TUESDAY MORNING JULY 9 1918

VOL. XXXVIII.—No. 13,754 TWO CENTS

FRENCH ADVANCE ON AIGLIE

Win Important Success on Two-Mile Front, Taking Chavigny Farm and Slopes North and South of it—British Airmen Raid Cities on the Rhine—Germans Threaten to Capture Moscow, Following the Murder of Ambassador.

FRENCH ATTACK CARRIED LINE FORWARD IN LONGPONT ZONE

Another Smashing Allied Blow Drives Back Germans Two-Thirds of a Mile on Front of Over Three Thousand Yards—No Signs of Enemy Offensive.

Paris, July 8.—In an attack today northwest of Longpont, French troops advanced about two-thirds of a mile along a front of nearly two miles, occupying important positions and capturing 247 prisoners, according to the war office tonight.

The text of the statement reads: "South of the Aisne our troops this morning attacked enemy positions in the outskirt of Retz forest, in the region northwest of Longpont. On a front of about three kilometres we advanced twelve hundred metres, occupying Chavigny farm and the ridges north and south of that farm. The unwounded prisoners counted up to the present number 247, including four officers."

"Aviation.—On July 8 and 7, fourteen enemy airplanes were brought down or put out of action, and two captive balloons were set afire. Our bombing machines dropped twenty-eight tons of projectiles in the course of their expeditions at night in the neighborhood of Fismes, Hirson, Fere-en-Tardenois and Amagne Lucuy."

No Signs of Offensive. With the French Army in France, July 8.—Wherever the battle front has been closely viewed, no signs of an imminent German movement were discoverable. Quiet, just as striking as before the last two enemy offensives, reigns everywhere.

The correspondent, visiting an unusually active sector, heard only two small explosions in the course of several hours. Enemy aviators appear particularly shy. Often entire days passing without any German flights being observed over the front lines. The Boche airmen are probably far in the rear, practicing for future events.

Almost a month has elapsed since the cessation of the battle south of Montdidier and no really serious operation has been fought on any part of the line in the interval. Numerous raids and local actions of a most interesting character, however, have been executed by the allied troops. These have given the French, Americans and British opportunities to display the keenness of their fighting spirit, which the enemy believed broken, and has also enabled them to capture large batches of prisoners, at the same time improving their positions with a view to another German offensive.

Shock Troops in Rear. The correspondent conversed with a number of captives at various points and gleaned from their assertions that they regarded the divisions to which they were attached as merely units for holding the positions, while the shock divisions were taken to the rear for reconstitution after the last severe assaults and for special instruction.

The tone in which the prisoners spoke indicated some resentment at the German system of choosing the best men from the various units to form the shock divisions, thus reducing the other units to a secondary class, whose operous work of holding the line and maintaining the positions, while exceedingly costly, brought no glory.

Prisoners from these divisions are unable to give a hint where the fresh onslaught is to be delivered, as they had been cut off almost entirely from communications in the rear. Even their officers were kept totally ignorant regarding the intentions of the German high command. There appears to be no doubt that the enemy is greatly troubled by the rapid enlargement of the ever-increasing columns of American troops, whose training the German has already learned to respect

BIG REDUCTION IN SHIP LOSSES

Submarines Sink Quarter of What They Did a Month Ago. London, July 8.—Lord Bessborough, calling attention to the danger from uninterred alicens, and expressing the belief that many ships have been torpedoed thru information furnished by spies, said that a month ago the British, allied and neutral tonnage sunk amounted approximately to 15,000 tons daily. A fortnight ago it was 1,400 tons daily, and last week 3,000 tons daily. These, he declared, were satisfactory figures, and the spies would be completely beaten when the British and Americans got their large fleets of destroyers on the water.

LIVED ON SEAWEED AND RAIN WATER

Sailors of U-Boat Victim Drifted Helplessly for Eleven Days. BOAT WAS UPSET

All Food, Water and Oars Were Lost, and Three of Crew Were Swept Away.

An Atlantic Port, July 8.—Another neutral ship, the Norwegian steamer Augvald, 2998 tons, bound from a French port for Baltimore, has fallen a victim to a German submarine. A transatlantic liner, in port today, brought the news of the sinking of the Augvald in mid-ocean on July 23, and also landed eleven members of the crew of 27 men. Three of the crew were drowned and the remaining 13 are unaccounted for.

The rescued men were poked up by the liner after having drifted helplessly for 11 days, subsisting for most of that time on seaweed and rain water wrung from their clothing or caught in their caps. The mother, hearing the child's cries, rushed to her aid only to fall over into the deep water herself.

Devonshire Receives a Message Of Thanks From King George

Ottawa, July 8.—His Excellency the Duke of Devonshire has received the following cablegram from His Majesty King George under date of July 6: "I thank you most cordially for the loyal congratulations you have tendered to the Queen and to myself on the occasion of our silver wedding day in the name of the government and people of Canada. (Signed) "George. R.I."

TWO GERMAN CITIES BOMBED BY BRITISH

Kaiserslauten Factories Suffer From Attack—Luxemburg Railway Station Bombed.

London, July 8.—The air ministry, describing recent aerial operations, has issued the following statement: "On the 7th instant the station and factories at Kaiserslauten were attacked. Hostile machines were engaged over the objectives, and one of them was shot down. Two of our machines are missing. "On July 8 the railway station, workshops and sidings at Luxemburg were bombed by our squadrons. Bombs were observed in the station and also in the workshops."

VENICE LIBERATED BY ITALIAN GAINS

Italians Drive Austrians From Point Near City on Adriatic. ORIENT CORPS BEATEN

Troops Raised by Enemy to Hold Jerusalem Among Vanquished.

Italian Army Headquarters, July 8. Venice's liberation by the expulsion of the Austro-Hungarian forces from the delta of the Piave River was attended by some of the hardest fighting seen on this front. The Austrians put up a terrible resistance, and it is estimated that 20,000 officers and men, or 50 per cent. of their effectives, were killed, wounded or taken prisoners.

The enemy employed 37 Battalions, among which were considerable elements of the celebrated Orient corps, originally prepared for operations in Palestine, for the purpose of holding Jerusalem. How serious was the menace to Venice is indicated by the fact that Austrian guns were only five miles away. Sandbars exist along the Adriatic coast where the ground is solid enough to support cannon, if the Austrians had been able to advance them.

It was due to the untiring valor of the navy's gunboats and sailors and soldiers fighting neck deep in mud, water and sand that the Austrian flanking movement was blocked. The fighting was especially arduous on the hundreds of canals that crisscross the district, where every cellar hole had been transformed into a machine gun nest.

MOTHER AND DAUGHTER DROWN AT ISLAND

Mrs. Layland Tried to Save Child Who Walked Overboard Dressed in Ponds.

Mrs. Letitia Layland, 20 Cavell avenue, and her little daughter Nancy, aged four, lost their lives yesterday in Long Pond, Centre Island, when Mrs. Layland attempted to save her child, which, while paddling along the shore of the pond, slipped in over her head. The child had been playing for some time along the shore when she ventured out and stepped over the dredged margin in the pond. The mother, hearing the child's cries, rushed to her aid only to fall over into the deep water herself.

German U-Boats Occasionally Exercised Right of Search

London, July 8.—Thomas J. MacNamara, financial secretary to the admiralty, replying today in the house of commons to a question, said German submarines had on several occasions exercised their right to search hospital ships.

MEAT RATIONS CUT. Regulations for One Meatless Week Per Month Will Go into Force in Germany.

Amsterdam, July 8.—Regulations providing for one meatless week a month in Germany will begin in August, according to The Berliner Tageblatt.

LOCAL ENCOUNTERS. Field Marshal Haig Reports Capture of a Few Prisoners by British.

London, July 8.—Beyond local encounters in which British captured a few prisoners, there is nothing of interest to report, according to Field Marshal Haig's report from headquarters in France tonight.

NO STEP TOWARDS SETTLEMENT OF STRIKE TILL COUNCIL MEETS

Many Unions Discuss Civic Strike

Mayor Church intends dealing with the strike situation in a message which he will bring down to council at its meeting tomorrow. It will probably restate the position he has already taken, that the men be given the increase in wages, but that the appointment of a board of conciliation be not entertained. The civic employes have expressed their determination to press their demands upon the city council to the fullest extent. The machinists of the city, 3000 in number, have decided to be guided by the Toronto District Trades and Labor Council as to their action with reference to the strike of the civic employes, and the labor council will meet in special session on Thursday night to consider what action should be taken in this matter. The Builders' Trades League, comprising eighteen unions and from 5000 to 7000 men, has decided to vote its sympathy with the ranks of the civic strikers. The same action has been taken by the Toronto locals of the Gloveworkers' Union. This does not mean that they will go out on strike. The central executive, however, of the Builders' Trades League has decided to call a mass meeting shortly after the meeting of the labor council to decide what action the league should take to help the strikers. The steamfitters' strike at the ship yards has not yet been settled, but may be concluded shortly. The machinists may declare a general strike if the Russell Motor Co. fails to meet the demands of the men, who have been on strike for more than two weeks. It was stated at the Labor Temple yesterday that the labor situation in Toronto had rarely been more serious.

POLICE INTERFERE IN ALLEGED FRAUD

Robert McArthur is Said to Have Claimed Influence Over Medical Boards. Charged with trying to obtain money by means of fraud, Robert McArthur, 10 Fernmanagh avenue, was arrested by Detectives Mitchell and Mulholland last night.

GERMANS HINT AT ACTION OVER MIRBACH ASSASSINATION

London, July 8.—German newspapers are now pointing to General Savinkoff, who was war minister in the Kerensky cabinet, as the man behind the Von Mirbach plot, which is being gradually developed by the Teuton press into a great anti-German movement backed by all those men whom Germany has found to be hindrances in her plans of aggression in Russia. A Moscow telegram circulated by the Wolff News Bureau of Berlin, says that the alleged Russian agent, General Savinkoff, is considered to be responsible for the deed. He is, moreover, said to be closely connected with the Czechoslovak and Social Revolutionary movements. His whereabouts is unknown.

BOLSHEVIKI SINK SHIPS AT BLACK SEA PORT

Amsterdam, July 8.—The Bolsheviki are said to have sunk 36 merchant ships at the port of Novorossiysk, on the eastern end of the Black Sea, according to a Vienna despatch to The Berlin Tageblatt. The despatch states that the Turks have occupied the Black Sea coast as far north as Touapse, 80 miles southeast of Novorossiysk, and have established shipping traffic with the City of Batum.

NO ANNOUNCEMENTS HEREAFTER UNTIL TRAINS REACH MONTREAL

As a result of the investigation made by the military authorities regarding the misunderstanding as to the time of arrival of the returned soldiers' troop train on Sunday it was found that the railway officials were responsible. Col. H. C. Bickford, Toronto district commandant, has determined that delays in arrivals of trains with returned soldiers will be eliminated. To this end he has arranged that from now on no announcement as to the probable time of arrival in Toronto will be made by the military authorities until after official word has come that the trains have reached Montreal.

THE GLORIOUS 12TH.

Friday will be the big annual celebration of the "Battle of the Boyne." The day is generally marked in Toronto by the largest display of silk hats and the largest procession of the year. A new Silk Hat is the only hat to wear and the Dineen Company has prepared for an unusual display of silk hats for the occasion. Specially priced at \$5.00, \$6.00 and \$7.00, \$8.00 and \$10.00.

Board of Control Did Not Discuss Matter at Yesterday's Meeting

The disestablishment of the scavenging and street cleaning departments and the adoption of the contract system is a possibility as a result of the present strike. An offer to do this work for ten per cent. less than it is costing now was made to the board of control yesterday by Millar Ferguson & Hunter, bidders, acting for a client. The controllers, however, did not see fit to consider it at the present juncture. The offer was as follows: "We have a Canadian client who will contract with the city to do your street cleaning and garbage department for ten per cent. less than it is at present costing you, and will enter into a contract for its performance for ten years and give satisfactory security for the fulfillment of his contract." It was learned, however, that at Wednesday's council meeting, called to discuss the strike situation, a resolution would be offered that the city call for tenders for scavenging and street cleaning. "Let me off for the day," said Mayor Church when asked what he had to say about the situation. "We had nothing before us that could be discussed by the board of control."

RADICAL MOVEMENT AGAINST RUSSIANS

Commissioner Wilson said he preferred not to say anything about the offer or about any other phase of the strike. President C.A. Bogert of the board of trade, when seen last night, said the executive of that body had held its regular meeting, but the strike situation had not been discussed. "We may take the question up if further developments take place," he said, "but at present the matter is not officially before us."

THE WIND PREVALENT.

