SCALED TO DEATH.

A Horrible Disaster on the Old Colony Road.

TWELVE DEAD BODIES TAKEN OUT.

Four More of the Mangled and Burned Victims Seem to be Their Injuries.

Wrecked Train Plunged on Top of the Engine and Floods of Hot Steam Pour Out Upon the Passengers Flashed in the Heat.

Sorrow, Aug. 19.—A serious accident happened to the Viareggio express on the Old Colony road at Quincy at 1 o'clock this afternoon. The train was running on the 100 feet on the other side of President's Bridge. The first passenger coach fell on the engine, the latter having toppled over. The engine was first to the wreck. The driver was instantly killed and the engine fatally injured. As far as learned 8 passengers were killed and about 25 injured. The latter were for the greater part injured by escaping steam, having been frightfully scalded. The Quincy fire department was called to the scene as quickly as possible, and shortly afterwards the fire was extinguished. The dead and injured were removed from the scene, the latter being taken into private houses and to the Quincy Hospital. The scene of the accident is near the scene of the frightful Woolston disaster of a few years ago. The train was in Boston at 11 p.m., and consisted of five or six passenger and passenger coach, usually fully loaded. It generally runs at the rate of 60 miles an hour at this point.

William Fenelly, a house builder of Boston, was a passenger in the fourth car of the train. It was in this car, he says, that most of the casualties occurred. The train was running through Quincy at the rate of 30 miles an hour. When near the bridge there was a rumbling sound followed by a crash. The three forward cars were hurled and left the track. The fourth kept the rails and swept right along upon the broken locomotive. The driver was forcing it right on top of it. The shock was terrific, and it seemed if the car would fly into the air. The passengers were hurled about as if they were shot. The engine was hurled and the train was scattered about.

The victims included:

- James D. Fenelly, 40, Quincy, driver.
- John J. Fenelly, 35, Quincy, conductor.
- John J. Fenelly, 30, Quincy, passenger.
- John J. Fenelly, 25, Quincy, passenger.

WINDSWEEP WILKESBARRE.

A CLOSURE STRIKES THE PENNSYLVANIA MINING CITY.

Many Lives Reported Lost—Hundreds of Buildings Wrecked—The Damage to Property Estimated at \$200,000—The Storm Takes a Wide Sweep Through the Keystone State.

WILKESBARRE, Pa., Aug. 19.—At 5 o'clock this afternoon the most terrific cyclone that was ever experienced in this locality struck this city. It came up the river. From what point it originated is not known. The suddenness of its coming was one of its most awful features. The winds were as black as night, the wind blew with most frightful velocity, while rows of trees were blown down, following this hundreds of houses were unroofed, partially blown over or completely demolished, and worse than all, the victims of death were sent upon a number of people. How many were killed is not known at this time. Large districts in several sections of the city are in absolute ruin, and houses and children are in the streets crying and wringing their hands in absolute dismay. The damage will reach hundreds of thousands of dollars.

Passenger trains and locomotives at the depot were blown over and every wire in the city, electric light, telephone and telegraph lines, were blown down. There was nothing in the memory of the oldest inhabitant. Everybody is rejoicing that there has not been a wider sweep. The damage to property is estimated at \$200,000.

The Death Roll.

The total loss so far as ascertained is 12. Four men are known to have been killed in the Hazard wire rope works. A house in Scott-street occupied by miners who had just returned from work fell in three of the inmates were killed. The house was blown down by a falling building in South Main-street. Two men suffered death by falling from a building. There are undoubtedly 15 or 20 more who are unaccounted for.

Reports are coming constantly to the effect, it is impossible to give names of particular persons who were killed. Heavy losses will be made before all the damage has been reported. The loss of property has been telegraphed for, and building mechanics of all kinds can find employment here for weeks to come.

Many of the structures were large and of great value. In addition to the loss of life hundreds of citizens have suffered losses. The loss of property is estimated at \$200,000.

COLLISION AT GRAVENHURST.

A Way Freight Train Into a Great Train—The Hands Escape Injury.

GRAVENHURST, Aug. 19.—As a way freight attached to engine No. 671, driver Arthur Burns, was passing through the station at Gravenhurst, it collided with a great train on the main line in the north end of the town. The great train was being led by engine No. 880, driver W. Campbell. Two flat cars and a caboose were derailed, the two flat cars being thrown over the side and one of the caboose being smashed. Engine No. 671 was not damaged, but the engine and the train were delayed. The hands escaped injury.

A FAR-REACHING STRIKE.

That is the Prospect Ahead of the Vanderbilt Road in New York.

