SIX LOST LIVES SCORE INJURED IN EXPLOSION

New York Factory Was Swept by Flames After Gas Oven Blew Up—Trapped Employes Made Way to Fire Escapes and Leaped to Street.

NEW YORK, Oct. 24.—(Can. Press.)—A gas oven in which metal was being annealed on the top floor of a six-story factory building in Canal street exploded today, killing six persons, more than a score of others were injured or burned in the fire that succeeded the explosion and some of them may die. The identity of the dead was not known many hours after the bodies had been removed to the morgue. Three of the killed were women. All were workers in the building.

Searchlight played on the ruins tonight while firemen sought for more bodies which it was thought might have been overlooked when entry into the building was effected after the flames had been brought under control, but at 9 o'clock, after six bodies had been removed, it was believed all the dead had been found. The district attorney's office began an investigation. About 200 persons were employed in the building, which was occupied by manufacturers of machinery, mirrors, clothing and other goods.

The escape of some of the trapped workers was spectacular. With their clothing ablaze they climbed thru some-swept windows on to fire-escapes and leaped to the sidewalks. Many were badly injured by the drop from upper floors. Spectators beat out the flames from their clothing and saved them from burning to death.

TORONTO MAN WAS PREY OF SWINDLERS

Howard Russell Lost Cash and Valuables While Visiting Buffalo.

BUFFALO, Oct. 24.—(Special.)—Howard Russell of Toronto was swindled out of fifty dollars in cash, a diamond ring worth \$75 and a diamond stick pin, valued at \$125 last evening, by two strangers here at the McKinley monument. The men worked the old game diamond stick pin \$125 last evening, by two strangers here at the McKinley monument. The men worked the old game diamond stick pin \$125 last evening, by two strangers here at the McKinley monument. The men worked the old game diamond stick pin \$125 last evening, by two strangers here at the McKinley monument.

The name of Howard Russell, vocalist, 57, Constance street is given in the directory.

Had Counterfeit Bills

CHICAGO, Oct. 24.—(Can. Press.)—Michael Flanagan, a saloonkeeper, was arrested here today on charges of having in his possession and passing altered or counterfeit Canadian bank notes. The arrest was made in connection with the search for the men who robbed the New Westminster branch of the Bank of Montreal of \$271,000 on Sept. 14, 1911, among the notes stolen from the bank were those of a series 423000.

Flanagan is charged with having in his possession Canadian notes altered from series 423000 to 423001.

READY TO SHIP BUT DIDN'T GO

O. F. Macklin Arrested on Theft Charge as He Was Waiting With Grips Packed.

Just as O. F. Macklin of Ottawa was making ready to skip town, Detective Miller stepped in and arrested him at the Palmer House last night charged with the theft of stock certificates to the value of \$3750, from S. F. Whitman of Belleville, Ont.

The deal was one in which Macklin, posing as a broker, accepted the stock in the Charter Lumber Company of Kingston road, Toronto, from Whitman to sell on commission. Whitman, becoming uneasy at not hearing anything further from Macklin, went with Detective Miller to the hotel at which he was staying and caught him with grips packed and waiting for his train.

Macklin had sold the stock, received \$1000 cash and another \$1000 was to have been turned over to him in the course of a few days.

TRUNK MYSTERY STILL UNSOLVED

Open Verdict Returned by Coroner's Jury Investigating Death of Rubenstein, Bookmaker's Clerk.

OTTAWA, Oct. 24.—(Can. Press.)—"That Abraham Rubenstein came to his death by violence, consisting of a blow on the head, followed by strangulation by a person or persons unknown to the jury," was the verdict returned tonight at the adjourned enquiry into the death of "Abe" Rubenstein of Brooklyn, N. Y., the bookmaker's clerk, whose body was found in a vacant shop on Somerset street following the fall meeting at Connaught Park. But little new was produced at the concluding session of the inquest tonight. A witness swore that he saw two negroes carrying a trunk along Somerset street and identified a photograph of a negro named Slinn as one of the men. Slinn's whereabouts are at present unknown.

HARRISTON MAN IS ARRESTED AT REGINA

Malcolm Rae Detained a Few Days Before His Wedding Charged With Theft Following a Long Chase by Ontario Provincial and Northwest Mounted Police.

After camping for a week on his trail and calling into play the assistance of the northwest mounted police, the provincial police have landed in the toils in Regina a Harriston man, whose sharp work and quick moves have occasioned no little exertion. The story of his capture has many dramatic possibilities in its action, even to the thread of romance running thru. The getaway of Malcolm Rae was of a dual purpose, to escape justice and to become married to a western girl. Both of his endeavors were quenched in his arrest which followed some rapid, warrant switching, and he doubled in the pursuit.

Rae is charged with misappropriation of funds which passed thru his hands as manager of the Harriston branch of the Wm. Davies Company. The reports coming to headquarters were suspicious from time to time, and an auditor was sent out by the company to check the account books. Whatever the cause, his report stated that no deficit could be traced. Another expert, however, discovered a different state of affairs, one being the disappearance of Rae. It was learned in this connection that he had gone to Prince Albert to be married.

The provincial police at this juncture issued a warrant and sought the co-operation of the western authorities. At the same time a wire was sent to the young lady in question warning her of the situation. Arrangements were made to intercept him at Prince Albert when he stepped from the train, but he failed to appear. It was believed that he had dropped off at Regina, and a change of messages resulted in his arrest a few hours later.

Rae is now under detention in that city and Inspector Boyd from the province has been sent to bring him back. From all appearances the misappropriation of the funds has been a matter of some time, the month's accounts being doctored, to pass muster.

CHINAMAN HURT.

In attempting to alight from a moving Bloor street car, Joseph Moor, a Chinaman from Sasekaton, was thrown to the pavement at the corner of Bloor and Bond streets at 8:30 last night. He was conveyed to the General Hospital in the police ambulance, where it is reported that the injuries consist of a bad cut over the left eye and a badly strained left leg, which may be fractured.

SERIOUS TROUBLE EXPECTED IN MEXICO WHEN ELECTIONS ARE HELD TOMORROW

LONDON DERIDES ALL TALK OF FRICTION

British Position is That it is Not a Partisan of Huerta, But Recognized Him Because He Seemed the Likely Solvent of the Mexican Situation.

Special Cable to The World. Copyrighted by The Toronto World and N. Y. World. LONDON, Oct. 24.—In official quarters here, talk of friction between the United States and Great Britain over the Mexican imbroglio is not only denied but derided. The British position is that it is not a partisan of Huerta, but recognized him simply because he seemed the likely solvent of the perplexed and dangerous Mexican situation.

The statement that Lord Cowdray influenced the British Government to recognize Huerta is treated as undecipherable, but it is known that Cowdray was consulted beforehand in accordance with the usual custom of the British foreign office, of considering the representations by influential men with personal knowledge and experience of affairs on the spot.

The interview of British Ambassador Carden has created much annoyance at the foreign office, and the impropriety is admitted by the British press. The chief experience of the ambassador hitherto has been in the consular service, and diplomatists always are jealous of such promotions, and point to indiscretions as proof of their contention that consular experience unites a man for diplomatic posts. Ambassador Carden is credited with regarding himself as the best living expert on Mexican affairs, and it is said he succeeded in impressing the foreign office with the same idea, but his initial blunder has caused the greatest uneasiness about his capacity to deal with

Continued on Page 7, Column 5.

MEXICAN REBELS NEAR MONTEREY

Unless Reinforcements Fall Upon Besiegers in the Rear, City is Doomed.

(Special to The Toronto World.) MEXICO CITY, Oct. 24.—Nothing had been received from Monterey or vicinity up to this evening to afford any indication of the progress there between the federals and the besieging rebels since Wednesday. The government issued a statement this morning that it had been advised that the rebels had been repulsed with great slaughter. The fact of the absence of telegraphic communication with the city, or any point sufficiently near to have authoritative information of what is taking place in the beleaguered city makes it manifestly impossible for the government to be cognizant of conditions there.

An employee of the National Railways started for the city early today from a small station a few miles away, but had not reported up to this evening. Little doubt exists here unless the reinforcements are able to fall upon the besiegers in the rear the capture of the city is inevitable. The government still insists as vehemently as it did before the capture of Torreon that Monterey is impregnable.

BANK OFFERS TO MAKE BIG LOAN

Will Advance Thirteen Millions for Shoal Lake Water Project.

WINNIPEG, Oct. 24.—(Can. Press.)—A. F. D. MacGachen, manager of the Bank of Montreal, told the members of the administration board of the Greater Winnipeg Water District at the special meeting held this morning, that his institution was prepared and willing to finance the entire \$13,500,000 loan that will be required for the carrying out of the Shoal Lake water project. The account, for the present will be operated on the overdraft principles, and the necessary funds will be available whenever they may be drawn upon.

PRESIDENT HUERTA

GARDEN LAUGHS AT STATEMENTS

British Minister to Mexico Says He Didn't Say What Despatches Said He Did.

(Special to The Toronto World.) MEXICO CITY, Oct. 24.—The British minister, Sir Lionel Carden, told The Toronto World correspondent this afternoon that he was of the opinion that the serious disapproving view which Washington, according to despatches arriving here, took of certain utterances attributed to him in an interview, was exaggerated in the press-reports or he had been misquoted. "I am quite certain that I have said nothing publicly or privately since assuming this post that would give offence to any government," said the minister. "So nothing is left for me but to assume that the reports which say that Washington is displeased at utterances attributed to me are unfounded on fact. My government is not in opposition to the United States in respect to the Mexican affairs. Two men may be working with the same end in view and still differ as to how the desired object best can be attained, but this does not argue that they are in opposition on the main point involved."

The minister laughed at the suggestion that pacific relations between the United States and the department and the British foreign office are liable to be jeopardized by a conflict over the Mexican situation. "That is too absurd to discuss."

UPHOLD LEGALITY OF HUERTA'S ACTS

(Special to The Toronto World.) MEXICO CITY, Oct. 24.—The publication may be expected shortly of an opinion from the Mexican supreme court, upholding the legality of General Huerta's incumbency of the presidency, and his action in dissolving congress. General Huerta, several cabinet ministers and supreme court judges were in conference on the subject today. An opinion is now being written by presiding Justice Sodi.

TELLS VIVID TALE OF BURNED VESSEL

HAMILTON, Saturday, Oct. 25.—Another city yesterday afternoon according to Hanning Bros., whose office he visited en route to his new home with his companions in the north-east section of the city.

The newcomer, Francisco Neplouf, a Bulgarian, described the scenes enacted on the burning vessel with all his native fervor and vividness. He told of having lost six of his friends in the disaster by drowning or being burned to death.

The man has relatives here at 193 North Sherman avenue. He was the third survivor to arrive here, the first two being Mrs. Geduck and her baby.

TWO FINGERS MANGLED.

John Sriedler, 87 Chestnut street, had two fingers of his right hand caught in a machine on which he was working in Pucetti's bakery at 18 Denison avenue yesterday, and was conveyed to the Western Hospital, where it is reported it may be necessary to amputate.

WASHINGTON TO ISSUE NOTE TO WORLD

United States Will Brook No Interference in Dealing With Mexican Problem—Huerta Orders Release of Steamer Detained at Vera Cruz by Mexican Gunboat.

(Special to The Toronto World.) WASHINGTON, Oct. 24.—A note which will carry a warning to the world, that the United States will brook no interference in dealing with the Mexican problem, is in course of preparation by officials of the administration.

This was the most important development here today in the Mexican situation. Other developments were: Huerta reiterates that he will not be a candidate for the presidency; that under no circumstances will he accept the presidency of Mexico at this time.

Huerta ordered the release of the Morro Castle, the Ward line steamer which was detained at Vera Cruz by a Mexican gunboat.

The issuance of a statement by the charge d'affaires of the British embassy here, questioning the authenticity of the Carden interview of Tuesday.

GERMANY WANTS A STRONG MAN

Impression Obtained From Merchants in Mexico is That Huerta Will Restore Order.

Special Cable to The World. Copyrighted by The Toronto World and N. Y. World. LONDON, Oct. 24.—The Toronto World correspondent learns that the German and British governments exchanged views regarding the Mexican situation, Germany will not commit herself unreservedly to the assumption that Huerta either is the only man, or even the best man, to restore order. German interests are identical with those of Great Britain, in requiring that a strong man, able to restore order and reopen the markets, shall assume power. The impression obtained here from German merchants living in Mexico is that Huerta is more likely to succeed than others.

The American attitude has aroused even moderates like Frankfurter, who agree that Washington is misinformed. Count Reventlow declares Germany will not adopt the American viewpoint. He warns the United States that armed intervention, even under present circumstances, is a dubious measure, and adds that the President Wilson cannot be suspected of deliberate malfeasance, his policy is identical with that which has prevented the pacification of the country and injured German interests.

Men's Hat Day at Dineen's.

One of the events of each Saturday in the eyes of the men of Toronto is certainly Dineen's basement sale. Tonight there will be an extremely interesting showing for a shipment of new lines has just come forward, and will be sold between 6 and 10. This well-known and old-established house represents such famous firms as Heath, and also Christy of London, as well as being agents in Toronto for the exclusive Dunlap Company of New York. Hat values equal to Dineen's, 140 Yonge street, are not offered in Toronto.

"Delphine" Goes to Chicago.

The "big company" which has been seen in "Oh! Oh! Delphine" here at the Princess all week, leaves after tonight's performance by special train to Chicago. There will be the regular matinee this afternoon.