We of Ontario are now well into the fifth week of winds prevalent in summer time: more wind and lower temperature, continuous blowing, than we can recall in our experience. The weather has struck a cycle of persistence we got thru a winter more persistent in its cold, its snows, its ice, its interference with traffic and industry than ever before known. Succeeded by a spring that was persistent in its stubbornness to come forth; and now a summer that has almost failed to emerge because of wind and cold.

SAYS IT IS SERIOUS.

"What do you think of the civic strike, Mr. Bruce?" asked a reporter of John W. Bruce, international organizer of the Plumbers' Union for Canada. "I think it looks serious," replied the organizer. "The general situation through Canada in the industrial field is anything but reassuring. Everyone knows that Controller McBride is and always has been the bitter enemy of the workman in Toronto, and that Mayor Church is one whose next step is always problematical."

MEETS THURSDAY.

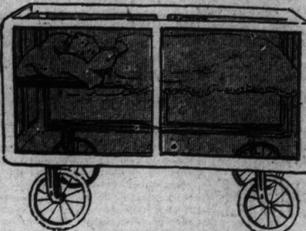

T. A. Stevenson, secretary of the Trades and Labor Council, stated that a special session of the council would be held on Thursday night to consider the recommendations of the associated executive committees of the council, the stationary engineers, the stationary firemen and the Civic Employees' Union, who met yesterday morning. He would not state the results of the conference between these executive committees further, but it was generally understood that if the

At Yonge, Queen and James Street Doors are boxes where orders or instructions may be placed. These boxes are emptied every hour until 1 p.m., and twice in the afternoon.

EATON'S DAILY STORE NEWS

HAVE YOU A "D. A."? A deposit account is one of the greatest conveniences in ordering goods by telephone. Apply for particulars to the "D. A." Office on the Fourth Floor.

Furnishings for Baby and Clothes of Various Types for Little Girls

A. The healthiest baby is the baby that sleeps and lives out of doors, is a maxim that every modern mother firmly believes. And the "kiddle-loop" in the illustration offers a happy solution of how baby can best lead the outdoor life. It has a white enameled frame, sides screened with rust-proof wire, mosquito netting across the top, a spring bottom and mattress. When not in use as a sleeping compartment the mattress can be removed and a floor put over the bottom to convert it into a play-yard. For travelling it can be folded into a compact space. Size 26 wide by 42 long and 30 inches high is \$22.50. Size 28 x 32 x 34 is \$26.00.

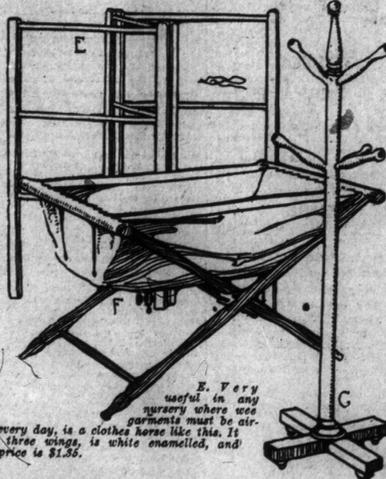

B. A baby walker will save many a tumble when baby begins to toddle, and it's an ideal way of teaching any wee mite to walk. For it supports the soft little body in just the right places, and does away with all danger of wrenching the shoulders, sometimes the case when first steps are guided by the arms. The baby walker sketched has a mahogany finished frame, easily pushed along on casters. Leather straps secure the baby, and a little spring seat provides a resting-place when he or she is tired. The little tray is most convenient for toys or food, and some of these trays are provided with colored marbles on a strong wire. Price, \$2.50 and \$2.75.

C. A most attractive garment, this, which has taken the place of the "rabbit skin" to wrap the baby during winter, is a dear little sweater coat of soft cream-colored wool, in plain stitch, with pink or blue edging down the front, and on its tiny collar and cuffs. Sizes 1 to 5. Price, \$3.50.

D. If you think your baby needs a warmer sweater, here is a delightful alternative—such a cosy little coat, of soft cream-colored wool, in plain stitch, with pink or blue edging down the front, and on its tiny collar and cuffs. Sizes 1 to 5. Price, \$3.50.

E. Very useful in any nursery where wee gamine must be stirred every day, is a clothes horse like this. It has three swings, is white enameled, and its price is \$1.55.

F. If you are taking your baby away for the summer months, you'll find a collapsible bath a tremendous boon. The one sketched is made of strong rubber sheeting, is large enough to hold quite a quantity of water, which can be emptied through a vulcanized tap in the bottom, and when bath-time is over, it can be folded up and put away in quite a small space. This is a conundrum, too, when packing. Price \$11.25. —Infants' Wear Department, Third Floor, Queen St.

Do You Know the Acousticon?

It is an inconspicuous electrical instrument, light in weight, which is of great assistance to the deaf, and is now obtainable in the Optical Department. The 1918 model, with the new small earpiece, is one of the latest developments of science in the way of aid for failing ears. Several types of the instrument are shown, to suit various degrees of impairment.

If you have difficulty in conversing with your family and friends, or in conducting your business, come in and inspect the Acousticon. A demonstrator will explain the details of use and the various points of excellence.

Returned soldiers deafened by shell-shock have found it most helpful.

If you live out of town send for a leaflet about the Acousticon.

—Third Floor, James St.

J. Simple and practical a dress as a girl would wish to wear, and most attractive, withal, is this, made of reseda green Kimble cloth. The back is double-pleated, like the front, as far as the belt. The collar, which forms a deep V at the back, is white, with embroidered green corners like the cuffs, and both belt and pockets are adorned with pearl buttons. Obtainable also in rose and Copenhagen. Sizes 6 to 14. Price, \$3.95.

K. Cool and light and most practically fashioned, this peach-colored voile dress—pleated below a wide belt, like the blue and white striped collar, cuffs and pocket edges making a pretty contrast. This green, Copenhagen and rose. Sizes 6 to 14. Price, \$5.00.

L. Isn't this a charming little frock for a charming little girl? Its skirt, with the panel front, out in one with the belt, is of blue and green checked voile. But an Oliver Twist air is given by the points, which button to the little white organza blouse, with frilled front, collar and cuffs. The same style can be obtained in delightful shades of gold and mauve, grey and rose, blue and rose. Sizes 6 to 14. Price, \$5.95.

M. The responsibility of taking care of two or three younger sisters seems to weigh rather heavily on this demure young person, for nothing else could make her so serious, all ready to go out in a sweater on. It is of rose-colored-wool, a splendidly sensible, cosy sort of sweater, that buttons to the neck, and has close-fitting cuffs. It can be had in Copenhagen, gold, grey or green if preferred. Price \$4.50. —Third Floor, Centre.

N. In the water or on the beach, she really doesn't mind, for she's equipped for either in her "Beach-rampers" suit of navy blue cotton drill. It has elastic at the knees, an all-round belt, and laces up the front with a white lace. It is obtainable in sizes 6 to 12, and its price is most moderate at \$1.50.

O. Most practical of gowns for a small girl who is sailing a boat, the middy and skirt of white jean above. The middy is of the famous "Admiral" brand, with collar, cuff and pocket edges in Copenhagen, navy or red or in plain white. Sizes 6 to 14. Price, \$1.50.

P. The separate pleated skirt is attached to a thin cotton waist. A similar model can be obtained in navy duck. Sizes 6 to 15. Price, \$1.50.

THE T. EATON CO. LIMITED

PLANNED CREATION OF IRISH BRIGADE

Evidence at Trial in London Reveals German Plotting.

CORP. JOSEPH DOWLING FACES COURT-MARTIAL FOR IRISH ACTIVITIES.

London, July 8.—The trial by court-martial opened here today of Corp. Joseph Dowling, who landed on the Irish coast in a German collapsible boat two months ago, and who since has been a prisoner in the Tower of London.

Dowling, in civilian clothes, was brought to the court in an automobile and accompanied by a non-commissioned officer armed with a revolver. Sir Archibald Bodkin, the prosecutor, described at great length the German plot launched at the end of 1914 for the formation of an "Irish brigade" from among the Irish taken prisoner on the British front. The scheme, Sir Archibald said, was repudiated by most of the prisoners, but Dowling and a few others joined the brigade and acted as recruiting agents.

The prosecutor described the means used by the Germans to induce Irishmen to join, and, in particular, the German promise to them, reading: "At the end of the war the German government undertakes to send every member of the Irish brigade to the U.S."

Sir Archibald Bodkin read a long document, issued by the Germans at Limburg Camp, which said: "The Irish in America are collecting money for this brigade. Join the new unit and win your independence. The Irish brigade is to fight solely for the

cause of Ireland, with the moral and material assistance of the German government."

The story told by Prosecutor Bodkin of the arrival of Corporal Dowling in Ireland follows:

"On April 12, fishermen going out from a harbor on the Clare coast saw a man waving a handkerchief on a life-line. He had been washed ashore from the torpedoed ship *Mississippi* during the night. He paid the fishermen five shillings to land him at Ballisline pier, where he gave his name as James O'Brien, and described the torpedoing of the *Mississippi* with great detail, stating that the ship came from Baltimore.

"Later in the day his collapsible boat, of undoubted German manufacture, was washed ashore. Dowling had seventy pounds of English money. He said he had come from the United States to see Irish friends before joining the American army."

Lord Cheylesmore presided over the court. Pleads Not Guilty. Corporal Dowling, who is slight in build, of medium height and of a wide-awake appearance, pleaded not guilty to the formal charges, which are under three heads: First, that while he was a prisoner of war in Germany he joined a hostile force; second, that he endeavored to induce others to join; third, that he participated in an attempt to land a hostile force in Ireland.

London, July 8.—Prosecutor Bodkin declared the whole story told by Dowling regarding the circumstances of his landing and the purpose of his visit was untrue, as Dowling later admitted.

"He was brought to London," continued the prosecutor, "and detained at the tower, where his brother visited him. He told his brother that he came in a submarine, and that he should now try to explain to Sir Roger Casement the character of an escaped prisoner, our answer is that escaped war prisoners are not provided with passage in German submarines."

The first witness called was a British soldier, John Cronin, a former prisoner at Limburg. He described a visit he paid to Sir Roger Casement when the latter was attempting to raise an Irish brigade in Germany. Casement's efforts, he testified, were assisted by an Irish priest, named

Father Nicholson, who was a frequent visitor to the camp.

Private O'Sullivan further testified that Corporal Dowling in his recruiting attempts was several times accompanied by a man in civilian clothes who posed as a prominent Irish-American and who declared that the movement had the support of Irish-Americans.

Dowling and this man, the witness said, declared that the Irish brigade would number 150,000 men who would be landed in Ireland and would be assisted there by a large German force.

ASSASSINATION LIKE ARCHDUKE'S MURDER

London, July 8.—The assassination of Count von Mirbach, the German ambassador to Russia, is seen as an event of great importance, which may have far-reaching results, by the newspapers here.

The Daily Mail and the Daily Express agree that the assassination may have momentous consequences, and compare it to the murder of Archduke Francis Ferdinand at Sarajevo four years ago. The Express adds:

"German influence in Russia can only be established on a solid basis by the maintenance of a great army of occupation. Russia may once more play a part in the war."

The Chronicle expects that if the German Emperor has his way there will be a march on Moscow, accompanied by ruthless severities, although it is possible a more prudent policy may prevail, especially as Lenin and Trotsky will accept almost any demands for reparations however abject. It thinks nevertheless that such a surrender might precipitate the fall of the Bolshevik Government.

BOLSHEVIK CHIEF TAKEN.

London, July 8.—The Czechoslovak forces, which recently overthrew the Bolshevik Government at Vladivostok, says a despatch from Tokyo under date of July 8, to the Exchange Telegraph Co., have made prisoner the Bolshevik commander and his staff. Everything is now quiet at the Russian Pacific port, the despatch adds.

AUSTRALIANS PUSH DEFENCES AHEAD

New Operations Extend Front of Advance to Astride Somme.

With the British Army in France, July 8.—In the course of the night Australian troops attacked and carried their line forward astride the Somme River to a depth of 600 yards on a front of 3000 yards. The operation moved the defences on the river ahead to correspond with the push made by the Australians and the Americans in their Fourth of July attack just north of the river.

The independence day drive had left a triangular salient in the British line on the river west of Sully-Laurette, and it was to remove this that last night's assault was undertaken.

The affair seems to have been a complete success. There was a heavy retaliation from the German artillery between midnight and 4 o'clock this morning, but thus far no counter-attack has been reported.

The British gunners were exceedingly active in the night in maintaining a harassing fire along many sectors of the front.

Captured documents and statements by prisoners indicate that the enemy is having a bad time in numerous zones with the new influenza which is running thru Europe.

An unposted letter found in the pocket of a man captured on July 7 throws some light on this subject. It reads: "I feel so ill that I should like to report sick. Fever is rampant among us, and already a whole lot of men are in the hospital. Every day more go in. As I have not yet had leave, and am expecting to go any day, I shall not report sick, yet anyway."

