Majorities Piled Up to Record Figures in Nearly Every Riding, and Doubts About Parkdale, Riverdale and Toronto Northeast Were Dispelled Soon After the Polls Were Closed.

Toronto stands true to all traditions of Conservative fidelity at the polls. In spite of the fact that campaign fires waged hottest in the precincts of the city, old records in the way of majorities were left behind, and as the final results came rushing in to headquarters, the Whitney candidates could be seen gradually lengthening their leads on competitors. Figures piled up tremendously to their advantage. It is only fair to state, as the candidates themselves say, that the vote was not for them, but for the government they wished to represent. Sir James Whitney had long relied upon Toronto as a mainstay of support to his administration, and his stirring appeal of a week ago was not forgotten when the electors took ballots in hand.

Confident of Toronto.

In the closing day of the campaign there was more confidence manifested about Toronto, with the exception of one or two ridings, than anywhere in the province. It was expected, however, that the activities of the temperance organizations and the churches would make the competition more keen. This condition was especially looked for in Parkdale, where W. H. Price was opposed to W. M. McTavish, an out-and-out temperance man. There was also a little flutter of uneasiness among the supporters of Mack Irish in the North-east. Both, however, came in flying on the stretch. Toronto sends ten Conservatives with solid majorities behind them to sit at the back of Sir James Whitney. The figures in the returns will be subject to slight revisions as later corrections from the returning officers come in.

Ontario Renews Its Confidence

SIR JAMES WHITNEY

Whose party again is returned to power to continue progressive government in Ontario.

AFTER THE BATTLE

Mr. Rowell put up a game fight. He made an issue and was beaten; but it can be repeated that he made an issue that the government and its party had to meet. Issues are everything in politics.

The most significant thing of the struggle was the success of the Whitney personal appeal, next to a feature was the failure of the Rowell-Globe moral appeal.

What may be more far-reaching than either of these is the declaration against bilingual schools. Mr. Rowell carried the counties that wish to put the French language on equality with English, or even ahead of it in French counties. This may mean a racial split. The people of Ontario will resent any pronounced attempt of the people of Quebec to interfere with their affairs.

As to the abolish-the-bar plank, the most significant pointer is that the people look to Sir James Whitney for further revision of the trade; perhaps a substitution of beer licenses for some of the spirit and beer licenses. It may also mean much stricter legislation regarding the shop sale of spirits—perhaps the province will undertake this branch of the trade.

Another lesson of the campaign is that the license issue heretofore must be fought outside of political parties and by means of a special ballot on a special referendum to the people at each election. This may keep it out of the churches.

Sir James is greater than all his ministers.

ROWELL SAYS DEFEAT WAS DUE TO BRIEF PERIOD OF CAMPAIGN

Lateness of Liberal Candidates in Getting Into Field Proved Fatal to Organization—Election Has Brought New Spirit Into Ontario Politics.

Special to The Toronto World.

WOODSTOCK, June 29.—N. W. Rowell, leader of the opposition, remained here to receive the results of the provincial elections. When seen by The World tonight Mr. Rowell said that he was thankful for the gains he had made, but for the sake of the policies his party represents he regretted exceedingly the results were not more encouraging.

"One thing which has worked against me and my party was the very short time in which we had to work up the campaign," he stated. "The result of this was that most of the time had to be spent in getting men into the field, and thus wasting valuable time which should have been spent in working up the campaign."

"In the case of the two Brant seats, which proved to be surpluses in favor of the Liberal party, both these candidates were put in the field at the end of last year, which goes to prove that had the other candidates had longer to place their policies clearly before the people a different result might have been shown.

"No matter how good a cause it must have an effective organization, and it takes time to work up this organization. This election has, however, brought a new spirit into the politics of Ontario. It has also brought into politics a large number of men, and men of very high standing, who had never before entered into politics, and this is a guarantee of the ultimate success of my party."

MARTIAL LAW IS PROCLAIMED

Measures Taken in Bosnian Capital Cause Surprise—Bodies of Victims to Lie in State.

Canadian Press Despatch.

VIENNA, June 29.—The bodies of Archduke Francis Ferdinand and his wife, the Duchess of Hohenberg, were conveyed today from Sarajevo by special train to Metkovich, Dalmatia. From there they will be transferred tomorrow to a warship which will proceed to Trieste, under the escort of a squadron, arriving there Thursday morning. A special train will carry the bodies to Vienna, arriving at 10 o'clock at night.

From 8 o'clock Friday morning until noon they will lie in state in the chapel of the Hofburg, and the public will have an opportunity during these hours to pass through the chapel.

The interment will take place at midnight Friday at Arstetten, Lower Austria. The emperor will not attend the services, but will be represented by Archduke Charles Francis Joseph. A requiem mass will be celebrated in the chapel of the Hofburg Saturday morning.

GOVERNMENT AID WILL BE ASKED

Grenfell Failure Hard Blow to Southern Alberta Land Debenture Holders.

LONDON, June 29.—Southern Alberta land debenture holders met Sir William Plender, who has taken official charge, who told them he was hopeful of obtaining assistance from the Canadian Government, provided the debenture holders agreed to the borrowing of seventy-seven thousand pounds to preserve the works and continue the contracts.

In the course of the discussion it was stated "the company had received £21,000 to the Chaplin, Grenfell Co., whose suspension made it impossible to get withdrawal of a penny of that amount."

Sir William Plender stated that there was no possibility whatever of current coupons upon bonds being paid, and a receiver was authorized to borrow money up to £77,000, ranking in priority to debenture stocks. The meeting also expressed the opinion that the committee should proceed with a financial arrangement under which the Canadian Government would give the company an absolute title to the land.

TORONTO MAN WAS DROWNED

By a Staff Reporter.

WINDERMERE, June 29.—W. J. Kennedy, milk dealer of 171 Simpson avenue, Toronto, was drowned in the lake here about 2 o'clock this afternoon. Mr. Kennedy was only missed about three minutes before the alarm was given. Len Newton, manager of Johnston's boathouse, was the first to miss him, and went out and found his empty canoe with a paddle floating nearby. Rene Hough, proprietor of the Maple Leaf Boathouse, recovered the body in 35 minutes. His relatives were notified.