LAST HONOR PAID TO FAMOUS BREWER

Body of Adolphus Busch Will Be Carried Thru Great St. Louis Establishment Before the Funeral Today—Hundred Thousand Dollars' Worth of Flowers From Friends.

(Special to The Toronto World.) ST. LOUIS, Mo., Oct. 24.—Simultaneous with the funeral services of Adolphus Busch in St. Louis tomorrow afternoon, services will be held in many cities of the country in honor of the dead millionaire and philanthropist. While there will be a service more or less elaborate at each of the 35 branches of the Anheuser-Busch Brewing Association, a more extensive program has been arranged at the Adolphus Hotel in Dallas, Tex., which Mr. Busch recently built. About 20,000 of the general public today viewed the body.

An impressive feature of the burial of the late brewer will occur tomorrow morning, when his body will be carried by his employes about the great establishment he built. This was suggested by the employes. It was declared that because of the personal relation existing between Mr. Busch and his employes, the employes have charge of the body on a trip about the plant. During Mr. Busch's lifetime, when he was in the city, it was his custom to make a trip daily thru the various departments.

Lavish Floral Display.

Never before in the history of St. Louis has there been such a lavish and extravagant display of flowers sent in memory of any man. It is estimated that \$100,000 is being spent in floral offerings. The offerings are as varied as the men who ordered them are different. Some of the pieces are costing upwards of \$500, while others are but small wreaths from persons who, while Mr. Busch would probably not have known them on the street or know them by name, nevertheless have a lasting remembrance of some act on his part which he did for them.

A touching instance of that was noted in a big flower store today. An old man stood and gazed at the hundreds of floral pieces. In broken English he said: "I knew Mr. Busch well, but he never knew me. He was kind to me once, and I have but a little money. Will you please send just one rose to his coffin for me?" and the old man paid for a solitary rose as a token of his esteem.

Shortly after another man entered and said he wanted the package he carried made into an offering. He was Joseph Zant, a friend of Mr. Busch, whose home is in Jacksonville, Florida, and he had come to St. Louis to attend the funeral. The package which he carried contained cypress leaves from his Florida palm garden.

Same as King Edward's.

From Montana the Grimm and Gorly Co. received a message from a man to make an offering patterned after the official wreath which adorned the casket of Edward VII. of England. The company cabled to Europe, secured a cable description, and the wreath is being made. The cost of the cable was more than that of the wreath. A huge crown, a copy of the floral piece which Count Harrach placed upon the grave of Crown Prince Rudolph of Austria, was ordered by Julius Bonnonshoff, of Prague, and executed by his son, Paul, a resident of St. Louis. The offering is six feet high and bears ribbons of all the branches of the family of Bonnonshoff.

FRESH DRESSED MEAT ON CHICAGO MARKET

(Special to The Toronto World.) CHICAGO, Oct. 24.—Upward of 1,000,000 pounds of fresh dressed meats arrived in Chicago today from Canada and constituted the first importation of fresh meats here under the new tariff which admits the commodity free.

The price ranged from 6 3/4 cents to 8 cents a pound, which is less than Chicago packers usually pay for beef on the hoof, as shipped in from farms and ranges. The packers were saved the expense in this case of killing and dressing. About thirty cars were received and passed thru the United States inspection. The meats went to Swift & Co.

Fresh shipments were also brisk, thirty-six carloads being received. The tariff on fish under the old law was one half a cent a pound, and it is now free. The bulk of shipments came from Canada.

FROM ONE WHO HAS BEEN THERE

MR. JAFFRAY: Dinna gie them ony rawnsome, ma guid woman. They daur na torture nor hold ye more nor eight year longer, ye ken.

TORONTO COULD PAY OFF DEBT IN THIRTY YEARS

Under Controller McCarthy's Plan, Corporation Bondage Would Be Exchanged for a Debt Free System, With Two Cent Fares—Superiority of Trolleys Over Tubes.

There is no getting away from the fact that discussion of the projected purchase by the city of the properties upon which Sir William Mackenzie has fixed a price of thirty million will have to come down from cloudland and get upon a reliable business basis. The real question at issue is not the amount of "ransom" to Sir William Mackenzie, but this: Is the clean-up of the franchise on the streets of the city worth to the city the amount at which the "intangible assets" of the Toronto Railway Company have been valued?

The experts found the intangible value of the Toronto Railway Company to be \$10,713,553. One of the experts, Blon J. Arnold, has officially declared that the city would have a sound business proposition in paying \$10,713,553 for the intangible value of the street railway system now operated by the Toronto Railway Co. The other expert, John W. Moyes, has unofficially declared that the city would have a better business proposition in supplementing the civic car lines with a tube system, and getting along with that form of relief from congestion until the expiry in eight years of the franchise of the Toronto Railway Co., when the city would get the surface street railway system at the value of the physical assets.

—Total Values—
Intangible \$10,713,553.00
Physical assets 10,112,280.66
\$21,825,833.66

Radials Not Included.
As the price asked for the clean up of the electric railway franchise in the city's limits is \$22,000,000, and the physical assets amount to \$10,112,280.66, it follows that \$11,887,719.34 is the price in full for cleaning up the electric railway franchise.

The ends of the radials, and the radial franchise yet tracks laid, are now capitalized at nearly \$30,000,000. That capitalization gives an idea of the intangible value to the owners. The experts refused to find any intangible value for radials that were not paying going concerns, and the value of the radials is \$193,649 intangible value in all of the radials and radial franchises.

Eight Years From Now.
One of the experts, however, stated unofficially that to buy out the projected Forest Hill radial would cost the city a quarter of a million. It is a conservative estimate, therefore, that in eight years from now, when the Toronto Railway Company's franchise expires, the city could not clean up the electric railway franchise in the city's limits for any less than at the present figure, \$22,000,000. It goes without saying that civic control of the radial tracks is equally as essential to the best interests of the city as is municipal ownership and control of the street railway system, for up to the radial the city must depend for developing trade within the metropolitan area.

Sound Business.
When Blon J. Arnold declared officially that an investment by the city of \$11,887,719.34 in the intangible value of the electric railroads within the city's limits is a sound business proposition, he undoubtedly had in mind that the value to the city in eight years of the clean up now of the electric railroads franchises is well worth the \$22,000,000. He sees it as a profitable business proposition. If Controller McCarthy figures that by issuing thirty millions of the properties offered by Sir William Mackenzie, the city would in thirty years have an electric railroad system with physical assets valued at \$30,000,000, free of debt, and giving a 2-cent fare; also that a radial system throughout the metropolitan area would be developed in a few years from now, because the radials would have entrance to the city's centre.

So, the intangible value of the electric railroads is really a most tangible asset for the city.

CONFERENCE HAD A GOOD EFFECT

Hamilton's Board of Control is Getting Down to Business.

SERIOUS CHARGE LAID

Charles Wilkes Said to Have Been Drunk While on Duty.

HAMILTON, Oct. 24.—(Special.)—The officials about the city hall today were of the opinion that the aldermanic caucus held Wednesday evening, to consider the advisability of doing away with the controllers, had done some good.

When the board of control met this morning, Controller Morris advocated that he and his colleagues meet every morning at 9 o'clock, with the exception of Saturday. He charged that several important matters had been postponed, simply because the controllers had no time to deal with them. The controller thought it would also be nice to do something every afternoon in the way of inspecting the various city works.

The other members took umbrage at these suggestions and the matter was laid over for the business of a special meeting on Monday morning.

No More Advice.
Magistrate Jelfs stated to the press today that in future he would not hand out any advice to persons seeking legal opinion, or words to that effect.

"When they come in now, I tell them to see a lawyer," he said, "and they all seem very much surprised." Referring to the verdict brought in by the jury in the Fritz case, he said he was only assisting the poor woman because he thought she needed help.

Serious Charge.
That he was drunk on duty, and that as the result of his condition, two trains, one a passenger and the other a freight, crashed into each other, was the serious charge preferred against Charles Wilkes, 209 North Locke street, in police court this morning. Wilkes was employed on the G. T. R. as a switch tender, and on Saturday night two trains were sent on the one track. They came together with a crash, and an investigation by the railway officials claim Wilkes was under the influence of liquor. The case was laid over until Monday morning.

Centennial Finances.
The city auditors figure on presenting Mayor Allan and the controllers with an entirely new statement concerning the Centennial expenditures if they can secure from those in charge certain information. If the information cannot be obtained there will be no statement.

Night Sessions.
From the present indications there are sure to be night sessions all next week at the assizes. The few cases heard to date have taken far more time than it was expected. There are still sixteen jury cases to come up, in addition to the

The All-Weather Tread

Another Goodyear Invention
A Smooth Tread on Dry Roads—An Invincible Grip on Wet

Now comes the solution of the All-Weather tread. The tread for all wheels and all seasons. As smooth as a plain tread on dry roads. Equally economical. Yet grasping wet roads with a most tenacious grip.

It outsells smooth treads now with users on the largest-selling tires in the world.

This All-Weather tread is one of the many exclusive Goodyear features. Here are three others—costly, vital features which no other maker offers. These are the reasons why No-Rim-Cut tires dominate in Tiredom. After years of sales, no other tire compares with them in test and popularity.

Deep, Sharp-cut Flat-top Blocks

Safety suggests, to every motor car driver, the universal use of anti-skids. But smooth treads were better and more economical for 90 per cent. of one's driving. So many added chains on wet roads.

Now Goodyear has an anti-skid which presents a smooth tread to dry roads. The projections are broad and flat. They are regular, so they cause no vibration.

The blocks widen out so they meet at the base. Thus the strains are distributed over the fabric the same as with smooth-tread tires.

It was separate projections—centering the strain at one point in the fabric—which ruined so many anti-skids.

Things Found Only in No-Rim-Cut Tires

We control by secrecy the only feasible way to end rim-cutting. No-Rim-Cut tires can't rim-cut—that we guarantee. Hundreds of thousands have proved this. With old-type tires—climber tires—31.8 per cent. are discarded for rim-cutting only. Almost one in three. That is proved by statistics gathered by certified public accountants.

No-Rim-Cut tires are final-cured on air bags, under actual road conditions. This is done to save wrinkles in the fabric—wrinkles which shirk the strain. They cause countless blow-outs.

This "On-Air-Cure" adds to our tire cost \$300 daily—just to save blow-outs for you. All other tires are vulcanized on iron cores alone.

No-Rim-Cut tires employ a patent method to prevent tread separation. This cost Goodyear \$50,000. Hundreds of large rubber rivets run down through the breaker fabric, making the tread an integral part of the tire. This adds 60 per cent. to the tread hold, as proved by careful tests.

Thus we combat the three greatest tire ruins, in costly ways which no one else employs. Thus we save motorists millions of dollars.

Yet No-Rim-Cut tires now cost no more than other standard tires. They used to cost one-fifth extra.

Our multiplied output and moderate equipment have brought the cost down and down. And the savings all went to our users.

Go see these tires—see why they rule. One glance will show you a dozen advantages, and our dealers are everywhere.

This All-Weather tread is an extra tread, giving double thickness. It is made of very tough rubber—toughened by a secret process—immensely wear-resisting.

The blocks are so deep—the rubber so tough—that the grips last for thousands of miles.

The block edges are sharp, and they stay sharp. Sharp edges alone can afford a firm grip. The edges are set at 45 degrees to face the skidding direction. Cars skid, we find, at 45 degrees.

Compare it point by point with others—its thickness, its toughness, its sharpness, its grip. Its regular projections, avoiding vibrations. Its distributions of strains, its smoothness, its angles.

We don't need to argue that this tread exceeds any other anti-skid created.

The result is a universal tread. A smooth tread ready for any emergency. A durable tread. A cool tread, because of the swish of air.

Our sale is enormous. Men who know them will use nothing else.

Note the deep blocks, the sharp edges, the flat tops. Note the broad bases which distribute the strains. Note the perfect alignment to avoid vibration and give the smooth-tread effect.

WILL NOT INJURE MADERO BROS.

Mexican Government Gives Assurance That Treatment Will Be Fair.

MEXICO CITY, Oct. 24.—(Can. Press)—The Mexican Government today gave Nelson O'Shaughnessy, the American charge d'affaires, assurance in regard to the proper treatment of the two brothers of Francisco Madero who were arrested at Monterrey and brought to the federal capital on a charge of conspiring against the administration.

Charge O'Shaughnessy took the matter up on instructions from Washington. Mr. O'Shaughnessy also said that he has received assurances that no harm will come to Rodolfo Reyes, former minister of justice, and Jorge Estano, former minister of public instruction. The rumors that they had disappeared and were no longer in the penitentiary are without foundation.

Huerta Declines Press. In a statement to the press today concerning yesterday's meeting of the diplomatic corps at the palace it is said to have come to the knowledge of the provisional president that in some of the Mexican states his friends purpose to support him for the presidency. This calls forth the following official statement: "The government cannot prevent the provisional president's friends supporting him owing to the lack of time to do so before the elections are held, but while the provisional president appreciates the attitude of his friends he cannot accept votes, and if that were he should be elected president at an election would have no effect as it would be contrary to the constitution."

ROBBED HIS ROOM MATE.

Charged with the theft of \$49 from rooming with him in Borman's lodging house, corner of York and Peel streets, Morris Weinstein, 43 years of age, was arrested by Detective Wallace and Newton at 8:30 last night.

Students' Revenge on Suff.