This particular letter, of course, refers to the prisoner's own sector, and not to the whole German front, of

which he would know little. The new fever is said to strike down the men so quickly that they drop in their tracks while on duty. They have high fever for two or three days, and are usually laid up for at least six days in the hospital.

JAPS LOYAL FRIENDS OF RUSSIAN PEOPLE

Paris, July 8.—Ex-Fremier Kerensky of Russia, in an interview by his fellow-countryman, Halperine Kaminsky, printed in the *Excelsior* today, gives his opinion on the subject of Japanese intervention in Russia more definitely than he has done heretofore.

After attempting to describe the chaos now ruling in Russia, where "every town and village, large or small, has its soviet acting as it pleases, without regard for the orders of the people's commissioners, and where all property rights have been abolished except for Germans," M. Kerensky said:

"It is time, once for all, to understand our position. We have no prejudice against the Japanese people. They always have been loyal, even during our struggle in Manchuria before the war and during the war, but that is not the question.

"It is the question once more of not playing the game of the Bolsheviks and their German protectors by giving them the opportunity of exploiting anew the ignorance of the Russian masses in making them believe the Japanese are coming to make war on Russia. Has not Trotsky said that between German and Japanese occupation he would prefer the German?"

A BOARD APPOINTED.

Will Deal With Dispute Between C. P. R. and Its Commercial Telegraphers.

Ottawa, July 8.—The minister of labor has established a board of conciliation to deal with the dispute between the Canadian Pacific Railway Company and its commercial telegraphers. Judge Scott of Perth, has been appointed chairman of the board. W. N. Tilley, K.C., of Toronto, will represent the company and David Campbell of Regina the men. The dispute is over wages and working conditions.

ALLIES BEGIN ADVANCE NEAR ALBANIAN COAST

Rome, July 8.—Italian and French troops in Albania on July 8 began an operation between the coast and the Tomorice Valley. The Italian war office announced today. The operation still is in full and satisfactory development, the statement adds. More than a thousand prisoners so far have been taken by the entente allied forces.

Italian troops yesterday advanced their front line in the region of Col La Priole, the Italian war office announced today. In the Monte Grappa region the Italians gained further ground northward of Missek on Saturday. Eight enemy airplanes were destroyed yesterday in air battles. The text reads:

"In the Lagarine Valley and the Vallarsa there was more frequent harassing artillery fire yesterday. To the north of Monte di Valbella our patrols, after a brisk struggle, drove back enemy reconnoitering elements. On Monte Grappa on Saturday we gained ground north of Missek, taking 51 prisoners, and capturing two machine guns and a flame projector.

"Yesterday in the region of Col La Priole we extended our advanced occupation."

KAISER ORDERS BREAK. News of Assassination Impels Emperor to Immediate Action.

London, July 8.—As soon as Emperor William heard of the assassination of Count von Mirbach, the German ambassador to Russia, according to an Exchange Telegraph despatch from Amsterdam, he ordered Foreign Secretary von Kuehman to break off negotiations with the Russian delegates in Berlin.

DISPUTE UNSETTLED.

Amsterdam, July 8.—The Turco-Bulgarian dispute over the division of territory taken from Rumania under the peace agreement with the central powers is still at the forefront in Constantinople, according to indications in a Constantinople telegram to *The Rheinische Westfaelische Zeitung* of Essen.

RUSSIAN SOCIALISTS RISE IN REVOLUTION

Serious Fighting With Bolsheviks Proceeds in Moscow Immediately After Assassination.

Washington, July 8.—Fighting took place in Moscow between Bolshevik forces and revolutionary socialists following the assassination of Count von Mirbach, the German ambassador, according to an official despatch today from Switzerland.

On leaving the German embassy, the despatch says, the assassins took refuge in a house occupied by the revolutionary socialists. This building was defended by machine guns.

A serious counter-revolution has broken out in Moscow, according to a semi-official Wolff Bureau telegram, dated on Sunday from Moscow, and transmitted to London by the Exchange Telegraph Company's correspondent at Copenhagen. Fighting of great severity is taking place in the streets between the Bolshevik troops and socialist revolutionaries.

A message received in London today from the Russian wireless service says that a counter-revolution was started at Moscow, but that it has been suppressed.

Several hundred Russians, including the social revolutionary leader, Alexandrovich, have been arrested at Moscow.

BURGLARS BLEW UP SAFE.

Took Away \$10,000 Worth of Non-Negotiable Paper.

Ottawa, July 8.—Burglars blew up the safe in the general store of McLaughlin and Company at Wakefield Village, near here, Saturday night, and got away with three hundred dollars in cash and ten thousand dollars worth of securities and notes. The big haul is worthless to the thieves, as the paper is non-negotiable. In order to stifle the sound of the explosion of nitro-glycerine the burglars piled up clothing in front of the safe door.

The Toronto World

Founded 1827. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

The Fault of the Law—Reform Needed.

A letter more than a column long is contributed to The Globe by W. S. Dingman, vice-chairman of the Ontario License Board, which seeks to prove that the failure to discipline a physician who goes out to prescribe...

When the Ontario Temperance Act was passed no one foresaw that the federal government would intervene and make the province bone dry.

The door is left wide open to the profiteer, the mixer, the unscrupulous doctor, and the bootlegger. The licensed vendor is allowed to be a profiteer, and if he be a good "mixer" he can rake in enormous profits.

The Ontario Temperance Act is a massive affair which seeks to establish prohibition and provide for its enforcement without leaving anything to the discretion or authority of the executive.

The act is honest, well-intentioned legislation, but it has no spring, no elasticity, no faculty for grappling with an unexpected situation.

What we need is some legislation along the American model. When congress passes a law it declares a policy and authorizes the president to safeguard and enforce that policy by proper regulations.

Our legislature would be well advised absolutely to prohibit the use of intoxicating liquors for beverage purposes, and authorize the lieutenant-governor in council to provide by regulation for such sale as may be licit for exclusively mechanical, sacramental and medical or pharmaceutical purposes.

The day has more than arrived when we must adopt the American way of drafting our legislation and making provision for enforcement.

The New Reality.

Ever since the House of Hanover came into the inheritance of the British throne there has been trouble brewing for the British people.

We are in the second reign from the old Guelph regime and, however estimable individually, the much lamented

Princess Consort and other German primogenitures may have had individual, British people have had solid satisfaction in the sturdy nationality of King Edward and King George.

His majesty's speech to the City of London on the occasion of the 25th anniversary of his marriage is a true expression of the new tradition in British royalty, and there is a growing feeling that George Windsor is no less democratic in spite of the office he holds in parliamentary tenure, than any other citizen of the state.

He himself, like his father, has on various occasions spoken of the need for the note of service, and he has pledged himself also in his own place to the highest ministry of which he is capable. It is a misfortune that some minds are only capable of dwelling upon what is to be got out of a certain position, be it high or low, when the only hope for the world is in every man adopting the true thought of service, and striving with all his might to find what he can do in his place.

The war has emphasized this fact in all ranks, and King George has been struck, he says, "on visits to the industrial districts, by the evidence of a spirit of mutual concession animating employers and workers with the matters affecting individual interests, and a readiness to sink differences that the essential work of the country should be carried on."

This is not the spirit that he would find in Toronto at present, and perhaps it is the result of the difference of the war conditions in Britain and in Canada. There everybody is in the war to the extent of his ability. Here we have a great many people who seem to think that the opportunity created by the absence of half a million of the men of Canada overseas should be taken advantage of for selfish ends.

It is this that repels public sympathy more than anything else from the various "betterment" movements. King George goes on as British conditions warrant him, to "cherish well-founded hopes that in the furnace of war new links of understanding and sympathy are being forged between man and man, class and class, and we are coming to recognize as never before that we are all members of one community and that the welfare of each is dependent upon and inseparable from the welfare of all."

This is the real spirit of democracy as distinguished from the Bolshevik spirit which would destroy everything different from itself, which refuses co-operation, and which rejoices in leveling down rather than in leveling up. There can be no leveling up in society without effort on the part of every individual. After all position and faculties cannot be conferred. They must be won, and worked for to be retained.

The democratic spirit applies to both ends of the social scale. The millionaire, the capitalist, the employer, has equally a duty with the labor man, to regard himself as a partner in the social organism, and with responsibilities and obligations as binding and as onerous as those which hold the worker in his place.

It is a new note for royalty to strike, and it is fitting that a democratic king, a constitutional monarch, a parliamentary official, like King George, should strike it. It marks the passing of the old monarchic idea, and sets up the higher and diviner standard which holds that he who would be greatest must be the servant of all.

How the Books Are Read.

The statistics of the use of books in the public libraries of Toronto for the month of June, 1918, has been tabulated as follows:

College, as usual, heads the list with 17,212, increase 1500. Dovercourt, 12,057, increase 300. Riverdale is keeping up its increases, 10,507, increase 1100.

High Park, an average of every book out once, 8164, increase 900. Beaches, 7490, increase 1100; Church, 6101, decrease 2400; Western, 5121, increase 200; Yorkville, 5085, increase 150; Queen and Lisgar, 4664, increase 200; Wychwood, 4656, increase 400; Deer Park, 4496, increase 200; Earlscourt, 4443, holding its own; Northern, 2613, increase 200; Eastern, 1852, increase 200.

Noteworthy is the decrease in Church street of over 25 per cent. Both High Park (not yet open two years) and Beaches, the newest of our libraries, are ahead of Church street in the use of books.

The three new and small branches, Wychwood, High Park and Beaches have a combined circulation this month of over 20,000. Of 17,253 books circulated from College branch 7825 were fiction—and this in the library into which two copies of every book of fiction bought for the library are sent. We shall kill that fictioneer.

The only libraries showing a decrease are the two old libraries of Church and Yorkville, both unfortunately situated.

THE RAILWAY MEN'S DEMAND

For Increased Wages Can Only Be Met by a Raise in Traffic Rates—D. B. Hanna Says the Railway War Board and the People Are Up Against It.

The people of Canada face two alternatives. They must either submit to another increase in railway rates—this time approximating 25 per cent—or suffer the chaos and industrial confusion bound to follow upon a nation-wide railway strike.

For a week past the Canadian Government Railway Board has been in conference with the Federated Railway Shopmen, and the latter were accepted nothing less than the McAdoo schedule of rates paid the shopmen in the United States.

The whole situation and outlook is interestingly discussed today afternoon by D. B. Hanna, third vice-president and general manager of the Canadian Northern Railway system. He has been in Ottawa for the past week taking part in the negotiations, and was surprised to find on his return to Toronto that the people here did not seem to be seized of the extreme gravity of the situation.

"The railways are facing the most appalling situation in their history, and the condition is little short of revolutionary. Our employees are insisting upon large increases in their pay, amounting in some cases to more than one hundred per cent. Generally speaking, they are demanding the same wages as the railway men are receiving in the United States. If their demands are refused there will be a general tie-up and a nationwide strike. In the end thousands of our best railwaymen will find their way to the United States, and there they will receive immediate employment at advanced pay. In the United States Hon. Mr. McAdoo, the director-general of railways, gave the men what they demanded, but raised passenger and freight rates to get the money. Moreover, the increase in pay was made retroactive, dating from January 1."

"If the railways give the men what they are demanding it will mean an additional burden upon the taxpayer of at least forty million dollars a year. It may mean a good deal more, because the shopmen in the United States are appealing from the McAdoo schedule, and if they get the rates for the two countries will have to be equalized and the burden may be nearer fifty millions than forty millions. I do not blame the men; they say they cannot make ends meet on the wages they are receiving, and I am not disposed to dispute that for a moment. The question is where on earth the gross earnings will have to be increased if the increase asked by the men is granted?"

Mr. Hanna then gave The World some figures to show that the railway companies were making less money now than they were a year ago, notwithstanding the recent rate increase of 10 per cent. The Canadian Northern, he said, showed an increase in gross earnings, but a startling decrease in net earnings. For the eleven months ending May 31, 1917, the gross earnings of the Canadian Northern were \$37,196,100. For the corresponding eleven months ending May 31, 1918, the gross earnings were \$42,400,000, or more than five million dollars less. The Canadian Pacific showed a loss in net earnings for the five months ending May 31, 1918, of more than five million dollars. The shrinkage in net earnings for May, 1918, compared with May, 1917, was \$883,944.

"What are you going to do about it?" The World enquired. "I think the country would rather have the wages of the men increased than face a universal tie-up of transportation at this time, but I can see no way the money can be raised to grant the increase unless the government and the railway commission permit the roads to correspondingly raise their passenger and freight rates."