WOMAN WANDERS AWAY WITH BABY

Mrs. Walters of 134 Claremont street has wandered from her home. She has taken a ten-month-old baby. She has a go-cart and a grip. She is wearing a black velvet dress, long, light grey, winter coat, light blue hat, with three feathers. She has dark brown hair and black-brown eyes. A red, sore spot is to be seen under her left eye. She was in a crazed condition when she left, and her whereabouts are eagerly sought. Any person assisting in locating her, or who returns her, will be rewarded at the foregoing address.

Bilingualism Figured Largely in Fight as Shown by Liberal Gains in French Ridings—Rev. J. W. Tolmie, Liberal, Defeated Hon. Dr. Reaume, While Gustave Evanturel Comes Back as an Independent Liberal—Conservatives Gained South Ontario, Haldimand, North and South Bruce, East Lambton and North Wentworth.

"IT WAS A GREAT VICTORY" THE PREMIER'S ONLY COMMENT

Whitney has come again. Once more the "grand old man" of Ontario politics has passed triumphant from the polls and by the insistent voice of the province at the ballot box has strengthened his grip on the reins of public administration. The Conservative party, bearing anew the stamp of public confidence and approval, will guide for a further span of years the destinies of Ontario. There was no mistaking the tone of the popular verdict which yesterday re-established the Whitney administration upon the treasury benches. From the moment when the first returns began to hum into the newspaper offices the expectation that the government would continue in its strength grew gradually into conviction. The ultimate returns giving a majority of 57 seats, settled the whole matter. The country had held up the hands of their premier.

In all 84 men will line up on the right hand of the speaker at the next session of the legislature.

Stronger in Efficiency.

The government does not come back as strong comparatively as before, but it comes back stronger in efficiency and stripped more nearly to fighting weight. Ten seats have been lost, and six gained in their place, but the heavy men are retained, and those newcomers who have emerged from the turmoil of electoral contests to represent both old and new constituencies, give promise of becoming important acquisitions to the house. From the new ridings created by redistribution five new men come into the government.

The campaign has not been a very encouraging one to the Ontario opposition. Liberal ranks have been reinforced by the addition of new men, the majority of these hailing from what are known as French-Canadian ridings. Mr. Rowell himself formed the storm centre of a keen electoral struggle, in which his majority was reduced from 500 to 120. Several of the old-time Liberal ridings switched their allegiance and sent men to stand beneath the Conservative banner. In all 25 men will line up behind Mr. Rowell. He had 19 when the last session closed. Two of the new men come from Ottawa and one from Windsor. W. S. Brewster of South Brant was ousted by J. H. Hamm, and H. C. Schofield of South Wellington lost to S. Carter. J. W. Westbrook of North Brant (Cons.) lost by 30.

As the situation now stands there is little appreciable difference from heretofore.

A Few New Faces.

The contour of the house will be slightly changed. A few new faces will be there, but the main fighting strengths remain the same.

The shape which the election ultimately took came in the nature of a surprise to the majority of those concerned. Changes were expected, but not those which eventuated. To the general public the return of Gustave Evanturel, who was so forcibly ejected from the house and the Liberal party by Mr. Rowell following exposure of financial interests, will come with great amusement. He rallied his Prescott constituents and produced a substantial majority.

The campaign was in many ways a unique one. It began quietly and then took a spurt which lasted until polling day. To the end the two parties in the field did not agree upon the single-ness of the issue. The opposition submerged all into the one plank of "abolish-the-bar." The government took the ground that bilingualism was the one vital matter facing Ontario, and this morning are attributing the victory to that factor. There is no doubt that it rallied a huge support throughout the province.

Swung the Whole Vote.

One thing stood out above all others in the contest, and that was that the entry into the field of Sir James Whitney in person swung the whole vote. Until the night of his appearance at Massey Hall neither party had caught the pulse of public favor. After that, however, government hopes took on a fuller nature. "The premier grips the imagination of the people as no man today has done, and the vote will show it," said a man near day. "The personality of Sir James figured large in the voting. Man after man entering the booths did so confessing that one who had done so much for the province should not be refused in his appeal for continued confidence."

The defeat of Hon. Dr. Reaume in Windsor did not come unexpectedly. He entered the contest in the face of a hostile convention, and the success of Rev. J. W. Tolmie was the usual one of a third party nosing out two others of the same color.

The government snatched up an old standing Liberal seat when C. Calder took South Ontario from W. E. N. Sinclair, a tireless legislative critic of the treasury department. Two seats in Bruce, another gain in new territory, also came with the acquisition of the north and south ridings of Conservative candidates. "Charlie" Bowman, Liberal whip, still sits solid in the cabinet.

A Glorious Victory.

The first returns which came in from the east showed the way in which the tides were setting in the French-Canadian counties. Government officials were not hoping for much from the east after the school agitation and at that door they lay the loss of Ottawa, east and west.

The premier late last evening was in triumphant mood. He summed up his feelings in one short sentence.

"It was a glorious victory just as I expected."

NIAGARA FALLS GAVE BIG TORY MAJORITY

Special to The Toronto World.

NIAGARA FALLS, Ont., June 29.—Dr. G. J. Musgrove, Conservative, was elected member of the Ontario Legislature in the newly-made riding of Niagara Falls by a plurality of 268 over Harry Stevens, Liberal. Sidney Burrows, the Labor candidate, polled fewer than 300 votes in the new riding.

Mayor Sharpe of Thorold, Conservative, was elected in the riding of Welland.

SOCIALISTS POLL LARGE VOTE.

"Toronto Socialists polled a combined vote of nearly 1,000 in the four seats contested in the city. If this is taken as an indication of the Socialist strength in Toronto, a contest of all ridings would give us a total of nearly 3,500 in this city, a good increase for us." The above comment was made by an ardent Toronto Socialist last night.