BRISTOL, Eng., Oct. 24.—Students of Bristol University today avenged the burning of the sports pavilion of the university yesterday by suffragettes by smashing the windows of the office of the militants, dumping the furniture in the streets and making a bonfire of it. The students were cheered by a large crowd as they wreaked their vengeance upon the suffragettes.

ALDERMAN MAY IS CRITICIZED

Roxton Road Ratepayers Questioned Him Regarding Dawson St. Extension.

Alderman May of ward five was severely criticized by the members of the Roxton Road Ratepayers' Association for his connection with the extension of Dawson street, when he spoke on that subject at the regular monthly meeting of the association in the hall of the school last night. He admitted having forced through the extension contrary to the wish of ninety per cent of the ratepayers. Several of the members arose from their seats and heckled him for making them pay for an improvement which they claimed will help him in his building operations in that neighborhood.

MANNING ESTATE GETS REDUCTION

Owners' Representative Claimed Rents Did Not Justify High Assessment.

J. Hocken appeared before the court of revision yesterday to protest against an assessment of \$2125 on one piece of property of the Manning estate at Teraplay and Queen streets, and the same assessment on an adjoining piece of property. Last year the rate was \$1800, and the year previous \$1000. The total land assessment was \$235,591 for this year, and the building was listed at \$100,000. Mr. Hocken claimed that the company could not get rents in proportion to this huge assessment, and the board allowed a reduction of \$100 per foot. Several other small cases were settled by the court.

FRESHMEN AND FACULTY JOINED

By All-Wise Sophomore Class at Ancient Victoria Function.

PURIFICATION MACHINE

Was Among the Many Devices Which Featured Annual "Bob" Night.

Between 700 and 800 people congregated in the dining room of Burwash Hall last evening to watch the sophomore class attempt to take the freshness out of the freshmen. The efforts of the sophs were a failure, but the attempt provided an entertainment which for side-splitting features could hardly be exceeded. The unkind sophs, in a manner which exaggerated slight oddities to an enormous degree, presented the shortcomings of the first year men. As usual the program took the form of a series of acts, which were supposed to lead to the freshmen's transformation. The first scene represented the freshmen on their first venture into the field of higher learning, going up to the office of the registrar. Of course they had many strong arguments as to why they should be admitted as full-fledged college men, giving the details of the process which they were wont to show upon the athletic field, and the proficiency which they had attained in academic pursuits.

NEW PROFESSORS BUREAUQUED

In the faculty scowled, the personalities of the half-dozen professors making their debut at Victoria were shown in style, which, at the least, was slightly exaggerated. Nor did the rest of the faculty escape without being "bobbed." Each came in for his share.

WOLF IS AT DOOR OF EX-CHAMBERLAIN

NEW YORK, Oct. 24.—(Can. Press)—Charles H. Hyde, a native of Toronto, N. S., and former city chamberlain, who was discharged automatically on his conviction on a charge of bribery growing out of his relations with the Carnegie Trust Company and the Northern Bank, applied through his attorney, John B. Stanchfield, to the appellate division today for reinstatement. Hyde was allowed to practice his profession and his family may suffer privation, Mr. Stanchfield said.

EUROPE AGAINST UNITED STATES

Mexican People Believe Britain's Stand Will Be Supported by Other Nations.

MEXICO CITY, Oct. 24.—(Can. Press)—The controversy between the United States and Great Britain appears to be having the effect of convincing the Mexicans that the European nations generally, are coming into line with England in opposition to the United States. Under the headline of "Entire Europe is on the side of Mexico," El Independiente says:

"In London everybody is taking note of the possibility of Anglo-American complications. The United States has not taken into account that at the back of England there are many other nations interested in the solution of the Mexican problem. On this line it is known absolutely that three chancelleries are working in perfect accord—namely those of London, Paris and Berlin. Back of them are the great European alliances and the Anglo-Japanese alliance. It would be neither diplomatic nor prudent to defy these great nations."

El Independiente quotes various London newspapers, the following extract being credited to the Daily Graphic:

"If England does not oppose the expansionist policy of the North American, she will lose the commerce she has with Mexico and Central America. It is certain that the efforts of the Americans are directed to secure a rich oil well, and if possible the control of the traffic of the Tehuantepec Railway, the victorious rival of the Panama canal."

BUILD CHEAP HOMES FOR POOR PEOPLE

City of Havre Has Opened Tenements for Widows With Children.

(Special to The Toronto World.) PARIS, Oct. 22.—A municipal tenement house for destitute widows with small children has been opened by the City of Havre. It is the first institution of the kind in France, and it has become immediately popular. The tenements, managed by the bureau of charity, occupy three ancient buildings on the island of St. Francis, rented by the city to the bureau at 20 cents a year. The interiors have been rearranged in 16 parts of three rooms each, with lavatories. The total expenditure was \$4000. The buildings were bought by the city for \$9000.

Each widow pays 35 cents a month for her three-room flat and she keeps the flat in order and agrees to remain only so long as her circumstances do not improve. Fifteen widows already are installed, with a total of 46 children. The largest family has seven children, ranging from four months to nine years. The smallest family has four children. There is a spacious courtyard, partly covered, where the children play.

STEAMERS FOR FUR TRADE.

WINNIPEG, Oct. 24.—(Can. Press)—A small advertisement in the columns of a Victoria newspaper has revealed a story of sweeping reorganization in the development of the Hudson Bay Company's fur trade in Northern Canada.

The advertisement calls for tenders for the building of two new steamers—large enough for ocean travel—to be ready for launching early next spring. Upon enquiry, the information was given that they were to be used on the Arctic Ocean, about 2000 miles north of Winnipeg, principally around the delta of the Mackenzie River.

You Will Know the Genuine Sale by the Staple Serges in it

Serges are like grain and sugar—the sure-enough collateral of the cloth trade—good as gold always.

Well, we include the Serge Suits in this Overstock Sale of Semi-ready Tailoring—and this inclusion will convince you of our earnest purpose to reduce the stock by \$20,000.

It's a hummer of a Sale—we may be a little late in finishing the suits to fit you—but you'll get them—and you win from \$5 to \$10 on each suit or coat you buy.

SUITS—

A size for every man in Fall and Winter Suits—Tweeds, Worsteds, Chevots, Serges, Bannockburns, Irish Serges, Sacks and Norfolk, single and double-breasted, all labelled \$15 to \$30—will sell at \$10 to \$20. A few odd lines left yet at \$8.

FALL OVERCOATS—

Broken lines that are left in greys, browns, blacks and heather, also a few nice Oxford greys, worth \$15 to \$20, now \$8 to \$20.

WINTER OVERCOATS—

Tweeds, Frieses, Meltons, Beavers, fly front and button-through models, with or without velvet collars—all the \$15 to \$30 coats in the lot, now \$8 to \$20.

ULSTERS—

Right now when you need them—the Chinchillas, Tweeds, Frieses and Fancy Ulsters, single and double-breasted, some with motor collars, were \$15 to \$30, now \$8 to \$20.

RAINCOATS—

I've a better line than this for spring—and will sell the Raincoats at from \$7 to \$18.50, worth \$10 to \$20. Some very fine fabrics among these, but I've found an English maker with better.

"Come as soon as you can, while the going's good." Not often you see a mid-season sale in a first-class shop.

The Semi-ready Store

143 Yonge Street W. G. HAY, Manager

Housekeeping, Nursery, Gardening and News of Interest to Women

Raggs' Weekly Letter

New York, October 24. My Dear Toronto-Outers: The initiative of seventeen-year-old Olive May Wilson, the sweet, kiddie who went to Washington to ask the co-operation of the president and the postoffice department in her project for sending toys thru the mails to five thousand destitute boys and girls of Philadelphia next Christmas, is unique, not to say laudable.

It is a big idea for a small girl, and a beautiful idea, while a childishly simple one. Perhaps the philanthropic world is not so far from being as simple in its ideas and projects, more would be accomplished in "the long run."

This Santa Claus mail idea should become, according to Miss Olive May, a national undertaking. Of course, it would necessitate many extra workers at Christmas time, when the mail is unusually heavy, anyway, but the expense would be small when added to the postoffice expenditure in comparison with the heavy drain which it would be upon the resources of the Santa Claus workers who will dress the dolls, knit the mittens and warm mufflers and find the money for everything from toy drums to woolly overcoats.

This little girl must have a keen insight into conditions, and has in all probability accomplished a happy Christmas for many a poor child before now. We can only surmise that, as unlike many philanthropists, she does not talk about her small self.

Many years ago I knew a family of poor people who lived in a small town where everyone knew his neighbor and his neighbor's affairs. All year long the children of this family spent their rainy days and the dark winter evenings making and dressing rag dolls and fashioning woolly bunnies; brightening up outgrown skates until they shone like new, mending outgrown clothing, mending shoes, mending, mending with tiny bells on 'em and piles of other simple gifts. When on Christmas Eve bundles were made together, but the bundles were oranges from the children's granddaddy's annual hamper filling up the spare corners in each, and muffled up to their ears, the kiddies tramped with their mother thru the snow-drifts, crept to the doorsteps of destitute neighbors, knocked loudly, dropped their bundles and ran "out to their lives," leaving behind just a wee bit of Christmas, but the blessing of the Christmas spirit.

The hearts of poor country emigrants, who knew that they had some unknown friends in the new world who wished them a happy Christmas.

I think that Olive May Wilson's mother must have been just such a sweet woman as this mother, who, working hard to earn a living for her children, yet demonstrated to their growing minds the great and beautiful truth that it is better to give than to receive, and that to give oneself in loving industry is best of all.

The clergyman who was in charge of the immigration at Ellis Island, which is, as you probably know, the landing and departure station for immigrants, has reported to the department of labor at Washington that the infant mortality at Ellis Island is unacceptably high.

Anthony Carminetti, the commissioner-general of immigration, has ordered an investigation and has publicly stated that if such conditions as this "minister of God" can do anything to relieve the poverty-stricken, says to be true, are really facts, they will be corrected, but—BUT! if the charges are true, the children who made them will henceforth be excluded from the privileges of the immigration station.

A year ago I crossed the ocean with "that was a nice little happening just under the eye of the statue of Liberty," I remarked. "Of course you reported it to the proper authorities?" "If I had," she answered, "I should never have been allowed to prove my statements, and I should never have been permitted to set foot on Ellis Island again."

The change in the date of the sailing of General Bramwell Booth from England does not affect the program arranged for Toronto. The numerous engagements fixed for him include an address before the Canadian Club a week from Monday at 1 o'clock.

The general arrives on Saturday, Nov. 1, and he remains here until Thursday, Nov. 6.

A BUSHY THREE DAYS. Bishop Sweeney, of the Anglican diocese of Toronto, will leave today for Orillia, where he is to attend a meeting of the arch-diocese of Simcoe.

GOOPS

By GLETT BURGESS

COY DAVIS

Coy Davis, what have you been doing? You've put the gum that you were chewing Beneath the seat of parlor chair, and everywhere! That shows you are a Goop, I say, Or else you'd throw the stuff away!

Don't Be A Goop!

A dear old lady who has given the best years of her life to work among immigrants, and is still giving of the strength that remains in the twilight of her days.

We used to pace the deck together, arm-in-arm, and she would pull my arm out of my socket for she was very old and very stiff. Ever, the talk which we had, quite compensated for my aching shoulder-blade, and I was deeply interested in her story.

The government, she said, was so unkind, allows a certain amount of money a day for the feeding of each individual detained at the station. If, therefore, the officials can feed the poor wretches for less, the business is better than theirs.

The little mother was nearly out of her mind with grief and begged her husband to take her and her remaining child home. He sold all his worldly goods and took passage on the next steamer for "home," but on the return voyage the third child was snuffed out like the flame of an almost spent candle, and the heart-broken father and mother cursed the "Land of the Free" and wished to God that they had never seen or heard of it!

"That was a nice little happening just under the eye of the statue of Liberty," I remarked. "Of course you reported it to the proper authorities?" "If I had," she answered, "I should never have been allowed to prove my statements, and I should never have been permitted to set foot on Ellis Island again."

The change in the date of the sailing of General Bramwell Booth from England does not affect the program arranged for Toronto. The numerous engagements fixed for him include an address before the Canadian Club a week from Monday at 1 o'clock.

EFFICIENT HOUSEKEEPING BY HENRIETTA D. GRAUEL DOMESTIC SCIENCE LECTURER

Oranges and Lemons

NORMOUS numbers of oranges are being imported into our markets now; and they are of the greatest value to us, for their wholesome acids are greatly needed by persons who eat as much meat as we do.

This month we find many blood oranges and these are of extra fine flavor. They are produced by grafting orange slips into pomegranate stocks and this fruit is greatly prized by epicures; unfortunately these grafts do not bear so profusely as the true orange trees.

Orange marmalade is the favorite preserve of orange lovers; the Scotch recipe for this delicacy has been given in this column before, but the following recipe will be found to be superlatively good.

English grated orange marmalade: Grate the yellow rind of the oranges, but do not grate in any of the bitter white lining. Press the orange pulp thru a sieve and add a pint of water to every four pounds of fruit. Mix a pound of sugar in ten every pound of fruit and boil 30 minutes.

Small oranges crystallized: Remove the skin and white lining from small oranges and take care not to break the sections apart or to puncture the skin for all the juice must stay in.

Thread a sterilized needle with white linen thread and run thru the centre of each orange, so it may be suspended.

Make a heavy frosting with powdered sugar and the white of eggs and dip the orange into it by the thread so every part is covered.

