team beat Newport South Wales today by nine wickets, the scores being: Kenton, 21; France, 15; 17; Partell, 15; Tom Reamie, 15; Winfield, 40; Chapman, 21; Parry, 18.

He Was Helpless

THREE MILES A MINUTE!

How You Can Do It Yourself

THREE miles a minute! That's our idea of being in a hurry. It's also Louis Disbrow's idea of what he expects to do. He's not joking. He's serious. He's a puncture. Louis Disbrow, the speed king of 1912, not only believes it can be done, but he's done it. He's done it many times. He's done it in many places. He's done it in many ways. He's done it in many colors. He's done it in many sizes. He's done it in many shapes. He's done it in many forms. He's done it in many manners. He's done it in many modes. He's done it in many methods. He's done it in many means. He's done it in many measures. He's done it in many measures. He's done it in many measures.

THE HUMAN BAKE OVEN'S WONDERFUL RESULTS

Another instance of the wonderful cures effected in the Human Bake Oven is that of Mr. George B. Wallis, of Langdon, Alta.

Mr. Wallis, according to his own statement, suffered with a lame back for a period of over 15 years, and at last decided to try the Human Bake Oven, of which he had heard so much. He had heard so much of the wonderful cures effected in the Human Bake Oven, and he had heard so much of the wonderful cures effected in the Human Bake Oven, and he had heard so much of the wonderful cures effected in the Human Bake Oven.

RICH MAN MUST PAY FOR ARMAMENTS IN GERMANY

Berlin, June 26.—The imperial parliament read a second time today the German military contribution bill, whose purpose is to meet the non-recurring cost of \$250,000,000 in connection with the increase of the German army. The measure has been changed greatly from the original bill proposed by the government. The original measure contemplated a levy on owners of property valued at over \$2,500, with an incidental tax on big incomes. It now hits all persons having incomes of \$125.00 and upwards on a graduated scale from one to eight per cent.

Investigate McCarty's Estate.

Springfield, Ohio, June 26.—Probate Judge Lydy yesterday refused to approve the inventory of the Luther McCarty estate because it listed his proceeds of the fatal fight at Calgary as \$15,000. He said he would investigate into the matter. The gate receipts at the fight were several thousand dollars and McCarty was to get 50 per cent. The statement accompanying the inventory declared that William McCarty, the late pugilist manager, paid out of the fight the balance of Mrs. McCarty's estate. He was to stand in his way when it came to entering the ring. Because he would not go to a bar room and buy drinks for a crowd of hangers-on all night.

Entertain New U. S. Envoy.

London, June 26.—The American Luncheon club gave a special luncheon for Ambassador W. H. Page at the Savoy hotel today. All of the leading Americans in London were present.

When you've got to "figure something out"

FEW days pass without some moment when you can't back in your chair, look out of the window and try to detach your mind from the detail on your desk—so that you may "figure out" the proposition of greater importance that demands attention. It is at such times that you will find a certain aid to clearer thinking and cooler judgment in your box of

Webster's Clear Havanas

Light one, and the mild fragrance of the smoke, reminiscent of Cuba's tropic calm, soon soothes out the "furred bow of petty care," and your mind is fresh and free to figure out your bigger question.

Bat Nelson Retired After Eighteen Strenuous Years

Dane Finally Decides to Quit Game--Pugilistic Marvel of the Age

By NATE LEWIS, Manager of Charley White and Famous Chicago Boxing Exposition

Chicago, Ill., June 27.—Batting Nelson has quit the ring. Stopped after almost eighteen years of the hardest toll ever known by any fighter, and put away the old road hat of fame all over the continent.

Many fighters have quit the game, but none under the honors which are rightfully Nelson's. Here is the one fighter who has won a world title, who has never been accused of a shade deal, either in private or public life, and the one man on whom the public could always depend to fight to the last ditch under the most adverse circumstances.

Nature did not endow the Hegevech Dane with the physique of a fighter. Instead, he was built for a distance runner, an Adonis or Apollo in the miniature. Perfectly proportioned, he lacked the square jaw, the bushy shoulders, the brawny arms we usually associate with the men of the ring.