NEW YORK, Aug. 19.—Up to 4 o'clock this afternoon Messrs. Sweeney and Sargent had not arrived here and it is supposed they are in Albany in conference with General Manager Toucey of the Central road. It is reported, the railroad company has refused to accept the terms of the proposed agreement of the United Order of Railway Employees' association of railroad employees would be a total strike of the Vanderbilt road. The matter would have to be fought out between the Knights of Labor and the railroad. Mr. Fowlerly led the St. Cloud Hotel and the Vanderbilt road.

How Canada Can Trade With These Fertile Islands.

Hon. Commissioner Adam Brown's Talk of the Coming Jamaica Exhibition.

Mr. Adam Brown, honorary commissioner representing Canada at the Jamaica exhibition, which opens at Kingston, on Jan. 7, 1891, delivered an address to the members of the Board of Trade and others yesterday afternoon.

Mr. Brown said that when the Jamaica Government decided to hold an exhibition in Kingston, they had invited the Canadian Manufacturers' Association to send a delegation to participate therein.

The government acquiesced and applied for 50,000 feet of space and appointed Mr. Brown commissioner to exhibit in view of the fact that the exhibition was of a practical character, those which might be expected to result in trade in the future would be received.

ATTEMPTED UXORICIDE.

Joseph Slater of Georgetown Fires Three Bullets Into His Wife.

Georgetown, Aug. 19.—While intoxicated yesterday afternoon Joseph Slater attempted to murder his wife.

He fired three shots at her. The first bullet struck her about the middle of the stomach, below the breast, and glancing aside entered her right breast.

The second bullet lodged below the ribs and struck the abdomen, and the third bullet went through her right arm near the wrist, shattering the bone.

The wounded woman then grasped with her would-be slayer. In the scuffle the revolver went off again, the bullet this time passing through Slater's arm near the elbow, inflicting a very ugly wound.

When he was shot himself Slater turned and fired three bullets towards the village. The tidings of the shooting were carried to the paper mill by a telephone message from the mill.

He was quickly arrested, offering no resistance to the constables when they put the darts on his wrist. The constables proceeded to take Slater to the police station.

Slater is still in custody.

THREE CANDIDATES FOR THE CAT.

A Triple Flogging to Take Place at the Central Prison—The Men and Their Crimes.

The Central Prison this morning will be the scene of a triple flogging. The men who are to suffer from the cane are Patrick Sheehy, William Lecker and William Turnbull.

On Oct. 2, 1889, they were sentenced to one year and 800 days for an indecent assault on one Elizabeth Ryan, a private in the Salvation Army in Guelph, where the crime was committed. In addition to the imprisonment each convict was to be given 30 lashes.

On the 19th inst. the men were flogged 10 within nine months after the first flogging and the 10th within eight days of the second flogging.

This morning they will receive their second dose of the cane. The officials of the prison were at work rigging up the triangle on the men as the first two were being flogged.

Sheehy and Lecker roared as the first two were being flogged, although Patrick Sheehy, who was the only man who was not flogged, was silent.

The men will be flogged at 10 o'clock this morning. The flogging will be witnessed by a large number of people.

FAT PORKERS FED ON FEES.

A LIBERAL PAPER DEMANDING THEIR ABOLITION.

The Sums That go to the Registrars of Ontario—High Time to Reform These Abuses—But Not by Dividing the Office in Two as Mr. Mowat Has Been Doing—A Startling Admission.

From the Montreal Examiner (Editorial).

The Registrar has been furnished a statement of the returns made to the Provincial Secretary of all the fees and emoluments received by the registrars of Ontario for the year 1889.

Before commenting on what these returns disclose, it may be noted that the good deal of looseness in the manner in which the registry business is conducted. Proper books of account have, of course, been provided, but it is impossible to tell whether or not the registrars enter all the fees that are received, and there is no system of audit whatever.

It is a matter of course, that the registrars can make no reasonable objection, because when the fees exceed \$2000 the county is bound to pay the percentages, being 10 per cent on the next \$500, with an additional percentage on each succeeding \$500 until 50 per cent is reached. But there has been such a system of audit as to disclose that the registrars have been discovered in the Waterloo registry office would have been made a system of audit and the returns are not made in a manner readily understood, and there is evidently some confusion on the part of the registrars themselves as to what the different headings call for. Taking, however, the leading aggregate amount of fees and emoluments earned by registrars during the year 1889 by virtue of his office, the following are the disbursements which apparently include the amount due the counties, the following result is arrived at:

Albion	1,000
Alton	1,000
Burlington	1,000
Cambridge	1,000
Chatham	1,000
Halton	1,000
Hastings	1,000
Wellington	1,000
Waterloo	1,000
Windsor	1,000
York	1,000

It is little wonder that such handsome incomes, that many registrars regard their positions as sinecures, and that they are in the Dominion City. Services to members of the outside service receive a large salary than that of a deputy minister, which is \$4000. Appointments to the office are made where the deputy receives some amount of the following registrars receive annual salaries of:

Albion	1,000
Alton	1,000
Burlington	1,