Now hang the frosted oranges on a stick so they do not touch one another and suspend in a hot oven to dry. When the frosting is firm they are done. These little comfits are very pretty in boxes of home-made sweetmeats. The smaller the oranges are the prettier the effect.

Two recipes have been received for using lemons from a reader of this section, who is so fortunate as to own a lemon grove in California. One is for preserved lemon peel. Peel the yellow rind from the lemons with as little white fibre as possible. Make a thick syrup of sugar and water and simmer the peel in it. In a half an hour the rind will be tender and may be put in small glasses and covered with the syrup, and then sealed with paraffine.

The other recipe will be useful when lemons are at their lowest price. It is for preserving lemon juice.

Roll the lemons and squeeze all the juice from them; strain it thru very fine muslin, so no pulp goes thru. Have perfectly clean bottles waiting with new corks. Pour the juice in until within half an inch from the top. Now pour on a thin layer of paraffine; when this hardens cork tightly and keep in a cool place.

This correspondent says that the juice will keep perfectly fresh until used.

THE GARDE NURSERY

CONDUCTED BY RACHEL RATODD M.D. Some Necessary Reminders

Of course our gardeners have completed their work, and it is necessary to mulch to be presently spread over the beds within the next few weeks, or days, for who knows how long this fall time will last?

Regarding the question of manure mulching, it will not be necessary to remind you that fresh material should be used with impunity on garden beds, or in any other place, save at the very bottom of the cold frame, and possibly the hot bed, which constantly generated in the raw material would be too great an incentive towards the production of insect pests.

The ordinary plant life would probably cause a rotting away of most roots, and possibly the plants themselves, developing a pernicious mold.

Therefore, since a gardener simply must have this material, we hope the pile is in readiness somewhere, slowly preparing under the full influence of the sun; and that the various layers of the heap are being daily turned over so that the sun and air will upon every portion of the nitrogen-producing food.

When the time comes to cover everything up do not forget to make use of all grass cuttings (saved for the same purpose), and fallen leaves. The best way to use this last-mentioned debris is to spread as the first covering over the pile, thus preventing the rich, hot mulching from coming in close contact with the plants.

However (and this is a point to note), if you fallen leaves are infested with insects—that is to say, if the trees from which they have fallen were infested this summer, you would advise you on account to make use of these same leaves as mentioned above. There is but one thing to do with such debris, namely, make a bonfire. At any rate, you will obtain some fine clean, perfectly pure ashes, which may be used for any purpose.

The trunk roots of the same trees from which the burnt leaves fell.

NEW COLUMBIA DOUBLE DISC RECORDS FOR NOVEMBER OUT TO-DAY. They Fit Any Machine. You Can Double the Pleasure of Your Instrument by Adding a Few of These Columbia Records to Your Library.

MORGAN KINGSTON ("The English Caruso") the tenor who has made such a big hit at New York's newest opera house. Songs My Mother Taught Me (Dvorak). In English with Orchestra. An Evening Song (Blumenthal). In English with Orchestra. Record No. A5495—12-inch double disc, price \$1.50.

TRIENNIAL SESSION OF W. C. T. U. OPENS. Nearly a Thousand Delegates—Canadian Representative, Mrs. Gordon Wright, Spoke.

NEW YORK, Oct. 24.—(Can. Press.)—The triennial convention of the World's Woman's Christian Temperance Union opened at the Academy of Music, Brooklyn, today with nearly a thousand delegates representing every state in the Union and thirty foreign countries in attendance. The women were welcomed by Mayor Adolph Kline and Lewis H. Pounds, borough president of Brooklyn.

Mrs. Lillian M. Stevens, vice-president of the international organization, presided in place of Countess Rosalind of Carleise, the president, who was unable to be present.

She sent a greeting, which was read by her daughter, Lady Aurea Howard, who is here with a delegation of forty from England.

At night the delegates heard Miss Agnes E. Black and Mrs. Ormiston Chant of England, Mrs. Gordon Wright of Canada, and the Baroness De Lavelleye of Belgium.

A Marvellous Musical Instrument. The musical world has been interested for some time in Edison's latest and greatest achievement, his wonderful disc phonograph. After thirty-four years of experiments, Edison at last allowed his wonderful phonograph to be placed before the musical public, and those who have visited the Goshard Heintzman phonograph parlors at 41 Queen Street West, to hear these instruments, were simply amazed at the perfect sound reproductions, whether voice or instrument. Those who had needles required, the "mother" being a per-

DRINK CURE A MIRACLE? No, Just Sound Science.

Many drunkards are sent to jail when what they need is medicine. Drink has undermined their constitutions, inflamed their stomachs and nerves, until the craving must be satisfied, if it is not removed by a scientific prescription like Samaria.

Samaria Prescription cures the craving, restores the shaking nerves, builds up the health and appetite and renders drink distasteful, even nauseous. It is odorless and tasteless and dissolves instantly in tea, coffee or food. It can be given with or without the patient's knowledge.

Send what it did for Mrs. G. of Vancouver: "I was so anxious to get my husband cured that I went up to Harrison Drug Store and bought your remedy there. I had no trouble giving it without his knowledge. I greatly thank you for all the peace and happiness that it has brought already into my home. This cost was nothing according to what he would spend in drinking the curse of drink was putting me into my grave, but now I feel so happy, and everything seems so different and bright. May the Lord be with you and help you in curing the evil. I don't want my name published."

Now, if you know of any unfortunate suffering from Samaria, tell him or his family or friends about it. If you have any friend or relative who is forming the drink habit, help him to release himself from its clutches. Write today.

A FREE TRIAL PACKAGE of Samaria Prescription, with booklet, giving full particulars, testimonials, price, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence sacredly confidential. Write today. The Samaria Remedy Co., Dept. 102, 142 Mutual Street, Toronto, Canada.

BABY'S OWN TABLETS. Baby's Own Tablets are the best medicine a mother can give her little ones. They are absolutely safe, guaranteed by a government analyst to contain neither opiates, narcotics or other harmful drugs. They are good for all children from the new-born babe to the growing child. They cure constipation, indigestion, expel worms, break up colic and make teething easy. In fact they are a cure for all the minor ills of little ones, and a box should always be kept in the house as a safeguard against sudden attacks of stomach or bowel troubles. Mrs. J. P. Richards, St. Norbert, N.E., says "I have found Baby's Own Tablets at that is claimed for them. My baby suffered from his stomach and bowels and the tablets certainly did him good." They are sold by all medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**INTERCOLLEGIATE SOCCER
 HOWARD WILL REFEREE**

Queens and Varsity Play First Game for Championship—
 Today's Program.

N. J. Howard will referee the intercollegiate soccer game this morning between Varsity and Queens. The Varsity players are asked to turn out at the gym at 10:30. The game is on the back campus at eleven o'clock. The return game will be played on Nov. 8 in Kingston.

A very interesting game of football will be played on Saturday afternoon, Oct. 25, inst., at Queen Alexandra School grounds, between Celtics and Gurney-Oxford. Kick-off at four o'clock.

Clinton Football Club play Fred Victor on Dovercourt Park at 4 p.m., and request all players to be on hand.

The following are the T. and D. games for today:
 Senior (first division)—Baracas v. C. N. R., Don Valley v. Old Country.
 Senior (second division)—Devonians v. St. Catharines, Elm Street v. St. Giles.
 Junior—Overseas v. Fraserburgh, Wyckwood v. Riverdale, Yorkshire v. Waverley, Old Country v. Esplanade, Parkview v. Eatons.

The T. and D. picked English and Irish teams play today at Eaton grounds. If England wins she wins the championship. If the game should end in a tie or Ireland wins, the honors must be determined on goal average or a deciding game played.

Pro. soccer games today: Toronto v. Hamilton U. at island stadium, 2:15; Hamilton City v. Queen City.

**CATHOLIC VOTERS
 DENIED FREE HAND**

Can Only Support Such Candidates as the Vatican Approves.

ROME, Oct. 24.—(Can. Press).—The campaign for the general elections which will take place next Sunday is a most active one, due to the widespread participation in it of all classes of the people of Italy. It is foreseen that the number of persons who will cast ballots will surpass that of any former election. It is estimated that about 6,000,000 persons will vote Sunday, three times as many as did so in 1909.

The Socialists are making a fiery propaganda, but their efforts are being neutralized by splits in their party. The Republicans also are divided, half of them favoring and half opposing the conquest of Libya by Italy.

Strong on Voters.
 Candidates of the clerical party are running in nearly sixty constituencies, but The Osservatore Romano, desiring to reiterate the impossibility of the clerical party being represented in the Italian chamber of deputies publishes tonight a statement, evidently inspired by the Vatican, saying that the designation "Catholic candidates" as given to certain persons standing for election, is inadmissible, even if their principles deserve the support of Catholics, which is allowed in some constituencies under certain circumstances and under prescribed rules.

This statement is an important one, being an official admission of the prohibition of Catholics to vote except in these constituencies in which they will be permitted to support either a purely clerical candidate or a candidate whose principles they will not oppose religiously or morally.

What the Vatican still strongly prohibits is that the deputies so elected shall be considered to form a Catholic or clerical group for whose actions the Holy See will be held responsible.

No matter which you choose it will be the best if it's—

**BIRDS NOW BUSY
 FLYING SOUTHWARD**

Each Kind Has Its Own Time for Making the Pilgrimage.

Of all the summer tourists the most wonderful are the birds. And at this season some of them are packing up and starting south again—so quietly that one is unaware. For three and a half months, speaking roughly, they are saying their good-byes to the north; many of them have had a vacation of only six weeks, for which some will have traveled 15,000 miles. For centuries, for eras, man has witnessed the flight of birds, their invasion of the frozen north in all the gayness of bright feathers and wowing time; their melancholy retreat before a winter unannounced. Yet few of us can speak on the subject with much authority, says Collier's Weekly. Why does the insect feeder take his flight in August, when it is still warm enough to suit everyone and the air is full of dinner? How high does the golden plover fly, and why does the warbler lose his head in approaching the lights of the city, that burn so many wings? By day and by night the birds' exodus is a marvel; but at night it is most mysterious. It is not alone feathered citizens that fear the hawk tribe that pursue night travel at the risk of life. Why? Some species seem to have organized their retreat on the most systematic plan; others are impressionists, and mix with other kinds of fowl, traveling as the spirit moves, covering no great distance at a time. We all know how the blackbirds and crows meet and swing off in troops, starting in August and attaining great numbers in September flight. Some birds certainly rise to a height of four or five miles on their pilgrimage, and the speed of some is calculated at a hundred miles an hour. Millions upon millions of birds are in motion at this time, or a little later. The loss of them for a season may in part explain our autumn sadness.

RACING SEASON NOT OVER YET

Hillcrest Park Will Wind Up Season With Interesting Card.

RIVAL MULES TO START

And One Will Be Ridden by a Real Cowboy Girl.

A most unique wager was made yesterday between William Cross, proprietor of a livery stable at 77 West King street, and Louis Lesser, business manager of The Girls From the Folies Company. Mr. Lesser's attraction carries a small mule, which is used in one of the comedy scenes. When he is the early part of the season he stabled the animal at the Cross barn. His presence seemed to arouse the ire of his stable companions, mule-owners by Master Cross, Jr., and especially so when the youngster became attached to the show's mule. The advance agent upon his arrival here Monday again went to Cross to have him take care of the animal for the week and a heated discussion arose as to the merits of both animals. The result was a wager for a half-mile race to take place next Tuesday morning at 11 o'clock at the Hillcrest race track. Aid, McBride kindly vouching for the privilege.

Texas Girl to Ride.

Mr. Lesser announces his jockey as Miss Texas Mithall, one of the "ponies" in his show, who was brought up on her father's ranch in Texas, and is said to be able to ride any quadruped. When asked who would have the mount on his "animal," Mr. Cross simply gave a shrug.

As no admission will be charged, there will no doubt be a big attendance. The Girls From the Folies Company will leave from the theatre in taxis and will back their entry to a standstill. The judges are to be decided upon today.

LATE UNCLE BOB MCKAY

FIRST JOB IN HAMILTON

All that is mortal of the late Robert McKay will be laid at rest this afternoon in St. James' cemetery, the funeral leaving his late residence, 404 Jarvis street, at 3 o'clock. Uncle Bob was born in Hamilton, and many stories could be told of him, says The Herald, illustrating his resourcefulness and kindness of heart. Always unfailingly kind and courteous to his employees, it was these qualities as much as any others which secured him co-operation and helped him to build up a big establishment.

It is said that a boy he secured his first position in Hamilton, after leaving school, with a dry goods merchant, who, finding a boy had placed a placard to that effect outside his door.

Employing the "boy wanted" sign, young McKay picked it up and carried it inside the store much to the astonishment of the proprietor.

"Here, what are you doing with that?" the storekeeper demanded.

"Well, I thought I would bring it in," said the boy, "because you will not need it any more, I am going to take the job." And he did.

BASBALL TODAY

FOR THE GREER CUP

The Greer and Park Nine are scheduled to play this afternoon at Dufferin Park at 7:30. Stanley and Toller will be the visiting men for the Greer ends, while Simpson and Downing will work for the Park Nine.

Mutuels for Blue Bonnets

William Northey, secretary of the Montreal Jockey Club, is at Latonia familiarizing himself with the inside workings of the mutual system of betting. He held a conference with John Hachmeister, and secured plans and specifications of the Latonia arrangements.

HOCKEY GOSSIP

Picton will play junior O.H.A. this winter.