FOR TOMORROW—HOLIDAY.

The Dineen Company is prepared with a full line of Panamas, straws and lightweight felt hats. Just the kind you are wanting if you are leaving town. Caps for yachting, golfing, tennis and all outdoor sports. Raincoats, suit cases, door bags and leather hat boxes and umbrellas. If anything is wanted in headwear, go into Dineen's today. Store open till 11 at night.

HON. DR. REAUME THE ONLY CABINET MINISTER DEFEATED

RECORD VOTING ALL THRU CITY

Number of Ballots Cast in Toronto Showed Large Increase.

HUNDREDS OF MOTORS

Each Side Worked Hard to Get Out the Voters.

The vote in yesterday's election was the heaviest ever cast in Toronto, according to official statements. The polls closed last night. The school and temperance questions, it was said, were the most potent causes of the unusual interest manifested on all sides through the day and evidenced by the early hour complete returns began coming in. The fact that this year was the first time that the Liberal and temperance combined into a real organization, it was said, also was responsible for nearly 30 per cent. of the total vote of the city being cast.

The new 8 o'clock opening hour for the polls instead of 9 o'clock, it was declared, was responsible also for the early returns as well as the size of yesterday's vote. Although most of the polling places did not open until fifteen minutes after the appointed time, great crowds were assembled in every part of the city. It was estimated last night that more than 20 per cent. of the vote was cast by 9 o'clock. This interest, it was said, was abnormal and experts declared the vote practically 25 per cent. larger than that of 1911.

Vote Out Early.
At noon yesterday it was estimated that more than 50 per cent. of the total vote of the city had been cast. More than 1,000 automobiles used in the transportation of voters to and from the polls, it was said, figured largely in getting in half of the vote by that time. The part played by autos in the election is shown by the following schedule of the number of cars used by ridings: Northeast, Liberal, 142; Conservative, 194; northwest, Liberal, 103; Conservative, 82; southeast, Liberal, 86; Conservative, 40; southwest, Liberal, 35; Conservative, 45; Riverdale, Liberal, 130; Conservative, 145; Parkdale, Liberal, 110; Conservative, 95.

Another factor behind the large vote yesterday was the fact that workmen throughout the city were given opportunity to exercise their franchise. Almost every manufacturing and industrial firm allowed its employees time to cast their votes. Among the large firms which gave their men from one to two hours to visit the polls were: Massey-Harris, Canada Foundry Company, the John Inglis Company, the C. P. and many department stores and minor establishments.

Few Disputes.
Disputes over registration were few throughout the day, according to reports from each riding last night. Several voters were unable to cast their ballots because they had forgotten to register in proper ridings, but on the whole, according to officials, the absence of misunderstandings was a feature of the day. The early opening hour of the polls confused a few. The election from every standpoint, it was declared last night was one of the closest ever witnessed in the province and on many sides it was said a record had been established in the size of the vote.

GAINED SEVEN SEATS
W. W. Rowell, K.C., leader of the Liberal party who made a net gain of seven seats.

KINGSTON SWEEP BY CONSERVATIVES

Huge Majority Given Dr. Ross — Not Expected by Either Side.

Special to The Toronto World.
KINGSTON, June 29.—Dr. A. E. Ross defeated Ald. T. F. Harrison in today's contest by a majority of 1468. The majority was a great surprise to both sides. All day long it was believed Dr. Ross would have a majority of about 600, but not one of the supporters of Dr. Ross dreamed of such a majority. Ross polled a majority in every subdivision in the city and at the Village of Portsmouth as well. After the returns Dr. Ross and T. F. Harrison addressed large gatherings.
Dr. Ross in thanking the electors stated he did not consider it a victory for himself, but regarded it as a victory for the Whitney government.

LONDON TRUE TO SIR ADAM BECK

Canadian Press Despatch.
LONDON, Ont., June 29.—Sir Adam Beck was accorded a record majority by the electors of London today, he defeating Dr. W. J. Stevenson, Liberal, by 1498 votes. Sir Adam received 4388 votes, Dr. Stevenson 2887 and John D. Jacobs, Labor candidate, the third man in the contest, 415. The minister of power was given an acclamation in 1911, while in 1908 his majority over J. M. McEvoy, K.C., Liberal, was 1404. The total number of votes polled today was 7326. There were 12,000 names on the voters' lists.

IT WAS ALL OVER AT NINE O'CLOCK

System of Getting in Returns Speedy, Exact Science.

BIG TASK BUT SIMPLE

Canoes, Motorcycles and Electric Machines All Had a Part.

It is a far cry from the lone polling booths in North Ontario to Toronto, across the province yesterday the ballots were counted in thousands of out-of-way places, yet Toronto knew definitely at 9 p.m. what Sir James Whitney's majority was. By canoe and by motor launch the results were brought in to the telegraph stations by the deputy officials. In rural Ontario motors and rigs hurried the returns to the newspaper offices that for the time being were headquarters. There they were counted and relayed to the Toronto papers. At 8:30, the first precise news of how the country was sweeping was known. At 9 o'clock Mr. Rowell must have given up all hope. By midnight, a couple of hours before the presses in The World office began to roar out their four hundred a minute, everything that could be learned before the official count was going into type.

In Toronto an hour after the last vote was polled a safe estimate of local Conservative majorities was being made. The Toronto system of returns collecting was large and simple. Boys, many with motorcycle, waited while the deputy in his booth hastily added the balloting, then took away to the city hall with their slips of paper. At the city hall two score clerks and newspaper reporters tottered the returns on Ellis Electric adding machines and phoned them to their papers. All the newspapers worked together for speed and accuracy.
The getting in of the returns has become an exact science. In the olden days of a former generation of newspapermen, election night was spelled with capitals. It was the night of a time to be thoughtfully considered long ahead and often thought of afterwards. It was a night of hustle and bustle. Last night in the well run office was just Monday night—system has left nothing but the hustler.

NORTH WATERLOO SOLID FOR MILLS

His Majority Was Increased — Vote Polled Was Unusually Large.