"Will a 25 per cent. increase be necessary?" "Substantially that, of course, there is never a horizontal increase in all rates. Grades and lower Pacific and grain rates remain stationary. The so-called 15 per cent. increase of a few months ago only meant for an average increase of 9 1/2 per cent. A 25 per cent. increase such as Mr. McAdoo ordered in the United States would probably average an increase of 15 per cent. on all the traffic handled. You must also remember that a 25 per cent. rate increase does not mean a 25 per cent. increase in the price of the roads have a great many sources of revenue outside of passenger and freight rates."

Sections of Press Breathe Uneasiness—Distrust German Propaganda. Barcelona, July 8.—Signs are not wanting in certain sections of the Spanish press of uneasiness of what the verdict of history may be on Spain's attitude during the war. In spite of a well-organized propaganda in the form of a constant deluge of false information through the country by means of subsidized newspapers, and in spite of the undoubted pro-German sentiment of the army and a similar sentiment in other influential quarters, the indications are that events are slowly bringing home to the average Spaniard a sense of doubt as to whether his country's interests would, after all, not have been better served by a neutrality frankly friendly to the allies.

The machinations of the German espionage system have in several instances been glaringly exposed. One of the Madrid daily newspapers, although it has several times been suppressed by the military censorship, has succeeded in bringing to light activities of the German embassy in connection with the labor troubles in Spain last year, while within the past few weeks one of the chiefs of the Barcelona police was accused of being in league with the German consulate spy bureau for the purpose of assisting submarines along the coast.

It is currently reported that the discovery of the police official's complicity was made by an expert pickpocket who, in the course of his professional activities, came into possession of a pocketbook containing several compromising communications signed by the official in question. The thief at once recognized the value of the documents and sold them to the editor of a socialist newspaper, who lost no time in publishing them and in bringing grave charges against the police of aiding German submarines to sink Spanish merchant vessels.

After some delay the police official was arrested, and investigations now being made are expected to bring interesting information to light.

GERMANS END STRIKE IN STOCK EXCHANGE

Amsterdam, July 8.—As a result of the threat of the German military commandants to call up those exempted from military service unless the stock exchange strike in Germany was stopped, says The Frankfort Zeitung, the stock exchanges at Frankfurt and Bremen have decided to immediately resume business.

The German Government recently proposed to increase the stamp duty on stock exchange transactions from 30 pennings to two marks with an additional war duty of two marks on every thousand marks. As a protest against the contemplated new duties all the stock exchanges in Germany last week decided to abstain from business until the question was settled.

WOOL GROWERS TURNED DOWN

Railway Board Refuse Application Regarding Sheep by Car Load.

Ottawa, July 8.—The railway board has dismissed the application of the South Alberta Wool Growers' Association for a reduction in the minimum carload weight on sheep to 12,000 pounds, in single deck cars. The judgment was that at the present time, owing to the great demand upon the railway companies for cars to move supplies for the forces overseas, it would not be wise for the board to encourage the loading of cars below their carrying capacity. The efforts of the board, it is stated, are directed at the present time toward the securing of as near a capacity load for each car as is possible.

AN AWKWARD ENCOUNTER.

CHAPTER CXXVIII.

"I just met George, and he said you were in here alone, and as I should have no luncheon, I told him I should join you," she said, with an air of surly triumph. "I was not here, but I did not like her—that I never willingly went where she was—that I had, on more than one occasion, shown my dislike so plainly she could not help but see it; yet she had the audacity to force herself upon me."

"I am nearly finished, myself," I told her, as coldly as I could speak. "I came in, so I ordered very little. I did not breakfast until nearly ten."

"Why didn't you join us last night?" "I have been very ill, and have not been sitting up late."

"Oh, but you were up; I saw you looking in at the grill room door." "I never had been so absolutely non-plussed in my life. My face turned crimson. I knew how I hated this woman! Before I could frame an answer, she went on in a mocking voice: "I didn't tell on you, so don't look so distressed."

"Tell me! I do not understand, Mrs. Collins," I said calmly. "Oh, don't pretend you didn't run so that George wouldn't see you—or was it because you were cross, that he hadn't asked you to join the party?"

"I don't believe there ever lived any one who felt more like committing murder than I did, at that minute. Yet, I managed to keep cool. I had spoken of my husband as "Mr. Howard" each time, but she persistently ignored it and continued to call him "George." This always angered me, and it did so now.

"How do you know he hadn't asked me to join the party?" I asked. "I would see how far this woman was in my husband's confidence—just how intimate they were, how much she knew of our relations."

"Simply enough! Because he said so." "Mr. Howard knows I am not well enough to remain up until three o'clock in the morning," I would let her know that I was aware of the time he returned. She laughed tantalizingly: "You were away! You might as well be up having a good time, as lying in bed worrying."

"Worrying? That was the last thing I thought of doing. Why should I worry? Where the strength came to parry this woman's unkind thrusts I never shall know. But I felt like a different being. I had borne all that I should bear, and she knew it. From this time on I would be different! I had often heard of the "last straw," well, George's leaving me alone while he spent his time with her, on the night before, and now her insulting words and manner, were the "last straw" with me. George had wanted me to be different. I would be! He would see that I was changed, and others—principally Julia Collins and her set—should see it also."

"Julia Collins Shows Surprise." "Most women worry, when they are left out," she said, but I saw the look of astonishment come into her face, even though she quickly masked it. "Yes, when they are jealous of any one with whom their husbands happen to be. But when one feels as I do—that, because of many things, my husband prefers me to anyone else—there is no cause for worry."

A Line of Cheer Each Day of the Year

By John Kendrick Bangs.

AN APPEAL.

There are children in the world, little packages of life, Full of hope, and joy, and loving, wholly innocent of strife; Little rompers in the sunlight, little hearts with peace aglow, Knowing nothing of man's baseness, unacquainted all with woe.

Let us guard them, let us keep them in these "days of tangled skein" All secure in their seclusion from the clouds of human pain, And no matter how we suffer from the heart-break of the day, Let us guard them, let us keep them while the little children play.

Let us keep alive our hopes, and our loving, and our cheer, Let us set aside all yielding to the threatening of fear, For the sake of these our children—little packages of life, Full of faith and golden sunshine in the midst of human strife.

PRO-GERMAN DISCHARGED.

Washington, July 8.—Official correspondence made public today disclosed that Cleveland Abbe, jun., editor of The Monthly Weather Review, recently dropped from the government service, was dismissed because of "his well known sympathies for the Imperial German Government."

MAY SUPPLY FARINA BY DOCTORS' ORDERS

Canada Food Board Makes Arrangements in the Interests of Young Children.

Ottawa, July 8.—Following representations by a number of child specialists, relative to the importance of having available a supply of farina for feeding young children, particularly during the hot summer months, the Canada Food Board has made arrangements for this product to be obtainable in grocery and druggists' stores, upon presentation of a doctor's certificate. Retail grocers or druggists may place their orders with the food board; doctors may place orders in the same way for supplies of farina for hospitals or sanatoria. Retail grocers or druggists will be required to give an undertaking that they will not sell this food except under the conditions prescribed by the food board.

At present the retail price of farina in Ontario should not be more than 35 cents per package of 3 1/2 pounds, and not more than 40 cents for a 3 1/2 pound package at other places in Canada. Doctors will be expected to issue the required prescriptions in bona fide cases without charge, and a number have already indicated their willingness to do so. It is suggested that such prescriptions be made good for a period not exceeding three months, in order to avoid the necessity of having a prescription issued each time a supply of farina is required.

THE WOMAN WHO CHANGED

BY JANE PHELPS

"I just met George, and he said you were in here alone, and as I should have no luncheon, I told him I should join you," she said, with an air of surly triumph. "I was not here, but I did not like her—that I never willingly went where she was—that I had, on more than one occasion, shown my dislike so plainly she could not help but see it; yet she had the audacity to force herself upon me."

"I am nearly finished, myself," I told her, as coldly as I could speak. "I came in, so I ordered very little. I did not breakfast until nearly ten."

"Why didn't you join us last night?" "I have been very ill, and have not been sitting up late."

"Oh, but you were up; I saw you looking in at the grill room door." "I never had been so absolutely non-plussed in my life. My face turned crimson. I knew how I hated this woman! Before I could frame an answer, she went on in a mocking voice: "I didn't tell on you, so don't look so distressed."

"Tell me! I do not understand, Mrs. Collins," I said calmly. "Oh, don't pretend you didn't run so that George wouldn't see you—or was it because you were cross, that he hadn't asked you to join the party?"

"I don't believe there ever lived any one who felt more like committing murder than I did, at that minute. Yet, I managed to keep cool. I had spoken of my husband as "Mr. Howard" each time, but she persistently ignored it and continued to call him "George." This always angered me, and it did so now.

"How do you know he hadn't asked me to join the party?" I asked. "I would see how far this woman was in my husband's confidence—just how intimate they were, how much she knew of our relations."

"Simply enough! Because he said so." "Mr. Howard knows I am not well enough to remain up until three o'clock in the morning," I would let her know that I was aware of the time he returned. She laughed tantalizingly: "You were away! You might as well be up having a good time, as lying in bed worrying."

"Worrying? That was the last thing I thought of doing. Why should I worry? Where the strength came to parry this woman's unkind thrusts I never shall know. But I felt like a different being. I had borne all that I should bear, and she knew it. From this time on I would be different! LEAFS TAKE FIRST FROM HUSTLERS

Bating Rally in Tenth Turned the Trick—Umpiring Very Bad Again.

Rochester, July 8.—A smashing ten inning battle was fought out yesterday between Hank Hagen and Bugs Herche, the latter winning when a success of hits in the final round put a crimp into the Bronchos. Jim McCaffery was an interested spectator and roared loudly for his Leafs in the last round.

For a time in the early half of the game it looked as if there would be a riot. Umpire Johnson has been giving some extremely bad decisions and when he banished Smith from the game, the bleachers broke over the fence and started on a run for the ump. The Leafs ran out with their ball clubs to save the umpire and Captain Sherman and a squad of police chased the boys back. From then till the finish the bleachers gave Johnson a fearful hearing.

Bingos Again Victors While Bears Are Goats

At Jersey City—Baltimore overcame Jersey City by a score of 14 to 5 here yesterday. Hehl was hammered hard, while Lewis was effective after the first inning. R.H.E. Jersey City... 0 0 2 5 3 0 2—11 5 2 Baltimore... 8 0 0 2 5 3 0 2—11 5 2

FOUR IN TENTH

Saturday's Games and Schedule for Bridgen Cup and Dunlop Shield.

The Toronto & District F.A. held their usual meeting last night and transacted routine business. The Bridgen Cup final will be played at the Varsity Stadium on Wednesday, July 10, at 7 p.m., with Mr. W. Purcell as referee and Messrs. E. Spencer and A. Wench as line-men.

HOW CLUBS STAND IN THREE LEAGUES

Table with columns for Club, Won, Lost, Pct. for International League, American League, and National League.

TWO MORE CLOSE

Omaha, Neb.—Directors of the Western League, meeting here yesterday, abruptly ended the season for the league in professional baseball today.

T. & D. CUPS AND LEAGUE PROGRAM

SOLDIERS PLAY EXTRA END AND STILL A TIE

The first game for the Blackman trophy was played yesterday at College Hospital, Base College failing to win and the cup after the extra end. It was 45 at the 15 ends called for in the conditions and they played the 16th with the still unbroken. For College Perry scored two on the overtime and Hodgkinson three for the Base. Partidge had two good lookers until Mason with his last bowl changed them to one and it was 45 all. There were a large attendance, many friends coming over with the Base team, while the College staff, including the nursing sisters, were interested and enthusiastic spectators.

BIG-STICK BABE RUTH WON ANOTHER FOR BOSTON

At Boston—Boston and Cleveland divided honors yesterday, Ruth's triple to the right field bleachers in the last of the tenth scoring Strunk, who had singled, with the only run of the first game. Morton held Boston to three hits, two of them scratch, in the second game. Cleveland winning, 4 to 5. Five hits, one home run, and an error by Strunk.

Pirates' Luck Broken By Mr. Ragan of Boston

At Cincinnati (National)—Oeschger's wildness in the third inning yesterday permitted Cincinnati to score three runs on one hit, and gave the locals a 3-0 lead. Philadelphia could not overcome. Eller was wild but received great support. Heavy run made on both sides was due to a base on balls. Score: Philadelphia... 10 0 0 0 0 1 1—11 3 Cincinnati... 0 0 3 1 0 0 0—4 4

COBB DRAWING AWAY FROM NEAREST RIVAL

At Pittsburgh—Ragan's effective pitching yesterday put an end to Pittsburgh's winning streak and the game went to Boston, 5 to 0. Ragan held the locals to three hits and only two men reached second, none getting to third. Score: Pittsburgh... 0 0 0 0 1 0 0—3 0 Boston... 5 0 0 0 0 0 0—5 0

DAVISVILLE HOSPITAL GREEN FORMALLY OPENED

COLLEGE RETAIN BLACKMAN TROPHY AS BASE HOSPITAL FAILED TO BEAT THEM

The new Davisville Hospital bowling green was opened yesterday auspiciously. Everything favored the ceremony, especially the weather. Chairman Morgan Jellet, member of the Dominion Bowling tourney committee, was in the chair. The men were out in force and displayed keen interest, lining three sides of the greens (four rinks) on benches. Those on benches were as keen as their brothers of better fortune. Col. H. C. Bickford, D.O.C., and Col. Ryerson, A.M.C., attended. Mr. Jellet explained how the greens had been built by bowlers of the city of Toronto, under the auspices of the Dominion Bowling tournament, out of their own pockets, and equipped with bowling shoes, etc. F. M. Johnston, alderman and bowler, formally presented the trophy to the military authorities and Col. Bickford accepted them in a neat and characteristic speech.