"Mawk" McKenna, rover of the senior O.H.A. champions last season, has been moved by his firm to Hamilton.

The N.H.A. will likely appoint a body of ten referees.

The following is from Vancouver: Frank Patrick may possibly don a hockey jersey, offered despite his repeated announcement to the effect that he has retired. If the club goes along all O.K. the star point player may manage the club from the bench, but it's a safe bet that when things start and break wrong, he will permit himself to play "just one more game."

President Lichtenstein of the Wanderers denied that he was out after Clint Benedict. His two present goal minders are sufficient, he thinks.

Art Ross and Harry Hyland of the Wanderers are not the only Montreal hockeyists to have their salaries cut \$500. When Jack Laviolette of the Canadiens received his agreement this fall he was somewhat surprised, also, for he was offered \$500 less than he received last year for this season's work. Laviolette returned the contract unsigned. Jack's friends say that they do not think it will be necessary to bring his case before the commission, as they think he can come to satisfactory terms with Manager Kennedy of Hamilton.

It is stated by pretty good authority that Pire, also of the Canadiens, has been offered considerably less for his services this winter than he received last season, when he was one of the highest paid hockeyists in Canada.

Neway Lalonde is not worrying over his peculiar position in the hockey world. "I have written to Frank Patrick, stating my case. I expect to receive a definite reply from him in a few days. I do not want to go to the coast this winter. There are several reasons, one of them being that I am married now, and it is not so easy for me to move."

"Also I have about decided to start business in Montreal, and intend to stay out this winter. I know that the Patrick will realize my position, and I do not expect any trouble. The matter will, I believe, be fixed up to the satisfaction of all concerned."

BACKED DIRECT WILKES AND LOST

The Toronto Driving Club have called off their races indefinitely and those entitled to money are asked to call at Hillcrest Park this morning between 10 and 12. In the 2:17 race, the money will be awarded as the summary stands from Wednesday. Berlin Belle declared the winner, with Direct Wilkes second, Brown Hal third, Myrtle fourth, Col. Baxter fifth, and Violet sixth. Direct Wilkes was a heavily supported favorite for the race in the pool.

YANKEE ATHLETICS

EXAMPLE FOR GERMANY

BERLIN, Oct. 24.—A campaign to arouse interest in the Olympic games to be held here in 1916 was inaugurated tonight in a lecture by Carl Diem, general secretary of the Olympic games. Herr Diem told of the recent trip to the U. S. of the athletic commission, of which he was a member. He described with un-mixed praise athletic conditions in the United States, and said they were an example for Germany. A large audience listened to the lecture. James W. Gardner, the American ambassador, was the guest of honor.

TORONTO GOLF CLUB

The last monthly handicap of the Toronto Golf Club will take place today.

ENNISCLAIRE HUNT LAND SLY REYNARD

Splendid Run of Seven Hours at Oakville—Those in the Saddle.

The Ennisclair Hunt enjoyed a splendid outing on their run this week. Sharply at 11:30, H. C. Cole, M.F.H., left the kennels with 18 couples, in charge of Huntman Hugh Wilson, on the Viceroy from Oak and his wife, Moscrop and Law. After proceeding thru Mr. Orth's farm and on thru Ennisclair farms, the hunt crossed Dundas street, continuing north to the woods of Messrs. Biggar Brothers on the Base line road. After drawing the covers, the hunt ran a very keen scent to the Johnston farm and worked fast into the valley of sixteen Mile Creek, where a view was made of a fine cunning Reynard on the top of the creek bank some 100 yards from the run. The dog ran into the valley, when a kill was made about 4:30.

The cold, steel gray day, with its moisture, made the scent delightfully keen, and in the fall of Reynard and his mate was taken up, bounds running until darkness overcame the hunt in Johnston's bush. Huntman Wilson was fully twenty minutes getting his pack in, and Mr. W. Johnson bade the hunt good night after the first star appeared. The day was most ideal for the sport, the rains of Friday providing excellent going on the turf. After being seven hours in the saddle, the hunt returned shortly after 7 o'clock. The day was spent in the woods. Several falls occurred, but no injury resulted, and no injury to the dogs. The Straw, a fine specimen of a Canadian bred, by Samaritan, Mr. Moore of Preston was shot. Mr. Myer on Run Up, Mr. Marlett on Whaup, a Valley farm thoroughbred, Mr. Hilton Tushope on Viceroy, Mr. McCabe on Marquis, Mr. Douglas Warren on Muttieer, Mr. McKay-Tean on Adair, Mr. Straith on Thomson of Hamilton on Niagara, and Mr. Powell on a nice looking nag.

HELD ON CHARGE OF BANK THEFT

Wm. McIntyre Alleged to Have Taken Ten Thousand in St. John.

Charged with the theft of \$10,000 from the Bank of Nova Scotia at St. John, N.B., William McIntyre was arrested in the King Edward Hotel by Detectives Miller of Toronto and Fuller of the Pinkertons yesterday evening about 6:30 o'clock.

McIntyre had been a clerk in the bank in St. John and was transferred to Chicago. It was while he was in Chicago that the large shortage was discovered in the eastern branch, and the Chicago police were wired, but McIntyre and disappeared. The Pinkerton men traced him across the border into Toronto, finally locating him at the King Edward. On receipt of a telegram from Chief of Police Walker of St. John he was arrested.

McIntyre when searched had a large sum of money in bills of large denominations.

FOREST HILL RAILWAY CHARTER SANCTIONED

Authority for Construction Forwarded to Company by the Government.

The provincial government has sanctioned the charter of the Forest Hill Railway, which is designed to feed the district northwest of Toronto. It is some time since the application was before the cabinet and the only objections seemed to be that the county in general had not put up with it.

In that it only affected a very minor portion of York and hardly called for the opinion of the people to the north to whom it did not cater, Hon. J. S. Hendrie recommended the granting of the charter and authority for construction was forwarded to the company.

HAPLESS SCHOONER TWICE RUN DOWN

Craft is Now Being Towed to Bangor, Badly Crippled.

VINEYARD HAVEN, Oct. 24.—(Can. Press).—After fighting two collisions within 24 hours, the schooner William H. Clifford, from Norfolk, for Bangor, will finish her voyage in tow minus a large part of her sail and rigging.

The schooner was at anchor in Vineyard Sound, near Gayhead last night, when she was run into by the schooner Hattie H. Barbour, from St. John, N.B., for New York, with a cargo of lumber. The Barbour's bowsprit and all her headgear were carried away and she was towed to New Bedford by the revenue cutter Grand Rapids.

With her mizzen rigging and rail damaged, the Wm. H. Clifford proceeded for the port under sail, but late in the afternoon, off Westchope, she collided with the five-masted schooner, Margaret Haskell, losing her spankerboom, and sustaining other damage.

The Haskell, which was at anchor at the time, had her jib boom and head gear carried away.

WOMAN CENTRE OF INTEREST AT TRIAL

Belliss is Relegated to Background in Proceedings at Kiev.

KIEV, Oct. 24.—(Can. Press).—While public interest in the trial of Mendel Belliss, on a charge of murdering Andrew Yushinsky has not abated, it is significant that it is now chiefly centred in Vera Tcheberlak's connection with the case. Much of the court's time was occupied with the deposition of the Karavassoff, a notorious criminal, who is now undergoing a sentence of exile, who assisted former Chief of Police Krasovskiy in his investigations of the case. They added nothing of importance to the evidence already adduced.

SUP. PAPER UNDER BAN

NEW YORK, Oct. 24.—Action on complaints that copies of The Suffragette, a magazine devoted to the suffrage cause, published in England, and sold in this country in connection with Mrs. Emmeline Pankhurst's visit, contained objectionable matter on the sex question, representatives of Police Commissioner Waide have asked for a "Jane Doe" warrant for a woman who has been selling the publication.

\$5.00 TROUSERS

FREE SUITS and OVERCOATS TAILORED - TO - ORDER

For \$10.95 Upward

You Can Have One Fitting or As Many As You Like. Sale Continues All This Week--Workmanship Guaranteed

Today is the fifth day of our great Suit and Overcoat Sale. Hundreds of people have visited our store, bringing with them their wives, sisters and friends to help them choose their winter material for a suit or overcoat.

THIS GREAT STORE

has seen the union of two great trades, which we call the young and the elderly man's business. We have cloth to make the young man look stylish and cloth to make an old man look ten years younger.

A VISIT WILL PAY YOU

Mr. Workingman We Want You

as much as you need us, for our large turn-over and dealing direct with the great Scotch mills in the "land of the heather" enables us to sell you a suit or overcoat for \$10.95 that most tailors would sell from \$18.00 to \$20.00. Last week we received over 4500 yards of pure wool material which consists of suit and overcoat cloth in Scotch Tweeds, Fancy Worsted, Blue Serge and Cheviots, in blue, black and grey; overcoating in Tweeds, blue, black and brown, Melton and Beaver Cloths in grey, blue and black, and all the season's shades in Chinchilla Cloth.

All horses sold with a guarantee are returnable by noon the day following day of sale if not as represented.

MAHER'S HORSE EXCHANGE. GEO. JACKSON, Auctioneer

GERMANS WILL VISIT GUELPH FRISON FARM

Two Privy Councillors in Party of Four Sent by Wilhelm.

The inauguration of the prison farm movement in Germany involves the sending of four commissioners under the special authority of Emperor Wilhelm to study Ontario methods. In consequence four officials will arrive in Toronto on Sunday afternoon, en route for Guelph, where they will be instructed in all the important features by Hon. W. J. Hanna in person.

Privy Councillors Plaschke and Schlosser and Directors Hickmann and Rempla are the delegates, and they will be conducted to the farm early on Monday morning by Warden Gilmour. These gentlemen were in attendance at the American Prison Association conference in Indianapolis a few weeks ago, and were much impressed with Mr. Hanna's exposition of the Ontario system.

GUILTY OF MANSLAUGHTER.

PICTOU, N.S., Oct. 24.—After being an hour, the jury of the supreme court returned a verdict of guilty against Geo. McLeod of Seaford, on a manslaughter charge, he having killed Neil Sutherland in a fight on July 15 last. McLeod, who was road overseer, with his father had followed Sutherland and his son to a neighbor's. Sutherland drove McLeod to the house with stones. He picked up a neckyoke, and coming out, attacked Sutherland.

JEROME IS TRULY NEMESIS OF THAW

Leaves for Concord With Papers Demanding Extradition of Fugitive.

ALBANY, N.Y., Oct. 24.—(Can. Press).—William Travers Jerome and Deputy

Attorney General Franklin Kennedy left today for Concord, N.H., armed with new papers requesting the return of Harry K. Thaw to this state. Governor Glynn signed the new requisition for extradition late today, after a conference with Jerome, Kennedy and Attorney-General Carmody.

While it was agreed that new papers were not absolutely necessary, it was decided that they be issued in order that there might be no question raised as to the validity of the requisition formerly made on the New Hampshire authorities. The original requisition was based on his indictment yesterday in New York for alleged conspiracy.

Use hot milk instead of cold when mashing potatoes and they will be fluffier.

Two Six-Cylinder Cars FOR SALE

ONE 40 H.P. THE OTHER 75 H.P.

These cars are both in good running condition and are fully equipped with lamps, headlights, tubes, spare tires, tire-carriers and cases. Both have light four-passenger bodies.

The 75-h.p. car is one of the fastest and most powerful machines in Toronto; the small car is also speedy and powerful.

The reason for selling is that the owner has purchased a seven-passenger car. These machines will be sold very cheap for cash.

Apply by letter, Box 86, World Office, Toronto.

FENCING NOTES.

The Fencing Club of the Central branch of the Y.M.C.A. will commence its season for beginners and advanced fencers on Nov. 4 at 8 p.m. in their new club room. The fencing fees will not be raised and remain as formerly.

At a preliminary meeting of the club it was decided to arrange the election of officers and fencing schedule for the week of Nov. 10.

The fencing club have every reason to congratulate themselves on having without doubt one of the best, if not the best fencing rooms in America. Its equipment is modern, comprising French and Italian national dueling swords, foils, sabres and bayonets, etc., while the fencing coats and masks are designed from the French school, being in every particular free from flaws which may cause accidents.

The floor space of the fencing room is 30 x 33, well-lighted and ventilated throughout. Provision has been made for outdoor fencing, covering a space of 54 x 60.

Five rubber and cork fencing mats, 6 feet by 24 feet and 2 feet by 24 feet have been provided. The fencing rack, cork-padded, will hold about one hundred foils, sabres, dueling swords, etc. The fencing coats hang above them, where the sunlight get them the least.

The mask project out five inches, giving space for drying, and at the same time gives an artistic touch to the arrangement in the form of a wall of steel highly polished and plated.

A photographic display greets one as they enter the fencing room, and is known as the photographic history of the fencing club, depicting as it does the provincial (from and individuals who have in many cases been awarded the special merit crest of the association, a coveted honor), while the other features of good fencing have not been overlooked.

The fencing trophies arranged around the room speak well for the material out of which fencers are developed.

LADIES FENCING CLUB.

The fencing club of the Somers School of Physical Training commences its season Wednesday evening, Nov. 5, at 8 o'clock. Special room has been provided, the classes for elementary and advanced being limited because of space. Application should be made at once to the secretary of the Fencing Club, Miss Bertha Winters, care of the Somers School Fencing Club.

NEW BOOK FOR BUSINESS MEN

Important That All Should Have Inside Facts on International Commerce.

