Passing of John W. Gates

Great Speculator—Always Ready to "Bet a Million"
One of Wall Street's Giants
Prominent American Financier
Dead After Weeks of Suffering—Began Life in a Humble
Way and Became One of the
Wealthiest and Most Spectacular
"Plungers" of the United
States.

WAS INTERESTED IN MOOSE MOUNTAIN

PARIS, Aug. 8.—John W. Gates, the
American financier, died at 5.10 this
morning in the arms of his wife and
his son.
His iron constitution and courageous
resistance, backed by every resource
of medical science, failed to save Mr.
Gates. He had battled for weeks hero-
ically with a disease of the kidneys,
and when it was believed that he was
almost sure to recover, he contracted
pneumonia. Several times he was re-
ported to be at the point of death, but
with the aid of powerful stimulants
rallied. The pneumonia and kidney
troubles had ameliorated somewhat
Monday, but early Tuesday morning
there was a recurrence of the congest-
ion of the kidneys, which was fol-
lowed by a further attack Tuesday
noon.
Tuesday night Mr. Gates suffered a
general relapse and gradually sank
until death intervened. His wife and
his son, Charles G. Gates, had been at
the bedside almost constantly since
Mr. Gates' illness was pronounced se-
rious. The end was peaceful and it seemed
as tho he was falling asleep.
The usual restoratives failed in the
last crisis.
Others present at the bedside besides
the members of the family were Drs.
Gron and Reeves.
The death of John W. Gates in
Paris to-day removes in his prime
one of the boldest and most successful
American financiers and a picturesque
figure in the field of sports. Since
1880 when he organized the Southern
Wire Company, Mr. Gates had been a
man with whom it was necessary to
reckon in the particular industrial af-
fairs to which he had given his at-
tention. In recent years he found re-
laxation from business duties in be-
coming a prominent patron of the
American turf.
Began as Hardware Man.
Mr. Gates began his business as
a proprietor of a hardware store
at Turner Junction, Ill., near the farm
where he was born in 1855. His parents
were Asel A. and Mary Gates, of St.
Charles, Ill. In 1874, he married De-
Witt B. West, who with their son Charles
G. Gates, survives.
The family had maintained a home in
New York City for some years.
From a hardware merchant Mr.
Gates became interested in barbed
wire, first as a salesman, and after as
a manufacturer at St. Louis. Following
the Southern Wire Co., he organ-
ized the Bradock (Pa.) Wire Co.,
which, in 1882, he combined with other
wire concerns as the Consolidated Steel
and Wire Co. Six years later this was
sold to the Federal Steel Co. In 1887,
he organized the American Steel and
Wire Co., which is now a subsidiary
company of the U. S. Steel Corpora-
tion.
Primarily interested in steel and
later in oil, the financier was also
identified with many large operations
of railway and industrial stocks. He
was known as a shrewd speculator on
Wall-street thru many ventures, not-
ably the coup by which he obtained
control of the Louisville & Nashville
R. R. He was a director of the Balti-
more & Ohio R. R., the Western Mary-
land R. R., the Tennessee Coal, Iron
and R. R. Co., the American Salt Co.,
the Republic Iron & Steel Co. of New
Jersey and other concerns.

HUGH GUTHRIE SUCCESSOR TO AYLESWORTH?

His Promotion to the Ministry of
Justice Said to Be Practically an
Assured Fact—Sir Alan to Cam-
paign in North York.
OTTAWA, Aug. 8.—(Special.)—The
Guthrie promotion is practically an
assured thing altho it will not take place
until Sir Alan Aylesworth is finished
campaigning as a cabinet minister for
T. C. Robinson in North York.
Hugh Guthrie, having waited a long
time, will wait a little longer. Dr.
Beland of Beauséjour, on the other
hand, becomes postmaster-general at
once.
That Sir Alan Aylesworth played a
trick on North York is evident from
a statement made to The World to-day
by a man closely in touch with the
minister. "Sir Alan," said this author-
ity, "never intended to run again." Yet
it is not long since Sir Alan positively
announced in North York that a 1911
election would find him a candidate.
A little later on he told the house of
commons with a confidence of the ut-
most candor that nobody looked for
an election this year, a statement
which he afterwards declared was in-
tended to be a joke.
The North York performance was
designed to nurse the riding for T.
C. Robinson and to discourage the
Armstrong organization.

RESCUED BY FERRYBOAT

Dinghy, With Two Young Men, Spent
in the Bay.
Shortly after seven last evening Capt.
Fruit of the ferry Clark Bros., on his
return trip from Ward's, noticed a
sudden puff of wind upon a dinghy in
which were two young men.
After watching them struggling a
few minutes he presumed that help
was needed, or there would be another
chapter to the long list of drowning
accidents in the bay. Altering his
course he ran up the men on board,
and the dinghy in tow.
After arriving at the dock, foot of
Bay-street, one of the rescued, Harry
Stewart, called out the water and
called the dinghy back to the boat-
house, from which he and his com-
panion, G. Childs Ketcham, had ren-
dized about an hour before for a sail
on the bay.
Both are advertising canvassers, re-
siding at 82 1-2 Shaw-street. They
arrived in the city only two or three
days ago, Stewart's home being in
Buffalo and Ketcham's in Wheeling,
W. Va.
Stewart was none the worse of his
involuntary swim, but Ketcham, who
is unable to swim, received a very
severe chill. The accident was caused
by having the sail ropes tied while
they sat smoking, so when the wind
came they could not free the sail.

NOMINATE AMES AGAIN.

MONTREAL, Aug. 8.—The Conserva-
tive convention for the division of
St. Antoine will be held to-morrow
night when H. B. Ames will receive
the nomination once again.
The Hochelaga Conservatives meet
Friday when either L. T. Marchand,
K.C., or Louis Coderre, K.C., will be
chosen to oppose L. A. Rivet.
The Conservative convention for St.
Louis division will be held next Mon-
day. Just who will be named to op-
pose Mr. Bickerton is doubtful.

THE REAL SIDE OF THE SHIELD.

Sir Wilfrid Laurier and his organs have been telling our farm-
ers all about getting free entrance into the market of ninety mil-
lions: Look at the tariff bars the Yankees are taking down. They
do not tell them about the bars that protect the Canadian farmers'
home market and which are to be taken down by reciprocity. Here
they are:

	Under Present Canadian Tariff.	Under Reciprocity.
Cattle	25 per cent	Free
Horses, value less than \$50.	\$12.50 each	"
Other horses	25 per cent	"
Swine	1 1/4 c a lb.	"
Sheep and lambs	25 per cent	"
Other live animals	25 per cent	"
Poultry, alive	25 per cent	"
Poultry, dead	20 per cent	"
Meats, fresh	3c a lb.	1 1/4 c a lb.
Meats, canned	27 1/2 per cent	20 per cent
Bacon and hams	2c a lb.	1 1/4 c a lb.
Butter	4c a lb.	Free
Cheese	3c a lb.	"
Eggs	3c a doz.	"
Honey	3c a lb.	"
Apples	40c a bbl.	"
Peaches	\$1 per 100 lbs.	"
Grapes	2c a lb.	"
Berries	2c a lb.	"

On all these things we are giving the American farmer free en-
trance into the Canadian market. He can beat the Canadian on:
BEEF SHEEP
LAMBS HOGS
BACON HAMS
EGGS POULTRY
BUTTER HONEY
FRESH FRUIT VEGETABLES

And Now Poultry and Reciprocity.

BRER WILF AND BRER PATERSON ON CHICKENS AND EGGS.

We have shown the farmers of Ontario that the "wider
market" is a fiction as regards sheep, hogs, cattle, horses—that
our prices here are better than in the States, and that "the
wider market" simply lets American sheep, hogs, cattle and
horses into the Canadian farmers' home market with lower
prices as a result.

And now we come to poultry—to you, Mrs. Farmer, who
have been having such glorious prices for all your poultry,
dead or alive. In former days the farmer's wife was able to
trade off her eggs and chickens for a few groceries or some
pieces of cotton or prints. Now the farmer's wife has been
helping to pay off the mortgage with her fowl output. It's
one of the best sources of ready money on the place. Every-
thing in this line can be sold at top price. To illustrate, let
us tell the story of what is probably the biggest poultry dealing
firm in Ontario. We sent a special commissioner to investigate
the facts and our readers will know them as such as soon as we
present them. Here is our commissioner's statement:

The importance of the poultry trade thruout
Canada is looming large under present conditions. The
World's special representative was favorably received by a
gentleman conversant with the past and present
poultry trade movements. Over twenty years ago the
firm of which he is head and one of the largest in
the country, went into poultry.
"We have sent tons of poultry," said he, "in past
years to the British markets; in all those shipments the
poultry were suitable to the British meat and poultry
dealers. The competition in ever-increasing quantities
of cheaper fed poultry from Russia, Denmark and other
countries has shut us out of the British market since
1906.
In 1906 our total shipments of poultry weighed
948,300 lbs., the weights in 1910 scaled up to 2,686,337
lbs., which is nearly 300 per cent of an increase in four
years. The amount in dollars paid out to the poultry
raisers was \$91,112 in 1906. We paid out last season
the significant amount of \$385,922. This was all shipped
in 130 carloads to points east and west in Canada. Our
freight bills account ran up to \$90,000, all paid out to
Canadian labor.
The average price paid by us in 1906 was 10c per
lb. Last season our average price was 15c, in fact, the
dealers have paid the farmers last year fully 50 per cent.
more than in 1906. The prices in the United States
last year were from 1 1/2c to 2 1/2c per lb. less than the
Canadian prices. These prices do not include the prices
of turkeys. Some picked Canadian turkeys brought a
fancy price for New York trade. However, the general
run of the turkey prices were about equal.
In order to fill some contracts entered into in a
western province, one large dealer was nearly driven to
purchase in the United States last year. After allowing
for duty payment the difference was only 1/2c per lb.
His patriotism led him to forego that 1/2c per lb. Last
fall some carloads of live chickens were shipped from
Illinois to Vancouver to supply an urgent demand.
The duty is 20 per cent.
The World is much indebted for this indisputable
evidence of the past and present condition of the poultry
market. It was clearly expressed, the books were
opened for inspection and the figures verified.
The most remarkable statement is that last season's
increased poultry trade carried on by this large com-
pany was wholly within the Canadian provinces. The
World exults in that one company, after years of strict
attention to the poultry trade, has obtained a "wider
market." It is not a phantom. It was so wide it ex-
tended from the Atlantic to the Pacific, but they did not
embrace Cousin Jonathan.

