RECORD ENROLMENT AT HIGH SCHOOL

This Term Reached 94. Local H. S. Has Largest Attendance In Valley.

This week completes the school year for Bridgetown High School, so far as actual teaching for the term is concerned, and the pupils will again write the Annual Provincial Examinations.

It is interesting to note that the present year's enrolment in High School work has reached 94, the largest on record and about fourteen larger than during the previous year. At the present time, we believe, (if incorrect we wish correction) that Bridgetown High School has the largest enrolment of any Academy or High School in the Annapolis Valley.

During the present year the School Board, owing to a considerable demand, decided to make arrangements for an "A" class, which now numbers ten students. The "B" class numbers 24, "C" class, "D" class 33. The services of Principal Archibald, Vice-Principal Messenger, and all the other members of the teaching staff have been wisely retained for another year. At the commencement of the term an additional teacher, Mr. Harold Price, was secured and he instructs in Manual Training, as well as taking quite a number of classes in High School work proper. The school is fortunate in having both its Principal and Vice-Principal college graduates. Besides pupils whose parents reside in town there is also a very large number about half from the immediate surroundings of the town.

It may be noted too that County Academies and High Schools with an Academic teacher can draw for County pupils outside the section from the Municipal fund a maximum of \$20 fee for each of the first forty pupils in attendance and of \$10 for those in excess. The Journal of Education goes on to say that the average cost of such instruction is about \$80, so it is a long desired act of justice to Urban schools doing heavy work for the County with only a comparatively trifling aid from the Provincial Academic Grant. These conditions apply only to institutions under University trained instructors—the class of teachers necessary for effective high school instruction—the class of teachers which the Province must encourage to keep its proper place in the Dominion and on the continent.

From the foregoing it will be observed that Bridgetown enjoys most fully in all the requirements necessary to participate in the benefits of the new legislation passed so recently. The High School here has two university trained teachers and draws a large number of pupils from the surrounding country.

A New Version.

Teacher—"Once there was a very bad boy and he took his knife and cut off a cat's tail. Now what verse in the Bible does this remind you of?"

Johnnie—"What God has joined together let no man put asunder."—Fuller's Brister.

BAPTIST CHURCH NOTES

Next Sunday morning the pastor will address the children of all the Sunday Schools connected with the church including Bridgetown, Beaufort, Centreville, West Clarence, and Inverwood. A few cars will be needed to transfer some of the children.

The pastor goes to Hebron, Yorkmouth Co. on Thursday to address the Southern Association on the subject of "Child Welfare".

Arrangements are being made to give all the children of the Sunday Schools an auto ride. About twenty cars will be needed for the trip.

Next Sunday evening the subject will be "Credentials of a Witness".—This is court week.

The Annapolis County District Fair will be held at West Dalhousie next Monday afternoon and evening. The regular preaching services come 8:00 p.m. next Sunday.

Rev. W. A. White, B.A., of the Cornwallis St. Baptist Church, Halifax, spoke in church on Sunday morning. He spent Monday afternoon and evening with the people at Inglewood where his visit was highly appreciated.

The church is glad to welcome Mrs. Burpee Chute home again after an absence of several weeks.

ARTICLES ON LOCAL HISTORY

A Splendid Opportunity for Bridgetown Pupils to do Some Research.

"Local History Day" a new feature recommended to the various towns and school sections by the education authorities for observance meets with considerable commendation and otherwise be lost or overlooked, will doubtless be brought to light. Among the particular features indicated as suitable subjects for research and articles are stories of earliest settlers, Primitive conditions in the settlements, sketches of most noted men, Events and incidents should be collected and put into readable form. It is also suggested in the Journal of Education that Songs and Ballads, which were popular and which in some cases might be of local origin, may be discovered, collected and put into simple readable form.

Dr. Armstrong, chairman of the Bridgetown School Board, as previously intimated, announced prizes of \$10 for first and \$5 for second best articles and indicated some local subjects, which might engage the attention of pupils from grade VII up through the High School departments. These will be awarded in September when the usual prizes for highest standing are given out. Judges to be appointed will determine the relative merits of the contributions sent in, and it is expected that the number of contributors will be fairly large for a good proportion of the pupils in the grades named have good and developing literary ability as well as minds of an investigating character.

SERIOUS ASSAULT CASE AT ANNAPOLIS

Annapolis—The preliminary hearing in the case of Edward O'Brien, of Quince, charged with assaulting Frank Brown, of Princedale, was commenced before Magistrate McKay. After the evidence of a number of witnesses had been heard O'Brien was committed for trial at the next session of the Supreme Court.

Three witnesses were called by the prosecution, all of whom told of witnessing the assault. The evidence of the first witness was to the effect that O'Brien, without any provocation, made an attack upon Brown and beat him, using a stick and also a fork in the course of the assault. This evidence was corroborated by the other two witnesses.

BRIDGETOWN DEFEATS DIGBY 31 TO 1

The regular schedule in the Valley ball league western section was commenced on Wednesday last. Digby team came up and played Bridgetown on the B.A.A. grounds but were defeated by the rather heavy score of 31 to 1, with an innings to spare. It is only fair to state that this year is Digby's first entry into the League and the team we understand was short a number of its best players. Bridgetown this year is also playing some four or five juniors in its team, and has no "birds of passage" on its line up. This appears to be a somewhat unique distinction among the teams. The local aggregation needs good stiff and steady practice. They are not likely to have any more walk over games such as last Wednesday's. Roy Dunahy handled the game in good style. There was plenty hard hitting and the locals placed their hits well and two and three baggers were not at all uncommon. The local team are scheduled to play at Bear River this afternoon.

REV. MUNN'S OCCUPIES PULPIT

Numbers Attended Services at Nictaux—Social Held in Longley Hall.

Parade—In the absence of the pastor, Rev. W. Steadman Smith, the pulpit was occupied Sunday morning, June 17th, by Rev. Mr. Munn, of Digby, N. S. Preaching on the subject "Moses' Supreme Choice". Mr. Munn was graphically and helpfully showed that Moses' choice was a "right" choice and that it was a "reasonable" choice and that it was a choice which made Christ the Supreme choice it is better "to suffer affliction with the people of God than to enjoy the pleasures of sin for a season."

Rev. and Mrs. Munn were the guests on Sunday of Rev. and Mrs. H. W. Robinson.