Man With Big Heart.

But if nature was a lagger in dealing out big shoulders and arms to Scuffling Nelson, she more than made good the oversight by giving the Dane the greatest heart known to ring history. Added to that he had a most fatalistic such as no fighter ever possessed before, and such as no other man will ever possess in the future.

His was the "Never-Say-Die" of the fighting man. The low-headed Dane never knew when he was kicked. He met hundreds of men who chopped his features to pieces when they showed their lightning fists and dashing blows on his face. But through the blood and the scars and sweat the grinning features of the Dane could always be seen, as he rushed forward, shaking off the cruellest blows, and forcing his opponent to concede and down to defeat before the battlers were over.

He won his title from the cleverest lightweight that ever lived. He lost it standing on his feet, and he was back on both hands, doing the aggressive work, and to all intents and purposes, just as full of the fighting spirit as when he first started his long career.

Never Side-stepped Match.

The Dane never side-stepped a match. Just show him a man who could match him in 133 pounds ring weight, hang up a reasonable purse and Old Hegevech was in the ring grinning his defiance. He waded through the greatest bunch of lightweights ever produced in any one decade. For 8 years he fought until he reached the point of meeting the champions. Then he was forced to wade through the ranks of the most wonderful bunch of 133 pounders in all time, and then he was finally robbed of his title when he was still forcing the fighting. When Referee Smith stopped the Nelson-Wolgan fight, Bat left on appearances, not on condition. He was ready to continue another 40 rounds. Only the blood on his face caused him to lose the world's championship.

Pugilistic Marvel of Age.

His first tough opponent was George Manno, who had just out-punched Young Corbett. Then, in rapid succession, came the string of knock-outs that stamped Nelson as the toughest pugilistic marvel of the age. Al Simms, Spider Welch, Martin Canole, Eddie Lanning, Jimmy Britt, Aurelio Herrera, Joe Gans, Rudy Umholtz, Jack Clifford, Young Corbett, Kid Sullivan, and many others were his victims before the low-headed wonder from Springfield, Ohio, lowered their opponents' return match. He drove hard financial bargains but he always fought on appearances, not on condition. He would stand in his way when it came to entering the ring. Because he would not go to a bar room and buy drinks for a crowd of hangers-on all night.

BAT NELSON

he was known as penurious—but those who know Nelson intimately know that today there are thousands of dollars owed him from loans made friends in need.

Retires Now to Quiet.

Now he has retired. The ring never saw his equal before—it never will again. Nature built the biggest heart in history and shaped Batting Nelson around it. One hundred and thirty-three pounds of flesh—and more than half of it was heart.

The writer has known Bat for many years. In all my career, I have never known his equal; he is the cleanest man, morally, financially and mentally in America. If persons and priests who condemn the fact that boxing is permitted "on this continent could fashion themselves in the mold which has shaped Batting Nelson's life they might hold their heads higher than they do today. He leaves his profession untroubled. He owes no man a dollar on earth. No accusation of any kind can be made against him. Perfect in life, perfect in the ring, perfect in his domestic and home affairs, this little Danish immigrant boy today stands out as the very highest type of the North American citizen.

I am proud to call him friend.

CARPENTIER WILL MEET BOMBARDIER WELLS AGAIN

London, June 26.—Georges Carpentier, who vanquished Bombardier Wells at Ghent two weeks ago, was one of the stars in "Come Over Here," at the London Opera House the other night. Heralded as the champion of Europe, he was led on in a dressing gown. He got a great sporting reception, for which he was thankful "from the bottom of his heart."

When the tumult and the shouting died Bombardier Wells sprang up, seemingly from nowhere, on to the stage, grabbed Carpentier's hand, shook it, and then faced the audience. Wells was in evening dress—a tall, handsome figure of a man, towering above the rest of the company.

Wells, in a trembling voice, announced that his friends believed he was capable of turning the tables on Carpentier if they met again, and he was prepared to put up \$100,000, therefore he challenged Carpentier to another match.

