The Robert Simpson Company, Limited

"CON" JONES COMES ON A SPRING MISSIONARY TRIP

Who Will Ditch Opening Game? Rudolph and Lush Not Ready, and Maxwell Will Likely Land the Job - The Herbert Case.

It is nearly two weeks yet before the International League season opens, but the fans are putting in the idle days trying to dope the heater that will work for the Kelley Band one week from Wednesday in Newark.

Johnny Lush, he of the portside delivery, is a warm weather pitcher, as everybody knows, and is putting on weight rapidly. He is considerable over his playing weight at the present and with the warm days not yet here, he is eliminated.

Rudolph, premier pitcher of the International League last year, and the mainstay of the Leafs' hurling corps for some few seasons, is sporting a very lame left leg, it will take Dicky all of a week to get the soreness worked out and then a few days more before he will be able to put the "stuff" on it.

Of the regulars this only leaves Bert Maxwell and Al Press, and it looks like Maxwell will be the man to pitch the opening day ball, and the whole season for Toronto seems to be in his hands. Manager Kelley is satisfied that he will get one of the big noises of the Barrow circuit this season. With Maxwell in form the Newark Redskins will have a real task to get the opener.

If Maxwell should develop anything in the sore arm line or retire on the hop, the list before the opening day is outside his recruit Herbert the job. Herbert, who comes from the Ottawa Canadian League team, has been showing more training than any of the squad in the regular job. The only drawback is a lack of experience, but he is learning fast and looks like second choice for the start-off honors.

Frank Chance will wear a head gear when at the bat and expects to be able to hit them out in the old time fashion.

Back Rose has been turned back to the Hamilton team by Baltimore. Rose worked out with the Leafs in the south, but failed to impress Manager Dunn. Chubby Jack has five more heavers to let out before opening day.

Tony Citraro is another bird who is sure to get the hook. He is slated for a Class C league.

Rochester fans are going to buy an automobile for Manager John Gansel, but to date the money has been coming slow and John may get the best of the deal until the snow is in the ground again.

Orville Overall has accepted terms with the Chicago Cubs.

These are hard days for the poor ball players. A time clock has been installed in the St. Louis Browns' dressing room and any man late for morning practice will be docked.

Hamilton and Berlin will play on new parks this summer, while those of Ottawa and London will be renovated and enlarged. Nothing now appears to be too good for the Canadian Leaguers.

Clark Griffith has a war cry that he will "hit it out," or something like that, and the Cuban recruits, one of whom at least, Acosta, is likely to stick.

Manager "Knotty" Lee of the Hamilton Club may use Marty Killian in the year. "Scotty" Cameron has quit the same for good.

Pitcher Sammy Smith will likely be back with the London Club "Rube" Marquard he finds stage life "Rube" on in the baseball business. Smith has been in Montreal and Toronto as an International Leaguer.

MEYER'S TEAM BEAT WASHINGTON. WASHINGTON, April 3.—Brooklyn defeated Washington, while those of Ottawa and London will be renovated and enlarged. Nothing now appears to be too good for the Canadian Leaguers.

PHILADELPHIA, April 3.—The Philadelphia Athletics won their third straight game from the local National League team today, 5 to 1.

Pennock was hit freely, but managed to keep the hits scattered. Collins' three Americans runs. Score: Philadelphia, 5; Nationals, 1.

Batteries—Pennock and Egan; Seaton, Doolin and Howley.

British Columbia Boxing Championships. VICTORIA, B.C., April 3.—Somewhat disappointing was the turnout at the British Columbia boxing championships last night, the titles being captured by James Bay A. entrants.

The failure of the Vancouver and Seattle entries to show up, instructor Billy Davies refused to allow the show to proceed without first informing the fans if they wished. The rush for coin at the box office was the J. B. A. A. despite the fact that the boxers agreed to go on without any medals.

Moherall, 125 pounds; Donald McKay, 125 pounds; Scotty McKay, 145 pounds; B. Cott, 155 pounds; and Gunner Rosa, heavyweights, all came by British Columbia boxing championships in easy fashion last night, there being no outside entries to compete against them.

In the light and welterweight classes the two McKays took the titles by default. Bantamweight Champion Al Davies also held his provincial title by default.

WESTERN F. A. STANDS FOR AMATEURS ONLY. At a meeting of the executive committee of the Western Football Association held on Tuesday at Vancouver, the association voted to professional soccer in any form.