The B.Y.P.U. service of Sunday evening was of a special nature. Under the direction of the Missionary Committee a splendid programme was arranged. Mrs. Ritchie Elliott sang a solo with guitar accompaniment. Solos were sung also by Miss Eleanor Longley and Mr. E. G. Morse. A duet was sung by the Misses Florence Jackson and Marjorie Morse. Following a pleasing reading by Miss Alice Longley a Missionary dialogue entitled "Aunt Margaret's Tenth" was presented in two scenes, by the following members: Mrs. E. G. Morse, Miss Shaw, Miss Florence Jackson, Mr. Robert Longley and Marion Morse. The playette was both entertaining and instructive, in fact it was a very effective and timely sermon on Christian Stewardship.

TENNIS MEETING AT ANNAPOLIS

Delegates From Valley Towns—Two Section League Formed.

A meeting of delegates from Middleton, Lawrencetown, Bridgetown and Round Hill met at Annapolis Saturday and it was decided to form a two section Tennis League. No delegates were up from Digby. It is expected that some interesting matches will be played. Lawrencetown, Middleton and Bridgetown will form one section, while Round Hill, Annapolis and Digby will form the other. "Each section is to play the required number of games and the winners are to play off on neutral territory."

There will be four events which will include Men's Singles, Men's Doubles, Ladies' Doubles and Mixed Doubles, the tournaments beginning June 30th, and ending the first week in August. No arrangements have been made as yet for the dates for tournaments in the Bridgetown section.

LOSS OF \$5,000,000 TREES

The enormous drain on our forest resources caused by the annual export of thirty-five million trees can be entirely eliminated by our government any moment by an act of parliament while our forest fire losses can oft-times only be prevented thru an act of God. If we will not lift a hand to help ourselves in the one case how can we ask or expect help in the other.

LOW SPIRITED AND DEPRESSED

A Condition Due to Poor Blood and Weak Nerves.

Nearly all women and most men suffer at times from fits of depression and low spirits, from which they are unable to free themselves. They cannot attend to their duties satisfactorily and are unable to get any pleasure out of life. People who suffer in this way soon lose their energy of mind and body. They lack vitality because their blood is poor and ill-nourished, and their nerves are starved in consequence. The only way to obtain new health is by building up the blood with Dr. Williams' Pink Pills. The new rich blood made by these pills will carry renewed health and energy to every part of the body. Your appetite will improve, your spirits brighten and you will be endowed with fresh energy and find a new joy in living. Mrs. G. Reid, Napanee, Ont., tells of the benefit she found through the use of Dr. Williams' Pink Pills. She says: "I have used Dr. Williams' Pink Pills on different occasions and cannot emphasize too strongly the benefits derived from them. I was growing nervous, my complexion was becoming sallow and my eyes dull and listless. My vitality was poor and I did not sleep well. I became despondent, losing interest in my work, which seemed to tire me so easily. I began using Dr. Williams' Pink Pills and after taking six boxes I began to enjoy life again and looked much brighter and felt happier. My appetite improved, I gained in weight and could sleep without any nervous wakefulness during the night. I also used these pills while nursing my baby and found them a wonderful help both for myself and for making my baby better natured. For these reasons I gladly recommend them to anyone who needs a tonic for the rebuilding of strength and energy." You can get these Pills from any medicine dealer, or by mail, at 50c a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

AUTOMOBILE TURNED TURTLE

Several Middleton People Injured on the Spa Spring Road.

Middleton.—A serious accident occurred on the Spa Spring road, when a car driven by George Tufts of this town turned turtle, burying the occupants beneath it. They were driving at a rate of 20 miles per hour, when a wheel stopped suddenly, the violent impact throwing the car over. Mrs. Tufts, three sisters and a brother were in the car. Mrs. Tufts was badly shaken up, as was also Miss Myrtle Slocomb. Mr. Tufts received a slight injury to his leg and Miss Dorothy and Norman Slocomb had their collar bones broken, while Miss Rhoda suffered a sprained wrist. The patients are all progressing favorably, but sincere sympathy is felt for them.

NOT SECTIONAL

Although politicians dwell with some insistence on Maritime representation in Parliament, that is not in itself a matter of supreme importance. One dwindling representation establishes beyond any question of dispute that a condition has arisen which was not foreseen at Confederation. That is an all-sufficient reason for parliamentary consideration and must in time force a remedy. The really serious problems the now there is studied Canadian consideration of the causes and application of such remedies as statesmanship can devise, the Maritimes will continue to lag behind in the commercial race. Far away from the populous centres of Canada, the Maritimes' natural trade with the United States; but that market is not open. Because it is not open Canada must recognize an obligation to provide the best possible alternative. In other words, conditions for which Confederation is mainly if not wholly responsible must be studied to minimize to the utmost the disadvantages in which the Maritimes find themselves. The problem is not one of party politics. It is far bigger than that. On its proper solution hangs the development of a united and contented Canada. It is not selfish to ask that Canada study ways and means of helping our products as a method of helping in our development. It is not sectional to ask that our ports be developed and used in the import and export of Canadian commerce in preference to ports in a foreign land. These things are the promises and pledges of Confederation and the very essentials of its continued and successful existence. The Fredericton Cleaner very appropriately makes reply to the charge that the Maritime demands are sectional:

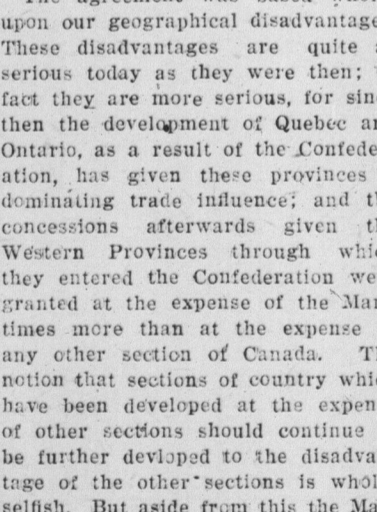

What the Maritimes demand today is that the agreement upon which we entered the Confederation be honored; that the preferential rates be restored not as a favor, but as a right which must ever be respected. Far be it from the Maritimes—which have, through the statements which they have given to the public life in other years, largely assisted to make Canada what she is today—to ask favors at the expense of other parts of the Dominion.

The agreement was based wholly upon our geographical disadvantages. These disadvantages are quite as serious today as they were then; in fact they are more serious, for since then the development of Quebec and Ontario, as a result of the Confederation, has given these provinces a dominating trade influence; and the concessions afterwards given the Western Provinces through which they entered the Confederation were granted at the expense of the Maritimes more than at the expense of any other section of Canada. The notion that sections of country which have been developed at the expense of other sections should continue to be further developed to the disadvantage of the other sections is wholly selfish. But aside from this the Maritimes will insist that the terms of the Confederation agreement be carried out.—St. John Globe.