The chorus danced themselves into a ring, and Carpentier and his sparring partner entered it, for three bright and brief rounds and a knock-out to the sparring partner. Then everybody on the stage danced, including Carpentier, his knock-out partner, the referee and the chorus till the curtain fell.

ST. JOHN'S CRICKETERS DEFEAT PRYCE JONES

Big Store Team Made Better Showing Than on Previous Meeting; Heavy Batting

Wednesday afternoon St. John's and Pryce Jones met on the Canada College grounds for the second time this season and the former team again finished winners, but this time by not such a large margin as on the first occasion.

Pryce Jones batted first and with the assistance of Walker, a St. John's man, put up the respectable score of 18 runs for seven wickets before they declared. Walker and MacKenna did some of the top work.

St. John's went in with just one hour and twenty minutes to bat and the task of getting 144 runs in this time appeared practically impossible. Thanks to some good cricket by Day and some hard hitting by Redgrove, however, they piled up 172 runs with only three wickets down when time was called.

The following is the full score:

Pryce Jones	10
Orton, c R. Parker, b Lambert	10
Gush, c R. Parker, b Phillips	9
MacKenna, ssp Day, b R. Parker	9
Walker, c Jones, b Phillips	61
M. Davies, c Timms, b Jones	61
H. Lambert, not out	18
Rewan, b Jones	18
MacKie, b R. Parker	0
Extras	18
Total for 7 wickets	153
St. John's	153
Day, c Jones, b Phillips	42
Jones, c Parker, b Walker	42
Redgrove, c MacKenna, b Lambert	21
Timms, not out	21
Extras	28
Total for 2 wickets	134
Tulloch, Johnson, Phillips, Lambert, R. Parker and G. Parker did not bat.	

SOX LAND "SILK" KAVANAGH.

Release of Chicago Federal League Team's Outfielder Purchased from Green Bay Club.

Chicago, June 26.—"Silk" Kavanagh, the Chicago Federal League outfielder, became a member of the White Sox team through a deal with the Green Bay club of the Wisconsin-Illinois league yesterday. The purchase was arranged over the long distance telephone through Secretary Grabiner, who is said to have given \$2,600 for the player. President Frank E. Murphy of the Redger club accepted the offer immediately, although it is known both the St. Louis National League and Cleveland Americans were after the player. Kavanagh has been playing remarkably well with the local Red Sox, batting .375 over the 300 mark and fielding in real major league style. He is a speedy man on the base. Catcher Sullivan, acting as scout, saw the player in action once or twice and recommended him to Manager Callahan.

Denver's Big Turnout.

Denver, Colo., June 26.—Athletes representing turn Verdes all over the country are holding a meeting in the national turnfest which began today. It requires an athlete of much more than usual merit to make a place at these turnfests, because no one is allowed to participate in any one department. Each contestant must enter all the games and must compete. The prizes for which athletes compete are simply a floral wreath and a diploma. The events include all branches of athletics. Syracuse, N.Y., is a bidding for the next turnfest.

Rioted Men of W. Va. Dead.

Wheeling, W. Va., June 26.—J. N. Vance, millionaire and wealthy man in West Virginia, dropped dead this morning.

LITTLE STORIES ABOUT BASEBALL

(By W. A. PHELON)

THE FATAL BLOW

"Way back in 1904," says one of the old Boston cheerleaders, "our team was just coming through with the championship, and naturally all Boston was bubbling over with delight. There were celebrations on every hand and over the most important of athletes would have had an awful time to keep away from the good things that were being forced upon us. Of course, some of the boys refused to be tempted—some of them they did—but a few of the starkest veterans, as well as the young recruits, wavered, and

"One afternoon, just before one of the final games, a squad of the players gathered in the dressing room, and got busy with the generous contribution of a Boston sportswoman. Some lunch, believe me, and some drinks. Everybody gorged gayly, and the Fred Parent, happening to look out of the window, saw the crowd pouring into the clubhouse. The poor devil had had team practicing industriously. Parent also saw an ominous spectacle in the immediate foreground—Jimmy Collins, the manager, approaching at a full gallop to fill out what he deemed his quart battle in his shirt, and when the martyr fell he sat down on a flask of Canadian whisky as his pistol 'import' and all doing our best to stand steady on our pins. There was very little time left for practice and we took things extremely easy until the song called for the beginning of the fray.