Special to The Toronto World.
BERLIN, Ont., June 29.—C. H. Mills, the Conservative candidate in North Waterloo, was re-elected by a majority of at least 1500, with four precincts to hear from.
Mr. Heist, the temperance candidate, carried but six of the divisions in Berlin with but a majority of 75, while Mr. Mills carried the remainder by a majority of 976.
In the out-of-town points in the riding Mr. Mills made great gains. Dr. Heist carried two divisions in Waterloo Township with 119 majority, one in Wellesley Township by only two majority and two divisions in Wool-

HALL'S MAJORITY SURPRISES GALT

Polled Nine Hundred Plurality Against Temperance Campaigners.

Special to The Toronto World.
GALT, Ont., June 29.—By a majority of 89, ninety-seven less than Geo. Pattinson made in the 1911 election, and which, it was predicted, could not be anywhere nearly repeated, Z. Hall, manufacturer of Hespeler, was returned as Conservative representative for South Waterloo. Despite a very active campaign of the temperance party in the interest of A. E. Buchanan, Liberal candidate, the Conservative majority in Galt was 300, only three less than in the preceding contest. All Mr. Buchanan's gains were made in the country where he was well known, having been raised on the farm. Preston and Hespeler did not do quite as strongly Conservative as before. H. E. Martin, Social Democratic candidate, made a total vote of \$88; 254 more than McGuire, Socialist, in the 1911 contest. There was much jubilation locally over the result, and when Mr. Hall, the successful candidate, addressed the crowd gathered outside the Reporter office he was enthusiastically cheered. He was also serenaded by the 28th Regiment band and the 28th Regiment pipe band.

STUDHOLME GIVEN RECORD MAJORITY

Hamilton Labor Man Polled Thousand Votes More Than Opponent.

HENDRIE MADE GAIN

Minister Without Portfolio Had Majority of Over Sixteen Hundred.

Special to The Toronto World.
HAMILTON, Ont., June 29.—All Studholme, the independent lab candidate for East Hamilton, and C. Hendrie, the Conservative, were both re-elected by large majorities today.
In East Hamilton the figures for Allan Studholme were 4472 while 3448 votes were polled for Controller Thomas W. Juttan, the Conservative candidate, which gives the labor candidate a majority of 930, nearly 800 more than he had when opposed by Controller W. H. Cooper at the last election. Before the election many people figured that the recently annexed section of the east end, known as ward eight, would support Controller Juttan, but the returns show that the workingsmen of that section stood practically as one for the labor candidate. It was this ward that elected Studholme as in the other districts of the East Hamilton riding, the voting was practically evened up.
Hendrie's Majority.
In the West Hamilton riding, Col. Hendrie polled the biggest vote of his career, receiving a majority of 1229 over Alderman Dr. Davey, the Independent Liberal and temperance candidate. The fight in this riding was one sided and the temperance candidate never seemed dangerous, having a majority in only a few divisions.
When the results were known the labor men congregated at their headquarters where addresses were delivered by the successful candidate and many of his chief workers.
Allan Studholme said to The World, "I was nothing less than the willing worker and it was the good work done by my supporters in East Hamilton that elected me. One winning worker is worth a thousand liquor workers. The electors in the new annex stood by me just as faithfully as those in the old riding. I don't have to make any promises as my supporters know me; I will do in the future as I have done in the past."

GUELPH DEFEATED GOVERNMENT MAN

Temperance Workers Cut Down Schofield's Lead by Over Three Hundred.

Special to The Toronto World.
GUELPH, June 29.—The Liberal temperance workers of this city held a big celebration tonight in honor of the election of Sam Carter. The majority was somewhere in the neighborhood of one hundred, probably a little less, which was somewhat of a surprise even to his most confident supporters. It was fully expected that Mr. Schofield, the former member, would have been returned. His majority in the City of Guelph was reduced from 699 in 1911 to 316 today, which accounts for his defeat. The country went strong for Carter.

EFFICIENT HOUSEKEEPING BY HENRIETTA D. GRAUEL DOMESTIC SCIENCE LECTURER

Cool Salads for Hot Days. MOLDED salads have beauty of line as well as bright color in their depth of shadow and suggestion of richness that gives a satisfying charm to them at any season, but in weather like the present they are particularly attractive.

Whipped Cream Salad. Whip the cream and add the dissolved gelatine to it, then the seasoning and other particles. Let this mixture stand in the bowl it was mixed in until it begins to solidify, then slip so that none of the ingredients will be settled in the bottom. Pour into a chilled mold and place on ice or in a cool place. Serve with chilled French cream dressing.

Red and Gold Salad—Make an aspic jelly for this by dissolving a chicken or beef bouillon cube in a pint of boiling water and adding two tablespoons of gelatine powder to it. Stir until the cube and the gelatine are dissolved. Any clear meat stock may be used in the place of the bouillon cube.

Tomatoes in Aspic—A fine, rosy, firm tomatoes, 1/2 teaspoon salt, 1/2 teaspoon onion salt, 4 cloves, 1 bay leaf, 2 peppers, 1 spring celery, 1 package gelatine (acidulated). Simmer all the above but the gelatine, dissolve that in a pint of water and when the tomatoes and their seasonings are cool strain them through a sieve into small molds and when firm invert on individual dishes. Garnish with cress and serve with mayonnaise.

FUTURE DEPENDS ON ROYAL HEALTH

Danger to Austrian Empire if Untried Youth Ascends Imperial Throne.

Canadian Press Despatch. VIENNA, June 29.—Since the occurrence of yesterday's tragedy at Sarayevio, the opinion has gained ground in authoritative circles here that the future of Austria-Hungary now more than ever depends upon the health of the venerable Emperor Francis Joseph. It was pointed out in high political circles that if the emperor be permitted to reign only a few years more, everything may suddenly be usual and Archduke Francis Ferdinand's death will have little lasting material effect upon the foreign domestic affairs of the dual monarchy.

BEAUTY FOUND IN FRUIT

By LUCREZIA BORI
Prima Donna of the Metropolitan Opera Company, New York.