MARRIAGE INTO SCOTCH FAMILIES

Marrying into Scotch families seems to be all the fashion now with Royalty. The latest announcement which has set the Old Country agog is of the formal engagement of Princess Maude, daughter of the Princess Royal, to the young Earl of Southesk. The announcement was made from Buckingham Palace with the King's consent and benediction. This makes the third Royal love-match with Scotland.

YOUR GROCER HAS IT

A good method of clearing land of stumps is to burn them out with the aid of saltpeter. Saltpeter, if so applied as to penetrate into the heart of a stump properly, will in a year's time reach down to the very ends of the roots. During the Summer, when the stumps are thoroughly dry, drill a 1 1/2 inch hole, about 3 or 4 inches deep in the centre of the stump. Into this hole put three tablespoonfuls of saltpeter, then close the hole, with decayed wood and dirt. During the following Summer, dig out the dirt, fill the hole with kerosene and set the stump on fire. It will burn slowly but surely, and will keep on burning under the ground until every piece of root is consumed. The action of the saltpeter makes a slow-burning match of the fibres of the roots, and carries the fire wherever it has penetrated. This method eliminates the possibility of roots being left in the ground to catch on plow shares.

THE MARITIMES

The Montreal Gazette, which presents the just claims of the Maritime Provinces as demands for special favors, is not opposed to changing the British North America Act to make our present parliamentary representation the minimum, but says:—

In the opinion of many, the Maritime people have too much, not too little government. Three separate legislatures with their paraphernalia, civil services, indemnities and various expenditures are a considerable burden to a population of 1,000,000 in the three provinces, yet reduction in cost of government seems about the last concern of a people who complain of retrogression and grumble at the torpidity of trade. That, however, is their business, and if contentment can be given them at so small a price as preservation of their present membership in the Commons by all means let it be done.

One strong Maritime contention is that the Confederation pledges called for intercolonial construction to bind all the provinces and to make it possible for the resources of the Maritime Provinces to be marketed in Upper Canada. Up to the present the marketing has been all one way, and the Maritime Provinces are going be-

hind because they are only a selling opportunity to Upper Canada. The Maritimes are not looking for "sympathy with their aspirations." They are looking for practical Canadian interest in their development. They have a country of great possibilities, but its exploitation and development has not attracted the Canadian. Today the problems of the Maritimes present themselves in a new and more difficult light. National forces are in combination against them, and the answer to their protests is the cry of "special concessions and sectional privileges," with the "Oh! let them have their present representation in parliament." The problems of the Maritimes are bigger than that. They are Canadian problems and they call for serious attention. If geography tends to isolate the Maritimes, then must the statesmanship of the country study, as did Hon. Mr. Fielding in his Tariff preference provision, ways to help in the interests of a united and progressive Canada.—St. John Globe.

YARMOUTH WANTS MORE U. S. INSPECTORS

Representations have been made by the Boston and Yarmouth Steamship Co. to the United States Immigration Department at Washington for a change in the present system, so as to facilitate the work of inspection at this port, and also to have more punctual sailings of the Company's ships from this port for Boston. Today it was announced that arrangements are now being completed for the Summer months, by which the Boston bound passengers on the D.A.R. will be examined between Digby and Yarmouth, and in order to facilitate matters the D.A.R. will sell its own issue of United States Head Taxes on the express trains. To do that the railroad is putting on the trains its own clerk for that purpose.

Further efforts are now being made in an endeavor to apply the same system on the Canadian National Express from Barrington to Yarmouth. The B. and Y. Co. are now awaiting further advice from the U. S. Immigration authorities at Washington to ascertain if they will send additional inspectors to Yarmouth for the purposes mentioned.

LARGE SCORES MADE IN VALLEY LEAGUE GAMES

Kentville Swamps Berwick and Middleton Files Up Big Score on Kingston.

Kentville—Kentville went into Berwick Wednesday and gave the home team the worst trouncing they have received in recent years, the score being 21 to 3. This was a Valley League game. Kentville scored at will. Burrill pitched five innings and Wigmore four. Hutchinson started for Berwick and was relieved after five innings by Woodbury. Kentville scored 12 runs in the sixth inning.

Middleton—Wednesday Middleton defeated Kingston, 25 to 7, in a Valley League game. The champions had little trouble in pushing over runs on their weak opponents.

Mr. John Master spent Friday with her cousin, Mrs. Stewart Dodge.

Dr. and Mrs. Darling of Middleton, were week-end visitors of Mr. and Mrs. W. C. Spurr.

The ladies of W.M.A. Society of Kingston, extended a very cordial invitation to the members of the Sister Society of this place to meet with them at their monthly meeting to be held at the new parsonage on Tuesday last and enjoyed very much the address of Miss Sanford, Missionary from India. At the close of the meeting refreshments were served and a very pleasant hour was spent in conversation and friendly greeting.

UPPER GRANVILLE

June
 "Take not from mine eye,
 The blue of the sky,
 Bid not the seed of its loveliness die,
 Still let me see the bloom on its tree,
 Still bring its blossoms and blessings to me."

Summer is in the sound of June,
 Summer and a deepening time of the bees
 And of the birds and of lustering lovers words.

Mr. and Mrs. George Wheeler are now occupying Mr. S. R. Mack's residence in town.

Miss Whitman, of Williamston, has been spending some time with relatives and friends in Upper Granville.

Mrs. Bartlett Gillis leaves D. V. on Friday 15th, for a few weeks' holiday with near relatives in and around Cambridge and other parts of Boston.

Mrs. Bernard Eisnor is making her second visit to her old home near Amherst, called thither by the late illness of her father, who at time of writing is reported better.

Mr. and Mrs. Murray and young son, of Melrose, Mass., are guests of Mrs. and the Misses Chesley.

Mr. and Mrs. Max D. Newcomb motored to Bridgewater last week attending the funeral of a relative.

Mr. Thos. Kelly has made marked improvement in the appearance of his residence.

MOSCHELLE

Mr. and Mrs. Reginald Whitman left on Friday for Boston.

Mr. and Mrs. J. W. Johns, Misses Edna and Edith Johns, and Mr. Alfred John motored from Halifax on Saturday and were week-end guests of Mr. and Mrs. A. H. Milner.

Mr. and Mrs. G. A. Barteaux spent Sunday with Mr. and Mrs. I. C. Whitman, Round Hill.

Mr. and Mrs. Truman Sanford, of Wolfville, were guests of Mr. and Mrs. A. Cleaves over Sunday.

Gladys Wright returned from Clementsvale on Tuesday after several weeks' visit with her parents.