If we made the deal for "the wider market," all this trade
would be governed by the States. Prices would go down to
American prices. The Southern and Southwestern States is the
home of immense poultry production. The railroads there run
chicken cars and chicken trains. They sell poultry for less than
our farmers get. They could swamp this market. And you,
Mrs. Farmer, would be up against the Yankee chicken raiser
of the south.
What Sir Wilfrid Laurier says to the farmers' wives of
Canada: Share your poultry markets with my friend Mr. Taft's
fellow colored subjects of the south. That's what he and Brer
Paterston says. Brer Paterston is proving to be a great finder
of markets—for the United States.
But of all the unchivalrous things of Brer Fielding and
Brer Paterston and Brer Wilf, this catering to the colored vote
of the south against the wives of the farmers of Ontario is the
lowest down.
Think it over, Mrs. Farmer, before your husband says he'll
vote for reciprocity.
But wait till we come to eggs! That's where Brer Wilf
does his worst against the Ontario hen. The Arkansas eggs
and cold storage and a mild winter and early spring can cut
the price of your eggs in two! That's Wilf all over.
We've got an egg story for you to-morrow, Mrs. Farmer.
In the meantime, we wish you well, madame. But watch Brer
Wilf on chickens and eggs; and Brer Paterston. Brer Pater-
son uses Yankee eggs in his choice biscuits. That's what Brer
Paterston is doing! He wants Yankee eggs in yolks and in
jars!

BORDEN OPENS CAMPAIGN AT LONDON NEXT TUESDAY

Will Speak at Toronto on the
Twenty-Third—Route Includes
Dozen Places.

OTTAWA, Aug. 8.—(Special.)—R. L.
Borden will open his campaign in Lon-
don on the 19th, the day selected for
the Laurier meeting at Simcoe. The
Ontario Itinerary arranged for Mr.
Borden and sanctioned by him to-day,
is as follows: London, Aug. 18; Chat-
ham, 18th; Simcoe, 17th; Woodstock,
18th; Palmerston, 18th; Berlin, 21st;
Owen Sound, 22nd; Toronto, 23rd; Pe-
terboro, 24th; Campbellford, 25th; Na-
panee, 26th; Brockville, 25th.

INSPECTOR HUGHES BACK

Old Country People Against Reciprocity,
He Says.

James L. Hughes has returned from
a three weeks' visit to England, where
he went principally to visit relatives.
In speaking to The World last evening
Mr. Hughes said the people of the
old land were strongly opposed to the
reciprocity pact, and that they felt
it would be a great loss to Canada
should Uncle Sam gain the point at
issue.
Mr. Hughes feels considerably re-
freshed by the sea voyage, and will be
"back in harness as usual to-day."

EATON CO. AT NIAGARA FALLS?

NIAGARA FALLS, Aug. 8.—(Special.)—According to presumably good
authority, the Eaton Co. of Toronto
has obtained an option on the Lang
block, Park-street, as a whitewash
factory.
No confirmation of the report could
be obtained last night.

RUST STORIES ARE ENTIRELY FABRICATIONS

Deputy Minister of Agriculture for
Manitoba Says That They Have
Been "Inspired by Persons Inter-
ested in the Grain Market."

WINNIPEG, Aug. 8.—J. J. Golden,
deputy minister of agriculture for Mani-
toba, announced to-day that "rust
stories are fabrications inspired by per-
sons who are interested in the grain
market."
Continuing, in an interview, the de-
puty minister said: "Up to the present
this department has had no reports
other than those press stories upon
which we are not prepared to place re-
liance unless substantiated by authen-
tic information. The department has
been investigating the matter but so
far has received no information con-
firming these reports."
"So far as I am concerned, I do
not consider that Manitoba has had
any rust such as would lead me to
anticipate any damage from rust. I
am strongly of the opinion that if the
farmers of Manitoba had any reason
to believe that there was black rust
in their grain, they would have not-
ified either this department or the agri-
cultural college before this time as they
have been advised to do, and as they
have done in previous years. In other
seasons we were always immediately
notified of any damage of this nature,
and in view of the lack of any authen-
tic information, I am not disposed to
place any credence in these rumors of
a serious damage by black rust."
Philip A. Stephens, a fair expert,
of St. Louis, stated here to-day that
rust stories were simply an agency for
the purpose of grain brokers to raise the
price of wheat.

DONALD SUTHERLAND IS NOMINATED BY THE SOUTH OXFORD CONS.

Ontario Director of Colonization is
the Unanimous Choice of the
Convention at Mount Elgin—
Hon. I. B. Lucas Makes Stirring
Speech.

WOODSTOCK, Ont., Aug. 8.—(Spe-
cial.)—Donald Sutherland, director of
colonization for the Ontario Govern-
ment and a man well known thruout
the entire province of Ontario, will re-
present the Conservatives of South Ox-
ford in the coming Dominion election.
Mr. Sutherland was the unanimous
choice of the convention, which was
held at Mount Elgin to-day and he
looked upon as the one man who can
come out and redeem South Oxford
from the Liberals. Mr. Sutherland re-
presented the riding of South Oxford
for one term in the local house and
later contested the riding against Mr.
S. Schell for the Dominion house, but
was defeated. His chances in this
election, however, are looked upon as
being very bright and the Conserva-
tives of South Oxford are most opti-
mistic.
Mr. Sutherland was nominated by
Dr. J. D. Coleridge of Ingersoll, who
recently refused the nomination with-
out the convention was without
doubt the largest and most enthusias-
tic the party has ever held in the
riding. The president of the South
Oxford Liberal-Conservative Associa-
tion, S. M. Fleet, presided and dele-
gates from all sections of the district
were present. The nomination of
Mr. Sutherland was received with great
enthusiasm and he was cheered to the
echo.
Mr. Sutherland expressed his strong
disapproval of the reciprocity pact and
added that it would work towards the
ruin of Canada which Canadians had
built up.
A feature of the convention was a
splendid address by Hon. I. B. Lucas,
of Centre Grey, who made a stirring at-
tack on The Toronto Globe for his
misleading utterances in regard to the
reciprocity agreement. The Dominion
Government, Mr. Lucas declared, was
endeavouring to use the reciprocity
pact to cover up the record of the scan-
dals, of which they had been guilty
and with which they were afraid to
face the country.

DR. J. D. REID AGAIN.

SPENCERVILLE, Ont., Aug. 8.—
(Special.)—The executive committee of
the Grenville Conservative Association
met yesterday and agreed on Aug. 14
as the date of the nominating conven-
tion. Dr. J. D. Reid, who has repre-
sented the constituency since 1891, is
regarded as the certain nominee.

A NEW PHILOSOPHY OF FLATU- LENCE.

The Globe has given up the case for
hogs, for sheep, for horses, and is now
on a bean diet. Reciprocity will be great
for beans! Canadians are being told
that the way to Boston is on the bean
train. We think it was Pythagoras who
proposed to reform the Hellenes of old
by the philosophy of flatulence.
Hurray for Sir Wilfrid and Beans!

LET TAFT FINISH HIS WORK.

The Taft special tariff session is to be
strictly limited to reciprocity with Cana-
da.

CHICAGO BEEF IN CANADA.

Where do Toronto's big hotels buy their
meat, Mr. Globe?
In the wider market—Chicago.
Where will all the hotels buy their
meat when reciprocity comes in?
In the wider market—Chicago.
But how does that help the Canadian
farmer, Mr. Globe?
Why, he gets the wider market for his
beans.

THE HOUSE OF LORDS CENSURES ASQUITH VOTE IS 282 TO 68

Conservative Peers Charge Premier
With "Prostituting the Pre-
rogative of the Crown" in Obtain-
ing King's Pledge For Creation
of New Peers.

LONDON, Aug. 8.—By a vote of 282
to 68 the house of lords to-night car-
ried a motion made by Lord Curzon
censuring the government for having
secured from the King a promise of
sufficient peers to pass the veto bill
should that measure be introduced by
the upper house of parliament. The
motion was similar to that of Arthur
Balfour, the opposition leader, which
was lost in the house of commons yester-
day by a majority of 118.
With the result a foregone conclu-
sion the debate in the lords to-night
created little interest. The speeches
of the Conservative peers rang with
charges that the government had pro-
stituted the prerogatives of the crown
for the purpose of creating a bare ma-
jority for Ireland without consulting the
people.
The Earl of Crewe in opposing the
motion caused something of a sensation
by admitting that the members
of the government were not all of one
mind with respect to the creation of
new peers. He said King George re-
garded the plan "with legitimate re-
luctance" and that it depended upon
the action of the house of commons
whether the government would be com-
pelled to create new peers.
The Earl of Halsbury charged Prem-
ier Asquith with being guilty of an
atrocious breach of his trust. He drew
a pathetic picture of the young and
inexperienced King at the mercy of
an astute lawyer who told him that
the creation of peers was the only way
of solving the problem of the veto bill.
Viscount Haldane and Lord Lorne
were among those who spoke on be-
half of the government, while Lord
Selborne and Lord Lansdowne sup-
ported the censure.

U.S. Railways Look For Broad Market

Western Lines Cutting Rates in Antici-
pation of Flooding Canada
With Natural Products.