"Somebody or other, we got past the first half without any errors or fouls, and we went up to bat and a couple of pop flies were followed by a pasha, a lucky single, and a fumble. With the sacks full, Home Ferris, the valiant second baseman of the old team, ambled to the plate. Somehow or other, as he went up, Home didn't look familiar. He seemed all out of condition. He was awfully fat, positively bulging, and I remember remarking to myself that I couldn't see how an athlete could take on so much flesh in a few days.

"Home swung at the first pitch, and as he swung a little green bottle, no bigger than a pear, hopped from his sleeve and rolled almost to the pitcher. It was a bottle of cream soda, and I could see Collins turn bright red as he looked over at it, while poor Home was white and blue. The pitcher sat in another one, hissing hot. Home tried to dodge, but was sadly slow. The ball struck him full in the chest with a dreadful crash, and poor Home fell heavily in a sitting position. As he fell, we all heard another crash, and every strong athlete there turned into bisulphide. The poor devil had had all his ribs crushed by the pitched ball, and had completed his spine when he fell. Yes, he had—had a pig's spine. The ball had crashed into a quart bottle of champagne which Home had hidden in his shirt, and when the martyr fell he sat down on a flask of Canadian whisky as his pistol 'import' and all doing our best to stand steady on our pins. There was very little time left for practice and we took things extremely easy until the song called for the beginning of the fray.

"Somebody or other, we got past the first half without any errors or fouls, and we went up to bat and a couple of pop flies were followed by

Sport Facts and Fancies

By Joe Price.

The Edmonton papers and a couple of local sheets insist upon publishing the results of the horse races just as though nothing had happened, and one of the Edmonton papers takes for granted that the horse races are published by President Savage, with the beginning since a Monday, June 23. According to the reports which were published in the Moose Jaw Herald, it is his statement, although it appears that Frank Gray has not yet returned to the Edmonton scribbles that the pennant chase was being started all over again.

The Edmonton Journal, the self-appointed high priest of Western Canada, should know better, but nevertheless, the Albertan will continue to publish the league standings with the new race which started June 23. The meeting of the moguls in Medicine Hat next week will show who is right.

Ray Whisman, erstwhile manager of the Edmonton Eskimos, appears to be a drug on the market. Since he has been canned by the Eskimos, he has been called by the Edmonton moguls to shove him on to some other team. The Edmonton Eskimos have been unsuccessful. Last week he came from Edmonton wanting to know if Calgary or Regina had accepted the offer of the Edmonton Eskimos to trade or sell Whisman. In answer, the sad tale had to be unfolded that the Eskimos would be back, how the mighty have fallen!

The Cochrane races, one of the most venerable institutions in the west, were cancelled because of rain, but the information is made public this morning that they will be held on the 29th. For the benefit of the tenderfoot it might be well to tell a little about this race. It was just before Calgary was a city, the Cochrane races were held. Once every year the ranchmen of Southern Alberta would gather at Cochrane with their fastest cayuses and decide upon the turf their superiority. Sometimes the differences were not totally settled upon the day of the race, but the winners were carried to settle the fine points of the agreement. Usually the undertaker had a job or so on his hands for the next day—at least, it was not unusual.

But as the West grew and thoroughbred from all parts of the world followed the immigrants, the Cochrane races diminished in importance; the grandeur has faded. Last year the races were cancelled because of rain. The races provided was a train wreck of excursionists from Calgary, at which 200 men were injured. This was very tame in comparison to the Cochrane races of the old days, but it was just interesting enough to prove that the Cochrane races were still able to provide sorrow, rain or shine, say the boosters. The race will be held, if no other are worth attending, if for no other reason.