CUT-WORM BAIT

(A. Keisall, Dominion Entomological Laboratory, Annapolis Royal, N. S.)
 For cut-worms infesting truck crops and gardens:—20 lbs. bran, 1/2 lb. to 1 lb. white arsenic or Paris green. Or if either of the above poisons are not readily available use from 1 lb. to 2 lbs. of arsenate of lime or lead arsenate.

Mix the dry bran and poison together thoroughly. To this mixture add water containing a little molasses, until the whole is damp, but not sloppy.

Sow this mixture in the evening, about the time the young plants are emerging. Sow the mixture lightly so the bran flakes are all separate and spaced well apart on the ground. The mixture may be sown broadcast, or it may be sown along the rows.

Still, if the doctors make an end of all incurable diseases, how will rich men get out of the penitentiary?

MENACE OF PEEBLE MINDED

Miss Catherine Morrison, of Sydney, N. S., has been in Carleton and Victoria counties visiting some of the families within the past twelve years. She was in Woodstock one day last week, and addressed the Salvation Army and dealt with the conditions that exist in our midst. Miss Morrison followed the dark threads of feeble-minded as it is spun and woven generation by generation until human material rolls through the looms of degeneration stamped poor material, and from this poor material has risen all sorts of institutions to be supported by the public. From the abnormal class have risen an undesirable race with its organization forces for evil and crime, and, for this reason, the thinking people of the Maritime Provinces are unable to understand why intelligent men issue marriage licenses to feeble-minded persons, and why clergymen perform a marriage ceremony for such. The intelligent men and clergymen must rise to the occasion and establish an institution for the segregation of the feeble-minded; if not, we, the social workers of the Maritime Provinces, might as well try and sweep back the tide with a broom as to accomplish anything in reform.

WEDDINGS

Hinds-Beals.

A very pretty wedding was held at the Baptist parsonage Wednesday, June 6th, 1923, when Minerva Pearl Hinds, daughter of Mr. and Mrs. Gilbert Hinds, of Nictaux, was united in marriage to James Gordon Beals, son of Mr. and Mrs. Millege Beals, of East Inglisville.

Miss Irma M. Leonard, cousin of both bride and groom, acted as bridesmaid. Mr. Elvin L. Beals, only brother of the groom, was best man.

The bride was daintily dressed in a blue suit with hat to match. The bridesmaid looked girlish in a dress of pink silk and black hat.

After the ceremony they motored to their future home, where a tea was held, about forty guests being present.

They received many valuable presents, also some money.

Symonds-Moses.

A very pretty June wedding took place at South Ohio, when Eleanor Vaughn Symonds, daughter of Mr. and Mrs. Benjamin Symonds, was united in marriage to Frank S. Moses, a well known young business man of Ohio, and a son of Mr. and Mrs. N. H. Moses, of that place. The ceremony was performed at the home of the bride's parents, Rev. Roy Hamilton, of the Baptist Church, Truro, officiating. The young couple stood beneath an artistic arch of fragrant apple blossoms in the living room which was decorated with the same beautiful blooms. The bride, who is a most charming and popular young lady, was attired in white Canton crepe and wore a veil. She carried a bouquet of carnations and fern, and was attended by two dainty little flower girls, Barbara and Thelma Cook, nieces of the groom; their frocks were of pink organza and they carried baskets of varied colored flowers. Miss Ethel Uhlman played

OBITUARY

Mrs. Margaret Spurr.

On Thursday, June 7th, there passed away at the home of her son, John W. Spurr, Round Hill, Mrs. Margaret Spurr, wife of James A. Spurr, at the age of seventy-nine years.

Before her marriage she was Margaret Goldsmith, a descendant of Oliver Goldsmith, the poet.

In passing from this life to the life beyond, a record is closed which is seldom equalled. Besides her husband and one brother she leaves to mourn their loss a larger circle of relatives and friends than often falls to the lot of woman. She was the mother of sixteen children, eleven of whom are living. She had forty-seven grandchildren, forty-two of whom are living, thirty-eight great grandchildren all living, and one great great grandchild living. It is indeed unusual for a couple to live to see the fifth generation. Had she lived until October of this year she and her husband would have celebrated their sixtieth wedding anniversary and the writer believes that such a record should not remain unpublished.

A devoted wife and mother, a faithful servant of the Christ in whom she believed an ardent worker for any cause which she believed was a help to mankind.

She has laid aside the cross and gone to receive the promised reward.

Over just beyond the hill top Where the sun sets in the west, To the land of wondrous beauty, Where the weary soul shall rest.

GRANVILLE CENTRE

Mr. Henry F. Troop had the misfortune to fall from a disc harrow and break his right arm.

Miss Barbara Willett, who has been in the employ of the Willett Fruit Co., St. John, has resigned her position and will spend the summer at her home here.

Miss Edith Goodwin, student at Acadia University, is spending the vacation at home.

Mrs. John W. Wade and her sister, Miss Myra Lang, of Boston, returned last week and will spend the summer at Mrs. Wade's home here.

Mr. J. Norman Wade is making extensive improvements on his house.

Mr. Boyd Tanch, who has spent the winter in the U. S., has returned and will occupy his home for the summer months.

Mr. Joseph Gesner is enlarging and improving his house recently purchased from the estate of the late George T. Bent.

Mrs. Edith Hunt, of Lynn, is visiting relatives and friends here.

The many friends of Mrs. David Wade and Mrs. J. C. Withers regret their removal from the neighborhood to reside at Granville Ferry. They will be greatly missed by all and especially by All Saints Anglican Church, where they were interested workers.

Mr. and Mrs. George T. McCormick have moved into their new home recently.

DOUBLE WEDDING AT INGLISVILLE

The Baptist Church at Inglisville was the scene of a very pretty double wedding on the evening of June 6th at 7:30 o'clock, when Flora May, eldest daughter of Mr. and Mrs. Fred Nangle, became the bride of Ray Ellison Whynot, son of Mr. and Mrs. Joseph Whynot, of New Germany, and Eiva Dorothy, only daughter of Mr. Samuel Gaul, became the bride of Jasen Kinsman Lowe, son of Mr. and Mrs. William Lowe, of Cherryfield. Rev. A. H. Whitman performed the ceremony. The wedding marches were beautifully rendered by Miss Stella Whitman.

The brides and grooms were the recipients of many handsome and useful presents, including silverware, glass, aluminum, linen, etc. The grooms gift to the bride was a cabinet of silverware, and to the organist a silver-plated nut bowl.

The brides' travelling suits were blue serge with hats to correspond. Both couples left the following day to visit the grooms' parents.

Mr. and Mrs. Lowe will reside in Inglisville, and Mr. and Mrs. Whynot expect to leave for Ontario in the near future.