ENTERTAINED MAGNANIMOUSLY

Lawrence Park entertained three magnanimously on Saturday, treating all to a fine dinner and a game of golf. The dinner was given by the Lawrence Park Golf Club, and the golf was played on the new course. The dinner was a success and the golf was played in fine weather. The golfers were entertained by the Lawrence Park Golf Club, and the dinner was given by the Lawrence Park Golf Club.

TO RACE AT EXHIBITION PARK

A number of the starters in tomorrow's matinee at Exhibition Park were given their final prep. Saturday, and indicated a new point of view in the race when George Doonda (2144), Dan Alger (2214) and the Indian (2094) were the favorites. The Indian (2094) has worked miles close to 2:30 this spring, while the Alger gelding has clung to the lead in many of his races, and a rapid let-down. Reg Wing and Emily Deforest (2155) will also start in the trot, with but three entries, on present form, looked easy-picking for the 2:17, but Mr. Burns' Princess Ocala, recently worked Dufferin track in 2:12, is a serious contender. The second race will be a 2:30 race, and this performance more than compensates for the fact that the horse is optimistic over the wonderful improvement of Miss Clara. Todd this spring, mainly by stout claims he is set to win.

SOCCER NOTES

The following S.O.E. soccer players should be on hand for the league game with No. 4 School of M.A. tonight, kick-off at 7 o'clock: Kemsey, Chadwick, Barre, Robinson, Cox, Coriam, Templeton, Smith, Taylor, Horton, Fisher, Chalmers, Garrett, Payne, Holbrook.

BIG BOWLERS GO DOWN IN THE PRELIMINARY

Ontario Bowling Association Tournament Opens at Niagara-on-the-Lake.

Niagara-on-the-Lake, July 8.—The forty-first annual tournament of the Ontario Lawn Bowling Association opened this afternoon on the grounds of the Queen's Royal Hotel, under very favorable conditions. The weather was fair, and there was a strong wind off the lake, and the bowling green was in excellent condition. The management of the Queen's Royal received many compliments thereon. While the entries were not so numerous as in previous tournaments, they included some strong rinks, and there were two definite winners. One of the most enjoyable tournaments in the association's history.

ENTERTAINED MAGNANIMOUSLY

Holiday Furnishings

Many useful and seasonal suggestions to help you make your vacation comfortable and enjoyable are shown in great variety at HICKEY'S, the Clothes Shop.

For Bathing. The man after a bathing suit can find the very style he has in mind right here, from one and two-piece cottons very cheap, to the all-wool English suit at \$5.00.

For Fishing. A tan duck suit with good style and endless wearing quality should be of interest to each amateur Ike Walton. Priced low enough for you to want one—\$5.50 up.

For Traveling. A big selection of newest styles in two-piece suits, including all the popular lines—\$15.00 up.

No Extra Price for HICKEY'S SERVICE

HICKEY'S 97 Yonge St.

PATHFINDER The Great KING OF ALL GIGARS.

Every time the Beaches and Riverdale Lacrosse Clubs meet, the game is assured. In all these two teams have met on different occasions, the first game resulting in a tie, while the second game went to Riverdale by a score of 5 to 4. In the third game, in which the winning goal was scored in the last minute of play, on Saturday the two teams met at Scarborough Beach, and the game was no exception to the other two, being keenly contested from beginning to end, with the Beaches coming out on top, with the long end of a 3-to-7 score.

Beaches and Riverdale In Another Good Game

For the Riversdale Whitehead and Starling, the two ex-Tecumseh players, were the outstanding stars, although the three Chandler boys all played magnificent lacrosse throughout, while Deschamps at centre did a fine job in the fielding. Starling's work was a treat to watch, he being in the thick of the play all times, taking passes and shooting at seemingly every angle, while Whitehead's experience stood him in good stead at all times in breaking up the Beaches attack. It is quite likely that another game will be played on Wednesday night, between the same two teams, the game to take place at Scarborough Beach. The two teams lined up as follows: Beaches (9)—Goal, Coutie; defence, Bullen, Reeves, Johnston, Smith; centre, Atwell, Finner, Clegg; forwards, Bullen and Oakley; substitutes, Nesim and Robertson. Riversdale (7)—Goal, Smiley; defence, Whitehead, F. Chandler, McFadden, Robinson; centre, Deschamps; home trotter, Starling, Johnston, F. Chandler and A. Chandler. Referee—Jack Dunn.

PENNY ANTE

Ladies' Night

BY GENE KNOTT

PLAYGROUNDS SOFT BALL

Soft ball games at the playgrounds last evening resulted as follows: Intermediate A... 16 Elizabeth... 6 O'Neil... 16 Riverdale... 13 St. Andrews... 14 Earlscourt... 4 Junior Boys... 10 High School... 10 Senior Girls... 10 St. Andrews... 15 Moss Park... 5 E. Riverdale... 10 McCormick... 20 Oiler... 11

AMATEUR BASEBALL

The Veterans handed Special Service, the league leaders in Section 1 of the Toronto Military League, their first setback of the season when they defeated them 6 to 5, at Stanley Park Saturday. Assail, the Vets' new pitcher, was on the rubber, and held the hard-hitting Service team to seven hits and struck out nine. Service many misplays of his team-mates got him in some tight holes, but he proved to be very effective with Smith's bat. Webber, who has been on the ailing list, was in no condition to pitch. His battery-mate, Pennock, was out of the game thru injuries, and the peppy catcher was missed. The fielding by the Freeman home run were the features of the game. Repair crew were unable to play Cadeit on account of the rain. The Vets played a picked team and easily defeated their opponents. The Vets... 10 1 0 0 0 0—5 6 7 Veterans... 0 1 0 0 1 0—3 7 1 Batteries—Asaph and McKenzie; Webber and Flanagan.

Ida Looks 'Em Over Circuit Races Open at Cleveland

LOWVALE PARK FOR GOOD BASEBALL

Four Thousand Fans Saw Western City League Players Battle on Saturday.

By Ida L. Webster. Some five or six roads lead to Western City Baseball League grounds at Willowvale Park, and everyone of the roads was crowded with enthusiastic spectators on Saturday afternoon.

In the first game of the double bill, Wyckwood and Moose clinched, but although the former have a very good team, yet it was not good enough to stop the other bunch in the form they were in on Saturday.

who, by the way, is Genien, he is one good ball player, not only in the field, but at the bat, and on the bases also.

They All Have Them. Robert and Ezer were the hitting kings of the game for Moose, and Schryer and Hill the only two who hit on the Wyckwood side.

And, speaking of this same shortstop, and Starling, were the three Chandeliers in front, with the second baseman and the pitcher.

and Starling, were the three Chandeliers in front, with the second baseman and the pitcher.

and Starling, were the three Chandeliers in front, with the second baseman and the pitcher.

OUTSIDER WINS IN RECORD TIME

Only One Favorite in Front First Day of Grand Circuit Races.

Cleveland, Ohio, July 8.—The 1918 Grand Circuit harness racing season opened at North Randall today, with a large crowd in attendance, despite the raw, chilly weather.

The Edwards Stake, for 210 pacers, went to a Game of Chance, an outsider in the betting succumbed to Peter Look, the favorite, in the first heat.

A Game of Chance took the next two heats, in pacing the second heat in 2:03 1/2 the black horse clipped a quarter of a mile off the record set by Vernon McKinney in 1911.

The first division of the Forest City Sweepstakes for two-year-olds trotters, went to Perisco, while the second division of the sweepstake was taken by Dark Flower in straight heats.

The 2:06 pace resulted in a fierce battle between Directum and Walter Cochato, the former capturing two of the three heats.

Harvey K. finished a close third. Miss Perfection the 2:07 winner after losing the first heat to Kelly De Forest.

The summary: 2:07 class, trotting, purse \$1500, three heats: Miss Perfection, b.m., by Gen. 3 1 1

Kelly De Forest, b.h. (Murphy)... 1 6 5

Bacell, b.h. (Cox)... 2 4 2

Gentry, ch.f. (Geers)... 3 4 5

Brescia, b.m. (Rodney)... 5 3 2

Zomrec, b.h. (McDonald)... 4 5 4

Forest City Sweepstakes, value \$2500, two-year-olds, trotting (second division): Perisco, b.f., by Silko (White)... 4 1

From St. Francis, 12-4, and also covered themselves with glory by putting in a triple-play.

Depot in the opening game of the No. 2 Hickey hit to Myles, who threw out Dopp at the plate.

hitter out at first, and Spanton threw to Turofsky, getting Morrissey, who had overrun third.

Turofsky and Alton got three safe ones, and Michie, Hennessey and Monkhouse two.

Genien, McKewen and Monkhouse fielded in A1 style, while the Hillcrest team all fielded well.

First game—R. H. E. Moose... 0 0 0 1 1 2 1 1 1 3

Second game—R. H. E. Hillcrest... 6 3 6 2 0 0 5 0 12 14 3

AMATEUR BASEBALL

Browns and Gutta Percha were both easy winners over the second division teams in the Lake Shore League Saturday.

the former emerging on the long end of a 4-0 score, and the latter swamping Regals by 22 to 7.

Gutta Percha had a merry-go-round with Regals, nearly every player fanned their batting average considerably.

Regals were half-count, Gutter pitched and McAllister waled out home runs.

Teedie Walker whipped a triple over left field, and the game was a double, Ted led the clouters with five hits in six trips.

For Regals, Manager Matson and Jarrett led the hitters with three each.

Browns... 0 0 0 3 2 0 0 0 1 1 5

Batteries—Dee and Holden; Marquis and Prevost, Umpire, Clarke.

Gutta Percha... 3 5 1 1 2 3 7 4 22 24 2

Batteries—Teedale, Austin, Biddell, Biddell and McAllister; Pickett, Barnes, Fullerton and Matson, Umpire, Clarke.

An immense crowd was out at Willowvale Park to see Moose and Hillcrest win their games, and incidentally witness a triple-play.

Moose batted Wyckwood out in the second game by a 15 to 3 score. Alex. Graham simply played with the O.T.C. batters, two scratch singles being the extent of their offensive activities.

The Dents' ace finished strongly by leading the last three batters, Burton, Brown and Brydges, led the Dents' team.

Recruits Depot... 0 1 0 0 1 0 0 0 2 3 3

Batteries—Corbett and Collett; Cotter and Mooney.

Outsider Lands Second at Latonia

Latonia, July 8.—The races today resulted as follows: FIRST RACE—Claiming, purse \$700, maiden colts and geldings, 2-year-olds, 5/8 furlongs.

SECOND RACE—Claiming, purse \$700, 3-year-olds, 5/8 furlongs.

THIRD RACE—Claiming, purse \$700, 3-year-olds, 5/8 furlongs.

FOURTH RACE—Claiming, purse \$700, 3-year-olds, 5/8 furlongs.

FIFTH RACE—Claiming, purse \$700, 3-year-olds, 5/8 furlongs.

SIXTH RACE—Claiming, purse \$700, 3-year-olds, 5/8 furlongs.

SEVENTH RACE—Claiming, purse \$700, 3-year-olds, 5/8 furlongs.

EIGHTH RACE—Claiming, purse \$700, 3-year-olds, 5/8 furlongs.

TODAY'S ENTRIES

Latonia, Ky., July 8.—Entries for tomorrow are as follows: FIRST RACE—Claiming, 6700, two-year-olds and up, 5/8 furlongs.

SECOND RACE—Claiming, 5000, four-year-olds and up, six furlongs.

THIRD RACE—Claiming, 5000, two-year-olds, 5/8 furlongs.

FOURTH RACE—Claiming, 5000, three-year-olds and up, one mile.

FIFTH RACE—Claiming, 5000, three-year-olds and up, one mile.

SIXTH RACE—Claiming, 5000, three-year-olds and up, one mile.

SEVENTH RACE—Claiming, 5000, three-year-olds and up, one mile.

EIGHTH RACE—Claiming, 5000, three-year-olds and up, one mile.