A concrete example of what the aims
of reciprocity are on the other side of
the line is brought to light by infor-
mation which reached the parliament
buildings yesterday.
The western railways of the United
States are preparing for a big trade
with Canada, and are reducing their
rates already to start the ball a-roll-
ing. The reductions already announced
are almost startling in their magni-
tude and indicate fully what the Cana-
dian farmers and fruit merchants will
be up against before long.
In full anticipation of shipping enor-
mous quantities of American fruit
into Canada when the reciprocity pact
comes into force, the O. W. Railway
and Navigation Company have slash-
ed their rates from 25 to 40 per cent.
between Oregon and Washington to des-
tinations on C.P.R. points in Canada.
From Walla Walla, La Grande and
North Yakima to Lethbridge, Alta.,
the old rate was \$1 per cwt. weight of
apples, now it is 75 cents. From the
three points above mentioned the rates
to Winnipeg were formerly \$1.12 1-2
per cwt., but the new schedule calls
for 85 cents. From Hood River to
Lethbridge the former rate for apples
was \$1.12 1-2 per cwt. The same rail-
way will now charge only 80c per cwt.
From Hood River to Regina and Win-
nipeg the old rate was \$1.25 per cwt.
for apples, and now it is 80c.
The reductions are only commenced.
More important and even further re-
ductions of rates are being contem-
plated by American railways all along
the frontier from the Atlantic to the
Pacific.

ROBIN' HER HEN HOUSE.

Brer Paterston: Who said 'stealin'
chickens'!
Brer Wilf: Yes, who said 'stealin'
eggs'!
Brer Paterston: We ain't stealin' no
chickens!
Brer Wilf: No we ain't stealin' no
eggs!
Mrs. Ontario Farmer: But you're let-
ting my chickens' door open, for that
colored chicken man from the south
That's what you're doing. Clear out and
go to work!

NOT LIKE SIR ALAN.

Brer Charles Murphy, the secretary
of the Ontario Farmers' Union, is also in
trouble, but unlike Brer Aylesworth,
he doesn't want to go out. Here's what
the Globe reports him as saying to some
of his insurgent friends in Russell:
"You may tell you plainly that the op-
position against me in this county will be
futile, so far as my position in the gov-
ernment is concerned."
His "Irish" is beginning to rise and
some "French" heads had better look
out!

PANAMAS ARE DOWN.

Paying one hundred dollars for a
Panama hat five or six years ago was
about the only way in which you could
get a "real" Panama. Since that time,
however, the South American natives
have been working overtime and the
market has dropped with the large
production. Panamas now are within
easy reach of every man with a five
dollar bill. Indeed, the big hat store,
corner of Yonge and Temperance-
streets, goes a little better than the
five spot in the big clearing-out sale
of Panamas, for the special lines of
original South American weaves are
being offered at \$3.75. These hats can-
not be duplicated at twice the price
anywhere. They are reasonable to-
day and will be ultra fashionable for
two seasons to come.

HAMILTON HAPPENINGS

BLAZE AT HAMILTON IN LIVELY STABLES CREMATES 23 HORSES

Supposed to Have Originated From Spontaneous Combustion of Shavings—Color Line at Hamilton Hospital Causes Trouble—\$200 For Firemen.

HAMILTON, Aug. 8.—(Special.)—Twenty-three horses were cremated in a fire which broke out at an early hour this morning in Sullivan's lively stable at St. Charles-st. Spontaneous combustion from shavings stored in the left of the building is thought to have been the cause of the fire. The firemen had a tough job in subduing the flames, and several nearby buildings narrowly escaped destruction.

It is expected that Sir James Whittaker will set the seal of his approval on the candidacy of Gordon Wilson, who will carry the Conservative banner in the Wentworth County constituency by making two or three speeches in the riding against the Laurier government, and in support of Mr. Wilson. The dates for the appearance of Sir James in the county will likely be set this week.

Gordon Wilson has been confined to his home in Dundas since last Saturday with an attack of quinsy. To-day he was reported to be recovering rapidly and he will likely be able to attend the Wentworth County Conservative convention in this city next Saturday.

An application of the color line which may involve the city in an action for damages, was made by the Conservative party last week. A young woman from Kingston, Jamaica, had arranged by correspondence to learn nursing in the institution. The fact that she was colored was not known to the hospital officials, however, and when the young woman arrived to enter upon her term of probation, it was found inconvenient to carry out the arrangements that had been made. The girl was so advised, and it was suggested that she go to a New York hospital where the color line is not observed. This the woman declined to do, and her brother who had accompanied her, threatened to bring action against the city for the trouble and expense to which the girl and her family had been put.

Edward Reynolds, charged with an attempt to burglarize the safe of beer from the town hall at Dundas, two weeks ago, was acquitted before Judge Sider this morning.

Dr. W. M. English, medical superintendent of the Hamilton Asylum, today seen Fire Chief Tom Brock a cheque for \$100 as a contribution from the provincial government to the Hamilton Firemen's benefit fund. This makes a total of \$200 which the local firemen have received from the government for their efforts in saving something like \$25,000 worth of property in the big fire at the asylum a week ago.

Accidental Death.
Croner Anderson's jury to-night returned a verdict of accidental death in the case of Edgar Culp, the 11-year-old lad who was drowned while fishing from the Turbidge wharf last week. It was suspected at the time of young Culp's death that he had been pushed over the wharf by some older companions, but the inquest failed to disclose any just grounds for such a suspicion. The jury added a rider to their verdict to the effect that all persons except passengers should be excluded from the wharf where the boat docked.

Herbert Saunders, a testamur for Henric & Co., met with a serious accident late this afternoon, when he fell from a lorry, which he was driving across the T. H. & B. Railway tracks at Catherine-street. The lorry skidded and threw Saunders underneath the wheels. Both of his legs were broken, and he was taken to the city hospital. Saunders lives at 22 1-2 Hunter-street East.

FILTRATION PLANT FOR KINGSTON.
KINGSTON, Aug. 8.—(Special.)—That something must be done at once to improve the water for drinking purposes is the statement of Dr. A. R. B. Williamson, M.H.O. He advocates a filtration plant. Although the intake pipe is tight, he says the water is contaminated. More chlorine can be added to the water as it is pumped, but this is very unsatisfactory. He will ask the board of health to act at once.

ASSUMES REIGN OF OFFICE.
MONTREAL, Aug. 8.—(Special.)—Dr. Beland was sworn in at Murray Bay this morning as postmaster-general by Earl Grey, according to a private despatch which was received by a prominent Liberal. No confirmation has been received. Mr. Lethbride, who was in the city this morning for a short time, on government business, returns to Ottawa this afternoon.

DIED OF INJURIES.
ROSSEAU, Ont., Aug. 8.—Arthur Baines, butcher for Monteth Bros., one of the best-known men in Rosseau, passed away at 2 o'clock to-day. His death occurred as the result of a runaway accident Thursday, July 27. He was thrown out of the rig and his skull was fractured at the base of the brain, also hurt internally.

At the Queen's Royal.

BLAIN AND LOWE CHOICE OF PEEL COUNTY PARTIES

Conservatives Favor Present Member and Liberals Will Likely Nominate Chingwacoussy Man.

BRAMPTON, Ont., Aug. 8.—(Special.)—The Conservative convention for the County of Peel has been called for Saturday, Aug. 13. Richard Blain will again be the candidate and his election is generally conceded throughout the riding.

Hon. George E. Foster and W. F. Maclean, M.P., will be present and deliver addresses at the meeting, and a record attendance is expected.

Mr. Blain was first elected in 1900, and has held the seat ever since then. In the last election he defeated E. G. Graham, a Brampton lawyer, by a majority of 289.

The Liberals have not yet chosen a candidate, but are holding a convention on the 12th of this month for that purpose. There are several persons advanced for the nomination, but it is generally thought that W. H. Lowe, a Chingwacoussy farmer, will be Mr. Blain's opponent.

STRIKERS NUMBER 70,000

Increasing Number of Ships Tied Up Undischarged.

LONDON, Aug. 8.—The carmen joined the other strikers on the London docks to-day and union officials claim that 70,000 men are now affected. Work on the south side of the Thames River is at a standstill. Ships have arrived in large numbers during the last few days, with full cargoes largely consignments of food for London houses, but there is no one to unload the vessels.

The cargoes of meat in refrigerating chambers are still unspiced, but the supplies of coal to operate the trees are rapidly disappearing and the strikers will not permit the replenishing of the fuel supply.

The strikers are peaceful, but ugly threats regarding the fate of non-unionists, who attempt to work, are made. Both sides are hopeful that the board of trade will compose the differences between the employers and employees.

Settling Carpenters' Strike.
MONTREAL, Aug. 8.—The harbor commissioners have signed the agreement with the carpenters union calling for a 35 cent per hour wage at the winter months, and this morning 150 men returned to work at the new elevator now in course of construction at the harbor.

There now only remains the firm of Peter Lyall & Sons to sign, when the carpenters' strike will be a thing of the past.

N. TORONTO FIREMENS GO TO BRAMPTON TO-DAY

Youth Arrested, Charged With Incendiarism—Crops Turn Out Badly—Suburban News.

NORTH TORONTO, Aug. 8.—(Special.)—William Windle, a youth 12 years of age, living on Gordon-street, N. Toronto, was arrested to-day by Constable McIntyre, on the charge of setting fire to the stacks of hay belonging to William Darling and which were destroyed last night. At first the theory of spontaneous combustion was suggested, but later evidence pointed to young Windle, and his arrest followed. He was locked up in the station pending his trial before Police Magistrate Ramsden.

Chief Collins is one of the busiest men in town these days, getting the firemen into line for the annual competition at Brampton. To-night they underwent a severe drilling at the hands of the chief, and the speed developed and the fine soldierly appearance of the local fire fighters gives good grounds for believing that they will make a fine showing at Brampton to-morrow. It will be no fault of the local men if they do not bring infinite credit on the home town. A special train leaves the North Station at 8.55 a.m., taking the North Toronto volunteers and their families to Brampton to victory. Half fare is given on all trains to Brampton, and there will be a good service during the day.

The good roads commission have got down to hard work on Yonge-street, and from now on it looks as though the road will be in better shape. Chairman Brownlow presided over a meeting of the high school board to-night, but little business of an outstanding nature was before the board. The town council are being subjected to a good deal of criticism these days by reason of a number of secret meetings, recently held, and from which the press and general public were, as a matter of form, excluded. The charge is also made that Mr. Hunt at the second meeting of East York has received \$6000 for a sewer sumpment thru his property, while a number of others are said to have received \$100 each.

The mere fact of a secret meeting is in some respects objectionable, but there may be times in the history of every council and town when matters vital to the best interests of the town can be dealt with privately rather than in the full limelight. The town council of North Toronto are worthy of trust, the question of public or private matters may safely be left in their hands. Time will either vindicate or condemn their course.