We wish them a long and happy wedded life.

Each bride entered the church on the arm of her father, and took their places on the platform beneath an arch of apple blossoms. Both brides looked charming, each wearing a costume of white satin-de-chene with radium over lace, and wearing the bridal veils with orange blossoms. Each carried a shower bouquet of flowers. Mr. Archie Beals and Mr. Robie McGill acted as ushers.

Following the ceremony, receptions were held at the respective homes of the brides' parents, where a beautiful collation was served.

Mr. and Mrs. J. W. Calne's house for the present.

Mrs. Frost, of Yarmouth, is the guest of her daughter, Mrs. Margaret Gavel, at the home of Aubrey Rafuse.

Mrs. Gavel, teacher in the school here, recently held a public examination which was largely attended. The work done reflected credit on teacher and pupil. General regret is expressed that Mrs. Gavel is not remaining another year.

Mr. J. M. Palmer spent Sunday at his home in Melvern Square.

Mr. and Mrs. Ernest Barteaux and friend and daughter, of Upper Clements, were Sunday guests of Mr. and Mrs. G. A. Barteaux.

Mrs. M. Banchman went to Upper Clements on Wednesday last to visit Mr. and Mrs. Homer Potter.

Mrs. E. Hines left on Friday for a visit with relatives in Paradise.

Mr. and Mrs. Wm. Sanford and son spent Sunday in Clementsvalle.

Mr. and Mrs. R. G. Ritchie, of Lawton, spent Sunday at the home of John McLeod.

PORT WADE

Clayton Prosser, of Acadia College, visited here last week with his parents, Mr. and Mrs. M. F. Prosser.

The pulp business is prospering fairly well here under the management of M. F. Prosser. On Sunday many strangers came out in the open (as the woods is full of them) that they may see the sun and perhaps the daughter.

E. L. Balcom motored to this place on Saturday, bringing with him two gentlemen who are interested in the keg stove industry, one of Philadelphia, P.A., the other of New York City, N. Y.

Mr. Bacon, of Digby, having purchased the old Merry homestead of Spencer Merry, moved here last week.

A beautiful Sunday after the recent heavy rains and threatening weather was highly appreciated here, though in much need of the rain the inclement weather nearly gave us the "blues".

Mrs. Abbie Saunders and family, of West Paradise, visited this place on Sunday by car.

Our teacher, Miss Crosscut, is engaged to teach at Plympton, Digby Co., for the ensuing year.

Madeline Cousin is attending school at Burwick, Kings Co.

Mrs. Ralph Hayden is visiting at Lynn, Mass. He is expected to return home in a few days.

Mr. William Ryder and family moved to Roxbury, Mass., on Friday. Capt. Ryder and son Gordon have good positions there. Sorry to have this family leave us.

Let Us Help Make Your Garden Beautiful

We have Asters, Cosmos, Godolias, Petunias, Pinks, Salvias, Snapdragons, Stocks, Verbenas, Zinnias, etc., for your Flower Beds, and Alysium, Ageratum and Lobelia for bordering them.

We can supply you with suitable Plants for Window Boxes. Verandah Hanging Baskets filled attractively.

COURT SENTENCES

TRURO OFFENDER
H. A. Dickie Ordered to Pay \$500 or Go to Penitentiary For Two Years.

Truro, N. S.—In the Supreme Court, H. A. Dickie, who was found guilty of a serious offence against a young girl, was sentenced by Judge McKenzie to pay a fine of five hundred dollars or in default of payment two years in Dorchester penitentiary. Application for a Crown case reservat was refused. Before sentence the Attorney General asked to be heard. He said that the accused had been found guilty of a serious offence. That a few days ago a colored boy had been found guilty of the same offence and had been sent to Dorchester. There was a difference in this case namely that more could be said for the colored boy than for Dickie. Dickie was a man of education and position while the colored lad had no advantage. If any distinction was made by the court the public would consider that there was one law for the colored boy, and another for the white professional man of influence and means. Judge McKenzie said that no doubt there would be criticism. That was a distinction. Dickie was a widower with a family while Johnson, the colored man, was a younger man and unable to pay a fine.

An old law is still extant in Virginia which imposes a fine of fifty pounds of tobacco on a man if he absents himself from church for one month without a valid excuse.

MISS C. THERRIEN GAINS 15 POUNDS

Declares Tanlac Entirely Overcame Indigestion, Palpitation, Dizziness and Weakness.

"Mother certainly did me a good turn when she had me try Tanlac, for the treatment restored me to perfect health again," recently said Miss Cecile Therrien, popular young lady residing at 230 Joliette St., Montreal. "It was about three years ago I suffered for a whole year with indigestion, palpitation of the heart and general debility. I became terribly thin and underweight, and felt weak and dizzy all the time.

"Well, mother got me started on Tanlac and the treatment made my digestion good and ended that palpitation and weak, dizzy feeling altogether. I gained about fifteen pounds, and recovered my health so completely that I haven't had any trouble since, but have been feeling better than I ever have before. I think Tanlac is just wonderful!"

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

"UNITED CHURCH" IS STRONG IN NUMBERS

Toronto.—The organization of the Presbyterian, Methodist and Congregational churches under the plans in the proposal adopted by the Presbyterian General Assembly will create a very powerful ecclesiastical organization from a numerical standpoint. The census of 1921 gives the number of persons belonging to the churches which will come under the union plan as follows:
Methodists 1,158,744.
Presbyterians 1,408,812.
Congregationalists 30,574.
Total 2,598,130.
This is 29.56 per cent. of the people of Canada. Allowance must of course be made for the possibility of dissentients breaking away and forming another church.

The leading Christian denominations outside of the union are:
Roman Catholics 2,383,693.
Anglicans 1,407,959.
Baptists 421,730.
Lutherans 287,484.
Adherents of the Greek Church 169,822.

PHINNEY COVE

Mrs. Winnifred Young and daughter, Marjorie, are spending a few days with Mr. Harley Farnsworth.

Mrs. Smith has recovered from her sickness. Her daughter, Mrs. Augusta Spicer, is with her at present. Mrs. Clyde Chute and Mrs. Vernon Bent have also recovered nearly their former health.

Mr. and Mrs. Otis White visited Mr. and Mrs. Frank Poole at St. Croix Cove, on May 27th.

Mr. Elvin Daniels, of South Lawrencestown, and Miss Ulicia Chute spent the third with the latter's parents, Mr. and Mrs. Frank Chute.

Mrs. Richard Sarty and son Walter, and friend, Miss Annie Karns, of Granville Centre, also Mr. and Mrs. Curtis Rafase and children, of Parker's Cove, were guests of Mr. and Mrs. Edmond Bent on the 3rd.