AT AQUEDUCT

COUNCIL OF WOMEN REFUTE CHARGES

They Have Investigated Rumors Regarding Lady Aberdeen.

SUMMARY OF EVIDENCE

[This Shows Disposition of Money Which Was Collected.]

The following letter has been received by The World from Mrs. Sanford, president of the National Council of Women:

Statements made in the press, together with innuendoes and rumors derogatory to the character and work of the advisory president of the National Council of Women of Canada, made it seem advisable and right that these should be investigated, and a statement made in regard to their truth or falsity.

This has been done, and the facts established by the evidence now in the hands of officers of the National Council amply refute such charges and and untruths. A summary of this evidence is here appended:

Telegram from J. C. Hoyer, treasurer in Boston of the Women's National Health Association of Ireland, who says, "Approximately \$30,000 sent forward to destination."

Letter from G. P. Mountain, manager foreign department, Federal Trust Co., Boston, giving dates and amounts, both in British and American currencies, of seventeen remittances sent to Sir William Thompson, Dublin, treasurer of the Women's National Health Association, between November 24, 1915, and April 30, 1918, amounting to \$22,524.10.

Telegram from M. Macdonald, secretary for A. C. Kains, treasurer in San Francisco of the fund, which telegram says, "Amounting to \$28,400. It is customary in this country in all charitable work to apply part of receipts towards expenses of the work, but no such application made here."

Note from J. P. Morgan, re remittances sent to Sir William Thompson, Dublin, of \$4000 and \$1000 respectively.

Letter from Charles R. Kearney, New York, chairman of the American auxiliary to the Women's National Health Association of Ireland, giving full particulars re the failure of Charles Chaplin to appear at the performance given recently in New York for the fund; of the arrest of the man who was supposed by Judge Swann to have managed the affair, and of the district attorney, Judge Swann, to appear as a witness against him. Also of the difficulty of securing passage which alone had prevented Lord and Lady Aberdeen returning to Scotland some weeks earlier; and a denial of the statements published in the press which were said to have been made to Lord Aberdeen by Judge Swann re the discontinuance of the work of the association in America, Mr. Kearney having been present at the interview.

Letter from J. J. Curtin, barrister, of New York, who confirmed all the statements made by Mr. Kearney.

Letter from J. D. Williams, manager for Charles Chaplin, explaining that his contract with the syndicate prevented his keeping his engagement with Lord Aberdeen to appear at this letter bearing date two days after his promised appearance.

HOME FROM FRANCE.

Nursing Sister Marjorie A. McWilliams, daughter of H. McWilliams, 49 Spencer avenue, is on leave and will spend her holidays with her parents at their summer cottage, Lorne Park. During the past year Miss McWilliams was stationed at No. 3 general hospital at Boulogne, France.

The Safest Matches in the World Also the Cheapest ARE

EDDY'S

"SILENT 500'S"

SAFEST because they are impregnated with a chemical solution which renders the stick "dead" immediately the match is extinguished.

CHEAPEST because there are more perfect matches to the single box than in any other box on the market.

War time economy and your own good sense will urge the necessity of buying none but EDDY'S MATCHES.

E. B. EDDY COMPANY LIMITED HULL, CANADA

War Garden Bulletin

A LETTUCE TIP.

Lettuce should be sown three times during July, and the young seedlings must be kept well watered. In fact, all lettuce should be kept very moist to prevent it from running to seed too quickly.

If you have not planted your lettuce in a shaded place, you might build a cheesecloth frame over the plants that are beginning to head up, and spray them each night and morning during the warm weather. This is the real secret of good, crisp lettuce.

FRENCH TAG DAY PLANS COMPLETED

French Tag Day will be observed in Toronto on Monday. Since the war the day has been a familiar one to Toronto, because on each recurring anniversary a special appeal has been made thru the call of the Secours National for the many needs of the French people.

Yesterday a meeting was held at the headquarters of the society, 14 West King street, when Mrs. Phillips Gilbert, one of the vice-presidents, opened the meeting by saying a few words about the pressing necessities in which many of the French find themselves, then asked Miss Church to take the chair, the chief business of the meeting being that the captains might draw for their districts.

Miss Church explained that a change had been made in the date of holding the "tag," it having been postponed until September. In answer to a special call from the Red Cross of France to the British Red Cross, and thru that organization to Canada, the collection would take place on the anniversary of the fall of the Bastille as usual. As this, however, falls on Sunday—July 14—the day following has been selected.

The want of funds to clothe and feed the thousands of refugees is immediate. A Toronto woman lately has a letter which told of a little village meant to accommodate 800. Its population just now is 35,000. To help conditions such as this typifies is the occasion of the "tag." This year more than on any former occasion it is hoped that Toronto will once again show its liberality and the generosity of which it is capable.

REPORT FOR THE WEEK ON SOLDIERS' COMFORTS

Mrs. Arthur VanKoughnet, convenor soldiers' comforts of the Women's Patriotic League, reports for the week the following shipments overseas to the Canadian front: comforts commission and the Queen Mary's Needlework Guild: 686 pairs of socks, 74 suits pyjamas, 24 shirts, 149 pairs of shoes, 48 pillow cases, 69 bogs, 53 caps, 44 overstockings, 72 swabs, 30 hot water bottle covers, 9 bed jackets, 22 men's jackets, 6 24-T bandages, 6 pairs slippers, 12 wash cloths, 800 gun wipes, 7 Balaclava helmets and a quantity of magazines.

SOCIETY

CONDUCTED BY MRS. EDMUND PHILLIPS

Major General Lyons Biggar and Mrs. Biggar are at the Queen's Hotel, en route to the coast.

Mr. John S. Cartwright, K.C., and Mrs. Cartwright, celebrated their golden wedding last Saturday at their house in Prince Arthur avenue, when several of their children were at home.

Mr. Edward Greig has invited the members of the Women's Press Club to visit the exhibition of children's pictures at the Art Museum at the Grange, this afternoon.

The Sabot of Toronto and Mrs. Jacobs spent the week-end in Buffalo. Mr. Thomas Rennie, Mrs. Rennie and their family, Mr. G. C. Jones, Mr. and Mrs. Henry Thompson, Mr. and Mrs. H. W. Lind, Mr. Harold Taylor, and several others are at the Queen's Royal Niagara for the bowling tournament this week.

Mr. and Mrs. Sigmund Samuel have taken a house in Muskoka for the summer, and their children are there, Mrs. Samuel leaving town later on.

Mrs. Samuel Small (formerly Toronto), York, Pa., and her young son are spending the summer at the Queen's Royal Niagara. Mrs. R. F. Taylor and Mr. S. A. P. Bellingham are visiting Mrs. Small.

Miss Phyllis Macklem and the Misses Langmuir are spending the summer at Minicouashene.

Miss Clara Dunn has returned from a visit to Mrs. J. L. Lewis at Niagara-on-the-Lake.

Mr. and Mrs. R. A. Lyon are spending the summer at Sault Ste. Marie.

Capt. Methvin spent the week-end with Mr. and Mrs. Watson, Niagara-on-the-Lake.

Mrs. George S. Wilson and Miss Constance Wilson are at Mrs. Osg's, Centre Island.

Captain Foynton, Niagara-on-the-Lake, has been transferred to the staff at Ottawa.

Miss Marion Good and Miss Geraldine O'Grady were at Niagara-on-the-Lake for the week-end.

Mr. and Mrs. Joseph Miller, Bismarck road, are leaving today for the Wa-Wa, Lake of Bays, where they will spend July and August.

Mr. Arthur H. Jacobs, of the Officers' Training Corps has left for overseas.

Mr. George Tracey has been spending a few days in Brockville with his mother and sister.

On Saturday evening, July 6, at 8 o'clock, the wedding took place, at the beautiful home of Mr. and Mrs. Albert Oakley, Balsam avenue, of their only daughter, Annie Constance, to Mr. Stanley Fenwick Kitto, formerly lieutenant 228th Battalion, C. E. F., second son of Mr. J. S. Kitto. Rev. Canon MacNab was the officiating clergyman. The bride looked sweet and girlish in her wedding gown of white georgette crepe trimmed with Irish point lace, a tulle veil formed into a Juliet cap, with orange blossoms, and carried a shower bouquet of lilies and orchids.

Mrs. William Bryan (formerly Miss Marjorie Hawkey, a recent bride) was the matron of honor, wearing a frock of pink georgette crepe, and carrying pink roses. Lieut. William Bryan, R.A.F., was the best man. Mrs. Allan Leadley, aunt of the bride, who was in white crepe de chine, played the wedding music from Lohengrin as the bride entered the room on the arm of her father, who gave her away. The rooms were fragrant with peonies, syringa, etc. At one end of the room where the ceremony took place the flowers were massed with a backdrop of palms and flowers. The dining-room was decorated with roses, the wedding cake crowned with roses being the central ornament.

After the ceremony Mrs. Oakley held a reception, wearing white satin trimmed with Brussels point de gaze, with ornaments. At the buffet supper the health of the bride was proposed by Mr. R. C. Harris in a happy little speech. The bridegroom's gift to the bride was a cluster diamond ring set in platinum, the bride's parents giving a substantial cheque. Later in the evening Mr. and Mrs. Kitto left town en route to Algonquin Park, where they will spend a month, the bride traveling in a grey tailor-made with a grey and old rose hat and white fox fur. The bridegroom was overseas for more than two years in the early part of the war, having enlisted with the 19th Battalion, and saw service at Ypres, St. Eloi, Zillebeke, etc. The guests included the following: Mr. and Mrs. R. C. Harris and Miss C. Harris, Mr. and Mrs. G. Wallace, Folsburg, Pa.; Mr. and Mrs. J. S. Kitto, Master Spencer and Miss Dorothy Kitto, Mr. and Mrs. Lennox Kitto, Mr. and Mrs. Emily Oakley, Mr. and Mrs. W. Readman, Mr. and Mrs. A. J. Young, Mr. and Mrs. C. C. Moffitt, Dr. and Mrs. H. W. Burgess, Mr. and Mrs. Chas. V. Haldebey, Mr. and Mrs. F. M. Baker, Mr. and Mrs. R. J. W. Barker, Mr. and Mrs. Casper Clark, Mrs. Laura C. Day, Philadelphia, Pa.; Phyllis Rose, Mrs. Allan MacEachren, Mr. and Mrs. Charles Simpson, Lieut. and Mrs. W. Bryan, Miss Euzene Quehen, Miss Clara Davidson, Miss Emily Oakley, Miss Annie Oakley, Mr. Alfred Oakley, Mr. and Mrs. W. H. Robson, Mr. and Mrs. Charles Oakley and Miss Campbell, Miss Violet Miller, Mr. and Mrs. Stanley Miller, Miss Louise Bryan, Miss Valera Humphrey, Mr. and Mrs. W. A. Gurney, Mr. and Mrs. W. A. Chalmers, Mr. and Mrs. W. J. Brandham, Mr. and Mrs. G. Oakley and Miss Oakley, Pasadena, California; Mr. and Mrs. C. W. Edwards, San Jose, Cal.; Mrs. J. H. Mulholland, Long Beach, Cal.

Some of the subscriptions were: Miss M. L. Allen, \$100; the contents of two mite boxes, per Mrs. Campbell Reeves, \$28.24; proceeds of a recital held by Miss Emily M. Baker, \$27.19; Miss Campbell, \$25; Seaford branch, \$20; Mrs. R. Kelly, \$15; Mrs. R. Laidlaw, Miss M. C. Laidlaw, each \$20; Weston Belgian relief committee, \$12.80; Oakville W.P.L., \$17.00; Mrs. E. F. Ford, \$17.40; Porel, P. S. teachers, \$11.10; collected by Mrs. W. Landreth and friends, Drumbo, \$11; R. A. Barnes, Mr. and Mrs. Sullivan, Miss M. Currie, Miss Catherine Welland Merritt, Mr. W. J. Bassett, Mrs. Larrat Smith, each \$10.

The number of war orphans in Belgium is increasing steadily. Much has been done already to relieve their sad condition, but still more serious steps must be taken to assist and educate these poor little souls, the children of ignored heroes who have given their lives for the triumph of democracy and for the liberty of the world.

The cost of maintaining an orphan is \$2.70 per month and a number of people, either individually or in groups of two or three, also organizations, have become responsible for that amount monthly. Any other willing to undertake this patriotic work should write to the Belgian relief committee, 95 West King street, Toronto.

Had No Marriage Certificate But Produced a Wife Instead

Niagara Falls, Ont., July 8.—Jas. Borrea, who came here from Toronto, and who was arrested here last night for being a defaulter, was released today. Borrea had no marriage certificate on him, but said he could produce a wife. He was told to get her and he did so by long distance. She came to this city today and identified the prisoner as her husband.

Major General Lyons Biggar and Mrs. Biggar are at the Queen's Hotel, en route to the coast.