Without stopping to give the matter serious consideration, the average business man would think that "Panama and the Canal in Picture and Prose" is merely a book of history and travel which has no bearing upon his particular line of business. Viewing it from another angle it carries a message of the utmost importance and promise. It sets forth the great changes that must be brought about in international commerce by the widening of the great oceans. It shows how the nations of the world are to come into closer relationship, both socially and commercially, by this connecting waterway. In our own country the great canal becomes a common highway for the products of Canada and Brazil, as well as for those of the United States. This must have some effect upon your own business, for there are the three prolific commercial countries of the great American continent, and any change in the present order of marketing with one more than likely to develop new and different trade conditions with the others. So the business man who does not read this volume is not alert to the interests of his own business. Realizing the educational value of this new illustrated volume, The World is offering it to readers for the

York County and Suburbs of Toronto

TEMPERANCE ACT NOT AN ISSUE

In Peel County Election Word From Ottawa to That Effect.

LIST OF MEETINGS

Hon. W. H. Hearst and N. W. Rowell to Take Part in Campaign.

The Canada Temperance Act will not be submitted to the electors of the County of Peel this year. Such was the decision of the department of state at Ottawa, word being received to that effect last night by the temperance executive of Brampton.

Applications for licenses will be made by the hotelkeepers on May 1, which will likely be granted, unless a local option bylaw is submitted and carried at the January elections.

The political campaign for the legislature is on in earnest, and meetings have been started throughout the county by both parties. W. D. McPherson, M.L.A., will address a meeting in the interests of James R. Falls, the Conservative candidate, at Inglewood on Saturday night and Hon. W. H. Hearst, minister of crown lands, will speak at Clarkson on Monday night. A meeting will also be held at Palgrave on the 28th inst. Charleson the 29th. Caledon East the 30th. Streetsville, 31st and Fort Credit on Nov.

The Liberals are also active. Mr. N. W. Rowell, in opposition, speaks in the interests of Mr. Milner at Bolton on the 28th. Cooksville 27th. Meetings have also been arranged at Alton on the 23rd and Caledon East on the 30th.

REDISTRIBUTION OF CITY WARDS

North Toronto Ratepayers Will Hear Views of Other Associations.

There will be a meeting of the North Toronto Ratepayers' Association tomorrow night in the hall on Montgomery avenue. The widening of Yonge street and the sewerage question will be discussed. A deputation may be present from the Beaches Association to present the east enders' views regarding redistribution of wards. As this is a matter which will be an issue at the next municipal election, the executive committee hopes that members will turn out and take part in the discussion.

Hydro Extensions. Residents in this district are pleased that the Hydro has started extension work. When the proposed fresh circuit is strung, North Toronto will be supplied from the station on Avenue road, which means that a better current will be obtained than it was brought up Yonge street. The lamps already in use are to be replaced by those of the type used in the city. Lights on every second post on the west side of Yonge street will also be installed.

WARD SEVEN

The death occurred yesterday of Mrs. Mary A. McKee, wife of William McKee of 337 Western avenue, in her 41st year. Mrs. McKee was well-known in connection with her work in the Victoria Presbyterian Church. The funeral takes place on Monday afternoon at Prospect Cemetery.

The Inter-Church Association are unfortunate in their choice of a day for their 4th annual athletic meet and field day. Should the weather this afternoon prove favorable, however, the games will be held at the Lambton Athletic Grounds.

The committee appointed last fall to attend to the organization of a province of the Boys' Dominion in West Toronto are busy preparing for a canvass of the district in order to raise funds for the purchase of a building. A number of the business men have been visited, and with scarcely an exception have given warm approval, and several large subscriptions are already booked. A special meeting of all interested has been called for Monday evening at 225 Mavety street, when C. J. Atkinson, the founder of the Dominion, will deliver an address.

Iona May the daughter of Mr. and Mrs. W. J. Woods, died yesterday morning at her parents' home, 287 Pacific avenue. Interment will take place this afternoon in Prospect Cemetery.

West Toronto Young Women's Christian Association has decided to erect a building at an early date. A site has been secured on Mavety street for the purpose. The present quarters in the Hayden Block are much too small to accommodate the ever-increasing membership.

A meeting of Ward Seven Ratepayers Association will be held in Annetts School on Wednesday evening next, Oct. 23. Mayor H. C. Houston is expected to deliver an address on transportation. Every ratepayer is invited.

MISSING FRIEND

Wanted to know the whereabouts of Walter Oldfield, late of Sheffield, England, last heard of in Guelph twelve months ago. The enquirer is his cousin, 135 Morrison avenue.

DISPOSAL PLANT IS NOT WANTED

Riverdale Ratepayers Will Oppose Don Valley Sewage Tank.

CELEBRATE CAR LINE

Big Program Prepared for Opening Days, Bands and Torch Light.

A meeting of the North Riverdale Ratepayers' Association was held last night at Players' Hall, with Dr. E. McDonald in the chair and a large attendance. The chairman said that Fire Chief Thompson had told him yesterday that additional fire protection could be supplied to the Danforth district in the immediate future. A letter was read from the board of control, stating that the lights on the south side of Danforth avenue would be installed by Nov. 15, and that the delay had been caused through the Hydro not having a quantity of the material required for the erection of the lights, in stock.

Altho the day for the opening of the civic car line on Danforth has not been definitely arranged, great preparations have been made. The program is as follows:

8-Official opening and start of first cars, containing city officials and members of this association.

8:30-Arrival at East Toronto; speeches from mayor, controllers and aldermen, etc.

9-Return to Broadview.

9:30-Arrival at Broadview; speeches by mayor, controllers and aldermen, etc. at North Riverdale rink.

Evening. Grand carnival dress and torchlight parade with bands, forms at North Riverdale rink, at 7:30, proceeds to Page avenue, and then back to the rink.

8:15-Speeches at the rink.

8:30-Bands return to Carlaw avenue and give continuous concert.

8:45-Judging of costumes at Carlaw avenue.

9:15-Return to rink.

9:30-Awarding of prizes for best costumes at the rink.

On account of the offices of third and fourth vice-presidents being vacant, Messrs. W. C. James and W. Martin were elected.

The suggestion to install a septic tank in the Don valley was indignantly opposed by the association.

Mr. P. Ellis stating that no odorous tanks of the kind installed on Morley avenue were needed in the district.

After much discussion it was decided to hold a special meeting to discuss the question of the street railway purchase.

CONSERVATIVE BANQUET. The annual banquet of the Runnymede Conservative Association will take place on Wednesday, Nov. 19, in Cooker's Hall, St. John's road. A special committee is in charge of the arrangements and invitations have been sent to members of the city and York township councils, as well as to a number of prominent Conservatives.

The Gatlin is The Original 3 Day Liquor Cure

A High-Class, Scientific Treatment

The Drink Habit means the Drinker's system is poisoned with alcohol which must be eliminated and its functional effect neutralized before the Drinker can overcome the desire for drink. The more he drinks the more he wants and needs to quiet his nerves, so that he can transact business. The only way to stop drinking is to stop at once, and never touch a drop of alcohol, and if this cannot be done, treatment is needed. The Gatlin is the treatment that should be taken, because it is mild, safe and always reliable.

Beware of IMITATORS Trading On Our Good NAME. Write, call or telephone today for Booklet and full particulars. Address all communications direct to THE GATLIN INSTITUTE CO., LTD., 428 Jarvis St., Toronto, Ont. Phone North 4538.

Cut out this Coupon and send by mail today.

The Gatlin Institute Co., Ltd., 428 Jarvis St., Toronto, Ont. Please send me Booklet and information regarding your Three-Day Cure for the Liquor Habit.

WANT POLICE FEE SYSTEM ABOLISHED

Special Committee Suggests That Police Commission Be Appointed.

FOR ALL YORK COUNTY

County Judge, Warden and High Constable Should Be Responsible.

General dissatisfaction with the present police system in York County was expressed by all members of the special police committee which met in the York County building yesterday.

There was a warm discussion, and the fee system of paying constables was scored as being wrong in principle.

A recommendation was finally adopted which suggested that special legislation be obtained by the council to permit the appointment of a commission, consisting of the county judge, the warden and the high constable, to control the police affairs of the County of York.

Abolish Fee System. The committee also advised that the fee system be abolished and constables receive a regular salary.

The committee believes that this arrangement would result in more efficient work on the part of the constables, fewer trumped up charges and a better feeling between the public and the county police.

EARLSCOURT NOT THE ONLY PLACE

Where Lavatories and More Police Protection Should Be Supplied.

A MERCHANT'S VIEWS

What About Those Who Don't Have Autos—Lonely Working Girls.

"What can the property commissioner mean by reporting that a public lavatory is not needed at the corner of St. Clair and Dufferin said a St. Clair avenue storekeeper to The World last night. "If I had my way, I'd have it made a rule that heads of departments in the city must submit a complete inspection of the city every month, by the St. Clair district is not the only place where accommodation of kind is required. Hundreds of lavatories are needed all over the city, especially along so many alleys have been built out of business in outlying sections.

"The head of the Waterloo division on Monday next, discuss the advisability of establishing the Berlin civic association in getting out a comprehensive plan of the twin corporations which will provide for a city of 75,000.

"As for police protection, I have come off the cars at all hours, even after midnight, and have not seen a policeman anywhere. I'd like to see some one who had read the newspapers attentively during the past two or three weeks must admit the necessity for some improvement in our city. It's all right, of course, for those who are home in automobiles at night, but what about the lonely working girl, or office cleaner, who has to get home to some distant suburban street at a late hour?"

Fine Concert. There was an excellent concert in Bloor Avenue Hall last night under the auspices of the Canadian Order of the Woodmen of the World, Camp 297. Twelve artists contributed to the program, and Organizer Black gave an interesting address on the purpose and scope of the organization. There are forty members in the Earls Court Camp.

RIVERDALE. Property owners in the neighborhood of Edgewood avenue are much annoyed about Dr. Hastings' latest order to install septic tanks within 48 hours.

A sewer is, at the present time, being laid in the district and the people refuse to obey the M. H. O's instructions, as it is probable upon the completion of the sewer they will be notified by the medical health department to install plumbing in double quick time.

Persons in the vicinity of Small's Pond have received instructions to clean the bed of the pond within the same space of time allowed for installing septic tanks. The people state they are not the owners of the pond and therefore refuse to comply with the demand. Contractors, who are laying a sewer across the eastern section, have been much delayed, by water filling any excavations made and pumps have to be used continually.

Wichester street south of Danforth avenue is closely trafficked on account of the laying of an overflow storm sewer which will also be extended along Danforth avenue to Jones avenue.

Residents on Danforth feel that this should have been done before the street was paved.

On completion the sewer will empty into the Don.

E. MIDDLESEX CONSERVATIVES. LONDON, Ont., Oct. 24.—(Can. Press.)—A meeting of the executive of the Conservatives of East Middlesex will be held tomorrow to set a date for the convention to select a candidate to contest the seat made vacant by the death of George M. Neely, M.L.A. It is expected that the convention will be held at the Hotel Windsor, and the election take place within five weeks.

MILK PRODUCERS WILL MEET TODAY

As a Number of Contracts End This Month, Meeting is Opportune.

WILL MAKE AGREEMENT

Still Determined to Have Flat Rate for the Winter.

Milk producers will continue their campaign for uniform prices with a big meeting in the Labor Temple this afternoon. As a large number of wholesale contracts expire this month, the producers consider it an opportune time to strengthen their case by closer union and free discussion of the whole situation. All will be pledged to stand by the rate decided on, and those who differ in opinion will be given an opportunity to express their ideas.

BRADFORD FAIR IS POSTPONED

Will Be Held Monday and Tuesday if it Does Not Rain.

Bradford fair, which had to be postponed on account of the bad weather, will take place on Monday and Tuesday, and the directors hope that the people of Bradford and West Gwillimburgh, will turn out in force on both days.

As great improvements have been in progress at the exhibition grounds and preparations had been made for a big crowd than ever, the directors decided that it would be better to alter the date than have the fair ruined by the rain.

ROYCE AV. CHURCH STARTS CAMPAIGN

Presbytery Frowned on New Building, But Congregation is Optimistic.

A meeting of the congregation of the Royce Avenue Presbyterian Church was held on Thursday evening last. Rev. G. M. Dunn, pastor loci, presided. After devotional exercises, the chairman gave a very clear and concise resume of the work done by the committee appointed to make arrangements for the building of the new church. He described the earnest but unavailing appeals for immediate assistance made by himself and by members of the committee to the Toronto Presbytery and to the home mission committee, and the apathy and absolute lack of interest in the Royce avenue situation displayed by both these august bodies were condemned in the strongest possible terms by the members of the congregation.

A recommendation of the building committee to erect a small gallery at one end of the present structure as the only feasible plan to relieve the congestion for the coming winter, was passed by a large majority. This will accommodate from 75 to 100 people, and will cost, for material alone, somewhere about \$150, the work to be done by members of the congregation.

A thro canvass of the members and adherents, as well as of friends and well-wishers outside the district, was agreed upon to commence about the beginning of the year, with the object of raising the whole, or at least, a considerable part of the \$10,000 to which the congregation have pledged themselves, and which they must secure before the presbytery will sanction their application for a loan of \$20,000.

ST. MARGARET'S ALUMNAE. Mrs. Knowlton Elected President for the Coming Year.

The annual meeting of the Alumnae Association of St. Margaret's College was held at the college, during the week.