Lawyer Morse, of Bridgetown; Mr. and Mrs. Howard Porter, of Brooklyn, and Misses Dolly and Grace Chute, of Brickton, were guests of Mrs. Enos Munroe on May 27th.

Mrs. Thaddeus Falls, of Prince Albert, visited her cousin, Mrs. Enos Munroe on the 1st, remaining till the 4th.

Mrs. Sarah Snow, of Parker's Cove, is spending a few weeks with Mrs. Enos Munroe.

Messrs. Ernest, Lawrence and Simeon Chute, and Mr. Paul Bezanon, of Brickton, were calling on friends here on May 26th.

Mrs. Louis Bent and two little daughters, of Granville Centre, visited her aunt, Mrs. Effie Bent, on the 4th.

Mrs. Annie White and daughter Alexis, returned from Wolfville on the 23rd May, having spent the Autumn and Winter there.

Mr. Frank Chute is getting some great catches of salmon and mackerel in his weir.

The full moon of May is far on the wane, and we have heard nothing of our monthly pie sale.

We hope our women have not got weary in a good cause. Making pies is a good cause, isn't it, Mr. editor?

PLANNING TO WIND UP THE SESSION

New Expected It Will Be Over at End of June—Redistribution May Go Over.

Ottawa.—With a steadily rising mercury and with fatigue being admitted by even robust members, there is evidence of a strenuous effort to terminate the present session of Parliament by the end of June. It has been widely conceded that proration would not come before the middle of July, but steps are being taken to prevent such an incursion into the middle of Summer.

The first and most notable step is the postponement of Redistribution until next session. Although no decision or announcement has yet been made, it is known that sentiment in all three parties is growing in favor of such a move. The Progressive Party is not so insistent upon its completion this session as it was six weeks ago, and the Ontario members of that party are said to be strongly of the opposite mind now.

Some knotty problems have presented themselves in connection with the readjustment of representation in Ontario and Quebec, where there is necessitated an addition to urban and subtraction from rural members, and it is believed that if an amicable settlement was awaited on these situations this session most of July would be consumed, so that, as time is a great mollifier, a peaceful purpose would be served by allowing solution of the problem to wait until another session.

It is believed that the Bank Act will be ready to emerge revised from the Committee on Banking and Commerce this week and that the bill can go to the House next week.

CORRESPONDENCE

Editor Bridgetown Monitor:
Sir:—Now that the entire province has entered so wholeheartedly into the most commendable resolve, to transform our Nova Scotia, The Gem of the North country, into an international picnic ground—for which Nature so graciously adapted her. Our Government most notably expecting every city, town, village, hamlet, man, woman and child, to put forth the greatest endeavor, collectively and individually.

So it seems rather unfortunate that Bridgetown has not exploited her long and attractive stretch of canoeing water. Checked evidently by the nemesis of her villainous river mud.

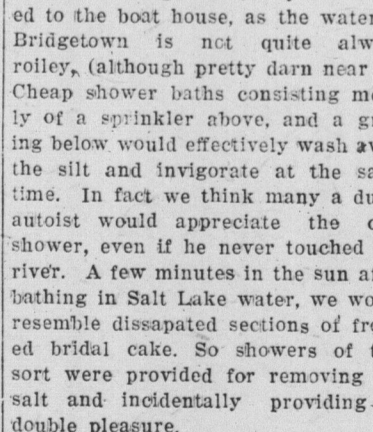

But at the upper side of the south end of her traffic bridge lies an attractive and quiet pool, both on the ebb and flow, where the town or an enterprising citizen, by constructing a platform on 4 or 6 empty casks and connecting this float with high water by a light rail on casted piling, firmly secured by two stout ring-balls at each end. Thus forming a clean, dry and safe connection between the upland and the water, at the same time providing an idea fore and aft mooring. Two heavy weights over pulleys, automatically keeping the raft to the bridge, where it would slide up and down along two poles and seatings. At the head of the landing provides a stowhouse where canoes may be hired and spaces for other canoes rented. A light table and tall, or crank and roller windlass, plus a line of skids alongside the gang plank, generously greased with river mud. Skiffs could be very easily run to high water and pushed over suitable rollers under the canoe house and locked up. The float taking the ground at half tide, thus giving six hours boating each day.

Along the river, at suitable places for tenting, picnicing, etc., provide light floats, outer ends secured by two stout posts driven firmly into the mud, and secured well at the tops, allowing sufficient play for rise and fall with the tide, and presto! Bridgetown is an attractive watering place. P.S. Bathing booths may be attached to the boat house, as the water at Bridgetown is not quite always rolley, (although pretty darn near it.) Cheap shower baths consisting mostly of a sprinkler above, and a grating below would effectively wash away the silt and invigorate at the same time. In fact we think many a dusty autoist would appreciate the cool shower, even if he never touched the river. A few minutes in the sun after bathing in Salt Lake water, we would resemble disreputable sections of frosted bridal cake. So showers of this sort were provided for removing the salt and incidentally providing a double pleasure.

Respectfully,
L. V. S.

HEALTHY CHILDREN ALWAYS SLEEP WELL

The healthy child sleeps well and during its waking hours is never cross but always happy and laughing. It is only the sickly child that is cross and peevish. Mothers, if your children do not sleep well; if they are cross and cry a great deal, give them Baby's Own Tablets and they will soon be well and happy again. The Tablets are a mild but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation, colic and indigestion and promote healthful sleep. They are absolutely guaranteed free from opiates and may be given to the new-born babe with perfect safety. They are sold by medicine dealers, or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The Value of a Guarantee

lies not so much in its protective penalty as in its satisfying assurance. No firm selling goods with a guarantee attached, expects to be called upon to pay the penalty. For it is naturally the intention to so carefully guard the quality that dissatisfaction will be impossible.

Throughout its many years of service "King Cole" Tea has consistently been sold with a guarantee—a guarantee definite and substantial. It is printed on every "King Cole" package.

It carries to the buyer an evidence of good faith—a confidence in ability to serve—a determination to serve well.

AYLESFORD MANGANESE MINE

The Aylesford Manganese Mining Co. have been operating their mine for about four weeks. The mine is situated about three miles south of Auburn Station on the D.A.R. W. H. Buddie, who has wide experience in mining development, was induced to come here from the silver mines at Cobalt to take charge of the underground work, says the mine is a good one. W. F. Jennison, of Truro, is the consulting engineer of the company, and W. E. Bishop, of Aylesford, the managing director, is at present in Halifax attending the Masonic convention and looking after some business in connection with the mine.