Ontario Football Association continue its connection with the English Federation through the application of the two first-named associations must be terminated.

LACROSSE COMMISSION ONLY POSSIBLE SOLUTION

Con Jones Arrives From the West and Explains the Situation—He Paid That Money to New Westminster All Right.

Con Jones, the coast lacrosse magnate, arrived in town last night, accompanied by Lionel Yorks, manager of the Victoria team, and J. T. Hewitt, sporting editor of The Daily Province, Vancouver. Jones stated as follows: "I have come east to meet the members of the D. A. regarding the formation of a lacrosse commission and to see how we can get together for our mutual benefit."

Simcoes Add 26 Pins to Windsor's High Mark in Athenaeum League—Scores.

With the grand total of 3011, the Simcoes, rolling against Eatons in the Athenaeum A League, just added 26 pins to the season's high team mark made by the Windsor on Wednesday night, their first mark, while the middle string was only 13 pins short.

ATLANTA FANS FROM TORONTO

Southern Leaguers in Better Condition and Play Snappier Ball—Grant Reports, But Not Tim Jordan.

ATLANTA, Ga., April 3.—(Can. Press)—The first of the League's important exhibition games on route to the south was played here this afternoon with the Atlanta team and resulted as last, in a defeat by 3 to 2. The crackers are much further advanced in the matter of consistent snappy baseball.

When the Kelley's arrived here at noon, after a tedious ride from Maccon, Brant was waiting at the hotel. Brant is the right-hander secured by Toronto from the Boston Americans. He is a tall, strongly built youth with a delivery very similar to that of Maxwell.

Winnipeg Show Horses to Come

Lieut.-Gov. Cameron's String May Exhibit at Toronto, Ottawa and Montreal.

WINNIPEG, April 3.—The idea of several Winnipeggers, prominent among them His Honor Lieut.-Governor D. C. Cameron, sending horses to compete in the big eastern horse shows during the next month is being mooted in racing circles here at the present time.

TOMMY BURNS BACK IN FORM.

CALGARY, Alta. April 3.—Tommy Burns and Arthur Pelkey fought six fast rounds here last night. It was a no-decision af- fair, the Burns forced the fighting at all times. Burns scored three knockdowns and was floored once by the giant Pelkey, but was on his feet instantly and con- tinued his rushing tactics. Physically, Burns was in surprisingly fine condition, but failed to judge blows to best advan- tage. To give Burns credit he gave an impressive demonstration of come back ability and ringside critics believe he would have won by a knockout over a longer route. It was a slam-bang battle from gong to gong. Pelkey is a huge fel- low, capable of taking a real wallop and landing one himself. Burns worked ef- fectively with both hands, while Pelkey depended largely upon left jabs.

FAVORITES FAIL AT JAMESTOWN

NORFOLK, Va., April 3.—Small fields of only moderately rated horses figured in the third day at Jamestown. Favorites fared badly, too, the interest was well sustained through the afternoon. HARNESS HORSE GOSSIP