Mr. John S. Cartwright, K.C., and Mrs. Cartwright, celebrated their golden wedding last Saturday at their house in Prince Arthur avenue, when several of their children were at home.

Mr. Edward Greig has invited the members of the Women's Press Club to visit the exhibition of children's pictures at the Art Museum at the Grange, this afternoon.

The Carpenter and your daily food

THE carpenter who made Dollie's wagon used at one time a hammer, at another a chisel, plane or screw driver. He needs all these tools to do the work properly.

In similar fashion the human body needs the special services of proteins, of fats, of mineral salts, or carbohydrates and vitamins. The healthy body must have all. That's what food experts mean by a "well-balanced" diet.

Another thought; no one tool has been invented which would do for the carpenter the work of all his tools. But Nature has done somewhat better in the case of food.

In milk you get all the essential food materials. You get them combined, in an easily digestible form. You get them balanced. That is why babies and invalids are sustained by a milk diet—it is the most nearly perfect single food.

You get Nature's first food in its purest and safest form when you buy Farmers Dairy Milk.

For it comes from the finest farms in Ontario; from regularly inspected herds, kept well-fed and well-tended; from a dairy whose scientific equipment and high standards are recognized throughout America as the last word in safety and assurance.

By making this milk a more prominent part of your daily food you will achieve a more balanced diet and better health. Begin today.

GIVE ENTERTAINMENT AT WHITBY HOSPITAL

Julie Allen, of the Allen Theatre, Toronto, took a motor party of fifty to Whitby Military Hospital, Sunday, in the interest of the several hundred patients now receiving treatment there.

Mr. Allen, who has been instrumental in providing generously towards the entertainment for the Whitby hospital boys, took this opportunity of personally inquiring into the entertainment situation at the hospital, in order that he could be certain that the right kind of films were being sent to the convalescent patients.

In the huge hospital theatre, which has a seating capacity of 1,600, movies are shown every evening except Tuesday, when a dance is held and occasionally a concert is put on by a company of artists from Toronto.

Mr. Allen's party spent a delightful day at the hospital, where dinner and tea were served to the guests, who afterwards furnished a fine entertainment of musical numbers in the evening.

Mr. Allen, in replying to the vote of thanks extended by the commandant, Major Archibald, stated that it was his privilege to furnish films—the very best that the Allen shows in Toronto.

WINE TWO DECORATIONS.

Nursing Sister Norma Emery, who has arrived in Toronto from France, is the youngest nursing sister to receive the white, blue and red tricolor for nursing special contagious diseases. This is the second French decoration Miss Emery has received, the "Reconnaissance Militaire" having been awarded her after a year of service in the hospital.

After three years' V.A.D. service overseas, Mrs. Phyllis Adye Pettit is in Toronto on three months' leave. Her home is at 533 Huron street.

HOME ON FURLOUGH.

Uncle Bob asks: 'HOW MUCH IS UNCLE BOB WORTH. DOES ANY ONE KNOW?' Polly replies: 'UNNY YAS, POLLY JESS A EVEN THREE MILLION!' Uncle Bob asks: 'YER (GROWING MAN) THREE MILLION AN' FIFTY DOLLARS IS HIS TOTAL!' The cartoon is signed 'By Sterrett.'

BEAUTY CHATS

By EDNA KENT FORBES.

Make Your Pretty Clothes

A woman's reputation for looks is built upon her "dressed-up" appearance, but upon the glimpses of her when she is not arrayed for publication. Many a woman's reputation as a beauty has been spoiled by some small boy's comment on her, curled up in the backyard with her hair in curl papers.

Remember, with a little pulled around the ears for looks—and the woman is neat and pretty to go about her work. I think curl papers and sloppy wrappers ought to be grounds for divorce; probably they are a basic reason for many broken homes.

Questions and Answers. Very Anxious—I wonder how many letters I have received from trusting souls like yourself who have answered some of the printed promises of "instant relief" or "magic transformation" by the mere use of twenty-five cents' worth of somebody-or-other's made good? It took years to get those wrinkles in your face; do you really believe anything was ever made to smooth them instantly?

There is one way to smooth out wrinkles, and that only does it partially; for the wrinkle is always coming back. That is massage with a nourishing cold cream and an ice rub. This feeds the skin and stimulates the blood, and the ice acts as the needed astringent.

Letters. E. M.—The best coloring for dark hair is sage and sulphur. This is quite harmless and, indeed, rather good for the hair; both sage and sulphur are used in many hair tonics.

Constant Reader.—Have you tried lemon juice and buttermilk for the freckles? Try mixing corn meal and sour milk to make the skin soft, and spreading over the freckled skin, letting it stay on a few minutes and then washing off. This is an excellent bleach and makes the skin soft, as well.

The World's Strangest Tales of Romance and Adventure. The Monarch Who Lost His Crown and Life. No series of stories concerning the actual romance and tragedy of the world would be complete without that of the unfortunate Ferdinand Maximilian Joseph, brother to Francis Joseph, late emperor of Austria, and the relative of a score of the titled families of Europe.

The Kewpie Korner by Rose O'Neil. Kewpiegram. On this Spring Morn, I'd like to shirk My rightful share of this world's work, And with the Kewps shin up a tree. But they've found work there, I now see— And so I might as well keep cool And shn right up my office stool!

OFFICIAL STORY OF THE WEEK'S WAR

Italian Successes Have Produced Serious Effects in Austro-Hungarian Armies. ARE ALWAYS HUNGRY. British and French Success Has Given Greater Opportunities on West Front.

Ottawa, July 8.—The following is a summary of the war situation for the past week cabled to Canada by the British ministry of information and issued here by the director of public information:

There have been minor operations on the allied fronts in the west. The Italians conducted minor operations on the northern front and between the branches of the Lower Piave. The operation in the north resulted in the capture of certain important peaks previously of great assistance to the enemy in attacking.

War weariness among the troops is considered caused by the poor food and lack of rest. The situation is not exaggerated. There is great death everywhere and the number of which troops are affected is not small.

Paris, July 8.—Thousands of propaganda rifles for sending propaganda over the enemy lines are now in use in the allied armies, according to James Kearney, director of the Franco-American committee of public information. From these rifles grenades are discharged by means of which tracts and pamphlets may be scattered along enemy trenches with considerable exactitude at a range of more than 200 yards.

On the French front, in two minor operations, the French retook high ground between the starting point, the Pierre L'Aigle, while French and American troops retook Hill 204 in the Vosges. The French retook high ground between the starting point, the Pierre L'Aigle, while French and American troops retook Hill 204 in the Vosges.

FISH

How to prepare fish. How to cook fish. How to make the proper sauces to serve with fish. The appetizing qualities and food value of fish will be thoroughly demonstrated free.

Admission FREE—Come Yourself and Bring a Neighbor With You. For further information apply to MRS. ELEANOR GURNETT, Secretary Women's Auxiliary, Organization of Resources Committee, 45 King Street West, Fifth Floor, Main 3501.

TONES IS UNCERTAIN IN GRAIN MARKET. Move to Advance Wheat Price Has Strengthening Effect on Corn. Chicago, July 8.—Action of congress looking to higher prices for wheat stimulated an advance in the value of corn today, notwithstanding announcement of a veto forthcoming from President Wilson.

BALLOONS SPREAD ALLY PROPAGANDA

Thousands of Specially Devised Rifles Also Fire Pamphlets. Paris, July 8.—Thousands of propaganda rifles for sending propaganda over the enemy lines are now in use in the allied armies, according to James Kearney, director of the Franco-American committee of public information.

For greater distances small balloons, made of cloth, are used. Each of these lifts 20 pounds of propaganda literature and by means of a mechanical device drops a quarter pound of these documents at 15-minute intervals. The radius of action of these balloons in a 20-mile wind would be Hamburg, Berlin, Vienna and Trieste.

On the French front, in two minor operations, the French retook high ground between the starting point, the Pierre L'Aigle, while French and American troops retook Hill 204 in the Vosges. The French retook high ground between the starting point, the Pierre L'Aigle, while French and American troops retook Hill 204 in the Vosges.

TO FILL IMPORTANT JOBS. Commission Will Call for Applications to the War Purchasing Board. Ottawa, July 8.—An indication of the intention of the government to have all important positions filled by the civil service commission, under the authority of the War Purchasing Board by the Civil Service Act of last season, is the calling by the commission for applications for three important positions on the war purchasing board.

FELLOWS ELECTED. Royal Canadian Institute in London Issues List of Successful Candidates. London, July 8.—The following have been elected fellows and associates of the Royal Canadian Institute: Thomas H. Blacklock, Ottawa; George C. Copley, Hamilton; Edward J. L'Esperance, Montreal; Alfred Lynn-Lester, Montreal; Frank A. Magee, Hamilton; Daniel A. Murray, Montreal; Charles V. M. Harding, Toronto; Capt. Charles P. McCallum, Calgary; Lieut. P. Mountain, Hamilton; F. M. Oliver, Medicine Hat; John M. Wylie, Toulon, Manitoba.

POPULATION OF QUEBEC. Quebec, July 8.—The population of the City of Quebec, according to the new directory issued by Mr. Edouard Marotte, is 103,462. These figures accord with the census taken in April last. The total valuation of the city is placed at \$90,015,857 of which \$70,782,957 is assessable and \$19,232,857 non-assessable. The city is divided into six wards, the areas being 1,660 acres.

GERMANS CONSPIRED RETURNED PRISONERS

Amsterdam, July 8.—In the course of the debate on the budget in the German Reichstag on Friday, says the Cologne Gazette, Gen. von Stein, the Prussian minister of war, said: "Prisoners returned from Russia at any time are re-employed in the army. The position is different with exchanged prisoners from Great Britain and France, regarding whom we accepted conditions under which such employment is impossible."

On the morning of July 4 Australian troops, assisted by American units, carried out a very well executed operation south of the Somme in the same sector, where they had already made such remarkable local success. They advanced their line approximately one and a half miles, capturing the Village of Hamel and Vaivre Wood, and in addition to the prisoners the German losses were heavy, while the attack was so well organized that our own losses were exceptionally slight.

Two Germans Desert. With the American Forces on the Marne, July 8.—Two German deserters crossed the American lines on the Marne last night. They said they were tired of the war and the ill-treatment of their officers who walk on them far and feed them little. One of the deserters was formerly a merchant. The other was a farmer.

"Live in a Worry" invites death in a hurry. Worry wastes nerve force at a tremendous rate. The more exhausted the greater the tendency to worry. Then how is one to get out of this vicious circle? By building up the nervous system with the aid of Dr. Chase's Nerve Food. As the nerves are strengthened you forget to worry and find yourself resting and sleeping naturally.

TRADE TOPICS. The week in business was featureless and unsettled owing to the Dominion Day holiday at the opening, weather conditions and the fourth of July tourists trade being below normal at the close. In wholesale dry goods there is only a fair volume of trade, and few prompt orders. In nearly all lines difficulties in the way of securing goods increase weekly, and British cotton goods are restricted owing to government regulations. On all other lines there is little change, and distribution is of a seasonal character.

JAPS LOOK TO DEFENCES. Council of Field Marshals and Admirals Organize Army in Twenty-One Corps. London, July 8.—Measures for perfecting the national defenses of Japan were decided upon and a plan for co-operation between the army and the navy were adopted by the council of field marshals and admirals held recently in Japan, says a despatch to the Times from Tokyo under date of July 1. The army, it is stated, will comprise 21 corps, with two divisions to the corps and three regiments to the division. The changes will be carried out by effective immediately.

BY A GOOD TORONTO FIRM

SEVERAL FIRST-CLASS DRAFTSMEN

accustomed to mechanical work; good salaries paid to men who are producers. This work is for draughtsmen, and not engineers. State age; married or single, and what experience. Correspondence treated confidentially. Box 100, World Office.

LIVE STOCK MARKET

With receipts of 3550 cattle on the Union Live Stock Exchange yesterday, trading during the morning hours and up till noon was practically at a standstill, and it was not until the afternoon that the market took on a business air.

There was a big run of steers and calves yesterday, the market being very fair and better than during the last few weeks, the good effect of the grass being more apparent.

The market for good common class veal of anywhere from 50c to 75c per cwt. was about 1400 head, the market held about steady at \$18.25 for the general run with some odd lots bringing 15 1/2c fed and watered.

With about 1400 head of the market held about steady at \$18.25 for the general run with some odd lots bringing 15 1/2c fed and watered.

With about 1400 head of the market held about steady at \$18.25 for the general run with some odd lots bringing 15 1/2c fed and watered.

With about 1400 head of the market held about steady at \$18.25 for the general run with some odd lots bringing 15 1/2c fed and watered.

With about 1400 head of the market held about steady at \$18.25 for the general run with some odd lots bringing 15 1/2c fed and watered.