THE flowers of the field and the fruits of the earth shall make you beautiful. Lemons, oranges, strawberries, pineapples, apricots, figs, watermelons, spinach, cucumbers, lettuce, roses, pond lilies—all hold potent beauty charms.

LUCREZIA BORI. A diet of oranges has muddied complexion and reduce superabundant curves. Eat half a dozen a day, or more if you like the taste. Lemons taken internally, through throat prevent the bad habit of over-indulgence in ice water, clear the skin, assist digestion and have a tendency to one of obesity. Applied externally they are a bleach which removes stains from fingers or neck, freckles from cheeks, and other sallow blemishes.

Advice to Girls

By ANNIE LAURIE

Dear Annie Laurie, I have been going with a young man for a year and a half and we have been engaged to be married for eight months. Sometimes I think truly love him, and other times I feel as if I do not care what happens, and the only thing that can account for this? No matter what subject we talk about he always imagines he knows it all, and he generally talks and talks until I get weary. Near-Bohemia and the False Gods

By Winifred Black

Copyright, 1914, by Newspaper Feature Service, Inc.

SEE no evil, hear no evil, speak no evil. There they are up over the great, clear window—the three, fetid, foolish, vacuous monkeys from the fetid, foolish, vacuous civilization that invented them.

I'm tired of them—the three, silly, insane, insincere, stupid, horse-sense things. You can't move without seeing them. Every cheap little shop in town has a group of them in the showcase. Every near-Bohemian that you know puts them up on the mantelpiece, with the cigarette paper and the tobacco; and all the shady women, who are one thing and try to pretend to be another, set these three idiotic symbols of an idiotic creed upon their dressing tables and are, in their own hearts, justified.

And now there sits above my own broad, clear out that these days. Is that where you got that strange imitation of the smile you wear since you turned near-Bohemian? Put them in your studio with the Russian samovar and the vestments from somewhere, alongside somebody's prayer beads from India, and the nudeness, why, you couldn't live without the nudeness, could you, dear child? You don't understand them in the least, but you have got so now you don't blush when you look at them—and that's something, isn't it?

Secrets of Health and Happiness

Is "Mind Over Matter" a Truth or a Fallacy?

By DR. LEONARD KEENE HIRSHBERG
A. B., M. A., M. D. (Johns Hopkins).

VIRGIL in the Aeneid, some thousands of years ago, was even then very late when he averred "Mens agitat molem," or "Thought moves material things." Perhaps when the first ape-like man thought to use the spark which flashed from flint he was led to say what Virgil said hundreds of thousands of years later.

So be it! Peace to his ashes! But because thoughts direct, guide, move and manipulate matter is no proof of the exaggerated dictum, "mind over matter." The unvarnished truth is that thoughts are the upshot of outside matter.

Nevertheless, the stern fact stares us in the face that effects, once produced, are prone to react and influence in a powerful way, the very causes which brought them forth.

It comes, therefore, to pass that thoughts—wrongly dubbed "mind"—do, in a manner, affect the sterner stuff.

Love, Hope and Joy, fair Pleasure's smiling train, Hate, Fear and Grief, the family of pain, These mixed with art, and to its bounds confined, Make and sustain the balance of the mind.

Even in the most quackish cults and in the most defective jumble of philosophical pot-pouris, there is usually a mote of truth. In transcendental propaganda and your mind upon such parts of evidence there is, forsooth, a speck of possible fact.

Proofs in Error? This is not a sop to the gullible, but an honest testimonial in undogmatic freedom. Yet the difficulty with these medical Baals and physiological gold calves is that the devotees and adherents maintain their particular "matters."

The experience is correct, but the superficial and rash explanation is in error. It is only in part, just as death from joy or fright are but, indirectly, the consequence of thoughts and feelings.

Even when your appetite and your physiological functions of indigestion, heart action and mental initiative are influenced favorably by cheerfulness, though your "best position," your commercial success and your conquests are aided and abetted by good humor and good cheer, all in the final analysis, can be traced to some chemical bounding like a gazelle over the rocks and crags of your blood stream.

What Sensations Are. The physical basis of the emotions, like Henry's physical basis of life, is the juice of the tissues, of the bone marrow, of the near-kidneys, thyroid gland, pancreas, and the other human glands that bear even more forbidding names. These are easily proved guilty of many so-called thoughts, feelings and the much maligned "mind."

The Good Night Story

The Magic Rape Seed—By VERNON MERRY.

LONG ago, when magic still was common on the earth, a poor farmer who was ploughing went to sleep under a tree, and when he woke up the horns upon his ox's head had grown to great size. He did not know what to do about it because he could not get the oxen through the stable door, so when a butcher came along and offered to buy them he was glad to make a bargain.

The butcher agreed to pay for the oxen \$1 for every rape seed that the farmer brought to his town shop the next day. The farmer knew this to be a good bargain, so he gave the oxen to the butcher, and early the next morning, filled a cart measure with rape seed and started out to town. You may be sure that he took good care not to spill one seed out of that measure.

Now the tree was so tall that its branches reached way up into the skies and the farmer seeing this was curious to know what was to be seen away up there. So he climbed up that tree right to the top and peeped into heaven.

All his life he had thought his lot a hard one because he had to work in the field, but what he saw made him feel better satisfied with his life. Strange folk were reaping grain in peculiar looking cloud fields.

Suddenly he felt the tree tremble. He

The Toronto World
FOUNDED 1850.
A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited; H. J. Maclean, Managing Director.

It will prevent delay if letters containing "subscriptions," "orders for papers," complaints, etc., are addressed to the Circulation Department.

The World delivers a before 7 o'clock a.m. edition to all parts of the city & suburbs. World subscribers are invited to advise the circulation department in case of late or irregular delivery.

TUESDAY MORNING, JUNE 30.

SIR JAMES' TRIUMPH.
Sir James Whitney was a great moral issue in yesterday's election, and the people of Ontario responded to it with the hearty humanity that knows a man when it meets him.