JUST ONE MAN DEFENDS HORNE PAYNE, KNOCKER OF CANADIAN FINANCE

Montreal, June 26.—"I am quite certain that Horne Payne has been unfairly misrepresented, and that he had no intention of depreciating Canadian securities in general, or those of our western municipalities."

This is the view of J. J. Carrick, of the Montreal Star, who is the only member of the federal house of commons for the constituency of Thunder Bay, which includes four provincial ridings.

Mr. Carrick returned home yesterday from a visit of several months in England.

"I know Mr. Payne personally," continued Mr. Carrick. "His services have been called across the Atlantic in part only, and the reports appearing in Canada are entirely misleading. Mr. Horne Payne not only has no desire to depreciate Canadian issues, but it would be entirely against his own interests to do so, and would be prejudicial to the British Empire Trust, in which he is the most prominent figure. He is one of the most important factors in the financial circles of London."

Mr. Carrick stated that a combination of circumstances was making it harder for Canada to find money in the international money market, and the general tightness were the most important of these.

Polinares Speaks for Peace.

London, June 26.—"Today the friendship between the two nations, if possible, strengthened and established between Great Britain and the United States, and the cooperation between them which does not exclude the co-operation of any other power but which tends on the contrary, to the maintenance of European peace and establishment of a permanent international confidence and common good will."

This was the keynote of an eloquent speech which President Polinares delivered at a luncheon in his honor in the Guildhall yesterday. It is further emphasized in a stirring message President Polinares has given to the British nation. The president's visit to the city was a triumph. He received a rapturous welcome. The luncheon was in every respect, from the hands of the very best caterers, and even the chefs coming from across the Channel.

Everybody is building Concrete Roads

CONCRETE roads have literally taken Canada by storm. From Halifax to Vancouver, road commissions, town and county engineers, town councils and good roads associations, have been quick to discover the remarkable advantages of the concrete pavement. Its use, either for country highways, or for city streets, is so clearly the best solution of the good roads problem, that there has been little of the delay which usually accompanies the introduction of a comparatively new method.

Experiences such as the one which Mr. Hines reports are responsible for this rapid growth in popularity:—

An Authority's Statement

Extract from paper recently presented by Edward H. Hines, Chairman of the Board of County Road Commissioners, Wayne County, Mich., before the National Association of Cement Users, at Pittsburgh, Pa.

"It is a sad commentary on the conduct of an undertaking of any magnitude, that individuals, municipalities, states or nations, all seem to find it necessary to do a certain amount of experimenting and dilly-dallying before accepting the conclusions and avoiding the failures of previous demonstrations. This is particularly true of the various phases of the good roads movement.

"The initial cost of a good concrete road is little, if any, greater than that of a first-class bituminous road. One of the greatest fallacies indulged in by communities starting to improve their highways is that cheapness in cost of original construction of roads means economy and that the highway official who can build the greatest area of roads at the least outlay per square yard is working for the community's best interest.

"On one of the main highways out of Detroit, Grand River road, the first two miles is tar macadam. If someone had offered to build this road absolutely without one penny's cost to Wayne County, stipulating only that we should maintain it in a fairly average condition, at the end of eight years we would have been money ahead by locating the offer and building it of concrete under our present specifications. Of course, six years ago, when we built this road, we did not possess this knowledge, but our experience was one of the reasons for abandoning the construction of this type of road and turning to concrete. When it comes to annual cost, the concrete road stands pre-eminent. With more than 60 miles of concrete road in Wayne County, some of it in its fourth year, we have spent less than \$300 on its surface for maintenance and this is what makes this type of road the cheapest of all roads."

Good Roads Lectures

Our Good Roads Lectures, illustrated with lantern slides showing photographs of roads of all kinds, and delivered by members of our own staff of road experts, will be given free of charge to town councils, road commissions, good roads associations, or any other organizations interested in better roads. If you are interested, and think your community would welcome a lecture engagement, write for full information and Good Roads literature to

MAGRATH OF MEDICINE HAT TO HEAD ROAD COMMISSION.