With about 1400 head of the market held about steady at \$18.25 for the general run with some odd lots bringing 15 1/2c fed and watered.

With about 1400 head of the market held about steady at \$18.25 for the general run with some odd lots bringing 15 1/2c fed and watered.

With about 1400 head of the market held about steady at \$18.25 for the general run with some odd lots bringing 15 1/2c fed and watered.

With about 1400 head of the market held about steady at \$18.25 for the general run with some odd lots bringing 15 1/2c fed and watered.

With about 1400 head of the market held about steady at \$18.25 for the general run with some odd lots bringing 15 1/2c fed and watered.

PETROLEUM SELLS AT YEAR'S HIGHEST
The manner in which the week closed on the Toronto Exchange yesterday was not suggestive of any tendency on the part of either stocks or bonds to break away from the mid-summer rut into which they have fallen. The inclination was, on the whole, toward slightly lower levels, particularly in the afternoon, when stocks weakened in New York.

The United States Steel was apparently responsible for the sagging tendency of stocks in Canada, which after opening firm at 64 1/2, was depressed to 65 1/2, closing with a net loss of 1/2. Brazilian forfeited its fractional gain made toward the close of last week, and at 34 it was 1/2 under Saturday's closing. The only pronounced strength was exhibited by Petroleum, which advanced 2 1/2 to 34 1/2, the highest level of the year, reflecting the oil stock boom in New York. The Standard Oil was firm, the common stock selling at 40 1/2 and the preferred at 75 1/2. Maple Leaf was unchanged at 102 1/2. Cement at 81, C. P. R. at 150, Canadian Permanent at 102 1/2, and Dominion Bank at 202. Imperial Bank was off a point at 180.

CITY OF TORONTO BONDS ARE OFFERED TO PUBLIC

City of Toronto 5 per cent. serial bonds are being offered by local bond houses to yield 5 per cent. and are in one to twenty-nine year maturities, and are offered at 98 1/2 to 99 1/2, according to maturity. The bonds are being offered at a point at which financial institutions as well as hundreds of private individuals who are familiar with bond investments have subscribed liberally. The Toronto loan, and also point out that this is a good opportunity for new investors to commence their bond buying.

GOOD BUYING OF BONDS BY TRUST COMPANIES

The comparative scarcity of mortgage loan applications has resulted in a good demand for Victory bonds and municipals from Canadian trust companies. In ordinary times the demand for loans on first grade properties would have been absorbed in the hands of these big companies, but just now the applications are relatively small in number. This is due in large part to the slight amount of building going on everywhere, and this in turn can be traced to the scarcity of material and the difficult labor market.

LONDON MARKET FIRM.

London, July 8.—The stock market today maintained a firm underdone, especially in home and foreign funds, where a fair investment business was done. Most of the support was given to home rails and oil shares at rising prices. Bank shares and the shareholders' attention on amalgamation rumors. Argentine securities were irregular. Money was in better supply, and discount rates were steady.

TOOKE BROS. EARNINGS.

Montreal, July 8.—The annual report of Tooke Brothers, Limited, for the fiscal year ended May 31, shows that the company had a prosperous year, the trading profits for the year amounting to \$135,757 compared with \$97,270, an increase of \$38,487, compared with a year ago.

FINE CROP OUTLOOK IN UNITED STATES

Prospective Big Yield is Most Encouraging Business Factor.
New York, July 8.—Henry Clews says: The most encouraging business factor is the crop outlook, based on the reports having particularly favored the United States. Aside from slight damage to wheat, that crop still promises a very heavy yield, probably the second largest on record, with the remote possibility of being a bumper crop. The harvest of winter wheat, which is usually about two-thirds of the crop, is now advanced, yielding excellent results, and should be completed during July. The expected yield is nearly a billion bushels, or about \$50,000,000 more than last year, an ample supply for our allies as well as for ourselves. Our cotton crop also promises extraordinary results.

PRICES ARE REDUCED FOR COTTON PRODUCTS

Schedule Cuts Present Market Quotations Twenty to Thirty Per Cent.

Washington, July 8.—Prices for cotton products showing reductions of from 20 to 30 per cent. as compared with quoted market prices were approved today by President Wilson. The prices were agreed upon at conferences between the price-fixing committee of the war industries board and a committee representing cotton goods manufacturers. The new prices are: 36" x 48" x 54" 60 cent per pound; 36" x 60" x 40" yard sheeting, 70 cents per pound; 36" x 44" x 60" 45.85 cent per pound; 36" x 44" x 60" 45.85 cent per pound; 36" x 44" x 60" 45.85 cent per pound; 36" x 44" x 60" 45.85 cent per pound.

MINING MARKET'S COURSE IRREGULAR
Hollinger, McIntyre and Lake Shore Firm—Sharp Break in Teck-Hughes.

Dulness and irregularity characterized trading in the mining market yesterday. Dealings, which fell below 30,000 shares, emphasized the temporary lack of buying power, and as offerings are equally meagre, trading has become so narrow that a few buyers or sellers orders influence the market either way in no uncertain fashion. There were several bright spots in the Forcuz market. Lake Shore, which has been making a daily high record for several days, gave another demonstration of strength when it advanced a point to 62 with another offering of support. Its advance extended to Hollinger, and the stock moved up five cents a share to 47 1/2, which level it is 1/2 a share above the low point in last week's dip. Apparently the flutter caused by the staff changes is over, and the work of reorganization well under the way. McIntyre, which sold again at \$1.35, showed a recovery of the points lost on Saturday. Dome sold at \$2.25, as compared with \$2.20 the previous sale, but the quotation did not measure the extent of the decline, as the best bid at the close was at \$2.25, the level at which the final sales were made in New York. The market for Teck-Hughes has almost entirely vanished since the directors announced the closing down of the mine. The stock was heavy last week at 26, and yesterday was offered at 27, with only 10 bid. Apprehension is evidently felt lest interest on the \$500,000 of bonds outstanding be defaulted, and the shareholders have the ground taken from under their feet in foreclosure proceedings. Newray was weaker at 15, and Porcupine Crown at 15.

Among the Cobalt stocks recessions were more numerous than advances. Mining Corporation made a low record at \$3.05, as compared with last year's low of \$3.65. Threthewey was off 1/2 at 25, Beaver heavy at 24 1/2. The Standard Oil of Canada was 1 1/2 lower at 11 1/2. Foster sold at 2, a point below Saturday's figure. It is announced that a lease carrying an option to the shares at \$150,000 has been given. The Foster is capitalized at \$1,000,000 and if the option is exercised, it will give the shares a market value of \$150,000, which was firmer at \$8.65 and Timiskaming at 20 1/2.

HEAVY COSTS COMPEL TECK-HUGHES TO CLOSE

Directors State They Do Not Consider "Selective Mining" as Advisable.
Charles L. Denison of New York, president of the Teck-Hughes Mining Company, has issued a circular letter to the shareholders and bondholders announcing that the directors have decided to close down the mine. The letter points to the abnormal costs of operation and says the directors have "satisfied themselves that it would not be prudent to continue operating the mill and reduce the ore reserves of the company unless a reasonable profit could be obtained. The directors have fully considered the desirability of doing that which is called 'selective mining,' that is to say, choosing the best ore in sight and milling it, but after consulting expert advice they have concluded that this would not be in the best interests of the company."

KERR LAKE DIVIDEND.

At a directors' meeting of Kerr Lake held yesterday in New York, according to information received by Hamilton B. Willis, over his private wire, the regular quarterly dividend of 25 cents per share was declared, payable Aug. 31 to shareholders of record.

SILVER BULLION SHIPMENTS.

Philadelphia, July 8.—A shipment of \$5,000,000 in silver bullion obtained from the melting of silver dollars from the city of New York. This makes shipments from Philadelphia since the melting process began a total of \$45,500,000.

PEACE RIVER OIL

Winnipeg, July 8.—Several syndicates have been organized and are working for oil in the Peace River country in Northern Alberta. Representatives of the Imperial Oil Co. are among the number, and it is considered significant that the head of the Imperial Oil Company was one of the recent visitors.

PRICE OF SILVER.

New York, July 8.—Bar silver, 99 1/2. London, July 8.—Bar silver, 48 1/2-1/2. NEW YORK CURB. Hamilton B. Willis received the following wire yesterday at the close of the market: "The market for silver was generally quiet, but firm, and appeared to be largely of a professional character. Burs Bros. Ice continued strong and sold at a figure above Saturday's high. Wright-Martin, Curtiss and Asta buyers around last week's closings. General Asphalt was active and sold a point above Saturday's last. Peace Oil was again the leader of the oil division, advancing to recent high prices. Standard Oil was strong. Metropolitan Petroleum made a new high. The balance of the oils were quiet."

LIVERPOOL COTTON.

Liverpool, July 8.—Cotton futures closed irregular and unsettled. New contracts—July, 31.92; August, 30.92; September, 29.92. Compared with approximately 29,000,000 pounds in June, 1917, the decrease totals about 20,000,000 pounds.

NEW YORK MARKET SHOWS WEAKNESS
Selling—Particularly Heavy in U. S. Steel—Decline in Puzzling.

New York, July 8.—Apart from last Saturday's severe contraction of excess reserves by local banks, and more definite intimations concerning new capital requirements by railroads and industrial corporations, events over the week-end offered no explanation for today's dull and heavy stock market. Foreign news was reassuring in the main, and domestic developments were unchanged except for sporadic labor troubles and firmer monetary tendencies, especially in time funds. With scarcely an exception, leading shares were under persistent pressure, the selling again focusing about United States Steel, which suffered an extreme recession of 1/2 point. Kindred issues yielded sympathetically, and rails also were reactionary, dividend payers leading 1 to 1 1/2 points. Among the several speculative groups, Sumatra Tobacco experienced a gross setback of seven points and General Motors, with three for United Cigars and 1 to 1/2 for metals and oils. Included among the heavy miscellaneous issues were Central Leather, Interoceanic Alcohol, Distillers and Interoceanic Consolidated Preferred. Rally Before Close.

Lowest quotations were registered in the last hour, but toward the close speculative raising led to points in equipments, including United States Steel and Republic Iron, recovered substantial fractions, while Marine preferred was relatively strong. Sales amounted to \$10,000,000 shares. Traffic at western and far western points diminished during the past week, but the general business situation was more favorable on further solution of war problems. Liberty bonds were more heavy, other issues easing slightly. Total sales, par value, aggregated \$4,175,000. United States bonds, old issues, were unchanged on call.

BRITAIN ON WATCH FOR MONEY TRUST

Bank Mergers Present Greater Danger Than Government Interference.

EYE ON U. S. SYSTEM

Britain Prepares to Meet Financial Strain That Will Follow War.

London, July 8.—The report of the representative and influential committee of inquiry into the question of bank amalgamations raises issues much wider than its original terms of reference. The Daily News in a leader on the subject. The committee was directed to consider whether such amalgamations were likely to be prejudicial to the interests of the industrial and mercantile community, and if so whether any should be prohibited altogether or permitted under supervision and restriction.

The leading issue in brief, that the dangers from bank amalgamations are greater than the dangers from government interference; that all amalgamations, open or disguised, should accordingly require government sanction; and that a special statutory committee should be appointed to advise the government in the matter.

At the same time the committee touched on the danger of aggregation of deposits not adequately covered by capital and reserves, and hints at the possibility, remote in the present, but by no means chimerical, of developments leading to the creation of a money trust.

The essential feature of the report is the recognition of the need for extension of government control over the banking system. The question the report suggests, but leaves unanswered, is the point at which such control should be carried. Although apart from the war, tendencies have of late been manifesting themselves in the banking world which call for the serious consideration of the whole industrial community.

Developing Money Trust. The day the old private bank with its intimate local knowledge and its community of interest with local industries, has passed. The day of the provincial stock bank is rapidly passing, and the prospect is that the banking of the country will be before long in the hands of a small group of large and powerful combinations. Such a process had advantages as well as disadvantages, but as a general principle the more impersonal a combination becomes the less attractive it is likely to prove in working. It will consider the interests of its shareholders more and the interests of enterprises requiring its financial backing less. That is a natural, and while the present system continues, a justifiable tendency. The question for the nation is whether a national credit system operating through the existing banking machinery, far more effectively controlled and organized than the present, is not an essential factor of the provision for a return to peace conditions.

Study United States System. In that connection the financial system created by President Wilson in 1913 well deserves special study. Under the currency bill adopted by congress in that year the whole banking system of the United States was remodelled. An unbroken link was established between the state treasury at Washington and the smallest local bank in the remotest western state. The federal reserve board at the center is practically a treasury committee. Twelve federal reserve banks are planted at strategic points throughout the union, and every joint stock bank incorporated under federal laws must become a stockholder in its regional federal reserve bank up to six per cent. of its paid-up capital. The relationship is explicitly defined in other details, such as the