(By Ed. Baker.) Al Proctor left for Calgary last night. Ed. Geers, the veteran reinsman, recently celebrated his 61st birthday. Reports from the west say that a num- ber of noted horsemen will train at Por- tage la Prairie, C. Louis, Minnesota. Al Russell from California, George Spencer with A. C. Mackenzie's string, and Billy Fleming, with W. J. Cowan's horses, be- ing among the number. L. H. Edmonds, the noted Blenheim horseman and owner of the first Grand Opera, the pacer that has a half mile track record of 2:12 1/2, was in the big city yesterday. He owns the promising green pacer Prince Super, that raced at Dufferin Park last fall. The pacing gelding, Richard S., 2:13 1/2, owned by O. B. Sheppard of this city, is now in John Deere's stable and will be raced by the east end horseman this year on the Canadian circuit. If Richard is himself again it will take a smart pacer to beat him in his class. It is known that when Truman Lowes of Calgary made his recent raid on the eastern speed market he came very near getting the local topper, R. J. Little, Ethan, 2:10 1/2, owned by Bob McBride. The horse has a very high regard for this mare, but R.J. likes her just a little bit better. Owner John C. Ward and Trainer Art Bedford have decided to stick to the half mile track this year and race their stable of five pacers on the Canadian circuit, afterwards invading Michigan. The horses in this string are: Ritchie, 2:08 1/2, Greatest Heart 2:12 1/2, Enow 2:16 1/2, Jack Johnson 2:28 1/2, trotting, and Ellen W., no record. Seneca Maid, 2:30, dam of the ill-fated Penisa Maid, 2:04 1/2, recently lost a foal by the Allerton stallion, Redac, 2:07 1/2. The Canadian champion trotting stallion Jack McKerron, 2:07 1/2, owned by Crow & Murray of this city, is in the stud at Patterson Bros. Stock Farm, East To- ronto. This horse carries the fastest re- cord of any trotting stallion standing for service in Canada and is one of the best stallions in America. When John E. Madden sold the trotting gelding Crescote to Nat Gray for \$2,500, Kenzie, the Kentucky horseman remark- ed to Nat: "You will win the M. & M. Trotting stakes in this city in the stud, the horse's owner, Truman Lowes, is a genuine sportsman. A recent wire from Calgary states that the trotter Dr. Wilkes, 2:13 1/2, is rapidly recovering from the attack of pneumonia which struck him shortly after arriving in the western city. This is good news, as the horse's owner, Truman Lowes, is a genuine sportsman. The front page of the illustrated sec- tion of The Sunday World, which will be out Saturday night, is devoted entirely to the horse. Beautiful pictures of noted thoroughbred and standard-bred appear on it, and, altogether, it will be found interesting to horsemen. The pacer mare Pansy, by Roadmas- ter, of the Sunday World, which will be out Saturday night, is devoted entirely to the horse. Beautiful pictures of noted thoroughbred and standard-bred appear on it, and, altogether, it will be found interesting to horsemen. Pansy was much better than an ordi- nary pacer, which she demonstrated on the ice at Ottawa in the memorable

2:35 class pacing stake won by the little mare from Pieton, Yuri, after eight heats of desperate racing. She and Star Brino each won two heats, and Vic- tory Hal, one, with Yuri carrying off the necessary three, and with better handling in the race, Pansy should have won. The mare has no turf record, but as she will have to clash with horses like Grand Opera, her chances of winning ap- pear slim indeed. The eighth annual meeting of the Winnipeg Amateur Driving Club was held in Winnipeg Monday of this week when the following officers were elected: Hon. president, A. A. Gilroy; president, Alex. Stewart; vice-president, H. A. Dangler- field; secretary, Rupert S. Hamilton; treasurer, W. B. Pickett. The executive committee appointed was composed of the following mem- bers: Dr. Benson, H. E. Burgess, J. E. Robertson, A. Dodge, G. Ford, H. Moore, Clevelde Farm, Colonel Pa. Roche will again officiate as starter, and C. A. MacIntosh was elected assistant starter, and will occupy the starter's box in the absence of his confrere. The floods in Ohio last week are responsible for the loss of at least one noted horse as the Director General, the Chicago succumbed to an attack of pneu- monia, due to exposure. The Director General was a black horse, and son years ago by Kentucky, 2:37, dam Winnifrede, by William L. He was bred by the late A. H. Moore, Clevelde Farm, Colonel Pa. and was owned at the time of his death by Frank McCloud of Dayton, Ohio. In the stud, The Director General was a pronounced success, as he was the only stallion to have four of his get in the 2:30 class. The first of The Director General's attract attention to that stallion as a sire of extreme speed was Mainstreet that took a trotting record of 2:05 and was owned at the time of his death by Frank McCloud of Dayton, Ohio. Mrs. Pankhurst Is Given Sentence of Three Years

Jury's Strong Recommendation to Mercy Had Little Apparent Effect on Judge Lush, Who Said Severe Sentence Was Necessary—Suffragettes Cry "Shame" and March Out Singing—Mrs. Pankhurst Prepared to Be Martyr.

LONDON, April 3.—(Can. Press.)—Mrs. Emmeline Pankhurst, the leader of the militant suffragettes, was today found guilty and sentenced to three years' penal servitude at the Old Bailey sessions on the charge of "shame" from the militant suffragettes, who crowded the court.

She then repeated her determination to end her sentence as soon as possible, saying: "I do not want to commit suicide. Life is very dear to me. I want to live until that has been done. I will take the desperate remedy other women have taken, and I will keep it up as long as I have an ounce of strength left in me."

Justice Lush said: "I must pass a severe sentence on you. If you would only realize the wrong you are doing and use influence in the right direction I should be the first to use my best endeavors to secure a mitigation of your sentence. I cannot and I will not regard your crime as trivial. It is a most serious one."