The election of officers for the ensuing year resulted as follows: President, Mrs. Knowlton; first vice-president, Mrs. Elsinore Burns; second vice-president, Miss Christine Coyne; treasurer, Miss Verne Brown; corresponding secretary, Miss Wilda Hutton; recording secretary, Miss Gladys Sutherland; editor, Miss Mary Somerville. Convener of committees: literature, Miss Gladys Chapman; music, Mrs. Grubbe; art, Miss Marie Watson; philanthropy, Miss Annie Staunton; entertainment, Mrs. Macdonald; nomination, Mrs. Anderson.

On Tuesday evening the alumnae dinner was held at the college, when seventy guests assembled. The faculty and pupils of the school, upon invitation of the officers, were present.

With the singing of Auld Lang Syne the party came to a close, every one expressing appreciation of the pleasure of the reunion.

TWIN TOWNS MAY HAVE JOINT PLAN

BERLIN, Ont., Oct. 24.—(Special.)—Waterloo, Berlin's twin sister, is fast becoming a part of Berlin, and the time is not far distant when she will vie with Berlin in every respect.

The head of the Waterloo division on Monday next, discuss the advisability of establishing the Berlin civic association in getting out a comprehensive plan of the twin corporations which will provide for a city of 75,000.

As for police protection, I have come off the cars at all hours, even after midnight, and have not seen a policeman anywhere. I'd like to see some one who had read the newspapers attentively during the past two or three weeks must admit the necessity for some improvement in our city. It's all right, of course, for those who are home in automobiles at night, but what about the lonely working girl, or office cleaner, who has to get home to some distant suburban street at a late hour?"

Fine Concert. There was an excellent concert in Bloor Avenue Hall last night under the auspices of the Canadian Order of the Woodmen of the World, Camp 297. Twelve artists contributed to the program, and Organizer Black gave an interesting address on the purpose and scope of the organization. There are forty members in the Earls Court Camp.

RIVERDALE. Property owners in the neighborhood of Edgewood avenue are much annoyed about Dr. Hastings' latest order to install septic tanks within 48 hours.

A sewer is, at the present time, being laid in the district and the people refuse to obey the M. H. O's instructions, as it is probable upon the completion of the sewer they will be notified by the medical health department to install plumbing in double quick time.

Persons in the vicinity of Small's Pond have received instructions to clean the bed of the pond within the same space of time allowed for installing septic tanks. The people state they are not the owners of the pond and therefore refuse to comply with the demand. E. MIDDLESEX CONSERVATIVES. LONDON, Ont., Oct. 24.—(Can. Press.)—A meeting of the executive of the Conservatives of East Middlesex will be held tomorrow to set a date for the convention to select a candidate to contest the seat made vacant by the death of George M. Neely, M.L.A. It is expected that the convention will be held at the Hotel Windsor, and the election take place within five weeks.

The undersigned has received instructions from Mr. R. Y. Eaton, to sell by public auction on October the 28th, his

Georgetown Farm

consisting of nearly 200 acres, all implements and the following live stock:

- | | |
|--|---------------------|
| CATTLE | HORSES |
| 30 milch cows | Team of Clyde mares |
| 10 two-year-olds (7 in calf) | Driving mare |
| 7 yearlings (heifers) | |
| 14 calves (heifers) | |
| 5 calves (bulls) | |
| 1 bull (two years) | 2 brood sows |
| Altogether 66 Holsteins and 1 Ayrshire grade | 1 boar (aged) |
| | 2 more pigs |

And a list of implements such as would be found on any up-to-date farm. This farm is situated a mile and a quarter south of Georgetown, and is described as follows:

ALL AND SINGULAR these certain parcels or tracts of land and premises situate, lying and being in the Township of Esqueving, in the County of Halton, and Province of Ontario, and being described as part of one, the west half of Lot Number Fifteen, in the Ninth Concession of the Township of Esqueving aforesaid, and containing one hundred acres, be the same more or less, save and except fifty-six one-hundredths of an acre of land conveyed to the Corporation of the Township of Esqueving, for use as a public highway. Parcel two, the east half of Lot Number Fourteen, in the Ninth Concession of the Township of Esqueving aforesaid, containing one hundred acres, be the same more or less, also a part of the east half of Lot Number Fifteen, in the Ninth Concession, in the Township of Esqueving aforesaid, containing one-half acre, described as follows: that is to say, commencing at the southerly angle of the said east half of Lot Number Fifteen aforesaid; thence northeasterly along the line between Lots Numbers Fourteen and Fifteen, ten rods; thence westerly to a post planted in the line between the east and west halves of said Lot Number Fifteen at the distance of sixteen rods from the place of beginning; thence southeasterly along the said line sixteen rods to the place of beginning.

While it is particularly a dairy farm, with good pasture land, a branch of the River Credit running through it, there are 125 acres in tillable condition. There are an orchard, a good barn and other buildings in fair condition.

W. A. SHOOK
TERMS: Stock and implements for cash; arrangements for farm made at sale.

WATCH PORT WELLER GROW

IS THE SLOGAN RESOUNDING THROUGH THE NIAGARA PENINSULA

PORT WELLER is the new harbor being built by the Dominion Government at the new Lake Ontario entrance to the New Welland Ship Canal.

Three and one-half million dollars are being spent on Port Weller Harbor alone. Over fifty-five million are being spent on the new canal.

Think of it! Nearly three times the amount being spent by Toronto on its entire Boulevard and Ashbridge's Bay improvement scheme.

Probably no work of such great national importance has ever been undertaken by the Canadian Government. The eyes of all Canada are centred at present on the Welland Canal in general, and on Port Weller in particular. Born only a month ago, Port Weller already has engineers and workmen with barges and dredges commencing operations. It already boasts the Government offices for the supervision of construction work, and it already has street railway and railroad facilities. Not so bad for one month's growth!

Just as sure as daylight follows darkness, is a great town about to be built. Backed by the Government expenditure of millions—located in the heart of the cheapest electric power zone on the continent—surrounded by unequalled railroad facilities, and with a harbor being built which will without any question be the finest artificial inland harbor in Canada, with nearly three miles of factory sites for the numerous industries and factories which are sure to come, surely there never was or never can be a new town start out under more encouraging auspices.

The growth of Port Weller to a promising young city in a few years is as certain as anything in this world can be. Hence it follows that the purchaser of Port Weller Original Townsite lots at the opening prices of from \$5 PER FOOT UP, and on easy terms of \$10.00 down and \$5.00 per month, is certain of an enormous profit on his investment.

ONE HUNDRED PER CENT.

up to 1000 per cent. will no doubt be made by the lucky original buyer. It is only two weeks since Port Weller Townsite lots were first offered to the public, and the demand has been so great that every original townsite lot will soon be sold.

One of the most significant things about the applications received is the fact that most of the lots sold to date have gone to people living within five miles of Port Weller, and to engineers engaged in constructing the new Harbor and Canal.

The opportunity to purchase original townsite lots in a place which promises to become a city over night, at \$6.00 to \$10.00 per foot only occurs once in a lifetime.

HAVE YOU FORESIGHT ENOUGH

to grasp this opportunity and make the profit which will go to the OTHER FELLOW if you don't get it!

TOMORROW WILL BE TOO LATE

EVERY DAY means a day nearer the close of this unique and remarkable original townsite sale.

ACT TODAY

If You Didn't Have to Pay Rent

Think what it would mean. Instead of taking \$5 or \$6 out of your salary each week, and putting it aside toward the monthly rent, you would have just that additional amount to spend in providing greater comforts for your family and yourself.

Did you ever figure out how much of your hard-earned money you have handed out for rent? Perhaps the amount would buy a couple of houses—and what have you to show for it?

Instead of Paying for the Privilege of Occupying a House, Pay for the House itself. You can do that in

Regents Park

11 minutes' walk from the corner of Danforth Avenue and Dawes Road, on the new civic car line.

REGENTS PARK is near a street car line; close to stores, churches and schools; situated where the air is clear and healthful, and peopled by happy home-dwellers. Perhaps that sounds too good, but read our offer by which you can buy either a lot or a cottage, and then see Regents Park

A Lot for \$15.00 Down

Though we have sold a great many lots recently, we still have a number of "first choice" lots left. The lots are of 25 and 50 foot frontages, and the price is \$20 per foot.

A Cottage for \$200 Down

We have ready, or in course of construction, in Regents Park, about 16 four-room cottages. These cottages are all well built (see illustration for further description), and the rooms are particularly well arranged and finished.

Take the first step along the road to independence. Motor out with us on Saturday and see Regents Park. It will not place you under any obligation. Telephone M. 7281, or send in coupon. You can do either or both, and the best way is to DO IT NOW.

OUR OFFICE IS OPEN FROM 9 A.M. TO 9 P.M.

Come With Us Saturday Afternoon—Our Motors are Going to Regents Park and We will take You with Us. Telephone Us Where to Meet You

DOVERCOURT LAND Building and Savings Co. Ltd. W.S. Dinnick President Telephone Main 7281 84-88 King St. East.

Here is one of the Four-room Cottages we have for sale. Doesn't it look comfortable? You would have to pay only \$10 per month for this home, and you would not be paying rent—you would be paying for the cottage.

This shows the corner of Danforth Avenue and Dawes Road, where a bank and store are seen. The cars will be running past this corner in a few days, and it is only 11 minutes' walk with a sidewalk all the way. Stores, churches and schools are near by.

MANY a man will date the beginning of his independence from the date of his COUPON

AUSTRIA MAKING SCAPEGOAT OF C.P.R.

Charge Made Against Former High Official Embarrassing to the Government.

VIENNA, Oct. 24.—(Can. Press).—The revelation today before the sub-committee appointed by the budget committee to report on the American shipping service that Baron Weichs-Braun, new manager of the Hamburg-American line in Austria, carried on a vigorous agitation for the emigration of Austrian peasants to Brazil by the Austro-American line while he was formerly a high official in the ministry of commerce and against the advice of the Austrian Government in Brazil, is regarded as very embarrassing to the government in its action against the Canadian Pacific line, which is considered to have been made the scapegoat of the affair.

POLICE INVESTIGATING

Investigation is being made by the police into the death of Violet Freeman, 35, who died of pneumonia in the General Hospital yesterday, a few hours after her arrival. The woman had been living with Mrs. Walker in the rear of 335 Adelaide street, and it is said that for three weeks she lay in a dying condition without having received medical attention.

ADDRESSED CANADIAN CLUB

BELLEVILLE, Oct. 24.—(Special).—Under the auspices of the Canadian Club of Belleville, Principal Hutton of University College, Toronto, gave an address, his subject being "A Canadian in Paris." H. Sneyd, president of the club, presided. Previous to the lecture, Principal Hutton was entertained at luncheon.

WESTMINSTER I. O. D. E.

The Westminster Chapter, I. O. D. E., will hold their first meeting this season on Monday, Oct. 27, in the High Park Club house, Indian road. Mrs. Ambrose Small will talk on "The Glamour of the East." Mrs. Harry Moore will be solicitor.

SIGMA THETA FRATERNITY

The annual meeting for the election of officers of the Sigma Theta Fraternity, Phi Chapter, was held on Thursday last. The following officers were elected: Excited sigma, O. G. Lye, elevated theta, L. Adlard, scribe, R. C. Hewlett, vicer, J. A. Gairdner, warden, J. G. Fisher.

TEACH THE BOYS POLITICAL PURITY

So Says Rev. Dr. Moore in Address to Sunday School Association.

OTTAWA, Oct. 24.—(Can. Press).—Next year's dual convention of the Ontario Sunday School Teacher's Association will take place at Kingston and London. The official convention will be held at London, where the reports of the officers will be read and business for the year transacted. This was decided at a special meeting of the executive of the association today. Dates are not yet named.

BABIES SUFFOCATE WHILE MOTHER OUT

NORTH BATTLEFORD, Sask., Oct. 24.—(Can. Press).—Two colored children, aged 16 and 28 months, were suffocated by smoke in a shack off Railway avenue, North Battleford. The mother, Mrs. Mark Daniels, left the children in a perambulator, apparently asleep, while she went up to the city. Shortly after, smoke was noticed coming from the building. On the arrival of the fire brigade the perambulator containing the children was wheeled out, and both were dead.

ORDER GRADE SEPARATION.

The Dominion railway board of commissioners yesterday decided that the C. N. R. must separate all grades and build subways on their line between Dovercourt and Davenport roads, and ordered that this be done. There are six or seven streets concerned, including Geary, Bayfield, Hamburg, Chandos, of Highbourne, Dufferin and Prince.

WILSON MASONIC LODGE.

The evening of Oct. 30 is to be made memorable in the annals of Masonry in Toronto by the celebration of "patriotic night." The grand master, W. D. McPherson, Sir Geo. Ross, and W. A. MacLaren, master of the lodge, are all old Strathroy boys, and the presence of a large deputation of Strathroy masons makes sure of a unique and patriotic celebration of the reception to the grand master. Many grand lodge officers have signified their intention of being present.

COMMITTED FOR TRIAL

Robert Luxon, 583 Pape avenue, who while driving a motor car on Yonge street on Wednesday, ran down and seriously injured Robert Dodginton, 74 years of age, was committed for trial in the police court yesterday.