CAUTION NEEDED

The Halifax Chronicle says editorially:—Mechanics who are thinking of moving to the United States, attracted by high wages, may be interested in an article in The Literary Digest on the threatened collapse of the building boom. Construction activities, it is said, are being checked by excessive cost of labor and material. Building permits in New York City for April are reported as falling off 76 per cent. from the March figure. The Chicago Tribune says that \$75,000,000 worth of building in Chicago has been indefinitely held up. Some lay the blame on high wages, others on profiteering in adding to the price of material, others on both. In any case, there are fears that the building boom will come to an end unless the cost is reduced, so that the men in the building trades may have to look forward either to reduction of wages or unemployment.

This emphasizes the warning we have repeatedly given, that those planning to go to the United States should make careful inquiries before they make a move that may be, and probably will be eventually, much for the worse.

THE CASE OF THE MARITIME PROVINCES

By George Bidlake, Fredericton, N.B. (In Saturday Night.)

That the feeling of discontent that has existed among the people of the Maritime Provinces during the last few years, with regard to the relations between the provinces and the Dominion of Canada as a whole, and the indifference with which the appeals for fairer treatment of these provinces has been met, coupled with an entire lack of all desire to give them "a square deal", is now deepening into one of keen resentment, is clearly indicated by the vigorous determination with which Provincial Legislatures, the various Provincial Boards of Trade, and other organizations, have lately taken hold of the matter, in an effort to obtain some amelioration of existing conditions, and a proper recognition of the Provinces' strict rights under Confederation.

Canadians as a whole are perfectly well aware of the fact—though the majority of them living west of Quebec find it more convenient to forget or ignore it—that the Dominion of Canada owes its existence mainly to a project which had its inception in the Maritime Provinces. It was the movement to unite these three provinces into one that prompted the leading statesmen of Ontario and Quebec—then known as Upper and Lower Canada—to suggest the amalgamation of all the provinces into one confederation nation, with a view, presumably, to the common advantage of all. Whatever may have been the benefits that the people of the Maritime Provinces expected to accrue from a unification of their three provinces, it is evident that they anticipated very little from Confederation. Prince Edward Island flatly refused to have anything to do with it; Nova Scotia did not want it, and only agreed to come in after considerable pressure by the Imperial authorities, on the ground that it would materially strengthen the Empire; New Brunswick, where a general election was fought on that issue turned it down also. Pressure similar to that used on Nova Scotia was then brought to bear on New Brunswick, with the result that a second election was held by which Confederation was accepted. In return for the surrender of their rights and privileges as independent, self-governing colonies, and the pooling of their revenues from their customs and excise, and some other sources, these provinces were to receive from the Dominion Government a subsidy at the rate of 80 cents per head of the population, together with some other allowances towards governmental expenses, and the Dominion took over their provincial debt.

The chief item in the Confederation pact however, was the undertaking by the new Dominion to forthwith construct a railway from Halifax to Montreal, to link up the Maritime Provinces with the other parts of Canada, in order to provide direct communication and thereby foster and promote inter-provincial trade. It was not until the construction of this railway had been guaranteed, that Nova Scotia

LARGEST RESTAURANT IN THE WORLD TO BE OPENED IN LONDON

London.—The next time a Yankee tourist starts telling a Liffolmer how much bigger things are at home, he will probably be taken down to Piccadilly Circus and shown the largest restaurant in the world. It has just been opened and the catering company which operates it expects to serve ten million meals in the next twelve months. Boosting statisticians say the biggest eating place in America serves only two million meals a year.

This enormous establishment every day will employ 900 waitresses and enough other help to make a pay roll of 1,000 persons. And the jazziest cafe in Montreal or New York will not be one bit noisier, for this new restaurant is to have a band blaring in every big room. There are many rooms, too, big, little and middle sized, scattered over five acres of floor space.

Minard's Liniment for Burns & Scalds

A GOOD SUGGESTION

Mr. John R. MacLeod, a Halifax capitalist and an old Pictou Academy student, was interviewed recently in Upper Canada in regard to Mr. Corning's resolution in the House of Assembly for secession. Mr. MacLeod said:—

"It is not so much that people desire to secede, as it is that seemingly in Canada's natural development no place has been found for Nova Scotia, her Maritime possibilities and other dormant assets. The situation economically has been steadily growing worse. There is every good reason why Nova Scotia should consider her position in Canada. Audits and inventories are wholesome agencies in even national enterprises. Undoubtedly, in Mr. MacLeod's opinion, "it would be wise for the province to make a commercial and industrial survey, investigate actual conditions and ascertain the possibilities within and without the Dominion. Manifestly, any re-reading to elicit public opinion should be preceded by such a commission of inquiry in order to state fairly any reference to the people."

Little Robert D'Entremont Struck by Car and Lined Only a Few Minutes.

Yarmouth.—The peaceful village of West Publico was plunged into sorrow on Sunday when Robert, the nine-year-old son of Mr. and Mrs. Caesar D'Entremont, was almost instantly killed by an automobile. The little fellow was riding on the back end of a motor truck, driven by Eli Pothier, and as the truck came to a standstill the boy stepped out into the road, only to be "knocked" down by an auto that was coming from ahead.

FREE 10 Quicker, Easier Shaves

Millions of Men Save Shaving Time, Now

We ask you to try what they tried

Quicker shaves now save time for millions of men. Easier shaves save skin irritation for millions of faces.

These men did what we ask you to do: they tried, at our expense, the shaving cream which has 5 distinct ways to give better, quicker shaves:

PALMOLIVE SHAVING CREAM multiplies itself 250 times in rich lather. Without rubbing-in, this lather softens any beard in one minute.

It doesn't dry—lasts 10 minutes on the face. Lather-bubbles, strong-walled, hold hairs erect for easier cutting.

Produces a lotion-like after-effect—soothing to skin.

Try it. Our expense. It cost 18 months' time—130 experiments—to perfect this cream for you. Test for yourself our claims. Mail coupon.

The Women's M. S. Auxiliary of St. James' Church, held the last of their active sessions for the season on Tuesday of last week. A considerable amount of routine business was transacted from which emerges the fact that although "work" meetings have been suspended for the Summer months the branch is to be by no means inactive. A "Pantry Sale" is arranged to be held in St. James' school room next Saturday afternoon, commencing at 4 o'clock (see advertisement in this issue) and a "Strawberry Festival" on the grounds of Mr. E. R. Orlando on a date to be announced in due course. Other projects are also in view which suggest that this auxiliary is very much alive.

NOVA SCOTIA RIFLEMEN WON

Capture the Inter-Maritime Competition With a Good Margin.