The official Examiner Boomer, at his chambers, 15 Toronto-street, this afternoon, conducted an examination of the witnesses in the case of the proposed incorporation of North Toronto by the Toronto and Niagara Power Co., who seek an injunction to restrain Mr. and Mrs. K. C. Chase, Summerville, and their workmen in erecting a power line along Eglington-avenue. The power company was represented by Mr. Lally, Mr. K. C. Chase and other municipalities of North Toronto by Mr. Watson, K.C. The proceedings were conducted in private.

WEST TORONTO.

WEST TORONTO, Aug. 8.—(Special.)—The St. Paul's, Runnymede, troop of boy scouts, over twenty strong, arrived home to-day from Paradise Grove, Weston, where they have been encamped since Saturday last. The troop was under the control of Scoutmaster Morley and Assistant Scoutmaster Pickard.

Three funerals took place this afternoon to Prospect Cemetery. The funeral of Miss Jessie Briggs, the 11-year-old daughter of Mr. and Mrs. Jarvis Digby, of 19 McMurray-ave., took place at 2 o'clock, and that of Bessie M. Sinclair, 17 years of age, and of Ethel May, the little 5-year-old daughter of Mr. and Mrs. J. C. Chase, Summerville, at 3 o'clock, followed later in the afternoon.

Miss Edna Noble of Clara-st. left to-day for an extended visit to friends in Streetsville, her former home.

A MIGHTY LOW RATE.

Markham Township Shows Up Well in Comparison With Others.

MARKHAM TOWNSHIP—Council met in Unionville yesterday with Rev. E. N. presiding and struck the tax rate for the year. When it is known that the township is the only one over which the council have assessor jurisdiction, was struck at 1-1/2 mills, a reduction of 1-1/2 mills from the year preceding, some idea of the economy exercised will be gathered. This year's remarkably low rate too, was arrived at in spite of the substantial and permanent concrete bridges and other work carried on. Can any other municipal council make a better showing?

Aviation Meet Management Seek to Recover Estimated Profits.

The management of the aviation meet have given their solicitor Mr. F. Erickson Brown, Toronto, instructions to enter an action for \$15,000 damages against the McCurdy-Willard Aeroplane Company for breach of contract following their departure.

It is stated that they shipped three complete machines and one broken one on the train leaving for New York yesterday morning at 8.30.

The manager of the meet states that there was no discussion nor had he heard of any dissatisfaction on the part of the aviators before it was a great surprise to him to learn from an outside source on Sunday evening that they had packed up and were ready to leave.

It is claimed that the McCurdy-Willard Co. came far from carrying out the contract they entered into, and this will be a basis for action as well as the alleged breach in breaking off the engagement, which had been extensively advertised to continue for four more days, including Civic Holiday.

Damages will be claimed for estimated profits. As the weather on Civic Holiday was ideal for flying it is claimed very large crowds would have attended the meet. For example, an excursion of 300 men from one Toronto factory had been arranged and there were several excursions from out of town.

ROW AT OLCOTT BEACH

Passengers Make Things Lively for Captain of Steamer.

ROCHESTER, N.Y., Aug. 8.—A special from Lockport, N.Y., says: A riot broke out among 700 Canadian excursionists on the docks at Olcott Beach last night when they learned that it was impossible for the steamer Olcott to convey them back to Toronto in one trip and as a result men, women and children participated in a serious row, in which scores were bruised.

The captain tried to explain matters, but the crowd would not listen, and started to pull pickets off ferries and threatened to batter one another. There was a pulling, hauling, toe-trampling and rib-racking fight.

Finally the boat captain ordered his crew to turn the hose on the crowd. The turning on of the water was the signal for the hurling of rocks and other missiles at the boat. This was kept up until a dozen women fainted and had to be given medical attention. The steamer finally got under way with her first load, and returned at one o'clock this morning for those who were left behind.

Freight Congestion Relieved. J. L. Engelhart, chairman of the T. & N.O.Ry. Commission states that the freight congestion in the north is now very much relieved and in course of a very short time will be back to normal.

There are large warehouses being erected and the stations are being built as fast as possible.

Dufferin Bridge Nearly Ready. The temporary bridge over Dufferin-st., leading to the Exhibition Grounds, will be ready by the 15th and will be the widest entrance to the fair grounds. The permanent bridge is at a stand still pending the decision for widening Dufferin-st.

GRAHAM AND WEBSTER TO "LOCK HORNS" AGAIN

Minister of Railways Chosen by Liberals and Webster by Conservatives at Brockville.

BROCKVILLE, Ont., Aug. 8.—(Special.) Brockville was in the throes of political excitement to-day, with two conventions on at the same hour in different portions of the town. The Liberal forces and John Webster, minister of railways, will oppose him on behalf of the Conservative party.

Mr. Webster led Mr. Graham a merry chase in the elections of 1907, cutting down a high Liberal majority to 14. In the present fight he is expected to do infinitely better. Indeed it is predicted that he will force the minister of railways to the dust.

To-day Mr. Webster was made the unanimous choice, and on his behalf Andrew Broder, Mr. J. A. E. Donovan, M.L.A., and H. A. Stewart, K.C., delivered spirited addresses. Mr. Webster, accepting the honor, expressed confidence in his ability to win and made a rattling good speech of three-quarters of an hour. Reciprocity was mercifully assailed.

The announcement that R. L. Borden the Conservative leader, would address a mass meeting in Brockville on the 20th, was received with prolonged cheers.

Hon. Rodolphe Lemieux failed to put in an appearance at the Graham meeting, as advertised. It was said he had important business at home in his own riding, where things are not running too smooth. The minister of railways was accompanied by Hon. Chas. Murphy, who gave Mr. Graham a certificate of good political character.

Both ministers attempted to show that reciprocity was a measure calculated to benefit Canada generally and the farmers in particular. Mr. Graham tried to justify the part he had taken with the government in bringing round a settlement of the Grand Trunk strike, unfavorable to the men. To-night the ministers spoke at Athens, 15 miles distant, carrying their own audience and band from Brockville by special train.

STREET TRAFFIC BYLAW

Police Commissioners Authorize Changes in Existing Regulations.

A new traffic bylaw was authorized by the police commissioners at their meeting yesterday afternoon. Fifteen thousand copies are being printed to be circulated among teamsters and drivers.

The new bylaw confirms the powers of the police to regulate all traffic on the street. One of the changes is to face the way the traffic is going with their right side against the curb.

Another change is to prohibit vehicles carrying coal, bricks and other heavy material from going on certain portions of Yonge, King, and Queen-sts.

WATER ALMOST UNBEARABLE

However, M. H. O. Says the Bad Taste is the Only Defect.

The unpleasant taste of the water in the city and its tendency have made a number of citizens anxious as to its purity.

Dr. Hastings, M.H.O., informed the world last night that the water is in excellent condition so far as safety to health is concerned. The bacteriological count is very low. The comparatively high temperature in January for fact that we are getting a good deal of surface water at present, and the unpleasant taste is accredited by Dr. Hastings to the weed, Pontedericea, which is floating at the mouth of the intake pipe.

FOSTER-LAPHAM.

A quiet wedding was solemnized on Monday evening at All Saints Church, the Rev. Charles K. Masters officiating, when Frances Irene, youngest daughter of John B. Lapham of Buffalo, N. Y., and Frederick C. Foster, eldest son of the Hon. C. A. Foster of Boston, Mass., were united in marriage.

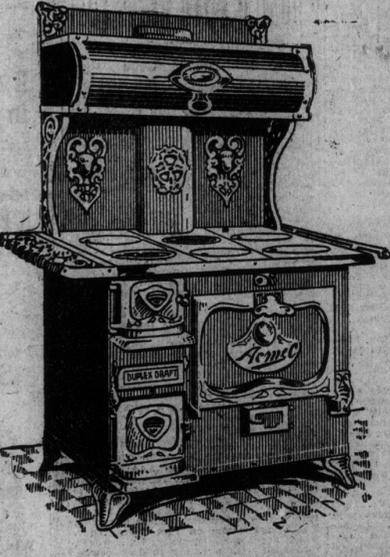

Mr. Foster is at present employed by the New York Tailors, Ltd., as western representative. Mr. Foster and his bride will later go to the west for a four months' trip.

May Change Express Stand. A deprivation of expressmen waited on the controllers yesterday and asked permission to have a permanent express stand on George-street, near Duchess-street. They are now situated on Richmond-street and if the city engineer thinks that the proposed stand will not be too near De La Salle Institute, an order will be issued granting the request.

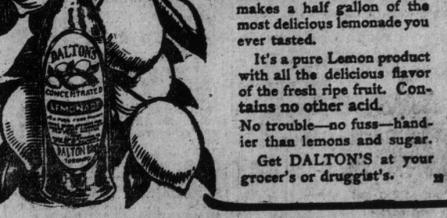

Charged With Assault. KINGSTON, Aug. 8.—(Special.)—On a charge of assault, Herbert Henderson, arrested by Constable Bateson, will be tried at Nanapan. Last night he attacked a man named Clark of Collins Bay. The latter is in a serious condition. Henderson came to Kingston after the assault and when he saw the constable on the street, he gave himself up.

Ad Men's Convention. Yesterday Controller Ward and Ald. WORLD'S EQUALED RECORD AT CLEVELAND

Track Was Not as Fast as Usual—The Limit, Favorite, Won the 2.05 Pace.

CLEVELAND, Aug. 8.—Ublan, the champion trotting gelding, owned by X. G. Billings of New York, equaled the world's trotting record to wagon at the North Randall track to-day, winning the mile in 2 minutes flat. Consensus that were not exactly favorable prevented his breaking the record established by Lou Dillon at Memphis, Tenn., on Oct. 8, 1907. When he did the mile in 2:05, the track was not as fast as usual. A fatal breeze also tended to hamper him.

Mr. Billings drove the gelding. When he started his charge past the three-mile mark in 1:30 the immense crowd present felt sure that a record would be broken. For Ublan has always been known for his finishing strength. However, he faltered slightly on the stretch and when the check was given, comparison watches finally announced the time, and it was found that the record was not broken.