New Life and Energy Can Be Gained by the Proper Application of Electricity

I HAVE LEARNED THE PROPER WAY TO APPLY IT

What's the use of dragging your legs about like a wooden person? Feel like a person of spirit. Away with pains and aches; off with the wretched feeling as if you were eighty years old and had one foot in the grave. Come and let me put life into your nerves; let me give you a new supply of youthful energy. Let me make you feel like throwing your chest out and your head up and saying to yourself, "I am STRONG AND HEALTHY." Let me give you back that old feeling of youthful fire, vim and courage. I can do it, so that in two months you will wonder that you ever felt so slow and so poky as you do now.

DR. M. D. McLAUGHLIN, 237 Yonge Street, Toronto, Can. Dear Sir—Please forward me one of your Books, as advertised. Yours truly, H. L. WICKLLEY. Tell me where you are, and I'll give you the name of someone in your town I've cured. I've got cures in every town. That's enough. You need the cure. I've got it. You want it. Come and get it now. The pleasurable moments of this life are too few, so don't throw any away. While there's a chance to be happy and strong, go throw your chest and look at yourself in a glass and say: "I am strong," do it, and don't waste time thinking about it.

"CLEON" POEM OF DECADE
 Browning's Philosopher Lived in the Late Afternoon of a Mighty Age.

AIM NOT AT PLEASURE
 Says Edward Griggs, Interpreting Browning—Lectures on "Pippa Passes."

In Browning's poem, "Cleon," the philosopher of Episcopalian or Hellenic origin is in a great personality, and the extent indicated to which that philosophy falls short in the practice of life, said Edward Howard Griggs in his lecture in Browning series Thursday night. He did not quite agree with the pragmatists in their view that the livability of truth was one evidence, he admitted, and Browning used the test upon a number of his brilliant picture of Greco-Roman life in its decline was drawn by Mr. Griggs as an early as possible to those who had their tendencies and problems are the same.

GOVERNOR GLYNN TO REVEAL CRAFT
 Investigations Started by Hennessy Will Go on, He Assures.

ALBANY, Oct. 24.—(Can. Press.)—Several investigations begun by John A. Hennessy, an inquirer in the employ of Gov. Sulzer, will be continued during the next administration, Gov. Glynn declared today.

SIR Wm. VAN HORNE ON DOMINION STEEL
 Sir William Van Horne, vice-president of the Dominion Steel Corporation, does not look with any degree of uneasiness on the recent drop in the price of iron, which he attributes to the efforts of certain speculators, who are endeavoring to secure some cheap stock.

INSURANCE CHECK ON WHITE PLAGUE
 BERLIN, Oct. 24.—(Can. Press.)—The effect of insurance in the campaign against consumption was the subject of an interesting discussion during the morning's session of the International tuberculosis congress, at which 22 nations are represented.

WOMAN'S BODY FOUND IN RIVER
 BROCKVILLE, Oct. 24.—(Special.)—The body of a woman, believed to be the wife of a farmer living near York, who has been missing for ten days, was found in the Nation river, close to her home. The woman is supposed to have committed suicide while temporarily insane, as she had been acting strangely of late. The corner of the body had not been considered an inquest necessary.

WHISKEY STORED IN WATER BUT
 Gowganda Man Had Large Supply on Hand for Sale.

CONSTABLE ON WATCH
 Stood All Night Until Owner Needed a Bottle of "Water."

Isaac Abraham Cohen of Gowganda, is one of those blind-piggers who adopt ingenious ruses to smuggle in the spirits and retail them probably to those who are willing to buy and ask no questions. A growing suspicion of a large amount of liquor being disposed of in that centre resulted in his arrest this week after considerable investigation.

Sale of Suburban Property in Township of York
 Farm of the late Joseph Armstrong

The administrators of the estate of the late Joseph Armstrong will offer for sale at public auction, by David Baldam, Esq., Licensed Auctioneer, on the property, on Wednesday, the 27th day of October, 1913, at the hour of two o'clock in the afternoon, the following lands, namely:

PARCEL ONE: The easterly 100 feet of the northerly 80 feet of the north half of lot number 3, in the 4th concession east of Yonge street in the Township of York.

PARCEL TWO: 62.6-10 acres, more or less, of the north half of lot number 3, in the 4th concession east of Yonge street in the township of York, being the easterly 62.3-10 acres of the said north half, and the westerly 6.3-10 acres, and also excepting therefrom a strip of land lying along the western boundary of the said parcel, and containing 1.20 of an acre.

PARCEL THREE: A parcel of land containing 20 acres, more or less, situated on the west side of the York and Scarborough town line and bounded by the said York and Scarborough Market, Toronto.

PARCEL FOUR: A parcel of land containing 20 acres, more or less, situated on the west side of the York and Scarborough town line and bounded by the said York and Scarborough Market, Toronto.

PARCEL FIVE: A parcel of land containing 20 acres, more or less, situated on the west side of the York and Scarborough town line and bounded by the said York and Scarborough Market, Toronto.

PARCEL SIX: A parcel of land containing 20 acres, more or less, situated on the west side of the York and Scarborough town line and bounded by the said York and Scarborough Market, Toronto.

PARCEL SEVEN: A parcel of land containing 20 acres, more or less, situated on the west side of the York and Scarborough town line and bounded by the said York and Scarborough Market, Toronto.

PARCEL EIGHT: A parcel of land containing 20 acres, more or less, situated on the west side of the York and Scarborough town line and bounded by the said York and Scarborough Market, Toronto.

PARCEL NINE: A parcel of land containing 20 acres, more or less, situated on the west side of the York and Scarborough town line and bounded by the said York and Scarborough Market, Toronto.

PARCEL TEN: A parcel of land containing 20 acres, more or less, situated on the west side of the York and Scarborough town line and bounded by the said York and Scarborough Market, Toronto.

PARCEL ELEVEN: A parcel of land containing 20 acres, more or less, situated on the west side of the York and Scarborough town line and bounded by the said York and Scarborough Market, Toronto.

PARCEL TWELVE: A parcel of land containing 20 acres, more or less, situated on the west side of the York and Scarborough town line and bounded by the said York and Scarborough Market, Toronto.

PARCEL THIRTEEN: A parcel of land containing 20 acres, more or less, situated on the west side of the York and Scarborough town line and bounded by the said York and Scarborough Market, Toronto.

PARCEL FOURTEEN: A parcel of land containing 20 acres, more or less, situated on the west side of the York and Scarborough town line and bounded by the said York and Scarborough Market, Toronto.

Estate Notices
 NOTICE TO CREDITORS MEMBERS, Shareholders, and Contributors—in the Estate of KENNEDY, of Canada.

NOTICE IS HEREBY GIVEN that the above named Company has passed a resolution for winding-up voluntarily under the provisions of the Ontario Companies Act, and that I am the Liquidator appointed by the resolution for such winding-up. All persons claiming to rank upon the estate of the said Company are hereby required to file their claims with me with particulars and proofs thereof as required by the said Act on or before the 10th day of November, A.D. 1913.

NOTICE TO CREDITORS—IN THE Matter of the Estate of John William Knott, Late of the City of Toronto, in the County of York, Deceased.

NOTICE IS HEREBY GIVEN pursuant to Sec. 55, Chap. 28 of the Statute of Ontario, 1 George V., that all persons having claims or demands against the estate of the said John William Knott, who died on or about the twelfth day of August, 1913, and whose personal representatives are the said John William Knott, deceased, their names and addresses and full particulars in writing of their claims and demands, including accounts and the nature of the securities (if any) held by them.

GLOOMY FEELING IN FINANCIAL AREA

But the Stock Market Fails to Reflect This Impression.

STEEL SHARES HIGHER

Toronto Stocks Are Showing More Resistance to Selling Pressure.

The feeling of depression was decidedly pronounced in local financial circles yesterday, and some disappointment was expressed in that the market did not act in consonance. As a matter of fact the exchange reflected more confidence in issues which have undergone recent liquidation.

This was distinctly the case in Dominion Steel. On Thursday this stock was sold down to 37 1/2 and yesterday short covering brought the price back over 40. Macdonald and Spanish River were in better demand and the price of both was firm.

One weak spot was Toronto Paper, which sagged 2 points to 68. It is not thought possible that this company can maintain its present dividend rate of 8 per cent. and the price is now discounting one not larger than 5 per cent.

THE EUROPEAN BOURSES.

BERLIN, Oct. 24.—The Bourse was firm and higher today. Exchange on London, 20 marks. Money, 3 1/2 per cent. Private rate of discount, 4-5 per cent.

ROYAL BANK EXPANSION.

MONTREAL, Oct. 23.—As a result of negotiations which have been going on for some months, the shareholders of the British Guiana Bank, at a meeting held in Georgetown, Demerara, decided to accept the offer of the Royal Bank of Canada to purchase the assets and business of that bank.

EXTRACTS FROM H. B. WILLS' DISPATCH.

That the Beaver mine at Cobalt is in excellent shape is the contention of Hamilton B. Wills, president of the Standard Stock Exchange in this week's issue of his Market Dispatch. Mr. Wills' information is as follows:

"From Cobalt yesterday I learn between 90 and 100 tons of high-grade concentrate ore is to be shipped from the Beaver mine this week. This shipment, averaging over 1300 ounces to the ton, is one of the heaviest ever sent out at this time from the excellent mine, and will contain approximately 117,000 ounces of silver of a net value to Beaver of approximately \$50,000. This amount, together with the already strong treasury resources of this company, practically insures a substantial dividend being declared at the meeting of the directors next month. A large quantity of high-grade mine ore is also waiting shipment at the Beaver, and doubling Managing Director F. L. Culver will complete arrangements with the smelters to handle this ore within the next few weeks, again adding materially to the company's treasury. There are ten levels from the underground workings of the Beaver, and each of these is now in high-grade ore."

Referring to Porcupine Gold, the following is said: "Mine Manager Cohen of Crown Reserve and Porcupine Crown has been for several days closeted with President Ward of Porcupine Gold in New York and from this source it is learned an announcement is to be made shortly to the effect Porcupine Gold (Vipond and Athol claims), as well as the north Thompson property, will be actively operated by the Porcupine Crown or interests closely associated with this company. The market in this stock has advanced four points, following my exclusive information in last week's Market Dispatch, and when the deal is finally announced, watch Porcupine Gold stock soar. My advice is to buy this stock at once and sell back to those who prefer to wait for an official announcement incidentally at much higher prices."

NORTHWEST GRAIN RECEIPTS.

Table with columns: Location, Friday, Week, Year. Rows: Minneapolis, Duluth, Winnipeg, Chicago.

FURTHER RISE IN DOMINION IRON

General Tendency Toward Improvement Was Shown in Montreal Mart.

BANK STATEMENT AN IMPROVEMENT

Larger Volume of Business Than Previous Month—Increases All Round.

OTTAWA, Oct. 24.—The September bank statement, just issued by the finance department, reflects the increased volume of business transacted during the month, largely brought about by the crop movement, but also due, no doubt, to activity in the principal items of the statement for this month.

WINTER WHEAT PROSPECTS FINE

Outlook for Record Breaking Production Weakens Prices at Chicago.

CHICAGO, Oct. 24.—Best prospects for winter wheat in the United States, put the bulls today at a disadvantage. Closing prices were a drop of 1-4 to 3-8c. In and out of the outcome ranged from 1-1/2c decline to 1-1/2c advance.

Whenever wheat prices bulged a little today, the volume of selling increased and pulled the market down. This was especially the case right after the opening and just before the close.

Buyers derived courage mainly from the fact that seedling clearances for the week were the largest in ten years. There were also reports that Duluth was doing an active business in Man- itowish and durum for export.

Corn was freely sold on account of the dry weather. Southern Illinois still reports of damage from rain, but this was more than offset by seedling clearances from Argentina, cargoes offered on a cheaper basis than quotations at Chicago.

Oats followed the lead of corn. The feature of the day's trade was heavy commission house selling as a mid-session advance.

Foreign grain closes. Wheat closed 1/4 lower; Antwerp, 1/2c lower; Berlin, 1/4c lower; Budapest, 1/2c lower.

Liverpool close. Liverpool grain closed. Wheat, 1/4 to 3/8c lower; corn, 1/4 to 1/2c higher.

Primary movements. Yesterday, L. W. L. yr. Receipts: 1,940,000 1,087,000 1,845,000. Shipments: 337,000 795,000 1,819,000.

St. Lawrence market. On account of the rain, there was a slight gain in hay offered, and the price given below were nominal.

Wheat, 100 bushels... \$9.85 to \$9.88. Barley, 100 bushels... \$3.50 to \$3.55. Oats, 100 bushels... \$2.50 to \$2.55.

Farm produce, wholesale. Potatoes, per barrel... \$9.75 to \$9.80. Apples, per bushel... \$2.00 to \$2.10. Butter, creamery... \$20.00 to \$20.50.

Hides and skins. Prices revised daily by E. T. Carter & Co. of New York. Hides, California and Sheep, 100 lbs. raw... \$1.00 to \$1.10.

Grain and produce. Local grain dealers' quotations are as follows: Ontario oats—New, white, 32c to 34c; 100 lb. sack to 36c; truck, Toronto.

Chicago live stock. CHICAGO, Oct. 24.—Cattle—Receipts, 2500; market, steady; heavy, \$8.50 to \$9.00; Texas steers, \$6.85 to \$7.25; stockers and feeders, \$5.10 to \$7.65; cows and heifers, \$2.50 to \$8.50; calves, \$6.50 to \$10.00.

East Buffalo cattle. EAST BUFFALO, Oct. 24.—Cattle—Receipts, 2800; firm. Veals—Receipts, 1000; slow and steady; native calves, \$4 to \$12; Canada calves, \$3.50 to \$5.50.