THE LIVE STOCK SHOW.
Consideration of the Winter National Live Stock, Horticultural and Dairy Show will occupy the city council this afternoon, and there should be no difficulty in having the recommendation of the board of control endorsed.

IT CANNOT BE CURED.
For centuries it was believed in England that a person afflicted with scrofula could be cured by the touch of the king. The disease was known as the "king's evil," and Dr. Johnson, when a child, was "touched for the evil" by Queen Anne. No doubt the kings did as well as the doctors, but between them and in spite of them scrofula still exists both in and out of his majesty's dominions.

ing be somewhat slower it will be all the more secure.
We have already suggested to Mr. Rowell that a greater emphasis on pressing public reforms, to which the government is perhaps constitutionally apathetic, would have secured him a more tangible sympathy.

POSTOFFICE SQUARE.
A good deal of energy has been shown by the Civic Guild in connection with the proposed postoffice square, and a statement of the case has been issued in the guild bulletin.

THE PHILIPPINE SITUATION.
We are apt to think of the Philippine Islands as a small group easily governed from the prosperous City of Manila, but they in fact constitute an archipelago of perhaps eight thousand islands, many of them quite remote from the capital.

THE WORLD IS FAIR.
Editor World: With a copy of your paper of this morning in my hand, I feel that I ought to say to you how pleased I am with the fairness you have manifested in this campaign.

DIRIGIBLE BALLOON RECORD.
Canadian Associated Press Cable.
Toulon, France, June 29.—The French military dirigible balloon Adjutant Vincent, piloted by Georges Joux, and carrying eight passengers, has established a new world's record for continuous navigation by dirigibles.

AT OSGOODE HALL.
ANNOUNCEMENTS.
June 29, 1914.
Judge's chambers will be held on Tuesday, 30th inst., at 11 a.m.

Master's Chambers.
Before J. A. C. Cameron, Master.
Baker v. Union Bank of Canada.—G. Waldron, for plaintiff, moved for order for commission to take evidence on behalf of plaintiff in London, England. W. B. Raymond, for defendant, moved for order for commission to take evidence on behalf of defendant in London, England. Costs of motion and of execution of commission reserved to trial judge.

Single Court.
Before Britton, J.
Re Leishman Estate.—D. I. Grant, for Charlotte Leishman, widow of testator, moved for order construing will and declaring what share was entitled to. A. E. H. Creswick, K.C., for Robert Leishman, a son. Judgment: I am of opinion that until and unless otherwise ordered, Robert Leishman shall pay to his mother, Charlotte Leishman, for her maintenance, as provided in the will, the sum of \$40 for each month, payments to be made on the 15th day of each month, unless that day is a Sunday or a holiday, in which case payment shall be made on the next judicial day, the first payment to be made on Aug. 15, and arrears from the time Robert ceased paying at the rate of \$20 a month, to be paid on or before July 15 next. Upon the question of jurisdiction, rule 600 is wide enough to permit application as the present and to rule 11 being disposed of on originating notice. No order as to costs.

Before Middleton, J.
Mr. James Stanley Beatty and Mr. Oscar Saive presented their certificates and the answers in and enrolled as solicitors of the supreme court of Ontario, on the flat of the judge.

Willems Hospital v. Williams.—G. H. Sedgewick, for defendant, moved for order dismissing action, and also for an order for costs. Motion granted. Costs reserved to judge, who directed motion to dismiss action. Motion to dismiss enlarged until Sept. 16.

Re Bowerman Estate.—E. Jones, for executor, moved for appointment of trustees. F. W. Harcourt, K.C., official guardian, moved for appointment of trustees. Order made appointing F. W. Harcourt, K.C., as trustee, and giving them liberty to advance moneys necessary to pay all debts and to reimburse themselves out of the estate.

Re Butler Estate.—H. E. McKittrick, for administratrix, moved for order declaring Joseph Butler deceased, and for order for distribution of his estate. Order made declaring Joseph Butler to be presumed to be dead, unmarried and intestate, and directing his share to be distributed among remaining beneficiaries.

Re Peake and Devins.—S. H. Bradford, K.C., for vendor, moved for order declaring that vendor can make good order declaring that vendor can sell under power of sale in mortgage and deed must be presumed to have been sealed at time of registration, and that on the true construction of the deed it purported to convey to Alexander W. H. Bourdon for the party of the third part. No costs.

Warren v. Twin City.—F. Arnoldi, K.C., for plaintiff, moved for writ of sequestration. E. G. Loug for defendant, moved for order declaring that the certificates presented to the company

are endorsed to nominee of plaintiff as required by judgment and defendant now stating their readiness to hand over new certificates to plaintiff's solicitor, as asked by motion, no order except that defendants pay costs of motion.

Tissot v. Canada Furnace Co.—E. C. Cattinach, for all parties, moved for judgment confirming settlement. Judgment for plaintiff for \$750 and costs confirmed. Official guardian's costs fixed at \$15 out of fund, \$400 to be paid to father and mother jointly, out of which funeral expenses are to be paid. Balance to be paid into court to credit of infants. Apportionment as between infants reserved.

Prentice v. Prentice.—W. R. Smyth, K.C., for plaintiff, obtained judgment for alimony with reference to master-in-ordinary.

Before Latchford, J.
Ellis v. Ellis.—J. B. Wallace, K.C., and J. Rowe (Newrich) for plaintiff, S. G. McKay, K.C., for defendant. Action by wife, who has judgment for alimony against her husband, to set aside conduct of last and assignments thereof as fraudulent and void as against plaintiff, and for sale of said and to satisfy judgment of plaintiff, etc. Judgment set aside and judgment entered after 30 days declaring the conveyance of Maplehurst mentioned in the pleadings fraudulent and void as against the plaintiff and directing that the registration thereof as to said property be vacated. Costs of action to plaintiff.

SOCCER NOTES

A good game should be served up at Mount Dennis on the holiday morning between Russell Motor and Sons of Scotland in the replayed second round of the Connaught Cup.