Sussex, N. B.—The thirty-first annual Inter-Maritime Rifle Shooting Competition was held on the Sussex P. R. A. range. The weather conditions were not favorable. The Prince Edward Island team won by a score of 251 at the 200 yard range.

After lunch the 500 and 600 yards were shot and the weather conditions were anything but ideal. The wind was tricky. It was quite dark due to a cloudy sky and dense smoke from the forest fires. Nova Scotia won at the 500 yards with a score of 429, and New Brunswick won at the 600 yards with a score of 229.

Nova Scotia won the match with a total score of 715 for the three ranges; Prince Edward Island was second with 701, and New Brunswick third, with 696.

Oscar J. Dick, St. John, made the highest individual score, 97.

Local Happenings

The service next Sunday afternoon in St. Mary's Church, Belleisle, will be the usual hour of three.

Thursday, June 21st, being second nomination officers I.O.O.F. and other important business a large attendance is requested.

Cases of this kind, we are happy to state, do not often occur in connection with The Monitor, but it becomes necessary to state that contributions such as letters and news items sent in must be accompanied by the name of the sender, not for publication but as an evidence of good faith.

Of local interest is the death of Dr. David Webster, internationally known as an oculist and eye surgeon. He was uncle of Miss Grace Woodward a teacher in the Waltham High School, and was known to several local physicians. He died at his home in New York City at the age of eighty-one after a lingering illness. He gave up active practice four years ago. Dr. Webster had held many positions of importance, among them one in the New York Polytechnic Institute, Dartmouth Medical College, and other schools. He was chief surgeon in the Manhattan Eye, Ear and Nose Hospital and was President of the New York Medical Society. Funeral services were held for him on Tuesday in New York and on Wednesday at his former home in Weymouth Heights where interment took place.—Waltham Evening News.

Dr. Webster was a brother of Mrs. Rupert Woodward, a former resident of this town, and an uncle of Wm. C. Woodward, Upper Granville. He was well-known among the prominent medical men of this province.—Ed. Monitor.

DISTRICT MEETING OF METHODIST CHURCH

The Annual District Meeting of the Methodist Church for Annapolis District was held in the Methodist Church Bear River, June 5th-7th. All the ministers of the district in active work and one supernumerary minister, Rev. Arthur Hockin, responded to the roll call. Although the time of year is not suitable for laymen, yet a number of laymen were present and took an active part in the deliberations.

Very encouraging reports were submitted from the various Circuits and Missions in the districts, although the very severe winter seriously interfered with the work on all the fields.

Rev. Hubert C. McNeill, of Digby Neck, Mission was obliged, much to the regret of his brethren, to ask for a supernumerary relation on account of ill health. Mr. Charles H. Young, who has very satisfactorily supplied Weymouth mission during the year, passed a very creditable literary and oral examination, and was appointed to college, with the recommendation that he be permitted to attend Wesley College, Montreal. Mr. Merton Ewing, of Nicholasville, who has been on probation for six years, and passed his college and Circuit course of study, with a highly creditable record, was recommended to the Conference for ordination and full reception in the ministry of the Methodist Church.

In view of the changes in the pastorate of Digby Neck and Weymouth the district recommended to Conference that no ordained married men be sent to these fields unless the missionary grants heretofore paid be very materially reduced by the members and adherents increasing their contributions.

On account of the stringent financial conditions on Bear River Circuit the district strongly recommended to conference that Bear River be constituted a mission.

On Tuesday evening a public meeting was held in the church at which very helpful and inspiring addresses were given by Revs. Thomas, Preestone and Rackham. The music by the choir, assisted by Rev. W. H. Rackham, was of a fine order. Despite the rain which was very much needed, the attendance was good.

All the meetings were presided over very ably by Rev. J. G. Hockin, chairman of the district.

REV. MUNNS OCCUPIES PULPIT

(Continued from Page One.)

Mr. Kenneth Brooks left here on Saturday's boat for Boston.

After almost two years of suffering and being "shut in" it is a joy to see Mrs. Charles Covert able to get to a church service and to know that she can walk to her nearest neighbors once more.

Miss Irma Campbell visited in Brickton for the week-end with Mrs. Richard Stevens.

Mr. and Mrs. Richard Tretheway, of New Germany, have recently been visiting at the home of Mr. R. H. Mason.

Mr. and Mrs. Clifford Day, of Liverpool, were the guests lately of Mr. and Mrs. H. P. Layte.

Mrs. Norman Buckler, of West Dalhousie, is visiting her sister, Mrs. John Jackson.

Miss Leon Banks, accompanied by Miss Mellick, Miss Luck VanBuskirk, and Mr. Geo. Jefferson, motored from Bear River to Paradise June 17th spending the day at Miss Banks' home.

Please do not forget to consult the posters from time to time in the local stores. If you do you may miss something special.

The women's Saturday sale of doughnuts and fancy bread promises to be decidedly popular for the Summer.

Telephones have lately been installed at the homes of Mr. J. S. Longley and Mr. R. H. Mason.

Those who are planning on a good time and a good supper will not be disappointed Thursday evening in the church vestry.

Church Services, June 21st:
Clarence, 11 a.m.
Paradise, 3 p.m.
West Paradise, 8 p.m.

Mr. and Mrs. F. W. Bishop spent a pleasant and profitable afternoon quilting at the parsonage, June the 13th.

A number from here availed themselves of the Sunday services at Nicotax, others took in the services on Thursday and Friday. The regular delegates from the church were: Deacon Norman Longley, Mrs. Norman Longley and Mr. Fred Balcom, and from the Missionary Society, Mrs. B. W. Saunders and Mrs. Annie Rice. The S. S. Library Fund continued to grow. Recently the "Willing Workers" held a social in Longley hall and the Junior department gave an entertainment in the church vestry, realizing in the instance the amounts which they hoped to see.

Mr. Lewellyn Bowby, of Yale, and Mr. Ronald Longley, of Harvard, are home with us again for the Summer.

Mrs. (Dr.) Hamilton and son, of Hampton, are the guests of Mr. and Mrs. D. W. Jodrie.

Miss Francis Lewis recently was the guest of Mrs. Vernon Morse and Mrs. H. W. Robinson. Her many friends are glad to learn that she has accepted a department in the Lawrenceton school for next year.

Mrs. Reginald B'shop and little son are visiting Mrs. James Thorne, in Lower Granville.

Mr. Anthony Banks recently spent the week-end with Mr. and Mrs. Floyd Banks, at Aylesford.

Beware of the man who professes to be your friend, but who is given to drawing uncharitable inferences.