The quarter was timed at 29.4, the half at 59.4. The attempt was made immediately following the conclusion of the regular program.

The second day's program of Grand Circuit races furnished some splendid sport, particularly in the 2:05 pace and the 2:06 pace, the latter for the Forest City Stake of \$2000.

In the 2:05 pace, C the Limit, the favorite, fulfilled expectations by winning, although Hal B. Jr. made him wince hard to do so. Hal B. Jr. won the first heat and came within an ace of taking the second. C the Limit showed wonderful bursts of speed in this heat.

The 2:06 pace for the \$2000 Forest City Stake, the biggest money event of the day, furnished a big surprise in the upset of Twinkling Dan, the favorite, who led at \$100 to \$5 and was expected to win in an easy victory. He finished sixth in the first heat and fifth in the second.

Twinkling Dan, brs. (Murphy), 6-5; Woodburn Burns, nks. (Nichols), 3-2; King Cole, brs. (Dodge), 2-1; Time 2:04.2, 2:04.2.

2:05 pace, purse \$1000, 2 in 1. C the Limit, brs. by Searchlight (Macey), 2-1; Hal B. Jr., brs. by Hal B. (Eason), 1-2; Walter W. b.g. (Geers), 2-3; Ella Ambulator, brs. (Dodge), 4-4; King Cole, brs. (Dodge), 6-5; Time 2:03.2, 2:04.2.

2:06 pace, purse \$2000, 3 in 1. Lou Arlon, chm. by Peter the Great (Benson), 1-1; Craigston, br. (Lassie), 2-2; Viola Strong, br. (Geers), 4-4; Captain George, br. (Murphy), 3-3; Maud Gray, br. (Sheriff), 3-3; Maud Caesar, br. (Dickerson), 3-3; Time 2:05.2, 2:05.2.

2:07 trot, purse \$1000, 3 in 1. Lee Wilson, brs. by Kris Kringle (Dodge), 1-1; Berling Hall, brs. (Maloney), 4-2; Nanah, br. (McDonald), 2-2; Gordon Todd, brs. (Geers), 4-4; June, br. (Murphy), 3-3; High Private, br. (Proctor), 6-6; Time 2:07.2, 2:07.2.

2:08 trot, purse \$1000, 3 in 1. Dago F. brs. (Jameson), 3-3; Reuben Whitesocks, chs. (Nichols), 7-4; Cap. Bells, brs. (Lassie), 7-4; Zola Wells, chs. (Atwood), dis. "Drawn just before second heat." Time 2:08.2, 2:12.2.

Hal Direct Wins at Brooklyn. NEW YORK, Aug. 8.—Hal Direct, the black stallion owned by Brooks & Woodruff of Oshawa, Ont., and driven by Van Woodruff, won in 2:11 pace in straight heats at the Brooklyn Driving Club races to-day. His time was 2:12.2, 2:12.2, 2:12.2. Hal Direct was pitted against a strong field, but held his position early at all times.

JOHNSON SIGNS AT \$2500 TO PLAY HOCKEY IN CALGARY

MONTREAL, Aug. 8.—Ernie Johnson, for many years one of the standbys of the Wanderer hockey team, has signed a contract to play hockey in Calgary next winter, the man successful in getting the big defence man being Frank Patrick, who has been in the east trying to jockey a bunch of huckles for a team in Calgary. He succeeded in getting Ernie to take westward for an increase of \$1000 over present stipend. As a puck chaser with the maroon and white team Johnson earned \$1900, on Wednesday, they are supposed to receive \$2800. Whether the contract will prove a cat-in-the-hat or not remains to be seen. But it is held that the Wanderers will not let the big fellow go without strenuous efforts to retain him.

B. U. A. C. Novice Tournament

The British United Athletic Club will run their second novice boxing tournament in the grounds behind the club at 8 p.m. on Wednesday, Aug. 10. The weights will be 105 lbs., 115 lbs., and 125 lbs., and will be open to any amateur of good standing who has never won an open competition. The bouts will start at 8 o'clock sharp and will be run right off without delay. The competition to be finished the same day as either turn is called. The prizes will be gold and silver medals with sashes in each class. A number of entries have already been received, including six in the 105 lb., 8 in the 115 lb. and 10 in the 125 lb. Entries will be received up to Monday at 9 p.m., when the draw will be made. Billy Turley has a boy under his wing whom he expects great things from in the 105 lb. class. Competitors will weigh in at the club rooms at 7 p.m. General admission will be 25c, with ringside seats at 50c. The management board is requested to attend a special meeting on Friday night to arrange the final details and appoint officials.

Amateur Baseball

The Kew Beach team, who will oppose the Nationals at Kaw Gardens on the championship, as the Eaton team have more games on them, and have four more games to play. Should either of the three remaining teams defeat the Eaton in the next four games their hopes of again landing the honors would be very poor. The games for Saturday, the 13th inst., are as follows: At 2:15 p.m., Kew Beach v. Nationals; at 4:10 p.m., Eaton v. Royals, and two great games can be expected.

Postoffice and Parliament Buildings play their Civil Service League game to-day in Ketchum Park. Batteries—Leigh and Gage or O'Reilly; Scott and Benson. The following players of the St. Paul's Baseball Club are requested to turn out at practice Wednesday and Friday: Ridge, F. McGee, Spence, Gold, Blair, Venable, Dunn, G. McGee, Russell, Joliner, Rolis. The team will be picked from the Exhibition Park Saturday.

A fine game was played at Hestry Park when St. John's Ind. School trimmed St. Anne's seniors of the east end by 5 to 4. O'Leary of St. John's pitched the game.

On Garrison Commons Beardmore & Co. defeated the Manufacturers' Manufacturing Co. team by 13 to 1. Batteries—Harding and Clarke; Vandermark, Beardmore and Gage. The baseball fans who attend Vermont Park were treated to two great games last night. The first was between St. Cyrillians was won by Wychwood. Score 13 to 2. Batteries—King and Gage; Sandover and Davis. The second was won by Red Sox and Vermonts. Batteries—Kousshan and Harvey; Vandermark and Davis. Red Sox will play the Canada Motor Club at Exhibition Park, Tuesday-street, just north of College-street, Tuesday evening at 8:30.

BASEBALL GOSSIP

It is the prevailing opinion among baseball men that the team with the best pitchers will win the National League pennant. With Doherty and Titus crippled and Magee suspended, critics are not inclined to relegate the Philadelphia club to this critical stage of the pennant race. The Phillies have a great pitching corps. Moore, Alexander, Chalmer, Beebe, Ewing and Rowan. With judicious handling these boxmen cannot fail to keep their team near the top to the end of the season. At least that is how close students of the game view the matter just now and they are supported in their belief by baseball fans. If the Quakers secure another third place in the National League, there'll be plenty of excitement. Early in the year it was believed that Philadelphia could not stand the strain, but there is no further doubt on that point. The most important point to be remembered, however, is that the Quakers finish the season on the road, the same as the Cubs, while the Cubs, Phillies and Cardinals have a long stretch of games at home.

"I have to hand it to fellow Cobb the call," says Connie Mack. "I have seen him but he's king. If you call me where he is weak, why I will bow; but the only time he looks good to me, is when he is in bed and asleep. I have spent a million hours watching him bat, and I am never more than when he began to crowd himself king of outfielders." Mack is not the greatest physical star of the day, but he is a thinker. Watch him run on the bags, and you will see a boy under his wings whom he expects great things from in the 105 lb. class.

It was declared last night by sporting writers that Piane Delhi, president of the Los Angeles Pacific Coast League, has established a new world's record in the game with Portland. Delhi pitched out 11 balls for the nine innings, as against 102 the former record. In the first inning he pitched just four balls and in the second five. His control throughout was perfect. Delhi goes to the Chicago Americans next.

Cincinnati yesterday Grover Cleveland Alexander retired and the day before Martin O'Toole, the St. Paul pitcher for the Boston Pirates, was recently paid \$22,500, was knocked out by Minneapolis batters, who made seven innings. Leverage of Minneapolis, the leading team for the pennant in the American Association, allowed only one hit in nine innings.

Thomas Lynch, president of the National League, says that in view of the fact that the suspension of the players entered, and the entry will be a large one, all entries must be in the hands of the secretary, Mr. Ralph A. Frazar, 6 p.m. Friday, Aug. 11. Among the notable players already entered are Miss Burton of California, and his occupation as catcher of the United States.

Charged With Assault. Murray Goldstein, who gives his address as 443 West Adelaide-street, his age as twenty-one years and his occupation as cutter, was arrested last night by Policeman Amis upon a charge of assaulting Gustav Weimack, who lives in the University-street tenement.

The lady says that he has lived at the tenement until he owes \$42. She says further that she asked him to keep away and that he emote her in the face, changing the color of one of her orbs from brown to black.

A Bogus Prescription? John Oliver, 60 Denison-street, attempted to get cocaine at a drug store at Agnes and Elizabeth-streets. He presented what purported to be a doctor's prescription, which Detective Stronoh does not believe to be genuine. Therefore he arrested him last night upon a charge of vagrancy. There have been several such prescriptions presented at drug stores recently.

NOBLEMEN CIGARS

IF someone, for experiment, imported wheat into this country, there are those who would buy it.

Most men are hypnotized by the word "imported," like a moth is drawn into a flame, and, like the moth, they get singed. The smoker of "imported" cigars gets singed to the extent of 50 per cent, because the Davis "NOBLEMEN" Cigar (2-for-a-quarter) costs half the price of "imported" brands, yet it is equal in every respect.

The leaf in "NOBLEMEN" is the finest Havana grown; the workmanship in "NOBLEMEN" is the highest skilled Cuban hand-work. Shakespeare says "Custom is a tyrant who robs us all." This is a good maxim for the cigar smoker—Break away from tradition—save yourself 50c in the dollar by insisting on having the Davis "NOBLEMEN" Cigar.

"NOBLEMEN" also, two for 25c. "ANABELLA" also, 10c straight. "CONCELA FINA" also, three for 25c.