Billy Hay says: "Blue serges are simply blue serges, no matter who sells them, and mine are no bluer than you can get from the other fellow."

"But if you want a blue serge not merely because it is blue, we shall have to talk about 'King's Own Serge' at \$20, and 'Britons-loom Serge' at \$25, for these are the two lines that you want to know about if you desire something of infinitely better service to you than merely a 'blue serge.'"

"If you are 'from Missouri and must be shown,' step in for a moment and I shall be glad to show you."

Remember, an ounce of investigation is worth more to you than a ton of regrets."

HEARTS OF OAK WINS THE FEATURE

Giddings Crack Ran Grand Race at Hamilton—Only Two Favorites Win.

HAMILTON, June 29.—(Staff Special.)—Only two favorites finished in front on the fourth day of the meet, but the winning of the Grimby Handicap by Hearts of Oak made this all O.K. The big Oakville horse gave away weight to every horse in the race and beat three good stake horses. The big fellow was away with the bunch, and Gray rated him along nicely, letting Irish Gentleman pass him early, but made his ride when the five-eighth post was reached, and won by a length and a half well in hand. Hearts of Oak was as high as 25 to 1 in the book, and he received a heavy pay, despite the fact that many figured that the 16 lbs. he had to carry would ruin him.
The Dymont Stable's Tippecanoe walked away with the opening race, paying a big price and winning considerable in the ring for his owners.
Duke of Chester, second choice, went to the front at once in the second race, and Shilling kept him there all the way. J. S. Hendrie's Tankard was the first favorite to land, taking the third race after outranking his field. Stout Heart made a game effort in the stretch, but Tankard lasted just long enough.
Exton captured the event thru the field, jumping nicely and stalling off Luckola in the stretch ring.
Hearts of Oak captured the feature event, the Grimby Handicap.
Sun Queen beat his favorite, Zodiac, in the first race over the turf course, and Claver made his string of rides on the grass perfect. Claver brought Havana home a winner in the closing event, also over the turf. Luther, the favorite, was nowhere.

AT LATONIA.

LATONIA, June 29.—Tomorrow's entries are:
FIRST RACE—Maidens, two-year-olds, 4 furlongs:
1. Lady Powers, 116 (Frutkin), 10 to 1.
2. Rebecca Moses, 110 (Gr. Curran), 12 to 1.
3. Eldorado, 110 (September Morn), 10 to 1.
4. Cyrene, 110 (Alice Dwyer), 10 to 1.
5. Badinage, 110 (Elizabeth Parn), 10 to 1.
6. Doc Ferning, 110 (Pitkin), 10 to 1.
SECOND RACE—Selling, three-year-olds and up, 1 1/2 miles:
1. Dr. Kendall, 108 (Lockard), 10 to 1.
2. O'Hagan, 106 (Gallo Braso), 10 to 1.
3. Raoul, 106 (General), 10 to 1.
4. Prof. Drew, 106 (L. B. Robinson), 10 to 1.
5. William, 106 (Riley Barnes), 10 to 1.
6. Willie, 106 (Armer), 10 to 1.
THIRD RACE—Mile, two-year-olds, 95 furlongs:
1. Astrolabe, 107 (Netherow), 10 to 1.
2. J. Carey, 107 (Netherow), 10 to 1.
3. Sweetheart Sue, 111 (Gano), 10 to 1.
4. Chesteron, 112 (Gano), 10 to 1.
FOURTH RACE—Four-year-olds and up, 4 furlongs:
1. Cash on Delivery, 109 (Gano), 10 to 1.
FIFTH RACE—Selling, three-year-olds and up, 1 1/2 miles:
1. Alston, 109 (Bay. Candie), 10 to 1.
2. Disparity, 108 (Dent), 10 to 1.

The Water Way on the Holiday

VIA CANADA STEAMSHIP LINES

Make up your mind that you are going across the Lake for a change. Of course, if you have been over before, you are going again. For there are so many places to visit, so many things of interest to see, and the trip itself is so immensely enjoyable that you never tire of it. Just consider what a choice you have here in these five splendid outings: There is, first of all, Niagara Falls, which can best be viewed from the belt line scenic railway in the run past the rapids, whirlpool and falls; Buffalo, with its big stores, is but a few miles distant. At Niagara-on-the-Lake there is a wealth of historical material of interest to every patriotic Canadian. Old Fort George, Navy Hall, where the first Parliament was held, and the historical building filled with relics of 1812 and possessions of early settlers. Hamilton, Burlington and Grimsby Beach offer special facilities to picnic parties, through their smooth sandy beaches and beautiful picnic grounds; although all of the places mentioned have spaces reserved for picnickers. For those who like longer trips, the 1000 Islands and Rochester are well worth a visit, and at no time can they be seen to better advantage than right now at the beginning of the Summer season.

GUELPH MAN IS KILLED BY ELECTION RETURNS

GUELPH, June 29.—John Black, an aged retired farmer, of Extra street, this city, could not stand the excitement consequent upon the result of the elections. He was in Samuel Carter's committee rooms when it was announced that Mr. Carter was elected, and without a moment's warning he fell over on the floor and died. Death was due to heart failure.

PARAFFIN ON PRESERVES.

In using paraffin many housekeepers are careless, and consequently complain that their fruits and jellies do not keep well. Have the jelly glasses absolutely cold and dry. The least bit of moisture above the jelly, at the sides of the glass, will prevent the paraffin in that particular spot from hardening. Consequently, after the moisture disappears an air space is left. While the paraffin is hardening the glasses must not be moved in any way, whatever. A slam of a door will sometimes shake the glass just enough to make a crack in the paraffin while it is hardening, and this will let air enter. It is not necessary to heat the paraffin, but only necessary to melt it. This can be done at the back of the stove, where there is no danger from fire.

CLUB SINGLES AT VICTORIA CLUB

MONEY EXCHANGE BONDS STOCKS COMMERCE METALS

BUSINESS DULLEST IN MANY YEARS

Not Since Blizzard Twenty-Six Years Ago Has It Been Worse.