Denial of Malice. Mrs. Pankhurst, who acted as her own counsel, said she did not wish to testify or to call any witnesses. She spoke for 50 minutes, at times wandering so far from the matter before the court that the judge severely censured her.

Speaking with much feeling, Mrs. Pankhurst severely criticized the man-made laws, and said that the divorce law alone was sufficient to justify a revolution by the women.

Will Refuse Food. Mrs. Pankhurst almost broke down when the jury pronounced its verdict. Learning of the terms of the prisoners' enclosure and addressing the judge before he passed sentence, she said: "If it is impossible to find a different verdict, I want to say to you and to the jury that it is your duty as private citizens to do what you can to put an end to this state of affairs."

MACARONI ONCE upon a time, a chef, wishing to please his royal master, made a new dish. It was highly approved by the king, who asked its cost.

Break the macaroni into inch lengths and stew ten minutes in briskly boiling water, well salted. Drain the macaroni and add to it half as much cooked chopped chicken, beef, or best of all, boiled ham, as you have macaroni.

Some Italian laborers called attention to this fact a few days ago by striking in the middle of an important piece of road work.

It is now acknowledged by the city council that the policy of collection of taxes for the past four or five years has been lax and that there has been a steady drift towards most unbusinesslike methods in having the rolls returned.

LONDON, April 3.—(Can. Press).—American suffragists who are fighting for the release from jail of Miss Zelle Emerson of Jackson, Mich., secured their first official success today when Irwin B. Laughlin, the American charge d'affaires, asked the British foreign office to expedite the request made by her to expedite the request made by her daughter examined by her own physician.

On Mr. Laughlin's assurance that the American embassy could take no steps in the matter until Mrs. Emerson's request was laid in the hands of Secretary McKenna, a delegation composed of Miss Scott-Troy and Baron von Horst and Mrs. Mary Ford of New York, entered the inner lobby of the house of commons where they persuaded Josiah Wedgwood, a Liberal member, personally to place the matter in the hands of Secretary McKenna. They then informed Mr. Laughlin of their successful onslaught on the hotbed of common sense and later immediately visited the foreign office.

Nervous and Broken Down. The letter addressed by Mrs. Emerson to Secretary McKenna was as follows: "I am the mother of Miss Zelle Emerson who is now confined in Holloway jail. It was evident to me on my visit that her health had become seriously impaired by her confinement in prison and by your system of forcible feeding. She was also excessively nervous and broken down. I am extremely anxious about her and desire to have her examined by the physician of my own choosing, so that I may know exactly how much more she will be able to stand before being reduced to the dying condition that seems necessary for her release. I am sure you will grant my demand as a favor, but simply as the act of a man who is presumably a civilized being." (Signed) Zelle F. Emerson, U.S.A.

A certain section of Americans in England, indignant at the alleged inaction of the United States embassy, have instituted a movement for the removal from the embassy of Irwin B. Laughlin, who is acting as charge d'affaires. Mrs. J. J. White of New York has written to President Wilson and other prominent Americans demanding the recall of Laughlin after a failure to protect American citizens.

Embassy "Wak Knead." During an interview concerning Mrs. Emerson's letter to Secretary McKenna, Miss Scott-Troy stated: "Mr. Laughlin said, 'I am afraid the British Government may refuse to recognize the American embassy if the matter should be taken up by legal methods are exhausted. The law must be exhausted before the embassy can intervene.' This statement has given rise to a great deal of discussion to be used at a great meeting in the Albert Hall so that the whole world may know how weak-kneed our country has been in the matter of protecting an American girl from torture."

A petition, signed by 150 prominent physicians, including Sir Victor Horsley, Dr. Mansell-Moullin, Dr. Pemberton Peake, Dr. Cutburt Lockyer and Dr. Octavio Lewin, has been sent to Home Secretary McKenna strongly protesting against forcible feeding in jails, and declaring that "the cases where the operation is resisted are accompanied by immediate risk to the life of the patient. In addition, there is danger of permanent damage to the health both of the body and mind."