S. DAVIS & SONS, LIMITED. MONTREAL. Makers of the famous "PERFECTION" 10c Cigar.

agreement with the owners of the Cleveland club by which he will manage the team from the bench next year. This information comes from a reliable source. It is believed that Davis will receive a salary of \$12,000 a year and will secure a contract covering five seasons. His release from the Athletics has been secured by the Cleveland Club for nothing, as Connie Mack believes that Davis, because of his valuable services to the world's champions, is entitled to be a free agent.

NATIONAL LEAGUE

At Pittsburgh—Pittsburgh yesterday shut out Philadelphia 13 to 0. The visitors reached third base only three times. Pittsburgh tried a new tactic at first base, the Ohio League. He hurt his leg in the fifth inning, and was relieved by Hunter. Ferry was strong and was given erroneous support. Score: Pittsburgh, 13; Philadelphia, 0. 00000000-13 13 0. Batteries—Ferry and Gibson; Beebe, Ewing and Madden.

At Chicago—Chicago defeated New York 3 to 1 yesterday. The game was a pitcher's battle in which Richie received the better support. With base on balls followed by a triple and an out, and two errors on Sellers' drive, all runs. A double triple gave Chicago 3 runs. A double and a single netted New York one run. Score: Chicago, 3; New York, 1. R.H.E. Score: Chicago, 00000010-3 3 0; New York, 00000000-0 0 0. Batteries—Richie and Archer; Wittz, Crandall and Myers.

At St. Louis—Brooklyn shut out St. Louis yesterday afternoon 2 to 0. Knickerbocker kept his hits well scattered. Three scored both runs. Harrow fanned 8 times. Score: Brooklyn, 00000000-0 0 0; St. Louis, 00000000-0 0 0. Batteries—Knickerbocker and Erwin; Harmon and Bliss.

At Cincinnati—Cincinnati defeated Boston here yesterday morning by a score of 4 to 0. Gaspar was in fine form, and held the visitors safe at all times. R.H.E. Score: Cincinnati, 00000000-0 0 0; Boston, 00010011-0 0 1. Batteries—Weaver, Pfeiffer and Gaspard; Gaspar and Clarke.

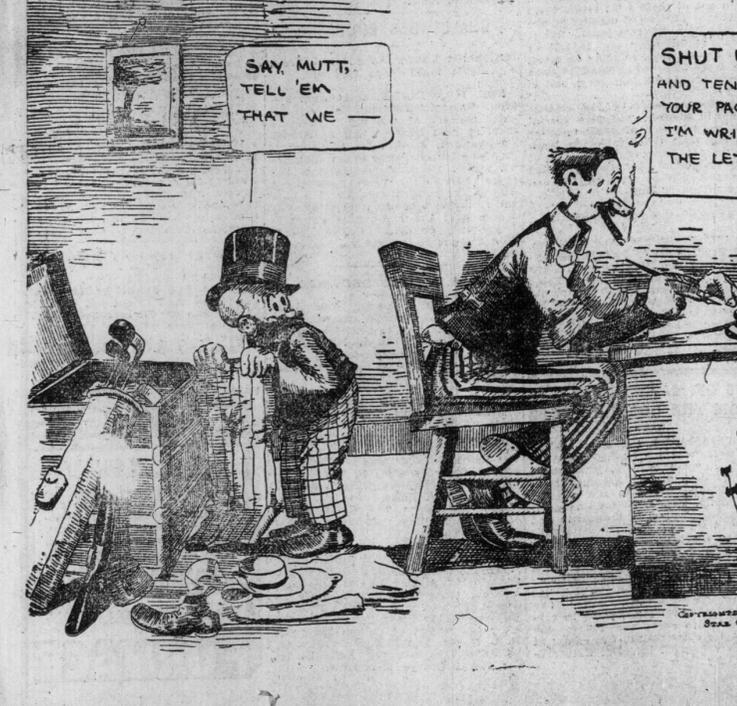

Ontario Tennis Championships. The Ontario tennis championships will be played on the courts of the Toronto Tennis Club, commencing Saturday next, Aug. 12. As there are many out of town players entered, and the entry will be a large one, all entries must be in the hands of the secretary, Mr. Ralph A. Frazar, 6 p.m. Friday, Aug. 11. Among the notable players already entered are Miss Burton of California, and his occupation as catcher of the United States.

Mutt and Jeff Have Really Gone a Vacation

By "Bud" Fisher

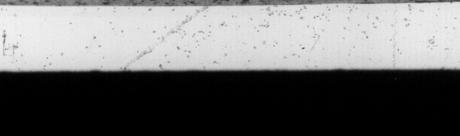

New York, Aug. 2, 1911. Dear M and Jeff: I have called on all the little fellows— We see by the papers that our old friend Thomas Edison has grabbed a vacation for himself. Now we can't see where Tom has anything on us. He may have a few more train bells under his hood but what's he do? There's no danger our vacation might draw. We are going on our vacation and we don't care who knows it. I'm going to be a regular vacationer at that. We are going to have bathing suits, fishing junk, white pants and in fact everything that goes to make a vacation. However you will hear from us once in a while. We'll write into print now and then just as you write for us. With these few words we will now leave you flat. Mutt and Jeff.

TO THE OPPONENTS OF ANNEXATION.

Annexation of North Toronto will be up before the next meeting of the city council. The vote taken on the last occasion could not be accepted as settling the matter, nor will it be settled until the annexation is carried out. Even the opponents of annexation admit that in five years it will be a compulsory measure. Are we not foresighted enough to look five years ahead and prepare for a uniform development of the city, instead of leaving the northern suburb to pursue an independent course, while values increase and all the improvements that will be accumulating for the ultimate annexation advance in cost?

The arguments upon which opponents of annexation rely are not well founded. The financial arguments are non-existent. How do you propose to annex West Toronto, and even West Toronto aldermen can vote against the admission of North Toronto, is simply inexplicable on any grounds of consistency. North Toronto is better off, more fully solvent than Toronto is. Some aldermen have said it would be better for North Toronto's own sake to stay out. But why object to them coming in when the electorate has asked to do so?

It is objected that the object of annexation is to create a real estate boom. This certainly does not apply to the World, which has advocated the annexation of North Toronto since 1907. The alleged boom is about a year old. But the fact is that the land which might be supposed to be looking for a boom lies at the north end of the municipality, where the vote was against annexation. Where the householders are thickly settled together and own their own places, the vote was two to one for annexation. The aldermen should look into this.

Of course the vacant land boomers do not want to come into the city. It is easier to sell land at low assessment rates and cheap taxes in the town than at the higher rates the city will at once impose. The land boomers, if there are any, would be against annexation.

Another argument is that North Toronto will want all sorts of improvements, which the city must pay for. North Toronto wants nothing. The town has streets and sidewalks, sewerage and waterworks, and will want nothing more for some time to come. It would be wiser for the city to be collecting North Toronto taxes before any spending is necessary. These objections come with peculiar ungraciousness from West and East Toronto men.

There are two or three points on the other side which are scraped up in importance all that can be scraped up in opposition. We desire to call the attention of the objecting aldermen specially to these matters. We had hoped that they would have informed themselves before the last vote was taken. In the first place, the award of the electric power and light contract is much the most important matter immediately connected with the annexation. So far as we can judge, the city hydro-electric commission will lose this contract unless annexation is carried out. What has Controller Chisholm and Aldermen Anderson, Baird, Chisholm, Dunn, Graham, Milton, Maguire, McCausland, McCumrill, Phelan andweeney have to say to this? Do they not know that the Town of North Toronto holds its power and light charter by agreement with the old Suburban Water and Light Company, and that if the town makes an agreement for the distribution of power and light, save in bulk, the charter, with all the equipment, poles, wires and all, reverts to the old company? The Town of North Toronto cannot take the risk involved in such a transaction, and is so legally advised. Annexation would solve this difficulty at once. Moreover, Toronto cannot afford to lose that light and power contract. Are the aldermen really true to the hydro-electric policy in voting against annexation?

Another matter that cannot be settled properly without annexation is the single fare journey, which Toronto people should be able to take for the four miles from the bay to North Toronto limits, as they can now take a single fare journey from West Toronto to the end of East Queen-street line. That journey north cannot be taken over Yonge-street because of franchises now existing. The city needs to annex North Toronto in order to construct a parallel road or roads east and west of Yonge-street, on which to run the civic lines to the northern limits. This is the time to make those roads, when land is cheap, and annexation is the first step towards the necessary improvement. Some of the aldermen say wait five years; wait till the boom bursts. There is no boom, and in five years North Toronto may be dictating terms instead of asking for equal rights. The private corporations are determined, if they can, to stop annexation. They have franchises in view, and they have learned a new game for the public. They are willing the people with kindness. It has been highly successful in some places and it may serve to tie up the City of Toronto on her northern outlet. If the aldermen mentioned have the interests of the city at heart they will consult the North Toronto town officials as to the correctness of what has been advanced. In the face of such conditions, we do not understand why annexation should be opposed.

RECIPROCITY AND IMPORT DUTIES. In a front page editorial essay The Globe undertakes to show that reciprocity is a big thing for bean-growers. "Under the reciprocity agreement," says the great exponent of free trade doctrine, Canadian beans have access to the United States markets free of duty. This means that forty-five cents which the Canadian farmer now pays to Uncle Sam in tariff duty upon every bushel of beans he markets in the United States will remain at home in his own pocket. It will stay in Canada to be spent in Canada. This simply confirms the protectionist argument that a tariff does not increase prices to the consumer.

This admission by The Globe gives away the whole case for reciprocity. For if removal of the duty by the United States will profit the Canadian producer, conversely removal of the Canadian duties will assist the United States producer, who pay them. It is plain, therefore, that the greatest benefit would accrue to Canada had the Dominion Government stood aside and permitted the Democratic party and the insurgent Republicans to carry out unhindered their policy of lower tariffs. The Dominion has been drawing a large and increasing revenue from United States imports, without, by the card imposing any burden on Canadian consumers while at the same time preserving the home markets for Canadian producers. Since United States exports to Canada greatly exceed its imports from Canada it is also clear that the United States will profit far more than the Dominion thru the introduction of reciprocal free trade. Moreover, the loss of revenue suffered by the United States importer must be compensated in some other way, or expenditures, presumably required in the interests of the country, must be limited or withheld. The which are convincing reasons against carrying the reciprocity agreement into effect. The conclusion of the matter is that the Dominion should maintain its tariff and let the Republic severely alone while its people are engaged in the struggle to reduce its present excessive tariff schedules and, if it will, relieve the Canadian exporter from the necessity of contributing to its revenues.