W. A. McLeish, chief engineer of the highways branch of the department of public works, and who is at present representing Ontario at the International Good Roads congress in London, England, will be another member. The third probably will be a member of the legislature, one who has already evinced an interest in the subject. Dr. Preston, of North Larrick, is among those prominently mentioned.

Fall of Sgt. Major DeGraves. Sergeant-Major DeGraves, soldier journalist, and Colonel Sam Hatcher to be the starkest appearing trophy in all the western cavalry took a nasty tumble in the city of London, England, when he stepped into a gutter hole. He is in the camp hospital. The accident is said to have been called to the attention of a distinguished visiting soldier, which inspired the now noted to be credited to the fact that a fine country for maneuvering, but there are too many hilly gutter holes.

DELBURNE. Delburne, June 26.—On the first of July a bazaar and social will be held in Delburne, afternoon and evening, at Mrs. Campbell's residence, on a Brompton avenue. The proceeds are in aid of the building fund of the new English church in Delburne. Miss Reynolds of Clive arrived in Delburne last week on a visit with her mother, Mrs. G. C. Reynolds. Mrs. Bush is staying at the Methodist parsonage with her mother-in-law, Mrs. Gilbert Colburne, whose sale took place on Monday of this week. Miss Reynolds is the daughter of the late Mrs. Reynolds, who was a member of the Methodist church on the corner of Main street and Third avenue. Mr. and Mrs. Ralph McKeen are celebrating their wedding at the home of Mrs. Will Smith. Mr. R. G. Gies, who has been accountant in the Merchants' Bank at Delburne for the past year, has just returned to his home at Leduc before going to Vancouver for the summer. Mr. Kava of Edmonton is the new accountant here. The marriage of Mr. Arthur Bueh and Miss Annie Cox, both of Delburne, took place in Red Deer on Thursday last, and the ceremony was performed by the Rev. Mr. Hueste. The young couple are both recent arrivals from Toronto. Mr. Durie is the clerk at the Delburne Trading Company's store, and has erected a residence on Third avenue. A gold of Edmonton was in town on Tuesday and Wednesday of last week in connection with the Temperance and Moral Reform question. On Tuesday evening he addressed a meeting in the hall of Delburne and a large number of men were with the following officers in charge: President, Mr. A. M. Miller, vice-president, Mr. A. Durie, secretary-treasurer, Mr. A. Kent. A series of lantern slides which were shown during the evening, were much enjoyed. Judge Bueh was in town yesterday on his return from St. Louis. Mr. Victor Armstrong has returned from a tour in the west, and has been very successful with the grades. A sidewalk has been put on the west side of the main road here this week. Mrs. Strander and two children have gone to Edmonton on a visit with her parents for a short time. A volunteer group of men from town and surrounding area, who spent the night of last Saturday evening on the west side of the main road on the west side of the river.

ASKS BIG DAMAGES FOR FALSE ARREST. Case of Greenberg Versus the East Calgary Coal Company Being Heard.

Judge Simmons yesterday heard evidence in the case of Greenberg versus the East Calgary Coal company. Tom false arrest about a month ago on a charge of stealing. The plaintiff sues for the sum of \$500 as damages before Judge Simmons was in the police court he was discharged. A great deal of the evidence was concerned with the hearing and the stenographer in the police court. Greenberg was arrested on January 18, 1912, for the theft of a cartload of wood valued at \$200 which was obtained by being allowed to take the defendant's cart. He denied that he had ever stolen any wood from that company and said that on the night in question he attended a "movie" show with a couple of friends. The only interest in the long-drawn out case was in the afternoon when one of the witnesses appearing in his uniform, having been brought in from the camp, gave evidence, told a quite different story from what he had told at the police court. He had, however, sought and obtained the protection of the court before embarking on his new story, the judge expecting that he might say something in regard to the theft which would implicate him. As a result he could not be proceeded against for the theft, though without the protection of the court it is likely such would have been done. Naturally the evidence did not go down for much in the case, though the witness was on the stand for over an hour.