Immediate Steps Urged. Mrs. Emerson had sent a letter to the American charge, Mr. Laughlin, stating that she has received no reply to her letter to the home secretary and urging Mr. Laughlin to take immediate steps in her daughter's behalf. She says that on a recent visit to Holloway jail she found her daughter utterly exhausted, on the verge of a nervous collapse and much emaciated by three weeks' forcible feeding. The tube used by the doctors had torn the lining of the nasal passage to such an extent, she asserts, that the process had to be discontinued, but the condition of the nose would probably result in permanent disability, unless careful local treatment was resorted to. In other respects the symptoms displayed by her daughter indicated the immediate need of special medical treatment.

Miss Scott-Troy called on Sylvia Pankhurst tonight with a view to obtaining her assistance to get letters from Miss Emerson smuggled out of jail. The doctors who are in attendance on Miss Pankhurst announced, however, that she could not receive visitors, as the forcible feeding to which she had been subjected while in jail had so affected her health that only at intervals did she display sane consciousness.

Laughlin Says Charges of Harsh Treatment Are Without Foundation.

WASHINGTON, April 3.—(Can. Press).—Charges that Miss Zelle Emerson, Michigan, is suffering from suffocation now in a British prison for window smashing, has been subjected to cruel and unusual treatment, are unfounded, according to a report to the state department today from Irwin B. Laughlin, charge of the American embassy at London, personally investigated by Charge Laughlin personally investigated.

THE SPRING MAID COMES TO GRAND

New York Production Will Be Presented at Popular Prices.

The important announcement is made from the office of Manager A. J. Small of the Grand Opera House that Mr. Small, while stopping over in New York en route on his present European tour, as the result of a conference with Werba & Luescher, the big New York producers of "The Spring Maid," "The Rose Maid," "Over the River," "Sweethearts," "Elevating a Husband," etc., perfected arrangements for the appearance at the Grand the week of April 14, for positively the first time at less than \$2 prices, of "The Spring Maid," easily the leader and most charming of all the numerous Viennese operettas. This announcement is of more than ordinary importance, for Mr. Small and Messrs. Werba & Luescher wish to lay particular emphasis on the fact that the production to be seen at the Grand is identically the same seen here and elsewhere previously in the high price.

When the time approaches for a final transplanting outside to the garden beds the plants must be gradually hardened by equalizing the temperature within the hotbed with the outside air. This will be done by lifting the sashes carefully and allowing the free air to enter, always guarding against draughts. Finally, remove the sashes entirely, leaving the whole interior of the bed open. A day or so later the plants will be ready for the last moving.

The same attention should be given to the boxes, especially if they have been placed outside, and covered with glass thus forming small hotbeds. If, however, they are kept indoors until sprouting has taken place allow plenty of light and sun, altho the direct rays of the sun should be utilized with caution, and closing the middle of the day shield the tender sprouts by placing newspaper between them and the window panes.

After firm, fairly sturdy plants have been obtained be sure to place the flats outside in a sheltered spot protecting the plants from a too sudden change of temperature, by newspapers or glass; do this several days, until they have become hardened, after which transplanting may take place. In general the care of flat boxes corresponds to that given to hotbeds, the same rules applying in most cases to both.

MARGUERITE WRIGHT In "The Spring Maid" at the Grand on April 14. ed theatres, the only difference being the substitution of Miss Marguerite Wright for Miss Christie MacDonald in the title role. Miss MacDonald had already made her appearance in Werba & Luescher's new production, "Sweethearts."

Mr. McNaughton is still seen in the leading comedy role and the surrounding roles as well as the entire "Spring Maid" chorus continue in the same hands. Mr. Small feels that in arranging this interesting engagement, he is offering to the Grand Opera House probably what is the most auspicious musical comedy treat that this theatre has ever housed and making "The Spring Maid" available at such bargain prices but adds to the importance of the announcement.

"The Spring Maid's" delightful story, entwined as it is with the pretty legend of the Carlsbad Spring, is already familiar to all lovers of light opera and clean comedy, and the charming music of the score has become a household classic. "Day Dreams," "Two Little Love Birds," "Fountain Face," and "How I Love a Pretty Fay," retaining all their beautiful charm.

American Club Is Buying Former Union Bank Building

One Hundred and Thirty Thousand Dollars Is Price Being Paid—Ontario Club Bought Old Standard Bank Building at the Corner of Jarvis and Wellington Streets after Entirely Changing the Interior, and Now a Deal Is Going Through that May Give the Newly Formed American Club Possession of the Old Union Bank Building at 19 W. Wellington Street, Directly Opposite the Ontario Club.