IRREGULAR TO HEAVY Abnormal Dulness to Unusual Degree - New Low for Pig Iron.

NEW YORK, June 29.—With two exceptions—July 11 and Nov. 24 of last year—today's business on the stock exchange was the smallest of any full day since the memorable blizzard of 1888, when New York was cut off from most of the world's markets.

The movement of the market was irregular to heavy. Opening prices were mostly higher, in keeping with London, which showed no outward concern over the assassination of Austria's heir.

Domestic news was of a negative character. Transfer of \$400,000 to the Pacific coast called attention to demands from that centre.

A new low record for pig iron at Pittsburgh was registered as copper metal prices were again revised downwards. The bond market was irregular.

Oil excitement near Wainwright. Grand Trunk to Put in Outfit to Test Out Possibilities.

CALGARY, June 29.—The discovery of the Battle River oilfield has brought about a scramble for oil leases in the vicinity of Irma, the first station on the Grand Trunk south of Wainwright.

Geologists in the employ of the Grand Trunk are believed to have located this oilfield in that district during the past few days.

Geologists in the employ of the Grand Trunk are believed to have located this oilfield in that district during the past few days.

Buying Confined to Small Quantities - Market Generally Inactive.

Section day dulness prevailed on the mining exchange yesterday. The market was steady. Buying was confined to small quantities.

Money and Exchange. Glasgow & Crown Exchange and Bond Brokers report exchange rates as follows:

BRANK BRANCHES. Houston's Bank Directory reports 61 branches opened in May and 14 closed.

LOCAL BANK CLEARINGS. LONDON, June 29.—The Province of Quebec is issuing a million sterling 4 1/2 per cent. at par.

HEAVY TONE ON TORONTO MARKET

Barcelona Drops to New Low Record - General Electric Down.

A break in Barcelona was the feature of the Toronto exchange yesterday. The stock opened at 24, which itself is a low figure, and fell away to 23 1/4.

Canadian General Electric took a decided drop. It closed with a loss of two full points from 93.

A heavy tone was shown throughout the day and trading in other stocks was very light.

ONE FEATURE ON MONTREAL MARKET Brisk Demand for Tramway and Power Stock - General Electric Affected.

MONTREAL, June 29.—A brisk demand for Tramway and Power stock in the unlisted department provided the one feature of the trading on the Montreal stock exchange today.

Some issues showed underlying strength; others a tendency was being shown to decline.

Some selling of Canada came on the market in the afternoon and knocked the price down a point to 50, but half the loss was made up by a recovery.

WHEAT MARKET CLOSED STEADY Shipments of Wheat Assuming Large Proportions - Pressure on Corn.

CHICAGO, June 29.—Prospect of a heavy movement of the new winter crop had its effect upon the market today.

Receipts in Kansas City and St. Louis amounted to nearly double the total at the corresponding time a year ago.

Pressure was put on the corn market as a result of rains in Kansas and Oklahoma. Absence of rain in the Ohio Valley was not slight and also were advised of rains in Argentina shipments.

JOINS STOCK FIRM. Norman W. Tovell has been admitted to partnership in the stock brokerage business of Erent, Noyon and Co.

Canada's Parcel Post System

The Dominion of Canada inaugurated its New Parcel Post System this year chiefly for the benefit of those citizens whose homes lie outside the centres of population.

Before Parcel Post Was Inaugurated

it was inconvenient for people not living near an Express Office to receive parcels that weighed over four pounds. But now there is no more trouble or delay. Because the Dominion of Canada delivers anything you may choose from our catalogue at your nearest Post Office, and we pay all charges.

Give the New Parcel Post A Trial

by sending for something you need from our new catalogue. We will pay all the transportation charges and we will ship your order within one day of the time it is received. You will find that the goods are delivered to you at a price that should bring us the bulk of your future orders.

By using the New Parcel Post System in connection with our free delivery and one-day service **you virtually make your Post Office a branch of the Simpson Store that will serve you with the maximum of efficiency.**

No matter where you live, this brings the advantages of shopping at the Simpson Store within the reach of all. Our immense stocks are bought direct from the manufacturers for cash, and the greatest economies are now available to you if you make this store your chief source of supply.

Another Mail Order Sensation

FOUR years ago, when we began to pay the transportation charges on all our Mail Order Business, most people said "It can't be done."

We were convinced then that most of the Mail Order Business of Canada would eventually be done that way and our faith has been rewarded by a tremendous increase in Mail Order volume since that time.

In emulation of this success the whole Mail Order Business of Canada is gradually measuring up to our prepayment methods.

Now we are ready to make another announcement that will be the best news yet to everyone who shops by mail.

Within the last six months we have installed a complete new plant for handling our Mail Order Business. It occupies four times the floor space of our former one, and is one of the most complete and most modern equipments on this continent. This means that beginning with the present issue of our catalogue

We will ship your order within one day of its arrival

This new speed service is now inaugurated because we are determined to deserve still greater business from our customers. It will give them a far more efficient service than has been possible in the past.

Our All-Embracing Guarantee

The Simpson Guarantee covers every contingency. You get satisfaction or your money back. Everything we sell is exactly as represented. What's more—we willingly and quickly return you your money or exchange the goods, **AND PAY CHARGES BOTH WAYS.** The only conditions are that goods are returned in same condition as received by you, within seven days of their receipt—no matter where you live, no matter what article you select. The only exceptions are articles which for sanitary reasons cannot be exchanged.

Shopping by Mail Simple and Profitable

If you have had no experience in buying by mail, **now is a most favorable time to begin.** A post card will bring you our **New Summer Sale Catalogue** that is just off the press.

If on the other hand you have sent us an order within the past six months, you will receive a copy of this catalogue without sending for it. And we urge you to

Peruse It Carefully

for never in the store's history have better values been offered. Buying in tremendous quantities as we do, we have found manufacturers more than eager to give us great values this year, in order to keep their factories running through a slack season. **This new catalogue will show how we have passed the benefit of this big buying on to you.**