J. J. McDonald appears for the plaintiff and A. H. O'Carke, K. C., for the defendant. BRAKESMAN SEEKS SUM FOR LOSS OF HIS LEFT LEG. Judge Winter yesterday heard argument in an interesting workmen's compensation case and judgment was reserved after a couple of days had been taken up with the hearing of evidence. The workman, who is now in the hospital, was working on a dinky engine for the defendant and while standing on the rear end he fell off the engine and the truck. His left leg was severed at the knee and badly crushed. The driver of the engine was Fred R. Hupp. Judgment was reserved. A. H. O'Carke is the plaintiff and A. A. McGillivray for the defence.

London, June 26.—The king's bench court today gave judgment in favor of Thomas Ryan, an Irish farmer, who brought suit against the White Star Steamship Company for damages for the loss of his son in the Titanic disaster. The judge awarded Ryan the sum of \$500, which had been agreed upon. A similar verdict was made in two other cases at the same time. The instant of rain yesterday made it necessary to call them off for the day, but Secretary Fisher phoned up last night to say that they would be held on Saturday afternoon, rain or shine. The C.P.R. is running a special excursion to Cochrane for the day, the train leaving Calgary at eleven o'clock and returning immediately after the afternoon's sports.

Regina, June 26.—Arrangements were concluded in the city yesterday by J. W. Harrison of Winnipeg and N. L. Rosenthal of New York for the introduction into the city of a vaudeville troupe of what is termed "pop" vaudeville. The troupe consists of the Manitoba capital are now placed on the Canadian vaudeville circuit that of the Canadian Provincial Theatre, Limited, in addition to the troupe of vaudeville. The troupe will have to build a house in Regina owing to the fact that the vaudeville theatre is served with Orpheum and the gentleman above mentioned stated yesterday that they would likely build at once. They also stated that they have now definitely settled with Moose Jaw and Regina. The new vaudeville troupe will include four acts and two feature film reviews.

Delburne, June 26.—On the first of July a bazaar and social will be held in Delburne, afternoon and evening, at Mrs. Campbell's residence, on a Brompton avenue. The proceeds are in aid of the building fund of the new English church in Delburne. Miss Reynolds of Clive arrived in Delburne last week on a visit with her mother, Mrs. G. C. Reynolds. Mrs. Bush is staying at the Methodist parsonage with her mother-in-law, Mrs. Gilbert Colburne, whose sale took place on Monday of this week. Miss Reynolds is the daughter of the late Mrs. Reynolds, who was a member of the Methodist church on the corner of Main street and Third avenue. Mr. and Mrs. Ralph McKeen are celebrating their wedding at the home of Mrs. Will Smith. Mr. R. G. Gies, who has been accountant in the Merchants' Bank at Delburne for the past year, has just returned to his home at Leduc before going to Vancouver for the summer. Mr. Kava of Edmonton is the new accountant here. The marriage of Mr. Arthur Bueh and Miss Annie Cox, both of Delburne, took place in Red Deer on Thursday last, and the ceremony was performed by the Rev. Mr. Hueste. The young couple are both recent arrivals from Toronto. Mr. Durie is the clerk at the Delburne Trading Company's store, and has erected a residence on Third avenue. A gold of Edmonton was in town on Tuesday and Wednesday of last week in connection with the Temperance and Moral Reform question. On Tuesday evening he addressed a meeting in the hall of Delburne and a large number of men were with the following officers in charge: President, Mr. A. M. Miller, vice-president, Mr. A. Durie, secretary-treasurer, Mr. A. Kent. A series of lantern slides which were shown during the evening, were much enjoyed. Judge Bueh was in town yesterday on his return from St. Louis. FAMOUS COCHRANE RACES TO BE HELD SATURDAY. Rain Yesterday Necessitated a Postponement; Cochrane Races Are An Institution.