The conversion of discarded bank buildings into clubs apparently is becoming popular. The Ontario Club recently moved into the old Standard Bank building at the corner of Jarvis and Wellington streets after entirely changing the interior, and now a deal is going through that may give the newly formed American Club possession of the old Union Bank building at 19 W. Wellington street, directly opposite the Ontario Club.

A local building supply firm has made an offer of \$53 a foot for a strip of 512 feet on the Belt Line, just west of Bathurst street, to Isaac Kaiser, the owner, thru his agent, R. Armstrong, and a deal is very likely to result. Two or three months ago the same property was offered this property at \$55 a foot but turned it down, but the district has developed since.

Twenty-eight acres on the Kingston road, adjoining the Hunt Club, have been sold by E. F. Law, thru R. M. Armstrong & Co., to A. C. Morris and F. D. McCreight. The price was \$85,000. Another property in the same neighborhood, five and three-quarter acres at the corner of Danforth and Morden avenues, outside the city, has been sold by the same agent at \$20,000 to a syndicate, A. C. Morris being vendor.

A store and apartment property at 374 College street, 50 x 120, is reported sold by R. M. Armstrong & Co. from A. C. Morris at \$14,000.

One thousand feet in Alexandra Gardens, on Lytton and Hillhurst boulevards, have been sold at an average of \$28 a foot by R. M. Armstrong to local investors.

Two hundred feet on Eglington avenue, east of Yonge and near the parallel road, also has been sold at an average of \$40. H. T. Hunter has sold 500 feet on Sheldrake street at \$25 a foot. W. R. Pyne has bought the corner of Sheldrake and Yonge streets, 105 feet front, from H. T. Hunter at a price reported as being \$200 a foot.

Several blocks of land in Rosemont, at King and Lowther Park, owned by the Dupuy Estates, Ltd., the president of which is Mr. H. C. Schofield, M.L.A., MacAllisters, Ltd., and the White Syndicate, Ltd., have been sold thru Robins, Ltd., for \$90,000. The purchasers of the blocks are an English syndicate, who have bought as an investment.

Fine 86 Foot Boulevard and Belt Line For Northeast End

The extension of Coxwell avenue northward from Danforth avenue and the desling of sufficient land to make it a fine 86-foot wide boulevard is proposed by John Harris, who with his associates, will own practically all the land needed for widening and opening from the subway under the Grand Trunk to the Plains road. The boulevard would be over a mile long, and the same width as Danforth avenue, making it a very important thoroughfare.

N. MARSHALL RETURNS Surprised at High Class of British Settlers Coming Out.

"I have come back as great an enthusiast as I ever was for Western Canada," said Noel Marshall to The World last night. "There is an enormous development going on in every department of trade and industry. New buildings, new railways—growth everywhere. "Possibly one of the most marked changes is the high class of emigrants coming into the country. On the way out we passed train load after train load of them. Walking thru the cars, in fact, I would never have known they were immigrants had I not been told. I would have thought they were first-class passengers. "Winnipeg and Saskatoon have developed marvelously since I was there last. I have been visiting these a good many years now, but lately they have grown beyond my most sanguine expectations. "Not much money. "Did you come across anything unusual in the way of real estate bubbles?" asked The World. "Oh no," he replied. "No one out there looks at the matter in that light. It is ourselves in the east here who have a complaint to make, if there is any." Mr. Marshall has been away three weeks, and also a little tired of railway cars, is in excellent shape.

"Futures" For Sale

HERE is a picture which every great city has seen, and which every little town will see to some degree. It is the picture of hundreds of thousands of quiet little family homes that have finally had to give way to great big sky-scraping, cloud-piercing, commercial homes for the city's throng. Again and again you, yourself, have seen the home that was built too close to town give way to the larger commercial building as the city woke up and began to stretch itself. It is with such a picture as this in mind that every big investor in every city, large and small, has placed his money in the heart of the city's growth and wagered on the future. Everybody knows this, and everybody who possibly can is buying real estate. It is the biggest, safest, surest, bet in the commercial world. To own property is the standard of a man's security. In fact, even leaseholds increase in value so rapidly that they are only second to ownership itself. There are many of these "futures" for sale in this paper. The Want Ad columns of Real Estate are crowded with them every day. Every day property is being turned through these columns, and somebody is making money, and somebody is going to make more. Make it your business to deal in futures. Make it your business to read the Real Estate ads in the Want Ad columns today and every day. And when you answer these Ads please mention this paper out of courtesy to us.