"LET WELL ENOUGH ALONE." Dominion government organs disdain the caution that, given a condition of high prosperity, advises to refrain from wanton interference with the policy which has yielded such valuable results. It would be foolish to rest content in their plea and they point to the successful business man continually enlarging his stakes, establishing new interests and launching out into other branches of activity. But the parallel is not exact, for a government in altering the principle of a country's fiscal policy is risking much more than an incidental loss which cannot affect the general lines of the business. A change in the economic conditions which have carried a rising nation thru serious monetary disturbances and keenly stimulated commerce and industry, ought not to be lightly made. Yesterday The Globe's daily short story, entitled "From Good to Better," opened with a sentence that condenses a good deal of homely wisdom. "I tell you, Hupp, I's allus found when you's doin' duty will do best thing is to let well enough alone; when you goes reachin' out fuh somethin' better, you takes the risk of worsen yousself." This is very good counsel at all times and particularly when invited to take a leap in the dark, without knowing where or how the landing will be. But just such advice is being tendered to the Canadian people by a government that cannot "let well enough alone," and has allowed itself to be inveigled into assisting President Taft in his effort to prevent general tariff revision downward by the Democratic party.

THEY ALL OUGHT TO GO TO GRASS. Sir Alan Aylesworth retires none too soon. He badly needed a rest by reason of working under great physical incapacity. So Sir Richard Cartwright, that worthy knight has long been praying for relief from office and the necessity of earning a living. Why not relieve him? While Sir Wilfrid may be able to justify his foreign Sir Richard back in his seat, there is no real friendship or affection in keeping Mr. Fielding on the stump and in a campaign. Mr. Fielding is under a physical strain that no one should insist on keeping

him under. Mr. Fielding, by every claim of loyalty and service, should have been decently retired into a snug office two years ago. But he is to be broken on the wheel. Sir Frederick Borden is to get what is Fielding's. Mr. Fielding should fight his way out, like Aylesworth. Also, even Sir Wilfrid needs a rest, as did Sir George W. Ross, and Sir George got him from the people. When his ministers persist in overworking themselves, the people step in and send them back to grass. We do not grant our ministers half often enough. And when premiers delay doing it, the people step in and do it with a Waterloo.

MR. ASQUITH'S SPEECH. Many great and notable orations have been delivered in Westminster by past masters of the art, but it can safely be said that none have equalled that of Mr. Asquith's on Monday, for incisive and majestic quality. To it may well be applied the well-known couplet that closes Sir John Denham's fine poem on the River Thames in his poem on Cooper's Hill. Thee deep, yet clear; the gentle, yet not dull. Strong without rage, without over-flowing full.

The purely intellectual quality of the British premier's style and the entire absence of that emotional appeal which has been so conspicuous in leaders of a different type, have created the impression that he does not measure up to the calibre of his most outstanding predecessors. This misconception has not been shared by the observers who have had the opportunity and occasion to watch his career as close hands. They know that the splendid orations rendered him by the house of commons have been tendered to the performance rather than the personality behind it, a striking testimony to the mental equipment of the Liberal premier.

SIR ALAN AFRAID OF DEFEAT. If, according to The Globe, Sir Wilfrid Laurier said Sir Alan Aylesworth that he was "the best minister of justice Canada ever had," then Sir Wilfrid has lost "the best minister of justice" he ever had, and he is to that extent disabled. Mr. Hugh Guthrie, who is half promised the job, does not measure up to Sir Alan. It is a question whether Mr. Guthrie or Mr. Roblinette is the farthest away from the late minister. The retirement of Sir Alan distinctly cripples the Laurier government. The public will draw no other conclusion from Sir Alan's retirement than that he declined to take defeat in North York under the Laurier banner and on the Laurier platform.

MR. SIFTON'S ABNEGATION. Ottawa Evening Journal: Mr. Sifton when he was in the Liberal cabinet was in the habit of making a Canada. Mr. Sifton and Mr. Fielding were the only possible successors to the Laurier leadership in the leadership of the Liberal party. One of the public men who protested against the resignation of Sir Edward Blake, who declared that reciprocity as proposed would make Canada a subject to foreign control. Mr. Blake frankly stated that the proposal would mean annexation in the worst form in that Canada would become a vassal of the United States without any of the advantages of that status. Mr. Sifton, in those days, showed his independence of mind and his independence of their loyal opponents.

FLUCTUATING PRICES. The Globe explains the flooding of the Canadian sheep market with American imports as due to the fluctuation of the market. And then it wants us to let it fluctuate a little more in the same direction. Wipe out the Canadian farmer at once and get done with the business. Then we will be thru with fluctuations, and the trusts will establish a steady, uniform price about which there will be no mistaking.

CONSUMER PAYS TARIFF RATES. The Globe is evidently quite clear now that it is the vendor and not the consumer that pays tariff charges. Yesterday it was beans upon which the farmer was assured he had to pay 45 cents a bushel for every bushel he sold to Uncle Sam. We trust that never again shall we hear from The Globe that the consumer has to pay the duties. Those bird-men were cuckoos. Laurier and Larzer, Trusts. Laurier and Taft and larger markets for the United States farmer. ARTHUR HAWKES' ADDRESSES. Arthur Hawkes, the founder of the Canadian-British Association, will open his anti-reciprocity campaign on Thursday next, and from then onwards his time will be fully occupied, and his great energy tested to the extreme. The following is his program for 8 days: Aug. 10, Magford; Aug. 11, Owen Sound; Aug. 12, Sudbury; Aug. 13, Sault Ste. Marie; Aug. 14, North Bay; Aug. 15, Brantford; Aug. 16, Stratford. His intimate knowledge with affairs both Canadian and English, his eloquence and his personal knowledge of the conditions of labor, should secure Mr. Hawkes crowded meetings thru-out his campaign.

LETTERS FOR THE PRESS. The World constantly gets correspondence signed with pen names, but without the real names and addresses of the writers. No anonymous letters should be published. Letters must also be observed in letters for the press.

LIBERAL CONVENTION AT MONTREAL. MONTREAL, Aug. 8.—The Liberals of Montreal will hold their convention at St. Julien's next Thursday, Aug. 15.

MONTREAL UNION STATION

No Arrangement Between Grand Trunk and Canadian Northern. MONTREAL, Aug. 8.—Arthur W. Smithers, chairman of the Grand Trunk Railroad from London, is in Montreal, and will start out to-morrow, accompanied by C. M. Hays, president of the line, on his annual tour over the Grand Trunk and the Grand Trunk Pacific sections, which will embrace a trip over some 15,000 miles. Mr. Smithers will inspect the new Union Station at Winnipeg, which was officially opened last evening. In reply to a question as to the probability of the Canadian Northern Railway uniting with the Grand Trunk for a main terminal in Montreal, Mr. Smithers replied: "I think you had better ask the Canadian Northern Railway. I know nothing of it and have heard nothing of it."

THE INDEPENDENT VOICE. Belleville Daily Ontario: When political articles appear in the columns of journals that are frankly partisan, they do not excite the attention or carry the weight of those published by the independent press. The party press is a partisan writer may be so far and indeed is serving at their conclusions, but their readers will always suspect that essential facts have not been ascertained their importance or have been ignored altogether. On the other hand, facts favoring a certain chosen position have been given a prominence not at all justified by their importance.

EDWARD BLAKE ON RECIPROCITY. Lethbridge Daily News: This scheme of commercial union was supported by Sir Wilfrid Laurier and by Mr. Fielding and Mr. Pateragon, who have repudiated the reciprocity treaty by their conclusions, but their readers will always suspect that essential facts have not been ascertained their importance or have been ignored altogether. On the other hand, facts favoring a certain chosen position have been given a prominence not at all justified by their importance.

WEARING OF THE BLUE. A Blue Serge Suit for a Gentleman is Always in Good Form. A man will not be well dressed any more than a woman, unless taste is exercised in the selection of his clothes, both as regards pattern and color and make-up. Fancy some men you know in one of those wide stripe cloth suits, that really is the making of another man of a different build. It is all matters not whether one is tall or short, slim or stout, angular or erect, a blue serge suit is becoming to each at all times and in every place. This well grounded fact of fashion, that no one will dispute, will give special impetus to the sale of made-to-order blue serge suits that Hoberlin Bros. & Co., of 121 Yonge-street, have put on for to-morrow (Thursday), when such a suit will be sold for the one day for fifteen dollars.

SENATOR FRYE DEAD. LEWISTON, Maine, Aug. 8.—Wm. Percie Frye, senior United States senator from Maine, died to-day at the home of his daughter, Mrs. Helen White. The end came at 3.55 p.m. at his bedside were Mrs. White and his other daughter, Mrs. Alice Briggs, who also resides in Lewiston. Altho he had been ill for a long time, death came suddenly.

NEWS OF MANY CURES FROM THE GOLDEN STATE. SANTA MONICA, Cal. Aug. 8.—The drug trade here are having such an enormous demand for "Catarhose" as to find difficulty in keeping it in stock. Wonderful cures are effected almost daily. Mr. A. H. Carrick says: "If anything will cure bronchitis and catarrh, I am sure Catarhose will; it robs the membrane of mucus, relieves throat and nasal passages, relieves quickly and always cures the most stubborn cases." The people of many nations use Catarhose, which has no equal for thorough cures; two months' treatment guaranteed to permanently cure costs one dollar; the sample costs twenty-five cents; at all dealers in medicines. Get Catarhose to-day.

PEEL COUNTY NOMINATIONS. BRAMPTON, Ont., Aug. 8.—The Liberals of Peel County will nominate their candidate at a convention to be held here August 12. Amongst the names mentioned in this connection are W. H. Lowe, Esq., J. K. McEwan, W. Gordon and H. W. Dawson, Toronto. The nomination will likely go to Mr. Lowe, who is a well-known farmer and cattle man.