It was nothing short of sacrilege, said the old timers yesterday, when rain fell in such quantities that the postponement of that institution known as the Cochrane races was necessary. The Cochrane races are an institution in the west. They started about the time the first white man came to Alberta, and have never been interrupted since. In the early days they afforded the natives the real excitement of the year. In modern times they descended into something similar to a country fair. However, they are maintained more as a monument to the spirit that used to be than as a means for great excitement and entertainment. One must attend the Cochrane races a few times to appreciate their real significance. To say that they are in a class by themselves. The instant of rain yesterday made it necessary to call them off for the day, but Secretary Fisher phoned up last night to say that they would be held on Saturday afternoon, rain or shine. The C.P.R. is running a special excursion to Cochrane for the day, the train leaving Calgary at eleven o'clock and returning immediately after the afternoon's sports.

PRELUDE WHEAT TEN DAYS AHEAD OF MARQUIS. Interesting Experiment Made on Government Farm at Indian Head.

Indian Head, Sask., June 26.—A field of prelude wheat on the government's experimental farm here is 30 inches high and headed out. The field of Marquis is at least ten days ahead of it at the same time. A field of the same variety on the farm of Angus McKay Farm Seed company has just been insured for \$175 per acre by Andrew Dickson, agent for the British Crown Assurance company. This is believed to be a record policy for wheat.

London, June 26.—Definite announcements were made yesterday that the wedding of Lady Gevonia Ponsonby, known in smart London society and court circles as the girl of the hour, will take place on Monday. The bride is the daughter of the Earl and Countess of Bessborough. It is expected that the wedding will be one of the most important events of the social season. Besides being one of the wealthiest girls in England, Lady Gevonia is also a great favorite at court, where her charming personality won for her the Duke of Devonshire and Queen Mary promptly took up. The bride is believed to be one of the most beautiful girls in England, and is immensely wealthy.

ALEX. McLEAN, Auctioneer. Phone M2692.

ORPHEUM BILL IS IDEAL; BELLE FAMILY STELLAR ATTRACTION. The Orpheum bill drew a large crowd at the opening performance last night and the work was rewarded in terms of what might properly be termed an ideal vaudeville bill. There are no two turns alike and the double headlines on the bill more than made good with the big crowd. The Belle Family, a talented company of singers and dancers, is giving the stellar attraction and one cannot recall any act which has created such spontaneous and whole-hearted enthusiasm as their playing aroused last night. Their first selection, played mostly by xylophones, was "Hunting Scene" by Hucobson and was more effective by a singing chorus. A selection from "Londani" was the concluding selection, in which string bells, hand bells and xylophones were employed with brilliant effect. The audience was not satisfied with even this generous offering, and no less than four encores were insisted upon before the final curtain. Two or three Spanish dances interspersed throughout the musical numbers were a pleasing feature. Taylor Holmes, late star of one of Col. Stanger's companies, is the other headliner. Mr. Holmes has prepared a bright little monologue act for his vaudeville tour, including several dialect stories, a Kipling selection which is given with fine dramatic effect, and a song by way of showing his versatility. Edgar Berger opens the program with some exhibitions of hand and head balancing, one or two of which were new, and the Belgian-Celtic trio are also the principals in a comedy tumbling act which is full of singer and in which several new stunts are introduced. Divine and Williams as "The Travelling Salesman" and "Peppie Drummer" in a comedy bit have rounded up a number of new jokes which they get across the footlights in good fashion. Fred Hamill and Charley Abatte furnish a pleasing musical comedy, which is rendered very enjoyable by the work of the young violinist; their offering made good and a song by way of showing the sketch of the week is entitled "Sentimental Suspense," and is well put on by Angela Keir Company, although one cannot help but feel that the situations and dialogue are exaggerated and scarcely true to life. The talking picture round out a most interesting performance. The comedy film, "The Bride's Secret," being the feature of the week.

Plymouth Binder Twine FOR SALE BY THOS. FLETCHER. 216 Ninth Ave. East. Phone M2466. Calgary Engraving Co. 216 NINTH AVE. EAST, CALGARY, ALTA.