CARRICK FOR RAINY RIVER. LONDON, Ont., Aug. 8.—J. J. Carrick, the alderman, has been nominated for the Rainy River district. To-day after the receipt of cablegrams from R. L. Borden and Hon. Mr. Cochrane, he decided to accept. He calls on the Royal George to-morrow.

INTERNATIONAL OPIUM CONFERENCE. WASHINGTON, Aug. 8.—The second international opium conference, which has been postponed several times will meet at the Hague, Oct. 15. All of the powers interested have accepted that date and it is expected that the Netherlands government will issue the invitations shortly.

CONVENTIONS AT NIAGARA. NIAGARA FALLS, Ont., Aug. 8.—(Special.)—The annual conventions of the Patriarchal Militant and Daughters of Deborah opened here to-day. The delegates were officially welcomed by Industrial Commissioner Tuttle. Twenty-seven degrees were exemplified. To-morrow the Grand Lodge of Ontario will hold its session.

MANY NATIVES DROWNED. ALEXANDRIA, Egypt, Aug. 8.—A boat overloaded with natives, who were on their way to attend a fair at Oudekuk, foundered in the Nile. Nearly 100 persons were drowned. Thirty-six bodies had been recovered to-day.

Wonderful cures are effected almost daily. Mr. A. H. Carrick says: "If anything will cure bronchitis and catarrh, I am sure Catarhose will; it robs the membrane of mucus, relieves throat and nasal passages, relieves quickly and always cures the most stubborn cases." The people of many nations use Catarhose, which has no equal for thorough cures; two months' treatment guaranteed to permanently cure costs one dollar; the sample costs twenty-five cents; at all dealers in medicines. Get Catarhose to-day.

INTERNATIONAL OPIUM CONFERENCE. WASHINGTON, Aug. 8.—The second international opium conference, which has been postponed several times will meet at the Hague, Oct. 15. All of the powers interested have accepted that date and it is expected that the Netherlands government will issue the invitations shortly.

Wheat Market Runs Into Decline

CHICAGO, Aug. 8.—It was a tricky wheat market to-day in wheat. A quick break resulted, and notwithstanding Canadian fears of frost, the closing Canadian rates of 1.30 to 1.35 were lower than the previous day's closing of 1.40 and 1.45 up, on a 1.30 to 1.35 decline to 1.30 advance. The market was quiet, with a few scattered orders, but no general movement. The price of wheat was 1.30 to 1.35, with a 1.30 to 1.35 decline to 1.30 advance. Mining Market Shows Tendency to Brighten Up a Little

WESTERN WHEAT YIELD MAY BE 200,000,000 B.

Continued From Page 1. For higher prices, is coming out, that this figure has been increased.

Little Rust Damage. We are going to have a bumper crop of wheat in the west this year, far and above any previous year.

W. B. Browne voiced similar sentiments, saying that, even if there were some rust damage, and if the work it should not run into anything material, the crop would be a remarkably big one.

Tell a Flattering Tale. The Canadian Bank of Commerce in receipt of special reports from its branches throughout the west, and these in the main decidedly hopeful.

Detailed reports from the western provinces to the Canadian Bank of Commerce, received yesterday, read as follows:

Dauphin, Man.: Weather continues most favorable and grain is receiving no setback.

Winnipeg, Man.: Weather has been most favorable for hay and grain.

Regina, Man.: Weather has been most favorable for hay and grain.

Saskatoon, Sask.: Weather has been most favorable for hay and grain.

Weyburn, Sask.: Weather has been most favorable for hay and grain.

Yorkton, Sask.: Weather has been most favorable for hay and grain.

North Battleford, Sask.: Weather has been most favorable for hay and grain.

Porcupine Issues Irregular But Make Toward a Recovery

Small Price Changes the Rule in Mining List—Some Stocks Higher Cobalts Decidedly Quiet.

World Office. Monday Evening, Aug. 8. Porcupine stocks showed good deal of irregularity on the local exchange to-day.

There was neither a pronounced disposition to sell, nor a decided tendency to buy more decided than yesterday.

Nothing was doing in the Cobalts of any amount and outside of a half point decline in Beaver which got down to 44, no price changes of any consequence occurred.

Company with Wide Powers Formed by Timmins-McMartin Syndicate.

The last number of The Ontario Gazette contains notice of the incorporation of the Timmins-Townsite Co., Limited, a corporation formed to carry on the business of a real estate and improvement company in the Porcupine.

chance of injury lies with frost, which may affect late sowing.

Wetaskiwin, Alta.: Weather not so favorable. Rain practically every day, with dull, cold weather.

Edmonton, Alta.: Rainfall throughout district during week, and unless more favorable conditions prevail yield of all grain will be seriously affected.

Calgary, Alta.: Weather has been most favorable for crops, which look exceedingly well.

Winnipeg, Man.: Weather has been most favorable for hay and grain.

Regina, Man.: Weather has been most favorable for hay and grain.

LARDER LAKE CAMP WILL YET MAKE GOOD

So Says William McFarlane, Postmaster at Larder Lake—Renewed Activity.

Mr. William McFarlane, postmaster at Larder Lake, is in Cobalt on a few days' business trip, says The Cobalt Nugget.

The future of the one-time famous and first gold camp in New Ontario, and states that at the present time there is quite an influx of prospectors to that section.

Power for the camp is being generated at Raven Lake from the falls at the lower end, which will give over 8000 horsepower for the mines in that section.

The Redick also has started work under the management of Morley Ogilvie, who has been in charge for the past four years.

In addition to these properties, Mr. Maxwell is sinking on his claim, which adjoins the Harris-Maxwell, while the Treasure Island property, the Tighe Company, and the Philadelphia Syndicate, have all gangs of men at work.

The Hosiery Sale Joins the Furniture Sale To-morrow

in helping to make August, 1911, a month that will long be remembered by customers of the *Simpson Store*.

Before our August Hosiery Sale becomes a feature, many a weary hour of the Summer was spent over the knitting needles, making hosiery that was reliable to the last degree. But when it was discovered that reliable hosiery could be bought here at such low prices, it became unprofitable to knit, and this dependable sale soon became known as

The Sale With a Reputation Behind It

In other words, it has never disappointed customers in all the years they have attended—that's what makes a sale's reputation.

But we're not relying on past laurels. England and Saxony have never sent better values into Canada than those you'll see here to-morrow; and we, on our part, have never been able to offer such merchandise for so little money.

We've bought a tremendous stock; but as soon as these prices are read there'll be a run on our Hosiery counters that will sweep it away very rapidly. So make up your mind now to be on hand when the sale opens at eight o'clock to-morrow morning.

Here are opening values that will create a sensation:

- Women's Imported "Llama" Cashmere Hose, plain black, spliced heel, toe and sole, fine and soft, all sizes. Special Hosiery Sale price, Thursday, pair **.29**
- Women's Plain Black All-wool Cashmere Hose, full fashioned, double spliced heel, toe and sole. Regular value 45c to 60c. Thursday, pair **.29**

Not the Least in Importance of Our August Sales is The Sale of Black Silks

In the eyes of many women it comes first; and there is no wonder when the high qualities, low prices, and the fact that it comes but once a year are taken into account.

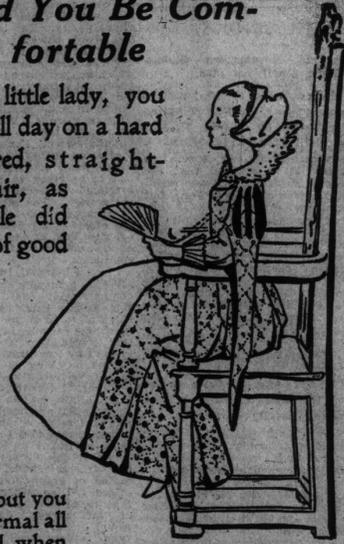

The quality of our dress goods and silks does not improve from year to year because it is "the best for the money" all the year round and every year. That is why the sale is so popular and the department holds the reputation it does amongst Toronto women.

We back up our claim with these items for Thursday. (2nd Floor.)

- 1.—1,000 yards Rich Black Messaline, rich black Satin Paillette, and rich black Satin de Chene, three beautiful weaves, most fashionable for the fall, 36 ins. wide. Thursday's Sale, per yard **1.00**
 - 2.—1,000 yards Rich Black Satin Duchesse, of extra fine quality and high lustrous finish. A beautiful soft draping fabric, 36 ins. wide. Thursday's Sale, per yard **1.24**
 - 3.—1,800 yards Rich Black Satin Duchesse Paillette, heavy quality, even weave, full black, 40 ins. wide. Per yard **1.24**
 - 4.—800 yards Rich Black Satin Duchesse Mousseline, a beautiful draping fabric with a charmeuse finish, 40 ins. wide. Thursday, per yard **1.68**
 - 5.—500 yards Rich Black Duchesse Paillette, firm, even weave, full black, 40 ins. wide. Thursday's Sale, per yard **1.00**

- BLACK DRESS GOODS.**
Hand in hand with our sale of Black Silk goes a steady outpouring of black dress and suiting fabrics. They are imports from the leading European markets.
When you are attending the Silk Sale, you will do well to spend some time in the neighboring department where you will find displayed the newest weaves, made from the finest wools and the purest dyes, and all fully guaranteed.
- ONE ITEM SPECIALLY PRICED FOR THURSDAY IS BLACK SAN TOY.**
1,500 yards All-wool San Toy, a rich finished fabric, in fine corded effect, that gives excellent service combined with a good appearance. 44 ins. wide. Regular value \$1.25. Thursday **.84**

Would You Be Comfortable

If, like this little lady, you had to sit all day on a hard unupholstered, straight-backed chair, as most people did in the days of good Queen Bess?

Elizabethan furniture is handsome and formal; we can show you some beautiful examples of it; but you cannot be formal all the time, and when you want to relax, you'd be glad to find

Upholstered Furniture

at such prices as we quote here for to-morrow.

With regard to upholstered furniture, we are going to pursue the same policy as with the other furniture of the sale, that is, marking it at prices quite beyond peradventure the lowest hitherto known on furniture of this quality.

And along with this, remember that our section of upholstered furniture has been mentioned as the most attractive part of our exhibit. You don't know what solid comfort is until you sink back into one of these luxuriant pieces; and you certainly don't have to sink much money here to possess it.
